

# PREMIER BORDEN HOME; READY FOR BUSINESS

After Month Spent Amid Virginia Pines Premier Looks Extremely Fit.  
VISIT TO WASHINGTON PURELY UNOFFICIAL  
Will At Once Get Down to Preparations for Next Session's Legislative Work — Series of Cabinet Councils at Once.

Ottawa, Nov. 30.—Special—Looking in splendid health, after a month's sojourn among the pines of Virginia, the Right Hon. R. L. Borden returned to Ottawa today accompanied by Mrs. Borden. The premier and his wife were met at the station by a representative delegation of the cabinet ministers and were formally welcomed home.  
Mr. Borden has spent the month largely on the golf course and has greatly benefited by his trip. To stories sent out from Washington that he was in the shape to tackle the seasonal programme, which awaits his immediate consideration, and that of his cabinet. To stories sent out from Washington that he was in the shape to tackle the seasonal programme, which awaits his immediate consideration, and that of his cabinet.

# PORT NELSON CAN RECEIVE; CANNOT SEND

Believe Receiving Part of Wireless Working at Hudson Bay Port— Will Ship Necessary Apparatus.  
Ottawa, Nov. 30.—Special—That Port Nelson is receiving news of the outside world although unable to acknowledge its receipt is a strong possibility. When the Serenade was wrecked at Port Nelson a portion of the wireless plant, the sending apparatus, disappeared. The plant is now believed to be far enough advanced at Port Nelson to receive messages from the wireless station at Le Pas but the loss of the sending apparatus makes acknowledgment of the news impossible. A messenger is expected at Le Pas in a few days with a list of the lost apparatus and this will at once be supplied and conveyed to Port Nelson when news from the northern port can be sent out.

# ACQUITTED OF MURDER

Paris, Nov. 29.—Seine assizes today acquitted of murder Mme. Susanna Rookes, whose husband, a Paris business man, was found dead in bed in his home here last June with five bullets in his body and one bullet in his head. The defence claimed that the woman loved her husband, and that there was no motive for desiring his death. In explaining the number of wounds in the body the woman said that Rookes had attempted to commit suicide and had shot himself in the head, and that the five shots in the body were fired accidentally while she was struggling to take the revolver away from Rookes.

# CONSERVATIVE IS VICTORIOUS IN MANITOBA

With Three Polls to Hear from Hon. Dr. Montague is Elected.  
RETURNS SHOW GAIN FOR THE GOVERNMENT  
Kildenan and St. Andrews Voters Show Confidence in Policy of Federal Manitoba Governments.

Winnipeg, Man., Nov. 30.—With three polls to hear from Hon. Dr. Montague, the new provincial minister of public works has a lead of 370 in Kildenan and St. Andrews by-election, held yesterday, figures being as follows:—Montague, 1,125; Bredin, 753; majority 370.  
At the 1910 general elections figures were as follows:—Grain, Conservative, 1,131; Liberal, 1,043; majority 88. At the last election the three missing polls of Fort Alexander, Badthrost and Rabbit Point cast a total vote of sixty-four and gave a Conservative majority of eighteen. This indicates that final figures, possibly not available for several days, will add slightly to the government majority.

# WILL EXAMINE THE WIRELESS

British and International Commissions to Study Natural Laws in Different Parts of World.  
London, Nov. 30.—Two commissions, one international and the other English in organization soon will begin a series of investigations in the hope of being able to codify the various natural laws which are believed by scientists to govern wireless telegraphy. The English commission, which is known as the Committee of the British Association, will devote its investigations to the qualitative phases of the problem, while the other association, called the International Telegraph Commission, will study the quantitative aspects of the question.

# ROBBERY AT LONDON HOME OF GOVERNOR

Valuable Jewelry Including Jewelled Order of The Garter Stolen from Residence of Duke of Connaught.  
London, Nov. 30.—The London police, it became known tonight, are searching for a quantity of valuable jewelry which has been found missing at the residence of the Duke of Connaught, the Governor-General of Canada. The missing articles include the Jewelled Order of the Garter, and other items of worth.

# HUERTA TAKES DESPERATE MEANS TO SECURE MONEY

Permits Gambling at Capitals and Resorts to Forced Taxes.  
MOVEMENTS OF REBELS OUTWIT THE FEDERALS  
Provisional President Takes Position of Dogged Persistence and is Not Worrying Over Attitude of United States—Secures Loan.

Mexico City, Nov. 30.—The possible treatment of the Mexican question by President Wilson's coming message has aroused considerable interest among the Mexican government officials, but there is a notable absence of alarm because of the deep rooted conviction that his intervention nor the supplying of arms and ammunition to the rebels will be recommended.  
The continuation of the financial blockade President Huerta is not regarded as a vital blow to his administration, however, entreating it may be. Anything of the sort is not likely to be regarded with comparative complacency by General Huerta, who is prepared to pursue a dogged course of resistance against his enemies, although he realizes it means intensified warfare. But his friends point out that although the government may be bankrupt the provisional president is far from being without funds and is not likely to be entirely without money so long as private institutions and corporations are in existence. They are of the opinion that the president will not fail for the sake of what he considers right, to resort to forced loans. Indeed, methods have already been used, and in several cases have borne marked similarity to the forced loan system of the United States.

# REBELS ADVANCING

The movement of rebels south of Saltillo toward San Luis Potosi continued today, the rebels entering Ciudad on the branch railway leading to Matamoros, occupied and sacked by the rebels earlier in the year. Federal troops have been sent north from San Luis Potosi in an effort to check the movement and brisk fighting has occurred many times in the last few days, but without holding back the rebels.  
In the State of Zacatecas, to the west of San Luis Potosi, according to government reports, some advantage has been gained by Huerta's troops, but the mobility of the rebels has gone far toward neutralizing the advances made by the government.

# NOTICE TO AGENTS

The Standard's Christmas Industrial Number which will be issued on Saturday, December 13th, will be sold to agents at the regular price and will retail at two cents per copy.  
As there will in all probability be a strong demand for this paper it will be well for agents to send in their orders at once, as after the first press run is completed no additional copies will be available.  
Applications for space must be in by Wednesday of this week.

# Pictureque and Beautiful New Brunswick

PUBLIC SCHOOL, ST. GEORGE.

# VICTIM OF ACCIDENT MAY LIFT BAN ON POTATOES

Harry Hardy Receives Serious Wound by Accidental Discharge of 22 Rifle—Fredericton Notes.  
United States Seeking Way to Supply of Healthy Tubers—To Discuss the Matter of the Disease.  
Washington, D. C., Nov. 29.—To protect the United States from foreign potato diseases, and to find a way in which some of the foreign crop may be brought in because of this year's scant native supply, estimated to be almost 100,000,000 bushels short, Secretary of Agriculture Houston today issued a call for a public meeting here December 18 to discuss the subject.

# ARRESTED FOR THEFT

Mewyn Shaw of Toronto Nabbed in New York for Stealing \$760 — Earned \$13 a Week.  
New York, Nov. 30.—Mewyn Shaw, 26 years of age, who is wanted in Toronto, Canada, on a charge of appropriating \$760 from the Toronto offices of Swift and Company, when in the employ of that company as a \$13 a week collector and salesman, was held without bail today for arraignment before United States Commissioner J. A. Shields in extradition proceedings. Shaw was arrested last night by detectives who were searching the house in which he lived for stolen jewelry. Letters found in his room bearing Toronto postmarks led the police to communicate with the Toronto officials, who replied that they held a warrant for Shaw's arrest for the theft of \$760 from Swift and Company, of Toronto.

# KILLED IN A STREET FIGHT

William Haleyburton Struck on Jaw and Died Soon Afterwards—H. R. Howard Held for Manslaughter.  
Winnipeg, Nov. 30.—A street car squabble Saturday afternoon eventually cost the life of William Haleyburton, an old time resident of Winnipeg. Henry R. Howard, manager of the Piner Lighting Company of Minneapolis, is under arrest in that city awaiting instructions from the Winnipeg police. Howard attempted to get off the car near the C. P. R. station. He had some trouble getting through the crowd and as Haleyburton was directly in his way he attempted to shove him out of the way. Haleyburton received a couple of blows on the jaw. Later he collapsed and died. Extradition papers are being made out, and it is understood Howard will be charged with manslaughter.

# RESTRICTING AGAINST THE HINDOOS

Chief Justice Hunter Hands Down a Sweeping Decision.  
NOTHING TO PREVENT ENTRY OF SHIPLOADS  
Difficult Now to See How They Can Be Kept Out Without Giving Serious Offense to British Citizenship.  
Vancouver, B. C., Nov. 30.—Chief Justice Hunter has given a sweeping decision condemning as illegal all the federal orders in council which have hitherto kept Hindoos out of British Columbia. The only grounds on which a Hindu may now be excluded are those of insanity, disease, crime, or mendacity, namely, grossly immoral conduct, and that they apply against British born citizens entering eastern Canadian ports, for instance, there is nothing now to prevent entire shiploads of Hindoos entering British Columbia, and judging from the persistence with which they have for three years been presenting the question of their entry, these shiploads may not be slow in taking advantage of the chance to come.

# C.N.R. LEADS IN BUILDING OF NEW RAILWAYS

Not Far from 2,000 Miles of New Line Under Construction for Them.  
CANADIAN PACIFIC AND G. T. P. FOLLOW  
These, with Hudson Bay Road and National Transcontinental Bring Year's Total for Canada up to 6,000 Miles.  
Special to The Standard.  
Ottawa, Nov. 30.—During the year of 1913 the railways of Canada have had in hand, in one stage or another, fully 6,000 miles of new construction. By June 30 last, when the year for railway statistics closed, between 1,800 and 2,000 miles had been taken into operation as finally completed since that date there has been immense activity. Including lines which have been surveyed, lines for which the contracts have been let, and lines for which the contracts have been completed, the total will run to the extraordinary figure quoted.

# GREAT LAKE FREIGHTERS RUSH GRAIN

In Order to Avoid Extending Insurance Twenty-five Ships Race for Ports of Destination.  
Fort William, Ont., Nov. 30.—In the final rush to get on their way down the lakes before midnight and thus avoid the necessity of having their insurance extended, twenty-five freighters carrying about eight million bushels of grain cleared for the east today. All week ships have been laying two, three and even four abreast at the docks awaiting their turn to slip under the spouts at the elevators and the elevator men have been working anywhere from fourteen to twenty hours a day to keep the streams of grain running into the holds of the vessels.

# TEXAS LEADS ALL OTHERS IN LIVE STOCK

International Show Opened Saturday in Chicago—Ontario, Manitoba and Quebec Come 6th, 7th and 8th.  
Chicago, Ill., Nov. 30.—The International Live Stock Show opened Saturday with the students' judging competition, in which twelve teams were entered. This competition aroused more interest than ever before and when the scores were posted Sunday morning in the rotunda of the Stock Yards, it was almost impossible to squeeze through the crowd. Placings were as follows:  
Texas, first score of 3,650; Missouri, second, 3,495; Indiana, third, 3,494; Ohio, fourth, 3,470; Iowa, fifth, 3,460; Ontario, sixth, 3,413; Manitoba, seventh, 3,409; Quebec, eighth, 3,408; Kansas, ninth, 3,290; Oklahoma, tenth, 3,184; Pennsylvania, eleventh, 3,177; Nebraska, twelfth, 3,166.

# LAKE STEAMER BREAKS IN TWO

S. S. I. W. Nichols of Cleveland Grounded Several Days Ago—Unable to Stand Fierce Gale.  
Alpena, Mich., Nov. 30.—The steamer I. W. Nichols of Cleveland, which grounded off North Point in Lake Huron last Wednesday night, broke in two during the fierce storm which swept that section of the lake last night. She will probably be a total loss.  
The crew remained aboard until hope of saving the steamer was abandoned and life savers rescued them shortly before midnight.

# AMHERST MAN STRUCK BY TRAIN ON I.C.P.

Amherst, N. S., Nov. 30.—Robert Mitchell, aged forty-five years, a well known painter, died here today as a result of injuries sustained on the I. C. P. He went from Amherst to Fort Lawrence, and afterwards left the latter place for a flag station to return to Amherst. That was the last seen of him alive. The crew of an east bound freight saw him lying near the track. He was picked up, and placed in a van, and brought here, where he died. His thigh and leg were broken, and he was injured internally.

LATEST SHIPPING NEWS AND ANNOUNCEMENTS

SHIPPING NOTES OF THE WORLD

SIGNAL SERVICE BULLETIN

Sable Island, 280-Six seven a. m. ... Halifax, 267-Nov. 28th, called Stmr ...

STEAMSHIP NOTES.

The Donaldson Line S. S. Letitia was reported 217 miles east of Cape Race at noon Saturday and will be due in St. John on Tuesday night.

FIRST MAIL STEAMER.

The R. M. S. Tunstun, the first sailing of the Allan Line winter service to St. John, N. B., left Liverpool on Wednesday.

STEEERAGE RATES.

Profrand Argus: Steerage rate ... The latest returns of vessels built show the same tendency towards the construction of vessels of large tonnage.

MUTINY ON BOARD.

The American bark Manga Reva, 12,054 tons, which returned to Lewes, Del., a week ago, her long voyage around Cape Horn to Boston can be interrupted a month since by a mutiny on board.

SCHOONER ASHORE.

Schooner Joseph McGill, Captain D. Roberts, went ashore Tuesday during a snowfall, one and a half miles from Bear Island, Straits of Canso.

VESSEL RAISED.

Disby, N. S., Nov. 29.—With her cargo of sixty thousand brick still aboard, the schooner E. Mayfield, which sank in the Annapolis River several weeks ago, after striking one of the piers, has been successfully raised from the river bottom and taken far enough ashore to allow the discharging of the cargo.

LARGE SHIPS.

Vessels of over 10,000 tons gross, registered in British Lloyd's during the last year, numbered nine. They included the new C. P. R. Pacific liners Empress of Asia, 16,810 tons; and Empress of Russia, 16,810 tons; also the new Cunarder Andania of 13,405 tons.

The Double Work of the Blood

The circulation of the blood is one of the most perfect pieces of mechanism in the universe. Besides carrying nourishment to every part of the body, the blood collects the waste products and passes through the kidneys in order that these poisons may be eliminated.

NEW PORT COLLECTOR NOW AT WORK.

MR. DUDLEY FIELD MALONE AT HIS DESK.

Dudley Field Malone the new Collector of the Port of New York, has been sworn in, and several important cases will have to come under his rulings.

The latest returns of vessels built show the same tendency towards the construction of vessels of large tonnage. They include twenty steamers of 12,000 tons and above, the largest of which is the Cunard line Aquitania, which, when completed, will be about 48,000 tons gross.

STEAMER NOTES.

Allan Line S. S. Virginian, bound from Liverpool for Halifax, was aboard of Sable Island at seven minutes after 7 o'clock Saturday morning, and the S. S. Megantic, also bound to Halifax, was aboard of Sable Island at 7 a. m., Saturday.

THE IONIAN.

The steamer Ionian of the Allan Line, which sailed from Glasgow on Nov. 26 for Portland, is coming direct. She has only 15 passengers and a small amount of freight.

NEW STEAMER LAUNCHED.

The new steamer Electronic was launched shortly before 12 o'clock Saturday afternoon from the yard of the J. & A. Shipbuilding Company at South Portland. Some of the officials of the Cape Breton Electric Co., owners of the steamer, were in attendance at the launching and she will be towed this week to Yarmouth, N. S., where her machinery will be installed.

IN FOR HARBOR.

The tug Pelopscott, with two loaded barges put in yesterday for a harbor. The tug and tow is bound for Bath, Me.

DISABLED SCHOONER TOWED TO PORTLAND

Schr. Maude Palmer, while at Anchor, was Trimmed Fore and Aft by two other Vessels.

Portland, Me., Nov. 29.—The revenue cutter Androscoegin arrived in port shortly after 1 o'clock yesterday afternoon having in tow the disabled coal laden schooner Maude Palmer, which had been trimmed fore and aft by two British schooners this week while anchored a short distance from the Handchief light vessel an account of which has already been published in The Standard. The first collision occurred about 10 o'clock Monday night when the schooner W. N. Zwicker with all sails set ran plump into the Palmer's stern, staving several planks, breaking rails, davits, wheel, and smashing yawl boat.

# TRANSLATING BIBLE INTO ALL TONGUES

Rev. A. F. Newcomb, at Farewell Service, Last Evening, Tells of Bible Society Work

Rev. A. F. Newcomb, who is leaving the position of secretary of the Bible Society for New Brunswick to accept the pastorate of the First Baptist Church in Fredericton, was tendered a farewell at a meeting held in the Centenary Church last evening after the regular service. Judge Forbes presided and there was a large representation from various churches.

In replying to many kind things said about his work, in connection with the Bible Society, Mr. Newcomb made it clear that the Bible Society's appeal is three-fold. In the first place, the Bible Society appeals to the churches on the ground of service rendered. The Church has no hesitation today in recognizing her mission to give the Gospel to the world.

The two factors in the world-programme of evangelization are the missionary and the Bible in the language of the people among whom the missionary labors. The churches, through missionary societies, are furnishing missionaries, but, directly, they are not furnishing translations of the Scriptures. It is true that Anglicans and Baptists have issued Scriptures in a few tongues for their own work; but for them, as for other Protestant bodies, the great bulk of translations have been made, the printing done, and transportation charges, even to remote stations, paid by the oldest and greatest of all Bible societies, the British and Foreign.

For the Baptists the society has printed Scriptures in more than 60 languages; for the Methodists in over 130; for the Presbyterians in more than 160 tongues; not to mention Congregationalists, Lutherans and others. These copies the missionaries have at practically no charge upon the missionary exchequer. To render the signal service to the missionary organizations in their work among foreign-speaking races, the Bible Society finds that it is spending one-tenth as much as the churches are paying for the maintenance of missionaries. For this the churches are, therefore, under obligation to the Bible Society to the extent at least of one-tenth of the amount they expend on their own distinctive missionary work.

Through the Laymen's Missionary Movement, and for other reasons, gifts to "missions" have greatly increased during recent years. But, these increased contributions have accentuated the call for Bibles in many tongues, and thus added, in large measure, to the service the Bible Society needs to render, without placing any enlarged financial assistance in the society's hands for doing this work. On the ground, simply of Christian business relationship, the churches ought to pay the Bible Society as much as one-tenth of their gifts to their own missionary organizations.

But the appeal of the Bible Society rests, not alone, on a business basis; the generous gifts of Christian people are earnestly solicited on the ground of the peculiar work the society is doing. Its purpose is to give to men of every tongue "without word or comment" the Book of God. It can, therefore, confidently present its appeal to every Christian community. No better platform of Christian Union exists today than that of the Bible Society in whose ministry friends of every evangelical denomination can happily and heartily co-operate. The Bible Society can point to the work of making Bibles the possession of mankind and say: "This one thing I do," and the society stands facile primus among institutions of its kind.

Many Cases Sent Out  
"Last year, out of a total circulation by Bible societies of about fourteen million copies of Scriptures, the British and Foreign Bible Society issued about eight million copies. During the 109 years of its history, it has given to the world the phenomenal number of 245,000,000 copies of the Word. Into 450 languages it has translated the whole Bible, or some portion. Since the present century came into view, 100 new translations have been made. Into eighty of the languages of British India, the Scriptures have been introduced. Of the society's

**TOOK SEVERE COLD.**  
Left A Terrible Hard Cough And A Nasty Tickling Sensation in the Throat.

A bad cough accompanied by that distressing, tickling sensation in the throat is most aggravating.  
Dr. Wood's Norway Pine Syrup is rich in the lung healing virtues of the Norway pine tree, and for this reason it will stop that tickling in the throat which causes that dry hard cough that keeps you awake at night.  
Mr. Sanford Wade, Antrim, N.S., writes—"Last fall I took a severe cold which left me with a terrible hard cough and a nasty tickling sensation in my throat. I tried many cough medicines, but they did not help me so I got a bottle of Dr. Wood's Norway Pine Syrup, and before I had used half of it the cough had left me, and the medicine made a complete cure, and I will recommend it as the best cough medicine on the market."

See that you get "Dr. Wood's" when you ask for it. Do not accept any imitation. The genuine is put up in a yellow wrapper, three pine trees the trade mark, price, 25 and 50c., and manufactured only by The S. Milburn Co., Limited, Toronto, Ont.

total issue, eighty-four per cent. is in languages other than English. In China, alone, 2,000,000 copies a year are put in circulation; in India, 1,000,000 copies yearly find the people. Over 1,000,000 copies of the Bible are issued in the direct service of the society, are scattered broadcast on almost every land the wonderful treasury of truth. A society which has done and is doing so marvellous a service in giving the Book to men, and which has for its mission the entrance of the Scriptures into the entire 2,000 languages of our race, makes an appeal of tremendous vigor to everyone who hears, "Thy Kingdom come."  
But, the feature of the Bible society's ministry, which comes the closest to the people in Canada and constitutes a marvellously weighty element of appeal to Canadians, is the remarkable service of the Canadian Bible Society, particularly that portion of which has to do with the immigrants. Our population of not more than 8,000,000 is talking 110 languages. In this-40 languages, the Bible is used. This form of Scripture brings the foreign tongue and English side by side on the same page; not only greatly facilitates the learning of our Canadian language, but, as well, in this process, presents the principles of the Word and brings the rich and peculiar inspiration, the Bible is able to furnish. At the port of St. John, last year, our Immigration Commissioner, Dr. Helme, and our Immigration Bible woman, Miss Wesley, dispensed nearly 30,000 Scriptures in thirty-one languages. In the summer, in addition to addresses in advocacy of Bible society interests, Dr. Helme renders a most valuable service by visiting construction camps and other places where foreign-speaking men are found.

All this has large meaning from a patriotic point of view, and such a service appeals profoundly to men and women who love the land of the maple leaf, and who are eager to blend a part in the purpose of God to blend in Canada into a noble Christian community, representatives of many tongues, through the subtle and mighty influence of His truth.  
Never, in all history, has there been such an opportunity for the world-wide circulation of the Bible as faces the society today. The work of the Bible is practically limited only by its income.  
Deeply appreciative of all the contributions of sympathy and prayer and money which the past has witnessed, the Bible society waits upon increased resources for the enlarging ministry which doors of opportunity, providentially opened and opening, are making signally possible.  
Mr. Newcomb addressed a large congregation in Queen Square Methodist church last evening before proceeding to Centenary.

**TRouble IN STRASBURG OVER THE ARRESTS**  
German Soldiers Place Thirty in Cellars of Barracks—Civil Authorities Free Prisoners.

Zabern, Alsace, Germany, Nov. 29.—The populace of Zabern is in a high state of excitement over the arrest Friday evening of thirty men who were detained in the cellars of the barracks until noon today, when they were immediately ordered their discharge. The city council sent an energetic protest to Chancellor Von Bethmann-Hollweg and Major-General Erich Von Falkenhayn, minister of war. The Chancellor replied that the matter had been referred to the state holder for a rigid investigation, and promised redress if illegal arrests had been made. General Von Falkenhayn in his answer said he had referred the matter to the general commanding at Strasburg, whose duty it was to prevent infractions of the law.  
The council has sent a deputation to Strasburg to make representations to the Alsatian government. The ministry has sent a commissioner here to investigate the situation, and also a number of gendarmes to assist the police in keeping order and to eliminate the military from the controversy. The city was quiet today.

**WEAKNESS AND PALPITATION OF THE HEART.**  
When the heart begins to beat irregularly, palpitated and throbs, skips beats, and sometimes seems to almost stop, it causes great anxiety and alarm.  
Many people become weak, worn and miserable, and are unable to attend to either social, business or household duties. Milburn's Heart and Nerve Pills are a specific for all weakness and heart disorders, and are recommended by us with the greatest of confidence that they will do what we claim for them.  
Mrs. George Burridge, Cobocook, Ont. writes—"Just a few lines to let you know what Milburn's Heart and Nerve Pills have done for me. I have been troubled with weakness and palpitation of the heart. I tried many remedies but got none to answer my case like your pills did. I can recommend them highly to all with heart or nerve trouble."  
Milburn's Heart and Nerve Pills are 50 cents per box, or 2 boxes for \$1.25, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

**CREATES SENSATION.**  
Berlin, Nov. 29.—The impression here is that there is considerable friction between the civil and military authorities at Strasburg, as a result of the Zabern incident. In some quarters it is hinted it is probable Count Charles Von Wedel, governor-general of Alsace, or Gen. Von Deimling may retire. In other quarters, however, it is thought that the matter can be settled by the transfer of Col. Von Reuter, commanding the Zabern regiment.  
The situation at Zabern created a big sensation here. In the Reichstag a number of Alsatian and Clerical Polish members announced that they would interpellate the government as to what measures it was taking to prevent military aggressions. It is denied here that the first Zabern incident was the subject of diplomatic action by France, but it is admitted that it was touched upon incidentally in a conversation between Foreign Minister Von Jagow and Jules Cambon, the French Ambassador.  
Seamen's Institute.  
The Sunday evening service was conducted by the Rev. Wm. Lawson. There was a good attendance of sailors and citizens. Mr. Lawson gave a hearty welcome to the men of the sea, and gave a fine address. Several solos were rendered during the evening and Miss Cairns and Mr. Lawson sang a duet.

# WHY MEN DO NOT ATTEND THE CHURCH

Rev. M. F. McCutcheon, in Strong Sermon, Gives Reasons.

**MUST RECOGNIZE CHANGE IN TIMES**  
Preachers Devote Time to Discussion of Fads and Reforms Instead of Fundamentals.

Much of the responsibility for the non-attendance of many men at divine service must be laid at the door of the church, was the opinion expressed last night by Rev. M. F. McCutcheon, pastor of Brussels street church, in the course of a sermon on "Why do the men not go to church?" In many cases, the speaker pointed out, the church's methods are not adapted to the needs of a changing era; moreover, she hasn't always dealt with the fundamentals of men; too much stress is laid on extraordinary things, such as the "miraculous" and "mysterious" instead of the plain and practical of the gospel, faith and prayer.  
In introducing his subject Rev. Mr. McCutcheon referred to the fact that the question of the future of the man portion of the community to attend church regularly has challenged a great deal of attention of late, and had been the subject of many conferences, and other such movements to interest the manhood and boyhood of the age in the church and the work she is carrying on. A good deal has been accomplished by these movements but conditions are as yet far from ideal.  
Must Recognize Change.  
In looking for the reasons for the negligence or indifference of the man and the boy towards the church and her work, Rev. Mr. McCutcheon said that in a good part the fault rests with the churches. In the first place the methods are not adapted to meet the needs of the times, this being an era of changes. In every business institution it has become recognized that those methods must be adopted which will adequately meet the changed conditions which have arisen. The church, too, must recognize these changed conditions and adopt the methods which will meet the needs, that is the legitimate needs, of the man of today.  
Again the church is often in fault in as much as it has not always dealt with the fundamental needs of men. Her services must be related to the man to her supreme mission, namely, the mission of Christ who came to seek and save. One of the criticisms levelled at the pulpits is that the minister too often fails to emphasize the fundamentals of the gospel, faith and prayer, but has devoted a considerable portion of the pulpit to the discussion of the variety of reforms and even of the fads of the hour.  
A Lack of Democracy.  
Lack of democracy is another way in which the church is at fault. She is not always democratic. Being an institution where class is supposed to be non-existent, she should be widely democratic, there should be neither rich nor poor, but spirit of brotherhood should permeate the church. It is deplorably true, he said, that the church too often is too individualistic.

# A WAREHOUSE IN PROSPECT AT HARTLAND

For Storage of Potatoes and other Farm Products, while awaiting Shipment—News Items.

Hartland, Nov. 28.—There is a proposition on foot to form a company for the purpose of building a large concrete warehouse here for the storage of potatoes and other farm products, while awaiting sale and shipment. The idea is to have a place where the farmer can deliver his goods whenever he has leisure, and leave them in the warehouse until they are needed for the market, farmers for twenty miles around the market warrants selling. At present, as soon as the work goes out that a fair price is being offered in potatoes, farmers for twenty miles around flock in with their goods in such quantities that there is at once a slump in the price, after which there is a lull in the supply until the price goes up again, and so on and over and over again.  
By storing their stock at a shipping point they would be able at a moment's notice to take advantage of any rise in the market and the demand could be quickly supplied at good prices. It is estimated that a company with about \$8,000 capital, could build a good warehouse of sufficient size to hold an immense portion of the year's crop, which would be looked after summer and winter and kept in good condition for shipment when the owners chose to sell.  
At present the only warehouses are those owned by the buyers and they are not sufficiently large to accommodate any great quantity of produce. Whether the scheme will assume practical form this year remains to be seen.  
On Friday evening Mrs. Arthur Kyle gave a whist party which was attended by a large number and a pleasant time was spent.  
George Boyer, a boy about fifteen years of age, captured a live mink on the Becaguinnac stream the other day and is taking care of him while looking for more of the same valuable fur-bearing animals. The mink is quite valuable and his capture will be worth about \$25.  
John Noddin, who was so badly injured at the lower mill the other day, does not seem to improve much, in fact, at this writing, he was worse than he has yet been. Still, the doctor holds out hope for his recovery.  
The Baptist quarterly district meeting, district No. 2, will be held at Centerville on December 8 and 9. The chief subject for all sessions is to be evangelism. Rev. E. C. Jenkins is district clerk.  
At the home of Mr. and Mrs. Robert Lunn, Summerfield, on the 19th inst., the marriage took place of their only daughter, Cora, to Judson Lunn of the same place. There were 110 guests present and the bride received many handsome and useful presents.  
Rev. Mr. Brown, a student of Acadia College, is now supplying at Windsor, and has made a good impression. The people express the hope that he will remain on the circuit.  
Miss Elsie Sippell entertained a number of her friends at a birthday party on Wednesday evening and a pleasant time was had.  
Geo. R. Burt has been seriously ill at the home of his daughter, Mrs. J. T. Carter, Andover. Mr. Burt is well along in years and recently had an attack of paralysis.  
Late strawberry yarns are now being spun at the Cranston. On Sunday H. Hatfield plucked a bouquet of freshly blown dandelions on his lawn.  
Mrs. A. G. Tracey has gone to her home in New York State, after a few months' visit with friends here. On her way she stopped for a week's visit with her son, Dr. W. R. Tracey, at Pittsfield, Mass.  
During the last few days the receipt of poultry at the government fattening station here has been so large that every crate and pen is full. Manager Kinney says no more can be taken until the present stock is cleaned up. On Tuesday next the ladies of the Church of England, who have been diligently working all summer getting a lot of useful and fancy articles made up, will open their sale and bean supper in Foresters' Hall. They expect to clean up a good sum towards the building of a church here.  
Rev. G. A. Giberson of Bath has been a busy man this week. He has joined in wedlock the following persons: Eldridge Magow of Mar's Hill to Mildred Estabrooks of Bristol, Leek, Shaw of Upper Kent to Florence Drost of Clearville, and Theodore Giberson of Holmesville to Viola J. Kinney of Moose Mountain.  
Mrs. Kawler—I suppose you go out walking these lovely afternoons.  
Mrs. Blunderby—Yes, indeed, I am quite a predestinarian.

# INDIGESTION, GAS OR SICK, SOUR STOMACH

Time "Pape's Diapiesin" In five minutes all stomach misery is gone.

"Really does" put bad stomachs in order—really does" overcome indigestion, dyspepsia, gas, heartburn and sourness in five minutes—that's just that—makes Pape's Diapiesin the largest selling stomach regulator in the world. If what you eat ferments into sourbore lumps, you belch gas and eructate sour, undigested food and acid; head is dizzy and aches; breath foul; tongue coated; your insides filled with bile and indigestible waste, remember the moment "Pape's Diapiesin" comes in contact with the stomach all such distress vanishes. It's truly astonishing—almost marvellous, and the joy is its harmlessness.  
A large fifty-cent case of Pape's Diapiesin will give you a hundred dollars' worth of satisfaction or your druggist hands you your money back.  
It's worth its weight in gold to men and women who can't get their stomachs regulated. It belongs in your home—should always be kept handy in case of a sick, sour, upset stomach during the day or at night. It's the quickest, safest and most harmless stomach doctor in the world.

FINANCIAL AND COMMERCIAL NEWS AND COMMENT

CLOSING LETTER ON MONTREAL EXCHANGE

(F. B. McCURDY & CO.) Montreal, Nov. 29.—The local market was listless all morning but prices held fairly well. Wall street was the dominating influence, although an indifferent market was reported in London. Over night developments were of a favorable character. The October statement of the C. P. R. showed net earnings of \$5,602,857 as compared with the earnings for the same month last year of \$5,060,837. Earnings last month established a new high record for the C. P. R. Another favorable development of the day was the renewal of gold import to Canada from New York. This gold movement which now aggregates \$13,600,000 gold coins is very favorably regarded by local bankers and is taken as an indication that our trade balance with the United States is at the moment in our favor. The strong feature of the morning in the local market was Dominion Steel Corporation. Sales today took place at 40% although trading was not very active. President J. H. Plummer has returned from England and arrived in Toronto this morning.

DOW JONES CO'S SUMMARY OF NEWS

(J. C. MACKINTOSH & CO.) New York, Nov. 29.—General Electric strike continues unimportant. N. Y. Transit Co. declares regular quarterly dividend. Treasury department issues additional regulations governing collection of income tax. New Haven gross earnings first three weeks November, decrease one per cent. from year ago. McAdoo issues statement of re-assurance to bankers and business men. Bankers confer with Huerta regarding financial plight of National Railways of Mexico. Democratic senate caucus defeats proposal to broaden redemption features of currency bill which would have made proposed treasury notes redeemable at United States Treasury in "lawful money." Twelve industrials declined 47 per cent. Twenty Active railroads declined 14 per cent.

PINCHOT TO OPPOSE PENROSE FOR SENATE

GIFFORD PINCHOT.

Gifford Pinchot, one-time United States Forester and friend of Theodore Roosevelt, will oppose Senator Boies Penrose for election to the upper house of the National Legislature, according to gossip in Congressional circles. Mr. Pinchot will make the fight as a progressive. "I have nothing to say regarding this matter," said Mr. Pinchot. "It is true, however, that I am a resident of Pennsylvania and a voter of that State."

DULLNESS NOW BEING FELT IN MARKET

Of the market there is little to report that is new, except that the dullness has been more marked; in fact, reaching a low record for number of shares which has not been equaled since 1888, and it does not look as though this state of things would soon change, unless through the effects of some unusual occurrence or some move favorable to business on the part of the administration. The money market abroad is slowly improving. Here the close of the month is firming up supplies. With the passage of this period money may be expected to grow easier toward the end of the year. General trade is disappointing, production decreasing, and with a lessened demand for labor, more workers are idle. The violent attack on Steel common during the week had only the effect of advancing the price and leaves the presumably large short interest in a more vulnerable position, on account of its failure to discharge stock. Out of these operations will probably develop some further advance, but investors have not yet come into the market noticeably, and the outlook is for such irregularity as the activity of traders usually provokes. However, such extreme dullness and stagnation as developed during the week is often of effect similar to that of a heavy bark, marking a low point in prices, with liquidation over. J. S. BACHE & CO.

LAIDLAW & CO'S CLOSING STOCK LETTER

(J. C. MACKINTOSH & CO.) New York, Nov. 29.—The general list was dull and lifeless in today's market with price changes unimportant. The market as a whole, however, derived a rather heavy undertone from the pronounced weakness of a number of specialties which declined under very little pressure. Among these issues was American Can, Goodrich, and the Pettibone Milliken stocks. Bear interest was further inspired to short sales by the expectation of an unfavorable bank statement today. The announcement of the Secretary of Treasury that federal funds would be placed at the disposal of the banks, had no positive results, although this action suggested that the administration was concerned about the business prospect, and might go slow on fresh anti-trust legislation. Considering the complete absence of buying power, however, the action of the market emphasized its generally liquidated position. LAIDLAW & CO.

CLOSING COTTON LETTER FROM JUDSON & CO.

(J. C. MACKINTOSH & CO.) New York, Nov. 29.—Today's market was a typical half-holiday affair, with the volume of transactions small and the price changes unimportant. The denial of last night's rumors of a bearish National Spinners Report accounted for much of the demand from the shorts. The average estimate of the members of the New York Cotton Exchange, viz., 14,303,000 bales, had little or no effect. There was no fresh news to influence prices, and there was no disposition to make fresh commitments over the week-end. Bull interests are expecting relatively large gaining returns for the last half of November, but predict that the figures for the period following will begin to corroborate their contention that the crop has been one of the most rapidly ginned on record.

CLOSING COTTON LETTER FROM JUDSON & CO.

(J. C. MACKINTOSH & CO.) New York, Nov. 29.—Yesterday's late rumors that the National Spinners' Association had predicted gaining returns to December 1st would aggregate 12,100,000 bales were denied and after opening steady at a decline of one to four points the market sold about four to five points net higher on scattered covering. The increase in the amount of cotton afloat awaiting clearance as reported by the Financial Chronicle may have helped the advance. But the buying was not aggressive and fluctuations later in the morning were more or less irregular. Spinners taking of American cotton for the week ending the first Friday in December of last year were 519,213 bales, or the biggest on record. The insight for the same week last year was 653,211 bales, and it is announced that week-end figure next Friday will consequently make rather a bearish comparison. W. W. PRICE.

CLOSING LETTER NEWS SUMMARY ON COTTON MARKET AFFECTING MARKET

(F. B. McCURDY & CO.) New York, Nov. 29.—General developments.—The interest on the Mexican public debt due Jan. 1st, will be paid. It is not as yet assured that the National Ry. of Mexico obligation due Dec. 1st will be met. The special session of Congress ends today. The regular session begins Monday. A joint session of the house and senate will be held next Tuesday at one p. m. to hear the President's message delivered in person. An agreement with the Commissioners of Maine, New Haven, Vermont and Massachusetts is reported, which will allow the B. and M. an advance of 14 per cent. in freight rates. High call money rates are restricting speculation of a bullish character and may continue to do so especially as the President's message is expected to go to Congress early next week, when the Supreme Court reconvenes. On reactions good buying of a scale down character appears in rails, but no industrials are sold on trade reactions. FINANCIAL BUREAU.

THE CANADIAN MONTHLY BANK CLEARINGS

Toronto, Nov. 30.—Bank clearings for November were less than a year ago, but there was one more business day in the month last year. Figures were as follows: November, 1913, \$186,790,061; November, 1912, 195,001,245; November, 1911, 185,204,936; Eleven months, 1913, 1,979,463,612; Eleven months, 1912, 1,975,329,757; Eleven months, 1911, 1,670,421,685. Winnipeg. Winnipeg, Nov. 30.—Bank clearings for the month of November ending yesterday were \$3,095,747,500, as compared with \$1,895,949,919 for the corresponding month last year and \$159,586,897 for the same month of 1911. Quebec. Quebec, Nov. 29.—Bank clearings for the week ended November, 1913, were \$14,326,724; corresponding week last year, \$15,225,792.

PRODUCE PRICES IN CANADIAN CENTRES

Montreal, Nov. 29.—CORN—American No. 2 yellow, 81 @ 82; OATS—Canadian western, No. 2 41-1-4; No. 3, 39 3-4 @ 40; extra No. 1 feed, 40 1-2. FLOUR—Manitoba spring wheat patents, firsts, \$5.40; seconds, \$4.90; strong bakers, \$4.70; winter patents, choice, \$4.75 @ \$5.00; straight rollers, \$4.50 @ \$4.60; bags, \$2.00 @ \$2.10. MILLFEED—Bran, \$20 @ \$21; shorts, \$22 @ \$23; middlings, \$25 @ \$26; molasses, \$27 @ \$31. HAY—No. 2, per ton car lots, \$14 @ \$15. POTATOES—75 @ 90.

WANTS TO BE GOVERNOR OF IOWA

W. C. BROWN

William C. Brown, who retires from the presidency of the New York Central Lines to return to Iowa, his old home, will be a candidate for Governor of Iowa, according to persistent rumors among that State's politicians. Remarks on exchange. "There are none of us so sure of going to heaven that we take lessons on the harp. But we're sure enough, but we haven't the time."

NEWSPAPERS ON THE MARKET SITUATION

(F. B. McCURDY & CO.) New York, Nov. 29.—Commercial.—A break in real estate usually speaks the end of a bear movement in the stock market. American.—A lower price for Steel Common is looked for after the dividend of 1 1/4 per cent. comes off Monday.

SCHOOL REPORT.

Hampstead, Nov. 29.—Teacher, K. S. Robertson. School was in session 20 days. No. of pupils enrolled, 25; No. of pupils daily present, on an average, 20; pupils making perfect attendance: Willis Wasson, Bertha Cameron, Elsie Carroll, Florence Hastings, George Carroll. Those who missed not more than one day: Ernest Thomson, Chester Stultz, Harold Stultz. Those who missed not more than two days: Jennie Hastings, Stella Hastings, Greta Vanwart. Pupils making highest marks on the monthly examinations: Grade V. (a)—Elsie Carroll, 100; Harold Stultz, 82; Elizabeth Watson, 76. Grade V. (b)—George Carroll, 84; Florence Hastings, 80; Chester Stultz, 76. Grade IV.—Clement Callahan, 91; Lottie Wasson, 88. Grade III.—Jennie Hastings, 78; Madeline Thomson, 55. Grade II.—Bertha Cameron, 96; Stella Hastings, 89; Willis Wasson, 81; Ernest Thomson, 67. Grade I.—Greta Vanwart, 83; Nelson Evertich, 80.

ARMY OFFICER IN ACCIDENT

MAJOR GEN. LEONARD WOOD

Major General Leonard Wood, Chief of Staff of the United States Army, was thrown from his horse and knocked unconscious while riding over the parade ground at Fort Myer recently. The horse, a spirited charger, leaped high in the air while taking a ditch on the drill field, throwing his rider backward. General Wood barely escaped being trampled on.

NEWCASTLE NOTES

Newcastle, Nov. 28.—There was intonation in Newcastle Sons of Temperance Division last night, visiting delegations from the Divisions of Redbank, Millerton, Nelson and Douglastown, and five-minute addresses on temperance by the following: Rev. S. J. Macarthur, Rev. Wm. Harrison, D. J. Walker, C. Day, Mrs. H. S. Leard, Mrs. L. B. Hetherington, B. W. Hutchingson, Ald. H. H. Stuart, Miss Helen M. McLeod, Fred E. Locke and Capt. Spurgeon Amos. Newcastle, Nov. 29.—The teachers and pupils of Harkins' Academy gave an entertainment and ple social in Town Hall last night, proceeds to go towards finishing the assembly hall. The program was as follows: Selection, Newcastle orchestra; address, Dr. R. Nicholson, chairman of trustees; piano duet, Mrs. C. Sargeant and O. Nicholson; reading, Miss Lucy Lingley; violin solo, Miss Lawlor; solo, J. B. Armstrong; selection, orchestra. The pies were auctioned by Ex-Alderman J. R. Lawlor.

CLOSING STOCK LETTER FROM RANDOLPH

(F. B. McCURDY & CO.) New York, Nov. 29.—The market sagged during the morning in anticipation of a poor bank statement and rallied just before the close to about last night's closing prices. Missouri Pacific was a weak feature. A bad bank statement was expected. Total sales 75,000; bonds \$405,500. E. & C. RANDOLPH.

For the man who has the food now can eat without suffering for it, if he just follows the meal with a Na-Dru-Co Dyspepsia Tablet. These remarkable tablets banish the troubles of the chronic dyspeptic—the man who is bilious—the sufferer from heartburn, gas on the stomach or occasional indigestion. You can eat hearty meals of wholesome food—and digest them, too—if you take Na-Dru-Co Dyspepsia Tablets. Compounded by expert chemists, after probably the best formula known to medical science, they are quick and certain in their action, giving prompt relief from all forms of stomach trouble, toning up and strengthening the digestive organs and bringing about permanent cures. A man is no stronger than his stomach. Fit yourself for your best work by taking Na-Dru-Co Dyspepsia Tablets, so, at your druggist's, National Drug and Chemical Co. of Canada, Limited, Montreal."

# FOOTBALL ATHLETICS BOWLING

## ST. JOHN'S DEFEATED FAIRVILLE

There was a large crowd of spectators at the Marathon grounds Saturday afternoon when in the St. John District Soccer League the St. John's defeated Fairville by a score of two to one.

The game proved to be one of the most exciting of the season. The game that was scheduled to have taken place between the Caledonians and the Cape Co. was called off and the players of these two teams were present on the grounds in force.

Fairville looked rather a snappy team in their new uniforms which are of the same pattern as worn by the Newcastle United, the crack English team. A photographer was on hand and was kept busy taking pictures of the team.

The game opened with the play very brisk and even. A breakthrough by the Fairville front rank resulted in E. Ramsey nocking the first goal for Fairville. The reverse seemed to wake up the St. John's and a hot siege was commenced around the Fairville goal. Try as they liked the "Robins" could not get the ball past Meehan, the Fairville goal keeper, and much credit was deservedly given to this player, and his work during the game places him on the level with the best goal keepers in the league. Half time arrived with Fairville leading with a score of one to nothing.

Fairville had lots of advice during the half time by the Caledonia supporters, as a victory for the county team would keep the Caledonians in the premier position on the league table. But it was not to be for in the second half a soft goal was scored during the first few minutes of play in the second half and this appeared to take the heart out of the county men. Everything appeared to go wrong with them, their forwards had a bad habit of going from their positions to help the defence and most of the time they were in the way.

Another goal was scored by St. John which put the finishing touches to what was really a good game, and the game finished with St. John victorious. The Fairville team have the sympathy of the Soccer enthusiasts as they have been playing in hard luck this season. Their defence worked hard under very trying conditions and much honor is due them.

The St. John's played one of their best games of the season.

The following was the lineups of the teams:

Fairville—Meehan, Hopper, Ratcliffe, Mulhern, Strachan, Carter, Tucker, Parker, Pink, E. Ramsey and F. Ramsey.

St. John—Whiteside, Frost, G. Spearman, Coats, Smith, McPadyen, Sheppard, A. Spearman, Miller, Robertson, and Burton.

## THIS DATE IN RING ANNALS

1847—Young Peter Jackson held Johnson to a draw in twelve rounds at Baltimore. Young Peter, although not in the same class with the great Peter Jackson, who boxed Jim Corbett to a sixty-one round draw, was still a good fighter, and after one experience Johnson did not manifest any great desire for another meeting. In the same year Young Peter fought a fifteen round draw with Sam Langford, and in 1906 whipped Sam in five rounds, and was defeated by Sam in thirteen rounds. Sam and Young Peter fought again in 1907, when Sam won on points in twenty rounds.

1908—Tommy Murphy outpointed Paddy Sullivan in six rounds at Birmingham.

1911—Abe Attoll outpointed Patsy Kline in ten rounds at New York.

## COAST HOCKEY LEAGUE READY FOR THE SEASON.

Vancouver, B. C., Nov. 30.—With the first league game set for next Saturday the personnel of the various coast teams is now known, all clubs having finally signed a full list of players. Vancouver and Victoria are retaining two goal keepers. Lindsay and Mitchell being at Victoria and Clark, a former Calgary amateur and Allan Parr being selected for the locals. Parr looks like a permanent fixture here, although Clark will be carried through the season.

## TO BECOME LIGHTWEIGHT.

Realizing that he can no longer make the legitimate featherweight limit, 122 pounds, weigh in at the ring-side, Johnny Kilbane, the featherweight champion, made the announcement at his home in Cleveland that after January 1, 1914, he will join the lightweight

## TWO CRACK PLAYERS OF PENN'S FOOTBALL TEAM

CHESTER MINDS FULL BACK CAPTAIN YOUNG LEFT HALF

The University of Pennsylvania has two star players whose work on the gridiron is wonderful. They are Minds and Young. Chester Minds is undoubtedly one of the most expert throwers of the forward pass that has ever been developed. He is very accurate. Furthermore, he is a good all around full back. In Young the Quakers have a steady gain and a half back who stands with the best of them.

## SPORTOGRAPHY BY "GRAVY"

## "Birthday" of the Two Oldest Motor Cars now in Existence.

This week marks the "birthdays" of the two oldest motor cars in existence. The oldest is a French car which was purchased by the mayor of Troyes, in the Champagne district of France, on Dec. 4, 1891, so it will be twenty-two years old on Thursday. The second oldest automobile in active service is also a French car, which was completed on Nov. 20, 1893, and so was twenty eight years old yesterday.

The present owner of the world's most ancient motor car is the Abbe Gavois, of Renneville, in the Somme district of France. He bought the crude contrivance from the mayor of Troyes, its original owner, in 1894. The cure loaned his machine to the British Motor Association for its last exhibition, where it attracted more attention than any of the newest models. The prelate was given a modern car to use while the old one was on display, but he asserted that he much preferred the ancient vintage automobile.

According to the cure, the oldest car has required but one overhauling since it came into his possession, and had never been in the hands of the repair man at the time he bought it. He asserts that the car has been on the road every day until it was sent to the English exhibition.

The relic of a past age of automobile building has a speed of twelve miles an hour, which is quite sufficient for the needs of a country clergyman. Its tires are of steel, and while this has its disadvantages, the cure has never had to spend a cent in upkeep. The motor is a two-cylinder affair, and consumes comparatively little gasoline.

An English automobile journal says of this patriarch among cars: "A layer of grease was applied to the gears, occasionally they were washed out with kerosene; but for twenty-one years they have been turning in a bath of grease and dust. When they were dismantled for the overhauling of the car recently they were found still to have several years of useful life. A short jack shaft is driven by means of a pair of bevel gears, and the final drive is taken to the rear axle by means of a single exposed chain. Tiller steering is fitted, and all four wheels are wood with steel tires."

So far as longevity and cost of upkeep are concerned, many owners of modern high priced cars will envy the Abbe of Renneville.

who played in but about half the season's games, is no longer a major leaguer, having been released to an International League team some time before the close of the season. Yingling, the head man, batted .353 and McDonald .355.

Cravath, of Philadelphia, is second among the regulars who played in 100 or more games, batting .341, and he also led the league in home runs, with 19 to his credit. His team-mate Lucernis was a close second in home run making, having hammered out 18 hits for the circuit. In stolen bases, Max Carey of Pittsburgh is the leader, with 61.

Henrie Zimmerman of Chicago, who led the league in batting last year, with an average of .372, is fourteenth on this year's list with a mark of .318. The champion Giants got but one regular Meyers with .312, in the select "three hundred" class, although Arthur Fletcher was close to the mark with .297. The veteran Honus Wagner put to his credit the record of .247.

## TO TEST THE NEW HOCKEY RULES OUT

Vancouver, B. C., Nov. 30.—The new rule, eliminating no off-sides in centre ice which was given a trial at Victoria last week, will be given a further test in the first league game of the season here next Friday night between Vancouver and New Westminster. Frank Patrick, father of the new idea, announced today that the first few league games will be played under the new rule.

Coast sporting writers agree that the new system speeds the game up and eliminates a lot of unnecessary delays which occurred in centre ice under the old off-side rule. There is a tendency on the part of some players to loaf under the new rule, but if this can be remedied the rule will prove beneficial.

## HAMILTON 15; OTTAWA 4.

Ottawa, Nov. 30.—Defeating the Ottawa seconds by fifteen to four, after a one-sided game, the Hamilton Y. M. C. A. club, with the aid of many of last year's senior Alerts, won the championship of the intermediate series of the C. R. F. U. on Saturday.

## NEW EDINBURG WON.

Ottawa, Nov. 30.—Previous to the intermediate finals here on Saturday the Patricks and New Edinburgh's played off for the city championship, New Edinburgh winning 5 to 1.

## JAKE DUBERT BEST BATTER IN NATIONAL

New York, Nov. 30.—Jake Dubert, Brooklyn's star first baseman, of the National League's champion batsman for the season of 1913. The official batting averages of the league, made public today, show him third on the list with an average of .359 in 139 games. Of the two men nominally outranking him, however, one, Yingling, of Brooklyn, is a pitcher, and took part in but forty games, while the other, Charles McDonald, of Boston,

## BRITISH FOOTBALL RESULTS

London, Nov. 29.—The Saturday football results are as follows:

**ENGLISH LEAGUE.**

**Division 1.**  
Bolton W., 1; Blackburn R., 0.  
Burnley, 0; Sheffield U., 0.  
Chelsea, 2; Bradford C., 1.  
Liverpool, 2; Tottenham H., 1.  
Manchester U., 3; Derby C., 2.  
Newcastle U., 2; Aston Villa, 2.  
Oldham A., 1; Manchester C., 3.  
Preston N. E., 4; Middlesbrough, 1.  
Sheffield W., 2; Sunderland, 1.  
West Bromwich A., 1; Everton, 1.

**Second Division.**  
Birmingham, 1; Grimsby T., 2.  
Bristol F., 3; Burny, 1.  
Bristol C., 1; Woolwich A., 1.  
Clapton O., 2; Blackpool, 0.  
Leeds C., 8; Nottingham F., 0.  
Leicester F., 0; Pall C., 4.  
Notts, 3; Barnsley, 1.  
Wolverhampton W., 1; Fulham, 0.

**Southern League.**  
Brighton and H., 2; Bristol R., 1.  
Northampton, 0; West Ham, 0.  
Portsmouth, 1; Swindon T., 1.  
Exeter C., 0; Queen's Park R., 0.

**Scottish League.**  
Hearts, 4; Aberdeen, 6.  
Airdrieonians, 6; Celtic, 1.

## FIGHTERS MATCHED SATURDAY

New Orleans, La., Nov. 28.—It was announced today that Johnnie Dundas of New York and Joe Rivers of Los Angeles had been matched for a ten round fight here Christmas day. It was also announced that "Wild Cat" Ferris, of Kansas City, and Mike Gibbons, of St. Paul, welterweights, would fight ten rounds here December 10.

**SIDNEY LESLIE WINS CROSS COUNTRY RUN.**

New York, Nov. 29.—From a field of thirty-two starters, Sidney L. Leslie, of the Long Island A. C., metropolitan junior champion, won the national senior cross country championship of the amateur union over the six mile course at Van Cortlandt Park today, his time being 34.42. Gaston Strobino, of South Paterson, N. J., was second; Arthur Roth, Mohawk A. C., third, and Wm. Kyronea, of Finland, unattached, finished fourth.

**WILL INVESTIGATE**

Montreal, Nov. 30.—In view of the wide publicity in regard to Joe Donnelly's amateur standing, a thorough investigation is being made into the matter by the McGill authorities.

**ST. ANDREW AT DIVINE**

Celebration of St. Andrew Yesterday—by Men.

The celebration of St. Andrew was held at the St. Andrew's church, St. John's, yesterday afternoon. The Rev. J. J. McCallin, pastor, presided at the service. The choir, under the direction of Mr. J. J. McCallin, rendered several beautiful songs. The service was well attended and the collection was very liberal.

The members of the St. Andrew's church, headed by the Rev. J. J. McCallin, held a service at the hall of the St. Andrew's society, yesterday afternoon. The service was held in the hall of the St. Andrew's society, and was well attended. The Rev. J. J. McCallin, pastor, presided at the service. The choir, under the direction of Mr. J. J. McCallin, rendered several beautiful songs. The service was well attended and the collection was very liberal.

**A Distinction**

In the past there has been a distinction made between the secular and the sacred. The secular is the world of the flesh, and the sacred is the world of the spirit. The distinction is not always clear, and it is often difficult to see where the line is drawn. The world of the flesh is full of pleasures and pains, and the world of the spirit is full of joys and sorrows. The distinction is not always clear, and it is often difficult to see where the line is drawn.

# POINTS OUT NECESSITY OF WORSHIP

Rev. J. J. McCaskill Delivers an Eloquent Address.

ST. ANDREW'S SOCIETY AT DIVINE SERVICE.

Celebration of Festival of St. Andrew Commenced Yesterday—Mistake Made by Men.

The celebration of the festival of St. Andrew was begun yesterday when members of the St. Andrew's Society attended divine service in St. Andrew's Presbyterian church when Rev. J. J. McCaskill, chaplain of the society, preached a very eloquent sermon.

The members of the society assembled in Union Hall and marched to the church, headed by three pipers. After the service the members returned to the hall and passed resolutions of thanks to the clergymen who conducted the ceremonies and to the session and trustees of the church for the use of the edifice.

G. S. Mayes, president of St. George's Society, represented that organization in the parade.

Rev. Gordon Dickie, M. A., minister at St. Stephen's church, and Rev. J. A. MacKinnon, B. A., of St. David's, assisted in the service.

Rev. Mr. McCaskill took for his text the passage from Isaiah, which reads as follows: "Hearken to me ye that follow after righteousness, ye that seek the Lord. Look unto the rock whence ye are hewn, and to the hole of the pit whence ye are digged. Look unto Abraham, your father, and unto Sarah, that bare you; for I called him alone, and blessed him and increased him. And with the aid of 'Pierre' the gambler and out-law, succeeds in doing it.

It is a gripping drama, full of tense moments and exciting situations. The play is rapid in action and dialogue and will furnish the Stock Company with an opportunity they have not had up to the present. An elaborate production has been prepared, showing the interior of Galbraith's general store, the trail in the wilderness and the priest's humble cottage. Mr. McHerry will be seen as Pierre and Miss Brandt as Jen Galbraith.

## A Distinction.

In the past there had been a distinction made between things which were secular and those which were religious and men have resented the attempt to push the claim of religion into those regions in which they said religion should not be concerned. When any part of a man's life was withdrawn from the control of God an irresistible pressure had caused it to embrace almost every detail of human conduct.

When any part of the Christian life has become exempt from the control of religion, its restraints on the other parts will grow more and more useless until it has become practically a mere conventional performance of external acts of devotion, a formal, lifeless, heartless thing without any vital energy or power.

Religion should include the whole life. Rev. Mr. McCaskill referred to the difficulties of the Christian life but pointed out that everyone should remember to "look unto the rock whence ye were hewn."

This quotation perhaps applied to those assembled in the church. Look unto the rocks whence ye were hewn—into that country hirsute in climate, poor in material resources, sparsely populated, in the mountains north where men had time and inclination to brood upon higher things in a degree that has now become difficult and is yearly becoming less possible.

Notices Change. "Today," continued the speaker, "the solemn sweetness of Scotland's psalmody may rend every fibre of our being with the persuasive spell of its holy enthusiasm, but are we so unseeing in our worship? To enter into the ancient world of Scotland one must be at least half a poet and only half a man of the world. A writer, Mr. Brymer, speaks of travelling among the Gampian Hills with a lowland farmer, one of those so-called persons who carry their souls in their pockets; to whom the single of 'siller' is a far sweeter sound than the sough of the wids on the heather. 'I will remember,' he says contemptuously of my remark that this was a glorious country, 'Na! na!' said he; 'tis a poor country this! Both were right. Glorious in respect of color and contour of rocky ridge and peak, the land was not like the fat lowlands, flowing with milk and honey, or at least money, which rejoice the hearts of men who live by bread alone. The core and fibre of all that is best in your life and in mine today has come from things that ordinarily stir our blood no longer. Our life is becoming less vigorous. The latest cries of the past have little meaning for us, save the battle cries of today may have little meaning for our children. Every age has to recommence its own fess as they present themselves in new guise at the turn of the stream, but to do that wisely it has to look unto the rock whence it was hewn, the hole of the pit whence it was hewn, and to see after righteousness with a like seriousness and high purpose."

In conclusion, Mr. McCaskill said: "Here are we on the secure path in the quest for righteousness. In a way we are all seekers. Most of us need

to find much more than we have yet found. Well, let us go on seeking. Let us have comradely in seeking. Only in that comradely way the spirit is sanctified of God or blessed in the search. When men will feel the sanctity of their sanctity and the obligation of their brotherhood, no blights will come upon the harvest for which they labor and no discord break in upon their song. A great many things are needed to make a complete human life, but the call of an exalted life is redempted from the suspicion of impossibility when the hearers remember that they are sons of God. We must cultivate the sense which Jesus had of the worth of every human personality. His tender treatment of the bruised and wounded spirit. His delicacy in dealing with the tattered fragments of humanity. His reverence in the devastated shrine. In this spirit alone can the uplift of mankind be accomplished. All selfishness tends to waste and finally disappear beneath the sands of time; while goodness alone builds fast upon the rock of the eternal.

The officers of the St. Andrew's Society are as follows: President, Alexander Macaulay; first vice-president, Andrew Malcolm; second vice-president, Alexander McMillan; chaplain, Rev. J. James McCaskill, B. A.; historian, Alexander Wilson; treasurer, John White; secretary, F. W. Fraser; marshals, Charles W. Bell and E. A. Inches; committees of charity, P. R. Inches, M. D. Francis F. Burpee, S. R. Jack.

## STOCK COMPANY'S FIRST MELODRAMA

### "Pierre of the Plains" Gilbert Parker's Stirring Drama.

Those who have read Mr. Parker's budget of short stories entitled "Pierre and His People," will recall a fascinating little romance towards the end of the volume entitled "She of the Triple Crevasses." This is the story selected by Edgar Selwyn to make into play form.

# PRACTICAL ADVICE FOR ALL PEOPLE

Dr. G. G. Melvin Gives Instructive Address on Housing.

ADVISES CARE TO AVOID SICKNESS

Man is His Own Worst Enemy—Necessity of Cleanliness—Sounds Warning Note.

Dr. G. G. Melvin, the medical health officer, delivered an interesting and instructive address on "Housing" before a meeting of the Men's Brotherhood of Centenary church yesterday afternoon.

In the beginning when man appeared on the earth, said the doctor, the first essentials were food and shelter. Man wanted two kinds of shelter, a portable house of clothes and a fixed house. Probably he prepared himself a fixed abode before he prepared clothes. A Boston man who returned to a state of nature in Maine last summer first searched for food and then made himself a hut before seeking clothes. The first need of a house is to protect us from the variable weather which is a different thing from climate. The second need is to provide a unit for the family; the house, the place of shelter, is synonymous with the home.

There are two kinds of houses—the permanent and the transient. For man the transient house, such as the tent, is the safest from a hygienic standpoint; it is always well ventilated and we can run away from it or destroy it without much loss. Man is his own worst enemy, so far as disease is concerned. Before sanitary science was developed generalists realized that the only way to keep an army healthy was to keep it in motion. If an army stopped long in one place it developed diseases which carried off the soldier faster than they could be killed in battle. Railway construction crews were usually healthy, because they kept changing their place of abode. Mosquitoes distributed malaria fever, but they first got the poison from man. Fleas from rats caused bubonic plague, but the flea's first caught the contagion from man.

Man built himself permanent houses, because they offered some advantages. They were not an untimely blessing, either were they an admitted evil. The disadvantages often went far to outweigh the advantages. Need of Ventilation. One of the chief disadvantages of living in a house was that the apartments allotted to the inhabitants were often too small. For a sleeping chamber an air space of 300 cubic feet was too small. A man required 2,000 cubic feet of air and per hour; in a room containing only 300 cubic feet the air would have to be changed ten times an hour, which meant a greater need of ventilation than was usually supplied. In a room of 1,000 cubic feet air space the air would only have to be changed three times an hour, and this was quite practical without involving drafts. Houses are often too close together. A house that had all the essentials of ventilation, light and air, was a place to live in. If it was in a congested district where the air currents did not have free play, a courtyard and a well placed window would be freely a source of danger, as the air became contaminated by the refuse on the ground, and top drafts were sufficient to keep the air fresh and pure. Houses needed plenty of light. It had long been recognized that sunlight was a disinfectant and that the extra rays in the sunlight killed off germs and microbes. In St. John about three-quarters of the houses were too damp, and this was a serious evil. It was not sufficient to build on the side of a hill; the water worked up through the soil and drove down into the house. Concrete, asphalt or some impervious material should be used to cover the foundation of a house, and the yards adjacent to it should be about a pint of water.

SEVERE COLD ON LUNGS AND CHEST QUICKLY RELIEVED  
by No-Dru-Co Syrup of Licorice, Chlorodyne and Chlorodyne  
Mr. J. Seward, Brocktonville, Que., writes:  
"Two weeks ago I took a severe cold which settled on my lungs and my chest was very sore, breathing light and severe hacking cough. I was feeling miserable. I bought a bottle of No-Dru-Co Syrup of Licorice, Chlorodyne and Chlorodyne and after a few doses I felt great relief and I went into a sound sleep, a thing I was not able to do for some nights. Next day I was able to be around again, and before completing the bottle, felt as well as ever. It is a fine cough and cold cure."  
No-Dru-Co Syrup of Licorice, Chlorodyne and Chlorodyne relieves the irritation and "stuffed-up" feeling in the air passages, soothes the tickling which makes you cough, loosens the phlegm and drives out the cold before it gets troublesome.  
In 25c and 50c bottles, at your Druggist's, National Drug and Chemical Co., Canada, Limited. 222

COAL—Coal mining rights may be leased for twenty years, renewable for an annual rental of \$1 an acre. Not more than 2,500 acres can be leased to one applicant. Royalty, five cents per ton in unworked territory. A lease must be staked out by the applicant in accordance with the provisions of the Act or sub-Agency of Dominion Lands for the district, must be made and paid to the agent within thirty days after the application is made.  
QUARTZ—A person eighteen years of age and over, having made a discovery may locate a claim 1,500 feet by 1,500 feet. At least \$100 must be expended on the claim and not less than \$100 must be expended in development work each year.  
DREDGING—Two leases of five miles each of river frontage, one one-quarter mile per term of 30 years. \$10 a mile per annum. Royalty, 2 1/2 per cent, after the output exceeds 100,000 tons. Deputy Minister, Coburn, Interior. N. B.—Unauthorized publication of this advertisement will not be paid for.

TENDERS.  
TENDERS addressed to the undersigned, at Ottawa, and endorsed on the envelope "Tender for Steamer," will be received up to noon of the EIGHTH DAY OF JANUARY, 1914, for the construction of a Steamer Screw Steaming Steamer of the following leading dimensions:—Length of R. P. . . . . 275 ft. 0 in. Breadth extreme . . . . . 6 in. Draft (Mean) . . . . . 19 ft. 0 in. Indicated Horse-power, 8,000. To be delivered at the King's Wharf in the City of Quebec.  
Plans, tender forms and specifications of this steamer can be seen at the Office of the Purchasing Agent of the Marine and Fisheries Department, Ottawa, at the offices of the Collectors of Customs, Toronto, Colingwood and Port Arthur, and at the Agencies of the Department of Marine and Fisheries at Montreal, Quebec, St. John, Halifax and Victoria, B. C.  
All tenders must be made with the distinct understanding that the steamer must be built in Canada.  
Plans, tender forms and specifications can be procured upon application to the Purchasing and Contract Agent, Ottawa.  
The tender form is embodied in the specification.  
Each tender must be accompanied by an accepted cheque on a chartered Bank equal to 10 per cent. of the whole amount of the tender, which cheque will be forfeited if the successful tenderer declines to enter into the contract prepared by the Department or fails to complete the steamer in accordance with the contract.  
Cheques accompanying unsuccessful tenders will be returned.  
The Department does not bind itself to accept the lowest or any tender.  
Newspapers copying this advertisement without authority from the Department will not be paid.  
ALEX. JOHNSTON,  
Deputy Minister of Marine and Fisheries,  
Dent, Marine and Fisheries,  
Ottawa, Oct. 25, 1913.

WEST LAND RELATIONS.  
THE sole head of a family, or any male over 18 years old, may homestead a quarter section of available Dominion land in Manitoba, Saskatchewan or Alberta. Applicant must appear in person at the Dominion Lands office of the District, or by proxy may be made at the office of any Local Agent of Dominion Lands (not sub-agent) on certain conditions.  
Duties—Six months residence upon and cultivation of the land in each of three years. A homesteader may live within five miles of his homestead on a farm of 80 acres, on certain conditions.  
A habitable house is required in each case, except when residence is performed in the vicinity.  
In certain districts a homesteader in good standing may pre-empt a quarter-section alongside his homestead. Price \$1 per acre. Duties—Six months residence in each of six years from date of homestead entry (including the time required to earn homestead patent) and 80 acres extra cultivation. The area of cultivation is subject to reduction in case of rough, scrubby or stony land after report by Homesteader Inspector on application homestead.  
A homesteader who has exhausted his homestead right and cannot obtain a pre-emption may take a purchased homestead consisting of 80 acres. Price, \$1 per acre. Duties—Must reside six months in each of three years, cultivate 80 acres and erect a house worth \$200.  
Deputy Minister of the Interior. N. B.—Unauthorized publication of this advertisement will not be paid for.

**AROUND THE CITY**

**Tendered a Shower.**  
 Over forty of the city school teaching staff, especially those from the North End schools, met at the home of Capt. Hawkins, Main street, on Friday evening and tendered a shower of kitchen utensils to Miss Susie Gilchrist and Miss Margaret Briggs, teachers in the Dufferin and Douglas Avenue schools, respectively. The recipients will no doubt find the gifts of much use after the beginning of the new year.

**The Coal Pocket.**  
 The city council will meet today when consideration will be given to the application of the Dominion Coal Company for permission to occupy the wharf, on the West Side, on which their coal pocket is located till December 15. Mr. Starr had an interview with some of the commissioners on Saturday, but nothing definite was done. Alex. Dick, Montreal manager of the company, will come to St. John shortly to see what can be done to secure a site for the coal pocket on the West Side.

**Checkers Still Out.**  
 The striking C. P. R. checkers were still out yesterday and it has been stated that the company will keep them out for a considerable time. The work is going along as usual and the C. P. R. officials state that they are being very much inconvenienced by the strike. During the day the union checkers are at their work as usual, while the night the union checkers are doing the work. The union has requested the labor department to appoint a board of conciliation to adjust matters and it is expected that something may be done in the matter today.

**Tug on Trial Trip.**  
 On Saturday afternoon the new tug G. S. Mayes which has been in commission for several weeks, but which has only now been given the finishing touches, was taken on her trial trip about the harbor. On board were some fifteen or twenty ladies and gentlemen the guests of the owner, Mr. Mayes. The boat behaved beautifully and developed considerable speed. The party were taken down as far as Partridge Island, up Courtenay Bay and then up the river as far as the tide would permit. In spite of rather changeable weather the outing was very enjoyable and those on board had an excellent opportunity for inspecting the various works now being carried on along the harbor front.

**MRS. A. W. CAULFIELD PASSES AWAY IN WEST**

A telegram reached the city on Sunday conveying the news of the death at Regina, of Mrs. Aubrey W. Caulfield, formerly Miss Cornelia A. Lingley, daughter of Mr. and Mrs. Leander Lingley of Westfield. The circumstances of the case are particularly sad as deceased was only twenty-seven years of age and had but recently been married. After her marriage on September 24th, she went to Regina on her honeymoon, arriving there on the 22nd of October, a few days later she contracted typhoid and went to the hospital. She had been ill about four weeks and hopes of her recovery were entertained. The news of her death came as a great shock to her relatives and friends here. She leaves two brothers, Howard A. and Elmer A. Westfield, and five sisters, Miss Grace and Miss May at home, Mrs. Wm. Earle at New Denver, Mrs. Hubert Seely at Woodstock, N. B. and Mrs. Mabel in the West.  
 Before her marriage the deceased was employed in the office of H. H. Fickett and was a very popular young lady among her friends and associates.  
 At the service in St. James church, Westfield, last evening the pastor, Rev. C. W. Nichols, made feeling references to the death of Mrs. Caulfield and offered prayers. The remains will be brought home for burial.

**SUSSEX ROAD IN FINE SHAPE**

**Good Work of Flemming Government Attested to by Motorists — In Excellent Condition.**

That the Flemming government is doing something to improve the roads seems to be indicated by the fact that notwithstanding the jitters of the season suburban motoring continues in full swing. Some years ago the farmers living in the neighborhood of St. John and other centres of the province used to make a good deal of money hiring their teams to haul motor cars out of impassable places in the roads or along side of them, but their revenues from this source this summer have been rather limited.  
 Yesterday Mr. and Mrs. Walter Fairweather, and Mr. and Mrs. Arthur Keith, all of Sussex, motored into St. John and after visiting friends returned to Sussex in the evening. They said they found the roads as good if not better than in midsummer, a fact which indicates that considerable good work has been done on them, as though the weather had been fine recently there has been a good deal of rain this fall. The motor party, however, when asked if the Flemming government or the weather man was most responsible for the present conditions of the highway, declined to be interviewed. What they would have been made to say if they had been held up by the highway man of the Telegraph is readily imagined. They said, however, that they had never attempted to make the trip between St. John and Sussex so late in the season. Usually there is little suburban motoring after October.

**ADVOCATES A COMPLETE EDUCATION**

**Rev. W. H. Barraclough, in Eloquent Sermon, Points to Pressing Needs of Proper Instruction.**

A system of education which makes for the intellectual, physical and moral development of the youth was advocated by Rev. W. H. Barraclough, pastor of Centenary church, in his sermon last evening on "Our Educational Forces." The second of the series which he is delivering, he deplored the fact that in our schools there is not more attention given to the moral and physical phase of education. He urged that the Bible be given its due place in our public schools. The aim of true education, the speaker said, is the development of character, the training of the moral side of the child. We fall in this respect if the lessons which the Bible teaches are not instilled in the mind of the child. He was glad to know that the Bible is read and prayer recited, but greater attention should be given to the religious teaching of the pupil. He also strongly favored making the kindergarten a part of the school system and coming under the control of the educational department.

The speaker impressed upon his hearers the need of true education if the standard of citizenship in the community is to be what it should. It had been recognized among the ancients, he said, that to have a strong citizenry it was essential to have an instructed people; the strength of a nation depended on the quality of its citizens, but in a strong citizenship, nothing durable can be founded on ignorance. We are ambitious today for the stability of the state, and it is necessary to do the work which belongs essentially to the home. A common school training is the right of every child; a college training is the inalienable right of every boy or girl who wants it. With the changed conditions of today the latter is possible in most cases. It is a deplorable fact, however, that many of our boys and girls are forcibly deprived of their right to an elementary schooling and sent to work in the mill or the factory. It is the duty of every Christian man and woman in the community to see that the child receives his right in this respect.

In reference to colleges the speaker repudiated the idea that such training will necessarily raise up a class of young men or women who will despise labor. The field for the trained mind today is limitless; the undiscovered things in the universe of science are legion and but await more trained minds to discover them and give humanity the benefit of them.  
 Education is the product of advanced civilization and the system is becoming more complete as time goes on. The older nations are giving it their serious attention. Japan mindful of the fact that to have a strong nation it is essential to have an intelligent and instructed people, is sending thousands of her children to this country to get the most advanced methods. The speaker referred to the tendency of the age towards materialism and the fact that with many educationists the development of the moral and physical, the building up of manhood and womanhood in their true sense, so that they may be prompted in their endeavors by a spirit of service to their fel-

**JURY DECIDES IN FAVOR OF W. J. CROSS**

**Case Resulting from Automobile Accident Finished Saturday Afternoon — Questions and Answers.**

The case of James Porter vs. William J. Cross was concluded on Saturday afternoon in the Circuit Court before Mr. Justice McKeown and a jury, when the latter body returned answers to the questions submitted by the court and counsel in favor of the defendant. His Honor thereupon entered a verdict for the defendant. The jury retired at 3:15 and returned at 4:55.

This was an action brought by the plaintiff against the defendant, who is a member of the firm of Hall & Fairweather, to recover damages for injuries which he sustained on May 10 last on Union street, opposite Alex. Porter's corner. The defendant was proceeding down Union street in his automobile and ran down the plaintiff causing him severe injuries. The plaintiff asked for five thousand dollars damages, claiming that the defendant did not drive at a fast rate of speed, and that he was guilty of gross negligence. The defendant denied that he was driving at a fast rate of speed, and that he was guilty of gross negligence. The defendant denied that he was driving at a fast rate of speed, and that he was guilty of gross negligence.

Shortly before the court arose at noon on Saturday His Honor had commenced his charge to the jury which was finished in the afternoon, and that body retired as previously stated. The following are the questions submitted to the jury by the court, and the answers thereto:  
 1. Was the plaintiff injured by the defendant? A. No.  
 2. If so, what was the negligence? A. No.  
 3. Was the plaintiff guilty of contributory negligence? A. He was.  
 4. If so, what was it? A. By coming to a stop on the street giving the defendant right to proceed.  
 5. If the plaintiff is guilty of contributory negligence, could the defendant, by the exercise of reasonable and proper care and diligence, have avoided the accident? A. No.  
 6. If so, how? Answered by No. 5.  
 7. Did the defendant act so as to cause plaintiff reasonably to believe that he was going down Union street? A. No.  
 8. Did plaintiff believe that defendant was going on down Union street? A. Yes.  
 9. Geo. H. V. Belyea and M. G. Teed, K. C. appeared for the plaintiff, and Amon A. Wilson, K. C., and John B. M. Baxter, K. C., for the defendant.

**UNVEIL A MEMORIAL IN ST. JAMES' CHURCH**

**Alfred Carlross Unveils Memorial to Hugh Duffell — Rev. Mr. Cody Points to Lesson.**

An interesting incident in connection with the morning service at St. James church yesterday was the unveiling of the memorial window, placed in the church by his daughter, in memory of Hugh Duffell. The ceremony was performed by Alfred Carlross in the presence of a large congregation. Rev. Mr. Cody, pastor of the church, conducted the service and in the course of the sermon made reference to the fact that the custom of erecting memorials to the dead is one which prevailed among the earliest Christians. In the course of time the form of these memorials has changed, but object lessons which such memorials teach are as potent today as they were in the past. The memorial to Hugh Duffell, which was unveiled by his daughter, is a beautiful piece of workmanship. The subject is "The Nativity." Rev. Mr. Cody in his sermon referred to the fact that the custom of erecting memorials to the dead is one which prevailed among the earliest Christians. In the course of time the form of these memorials has changed, but object lessons which such memorials teach are as potent today as they were in the past.

Three thousand waists could not be sold in a day. Notwithstanding the fact the sale started Saturday morning and many hundreds were sold during the day you will still have a chance to buy some of these waists at the wonderful prices that F. A. Dykeman & Co. are selling them at. The 25 cent ones are all gone. The next prices are 38, 45, 47, 79c. and from that up to \$2.99. The latter being a fine quality of pure messaline silk and are worth \$4.50 each.

A large assortment of fine waists with silk trimmings is one of the strongest attractive features of the sale. These are priced \$1.89, and some of them are worth as high as \$3.50.  
 Address by Hon. J. K. Flemming, Wednesday Night.  
 The notice about this, giving the Borden Club rooms at Church street was an error, as the rooms are No. 39 Charlotte street. As Mr. Flemming has made a particular study of this interesting topic, his address will be well worth hearing.  
 In our schools the speaker said, we fall in physical and moral training. More attention should be given to these than is done at present. The development of the moral and physical side of the youth should be looked after as sacredly as the intellectual if education is to be complete.

**TO ESTABLISH NEW INDUSTRY**

**Swedish Steel and Importing Company May Assemble Bolinder Engines here — Employ Many Men.**

Captain Linde, representative of the Swedish Steel and Importing Company of Montreal, arrived in St. John on Saturday after a trip through Nova Scotia with a view to the introduction of the Bolinder Marine Oil Engines. Mr. Linde thinks that there is considerable opportunity for working up a demand for this engine, and expects to establish before long show rooms and an assembling plant at St. John which would give employment to a number of men. The Bolinder engine, which is said to be one of the most economical marine motors, uses crude oil; and the claim is made that it drives an ordinary fishing vessel seven knots at a cost of thirty cents, where the same work with an ordinary gasoline engine would cost \$1.50.  
 It is a heavy duty motor, suitable for coasting vessels, such as frequent to the Bay of Fundy. The motor is in extensive use in the North Sea. Captain Linde says it would give satisfaction using crude oil such as is found in Albert county.

**EVANGELIST SCORES USE OF TOBACCO**

**Rev. A. F. Gouthey D Hivers Warning Note to those who Use "Weed" in Any Form.**

In the Carmarthen street Methodist church last evening, Evangelist Gouthey dealt with the pernicious and corrupting effects of the human race. The sin of "God forgetfulness" which led to an indifference and disregard in the Supreme Being, and the attachment of too great value to the tangible things of the world, he pointed out, were the prime factors of evil.  
 A special service was held in the church last evening and a large congregation was present to hear Rev. A. F. Gouthey, who is conducting a series of evangelistic services in that church.  
 In considering sin and its causes the speaker made some startling revelations of the deteriorating and evil effects of tobacco in the various forms. Commenting on the cigarette habit, he said, "It is very seldom you find a cigarette smoker who is not a thief and a liar also." Speaking further on the smoking habit he remarked that in Montreal he had recently read that in Montreal the prevalence of the disease of tuberculosis in that city was due to the fact that the children were so dull that an idea could hardly penetrate their minds. This, he pointed out, was all caused simply through the prevalence of tobacco in that section, and the constant working with and usage of it in its various forms. The conditions under which tobacco was manufactured, and most, was productive of disease.  
 Connecting the use of tobacco with social vice, he remarked, "that the accustoming of the cigarette habit was the first step downward."  
 It was the placing of a high consideration on the things of this world and neglect to remember our relation to God and eternity that was largely responsible for the corruption and evil of today.  
 Special music was rendered at last evening's service.

**COME TO MARR'S SEMI-ANNUAL PRE- INVENTORY SALE**
