### POPULAR COUPLE MARRIED TUESDAY

Wedding of Miss Juliette Champoux and Dr. J. H. Brennan.

The Church of Our Lady of the Snows was the scene of a brilliant wedding on Tuesday morning, May 16th, when Miss Juliette Champoux, second daughter of Mr. and Mrs. Calixte Champoux was united in marriage to Dr. J. H. Brennan, son of the late Dr. M. T. Brennan and Mrs. Brennan of Montreal. Rev. Father Melanson performed the marriage ceremony and the nuptial mass was celebrated by Rev. Father Martin, uncle of the groom.

The bride who was given in marriage by her father, was becomingly attired in a gorgeous French gown of mauve satin, heavily brocaded in silver and picture hat of georgette. She carried a huge bridal bouquet of roses, orchids, carnations and orange blossoms, the hues of which blended in a pleasing color scheme.

The bride was attended by her sister, Miss Marie Jeanne Champoux as bridesmaid, who was attired in a French gown of Reseda crepe with picture hat to correspond. The bride was preceded by the little Misses Marguerite Champoux and Jeanne Martin, as flower girls. They were daintily clothed in peach crepe de chene with French bonnets. The groom was supported by his uncle, Dr. Martin and Mr. T. H. McEvoy as best man while Adjutor Bernier and Lionel Roy were the ushers. Many beautiful gowns were worn by the ladies present, notable among which were the following: Mrs. Calixte Champoux, mother of the bride in a sand cation crepe of exclusive design, Mrs. M. T. Brennan, mother of the groom, in select navy satin, Mrs. LeBlas, black crepe de chene, Mrs. Bergeron, black crepe, and Mrs. David Champoux, aunts of the bride, in beautiful flowered tulle silk, Mrs. (Dr.) A. Martin, aunt of the groom, in rare georgette crepe of champagne hue with over effect of lace, Miss Cecile Brennan, sister of the groom, in a beautiful Tatanakanen gown, Miss Bertha Brennan in flame colored cation crepe trimmed with peacock blue velvet, Mrs. Frank Champoux, in marine crepe, Paris design, Mrs. Ben Champoux of Quebec in maroon of night blue with cut steel beads. Each carried bouquets of sweet peas and lilies of the valley.

The excellent music provided was a marked feature of the ceremony. The organ was ably presided over by Miss A. Roy. Violin selections by Miss C. Brennan of Montreal and vocal selections by Miss B. Brennan and Mr. B. Champoux of Quebec were very pleasingly rendered.

After the ceremony the bride and groom with attendants, relatives and invited guests repaired to the residence of the bride's parents where a dainty wedding breakfast was partaken of. The happy couple left on the Ocean Liner for Mont Joli, whence they will start on an extended motor trip to parts unknown. The bride's traveling costume was of navy blue pique with hat to correspond. The groom's gift to the bride was a pearl laska necklace with ear rings and bracelet to match, to the bridesmaid a silver locket; to the groomsmen a necktie pin; to the ushers, gold lockets. The gifts to the bride were many and beautiful.

The guests were principally members of the Champoux family and a few intimate friends. There were however a large number of people who called and were entertained by the bride's parents during the course of the day. Doctor and Mrs. Brennan are two of Campbellton's most popular young people and on their embarkation on the great adventure they take with them the hearty good wishes of a host of friends here and elsewhere.

### TEXAS TORNADO CAUSES DAMAGE

Hot Springs Is Stricken By Water and Fire—Many Lives Lost.

Colorado, Texas, May 15.—Sixteen dead and one hundred injured were reported late this afternoon as a result of the tornado which tore through Mitchell county, south and east of here, early today. The injured were in the hospital, Methodist and Baptist churches and many private homes here. Some were hurt so seriously their deaths are expected.

The tornado descended in Mitchell county, between 4 and 5 o'clock this morning, and caught most of its victims in bed. It levelled buildings and left death and injury in its wake for thirty miles. Starting south of West Brook, it continued for several miles through the county and passed just west of Lorraine. All the deaths were in more or less isolated farms. Due to the distance between farms and demoralization of wire communication, it was expected here that it would be many hours before the entire district could be heard from.

Citizens of towns near the storm-swept area rushed first aid, provisions and relief supplies for the victims.

### DRAMATIC CLUB SCORES SUCCESS

"A Pair of Sixes" Ably Presented Here Last Friday Evening.

The probability that Campbellton possesses amateur theatrical talent on an equal status with that of any town of its size in the Dominion was amply evidenced for at least the fourth time this year, when on Friday evening last the Lyric Dramatic Club presented, under the direction of Mr. Thos. G. Adams, the well-known comedy "A Pair of Sixes" at the Opera House here, before a large and enthusiastic audience. Much credit is undoubtedly due Mr. Adams as director, for the performance gave abundant proof of his skill, but without such a capable company of players to handle the several difficult roles the event would never have attained the success that it did. The company, composed entirely of local amateurs, displayed admirable histrionic ability and whatever weaknesses there may have been were unconsciously overlooked for there was sufficient achievement to adequately compensate for any minor technical imperfections.

The comedy itself was a continual ripple of humor from start to finish. Drama and comedy were proportionately blended and the clever lines and swift action carried the spectator along without a hitch to a satisfactory conclusion.

Thos. G. Adams as T. Boggs Johns and J. H. Brown as George B. Nettleton quarrelling partners in a flourishing pill manufacturing business, showed good judgment in their portrayals of the steller roles. As the senior partner, Brown gave a most convincing character study of the frugal Mr. Nettleton and showed admirable skill throughout his performance. His part called for considerable heavy acting but on every occasion he rose to the task with a satisfactory conviction of voice and manner. In the role of the junior partner, over-ambitious and equally as unscrupulous as the older member of the firm, Adams did work worthy of many a professional. He rose to the possibilities of the part with precision that was a pleasure to watch. He has a true sense of the comedy angle and a proper regard for the important features of the play.

As Miss Florence Cole, a family friend and fiancée of T. Boggs Johns, Miss Vera George gave an ably interpreted role and added to her reputation as a clever amateur actress. A carefully cultivated facility for swift and natural change of look, facial and vocal expression were pleasing features of her performance.

Miss Gertrude Thompson, who made her debut on the local stage in this recent evening, demonstrated unusual ability in her premier performance and evidently won a place in the galaxy of our local theatrical stars. As the wife of Geo. B. Nettleton, she showed a satisfactory sense of the dramatic and obviously realized the significance of her part.

As Miss Sally Parker, a flapper stenographer who gave vent to her superfluous energy by cruelly mistreating a huge cut of gum and fastidiously powdering her nose, Miss Carmella LeClair did splendid work which was entirely free from any amateurish nervousness or affectation. She had a clear conception of her role and rose to every opportunity to make her part what it was intended to be. R. J. Lavoie as the meek and faithful bookkeeper trying to support a wife and serve two masters at the same time, showed good judgment throughout his performance. He was thoroughly familiar with his part and was careful to maintain the natural voice and manner of an oppressed and dependent employee.

In the part of Tony Toler, the pill firm's energetic salesman, Leo Wagner was well cast and did himself credit. He has appeared on the local stage before but probably did his best work in "A Pair of Sixes." As Coddles, an English maid of all work single and uncertain, Mrs. Whitely McDonald's work could scarcely have been improved upon by a professional. She showed a remarkable aptitude for comedy and evoked repeated outbursts of laughter and applause. In the role of Thos. J. Vanderholt, the firm's attorney, J. Lionel Roy did much better work than in his previous performances here. He was well

### SOME ACTIVITY IN POLICE COURT

Several Cases Occupy the Attention of Authorities This Week.

The past week has seen a little activity in the police court here. One drunk was arrested on Sunday night, a local hotel was raided on Monday afternoon and a quantity of beer and some hard liquor was confiscated, and a man named Jacobson was arrested for following various women about town late at night.

Murphy, the stranger who was arrested in an inebriate condition late Sunday night is a business visitor to town, who, it is alleged, has taken a particular fancy Judge Matheson was booked when accosted by the police he was busily engaged in the somewhat noisy task of endeavoring to waken the inmates of an upstairs residence, who had apparently retired sometime previously to his call. Incidentally, his vigorous knocking aroused and alarmed the police. He was taken to the police station. Murphy accepted. Next morning he was given his bearings and paid \$20.00 and costs for the admission.

Jacobson, the stranger who had acquired the habit of trailing different ladies about town at night and peering into their faces from the shadows on dark street was taken into custody after several complaints had been received by the police department. The stranger declared that he was searching for his wife who had deserted him sometime ago. Appearing before Judge Matheson he was informed that he would be given one hour to get out of town. Failing in this, he was warned that he would be apprehended and sentenced to two months in the county jail. He has not been seen since.

On his trip to Jaquet River Saturday Prohibition Inspectors H. P. Doyle and Mr. Smith located a still in a residence there occupied by E. Cameron. The still was concealed beneath some salt bags in the cellar. No liquor or mash was found on the premises. It is understood that Cameron will be up for hearing before Police Magistrate McAllister at Jaquet River this afternoon on information laid by Inspector Doyle. The Inland Revenue Department will prosecute the case.

### KING AND QUEEN BACK IN ENGLAND AFTER VISIT TO ITALY

London, May 15.—King George and Queen Mary after a week's holiday in Italy returned to London Monday night. The stay was consecrated by the Prince of Wales, the Earl of Derby and Lord Curzon, Foreign Minister. Italian Fascisti met the Royal Party at the train and presented Queen Mary and King George with a bouquet of flowers.

chosen for the part and although it was a difficult one he gave a most effective portrayal of the role.

Alonzo Loudon, enacting the part of Mr. Applegate, a prospective pill customer, was well cast. He took his part with the proper dignity and restraint which made it effective. As Jimmie, the office boy who had an obvious inability to work, Leonard Boudreau discharged his responsibilities in a very satisfactory way and added much to the comedy touches.

The music furnished by the orchestra under the direction of Mr. Gordon Comeau was splendidly rendered and was a distinct feature of the programme. The specialties between the acts were equally good. A vocal selection by Mr. Leo Wagner was very acceptably rendered and was artistically received. The Komical Koon'town Kut-ups, consisting of Messrs. Lavoie, Mable, Guldry, Murray, Loudon and Boudreau was one of the most entertaining numbers of the programme and drew prolonged and thunderous applause.

The entertainment was staged in aid of the Hotel Dieu Hospital and a neat sum was realized. It is rumored that Mr. Adams and his company may stage "A Pair of Sixes" in Bathurst. They will make no mistake. This last theatrical event is far above the average from the standpoint of skill and technique and affords an evening of most enjoyable entertainment.

### N. B. STUDENTS IN THE LEAD

Several Prominent Prizes Are Carried Off by Provincial Pupils

Antigonish, May 15.—New Brunswick students figured prominently in the commencement exercises of St. Francis Xavier's College held here this afternoon in Immaculate Hall of Mount St. Bernard's Convent.

Among New Brunswick students were Frederick C. Jennings, son of P. L. and Mrs. Jennings, of St. John, who was conferred the degree of Bachelor of Science. This degree was also conferred on Frank A. Soy, of Londonderry. The degree of Bachelor of Arts was conferred on Francis J. Payne, of Uplam, N. B., Kathleen M. Hayes, Nashes Creek, N. B. and Marguerite M. Michaud, of Buctouche, N. B. Two master of arts degrees were conferred on graduates John B. Batts and Anna Somers. Twenty seven degrees in all were conferred.

William Mayes, of St. John, was the winner of the prize for the highest aggregate in the Junior year.

The prize for the best paper in biology was won by Edward Casey, of Milltown, N. B.

Joseph Sear, of Edmundston, was the winner of the prize in advanced French authors.

The prize for the higher mark in physics was won by Frederick Harrington, of St. John.

### AN AMERICAN BUT NOT A DAMN FOOL

U. S. Ambassador to Great Britain Replies to American Critics

New York, May 15.—George Harvey, United States Ambassador to Great Britain, declared upon his arrival on the George Washington yesterday that he knew nothing about reports that he had resigned or planned to resign in order to direct a campaign for the renomination and re-election of President Harding.

"Of course I except to resign some day," he said. "Every Ambassador to the Court of St. James with an exception, has resigned, and he died. But when I will resign I don't know."

Asked for comment on the resolutions recently adopted by the New York and Massachusetts legislatures calling for his return on the ground that he was pro-British, Colonel Harvey said:

"As far as my pro-English sentiments are concerned, I am an American, but I am not a damn fool."

Conditions in Great Britain, the Ambassador declared, are improving rapidly. The economic situation is much better and credit has been re-established as a result of the adjustment of the war debt to the United States, he said. Unemployment is decreasing at the rate of 20,000 a week and there are only 1,200,000 unemployed left in England.

### FLOODS SWEEP DOWN FROM MOUNTAINS

Sixteen People Killed and Many Injured in Mitchell County.

Hot Springs, Ark., May 15.—Hot Springs, city of many disasters, was stricken last night as never before when water and flames united in a general devastation that left death and disaster in its wake. How many are dead is unknown.

Water in torrents, raging like mad, split the city into three sections. Flames followed the path of the flood and as night fell water covered all sections before a summary could be made.

There was not a body reported at the morgues late last night. But there are rescuers here whose heroism deserves great praise. And some of the rescuers believe that all their efforts were not fully effective.

Flood came from cloudburst and persons caught in autos unable to leave them.

The flood originated in the upper basin of the mountains north of Hot Springs from a veritable cloudburst. About 4:30 o'clock, after terrific rains for about 18 hours, there came a slight flow of water down through Central avenue from its junction with Whittington Park at the north end of the valley. When the first water appeared there was little alarm, but in a few minutes the water began to surge down the valley.

Automobiles began to find difficulty in the high water and soon found travel impossible. A few minutes later they were being whipped about on the waves of a raging torrent and it was from these that the most effective rescues were made, for the persons who remained in their cars too long were unable to leave them.

Fronts of stores were smashed in and great quantities of merchandise were washed away.

The water coursing through Central avenue was from four to nine feet in depth, but it was not the depth so much as the speed with which the water came that wrought the most havoc.

Fronts of stores were smashed in and even the asphalt paving was torn up and thousands of dollars worth of merchandise flowed in the waves.

### GIMME A DRINK CAMPING GROUNDS FOR MOTORISTS

Preparations for the opening ceremony of the Banff-Windermere motor road over the Central Rockies are being rapidly advanced and it is expected that the new motor camping ground near Banff as well as the other camp grounds along the road will be ready by June 15 in good time for the opening on June 30. The Banff camp, situated near Mount Rundle, when completed will be one of the best equipped in the Dominion. It will be lighted by electricity and water from the Banff system will be piped to the grounds. Library, lavatory and telephone conveniences will be provided. A caretaker will be in charge throughout the season and the camp will be subject to inspection by the sanitary officer. In all there will be about 250 lots for campers.

### CANADA'S LIFE BLOOD FLOWING

Drastic Measures Required to Remedy Present Conditions Re Pulp Wood

The following article was written by J. G. Bruce, Fredericton, a son of Mrs. D. J. Bruce of Campbellton. This article was one of 549 submitted to the Banham \$2000 Prize Essay contest, and received special mention.

**Question for Debate; Immediate Action is Imperative.**  
Should Canada place an embargo on the export of unmanufactured wood? Does a man with a severed artery require the application of a tourniquet to arrest the complete loss of his life's blood? It is not a question for debate; immediate action is imperative.

The colossal depletion of our forest wealth has long been viewed with sombre alarm by far-sighted individuals who have endeavored to awaken a sleeping public to the seriousness of the situation. Yet to-day we are faced with stupendous increases in natural and unnatural losses of timber. Huge increases in the production of manufactured wood products, alone, mean extensive increases in the annual cut, while we are content to suffer further losses in the export of unmanufactured wood which in the manufactured state is a heritage itself.

Listen to the words of G. H. Prince, Forester for New Brunswick, delivered in all seriousness before a body of thinking men: "An estimate of between 2 and 3 billion feet of timber has been destroyed by the budworm alone, while during the last five years in New Brunswick as a whole the timber supply has been reduced by means of the axe, fire and budworm at least five times as fast as it has been grown." And the present estimate of this season's lumber cut in New Brunswick is over 210 million feet—over twice the amount cut during the previous seasons.

Nevertheless the Dominion's total production continues to expand while the already dangerously depleted supply diminishes at a rate enormously in excess of the annual cut. Over half the available stands of pulpwood in the Eastern Provinces destroyed by the budworm! Insects destroying billions of feet of merchantable spruce, to say nothing of that denuded, fire, into whose insatiable maw thousands of the original forest wealth of the country has disappeared, and continues to disappear, while the annual growth does not offset the gross loss from windfall.

Still, we are satisfied to export annually over 1,615,000 cords of unmanufactured wood over half of the amount required to fill demands of our pulp and paper mills. In New Brunswick in 1921 the five pulp mills consumed 121,000 cords of wood, while 213,000 cords were exported unmanufactured; almost twice the amount manufactured. Truly a comparison of the financial returns alone will reveal the fact that our great heritage is being sold for a mess of pottage.

The handwriting is writ large across the forests of the Dominion. It stands forth from a wilderness of useless stumps. It is written in charcoal across millions of blasted acres whose blackened scars bear mute evidence to the blasting thermostats of the devastating fire demon. It is written in dull letters where the budworm has feasted. The message is simple: it spells industrial ruin while a heedless populace continue the orgy of devastation. Cut, export, and be merry, for, alas, tomorrow our forest will have passed on from our ken. A heritage gone west. Apply the tourniquet while life yet remains, then pause, consider and recuperate.

**J. G. BRUCE,**  
174 Aberdeen St., Fredericton, N. B.

### THREE DROWNED IN NEPISIGUIT RIVER

Boat Turns Turtle on Log Drive and Three of Five Men Lost

Bathurst, N. B., May 11.—The greatest tragedy in the history of lumber operations on the Nepisiguit River occurred yesterday, when three men lost their lives in an accident on the log drive of the Bathurst Co., Ltd. From the meagre details of the report which was sent to-day by John London, logging superintendent of the company, it appears that a boat containing five members of the driving crew turned turtle while going through the turbulent waters of what is known as the Chain of Rocks, a place always recognized as the most dangerous on the river.

The place where the men succeeded in climbing on to the overturned boat, while the other two, Warren Chamberlain, a young and well-respected young man of Bathurst, sank to his death immediately. The second, Leo Boucher, was able to keep afloat until a boat which put out to the rescue of the unfortunate man was within a few feet of him when he, too, sank.

The rescue boat then turned its efforts to the men who were holding on to the overturned craft but before it reached them a third man named Albert, whose home is in Caracquet, slipped off the raft and was lost in the raging waters. The other two men were rescued after great difficulty with the exercise of great skill and heroism on the part of their rescuers, two expert Indian boatmen by the name of Risk.

Two of the drowned men, Boucher and Albert, were married, while Chamberlain was unmarried. The place where the fatality occurred is situated about fifteen miles above the Great Falls, the site of the Nepisiguit power development, and about thirty-five miles from Bathurst. It has already been considered a very hard spot for river drivers and this year when the water is higher than in other years it is worse than ever before. None of the bodies of the unfortunate men had been recovered up to a late hour to-night.

**SEEK WIDER MARKETS FOR CANADIAN FISH**  
Yarmouth, N. S., May 9.—The Nova Scotia Fisheries Association came into being last night at a meeting of representatives of the industry from Amherst, Shelburne, Yarmouth, Digby and Annapolis Counties. Complete organization was not accomplished, but a large number of charter members formed a committee to complete organization at once with W. A. Hodge as chairman. The aim of the association is to enlarge and improve the market for Canadian fish by seeking repeal of the Fordey-McCumber tariff or cancellation of the molasses bounty that permits foreign States fishing vessels to export fish that are not reciprocal.

It was pointed out that if American vessels were not allowed to haul and take on fishing supplies at Canadian ports, there would be fewer operators and fewer fish caught, thereby improving the market for Canadian fish. This action was proposed if sufficient amendments could not be obtained to improve the Fordey-McCumber tariff as respecting Canadian fish products. William Duff, M. P., Lunenburg, was the chief speaker.

**SUPERIOR COURT.**  
In re: Estate Herbert Henry Brown, in his lifetime, Merchant of Esquimaux, Bonaventure County, District of Gaspe.  
This 5th day of May, 1923  
TO WHOM THIS MAY CONCERN:

After the meeting of the town council was held in the Town Hall Monday evening, His Worship Mayor McKay presiding, there were present Council members, Messrs. O'Neil, Moore, Marquis, Duncanson, Gilman, and Gosham. The minutes of the previous meeting were read and approved.

Mr. Joseph Boudreau wrote an enquiry about lease of property in the rear of his store. Letter placed on file and clerk instructed to notify Mr. Boudreau that lot inquired about was already under lease.

The clerk read letters of reply to the Millia Dept. who re room for the militia company submitting form of lease. Rent to be \$25.00 per year. The Mayor and Town Clerk were authorized to sign same.

The Lounsbury Ltd., secretary's ailing station at Nelbank and pump on Water Street, house, and the Police and License Commission. The Mayor, Sec. Treas., of the Paul's life through another Marine Division of the Canadian Weekly Newspapers Association wrote stating that about two hundred week-end newspaper men and women from over Canada would spend an hour at Campbellton Saturday evening June 23.

Council discussed the Mayor and Council take necessary steps to see that party are properly entered. Applications for positions as drivers of the motor trucks were read. Three residents. All placed on file. Lester Gosham made application for Electric Light committee. Chief of Police Jas. H. Adams wrote asking for salary increase of \$15.00 per month. Referred to Police and License Committee.

A number of residents made application for pool table and trucking license referred to the Police and License Committee. The usual departmental accounts were passed and approved. Committee recommended the appointment of Blais Johnson as a policeman. Report was received and adopted.

Incomparable for flavour. Unique in Quality. From 75c per lb. at all grocers.

### For the Kidneys

Kidney troubles are frequently caused by badly digested food which overtaxes these organs to eliminate the uric acid formed. Help your stomach to properly digest the food by taking 15 to 30 drops of Extract of Kidney Pills as Mother's Kidney Pills, and your kidney disorder will promptly disappear. Get the genuine. 50c and \$1.00 bottles.

### Flax for Fibre

This is an annual plant grown especially for fibre. It has a slender, woody stem composed of a woody part covered with fine fibres. In order to get fine unbranched stems it is necessary to sow fibre varieties of flax seed such as the Russian or Dutch varieties and to sow about one and a half bushels per acre. A sandy loam is the soil preferable for flax, however excellent crops can be obtained where average crops of cereals are grown. It is best to sow after a grain crop in a five year rotation, so that the manure or fertilizer can be applied the year before and not directly with the flax crop. The soil however should be well prepared and absolutely free from weeds. The seed should be sown broadcast as soon as the field can be made ready. Young plants are comparatively resistant to frost so that there is as a rule little danger of freezing when seeded early in the spring. Clover can be sown down with flax. It will not harm the straw as the latter is pulled and not cut at harvest.

### Dizzy Spells Due to Undigested Food

Dizziness and faintness after eating show that your food is not digested and is turning into poison and gas. Simple buckwheat, glycerine, etc., as mixed in *Medicinal*, expels all poison and gas from *BYVH* upper and lower bowels. Removes food, decaying food-matter you never thought was in your system which has caused stomach and made you dizzy and faint. Ad-  
verts is EXCELLENT to guard against appendicitis. A. A. McG. McDonald, Druggist.

Scutching is the term applied to the separation of the fibre from the woody core. It is an instrument, comparatively simple which consists of grooved rollers between which the flax straw is passed and the hard woody core is broken into short lengths. A revolving wheel with wooden blades then beats and removes the woody shives, from the flax fibres.

An average yield of flax straw would be about two tons per acre which would render about three to four hundred pounds of scutched fibre and about eight bushels of flax seed.

As will be noticed the growing of flax requires considerable labor and a farmer should not go into the growing of this crop too heavily, unless he is able to secure cheap labor. Flax growing may or may not be a paying proposition on that account.

### Egg Laying Records

The Record of Performance for pure bred poultry like the Record of Performance for pure bred dairy cattle is carried on by the Live Stock Branch of the Department of Agriculture at Ottawa. The tests on which the poultry are judged are conducted by the breeders on their own farms. The birds are leg banded and trapezoid and eggs laid are credited to the respective birds.

### Preparing the Potato Land

A friable loam soil is best suited for the potato. It should be fairly fertile and have good natural drainage. Potatoes can be grown successfully on soils of varying physical character if good preparation is given, ample drainage provided, and cultivation continued during the growing period to conserve moisture should the summer be dry. A sandy loam soil supplied with humus gives the yielding soil texture desired; the humus retains moisture and prevents excessive soil temperature. The clover plant, with its deep and extensive root system is best for turning an unyielding soil into a friable loam, and no plot so thoroughly stocks the soil to a good depth with vegetable matter or humus for the crop to follow. A clover soil is the best for potatoes. The best crop of clover are grown on limed lands, but an excess of lime tends to produce scabby potatoes. This is particularly true if stable manure is used, but if commercial fertilizer only is used the danger is much lessened because the acid phosphate in the fertilizer tends toward an acid reaction which does not favour the development of the potato scab organism. On the usual potato soils the soil is not very tough, but if it is desired to grow potatoes on land having a tough soil, the soil should be ploughed shallow soon after the hay is removed and disced to give the soil a chance to rot. This is particularly true if the method is practised the soil will work up nicely the following spring. Special attention should be given to the deep and thorough preparation of potato lands that are inclined to be close in texture and not easily pulverized. The preparation tillage should be to a depth of from six to eight inches, the whole soil being well pulverized by careful plowing when the land is fit to work to that depth, and by disking and harrowing afterwards. Before ploughing the land should be thoroughly disced, so that in ploughing this pulverized soil will turned to the bottom. It is well to disc the

surface soil when it is just dry enough to work well, and it is usually wise on many soils not to plough for some days after, thus giving the land time to dry to a depth of about eight inches. Then the plough will pulverize and soil compact it, as will happen in the closer types of soil if it is not dried out sufficiently. After ploughing, exercise care to work it with the disc harrow before it dries to the point of being lumpy when worked. A few hours in a drying wind may be sufficient for disking; being left a day or two unworked may make it so that working it into good till will be much more difficult.

Fertilizers applied are usually scattered broadcast and worked into the soil during the last cultivation. Some think better results are obtained by applying the fertilizer in the drill when planting by means of the fertilizer attachment on the fertilizer spreader. Three hundred pounds of nitrate of soda, 500 pounds of acid phosphate and 200 pounds of nitrate potash will give 1000 pounds per acre of a fertilizer containing 45 per cent of nitrogen, 8 per cent of phosphoric acid and 10 per cent of potash, which should supply all requirements for a good potato crop under average soil conditions.

### Hay Mixtures for New Brunswick

Generally speaking, the standard hay mixture in New Brunswick includes timothy and one of the clovers. Very often, however, the application is too light for best results. For instance, a total of eight or ten pounds is applied and this mixture is not balanced.

In a very comprehensive series of experiments conducted at the Fredericton Experimental Station, in which a great number of different combinations were tried out, it was found that a mixture composed of alsike, timothy, red clover, eight pounds, and timothy, eight pounds, produced the highest yield of hay; the second highest yield was secured from a mixture composed of alsike, six pounds, and timothy, eight pounds; the third highest yield was secured from a mixture composed of red clover, six pounds, alsike, two pounds, red clover, eight pounds, and timothy, six pounds. The results of the above experiments are suggestive, but cannot be considered as conclusive because they have been carried on for only one year.

### Farm Drainage

The drainage of farm lands should receive increased attention. Many farms and even whole districts are not so fertile and productive as they would be if drained. A drainage system is essential in this humid, temperate zone of heavy rainfalls. For as the volume of gathered water increases throughout the greater part of Eastern Canada there is adequate until the main drain for a twenty-acre field having a fall of 5 inches per acre should be laid with six hundred feet should be laid with six feet apart. The distance between the drains is governed largely by the depth at which they are laid. Much tile has been laid from 2 1/2 to 3 feet below the surface. The present tendency is to lay tile shallower. At these depths for field crops it is usually sufficient to place drains 100 feet apart. Then, should it be found necessary, others can be laid between, making them 50 feet apart.

### How to Start a Flower Garden

After the necessary grading is done, decide on and mark out the main walks. These may be grass or gravel. To these add bulbs or cuttings which they are to be of gravel, remove six inches of the surface grass on soil (more if you care to) and replace with gravel. The space assigned to the lawn should be dug over and may be seeded to grass in April or early in May. Assuming there is grass already present and in fair condition, cut it as short as possible and spread a thin layer of rotten manure or fine soil. If swept about at weekly intervals, this will work in the uneven parts and level the ground. A good beginning will be to decide where the hedges, if the space warrants them, are to be, to separate the vegetable plots from the flower-beds and lawn. There are several good evergreens available for this purpose. The Publications Branch of the Department of Agriculture at Ottawa, will supply a pamphlet on this subject on request.

What Plants to Choose. To plant to secure a permanent, easily cared for home garden is the question. It is a long process to find out for ones self what plants can be relied upon for vigor and permanence. Naturally, locality is one determining factor. There will be few mistakes if varieties locally accepted as hardy and in every way worth while are selected for the foundation of the garden. Kinds which attract because of personal interest or rarity can be experimented with at leisure once we have secured the garden feeling with the trusty, generous, long-serving kinds. Familiarity and commonness are in no sense to be avoided. The plants which have long served mankind are richest in life and good and folknames and so are most suggestive in the home garden.

Amateur's Sheet Anchor. A border of mixed perennial flowers is frequently described as the amateur's sheet anchor, providing flow-ers during the spring, summer and fall months both for indoors and out. It depends how much is to be spent in stocking a garden whether quantities of perennial roots should be purchased, or most of them raised from seed. It is not difficult matter to grow most of the perennials from seed, which, if sown in the late spring or early summer, will produce plants that will flower the following year.

The First Year. The first year the best display of flowers will be from annuals sown under glass during April or outside where the plants are to flower during May. A selection may include Aster, Stock, Sweet Pea, Zinnia, Clarkia, Godetia, Larkspur, Calendula, Officialis, Cornflowers, Poppies, Candytuft, Nemesis and Mignonette. To these add bulbs or gladioli, and the grower will be rewarded by an ample display of bloom during the first summer of his gardening operations.

Opinion of House on Protection. Ottawa, May 12.—In reply to the increase in duty imposed on Canadian potatoes by the Forney tariff the budget yesterday contained an increase in the Canadian duty on potatoes imported from all countries imposing a duty on Canadian potatoes. The increase is from 20 cents to 35 cents per 100 pounds. The duty on Canadian potatoes going into the United States is from 20 cents to 35 cents per 100 pounds.

#### WHY IS BRITAIN WET?

Commenting on the twenty to one vote in the British parliament against Mr. Scrymgeour's prohibition resolution and the four to one vote in favor of cheaper beer, Mr. Lloyd George, in his speech, says very small hope for the prohibition movement in Britain for a long time to come. What is the reason of the different attitude of two nations of the same flesh and blood and to a large extent, the same Puritan antecedents? Is Britain so old and case-hardened and stiff in the joints that she cannot change her ways? Not at all. Britain can still leap a hurdle toward anything of which she is convinced. The trouble is that she is not at all convinced. She insists on taking as a basis the action which the United States takes so determinedly, and of which that country is proud. Is it that Britain suffers less from drink than the United States does? Quite the reverse! Britain was before the war drinking twice as much per head as the United States. Is it that her ruling classes are afraid of results such as followed the Czar's prohibition ukase? No doubt the Czar's ukase was a cause of the revolution in Russia. The Czar's government had been such that none but a drink-soaked people would have stood for it for a year. Remove the vodka, and there had to be a revolution. Any who allege that reason must be of the sort who, wanting to mislead a country, must first drudge it with alcohol.—Montreal Witness.

#### THE CHILDREN.

The week of May from the 13th to the 20th inclusive is Children's Week throughout Canada and the United States. It was set to begin approximately with Mother's Day, last Sunday. The Maritime Religious Education Council has been making a vigorous effort to have the day observed in as many centres as possible, giving emphasis to the religious phase of the movement, but every phase of the work relating to children may be properly emphasized, such as the Junior League, the Free Kindergarten, and the playground and child welfare generally.  
In Campbellton, because of lack of proper organization, it is not likely that Children's Week will have any special significance for the younger folk. This is indeed to be lamented. We have several children's organizations here and there is a reason why more attention is not given to this important branch of work. Much could be done if the leaders of our various recreational societies co-operated in energetic and well-directed efforts to promote this work.  
Many people may be of the opinion that very little need for attention to this kind of endeavor exists in a small town like Campbellton. That is an entirely wrong impression. In large

### NOVA SCOTIA COAL FROM UNDER OCEAN

Sydney, N. S., May 16.—Engineers in time will be able to take coal and iron ore from under the sea at distances of five miles or more from shore, according to F. W. Gray, an executive of the British Empire Steel Corporation. Working already existing two and a quarter miles to sea at Sydney mines, and seventy per cent of the coal produced in Nova Scotia comes from beneath the ocean. The cost of bringing deposits to the surface rather than failure of the seam will place a limit on submarine mining operations. Mr. Gray thinks.

### SNOW DOES MUCH DAMAGE TO ORCHARDS

He is accompanied by A. J. Thomas, son of the well-known English parliamentarian and also former assistant of Sir Henry on the Great Eastern Railway.

### HARDWOOD TO GET A BOOST

Large Plant is Expected to be Established Soon in New Brunswick.

Fredricton, May 15.—A further step in the matter of establishing a large hardwood industry in New Brunswick is expected. The committee representative of railways and manufacturers which had been discussing the matter is to consider it again. St. Leonard is said to be one of the best located sites in the province on account of proximity to large hardwood areas, and also rail conditions. In connection with the hardwood industry objection has been taken to the last-block industry as extremely wasteful. What is contemplated is an industry which will make use of hardwoods with the minimum of refuse. The proposition was made some time ago that a forest product and forestry laboratory should be established in connection with the University of New Brunswick. Development of the hardwood industry on a huge scale probably would result in renewed pressure for the establishment of such a laboratory as the nearest now is in Montreal.

Ottawa, May 15.—Hon. Mr. Fielding, in his Budget Speech, said that the Government will appoint a commission to investigate the question of placing an export duty on pulpwood.

### SLASH PERIOD PASSED.

Fredricton, May 15.—The period for burning slash or setting other fire near forest land in New Brunswick expired today. Reports from several sections indicate that the high lands have become very dry and that the fire risk there is grave.

### FISHING LICENSES.

From now on all fishing licenses for salmon and gaspereaux will be 1.00. Heretofore salmon licenses were charged at the rate of \$5 for the first 10 fathoms and 10 cts. for each additional fathom. The fisherman will have cause to rejoice at this latest regulation.

### AN IMPORTANT INDUSTRY

A contract for 2000 toboggans has been closed by S. C. Heckbert of Woodstock with a big mail order house at Toronto and a big order for slushy rockers and kindergarten sets with the same concern. Quite a number of men will be employed, possibly a day and night crew.

### RESUMING REHEARSALS.

The Citizens Band began their summer rehearsals Monday night, and will continue their regular two nights a week practices in preparation for the coming season's work. A supply of the latest standard music has just been received and a splendid program of popular numbers may be looked for. As soon as the weather permits the band intends giving a series of concerts in the stand. All members are requested to attend Friday night's rehearsal.

### ON VOCATIONAL BOARD.

A new Provincial Education Board was created last week to release the former board which was legislated out of existence with the passing of the recent measure by the Legislative Assembly bringing vocational education directly under the control of the Board of Education. The new Board is composed as follows: Hon. Fred Father Tessier, of St. Joseph's College, Memramouc; G. H. Maxwell, St. John; W. H. Miller, Campbellton; and R. K. Tracey, M. L. A. Centreville.

## LOCAL ITEMS OF INTEREST

News Notes of Town and Country Happenings  
Gathered by Graphic Reporters

**ROADS OPEN.**  
All roads are now open for automobiles and reports say the road from Campbellton to Bathurst is in fine shape.

**C. N. R. PAY DAYS CHANGED.**  
A change has been made in the date of pay days in the Canadian National Railways. In future the semi-monthly pay dates will be the 15th and 30th of each month.

**FIRST PAY OF C. N. R. ON ROYAL BANK OF CANADA.**  
Wednesday was pay day in the C. N. R. office. It was the first pay on the Royal Bank which will in future handle all railway money for the C. N. R. Atlantic Division.

**INVESTIGATE EXPORT DUTY ON PULPWOOD.**  
Ottawa, May 12.—Hon. Mr. Fielding, in his Budget Speech, said that the Government will appoint a commission to investigate the question of placing an export duty on pulpwood.

**SLASH PERIOD PASSED.**  
Fredericton, May 15.—The period for burning slash or setting other fire near forest land in New Brunswick expired today. Reports from several sections indicate that the high lands have become very dry, and that the fire risk there is great.

**FISHING LICENSES.**  
From now on all fishing licenses for salmon and gaspareaux will be 1.00. Heretofore salmon licenses were charged at the rate of \$5 for the first 10 fathoms and 10 cts. for each additional fathom. The fisherman will have cause to rejoice at this latest regulation.

**AN IMPORTANT INDUSTRY.**  
A contract for 2000 toboggans has been closed by S. C. Heckbert of Woodstock with a big mail order house at Toronto and a big order for school-ly rollers and kindergarten sets with the same concern. Quite a number of men will be employed, possibly a day and night crew.

**RESUMING REHEARSALS.**  
The Citizens Band began their summer rehearsals Monday night, and will continue their regular two nights a week practices in preparation for the coming season's work. A supply of the latest standard music has just been received and a splendid program of popular numbers may be looked for. As soon as the weather permits the band intends giving a series of concerts in the stand. All members are requested to attend Friday night's rehearsal.

**ON VOCATIONAL BOARD.**  
A new Vocational Education Board was created last week to release the former board which was legislated out of existence with the passing of the recent measure by the Legislative Assembly bringing vocational education directly under the control of the Board of Education. The new Board is composed as follows: Hon. Fred Magee, Port Elgin, chairman; Rev. Father Tessier, of St. Joseph's College, Memramcook; G. H. Maxwell, St. John; W. H. Miller, Campbellton; and R. K. Tracey, M. L. A. Centreville.

**SUPPER.**  
A supper and apron sale will be held in the Baptist Church, Flat Lands, N. B., on Thursday May 24th.

**PROVINCIAL APPOINTMENT.**  
Restigouche—Thomas G. Scott of Dalhousie to be Justice of Peace; William H. Smith of Campbellton to be provincial constable.

**HEAVY RAIN.**  
An easterly rain storm set in Tuesday night and continued all day Wednesday and was what the lumbermen needed as the water in the rivers was getting too low for driving.

**NOTICE.**  
The High School girls regret to announce that there will be no basketball game on the 18th, and those having purchased tickets, can have their money refunded by applying to the Secretary, Gladys Wyses.

**PROVINCIAL APPOINTMENT.**  
Frances F. Matheson, of Campbellton, has been appointed stipendiary and police magistrate for the parish of Addington, Restigouche county, succeeding the late William D. Duncan, deceased.

**SLIGHT FIRE.**  
An alarm was rung in Saturday evening about six o'clock for a slight fire at the residence of Thos. R. Duncan, just beyond the western limits of the town. The fire was extinguished with chemicals and a bucket brigade, and the loss which was light is covered by insurance.

**C. N. R. PAY DAY.**  
Pay days on the C. N. R. have been set for the 15th and 30th of each month, excepting when these dates fall on a Sunday or a holiday. When this occurs employees will be paid on the preceding day. The new regulation will come into effect the end of this month. The present pay dates are the 14th and 29th of each month.

**THANKS.**  
The Sisters of the Hotel Dieu wish to thank Mr. T. G. Adams as well as all the members of the Civic Club, also the young ladies of the C. G. Guild who conducted the Day on Saturday last. The receipts when all returns are in will total close on \$700. This money will be used for the installation of fire escapes on the hospital building.

**PRESENTATION TONIGHT.**  
A Congregational Social will be held in the Hall of the Presbyterian Church this evening for the purpose of presenting the pastor, Rev. W. W. McNair, with "pulpit" robes. The presentation will take place in the auditorium of the Church at 8.30, after which a social time will be spent in the Hall of the Church. The Women's Missionary Society will provide refreshments and the members of the C. M. Y. S. will assist in serving.

### GIMME A DIAMOND

**FERRY ON THE ROUTE.**  
The steam ferry was launched Saturday last and went immediately on the route.

**BUFFALO BILL CONTEST.**  
The names of the winners in the above contest will be announced and the prizes awarded at the matinee at the Opera House on Saturday afternoon.

**OATS FOR SEED.**  
S. W. Dimock has just received a carload of oats. Give him your orders before purchasing elsewhere. May 17-20 wks.

**FIRST ARRIVAL.**  
The Steamer Fally Maerft, from Philadelphia, Cap. C. Rohde, 1955 tons, arrived here Wednesday and is loading lumber for Peterson, Cutler Co., for a South American port.

**FORMED PARTNERSHIP.**  
Messrs. George and Fred Dove, both of whom are merchants here and who have for the last few years run an auto taxi business separately, have united their interests and are putting three cars into the business for the coming summer. Two of these are touring cars and the third will be a new sedan, which will assure passengers the maximum in comfort even in cold, wet weather.

**DEBATE AT GUILD.**  
The members of the Young People's Guild of St. Andrews Presbyterian Church staged a very interesting debate in the Church Hall on Monday evening. The subject: "Resolved that the advantages of city life are greater than those of country life." A fine example opportunity for extensive argument. The affirmative side won by five points, decision being given by Rev. W. W. McNair and Mr. M. A. Kelly who acted as judges of the contest. The debaters for the affirmative were Miss Margaret Adams, captain, Miss Edith Miller and Mr. A. A. Andrew; and for the negative Mr. Thomas Foulkes, captain, Miss Jeanette Yonson and Miss Letta McKenzie. The debaters showed considerable skill and not a little wit in presenting their different arguments pro and con and all those present thoroughly enjoyed the discussion.

**BASEBALL LEAGUE STARTED.**  
A meeting of local baseball enthusiasts was held in the Firemen's Hall last night and the initial steps in organizing the Ball Club for this season were taken.

Mr. James Jardine moved that a baseball league be organized for the season of 1923. This was seconded by Mr. Geo. Tyler and when the question the motion was unanimously carried. The following executive was then elected: President, Geo. F. Myles, Vice-president, R. M. Raymond, Treasurer, H. Hache, secretary; Wallace Henry, treasurer.

Several matters pertaining to the organization of the league were then discussed. The question of a field is not yet definitely settled, but it is expected that no difficulty will be encountered on this point. It is the intention of the club, moreover, to effect some agreement which will assure baseball enthusiasts here a suitable diamond for several years to come. Other matters not yet disposed of will be discussed at another meeting which will be held as soon as the schedule and other details can be arranged for.

### STAG PARTY.

Mr. J. J. Bernier was host at a stag party given at his home on Thursday evening last in honor of Dr. H. Brennan whose marriage to Miss Juliette Champoux took place Tuesday morning. The host presented the guest of honor with a beautiful chest of silver and accompanied the presentation with a few appropriate words expressing the sentiments of the large number present. Although taken completely by surprise the Doctor expressed thanks in fitting words. Those present were: Dr. H. Brennan, Messrs. Peter LeBlanc, L. E. Renault, J. Art. LeBlanc, J. N. Boudreau, D. Renault, J. Allen LeBlanc, S. L. Poirier, R. Vermette, A. Guerin, E. McQuillan, P. H. Spourde, A. Loudon, Geo. S. Kerr, T. S. Crockett, Colin MacKenzie, L. J. Bourque, Leo Wagner, Geo. St. Onge, A. C. Belle-Isle, A. Bernier, J. L. Roy, J. R. Cantin, Flo Boudet, Alphonse Michaud, W. P. Burns, P. M. Shannon, Geo. Bradley, W. J. S. Walsh, J. Arthur Roy, E. St. Onge, Emile Cantin, J. G. Christie, A. H. Russell, A. G. Harrington, Wm. Ferguson, Geo. Wallace, J. W. Howard, T. H. McEvoy and J. J. Bernier. Mr. Romeo Arseneault presided at the piano and furnished appropriate music in keeping with the happy occasion. The party ended at a late hour, with the hearty singing of "For He's a Jolly Good Fellow."

BONNIE JEWEL 2.29 1/4  
Sired by Bonnie C., dam by Brazilian Brown Stallion, small star, weight 1000 lbs foaled on the 2nd day of June, 1911, inspected on the 24th day of April, 1923, found to be a superior type of stallion. Enrolled at Fredericton, N. B., on the 20th day of April, 1923.  
This stallion will stand for service at Doyle's Livery Stable at Campbellton, N. B., for the season of 1923.  
TERMS: \$5.00 single service; \$10.00 for the season or \$75.00 to lease. For particulars apply to owner.  
H. P. DOYLE,  
Campbellton, N. B.

### HOSPITAL DAY OBSERVED HERE

Mothers Day Also Quietly But Fittingly Recognized in Local Churches.

Saturday last, National Hospital Day was duly observed in Campbellton. A Hospital Tag Day was instituted by both our local institutions the success of the undertaking, were rewarded with a very generous response. A definite report of the actual amount of money realized by the Soldiers Memorial Hospital is not yet available but returns so far give promise of a very satisfactory total when other outside places have been heard from. The Hotel Dieu workers collected \$422.00.

Hospital Day was also fittingly observed at the Hotel Dieu Hospital. Some two hundred and fifty visitors took advantage of the occasion to inspect that institution and were much interested in the work of the various departments. The lunch and ice-cream tables tastefully decorated with roses and carnations were in charge of members of the Catholic Girls Guild. Mrs. J. J. Bernier registered the visitors, while Miss Maloney, Public Health Nurse of this district and Miss Gertrude Thompson acted as cashiers.

The Soldiers' Memorial Hospital was opened to relatives and friends of its present patients and inmates and those who had not previously acquainted themselves with the work being done there were frankly surprised at the remarkable progress which has been made by this institution.

Although not celebrated in an ostentatious way as might have been adopted, it is to be hoped that Hospital Day and its observance may be instrumental in enlisting greater interest in the splendid work of our two local institutions. Campbellton's two hospitals are thoroughly modern, well equipped and controlled under efficient management. They also offer the attendance of skilled surgeons and physicians. They have both made gratifying progress so far and are carrying on a splendid work in an adequate way, and if citizens generally continue in generous support there is little doubt but what their activities will merge into a still greater field of service in the future.

**Mother's Day.**  
Sunday, May 13th, chosen as Mother's Day and recognized throughout Canada and the United States, was quietly but fittingly observed here.

In the various churches reference to the day and its significance was made by the pastors. In Wesley Methodist Church the entire day's services were made appropriate to the occasion. The pastor delivered a fitting address at the morning service, the Sunday School children honored the day at their afternoon gathering and in the evening a splendid Mother's Day song service was rendered by the choir. The many vocal selections constituted an especially fine program of sacred music and were greatly appreciated by the congregation.

While the proper idea of the observance of Mother's Day is evident to its impetus and purpose, one essentially quiet in its manner of celebration, the occasion is indeed worthy of

universal attention for its annual observance may be a potential means of enthroning the mothers of the land in the high places which is rightfully theirs and inculcating in the minds of the young the proper reverence and regard which is obviously due them.

Monday and Tuesday

**GERMANY HAS DECIDED TO MAKE NEW REPARATIONS OFFER TO ALLIES.**  
Berlin, May 16.—Germany now proposes to make a new reparations offer to the Allies. With replies from France and Belgium, Italy and Great Britain in hand, all rejecting the Cuneo Government's latest offer the cabinet has decided to try again. The next proposal will contain more guarantees, but the limit of thirty billion gold marks, fixed in the most recent offer, will not be raised. At least, this was the decision this far which possibly may be changed by another cabinet meeting this afternoon before the next note's content is finally agreed upon.

# OF INTEREST TO WOMEN

## Some New Receipts

**Liberty Raisin Bread**  
1 cup buttermilk or sour milk, 1 cup corn meal, 1 teaspoon salt, 1-4 cup sugar, 1/2 teaspoon baking powder, 1 cup Sun-Maid seedless raisins floured with 1 tablespoon flour, 1/2 teaspoon soda.

**Bran Muffins**  
1 cup flour, 1 tablespoon shortening, melted, 1 teaspoon salt, 1 teaspoon soda, 1/2 cup bran, 1/2 cup Sun-Maid seedless raisins, 1-4 cup sweetener.

Mix together the flour, salt and soda and mix with the bran. Add the raisins and part of the milk; then mix with the dry materials. Add the bran and mix thoroughly. Add the remaining milk to form a batter of such consistency that it will drop but not run from a spoon. Bake in greased muffin pans about one-half hour.

**Date Salad**  
1 cup dates, 1 cup sliced celery, 3 tablespoons Sun-Maid seedless raisins, 1/2 cup cheese ( grated ), 1/2 cup oil, 3 tablespoons walnut meat, 1/2 cup boiled dressing.

Mix together the cheese and the chopped dates and raisins. Stuff the dates with this and allow to stand for several hours. Slice the dates, dice a couple of celery and add all to the dressing, mixing thoroughly. Serve in nests of lettuce. An equal quantity of sweet or sour cream may be combined with the dressing if desired.

## The Alluring Call of the Spring Garden

How many of us need the call of the garden of this season of the year? We can understand the appeal when the sun shines and the birds are singing. It is harder to understand when there is a heavy fog or rain. Yet the nature lover finds an attractive promise in the brown earth, swelling buds and hyacinth spikes pushing up to the light. All underground seems to be coming to life. This is the time of year to remember the barren spots, or unsightly corners that were eyesores last year. Plan to give them decorative leafed covering or shrubs in front of them to conceal their unsightliness.

For instance, in large yards or gardens where old and trampled garden beds have a piece, and wheelbarrow and garden tools as well, a good stout trellis will make a shield, and over it a thick vine may be trained. Trumpet vine, Madeira vine, morning glory vine, round vine, and many others are excellent for the purpose. Even wild grape vines, if they are kept in order on the trellis. But they have various notions and must be watched.

In planning special ones, don't forget the iris family, if there is room. These flowers are decorative in appearance and are fragrant as well. The old-fashioned sweet peonies are a little old-fashioned garden corner. Make the pink a feature in planting peonies, hollyhocks, morning glories, and the like of the garden.

Don't forget the iris family, if there is room. These flowers are decorative in appearance and are fragrant as well. The old-fashioned sweet peonies are a little old-fashioned garden corner. Make the pink a feature in planting peonies, hollyhocks, morning glories, and the like of the garden.

# SEVEN YEARS OF TORTURE

## Headaches and Indigestion Ended By "Fruit-a-tives"

### The Marvellous Fruit Medicine

Like thousands and thousands of other sufferers, Mr. Albert Varas of Buckingham, P.Q., tried many remedies and went to doctors and specialists; but nothing did him any good.

Finally a friend advised him to try "Fruit-a-tives"—now he is well. As he says in a letter:

"For seven years I suffered terribly from Headaches and Indigestion, I had belching gas, bitter stuff would come up in my mouth, often vomiting, and was terribly constipated. I took Fruit-a-tives and this and fruit medicine made me well."

50c a box, 6 for \$2.50, trial size 25c. At dealers or sent by Fruit-a-tives Limited, Ottawa, Ont.

### The Joys of Being an Editor

Most any man can be an editor. All the editor has to do is sit at a desk six days in the week; four weeks in a month and twelve months in the year, and edit such stuff as this:

"Mrs. Jones, of Rod Hill, let a can-opener slip last week and cut herself in the pantry. A mischievous 'lad' of Fiketon threw a stone and cut Mr. Pike in the alley last Tuesday. Joe Doe climbed on the roof of his house last week looking for a leak and fell, striking himself on the back porch. While Harold Green was escorting Miss Violet Wise from the church social last Saturday night, a savage dog attacked them and bit Mr. Green on the public square. Like Trimmer of Town Creek, was playing with his dog on Friday when it scratched him on the veranda. Mr. Frank, while harassing his young colt last Saturday, had the misfortune to be kicked near his corn crib."

### Here and There

Some women always have something to talk about and some never have any ache or pains.

# CORNS

## Lift Off with Fingers

Each acre of corn ground in Ohio costs on an average \$6.26 hours of labor.

Canada is now second on the list as an exporting land, the per capita being \$100.63 per annum.

A new station is being built by the Canadian Pacific Railway at Fredericton at a cost of \$50,000.

Half a million Canadians look to the forests each day for their meals and lodging, and more than 1,000,000 Canadian workmen are engaged in converting forest products into one form or another.

The large party of Hebrideans who were brought to Canada on the Canadian Pacific Steamships "Mecanica" and "Martha" have gone to Red Deer, Alta., where they will form an agricultural colony.

Seven hundred farmers and farm laborers arrived in Canada recently on the "Montclair," Pacific steamer.

The project of a ship canal across Scotland from the Clyde to the Firth of Forth was brought to the fore again at a recent meeting of the Mid-Scottish Ship Canal Association, and there is a possibility of something being started in this connection in the near future.

A single pair of potato tubers would, without check, increase to 60,000,000 in one season; the number, depending on the soil and conditions in a single year would, if unchecked to the end of the twelfth generation, have multiplied to ten sextillions.

Canadian air pilots flew 294,449 miles carrying 9,153 passengers and 77,850 pounds of freight in 1922, according to a report of the Canadian Air Board. Saskatchewan pilots led in the Dominion, carrying 3,022 passengers, and British Columbia pilots 1,122.

A company has been formed in London to exploit sunken treasure in Navarino Bay, off the west coast of Greece. The promoters state that there is a matter of \$45,000,000 in bullion and other forms of wealth at the bottom of the Bay, where it was sunk with the united fleets of Egypt and Turkey by the united British, French and Russian fleets in 1827.

Last summer 4,000 forest fires cleared away at least ten times as many trees as were cut down for lumber, pulp and paper, and all other industrial purposes. A very large percentage of the fires were caused by careless campers and sportsmen who "thought it would do it" or cast away a lighted match or cigarette end.

Improvement of camping facilities at Banff for automobile tourists is now being made. The Mount Rundle camp site is being improved and enlarged, and will be equipped with all modern appliances. It is expected that as a result of the opening of the Banff-Windermere road this year, the tourist traffic through Banff will be the heaviest ever recorded.

# NEWSPAPER MEN TO TOUR PROVINCES.

## Annual Meeting of Canadian Weekly Association to be held in Halifax.

Fredericton, N. B., May 11—Members of the Canadian Weekly Newspaper Association, who will arrive in Fredericton on June 15th on their 64th annual tour by special train enroute to Halifax for the annual meeting of the association will be tendered a joint reception by the province and city during their brief stay here.

Preparations for the entertainment of 175 members of the association, including their wives and families, who are expected to comprise the visiting delegation, was undertaken by the special committee of the city council in co-operation with the board of trade. A tentative programme, which was prepared, has since been approved by Premier Veniot on behalf of the provincial government.

Tentative arrangements provide for a drive around the city and the surrounding country by automobile following the arrival of the party during the afternoon. Following the return to the city it is proposed to entertain the members of the association at dinner so as to permit a return to their quarters about the special train prior to a reception to be held at the Parliament buildings, where Lieutenant Governor Todd and Premier Veniot will receive the guests. The evening will be concluded with a dance in the legislature assembly chamber.

According to the schedule of the tour the association party will leave Fredericton during the following morning in order to arrive at St. John at 11 o'clock.

This party will arrive in Campbellton, Saturday evening, June 23rd, at 7 o'clock and remain one hour.

### News More Than That

Beauty hints may be valuable, but a mere hint won't get a homely girl anything.

### After Every Meal

**WRIGLEYS**

In work or play, it gives the pulse and steadiness that means success. It helps digestion, always helps, keeps the mouth cool and moist, the throat muscular, relaxed and pleasant and the nerves at ease.

**FOR A BETTER SCORE**

### Here and There

Each acre of corn ground in Ohio costs on an average \$6.26 hours of labor.

Canada is now second on the list as an exporting land, the per capita being \$100.63 per annum.

A new station is being built by the Canadian Pacific Railway at Fredericton at a cost of \$50,000.

It is expected that as a result of the opening of the Banff-Windermere road this year, the tourist traffic through Banff will be the heaviest ever recorded.

## Why You Should Use a Mild Soap

Harsh soap dries the natural oils and is apt to irritate the skin and make it scaly. In the mild, soothing, creamy lather of Palmolive you have an ideal cleanser. It is lotion-like in its action. It soothes while it cleanses.

Artful application of rouge and powder may lead your skin to the appearance of smooth freshness, but when this is washed off, what a cruel revelation!

You can easily possess a fine complexion by giving your skin proper care. Instead of putting your skin to sleep with cold creams and cosmetics, wake it up with soap and water. Cleanse each tiny pore and skin cell, revive sluggish circulation. Get rid of the blackheads which are only accumulated dirt.

Use Palmolive Soap and apply it with your two hands. Massage it thoroughly into your skin and remove with many warm rinsings. This treatment makes your skin fresh as a rose.

You can buy Palmolive Soap at all first-class dealers.

ALEXANDER & SON, LIMITED, Campbellton

Guarantee: We guarantee the Martin-Senour 100% Pure Paint (except inside White and a few dark shades that cannot be prepared from lead and zinc), to be made from pure white lead, pure oxide of zinc, with coloring matter in proportionate quantities necessary to make their respective shades and tints, with pure linseed oil and turpentine drier, and to be entirely FREE from water, benzine, whiting and other adulterations, and sold SUBJECT TO CHEMICAL ANALYSIS.

Save the surface and you save all. Paint & Varnishes

## When there's a Grafonola in your home

It's easy to entertain if friends "drop in." Just play some records that they haven't heard, song hits from stageland, new dances by famous orchestras, gems of opera and concert. With a Columbia Grafonola and Columbia Records you can hear all the music of all the world.

Some of the new Records you should have:

The Clinging Vine from "The Clinging Vine" and "The Dancing Girl" Melody Fox-Trots	A-3838 75c
I've Been Waiting For You Intro, "The American Boy of Mine" from "The Lovelight in Your Eyes" and Falling-Fox-Trots	A-3839 75c
The Lovelight in Your Eyes and Falling-Fox-Trots	A-3839 75c
Cohen Listens in On the Radio and Cohen Buys a Wireless Set	A-3832 75c
The Humors of Bandon (Irish Long Dance) and Maid Behind the Bar—Trim the Velvet (Irish Reel) Irish Bagpipe, Violin and Piano Trio	A-3836 75c
Orello "Ave Maria" (Verdi) Soprano Solo	98029 \$1.50

—recorded on New Process Columbia Records—no scratch or scrape.

### JUDGE OF PROBATES

Arthur J. Cyr, Barrister, Edmundston, has been appointed Judge of Probates for Madawaska county. He is a returned soldier and was for two years a prisoner of war in Germany.

### TO PROBE AFFAIRS

The New Brunswick government has appointed the firm of Price, Waterhouse and Co., chartered accountants, of Montreal and Toronto to make an investigation of the Workmen's Compensation Act affairs.

### SNOW IN PROVINCE

Three inches of snow fell on Friday at some of the high land points in New Brunswick in a storm which was general in central New Brunswick, but which did not extend to the headwaters of the St. John River or the North Shore.

### ADDITION TO STORE

George G. McKemie and Co., opened up their new Ready-to-Wear Department on Saturday night and it must have been very gratifying to them to have the many complimentary remarks with reference to same. This change gives them ample room to show to advantage their very large range of silks, dress goods, art goods, cretans, etc., in the main store. The Ready-to-wear Department which has a reserve stock room to show down and is mahogany finished. There is a large closed wall case for the finer dresses.

There is also a new cozy corner with easy chairs, and furnished with writing materials for the use of their customers.

### You Should Use a Mild Soap

This soap dries the natural oils and  
irritate the skin and make it scaly.  
he mild, soothing, creamy lather of  
live you have an ideal cleanser. It is  
like in its action. It soothes while it  
cleans.  
ul application of rouge and powder  
nd your skin the appearance of smooth-  
ess, but when this is washed off, what  
a revelation!  
can easily possess a fine complexion  
ing your skin proper care. Instead of  
your skin to sleep with cold creams  
sthetics, wake it up with soap and  
Cleanse each tiny pore and skin cell  
the sluggish circulation. Get rid of the  
cads which are only accumulated dirt.  
Palmolive Soap and apply it with your  
nds. Massage it thoroughly into your  
nd remove with many warm rinsings.  
reatment makes your skin fresh as a  
can buy Palmolive Soap at all first-  
classers.

#### TIME CHANGES

EFFECTIVE MAY 13

Campbellton Again the Division  
Point for Eastern and At-  
lantic Standard Time.

Effective May 13th the Canadian  
National will issue a new time table,  
and Campbellton will again be the  
division point between Atlantic and  
Eastern Standard Time. Trains south  
and east of Campbellton will run on  
Atlantic time; also trains on the St.  
Quentin sub-division between Camp-  
bellton and St. Leonard. All trains  
north of Campbellton on the main line  
will run on Eastern Standard time.

Under the new timetable No. 1  
Maritime Express will arrive at 2:50  
a.m. Atlantic time, daily except Mon-  
day, and leave for Montreal at 3:00  
a.m. Eastern time. No. 2 Maritime  
will arrive from Montreal at 3:30 a.m.  
Eastern time, and leaves for London  
and Halifax at 4:30 Atlantic time,  
daily except Sunday.

No. 3 Ocean Limited will arrive at  
7:30 p.m. Atlantic time and leave for  
Montreal at 6:40 Eastern time, daily.  
No. 4 Ocean Limited will arrive at  
9:50 a.m. Eastern Time, and leave for  
Halifax at 11:00 a.m. daily, Atlantic  
time. No. 51 will leave at 6:35 a.m. East-  
ern time. No. 52 will arrive at 9:25  
May 7-2-wks.

#### BATHURST PAPER MILL

The construction of the Bathurst  
Company's new paper mill is now  
rapidly reaching its final stages.  
Practically all the construction of the  
building is complete and the installa-  
tion of machinery is already com-  
menced. The immense paper room is  
all done except a small section of the  
concrete floor which will be complete  
by the end of this week, while the  
ground wood building and the great  
store room are entirely completed.  
The ground wood building has already  
installed two of its complement of  
four grinders, while the assembling of  
the large electric generators and the  
switch board is pretty well advanced.

A large part of the machinery for the  
machine room has arrived and the in-  
stallation of the immense paper ma-  
chines will be started immediately.  
All these buildings are of concrete  
block construction and their appear-  
ance is very handsome.—Northern  
World.

#### SNOW COST MONEY.

L. S. Brown, General Manager of  
the Maritime Division of the C. N. R.,  
states that the past winter has been  
the worst in the history of the road,  
so far as snow fighting is concerned  
and has cost \$500,000 more than last  
year. When there is added to this  
the extra time involved by trains being  
delayed and the damage to equip-  
ment due to snow, the amount will  
run well over \$1,000,000 in excess of  
last year. P. E. I. has been espe-  
cially hard hit, about \$8,000 per  
train has been paid out for snow shovel-  
ing alone.

#### IN ONE DUCK'S STOMACH

I was much impressed by the stom-  
ach of a black duck Doctor Eston  
killed near Canadagwa Lake, New  
York, out of a flock returning from a  
doodie cornfield. From this duck's  
gullet and gizzard he took a few peb-  
bles, small shells, a little chaff and  
23,704 weed seeds—13,240 pigweed  
seeds, 7,284 knot-grass, 578 dock, and  
2,284 ragweed. As ragweed is popu-  
larly supposed to be the worst of all  
dangerous to hay fever sufferers, the  
hay-fever convention should certainly  
sit beneath a stuffed black duck.

### DISTINCTIONS FOR JOURNALISTIC EFFORT

Awarded by U. N. B. Students  
Council At Closing  
Exercises.

Fredericton, May 15.—The first lit-  
erary distinctions to be awarded at the  
U. N. B. for journalistic effort in con-  
nection with the publication of the  
New Brunswick, the undergraduate  
monthly magazine were made today  
at the final meeting of the Students'  
Council.

Two special distinctions were a-  
warded, one to R. S. Hawkins, who  
is a member of the graduating class  
and who has filled the position of pre-  
sident of the Student's Council during

his senior year, the second being a-  
warded to C. M. Burpee, editor in chief,  
also a member of the graduating class  
and this year's valedictorian. The  
special distinctions consist of small  
gold pins bearing the university col-  
ors and crossed quills.  
Ordinary distinctions of an old  
English "B" on a cloth shield to be  
worn on sweaters were awarded to  
Miss Elizabeth McMonagle, Cyril R.  
Coughlan, St. John), L. S. Lister and  
G. A. Mowat.

RESIGNS FROM BANK  
Mr. A. F. Graham, who has been in  
the employ of the Bank of Nova Scot-  
ia for some years, lately holding the  
position of second teller here, has re-  
signed from the service to go into busi-  
ness at his former home in Camp-  
bellton. He has been succeeded here by  
Mr. T. W. Caldwell, formerly of Fred-  
erican, now of Moncton. Mr. Gra-  
ham is a member of the department was  
banqueted by friends at the Barker  
House, Queen Street.—Times.

PERSONALS

Mrs. W. A. Mott of Dalhousie spent the week-end in town. Mr. Colin MacKenzie is spending a few days in Fredericton this week. Mr. Albert Beck of Cape Cove, has been visiting his daughter, Mrs. P. J. Arnold.

Picked by Good Dressers

The "ASCOT"

The last word in snapper sport models; the suit that all the best dressers will wear.

The "Ascot" is a three-piece suit with long trousers, made of genuine Donegal tweed, London shrunk. Two-button body-fitting model, with soft roll notch lapels, belt at waist, with two small side pleats. Skeleton lined. A splendid \$24.50 did value at...

The "BARTON"

One of the newest young men's models.

Hart-tailored in a fine gray chevot, with a semi-invisible blue stripe that adds distinction to the herringbone weave. Cool and comfortable for summer wear. Equally welcome for spring and fall. Two-button, form-fitting coat, with the popular soft roll, open notch lapels. Skeleton lined. A really superb three-piece suit for \$28.50 for only...

ANDREWS CLOTHING STORE

Mrs. E. J. Williams of Edmundston spent a few days in town this week. Mrs. Frank M. Ward and little son Lindsay, are visiting in Harcourt, N. B. Mrs. D. J. Bruce is in Newcastle attending a meeting of the Executive of the Provincial W. C. T. U. Mr. Eldred Mowat of Dalhousie University, Halifax, N. S., is spending his vacation at his home here. Mrs. Max M. Mowat, of Campbellton, is the guest of Professor and Mrs. E. O. Turner, Gray Street—Gleason. Mr. Moses Goldenberg who was attending McGill University, Montreal, has arrived home for the summer vacation. Mrs. Harry W. McLeod left Monday for Fredericton, where she will spend a week or two with her parents, Mr. and Mrs. Frank Lyser. Mr. H. A. Carr is spending a few days in Fredericton this week, attending the reunion of the U. N. B. graduates and former students.

The many friends of Mr. A. I. Morrison who underwent an operation for appendicitis at the Soldiers' Memorial Hospital will be pleased to hear that he is much improved. The many friends of Mr. John MacLean are glad to see him about again after being in the Royal Victoria Hospital for some time undergoing treatment to his eyes. Friends of Miss Elizabeth Godfrey who recently underwent an operation at the Soldiers' Memorial Hospital, will be pleased to hear that her condition is much improved. Mr. James Hayes, accompanied by his sister Miss Sazel, left on Monday to attend the Commencement Exercises of St. Francis Xavier College, where their sister, Miss Kathleen is one of the members of the graduating class. Rev. Mother Aulet of the Hotel Dieu Hospital accompanied by St. Carroll returns on Tuesday from St. John where they attended the Maritime Hospital Conference of the C. H. A., which was held in connection with the convention of the American College of Surgeons.

Mr. and Mrs. O. J. Klein left on last Monday evening's limited for Montreal from where Mrs. Klien sailed by the S. S. "Minnedosa" on the 9th for Antwerp, Belgium, to spend a few weeks at her mother's home in Diet near Luvaan. Mr. Klien returned on Friday via Megantic and St. John. Misses Marion and Patricia Harquill entertained on Wednesday last at a kitchen shower in honor of Miss Juliette Champoux, whose wedding took place this week. Among those present were Miss Juliette Champoux, Mrs. Dupuis, Misses Marie Jeanne Champoux, Grace Vermette, Corinne Roy, Rose Vermette, Yvonne Cantin, Bertha Fournier, Albertine Dolron, Lily Roy, Cecile Fontaine (Quebec) Annie McIntyre, Evelyn McIntyre and Eva Gaudet.

Mrs. E. R. Blackmer has as her guest Mrs. Berton M. McAlary, (nee Miss Kathleen Kirk), of Sussex and is entertaining at an informal tea this afternoon in her honor and also for Mrs. M. Mowat of Campbellton, who is the guest of Mrs. E. O. Turner. Mrs. William Gibson presided over the tea. Mrs. E. O. Turner cut the ices, and Miss Bertha Harvey, Miss Alice Boyd, Miss Nella Hawthorn, Miss Kathleen Gibson and Miss Grace Gibson served. Pink carnations were used in the drawing room and tea room.—Fredericton Gleason.

OBITUARY

The Late William Pratt.

William Pratt, an old and highly respected resident of Matapedia, Quebec, died last week at the age of ninety-one years. He had been a guardian of the Restigouche River for upwards of a century and was well known throughout this part of the country. He is survived by his wife and also by four sons and three daughters. The sons are Alexander, Richard, Porter and Thomas who constitute the firm of Pratt Bros., lumber and sawmill operators, in the Matapedia vicinity. The daughters are Jennie and Bessie at home and Mrs. Melan in Nova Scotia. The several members of the family have the heartfelt sympathy of the community in their recent sad bereavement.

PLEA TO ABOLISH RACE PREJUDICE

Ottawa, May 12.—A strong plea for the abolition of race prejudice and the inauguration of a sane policy of education with respect to the teaching of English and French in the schools of Ontario was made by Dr. James Hughes, co-inspector, General of Toronto public schools, here last night. The speaker based his principal plea on the fundamental principle underlying the beauty of British justice of respect for the rights of minority. It was the same principle upon which the League of Nations was operating to-day, and it was the principle upon which the peace of the world rested.

Oblivion.

Sue—Yes, Anna has renounced the world. Lou—What convent is she in? Sue—It's nothing like that; she married a college professor.

Vice Versa

At a Christmas dinner in Washington a well-known professor was called upon to speak. In introducing him the host said to the guests: "You have never seen your discussion so far, to a turkey stuffed with sage. You are now about to give your attention to a sage stuffed with turkey."

BOXING THE COMPASS

Captain E. Landy, Commander of the Canadian Pacific liner "Melita" was at some pains to explain to one of his passengers the mysteries of the compass. Dick Anderson, the favoured traveller, was the youngest member of a party of boy immigrants from Dr. Barnardo's Homes. He has been received in the North Toronto Home and is in the process of being tutored into a first class Canadian citizen and worker.

TWO NIGHT TRAINS TO TORONTO

C.N.R. Adds New Trains to Care for Additional Traffic.

The Canadian National announce two new limited night trains will be operated between Montreal and Toronto commencing Sunday, May 13th. Already the Canadian National trains between Toronto and Montreal are taxed to capacity and the introduction of the new ones will eliminate any congestion which naturally would result from the opening of navigation on the St. Lawrence route. Apart from providing additional accommodation for passengers, the new night limited train to Toronto will prove to be a boon to travellers who must regulate their arrival in the two cities according to the daylight saving clock. One train will leave Montreal at 9:30 o'clock standard time, or 10:30 o'clock daylight saving time, and will arrive in Toronto at 6:20 a.m. standard time at 7:20 o'clock daylight saving time. The train from Toronto will leave for Montreal at 9:45 p.m. standard time, or one hour later on daylight saving time, and will arrive in Montreal at 6:45 in the morning standard time, or 7:45 daylight saving time. This service will provide an additional fast train over the well-known double track route between the two important Canadian cities.

The Canadian National Railways will have six trains operating nightly between the two cities. The two other trains leave Montreal at 7:30 and 11 o'clock in the evening daily, arriving at Toronto respectively at 6 The marriage ceremony was performed by the Rev. B. C. Salter. Both Mr. and Mrs. Kierstead are very popular. Mr. Kierstead having served for the other at 11:00 o'clock at night, some time in France during the war.

KIERSTEAD—POLLOCK.

A quiet wedding was solemnized at the Mansie, Tile Head, N. B., on Thursday, May 3rd, 1923 when Miss Melissa Pollock, daughter of Mr. and Mrs. Wm. Pollock of Glen Levit, N. B. was united in marriage to George Lanslett Kierstead also of Glen Levit. The marriage ceremony was performed by the Rev. B. C. Salter. Both Mr. and Mrs. Kierstead are very popular. Mr. Kierstead having served for the other at 11:00 o'clock at night, some time in France during the war.

A Scene from "QUINCY ADAMS SAWYER"

The Greatest Home-folks' Story Ever Written. The well-known story by Charles Edwin Dolan, never far and wide because of its humanness has been made into a masterpiece for screen presentation and will be shown at the Opera House next Wednesday and Thursday, May 23-24. It is easily among the first six of the big pictures of the season and the management urges all, who like to see the best the screen offers not to miss this sterling attraction.

GIMME A MAN. More Truth Than Poetry. Once a maid lost her hold on a strap and reclined in a bachelor's lap. "Oh, pardon!" she cried. And the monster replied: "Keep your seat—I'm a sociable chap." Up Front, Please! Willys: Gee, yonder goes a jitney with women sitting in the men's laps. Knight: They might recommend that for street car passengers and relieve some of the congestion in the aisles. Should Build Garage. Thoughtful Friend—"My good man, you had better take a street-car home." Illuminated One—"Sit! no use! Wife wouldn't let me—his—keep it in the house. Loaded Wire. "Ever get shocked talking over the telephone wire during a storm?" "Yes, once. I called up my wife while she was house-cleaning to say that I'd bring a friend home to dinner." History Repeating Itself. Hart—"You little thought a week ago that you would be sitting here in the park tonight with a man you didn't know then." She—"Oh, yes; I did." Hart—"Why, dearie; how could you have known that?" She—"Well, we have had road builders around here before."

Have You Called Yet? If you haven't already called at the New Cash and Carry Store on Water Street we invite you to come at your first opportunity. KENNEDY PROP. Next Opera House. Water St. Dimock Bldg.

DR. L. D. DENSMORE HAS BEEN APPOINTED A MEDICAL REPRESENTATIVE DEPARTMENT OF SOLDIERS' CIVIL RE-ESTABLISHMENT, AT BATHURST, N. B. Who handles the cash in your house in "GIMME" Rupert Hughes has made an uproarious comedy-drama of high finance in the home and you're going to howl at many a "touching" and familiar situation in this picture at the Opera House on Friday and Saturday. The Wonders of Nature. An old colored man was burning dead grass a "wise guy" stopped and said: "You're foolish to do that, Uncle Eph, as it will make the meadow as black as you are." "Don't worry 'bout dat, sah," replied Uncle Eph. "Dat grass will grow out and be as green as you is."
