

DISCUSSED AND DELAYED.

A NEW TURN OF AFFAIRS IN THE GROCERS' BY-LAW.

Striving scenes in the City Council Chamber—The Aldermen Restrained from Passing the Bill.

It is safe to say, to use a hackneyed phrase, that the "oldest inhabitant" never witnessed a more animated scene than was presented in the city council chamber yesterday afternoon.

At 3.30 o'clock Mayor Boswell, with his tall plumed hat, followed by City Clerk Roddy, elbowed his way through the crowd, and reached the dais in safety.

On counting noses it was found that the only aldermen absent were Mr. Moore and Mr. Mill. The absence of the former is accounted for by the fact that he is in Europe and Mr. Mill is in Rochester on business.

ENGLISH ADVANCE ON TEB.

TREACHERY AMONG THE BLACK TROOPS AT SUAKIM.

Distributing Gordon's Proclamations—An Egyptian Captain Arrested—Eight British Soldiers Killed.

Cairo, Feb. 27.—The advance of English troops on Teb commenced before day-break to-day. It consists of a force of 3000 men.

There is a growing anxiety here about the result of the expedition. Less confidence is felt that the English will be victorious.

The black troops at Suakim have been found to be in communication with Ahmed Baroudi, second in command under Osman Digma.

Admiral Hewett has forbidden them to leave the camp and stations that the gunboats Devoey and the misionaries have not been molested.

RED-BLOODED KENTUCKIANS.

An Encounter Between Two Families—Three Persons Killed.

Louisville, Ky., Feb. 27.—The Burke and Clayton families in Marion county are among the highly respected citizens there.

Recently Lawrence Clayton made an improper remark to Miss Burke. Her father and brothers heard of the insult and tried to force an apology from Clayton but failed.

The families armed themselves with pistols and guns. Four members of the Burke family and two of the Claytons died.

An affray occurred, the shooting being general. Green Clayton and Wash Burke, the father, were killed.

Lawrence Clayton was fatally wounded. Floyd Burke was shot in the arm. It is not known who did the shooting.

The Town in the Hands of a Dangerous Element—Citizens Forced to Leave.

Hot Springs, Feb. 27.—The situation here is deplorable. Doran, Pratt, Landing and Allison, who were committed without bail for rapine on the street on the 9th,

were taken to the penitentiary to-day and the town is in the hands of a number of desperadoes.

A committee of fourteen virtually control the town. The laws are practically suspended.

An additional number of people were compelled to leave the city to-day by order of the committee at the point of the bayonet.

Every one forced to leave was a manly witness against Doran and his accomplices.

A HOT SLOGGING MATCH.

DESPERATE ENCOUNTER BETWEEN TWO PUGS AT OCCIDENT HALL.

The referee sensed out of his wits.—The rough possession of the stage.—Terrific scenes of riot and confusion.

It was announced that a sparring exhibition would take place at Occident hall last night with an eight round wind up with

chiclets man, Bittle and C. Bittle. The hall was crowded with a motley

company of sports, toughs and tightwads. The early part of the evening was taken up with clumsy bouts between amateurs

and when they got through the audience was more tired than the combatants.

About 10 o'clock the event of the evening was announced. A man named Middleton was appointed referee, and Paul Pate,

timed the match. The two principals stepped upon the stage amid a burst of applause.

Both were fine specimens of pugilism. Bittle was slightly the taller, but they were pretty evenly matched.

Jack and Jim Moriarty waited for a while (Ald. Farley in the chair) on report No. 2 of the committee on legislation.

A number of amendments were moved, and there was a great deal of talking about the bill now before the legislature.

The committee on legislation was organized and the committee on the report of the special committee on the erection of a new court house in committee.

Ald. Farley in the chair. The report was received by amending all reference to municipal buildings in connection with the court house building.

In council Ald. Love moved that power be asked from the legislature to raise \$800,000 by debentures upon a two-thirds vote of the full council.

The purpose of building a new court house. Carried.

Ald. Pape moved that the westerly limit of the proposed new ward of St. Matthew be extended so as to include the west side of Greenway's side line.

Carried. The council adjourned at 6.10.

THE LICENSED VIGILANTES.

Wait Upon the Attorney-General—Their Requests to be Considered.

A deputation from the Ontario Trades Benevolent association waited upon the attorney-general yesterday afternoon with

reference to the proposed amendments to the license law. There were present

Mr. Mowat, Secretary of the Trades Benevolent association, and Mr. W. Ross, minister of education.

The first speaker was Capt. McRae of St. Thomas, late vice-president of the association, who explained the object of the proposed amendments.

The amendments were in favor of having the power of municipal councils to regulate the number of licenses withdrawn and placed

under the direct control of the government. The cost of licenses was also too high, and they wished one uniform rate for the province.

They also desired that men in a municipal council should be able to take a seat in the council.

HOW TORONTO CAN BE DIRECTLY CONNECTED WITH IT.

Mayor H. W. C. Meyer of Wingham addresses the City Council—What the Building of Four Miles of Railway Will Do.

Before proceeding to the interesting business described elsewhere yesterday afternoon, Mayor Boswell introduced to the city council Mayor H.

W. C. Meyer of the town of Wingham, who briefly addressed the meeting on a matter of considerable importance

to the trade of Toronto, viz., the direct connection of this city with Wingham by the construction of four miles of railway.

Mr. Meyer laid the matter tersely before the council. He said Wingham was situated at the terminus of the London, Huron and Bruce railway and on the line of the southern extension of the Wellington, Grey and Bruce railway.

Both of these roads were under the control of the Grand Trunk. The Toronto, Grey & Bruce railway traversed within four miles of the town and by the construction of these four miles a direct line would be formed from Wingham to Toronto.

He did not ask any bonus or money from the city. All he wanted was an expression of the importance to Toronto of the construction of this short branch.

He had offered to build the road and purchase the right of way and had it over to the Canadian Pacific railway (who own the road) if that company would equip it.

Mr. Van Horne and Mr. Whyte had intimated that owing to the great number of millage now on hand they were unable at present to take it over.

But they had promised to go to Wingham and do the best they could. The road could be built by the city of Wingham.

Wingham went to London and Hamilton, with which cities they had connections. Wingham was situated on the great salt belt.

The salt works of Bruce were 12 miles to the east of Wingham and 12 miles to the south. That was sufficient evidence that Wingham was in the great salt belt.

It was in the great salt belt. Salt on the Toronto, Grey and Bruce railway cost 35 cents per barrel more than on the other side of the railway.

The people on this line would readily see the necessity of the branch, and Toronto would gain many benefits.

Mr. Smith and Lobb offered the following motion which was carried unanimously: "That in the opinion of this council the construction of a branch of railway from Wingham to Toronto, by the route of the Toronto, Grey and Bruce railway, be recommended to the city of Toronto by means of a short line of road to be built from the town of Wingham to the nearest point on the Toronto, Grey and Bruce railway." The motion was carried.

At 3.30 this morning smoke was observed issuing from a great volume of steam from the Wingham Manufacturing company's premises near the Woodbine saloon. A policeman sounded an alarm from the look at Yonge street. The fire was extinguished by the fire department. The cause of the fire was not ascertained.

THE PEOPLE'S PASTIMES.

WHAT IS GOING ON IN SPORTING CIRCLES THE WORLD OVER.

Pigeon shooting at Woodstock - Toronto Men the Winners - Trotting at St. Hilaire - Charles Mitchell Heard From - Latest Notes.

A riding club is being organized at Kingston. Massachusetts bicyclers covered 60,000 miles in 1883.

Colborne trotting races come off to-day and to-morrow. Oxford is the favorite over Cambridge in the coming race.

Dexter is still alive at the age of 26, and is a good trotter yet. There are said to be 5000 horses in the United States with a record below 2.30.

Murray and Henry are expected to have won a cool \$250 in the White Plains jail. McGregor defeated Bird of Peterborough in a mile race for \$25 a side, Saturday.

Philadelphia is making strenuous exertions to get the national regatta this year. A billiard tournament between colored negroes is in progress in a Sixth avenue saloon.

A Pawnee Indian in Arizona offers to try to stand up against Sullivan four rounds. Balsau, a French Canadian, will try to swim the Niagara rapids when the weather gets warm.

Pretty Alice Johnson skated twenty-six miles on the Connecticut river in 2 hours 25 minutes. Eight thousand dollars worth of pools were sold on the Ottawa races, and yet pool selling is illegal.

St. Blaize, the English Derby winner of 1883, should win the City and Suburban stakes in England. Mervine Thompson and C. A. C. Smith, the colored boxer, are to come together in a hard glove contest on the 10th of March.

Popular education is picking up in the territories. Harry Morgan has opened a sporting academy at Socorro, New Mexico. The Royal Scots of Montreal will hold their annual games on the occasion of their visit to Toronto at the semi-centennial jubilee.

BRASSIERS' RECENTS.

Warning - If troubled with constipated bowels never neglect it, or the system becomes clogged, the secretions dried up and the system poisoned with foul gases.

Rayna, who is going to become a husband of an actress, is said to be a "half fellow," etc. A lotta money puns might be introduced here, but it's no use.

It is a good rule to accept only such medicines as have, after long years of trial, proved worthy of confidence. This is a case where only years of experience may be of great service, and it has been the experience of those who have used Ayer's Sarsaparilla.

There is always great excitement in case of sudden accident and injury. Everyone should be prepared for an emergency. Hagar's Yellow Oil is the reliable friend in need; it is for internal and external use, curing Burns, Scalds, Bruises, Lameness, Croup, Sore Throat, Rheumatism and painful affections and wounds.

A prominent Californian telegrapher lecturer, Mr. W. C. Betts, has just married a Miss Seagar. He never drinks behind the bar. But he has taken a mild Seagar.

A conductor on the Union railway used to pass his mother free, but he was discharged from service, and his young brother asks: "Who will care father now?"

Mother Graves' Worm Exterminator is pleasant to take; sure and effectual in destroying worms. See that you take no other and you will be enabled to remove them. A contest between two dentists as to which of the two would take out most teeth in a given time resulted, as we expected, in a draw.

Mr. McArthur of Ontario declares she could not keep house without Hagar's Pectoral Balsam. It is a remedy in which the sufferer may safely hope for speedy relief and effectual cure of cough, croup, bronchitis, throat and lung troubles, which neglected end in hopeless consumption.

The best preserves are said to come from France; but this cannot be true. Hagar's "Perfect Jam" in the United States often bears the name of "perfect jam" in the United States.

What It Has Done - Mrs. George Simpson, Toronto, says: I have suffered severely with worms, and was unable to get any relief from treatment of any kind until I was recommended to try Holloway's Corn Cure. After applying in for a few days I was enabled to remove the corn, root and branch - no pain whatever, and so inconvenience in using it, I can heartily recommend it to all suffering from corns.

AYER'S Sarsaparilla

Is a highly concentrated extract of Sarsaparilla and other blood-purifying roots, combined with iodide of Potassium and Iron, and is the safest, most reliable, and most economical blood-purifier that can be used.

Inflammatory Rheumatism Cured - "AYER'S SARSAPARILLA has cured me of the Inflammatory Rheumatism, with which I have suffered for many years."
