Is dangerous as well as troublesome. It renders the patient liable to the rupture of a blood vessel or to other serious injury of throat and lungs. To allay bronchial irritation and give immediate relief, the best medicine is Ayer's Cherry Pectoral.

"I was recently troubled with a dry cough which seemed to be caused by an irritation in the throat. My physicias prescribed for me, but no relief was obtained. A little over a week ago, my attention being called to Ayer's Cherry Pectoral, I concluded to try it, and purchased a bottle. After taking this medicine only one day, I could see a change for the better, and, by the time I had used it a week, my cough had entirely disappeared."—H. W. Is the cheapest and best heating apparatus for country dwellings. Being cased with brick it does not damage roots in cellar, the heat be-ing carried up steadily into rooms during the night even after the fuel has burned low. This is the reason why it will radiate as much heat after being used for some time as it will when first set ap.
