Welcome to UNB

Words yer Mamma never learnt ya...

"Ace" — (verb) To ace a course is to receive a grade of "A". As in poker, the more aces you have, the better you're doing.

All Nighter — See cramming.

Annex B — Plopped in the midst of our splendiferous business district. This questionable habitat covers such notaries as Student Services, "Security", Personnel, and Accommodations.

AUC — A new somewhat large brick (what else?) building beside Marshall d'Avray. Used for sports events, concerts, etc. Nice place.

Brown-nosing — The art of playing up to a prof for extra consideration. Also known as ass-licking and sucking up.

Bruns — Alias Brunswickan. Highly informative student rag. Fact filled pages, lurid poetry and sublime photography. Beware also a vent for student frustrations.

Buchanan Field — Skating rink, ski area, and playing field adjacent to Gymnasium. Excellent wallowing grounds for impotent water buffalo.

Bullshitting — The art of writing good exam answers when you know nothing. Good BS'ers are born not made. Either you have it or you don't.

Brick — Usually red. What men and buildings are made of.

CHSR — Turn your radio to 700 if you're on campus. There is really no definition. Like Mt. Everest it is just there.

College Field — Outdoor brawl-room and football field. Right behind the big rink.

Cosmo — Alias Cosmopolitan Club. Downtown's only! You got the money, they got the time. Great workout especially if you like the body contact sports.

Course Change — Chances are you won't get everything you want at registration. If you're in Mechanical Engineering and they stick you with renaissance sculpture, try course change on the last day of registration.

CP — White jackets, usually football players, standing with arms folded near doorways and dark corners. Do not sting as hard as yellow jackets!!

Cramming — One of two ways to study for an exam. The other way is not at all. Also known as All Nighter.

Deadline — Last day for getting things done. Usually applies to home assignments. If you've got a legit excuse (or can dream one up) check out your prof. He may give you extra time. Don't take it for granted though.

Dunn — Majesty building on east of campus. Scene of formals, water and panty raids.

Emergency loans — Apply at Student Awards Office for details up to \$200 may be available.

E.U.S. — Engineering Undergraduate Society. Fine young men, with black leather and duck tails.

Honors — Intensive specialization in a specific academic area. Requires good grades and hard work. An honors degree can usually cut one full year off graduate school.

Jack — As in strap. Big strong athletic type. Very scarce at UNB. See Saint Thomas.

"INC" — Grade of incomplete for a course.

Lady Godiva — A bona fide nude in a body stocking. Gallops around campus during Engineering Week when steed and stocking can be found.

Lady Beaverbrook — No relation to the above. What all the buildings (esp. Residence and Gym) seem to be named after.

Lord Beaverbrook — Related. What the above is named after. Currently operating a coal scuttle in Heaven!

Le Siesta — Classy Club in Nashwaaksis. Watch yourself hoof in the mirrors on dance floor.

Maggie — Downtown women's res. Site of socials and Montreal Travel bureau. Drop-in center for wayward girls.

Major — Area of specialization. Also last name of Ursa, a constellation in this area.

Mem. Hall — Short for Memorial Hall, theatre cum concert hall cum art centre. Fine view!

Narcs — Need we say more? Keep your nose clean and mouth shut!

Objective Exam — a) multiple choice; b) computer scored; c) ambiguous but; d) usually easy; e) all of these. Correct answer (etc.)

One Armed Bandit — UNB Vending Machine. You pays your money and you takes your chances.

Open Book — Type of Exam which is written with books open on desk. Sound easy? Just wait.

Overdue books — Library books out beyond return date. Don't pay the fine, but tell them you lost the book. They'll cancel the fine and send you a bill for the book. Then find the book. See how easy it is?

Paul Bunyan — A great big wooden bastard, hung from Forestry Building during campus destruction week.

Pop Shop — NBLCC — Usually the Mall outlet. Second home to many UNB'ers.

Plagiarism — Passing off someone else's work as your own. Endemic UNB disease. If you must stoop this low, plagiarism can be a valuable weapon. But, like Hai-Karate, be careful how you use it. The slightest suspicion can (and has) led to expulsion.

Pseudo-Intellectual — Moron who makes people think he's bright. You'll find them all over UNB. Some profs fall for his illogical but prettily worded expositions, but most can pick them off at 20 paces.

Red & Black — A revue of kick liners, student humour (?) and various other talents. R&B made Anne Murray what she is today! heh heh

Reread — If you think you got the shaft (g.v.) you can have your paper reread. It might be worth it. It'll cost you ten bucks but if your grade is raised, you'll get the money back.

River Room — A sophisticated haven for swingers and other such sweethearts.

Shaft — What your prof will give you if he doesn't like you.

Social — Music, booze, and at least one animal; or any campus or non-campus party.

Student Number — More important than your name. If it's gone from your mind or pocket, you've got troubles.

Study Hall — A great place to meet people and make it with chicks or guys (depending on your sex and or hangups) if you want to study, stay home.

Stud — Affectionate synonym for older Student Centre. A good place for bashes if you don't steal the flags or break the john.

SUB — Student Union Building — where either everything or nothing happens, usually the latter.

SUB Rats — Cannot survive in any other atmosphere. Chronic card shufflers. A Rat may get a degree from the student union, which may be recognized by any other student union.

SRC — Student Representative Council, the people who digest your 45 clams. Feel free to visit.

Supps — Supplemental examinations, available to students receiving a grade of "F". Successful completion will give the student a grade of "S" on transcript. (g.v.)

Take Home — Form of exam. You write it at home. Fancy way of saying essay.

The Arms — The closest beverage room! Not far to crawl back, but it's all uphill.

The Locker — As in Davy Jones, also as in Jones House. Featuring full length animal shows in screaming staggering colour (?)

Transcript — Official record of your achievement and non-achievement. The less you have on it, the better off you are.

Up the Hill — Our fine yearbook although colour similarities to STU's are merely coincidental. A hell of a place to get your picture, but don't count on getting your name there too!

With Distinction — Academic recognition on transcripts and diplomas of those graduating students of 75 percent or over. Also awarded to any SOB who can down a quart in six seconds.

Withdrawal — No heroin for two days, referred to as "cold turkey". Special from registrar — dropping a course. If you think you're going to bomb it, a W looks better than an F. Make sure you catch the deadline.

New Station rocks on

By SARAH INGERSOLL & SHEENAGH MURPHY

August 19, 1977 - a big day in Fredericton. CIHI-126 on your dial, went on the air, making it Fredericton's second private radio station.

With an output of 10,000 watts during the day (1000 at night until they get full power) CIHI caters to the 18-40 age group. With this in mind a great variety of music goes out over the air, tunes from the 50's to the 70's.

According to Alex Walling, Program Director for CIHI, people will notice a repetition in the music for the time being. This is due to the fact that at present time their record library consists of approximately 2000 records. In the future they hope to build it to at least 5 or 10,000.

Most of their 21 plus staff members are from the Maritimes. There are at present, seven on news, seven on the air, as well as a sales staff, general manager and secretaries.

Three of the on-air staff are female - Laurie Balmer from Toronto, Noreen Nunn, Antigonish and Joan Filmore - Nova Scotia.

Considering itself a community station, CIHI is attempting to promote agreeable relations between the community and the station. They are presently involved with the Exhibition and were instrumental in bringing Leo Sayer to Fredericton last Monday.

Due to the enthusiastic response to the Sayer concert, plans to bring in other musical talents are a strong possibility. These will entail a variety of performers who

shall appeal to a varied audience from "teeny-booper" to adult.

Future plans for the stations also include a History of Rock and Roll, a UNB weekend and an hour long phone-in talk show.

The History of Rock n' Roll will involve an extensive survey of musical hits and historical information from the beginning of the Rock n' Roll era to contemporary. It is believed that this will be the most complete package of its kind. It will involve three hours of each year of the rock n' roll dynasty.

The phone-in show is tentatively scheduled for the end of September. It will air from 9 - 10 a.m., Monday to Friday, and is being instigated primarily to involve the listeners. CIHI wishes to hear any comments, negative or

SEAN RYAN - CIHI disc jockey in action.

otherwise, concerning their station, as well as views on specific topics chosen by the station.

They are also planning to bring in guest speakers such as a

dietician for a health food discussion.

CIHI is located on Argyle Street and York.

SRC Fees well spent: Murray welcomes Frosh

By JIM MURRAY
SRC President

In this short excerpt, I hope to unfold a few details about the University of New Brunswick Student Union. "Your Union" is active in areas such as campus politics, funding of organizations and clubs and allowing certain services to be given to students free of charge. The main source of revenue to allow all of this to happen is student union fees. Fees this year total \$46.00 per student, which compares favourably with other Canadian universities in terms of return on investment. Activity by students in the Union is encouraged, and support at social functions on campus is unusually high.

Over the summer entertainment conferences were run at UNB and Dalhousie in the hope of tying our maritime institutions into a more efficient entertainment buyers group. It is my hope to provide low cost quality events; this includes

regularly scheduled discos in the Student Union Building (SUB) on Thursday nights that will only require \$1.00 cover charge.

As for the new students on our campus, I would like to welcome each and every one. Your time at UNB will only be what you make of it. Academics are necessary to sustain extracurricular activities. In other words "a middle of the road" attitude where time is budgeted between the books and social functions is important in order to continue attendance at our institutions.

The real fact of the matter is that it will probably take one or two months to adjust to the collegiate work load and then see your way clear to get involved in outside activities, but the point to emphasize is to not disappear after Frosh Week and go into isolation. Get involved and your stay will definitely be guaranteed to prove interesting and worthwhile not to mention all the people you will come to meet.

One final word is to feel free to

check out our offices in the SUB. At present there are many openings for people with ambition and no experience. Student council, clubs,

the campus newspaper and radio station, and finally committees, are in need of people. Remember we are all in the same boat so feel

free to ask questions about participation. For more information phone 453-4955 and ask for me.

Ombudsman lends helping hand

By SHEENAGH MURPHY

Do you have a grievance? Need advice about your appeal? For these and other problems, the man to see is Professor J.R. Smith, Acting Dean of Students.

Professor Smith could be described as an ombudsman, he is there primarily to help the student. If any student has a grievance against a teacher, about probation, or if there is a problem of any kind, then Smith will be glad to lend a hand.

He is empowered to intervene on the student's behalf in matters involving appeal courts and disciplinary committees, as well as providing the student with any information on a variety of other subjects.

Unlike other deans (such as those in faculties) Professor Smith has a direct line to President Anderson's office. This enables situations to be resolved with the minimum of "red tape" if the matter warrants it.

The office of the Dean of Students is also closely aligned with the Student Representative Council and other student groups. This gives the students an administrative and student based group to look to for help.

The Dean of Students is at the head of a long list of student oriented services. There are also Accommodations, Awards, Overseas Student Advisors, Counselling and Health, as well as the Men

and Womens Residences.

An example which portrays the usefulness of Professor Smith's intervention concerns a student on probation. Before going on trial before the committee, the student can request Dean Smith's help. He (Smith) will then intervene on that student's behalf.

If a student has no specific problem, but needs information on certain subjects or teachers, the Dean of Students can prove a reliable resource person.

The office of the Dean of Students is located in the Memorial Student Centre (STUD) on the ground floor, and students are urged to drop in.

CHSR program: looking good for the new year

By TOM EVANS

The student run radio station CHSR located in Room Number 217 in the Student Union Building plans to cater exclusively to college students. The station is on the air from 7:30 a.m. to 1:00 a.m.

on weekdays with 24 hour broadcasting on weekends.

The station has over 12,000 albums and 45 r. pm.'s, they comprise the most popular tunes. The newsroom is serviced with the wire and voice services of broadcast news (Canadian Press).

CHSR attempts to provide listeners with a variety of programs including musical talk and public affairs, phone-in specials, live coverage of local and remote sports broadcasts with

indepth campus and international news several times a day.

The radio station had its beginning in 1959 and on Sunday January 22, 1961 at 6:15 p.m., CHSR officially began broadcasting from its studios in the basement of Memorial Hall to the Student Centre and one of the Mens Residences, (Jones House.) From there it expanded its services to eight mens residences and four womens.

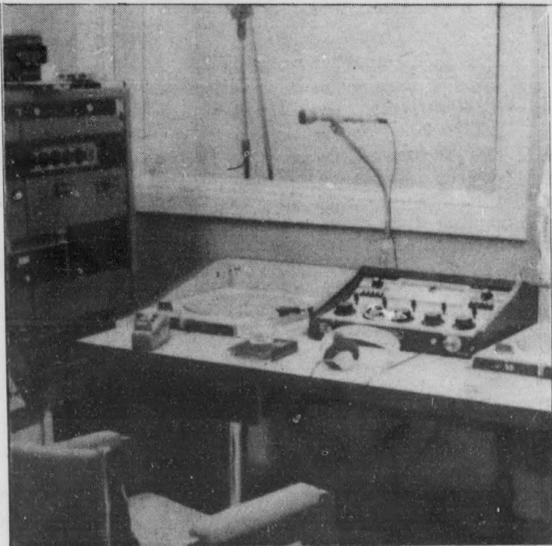

On July 18, 1973, The Canadian Radio-Television Commission granted CHSR license to operate a

limited A.M. broadcast system making CHSR the second such

license in Canada. Students living in any of the on-campus residence can receive the station at 700 on the dial.

If you have any interest in broadcasting, CHSR would like to see you. They can help you become an announcer operator,

newsperson or "dee-jay" and those who are technically minded will enjoy working in their complete and efficient technical department. No experience is necessary... Its students helping students, and they can use the help.

CHALICE: Their cup runneth over.

By SARAH INGERSOLL
and SHEENAGH MURPHY

Once in a while — not very often, mind you but once in a blue moon, you'll hear a band play and you'll ask yourself 'where have they been hiding'; 'why haven't I heard of them before.'

Well, Chalice is one such band and the reason you have never heard of them before is because they have only been together since March of this year.

Who is Chalice and where are they from, you ask? First, let's examine their name and see how it pertains to the band itself. When one hears the word chalice, one thinks of the Meriam-Webster definition i.e. a drinking cup. Now, if one were then to apply that interpretation of the word to the band, you might come up with something a little more spicy like - CHALICE - a musical goblet overflowing with talent. Sounds dumb and a little corny, huh? Maybe - but then most compliments do, don't they.

Anyway, back to answering your questions. Who or what is Chalice? It is five guys, Bob Quinn, Tony Quinn (no relation), Jack Harris, Jimmy White and Paul Eisan. Each of these guys have at one time or another played with various bands known throughout Eastern Canada. These include Molly Oliver, Pepper Tree, 5 Sounds and others. The combined number of professional playing years for the band is about 50. (To clarify, that a total of 50 or an average of 10 years for each member — just in case some of you read too quickly and are now picturing five 60 or 70 year old men trying to recapture their childhood.) In point of fact the average age is 27 years.

Chalice was brought together by Bob Quinn, his prime objective being to record. It is a band which performs a lot of their own music, with 60 percent of their show being original material, all of which has been written by Bob.

Developing original material is one aspect which the bands find extremely relevant. Recording being a primary goal, Chalice realizes the significance of developing their own sound. Future plans ensure that contributions from each band member will help them to realize this ambition.

Demo tapes have been made and the band is looking to RCA, Warner and Epic in hopes that

one of these companies will be interested enough to put Chalice's name on their label.

To facilitate this, the group is based in Toronto, where exposure could prove beneficial. The band members, however, are all from around the Halifax area. Here in Fredericton, Chalice has acquired a large following of avid fans; people impressed by the formidable talent and expertise of the group. Bob said that while the group is grateful for the encouragement the exposure is not conducive to potential recording, which is why they are basing their operation in the larger city.

While Chalice would like to record in Canada, they admitted they would go to the States if offered the chance. Bob said the Canadian music scene at this time is a "thorn in our sides". He said he would like to see a change in it. According to him, no matter how good a band is, or how they are received in various parts of Canada, they are never really accepted by audiences in Canada until they are established in the States. This is the reason why so much excellent Canadian talent is American based.

The combination is, to coin a phrase, dynamite. The group's versatility and expertise offer the audience a variety of really incredible sounds. Their material includes a mixture of classical,

Each band member is an artist in his own right, a remarkable occurrence which gives the audience an impression of five very talented people who somehow manage (and very well) to make a harmonious whole. There is no specific emphasis on any one member, yet each stands out clearly as an individual and fine musician.

The instigator of the group, Bob Quinn is the organist as well as vocalist. Tony Quinn and Paul Eisan are both on guitar as well as vocals and Jimmy White supplies the third guitar to the group. Drummer Jack Harris is, according to Bob the highlight of the band but is sometimes left out of the limelight due to his positioning, and his overwhelming talents cannot be properly appreciated.

The vocalists of the band each possess an original and interesting voice with Paul having the most remarkable of the three. Bob and Tony describe it "ballsy", and its clarity and beauty almost mesmerize the audience.

Jimmy, the quiet one, shows his 15 years of professional playing and is a joy both to watch and listen to.

The combination is, to coin a phrase, dynamite. The group's versatility and expertise offer the audience a variety of really incredible sounds. Their material is influenced by backgrounds of classical, jazz and rock and roll. Every is done well, and perhaps those which appeal the most to their listeners are the group's own. Songs like "The Heat of the Night", "I'd Like to Run" and "Gypsy Fantasy" (which is, by the way, the band's personal favourite) enthrall the audience, both for their lyrics, which show a depth and perception lacking in

a great deal of contemporary music, but also the manner in which they are presented.

When the lights dim, and the music starts, and Bob begins the plaintive, heart-rendering notes of "I'd Like to Run", there are few who remain unaffected.

According to Bob the band is now in its second stage of development, i.e. discarding tunes they don't want to use and adding new ones of their own. To use terms of their own, Chalice is now like "crude sugar" hoping to become more "refined". With that I guess one could say "You can bet your ass that Chalice is one sweetener the Department of Health won't ban!?!"

Student TV joins Campus media

FREDERICTON: The student media facilities at UNB will expand this fall to include a totally student operated television station. This new venture is thought to be the first of its kind in Canada. The station will be

operating from the Faculty of Education's Video Centre at UNB and will cablecast closed circuit to the campus. Permission has been given by the CRTC for the use of channel 5. An agreement has also been made with Community

Cablevision (Channel 10) to air most of the programming to all the Fredericton area. Even though UNB student TV is geared mainly for the students, the organization hopes to promote better communications between the University

and Fredericton communities. The expressed aims and objectives of this organization are: to both serve and represent the students of UNB by providing information and entertaining programming; to enhance communications within and between the University and surrounding community; and to develop the use of video on campus by providing a vehicle whereby students, staff, and faculty can receive encouragement of training and experience in all aspects of production with a viable television station.

Plans and scripts are being drawn for programming that will include variety music, comedy, dramatic and sports shows. Production will begin this fall when classes commence. A news department will be covering campus and local news with emphasis on University activities. Bruce Oliver, Jennifer Gammon, Louis Harvey, Karen Stacey and Remi Cormier have spent the

summer preparing for the station's opening this fall. They have been producing studio pilots, designing sets and installing the modulator and cable that will carry the signal over the University's existing cable system. The crew has logged many hours in the fully equipped studio and has also filmed on location throughout the Maritimes. Productions have included exhibitions at the National Exhibition Centre, and Sports Hall of Fame, various bands travelling in the area, the Atlantic Folk Festival and TNB Young Company's summer productions.

During the last week of September the Club will be staging the first annual Video Festival. The festival will run for two days. During this time the club hopes to attract new members. Interested students will be introduced to the studio and equipment. Work from video organizations from across Canada will be exhibited.

Non-credit courses: computer centre

The following non-credit courses are being offered by the UNB Computing Centre. Unless otherwise noted all lectures are scheduled from 4:00 p.m. to 5:00 p.m. in Head Hall. Those planning to attend APL File Handling should be familiar with Job Control Language.

Any comments on the courses given and/or suggestions for others to be offered please contact W.A. Mersereau at 453-4573.

passport within 10 days and a Mexican Tourist card within the hour. She also issues International Student I.D.'s, a form of identification accepted internationally.

Information on domestic and international flights can be obtained from her office, with hotel reservations, tours, car rentals, and other items being arranged on request. Johnston points out that money can be saved if the proper information is obtained, and encourages students to drop in if they have questions about anything connected with travel.

Citing an example, she said that there were at least fifty different air fares to Europe with student far being the cheapest. She added that she can also provide first hand information on many things, having travelled extensively.

"What I do most is send people home" said Johnston, who said a large amount of University students are from the Montreal area, and thus use the airport extensively. She said that most students are unaware of the various different fare packages offered by the airlines, most of which vary noticeably in price.

While Johnston deals primarily with air travel, she also has access to information on land and sea travel, and can arrange journeys with those mediums.

There is an approximate one dollar service charge on travel arrangements handled by Campus Services.

For the information of the students of University of New Brunswick, Brenda Johnston will be writing a travel column which will appear weekly in The Brunswickan, starting next issue.

High Potency Vitamin E

Sexual Potency Quickly Improves With New 'E-Pill'

NEW YORK, N.Y. (Special)—An amazing new "super-charged" vitamin E-Pill has recently been developed that reportedly "quickly increases and rejuvenates sexual drives and potency for both men and women of all ages. It also makes them feel healthier and more youthful". It is now available to the American public.

The new high potency E-Pill not only seems to increase sexual ability of both sexes but also "actually perks up sexual interest and stimulates a persons desires," according to a spokesman for the manufacturer.

ALSO IMPROVES GENERAL HEALTH

This new, easy-to-take E-Pill contains newly formulated, highly concentrated vitamin E. It tends to quickly build up and strengthen the natural physiological processes of the body that are believed to be basically responsible for its potency, youthfulness, health and long life.

HELPS 4 OUT OF 5 PEOPLE

Indications are that the new E-Pill gives quick and effective results to as high as 4 out of 5 people (80%) who have used it. Some people report no great change but feel the high potency of vitamin E in the pill does quickly make them feel better from a general health standpoint.

Other reports also show it tends to "lessen daily tension and give a more relaxed, happier outlook on life."

NOW AVAILABLE

The use of these high potency (one-a-day) E-Pills is perfectly safe and are now available without prescription from the manufacturer by mail order only. To get your supply, send \$6.95 for a 2 week supply, (or \$10.95 for a 30 day supply, or \$17.95 for a 60 day supply) cash, check or M.O. to: E-Pill, Dept. 516, 447 Merrick Road, Oceanside, N.Y. 11572. (Unconditional money-back guarantee if not satisfied.)

Mayor held for ransom

Shinerama 77, is well underway! All that is needed now are eager Frosh and generous citizens to make it a complete success.

Students from the University of New Brunswick are taking part in a one day shoe shine blitz in support of Cystic Fibrosis research. This month, students from major campuses across Canada are involved in fund-raising for this worthwhile cause.

Peter Anderson, chairperson of Orientation 77, is confident that a proposed goal of \$6,000 will be reached, as UNB is noted for its

campaign successes.

Anderson feels last year's small turnout was due to bad weather conditions, which could not be repeated this year.

To ensure the goal is reached, plans have been laid to kidnap Mayor Elbridge Wilkins. He will be held hostage until the goal is reached. If the criterion is not met, the outcome is unknown.

So, Frosh, get out and shine shoes! Make things happen in Fredericton and help keep UNB at the top (and Fredericton with a mayor). Keep on Shinin!

TNB presents 'a hilarious romp...'

SQRIEUX-DE-DEUX (pronounced skrew-de-doo), the wildly successful hit comedy by Betty Lambert, will be in Fredericton on September 12, 13, and 14 for three performances as part of Festival Lennoxville's first national tour. Theatre New Brunswick, in

co-operation with the Touring Office of the Canada Council, will be sponsoring the comedy.

Just as the name suggests, 'Sqrieux-de-deux' is a wacky, irreverent, irresistible and bawdy comedy about a man named George Partington who doesn't like surprises. His wife, on the other hand, tries every trick in the book to bring excitement into their marriage (including leather jumpsuits and whips). Added to this, George has a very educated career-woman mistress who yearns for TV dinners and domestic bliss. Last, but not least, is his mother-in-law, who believes everyone should enjoy themselves as much as possible.

Whenever the play is staged, the question is posed whether it will engage or merely outrage the audience. Yet wherever it has been performed, 'Sqrieux-de-deux' has won the uproarious approval of the audience and rave critical notices. 'A hilarious tongue-in-cheek romp...bright,

incisively perceptive...a hysterically funny...a four-star hit!' says the Montreal Star.

It was the surprise hit of the 1975 Theatre Vancouver season. In the summer of 1976 the comedy exploded on the stage at Festival Lennoxville to become the smash hit of the season. It won such

audience acclaim that its production has been called the coming of age for playwriting in English Canada.

Lally Cadeau stars for the third time in this spicy satire. TNB audiences will remember her stunning performance as Kate in the TNB production of 'The Taming of the Shrew'. Co-starring are Robert Haley and Joy Coghill.

Tickets are available at the Playhouse Box Office, or phone 455-3222 for reservations. Ticket prices for students are \$4.50 and \$3.50.

Pinocchio banned!

Japanese left-wing groups have succeeded in stopping the publication of Pinocchio in their country. A spokesman for the political groups contends that the allegory of a lame fox leading a blind cat should not be told to children. It is dangerous, they contend, to imply to children that the blind and the handicapped were forced to beg and steal in 19th century Europe.

du Maurier seeks new talent

Talented Canadian performers, over 18 years of age, in both the classical and popular fields of dance, music, and theatre have until September 30th for an audition in the nationwide 'du Maurier Search for Talent'.

All performers selected to audition from applications received will be invited to appear at some time between October 1st and December 1st in one of seven audition centres across Canada - Vancouver, Calgary, Regina, Win-

nipeg, Toronto, Montreal, or Halifax - where a panel of judges composed of representatives of the du Maurier Council for the Performing Arts, the CBC, and regional performing arts organizations will select a total of fifteen semi-finalists.

Each of the acts selected as semi-finalists will be awarded a \$2,000 bursary from the du Maurier Council and will be featured in a series of three one-hour primetime CBC television specials entitled 'Final

Audition'. From the semi-finalists, five finalists will be chosen through a TV audience rating system. The five will be awarded further bursaries of \$5,000 each and will appear in another CBC special, the fourth 'Final Audition' program. The five finalists will also be guaranteed the offer of additional CBC-TV appearances during the following two years.

Further details and application forms are available by writing to: du Maurier Search for Talent, Box 38, Station B, Toronto M5T 2T2.

Things could be alot worse!

Dear Mom:

It has been 3 months since I left for College. I have been remiss in writing and I am very sorry for my thoughtlessness in not having written before. Please sit down before you read this.

I am getting along pretty well now. The skull fracture and concussion I got when I jumped out of the window of my dormitory when it caught fire shortly after my arrival, are pretty well healed now. I only spent 2 weeks in hospital and I can see almost normally now and get those headaches only once in a while.

Fortunately, the fire in the dormitory and my jump were witnessed by an attendant at the gas station nearby and he was the one who called the fire department and ambulance. He also visited me in the hospital and since I had nowhere to live because of the fire he was kind enough to invite me to share his apartment with him. It is really a basement room, but it is kind of cute. He is a very fine boy and we have fallen in love and are planning to marry. We haven't set the date yet, but it will be sometime before my pregnancy shows.

Yes; mother and dad, I am pregnant. I know you are looking

forward to being grandparents and I know you will welcome the baby and give it the same tender care you gave me when I was a child. The reason for the delay in our marriage is that my boyfriend has some infection which prevents us to marry without a premarital blood test and I carelessly caught it from him. This will clear up with the penicillin injections I am taking daily.

I know you will welcome him into our home with open arms. He is kind and, although not well educated, he is ambitious. Although he is of a different race and religion than ours, I know your oft-expressed tolerance will not permit you to be bothered by the fact that his skin color is somewhat darker than ours. I am

sure you will love him as I do. His family background is good, too, for I am told that his father is an important gun-bearer in the village in Africa from which he comes.

Now that I have brought you up to date, I want to tell you that there was no fire in my dormitory, I did not have a concussion or a skull fracture, I was not in the hospital, I am not pregnant, I am not engaged, I do not have syphilis, and there is no one in my life, however, I am getting a D in History and an F in Science and I wanted you to see these marks in their proper perspective.

Your loving daughter,
