## THE RAILS IN THE RAVINES

Continuation of the Case at  
the Court House.

## ESTIMATING THE DAMAGE

Witnesses for the Crown and for the  
Defence Widely Differ.

Former Say About Thirty or Forty Dollars.  
 Latter Think It Almost \$100—Evidence  
 of Road Master, Track Foreman and  
 Assistant Superintendent for the Tor-  
 onto Railway Co., and of an Ex-Track  
 Foreman on G. T. R. of John Rich-  
 ardson, J. P., and of W. J. Ormerod,  
 J. P., for the Defence—Case Adjourned  
 Till To-Day.

Yesterday was another day consumed  
 in the case against the East Toronto  
 Railway Company's rails into the  
 ravine on July 20 last.

Crown Attorney Dewar, Lawyer  
 Grant, County Constable Burges, as act-  
 ing clerk, and Magistrate Zedler were  
 engaged until 5.30 last evening on the  
 case, when it was adjourned again until  
 10 o'clock this morning.

The examination yesterday was prin-  
 cipally devoted to ascertaining the  
 amount of damage done to the rails,  
 but the statements of the street rail-  
 way witnesses and those for the village  
 differed widely.

The damage to the rails.  
 Roadmaster McDougall of the Street  
 Railway Company was the first wit-  
 ness. He told how he had gone out to  
 the scene of the trouble some time near  
 morning, after the rails had been re-  
 moved. In reference to the damage done  
 to the rails, he stated it would be diffi-  
 cult to make an estimate, as they would  
 have to be spiked down before it could  
 be fully ascertained, as many of them  
 were warped and bent. He saw one that  
 was badly twisted and was only fit for  
 scrap iron. He placed the damage to  
 each rail that was bent at from 75 cents  
 to \$1 and said it would cost from \$25  
 to \$50 to remove them from the ditch.  
 He thought it would take six men  
 and a foreman along with the machine  
 to repair a bent rail. The rails were  
 second-hand, purchased at Hamilton, and  
 were in first-class condition. He did  
 not think the rails could be damaged by  
 being thrown from the company's  
 wagons.

In reply to Mr. Grant, the witness  
 stated that he thought there were about  
 100 rails altogether.

Track Foreman Testifies.  
 James Smith, track foreman for the  
 Street Railway Company, was the next  
 witness, and testified that he had exam-  
 ined the rails after they had been laid  
 down in East Toronto, and he pronoun-  
 ced them all right. He had also exam-  
 ined them in Hamilton when on the cars.  
 He next saw them on the cars in the  
 ravine, when he ascertained the load-  
 ing of them off the cars on to the  
 wagons. He would not swear that none  
 of them were bent before they were re-  
 moved by the East Toronto authori-  
 ties, but he did not think they were, as  
 the men he had seen handling them ex-  
 perience and would not bend any.

Between \$40 and \$50 Damage.  
 Ewan McKinnon, who is a superin-  
 tendent of the Toronto Railway Com-  
 pany, had seen the rails lying in the  
 ditch and he thought it would cost be-  
 tween \$40 and \$50 to replace them and  
 straighten them. The rails were bought  
 from the G. T. R. and he had them on  
 board the cars. There were about 130  
 rails, making 38 cross ties. He had ex-  
 amined the rails and found many bent.  
 Being asked as to the cost of replacing  
 the rails, he said he would have to pay  
 \$4.50 per yard for a man and a horse,  
 and the necessary laborers at \$1.50 a  
 day.

Opening of the Defence.  
 Mr. Dewar announced that this closed  
 the case for the Crown, when the  
 defence was taken up, the first witness  
 being William Park, who lives at Scar-  
 borough Junction, where he had been a  
 track foreman for the G. T. R. for  
 about 30 years. He had been examining  
 the rails on the west side of Balmam-  
 ave, but he could not find any of them in-  
 jured. He said the rails were partly buried  
 but he could find only one unfit to lay.  
 He estimated that it would cost about  
 25 cents to replace it.

John Richardson, J. P., ex-Reeve of  
 East Toronto, said that there are no  
 rails bent on Queen-street, but some of  
 them appeared so, and when turned  
 over they bent the opposite way. He  
 also examined the rails on the east side  
 of Balmam-ave and found only one  
 bent. Those on the west side of Bal-  
 mam-ave were not permanently bent.  
 He would take the job of removing the  
 rails to level ground for \$10.

Saw No Injury.  
 W. J. Ormerod, J. P., corroborated the  
 evidence of the previous witnesses. He  
 further testified that, in company with  
 Messrs. Richardson and Fontaine, he  
 had visited the rails a week ago, but  
 could not find any injured. He visited  
 the pile again on Thursday and found  
 six or eight more rails in the pile than  
 on his previous visit.

The case was then adjourned until  
 this morning.

Free Lectures to Workmen.  
 In connection with the free lecture to  
 workmen by Dr. H. O. Forbes, under  
 the auspices of the British Associa-  
 tion, particulars of which appear in  
 the advertising columns, it may be re-  
 called that a number of seats in the Pavil-  
 ion have been assigned to the Trades  
 and Labor Council and the Technical  
 School Board, and that workmen and  
 women will be admitted to the lecture  
 without payment. The lecturer, Dr.  
 Forbes, F. Z. S., is a distinguished ex-  
 pert on the subject of the health of  
 workmen, and the lecture will be one  
 of the features of the British Associa-  
 tion meeting.

One Day for Ladies.  
 Wednesday afternoon next has been set  
 apart by the management of the Toronto  
 Bazaar exclusively for ladies, in or-  
 der that they may have an opportunity  
 of the wonderful Veriscope reprodu-  
 cions of the Colburn and Fitzsimmons  
 contest. No man will be allowed in, so  
 that those who are desirous of seeing  
 the scientific photographic marvel without  
 the performance are now on sale.

## HIGH ROAD OF PROSPERITY.

Sir William Van Horne Thinks Canada is  
 Having a Boom That Will Last for  
 Several Years.

Montreal, Aug. 13.—(Special.)—"I  
 think Canada is on the high road of  
 prosperity," was the reply of Sir William  
 Van Horne to-day to a question put to  
 the President of the Canadian Pacific  
 Railway by your correspondent. "Can-  
 ada," he continued, "is having a boom  
 and I think this boom will last for a  
 number of years to come. We have had  
 several years of depression, but the De-  
 pression has been growing all the same.  
 Of course, a good crop will still further  
 help Canada. The mines will help us,  
 and, in fact, everything of this nature  
 will tend to helping hand. Foreign  
 capital will come in as fast as good  
 investments offer. Capital, however, is  
 constantly coming in, and it is increased  
 every time a Canadian bond or security  
 is sold. I have every confidence in the  
 immediate future of Canada," was Sir  
 William's closing remark.

## NEFF COLLEGE OF ORATORY.

Closing of the Summer Session—Branch  
 Organized in Toronto.

The summer session of the Neff Col-  
 lege of Oratory, which opened in the  
 Guild Hall on July 5, was brought to a  
 close last evening. The exercises, which  
 were of a special character, were carried  
 out in the home of Mr. and Mrs. Wil-  
 son, 5 Lower-avenue, under the direc-  
 tion of Mr. Henry of New York city. The  
 first hour was given to the discussion of  
 selected literary and scientific subjects.  
 Mr. Day of Vergis was then called to  
 the chair. Stimulating addresses were  
 delivered by Revs. George Mitchell of  
 Georgetown and N. Lindsay of Iva, Minn.  
 members of the class in extemporaneous  
 speech, and Miss Friday, teacher of the  
 class in the interpretation of literature.  
 A humorous character sketch of the  
 students was given by Mr. Henry. The  
 closing exercises of the evening were  
 delivered by Rev. D. B. Macdonald of  
 St. Andrew's, Scarborough, and Miss Lot-  
 tie E. Wiggins of Toronto, in moving  
 and seconding an address from the class  
 to Dr. S. S. Neff, president of the col-  
 lege. Neff made a very suggestive  
 and helpful reply. After conference by  
 the members of the oratory class, an as-  
 sociation in connection with the Neff  
 College of Philadelphia was organized in  
 Toronto. The Rev. D. B. Macdonald  
 of St. Andrew's, Scarborough, was elected  
 president; Miss W. Wilson, 5 Lower-  
 avenue, Toronto, was appointed secre-  
 tary; Miss E. Murray and Lottie E.  
 Wiggins were associated with the presi-  
 dent as general secretaries, and Miss  
 Wiggins as an Executive Committee.

## AN OLD MURDERER HANGED.

He Was a Drunkard and a Vagabond But  
 Did Not Die Young.

Baltimore, Md., Aug. 13.—Peter Mon-  
 shan, 74 years old, was hanged here at  
 9.56 o'clock this morning for the murder  
 of his wife. The crime was committed  
 on May 25, 1897. Monshan, who was  
 74 years old, was a confirmed drunkard  
 and vagabond, who lived on the proceeds  
 of his wife's labor and spent most of his  
 time in jail serving short-time sentences  
 for petty offences. The couple had sev-  
 eral grown children, but none of them  
 lived at home, and Mrs. Monshan ear-  
 ned a living for both at the wash-  
 tub. Quarrels between them were fre-  
 quent, and on the day of the murder Monshan  
 appeared after two days absence, from  
 home and demanded money. The de-  
 mand was refused, whereupon he went  
 outside to the wood-yard, procured an  
 ax, and, returning, attacked his aged  
 wife. The first blow is thought to have  
 knocked her senseless. A young wo-  
 man who lived with the Monshans came  
 into the room just as this happened and  
 found Monshan raising blows with the  
 weapon upon the head of his wife.  
 Monshan fled, but was captured a few  
 hours later.

## New Books at the Public Library.

Shakespeare, Sonnets. Unrecognized  
 Laws of Nature. Comstock, Insect Life;  
 Dawson, Relics of Primitive Life; Mill,  
 Early Essays; Graham, Three Closed  
 Lands; Lamont, Modern Pastures; Bouss-  
 eault, The Monetary Situation in 1897; Te-  
 getmeier, Pheasants, Their Natural History  
 and Practical Management; Murray, An-  
 cient Greek Literature; Kitten, Novels of  
 Charles Dickens; Chapman, Wile Norway;  
 Scott, The Story of Atlantic; Sherwood, An  
 Epistle to Posterity; Baron de Nervo, Isa-  
 bel; Secret of Saint Peter's; Sturgis, The  
 Polly of Pen Harrington; Magnum, Manuel  
 de Droit Crimine.

## Altivision, New Presbyterian Church.

Altivision, Aug. 13.—The laying of the  
 corner stone of the Altivision Pres-  
 byterian Church was witnessed by a large  
 concourse of people from the surrounding  
 country and towns. The stone was well  
 and truly laid by John Park, M.P., and  
 speeches were made by the Rev. Daily, O.  
 Springs; Rev. Bell, Napier; Rev. Cuthbert-  
 son, York; Rev. McKee, Brimley. After  
 the addresses a sumptuous supper was  
 served by ladies of the congregation in the  
 skating rink. Music was furnished by the  
 Altivision Cornet Band during afternoon and  
 evening.

## (ASSESSMENT SYSTEM).

**\$1,000**  
 FOR

your heirs can be had so easily that you  
 never notice the expenditure, 2½ cents  
 a day does it all. The Canadian Order of  
 Foresters provides safe, sound insurance  
 from 60c. a month up, according to age.  
 This means that for

**1/2 A CIGAR**  
 A DAY

you can protect those dependent on you  
 from the grasp of poverty. Some day  
 the death will render you forever powerless  
 to help your loved ones, but your insur-  
 ance lives on, a silent but indisputable  
 evidence of your care and love. . . .

Worth 2½c. a day, isn't it?  
 Doubly so when coupled with the knowl-  
 edge that the benevolent interest and  
 helping hands of

**25,000** CANADIAN  
 FORESTERS

are a part of the contract. Perhaps you  
 don't smoke? Then you can afford to  
 spend 5 cents a day and take \$2,000.00  
 insurance. Ask any Canadian Forester  
 in this place if he is not proud of his  
 investment.

Send a card for proofs to  
**ERNST GARTUNG,**  
 Supt. of Organization, Canadian Order of  
 Foresters, BRANTFORD, Ont.

**WE LIKE THE PEOPLE AND  
 PLAN FOR THEIR PROFIT**

Store Open 8 a.m. to 6 p.m.

It is for your good to repeat that the plan of broken prices holds in every department  
on Monday.

 Yonge Street. 1 and 3 Queen Street West.

## BRYAN WELCOMED AT BUTTE.

Thirty Thousand People Joined With the  
 Steam Whistles in Screaming.

Butte, Mont., Aug. 13.—Amid the  
 screaming of steam whistles and shouts  
 of welcome from 30,000 throats, W. J.  
 Bryan was received in Butte. The  
 crowd at the depot was so dense that  
 the police were unable to cope with it.  
 On reaching the hotel Mr. Bryan re-  
sponded to calls of the people and made  
 a brief address.

"I had not thought," he said, "of  
 celebrating the event in this place, but  
 I am forcibly reminded of the material  
 difference between the two cities. I  
 said on going to New York that I was  
 going to the enemy's country. It would  
 take a lot of big dimensions to declare  
 I was in the enemy's country on this  
 occasion."

## Garden Party at Sunnyside.

On Saturday next the annual garden  
 party under the superintendence of the

Sisters of St. Joseph will be held in the  
 beautiful grounds at Sunnyside. In ad-  
 dition to the games and amusements, a  
 first-class concert will be given in the  
 evening. Amongst those who will take  
 part are: Mrs. Caldwell, Miss Lizzie  
 Kiehn, Miss Falkenberg, Mons. F. X.  
 Mercier, Mr. H. N. Shaw, elocutionist;  
 Mr. J. W. Baker, Mr. W. E. Banbury,  
 Signor Dinello, and Miss Shippe, accom-  
 panist. Rev. Father Ryan will be chair-  
 man, and the garden party will be under  
 the patronage of His Honor Sir George  
 A. Kirkpatrick, Lieut.-Governor.

## With Masonic Honors.

The body of the late Daniel Spry will  
 be met at the Union Station here by a  
 number of prominent Masons, includ-  
 ing M. W. Bros. E. T. Malone, John  
 Ross Robertson, M. P., the Grand Mas-  
 ter, William Gibson, M. P. These  
 brethren will accompany the body to  
 Barrie for burial at 3 p.m. to-day, the  
 Masonic ritual being performed by the  
 Grand Master.

the fact that the Great Priory of Can-  
 ada, Knights Templar, of which decas-  
 held the office of Grand Chancellor,  
 is to meet in Montreal next week. A  
 number of Vermont State brethren are  
 expected.

## Export Duty on Nicaraguan Gold.

Managua, Nicaragua, Aug. 13.—The Nic-  
 araguan Government has suggested to con-  
 gress the enactment of an export duty on  
 gold of \$1 per ounce when from quartz  
 and of \$1.50 when from place mines, with  
 a forfeiture, as a penalty, of 20 times the  
 amount of the duty and the loss in cer-  
 tain contingents of the mining titles.

## Sackman, Commercial Traveler, Belle-

ville, writes: "Some years ago I used Dr.  
 Thomas' Electric Oil for inflammatory  
 Rheumatism, and three bottles effected a  
 complete cure. I was the whole of one  
 and of \$1.50 when from place mines, with  
 a forfeiture, as a penalty, of 20 times the  
 amount of the duty and the loss in cer-  
 tain contingents of the mining titles.

NELLIE: So would I, and I am waiting for Sunday, August 15 to come along.

## OUR CANADIAN MARINE

Would Appear to be Declining Rapidly  
According to a Cleveland Writer—  
Some Figures.

Chicago, Aug. 13.—A Cleveland despatch to The Record says: The decadence of the Canadian marine, with the vast increase in the lake-vessel interests of the United States, is disappointing to the British-American. The Canadian Marine Association, organized to promote the interests of Canadian shipping, has a membership of about 50 and its work is confined to the great lakes. The organization in many respects is similar to the Lake Carriers' Association, composed of American owners of lake tonnage, having no power to adjust transportation charges or to influence trade. If the association has made any effort to enlarge the Dominion's lake interests its work is not perceptible.

Many years ago Canada occupied a much more prominent position than she does today. During the last five or six years her merchant shipping has declined at the rate of 25,000 to 50,000 tons a year and at the present time there does not seem to be anything like this rapid decrease. The Dominion's lake fleet does not contain a vessel of importance when compared with the boats coming up the coast of this country. Her largest vessels, like the steamers Algoma and Rosedale, are ships of about 2000 tons and of these she owns only six or eight.

Vessels owned in the United States.

The lake trade of that country is in the hands of Americans in a large degree. Grain shipped from Port Arthur and Port William, on Lake Superior, is moved almost exclusively in tonnage owned by Americans. Likewise is the coal sent to Lake Superior. Mackinac Island, Sandwich and Wisconsin, Canada has no shipping lines of any consequence from a tonnage point of view.

The decline in Canadian shipping for three years is displayed in the tonnage figures for 1894, 1895 and 1896. In the first year 912,550 tons were in commission; in the next 863,624 tons and in 1896 only 825,836 tons.

Figures showing Canadian Decrease.

For about 20 years previous to 1892 the tonnage reported each year aggregated 900,000 to 1,300,000 tons and since 1892 there has been a marked decrease in the aggregate, notwithstanding the building of new vessels.

The decline in Canadian shipping for three years is displayed in the tonnage figures for 1894, 1895 and 1896. In the first year 912,550 tons were in commission; in the next 863,624 tons and in 1896 only 825,836 tons.

ANDREW AND HIS BALLOON.

He May Not be Heard From for a Year, So His Relatives Say.

Chicago, Aug. 13.—Capt. John Windrow of San Francisco does not believe the story that Prof. Andrew's balloon was seen floating in the ocean by a ship's captain. The Captain has just returned from Sweden, where he visited his relatives, among whom is the family of Prof. Andrew's brother. The Captain said: "I was in Stockholm when the news arrived that Andrew had left his balloon in his balloon. His family, that is his brothers—Andrew is not married—fully believe that he will be heard from. Andrew himself told them that if no news were received from him in two months, probably nothing would be heard of him for a year, as those are the winds that almost usually prevail at that time of year in the northern latitudes, and that he has been carried into Siberia, and it may be months before he will be heard from."

Another Steamer Ashore.

St. John's, Nfld., Aug. 13.—The brigantine Britannia, Capt. Williams, from Antigonish, N.S., bound for Placentia Bay, with a full cargo, and with a full crew, was in a dense fog, and will be a total wreck. New York, Aug. 13.—The tugboat American, from New York, arrived here today, and will take 200 tons of petroleum from the damaged tank steamer, the Kottawa, which went ashore on Mistaken Point on the 10th inst. The tugboat will be docked and repaired.

Only those who have had experience can tell the tortures caused by the removal of the boots on, pain with the off-pain and day, but the removal of the boots to the who use Holloway's Corn Cure.

## TUBERCULOSIS IN CATTLE.

Special Investigations Will be Made Throughout the Province by Experts.

Col. David McCrae of Guelph and E. C. Harrison, bacteriologist of the Guelph Agricultural College, had a conference with Deputy Minister of Agriculture C. J. James yesterday with regard to C. investigation into the prevalence of tuberculosis in cattle and to the testing of the same. Arrangements were arrived at whereby both experts were to make a tour of the province. Mr. Harrison will impart instruction in methods of testing. The work will be performed with the tuberculosis test and Col. McCrae will impart instruction in allowing them to operate.

## SEWERAGE SYSTEMS.

Special Meeting of Provincial Board of Health Will Consider Certain Proposals.

A special meeting of the Provincial Board of Health has been called for Monday morning next. It is understood that applications for ratification of laws authorizing the construction of sewerage systems for Rat Portage and the town of Portage, and for the disposal of the sewage for a part of the city of Winnipeg will be under consideration. The town of Cobourg is agitating for a change in their system of water-works, to follow the model of Port Hope.

## The Jubilee Company.

While the press of every important city in the United States from New York to San Francisco is filled with stories of expeditions being fitted out for gold-seeking in the Klondike, in some cases by private individuals and in others by companies organized for the purpose, very little in that direction has been done in Canada. It is with the Klondike as with the Kootenay and Ontario gold fields. Canadians are slow to believe in the possibility of rich gold fields in the Dominion, and only realize the fact after the best of the locations have been acquired by foreigners. The Jubilee Mining and Development Company of this city, as will be seen from an advertisement elsewhere, are going to keep Canada in the front rank of gold fields. A well-equipped expedition will start for the Klondike early in August. The expedition will be in the Yukon for the short summer season ends. The company is not a wildcat, organized for speculation, but is composed of well-known people. Mr. Henry Cargill, M. P., whose position in the business world is properly a high one, is president, and among the shareholders are the Hon. George E. Foster and many prominent public men. The names of the gentlemen connected with the venture should afford a guarantee that money entrusted to the company for the Yukon expedition will be honestly administered.

## The Sifton Klondike Syndicate.

The Sifton Klondike Syndicate are having no trouble in disposing of the few shares of stock put on the market. There is no safer way to invest money in the Klondike than to put it in with a properly managed syndicate. Mr. Fred Line, who will be in charge of operations there, is an exceptionally good man for the position. He will pick up as much information in a day as the average man will in a week, and as he is now on his way out to the land of promise, will be fully posted as to the best and richest fields, and like a general commanding an army will be able when his men arrive to place them in the best positions.

Parties wishing to invest should apply at once to J. W. Sifton, McKinnon Building, Toronto.

## Klondike Yukon Mining and Prospecting Company, Limited.

A meeting of the provisional directors of the company was held yesterday afternoon at the office of the solicitors, Messrs. Sifton, Wallbridge &amp; Co., Toronto.

Subscriptions for shares in the company were reported to be coming in steadily.

In consequence of this it was decided to proceed at once with the application for the charter and to issue treasury stock at an advance figure at an early date.

## Pleased With the Agricultural College.

Prof. Munson, head of the Maine State Agricultural College, called upon the Deputy Minister of Agriculture yesterday afternoon on his return from a visit of inspection to the Guelph College. The Professor was much taken with the methods employed at Guelph in testing grains.

## New Clear Store.

Mr. M. McConnell has opened a new cigar store at the corner of Leadenhall and Colborne-street, under the management of Mr. P. J. Rowell. The finest brands of cigars will be always kept on hand.

## THERE'S SOMETHING IN THIS.

Mrs. Mack and Thora Were Afraid That Goldensuppe Would Tell What He Knew and Fix Them.

New York, Aug. 13.—The World this morning claims that the authorities are working on an entirely new theory in the Goldensuppe murder case. It is that the both rubbers, caused the murder of the both under cover of her status as a midwife, and that she is responsible for the deaths of many innocent children. Goldensuppe knew of her misdeeds and he was eager for revenge upon her and upon his supplanter.

## WATERS FROM BRITAIN.

Societies Beginning to Feel the Stringency of the Recent Statute Relating to Immigrants.

The English Immigration Societies are beginning already to feel the inconveniences of the stringent wait immigration laws passed by the Legislature of this province at its last session. They consider it an injustice to exclude the children of drunkards and paupers. Leonard K. Shaw is over here voicing their protest. He is secretary of the Boys and Girls' Refugees and Children's Aid Societies in the Old Country. These societies are now protesting to Belleville, Ont., where they are taken in charge by Rev. Robert Shaw, and to the Dominion, where they are taken in charge by the Government.

The Government will insist that the agencies shall have a proper staff of inspectors, who will see that the children are properly treated, educated and properly clad by their foster-parents.

## SENEFELDER JUBILANT.

Well-Won Prizes Presented to Deserving Winners.

The proceedings at the meeting on Thursday evening of Court Senefelder No. 1500, Independent Order of Foresters, were characterized by more than usual interest. It appears that during the month of June last a competition took place under the auspices of the Supreme Court for a number of prizes to be awarded for securing new members. Court Senefelder, which is composed of most entirely of members and employees of the Toronto Lumbering Company, succeeded in capturing one of the court prizes, and five of its members were winners of individual prizes, and these prizes were officially presented, on behalf of the Supreme Chief Ranger, Dr. Orinhyatekha, by Mr. Thomas Lawless of the headquarters staff.

## No Cleveland Chainless.

A number of the leading bicycle manufacturers have announced that they will have a chainless wheel on the market for '98. There is one important concern which, in all probability, will not adopt the bevel gear. "I do not think that there is any chance that we will have a chainless wheel next year," said one of the leading officials of the firm of H. A. Leizer &amp; Co. last week. "We have tried a number of French and American chainless wheels at our factories and have built several trial models, but thus far we have not been satisfied with the results of the bevel gear." A number of concerns have stated that they will use them next year, but for our part we shall let the other fellows do the experimenting. Of course, in case there is a very great demand for a wheel of this description, we will be obliged to get some out, and in that event we are so well equipped that we should be able to turn out one thousand chainless wheels inside of a month. I do not think, however, that the demand will be anywhere near as great as some manufacturers imagine at the present time."

## Bishop of Mooseport Will Preach.

The Bishop of Mooseport, who has lately returned from the Lambeth Conference, will preach in St. Andrew's Church, Toronto, on Sunday. Persons desiring to hear him should take the 10.20 boat from the Yonge-street wharf to Centre Island.

## Division Court Appointment.

The following provincial appointment has been made: John H. Wheeler, of the Township of Scarborough to be Justice of the Peace for the County of York, vice John P. Wheeler, resigned.

## "HULLY GEE!"

I see the Office Kid; and the boss have gone out and told me to rite the add; says he, "mind you rite it rite." Say; we aint doing a thing but making the doe for our customers. My brother Bill, what works in another office, he gives me \$5.00 to buy him 1000 Pine Creek Cons. Say! That stuff is worth \$9.50 bid now, and the boss says it's "running yet," and told me to tell Bill to hang on. We's got some good things on the string now, you bet! Talk about yer 'Colondike,' they aint in it with us, they say its warm in Colorado.

The boss don't say how much I se got to rite, but if you give us a call or send yer name and address, please say yer saw it in my ritin; I wants me wages rased.

CASEY, Office Kid for

HICCINS & HAMPTON,  
62 Victoria Street, Toronto.

## Klondyke-Yukon

To be Incorporated Mining & Prospecting Co., Limited  
Capital Stock \$500,000. Shares \$1 Each Par Value.

## PROVISIONAL DIRECTORS.

W. VANDUSEN, Esq., Banker, Tara, Ont. C. K. HAGEDORN, Esq., Manufacturer, Berlin, Ont. W. LEHMANN, Esq., M.D., Toronto, Ont.  
Solicitors: SHILTON, WALLBRIDGE & CO., Toronto.

The object of the Company is to equip and send to the Klondyke not one but several parties of miners and prospectors, fully equipped and working under competent management. Contracts are now being entered upon for long terms. The Capital Stock is large enough to guarantee success; not too large to swamp your profits. Dividends will be paid only on stock sold. Subscriptions received for positively only a few days longer at 5 cents per share.

Address

R. S. WRIGHT &amp; CO., 99 Bay-St., Toronto.

## THE SIFTON KLONDYKE SYNDICATE

Originally there were only one hundred shares in this Syndicate, and it was then the intention to only send two men, and these are now en route to the Klondyke. The reason for enlarging on the original plan as outlined above, and giving the public a chance to furnish enough money to send ten more men, was because by so doing we reduce the chances of a failure; in fact, we thereby change the undertaking from a speculation to an investment, because, while two men might fail to strike it rich, it is impossible for every one of ten men to fail in a country of such great possibilities.

600 FULLY PAID UP \$100 SHARES ARE NOW OFFERED FOR \$25 EACH

The Provisional Directors are: Henry Sifton, London, Railway Contractor; Charles Sifton, Masonville, Capitalist; William Sifton, Strathroy, Manufacturer; John S. Dignam, Toronto, Manufacturer. Five other directors will be elected from among the incoming stockholders. Solicitors—Blake, Lash &amp; Cassels, Bankers—Dominion Bank.

Applications for stock, enclosing \$25 for each share applied for, may be addressed to

J. W. SIFTON, Room 410, McKinnon Bldg., Toronto.

Athabasca, B.C. Gold Fields, Smuggler.  
At prices no one should miss buying at.

and Warfield (John J. Dixon) re-  
cent following dispatch from New  
York:

stock market to-day felt the effect  
of recent London market gains. Some

There was considerable feverishness and property was sold generally throughout the list. The conditions apply to the upward movement to-day was some of the selling in and on comparatively small lots. Orders were uncovered in the market for the first time. After the selling eased up, the market was again very quiet. Selling bull interests came in and the market was again much less active, and the total daily sales about \$26,000 shares, with a high of \$20,000. The day was weak again at \$4.85 to \$4.90, and at a little time there was a seller of stocks on balance, but longed for a speculative. It is understood hereabouts that the market for the middle of October, or as soon as it is cleared will permit. It is claimed that the market is generally
