

### REFUSE TO MEET THE STRIKERS

#### Owners Decline Offer of Con- ference SETTLEMENT REMOTE

#### Employers Have Grievance Against Men and Claim Right to Employ Non-Union Labor Must be Safeguarded.

London, May 29.—The hopes for a speedy settlement of the dock workers' strike were dissipated tonight by the refusal of the shipowners to accept the government's invitation to meet the representatives of the men at a joint conference of the board of trade on Friday.

The letter reads: "Last autumn two agreements and an award were arrived at. One of the agreements was directed to Sydney Buxton, president of the board of trade, in which they state that they fail to see where any good can arise from attending such a conference."

"All of these have now been set aside and the workers called out with no notice to the employers. The shipowners have no confidence and no assurance that any negotiations that will now take place will have any greater reality or be more permanent."

The main issue now dividing the two parties concerns the status of non-union labor. The employers insist that they shall be free to employ whom they please. The strike leaders are equally determined not to consent to any settlement which will compel union men to work with non-union men.

### YOUTH ASSAULTED, CHUM ARRESTED BY WINNIPEG POLICE

#### Wm Galbraith Found With Skull Fractured While Rob- ert Aylesworth is Covered With Blood—Police Busy.

Winnipeg, May 29.—Wm. Galbraith, a young clerk of the Union Bank, who came recently from Buffalo, N. Y., was taken to his home last evening with a fractured skull and lay unconscious all night. This afternoon a sensational development was the arrest of his chum, Robt. C. Aylesworth, employe of the Canadian Consolidated Rubber Company, who was found at his home bloodstained and much the worse for liquor. The police are working on the mystery.

### NO VOTE YET ON BILL TO REPEAL RECIPROCITY LAW

#### Senate Spends Entire Day on Iron and Steel Bill Without Reaching Division—Amend- ments Adopted.

Washington, May 29.—After devoting the day largely to the consideration of amendments to the iron and steel bill the senate adjourned tonight without reaching a final vote on that measure. Senator Haysburn held the floor upon adjournment and the understanding is that when he concludes a vote will be taken. The amendments adopted place a list of farm implements on the free list, repeal the Canadian reciprocity law and provide for a duty of \$2 per ton on pig iron to six per cent, and on ferro-silicon to 10 per cent.

### SIR WILFRID ERECTS SOME AIR CASTLES

#### Displays Unwarranted Optimism at Banquet in His Honor.

#### Liberals Fete Chief Who Loses Sight of Conservative Victories and Magnifies Gains of His Own Party.

Montreal, May 29.—Surrounded by Liberal leaders from practically every province of the Dominion, and cheered by hundreds of his most ardent admirers Sir Wilfrid Laurier tonight portrayed the Liberal party as not so badly off as many of its supporters feared.

Passing lightly over Liberal defeats sustained since the Conservative regime ended upon its career at Ottawa, and interpreting recent Liberal successes as certain indications of greater triumphs to follow, the leader of the opposition evoked applause from his solid Liberal audience, applause which increased in fervour when he launched into an attack upon the present government.

As a tribute from the liberals to their aged leader who still remains in command when non-often cares to lead the disorganized forces of the party, the banquet tendered Sir Wilfrid by the Montreal Reform Club at the Windsor tonight, was a success.

Leaders of liberal governments from those provinces wherein that party is in power stood side by side with their less fortunate brethren who lead liberal opposition in such provinces as possess such institutions.

Practically all of the last Liberal cabinet were in attendance, while among the speakers were many of the younger men of the party.

Nearly 600 were present and the capacity of the dining hall was overtaxed, but no one failed to bear the brunt of the evening. Sir Wilfrid's address for his voice never wavered during his long oration.

### LARGE SUM TO BE RAISED TO AID MOUNT ALLISON

#### Hoped \$200,000 Will Be Con- tributed by End of Year— Fund Now \$94,000—Want Permanent Collector.

Special to The Standard.  
Sackville, May 29.—The annual dinner of the alumni and alumnae society was held this evening in the dining room of the university residence when about 175 persons were present. Mr. Justice White, of Sussex presided and speeches were given by H. A. Powell and W. B. Tennant, of St. John; Mrs. B. C. Borden, of the alumnae society; J. C. Rimcook, Moncton; Dr. Joseph Hayes, Halifax; W. G. Ruggles, Middleton, N. S., and Prof. W. M. Tweedie, of Sackville. During the evening a selection was admirably rendered by the University Glee Club.

A meeting of the board of regents was held today when among other business transacted, Dr. G. M. Campbell, who has been acting secretary of the ladies' college, was appointed permanent secretary. It was decided to secure the services of a person to devote their whole time to securing money for the forward movement fund. A few years ago the movement was commenced in an endeavor to secure \$200,000 and so far \$94,000 has been raised. It is the intention to secure the balance by the end of the next year.

### OFFICERS CHOSEN BY L. O. B. A. IN FINAL MEETING

#### Mrs. G. C. Akerley, Deputy Grand Mistress, Mrs. Henry Kilpatrick, Associate Deputy Grand Mistress.

Special to The Standard.  
Fredericton, May 29.—The following officers were elected by the Ladies' Orange Benevolent Association Grand Lodge this afternoon and installed at the closing meeting tonight: Grand Mistress, Mrs. Tull, Vancouver, B. C.; Deputy Grand Mistress, Mrs. G. L. Akerley, St. John, N. B.; Associate Deputy Grand Mistress, Mrs. Henry Kilpatrick, St. John, N. B.; Grand Chaplain, Mrs. Miller, Ottawa;

### THE TELEGRAPH'S STATEMENTS REGARDING VALLEY RAILWAY ARE PROVED WHOLLY UNTRUE

#### No Foundation for Claim Bond Issue Covers Only 169 Miles and Omits Grand Falls Section.

#### Debentures for \$5,000,000 Already Sold, Equivalent of Subsidy \$25,000 per Mile for 200 Miles—Stock Certificates State this Only Part of Total Issue—Trust Deed Provides for Issue of Debentures St. John to Grand Falls.

A deliberate attempt was made by the Telegraph yesterday to deceive the electors of the St. John River Counties by the publication on its front page of fictitious statements seeking to prove that the Valley Railway would not be built to Grand Falls.

The Telegraph depended on a despatch to the Montreal Star to the effect that the Bank of Montreal was offering on the London market the first mortgage four per cent. debentures of the St. John and Quebec Railway Company, guaranteed as to principal and interest by the Government of New Brunswick, to the amount of £873,285 sterling, equivalent to \$4,244,165 in Canadian currency.

These figures, incidentally, are inaccurate as the sterling amount mentioned is equivalent to \$4,249,987, a difference of \$5,822.

The Telegraph adds that at \$25,000 a mile this amount will only construct 169 miles of railway, and points out that the distance from Rothesay to Grand Falls is 209 miles or 40 miles more than is provided for in the issue. From this it draws the conclusion that the Fleming Government have no intention of building the railway to Grand Falls.

The mendacity of the Telegraph in publishing a statement of this character is past belief. The bonds actually issued and sold are for \$5,000,000, or the equivalent of the subsidy of \$25,000 per mile for 200 miles of railway, not 169 miles as untruthfully stated by the Telegraph.

The stock certificates, which are issued, expressly state on their face that they are only a part of the total issue. The trust deed, which has been executed, provides for the ultimate issue of first mortgage bonds to \$25,000 per mile from St. John to Grand Falls, and this document also provides expressly for more than 209 miles of road.

In whose interest is the Telegraph circulating these glaring mis-statements regarding the upper section of the Valley Railway?

### PRESENTATION TO COL. SCOTT

#### Sovereign Grand Orange Lodge Presents Chest of Silver to Grand Master—Committees Met in Evening.

Special to The Standard.  
Fredericton, May 29.—The feature of the evening session today of the 32nd annual session of the Sovereign Grand Orange Lodge of British America was the presentation of a beautiful and costly chest of silver to Hon. Dr. Sproule, Speaker of the House of Commons and recently Grand Master of the Grand Sovereign Orange Lodge. The presentation was made by Lt. Col. J. H. Scott of Walkerton, Ont., the present grand master, and during the afternoon speeches were made by Hon. Dr. Sproule, Sir Mackenzie Bowell and much enthusiasm was aroused.

The annual reports of the grand lodge officers were presented and showed an increase of upwards of 12,000 members during the past year. Lt. Col. Scott in his grand master's address, referred to a number of matters of importance, including the marriage laws, the bi-lingual schools, and dwelt at some length on the political situation of the Dominion. Satisfaction was expressed at the manner the Borden government has handled the marriage law question. This evening was given up to meetings of committees.

### LOST RAPHAEL HAS BEEN RECOVERED

Paris, May 29.—A great stir has been caused in artistic circles here by the announcement of the discovery at La Rochelle of a forgotten masterpiece by Raphael—a portrait of Elizabeth Gonzaga, Duchess of Urbino. It is stated that there is no doubt of the genuineness of the picture, which bears the signature and the date 1505, both of which were at the time of finding covered over with a coat of paint and a false signature substituted by a later painter.

The long lost Raphael which was bought for a mere trifle from the owner, will soon be put up at auction in Paris, and some sensational bidding is expected.

Grand Secretary, Miss Cubban, Toronto; Grand Treasurer, Mrs. Robert Gordon, Toronto; Grand Lecturers, Mrs. Perkins and Mrs. Kierck, London, Ont.; Grand Director of Ceremonies, Mrs. Flanders, Plover Rock, N. B.; Representatives to Grand Lodge, William Forster, Toronto, and Henry Kilpatrick, St. John.

Toronto was selected as the next place of meeting.

### ROUSING MEETING HELD AT WOODSTOCK

#### Local Government Supporters will Carry all Before Them —Presentation to Member of the Party.

Special to The Standard.  
Woodstock, May 29.—The friends and supporters of the local government will not be satisfied until the town is captured from the enemy. Until the evening of June 20th the slogan will be "put the town in the good government line."

On Tuesday night a rousing rally followed the completion of the town organization. Geo. E. Balsman called the large gathering to order in a fighting speech. He was pleased with the large attendance. The party had a good cause to fight for and the best ticket, headed by the premier, ever nominated in this county. The boys were out to win by a large majority.

It was moved by W. S. Sutton, seconded by B. M. Hay, that E. R. Teed be elected chairman of the town organization. This was carried unanimously amid ringing cheers which were repeated when Mr. Teed took the chair. The chairman thanked those present for the honor conferred upon him. He would like to see the party capture the town in the coming election. In the last by-election the vote was 387 to 316, a majority of 71 against them. Under the circumstances existing in the past which were well known to all present, the party had a hard row to hoe, but they always put up a hard fight. Things will be different in this election and the former conditions do not now exist. He suggested that a committee of workers be selected whose duty it will be to see that the work is done and that the committee feel the responsibility placed upon their shoulders. If that be done the party will give a good beating to their opponents in the coming fight.

Wallace Gibson will devote his whole time to the work in town, where a staff of stenographers will be at the disposal of the party workers in town and county, at the committee rooms over the Royal Bank.

It was voted that the following committee be appointed with power to add to their numbers: J. P. Pickett, W. F. Bolger, Dr. W. D. Rankin, E. L. Clarke, C. Allan Smith, W. S. Sutton, Robert Kennedy, J. E. Cogger, John Connor, Jas. A. Gibson, R. S. Welch and Harold Niles.

Speeches were made by Premier Fleming, Donald Munroe, Geo. T. Balsman, E. R. Teed, Dr. Rankin and others.

Hon. Mr. Fleming made a presentation on behalf of the party to I. E. Shearsgood, who with his family leaves today for Portland, Me., of \$5 in gold. The following meetings will be dressed this week by Hon. Mr. Fleming, Donald Munroe, G. Leverette White and Fred C. Squires: Lakerville, Thursday; Centerville, Friday; Hartland, Saturday.

### SEVERAL NEW PORTS OPENED

#### Much Credit Due Government for Progressive Policy— New Record is Reached in Customs Receipts.

Ottawa, May 29.—The month of May just closing will establish a new record for customs receipts.

To date the official returns received at the department of customs show collections of \$8,659,444 as compared with \$6,547,572 for the corresponding period last year. When the final returns are in for the present month it is confidently expected the figures will turn the \$9,000,000, or an increase over the corresponding month of 1511 of \$2,500,000.

At the present rate of progress the revenue for the fiscal year from customs alone will be well over \$100,000,000.

Allowing for the influences of favorable trade conditions there is still a large measure of credit for the increased revenue to be given to the institution of more up-to-date methods of departmental administration. Since the change of government there has been a steady clearing away of the deadwood which for years hampered the efficient work of the service. There has also been a great increase in the number of new customs officers all over the Dominion. No less than 24 new ports have been opened as against an average yearly increase of four under the former administration.

### FOOD AND CHAMPAGNE OF ACTRESS SEIZED

#### Mayor Carter Wins a Farthing Damages After Anthony Hope Has Testified in Case Against Lena Ashwell.

London, May 29.—Everybody is laughing over a suit for slander brought today against Lena Ashwell, the actress, and her husband, Dr. Simpson, by George Samuel Elliott, Mayor of Hillingdon, who, as caterer to the Three Arts Club's fancy ball at the Albert Hall last December, impounded a hamper of food and twenty-eight bottles of champagne brought to the ball by the actress.

Anthony Hope, the novelist, testified that the Mayor-caterer had also seized his hamper containing food and beer. He told Mr. Elliott, "I will technically assault you." The Mayor replied, "As long as the assault is technical I won't mind." The jury gave to the Mayor a farthing damages, but the Judge decided the defendants must pay the costs.

#### Leader Looks Over Field in Vain—Burchill Declines to Pin Faith to Fallen Fortunes of Opposition.

Special to The Standard.  
Chatham, May 29.—No announcement has yet been made of any convention of the opposition in this county, and the prospects are that the government ticket will go in by acclamation. The opposition has only one paper in this county giving it support, the Chatham Gazette, while the government has the Leader and Advocate of Newcastle, and the Commercial and World, of Chatham. The Gazette came out today with an appeal to the opposition to hold a convention and put a ticket in the field, but it is felt by the government party that the opposition will not take this advice.

For one thing, it is announced pretty authoritatively that John P. Burchill will not run, and the leaders of the opposition party feel that it is too late for any ticket to be got together at the last minute, and have the least chance of success.

Nomination day is now but two weeks away and no step has been taken by the opposition to call a convention or arrange for the ticket on their side. Mr. Copp was here last week, and it is said that he considered the situation hopeless so that at the present time at least, it looks like a government acclamation.

### Counsel Expounds The Quebec Law A LENGTHY SESSION

#### View Taken that Catholics Cannot Legally be Married by Non-Catholic Clergy by Lawyer Op- posing Enactment of Lancaster Bill.

Ottawa, May 29.—Even if two Roman Catholics were to publicly declare their intention of marrying so that it was known from one end of the Province of Quebec to the other that they would get married, but not before a priest, the parties almost repudiating their church, as it were, and such a marriage were to take place, it would be null and void and non-marriage under the Quebec law.

This was brought out in the argument before the Supreme Court today by P. B. Mignault, K. C., counsel appointed by the Dominion government to oppose the enactment of the Lancaster bill. Mr. Mignault maintained that the publication of banns and the presence of the parish priest of the parties were necessary and that publication elsewhere than in the parish was of no avail, as was marriage under the circumstances of the two Roman Catholics by a non-Catholic. Clarendon, such as this is, was contrary to the law.

**HEARING MARRIAGE REFERENCE**

**Catholics Cannot Legally be Married by Non-Catholic Clergy.**

**Such is Quebec Law According to Counsel Opposing Enactment of the Lancaster Marriage Bill.**

Continued from page one.

"I submit that Mr. Justice Charbonneau is wrong in his judgment, when he says that no non-Catholic can legally marry a Catholic," stated Mr. Mignault in dealing with this point.

"The third day's argument on the marriage reference proved to be of a most interesting nature. It was the completion for the moment of the side affecting the laws of Quebec and the resumption of the argument affecting the broad constitutional and jurisdictional points by I. F. Hellmuth, K. C., who has the opponents of the bill followed Mr. Mignault. Mr. Hellmuth claimed that the Lancaster marriage bill was in violation of the rights of the provinces, and that the promoters declared their intention of usurping rights by asking for legislation which the Dominion to declare its power to deal with solemnizations. Incidentally, Mr. Hellmuth announced that he had merely been asked by the Dominion government to represent the opponents to the bill and had no instructions whatever from the government, any announcements of attitude, which he was taking being solely on his own initiative. "The Province of Quebec, it is to be heard, while Hon. Mr. Nesbitt and Eugene Laflour for the promoters, will have the privilege of repeating, "Does it not strike your lordships that there is no legislation passed validating the marriages performed by Roman Catholic priests, and that the Dominion has granted that priests had a right to perform the ceremony?" asked Mr. Mignault. Justice Ilidngton—"Everyone took it for granted also that the English law was introduced but the question arises, in what form?"

**Only in England.**  
Mr. Mignault—"If the English law of marriage had been introduced it would govern the whole question. But the English law of marriage was not applicable outside of England."

Justice Duff—"What about the jurisdiction of a clergyman of the Church of England, duly ordained by the bishop of London with the reservation of the King's supremacy, under the French law, this is assuming it was in force?"  
"I do not refer to it as affecting the jurisdiction of the statutes of the Church of England."  
Mr. Mignault—"They had a certain jurisdiction. The jurisdiction has been assumed and it has never been contested. No mortal man has found anything which will show the establishment of the Church of England in Canada."

"The Chief Justice—"In other words, the rights of the Church of England are the result of conquest? Is that your point?"  
Mr. Mignault—"That is so."  
Justice Ilidngton—"How do you assume the limitations of the power of the Church of England clergyman in England they have the right to perform the ceremony, but in Canada? Where do you get your limitations?"  
Mr. Mignault—"Undoubtedly Roman Catholic clergyman in Quebec has the right to perform the ceremony of the Roman Catholic religion. Assuming that the Church of England clergyman had equal power, if not more, in the province, it is the right, your lordships, which is being carried out."

The religious liberties given under the Treaty of Paris were referred to by the counsel briefly.  
"To the Roman Catholics of Canada were guaranteed under this treaty," he declared.  
Resuming his remarks after recess Mr. Mignault took up the Treaty of Paris. He held that this treaty and its clauses succeeded capitulation.  
"A treaty is a contract between two governments," he said. "While articles of capitulation are an agreement between a government and the inhabitants of the country. Free exercise of their religion to all orders of Canadian Christianity was given under the articles of capitulation. A free exercise of religion was guaranteed."

**Marriage A Sacrament.**  
"Marriage, according to the doctrine of the Roman Catholic Church is a sacrament, the rights of administration of which are given exclusive to priests of the Roman Catholic Church and if any interference is allowed with the sacrament it will interfere with the articles of capitulation," asserted the counsel. "The object of the law is to prevent clandestinity," counsel continued, "and if as is contended by Mr. Laflour, a non-Catholic can marry a Catholic without publicity or publication of banns, then I say the law has failed in its intention."  
Counsel then took up consideration of section 127 of the Quebec civil code relating to the impediments. The clause contains the words "or other causes" after specifying relationship as impediments. These words, Mr. Mignault maintained, were intended to recognize all canonical impediments without attempt at enumeration.  
Following Mignault, Mr. Hellmuth, K. C., Toronto, for the opponents took up the constitutional aspect of the questions involved and the jurisdiction as contained in questions 1 and 3 submitted to the court, maintaining that the absolute validity of marriage depended on the observance of the law of the place of solemnization, and not only involve the Dominion or provinces, but the people of other

**LEADING TOWER COLLAPSE**

**Famous Edifice at Pisa Likely to Fall—Anniversary of Verdi's Birth to be Celebrated.**

Rome, May 28.—So much alarm has been caused both abroad and in Italy by the reports that the Campanile di Pisa is threatening to fall, that the report of the commission appointed to look into the matter will come as a relief, although it is not altogether favorable. The report dwells lengthily on the inclination of the tower, comparing the results of the present investigation with those made by two Englishmen, Messrs. Cressy and Taylor, in 1817. There is unfortunately no doubt that the pendulum has swung about a fourth of an inch in every three feet during that period. The greatest pressure is on the foundations where the north wind is blowing and is calculated to be almost 21 pounds to every four square inches. This, of course, is enormous and would have been impossible had there not been a gradual hardening of the foundations. The report says: "The situation is very grave but not without precedent; other examples still existing show the same conditions, even in buildings of the celebrated Gherardini, of Bologna, and the Ghirlandina, of Modena, where the pressure must be even greater."

**THE SEA CAPTAIN.**  
I have watched them wave from the crowded decks  
As my ship put out to sea.  
With their smiles and tears and their joys and fears,  
But most in a merry gleam—  
Two thousand precious human lives,  
And their care was laid on me!  
I have watched them wave to the crowded piers,  
As they turned to their native land.  
With a cheer all round for the home-ward bound,  
And a tear for the foreign strand  
Two thousand precious human lives  
In the hollow of my hand!  
And this is the law of the untamed sea,  
Where never a law is known;  
Where none may say where the right may lay,  
Save me, and my word alone;  
If you bring not back these precious lives  
You must not bring back your own!"  
And they haunt our sleep on the ship,  
And the awful waves run gray,  
And no man knows when the tempest blows,  
What will end the day;  
But our lives are pledged that we'll bring them home,  
And the pledges we always pay.

As the centenary of the birth of Giuseppe Verdi is not far off it has been proposed to commemorate it in a solemn manner. The musical Academy of Santa Cecilia has been allowed to lead in the matter, and has decided on a great artistic programme. The academy on the death of the great composer opened a subscription list for the purpose of erecting a monument to his memory, about \$250,000 was gathered, M. Donverdi, the greatest Italian living sculptor, spontaneously offered to design the monument. It is to be erected in Rome, and at least a bust of Verdi will be executed and, if possible, placed in the capital among those of the other great modern Italian.  
Besides the academy will give a magnificent evening of Verdi's Requiem Mass, at the Augustum, inviting musicians of world-wide fame to take part. Also there will be a series of concerts at which will be artistically executed all the symphonies of the opera of Verdi, even those less known, and a number of cantatas by great artists. It has also been suggested to organize a monster open air festival for the people, giving the master's most celebrated choruses, sung by an imposing number of musicians.

**Time for a Spring Tonic**  
In the spring you suffer from the bad effects of winter living. During the winter the clear, cold weather is a powerful germicide, and keeps us up, but when the spring break-up comes, diseases germs are revived and the run-down system fails to fight them off. The enormous high death rate in spring proves this.

Almost everybody needs a spring tonic to help him over this trying time. Others, however, have such valuable time in fighting off "spring fever," or contract serious disease. Nothing will so certainly help you as Dr. Chase's Nerve Food. This food cure is a true tonic. It actually forms new, rich blood strengthens nerves and gives you energy and vigor into mind and body. It is not a stimulant to whip you tired nerves, but by its upbuilding effects affords lasting benefit. Keep well this spring by using Dr. Chase's Nerve Food.

**BUDGET OF THE ARAB ARMY IN ENGLAND**

**London, May 29.—**The latest thing in courtesies between Belgium and Italy, just been provided by Commander Denti, chief of the dirigibles used by the Italian army in Tripoli.

Some time while fleeing the Arab position Denti photographed the explosion of a dirigible which was fired at him. On developing the negative Denti found that a Turkish captain of artillery was in command of the battery which had assailed him and circling over the position again he dropped a large envelope which contained a copy of the photograph and a polite request that he be furnished with the same. He also asked that means of aiming was used and the interest of aviation were given as the excuse for the unusual request.

The commander closed the note by thanking the Turkish captain and expressing the hope that they might meet in earth. No reply has been received from the Turks.

Trials for the purpose of testing the usefulness of bloodhounds on cold trails held on Salisbury Plain have proven a striking success. The honours fell to two young hounds owned by Captain Noel Llewellyn, chief constable of Whitehall. Moonlight, a puppy of fifteen months, was put upon a six hours' cold trail and in spite of the fact that it was a lead scenting dog was successful in following the pup, who was the progeny of Shadower, noted in the Midlands as a great hunter.

The depopulation of the British Isles has led to serious plagues in the future of the United Kingdom and just now the press is devoting much space to it because of the large number of emigrants pouring through Liverpool on their way to America. Many hundreds are leaving every week and not one in hundred comes back except for a holiday. Many of the emigrants are stout healthy looking girls without a chance of marriage in their own country. The plagues of almost immediate matrimony on arriving in America has made them respond promptly to the circulars of the emigration agents.

One of the agents declares that since the beginning of the season 8,000 domestic servants and farm laborers have been taken to Canada by a single steamship line. He figures that the total for all the lines must be at least 50,000.

The hot summer of last year and the present dry spring has produced a crop of insect pests which threaten to overwhelm the usual fruit and vegetable output of the season. The great hopfield of Kent are menaced with a blight which only the most persistent spraying can keep in check and even the oak trees are suffering from the plague of small green caterpillars which threaten to destroy the foliage. Some of the trees have already been stripped and in the adjacent natural park at Richmond scarcely a tree is immune.

To complicate matters a plague has attacked the bees of the kingdom and there are grave fears that a lack of pollen may cause the complete failure of the fruit crop. Unless there are bees to carry the pollen from the anthers to the stigmas there will be blossoms without fruit and it is estimated that with the assistance of a relatively small number of other insects practically all of this work is done by the ordinary honey bee. A plague known as the Ixodes Wight disease has wrought such havoc among the bees that the fruit grower has been forced to take over the task himself and many of them are busy with rabbit foot and camel hair brushes collecting pollen from one flower and painting it into another.

To add to their troubles the fruit growers are facing a new pest which has been brought from the States. There are there for looking for two species, one to save the bee and another to kill the fruit. The coming seaside season promises to witness the doom of two ancient institutions, bathing machines and promenades. Many corporations have hitherto forbidden mixed bathing and are turning the custom as one of the pleasant features of their cities.

**WHITNEY PARTY**  
**"OFTEN NEAR DEATH"**  
New York, N. Y., May 29.—Harry A. Whitney, the wealthy sportsman, who has hunted big game in many sections of the globe returned to New York yesterday on board the Stephano of the Red Cross Line, after three months in the Arctic circle, where he was seeking seals. Mr. Whitney has spent a part of each year for many years in the Arctic and his experience has gained him a place among explorers.

On this trip, during which he passed through many dangers, the sealers who accompanied him took 8,000 seals and Mr. Whitney made more than 13,000 feet of moving pictures showing every phase of sealing.  
The recent appearance of icebergs in the course of trans-Atlantic steamships, Mr. Whitney said, was due to many causes, but he believed that continuous high northern winds, blowing from the north, had driven them south. The peculiar weather conditions also have affected the amount of ice. Every year heretofore the early heat has melted the ice before it got so far south as they were. Mr. Whitney left this city late in February and on March 9 joined the steam sealing vessel Neptune at Port aux Basques, in Newfoundland. The trip lasted until May 8, when they reached St. John, the last of the fleet to return and report. For several weeks it was reported that Whitney and his party had been lost. They were out of communication with the world all of this time and did not learn of the "Blissful disaster" until they reached St. John. Mr. Whitney said that the weather was exceptionally severe.

"For thirty-seven days," he said "we were stuck in the ice pack and could do nothing. Our worst experience occurred on April 16, 21 and 20, when the ice almost got us each day."  
On the first of these days we were caught, and after having remained stationary several hours, the ice began to close in on us. It literally climbed over the Neptune's sides and for the whole night we dared not go below. We spent the night on deck in heavy clothes and with provisions beside us. We were ready to abandon the vessel at any moment.

"Then the ice ceased up until the 21st, when it repeated its performance. This time the jam lasted longer and we were almost certain that the Neptune would be crushed or at least

**WAS TROUBLED WITH Headache AND Constipation.**  
After Suffering For Two Years Was Cured By BURDOCK BLOOD BITTERS.  
Headache of whatever nature is nearly always symptomatic of other diseases, conditions, or bad circulation is the chief source of the difficulty. Burdock Blood Bitters removes the cause of the trouble through its cleansing, strengthening and tonic action on the stomach, liver, bowels and blood. Mr. W. W. Redmond, Cardigan Bridge, P. R. I., writes: "I have been troubled with headache and constipation for about two years. After trying every device I knew I tried Burdock Blood Bitters. After using one bottle, getting much better, and using three bottles I was completely cured."  
After then I was on a visit, and found my cousin very sick, and the doctor said her disease was something wrong with her head. I told her to use Burdock Blood Bitters and she was cured in a short time. I can safely recommend it to all."

**"IMPOSSIBLE TO HELP MY KIDNEYS"**

**UNTIL I USED "FRUIT-A-TIVES" WORLD'S GREATEST KIDNEY CURE**

Practically everybody in Toronto knows Professor J. F. Davis. For years, the elite of that city has taken lessons from Prof. Davis in the art of Dancing and Deportment. His constant activity gradually weakened his kidneys, which ultimately threatened to make him an invalid. But read Prof. Davis' letter—

"I want to say that 'Fruit-a-tives' is my only medicine, and has been for the past five years. Brevitous to that I had been troubled with rheumatism and kidney disease, and had taken many remedies without satisfactory results. Noticing the advertisement of 'Fruit-a-tives' I adopted this treatment altogether, and as everyone knows, I am now—and have been since taking 'Fruit-a-tives'—enjoying the best of health."  
J. F. DAVIS,  
If Rheumatism or Kidney Trouble is making you miserable, take 'Fruit-a-tives' and get well.  
50c. a box, \$ for \$2.50, trial size, 25c. At all dealers or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

She Must Have Lived Some Distance From the Courthouse.  
A colored attorney walked rapidly into the courtroom followed by a large colored woman. She had her sleeves rolled up to the elbows and appeared to have come from the washup. Her manner was businesslike. Or why didn't she go to the judge and ask him to make her husband's will," she said.  
Judge Ross went through the usual procedure. He read the will and asked the usual questions. Then he began making the usual notations.  
"And when did he die?" the judge asked.  
"Just about a half hour ago."

 Chatham, May 28.—The announcement of the dissolution of the House of Assembly and the 20th of June as the date of election will not be unexpected in most quarters, finds the government supporters here united and ready for the fray, with the opposition party composed of as it is of many discordant elements, paralyzed, not knowing which way to turn. Many rumors are afloat but nothing tangible has yet materialized in the shape of serious opposition. There are some persons with personal grievances, real or imaginary who see manna in the victing, but as yet, no man of any prominence has expressed his willingness to be sacrificed.

ST. JOHN, N. B., THURSDAY, MAY 30, 1912.

THE VALLEY RAILWAY.

It does not seem possible for the Opposition supporters or their press to realize that their opposition to the Valley Railway has proved futile, and that despite all their efforts the road is to be built from St. John to Grand Falls.

The Telegraph and Times make this remarkable discovery that the bond issue floated in London recently for the purpose of building the road is insufficient to provide a subsidy of \$25,000 for a railway from St. John to Grand Falls.

The act provides that it is not essential to the construction of the railway to float all the bonds at one time. The act provides that the company shall be paid the bonds on the completion of each section of the road.

It has been stated time and again, in the House of Assembly and out of it, that the contract for construction is for a road from St. John to Grand Falls; that the agreement of the Government with the company is to guarantee the bonds of the company for a road from St. John to Grand Falls.

The people of York told Mr. Carvell that they had had enough of his Valley Railway policy, and the other river counties will show their resentment of the double dealing policy of the Opposition on this important question by relegating their candidates to private life.

THE ST. JOHN CONVENTIONS.

The convention which nominated four candidates for the city of St. John to support the Fleming Government was by all means the largest that has ever been held by any political party in this city for many years.

The Telegraph and Times are displeased with the selection but it is difficult to please these journals at all times. Their business is to misrepresent the Government and its supporters and it is not surprising that both should say the other is a weak one.

The county convention had no difficulty in selecting Mr. J. B. M. Baxter, who represented the county in the last House, and Warden Carson of St. Martins.

POSSIBILITIES OF THE WIRELESS.

Often the most commonplace news despatches mark the mile posts of achievement. Wireless telegraphy has been the means of saving many lives at sea, but it is not generally known that there shortly will be begun a transatlantic commercial service which will cut down both time and cost of transmission.

And now Nikola Tesla, the inventor, makes a statement, quoted by the Indianapolis News, that great as has been the advance the world has made in the last century, even greater changes are imminent.

bounded opportunities," Tesla declares, "to the economic healthful and peaceful development of mankind. This transmission of energy without wires."

It is an immense prophecy, but is it a dream? In the light of the past, no. Not a school boy but a familiar with the story of the first Morse telegram, and yet that was transmitted only half a century ago.

FIRE LOSSES.

The loss by fires in Canada during the first four months of this year amounted to nearly \$70,000 a day, more than \$2,000,000 a month, or over \$8,250,000 all told.

Discussing ways and means to reduce these losses, Conservation, the publication issued by the Dominion Commission, makes the eminently practical suggestion that the greatest reduction would be accomplished by having every city and town revise its building by-laws from the standpoint of fire protection.

In the United States, many of the States have fire marshals that look into the cause of every fire, prosecute incendiaries, and order the pulling down of buildings that are a fire menace.

THE EARLY CLOSING MOVEMENT.

The advocates of early closing may take courage from the fact that in the Old Country since May 1 every shop, with certain specified exceptions, is compelled to close one day every week not later than 1 p. m.

A notice has to be exhibited showing the day of the week on which the shop closes, though different days may be fixed for different shops.

Two unusual things happened at Riverside, Albert County, on Tuesday afternoon at the Opposition convention to nominate candidates for the Provincial election.

Mr. Sweeney told the Westmorland Convention that he thought it was not in the interests of the Liberal party that he should be a candidate this time, and this was endorsed by Mr. J. A. McQueen, an ex-member.

What is the matter with Westmorland County anyhow? Mr. Sweeney declines to run and Mr. Copp, after accepting the nomination hastens to Albert to accept another.

The political situation in this Province cannot be summed up better than in the words of Dr. Thomas Walker, an old time Liberal, at the Local Government convention on Tuesday night.

Current Comment

(Manitoba Free Press.)

The idea of having a city's affairs administered on purely business lines by a group of experts holding office for relatively long periods, is attractive; but one may doubt whether a municipal democracy which makes a mess of things with the present system will show more wisdom in choosing commissioners.

A NEW BRUNSWICK ELECTION.

(Montreal Gazette.) June 20 has been selected as the date for the election of a new Legislature in the province of New Brunswick.

The contest of 1907 resulted in the defeat of a Liberal-Coalition administration that under various premiers had been in power for a long political generation, and had become little more than an organization with one purpose, that of sustaining itself in office.

As a result of their work many irregularities which were causing losses to the province were checked, to the advantage of the revenue. A policy of agricultural development was adopted, and while it takes some time to note the results of such efforts, those who follow events closely claim, and show reason for their claim, that results are being achieved.

It is to be said also that on the success of the Liberal-Coalition the success in population of a province whose other chief source of wealth is in the forests. Greater care has been shown in the administration of these, also. Aid to the cause of education has been increased.

Mr. A. B. Copp, the leader of the opposition, thought of considerable legislative experience and a man of ability, is new in his present position, and is not strongly supported.

AFRAID OF DEFEAT.

(Moncton Times.) Mr. Copp's nomination in Albert is an indication that he is afraid of defeat in Westmorland unless the opposition are prepared to admit that they could not get local men in the neighboring county to oppose the government.

**ARTILLERY NON-COMS ALL FIT FOR OFFICE**

Examination Recently Adopted in Other Regiments Long in Effect Here—No Men Appointed Through Favoritism.

In connection with the militia orders issued some time ago requiring all non-commissioned officers of the non-permanent force to pass an examination on military subjects, Major E. R. Armstrong, of the 3rd Regt. Canadian Garrison Artillery, said yesterday afternoon that the non-commissioned officers of his regiment had passed the examination which, he said, had greatly added to the efficiency of the force.

When asked why this examination was necessary, Major Armstrong said that in some regiments the non-commissioned officers were appointed through favoritism and did not know their duties, in other cases the men were unable to carry out the duties attached to their rank. When speaking of the Ontario regiments Major Armstrong said that in some cases the non-commissioned officers were appointed because of their popularity with the rank and file. This examination will do away with all this, as the non-coms will have to prove their ability to be placed in charge of a section.

**WEDDINGS**

**Law-Puddington.**  
Harry Law of Queensdown and Besse Puddington, both of Queens Co., were quietly married last evening by Rev. B. H. Nobles at his residence, Victoria street. Both were unattended and the happy couple who are well and favorably known at their home, will return to Queensdown Friday.

**Thomas-Thorne.**  
A pretty wedding took place last evening at the home of L. H. Thorne on Portland street, when his eldest son, Rev. H. Thorne, was united in marriage to R. C. Thomas, son of F. S. Thomas, of Main street. The ceremony took place at 8.30 o'clock, the officiating clergyman being Rev. David Hutchison, D.D., pastor of the Main street Baptist church. The young couple were unattended only their immediate friends and relatives being present. They will reside on Portland street. The happy couple were the recipients of many beautiful presents among them being a handsome electric reading lamp which Mr. Thomas received from his fellow employees in Canada. They also received from Waterbury and Hising, two fine electric lamps with a substantial cheque. After the ceremony had been performed the youngsters of the neighborhood congregated at the door and after much yelling and cheering built a huge bonfire, being rewarded for their efforts in the usual manner.

**YOUNG LIBERAL CLUB CHOOSE THEIR OFFICERS**

The Young Liberals Club met last evening in the Nickel rooms with a large attendance, when officers were elected for the coming year, and delegates chosen to represent the club at the convention of the opposition for the city and county of St. John. The meeting was presided over by W. E. Foster. During the meeting addresses were given by the president, by Dr. E. J. Ryan, J. Pollard Lewin and others. The club has decided to introduce the question of meeting on the first Tuesday of every quarter. The first of the quarterly sessions to take place on the first Tuesday of November. The election of officers resulted in the selection of William J. Magee for president. The other officers chosen were: V. J. Knodell, 1st vice-pres.; Arthur Connors, 2nd vice-pres.; W. J. Crawford and Geo. P. Allen, 2nd and 3rd vice-presidents respectively; Wm. D. Foster, secretary; Louis McDonald, treasurer. The following representatives from the different wards comprise the executive of November: Dr. H. Lunney; Lansdowne, M. D. Coll; Lorne; J. P. Kiern; Dufferin; J. J. Donovan; Victoria, Harry Scott; Guys, Geo. Palmer; Brooks, J. Firth; British.

The delegates selected to attend the Liberal convention are P. J. Gorman, H. A. Porter, H. W. Robison, Geo. P. Allen, M. D. Coll, A. Campbell and Louis McDonald.

Five More Citizens Arrive.  
The secretary of the Board of Trade is doing quite a lot of work as an immigration agent and is doing the best kind of immigration work in that he is bringing former citizens back home yesterday as a result of the advertising campaign which the 1912 Club is conducting in New England five men arrived from the States last evening, yet his honor declined to extend the time and the case closed. Argument of a legal nature followed. The defendant was shipped having been lost, secondary evidence could not be given and secondly that there was no evidence of the whereabouts of the goods hence the suit must fail.

His Honor reserved judgment. E. Weyman appeared for the plaintiff and Dr. W. B. Wallace, K. C. and J. King Kelley, K. C. for the defendant.

**PERSONAL**  
Senator Jones of Bangor, Me., comes in on the Boston train last night. A. Macann, Ottawa, was in the city yesterday.  
Alex. Philpation, of the Marine Fisheries Department, returned to Ottawa yesterday.

**OBITUARY**  
**Robert Clarke.**  
Robert Clarke, of this city, died yesterday morning at Williams' Landing, on the St. John River, where he had gone for the benefit of his health. He was in the 64th year of his age, and is survived by his wife who was with him, three brothers and three sisters. Mr. Clarke was well known, having run a hotel in this city for many years. A wide circle of friends will hear of his death with regret.  
**Miss Blanche McEwen.**  
Newcastle, May 29.—The death occurred yesterday of Miss Blanche McEwen, daughter of Mr. and Mrs. James McEwen, Duke street, aged twenty-two, after an illness of some months. Besides her parents, the deceased, who was a most estimable young lady and a very general favorite, is survived by two brothers, Ernest and Charles, of this town, and two sisters, Mrs. Philip Thibodeau of Chatham, and Mrs. Harry King of Oak Point. This is the first break in the family and the loss is felt very keenly by all members. Miss McEwen was for some years a member of St. Andrew's church choir and had also been admitted to the membership of the church. The funeral will be held tomorrow afternoon, the services at the house commencing at 2 and the funeral at 2.30 o'clock.

**IN THE COURTS.**

**County Court.**  
The case of James Stewart Halpin, of New Milford, Conn., vs. Adam Bell, formerly a well known resident of this city, but now of Sackatoon was resumed in the county court yesterday morning before Judge Jotha. This is an action for tobacco leaf alleged to have been shipped from New Milford and delivered to the defendant here. The amount involved is \$283.45.

At the afternoon session the evidence given under commission on behalf of the plaintiff was read and several objections were taken to the questions and answers by the defendant's counsel. The evidence of the defendant taken under commission has not been read yet but his honor declined to extend the time and the case closed. Argument of a legal nature followed. The defendant was shipped having been lost, secondary evidence could not be given and secondly that there was no evidence of the whereabouts of the goods hence the suit must fail.

His Honor reserved judgment. E. Weyman appeared for the plaintiff and Dr. W. B. Wallace, K. C. and J. King Kelley, K. C. for the defendant.

CLOSING STOCK LETTER.

By direct private wires to J. C. Mackintosh & Co.  
New York, May 29--Today's stock market experienced a very listless opening but nevertheless showed a fairly steady advance in the absence of general pressure and in sympathy with conspicuous strength in a few specialties. It was thought for a short time that speculators were preparing to celebrate, in some measure the absence of pressure following the New Jersey primaries. It soon developed, however, that there were few bidders for stocks on the moderate advance of the early session and the operations of the day shifted to become more pronounced as the session advanced. This condition invited an attack on the market and the larger operators and room traders were soon sounding the list for vulnerable issues. The market was not so much depressed as it was a few days ago. It was a relief to find that the market had not advanced as far as it had been expected to do. The tone of the market was not so much depressed as it was a few days ago. It was a relief to find that the market had not advanced as far as it had been expected to do.

### HOW TO BAT, BY HOME RUN BAKER

Frank Barker's home runs which were the greatest factor in winning the last world's championship for the Athletics, also helped win the championship of Maryland one year, when he hit better than 400.

This drew attention to him and the next season found him with Reading, Pa., where he was "discovered" by Connie Mack. Baker's story of his success as a big leaguer and his receipt to make good hitters, is told by himself—Editor.

A Fine Snapshot Action Photograph Home Run Baker.

BY FRANK BAKER, World's Champions' Home Run Batter.

I don't know whether Mr. Mack wanted me because he thought I was a good infielder or for my hitting, but

managers always want hitters, so I guess that was what induced him to give me a trial. I believe hitters are born, not made, but I also believe it is possible for a weak hitter to improve.

### TWILIGHT LEAGUE BALL TROUBLE IN SCHOOL SPORTS

The twilight baseball is booming in the city and is becoming more interesting every day. There are a number of leagues, the majority of games are well played, and there are a number of excellent players. Many of the ones that are branching out this season are making good and may be looked for in faster company by next season.

for the winners was Cribbs and McGowan, while Elliott and Clawson officiated for the losers. Jas. Watson was the umpire.

There is considerable expense attached to the clubs playing ball even where the players do not receive any remuneration for their services and are only in it for the sport, but there is some expense for bats and balls and each evening when the game is about half through, some enthusiastic fan passes the hat around the crowd and the collection of everything from a copper to a half a dollar adds greatly in keeping the ball rolling.

The following is the result of the games played last evening: INTERSOCIETY LEAGUE. The St. Peter's teams added another to their string of victories last evening on the St. Peter's grounds, when they won from the St. Michael's nine by a score of 4 to 3, after a close and exciting game. The battery

Meeting Tonight. A meeting of the executive of the league will be held in the usual place after this evening's game.

### MARATHONS IN FORM FOR GAME TODAY

The Marathon baseball club will leave for Fredericton this morning with blood in their individual eyes and the determination to check the winning streak shown by F. J. Duggan's players. Despite the fact that the Greeks have lost the first four games in the league schedule, the management is still of the opinion that the locals will land the bacon in the series.

There has already been considerable weeding out as the result of the disastrous start. Three players were released last night in the persons of Malver, Coonors and Lamb, they having failed to make good and the team now looks stronger than it has yet been. It is safe to say that the combination which will go to the capital today will make the Fredericton slug-pets hustle to put over another win and then look out for Houlton on Saturday.

The team which will make the trip will be made up of McGovern and Cannon, catchers; Barry and Duffy, pitchers; Gannell, first base; Ramsay, second base; Pinkerton, short stop; Dolan, third base; Beran, lead field; Riley, centre field, and Wood, pitcher and right field.

Umpire Murray will do the honors at Fredericton today. Umpire Duffy will do Woodstock, where a game will be played with Houlton.

Actor—Old man, have you got a dollar you could spare? Another Actor—Adollar? Let's see, where have I heard that word? It's the name of an old-time coin, isn't it?

rate money is to go toward paying the railroad fares of the competitors. This rule gives ground for another objection to the Rothersey grounds, which are not fenced. The captains of the local and Moncton track teams have decided to hold a dual meet at Moncton if Rothersey will not consent to abide by the old rule.

YOUNG ROCKLANDS WIN. The Young Rocklands defeated the Elks on the Paddington Field Diamond last evening by a score of 16 to 6. Cronwell and Russell was the battery for the winners, and Coniello and Darrah for the losers.

SCHOOL SPORTS DISPUTE. The date of the interscholastic athletic meet, which was to have been held at Moncton on June 3rd, is doubtful just at present, as the rule governing this has been changed, making the date June 5th on the Rothersey College grounds.

### UNASSISTED TRIPLE PLAY MAKES TEXAS LEAGUER FAMOUS

Cleveland jumped into fame by making the first triple play unassisted in the major leagues. But six unassisted triple plays are recorded in the history of baseball, although every infielder dreams of the time when he will make one.

The instant the ball was in his hands, Aiken raced toward third, near which was the runner from second, striving to pull up and get back to safety. Like a flash Aiken put the ball upon him and then stepped on third, completing the play.

### VIII—The Adventure of the Storks

IT WAS by the merest chance that the next morning I was awing my cane and saw him. He had come from a taxi. "Old chap," said he, "I can't find my way. I am to see you. Jump in! I have the old earth wobble on me."

"No," said he, "My experience have almost exclusively of ter; but strange to say this new one, altogether."

**AROUND THE CITY**

**Meeting Cancelled.**

Owing to the heavy rain storm the meeting at Belleville, Carleton county, which was to have been addressed by Premier Fleming was not held.

**A Driving Accident.**

Another wagon came to grief on the bar tracks on Main street yesterday afternoon when the wagon owned by the firm of Sayre and Holly lost a wheel, while crossing the street.

**Repairing Mill Street Crossing.**

A gang of ten workmen were employed all last night making repairs at the C. P. Railway crossing at Mill street. New tracks are being put in at the crossing, and a large steam crane was employed. The planks which have done service between the rails for some years are being replaced by granite paving blocks.

**Home From Pacific Coast.**

Mayor H. B. Short, of Digby, accompanied by Mrs. Short, arrived in the city after a two months' trip to the Pacific coast. During the trip Mayor Short visited the principal western cities and found that the attractions of the eastern provinces were beginning to loom up big, and the St. John boom is being followed with considerable interest. Mr. and Mrs. Short will leave for Digby this morning.

**Board of Health Activities.**

The special staff of inspectors employed by the board of health are making a house to house inspection and ordering delinquent householders to clean up their back yards, etc. Many householders attempt to excuse the accumulations of rubbish by complaints that the city has closed up many of its dumps, and that the cost of getting rid of rubbish is increasing along with other items of the household budget.

**West Side Wharf Work.**

Work on the new government wharf which is being built on the West Side by the contractor Michael Connelly, is progressing rapidly. T. P. Chorlison, of Montreal, who is superintendent of the work, arrived in the city yesterday. Considerable advance has been made in the crib work. The timber for the wharf has not all arrived yet. The company's large plant which is to be brought here by water from Ontario is already on the way and is due to reach here some time next week.

**Some Possible Sacrifices.**

Among those mentioned as possible candidates in the opposition interest in the city are W. E. Foster, Dr. T. H. Lunney, W. J. Mahoney, Ex-Ald. R. T. Hayes, Ex-Ald. J. W. Kierstead, Ex-Ald. Russell; Ex-Ald. W. E. Scully, Jas. Lowell has told a number of his friends that he will not accept a nomination to run in the county, "which means that he will probably run," said one of them "as Lowell is such a confirmed politician that he never says what he means in connection with political affairs."

**Coal Will Be Higher.**

Present indications are that St. John will feel some of the effects of the coal mine troubles and that the foresighted citizens who, in the past have taken advantage of the summer schedule of prices will gain little, if anything, by laying in their winter supply of coal during the summer season. While the local coal dealers have not all made up their price lists one dealer stated yesterday that Scotch coal will sell this summer at the regular winter price. There may also be an advance on the price of American, with probably only a slight advance on soft coal.

**Queens County is Safe.**

H. W. Woods, ex-M. P. of Welsford, came in on the Boston train last night and went through to Chipman. The supporters of the government in Queens county, Mr. Woods said, are already preparing for the campaign. The plans have been completed for the convention for the selection of candidates, which will be held on Monday next at Gasquetown. Premier Fleming has arranged to attend the convention and deliver an address. The government forces in Queens are already well organized and reports from all over the county point to a complete victory for the government.

**Philadelphia Firm Gets Contract.**

Although all the local contractors put in tenders for the contract for the construction of Keith's theatre, on King Square, the lowest tender was that of H. L. Brown, of Philadelphia, who has been awarded the contract. Mr. Brown is expected here the first of next week for the purpose of making arrangements for starting work immediately. According to the conditions of the contract the building must be completed and ready for occupancy by the first of March, but it is expected that the work will be finished before that date. F. Neil Brodie, the architect, who will have charge of the work, returned yesterday from New York where he went to consult with the officials of the Keith theatre company and the architect who prepared the plans of the building.

**WATER MATTERS TO ENGAGE ATTENTION OF COUNCIL TODAY**

Expected that Commissioner Wigniore will introduce Some Important Matters—Little Advance Information Could be Obtained.

The city commission will hold its regular meeting this afternoon. The hour fixed for the opening of the meeting is 2.30 of the clock, but hitherto the commission has been somewhat late getting to work, which is one respect in which it differs from the old board of aldermen who usually got in session within three minutes of the time appointed. It is understood that the commission intend to issue statements of what will come before the public meeting, which can be published in the papers on Thursday morning, so that citizens interested in the matters to come in may attend the meetings and give the commission the benefit of their advice, but this is one of the improvements to be worked out in the future.

Applications for news made yesterday elicited the information that some important matters would be brought up by the Commissioner of Water and Sewerage, but that nothing could be said of them in advance by the commission at which the affairs of the water and sewerage department are discussed is not held till today at noon or thereabouts, and of which it is quite impossible to secure a report at the hour of going to press. The commissioner stated, however, that he was very likely to make a statement which would explain why the water department was not making as much money as it used to. In 1910 the water department with a revenue of \$180,000 showed a surplus of \$20,000, while last year the department with an increase in the revenue of \$12,000 only had a surplus of \$12,000. It is understood the commissioner has a satisfactory explanation of the mystery of the decrease of \$8,000.

It is also understood that he will submit an important report upon the water system, and make some recommendations in regard to the methods of distribution which will give the minimum cost for reduction.

The commissioner has been engaged with the question of providing a sewer system for Douglas avenue extension and Adelaide road, and will probably have a report upon these projects ready for the meeting. About the only new work of importance contemplated by the water and sewerage department this summer is the extension of the sewer service to Douglas avenue and Adelaide road, but a good deal of work will be done in the way of renewing old water mains in various sections of the city and installing new fire plugs at points recommended by the chief engineer of the fire department.

Commissioner Agar, of the department of public works, is in Boston attending the convention of the Town Planning Association, and it is said there will be no report from his department before the council meeting today.

Commissioner Schofield said his report would only deal with routine matters, such as the renewal of leases of city lots, and recommendations for the sale of city property.

**FEARS FOR SAFETY OF THOMAS OUGLER**

Well Known North End Man Employed by O. P. R. Missing Last Night—Police Have No Clue.

Thomas Ougler, aged about sixty, an employe of the C. P. R., was missing from his home at 73 Lombard street last evening. Mr. Ougler left his residence at seven o'clock yesterday morning taking his luncheon with him and has not been seen since. When he failed to put in appearance at his home at supper time last evening his family naturally thought he had been detained by his work, but as the hours crept on without his return they began to be anxious as to his safety. Inquiries were then made at the depot but without result. The different police stations and the hospital were next visited but no information regarding the missing man could be had.

His family are greatly worried, as Mr. Ougler being advanced in years might have wandered away and died. Fearing this, one of his sons hunted along the ten of the C. P. R. for a considerable distance but without finding any trace of the missing man. Mr. Ougler was formerly foreman of the St. John Rolling Mill but left the position sometime ago owing to old age. Since then he has been employed by the C. P. R. as a utility man around the depot. The loss of his former position seemed to greatly worry Mr. Ougler and it is feared that he did away with himself in a fit of despondency. However, he may have had some reason for suddenly leaving the city without telling his family who hope he will return to his home in the morning.

**Wellington Ward Voters.**

Local government supporters in Wellington Ward are requested to meet tonight in the ward headquarters, 63 Peter street.

**The Beer Licensee.**

Inspector Jones is busy issuing licenses to beer shops. The majority of applications for these licenses have been submitted. All beer shops are supposed to secure licenses for the year by the first of June.

**WILL INSIST ON EARLY CLOSING BEING ENFORCED**

Early Closing Association Officials Say Council Cannot Rescind Bye-Law Without Consent of the Provincial Legislature.

According to officials of the early closing association, the taking of legal advice, the action of the common council at its last meeting does not rescind the early closing by-law, it being claimed that it is necessary to have the sanction of the legislature in order to repeal this particular by-law. The matter has been discussed with some of the commissioners and it is said a formal demand will be made upon the council to have the law enforced.

In conversation with a Standard reporter, one of the dealers of the early closing movement stated that there was no doubt in his mind that the by-law could not be expunged from the statute books of the city without the consent of the legislature, as the legislature had, at its last session, adopted an amendment to the early closing enforcement of the by-law embodied in the decision of Magistrate Ritchie last year.

"Commissioner McLellan," he added, "has declared his intention of enforcing all the by-laws on the books, and we intend to ask him to enforce the early closing by-law. If the commissioner of public safety does think it will be up to those opposed to early closing to move for a referendum on the question of repealing the by-law. I don't think they will be able to do that, as there is little doubt that public sentiment is in favor of early closing and giving the storekeepers and their clerks a chance to see their families and enjoy a little of life."

**PERFECTLY SAFE IN ST. JOHN COUNTY**

Col. Baxter and Warden Carson Certain to Defeat Any Opposition Candidates who May be Named.

"The way I size up the situation both the government candidates in the county will be elected by substantial majorities," said Councillor W. J. Dean of Musquash, who was in the city yesterday. "The people are satisfied with the government's record and in Col. Baxter and Warden Carson the government has two strong candidates who can be trusted to defeat any who may be put up by the opposition."

"I see the Telegraph tries to make a point of Warden Carson's statement that he had never visited the western end of the county. Mr. Bentley never visited the western end of the county until he ran an election and so far as my knowledge goes he has only been in the western parishes once in his life. Mr. Carson, who is known by reputation at least in the western section of the county and he will pull a good vote there. When he is elected amongst us he no doubt will during the election, his off-hand manner and general disposition are bound to make him many friends. As Col. Baxter the people of the county will be glad to have a representative of his ability and never before in the history of this county."

**Spring and Summer Coats and Suits.**

A necessity for the spring and summer is a long coat to wear with the thin dress when it is too chilly to go without a coat. P. A. Dykeman, Co. are making a very special display of these at the most reasonable prices, from \$15.00 upwards. Their suits have been very popular this season on account of their style, fit and low prices, but they have prepared for a big trade in these so that now they are offering equally attractive suits as at the first of the season at prices ranging from \$10.00 to \$25.00.

**Garden Supplies.**

Now is the time to plant your garden. We can supply you with anything you want for your garden at moderate prices. Phone us and we will be pleased to call for your window boxes and have them planted for you. W. and K. Pedersen, 49 Charlotte street, Phone 1864.
