St. Patrick's Concert Was Decided Success

St. Mary's Choir in their usual good manner, staged their annual St. Patrick's Day Concert in the Opera House yesterday afternoon and evening. A matinee was shown in the afternoon for the benefit of the children and at night the usual St. Patrick's Day program was carried out in its entirety. This year the comedy drama "Come out of the Kitchen," was presented by St. Mary's Choir and the Opera House was filled to its capacity last evening by an interested and critical audience. Each performer did him or herself great credit throughout the entire performance and the audience showed its appreciation by repeated applause.

"Come out of the Kitchen" is one of those comedy dramas in which the merriment is so plentiful and of such a capital quality that it is always accompanied by a roar of continuous laughter from start to finish. This was particularly true of last night's performance; the audience indulging in outbursts of laughter and appreciation. This play is one of the brightest, liveliest and most amusing comedies ever produced and is a thoroughly charming high class comedy of manner. The entire cast took the parts exceptionally well and there was no dull moment in the entire program.

Between the acts, high class specialties were given all of which were distinctly of a high order and were splendidly received by the large audience. The music of the orchestra, which was bigger and better than ever; was one of the pleasing features of the evening and all who took part both in the play and musical numbers are deserving of highest congratulations. The comedy will be staged again tonight and anyone who was not fortunate enough to be present last night; should not miss the opportunity of attending tonight.

WORST STORM OF SEASON

The worst storm of the winter hit Newcastle and vicinity Wednesday with a strong north-east gale and snow. The wind reached its greatest intensity about midnight and continued throughout Thursday. The high wind caused the snow to drift badly and in some places five feet drifts were piled up. All trains on the C.N.R. were behind time Thurs. the Newcastle-Moncton section being the hardest hit. The storm was general along the New England Coast and the eastern coast.

PETITIONS AGAINST CHURCH UNION

Fifteen petitions against the passage of the bill relating to Church Union were presented to the house on Friday.

Mr. Taylor presented the petition of H. J. Gordon; Margaret Gordon and 198 other members and adherents of the Presbyterian church at ... Stephen; praying that the bill relating to the union of the Presbyterian; Methodist and Congregational churches be not passed.

Mr. Young presented similar petitions from members and adherents of Presbyterian churches at St. Martins; Shogomoc; Port Elgin; Bathurst; Bass River; West Branch; Rexton; Matapedia; Que.; Tide Head; Flatland and New Mills.

Mr. Vanderbeck presented a petition against the passage of the bill from 173 adherents and members of the Presbyterian church at Newcastle.

Mr. Morrissey presented a petition against the passage of the bill from members and adherents of the Tabusintac Presbyterian church; and a petition from G. R. Vanderbeck and 47 others; members and adherents of the Presbyterian church at Millerton; was presented by Mr. Martin.

STR. "ALEXANDRA", HAS BEEN SOLD

The Str. "Alexandra" has been sold to parties in Ontario. She is to be used on inland waters and repairs are now being made so the steamer may leave the Miramichi with the first open water. The Chatham crew will take the boat to Kingston, Ont; where the new crew will take her over and proceed to her destination.

The purchasers were in Chatham early in February looking the "Alexandra" over. It is their intention to make extensive changes and install electric lights.

The Miramichi River Service Co. are negotiating for the purchase of a new boat to continue the down river service.

TIMBER BIRTHS SOLD

Competition developed Thursday morning in connection with the sale of three timber berths offered at auction by the Crown Land Department; the three licenses being sold at a considerable advance over the upset price of \$20 per square mile. Two square miles on McKenzie's brook; below the mouth of Cain's River; sold to John Ferguson; Newcastle; at \$103 per square mile. Three square miles on Cain's River; about the mouth of Muzzoll's Brook; were purchased by the Fraser Co. Ltd.; at \$100 per square mile. Five square miles on the Hector and Lawson's Brook; branches of the Canada river; were purchased by Alfred West, St. John at \$70 per square mile.

Church Union Act Will Be Debated

"The Church Union" Act as it is popularly known is likely to be warmly discussed in the House as well as before the corporations committee. The opponents of union are very active and on Thursday a committee headed by Mr. Justice Crockett interviewed the Premier with regard to the time they might be heard in opposition to the measure.

Mr. Bentley; who sponsors the bill in the Legislature; was present and an agreeable arrangement was made that the bill might be read a second time Tuesday afternoon or evening when possibly there might be an opportunity for discussion by the members before reference to the corporations committee. This; however; is doubtful. Wednesday; March 26; was fixed for the hearing before the corporations committee. The discussion may not be confined to one or even two days; but the Premier assured the supporters and opponents of the bill that every opportunity would be given them to present their views.

N. B. LUMBERMEN

The annual meeting of the New Brunswick Lumbermen's Association is to be held in Fredericton on Wednesday, March 19. The meeting will be held in the Board of Trade office. As last year, it is possible that the Workmen's Compensation Act will be an important topic of discussion and representatives will be made to the Provincial Government in regard to amendments.

Senators May Reject Redistribution Bill

In the Senate Hon. W. H. Bennett issued a timely warning to the Government on the Redistribution Bill. He warned the Govt. leader that if the gerrymander proposed last year was presented to the Senate he and others would take full consequences in opposing it. A fair redistribution would receive no opposition. Last year the Liberal majority proposed one principle of redistribution for Quebec and another for Ontario. The Ontario plan was the worst gerrymander ever attempted. There was scarcely a county in which the boundary lines were not ruthlessly ignored. In some cases old historic counties were so carved that they were in three different electoral districts. It was so bad that many Liberals expressed their disgust. It was to this that Senator Bennett referred and warned the Government that the Senate would not countenance such political infamy.

May Be Cut In The Income Tax

Rumors current that the budget is to be brought down in about three weeks have led to an inference in certain quarters that the Government intends to reduce income taxes. The inference is founded on the idea that the budget is being brought forward early so that any changes made in the income tax may come into effect before April 30 next; when the first payment of income taxes for the present year is due.

A Globe Trotter

His first order came from Montreal, followed a few days later by one from New York, asking that five pounds of Moir's Chocolates be placed on-board the Andania at Halifax, to accompany him to England. Moir's hope to hear from him

when he reaches Luxor and at other points in his progress.

Col. Laurie, too, when setting sail on the Andania took along about 25 lbs representative to English friends of the high quality of your products.

We can't all enjoy a world tour. But we can all enjoy what adds to its attractions.

REV. DR. DUNCAN

All Canadian Presbyterians in general and Montreal Presbyterians in particular who take a serious interest in the life of the Church will hear with regret of the death of the Rev. George Duncan M.A.; D.D. to shake the dust of his native land from his feet; also the past rabip of the Presbyterian Church of St. Andrew and St. Paul in order to be received as minister of the historic parish kirk of Govan in Scotland. And verily what is our loss is Govan's gain for the Rev. Dr. Duncan has endeared himself to all classes of this community and more especially will his loss be the keener felt by the members and adherents of that church where he has labored so loyally and long on Dorchester street. It was little wonder therefore that at a meeting of the Presbytery of Montreal held in extraordinary session; his confreres were grieved by the news of his decision to go to Scotland and passed a resolution recording his resignation with regret.

During his stay in Montreal Dr. Duncan has proved himself a distinguished divine rich in wisdom and experience; a link with

the past and the intellectual movement of this century. He is a rare combination of scholar; man of letters and pastor. He was early in his career distinguished by his historical and literary abilities even before he entered the work of the Presbyterian Church. A great Canadian; a great Christian gentleman; great scholar and philanthropist—and through it all with a fine sense of the value of subtleties. Dr. Duncan leaves a niche in Presbyterian history of this city that it will be difficult to fill.

This distinguished Canadian divine is the son of the late Rev. Thomas Duncan; D.D. of St. James' Charlottetown; P.E.I. and later of St. Andrew's; Halifax; N.S. He was educated at Daniel Stewart's College; Edinburgh; Glasgow High School and the University of Glasgow; at the latter place pursuing his studies under the following distinguished scholars: Prof. K.C. Jebb later of Cambridge; Edward Caird later of Balliol; Lord Kelvin; John Veitch; George Ramsay and John Nicoll—a galaxy of scholars surely. And the learned Dr. Duncan made good use of his opportunities by the capture of all the prizes and scholarships worth while. Amongst his multitudinous successes he secured his M.A. with classical and higher philosophy honors; he was first prizeman in every class—Divinity; Church History; Biblical Criticism and Hebrew. He was first in the B.A. degree examination; Fellow of Theology—blue ribbon of college—won the Rae Wilson gold medal twice and he is noted in this latter connection that this unique distinction was in open competition with the students of all the four universities in Scotland. Subsequently he became principal John Caird examiner; was assistant to Professor Storey in church history and to Professor Hastie in divinity for a year during which he had wonderful opportunities of extending his own research work though not content with that he took a further twelve months term at the University of Jena; Germany. While at college this ambitious student dabbled in writing and was editor of the university magazine in conjunction with Sir Robert Horne; ex-Chancellor of the British Exchequer. Dr. Duncan acted as president; also of the Students' Settlement in the slums of Glasgow; where fourteen of his colleagues undertook this highly praiseworthy social welfare work. He was given the degree of F.S.A. for antiquarian research work; and holds a list of distinctions. In the year 1897 he began his ministerial duties with the pastorate of the smallest parish in Scotland—Glendow; Perthshire; although this was in many ways a blessing; allowing the learned divine ample time for reading and writing. Amongst the friendships he made at this time were those of Lord Haldane; Lord Rosebery; Lord Arthur Balfour and the Rt. Hon. H. H. Asquith—a formidable list; as the years have proved; of distinguished sons of Empire. In 1900 Dr. Duncan migrated to the parish of Glencairn and Dumfriesshire. Glencairn was and

SEVEN YEARS OF TORTURE

Headaches and Indigestion Ended By "Fruit-a-tives"

The Marvellous Fruit Medicine

Like thousands and thousands of other sufferers, Mr. Albert Varner of Buckingham, P.Q., tried many remedies and went to doctors and specialists; but nothing did him any good.

Finally a friend advised him to try "Fruit-a-tives"—now he is well. As he says in a letter:

"For seven years, I suffered terribly from Headaches and Indigestion. I had belching gas, bitter stuff would come up in my mouth, often vomiting, and was terribly constipated. I took Fruit-a-tives and this grand fruit medicine made me well."

50c. a box, 6 for \$2.50, trial size 25c. At dealers or sent by Fruit-a-tives Limited, Ottawa, Ont.

a very large parish with two churches and four chapels in the lens. Many distinguished men frequented Glencairn including the Bishop of London—Dr. Winnington Ingram; Archbishop of York—Dr. Lang and in addition to Thomas Carlyle his brother James whose wife was cousin to both the brothers. All these favored few were personal friends of Dr. Duncan. The doctor has achieved so much in his comparatively short life time as the years count that it is almost impossible to relate them all though we may mention that he was responsible for the introduction of consumptive shelters to Dumfriesshire; indeed his own manse he converted into a school for students reading for Glasgow; Edinburgh and Cambridge Universities. The doctor's piety remains evergreen and quite properly so at Glencairn. From these beautiful surroundings and memories he was called to Inveresk in 1907. During his stay here he set to work and organized the villages with churches and reading rooms. He took on at this period in addition to his duties as pastor the chairmanship of the parish council. In this parish lies the battlefield of Pinkie Burn; and the scene of Queen Mary's surrender. Lord Elphinstone of Carberry; Sir James Hope of Pinkie and Sir Charles Dalrymple of Newhailes all lived and co-operated in the work of this parish during the ministry of the subject of this brief and inadequate sketch.

Then came the call to succeed Dr. Wallace Williamson at St. Cuthbert's in Edinburgh in 1910 the latter having been translated to St. Giles Cathedral. Dr. Duncan was not long until he succeeded Dr. James McGregor in senior charge of thirty-five hundred communicants. There were four assistant ministers at St. Giles; a most beautifully equipped building a credit to Presbyterianism. Here Dr. Duncan again busied himself and reorganized the whole scheme of things in that parish with the result that thousands began attending the evening service. The strain however began to tell and owing to the three years' illness of his colleague Dr. Lyall Wilson he had to carry on practically alone and single-handed for four and a half years. Then he was commissioned to St. Stephen's Sydney; Australia and eventually was called to the Church of St. Andrew's at Montreal in 1914. He became first Minister of the Church of St. Andrew and St. Paul in 1918 and since that time the history of the congregation has been one of steady progress.

In 1922 when called to Scotland the congregation by unanimous vote asked him to remain and he was thus retained. It is not perhaps well enough known that Dr. Duncan was the leader of the conference at Lambeth House on Presbyterian and Episcopalian reunion. He is an author of note his literary work embracing "The Enemies' "Modern Theories of the Resurrection" "Visions and Echoes" "Religion and Patriotism" "The University and Religion" "Education as an Ethical Influence

on National Life" "The Influence of German Philosophy on Modern Thought" "The Scot in Canada as well as an abundance of special articles pamphlets and reviews. He was while here president of Trafalgar School member of McGill University Corporation; Governor of Co-operating Theological Colleges; chaplain to the Royal Highlanders of Canada; chaplain to Royal Caledonian Curling Club in Canada as well as a member of United Services and University Clubs of Montreal and Edinburgh. His recreations embrace curling; golf and riding. Consider what a fine life is recorded herein. Dr. Duncan has accumulated what is incomparably better than worldly possessions. He has more of the milk of human kindness in his nature than most men and as Rev. John Chisholm said the other day "Nobody ever left his door hungry." Dr. Duncan is above all things a representative Briton—a Scot linked to Canada. He has played a great role and has capitalized his powers to the advantage of the Empire. As I see him in the street as I listen to him lecture I feel that here is a Briton careless of his personal aggrandizement when he can do the bidding of the King. His eye is not yet dimmed nor the buoyancy of his spirit lessened neither is his alertness of mind dulled or his brisk activities of body any the less. The Rev. George Duncan's name will be revered in this city and as the worthy son of a worthy sire his record will be emblazoned with Canadians who have won recognition for sterling worth. It would be impossible to exaggerate the good work that Dr. Duncan has achieved. Dr. Duncan can never have placed his wares into the shop window. He has always maintained reverence and dignity of worship. He firmly believes that Christendom is going to divide between social service and the faith and worship of historic Christianity. —Montreal Gazette.

In Feeble Old Age
SCOTT'S EMULSION
Food For Strength

TRY THIS ON YOUR DOCTOR
A printer received an inquiry from a surgeon who wanted bids on several thousand letter-heads; different sizes grades and colors and he wanted the form held standing. The printer wrote back: "Am in the market for one operation; for appendicitis; one two or five inch incision; with or without ether; also with or without nurse. Quotations must include putting appendix back and cancelling the order if found sound. Successful bidder is expected to hold incision open for sixty days as I expect to be in the market for an operation for gallstones and I want to save the extra cost of cutting.— Judge

ONTARIO MOTHER HELPS DAUGHTER

Mothers—watch your daughter's health. From the time she reaches the age of twelve until womanhood is established she needs your care and advice. Many women have suffered years of ill-health through lack of such care during this time.

Lydia E. Pinkham's Vegetable Compound is a splendid medicine for girls and women. For nearly fifty years it has been helping mothers and daughters. Let it help you and your daughter.

Hamilton, Ontario—"When my daughter was thirteen and until she was fifteen she suffered every month so that she could hardly move around the house and when she would have the pains in school she would have to be carried home. Besides the pains and the irregularity she also had headache, dizzy and faint spells, and soreness and we both recommend your medicine. She works in a candy-shop now and seems well and strong. I give you permission to publish this letter as a testimonial."—Mrs. I. P. CLARKE, 76 Walnut St., South, Hamilton, Ontario.

Health—A Live Subject At Afternoon Teas

It is under such circumstances that experiences are exchanged and women tell one another what treatments have been of most benefit to them.

It is a pretty safe guess that in these *tete-a-tetes* no medicine is so frequently mentioned as Dr. Chase's Nerve Food and there is a very good reason why.

Any physician will tell you that most of the ailments which most bother women are due to lowered vitality.

In these days of surgical specialists the operation is too frequently the first thing recommended whereas in many cases restored vitality would enable nature to restore the natural functions to the deranged organs.

Lowered vitality may come from the strain of irregular hours, loss of rest and sleep, too much excitement or worry.

It may also result from lack of proper nourishment, from over-eating or from sedentary habits.

When vitality runs low there is no end to the troubles that may arise and you are an

easy prey to colds, pneumonia and all sorts of germ diseases.

Restorative treatment is demanded and because Dr. Chase's Nerve Food has proven to be the greatest of restoratives of the blood and nerve force is why it is so greatly appreciated by women everywhere.

At this season of the year particularly, almost everybody is in need of such assistance as is found in Dr. Chase's Nerve Food.

Put this popular restorative to the test when you find yourself nervous, irritable and sleepless or suffer from indigestion, headaches or tired, depressed feelings.

You will soon be convinced of its merits and will realize then why so many thousands of women find a joy in telling their friends of benefits received.

You will notice that while the price of Dr. Chase's Nerve Food has been increased to 60c. the box now contains 60 pills instead of 50 as formerly.

Likewise Dr. Chase's Kidney-Liver Pills are 35c. a box of 25 pills, instead of 25c. for 25 pills. Edmansson, Bates & Co., Ltd., Toronto.

VANDERLIP SUED BY STAR FOR \$600,000

Suit has been filed against Frank A. Vanderlip for \$600,000 damages by Louis H. Brush and Roy D. Moore, purchasers of the Marion O. Star from the late President Harding. The action was brought in the United States court and the summons served on the financier at his office in New York.

The public speech of Vanderlip at Briarcliff, N.Y. on the night of Lincoln's Birthday in the course of which he said that the Star had been purchased for twice its worth by two young men of insufficient means' is the basis of the action.

This and other statements made by Vanderlip at the same time was taken up by Public Lands Committee of the Senate before which Vanderlip admitted that he had based his assertions on rumors.

When interviewed Wednesday night Vanderlip said he did not care to discuss the matter. He admitted the papers had been served on him saying that he had not read them.

The owners of the Star took action after mature deliberation. They wish not only to clear their own names by legal process but also to wipe out the defamation of the name and memory of President Harding.

"Although Mr. Vanderlip had full opportunity to retract his statements when he appeared before the senate committee—ran the statement of the Star owners 'he failed to do so. He has endeavored to excuse his utterances on the ground that he was only broadcasting the fact that ugly rumors were being broadcasted. The only sure and satisfactory vindication we can obtain is in the courts through the action we have brought."

Three causes of action are set forth in the papers. On each of the three counts the plaintiffs ask \$200,000 damages.

Vanderlip is charged with maliciously charging Brush and Moore with conspiring to bribe President Harding through the purchase of the Star at a price beyond its value thereby accusing them of criminal conduct to the detriment of their own financial standing and of the stock of the paper which they own.

The second cause of the action is the publication of the Vanderlip speech in the New York Tribune it being alleged that Vanderlip caused the publication to injure the good name of each of the plaintiffs.

The third cause of action concerns the giving of the story to the Associated Press by Vanderlip so that it might be read by millions.

The counsel in charge of the case for Brush and Moore is W. H. Vodrey of East Liverpool; O. and Hiram C. Todd of Baldwin; Hutchins and Todd; New York.

ROYAL YEAST CAKES

Teething Troubles

Baby's teething time is a time of worry and anxiety to most mothers. The little ones become cross; peevish; their little stomach becomes deranged and constipation and colic sets in. To make the teething period easy on baby the stomach and bowels must be kept sweet and regular. This can be done by the use of Baby's Own Tablets—the ideal laxative for little ones. The Tablets are a sure relief for all the minor ailments of childhood such as constipation, colic, indigestion colds and simple fevers. They also do good—never harm.

The Tablets are sold by medicine dealers or by mail at 25c a box from The Dr. Williams' Medicine Co., Brockville, Ont.

EDUCATION IN MUNICIPAL BUSINESS

The Union of Quebec Municipalities is asking that the Government shall arrange to have courses in municipal government so that officials may have the opportunity of really learning what their duties are and how they should carry on their work.

It seems strange that our Universities have courses for extra training in many subjects but leave the most important severely alone. We have to make an exception once more in favor of Alberta where a course is being arranged for municipal clerks by the University at the request of the Association of Urban Secretaries-Treasurers.

Too frequently some good natured man is coaxed into being Clerk without knowing anything at all about what the duties or responsibilities of the office are. He does his best but his position is quite unfair to him. And he should be able to find some way in which he can be taught what to do and how to do it.

A case has just come to our knowledge that parallels that scandal in the United States. Certain municipalities were united in a cooperative plan and had to pay into a common fund. One was dissatisfied with the price offered for its bonds so placed them in the bank until better terms could be secured. Now it appears that the Secretary-Treasurer forgetting (as he claims) issued another set of bonds under the same by-law and the puzzle is to know what to do.

With proper training no official could possibly make such a glaring mistake.

We train men for teachers; for lawyers; for ministers; for skilled labor of all kinds—except for municipal work which is the basis of all public service and involves spending the money of the public to a tremendous amount when the totals of municipal expenditure are added up. (Municipal Review)

MAKING MONEY

1. Longfellow could take a sheet of paper worth one-tenth of a cent write a poem on it and make it worth \$5,000. That's genius.
2. Rockefeller could take a similar sheet of paper write a few words on it and make it worth \$10,000,000. That's capital.
3. The United States Government can take an ounce and a small fraction of gold, stamp an eagle on it and make it worth \$20. That's authority.
4. A skilled workman can take 50 cents worth of steel, make it into watch springs and make it worth \$8,000. That's skill.
5. A merchant can take an article that cost him 90 cents and sell it for \$1. That's business.
6. A woman can buy a good fall hat for \$10 but prefers one that cost \$100. That's foolishness.
7. The man that wrote this article can write a check for \$1,000,000 but it wouldn't be worth 30 cents. That's tough.

Gossip
Said Mrs. Brown to Mrs. Green; The Whites have had a spat, He threatens he would slap her face Because she bought a hat; And now they're not on speaking terms
What do you think of that?

Hist. Mrs. Black, said Mrs. Green "Didst hear the latest news The Whites have had an awful row And she was much abused. He slapped her face and blacked an eye; They fear her teeth she'll lose."

"Ah Mrs. Jones cried Mrs. Black Have you heard the tale— How Mr. White beat Mrs. White To pieces with a rail? He broke her ribs and cracked her skull They've got him now in jail

Then Mrs. Jones passed on the word When Mrs. Smith she met; Was it not awful of the Whites? She is unconscious yet! He used a shotgun and a knife; He'll hang for this I bet.

So flew the tale on idle tongues Throughout the little town, Each adding on a spicy bit As it went on its rounds. The moral of this tale is plain Don't be a Mrs. Brown.

ASPIRIN

Beware of Imitations!

Unless you can see the "Bayer Cross" on package or on tablets you are not getting the genuine Bayer Aspirin proved safe by millions and prescribed by physicians over twenty-three years for

- Colds
 - Lumbago
 - Toothache
 - Headache
 - Neuritis
 - Rheumatism
 - Neuralgia
 - Pain; Pain
- Accept "Bayer Tablets of Aspirin" only. Each unbroken package contains proven directions. Handy boxes of twelve tablets cost few cents. Druggists also sell bottles of 24 and 100. Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Moneacetate-dester of Salicylicacid. While it is well known that Aspirin means Bayer manufacture; to assist the public against imitations; the Tablets of Bayer Company will be stamped with their general trade mark; the "Bayer Cross."

DEFAULT TAXES

"I'm not going to pay a cent of taxes this year until an effort is made to collect the amounts outstanding. I'll pay the cost of the writ if the town chooses that course, but if this procedure is taken against me, you bet your life I'll make it my business to see that every delinquent tax payer is treated likewise. I've always paid my taxes and taken the cash discount but I'll not do it this year."

The ratepayer responsible for the above statement also suggested that "if the largest tax payers would retard their payment of taxes, the town would necessarily be forced to busy itself in the matter of collections."

Apparently the citizens are realizing that it is about time for a clean-up of the situation and now that the 1924 Assessment is in the making, they feel that the old assessments should be collected as near in full as it is possible to do so.

The town has certain machinery for its use in collecting default taxes and if properly put into motion it is quite capable of efficient duty. It is not good business to swamp the town in overdrafts or to be in want of money which could be used to advantage, while at the same time a large amount of unpaid taxes are due and should be collected.

The stumbling blocks may all be overcome without the application of severe means; it is chiefly a case of sound judgement resulting from a general understanding which should develop by the laying of the cards on the table.

The interested ratepayers are aggravated over the matter of default taxes and in all seriousness are desirous of an improvement. The question of default taxes is the talk of the street,— it being repeatedly heard that substantial amounts are due the town for taxes.

It has further been suggested that some system of collection could be adopted where monthly instalments could be drawn from those who are annually sinking deeper into the mire of civic indebtedness. A man may not always be in a position to meet his tax indebtedness en bloc, but he can certainly be induced to periodically pay at least a fraction of his indebtedness. The sooner some definite policy, regarding default taxes, is adopted the better it will be for the ratepayers and also for the Town's finances.

WESTERN PIONEER TELLS INTERESTING EXPERIENCE

Frank Rikert, Who Left Illinois for California in Covered Wagon in 1864, Wouldn't, Take \$100 for Bottle of Tanlac.

Frank Rikert, well-known resident of North Sacramento, Cal., who came to the state from Illinois in a covered wagon in 1864 along with other hardy pioneers, recently exhibited a bottle of Tanlac, which he had just purchased, to a friend at his home and remarked: "If I thought this was the last bottle of Tanlac I would ever be able to buy, I wouldn't take one hundred dollars for it," thus proving the high valuation he places on the famous treatment.

"I believe Tanlac really saved my life when I took it after the flu about a year ago," continued Mr. Rikert, "for the attack left me 20 pounds off in weight, and unable to turn over in my bed without assistance. I tell you, I thought my time had surely come. "But thanks to my wife's insistence, I kept on taking Tanlac till I was able to do all my work again, had back all my lost weight, and I've been feeling years younger since. I'm always telling my friends about Tanlac, and can't say too much for it."

Tanlac is for sale by all good druggists. Accept no substitute. Over 40 million bottles. Take TANLAC Vegetable Pills.

THE ANNUAL MEETING OF W. A.

Held in St. Andrew's Rectory Last Thursday Afternoon—Secretary's Report.

The annual meeting of the Women's Auxiliary of St. Andrew's Anglican church was held Thursday afternoon, March 6th in the rectory, with a good attendance. Owing to the illness of the president, Mrs. W. J. Rate and the absence of the 1st vice-president, Mrs. Brownlow Maltby, the chair was taken by Mrs. Harold Ritchie, 2nd vice-president.

The secretary's report is as follows:—I have much pleasure in submitting for your approval the fourteenth annual report of the Newcastle branch of the W. A. Our membership list shows an enrollment of twenty-five members, two of whom left town since our last annual meeting, but since then we had the pleasure of welcoming two more members.

Eight regular monthly business meetings and two special business meetings were held during the year and fairly well attended, the largest being about eleven. The largest attendance was at the annual meeting in March, when eighteen members were present.

With the exception of the first meetings in each month, sewing outfits for an eight year old boy at La LaRouge, Sask., which with some quilts and other articles we hope to have completed in due time.

Mostly all our meetings were held at the rectory. In October our president being out of town we met at the homes of Mrs. J. W. Davidson and Mrs. H. H. Ritchie.

At our last annual, talent money amounted to \$37.30 cents; thank offering \$7.83 and we voted \$5 towards general pledge fund, \$5 for Divinity scholarships and one dollar for educational fund. We also voted one hundred dollars toward reconstruction fund.

In April we sent a quantity of clothing for a boy at Onion Lake. This year we hope to send a more complete outfit. We also ordered linoleum and carpet for the church.

At the May Meeting the secretary read a letter from J. E. F. Lindon, vestry clerk, expressing the sincere thanks and appreciation of the congregation to the W. A. for their successful efforts on behalf of St. Andrew's church.

Our meetings re-opened in October after the summer vacation, and was held at the home of Mrs. H. H. Ritchie, who presided. During the month we had a rummage sale, the proceeds amounting to \$61.91 cents \$25 was voted towards Dorcas work and the balance was added to bank account.

In November a new stove was purchased for the Sunday school and in December we paid the janitor for cleaning the building and also paid for having the windows repaired. Two dozen hassocks were purchased for the church and paid for and at the January meeting the treasurer reported a balance in bank of \$61.02.

In June we had the pleasure of a visit from Mrs. Foster, district organizer, who presided at a united meeting of the Newcastle, Chatham, St. Paul's, St. Mark's and Millerton branches. At this meeting Mrs. Charles Sargeant, Sr., read an excellent paper on the annual convention in Fredericton, which was prepared by Miss Mabel Hubbard, secretary of St. Mark's branch.

THE INFLUENCE OF ADVERTISING

The man who claims that he never pays any attention to advertising is probably sincere in his belief. That is because he doesn't notice its influence; he is not directly conscious of its force.

Nevertheless, all the publicity of the retailer has its indirect effect, for as a matter of fact there isn't a normal customer in any civilized community who in purchasing goods is not guided by advertising that has reached him somewhere, sometime.

As a rule, though, our prospect is seldom conscious of being influenced. The people in your community who have eyes to see and ears to hear cannot help but be affected by publicity. Therefore the advertising you do is working all the time and makes it easier for you to sell the customer.

Most successful retail merchants today realize and work on the principle that advertising does the preliminary work and the sales clerks do the rest.

Diocesan report sent us each month and we deeply regret the absence of our president, Mrs. Bate through illness. We extend our thanks to our pastor, Rev. Mr. Bate, for his many acts of kindness during the year.

In closing I wish to thank the president and officers for their cooperation. Respectfully submitted GRACE M. HARRIS, JUNIOR W. A.

The report of the Junior W. A. was read by the superintendent, Mrs. Mrs. S. V. Sisson. During the year two bales were sent, one in April to the Canadian west and one at Christmas to a parish near Grand Falls. Owing to the fact that Miss Marion Bate was leaving for the Royal Victoria hospital, Montreal, to studying nursing, Mrs. Sisson was elected to the office and took over the work in April, and at that meeting it was decided to hold the meetings at the home of the superintendent instead of the rectory. The sum of \$2.75 was voted to the pledge fund and \$1.25 for the general fund. During May and June the Juniors made a quilt for a baby's cot which was sold for \$4. Miss Bertha Copp was the delegate to the annual meeting at Fredericton and brought back an interesting report.

The Juniors' picnic was held in June at the Mill Cove and was greatly enjoyed. In October Mrs. S. Mullin took up the work until Christmas day. For the beginning of the New Year Miss Lena Russell was appointed superintendent and held the meetings every Friday at the home of Mrs. Fred Uncles and her work has been very successful. At the meeting held Friday afternoon the following officers were elected for the coming year: President—Miss Hannah Miller; secretary—Mrs. Charles Sargeant reported a balance of \$44.86 in the bank.

The delegates to the Diocesan meetings are Mrs. W. J. Bate and Mrs. Walter Morell Alternates—Mrs. J. Davidson and Mrs. Thomas Dague. For the Junior W. A. the delegate is Miss Lena Russell and alternate Miss Hannah Miller.

"LITTLE HELPERS" REPORT The Sec. Treas., of the "Little Helpers" of the Font roll and Fabrics Branch reports another successful year, although the mite box returns do not show quite as large an amount as last year, the increase in membership is encouraging. Fifteen new little members have been enrolled. As a number of the older members have reached the age limit of ten years their names have been withdrawn from the list notwithstanding the membership now totals ninety-six. As the children of to-day are the men and women of the future the outlook for St. Andrew's and St. Mark's churches is very promising.

It was interesting to note that when the reports were read at the Diocesan annual W. A. meeting held in Fredericton last June Newcastle and Nelson "Little Helpers" were spoken of as a "wonderful" branch and came second in the list with 87 members and \$14.74 in contributions. St. George's, St. John leading with 100 members and \$50.00 in contributions. The total amount contributed for missions by the "Little Helpers" throughout the Diocese last year was \$426.97. Following is the financial statement for Newcastle and Nelson:

- NELSON: Edith & James Astles .50 Ruby & Lillian McKenzie 1.00 Hubert & Gladys Drilling 1.03 Robert McLaughlin .50 Celma & Aletha Vye .50 Alfred McLaughlin .50 Mildred & Stanley Goodfellow 1.10 Florence & Catherine Houlston 1.00 John Burchill 1.50 NEWCASTLE: Rilma & Muriel Tracey .80 Norma & Jean McCallum 1.00 Edith, Lorna, Warren & Stickney Harris 1.00 Randolph & Isobel Miller 1.00 Earle, Helen & Hilda McCormack 1.00 Arthur Malmberg 1.00 George & William Pell 1.00 Jean Uncles 1.00 Myrtle Benson .75 Eldon Gray .75 Bidie & Lionel Todd 1.00 Florence & Katherine Greig 1.00 Winston & Dorothy Clark 2.00 Wainwright Sisson .50 Marion, Mabel, Denny, Grace & Phyllis Miller 1.00 Kathleen Mullin 1.00 Constance Gough .50

Do Not Operate Gasoline Motor In Closed Garage

Local motorists should take warning from numerous fatalities in garages said Capt. A. P. Saunders engineer and organizer of the Maritime Safety League.

He drew attention to reports of tragedies that have occurred as a result of engines running with garage doors closed.

"An ordinary gasoline motor will generate sufficient carbon monoxide gas to asphyxiate an adult within five minutes, if operating in a closed garage, 10 x 16 x 20 said Mr. Saunders.

Bulletins calling attention to this danger are being issued by the Safety League and may be had on application at the League's office in the Bank of Nova Scotia Bldg.

STATION AGENT DID NOT KNOW PRES. BEATTY

There is a good story going around now about E.W. Beatty president of the Canadian Pacific Railway. The other day he walked into one of the small stations of the line on the island to Montreal to catch a train to the city. The station agent was poring over his books.

"Has No. 18 gone through" asked Beatty. The agent was annoyed by the interruption of the stranger. Scarcely looking up from his work he replied curtly and briefly "No and it does not stop here anyway."

The stranger walked out of the station. "As it happened, the station agent was trying to balance his books and he was not meeting with much success. It suddenly dawned on him that the visitor had asked for the train by number and not by its time of arrival as the ordinary layman does. That stamped the stranger as a railway man. The agent called to him as the door was closing on him.

"Say there, come here a minute. You a railway man?" "Yes I'm a railway man" said Mr. Beatty. "Thought so. Think I've seen you around Windsor Station. Do you know anything about balancing books?"

Mr. Beatty went over to the books to see if he could help. The agent rambled on: "I'm only a temporary man here he confided that blankety-blank agent who is supposed to be on this job went away leaving his books in a ding-busted blankety-bank condition. The C.P.R. president soon found out what was wrong and showed the agent. The agent was profuse in his thanks and asked: "What department do you work in?" "I've got a job in the President's office. Pretty soft, working there; I guess mused the station man. What's your name?" My name My name's Beatty.

This Beauty Every Woman Can Have Radiant, Youthful Complexion

Nature gave you a skin of beauty, charm. And that is beauty you can keep. Millions of women do—by following this simple, correct rule. By following it you, too, can keep the loveliness of a schoolgirl's complexion. Just do this regularly Cleanse the skin regularly, authoritatively, to keep your complexion lovely, radiant, youthful. But beware of harsh cleansing methods—they injure skin.

Wash thoroughly with Palmolive Soap—each night before retiring. Rub the creamy, foamy lather well into the tiny pores. Rinse—and repeat the washing. Then rinse again. Then—if skin is dry—apply a little cold cream. That is all. Skin so cared for is not injured by cosmetics, by wind and sun, or by dirt.

THE PALMOLIVE COMPANY OF CANADA, LIMITED Palmolive Soap is the only soap that does for your face what it does for your body.

Ladies Spring Suits, Coats and Dresses. Formal opening of new styles for Spring and Summer at Creaghans. The models represent the last word in Charming Creations from the leading makers. Coats in Plain and Checks in all the wanted qualities from \$11.00 to \$40.00. Suits in fancy Tweeds, Checks, and plain Blue and Blacks. Tailored correctly \$15.00 to \$45.00. Dresses in Serges, Tricotine, Poiret Twill, Crepe du chene, Wool Crepe, Velvets, etc. Prices at \$8.95 to \$45.00. Before your final selection for proper spring attire see CREAGHANS Prices and Styles are Right.

pay postage on a letter; a parcel or other piece of mail. The use of two or more stamps when one higher denomination stamp would answer, makes more work for yourself and for the postal service and in some instances the stamps may so encroach on the space for address; date stamping; endorsement etc. as to cause confusion and consequent delay to your mail. Postage stamps of practically all denominations up to \$1 are issued for your convenience and we ask you to take advantage of this by using single stamps whenever possible.

WEDDINGS

MILLER-LOUNSBURY
 A pretty wedding was solemnized at the home of the bride's parents Mr. and Mrs. Beecher Lounsbury; Boundary Creek Wednesday evening at 7:30 when in the presence of over 60 guests their daughter Miss Cora Hazel Lounsbury was united in marriage to Mr. Clarence Miller of Sydney; N.S. son of the late Mr and Mrs. W. J. Miller of Newcastle N.B. Rev. F. J. Francis officiated at the ceremony. The bride entered the drawing room on the arm of her father to the strains of Mendelssohn's Wedding March played by Miss Hazel Steeves of Moncton.

The bride attractively attired in a becoming gown of fawn canton crepe with grey trimmings and wearing a smart hat to match carried a shower bouquet of ophelia roses and carnations. She was attended by her sister Miss Rebecca Lounsbury of Rothesay; N.B. who wore a becoming gown of fawn canton crepe and carried a bouquet of carnations.

Little Miss Lily Peters niece of the bride acted as flower girl and carried a basket of sweet peas. The groom was supported by Mr Leland Spruel of Newcastle.

Mr. and Mrs. Miller were the recipients of many handsome and costly gifts including cut glass, silver linen and many other useful articles. The groom's gift to the bride was a substantial cheque; to the bridesmaid a gold mounted fountain pen and to the flower girl a signet ring.

After a short honeymoon trip to St. John and Boston the happy couple will reside in Sydney where the groom conducts a meat and grocery business.

SUGGEST HARDER TESTS
 The High School entrance examinations are understood to be again under fire. There has been some suggestion that the tests should be more severe as many pupils unable to benefit from the High School course are now admitted. Whether alteration if any; would be made by raising the percentage required from something slightly less than 50 per cent as it is at present or by a rearrangement of the values given various subjects is a matter that is also being discussed at the present time.

FOR COMPENSATION ACT PRINCIPLE

Resolutions passed by various labor organizations are being received by members of the Legislature in which the Government and the House of Assembly are being urged to adhere to the Workmen's Compensation Act in its entirety or otherwise, amend the said act only in such a manner that will prevent the principle of the act from being contested in the courts of this province as is being done at the present time.

J. S. Martin (Labor; Northumberland) has had a conference with Premier Veniot regarding the act. This week the New Brunswick Labor Federation will hold their annual convention in Fredericton and their views will then be presented to the Government by a delegation which Mr. Martin will introduce when they appear before the cabinet.

A NEW ASSOCIATION

An indication of the awakening New Brunswick interest in the tourist possibilities is the formation at Bathurst of the Northern New Brunswick Fish and Hunting Association with E. J. White as secretary. It is anticipated that other counties will organize similar associations and aid in this way to stimulate travel providing literature and encouraging the better hotel requirements.

MARCH WINDS bring Tender Skins

To protect your face and hands against all chafing, roughening effects of the Spring winds, simply rub in a little Zam-Buk before retiring at night. This makes the skin smooth and flexible and clears it of all blemish. Besides valuable soothing and emollient properties, Zam-Buk has far-reaching medicinal virtues which quickly overcome all sore, irritated or inflamed conditions. It purifies the whole tissue and removes the underlying causes of eczema, salt rheum, pimples, blotches, etc.

Miss Rosa Wallace of Menie, Ont., writes:—"My hands were all roughened and sore through the Spring winds. But Zam-Buk soon healed and made the skin fine and smooth. It is the most soothing balm I have ever used."

All druggists and dealers sell ZAM-BUK at 50c. The box. ZAM-BUK MEDICAL SUPPLY CO., 250, The Park, Toronto, Ont. Direct from Zam-Buk Mfg. Co., Dupont St., Toronto.

UNITED STATES REQUIREMENTS

The United States authorities require that on and after the 1st of April next customs declaration (form 91-b) be attached to all parcels of general merchandise (parcel post) prepaid at parcel post rates posted in Canada addressed for delivery in the United States. They further require that commercial invoices or statements of value be enclosed with books prepaid at printed matter rate; also in sealed parcels of general merchandise prepaid at letter rate; posted in Canada addressed for delivery in United States.

Home Treatment Safe And Efficient

Ailing People Made Strong by Dr. Williams' Pink Pills

Dr. Williams' Pink Pills do one thing, and do it well. They build up the blood, increasing the number of red corpuscles. As this is done the blood becomes a richer red and is able to carry more oxygen, the great supporter of human life. As the blood improves in quality the tissues of the body are better nourished and the functions of the body are better performed. This is the reason Dr. Williams' Pink Pills have been so successful in the treatment of diseases due to poor, thin blood, and it is also the reason why they are so successful in building up strength after fevers and acute diseases. Among those who have used Dr. Williams' Pink Pills with great advantage is Mrs. Helena B. Taylor, Hanover, Ont., who says: "not long ago I was critically ill. The trouble started with anaemia and a run-down system, and ended with pleurisy. I was confined to my bed for three months and three doctors were in attendance at different times. My life was despaired of, and I was practically living on doctors' medicine, because I could not eat. My friends did not expect me to recover. During my girlhood Dr. Williams' Pink Pills had brought me through a severe attack of anaemia, and my mother urged that I should try them again. The doctor could not understand why we wanted to try these pills, but we decided to do so. After taking six boxes a decided change was taking place. I was actually getting hungry and anxious to live. After using twelve boxes a miracle was worked. I could walk and felt my strength coming back, and people on all sides were asking what was helping me, and we were not slow in telling them it was Dr. Williams' Pink Pills. With my health fully restored through the use of these pills I am a striking example of what this wonderful medicine can do, and now I never see a pale or sickly-looking girl or woman that I do not feel like going up to her and asking why she does not take Dr. Williams' Pink Pills."

The new sales tax will not increase the price of Dr. Williams' Pink Pills as the company pays the tax; you can get these pills postpaid, at 50c a box, from Dr. Williams Medicine Co., Brockville, Ont.

First Impressions Are Important

In a world where appearances are valued as indexes to character, *Your Stationery* should represent you worthily—always and everywhere. That atmosphere of character and refinement, which should distinguish all self-respecting correspondence is assured when you place your stationery order with us. If you allow us to furnish your

Letter Heads, Bill Heads, Shipping Tags, Office Forms, Envelopes, Statements, Etc.

they will reflect the dignity and self-respect of the discriminating, and be an excellent advertisement for your business, for a business man may be judged by the quality and style of his printed matter.

Everything in Printing

What Will You Put in the Pot?

When you drink tea every cup should be a delicious refreshment—a distinct pleasure. But this demands good tea in the pot. You cannot possibly get satisfactory results from inferior tea.

Now consider the small cost of a cup of King Cole Tea—a mere fraction of a cent. Surprising isn't it? But its secret is in the rich liquoring King Cole blend which yields so generously in the rich number of cups to the pound. It makes King Cole the truly cheap tea. From whichever point you view it—economy—quality—or the wise combination of both, King Cole Tea claims your preference.

"You'll Like the Flavor."

A Great Railway Exhibit at London's Great Empire Show

(1) The entry to the imposing building of the Canadian Pacific Railway at the Empire Exhibition is imposing. (2) The Exhibition Hall is filled with displays of Canadian products and scenic glories. (3) A complete theatre is also part of the Company's exhibit.

Canada's exhibit at the British Empire Exhibition, which opens at Wembley next month, will be one of the most interesting and attractive features of the whole. No phase of Canadian life or activities has been overlooked and every resource of the country will be displayed to good advantage. The Canadian Pacific Pavilion, which has been designed to harmonize with the Government building, directly faces the main bridge leading into this portion of the grounds and at once catches the eye of all visitors. This pavilion is a massive building, approached by a broad flight of steps flanked on either side by bronze models of buffalo and moose. A strong color scheme will be strikingly emphasized at night by a Neon lighting effect similar to that at the Coliseum in London, wonderfully penetrating and effective under all atmospheric conditions, and another attractive feature of the exterior will be the encircling series of illuminating panels in relief depicting the manifold activities of the Canadian Pacific. Equally alluring will be the decorations and exhibits in the interior of the pavilion. The floor space on the ground floor comprises 7,700 square feet. Along the main floor there runs a 400-foot frieze illustrating the Canadian Pacific route from the United Kingdom to Japan. In this frieze there will be moving models of Canadian Pacific liners crossing the Atlantic and Pacific Oceans, mechanically driven and electrically illuminated, and the train journey across the Dominion will be depicted by two Trans-Canada trains, each consisting of locomotive and eight coaches. These also will be electrically illuminated and mechanically driven with head and rear lights etc., and the realistic effect will be supplemented by an illuminated signal system, automatic gates, and all the other appurtenances of a complete railway track.

In an adjoining section of the interior exhibits there will be shown six mechanically and electrically illuminated vitascope models of Liverpool, Quebec, the prairie region, Banff Springs Hotel in the Canadian Rockies, Vancouver and Yokohama. A fruit orchard scene in British Columbia and a scene depicting Japan and Japanese life are next presented for the entertainment and edification of the visitors. The model of Japan gives a general view of the country around Fuji Yama, with the world-famed mount itself rising high in the heavens. There will also be models of Japanese houses, bridges, streets and other typical sights of the Flowery Kingdom. Prospective settlers in the Dominion will be attracted by the model of a 160-acre irrigation farm in the west with all the buildings and equipment, running water and moving train running across the holding. The adventure-lover will be charmed by the spacious scene depicting the big game life of Canada. Grizzly bears, black bears, wolves, muskox and other representative specimens of the denizens of the wild will confront the spectators in defiant attitude. All over the building, too, the heads of big game will snarl or grin, according to the respective temperaments of their erstwhile owners. The lecture hall, which will accommodate 300 people, is very artistically arranged and decorated. Numerous cases, containing grains, fish, birds, maple sugar and honey exhibits will be on view. There will be a continuous cinema performance in this hall between the hours of one and five-thirty, and between seven and ten, with a lecturer in attendance to explain and entertain.

**CANADIAN DIS-
COVERS CANCER
CURE**

In connection with the
announcement by Dr. M. J. Scott of
Butte, Montana that a Cana-
dian physician in New York had
succeeded in segregating the cancer
germ and prepared a serum which
has brought about complete cures
of cancer the Toronto Star publishes
a special despatch from its New
York correspondent which reads in
part:

"The reappearance of Dr. Thomas
J. Glover and his serum for cancer
is expected here within the next
sixty days.

"That Dr. Glover formerly of
Toronto, is the unknown Cana-
dian physician who has made the
greatest discovery in medicine of
the age, as announced by Dr. M.
J. Scott at a staff meeting of
the physicians of the St. Joseph
Hospital at Omaha, Nebraska on
Saturday there can be little doubt

Not only the segregation of the
cancer germ but a serum that has
performed complete cures in numbers
of institutions throughout the
United States, is attributed to
this unidentified Canadian with
whom Dr. Scott has been working
in collaboration

"Just as certain as we are that
the typhoid germ is the germ that
causes diphtheria just so certain are
we," said Dr. Scott "that we have
at last isolated the cause of cancer"
"That such an announcement was
coming was forecasted by Dr.

tory at New Years time.

**Jack Dempsey Will
Meet Firpo On
Labor Day**

Jack Dempsey, world's heavy-
weight champion will defend his
title against Luis Firpo in New York
City. The Argentine will be his
only opponent this year.

If Firpo is beaten by Willis or
Gibbons then naturally I would be
compelled to fight the winner; the
champion asserted. However, I
understand Firpo will not engage in
any fights until he meets me. Under
such conditions it looks like a quiet
cut door season for me; but my
picture work and about six weeks
of hard training should leave me fit
for the fight.
Dempsey looked a bit pale and
thin after his recent operation in
New York.

**Marriage Increases
In Popularity**

Marriage seems to be increasing
in popularity; according to a census
bulletin issued recently. The pro-
portion of married persons in each
sex was greater in 1921 (when the
last census was taken) than in
either 1911 or 1901. In 1901 the
percentage of married males was
37.49 and of married females 33.32.
In 1911 the percentages were:

married males 34.85; married fe-
males 36.97.

**How to Prevent
Biliousness**

Doctors warn against remedies
containing powerful drugs and
alcohol. "The Extract of Roots,
long known as Mother Seigel's
Curative Syrup, has no dope or
strong ingredients; it chases away
indigestion, biliousness and con-
stipation. Can be had at any
drug store." Get the genuine.

Here and There

Manitoba is perhaps the most
marrying province in Canada. For
instance, in Ontario, there were 24-
871 marriages in 1921, a rate of 8.5
per 1,000, while in Manitoba it was
8.7 per 1,000 of its 610,000 popula-
tion.

Eastbound steamship travel from
Canadian ports via Canadian Pa-
cific steamships is heavier at the
present time than for several years
past; at this season, a recent report
declares. Bookings in some instances
have run as high as 70 per cent in-
crease over those of last winter.

According to a recent official com-
pilation, out of every 100 people in
Canada 51 live on farms. The 70-
000 farms in Canada represent a
gross worth of \$700,000,000 or about
\$10,000 per farm, and produce an
annual revenue of nearly \$1,500,000,
an average income per farm of \$2-
000 yearly.

From the opening of the crop
year, September 1st, to the official
closing of navigation, December
12th, the Canadian Pacific Railway
reported the heaviest marketing of
grain since the inception of the road.
Cars loaded by the company also
created a record for the season, hav-
ing numbered 116,232. Grain mar-
keted topped the 200,000,000 bushel
mark.

Thirty-seven per cent of all auto-
mobiles in Canada are owned by
farmers. Ownership of the balance,
according to recent statistics, is
made up as follows: business men
and brokers, 16 per cent; salesmen
and travellers, 16 per cent; profes-
sional men, 8 per cent; laborers, 4
per cent; contractors and livery men,
3 per cent each, and miscellaneous
and no occupation stated, 13 per cent.

When the Canadian Pacific liner
"Empress of Canada" left New York
on January 30th for her great
round-the-world cruise, she was the
first Canadian vessel ever to com-
mence such a voyage carrying a
regular bookstall in the charge of
experienced attendants, in addition
to a free library. The stock includes
many excellent recent books on
travel, which will enable passengers
to prepare themselves for the for-
eign lands they will visit, as well as
a large number of novels by the
best-known authors.

Of the total wheat exported from
Canada in November, amounting to
64,196,903 bushels, by far the greater
proportion went to the United King-
dom, which took 43,815,391 bushels.
The United States was second largest
importer of Canadian wheat,
taking 9,016,143 bushels. Italy came
next, taking 4,013,152 bushels, and
Greece next, with 2,966,480 bushels.
The exports of Canadian wheat to
France during this period amounted to
1,328,368 bushels and to Belgium,
1,075,216 bushels. Those to Ger-
many totalled 129,320 bushels.

In the keenest competition, em-
bracing entries from all important
agricultural districts of the North
American continent, Alberta farmers
won 43 prizes at the recent interna-
tional stock and grain show at
Chicago. Two grand championships—
wheat, Major G. H. L. Strange
and oats, J. W. Biglands—went to
the province. Major Strange was
also first with white field peas and
Nunemaker Brothers, of Brooks,
first with red clover seed. Major
Strange's success is especially re-
markable as he has only been a
farmer four years.

The latest statements of the earn-
ings and expenses of the Canadian
Pacific Railway show that the strong
position of that organization has
been well maintained, and that a
steady improvement has been
achieved, in spite of the difficulties
of the past few years. The figures
for December show gross earnings
of \$19,186,874, working expenses of
\$15,186,546, and a net profit of \$3-
996,127, an increase of \$491,322 over
that of December, 1922. The 1923
totals show gross earnings of \$198-
857,089, working expenses of \$138-
358,079 and a net profit of \$60,779-
010, an increase of \$1,177,219 over the
total earnings of the road in 1922.
Net earnings for this year were the
highest since 1917 and gross earn-
ings the highest since 1920.

**We 23,000 Men
Present you the utmost in fine cars**

THERE are 23,000 of us building Studebaker
cars. Thousands of us are stockholders. All
of us, after a certain time, get dividends on
wages.

All of us, after two years, get vacations with pay.
The company spends vast sums on co-operative
work with us. When we retire we get pensions.
So Studebaker cars represent the best that we,
in combination, know how to offer you.

Our fine backing

Behind us is an honored name. For 72 years
Studebaker has been the
leader in quality and class.

We have \$90,000,000 of
assets. We have \$50,000,000
in model plants. We have
12,500 up-to-date machines.

We have an engineering
department which costs
\$500,000 yearly. That to maintain and develop
Studebaker standards.

We subject Studebaker
cars to 30,000 inspections.
That requires 1,200 men.
All told over 70,000 ma-
chine and hand operations
are performed. In so many
operations, though each
one is small, there is a great
opportunity for economies.

We have a \$10,000,000 body plant, to maintain
the Studebaker standard of coach work. There
sons, fathers and grandfathers are working to-
gether, to build such bodies as Studebaker always
built.

The open bodies are upholstered in real leather.
The closed bodies in Chase Mohair. That is made
from the silky fleece of Angora goats.

We pay for those extras—and others—out of
savings. Building our own bodies saves you on
some types up to \$300 per car.

We never stint

The rule here is to give the utmost in every part
and detail.

We have 35 formulas for steel. Each has been
demonstrated best for its purpose. On some of
these steels we pay 15% premium to get the for-
mulas exact.

All Studebaker models are equipped with Tim-
ken bearings. There are few cars in America, re-
gardless of price, which equal ours on this point.
In our Light-Six, for instance, we put more Tim-
ken bearings than are used in any competitive car,
within \$1,500 of its price.

We give unusual equip-
ment. On some Big-Six
models, for instance, we
include two nickel-plated
bumpers, one or two extra
disc wheels with cord tires,
a courtesy light, a moto-
meter, steel trunk, etc.

How we do this

We give you these extra
values through quantity
production. We build
150,000 cars per year—more
than any other fine-car
builder. Our large expenses
are divided by that en-
ormous output.

The results are these:
Beauty, quality and luxury such as no maker
can surpass.

Prices far below the usual. Our Light-Six, built
by ordinary methods, would sell for from \$300 to
\$600 more. Our Big-Six can be compared only
with the highest-priced cars in the world.

Here are 13 models, from \$1445 to \$3665. Each
of them offers scores of advantages over any com-
parable car. Go analyze the reasons before you
buy a quality car.

**See how Studebaker
gained top place**

145,167 people last year paid
\$201,000,000 for Studebaker
cars.

The sales have almost trebled
in the past three years.
Go see the reasons. See the
scores of extra values Stude-
baker offers.
