## Topics of the Week.

At the D. R. A. competitors' "grievance" meeting, held Tuesday evening, the complaints were very few, the competitors being in good humor about nearly everything but the Rideau wind, which they are not so hard as to ask the executive to control. The exceptions were complaints of the scant accommodation for the many extra series matches upon the programme, and—we note it with sorrow—of the quality of the Snider ammunition of present issue. The suggested remedy for the former was the substitution of pool shooting for some of the extra series, so that, being allowed to fire but two shots in place of five at a time, all the competitors might have a chance to get their elevation and windage before going into a regular match; in place of only one-half or one-third the whole number having an opportunity, as at present. The complaint against the ammunition was twofold: first, that it is a very common occurrence for the "anvil" to become detached by the firing, and to remain in the rifle when the cartridge case is extracted; and second, that an uncommonly large number of drop shots are being recorded. Of the general excellence of the ammunition there is no question—the remarkably high scoring prevailing all summer bearing eloquent testimony. But it seems to be a fact that there are defects due to somebody's negligence, and the origin of these defects is now being made the subject of inquiry by the Militia Department. Unfortunately, it was not until last week that the Department received any intimation whatever that the ammunition had ceased to be above reproach, else the fault might have been discovered and remedied ere now. As it is, Sir Adolphe Caron has lost no time in instituting an inquiry.

The place to give preliminary training to a gentleman whom it is desirable to have act as a range officer, is not a Dominion or Provincial meeting, where the competitors are supposed to abide strictly by the rules laid down, but are too often annoyed by officers unacquainted with these rules inventing others on the spur of the moment to settle points in dispute. When the competitor protests against any such ruling, he is promptly snubbed by being told to appeal to the executive if he does not like what he is told. An appeal to the executive will not help a score spoiled by a range officer's nagging; and he must be an influential member indeed who can induce any executive to act upon a complaint with sufficient promptitude to have any effect at that meeting. The MILITIA GAZETTE has been asked to give prominence to this grievance, which has been keenly felt at some of this year's meetings. It is not necessary to mention names, days and dates, because these have been personally intimated to the executives, who it is hoped will give the subject serious attention when appointing range officers in the future. The injunction "read the regulations" should not be for the competitors only.

It looks bright for the future of rifle shooting in the permanent corps when one sees the gratifying frequency with which the names of members of that body are appearing this season in the Provincial and Dominion prize lists. True, the representation at the Dominion meeting in progress this week is not by any means so large as had been hoped, but then it must be remembered that rifle shooting is a very expensive pastime, and the men of the permanent force having no financial resources but their daily pay cannot afford to indulge very extensively in it. In the Ontario prize list, published elsewhere in this issue, it will be noticed that a team from D Co. of the Infantry School Corps distinguished itself at Toronto by taking a prize in each of the military matches, and the names of D Company men appeared quite often on the individual prize lists, Sergt.-Major Munroe doing so well as to obtain a place on the grand aggregate.

By the time this week's issue reaches its readers the Dominion rifle meeting for 1889 will be over. In order that the record may be kept complete in one number, we publish none of the scores this week, but those of the New Brunswick and Ontario meetings monopolize the space. From all the provinces encouraging reports have come of progress over previous years, and the natural result is seen in the largest Dominion entry ever recorded at Rideau range. The accommodation there was taxed to the utmost to complete the firing within the prescribed time, and it becomes evident that the steps being taken by the council to secure increased target accommodation are fully warranted by the demand.

## Ontario Rifle Association.

The annual meeting of the Ontario Rifle Association commenced Monday, 26th inst., on the Garrison commons Toronto, and continued until Thursday night. There were all told 303 entries. The ranges have been greatly improved this season. A new firing point has been built at the 600 yard range, and all the targets in use are new. Instead of the white target, as formerly used, cream coloured ones have been adopted, which proved a nuisance to the marksmen, who hope the white target will be reverted to. The association has adopted the new time system in firing, which is working satisfactorily.

The range officers were Lieut.-Col. Boswell, 90th Batt., Winnipeg; Major Hodgins, G.G.F.G., Ottawa; and Capt. Manly, R.G., Toronto.

"CANADA COMPANY," presented by the Canada Company of London, England, with \$50 added by Col. Gzowski, A.D.C. to the Queen. Ranges—200 and 400 yards. Number of rounds at each range—Five. Position—200 yards kneeling (Hythe), 400 yards any. Entrance fee—Teams 65 cents for individual prizes, including ammunition.

The Business Meeting.

At five o'clock on Tuesday the council of the association met in the council tent, the president, Mr. Wm. Muloch, M.P., presiding. The minutes of the annual meeting were adopted, and as there was no further business on the docket, the meeting resolved itself into a general one of the association. There were present, Lieut.-Col. Gibson, 13th Batt; Lieut.-Col. Jones, Dufferin Rifles; Lieut.-Col. Macpherson, G. G. F. G., Ottawa; Lieut.-Col. Gray, Q.O.R.; Lieut.-Col. Allan, Q.O.R.; Lieut.-Col. Alger, D.P.M.; Major Dunn, G.G.B.G.; Major Blaiklock, 5th R.S.; Major Delamere, Q.O.R.; Major Wright, Capt. Ibbotson, Capt. Manly, Capt. Grant, Capt. Macdonald, Lieut. Sutherland, Capt. Zealand, Lieut. Pain, Lieut. Margetts, Lieut. Brown, Capt. Russell, Capt. McSpadden, Major

Todd, Major S. Hughes, 45th Batt.; Major Hughes, Sergt. Fowler, Lieut. Lankarl, Messrs. Hutcherson, Bell, Geo. Sleeman, Terslie, Thompson and Brown.

Lieut.-Col. Gibson referred to the excellent results attending the establishment of a team match in connection with the Canada company contest, and stated that Col. Gzowski, A.D.C., had authorized him to offer to the association a repetition of his donation. He moved, seconded by Lieut.-Col. Allan, that the thanks of the association be tendered to Col. Gzowski for this addition to the many obligations which the association has been placed under by him from time to time since the organization of the association. This was unanimously carried and three cheers and a tiger were given for the donator.

Lt.-Col. Macpherson moved that the thanks of the association be tendered to Mr. W. Muloch, M.P., the president, for his grant of \$100, which is now offered as prizes for the revolver matches. The mover considered that one of the more important rifle matches should be named after the generous donator, which was heartily approved of.

The subject of team matches was taken up, and after considerable discussion it was recommended for the consideration of the council that unlimited entries be allowed in team matches. A number of suggestions for facilitating the speed of the contests were given by the members and noted by the Secretary.

The following were elected as members of the council for 1888-9: First Military District—Assistant Surgeon Corliss, St. Thomas; Mr. John Crowe, Guelph; Mr. George Hayes, London; Mr. Geo. Sleeman, Guelph.

Second Military District—Lieut.-Col. Jones, Brantford; Major Delamere, Toronto; Mr. A. Pain, Hamilton; Capt. McSpadden, Toronto.

**The New Brunswick Rifle Meeting.**

Eighty-four men comprised the shooting strength at the 23rd annual prize meeting of the New Brunswick Provincial Rifle association which was inaugurated at Stockton range, Sussex, on the 27th inst. Sparkling sunshine and bright skies were the features of the opening day. We condense from the St. John *Telegraph* the report of the meeting: A departure from the usual custom of at once entering upon the matches was made by allowing the assembled competitors the use of the targets in extra series shooting. The competition opened about 9 o'clock, and for an hour and a half the extra series firing was maintained. There was quite a heavy right wind to open with and the light was bright and hazy, but, withal, not uncomfortable by any means. In looking about the group assembled in front of the secretary's office before the signal was given to commence, it was noticed that many of those who had made honorable records were missing. Among those who will face the butts no more is Trooper Bateman, who, since the last gathering lost his life. Major O. R. Arnold, of Sussex, is unable to leave his house by reason of illness; Trooper Beatty's eyesight prevents him from putting in an appearance; Trooper Booth was one of the fever victims at Camp St. Andrews and is still housed; Lieut. McDougall of the cavalry, and Trooper Tidd are also absent through sickness. Quarter-Master Lipsett an old favorite, has dropped out; so with Lieut. McMurray, Private Blacktin and some of Carleton's favored sons. But while these facts are lamentable, it is cause for congratulation that their places are being taken by younger men, some of whom already give promise of being able to fill the shoes of those who have put aside the rifle. It is for just this class that the association is catering by its make up of prize lists, yet the results are not what might be expected in a province whose volunteer force numbers so many men.

The executive committee met in the forenoon and decided to cease firing on the range next morning, during the funeral of the late Canon Medley—from 11.30 a.m. until 2 p.m.

A question came up respecting passes furnished by the Militia Department over the I. C. R. for the Ottawa team. It was considered that some men might prefer to go by the Short Line, and it was finally decided that the decision should rest with the competitors themselves.

On the second day the commence was sounded at 8.30 and the firing was opened in the fourth match, with a slight breeze to lessen the effects of the powerful sun. It was good shooting wind, some of them finding the circumstances especially favourable.

The Prince of Wales cup, medal, and \$145. Open to efficient members of the Active Militia of New Brunswick, and to officers who have retired therefrom retaining rank. Team prizes to be competed for by five previously named officers, non-commissioned officers or men from any regiment of cavalry, field battery, brigade of artillery, and any battalion or independent company of the Active Militia. The names of the men composing the teams to be given to the secretary before the commencement of the competition. Entrance fee, per team, \$2 50; per individual, 25 cents; ranges, 200, 400, and 500 yards; number of shots, seven at each range; position, standing at 200; any, with head to target, at remaining distances.

After firing about two hours and completing the first two ranges the men ceased until 1.30, during the funeral of the late Canon Medley. About 3.30 the result was made known. The shooting was far better than in '88, when 82 topped the list, but while the ranges then were 200, 500 and 600, they were 200, 400 and 500 this year. There were 70 competitors and the winners were as follows:

According to the conditions under which Provincial Secretary McLellan awarded his cup five years ago, it was to be competed for at five consecutive meetings of the association. The winners, Lieut. J. D. Perkins, Lieut. J. F. McMillan, Capt. W. Langstroth, Sergt. W. H. Adams, Lieut. and S. Langstroth, were to shoot off for the ownership. Range, 600 yards, seven shots at this meeting. The absence of Lieut. McMillan left but four men to face the targets. Lieut. Perkins will take it home, having scored 27; Sergt. Adams 25; Capt. Langstroth 23 and Lieut. Langstroth 19.

On Wednesday evening Pte. Langstroth and Lieut. McFarlane tied in the Prince of Wales match for the cup. In the shoot off, three rounds, Langstroth realized 14 and McFarlane 13, so the former takes the cup, medal and \$10; the latter gets \$12 second money.

Westmorland had sufficient force take a hand in this match making four teams. The conditions were:—

The challenge cup presented by the Honorable the late Wm. Elder, and \$88 added by the P. R. A. Open to teams of eight members from each county association affiliating with the P. R. A. Those only eligible to shoot on a team who shall have been resident in the county which they represent for at least six months prior to the date of the match. The names of the members comprising each team to be given to the secretary before the commencement of the competition. The cup to be held during the year by the highest scorer in the winning team, and to be returned to the secretary of the P. R. A. before the next annual matches. Entrance fee, per team, \$4; ranges, 200, 500 and 600 yards; number of shots, seven at each distance; position, standing or kneeling at 200, any, with head to target, at remaining distances.

## W. J. JEFFERY,

Rifle and Rifle Requisites Manufacturer,

60 QUEEN VICTORIA ST., LONDON, E.C.

THE "PERFECT" SIGHT ELEVATOR AND WIND GAUGE, Hanging Pattern, made of a special quality Hard German Silver, divided in 150ths of an inch, with complete Tables of Elevation and Wind Allowance, for the Martini Rifle,

\$2.15. Postage, 25c. for 1 to 6.

N.B.—These Verniers do not alter the position of the Sliding Bar, nor is it necessary to lower the Slide when detaching the Vernier from the Back Sight.

Jeffery's Patent Sight Elevators are being used by the majority of the most well known rifle shots.

MR. M'VITTIE, who uses one of these Elevators, says: "Your German Silver Elevators are a

great improvement on the Gun Metal, as they do not discolour, and the Scales are therefore more easily read. They are made on the right principle—viz., Hanging Pattern, and with the 150th Scales. A who make any pretensions to Shooting should possess one of these Verniers.

MR. C. H. JACKSON, winner of the Queen's Prize, 1886, says: "I unhesitatingly pronounce your Sight Elevator and Wind Gauge the best I have hitherto seen. Absence of play in the screw, and firm attachment to bar when drawing the line are noteworthy features. I predict that the Perfect Vernier will command a ready sale."

A Volunteer's Shooting "Kit" should comprise one of each of the following Articles, in addition to the Rifle:

1. Best Quality Leather Shooting Case, to hold Cartridges, and all accessories required on the range	\$6.20	36c.	14. White Pencil for marking lines on Bar	\$0.6	4c.
