TALKING OF PEACE BUT MAKING READY FOR WAR

Servia May Be Drawn Into the Turco-Bulgarian Squabble—Bulgaria Announces the Annexation of Bosnia and Herzegovina.

Sarajevo, Bosnia, Oct. 7.—The imperial proclamation setting forth the annexation of Bosnia and Herzegovina to Austria-Hungary was posted this morning throughout the occupied provinces. The announcement has been given a mixed reception but up to the present time, the Servian manifestations are quiet. The troops are confined to their barracks in readiness to quell any possible disturbance. Constantinople, Oct. 7.—The council of ministers has decided to protest against the annexation of the provinces of Bosnia and Herzegovina by Austria-Hungary. Protest will be made through the Austrian embassy here. In an interview today Tewfik Pasha, president of the council of state and minister of foreign affairs, declared that the government had protested against Bulgaria's declaration of independence and had posted a notice to the signatories of the city. The minister added that Great Britain and France and Russia disapproved of the conduct of Bulgaria. In reply to a question, he said that Turkey desired peace in the interest of internal reform and counseled calm and moderation. The reports of Turkish military preparations are denied here, and it is said that the government is merely complying with the deficiencies in various army corps. Following out this programme, new guns and ammunition are being sent to Adrianople and Salonika. Paris, Oct. 7.—Official advice received in Paris indicate a great wave of popular excitement in Servia. Further mobilization orders have been issued and the reserves called to the colors are said to be 25,000. It is feared that the Belgrade government in order to save itself will be driven to embark on a desperate venture against Austria-Hungary. It has not yet been decided which power will take the formal initiative in inviting the powers to a conference to consider a revision of the Berlin treaty or whether the initiative will be taken jointly by France, Great Britain and Russia. M. Siwolski, the Russian minister of foreign affairs will be in London today to discuss the matter. The diplomatic situation this morning is briefly as follows:—Turkey has virtually agreed to refrain from final measures against Bulgaria and Austria-Hungary, pending action by the powers. In the meantime, the cabinets of Paris, London and St. Petersburg are engaged in efforts to domesticate a programme for submission to the powers dealing with the initiative.

GEORGE E. FOSTER DEAD POLITICALLY; IT REMAINS FOR PEOPLE TO BURY HIM

Rev. J. A. MacDonald Arraigns Foster at a Meeting in Toronto—He Says There is no Need to Lie About Foster for the True Facts of His Career Have Ruined Him.

Toronto, Ont., Oct. 7.—(Special).—The opening meeting of the campaign in North Toronto in the interests of W. H. Shaw, Liberal candidate, was marked by an arraignment of Hon. Geo. E. Foster at the hands of Rev. J. A. MacDonald, editor of the Globe. Mr. MacDonald said he had not intended making any personal references to Mr. Foster, but Mr. Foster had seen fit to make many references personally to himself that Mr. Foster himself declares that "I hid behind ineptness and told lies about him. But what puzzled me is why anyone should tell lies about Geo. Foster. If I were his worst enemy, if I disliked him as bitterly as he is disliked by some of his Conservative colleagues in parliament, why should I tell lies about him? Were I to tell the truth, the whole truth, and nothing but the truth, it would be more ruinous to his reputation than all the lies that could be invented between now and election day. The truth is quite good enough."

A PROMINENT POLITICIAN SHOT DEAD BY HIS SISTER

Philadelphia Has a Murder Case in Society Circles Captain Erb Killed by his Sister-in-Law While Beating his Wife—Details are Lacking.

Philadelphia, Oct. 7.—The killing at his country home near here last night of Captain J. Clayton Erb, captain in the Pennsylvania National Guard and confidential man of Israel W. Durham, former leader of the local republican organization, caused a sensation in this city. Captain Erb was shot dead by his sister-in-law, Mrs. Catherine Beisel, during a quarrel over domestic affairs. He was a man well known to all walks of life in this city, and had many friends throughout the state. Owing to the lateness of the hour when the tragedy occurred and the remoteness of Red Bank, the Erb country home details of the shooting were slow in coming out. Captain Erb and his wife had considerable domestic trouble of late, their differences becoming so serious that they finally reached the Delaware county courts. Each accused the other of unbecoming conduct, and it was expected that divorce proceedings would ultimately be instituted by one or the other. According to Mrs. Beisel she heard an exchange of angry words on the second floor and on going up the stairs found Erb beating his wife. Whether Mrs. Beisel had the revolver with her at the time or ran into the bedroom and got it, was not disclosed. According to her story as related to the officials in the case, Erb turned from his wife and started to attack her, and fearing for her life, she pointed the revolver at him and fired. She emptied every bullet in the chamber into Erb's body and he staggered and fell in his tracks. "Clay" Erb, as he was familiarly known, has been a prominent figure in the Republican politics of this city and state since the ascendancy of his friend Israel W. Durham, beginning in 1895 and culminating with the retirement of Durham in 1905 because of poor health.

THREE TEAMS MAY TIE FOR FIRST PLACE

Pittsburg, New York and Chicago May Yet be on Even Terms for National League Pennant.

New York, Oct. 7.—Although the last regularly scheduled games of the National League season, played today, did not end with the race for the pennant still undecided. Post season games will be necessary in any event and there is even a possibility that Pittsburg, which practically abandoned hope when her season ended last Saturday may yet win the pennant. Only one material game remained to be played today, that between New York and Boston on the National League grounds in this city. It was the last of a final series of three of which the home team had taken two. Pittsburg's hopes were high in victory for the Bostonians today and a subsequent victory by New York over Chicago in the tie game played yesterday. Pittsburg's hopes would be finally blasted. That would leave New York, Chicago and Boston in a three-way race for the pennant. Should New York win today's game, making it three straight from Boston, Pittsburg's hopes would be finally blasted. New York and Chicago would be tied for first and the ownership of the pennant would be decided by the play off of the tie game.

A WELL KNOWN CITIZEN DEAD

A. L. Spencer, the Veteran Dancing Master, Passed Away This Morning.

A well known citizen of St. John passed away at an early hour this morning in the person of Albert L. Spencer. For years Mr. Spencer has conducted dancing classes, and dealt in musical instruments, sewing machines, costumes, etc. He had not been in very good health lately, though he was up around as usual. This morning his wife was aroused from sleep by a noise, and thinking he was ill, lighted a lamp, but when she returned to the bedside, he had passed away. Death is attributed to heart trouble. Mr. Spencer was 72 years of age, and had been twice married. His second wife was Miss M. Lavina Sherwood, of St. John. He leaves a son and daughter by his first marriage. The son is E. E. Spencer and the daughter Mrs. E. K. Elford, both in Massachusetts. He also leaves one daughter, Mrs. H. H. Hildreth, of Brewer, Maine. Mr. Spencer was born in Passadumkeag, Maine. Some years ago Mr. Spencer was prominently identified with the board of trade, and was also a member of several fraternal organizations. He was one of the oldest members of New Brunswick Lodge No. 1, Knights of Pythias. He is a civil war veteran of the U. S. army and the Maine Regiment and figured in many engagements, notably at Bull Run, where he had a coat, he was carrying over his arm when he was shot.

SIR WILFRID IS IN QUEBEC

Next Week He Will Engage in Political Work in Montreal.

Ottawa, Oct. 7.—(Special).—His Excellency the Governor-General is expected to return to the capital on the 18th. Sir Wilfrid Laurier is spending this week in the Quebec district. Next week he will devote to political work in the district of Montreal. A well-known insurance inspector, who passed through the city today from Vancouver en route to Prince Edward Island, says that he finds the general opinion all the way along that the government would be sustained. The gentleman's remarks in this regard are mentioned, as a staunch Conservative himself. He has been taking a western trip, and is consequently in a position to form a fair opinion. "Everything is politics," said he, "everybody, from the small store man to the big business man, is full of it, and business seems for the time to be put aside. Yes," this gentleman said, "while I am a Conservative myself, to be honest about it, I do not see how it can be otherwise. The general feeling, not only in the West, but all the way east, is that the government will be sustained."

MONTREAL STOCKS

Montreal, Oct. 7.—(Special).—Stocks were firmer today. Montreal Traction was a feature at 20 1/2, compared with 19 1/2 at the close yesterday, and Canadian Pacific was firmer at 177. Mexican was easier at 72 1/2, but the rest of the market was steady.

TOMORROW'S SMOKERS

Liberal Entertainments in Berryman's Hall and McLean Building Promise to be Successful.

The "smokers" to be held tomorrow evening by the Liberal workers of Dukes, Queens and Sydney wards in Berryman's Hall and by the workers of Prince ward in the McLean Building, Union street, promise to be very interesting and enjoyable. Addresses will be given by members of the Young Liberals Club and others. The Liberal workers in both city and county are very confident over the result of the coming contest and predict that both Liberal candidates will come through the fight with big majorities.

WHY NAVAL UNIFORMS ARE BLUE

Nearly all over the world the naval uniforms are blue. The British fashion in this matter has been the rule with maritime people in general. This blue was selected for the king's naval service as a fortuitous happening. "When," so says our informant, "in 1747, the question of uniform was being considered the color selected was very like to have been French grey, laced with silver. But while the King was not quite decided in the matter he saw the Duchess of Bedford in a riding habit of blue faced with white and lined with gold lace. It was at once decided. Here, the King declared, was the uniform color and trimmings for the sea-service officers, and no more was to be said. The navy took the blue and every other navy has since followed with the same color."

NEWS AND VIEWS OF THE CAMPAIGN

WILL HE RESIGN? Will Mr. Fred Sproule, M. P. P., resign, as he has been asked to do by the temperance people of Kings, whom he deceived? If he will not resign voluntarily, will Mr. Hazen insist on his resignation? Report says that a motion has slipped him back to Kings to stump that county for the immaculate Mr. Fowler—Amherst News.

INSPECTION OF METERS

The Venturi meters installed in the city water service at the time of the Loch Lomond extension were inspected during the past few days by Mr. Young of Providence, R. I., a representative of the company, that supplied them. One of the meters was not working well and it has now been properly adjusted. Mr. Young spoke very highly of the new water service here saying it was one of the best he knew of. He thought the people here did not fully realize what a great benefit such a system was, unless they had looked into the sources of supply in other cities.

Portland, Ore., Oct. 7.—Edward Hugh Martin, formerly lieutenant in the United States artillery corps, and son of a wealthy New York real estate broker, will be placed on trial to-day charged with the murder of Nathan Wolf, a pawnbroker. Trial of the case probably will extend over a week or ten days. The state's testimony is chiefly circumstantial. The murder of Wolf occurred about May 1. The murderer robbed the pawn shop.

MEETING AT WATERFORD

A meeting in the interests of Dr. D. H. McAlister, Liberal candidate for Kings Albert, was held in Waterford, Kings county, last evening. There was a very large attendance, including a number of ladies. Addresses were delivered by Senator Donville and Ora P. King. Judging from the enthusiasm, there should be a very large vote for McAlister from Waterford district.

SMALL BORE MEN.

Mr. Borden and Mr. Roblin are losing their tempers. That is not a hopeful sign. Neither is it a sign of wisdom. Men of large calibre don't go around in the general scolding like fishwives at Billingsgate.

QUITE ANOTHER THING.

Mr. Peter Binks says that if anybody will provide free feed and cigars, with some singing and dancing thrown in, he will undertake to crowd the largest rink in St. John at two hours' notice. When asked if he would thereafter deliver a rink full of votes, Mr. Binks stared at the questioner as if he were some new species of harmless lunatic. This terminated the conversation.

THE WRIST FRILL.

The wrist frill is now being worn with nearly every type of garment. With all net, lace, voile or silk gowns the tulle frill is in order, but with simpler frocks such as those of pongee, foulard, dainty and linen, folds of fine white lawn are best. Although these frills soon become soiled, they are readily removed and replaced at the minimum of expense and time. The pen point production in Birmingham, England, is 250,000,000 a week.

ALEXANDER'S CONQUEST.

At the Borden Club smoker last evening Dr. MacRae assured his friends that he had won the solid vote of Loch Lomond and vicinity. One after another of his auditors, he said, went away convinced, until at the close of his two hours' speech there was only one venerable man left in the neighborhood, and he was waiting for the wagon which Dr. MacRae used as a rostrum.

A COMMON SENSE VIEW.

After a careful and impartial review of the whole field, the New York Sun comes to the same conclusion as the New York World that Sir Wilfrid Laurier will carry the coming general elections in Canada. It declares that his opponents are beaten in advance, and that many places that are making a mere nominal fight, the notorious incapacity of their leaders having left them without any real live issue upon which to make a successful one among a people who in the whole are well satisfied with the Liberal regime.

THE WHEEL O' FORTUNE

By LOUIS TRACY
Author of "The Wings of the Morning," "The Pillar of Light," "The Captain of the Kansas," etc.

(Continued.)
Perhaps the captain missed the companionship of the stout lady he had parted from at Charing Cross, or it might be that his grief was a matter of habit—at any rate, after a puff or two, he spoke to Royson again.

"Yes, at 10:30."
"Then I know where I am."
"Quite agree with you, captain, but you must put up with a fair spell of rain, yumping before you reach Marseilles."

"Stump gave him a questioning look. Royson did not resemble the type of land shark with which he was familiar. Yet his eyes gleamed like those of a perplexed bull."

"I have no certificate, if that is what you mean, and I have never been to sea," said Royson.

"This remark impressed Stump as an exquisite joke. His rage yielded to a rumble of hoarse laughter."

"Lord love a dick!" he growled. "If only I'd known, I could have told my missus. It would have cheered her up for a week. Never mind. We've a few minutes in Dover. I'll send her a picture postcard. It'll far tickle 'er to death."

"Evidently the captain meant to add certain explanatory remarks which would account for that gargantuan tickling. Dick anxious not to offend his future commander, smiled sheepishly, and said: "Sorry I can't supply you with a photograph."

Stump's gaze rested on his stockings, loose breeches, Norfolk jacket and deer-stalker cap.

"Damn!" he grinned. "It's better than a pantomime. Second mate! Is there a Starboard light of green?"

# CARVELL STABILIZED FOR A GREAT VICTORY

## EVERY COUNTY IN PROVINCE WILL CONTRIBUTE TO SWELL PREMIER LAURIER'S MAJORITY

### Carvell's Victory is Certain in Carleton County—York County Conservatives Drop Crocket and Will Support Brown—Corps of Speakers Trying to Save Wilnot in Queens County—Tide Turning Against Ganong.

That F. B. Carvell, the Liberal candidate for Carleton County, will again represent that constituency at Ottawa after the election on October 15, and that his majority over his opponent will be at least 400, is the opinion expressed by Hon. W. P. Jones, of Woodstock, who was in the city yesterday.

"There is no doubt whatever about the result," said Mr. Jones. "The Conservative candidate, B. Frank Smith, is very much deceived about the county. A great many are of the opinion that he can defeat Carvell on the result of the provincial election, however it is not so. The local election there turned on two questions, almost altogether, one was the road law, which was the local matter affecting the upper end of the county, the question of the location of a bridge across the St. Lawrence. The provincial government had located it at one point and the people in other localities were dissatisfied.

"The local election was no test of the standing of the two parties on dominion issues, at all. Now Mr. Smith finds that the Liberals will support him last March are swinging back into the Liberal ranks because the provincial government had not carried out its promise to hand the administration of the highway act over to the municipalities, but instead had tried to remedy it by appointing parish boards with their own chairmen, and by increasing the road tax. Not only is he losing the Liberals who voted for him last March, but also a great many Conservatives for the same reasons.

"The other question, of course, is not an issue now except as showing the influence of Mr. Smith's promises that he would locate the bridge and have it constructed. The former government had decided on both for its location and Smith insisted that he would locate it at a point further up, but it is careful not to define the exact place until after the election and he would think the government will never build it.

"A great many of the independent Conservatives of the county believe that Smith should not have resigned his seat in the legislature as they look upon his candidature as showing his personal feelings against Carvell. The result of this is that the mass of independent electors are favorable to Carvell because they recognize that in him the county has the best representative at Ottawa, that it ever had. He is a clean, capable man and I have no doubts that his majority will be decided by the vote of the 1904 election when he had 274 votes more than F. H. Hale. I think this time he should have not less than 400 of a majority.

"He is making a strong personal canvass and feels confident of success. Meetings are being held every night and there is great enthusiasm.

"Regarding the contest in York, Mr. Jones said he knew that in the upper part of the county, Brown is very strong. The same influence are at work there as in Carleton County. The new road law is generally considered as there, is a deal of sympathy for Brown who was ousted from his position by the Conservative government. He is well known and respected, is of a social disposition, a pleasant man to meet, a good campaigner and a good canvasser. In one section alone," said Mr. Jones, "I know of fifteen Conservatives who formerly supported Crocket, who will this time vote for Brown, and in another section I know of eighteen who will transfer their support and if the lower part of the county is come out with the upper part, he should come out with a majority.

"There is a feeling that Crocket has done nothing for the county and the people feel that the Conservative government will do nothing for them."

In Victoria County, it is of course a foregone conclusion that the Liberal candidate, Mr. Baker will not save his deposit.

Hon. Mr. Jones will leave this morning for Queens County where in the interest of several meetings in the interests of Col. H. H. McLean. Tonight's meeting at Chipman, Oct. 6.—(Special.)—An enthusiastic meeting of the Young Liberals Club was held here last evening at which Col. H. H. McLean, Senator King delivered addresses. R. D. Richardson, the president, was in the chair. The hall was filled to overflowing and nearly all in the audience were voters. Chipman can be counted on to give a large Liberal majority.

Reports from other sections received here are most encouraging and Liberal gains are being made in every parish. The fact that Premier Hazen has cancelled his western tour and is devoting all his energies in an attempt to save Queens and Sunbury is in itself significant. Messrs. Alward, Powell, Baxter, Woods and Slipp have all been retained to speak in a vain endeavor to stem the tide. Mr. Wilnot is evidently becoming discouraged. He is now telling his friends that he will poll a big vote even if not elected. He is fighting in lost cause.

Campbellton, N. B., Oct. 6 (Special).—W. S. Loggie was given a rousing reception last night in Murray Hill, when he arose to speak on the issues of the campaign. The hall was filled with a large gathering of citizens who showed the confidence they repose in the party of progress. The speaker paid a high tribute to James Reid, M.P., the Liberal representative of this county. He said that in Mr. Reid the county had the best man it could choose. He advised the electors to do their duty to their county and give Mr. Reid a rousing majority.

Sussex, N. B., Oct. 6 (Special).—D. H. McAlister, M.D., Liberal candidate for

Kings-Albert, was in Havelock yesterday, where he met a large number of friends and supporters of the Liberal party, and was being held there. Dr. McAlister is one of the very best Liberal canvassers that Kings county has ever known.

It used to be said of Senator Donville that he knew every man, woman and child in Kings county. It was quite true that he had a wonderful acquaintance, and on Monday night there was no doubt whatever that the old feelings are still true. This popular politician of former days, the senator, who was in splendid form, gave an address of an hour and a half to an audience heartily in sympathy with him. He was applauded to the echo.

The reports from Havelock are that the Liberal vote will be much larger than usual. Dr. McAlister is well known in that parish as well as in all the other sections in the upper and middle part of Kings county, and the kindly feelings entertained for him will do much to increase his vote.

The attitude taken by his brother physician, Dr. Pearson, of Sussex, will furnish an example to scores of his friends, who may be inclined to place their political before their personal feelings. It is no secret in the upper end of Kings county particularly, that many of the opponents of Dr. McAlister would be glad to see him elected.

Tomorrow night Hon. H. A. McCowan, of St. John, and Hon. C. J. Oman, of Hillsboro, will address a meeting at Upperham on Friday evening at B. Copp, M.P., and Hon. R. O. Dumas will address a meeting in the Agricultural Hall in Hampton Village, and on Saturday evening Mr. Copp and Senator Donville will speak at Norton Station in the large hall.

Energetic evening meetings are being held every evening all over the county and the prospects of Dr. McAlister's election are brighter than they have ever been. Right here in the county of both candidates, it is confidently believed that Dr. McAlister will have a large majority.

Woodstock, N. B., Oct. 6.—(Special.)—F. B. Carvell, M.P., is meeting with the most encouraging reception all over the county. Last night he and Ald. Dugan spoke to a big crowd at Watson Settlement and created an excellent impression. Tonight the candidate will be at Bloomfield.

Hon. W. P. Jones, Ald. Thomas, Dr. Grant, Dr. Kirkpatrick and Geo. W. Upham addressed a big crowd at Upperham last evening and tonight the latter four are speaking at Lower Brighton.

Mr. Carvell and Hon. Mr. Jones will speak on Saturday night at Bath, at a grand week end rally. Carvell's election is beyond peradventure.

St. George, N.B., Oct. 6.—(Special.)—Liberal prospects are growing brighter every day. G. W. Ganong and Judge Cockburn held a meeting at Beaver harbor last night. Three quarters of the audience were Liberals and many left the hall disgraced with the scandalous harangue of the speaker. Ganong is a past master at this style of oratory, but he has reached the limit in Charlotte and the county will undoubtedly go solid for Todd.

Chatham, Oct. 6.—W. S. Loggie, M.P., addressed an enthusiastic meeting at Douglasfield last night, and will speak at Barnaby River on Wednesday.

**FOUR THOUSAND HEAR LAURIER AT LISLET**

Open Air Meeting Addressed by the Premier Yesterday.

Lislet, Que., Oct. 6 (Special).—Nearly 4,000 electors of this county welcomed Sir Wilfrid Laurier at an open air meeting this afternoon. The premier was met at the station by Mayor Cloutier, of Lislet, and most of the male population of the village, headed by a brass band. Special trains from Lewis and Riviere Du Loup brought nearly 2,000 people.

The premier arrived and was escorted by a temporary band. Mayor Cloutier, of Lislet, and Hon. B. T. Caron, of Ottawa, the Liberal candidate, who spoke and Cloutier then gave an address of welcome to the premier, and a bouquet was handed to Sir Wilfrid by a red sashed little girl.

Sir Wilfrid spoke more than an hour. He expressed assurance that though more of many winters had whitened his hair, he still felt strong to work for Canada, and wanted five more years to do it in.

Hon. Rodolph Lemieux spoke for an hour. At the close of the meeting the premier was escorted to the train by the band and given a cheer as the train pulled out for Quebec.

**BIG MEETING AT KINGSTON, ONT.**

Hon. W. S. Fielding and Hon. Chas. Murphy Were in Excellent Form.

Kingston, Ont., Oct. 6 (Special).—Tonight Hon. W. S. Fielding, who is nearing the conclusion of his Ontario tour, was joined by the new secretary of state, Hon. Charles Murphy, at a meeting in the interests of Hon. Wm. Hartly, Liberal candidate in this city. Their joint efforts proved unusually successful, and in recent years Kingston has never had a political meeting higher in general character of argument advanced for one in which there was a better demonstration of party loyalty.

As the minister of finance repeated his cheery story of Canada's progress under Liberal guidance, the Opera House rang with cheers. Mr. Fielding was in an excellent argumentative mood, not withstanding his strenuous exertion of the past few days in Ontario.

Hon. Mr. Murphy created an excellent

Truro, N. S., Oct. 6.—The grand jury in the Bayne case for bribery at Five Islands, Colchester County, today found true bills against Bayne on all the indictments preferred, excepting that in the case of Morrison, who did not appear and consequently no indictment could be preferred on the charge of giving him money and liquor.

The grand jury found true bills against Bayne for bribing Alexander McDonald with \$15 and two flasks of whiskey; Robie Faulkner with \$30 and thirty flasks of whiskey; Suther Faulkner twenty-four flasks; Joseph Jamieson and John G. Jamieson, \$5. Bayne will come up for trial tomorrow morning.

**MACRAE'S ACTION WILL HURT HIM**

Opposition Candidate Spoke at Loch Lomond in Spite of Fact That He Was Not Wanted.

Dr. A. W. MacRae, the Conservative candidate in St. John city and county, took it upon himself to ignore the requests of the Simonds and Loch Lomond Agricultural Society yesterday and forced a campaign speech upon the gathering assembled for the purpose of the annual agricultural fair.

The net result, in the opinion of those who planned on speaking at this fair, was to produce a rift in the ranks of the society's wishes that they be allowed to conduct their fair without any political speech making. In addition both parties in the contest were informed by telephone that this was the association's desire. Moreover a resolution was passed by the society, upon whose executive both Liberals and Conservatives sit, expressly and formally setting forth this wish.

The Liberals respected the request. Dr. MacRae, on the contrary ignored it. He secured a wagon for a rostrum and spoke for more than two hours. The Liberals present, who were greatly in the majority, were disgusted and did not bother to interrupt the speaker who had for his audience a few Conservatives and even they gave him no great encouragement in the form of applause. The general opinion yesterday was that Mr. MacRae would have done better had he not forced himself in where he was not wanted.

The resolution of the society was as follows:

"At a meeting of the Simonds and Loch Lomond Agricultural Society, held Oct. 6, 1908, it was unanimously resolved that this society requests the leaders on both sides of politics to refrain from speaking on political subjects in public manner, as they are members of the above society, who rather have the day observed in a purely agricultural spirit."

"ALEX. F. JOHNSON, Secretary."

**ENTHUSIASM IN THE VARIOUS WARDS**

Daily Gains for Pugsley and Pender are Shown by the Meetings—Smokers to be Held Thursday Night.

The attendance at the Liberal ward meetings in St. John continues very large, and the greatest enthusiasm over the outlook for a rousing victory for the government candidates on October 26 prevailed.

Last evening Mr. Pender visited the workers of Prince and Wellington wards and was given a hearty reception. In response to insistent calls for a speech at both places, he addressed the electors on the issues of the campaign and was repeatedly cheered as he scored point after point. It is generally admitted by many of the opposition workers that Mr. Pender is making big gains daily and there is no doubt that he will have a big lead on Thursday when the ballots are counted. As for Dr. Pugsley his election was conceded by the opposition some time ago and it is only a question of how big a majority will be. Mr. Pender will leave this evening on a business visit to Montreal, but will return on Friday.

On Thursday evening the workers in Dukes, Queens and Sydney wards will hold a "smoker" in their rooms in Berryman Building, when young and old Liberals and their friends will be welcome. Prince ward will also hold a smoker on the same evening, the room being in the McLellan Building, Union street.

The chairmen of the various wards are better satisfied with the report that the interest has never been so keen as it is in the approaching contest. The meetings are better attended and the feeling of success appears to be stronger than for many years past. All electors are invited to visit the ward rooms and see how well the work is going on.

The government workers in Victoria ward are working in the full assurance of victory. This ward has always been looked upon as strongly Conservative, but the workers say that it looks now as if the vote there will swell the Liberal majorities very considerably. There was a large number of men in the rooms last night.

All diseases arising therefrom, including the well as 25c, or postpaid for price from J. T. A. Stearns, Limited, 200 Avenue, Toronto.

Tokio, Oct. 7.—The government has decided to prohibit all gambling on race tracks and to enforce the laws governing racing. The action of the government has created excitement and it is believed it will eliminate horse racing in Japan.

**McALISTER SWINGS ON TO GREAT VICTORY IN KINGS**

Kings and Albert Will Rid Itself of the Dragging Millstone of Fowlerism—Dr. Pearson at Great Rally at Sussex—Emmerson and McAlister are Cheered at Havelock.

Sussex, Oct. 6.—(Special.)—There was a large and enthusiastic gathering of Liberals at the Upper Corner tonight to organize for the campaign. The Liberal organizers, E. S. Carter, was present, and in a short time completed the work of organization. E. O. McIntyre was elected president of the Liberal club, and William Upham, vice-president for that section. Joseph Lynch for Jeffries Corner, Wesley McFarlane for Markhamville, John Cocher for New Line Road, Martin Dunn for Wards Creek, and Peter McLean for Mill Brook. E. W. Watt was elected secretary and the other members of the committee included Hugh R. McMonagle, King McFarlane, James Doherty, James Hay, Thomas Bolan, Wm. J. Reid, John Price, Owen Reagan, and Samuel Sullivan.

Hon. C. J. Oman addressed the gathering and told in an interesting manner how successful a campaign Dr. McAlister was conducting in Albert and the splendid reception he was meeting with in every part of the county. There was not the slightest doubt, the speaker said amid vigorous applause, that the Liberal candidate would come out of Albert with flying colors.

Fred. E. Sharp spoke vigorously upon some of the issues of the campaign and gave the new Sussex committee the idea of a great success the Liberal party was meeting with in other parts of Kings county. He was given a cheer as the train made in the Liberal committee rooms last evening. He believed in a man asserting his independence and not being a "hide-bound" that he could not do so when he saw fit to disapprove of the acts of a political party. Amid ringing cheers he announced that he was through with the Conservatives so long as their policy suited him.

He explained at some length that while he had supported the Conservative party four years ago at that time he did not believe in the construction of the Grand Trunk Pacific. Since then he had changed his views and now he believed it was the greatest undertaking Canada has ever seen. He pointed out that the road was opening up the centre of the province and thought it a most fortunate thing that the Conservative party had not gained power four years ago for that would have meant that the construction of the road and the development of the province would have been kept back for many years.

It would be a disaster to the country if the Conservative were given power at this stage and he would do all in his power to keep them in opposition. A British Columbia newspaper wanted the Conservatives to gain power, giving as one reason that eggs would then be twelve cents a dozen. How would the farmers of New Brunswick like that? He believed Dr.

**All Up with Fowler**

Coun. Cochran, of St. Martins, who was in the city yesterday, attending the meeting of the municipal council, said he had just been on a trip through Kings county. In his opinion Geo. W. Fowler has no chance of election there. That candidate's connection with the Forsters' funds, he said, was costing him the sympathy of the Conservatives.

On the other hand the Liberal candidate was popular all over the county. He has been known as "the poor man's doctor," and many stories are being told of his good heartedness. In addition, the committee went on, Dr. McAlister has an absolutely clean record.

**REV. DR. G. M. CAMPBELL HOME FROM ENGLAND**

Rev. Dr. G. M. Campbell returned to the city yesterday, having spent the last two months on a tour through England and Scotland. Speaking of his trip, Dr. Campbell said he visited the lake district in England, taking in Ambleside, Windermere and the other beautiful spots in the neighborhood. His only regret was that his stay had to be limited to a few hours.

In Scotland he went through the Highlands, taking the regular tour, which included all the best scenery. Going by way of the Caledonian Canal, he spent some time in Inverness, and among other places visited were Ayr and Melrose. Dr. Campbell added that he would at once resume his work and could be found at his old address, 121 Union street.

Mrs. and Miss Campbell, who accompanied Dr. Campbell to England, will remain abroad for about a year. They are at present in London and in a few weeks will leave for Germany, where they will spend the winter.

ONE GREAT ISSUE

So far as St. John is concerned, one issue overshadows all others in this campaign.

The people want to see the construction of Grand Trunk Pacific terminals at Courtenay Bay, and the further extension of C. P. R. terminals on the west side of the harbor.

To the prosecution of both of these great works Hon. Dr. Pugsley has pledged the government of which he is a member. The plans have been drawn. The work on the west side is supplementary to that already completed, and will be carried on in such manner as to provide new wharves when they are needed. It is part of a comprehensive scheme for the development of the main harbor. The first work to be done there will be the construction of the extension to the Clark & Adams wharf, and thereafter the dredging for thirteen other berths south of the present Sand Point wharves. Meanwhile the channel entrance to the harbor is already being dredged.

But the Courtenay Bay work is new, and it is connected with the coming to this port of the Grand Trunk Pacific Railway, which is now being rapidly pushed through the centre of this province, and which will in a comparatively short space of time be bringing freight to St. John.

Dr. Pugsley has stated, with all the authority of a responsible minister, that he is determined to have dredging done and wharves built at Courtenay Bay, in time to prevent the freight of the Grand Trunk Pacific from being diverted to other ports. He has declared in all sincerity enough to seriously predict opposition gains in this province?

One of the surprises of the campaign, to the Conservatives at least, is the success attending Mr. Brown's canvass in York county. The disposition to treat his candidacy lightly has changed to a wild effort to prevent his election. York is Liberal at heart.

"If I were a St. John Conservative," said a Montreal man yesterday, "I would vote this time for the men who pledge themselves to build up the port. I would shout for Pugsley and Pender, and help to elect them."

With a Liberal government in power, what could Dr. Daniel and Dr. MacRae do, compared with Dr. Pugsley and Mr. Pender, to protect St. John against the aggression of rival interests?

Mr. James Pender is making a diligent personal canvass of the city, and is meeting everywhere with assurances of hearty support. He stands for the interests of the winter port.

The electors in the eastern part of the city are not disposed to sneer at wharves on Courtenay Bay. They will support the representatives of progress.

The announcement from Truro that Bayne has been committed for trial is sad news for the opposition purists.

Dr. MacRae on a cart trail at Loch Lomond, instructing the farmers, was a sight to make the turnips boil.

We are living in the present, and the cry is "forward!" Vote for Pugsley and Pender.

The Standard's ancient history column will not build wharves at Courtenay Bay. Money and whiskey figured as potent arguments for purity in Colchester.

Colchester is the ha(y)ne of the Conservative purist's existence.

steadily until today he is one of the foremost public men in Canada. As the representative of this constituency he is in a position to serve its interests more effectively than they have ever been served by his predecessors. There never was a time when the city stood in greater need of a powerful champion at Ottawa. The Conservatives profess to believe that the Grand Trunk Pacific is not anxious to come to St. John. All the more reason, then, that the city should have in the government itself a representative to insist upon fair treatment.

No possible argument that the opposition can advance can make it appear that this constituency would be better served at this critical time by Dr. MacRae than by Dr. Pugsley.

And every argument that makes for Dr. Pugsley's cause is equally applicable to Mr. James Pender, his colleague, and the stalwart champion of St. John's industrial and commercial interests.

HOW ABOUT THIS

Considerable stress is placed by some opposition speakers upon the recent change of government in New Brunswick.

The new government has been in power seven months. It has appointed some commissions and made some announcements. But has anybody heard of any new measures of policy or any important change for the better administration of the affairs of the province? These are questions people are beginning to ask, and they are the more disposed to ask them because most of the members of the government have been for some time and are now much more concerned about federal politics than they are about carrying out their own pledges to the people.

The Standard informs us that Premier Hazen is one of the ablest speakers in Canada. The people admire speech, but they prefer action. There are many things to which the provincial government could give attention which would be more profitable than fighting against those Liberals in federal politics to whom they owe their present position.

In Kings-Albert the Liberal candidate, and his friends are putting up one of the best organized campaigns in the province. This and the support of such former Conservatives as Dr. Pearson has changed the whole aspect of affairs. The people realize, moreover, that they made a serious mistake in their support of certain candidates in the provincial election, and are disposed now to do justice to Dr. McAllister.

It is easy to assert that the opposition will make gains in other parts of Canada, but the discriminating elector will judge of the value of such statements by the outlook in his own province. Take New Brunswick, for example. Who is unwise enough to seriously predict opposition gains in this province?

One of the surprises of the campaign, to the Conservatives at least, is the success attending Mr. Brown's canvass in York county. The disposition to treat his candidacy lightly has changed to a wild effort to prevent his election. York is Liberal at heart.

"If I were a St. John Conservative," said a Montreal man yesterday, "I would vote this time for the men who pledge themselves to build up the port. I would shout for Pugsley and Pender, and help to elect them."

With a Liberal government in power, what could Dr. Daniel and Dr. MacRae do, compared with Dr. Pugsley and Mr. Pender, to protect St. John against the aggression of rival interests?

Mr. James Pender is making a diligent personal canvass of the city, and is meeting everywhere with assurances of hearty support. He stands for the interests of the winter port.

The electors in the eastern part of the city are not disposed to sneer at wharves on Courtenay Bay. They will support the representatives of progress.

The announcement from Truro that Bayne has been committed for trial is sad news for the opposition purists.

Dr. MacRae on a cart trail at Loch Lomond, instructing the farmers, was a sight to make the turnips boil.

We are living in the present, and the cry is "forward!" Vote for Pugsley and Pender.

The Standard's ancient history column will not build wharves at Courtenay Bay. Money and whiskey figured as potent arguments for purity in Colchester.

Colchester is the ha(y)ne of the Conservative purist's existence.

Do You Need An Overcoat This Fall

If so there is no time in all the year so good to buy as just now. The stocks are fresh and new. You get first choice, then you have the good of it through all the cold weather, will go further, and say, there is no place quite so good to buy it as at the Harvey stores. The Overcoats themselves will prove this if you make comparison.

THINK IT OVER

Setting aside the large claims made by both sides, and calmly reviewing the whole situation, what ground is there for any hope on the part of the Conservatives that they may defeat the government?

The government had an enormous majority in the last house. That must be overcome. But in addition to that the Conservatives themselves are absolutely certain to lose many seats. They will, therefore, have to offset this loss by other gains.

Now, what great issue is there to bring about such a change? None at all. The issue is solely that of administration. The Conservative about that the Liberals are dishonest, and they are honest; the Liberals a set of thieves, and the Conservatives an aggregation of high-minded patriots. This, and the cry that it is time for a change, are the Conservative arguments. Will they effect a revolution sufficient to overcome the present great Liberal majority and also make up for their own losses in the contest? The contention is absurd. Even if there has been some reaction, or if the constant repetition of the cry that it is time for a change has made some converts, the great mass of the electors are still conscious of the tremendous progress made under Liberal rule, and are not unmindful of the record of leading members of the opposition party, which amounts to loud about its purity. The mass of the people are disposed to let well enough alone, and to continue Sir Wilfrid Laurier in power that he may complete the great national work which will be forever associated with his name.

Speaking at Sussex Corner last evening Dr. G. N. Pearson stated that he had supported the Conservative party four years ago because he did not then believe in the construction of the Grand Trunk Pacific. Since then he had changed his views and now he believed it was the greatest undertaking Canada has ever seen. He pointed out that the road was opening up the centre of the province and thought it a most fortunate thing that the Conservative party had not gained power four years ago for that would have meant that the construction of the road and the development of the province would have been kept back for many years. It would be a disaster to the country if the Conservatives were given power at this stage and he would do all in his power to keep them in opposition.

ON THE STAIRS. He said good night, and he held her hand as he withdrew. She had hoped that her eyes would understand what his lips refused to say.

He held her hand and he murmured low, "I'm sorry to go like this. It seems so friendly, you know, this Mister of ours, and Miss."

"I thought—perhaps—" and he paused to look at her. If she seemed inclined to frown; but the light in her eyes his heartstrings as she blushing looked down.

She said no word, but she picked a speck of dust from his coat-lapel. Such a small, such a wee little tiny speck. "I wonder she saw so well."

And it brought her face so very near, in that dim, uncertain light. That she thought, unspoken, was made quite clear. And I know 'twas a sweet good-night. Edward Everett Nelson, in Smart Set for October.

Frings having again come into vogue are being extensively used on the more ceremonious type of winter costumes, such as those designed for afternoon receptions, visiting and dinners. On the silk cashmere, faille, Frooping and satin reception gowns the long netted and beaded fringe of a matching tone is employed to border the draped tunic, which is often arranged shawl fashion over the hips, falling thence to the train of the skirt.

**FORMER ST. JOHN MAN IN KILLED IN BOSTON**

**William R. Moran of Dorchester Crushed to Death Under Slabs of Marble.**

A Boston paper says:—

William R. Moran, aged 65, married, living on Lauriat av., near Blue Hill av., Dorchester, met with an accident in the Bowker & Turrey marble works, South Boston, this morning, from the effects of which he died before arrival at the City hospital.

Moran had been employed by the company for many years, and for a long time had been foreman. The establishment recently removed its entire plant to 89 Granite street, South Boston. About Mr. Moran, with several of his helpers, was piling slabs of marble in the yard of the works. Several of the slabs toppled and fell from the top and crushed Mr. Moran beneath them. When picked up he was unconscious and the police ambulance was summoned to take him to the City hospital. Before its arrival at that institution Mr. Moran was dead.

Mr. Moran will be remembered by many of the older residents of the city. At the time of his death he was well up in years. Before the fire of 1877 he was business here for himself, but soon afterwards went to Boston, where he has since made his home. He is survived by a widow and one married daughter. The only relative in St. John is Mrs. Chas. McLaughlin, of Exmouth street.

**SEVEN PRISONERS IN POLICE COURT**

**They Were All Charged With Drunkenness and Speedily Disposed of.**

To gaze at the prisoners on the bench this morning would be to recall Wordsworth's poem "We are Seven" for it was that number of bedraggled men that faced the tribunal and the presence of each of the septette was due to excessive assimilation of intoxicants. Two of them had predilections for assumed names.

Charles Diggs, who for the third time in a month was arrested for drunkenness yesterday made an ineffectual attempt to appear in the form of a couple. Letting go from the bench with a bamboo cane in his hand and a bag slung over his neck, Diggs resumed a typical stage Edipian but his antiquated monologue for mercy was abruptly terminated by the magistrate. "Ah had a' awful sore side eye honah an' ah only took a wee bit o' ale, sah," said the negro when the interruption to his plea was delivered. "Eight dollars or two months and the next time you are here I'll see if you will be sentenced to nine months for vagrancy" was the effect of Diggs' harangue.

John Dolan, an Englishman, gave the name of John Dunn when taken into custody for drunkenness. He has been in jail with intermissions of one or two days at the completion of each term since the early part of last winter when he was initially incarcerated for assisting a companion on one of the winter port liners with a huge spike. After concluding a two months' term on Monday for drunkenness Dolan was apprehended yesterday for the same offence and boisterous conduct on King street. He enters upon another term of two months' duration today. "I want the jail officials to give you the fittest labor they can," remarked his proprietor on imposing the sentence.

Joseph Dixon, who rebelled strenuously against being carted to the police station, was fined \$8 or 2 months for obstruction and \$16 or two months for resisting.

James Patterson and Michael Mahoney were fined \$4 or ten days. The other two prisoners are mentioned in another section of today's paper.

John McGuire admitted selling tonic on Sunday and in consideration of his being a victim of consumption a fine was not imposed.

Patrick Cunningham reported for permitting his horse to wander on Broad street, explained that several mischievous boys severed the rope that tethered the animal to a post.

Thomas Howes, a man with a record, pleaded guilty to three charges, viz.: drunkenness, violently resisting arrest and hurling a tumbler at Charles O'Neill yesterday afternoon which missed the target and demolished a mirror.

Howes entered O'Neill's beer shop on Main street and after an altercation with another patron refused to recompense the proprietor for tonic he had imbibed and capped the climax by imitating William Tell and his feat in a modern method with O'Neill's hat, taking the place of the apple. When arrested by Policeman Henry, Howes resisted violently and attempted to bite the officer. He was remanded, his honor remarking that he was liable to one year in jail.

An aged woman named Mrs. Ramsey, the respondent in a complaint lodged against her by Agnes Cobham for abusive language and expectorating in her face, caused some excitement in the police court this morning by fainting during the proceedings. When she revived she wanted the matter to be held but on the advice of the magistrate the plaintiff allowed the case to drop owing to the publicity incurred. The old woman made efforts to address the magistrate and it was with difficulty that she was escorted from the room to the corridor vociferating "that woman can shoot off her mouth when she likes. A man and his wife hit me and I'm going to make it hot for them."
