

HAMILTON WANTS WIRES REMOVED FROM STREETS

Applied to Dominion Railway Board for an Order Compelling Companies to Use Underground Ducts—Bell Telephone Company Allowed to Extend Many Minor Cases.

The Dominion Railway Board certainly turned out a large amount of work yesterday, when H. L. Drayton, K.C., made his first appearance in Toronto as chairman of the board. There were 61 applications to be heard. The commission dealt with 21 of them and there look up many others, which were either adjourned or transferred. All but two of the cases affecting the City of Hamilton were laid over for a sitting there on Monday and Tuesday of next week.

The application of the City of Hamilton for an order directing the Hamilton Electric Light and Contract Power Company and the Hamilton Cataract Power, Light and Traction Company to remove their poles from many of the streets was adjourned. An application was granted to the residents of the Township of York to have the Bell Telephone to extend their lines past farms running from lot 16 to lot 21 in the 2d concession, in order to give a service connecting with the Western Central Station.

Twelve applications affecting the City of Hamilton were laid over until the board sits there. The municipal councils of the Townships of Townsend and Oakland were given an order directing the P. H. & B. to clean and keep open a ditch made by them on private property and repair and maintain the sidewalk connected with same.

The petition of the residents of Lancaster relative to dangerous crossing was transferred to the Hamilton sitting. Mr. Phelps, chief engineer for the civil service commission of Baltimore, gave Mr. Sifton's plan a hearty endorsement. Such a system, he said, was in use in Baltimore and worked satisfactorily. Mr. Phelps had superintended the building of some 12,000,000 of Baltimore's conduits.

Questioned by Hon. Adam Beck and City Solicitor Waddell of Hamilton, Engineer Phelps denied the contention for the companies interested that it would be unsafe to put high and low tension wires into one conduit. He had never heard, Mr. Phelps said, of a case where wires had been burned out on that account.

Prof. Herd of McGill University, who applied for the Cataract Company, claimed that the plans submitted did not show sufficient detail. He also claimed that the taking of individual services from the conduits in houses would be difficult and most complicated.

City Engineer McCallum of Hamilton, endorsed the plan of Engineer Sifton. He did not see why the scheme would not work. It worked in other places.

F. H. Markey for the G. N. W. claimed that, under Mr. Sifton's plan, the G. N. W. was being charged its proportionate share for the conduits which it would not use.

After considerable further argument, Chairman Drayton brought matters to a head by saying there seemed to be a vast discrepancy between the parties as to the cost of the conduits. Some experts appeared to think that Mr. Sifton's figures were too low by about 100 per cent. Why not let all the engineers interested get together and settle the matter, if they could?

"Personally," said the chairman, "I would not consent to an order being made as things stand at this time. The City of Toronto's application will be heard this morning."

COURT OF REVISION

Many Appeals Heard and Slight Reductions Made.

Chairman Drayton was present at yesterday's sitting of the court of revision, but was still feeling indisposed, and Mr. Ardagh acted as chairman for the day. As on the previous day, a heavy list of protests were dealt with, some securing slight reductions, some large, and some nothing at all. Again big boosts of assessment were in evidence, but in a number of cases figures were secured on the ground that property everywhere is rapidly increasing in value.

A. T. Reid & Co. appealed from the assessment of \$620 and \$700 per foot on their premises, an increase of 60 per cent. The court reduced the assessment \$107.

The Industrial Realty Co., owners of the Canadian General Electrical property at King and Simcoe streets, appealed against assessments of \$300 and \$200 per foot on the land. Five hundred dollars was the jump in this instance. A reduction of \$100 a foot was made.

A business assessment of \$3300 against the Textile Printing Co., Ltd., over 665 West King was cut in half, when the court learned that the business had been discontinued.

WORKMEN HELD UP

Derailed Street Car Kept Many Late for Work.

A car breaking down at 7:30 yesterday morning demoralized at the service east of Pape avenue. The hour was just at the time when hundreds of workmen were starting out to work, and consequently every car of the long procession in the blockade was crowded to the one following, some slight headway was made, only to have the couplings become unfastened a little further west. Numbers of the people got out and walked to Broadview, where the King cars were turned back to handle the immense crowd, which had quickly accumulated.

CONFISCATE WEAPONS

BRANTFORD, Sept. 26.—(Special).—The grand jury here, in their presentment to Mr. Justice Riddell, the presiding judge, made the following recommendation: "Owing to the prevalence of crimes of violence amongst the foreign immigrants by reason of their possession of firearms, knives and other dangerous weapons, we believe that for the protection of the community, a periodical search for and confiscation of such weapons would be advisable, and we would accordingly strongly recommend the same."

REV. R. B. ST. CLAIR WAS FOUND GUILTY

Sentence Was Suspended on Minister Who Circulated Indecent Literature, Because Judge Denton Thought His Motive Was Good—Police Criticized for Part in Case.

Rev. R. B. St. Clair was found guilty yesterday morning by Judge Denton, of the charge of circulating and having in his possession indecent literature. Sentence was suspended.

Judge Denton, in passing sentence, remarked that Mr. St. Clair's motives undoubtedly were good, and that the law took no cognizance of such, "but," said he, "I have come to the conclusion that the document published by Mr. St. Clair was indecent and obscene, and was printed and circulated by defendant."

Judge Denton thought that it was a matter of great regret that the police department should have subjected Mr. St. Clair to the stringent police methods of having his photograph and finger prints taken. He thought that a summons would have served the purpose just as well as the warrant which had been issued.

In passing the suspended sentence on Mr. St. Clair, Judge Denton stated that the ends of justice would be met.

DIAGONAL STREET TO BE DRIVE AT LEASIDE

Canadian Northern Plans Fine Boulevard Thru Its Leaseid Subdivision—Will Be 86 Ft. Wide and Be Part of City System—Soudan Avenue to Be Extended.

A driveway thru the Leaseid subdivision of the C. N. R. has been provided for in the plans just completed and it will be a link in the city's north-easterly diagonal.

The new boulevard is to be called McRae drive and will be about two miles long. The present road that is to be put down is to be 15 feet wide of solid concrete with the clay concrete on either side. These clay sections for the present are to allow of the sewers and water and gas pipes being put down and then all will be concreted over and the boulevard widened. The total width of the boulevard is to be 86 feet including sidewalks and driveway. Soudan avenue will be macadam.

The diagonal that the city is laying out will run over this new drive to the Canadian Northern as far as Eglington avenue, where it will move in a more north-easterly direction toward its objective and cross the Don road about half a mile north of the present C. P. R. crossing.

Rosedale will be connected up with this new diagonal and the Canadian Northern by means of a bridge over the belt line alongside the C. P. R. bridges in connection with the C. P. R. bridges and then up the hill by Bayview avenue to the new diagonal.

Ten Cents' Worth OF POSTAGE STAMPS Saves \$100 in Car Fare

Within the last fifteen days two ladies have come over two thousand miles to Toronto to be relieved of Tapeworm by my famous cure. Now you can save all that expense by writing for information, as it only costs seven cents to send the remedy by registered parcel post. It can be taken at home with best results. I have tapeworms in my possession sent over 3000 miles to me from people who have sent for my remedy. This week so far two city people have been relieved of tape worms, head and all, by one dose of my famous remedy, one lady being relieved of a monster, having a head with eight hooks, the only specimen I have in about one thousand worms in my possession. This specimen is not spoken of in any scientific work on worms, so this is something new for investigation. This demon required the proper knockout drop before he succumbed. If you are down out and have any suspicion of being a worm, write for information. The tapeworms from people who have been treated by mistake for all kinds of disease and several from people who have endured their pain of the knife in operations when tapeworm was the cause, so do not delay, but write to me for information.

STUDENTS READY FOR GOOD WORK

Forty Per Cent. of Those in the High School Night Classes Can Start Senior Matriculation.

At the management committee of the board of education yesterday afternoon Dr. Embree reported that 40 per cent of the night class students at the high schools were ready to start senior matriculation work.

The subcommittee reported in favor of placing Col. Thompson director of all the cadet companies, high and public schools. The report was referred back for a conference with the high school principals who object to the proposal.

J. C. Atkinson of the boys' Dominion movement explained that the staff of teachers required for these classes at the George Street School would have to cover about a dozen departments. The committee agreed to make the necessary appointments.

Additional teachers will also be appointed to Oakwood High School. John Jeffrey and D. A. Glassey were added to the Harbor Collegiate night class staff.

Dr. Embree was appointed supervisor of high school night classes.

JAMES H. MCGRAW, New York City.

FREDERICK P. WARFIELD, New York City.

In offering a limited amount of stock of the Noiseless Typewriter Company for subscription, we beg to submit the following as the more important features concerning the company and its product:

ORGANIZATION.—The company was organized in 1909, and acquired the patent rights of the Noiseless Typewriter for the United States, Canada, Mexico, and the Argentine Republic. The company took possession of its factory at Middletown, Connecticut, and started into production November, 1910. In December, 1910, it began to market its product. The preliminary expenditure in patents and perfecting the Noiseless Typewriter represented an actual cash outlay of over \$500,000, covering a period of five years.

PLANT.—The plant is situated at Middletown, Connecticut, and occupies 21 acres within the city limits.

The factory equipment is the most up-to-date in the world. The present installation is capable of producing at the rate of 12,000 machines per year, and additional factory space is available to increase the output to 36,000 machines when found necessary, at an additional expenditure of approximately \$416,000.

THE MACHINE.—The Noiseless Typewriter is a radical departure in typewriter construction. The noiseless feature is accomplished by eliminating the hammer blow as universally used in typewriters, and substituting a mechanical pressure. The type instead of striking on an irregular rubber roll presses against the paper on a flat steel surface, producing a clearness and uniformity of impression not otherwise obtainable. Every convenience offered in existing machines is present in the Noiseless Typewriter, and every feature of construction and process of manufacture has been developed, tested, and approved under the direction of the strongest corps of engineers that has ever been employed in the development and making of a typewriter.

PATENTS.—The following extract is from the report of Messrs. Duell, Warfield & Duell, patent attorneys for the company: "Never in our experience has more care been taken to avoid infringement even in minor details which are common to all writing machines, and to protect the distinctive features of your new type of machine. Your typewriter, as now manufactured, embodies radically new features, co-operating to produce a machine novel in principle, structure, and mode of operation. The patents secured and the applications already allowed afford you a substantial monopoly of the Noiseless Typewriter field, and that furthermore, the supplementary applications now pending, covering both the mechanisms used on your machine and also other mechanisms which have been devised by your engineers to secure collateral protection, in our opinion, cover all possible construction whereby a noiseless operating typewriter can be commercially produced."

DISTRIBUTION.—In the United States the company markets its product direct. The general offices are in New York City, and branch offices have been established in the principal cities. In Canada The Canadian Fairbanks-Morse Company are general agents.

PROGRESS.—Since the company first began marketing its product in December, 1910, there has been a constant demand for the Noiseless Typewriter, which may now be found in a large number of the principal offices in New York City, Toronto, and Montreal. The company has recently perfected a new model machine which we are advised is still more satisfactory. The factory is expected to be in operation about January 1st, and producing at the rate of 8,000 machines for the first year and 12,000 the following year. On a basis of 12,000 machines per year it has been estimated that the net earnings available for dividends should be equivalent to 11 per cent. on the common stock after payment of the preferred dividend.

New York State Convention, Under Senator Root's Guidance, Takes Lofty Attitude.

SARATOGA, N.Y., Sept. 26.—(Can. Press.)—The platform presented to the Republican State Convention tonight praised the administration of President Taft and arraigned the Democrats, but practically ignores the Progressive party and its national and state candidates. In this omission delegates said they traced the influence of U. S. Senator Root.

The platform mentions the Progressive party but twice: once to denounce the proposal to choose judges "because of their known views on matters likely to come before them," and again in the preamble, which says: "A vote for the Democratic presidential nominee endangers national prosperity, a vote for

Turf Three Favorites Win at Woodbine :: Bowling Draw for East v. West :: Baseball Decks Cleared World's Series

Henrietta W. Pays \$70 for \$2 Winning Fifth at Woodbine

One Fortunate Speculator Cashes Tickets to the Value of \$3310—Bill Andrews Repeats in the Steeplechase.

Three favorites, two third choices and Henrietta W., rank outsider, were the winners on the fifth day at Woodbine Park. The race was a morning drizzle and the afternoon was overcast with the track, of course, very heavy. The race was fair. Small proved the winning jockey with two and a half, and Teahan had a first and one second. The three beaten favorites, Wickson, Viner and Leah, finished third and was gaining at every stride.

They finished as the public backed them in the opening event, except that Leah Leonard took the show from the second last jump that the latter hit the steeple and went down, or it would have been a nice finish in favor of Leah. Wickson, on weight, favorite, went down at the second last jump. Leah and Leah were remounted and finished, but there was no cheering for the very good reason that only first tickets were sold for the race.

Small landed his second winner of the day in the fourth, Injan going out at five and never being in difficulty. Bay of Pleasanture took the show for second money by a strong finish. Miss Joe, long shot, beat the well-placed Bouncing Lass along and nipped the favorite for the place.

The best thing of the meeting was cut here in the fifth race when Henrietta W. won going a long way from the field. The filly had her first good luck. Viner, cuss, just stopping, but had no excuse coming home. The long shot fairly ran down the opposition. Leah stretched and won by two lengths. Tiddling came along and nipped the favorite for the place.

Detrot, as usual, was off running in the closing event of the day, but a sufficient for him. Then the pick of the race and looked like cashing for a while. Leah and Leah, who had been Gal came along, but a wild card, and beat him a head. Leah, the public choice, was third.

J. B. Murphy claimed Bay of Pleasanture of the fourth race for \$35. Seven tickets are on today's card, with the Rothchild Cup as the feature.

JUDEAN ATHLETIC CLUB The Judean Athletic Club will be actively engaged for the next few months with their members combining their efforts at three different sports. A soccer team has been entered in the Queen City Football League, and while this is their first attempt at the English game, good results are anticipated, as excellent turnouts are the rule. The Judeans will again strive to equal last year's record in the intermediate section of the City Rugby League, that of winning the honors, although a tougher struggle is expected. All but three of last year's team are on hand. The fall boxing tournament will find quite a few entries of the Jewish faith, and other trophies are expected to keep company with the two already won in the Canadian boxing tournament held last April. A successful fall dance was held at the Cosmopolitan Club Tuesday evening, a capacity crowd enjoying an extremely delightful evening.

Ty Cobb Will Cover World's Series For The Daily and Sunday World

Tyrus Cobb, greatest living ball-player, and a close student of the game, has been secured to cover the world's series for The Daily and Sunday World. Cobb has not only the American League doing at his fingertips, but also has studied the National League, and will write fair and impartial criticisms of the games.

Cobb's first article will appear in next week's Sunday World, and he will tell you why Boston should win on their season's showing. Cobb will be in the press box at both New York and Boston when the two teams meet for the premier baseball honors, and will write in a detailed account of each game for World readers.

Cobb's articles last year on the annual clash between the National and American League winners will be remembered by World readers, and they can count on the same well-written stories by the Georgia Peach.

Cobb sizes up the pitching staff of the Giants and the Red Sox in his article which will appear on Sunday, and baseball fans will have the two hurling corps compared by the best man that baseball has had in many years, and it will be read with interest.

Leader of Cubs Says He Has a Well-Behaved Team, and That Owner Murphy is Wrong.

NEW YORK, Sept. 26.—Frank Chance, manager of the Chicago Cubs, lying in a private hospital still weak from the effects of a recent operation, made an indignant reply today to charges by President Murphy that loose living and training methods had held the Chicago Nationals the 1912 pennant. In vigorous language Chance declared it was untrue that the Cubs had lost the pennant either this or any other year for the reasons stated.

The Argonauts had a big squad out at Rosedale last night and went thru one of the best workouts of the season. Beach, Gale and Dutch, together with burning things up and are going to be hard to hold on the wing line. Guy Clarkson and MacDuffray have earned places for themselves by good work. Jack O'Connor is booting in grand style, and will be a great help on the back division. Honorary Coach Jack Newcomb will give the boys a talk on Tuesday and brush them up generally on the fine points of the game. The oarsmen are for the honors this year, and Jack Newton is more than pleased with the way the squad are shaping up. Dr. Smilie Lawson will be on the job to-night, and the outfit will be complete. DAVIS "NOBLEMEN" CIGAR 2 for 25c

The millionaire buys "NOBLEMEN," not because it is half the price of imported brands, but because "NOBLEMEN" is exactly what he wants. The wage-earner buys it for the same reason. DAVIS has bought and blended Havana Leaf and employed Cuban cigarmakers for over fifty years. They know the business as specialists, and that is why the "NOBLEMEN" Cigar has attained a greater popularity than any other two-for-a-quarter cigar on the American continent.

FOR any "exclusive features" that the custom tailor may be able to provide, you are likely to pay heavily—probably more than the clothes.
You should pay only for two things in clothes—serviceability and style.

Beyond these, no single feature is worth paying very much for. And yet there are points about FIT-RITE clothes that isn't ready to expect in garments made by the small custom tailor.

CALLING THE ROLL

The stockholders of the Canadian Pacific Railway Company will be asked at a special general meeting to be held in Montreal on October 2 to authorize an increase of capital to the extent of \$60,000,000.

Several courses are open to the government. It may grant the company permission to issue new capital, or refuse the same or withhold action until parliament has been heard from.

What advice is the government getting from the newspapers of this country?

We have endeavored to classify the newspapers of Canada upon this subject as being for the melon, against the melon, uncertain, or non-committal.

The Winnipeg Telegram may consider itself unjustly treated in not being put down as against the melon.

Our classified list follows: FOR THE MELON. Toronto Mail, Montreal Financial Times, Montreal Gazette, Toronto Financial Post, Peterboro Times, Vancouver News-Advertiser, Brockville Times, Winnipeg Post.

AGAINST THE MELON. Toronto World, Toronto Globe, Toronto Star, Toronto Telegram, Hamilton Herald, London Free Press, Ottawa Free Press, Ottawa Journal, Montreal Witness, St. John Sun and Telegram, St. John Globe, Sudbury Star, Huron Examiner, Berlin Record, Fort William Times-Journal, Fort Arthur Chronicle, Kingston Standard, Kingston Whig, British News of Canada, Winnipeg Free Press, Winnipeg Tribune, Regina Leader, Regina Province, Moose Jaw News, Edmonton Bulletin, Edmonton Capital, Calgary Herald, Calgary News-Telegram, Nelson (B.C.) News.

UNCERTAIN. Toronto News, Hamilton Spectator, Saskatoon Phoenix, Peterboro Review, Winnipeg Telegram, Victoria (B.C.) Times, British Columbian (New Westminster).

NON-COMMITTAL. Montreal Star, Montreal Herald, Ottawa Citizen, Ottawa Journal, London Chronicle, Hamilton Times, London Advertiser, Peterboro Examiner.

HYDRO-ELECTRIC EXEMPT. Yesterday the court of revision gave judgment on the question of assessing the city's hydro-electric property to the effect indicated by Mr. W. F. Ardagh, when it first came before the court.

Another serious objection to the taxation of the hydro-electric property is the guarantee that the system is to be run at cost for the benefit of the con-

sumers of light and power. That the system should be taxed to supply the deficits in other departments is entirely against the hydro-electric policy.

Another point of inconsistency in the assessment department's policy occurs in their failure to tax the poles and lamps, which are quite as much a part of the hydro-electric system as the power stations.

DISPEL THE CLOUD.

There is beginning to be a pretty well defined feeling that no corporation counsel will be appointed this year.

Mayor Geary cannot be regarded as faithful to his trust, as an executive officer of the city, if the grounds on which this feeling arises, be correct.

Mayor Geary ought to realize that such a policy is hopeless, besides being damaging to his reputation.

MR. STAIR'S SIDE OF THE CASE. Editor World: I just arrived home after having had my wife in a hospital in New York for the past two weeks following an automobile accident.

I would seem from the proceedings that the Star Theatre was on trial instead of the said St. Clair, but with no chance of the Star Theatre putting in any evidence in its own behalf.

When I first opened the Star Theatre I went to Inspector Archibald, who was then head of the morality department, and told him that I intended to give a clean performance and that any help from him would be appreciated.

HORSE JUDGING AT EXHIBITION. Editor World: I have read in your paper with a great deal of interest the expressions of many critics regarding the management of the recent Canadian National Exhibition.

REMINING HIM

As I am one of the oldest exhibitors, I think I am placed in a position to give an opinion, which I shall give without any biased feeling.

Now there is one thing needed, and the management must pay attention to it: this system of appointing judges will have to be abandoned.

CORNER STONE OF KNOX COLLEGE IS LAID

"It is a source of regret that the changes of a rapidly growing city will very soon require our old college building," declared the Rev. Principal Gandier, D.D., of Knox College, at the Convocation Hall yesterday.

The occasion was the laying of the corner-stone at the new Knox College of Ontario, at its new situation on the Campus, extending from University to George street.

A devotional service was first conducted under the presidency of Sir William Mortimer Clark, and after the stone was declared well and truly laid, a procession followed, which afterwards wound its way to the Convocation Hall.

Principal Gandier described the edifice as it will be when completed. It will have six rooms, four large and two smaller rooms, which is double the accommodation of the present building.

COULD NOT BE KEPT TO RECKLESS DRIVING

Motor Car Dealers Should Teach Purchasers, Ignorant of How to Handle a Machine, All About the Game, and Thereby Avert Accidents Caused by Incompetency.

The profits and loss, the woes and joys, the trials and tribulations and much more took up a general discussion at the banquet of the Toronto Auto Trades Association last night at the St. Charles Cafe...

Mr. Ricketts said that at present the dealers were not strong enough as a body to withstand the attacks made by inexperienced buyers who were incompetent drivers. A man buys a good car, uses it two weeks and runs over bumps at 40 miles an hour and returns with it, or what is left of it, and declares that the fact that it is broken down is due to its inefficiency.

M. A. Kennedy spoke on "The Man with an Old Car to Trade." He dwelt upon the loss which most dealers suffer in trading for old cars. "I would like to see the dealers get together and refuse to trade cars but to agree upon prices to allow for old ones."

"NOISELESS TYPEWRITER"

Editor World: Referring to the article in today's issue, signed by three of the directors of the Noiseless Typewriter Company we would respectfully ask the same permission accorded them in publishing our reply to the aforesaid article.

The circular issued by us contains substantially the same information as given in the prospectus issued in connection with an offering of shares in the stock by members of the Montreal Stock Exchange, and which undoubtedly was with the sanction of the directors of the Noiseless Typewriter Company, who supplied the data contained therein to the brokers publishing the same.

We also would point out that we have never represented that the company was selling any of its own stock, the shares offered belonging to us, we having had sufficient faith in the enterprise to acquire a block of the stock.

Correct Answers To Be Locked Up

The correct "proverb answers" to the seventy-five (75) proverb pictures the first official illustration of which will be published in the Toronto World, Thursday, October 3rd—and which are now being selected according to their common use by the Contest Manager and three other representatives of The World, will shortly be placed under seal and locked up in a safety deposit vault, where they will remain until the contest is entirely closed. After the contest is over these correct "proverb answers" will be removed by the judges, whose names will be announced in due course, and who will have full charge of the examination of the answers sent in and the awarding of the prizes. This correct list of answers will also be published with the announcement of the winners.

The Toronto World's Great Proverb Contest, which will open on next Thursday, October 3rd, and which is to be conducted for the entertainment and profit of the many thousands of World readers, will be the most extraordinary of its kind ever conducted by a daily newspaper.

The magnificent and valuable list of prizes offered to the fortunate contestants aggregate in value more than \$5,000, and there is enough of these fine prizes to make it almost certain that honest, painstaking effort will not go unrewarded.

Thus, The Toronto World is planning to furnish a fascinating game, certain to attract as regular daily players every member of the family, and to which zest is added because of the fact that the lucky ones will be rewarded with gifts of great value.

The rules and conditions of the contest—place everyone, young and old, upon an equal basis; the boy that works in the shop stands as good a chance as the college professor, and the business man of large affairs will have no better show than the bright schoolboy or girl.

English proverbs, the basis for the illustrations of the contest, are the homely, common-sense sayings which everyone has heard since childhood, and they are common property of everyone. No one has an option on them, no one can corner them. They are a part of the vernacular supplementing daily conversation.

So, the proposition narrows down to a question of common sense ability in correctly applying what everybody knows to the illustrations that will be published.

It is hardly necessary to point out the basis for the assurance which is felt that every reader of The Toronto Daily and Sunday World is to become a participant in this most interesting and richly rewarded game.

The rules and conditions governing the competition and a sample proverb picture and its answer, together with a list of the grand capital prizes, appear on another page of this issue of The World, and those who are planning to take part in the enterprise should read and study them carefully, for upon following the rules closely will depend the contestants' chances to secure the rewards.

The first of the official proverb pictures will be published on next Thursday, October 3rd, and persons who are not at present regular readers of The Toronto Daily and Sunday World should lose no time in placing an order with their nearest newsdealer to have the Daily and Sunday editions of The World delivered to them regularly, as the demand for additional copies of both the Daily and Sunday editions will be large and it may be difficult to supply back copies.

Conditions Governing the Contest

The Toronto World Proverb Contest is a test of skill and diligence, designed to encourage thought and research on the part of the young and provide a pleasant mental diversion for everyone.

Every day, for a period of seventy-five (75) days, there will appear in The Toronto Daily and Sunday World, an illustration, cartoon or other representation of a commonly used and well-known English proverb, and similar to the sample proverb picture and answer published on this page.

The Toronto Daily World will award PRIZES AGGREGATING OVER \$5000 IN VALUE to readers of The Daily and Sunday World who send in the correct or nearest correct answers to the entire series of illustrations. The first proverb picture will appear in The World, Thursday, October 3rd.

The correct answers, to serve as a basis of awards, are being selected according to their common use by the Contest Manager, and three

representatives of The Daily and Sunday World, and will shortly be placed under seal in a Safety Deposit Vault.

The list of correct answers will remain under seal until called for by the judges, whose names will be announced in due course, and who will have full control of the examination of the answers and awarding of the prizes.

The correct answers will also be included in The Toronto World's Book of English Proverbs, which will be published as a guide and reference for contestants' use in the contest.

To compete for the prizes, contestants need only to supply the proverbs represented by the illustrations that will appear daily, and send in their answers, at the close of the contest, according to the rules. The person sending in the correct, or nearest correct list of answers to the entire series of seventy-five (75) illustrations will be awarded the first prize. The person sending in the second nearest correct list of answers will receive the second prize, etc., etc. Entry may be made any time before the contest is entirely closed. Rules follow:—

1. The Toronto World's Proverb Contest is open to all readers of The Daily and Sunday World in Canada, except employees of The Daily and Sunday World and members of their families. Anyone not excepted as above mentioned may enter the contest by simply becoming a regular reader of The Toronto Daily and Sunday World.
2. Contestants must write the Proverbs represented by the illustration upon the coupon provided therefor, and which will appear on Page 2 of The Daily and Sunday World every day during the Contest. Answers may be written with pen, pencil, or typewriter, and arranged in any manner to suit the contestant.
3. Each picture represents only one proverb. Where contestants are not certain as to the correct proverb represented, they will be permitted to send five (5) answers (not more) to each proverb illustration. If the correct answer is given, incorrect answers will not count against a contestant.
4. Only one answer may be written upon a single coupon. Extra coupons must be used for additional answers, and all coupons of the same number must be kept together in making up the set.
5. Different members of a family may compete in the contest, but only one prize will be awarded to any one family or household, and only one set of answers will be accepted from any individual contestant.
6. Answers must not be sent in until the last proverb illustration has been printed. After the last picture has been printed, contestants must arrange their coupons in numerical order, fasten them securely together and deliver or mail them in a neat, flat package (not folded or rolled) plainly addressed to the Contest Manager, The Toronto World, Toronto, Canada, within the time specified in Rule 7.
7. The time of receiving answers will have no effect upon the awarding of the prizes with this exception: all answers must be delivered at the Office of The Toronto World or bear postmark of mailing of not later than midnight, December 28, 1912, twelve days after the close of the contest.
8. The prizes will be awarded to Toronto Daily and Sunday World readers sending in the correct or nearest correct set of answers to the entire series of seventy-five (75) Proverb Illustrations.
9. In the event of a tie between two (2) or more persons, the contestant sending in the nearest correct list of answers with the least number of coupons will be declared the winner. Where two (2) or more contestants submit the same number of correct answers upon the same number of coupons the value of the prize or prizes thus tied for will be equally divided among those tying.
10. In making the awards, the judging committee, whose names will be announced in due course, will take

into account the similarity and exact wording of the proverb answers as selected by the Contest Manager and three representatives of The Daily and Sunday World, and as contained in The Toronto World's Book of English Proverbs: spelling, wording, punctuation, and the correct construction of the proverbs are the essentials that will be graded.

11. Where a set of answers is securely fastened together the contestant will be permitted to stamp (with rubber stamp) or abbreviate his or her name on the space allotted for same, and omit the full address from the greater majority of the blanks PROVIDED THAT SUCH FULL NAME AND FULL POSTOFFICE ADDRESS is plainly and distinctly written upon the FIRST SIX and LAST SIX BLANKS of the set.

12. In sending in the answers at the close of the contest, it is important that contestants seal all packages containing answers, and if mailed, contestants should exercise great care to see that postage is fully prepaid at the rate, one cent per ounce, or fraction thereof, in Toronto, and two (2) cents per ounce, or fraction thereof, outside of Toronto, as The Toronto World is not bound to pay postage due on any set of answers.

All communications or letters of inquiry concerning the Proverb Contest must be addressed to the Contest Manager, Toronto World, Toronto, Canada.

CATTLE MARKET

Butcher Cattle 100 to 150 Cheaper—Hogs 200 to 300 Down—Sheep, Lambs and Calves Steady.

Receipts of live stock at the Union Yards were 105 cars, 1304 cattle, 2700 hogs, 203 sheep and lambs, and 240 calves.

Another heavy delivery of cattle followed up soon after the two previous days of heavy receipts, was more than the trade could readily absorb, and prices for the common and medium butchers' grades declined a bit on top of Wednesday's drop.

There were few calves sold over \$5, and few cows for butchers' cattle sold today (Thursday). The heavy export steers were not in demand, and \$3.25 was reported as being their value.

Sheep and lambs, considering the heavy receipts, held up at about steady prices, but the hog market took a drop of about \$2.00 per cwt. closing at \$8.50 for hogs fed and watered.

Exports. There were no calves brought for export purposes today, and heavy cattle brought for butchers' purposes were reported at \$3.25.

Butchers. Choice butchers' steers, \$3.75 to \$4.25; medium, \$3.25 to \$3.75; inferior, \$2.75 to \$3.25; good cows, \$4.00 to \$4.50; medium cows, \$3.50 to \$4.00; common, \$3.00 to \$3.50; butchers' calves, \$3.00 to \$3.50.

Milkers and Springers. There was no trade for milkers and springers at \$5.00 each, but only one choice cow brought the latter price.

Veal Calves. The bulk of the calves sold at \$2 to \$2.50, but there were few sold at \$3, and one choice near milk-fed calf brought \$3.00 per cwt.

Sheep and Lambs. Receipts of sheep and lambs were large, but prices were about steady. Lambs sold at \$5 to \$6 per cwt., with an odd lot now and again at \$6.15. Light ewes, \$4 to \$5; heavy ewes, \$3 to \$4; cull lambs sold as low as \$4.00 per cwt.
