PROGRESSIVE FARMERS MUST NOT BEAR TAXATION'S BURDEN REFORM COMING, SAYS ROWELL

Large Gathering at Princeton Shows Strong Approval of Demand That Present Gross Inequalities in Assessment Act Be Removed—City and Country in Common Fight For Justice.

PRINCETON, Ont., Jan. 17.—(Special.)—Progressive farmers are now giving a great deal of attention to assessment reform, and a striking example of this new order of things was given when a crowd of farmers attended a meeting at the opera house here to hear N. W. Rowell, K.C., opposition leader in Ontario, expound the principles of an equitable assessment law, which does not hit the wrong fellow. They cheered lustily when he spoke of the absolute necessity for a departure from present conditions, by taking the heavy burden off those enterprising farmers who work to improve their farms, buildings and soil.

Such a system, he explained, has robbed the farmers of their fair share. They toiled hard to turn the virgin forests into farms and fruit orchards and for doing so, their rightful heirs were taxed up to the hilt, while the negligent farmer and fruit-grower were bonused by another man's enterprise. To this was added the gradual depopulation of the rural districts by people who migrated to places where a more equitable assessment act was in force and where their toll would be a source of profit to themselves. The railways would have paid only their fair share had they been forced to pay land taxes on a higher equity than called for under such an act as is now in force in Ontario.

Inequalities in Taxation.
 "When I toured this constituency a little over a year ago," said Mr. Rowell at the outset. "I stated that social justice demands the removal of existing inequalities in taxation and proposed an amendment to the Assessment Act to permit municipalities to exempt improvements from taxation in whole or in part."

He spoke of the similar amendment introduced by J. A. Ellis, M.L.A., Ottawa, which met the same fate as his in the legislative committee, which body turned them down after hearing a few remarks from Sir James Whitney.

"I hoped and expected that the com-

A BIG SWINDLE SAY OPTICIANS

Efforts Will Be Made to Have Charter of Optometrical Association Revoked.

Claiming it as "some of the biggest swindles ever perpetrated on the people of this province," the opticians' section of the merchants' association will take steps to have the charter of the Ontario Optometrical Association revoked. The charge is made that not only does this association make persons doctors of optology, a title which never legally existed, on payment of a five-dollar fee, but also that they claim to have power to give these degrees by their government charter, when, as a matter of fact, the charter gives them no such powers.

This matter is to come to a head at the annual convention of the Retail Merchants' Association of Ontario, the dates for which are now announced as February 24 and 25. When this convention meets the officials are to ask the retailers of the province as a whole to back them up in a fight to have this degree-conferring association canceled by the Ontario Legislature.

HUMBER RIVER ICE WENT OUT TO LAKE

First Time in Forty Years That Break-Up Has Occurred in January.

For the first time in the past forty years the Humber River has broken up after once freezing in mid-winter. At 11.30 last night the ice in the river broke in the centre at the second bend. The pressure from up stream was too severe for the lower portion of the river, the result being that the ice was jammed up on the concrete pier under the G.T.R. bridge.

The jam, however, only lasted a few moments, and the ice soon rushed out into the lake. The ice was six inches thick, but no damage was done so far as can be learned.

CANADIAN NAVY PLAN FINALLY ABANDONED?

That Cash Contribution Is to Be Permanent Policy of Government Is Impression at Ottawa—West Indian Treaty Will Be to Fore Next Week.

OTTAWA, Jan. 17.—(Special.)—The principal point of interest in the debate in the house of commons today centred about the question asked by H. B. Morphy, the Conservative member for South Perth: "If Britain rules the sea, what is the use of Canadian navy?"

"This enquiry and the tenor of Mr. Morphy's speech following upon the speech of W. F. Cookhath, delivered yesterday, gave color and currency to a report now freely in circulation that the policy of contribution is to be the permanent policy of the Borden government. It was Major Sam Sharpe of North Ontario who reminded the house this evening that no private member was authorized to disclose the future policy of the government.

"I, myself, hope," he said, "that the permanent policy will be a Canadian navy, but I stand where I stood in 1910 when I voted for the Block amendment, which required the whole question to be submitted to a plebiscite. Just now I favor not two, three or four Dreadnoughts, but whatever is required to meet the demand of the hour. Any permanent policy in my opinion should not be entered upon unless by a referendum."

West Indian Treaty.
 When the house assembled this afternoon, Hon. George E. Foster announced his departure for Australia on Feb. 1, and asked the house to take up the West Indian treaty and some of the estimates of the trade and commerce department, on Thursday and possibly Friday of next week will be taken up with government business other than the naval bill, and Mr. White has pre-empted Tuesday, the only other government day in the week, for the second reading of his bill to revise the Bank Act. This means that the naval debate will go over until the week after next.

This truce or hiatus, whichever it may be called, is said to be dictated first by the desire of the government to get an agreement consented to by which the naval proposals can get by the resolution stage, transferring the future debate to the motion for a second reading.

Friends of Ireland Send Congratulations

WASHINGTON, Jan. 17.—(Can. Press).—A resolution congratulating the British House of Commons and the Irish people upon the passage of the Irish home rule bill by the house of commons was introduced in the house today by Representative Goodwin of Arkansas. The resolution declared that Irish "struggles for freedom have appealed to all true Americans who love freedom," congratulated the people of Ireland and the house of commons upon the passage of the home rule bill, and directed the secretary of state to forward copies of the resolution to Premier Asquith, John E. Redmond and Augustine Birrell, chief secretary for Ireland.

A cablegram was sent by Representative Donohue of Pennsylvania to John E. Redmond, the Irish leader, congratulating him for "friends of Ireland in the American Congress" upon the passage of the bill.

WILL RESIGN IF ACCOUNTANT IS CHARGED WITH STEALING PLANS ARE BLOCKED

Principal McKay of Technical School Could Get Ten Thousand Dollars a Year in Another City But Stays in Toronto Because of Interest in Work.

If the plans for Toronto's two million dollar technical school building are blocked Principal McKay will resign. Insiders were well aware that in the exchange of McMaster University they have a much sought after ten thousand dollar a year educationist of international repute, whose emolument here is no factor in retaining his services, which are in keen demand elsewhere.

The committee on the plans met yesterday afternoon and decided that no reduction in the capacity of the building was possible, and that it would only be adequate for the central portion of the city. They will be prepared to challenge an examination on behalf of the board of control by the city architect.

The demand for the school on the irreducible minimum scale, drafted by Principal McKay, was unanimously endorsed at the committee meeting by the representatives of the board of trade, Manufacturers' Association, board of education and the Ontario department of education.

The only method of cheapening the edifice would be by the selection of inferior types of brick and tiles, and this was decided against.

TEN MILLION DOLLARS WILL BE VOTED FOR AGRICULTURE IS BURRELL'S ANNOUNCEMENT

Bill to Be Introduced at Present Session Will Provide Largest Lump Sum Ever Proposed For Aid to Farming in Canada by Instruction in Agriculture, Including Work in Veterinary Colleges.

OTTAWA, Jan. 17.—(Special).—Hon. Martin Burrell, minister of agriculture, tonight gave notice of a bill which he will introduce providing that the large sum of ten million dollars be appropriated for the purpose of aiding agriculture.

The resolution will be introduced in the house next week, and is as follows:

"That it is expedient to provide that a sum not exceeding ten million dollars be appropriated and paid out of the consolidated revenue fund of Canada during the period of ten years, beginning with the year ending March 31, 1914, for the purpose of aiding and advancing the farming industry by instruction in agriculture, including the work carried on by veterinary colleges."

HYDRO COMMISSION REFUTES SENATE COMMITTEE REPORT

Statement Issued Showing in Detail How the Surplus For Last Year Was Obtained—Further Reduction of Rates Will Save Municipalities Hundred Thousand Dollars.

The Ontario Hydro-Electric Commission comes out with another answer to the misleading statements by the New York State Senate Committee. This one is even more effective than those previously issued, by reason of the fact that figures are given to prove how utterly in the wrong were the "young gentlemen from New York" who came north for fish under the guise of obtaining facts about the Hydro-Electric system. These figures, which appear below, give a full account of the amount of power used, the operating and administration expenses and how the surplus of \$55,166.45 was obtained. It was stated by the New York senators that the Hydro Commission did not include administration charges. Herewith are given detailed expenditures on operation, showing the amount of administration and general expenses, as well as operating and maintenance charges and interest on capital cost.

Owing to increased loads on the Niagara system in the last three months of operation, the commission found it advisable to revise rates, as published, which will have the effect of making a reduction to municipalities of over \$100,000 during the present fiscal year.

BLOWN ON LAKE ON HEAVY RAFT

Septimus Hicks Had Exciting Experience This Morning Before Being Rescued by Friends.

After being blown five miles out in the lake shortly before midnight last night, Septimus Hicks, son of O. L. Hicks of Humber Bay, was rescued from a raft off Ellis avenue, suffering greatly from cold and exposure. When the ice commenced to go out from the Humber River last night Hicks took the large raft used by Grand Trunk workmen when they were erecting the new Humber bridge, and attempted to rescue some of his boats. The heavy ice caught the raft and carried it out to the lake. Some of Hicks' friends, who were in his father's pavilion at the mouth of the Humber, heard faint shouts coming from about two miles out in the lake, and knew that Hicks had been blown out. As he had no oars, it was feared that he would be carried so far into the lake that he would perish from cold and exposure.

All the gasoline launches had been pulled high and dry for the winter, and Robert Orr went out in a canoe, with a lantern. After searching the lake for an hour or more, Orr discovered that the wind had carried the raft in to shore, and a search party who went along the Lake Shore road rescued Hicks opposite Ellis avenue.

Planned a Trip.
 "I was out to dinner with Barker a week ago," said a member of the firm to The World last night, "and at that time he spoke of taking a trip to California. I admire him very much, for he is certainly clever. We don't wish to send him down now either. All we want is to recover the money."
 George F. Bell says that Barker was not a fast living man, but he is certain that he had been playing the ponies for some time.
 He had no idea where the money was and could not say whether any of it would be recovered.

TORONTO WINS FROM STANDARD BANK

Lawson Roughed It But Toronto Was Always Best—Commerce Shut Out Sterling—The Details.

It was a bargain night at the Arena last night when the Bank League played a double-header for the fans. The first fixture brought Commerce and Sterling together. Both teams were lacking in real hockey ability, and what little there was to choose between them was awarded to Commerce, who were the victors, 4 to 1.

The second game provided a real treat, with Toronto and Standard Bank. Both clubs had O.H.A. players on their line-up, and it was a merry battle from start to finish. It closed well with local senior hockey, Toronto had the team play and won 5 to 1.

O. K. Lawson, the Parkdale defence backer, was a standard greater, and showed the only thing he did well was to trip and slash. It was an exhibition of poor opportunity and the crowd, however, well-deserved respect. Jack Brown, the T. H. and A. A. right wing, performed at his best, and Lawson started his bad acting when Jack made him look foolish with his pretty attacking.

Toronto had a nice combination, and backed up by a good defence, had the better of the play. Brown and McInnes were the stars of the forward line. After Lawson started in to play, Brown Toronto found it easy to get into, and by his in the first half, and the only goal of the second half went to Toronto.

From the beginning Queens became the aggressors and put their opponents on the defensive, scoring three goals before McGill seemed to get going. During the last ten minutes of the game McGill struck their stride and scored two goals, leaving Queens with the advantage of one on changing ends.

The facts in this case are these: He was employed in a hotel last summer as a clerk. In the hotel was a swimming pool, and he was in the habit of swimming there frequently. The charge on which the A.A.U. took action was that Sanville was employed to instruct swimmers. This summer he has swum in the pool at the hotel, and the university authorities have swallowed A.A.U. decisions without a murmur.

What their steps mean is that Sanville is permitted to take part in intercollegiate swimming. The facts in this case are these: He was employed in a hotel last summer as a clerk. In the hotel was a swimming pool, and he was in the habit of swimming there frequently.

Among the acts of the N.Y. State box commission at the first meeting under its new organization was the disqualification of James Willard, the latter being charged with having used a heavy weight from boxing again in his fight with Buffalo A.C. U.C.C. TRIUMPHED OVER ST. MICHAELS

Beat Green Shirts in a Thrilling Battle—Score Tied Up Repeatedly—Several Stars.

Upper Canada secured a 4 to 3 victory over St. Michaels yesterday afternoon at the Arena in the second game of the Bank League. Both teams played grand hockey and from an spectators' point of view it certainly lived up to expectations. It was a very hard game to watch, and the play was fast and furious until the last quarter of the game.

The game opened with a rush and never let up for the first ten minutes. Several goals were scored, but the play was so fast and furious that the players moving at all times. Time after time the score was tied up, and the play was so fast and furious that the players moving at all times.

Varsity Stages Double Header

Juniors and Seniors Play at Arena—T.C.C. and Frontenac Their Opponents

Varsity will stage a double-header this afternoon at the Arena. At 1 o'clock the juniors will tackle the T.C.C. and at 2 o'clock the seniors will play Frontenac.

The T.C.C. goal is to win the championship, while the juniors will be out of it for the season. Both teams have victories to their credit over District teams.

The seniors will probably line up as follows: Goal, Levesque; rover, Matthews; centre, Catto; right, Webster; left, Hutchings; rover, Harvey; rover, Sproule.

The senior game brings their O.H.A. team and Frontenac together at 2 o'clock and a rip-roaring battle will take place. Both teams have been beaten by St. Michaels and are out to grab second place.

The following are Kingston players left for Toronto last night: Connors, Nicholson, Hyland, Crawford, Larler, Reid, Hughes and Millan. Melkie, who is suffering from a cut over the eye, will not play.

The first game of the Junior O.H.A. District No. 1 was played last night on Baracas' floor, when the home team defeated All Saints by 2 to 1. The teams lined up as follows:

All Saints (14): Woolnough and Findlay forwards; Pitts, centre; Moran and Thayne, defence. Referee, Gribble.

An Intermediate Inter-association game was won by Baracas, who defeated Gormicks by 4 to 1.

Cobalt, Nipissing Leads. O'Brien tonight, in a pleasing defeated League by four to three. The ice was very hard, and the play was fast and furious. The spectators were kept on their feet most of the time. Both teams used more combination play than usual, and the result was lightning hockey.

CHAMPIONS TACKLE INDIANS AT HOME

Tecumseh and Quebec Play Return Game at Arena Tonight—Joe Hall and Harry Smith Unable to Play.

Everything points to a battle royal to-night when Quebec and Tecumseh meet at the Arena. For weeks the fans have been waiting to see the champions, and the Ancient Capital squad have also been waiting some little time. Ever since the Indians downed them in their own back yard, Quebec have been hovering for revenge and they are coming tonight, hoping to take a fall out of the locals.

Both teams are natural rivals, and the fact that they will figure on the large surface at the Arena adds a little bit on them in that quarter. Quebec will line-up minus their wing, Steve Taylor, who will be replaced by the Toronto fans will have to be disappointed as the famous player is still on the penalty list. The team will be practically the same as played in Canada. Jack MacInnes will be in the wing, and some of the rail birds will remember him. He practised with the Tecumseh earlier in the season. Steve Taylor, who was the same as played in Canada. Jack MacInnes will be in the wing, and some of the rail birds will remember him.

Quebec: Goal, Moran; point, Mummy; cover, L. C. March; rover, L. C. March; rover, Tom Smith; left wing, Marks; right wing, Tom Smith; centre, G. McNamara; cover, H. McNamara; point, Vair; right wing, Throp; left wing, Corbett. Referee, Dr. Wood, Toronto.

Joe Hall and Harry Smith are unable to play. The referee is having a grand time of it these days, and in getting all kinds of publicity. The officials appointed for today in the N.H.A. are:

At Toronto—Quebec at Tecumseh: Dr. Wood of Toronto and J. T. Brennan of Montreal.

At Montreal—Toronto at Vandorers: Harvey Pulford of Ottawa and Reg. Ferri of Montreal.

At Ottawa—Canadians at Ottawa: Lou Marsh of Toronto and Eddie Phillips of Ottawa.

As March has been selected to handle the Kingston Frontenac-Varsity Senior O.H.A. game here, he was obliged to decline the N. H. A. position.

Fred Waggoner has had a very strenuous week, just since games and two very rough ones, at that, it looks like a record. Yesterday he refereed the O.H.A. game between the Hamilton and the Hamilton-Burlington teams.

Last night he acted at the two bank hockey games, and showed that he was a real pro. That's a pretty good start. Illey, Heron, the Montreal referee, left here last night for Cleveland, where he will referee a game between the Montreal Stars and a City League team.

A patent heater and ventilator to warm the box seats and carry out the smoke and fog of the ice was tried out at the Arena yesterday. It was furnished by Mr. Frame of the Hydro-Electric Company. It certainly shoots the smoke and fog off the ice.

Toronto left last night for Montreal, where they play Vandorers today. The blue and white took the following players: Goal, Moran; point, Mummy; cover, L. C. March; rover, Tom Smith; left wing, Marks; right wing, Tom Smith; centre, G. McNamara; cover, H. McNamara; point, Vair; right wing, Throp; left wing, Corbett.

Alex. Curry of Ottawa, who played with Halsey last year, has joined the Vandorers at this week.

Payan will turn out with the Canadians today, when they meet Ottawa.

Queen's hockey team will go to Montreal to play McGill on Saturday. The team will line-up as follows: Goal, R. Smith; point, Blacklock; cover, Moxley; left centre, McKinnon; right, W. Smith; wings.

EATON'S

Men's Odd Coats, Vests and Trousers

A money-saving event that happens but twice a year. The great clearing of Odd Coats, Vests and Trousers for men is an incident of stock-taking days, and an occurrence that is eagerly awaited by the many who have benefited by the great savings in former sales. Before the day set apart for stock-taking, every suit in the entire department has to be matched up, and after this the odds which have been accumulated during the six months' selling are marked at a price to insure quick clearance.

This season the offering is even better than usual, and affords an excellent chance to save money on clothing needs. The coats are in single-breasted styles, well tailored in every way, and are in a great choice of tweeds, worsteds, and navy blue serges; patterns and colors too great a variety to mention here. Sizes in the lot 33 to 44. Oddment Sale price 3.90

Vests, in tweeds and worsteds. Each 90

DR. NELSON'S MEMORY HONORED IN NEW YORK

Canadians in Gotham Attend Funeral Services Over Distinguished Physician.

NEW YORK, Jan. 17.—(Can. Press.)—The Canadian colony in New York was largely represented at the funeral services held today in Calvary Episcopal Church over the remains of Dr. Nelson.

Dr. Nelson, physician, author and sanitarian, whose body was taken to Montreal tonight for burial in the Nelson family plot at Sorel. Mr. and Mrs. Atherton Harlan, son-in-law and daughter of the deceased, accompanied the remains on the journey to its last resting place. They, with Mrs. Nelson and other relatives, were the chief mourners at the service.

The pallbearers were Francis Lynde Steaton, George Massey, Harold W. Buchanan, Henry C. Hunter and Frank W. McLaughlin.

Courtesy Walter Bennett, his majesty's consul general, who was an old friend of the departed doctor, was presided at the last moment by official business from attending, and was represented by John Gresham, chancellor of the consulate. Rev. Dr. Charles A. Eaton, president of the Canadian Society, was present with the following ex-presidents: Dr. J. J. MacPhee, Dr. A. C. Humphreys, and William J. Evans. The British Schools and the Graduates' Association were also largely represented.

SNEAK THIEVES STEALING COATS

Musical Students at Toronto General Hospital Have Lost Valuable Wearing Apparel.

CHURCHES ALSO VISITED

Many Complaints Have Been Made to Police, But Coats Have Not Turned Up.

Within the last few weeks five overcoats belonging to medical students have been stolen from the old general hospital on Gerrard street. The coats were all new and of the latest cut and were worth some money. One coat, which belonged to a Parkdale student, was a black beaver with muskrat lining and a fur collar. He paid \$15 for it. Detective Twigg was notified after the cloak room of the hospital was looted, and for a number of days the second-hand clothing stores were watched assiduously, but the coats did not appear.

Last Sunday night, after the benediction in Parkdale Methodist Church, one of the choir members found that while he had been singing someone had entered the church and walked off with his coat. The choir of Westminster Church has been well "worked" by sneak thieves for the last two or three years. The medical students claim that at the General Hospital they have absolutely no protection for their coats. There is a cloak room for the students, but the door is always open and there are no individual lockers. A number of students have been splitting for the equipment of the new General Hospital, and the hospital board has decided to comply with their wishes.

MR. VICTOR ROSS of The Globe, who was successfully defended by Mr. J. S. Duff yesterday, following the injuries sustained in the automobile accident in last week's issue, was killed. Dr. Bruce performed the operation.

ASSESSMENT ACT MAY BE REVISED

Hon. J. S. Duff Tells South Simcoe Conservatives Proper Interpretation of Law Should Settle Grievances.

COOKSTOWN, Jan. 17.—(Special.)—The naval policy of the Borden Government and the administration of provincial affairs, the Whiskey Cabinet received a hearty endorsement at the annual meeting of the Liberal-Conservative Association of South Simcoe, held in Cookstown this afternoon.

The gathering was one of the largest held in many years by the association, and was attended by prominent Conservatives from the neighboring constituencies. Among the speakers were Hon. J. S. Duff, Alex. Ferguson and W. A. Boyd, and hope that they may be long spared to discharge their duties as our representatives.

Hon. Mr. Duff speaking with regard to the tax reform question, stated that some papers had erred in reporting the deputation, which recently waited upon the ministers. He stated that it was the intention of the government to try the scheme of sending out circulars to the various assessors giving full instructions regarding the present law, with the regulations of the act, and by thoroughly acquainting each of them with the regulations of the act, he believed that all trouble would be eliminated. If it did not prove satisfactory, then the government would consider the revising of the act.

The following officers were elected for the coming year: President, J. J. Banting, Cookstown; 1st vice-president, H. G. Robertson, Barrie; 2nd vice-president, W. A. Bell, K.C.; adjutant, Dr. J. S. Duff, K.C.; secretary, W. M. Dinwoody, Cookstown.

PROVERB CONTESTANTS SOON TO KNOW WINNERS

Examining, Checking and Filing the Many Thousands of Proverb Sets Soon to Be Completed.

The work of picking the winners in The Toronto World's great \$5000 Proverb Contest is nearly completed, but it must still be some days before the successful contestants can be made known.

Practically 19,000 sets of answers were sent in in this great contest, and, naturally, the work of examination is a slow and tedious task. Great care has been exercised by the examiners to prevent errors from creeping into the work, so that at the close those who are adjudged the winners will have won fairly.

Contestants need have no fear that their answers will be penalized or marked wrong where the correct answers are included. However, thousands of competitors have been put out of the running on account of submitting but one answer to a picture. These contestants seem to have failed to follow the contest closely, and consequently they should be fair now when they discover that they have missed the wording of some of the extremely easy problems.

Every contestant was duly informed from time to time thru the contest stories and special announcements, and through the published rules, which appeared nearly every other day, of the privilege to use five answers to each picture. Liberal allowance was also made in allowing contestants to incorporate the same meaning upon one and the same coupon, and contestants who have submitted their answers in this form, and where the correct answer is given, have been given full credit. Because contestants failed to study the rules closely, which they were so often advised to do, or because they did not read the contest carefully, or because they failed to avail themselves of the liberal privilege extended, is no fault of the Contest Department, and contestants should blame no one but themselves.

Many sets of answers have also failed on account of the trifling mistakes in spelling and punctuation. Many of these contestants seemed to think that it was only necessary to submit a proverb rather than to be punctual and accurate in their writing.

Thompson's letters commenting upon the Proverb Contest as one of the most interesting and entertaining with the sets of answers.

Installments of the correct answers will continue to appear daily, and contestants should watch The Daily World closely for announcement of the winners which will be published.

Men, Brace Up!

Would you like to have your friends point to you as they used to do and say: "There goes a strong man." Do you not wish your eyes to be so dimly lit, your step so firm and your form so erect that men and women will admire you and remark your many bestialities? These are the thoughts uppermost in the minds of modern men—physical and mental. Learn how to brace up and get the most out of life.

Dr. McLaughlin's Electric Belt

You will never know what a grand power electricity is until you feel its genial, glowing warmth penetrating every part of your body from my Electric Belt. All night long it pours a steady stream of electricity into the nerve centers, saturating the weakened tissues with life. This is strength. From it comes the vim, the energy, the fire of perfect physical and mental action. It renews the health and happiness of all men.

Dr. McLaughlin's Electric Belt

It not only restores vigor and increases nerve power, but it cures rheumatism, neuralgia, sciatica, indigestion, constipation, and all troubles which result from weakness of any vital organs. Electricity is life to the nerves and organs of the body. They cannot live without it. Get back the power and make yourself a man among men.

Brazilian Up Again---Mining Stocks Are Active and Strong

WHEAT LOWER ON GOOD CROP OUTLOOK

Needed Moisture in Winter Wheat Belt Factor in Down-Turn--Heavy Receipts of Corn.

CHICAGO, Jan. 17.—Local grain markets declined again today, while provisions gained slightly. At its best today wheat was nearly a cent under yesterday's top and generally ruled under the previous close. A report of 40 bushels sold at Manitoba and Duluth for export helped the early price to the highest of the season, but this gain was only momentary. Prices slumped heavily on moisture in the winter wheat country, indifferent to a heavy spot market and a cables estimate that the Argentine will have 160,000,000 bushels to export to Europe. Exports from that country were freely offered to arrive here at the opening of navigation at 1-2c under May.

Wheat—There was good activity in wheat at times today, but on the whole the volume of trade was lighter than for a couple of days past, and there was no such bearish demonstration as at times as many in the trade expected. Bottom prices of the day were made on selling caused by a direct cable from Argentine raising exportable surplus to 160,000,000 bushels. There was a confident tone on the buying side at the close.

Chicago Gossip

Wheat—We continue to feel friendly to the long side of wheat on the weak spots, such as occurred today, when prices from the high point of yesterday to the low point of today showed a decline of 1 1/2c per bushel. We are inclined to look for a decrease in the visible supply on Monday.

Oh, the Joy of a Well Equipped House

Not merely handsome in build, carefully planned and suitably furnished—but one that is provided with the hundred and one tools that make the housework a pleasure instead of a burden.

The January Basement Sale offers not only every needed article for kitchen, laundry and cellar work, but in most cases several different kinds, to allow you to suit yourself in their selection—and every price is special for Monday.

Popular French China

Limoges is always sure of appreciation. We can show it to you in an amazing variety of decorative effects, from the most dignified conventional borders with heavy gold to the gay little floral spray designs in chaste colorings. Alas, that china should ever break! But when it does, perchance you will find here a new love so enticing in beauty you will be resigned to your loss. For Monday we make a list of price deprecations that will gladden many a heart grieving over china "losses."

The Sale of China

A careful study of your china needs will perhaps make this list welcome, or at least will give it the force of a reminder that during the sale now in progress each day brings new lots up for special pricing.
