## MAIL ORDERS

We solicit out of town orders which  
receive our personal attention. The  
length of time taken to fill orders is  
governed very largely by how busy we  
are in the department of our factory  
in which the particular goods are  
made. While we have exceptional  
facilities for promptly turning out  
goods, it is important to place orders  
as far ahead as possible. Orders are

## PATRIOTIC FUND MAKES PROGRESS

Amount Now Within Striking  
Distance of \$5000 for the  
Town.—More to do

The collectors for this fund have  
now nearly finished their labors, and al-  
though the amount to the credit of  
Campbellton stands pretty high, we  
should make an endeavor to make the  
total amount from the town \$6000. If  
there are any who have been inadver-  
tently omitted, their contribution can  
be sent to this office, where their  
amounts will be acknowledged in these  
columns, and handed to the proper  
authorities. We make an appeal to  
many of the Restigouche people who  
are away, and who might like to see  
their names appearing among those  
from the old town, and we feel sure  
that they would like to have their  
names on this roll of honor, to show  
they have not forgotten the old home.

## RECRUITING STILL GOING AHEAD HERE

Campbellton is Making a Good  
Show but the Rest of the  
County is Away Far Back

Recruiting for the second contingent  
still goes on merrily here, and al-  
though we are not doing any more  
than we ought to, still, contrasted  
with the rest of the county, Campbel-  
lton must have all the patriotism cor-  
nered. Are there no young men in  
Dalhousie? It surely is not so long  
ago when we saw crowds of young  
men cheering themselves hoarse, and  
shouting for the grand old flag. Beau-  
tiful sentiments. What is being done  
now? Britain has called us to share  
in this war, and to take 'upon OUR  
shoulders, part of the burden of the  
Empire. How many volunteers have  
we had from Dalhousie? None so far.  
What are the public men, the em-  
ployers of labor, the ministers and  
all who are in authority doing to fur-  
ther the cause of recruiting? Wake  
up! The voice of Empire is calling  
you. Don't let it be said that the  
young men of Restigouche County are  
cowards, and that their job is only to  
cry "Wolf, Wolf!"

It is imperative that every young  
man who is able to enlist, must join  
the colours. The time has now come  
when "he who is not for us is against  
us." Has the shire-town of Restigou-  
che to rest under the odium of not  
having one volunteer? No, that must  
not be. For your own credit and for  
the honour of the county, you must  
awaken to your duty. For the peace  
and protection that we have so long  
enjoyed, and paid so little, we are now  
called on to pay a larger share, and  
pay it we must.

In the meantime it must be the lot  
of Campbellton to uphold the honor of  
Restigouche. Last week we sent to St.  
John, 18 recruits, 15 from town and  
three from Jacques River. Yesterday  
morning we sent other 14, and only  
one of them, Peter A. LeBlanc having  
any lessening toward Dalhousie, and  
that being because he was working  
there, being brought up and belonging  
to Campbellton. The full list of those  
going on Wednesday was:

David Palmer,  
Wilfred Clarke,  
Peter A. LeBlanc,  
Tom Vicaire,  
Jas. A. McNaughton,  
John S. Shannon,  
Hawson Stuart,  
Almon Saville,  
Robert Grahame,  
John Wall,  
Edward B. Coffin,  
Wyllis R. Wright,  
Angus McDonald,  
Harold Munro.  
In addition to these names the fol-  
lowing have signed the service rolls up  
to date, and will go forward next  
week:  
John M. Cool,  
James Thompson,  
I. U. Germain.  
We have done well in Campbellton,  
but we yet can do much better. There  
are many young men, who need not  
be tied to their "mothers apron  
strings," but who can stand on their  
own two feet and play the man. Young  
men you are listening to the greatest  
call in the world, the call to fight for  
King and country. Never let it be  
said that you turned a deaf ear in the  
hour of your country's need.

## QUESTION OF WATER SUPPLY AT DALHOUSIE

Provincial Board of Health Asked  
to Decide as to its Purity.—  
Further Investigation

The question of the purity of the  
water supply of the town of Dalhousie  
was discussed at special meeting of  
the Provincial Board of Health held  
recently at St. John. It was charged  
by the Restigouche county board of  
health that the water contained im-  
purities that would be injurious to the  
health of those drinking it. Dr. Fer-  
guson, president of the county board  
of health, presented the case for that  
body, and J. B. M. Baxter, K. C., ap-  
peared for the Mayor and town coun-  
cil.

Samples of the water and reports of  
analysis were presented to the board  
and evidence was taken on both sides.  
It was decided to go more fully into  
the matter, and the board will conduct  
an independent investigation.

At the present time Dalhousie se-  
cures its supply of water from a brook  
near the town, and within the past  
year the supply has been augmented  
by the acquisition of several artesian  
wells. The alleged pollution is said  
to come from these wells. The water  
from the wells and from the dam flow  
together into the town mains. The  
wells were recently secured from the  
Dalhousie Land Company.

## MYSTERIOUS DEATH ON THE MAIN RIVER

John Dawson of Dawsonville  
Disappears Last Saturday and  
Body Has Not Been Found

Much speculation has ensued the  
finding of the body of John Dawson  
last evening in deep water in the Main  
River near the mouth of the Kedgew-  
ick.  
From the meagre details we can  
gather, we are informed that John  
Dawson, who comes from Dawsonville,  
was one of a party of men, making  
their way up to one of McDonald's  
camps on the Kedgewick. On Satur-  
day the party stopped at Mike Broad-  
wick's opposite the Kedgewick, and in  
the morning Dawson had gone out, it  
is presumed to look after his horse.  
He returned about breakfast time, but  
instead of waiting for the meal, left  
again, saying he was going to Mike  
Farmer's, which is a quarter of a mile  
up the river. He was never seen  
again. The rest of the party moved  
on, leaving word to watch for the  
missing man, and his body was found  
in the deep water of the Main River,  
midway between Broadwick's and  
Farmer's.

It was at first thought that the de-  
ceased had gone to the river for a  
bucket of water for his horse, and  
stepping on the shore ice, had been  
precipitated into the water, but there  
seemed no reason for this, as there  
was plenty of water at the house.  
Dr. Martin will probably hold an in-  
quest tomorrow, as it seems hard to  
explain how the deceased met his  
death. He had not been in the best of  
health for the last two years.

## WAR BULLETINS

London, Nov. 19th.—German sacri-  
fices prove all in vain. The first lines  
of the allies trenches are captured at  
some points, but a flanking fire drives  
them out. Heavy artillery battle pre-  
sages the third desperate attack on the  
allies lines from Arras to the sea coast.  
Russians win in East Prussia and  
draw in their advance guards for  
great battle which will be fought in  
Poland.

Petrograd, Nov. 19.—Reports re-  
ceived of two great battles progressing  
between the Germans and Russians.  
Fighting continued in France in  
which the British drive back the foe.  
Allies claim to have made progress  
along the front.

Naval fight in Baltic between Ger-  
mans and Russians is inferred from  
the heavy gun fire heard there.

Our impurities from that supply. The  
matter will likely be disposed of at  
the annual meeting of the board,  
which takes place in Fredericton in  
January.

Those present at the meeting last  
evening were Dr. E. O. Steeves, chair-  
man, Moncton; Dr. F. J. Desmond,  
Newcastle; Dr. L. M. Curren, St.  
John; Daniel Mullen, St. John; Dr. C.  
Jones, Fredericton; F. S. Walker,  
St. John, and Dr. B. M. Mullin, secre-  
tary, Fredericton.

## YOUNG MEN'S CLUB IS NOW ORGANIZED

Officers Appointed to Carry on  
Work for Benefit of Boys and  
the Young Men in Town

The need of rooms where the boys  
and young men of the town could co-  
gregate and enjoy healthy pastimes  
and recreation, has long been felt in  
this town. In order that something  
might be done, a meeting was held  
some time ago, which after discussing  
the problem, appointed a committee to  
look into the matter and report at a  
later date. This adjourned meeting  
was held on Monday evening, Nov. 9th,  
in the show rooms of Mr. E. A. Le-  
Gallais. There was a good attendance,  
and a strong committee was formed  
to secure rooms, and the meeting pro-  
ceeded to the organization of The  
Boys' and Young Men's Club. The  
following office bearers were appoint-  
ed:

President—Mr. J. R. McKenzie.  
Vice-Pres.—Mr. Rene Vermette.  
Secy. Treas.—Mr. Percy W. Carter.  
The committee which was first ap-  
pointed, was then divided into the fol-  
lowing sub-committees.  
Room Committee.—Messrs. A. H.  
Ingram, J. R. McKenzie and Thos.  
Wran.  
Athletics Committee.—Messrs. R. J.  
Lavioie, A. H. Ingram and Geo. F.  
Myles.  
Finance Committee.—Messrs. R. B.  
Keith, E. A. LeGallais, and R. J. S.  
Sly.  
By-Law Committee.—Messrs. John  
Collier, Rene Vermette and John T.  
Reid.  
House Committee.—Messrs. John T.  
Reid, John Collier and Wm. Metzler.  
The Committee have now secured  
rooms in the Murray Building, which  
will be opened on Monday evening,  
November 23rd, and a cordial invita-  
tion is extended to all who may wish  
to join the club, to be present and hear  
their names to the Secretary, Mr.  
Percy W. Carter.

## TORTURED BY CONSTIPATION

"Fruit-a-lives" Cured Paralyzed Bowels and Digestion

ST. BONIFACE DE SHAWINIGAN, QUE.

Feb. 27, 1914.

"It is a pleasure to me to inform you that after suffering from Chronic Constipation for 2 1/2 years, I have been cured by 'Fruit-a-lives'. While I was a student at Berthier College, I became so ill I was forced to leave the college. Severe pains across the intestines continually tortured me and it came to a point when I could not stoop down at all, and my Digestion became paralyzed. Some one advised me to take 'Fruit-a-lives' and at once I felt a great improvement. After I had taken four or five boxes, I realized that I was completely cured and what made me glad, also, was that they were acting gently, causing no pain whatever to the bowels. All those who suffer with Chronic Constipation should follow my example and take 'Fruit-a-lives' for they are the medicine that cures."

MAGLOIRE PAQUIN

"Fruit-a-lives" are sold by all dealers at 50c. a box, 5 for \$2.50, trial size, 25c. or sent postpaid on receipt of price by Fruit-a-lives Limited, Ottawa.

THE CHRISTMAS THOUGHT Ideas on Christmas giving are rapidly changing among the sensible. Those who think as they give are looking for a year-round service as the important thing.

In a week of shopping, with all its strain, you will not find a better gift than a year's subscription to The Youth's Companion. It offers its service, its clean entertainment, its fine suggestions week after week, and the end of the year, which finds many a gift in the attic, dust-covered and forgotten, brings The Companion again, with all the charm of last Christmas.

No American monthly at any price offers the same amount of reading, and none can offer better quality. Less than five cents a week provides this best of Christmas gifts—\$2.25 a year. ## LIMITED'S CREW IS HELD BLAMELESS

Engineer Hicks and Others Completely Exonerated by Coroner's Jury at Rogersville

The inquest into the deaths of Oliver and Deolitz Bourque, who were struck and killed by the Ocean Limited two miles west of Rogersville, Monday afternoon, was concluded before Coroner Michael O'Brien, of Rogersville, Thursday afternoon.

The principal witnesses heard were Engineer William S. Hicks, who was running the train at the time of the accident; Conductor T. C. Ayer, Fireman Moody Triton, and Brakeman Danford Armstrong and L. Melanson. The lady doctor who was summoned to the assistance of the victims of the accident, also testified.

Speaking with The Moncton Transcript, Conductor Ayer said that the story of the accident in brief was as follows: The men were driving their horse fast to get across the track in front of the train and paid no attention to the whistle of the locomotive. The horse got across the track all right, but the locomotive struck the wagon. Both men were found on the pilot of the engine. One was wedged in under the end of the boiler and the other was lying just above the draw bar. Neither was bleeding, but their bones were broken and crushed.

The express backed at full speed to Rogersville, where it was found that one had been killed outright. The other lived an hour.

I. C. R. headquarters informed The Transcript that the coroner's jury brought in a verdict of no blame attaching to the crew of the Limited from all blame in connection with the accident.

Capt. Von Muller of the Emden played the game. He showed skill and daring, and the British know how to appreciate these merits in a foe. While everybody is glad that the Emden has been put out of business they are glad that her captain is among the survivors.

All that the vaudeville performer has to do to make a hit now is to sing "It's a Long Long Way to Tipperary."

Send for sample copies, and the Forest for 1915.

## THE CANADIAN TROOPS IN CAMP

Interesting Article From the Edinburgh (Scotland) Scotsman, Regarding the Contingent

Last night, says a writer who paid a visit to the Canadians' Camp on Salisbury Plain, as I vainly sought a roof to cover me in the pitchy darkness I fell into the arms of one of the Canadians, who was inquiring for the Bazaar Camp. Seeing that we were some six or seven miles from that desirable haven, we adjourned to the only place for miles where you could get bread and cheese for supper. "Cheer" said he, "if I could turn my horses out on the grass they'd recover quicker'n talking. But they'd bolt. They ain't used to motors, most of 'em, any more than many of us. Haven't driven in a car since I used a little, old steam locomobile in Kansas City."

"Are you an American, then?" "Bet yer life. And there's quite a good lashing of Americans up and down West Down Camps. This war's popular in my country, and if you folks don't see what you want in our shop window, you ask for it inside."

"Well, I mean it two ways. If the Infantry and the rest are anything like my lot there's nothing they can't be asked to do, from getting out gold to running a heavy freight over a washed-out grade. But that ain't all. This war's got to be won outright, and you've no use for rotters. There's none coming from Canada to the artillery lines that can't shoot and ride. And I'll be the same all through. But if you want 'em you can get 'em. You'll get men and money and horses—all we have and are—If you don't see it in the window ask for it inside."

Later I inquired how a Kansas City man came to hold a commission with the Canadians.

"That's personal, I suppose. Anyway, I want to help win, but I've a score to pay. There was a Berlin Jew with a title (I wonder if he was Kommerzienrat of Lippe—price 2500 marks?) who manoeuvred me out of a position and—"

"Yes?" "Well—"

In a few days it will be worth while to watch the Canadians ride. For the present the horses, jaded by the voyage, must be spared, and the few horses I saw were sent to the stables to be a sample. If they were they will prove receptive, for they rode with wondrous short stirrups, and at a gallop they had a trick of lying longways, so that at a distance the horses appeared riderless. And they are specially useful with the revolver.

It was an infantryman who pointed out to me that Canadians had a sort of idea they had not been quite as useful, "except perhaps for scouting and that," in South Africa as they would have liked. They don't want to go to the front this time until they can certify themselves as absolutely fit. Not one man will be sent from Canada who cannot already shoot, ride, march, and use his brains all day and night, too.

"Why, we're pampered here! Plenty of blankets, plenty of food. In camp you'll have a blanket and sleep on your cot. Here things are so we've no excuse for not turning out just so as in barracks. And we have to do it, too."

Across by the Bustard a regiment detained at Amesbury very early this morning was marching into camp. They have more the look of our British regulars than any troops of any nation I have yet seen—and seen a fair assortment. They were sturdy—for they bring no weaklings—and on the march they had that peculiar glide from the hip and the slightly bent knee which is the secret of the Swiss guides—the glide which enables the hard-trained man to go on over bad country apparently for ever, and which takes him up a steep slope of snow or rubble almost without his disturbing a stone.

Of the equipment I hesitate to say much. They have everything—because their buttons are not made in Austria and their khaki is not shoddy. They have cooks who can cook (but some of the men said, "The best tea is in the Y. M. C. A. tent"), and if there is a thing that wants doing there is sure to be someone in camp who is an expert at doing just that very thing.

They constructed a camp in Canada whereof they delight to speak. There was a plain as bare as the back of your hand. They electric lit it until it looked like a city, they made roads, cambered and paved and drained, then entrenched it (because this is useful practice), and then they entrained for a harbour and left their wonderful camp for those that came after.

## 10 CENT "CASCARETS" IF BILIOUS OR COSTIVE

For Sick Headache, Sour Stomach, Sluggish Liver and Bowels—They work while you sleep.

Furred Tongue, Bad Taste, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and closed bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a well barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret tonight will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months.

## CAMPBELLTON DRUGGIST HAS VALUABLE AGENCY

A Mc McDonald has the Campbellton agency for the simple mixture of buckthorn bark, glycerine, etc., known as Adler-i-ka, the remedy which became famous by curing appendicitis. This simple remedy has powerful action and drains such surprising amounts of old matter from the body that JUST ONE DOSE relieves sour stomach, gas on the stomach and constipation almost IMMEDIATELY. THE QUICK action of Adler-i-ka is astonishing.

Canada and Australia started out together, on the same day, to create new ideas of their own. Owing to a change of Government in 1911 Canada abandoned her plans. Australia kept on and made a navy which, although still small, is mighty useful to herself and the Empire.

"GOOD-BYE, TORONTO! ADIEU, MONTREAL!"

H. R. Gordon, of the Queen's Own, is now a mere gun-bearing unit of the Overseas Force. Before he left he was a most observant newspaper man, and this is how he sizes up the difference between Hans and Tommy in the November CANADA MONTHLY: "There are two kinds of soldiers in this War. The German brand is a carefully polished bit of mechanism in a great steam roller. His thought is centered to the point of annihilation, his initiative is deliberately drilled out of him, Von Kluck and the Kaiser will think for him, just as they think for the Reichstag.

"The British soldier—above all the Overseas Empire-defender—is just plain Bob Robinson in khaki instead of blue serge, handling a gun in place of a plough or a pencil—same Bob as he used to be—same songs, same slang, same girl down home to write to. He's earning one-ten a day in place of two or three or five, not because a conscription officer rang his front door bell and wouldn't listen, when his mother said he was ill, but because he stood in line for two hours, waiting for the chance to volunteer.

"This War will see the last of one soldier-type or the other. If the Kaiser can swamp France with his unhuman grey-green waves of infantry, conscription and drill to automatization will have triumphed. But if Bob Robinson, thinking of his home in Calgary, can shoot truer; and if Tommy Atkins from God-knows-where in the London slum can hold his bayonet tighter, while he sings Tipperary; then it's good-bye to the steam roller method in war, just as it's been a lengthened process all over Europe of good-bye to the autocrat in government, the censor in journalism, and the slave-driver in the construction gang."

#### CHURCH DISRUPTION THREATENED

The elaborate Presbyterian system of calling a minister, considering the call, opposing and supporting the call, and moderating in the call, is regarded by many outside barbarians as a farce, it being supposed that all the interested parties know perfectly well from the beginning just what the outcome will be.

But this supposition does not always prove to be correct, as a situation that has arisen in Campbellton shows. A special meeting of Presbytery met there last week to moderate on a call to Rev. R. A. McDonald, of Calais, Me., and, though it had been largely signed by the Campbellton congregation, the Presbytery refused to sustain it, the objection being that, as he was not a member of the Presbyterian Church of Canada, his name could not be legally inserted in a call.

This action was keenly resented by the congregation, as red tapism, and its disruption is threatened, as many are in favor of starting a Congregational Church with Mr. McDonald as minister. Rev. Dr. Polley refused to continue as Moderator of Session.

Mr. McDonald was born in Halifax, educated at Dalhousie, regularly ordained as a minister of the Presbyterian Church in Canada, licensed by the Presbytery of St. John six years ago, was minister at New Richmond for three years, and then became the minister of the Congregational church in Calais—Chatham World.

Rev. R. A. McDonald, pastor in New Richmond for three years and moved from there to Calais, owing to the ill health of his wife. He went there with the intention of staying six months or till the following summer, but as no openings occurred, he remained there, and as an inducement for him to go to Calais for that length of time, the people there agreed to pay his expenses to any part of Canada when he did decide to move. He went with the full approval of the St. John Presbytery, of which he was a member, and has never changed from that presbytery, and several times during his stay in Calais has attended the meetings of this Presbytery.

city. There has been one revolution in the meantime, and another has been put under way. The presence of U. S. troops only preserved order in the area over which they could fire. The rulers at Washington seem to have concluded that moral force could do little good, and that it would not be wise to occupy the country for the purpose of reforming it. No one should blame them. If Mexico can work out its own salvation it will be without foreign aid.

### LORD ROBERTS DIED IN FRANCE SATURDAY

London, Nov. 15.—The death of Field Marshal Earl Roberts, which occurred last evening at the headquarters of the British expeditionary force in France, was extremely sudden. He was in his usual good health when he left England on Wednesday. He had a rough trip crossing the Channel, but he felt no ill effects. Earl Roberts had motored to the British bases and camps, had reviewed the Indian troops and had conferred with the leading officers. It was not until about dinner time on Friday evening that he complained of a slight chill. As he was subject to more or less trifling chest troubles, he followed his usual course and went to bed early. As his temperature increased, medical men were called in and pronounced his condition critical. They relieved the General of what pain he was suffering and he fell asleep. His death occurred during sleep.

### THOS. D. ADAMS, OF BATHURST, DEAD

Well Known Lumberman Passed Away Suddenly.—Was About Town Saturday

Bathurst, N. B., Nov. 15.—Thomas D. Adams died at 7 o'clock this morning. The late Mr. Adams has been one of the most prominent citizens of Bathurst, for many years having been the president of the Adams Burns Co., which was, until a few years ago, one of the largest lumber concerns in the province. Although he has been in poor health for the past year, the end came suddenly, as he was about town yesterday and seemed stronger than for some time. His loss will be keenly felt, especially by the poor of this community, to whom Mr. Adams had endeared himself by many acts of generosity.

He was a brother of the late Hon. Michael Adams, of Newcastle, for many years a prominent figure in the political life of the province, and of Hon. Samuel Adams, John Adams and Richard D. Adams, of New York. Mrs. J. D. Creighton and Mrs. Lawrence Doyle, of Newcastle, and Mrs. John Flanagan, of New York, are sisters, and Mrs. Frank Chase and Mrs. John Sousa, of New York, are daughters, and William Adams, of New York, is his only son.

Thomas D. Adams was born in Douglstown (N.B.), seventy-one years ago. He removed to New York when a young man and there met with great success, coming to Bathurst about twenty years ago and taking over the business of the St. Lawrence Lumber Co. under the name of the Adams Burns Co. He has spent only his summers here, living during the winter in New York, and of late years in Montreal, where he held large interests.

What has become of the old-fashioned man who used to be presented with a gold-headed cane?

### DALHOUSIE

The first Autumn meeting of Dalhousie Branch of the Women's Auxiliary, was held at the Rectory on October 1st, the president, Mrs. John Barberie presiding. In view of the terrible war raging in Europe, and to be in line with kindred societies, it was decided to devote the Autumn meetings to working for the soldiers. This work to be forwarded to Stone Church, the headquarters of Red Cross work in St. John.

At this meeting, to the deep regret of all, Mrs. John McNeill, treasurer of the Branch, sent in her resignation, because of her immediate departure from Dalhousie. A cordial vote of thanks was given Mrs. McNeill for the very efficient manner in which she had conducted the financial affairs of the Branch, for more than four years.

To fill the vacancy, Mrs. A. McKay was elected treasurer by an unanimous vote, and upon special request, consented to solicit donations of material from the members and others willing to contribute. Dainty refreshments were served by Mrs. R. J. Coleman. Hon. President of the Branch, and the meeting closed with prayer and the National Anthem.

### For Hair Health

If Rexall "93" Hair Tonic does not improve the health of your scalp and hair, we will pay for what you use during the trial.

We could not so strongly endorse Rexall "93" Hair Tonic and continue to sell it to the same people if it did not do all we claim. Should it not prove entirely satisfactory our customers would lose faith in us, we would lose their patronage, and our business would suffer.

If your hair is falling out or you suffer any scalp trouble, we believe Rexall "93" Hair Tonic will do more to eradicate the dandruff, give health to the scalp, stimulate new hair growth and prevent premature baldness than any other human agency.

We want you to make us prove this. We ask you to risk no money whatever. Buy a bottle of Rexall "93" Hair Tonic, use it according to directions for thirty days; then if you are not entirely satisfied, come and tell us and we will promptly hand back the money you paid us for it.

We won't ask you to sign anything, nor even to bring the bottle back. We won't obligate you in any way. We will take your word. Could anything be more fair? Could we do anything more to prove our belief in Rexall "93" Hair Tonic, and our honesty of purpose in recommending it to you?

Rexall "93" Hair Tonic is as pleasant to use as spring water and has a faint, pleasing odor. It comes in two sizes of bottles, 50c and \$1.00. You can buy Rexall "93" Hair Tonic in this community only at our store.

### SHOOTING ACCIDENT SATURDAY EVENING

Frank Charlton Gets Discharge From Rifle in Heel and Has Leg Amputated

An unfortunate shooting accident occurred on Saturday evening, from which Frank Charlton has lost the use of one of his legs.

Charlton was out goose-shooting near Oak Bay with Cliff Chatterton and Edward Kean of St. Flavie, and they were about to return home with a bag of twenty geese, when Mr. Kean observed another flock approaching. Calling his companions, they prepared to meet the birds. Charlton made to pass Chatterton, who was leading a rifle, and accidentally discharged the trigger with his elbow, the gun going off and the discharge entering Charlton's heel. They immediately made for the shore where they procured a team and drove to the ferry, Mr. Kean having phoned to town for medical assistance. Dr. Martin met the party at the ferry, and ordered Charlton's removal to the hospital, where the limb was amputated a few inches below the knee. Much sympathy is expressed for Mr. Charlton, who is a steady, sober young fellow, and he has a large family of young children.

### ATHOL

Mr. and Mrs. J. B. Glover of Athol were greatly surprised on Tuesday evening, Nov. 10th, when the Trustees and choir of the Athol Union Church assembled at their house, carrying with them refreshments and a very cheerful smile, which set the minds of the hostesses to wonder with surprise.

When composure was resumed, while Mr. Warman read the following address, Mrs. Christensen presented Mr. Glover with a purse.

We, the members of the choir and Trustees of the Athol Union Church, have gathered here this evening to convey to you our heartfelt appreciation of your services as choir leader. It is chiefly through your instrumentality that the musical part of our services have become so interesting. You have borne with our short comings with a good grace, and we have pleasant memories of the profitable hours spent in practice together. We realize this has called for no little sacrifice on the part of a busy man, who must needs forego the pleasures of home life on these occasions. We are not unmindful also of the sacrifice on Mrs. Glover's part, but we have the Master's promise that no one who leaves father or mother, wife or children for the Gospel's sake, but shall receive reward in this life and in the life to come. (Life Everlasting). We feel therefore indebted to you, for that we do not wish to buy. We only ask you to accept this gift as a small token of our appreciation and esteem.

Yours in the Master's service,

Mr. Glover, although somewhat surprised, responded very favorably, and assured them that his services were rendered voluntarily, and he did not expect pay or praise, but very cordially accepted the response to the appreciative manner in which his services were accepted.

The balance of the evening was spent very enjoyably by singing some favorite selections and in pleasant conversation.

### GLORIOUS HAIR

Girls and women of all ages want to be beautiful and attractive, but unless they have thin and lifeless hair, they destroy half the beauty of a pretty face.

If your hair is losing its natural color, is falling out, dull, streaky, full of dandruff, too dry, or if the scalp itches and burns, it is because you are using Parisian Sage. Rub it well into the scalp. It will go right to the hair roots, nourish them, and stimulate the hair to grow long and beautiful. It removes dandruff with one application, itching scalp, falling hair and makes the head feel fine.

Parisian Sage supplies the hair with the food it needs to make it soft, fluffy, thick and gloriously radiant. It is sold in fifty-cent bottles by Thos. Wran and at all drug counters. Look for the trade mark—"The Girl with the Auburn Hair." Accept no other.

### NEW RICHMOND

It is with much sorrow that we note the departure of our pastor, Rev. W. B. McCallum, who is leaving next week with his wife and family for Shawville, Que., where he will take up his new charge.

Quite a number of our citizens attended the Red Cross Society concert at New Carlisle on Wednesday evening, Nov. 4th, and all are speaking very highly of the grand time that was spent, and the good order that prevailed.

The people of New Richmond and Black Cape have learned with deep regret of the sad death of Joseph McColm of Winnipeg, Man., who was murdered on Oct. 29th, a few miles out of Winnipeg. Mr. McColm was a native of New Richmond, and left about twelve years ago for Winnipeg, where he went into coal and wood business, at which he was very successful. The deceased leaves five of a family, two sons of Winnipeg, one of New Richmond, two daughters, one of New Richmond and the other of Black Cape. Much sympathy is felt for the family in their hour of sorrow.

The sacrament of the Lord's Supper will be dispensed in St. Andrew's Church on Sunday morning at 11 o'clock. The service will be conducted by our pastor, Rev. W. B. McCallum. The staff at the City Hall is disappointed because there are to be no increases in salaries this year, for the very good reason that the city cannot afford to grant them. The workers in question should cease worrying about the condition. Many outsiders are only hoping to escape reductions.

Another of our old residents has passed away in the person of Elizabeth Turner, who died on Saturday morning, after two hours illness. Deceased was over 80 years of age. Funeral was held on Tuesday at 1 o'clock. Mrs. James Montgomery, who has been ill, is somewhat improved.

### PORT DANIEL

Mr. J. A. McPherson has returned home, after several years absence. Rev. J. M. Sutherland conducted a service in the Presbyterian Church, Sunday at 11 a.m.

Port Daniel Lodge, No. 88 I. O. G. T. held its usual weekly meeting Wednesday evening.

The quarterly reports were very encouraging, showing a membership of 51 and a substantial cash balance. The new officers are: C. T. A. C. Skene, W. T. Edith Lawrence, S. J. W. Clara Horla, Sec.—Mrs. E. Travers, P. B.—Edwin Sweetman, Treas.—Ernest Lawrence, Mar.—Russell McKenzie, Chap.—Mrs. R. G. Love, Guard—James Baird, Sent—Tim Bisson, D. D.—Eva Lawrence, El. Supt.—Clifton McDonald, P. C. T.—G. L. Acteson.

They were installed by Edgar Lawrence, D. D.

After the business meeting, a most enjoyable Taffy Party was held, in which all present took an active part.

### NEW CARLISLE

The majority of the ladies in this vicinity are knitting and preparing goods for the Red Cross, and it looks as though they were not going to be behind in this great war work.

Rev. Wm. McLeod preached in the Presbyterian church here and informed his people that after two more weeks he would be no longer their minister, as he intended going away about that time. This is quite a disappointment to many, as the Rev. gentleman has many friends here.

We are sorry to announce that our Academy teacher, Miss Blompin, has been suddenly called away on the 24th, to her home in South Rexton, her brother having died suddenly. Miss Blompin will not return until Saturday the 21st. Rev. Mr. Sutherland has charge of the school until her return. Much sympathy is felt for Miss Blompin in this great trial.

## TOO MANY CHILDREN

are under-size, under-weight with pinched faces and poor blood; they do not complain but appetite lags, they have no ambition and do not progress.

Such children need the rich medicinal nourishment in Scott's Emulsion above everything else; its pure cod liver oil contains nature's own blood-forming, flesh-building fats which quickly show in rosy cheeks, better appetite, firm flesh and sturdy frames.

If your children are languid, tired when rising, catch cold easily or find their studies difficult, give them Scott's Emulsion; it supplies the very food elements that their systems lack.

Scott's Emulsion contains no harmful drugs and is so good for growing children it's a pity to keep it from them.

Business men, bookkeepers, clerks, stenographers and others whose work confines them in close rooms, are subject to Sore Throats, contracted by the change from the warm air indoors to the cold without. The affliction may appear unimportant, but frequent attacks or a Chronic Sore Throat will, in the end, impair hearing. Do you know what a business education means? I'll tell you. It means economic freedom. ## The Wizard who put Music into millions of homes.

As you sit in your own home and listen to the stirring strains of a military band—or the liquid, luscious notes of a far famed singer—do you realize the thanks that you, and all other music lovers, owe to Thomas A. Edison? As you know, Mr. Edison invented sound-recording and sound-reproducing instruments. It was due to his genius that millions of homes are able to enjoy everything in music.

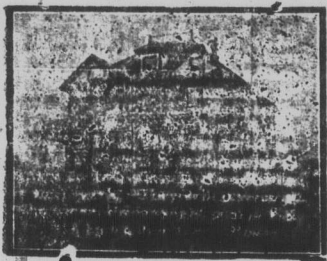

It was due to Mr. Edison's efforts that you—no matter where you live—may have the great artists, the famous bands, the cleverest entertainers, the brightest public speakers, right in your home.

For more than thirty six years, Mr. Edison has developed and improved the Edison Phonograph and Edison Records.

The Edison Phonograph today—with its diamond reproducing point (requiring no needles)—has a softness, a richness, a velvety smoothness, a wealth of delicate overtones, that cannot be obtained with any instrument using metal needles which must be changed with every record.

You really must hear the Edison to appreciate it to the full.

## BANGOR MAN TAKEN FOR GERMAN SPY Is Arrested in New Brunswick And Confined in Military Prison

(Bangor Commercial.)  
A story of the arrest and incarceration of a prominent young Bangor business man in New Brunswick on the charge of being a German spy, comes back to this city, well authenticated, and now that the Bangor man has received his freedom through the intercession of some of his New Brunswick friends and acquaintances, those who are acquainted with him here are having a laugh at his expense. If stories that come from down in the province are all true, it was no laughing matter for him, especially during the time he was held by the military authorities with a grave charge over his head, and was trying to get into communication with his friends.

His profession is that of a forester, and he, in that capacity, has often been employed in cruising large and valuable tracks of land, not only in this state, but often in New Brunswick where he has prominent business connections, and his profession has taken him as far north as Newfoundland and Labrador.

Recently he has been in New Brunswick, where he has been engaged in cruising and estimating timberlands. His work carried him into the forests alone, and his starting off, back on his back for long cruises, attracted the attention of the military authorities and later their suspicion.

For a while he was watched and then finally, when he was starting out on one of his surveying and estimating trips, with his maps and notes, he was arrested, and taken into St. John, N. B., where he was locked up in prison at the direction of the officers of the military department of the province.

How long he would have remained under the custody of the officers, and what the whole affair might have resulted in is hard to say. It is a vehement declaration of his American citizenship, and his rights thereunder, the Bangor man was allowed to send word to a New Brunswick lumberman, who responded at once, and through him the military authorities were soon satisfied that he was not a spy, and that his trips over the New Brunswick territory meant nothing more than he was following his peaceful and valuable pursuit, forestry.

Nevertheless it is no fun to be taken for a German spy in a British country at these times when the feeling is running high.

## YOU CAN'T EARN MONEY WHEN YOUR LAID UP

There are a lot of people in this town who cannot afford to be sick. Perhaps none of you feel that you can, but certainly some of you can't for as soon as you are sick, your wages stop and worry and debts begin to pile up. The sensible thing for you to do, as soon as you feel run-down and worn out, no matter what the cause is, is to take something like the medicine which can build up strength and health. Make yourself more comfortable and provide against serious sickness.

We don't believe there is another medicine made that will do as much towards saving your health and thus helping you save your money as Rexall's Olive Oil Emulsion. It is a medicine that gets right at the trouble and relieves it by tuning the nerves, enriching the blood, and giving new strength and health to the whole body. It doesn't do this by means of alcohol or habit forming drugs, because it contains none. Its strength and health-giving power is due to pure Olive Oil and the Hypophosphites, long endorsed by successful physicians, the one for its food value, the other for its tonic value. Here for the first time, they are combined, and the result is a real nerve blood and body-building medicine—a real strengthener that we are proud to tell you about. You don't need to hesitate in using it, because if it doesn't do all we say it will and satisfy you in every way, it will cost you nothing. If it doesn't make you strong and well again, come back and get your money. It will be given to you without a word or question. Sold only at the more than 7,000 Rexall Stores, and in this town only by \$1.00 Thos. Wran, Druggist.

There is a Rexall Store in nearly every town and city in the United States, Canada and Great Britain. There is a different Rexall Store for nearly every ordinary human ill, each especially designed for the particular ill for which it is recommended.

## W. C. T. U. COLUMN This department is conducted by the Local Union, and is under the charge of an editor appointed by them. This Editor assumes the responsibility for the statements and articles which appear in this column.

When David was fleeing from angry Saul and came to Nob, the city of the priests, he was without weapon, and asked Ahimelech for a sword or spear. When Ahimelech told him that the only weapon he had was that which David himself had taken from Goliath, he answered eagerly "There is none like that, give it to me." And so, in our warfare against intemperance and impurity and all manner of evil, when we see that our opponents are using the weapon of the press to exploit their wares—to sow the seed of evil thinking, which too often leads to impure living, let us eagerly grasp that same weapon, crying out "There is none like that; give it to us."

Thousands of good books which are written and published every year, are an attempt at making use of this weapon. And in the old days, when an eminent preacher had delivered his sermon, it reached only the ears of his four or five or ten hundred listeners. But now, what the eminent preachers of our great cities speak on one Sabbath, is reproduced in the daily papers, and by their aid the sermon is preached probably the next Sabbath, to many auditors who never did, and probably will never behold the preacher in the flesh.

The W. C. T. U. has made use of this weapon, which is like none other. Not all Unions are as fortunate as ours in having access to the columns of their local newspapers. It does not seem of much use sometimes. A column a week does not seem much, and yet somehow it is quite a task to find material with which to fill it. Perhaps few will take the trouble to read it anyway, but of those few, not one seems of much use sometimes. A column a week does not seem much, and yet somehow it is quite a task to find material with which to fill it. Perhaps few will take the trouble to read it anyway, but of those few, not one seems of much use sometimes. A column a week does not seem much, and yet somehow it is quite a task to find material with which to fill it. Perhaps few will take the trouble to read it anyway, but of those few, not one seems of much use sometimes.

There is another point which is of interest to Union members. The modern newspaper confessedly looks to its advertising business to pay a large share of its running expenses. Since beginning this paper, I have examined the advertising columns of a prominent Canadian daily. I found in one issue thirty-seven advertisements of different brands of liquors, beers, wines, etc. In another, a western paper, there were twenty-three. In a smaller eastern daily there were four.

What are you going to do about it? It is part of an old problem, and another example of how much more difficult it is to combat a traffic which is sufficiently legalized and respectable (?) to get itself advertised in a reputable paper. For one of these journals has headed many reform movements in its own great city. More, it is theoretically an advocate of prohibition. But between the theory and practice there is a great gulch fixed, and the pressure of the dollar is apt to bend the line of practice away from the try-square of theory and principle, until its outline resembles the dollar sign in its crookedness. But what can, or ought, or will, the temperance forces do to counteract this use of the weapon, which has none like it? I don't know in the least; do you?

Our use of this weapon then is this: to exalt its worthy and intelligent use; to take care that every book and paper we buy or read is a weapon not of the devil, but of God; to keep sharp observation, not only of our own reading, but of those for whom we are responsible. Perhaps we have not sufficiently emphasized this. Does it not seem a dreadful thing that the fair white page of a child's mind should be soiled by contact with the unclean theories which are fit only for the sewer, but which are sowed broadcast in daily papers, in "yellow" magazines, in the "unclean books"?

In what are called "the good old days" every written word could only be duplicated by slow and laborious rewriting it. In the reign of Richard I, a copy of the Saxon Chronicle, containing about as much matter as could be held in three columns of the Graphic, cost five shillings a leaf, and cost altogether about seventy-five dollars. As money values were then, it would be worth about four hundred dollars of our money. It was not likely in those days that an inferior work would be preserved. Such prices could not be paid for trash.

But now when a newspaper the size of the Montreal Star can be issued three hundred times for the small sum that the subscription costs, it is not such a difficult matter to find trash printed and reprinted, and it is time that the Christian forces of the world began to be more careful of their dealings in the matter of the printed book and paper. Much that is useless and bad is written and printed guard against it as though it were a pestilence. Choose instead, what is good and true and pure. There is much of this also to be had, and in many cases it is not more expensive than the trash. The more of it is bought, the cheaper it will be.

The members of the W. C. T. U. are reminded that Tuesday, Nov. 24th, is the regular meeting day. The Rev. C. W. Squires will address the meet-

At the last meeting of the Union the report of the Belgian relief committee was received. The amount of one hundred and fifty dollars and twenty-five cents had been contributed besides large amounts of clothing bedding and groceries. On motion, a vote of thanks was tendered to Miss Asker for her work in connection with the Belgian relief work.

### THICK, GLOSSY HAIR FREE FROM DANDRUFF

Girl! Try It! Hair gets soft, fluffy and beautiful—Get a 25 cent bottle of Danderine.

If you care for heavy hair that glitters with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderine. Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff. You can not have nice heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots famish, loosen and die; then the hair falls out fast. Surely get a 25-cent bottle of Knott's Danderine from any drug store and just try it.

At any rate, if Germany's exchequer becomes exhausted, she can pawn the watch on the Rhine.

## LACK OF CARE WILL RUIN THE MOST BEAUTIFUL HAIR

Save it With Herpicide.

While from combing it when they think necessary many people give no attention whatever to their hair. Then when the hair begins to fall out it never occurs to them that their trouble is the result of personal carelessness. An occasional application of Newbro's Herpicide will not only prevent loss of hair but permits a luxuriant growth. Hair losses are attributable to dandruff and the germ that causes it. The results following the intelligent use of Herpicide are frequently of a surprising nature. It removes the scale-like accumulations, leaving the scalp clean and free of dirt and thus allowing the hair to grow unhampered by dandruff. Newbro's Herpicide in 50c and \$1.00 sizes is sold and guaranteed to do all that is claimed. If you are not satisfied your money will be refunded. Applications may be obtained at good barber shops. Thos. Wran, druggist.

**OPERATIONS AT BOOMS FINISHED**  
The Restigouche Log Driving and Boom Coy. have just finished a most successful year, the booms being lifted and stored at the end of last week. The total amount rafted this year was nearly 125,000,000 feet, this amount being one of the largest in recent years. The work of the company was delayed to a certain extent by the logs not being equally distributed between the North and South Booms, which extended the time by about three weeks before the booms could be lifted.

**RED CROSS APPEAL**  
The Red Cross workers are moving on Monday next to the Council room up stairs for a week or so, until they can get the room now occupied for recruiting purposes. The committee wishes to announce that they have considerable yarn on hand, and will be glad to give it to any person who will knit either caps or socks. These things are needed at the front, and we are anxious to make our first shipment just as soon as possible, and that Campbellton should make a good showing. The military scarfs are so easily made, and if some of our young ladies would get interested, we could now supply them with needles, and would be glad to assist in any way possible. Follow Red Cross.

**MILLINERY BARGAINS**  
In order to make room for Christmas goods, Miss M. L. Barthe, is making great reductions on the remainder of her stock. Look up her adv. on another page.

**GIVE "SYRUP OF FIGS" TO CONSTIPATED CHILD**

Delicious "Fruit Laxative" can't harm tender little stomach, liver and bowels.

Look at the tongue, mother! If coated, your little one's stomach, liver and bowels need cleansing at once. When peevish, cross, listless, doesn't sleep, eat or act naturally, or is feverish, stomach sour, breath bad; has sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains full directions for babies, children of all ages and for grown-ups.
