LEMIEUX AND MONK MARK STORMY SCENE IN HOUSE

**Bitter Recrimination Across
 Floor of the Commons
 Follows Attacks by
 Former Minister on Civil Ser-
 vice Dismissals—Commons
 Stirred to Tumult by Fiery
 Language.**

OTTAWA, Jan. 26.—(Special.)—Con-
 fusion reigned supreme at several
 stages of this evening's session of par-
 liament, when the house was in com-
 mittee of supply on the public works
 estimates for Nova Scotia.
 Hon. F. D. Monk and Hon. R.
 Lemieux shouted defiance at each other
 across the chamber. The minister of
 public works shook his fist at the ex-
 minister, who denounced the minister
 of public works as a "Marat," who de-
 manded hundreds of heads to purify
 the country.

At another point of the debate when
 Mr. Monk denied that an appointee
 named Chauvin was his relative, Mr.
 Lemieux retorted: "O, he would deny
 anything. He would deny his own
 fish and blood."
 Members were shouting wildly and
 the chairman had twice to interfere.
 In the fiercest passage at arms between
 the ex-postmaster-general and the
 present minister of public works, the
 latter shaking his fist at Lemieux,
 shouted: "I owe that to a different sort
 of man from you," and when Lemieux
 appealed to the chair, he retorted, "It's
 the only sort of language that suits
 you."

Talked Dismissals Again.
 Hardly had the house got into sup-
 ply at the evening session, when the
 opposition was in full cry again on
 the subject of dismissals. The only
 argument of the government, said J.
 P. Sinclair (Guysboro) seemed to be:
 "You were rotten in 1896 and we are
 going to be rotten now."

The first storm raged about the dis-
 missal of a janitor in the postoffice at
 Canis, N. S., named Sutherland, on
 five days' notice. Mr. Sinclair read a
 letter from the man who sought the
 job and got it, named Piche, charging
 Sutherland with active partisanship.
 He also read a letter from the de-
 feated candidate in the constituency, who,
 he averred, had not only recommended
 Piche and had not laid a charge against
 Sutherland.

Hon. F. D. Monk said the man had
 been dismissed on the request of the
 M. P.'s of Nova Scotia.

G. H. Bradbury (Selkirk) reread the
 letter from the defeated candidate, Mr.
 Rawlings, showing that the latter en-
 dorsed the charge made by Piche.

Quibbling, Says Bradbury.
 Mr. Sinclair: "He made no charge
 against Sutherland."
 Mr. Bradbury: "That's splitting
 hairs."

Hon. L. P. Pelletier carried the war
 into the enemy's country by offering
 to give the names of men dismissed
 by the Laurier government with the
 recommendation of Mr. Sinclair, no
 specific charges being made.

"You can't do it," shouted Mr. Sin-
 clair.

"I can, and I'll do it as soon as you
 will," retorted the M.P.

"Do it now," chorused the Liberal
 members.

"Do you want me to go over to the
 department to get the papers?" en-
 quired Hon. Mr. Pelletier.

"Yes," yelled the opposition in
 chorus.

"I can't do it now," said Hon. Mr.
 Pelletier; "the department is locked
 up."

WOMAN WHO ADMITTED GUILT HELD BLAMELESS

**Jury Exonerates Maude Gilbert,
 Who Confessed to Smothering
 Her Child.**

That the days of chivalry are not yet
 to be reckoned with those of the past,
 would seem to be shown by the ver-
 dict of Coroner W. A. Young's jury sit-
 ting at the morgue last night. The jury,
 notwithstanding that Maude Gilbert
 had admitted that she had got up in the
 night and smothered her nine months'
 old son because she had been driven to
 distraction by his cries, and also by
 brooding on how she was to support it
 and herself, exonerated her from all
 blame in the matter. Their verdict
 was:

"That Frederick Edward Gilbert
 came to his death at 25 Augusta-ave.,
 on Jan. 14. That the death of the afore-
 said Frederick Edward Gilbert was
 caused by suffocation. That the
 mother of the aforesaid Frederick Ed-
 ward Gilbert is in no way to blame
 for the death of her child."

LD RUSH ON IN MANITOBA

**Prospectors Are Pouring In From the
 United States, and Excitement
 Runs Fever High.**

MINOTONAS, Man., Jan. 26.—(Can.
 Press.)—One hundred more gold pros-
 pectors arrived last night from scat-
 tered points in the United States and
 Canada. Winnipeg wires that 300 more
 are leaving to-day. Not much pros-
 pecting is doing, only a wild desire
 to stake, regardless of location. The
 private car of R. Mackenzie is here
 with his mining expert from California
 and several others. They left at day-
 break for the scene of action with the
 necessary equipment. Several are look-
 ing for residential and business sites
 and the stamped is on in earnest, with
 all public buildings full and men lying
 all night on floors like sardines. Ex-
 citement and crowds are increasing
 every hour.

Already the Americans, enterprising
 as usual, have joined the rush. Among
 the American vanguard is Robert A.
 Long, for thirty years a business man
 of Dayton, N.D. He left his family to
 join the rush. There are many more
 coming, he said.

Whether Minotonas is a gold field or
 not, the rush is real and earnest.

HEARTY CHEERS GIVEN DUKE ON DEPARTURE

**Governor-General Commented on
 Warm Hospitality—Hopes to
 Make Another Visit.**

NEW YORK, Jan. 26.—(Can. Press.)
 —As he boarded his private car at the
 Grand Central station to-night for re-
 turn to Ottawa, after five days' enter-
 tainment in the United States, the
 Duke of Connaught, governor-general
 of Canada, and uncle of King George
 V., turned to Ambassador Reid, who
 has been his host here, and said:

"We were very much impressed by
 the hospitality of your people. We
 were treated royally by the press and
 the public. The duchess and myself
 are very grateful to the people of New
 York, and we shall look forward with
 great pleasure to another visit. Our
 visit this time seems to have been too
 short."

The duke's party, including the
 duchess and the Princess Patricia,
 Lieut. Col. Lowther, Captain Rivers-
 Bulkeley, Miss Pelly, lady-in-waiting,
 and eight servants, with thirty trunks
 and sixty hand-bags, arrived at the
 train gate fifteen minutes before sched-
 ule time and before the police detailed
 to guard their departure had arrived.
 A large crowd had gathered near their
 train, but it was altogether respectful
 and the station guards had little diffi-
 culty in controlling it. Repeated cheers
 were given to the royal visitors and the
 duke each time raised his hat in ac-
 knowledgment. Just as the train
 whistled for departure, the duchess and
 her daughter, the Princess Patricia,
 and Mrs. Reid and all the mem-
 bers of the party waved their hands as
 the train drew out at 7.40 p.m.

Robinson was an Englishman, 40
 years of age. He was a single man
 and is not known to have had any
 friends or relatives in this country.

LICENSE REDUCTION STANDS.

KINGSTON, Jan. 26.—(Special.)—The
 record into the ballots cast at the vote
 on the liquor license reduction before
 Judge Price resulted in a majority for
 the temperance people of 50, while the
 official returns gave a majority of 100,
 but the real gain by the temperance
 had already stated that in his pool he had
 made a return of 50 for the by-law and 10
 against, while it should have been the
 reverse.

BIG FUR SALE.

The sale now on at Dineen's, 140
 Yonge-street, offers some tempting bur-
 gains in every line of fur garments.

 Lamb and Hudson, electric and Alaska
 seal and in sables of different kinds at
 greatly reduced prices. The object of
 the sale is to reduce the stock now on
 hand before stock-taking which is sit-
 uated for February the first. Anyone de-
 siring high-class furs at a low price
 could not do better than visit Dineen's

 10 o'clock Saturday night.

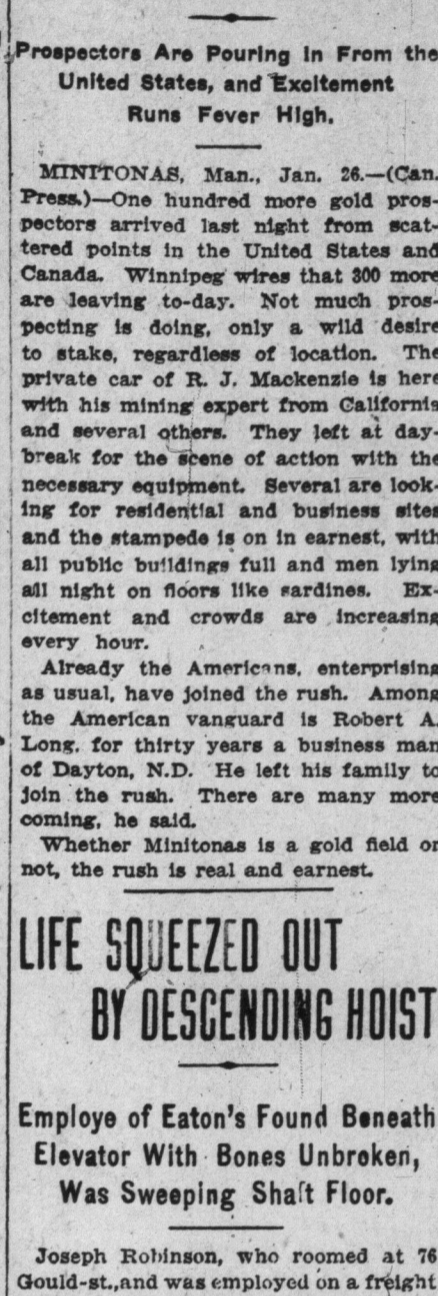

"The Servant in the House" Coming to the Princess.

This play, which has been presented
 here before with Mr. Power as "Bob"
 the drain-man, is a play of the period
 for all periods. It is an all national,
 modern and unaffected reminder that
 the teachings of the Christian religion
 as expounded by its founder rest on
 the simple logic of common sense.

CONTROLLERS' TRIO.

Three children sliding on the ice
 on a summer's day.
 As it fell out they all fell in.
 The rest they ran away.
 Now had these children been at
 home.
 On going on dry ground,
 Ten thousand pounds to one penny.
 They had not then been drowned.
 Good people all who children have,
 And you too, who have none,
 If you would have them safe abroad,
 Pray keep them safe at home.

CAN ALLIANCE STOP WITH SUNDAY SLIDING

**To be Consistent They and Council Henchmen Must
 Abolish Other Sabbath Pastimes is Feeling of Citizens
 —Secretary Rochester Shows Signs of Weakening.**

By order of a spontaneous outburst
 of indignation on the part of thousands
 of citizens, a most vigorous and wide-
 spread protest is being and will con-
 tinue to be, exhibited against the by-
 law now before the civic council to
 prohibit Sunday recreation in the form
 of tobogganing. It is expected that
 the meeting called for Wednesday night
 will meet with such approval that
 thousands of people will be unable to
 gain entrance and that the members of
 the council will begin to realize in its
 full force, that the opinion of the
 masses is worthy of more con-
 sideration in one hour than the
 Lord's Day Alliance should be given
 in twelve months. If it is such
 a terrible soul-cursing crime to slide
 down an incline during the handful of
 Sundays, which afford this pleasure,
 what will become of the ungodly who
 dare to steal a waft of the gentle
 zephyr breezes fluttering over the
 waters to the south of the city? Surely
 something will be the reward, but for-
 tunately it will most likely be health.

Quite Enough Protest.

Rev. W. M. Rochester vowed over
 the telephone last night that his Sun-
 day observance alliance would not in-
 terfere with the water lovers. All that
 is troubling the alliance crowd is to
 save the people from a little recreation
 during four or five winter Sundays, de-
 spite the fact that they have the ma-
 jority of members in council and there-
 fore if left to city fathers should be
 able to carry any fantastic notion.

Open Sunday Decried.

The movement on foot is far from
 one which would introduce an open
 Sunday; all that is sought is freedom
 in matters pertaining to personal af-
 fairs. An open Sunday would meet
 with equally as much opposition, if
 not more, than the scheme at the city
 hall to compel citizens to huddle
 around the fireplace of a Sunday in-
 stead of enjoying the bracing winter
 air. The whole matter is simply a
 question of living in the bondage of
 the old Jewish dispensation or in the
 liberty of the gospel of common sense.

STEP TOWARD IMPERIALISM

**Closer Trade Relations With
 Australia and West Indies In
 Sight—Ames Urges
 Action.**

OTTAWA, Jan. 26.—(Special.)—Two
 important announcements were made
 by Hon. George E. Foster at this af-
 ternoon's session of the house of com-
 mons. A proposition had been made
 in writing to the minister of trade
 and customs of Australia, he stated,
 which he hoped would result in a con-
 ference on the improvement of trade
 relations between the countries, be-
 tween members of the two govern-
 ments, or at least between special
 commissioners.

He also stated that a cable had been
 received saying that it had been de-
 cided that commissioners from the
 West Indies and British Guiana would
 come to Ottawa on March 27 to dis-
 cuss improved trade relations and com-
 mercial matters.

H. B. Ames (Montreal-St. Antoine)
 gave an admirable exposition of the
 case for "imperial reciprocity" with
 Australia, founded on the fact that
 the seasons were mutually exclusive
 and the respective products of the two
 countries were mutually exclusive.
 Political conditions in Australia now
 made the time a good one to seek a
 preferential arrangement.

DAUGHTER, NOT MOTHER, WAS WIFE OF BREWER

**Sensational Affidavit Offered in
 Winnipeg Case, Which Caused
 Sectarian Bitterness.**

WINNIPEG, Jan. 26.—(Can. Press.)—
 "It was a dirty case and a dirty
 man has been made of it, inasmuch as
 it is a dastardly attempt has been made
 to injure St. Boniface Hospital and
 to slander the Sisters of Charity and
 the Catholic Church and authorities."

In the above strong language F. W.
 Russell, a prominent German Catholic,
 characterizes in a letter addressed to
 the board of control the now famous
 Ne Temere Brewer case, in which it is
 alleged a Catholic wife was prevented
 from seeing her husband in the St.
 Boniface Hospital when at the point
 of death because the parties had not
 been married by a Roman Catholic
 priest and were therefore held by the
 church to be living in adultery.

Daughter is Lawful Wife.
 Mr. Russell supports his contention
 with an affidavit of Lucy Brewer, who
 claims she is the lawful wife of Brew-
 er's connection with the case is that
 daughter of the woman who claim-
 ed to be Brewer's wife and was re-
 fused access. The board of control's
 connection with the case is that re-
 cently the board of control was ap-
 pealed to by local Orangemen to stop
 any city aid to St. Boniface Hospital on grounds
 of the same Brewer case. It was ex-
 plained that the city did not contribute
 other than the statutory contribution
 per capita of city patients in the hos-
 pital and thereupon the Orangemen
 dropped the matter. Mr. Russell now
 comes forward to say that if he had
 pushed it this affidavit was ready for
 them.

Mother Imprisoned.
 Lucy Fortier avers she was married
 to Brewer in October, 1904, while her
 mother was undergoing a six months
 term in Brandon jail, her mother being
 Mrs. Philip Fortier, daughter of the
 late John Fortier, a well known
 lawyer on the day the sentence started.
 After the term expired her mother re-
 turned to Brewer, who put away the
 statement, his lawful wife, Mr. Rus-
 sell says it was in knowledge of these
 facts that admittance was refused to
 Mrs. Philip Fortier, who had never
 been married to Brewer and in fact
 had been living with her daughter's
 husband. He implies some action may
 yet be taken against sundry parties.

HOLLINGER HAS TEN MILLIONS

**Ore Reserves Run Very High in
 Values—Work Progressing
 at Rapid Rate—Large
 Profits Looming Up.**

MONTREAL, Jan. 26.—The directors
 of the Hollinger Gold Mines to-day
 made public the report of General
 Manager Robbins. The report con-
 tains results of sampling on various
 veins, both upon the surface and un-
 derground. The estimates of tonnage
 and gold contents are based upon con-
 servative allowances for the persistence
 of values beyond the present workings.

Estimated tonnage and values:

Vein	Depth of Vein Allowed	Estimated Tonnage	Gross Gold Content
1	200 ft.	210,000	\$7,560,000
2	200 ft.	130,000	1,200,000
3	100 ft.	20,000	150,000
4	100 ft.	35,000	450,000
5	200 ft.	10,000	140,000
6	100 ft.	7,000	720,000
Total		482,000	\$10,220,000

*Surface, miscellaneous veins.
 In the aggregate, the ore bodies so
 far discovered will yield, for each 100
 feet of depth, approximately 225,000
 tons, containing a gross gold value of
 \$4,000,000, from which a net profit of
 \$2,500,000 may be expected for each 100
 feet of depth.

Profits of \$7,500,000.
 Profits during the next four or five
 years should amount to \$7,500,000, and
 should continue after that period.

Every 100 feet of additional depth
 upon the No. 1 vein below 300 feet
 will add \$2,100,000 to the profits, and
 the continuance of other veins below
 the arbitrary depths allowed will also
 add considerably to profits.

Approximately 2000 samples were
 taken, involving the chipping of 600
 feet of sample trenches. A minimum
 stopping width of 3 feet has been allowed
 and a minimum of \$4 per ton has
 been included as payable.

Assays Run High.
 The assays show:
 No. 1 vein—Surface exposure, 950 ft.,
 average width 9 1/2 ft., average assay
 value, \$2.96 per ton gold. 100 foot
 level, 1000 feet of drifting in payable
 ore, average width 8 ft., average gold
 value, \$1.54 per ton. 200 ft. level, 350
 feet of drifting, average width 9 1/2
 feet, average gold value, \$4.29 per ton.
 No. 2 vein—Exposed upon surface
 300 feet, average width 7 ft., average
 gold value \$7.00 per ton.

Cross-cut at three points upon 100 ft.
 level, proving additional length of 450
 feet. Cross-cut at one point upon 200
 feet level, 25 feet of drifting upon 100
 foot level. Cross-cuts show the fol-
 lowing:

Nationalization of Telephones and Telegraphs

OTTAWA, Jan. 26.—(Special.)—There is no doubt but
 that in due course the government will take up the important
 question of the nationalization of the telephone and telegraph
 systems of Canada. As a report is being expected from those
 enquiring into the telegraph rates of the country, there is no
 reason to assume that anything will be done until the report is
 made. This session will then not see any legislation intro-
 duced.

Hon. Mr. Pelletier referred to the matter at Eganville
 on Thursday night, and his reference had been hailed as defi-
 nite. To The World this afternoon he stated: "What I did say
 was that the nationalization of the telephone and telegraph
 was a plank in Mr. Borden's Halifax platform, and that in
 due course it would be taken up by the government."

CHILMAN IS SENTENCED TO ONE YEAR IN JAIL

Justice Teetzel Showed Clemency Because of Petitions in Young Man's Behalf.

HAMILTON, Jan. 26.—(Special.)—One year in Central Prison was the sentence meted out by Justice Teetzel this morning to J. D. Chilman, who was found guilty on January 13, of having received the sum of \$573.24, knowing it to have been stolen from the Canadian Express Company here on Sept. 23, 1911. Chilman's sentence dates from today.

When Justice Teetzel mounted the bench this morning, the courtroom was packed with Hamilton citizens, anxious to learn Chilman's fate. Chilman was placed in the prisoner's dock shortly before court opened, and appeared in a cheerful mood. Immediately after taking his seat, his lordship commenced to deliver his decision on the application made by Geo. Lynch-Staunton, K.C., a week ago for Chilman's discharge, on the ground that the prisoner was not properly convicted and for reserved cases on this and other points.

Mr. Staunton's motions were categorically denied by his lordship before passing sentence. Prisoner Didn't Flinch. Justice Teetzel asked Chilman if he had anything to say to which the prisoner quietly replied: "No, my lord." Mr. Staunton asked that sentence be deferred until an appeal could be taken, but his lordship thought it best to dispose of the case at once and imposed sentence. Chilman received the court's judgment with the same grim countenance he has shown through the proceedings against him, and was not visibly affected by his lordship before passing sentence.

Her Daughter Saved

Stricken With Acute Rheumatism—Recovery Scarcely Expected

Mrs. Dolina J. Lawlor, writing from Oxiow, Sask., says: "I would be lacking in gratitude if I did not write you and let you know of the wonderful good your Dr. Williams' Pink Pills have done for my daughter, Belle Lawlor. Indeed I think I may safely say that they have been the means of saving her life. For many years my home has been in Bruce Mines, Ont. Something about a year ago my son and daughter, then in their sixteenth year, left for the west. When leaving here my daughter was in the best of health, but in the following spring she was stricken with what the doctor said was inflammatory rheumatism in its worst form. After a few weeks she was able to get up, but her limbs were so swollen that she could not dress herself. She continued in this way for some time, and then second attack worse than the first, set in, and my son telegraphed me, as she was very low. While I was getting ready to make the trip of eight hundred miles, I got a second message to come at once, as they feared she could not live. When I reached her I found her even worse than I had expected. She was so weak and emaciated that I would not have known her, and she could only speak in a whisper. Her hands and fingers were all twisted and her limbs swollen to twice their natural size. The doctor had then been attending her for two months, and she seemed steadily growing worse. We did not dare to move her in bed for fear of her heart giving out. She was as pale as a corpse, and her lips and face always cold. We had to fan her continually, and it was ceased even for a little while she would gasp for breath, and no one who saw her thought it possible she could get better. She suffered such pain that I used to go out of the room and put my fingers in my ears to shut out her gasping and moaning. I had known of Dr. Williams' Pink Pills before of Dr. Williams' Pink Pills, and as we could gradually see her sinking I told my son I was going to give her the Pills. He was opposed to my idea for he thought a change in the medicine might prove fatal. However, it was finally decided to give her the Pills. In a week's time she showed some improvement and felt like eating. From that time on she began to gain steadily. Gradually her hands and fingers became straight, the swelling in the limbs went down, and her heart-beats became regular, and the color returned to her face, and soon the cure was complete. She is now as strong and healthy as any girl of her age, and to see her you would never think she had passed through an illness from which none of her friends thought she could recover. You have my sincerest thanks for what Dr. Williams' Pink Pills have done for my daughter, and you may be sure I shall always warmly recommend them."

HAMILTON PICTURES

Sunday World readers in Hamilton will be interested in a series of views taken by a staff photographer in that city.

We begin this week with a number of pictures of the Hamilton Fire Department, including the chief and assistant chief. One fine picture of Chief TenEyck going to a fire was taken at a camera speed of one 1300th part of a second. There is another of the high auto truck which was taken while it was going at full speed. Other pictures quite as interesting will be shown in future issues of The Sunday World.

Railway Board Sitting. The Dominion Railway Commission will hold a session in the city hall here beginning to-morrow morning. Among the matters of interest to Hamilton people to be dealt with by the commission is the shunting of cars by the Grand Trunk Railway on Ferguson-Grand Avenue. At a former session of the commission here the railway company was ordered to abate the nuisance caused by the shunting on the thoroughfare, and conditions have, as a result, been to a large extent remedied. Citizens living near the railway yards are still dissatisfied with the shunting arrangements, and to add to the company's difficulties shippers are now complaining about delays to which their goods are subjected by the railway. The company contends that the delays are caused by their shunting operations having been interfered with.

WE TEMERE WITHDRAWN? VOLLEY OF DENIALS

Roman Catholic Prelates With One Accord Brand Story as Mere Canard.

OTTAWA, Jan. 26.—(Can. Press).—"Such a thing has never been heard of here," was the official statement made to the Canadian Press at the papal legate's palace here to-day in regard to the rumored withdrawal of the ne temere decree as applying to Canada. The brief announcement was made by the legate's secretary, Mgr. Stoeni, who himself declined to be interviewed as he is resolutely taking as little part as possible in the discussion over the decree. His secretary, however, gave the assurance that if there was anything in the rumor, it was quite unknown to what is the highest Roman Catholic ecclesiastical authority in Canada.

MONTREAL, Jan. 26.—Speaking thru his secretary, Canon Ray, Archbishop Bruchet this morning issued a very positive denial of the story that was wired out of Montreal last night to the Toronto Mail and Empire to the effect that prominent Roman Catholic clergy and laity in Montreal were starting a movement with a view to persuading the Pope to abolish the ne temere decree in Canada. "It is absolutely and entirely false," was the message which the canon brought to the newspapermen from the head of the Catholic Church in Quebec. "There is not a word of truth in the story. It is a fabrication from beginning to end."

Chorus of Ridicule. Father Donnelly, pastor of St. Anthony's parish, and one of the most prominent Catholic priests in Montreal, also denied the story. "I have heard nothing of any such movement, and were any such move in progress, I would be sure to hear of it," he said. "You can say there is not a word of truth in the story."

In addition to the positive denial made to the story this morning on behalf of Archbishop Bruchet, other Catholic church heads were unanimous in declaring the story to be a fabrication from beginning to end. Rev. Father McShane, St. Patrick's, said it was absurd and foolish. Neither had Father Donnelly of St. Anthony's any faith in the story. In fact, he expressed himself as certain that it was untrue.

UNUSUAL PIANO VALUES.

It is only under special conditions that one can buy a good upright piano at the prices that are being quoted just now by the old firm of Heintzman & Co., Ltd., 193-195-197 Yonge-street. Following the week-taking they have brought into the ware-rooms a number of upright pianos of well-known makers that have been out on rental, and others, including two or three Grand pianos, that have been out for concert use. These pianos are but slightly used—none the worse for use—and, besides, have been put in first-class condition by Heintzman Company's own workpeople. They are being offered at a large reduction from regular prices and can be bought on easy terms of payment—a small amount down and small amount weekly, monthly or quarterly.

There will be no change in time of leaving North Toronto. 2412

To Encourage Teachers.

OTTAWA, Jan. 26.—(Can. Press).—Owing to the scarcity of teachers for the rural schools, the county council will present a memorial to the lieutenant-governor in council asking for changes in the educational regulations, which will enable students passing from unapproved schools to take the normal school course without passing the examinations, which are now required of them.

Besides the above mentioned veins there are 31 veins upon which no development work has been done. These have been exposed at intervals upon the surface and thoroughly sampled.

New Shaft Equipment. Permanent head gear, crusher station, hoisting plant and development plant are being erected at mouth of main shaft. Electrically driven compressor is ready to run the great shaft; hoisting work to be pushed faster than has been possible up to the present. Total underground work to date, amounting to 200,000 feet. The cost of the mill when completed will be about \$275,000, and it is expected that it will be in operation sometime in April. The crushing capacity of the mill will be about 300 tons per day, with provision in its construction for such increase as may become necessary with the cyanide plant is being constructed for a capacity of 500 tons per day. Financially, the company is in a sound condition. There are 50,000 shares of stock in the treasury, which have an intrinsic value far exceeding all requirements in Strong Position.

By the time milling operations are commenced, the company will be in possession of plant and development work costing approximately \$700,000, and ore reserves amounting to approximately \$10,000,000 gross, both of which items will be clear assets over and above any indebtedness, the treasury reserves being more than ample to offset all losses or other liabilities contracted for the purpose of completing the plant and bringing the mine to a producing state. Mr. Robbins concludes report by stating that the future of the company is positively assured. It is further officially announced that Hollinger directors are providing for the amalgamation of the Hollinger, the Miller-Middleton and the Dixon-Gilles claims, fifteen in all. Details are being worked out. Hollinger shareholders will participate in the new share issue.

MAY EXTEND TERAVUJY THRU TO DAVENPORT-ROD.

Eighteen Foot Roadway For St. Clair—New Sidewalk on King, Bay to Yonge.

The Teravujy-street extension was approved of by the board of works yesterday afternoon, but it was recommended that the job at College-street be moved up to Grenville-street, or one block further north. Ald. May made a motion that the city engineer and assessment commissioner be asked to report upon the advisability of further extending this street from Davenport-road. The motion carried.

W. S. Johnston appeared before the board to protest on behalf of the I. O. O. F. against the proposed extension of Tyrrell-avenue. He claimed it would cut off about one and a half acres of the land belonging to the lodge, and thus interfere with their plans to provide additional buildings in connection with their home. It was decided to refer the matter to a committee to report upon the matter.

A delegation from the east end protested against the C.N.O. creating a level crossing at Winchester-street in the Don Valley. The matter will be taken up before the Dominion Railway Commission. A delegation of residents of St. Clair-avenue protested against the plans to create a 24 foot roadway on each side of the car tracks on that street. The board decided that an 15 foot roadway would be adequate, and this recommendation goes on to the council. The city engineer and assessment commissioner will be asked to provide for a sidewalk on the north side of King-street from Bay to Yonge-streets was passed.

TEAM MAKES BREAK FOR BAY, FATALITY RESULTING

Breaking away from the man who was leading them to the railway yards for shipment from Burns & Sheppard's repository, in Simcoe-st., at 8:30 last night, a team of heavy draught horses owned by John McDonald, 708 Davenport-road, bolted and ran for the bay. They made their way from 708 St. along Adelaide to Simcoe, south to the foot of York-st., while the other horse was standing between Yonge and Scott-st. on the ice, with one of its hind legs broken. Policemen Daniels (16) was summoned and shot the animal. It is thought that the horse must have slipped on one of the spaces of rough ice, as it was unshod, and broken its leg.

Manned Pumps With Specialists But Then The Beer Did Not Arrive

The average man who can make a beer tap flow for a nickel stood aghast as he heard the troubles of Mine Hotel, John Newton of the Humber Hotel, who appeared before Judge Morson in division court yesterday morning to contest to the last ditch the claim of Mashinter & Co., plumbers, who were taxing him \$72.80 for making one of his beer pumps to flow in June last. Newton's chief kick was coming on the ground that even when much labor had been expended by the tinkers, no beer had flowed, but that he had been compelled to set up a keg on the saw-horse so as not to keep his guests waiting for their flagon of ale. He protested against the time charged on the bill, and said that for all he knew the tinkers had been pounding

on the floor, as no beer flowed until a brand new pump was installed. Judge Morson thought that laborers, tinkers included, were worthy of their hire and amputating an item of one dollar for a washer, he let the bill go by and gave judgment for the tinkers.

LABOR MEN LISTEN TO APPEAL OF SIKHS

Dr. Sunder Singh Unable to Convince Them That It Would Be Justice to Remove Bars.

Dr. Sunder Singh spoke before the District Labor Council yesterday in the interests of 4000 Sikhs resident in British Columbia, who are making an effort to have the law repealed which prohibits them bringing their wives to live in British Columbia. Dr. Sunder Singh made a strong plea on the ground that his countrymen were admitted to Canada legally six years ago, and that they were industrious men, working principally at farm work, in clearing the land and doing other forms of rough labor. "Give us a chance," said he. "You allow Dutch-hors, Galacians and other people to bring their wives, why don't you give us a chance? We belong to the British Empire same as you do. You should consider the question from a moral standpoint."

James Simpson on behalf of the labor men strongly opposed the opinions of Dr. Sunder Singh on the ground that they were a big factor in keeping down workingmen's wages. "They are in big demand because they will work for \$1.50 a day," said Mr. Simpson, "while a white man can't live under \$2.50 or \$3 per day." He thought it presumptuous on the part of the Ministerial Association to try to foist on the people of British Columbia a con-

Note and Comment

To-day the visiting curlers wind up their games in Toronto. In the afternoon they play at Victoria two times from West Toronto and one each from Alderston, Scarborough and Oshawa. They will have lunch at the Victoria and in the evening play five rinks from the Toronto Club. On Sunday afternoon they are to be seen at the Oshawa and Toronto's prominent men in an exclusive city social club.

It was nine years ago that the former contingent of Scottish curlers were in Toronto last week-end, and they decided to visit the Falls on Sunday, going over in a hired motor. With them was the captain of the Royal Victoria Curling Club, Rev. A. Kerr of Darlington. On a subsequent Sunday the curlers were subjected to an unmerciful panning for the alleged Sabbath desecration by a prominent city preacher, the attack being pronounced by most far-minded men as unbecoming. Dr. Milligan, now retired, who uttered the attack, was answered effectively by the several gentlemen who were with the tourists, and little was heard of the matter since. However, the present tourists, possibly remembering the incident, have decided on a quiet Toronto Sunday, possibly because they are not this time possessed of their own clerical guide. They propose to visit the Falls some day next week.

Now that the Columbus League has signed up a few millionaires as backers, says a writer in Rochester, who should know better, organized baseball is taking it more seriously. Reports that these bigwigs, Campbell, Leland and Honesty, stars of organized ball, will aid with the new league, also indicate that the new organization may have little trouble getting players. Some day the men at the top of organized baseball will learn not to scoff at the outlaws.

The Chicago Cubs drafted first baseman Agler from Newark, and before the latest baseball season he was President Murphy had died away, the news comes that Agler is to be sent to some other club. The National League Eastern. Listen to the report: "There isn't a day passes but what I am in receipt of fresh news in reference to the ability of Agler. Have you ever seen a player in batting and holding practice stand out from all the others, by the clever manner in which he handled himself and the brilliant signs he made? That's Agler. Unless everything goes absolutely wrong with Agler, I'm sure to see him in the line-up of the best fielding first-basemen in the National League next year."

Concerning the international race at Moscow, won by the Canadian horse General H. 204 last year, the Vancouver writer writes the following: "You may think the international race was trotted in slow time, but when you consider it was trotted over a track two-thirds of a mile in length, covered with fully two inches of loose sand, and was a very creditable time. It was a good performance for General H. in view of the fact that he was taken from the boat upon his arrival in Europe a sick horse. This man, who is a stayer, is short one, and all that I can say is that he is a bulldog from start to finish, and you never know when you have him beaten until the numbers are hung up."

Hockey Gossip

In the M. Y. M. A. League last night at the Beach the junior game resulted: Hope 7, Broadview 2.

Maple Leafs defeated Brampton at the Beach rink last night. The Brampton team went on and played the visitors, the paddlers being returned winners by 4-1.

This afternoon at the Ravina, St. Michaels play U. C. C. at two, while the game in the evening, which will start at 8, is between Simcoes and Varsity Juniors.

The closeness of last night's score at Oshawa between Argonauts and Oshawa assures a good game at the Excelsior rink on Tuesday night when these two teams meet.

The proposed pro. game will not take place until the first week in February, as the Excelsior rink will be occupied every night by the amateurs.

Robertson Bros., wholesale confectioners, hockey team will turn out this afternoon for their work-out with George North's fast team at the Excelsior rink. They are also desirous to play a game with White & Co.'s team. Manager Carter would like to hear from White & Co. at an early date. All players are requested to be at the rink at 7 o'clock sharp. PERCY QUINN IS PRESIDENT OF BIG FOUR

Will Adopt Eastern Pro. Hockey Ideas in Matter of Fouls and Substitutes.

Owing to the late arrival of the eastern train the Big Four lacrosse meeting did not get going until yesterday afternoon at the Prince George Hotel. The following represented the different clubs: Toronto—J. Fleming, Percy Quinn and E. Uphogrove. Tecumseh—Chas. L. Querris, C. Webb and F. Hambly. Nationals—A. Caron and Dr. Cousineau. It was decided to meet on Sunday and President Valois.

R. J. Fleming was made chairman and A. Caron was elected secretary. The business outside the constitution was the election of president, but this matter seems to have been a pretty arranged one previously. George Kennedy proposed E. C. St. Peter for the position. Charles Querris put in the name of James Murphy, while R. J. Fleming's nominee was Percy Quinn.

St. Peter's name was first put up; he was supported by Geo. Kennedy and Dr. Cousineau, the opponents being Querris and Querris opposing, which the chairman declared lost. James Murphy came next and Querris voted in favor, with the other three against and again the chairman declared lost. Mr. Percy Quinn was then put before the meeting. Kennedy, Cousineau and Fleming supporting him, with Querris opposing, and Percy Quinn was declared president for the ensuing year. There was a new office created, that of secretary, as in former organizations of this kind, the president usually occupied this position as well. E. C. St. Peter is the new secretary, he receiving the same vote for that position as Mr. Quinn did for the presidency.

The constitution drafted is very much in order the lines of the National Hockey Association. There must be 12 men on the field at all times and five minor fouls constitute a foul. For a major foul a player is banished from the game, but his place is taken by another player.

From the end of the season until April the clubs are allowed to reserve 25 players. The list is then cut to 20 and as soon as the playing season starts 16 players only are allowed to be substituted. Every player will have a number which he will carry through the entire season. Substitutes can be put on at any time, and any player may have a substitute put on any time for any portion of the game and then return to the game himself.

Each club will nominate two men as referees, who will constitute a board and all games will be played with these men. The names of the referee board will be held in Montreal the last week of April.

GRAVENHURST, Jan. 25.—The Junior O.H.A. hockey game between Orillia and Gravenhurst resulted in a win for Orillia, 6 to 2. With a clean sharp sheet of ice and a large crowd of supporters, Orillia arrived here to defend their colors, which was done after much hard work and hard shooting. The visitors lined up on the ice looking like giants beside the home boys. Both teams struggled hard, but Orillia made a break and scored the only goal in the first half, making the score at half-time, 1-0 in favor of Orillia. In the second half Gravenhurst broke away, scoring the tying goal in less than three minutes. Both teams made a shoulder to shoulder for fifteen minutes, when Orillia scored another, Gravenhurst following suit and tying the score, 2-2. Then Orillia made another getaway, while one of the home team was on the fence, and scored two, bringing the score 5-2 in favor of Orillia. Both teams worsened hard and cleanly. Line-up: Gravenhurst (3)—Goal, Beatty; point, Mahood; cover, Brown; centre, Graham; right wing, left wing, W. Richardson; centre, over, Richardson.
Orillia (6)—Goal, N. Cooke; point, R. Cooke; cover, McElroy; centre, Mohan; right wing, Jupp; left wing, Toronto; point, Butterfield; left wing, Vair.

Jan. 26.—(Special.)—The Varsity team works to University men from tonight, when the team will be down to 5 in a listless game of any excitement. The Queens backed four in succession and in 5 minutes of the game. Parker, the goalkeeper, was the pivot. The Varsity team, all on individual, seemed to be in a "no dream" that they would settle down to a quiet 5-1-1 minutes. The whole quarter in 5-1-1 minutes. Senior Game To-night At Excelsior Rink

Eatons and Parkdale Will Battle for Supremacy of Their Group.

To-night's game at Excelsior Rink, College-street, between Eatons and Parkdale should pack the rink. It is limited at this rink. The demand for tickets has been about four times the supply. There has been practically no betting on the game so far, but a little that has been put up being placed at even money. Eatons' sport was not as effective as the small sheet of ice, while Parkdale's weight should stand them in good stead on the small area. The lineup for Parkdale will probably be: Goal, Call; point, Hinton; centre, Davidson; centre, Evans; rover, Barlett; right wing, Booth; left wing, McEwen; forward, Evans; rover, Davidson; left wing, McEwen; forward, Evans; rover, Davidson; left wing, McEwen; forward, Evans; rover, Davidson.

You pay. About that there is no room for doubt. And it's more than likely you believe in the necessity of the tariff. But—of what earthly good is it if you pay the duty? The foreigner laughs at duties imposed by our government as long as you are willing to cash up. Take beer, for instance.

Salvador

The Famous National Drink

is the purest and best brewed on this continent. The formula and entire process of brewing "Salvador" is a secret and absolutely controlled, on this side of the Atlantic, by Reinhardt's of Toronto.

Beer, almost as good as "Salvador," is brewed by the big American brewers and sold in the States at exactly the same price as "Salvador" in Canada.

But—when you order an American beer in Canada there's 34% extra to pay—the duty—plus extra freight charges.

Is it rational to pay that duty—when you can get a better beer at the normal price? "Salvador" beer is rich in flavor, sparkling and charged with invigorating properties.

Ottawa Defiant Usual Method in The Pro. Game

OTTAWA, Jan. 26.—The Ottawa do not take Mr. Lichtenstein of the Wanderers very seriously in his threat to have them expelled from the N. H. A. The local club are adopting a defiant attitude in the playing of Fred Taylor and have practically told the N. H. A. that they will have to sanction the deal or do without the Ottawa in the spring of this season. The Ottawa executive making it plain that they will not have anything but approval of their action by the league. The locals feel that, with only four teams in the league, and the Wanderers and Canadians with their even tickets all sold, there is very little danger of the league pressing the Taylor case.

BIRDS OF A FEATHER.

NET SURPLUS

After making provision for all liabilities and further strengthening the reserves, the net surplus was increased to \$1,300,756.00. This shows a handsome increase over the surplus of last year, and at once establishes the unexcelled financial condition of the Company.

ASSETS

The Assets increased in 1911 by \$294,824.25, and now amount to \$12,312,107.57. The Bonds and Stocks owned by the Company are carried, as heretofore, at their cost price, although the market value was \$168,575.72 in excess thereof, for which credit has not been taken.

NORTH AMERICAN LIFE

REPORT FOR 1911

The Thirty-first Annual Meeting of the Company was held at its Home Office in Toronto on Thursday, Jan. 25, 1912, when the report of the business of the year ended Dec. 31st, 1911, was presented.

CASH INCOME

The Cash Income during the year from premiums, interest, etc., was \$2,266,176.92, showing a large increase over the previous year.

PAYMENTS TO POLICY-HOLDERS

The amount paid on Policy-holders' Account was \$388,312.49, of which sum \$148,135.00 was for surplus or dividends. The relative importance of the policy-holders' interest is at once apparent, considering that the sum of \$2000 only was paid to Quaintance. Holders of Deferred Dividend Policies received \$60,393.96. This item, including Reserve and Surplus, shows an increasing amount from year to year. It is an incident of the Company's growth and progress, and affords ample evidence that the business is being conducted for the benefit of the policy-holders.

ASSETS

The Assets increased in 1911 by \$294,824.25, and now amount to \$12,312,107.57. The Bonds and Stocks owned by the Company are carried, as heretofore, at their cost price, although the market value was \$168,575.72 in excess thereof, for which credit has not been taken.

I am a humble baggage man employed by a prominent transportation company in this city. Each Saturday night I am engaged hauling scenic effects, after performance, from theatre to railroad cars, frequently as late as 3 a.m., suspending duty as late as 4 a.m. when the church bells ring again for duty at 8 a.m., and am invariably confronted by strenuous messengers from church patrons of undoubted piety, declaring that if their baggage on the incoming morning train is not delivered early a.m., something will have to be done. I have expressed query, "what will heaven be like?" thousands like myself earnestly hope that the Alliance and kindred amusements will be re-organized there and that chaps who live according to their light on this planet will in the first instance be given a choice of habitation before being relegated to an eternity of companionship alongside the intolerable humbugs who pledge vengeance. I trust that the Lord's Day Alliance incorporators will get busy and become proficient signers of the petition for the re-organization of the same, which was challenged by St. Peter at the great road.

Agricultural Commissioner From Russia Arrives at Ottawa With Aim of Opening up Trade—Czar's Country Can't Half Supply Demand for Machinery.

OTTAWA, Jan. 26.—(Can. Press.)—A sign of the impending tariff war between the United States and Russia is seen in the presence in Ottawa today of Theodore Kryshtofech, Russian government agricultural commissioner from St. Louis, Mo.

The Russian commissioner called on Hon. George E. Foster, minister of trade and commerce, to-day. "The Russian Government is colonizing Siberia very fast," said the commissioner. "Every year between 100,000 and 600,000 people are being sent into Siberia. Conditions there for farming are largely the same as those in Canada, so it is obvious that many agricultural implements now in use in this country must also be useful in Siberia and other parts of our country."

Big Protest Meeting.

Just now the meeting next Wednesday will be conducted has not yet fully decided. At the outset it was thought that an open air gathering would be the best, but later it was seen that this would hardly do as possibly one or two disorderly individuals might make themselves too obnoxious. Subsequently it was decided to occupy the expense of engaging Massey Music Hall for the occasion. The doors will be thrown open shortly after 7:30. The first balcony will be reserved for ladies and their escorts and admission to the platform will be obtained only by ticket.

Nerves at High Tension

Necessary in This Age of Keen Competition and Great Accomplishment

When the Body Fails to Support the Brain Seek the Help of Dr. Chase's Nerve Food

Nervous people are the salt of the earth. The great men and great women are usually those of nervous temperament.

But it takes an enormous quantity of blood to supply energy to the great brain or a highly tensioned nervous system.

Digestion fails because nerve force is lacking to control the flow of digestive fluids. A little extra excitement is followed by the agony of a sleepless night. You are easily irritated and lose patience. You lack the nerve force which is necessary for success and to ward off disease.

Unfortunately nervous diseases do not right themselves, and since your digestive system fails to supply sufficient nourishment you must seek external assistance such as Dr. Chase's Nerve Food.

This great food cure is not a narcotic to deaden the nerves. It is not a stimulant to whip up the nerves to a fevered effort.

Dr. Chase's Nerve Food feeds the feeble, wasted nerves back to health and vigor. It floods the nervous system with new rich blood, the only substance from which nerve force can be derived. Fifty cents a box, \$3 for \$2.50, at all dealers, or Edmanston, Bates & Co., Limited, Toronto.

up. The departments close at 5 o'clock, but I will get it as soon as I can." Dialog Grows Warm.

A. C. Boyce (Albion) got very warm over the remarks he made in the assembly of the opposition in view of their own record. "The late minister of marine and fisheries," he began.

"Only for a short time," commented an honorable member. "Not as long as you were solicitor-general," retorted Hon. Mr. Lemoine.

Mr. Boyce ridiculed Hon. Mr. Lemoine's zeal for the French-Canadian. When he was postmaster-general he had dismissed a postmaster at Sudbury whom he had replaced him by a man named Kelly.

Then there was the postmaster at St. John's. Mr. Boyce had drawn the attention of the late minister to the fact that this man had been away from his office for two years, and had been found guilty of corrupt practices on the famous Alms J. situation. He did nothing and the man remained postmaster till the Laurier government went out.

Hon. Mr. Lemoine declared that he had never dismissed a postmaster, except in one instance, on the recommendation of the late minister, who had frequently declared to support his allegations in the house.

"Why be re-stated?" enquired government supporters. "No," said Mr. Lemoine, who said he recognized the principle that Mr. Lemoine had made the charge on his resignation as member.

Then Mr. Lemoine's wrath again arose against the minister of public works. He recalled the "Mara" scandal during the French revolution. He stated, in hundreds of heads to purify the country.

The minister of public works was at white heat of indignation when he retorted that the late minister, "Mara" was not a minister in my department; I have appointed none of my relatives, and my hon. friend should be ashamed of himself.

Confusion reigned for quite a while, as Hon. Mr. Lemoine exclaimed: "Does he say that Mr. Chauvin is not his relative?" Mr. Monk: "Certainly not."

Hon. Mr. Lemoine: "Oh, he would deny anything he would deny his own flesh and blood."

Arraigns Lemoine. When the tumult had partially calmed down, the Boyce resumed his denunciation of alleged hypocrisy of the Laurier government. Richard Wagner had been convicted of embezzlement, but he was retained by Hon. Mr. Lemoine, and after serving his term in jail, had been promoted.

"Why do you keep him now?" shouted the Liberals. "Oh, don't let that disturb you, retorted Mr. Boyce. Hon. Mr. Lemoine brought on another "order," by declaring that he would accept the verdict of the postmaster-general (Pelletier).

"You don't have to accept the verdict of the postmaster-general," retorted Mr. Boyce, "but under the rules of this house you'd get to accept my statement."

Peace Didn't Last. Here the chairman (Blondin) pointed out that the discussion was wandering away from the subject, which was an Peace Didn't Last, but not for long. Hon. P. D. Monk stated that during the whole Liberal regime there had been no public work in his riding.

"What about the what?" asked Hon. R. Lemoine. Hon. Mr. Monk: "What?" Hon. Mr. Lemoine: "O, you heard, all right, I'm talking about you."

Hon. Mr. Monk (shaking his fist at Lemoine): "I owe that to a different sort of man from you."

Hon. Mr. Lemoine appealed to the chair and did not propose to accept such language from a man who has won the honor of leading the house.

Hon. Mr. Monk: "I am sorry that suits you." Mr. Monk: "I am sorry that suits you." Hon. Mr. Lemoine: "I am sorry that suits you."

Hon. Mr. Monk: "O, indeed, I'll tell him, I'll apologize with the language of debate, unparliamentary. He added that he had a man who had introduced a bill of debate."

Hon. Mr. Monk: "I am sorry that suits you." Hon. Mr. Lemoine: "I am sorry that suits you." Hon. Mr. Monk: "I am sorry that suits you."

SOCIETY

The large ball room at the university gymnasium was a very beautiful picture last night, with all the pretty girls arranged in a semi-circle with their partners, the patronesses in the centre, awaiting (very impatiently) the flashlight man, who was going to take their picture for *The Toronto World*. The skirt is laid in pleats which are ornamented with a wide beading. The design is done in white braid, which is used to make the cords and sirdle. The bag is gathered at the top by crocheted rings, run with a double cord, as shown.

DON'T BUY A PIG IN A POKÉ.

When you need a medicine buy something of known value. Nyals Family Remedies are known by each and every druggist that sells them. The druggist knows them as standard prescriptions put up by the New York & London Drug Co. one of the largest and most reputable firms of pharmacists in the world. Remedies compounded only from finest ingredients and from the latest and most approved formulas, all of which are known to the druggist.

There are no miraculous claims made for the remedies in bright gaudy-colored packages. No mystery about them at all. Ask your druggist what they contain and he will tell you. He will also tell you that a new era has dawned on the packaged medicine business in Canada, and that in place of "cure-alls" Nyals Remedies offer a scientific, approved remedy for each everyday ailment.

Your druggist knows this; that's why he recommends Nyals to you so often. And have you not noticed that the druggist who recommends Nyals is a pretty good man to deal with?

TACQUELINE BLANEY in "Excuse Me," at the Alexandra Theatre.

Another "Hungry Horde"

OTTAWA, Jan. 26.—(Special).—The rats in the Langevin block still disturb the rest of the ex-minister of public works, who this afternoon endeavored to place the responsibility for them on the Conservative Government "before 98."

It was curious to reflect, he added, that these rampant rodents, nurtured under the benign influence of the Liberal administration, had only begun their depredations when the Conserv-

atives came into power. Perhaps they had seen the procession moving toward the public crib and swung into line. All they could find was these postal notes and money orders.

"That's all there was left," commented Hon. Geo. E. Foster.

PUBLIC AMUSEMENTS

AT THE PRINCESS.

"The Servant in the House." Tyrone Power, who created the role of the Drain-Man in the original production of "The Servant in the House," will appear in that part again at the Princess Theatre next week.

The play by Charles Rann Kennedy, while presenting a story which progresses in dramatic form and with sustained interest, has aroused discussion by reason of its criticism of modern spiritual and stock conditions.

Mr. Power is supported by Preston Kendall, David Glassford, Amy Vaneas, Elizabeth Bacon, Arlyn Campbell and Wilfrid Rogers.

ROYAL ALEXANDRA.

"Excuse Me." The Rupert Hughes farce that will be at the Alexandra all next week, starting Monday night, comes to Toronto with a reputation that promises merry entertainment. The play aims at laughter and it realizes its purpose. Its extraordinary success in New York, Boston, Chicago and elsewhere indicates that it is an exceptionally amusing farce, and that it pleases to an extent that few plays have attained.

It would seem as if "Excuse Me" must have an exceptionally wide appeal. It has novelty, too. The scenes of its comic activities are the fun cars of a railway train. The episodes of a journey provide the stirring merit.

Fritz Scheff in "Night Birds."

Fritz Scheff in the comic opera, "Night Birds," will come to the Royal Alexandra Theatre, New York, at a time when French farce, risqué musical comedy and burlesque dramas were attracting attention and by sheer force of its homely sentiment, clean and refreshing merriment, took the bias theatre-goers of the metropolis by storm, registering one of the most pronounced hits of the current season.

AT THE GRAND.

"Mother," which for six months was the talk of New York, will be the offering at the Grand Theatre, the first time in this city at less than dollar-fifty prices. It will be remembered that "Mother" was offered at the Hackett Theatre, New York, at a time when French farce, risqué musical comedy and burlesque dramas were attracting attention and by sheer force of its homely sentiment, clean and refreshing merriment, took the bias theatre-goers of the metropolis by storm, registering one of the most pronounced hits of the current season.

AT SHEA'S.

Rock and Fulton Coming. One of the most expensive bills ever seen in a vaudeville house has been booked for next week by Manager Shea of Shea's Theatre. In the headline place is William Rock and Maudie Fulton, singers and dancers, who returned this season with an entirely new vehicle.

The special attractions for the week are Willa Holt Wakefield, and Frank Milton and the De Long Sisters. Included in next week's bill are Gracie Emmett and Co., Carlin and Penn, Hastings and Wilson, Ben Beyer and brother, Ellis and McKenna, and the Kinetograph.

AT THE STAR.

"The Cozy Corner Girls." Said to be loaded with real fun, the latest songs and a beautiful chorus of well-trained girls, featuring the famous team, Crimmins and Gore. "The Cozy Corner Girls" will be the attraction at the Star next week. Quite a feature of the performance is said to be a sextet entitled "Would You Care?"

AT THE GAYETY.

Harry Hastings' Big Show. "The Harry Hastings' Big Show," which comes to the Gayety Theatre next week, should prove an entertainment far above the ordinary. Harry Hastings' famous organization has been rejuvenated with entirely new acts, new costumes, new scenery and mechanical effects. The program will open with burlesque sketches, which are brimming over, it is said, with pretty girls and laughable eccentricities.

AT MASSEY HALL.

Mendelssohn Choir. The Mendelssohn Choir concerts take place the week after next, Feb. 5, 6, 7 and 8, with an orchestral matinee on the afternoon of Feb. 8, by the Theodore Thomas Orchestra. The sale of seats to subscribers is now in progress, subscribers to \$1.50 seats commencing next Monday afternoon at 1 o'clock. The plan will open to non-subscribers and to the general public next Thursday morning at 9 o'clock at Massey Hall.

Toronto Symphony Orchestra.

For his farewell performances of oratorio Dr. Torrington announces that he has engaged the following artists: Miss Ellen Millet of Franklin, Pa., soprano; Mrs. Grace Carter Merry, contralto; Miss Marie Wilton, alto; New York, contralto; Even Williams of New York, tenor; Frederic Martin of New York, bass. It is advisable that those desiring to secure a choice of seats should put their names down on the subscription lists which are now in the hands of the members of the orchestra at Massey Hall and at the Bell Piano Warehouses, 146 Yonge-st.

AT ASSOCIATION HALL.

Harry Phillips, Feb. 5. The fourth lecture of the series given under the auspices of the Canadian Lyceum Bureau, will be delivered on Monday, Feb. 5, at Association Hall, by Mr. Harry Phillips, ex-ordinator and deputy-mayor of West Ham, London, Eng. Mr. Phillips is the president of the Dock Workers and Coal Trades Union (which has a membership of 100,000) and speaks on social and in-

It is Criminal to Neglect the Skin and Hair

THINK of the suffering entailed by neglected skin troubles—mental because of disfiguration, physical because of pain. Think of the pleasure of a clear skin, soft, white hands, and good hair. These blessings, so essential to happiness and even success in life, are often only a matter of a little thoughtful care in the selection of effective remedial agents. Cuticura Soap and Cuticura Ointment do so much for poor complexions, red, rough hands, and dry, thin and falling hair, and cost so little, that it is almost criminal not to use them.

Although Cuticura Soap and Ointment are sold by druggists and dealers everywhere, a postal to "Cuticura," Dept. 5M, Boston, U.S.A., will secure a liberal sample of each, with 32-page booklet on Skin and Scalp Treatment.

Change in Time—Toronto-Montreal-Ottawa Service.

The service operated by the Canadian Pacific from North Parkeade, West Toronto and North Toronto stations to Ottawa and Montreal has become so popular that in the interest of the traveling public it was found necessary to make some slight changes. Effective Sunday, January 28, train No. 24 will leave North Parkeade station at 9:00 p.m. instead of 9:15 as at present. Leave West Toronto 9:20 p.m. instead of 9:30 p.m., arrive at North Toronto at 9:40 p.m. and leave North Toronto at 10:00 p.m. as per present schedule. This gives passengers twenty minutes at North Toronto station to get newly located while the train is not in motion. Reservations obtainable at Toronto City Office, 18 King-street east, Parkdale, West Toronto, and North Toronto stations. 6712

CANADA'S DIVORCE LAWS MADE TO SUIT WEALTHY

Ninety-five Per Cent. of the People Barred From Release, Says Montreal K. C.

MONTREAL, Jan. 26.—(Can. Press).—R. C. Smith, K.C., addressed the Women's Canadian Club to-day on the law as it affects women in Canada, and dealt not only with the general law, but made a carefully guarded reference to the famous No Temere decree and a more outspoken comment on the divorce question.

On the latter matter, he declared "that he considered the present law in Canada altogether unjust, since the method of obtaining divorce was such that it practically prevented 95 per cent. of the population from obtaining release, while it opened the way for the other five per cent, wealthy enough to secure special legislation.

In regard to the No Temere decree, he quoted the various clauses of the civil code bearing on marriage, some of which related to the contracting parties and others to the officers performing the ceremony.

SUNDAY SCHOOLS NOT "BLED" BY MERCENARY PESTS

Considerable stir was caused by Rev. St. D. Ferguson's charge that the temperance and missionary societies exploited the Sunday schools. Various missionary and temperance societies declared that these causes were only taken up by the Sunday schools in a spirit of co-operation and as a proper part of their work.

Club Bouts in N.Y. Simply Prize-fights Says Assemblymen

ALBANY, Jan. 26.—The repeal of the law passed last year creating the state athletic commission, under which boxing was legalized in New York State, is provided for in a bill introduced today by Assemblyman H. E. Allen of Onondaga. The bill carries out the recommendation made by Governor Dix in his message to the legislature, that the law be repealed and the commission be dissolved.

The law provides for three members of the commission to license boxing exhibitions. It now has only two members—Frank S. O'Neill of Binghamton and Major Dixon of New York. When the third member, James E. Sullivan, resigned, Dix refused to appoint his successor.

TORONTO TRADE HELPS FOR ANOTHER CATCHER AND PITCHER

The Toronto Ball Club yesterday traded Catcher Eddie Phelps to Brooklyn for Pitcher Steve Ladd. The deal was made last fall and made such a good impression.

Phelps was with Providence two years ago and gave great promise. He was taken up by Pittsburgh and made good, but having trouble with Manager Clarke was sold to Brooklyn last summer.

He pitched in 38 games for Pittsburgh and Brooklyn, starting and finishing seven. His record is 9 wins and 9 losses. He is a right-hander and very steady, handling out only 38 passes and fanning 51.

Officers' Indoor Baseball.

The playing of the Queen's Own in their game with the Body Guard to-night at eight o'clock will be very different from last week. They claim they will give the Guard a hot argument. The game at 9:30 brings together Cavalry and Highlanders, when another hair-raising struggle will result.

City Amateur Baseball League.

The Senior City Amateur Baseball League presented Ed Mackey of Grey's Square as its new manager. Mackey was president with a gold-headed cane last night. President-elect James McLaughlin made the presentation, and in a neat speech expressed the feelings of regret that are felt by every member of the league that Mr. Mack is resigning.

PETITION

To the Mayor and Council of the City of Toronto:

THE undersigned, having joined a Citizens' Committee for the purpose of protesting against the proposed by-law prohibiting the use of the public toboggan slides on Sunday...

YOUR petitioners are strongly of the opinion—which they feel confident is shared by a large majority of the electorate—that the harmless recreation of Sunday tobogganing is in no way detrimental to either the religion or morals of the people...

WE would respectfully point out that those who have the time and means may do enjoy motoring, riding, golfing and kindred recreations on Sundays...

CITIZENS' COMMITTEE

- HAROLD GAGNIER, President Toronto Saturday Night. GEO. H. GODDERHAM, M.P.P., 49 Wellington Street East. HOWARD IRISH, Irish & Manson, Insurance Brokers.

THE health of the community is paramount, and the securing of fresh air and sunshine should not be available to those alone who have means and leisure.

THE toboggan slide is cheaper than the consumptive sanitarium, and at a time when fresh air and open air exercise is so generally recognized as the one great and vital necessity of the public...

FOR the above and for many other equally strong reasons your petitioners feel that it would be little short of an outrage to pass such a piece of undesirable class legislation...

Therefore: Your petitioners do respectfully request that the measure be defeated or withdrawn, or in lieu of this that the by-law be withheld until such time as the citizens of Toronto have an opportunity of expressing their wishes on the subject at the polls.

To the Reader: If the above appeals to your sense of fairness and justice, sign and mail this coupon. We need your help and urgently ask this assistance.

Bear Raid Again in Progress And Market Readily Yields

Reduction in St. Paul Dividend a Bear Card in Wall Street--Extensive Rally Follows the Decline.
 NEW YORK, Jan. 26.—An aggressive bear raid weakened the stock market to-day after an irregular opening in which some stocks registered substantial gains. The reduction in the St. Paul dividend, announced after the close of the market yesterday, gave bear traders their opportunity. They were helped by a drop of more than two points in the stock in London before the opening here. Reading and Great Northern preferred rose strongly at the outset, but professional traders, taking the ground that the bidding up of these stocks was for the purpose of concealing selling elsewhere, attacked the whole list, and prices yielded to every direction. Most of the leading issues were depressed a point or so below yesterday's close. In the latter part of the day the market stiffened, but the losses were not recovered entirely.
 St. Paul Steady
 Apparently there was little liquidation in St. Paul, holders of the stock having been warned well in advance of the dividend reduction. After an opening block of 2000 shares had been disposed of, the stock became fairly steady. First sales were at 107 3/4 to 107 1/4 as compared with 108 3/4 at yesterday's close. During the remainder of the day fluctuations were not large and the net loss was a point. Speculation in the tobacco stocks was stimulated and their prices rose in the same spectacular manner as on recent days.
 Lacksawanna Steady
 The unusual activity of Lacksawanna, which rose 10 points, was explained by the announcement after the market closed of the proposed issue of new common stock. New York Central also displayed unwonted activity and its rise of 2 points made it the feature of the day. A number of specialties were active and strong. London traded more actively in this market to-day. Transactions for foreign account recently have been small, but to-day London took a decided position on the selling side and closed of about 35,000 shares. Foreign exchange rates again advanced, and more loans were placed abroad. In the domestic market there was virtually no demand for money. Estimates of the week's currency movement indicated that the unwieldy accumulation of cash at this center would be enlarged. The inflow of money from the interior was continued and a cash raid of \$12,000,000 to \$14,000,000 is indicated.

ANOTHER HEAVY SLUMP IN DETROIT UNITED

Downward Movement Carried Further in Montreal Market--General List Slightly Easier.
 MONTREAL, Jan. 26.—The heaviest selling of the stock since the downward movement started on Wednesday sent Detroit down to 5 1/2 at one stage of the trading to-day. From this low, 15 1/2 points below the price at which Detroit sold before the slump started, the stock rallied sharply before the close, and was 37 3/4 at the close. The net loss for the day was 5 1/8 points, and the net decline in the last three days 13 5/8 points. The turnover for the day was 846 shares, which with 416 on Wednesday and 479 on Thursday, brought the total of sales for the three days up to 17,075 shares. The general opinion this evening seemed to be that the stock had struck bottom on its present movement. It was well supported in the closing minutes of the afternoon session, and the heavy liquidation is probably at an end. Detroit's continued slump again had a bad effect on the rest of the market, and the opening prices were generally the best of the day. The losses, however, were small.

TORONTO MARKET MOVES UNSTEADILY

Rio and Sao Paulo Fractionally Shaded, But General List Holds Up Firm.
 Friday Evening, January 26.
 Fairly active trading in the usual speculative favorites was witnessed in the Toronto Stock Exchange again to-day, but no particular demand was noted in any particular instance, and consequently there was no incentive for any price alteration. Quotations moved rather unsteadily in the main, and the close was slightly irregular, with values shaded both ways.
 Sao Paulo was the most prominent weak spot of the list, further related to 121 a loss of half a point. Rio was a shade lower, but the selling was in a restricted volume and such stock as came out was absorbed without any difficulty. The speculative interest in these two issues has been on the wane for some days now, and even the favorable statement of earnings for 1911 failed to find any response in the market.
 Disappointment over the result of the recent voting in Detroit was plainly exemplified in the action of Detroit United shares. The stock was held to any extent here, and the only sale put thru was at 58 3/8, a loss of about 4 points for the day, and 13 points below the price on Tuesday before the slump started. In Montreal the slump was even more pronounced.
 There was little doing in the general list and outside of a few fractions, changes, nothing of interest was evolved. Bank shares were quiet, and not in any particular demand.

Wall St. Disgusted With Present Apathy

WALL STREET, Jan. 26.—Leaving the financial district for an extended trip south recently a well known operator said: "I am tired of the present market situation. The public is not absolutely sure of the value of the business on the New York Stock Exchange. The operators are the only ones who know, in fact the largest know, with whom the branch offices all over the United States had 82 long accounts in Steel common last night and 79 short. This is typical of almost all the long and short. It is almost unprecedented in my memory and I've seen every presidential election since the Civil War. For each long there is almost a whole short. In the old days of the public made markets, 50 shorts to every 1000 longs would have been labeled a tremendous short interest. Present conditions as typified by the above instance attract little attention, however, because about all the long and short are merely traders who are on that side merely because sentiment is the other way."

MONTEAL PRODUCE

MONTEAL, Jan. 25.—Business in Montreal spring wheat and oats over the cable to-day was quiet, but the bids that did come forward showed no important change. The local demand for various grades of extra No. 1 feed was increased at 5c. extra. There was an increased demand for winter wheat, and for spring wheat flour and as bids in some cases were bid per sack higher, sales of a few round lots were made. A fair business is being done on spot. Demand for all lines of millfeed is good. The market is strong and steady. Demand for wheat was made as high as \$1.40. Demand for winter wheat and the market is fairly active with a firm undertone. Eggs fairly active and firm. The trade in provisions continues good. Butter—Cholera creamery, 25c to 30c; Corn—American No. 2 yellow, 75c; Canadian No. 2 yellow, 75c; No. 2 local white, 45c to 48c; No. 2 local white, 45c to 48c; No. 4 local white, 45c to 48c.

Grain Prices at Record for Week But All Decline in Late Trading

Firm Cables and Bullish Northwest News Boost Wheat, But Movement Follows Short-Lived—Corn and Oats Lower.

CHICAGO, Jan. 25.—Altho the best prices of the week were made here to-day for all the cereals, latest trading showed a decline through the last. Producers' wheat was largely responsible. Wheat closed the same as last night to 1-4c down, corn and oats off 1-8c to 1-4c and provisions off 2-1/2c to 1/2c. Wheat at first noted under the influence of firm cables and bullish news from the Northwest. Shorts were reported anxious buyers at Liverpool because of contract grades, and there was also a suggestion of strength in the fact that the receipts at Minneapolis and Duluth had fallen off compared with a year ago. Prospect of a light toll in the weekly statement of the world's shipment, counted likewise in favor of the bulls. However, there was no urgent short interest to give snap to the trade or to help carry a bulge along.

Chicago Gossip. Speculation Shows Confident Trend—Crop News More Favorable. J. P. Bickell & Co. from Logan & Co. Wheat—At the close to-day May wheat receipts to keep up for some time. The day. This does not mean that there was not good action for the day, as there was a display of strength at the opening. Wheat and flour news from the Northwest is encouraging to buyers. Northwest receipts for the day were 100,000 bushels, and the market closed at an all-time high for the year. Feels here is confident on buying side. While cash demand is not so strong, it is felt that millers will become free buyers. Corn—Weather through the corn belt generally favorable for the movement and country offerings large. We look for receipts to keep up for some time. The undertone to the market is generally steady. Oats—The oats situation is gaining strength. Country movement is light. While cash demand continues good. Stocks are being rapidly depleted. Trade is broadening and we look for higher prices.

RYE AND BARLEY UP ONTARIO GRAINS FIRM

Consistent Demand For All Breadstuffs—Movement to Market of Small Volume. Grain dealers report a consistent demand for all Ontario grain, and in the main look for higher prices through the year. The movement to market does not look promisingly in the near future. Yesterday the main interest centered in rye and barley, both of which scored further gains, rye moving up a cent to \$1.02 to \$1.03 per bushel, and barley advancing about a like extent to 80c and 81c. Elsewhere prices were unchanged, but decidedly firm.

Local grain dealers' quotations are as follows: Oats—Canadian western oats, No. 2, 50c; extra No. 1, feed, 46c; lake ports, Ontario, No. 3, 45c to 46c; No. 4, 42c to 43c, outside points; No. 5, 40c; Toronto freight. Rye—No. 2, \$1.02 to \$1.03 per bushel, outside. Buckwheat—6c to 6c per bushel, outside. Manitoba wheat—No. 1 northern, new, \$1.15; No. 2 northern, \$1.05; No. 3 northern, \$1.04; track, lake ports.

Ontario flour—Questions at Toronto are: First patents, 85c; second patents, 65c; strong bakers', 45c. Barley—For malting, 90c to 91c (47-lb test); for feed, 60c to 70c. Corn—New No. 3 yellow corn, all rail, from Chicago, 75c, track, Toronto. Peas—No. 2, \$1.10 to \$1.12, outside. Ontario flour—Winter wheat flour, \$3.50 to \$3.60, seaboard.

London Wool Sales. LONDON, Jan. 25.—A total of 12,387 bales were offered to-day. Bidding was active and prices were firm, with good results in sellers' favor. The sales follow: New South Wales, 210 bales; scored, is to 15 3/4; greasy, 8d to 1 1/4; Victoria, 150 bales; scored, 11 1/2 to 1 1/4; greasy, 7 1/2 to 1 1/4; South Australia, 200 bales; scored, 10 1/2 to 1 1/4; greasy, 6 1/2 to 1 1/4; New Zealand, 200 bales; scored, 11 1/2 to 1 1/4; greasy, 6 1/2 to 1 1/4; Cape of Good Hope and Natal, 600 bales; scored, 10 1/2 to 1 1/4; greasy, 6 1/2 to 1 1/4.
