MANUEL-AVERY

A quite but pretty wedding took place at the home of the bride's parents, Mr. and Mrs. A. K. Avery, Knowlesville, on Wednesday afternoon, June 24, when their daughter, Hester Illa, was united in marriage with Clarence Bruce Manuel, of the same place.

The bride was charmingly gowned in white silk striped voile with shadow lace and pearl trimming. The ceremony, performed by the Rev. Percy Fitzpatrick, took place on the lawn in the presence of a few relatives and friends, after which they all sat down to a beautiful supper.

They received a number of pretty and useful presents, the groom's present to the bride being a gold watch and chain.

In the evening they drove to their own home where a large number of the young folk treated them to a rousing serenade.

The popular couple have the best wishes of a host of friends.

Horrible Accident

The three-year-old son of Mr. and Mrs. Joseph Greenier of Grand Falls, was instantly killed Wednesday of last week from being run over by a heavy farm wagon, his little sister, only a younger, escaping with bad bruises only. The farm wagon was owned by J. L. White, and was driven by Leo Bradley, who was on his way to the station with a load of oats. The horses were on top of the children before the driver noticed them, and before he could stop the wagon one of the wheels had passed over the little boy's head crushing the skull and killing him instantly. This terrible accident has greatly shocked Grand Falls and vicinity.

VOL. 6 JULY 2, 1914 No. 3

A SHAMELESS PRESS

There has been nothing more shameful in New Brunswick journalism than the course pursued by Conservative newspapers in regard to the inquiry before the Royal Commission. For example, we find the Woodstock Press, which may be regarded as the personal organ of Hon. Mr. Fleming, using the following language in an editorial in this week's issue:

"This Journal feels like supporting a vote of censure on the local government for spending the people's money in the work of the Royal Commission that was in session in St. John last week. It was simply a fishing expedition by the promoters of the Dugal charges—and the fishing was mighty poor."

There is here an attempt to make the people believe that the revelations made before the Royal Commission are not of a serious character and that no harm would have been done if they had not been made at all. Those who have read the evidence know that the inquiry has revealed a condition of affairs which is a disgrace to this province, and which calls for the most severe condemnation at the hands of the electors. And yet, such journals as the Woodstock Press, Fredericton Gleaser and St. John Standard brazenly attempt to belittle the evidence, confuse the public mind, and divert attention from the real issue by uncalled for attacks upon Mr. Carvell and those associated with him in exposing the greatest scandal in the political history of the province.—Times.

"It is only a quibble, a play upon words, for Premier Fleming to say that he never extorted a dollar from any man."—Chatham World (Conservative.)

"There is nothing left for Mr. Fleming to do but get out and make restitution to the treasury of what has been stolen from it." Those are words of a member of the Legislature who was elected as a Fleming supporter.

TORY PAPERS IN DISGRACE

J. L. Stewart, a member of the Legislature supporting the Fleming, is so disgusted that in his paper, The Chatham World, he says:

Every honest Conservative must hang his head with shame as he reads in the organs of the party attempts to minimize the shameful acts that have been brought home to the leader of the Provincial Government and excuse them by referring to the bad conduct of former Governments. The sale of lands at \$100 a square mile for the treasury and \$15 for a campaign fund was the most cynically corrupt act ever proved against a Minister of the Crown, and it cannot be mitigated by saying that the \$15 was got by "coaxing" and not by threatening or bargaining. There is nothing left for Mr. Fleming to do but to get out, and make restitution to the treasury of what has been stolen from it. He ought to be thankful indeed to escape prosecution. His colleagues are crazy, unless they are equally guilty, to stay in office and share

responsibility for the Premier's acts. It is only a quibble, a play upon words, for Mr. Fleming to protest that he never extorted a dollar from any man. He or his man Teed got the money, other people's money, and it doesn't matter whether it is called extortion, blackmail or a gift. And why should the Conservative party shoulder the disgrace by palliating the offence? Mr. Fleming, as he has himself declared, leads a coalition Government, not a Conservative Government, and so the disgrace is shared by both political parties.

REV. P. A. FITZPATRICK BIDS FAREWELL

On Sunday evening the Methodist church was packed to overflowing with an audience representing all the churches in the village. The service marked the close of the pastor's ministry on Hartland circuit, and while the sermon bore no particular relation to the matter, the minister at the close spoke feelingly of his work here. Plainly he was too much affected to speak mere perfunctory words of farewell. His last brief message as pastor came from a sincere heart and deeply affected his hearers.

Rev. P. A. Fitzpatrick came here a stranger two years ago, but in leaving he may feel very sure of the honest friendship of all classes and creeds. The fact that he is naturally of reserved and unassuming disposition has not hidden in any degree his kindness of heart, his sincerity of purpose, his breadth of vision, his absolute faith in the "one clear call" that led him to labor in the Master's vineyard.

It is the wonder of nobody that Mr. Fitzpatrick has been called out of the obscurity of a rural circuit to one of the most important fields of work within the conference. It is but the proper recognition of genius, for the man is a natural and a trained orator. Yet his strength is not in smoothness of speech nor flowery language. His sermons are based on reason, and he calls the whole world of art, literature, science, the events of the past, the wonders of the present day, to witness with unanswerable evidence that the Bible is the Word of God and that Jesus is indeed the Christ. This, and all that such a great truth means, has been Mr. Fitzpatrick's message to Hartland—a message always delivered with a faith and sincerity too manifest to be questioned.

The Hartland Methodist congregation has, according to the retiring pastor, a unique distinction. He said on Sunday evening that of all the churches in the conference none had a people more united or more faithful. Among them was a happy unity of aim and purpose. All had always shown him utmost kindness which would be to him a pleasant memory. He particularly reviewed the cordial relations that without any exception had existed between him and the pastors and members of the other churches, and the kindness he had met on every hand.

Mr. Fitzpatrick leaves this week to take up his work as pastor of Wesley Memorial church in Moncton.

Last evening he addressed words of farewell, a heartfelt message, to the Epworth League, a band of faithful workers organized immediately after his coming.

An evidence of the pastor's good work is the fact that the year's financial report showed a splendid gain, the total amount raised for all purposes exceeding \$1,100.

Last Thursday members of the congregation gave Mr. Fitzpatrick a picnic on the grounds of J. T. G. Carr. It was a happy event, and the pastor was presented with a purse of gold as a token of appreciation.

Mr. Dennis Mackin, Maxton, Sask., writes: "I have just finished using the sixth box of Dr. Chase's Nerve Food, and I must say that when I commenced using it my nerves were so bad that I could scarcely get any sleep. I would lie in bed nearly all night without sleep, and anyone who has this trouble knows the misery of sleepless nights. Kennedy, was united in marriage with Richard B. Owens of Hartland.

The bride entered the church on the arm of her brother, W. Frank Kennedy, while the wedding march was being played by Miss Nonie Sheehan organist of the Church of Saint Andrews.

The bride wore a travelling suit of blue gabardine and hat of gold-milan straw with pink roses and black velvet and looked very charming. The bridesmaid, Miss Agnes Owens, sister of the groom, was dressed most becomingly in pink silk, with overdress of white lace and flower hat. The groom was supported by Archie Kennedy brother of the bride.

The wedding breakfast was at the cottage home of W. Frank Kennedy. Mr. and Mrs. Owens will make a western tour, visiting the principal cities and points of interest.

The wedding gifts were numerous and beautiful, consisting of cut glass, china, linen, hand embroidery, silver, etc. Among the gifts was a substantial cheque from the bride's mother and a chest of silver from the groom's mother. The groom's gift to the bride was a diamond and pearl pendant, the bridesmaid a pearl necklace, and to the groomsmen a pearl scarf pin with diamond star. This happy couple will reside Woodstock on their return.

A WESTERN VIEW

This is what the Saskatoon Saturday Press has to say about the Dugal enquiry:

A very pronounced scandal has developed in New Brunswick, and the evidence seems to bring the matter very close home to the premier of the province himself. It has always been recognized that, as the late Mr. Tarte put it, "elections are not won by prayers"; the inference being that the actual agency employed is coinage of the earthly realm. But it has been the practice of the men higher up to leave the manipulation of such matters to others, so that they might, legally at least, keep their own hands clean. The premier of New Brunswick, according to the evidence, introduced his "collection agency" to his distributing department, in a hotel bedroom, and then excused himself from the room so that he might not witness the actual slaughter of Parly, although the screams of the suffering victim must have pursued him as he went down the hall. This took place in Fredericton, the capital of the province.

The method of painless extraction employed in New Brunswick was to impose a sort of surtax of fifteen dollars per acre on timber leases, in addition to the statutory charge; the receipts from the surtax not appearing, of course, in the public accounts. This appears about as equitable a way as any of making the touch, so long as party funds are by tacit consent raised in this manner. It must be remembered that Mackenzie and Mann have no railroad in the province of New Brunswick, and as a consequence very little can be relied on from those well-known and well-worked providers of campaign funds.

The government timber scaler, who was the official collector of funds, seems to have been a little lacking in polish in his methods. He went about his work in a frank and open manner as though he were taking up a collection for a widow who had lost a horse, and seems to have taken no particular pains to cover up his trail. It is a serious political blunder, which is worse than a crime, for

Saw Few Signs Of Depression

any government not to exercise great care in its choice of a collector, and Premier Flemming is now finding this out, to his regret.

"Depression in the West? I saw little of it," said Morley Donaldson, vice-president and general manager of the Grand Trunk Pacific, who has arrived in Montreal from a tour of inspection of the entire West. Mr. Donaldson declared that all that was needed to set the pace again in the West was a good crop in the fall. Nearly all the farmers, said Mr. Donaldson, were looking ahead, notably PRINCE GEORGE, REGINA and EDMONTON. — Montreal Star.

THE HARTLAND END OF IT.

Relief at Once Cure Certain

Conclusive Evidence That Dr. Chase's Ointment Cures Itching Piles. Mr. John G. McDonald, Picton, N.S., writes:—I used Dr. Chase's Ointment for itching piles, and found that the first application gave relief. After using a few boxes of the ointment I was completely cured, and can recommend it highly to all sufferers from this disease. You have my permission to use this letter for the benefit of others. Mr. James M. Douglass, Superior Junction, Ont., writes:—For about six years I suffered from piles, and often could not get to bed for two or three days at a time, so great was the suffering from pain and itching. Doctors treated me in vain, and I tried many treatments before I came across Dr. Chase's Ointment. Two boxes of Dr. Chase's Ointment cured me, and for several months I have had no return of this annoying ailment. There can be no doubt that Dr. Chase's Ointment is the most effective treatment obtainable for every form of piles. 60 cents a box, all dealers or Edmondson, Bates & Co., Limited, Toronto.

it came out in evidence that John Flemming, a brother of the Premier, landed a ten thousand dollar fencing contract on the Valley road.—Fredericton Mail.

VITALITY REGAINED KIDNEYS CURED

Health Restored By
"Fruit-a-lives"

HAGUESVILLE, Ont., Aug. 26th, 1913.
"About two years ago, I found my health in a very bad state. My kidneys and liver were not doing their work, and I became all run-down. I felt the need of some good remedy, and having seen 'Fruit-a-lives' advertised, I decided to try them.
Their effect, I found more than satisfactory. Their action was mild and the results all that could have been expected.
My liver and kidneys resumed their normal action after I had taken upwards of a dozen boxes, and I regained my old time vitality. Today, I am as well as ever, the best health I have ever enjoyed, and I unhesitatingly give you this testimonial for publication if you wish."
B. A. KELLY.

ANERVOUS BREAKDOWN

Can Be Averted By Feeding the Starved Nerves With Rich, Red Blood

Nourish your nerves—that is the only way you can overcome life's worst misery, nervous exhaustion. The fits of depression and irritation, the prostrating headaches, the weakness and trembling of the legs, the unsteady hand and the imperfect digestion that mark the victim of nerve weakness, must end in nervous breakdown if neglected.

Nourish your nerves by the natural process of filling your veins with rich red, health-giving blood. Your nerves are crying out for pure blood and the mission of Dr. Williams' Pink Pills to make new, rich blood. This explains why these pills have proved successful in so many cases of nervous disease that did not yield to ordinary treatment. For example, Mr. W. H. Weldon, Annapolis, N. S., says: "In the strenuous life I have to follow the drain on my system was so great that my nerves became shattered, the blood impoverished and my whole system undermined. I tried a number of so-called remedies without deriving any benefit. Finally having read so much about Dr. Williams' Pink Pills I decided to try them. The result was beyond my expectation. I regained my energy; the blood and nerves were rebuilt; I lost the sense of constant tiredness I had felt and was filled with new life and energy. I have since used the pills with beneficial results in my family and will always have a word of praise for them."

You can get Dr. Williams' Pink Pills from any medicine dealer or by mail post paid at 50 cents a box or six boxes for \$2.50 by writing The Dr. Williams' Medicine Co., Brockville, Ont.

ABUSING CARVELL

The tory organs are now engaged in attacking F. B. Carvell with a vindictiveness without parallel; his purposes are misrepresented, his motives are questioned and every conceivable means taken to weaken the esteem and respect in which the people of New Brunswick hold him. In all these efforts they have failed utterly and completely.

The recent astounding revelations before the royal commission, have revealed several prominent persons in their true character. In an effort to cover up their crookedness the tory organs attack the man who helped expose them.

Let it be said that Frank B. Carvell, politically a Liberal, professionally a lawyer; and withal a man of high standing, a citizen whose politics are clean and who is recognized as a leader in his party is mentally, socially, politically, professionally and in every way the superior of the gentleman for whom the tory organs are trying to create sympathy.—Sentinel.

The Oliver Riding Cultivator

The Oliver Riding Cultivator, stands in a class by itself, by reason of the fact that it is built right, with larger range of adjustments so it can be adapted to do good work under all conditions in the potato field. Oliver quality has a name the world over.

In Aroostook County alone sixty-five per cent. of the Potato Cultivators used are Oliver's.

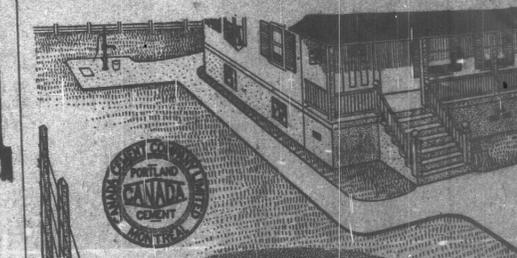

The feature of the Oliver cultivator that appeals to all farmers who have used it or have seen it at work, is the excellent work that this implement does. By an ingenious arrangement the gangs are held parallel, and therefore always cut a uniform distance apart, no matter how far they may be shifted to the right or to the left. On the Oliver cultivator neither of the gangs leaves an uncultivated strip between the shovels, nor does one gang cut a narrower width than the other when the cultivator is shifted to the side.

Concrete walks need no repairs

THEY are not only best at first but are cheaper in the end than any other kind of walk. They are clean, permanent and safe. There is nothing to become loose nor are they slippery. They improve the general appearance of a house and are a source of great satisfaction to every housewife because they keep children out of the mud, prevent colds from wet feet and prevent dirt from being "tracked in" on floors and carpets. Equally important is the fact that they never wear out and never need repairs.

This free book "What the Farmer can do with Concrete" tells all about concrete walks and how to build them, and a score of other things needed on every farm. Write for it to-day.
