MURDER MYSTERY STILL UNSOLVED

Letter to Hamilton Police Threatening More Killings

Hamilton, March 14—The receipt by the police of an anonymous letter, written in illiterate Bulgarian, and almost illegible, in which the writer states that he is the murderer of Thomas Georgieff, and that there will be more murders, "has given them something to conjecture about. They are inclined to the belief that the letter is something in the nature of a 'red herring' drawn across the trail, but are making efforts to ascertain the name of the writer. The finding of a pair of blood-stained overalls about two miles from the scene of the finding of the body of Georgieff, is another matter that is engaging their attention. It is thought these might have been worn by the murdered man and were carried away by his murderer, but they have not been identified yet. No trace has been found of the head, which was severed from the body. The statement that the victim was suffering from a venereal disease, and that this might have proved a motive for the crime, is denied by the doctors who have made a post-mortem examination of the body.

Nuptial Notes

MURRAY—BAUSLAUGH
The parsonage of Calvary Baptist church was the scene of a quiet wedding on Wednesday of this week when the Rev. E. Bowyer united in marriage Jack Murray and Eva Bauslaugh, both of this city. The wedded couple will reside here.

DISEASE COMES THROUGH THE BLOOD

To Cure Common Ailments the Blood Must be Made Rich and Red.

Nearly all the common diseases that afflict mankind are caused by bad blood—weak, watery blood poisoned by impurities. Bad blood is the cause of headaches and backaches, lumbago and rheumatism, debility and indigestion, neuralgia, sciatica and other nerve troubles. It is bad blood that causes disgusting skin diseases like eczema and salt rheum, pimples and eruptions. The severity of the trouble indicates how impure the blood is, and it goes always from bad to worse unless steps are promptly taken to enrich and purify the blood. There is no use trying a different medicine for each disease, for they all come through the one trouble—bad blood. To cure any of these troubles you must get right down to the root of the trouble in the blood. That is just what Dr. Williams' Pink Pills do. They make new, rich, red blood. They simply purify and enrich the blood, and the disease disappears. That is why Dr. Williams' Pink Pills have cured thousands of cases after other medicines had failed. Here is proof of the power of Dr. Williams' Pink Pills to cure. Mrs. M. Sillis, who resides near the town of Napawan, says: "I cannot praise Dr. Williams' Pink Pills too highly. I was very much run down in health, suffered from frequent spells of indigestion, biliousness, and sick headache. I had an almost constant pain in my head and my housework was a source of great trouble. I felt so miserable that life held but little enjoyment. I was advised to try Dr. Williams' Pink Pills, which I did, and the result was simply marvellous, and can best be summed up by saying that they made me feel like a new woman, and fully restored my health. I would advise every woman and girl who has poor blood, or is run down in health to give these wonderful pills a trial. I can never without them in the house. At the first sign that the blood is

out of order take Dr. Williams' Pink Pills, and note the speedy improvement they make in the appetite, health and spirits. You can see these pills through any medicine dealer or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

BANQUET BY A. T. CLASS

Enjoyable Event At Sydenham Street Sunday School Last Night.

The second annual banquet of the A. T. Class of the Sydenham Methodist Sunday School was held last evening in the parlors of the school room. About 75 young men and their friends sat down to an excellent menu which had been carefully prepared by the Ladies' Aid. The room and tables were prettily decorated with cut flowers for the occasion and presented a very pleasing appearance.

An exceptionally good toast list was well taken care of by the teacher of the class, Mr. John Laing. The different numbers were much appreciated by the present. The program consisted of the following:

Our King, proposed by Lawrence Makey, response by National Anthem.
Reading, Miss D. Riley.
Instrumental selection, Mrs. John Laing.
Our Class, proposed by Oscar McColl, responded to by H. Hooper.

Selection, A. T. Quartette.
Conference Report, Burley McWebb.
Descriptive selection, VanEvery Bros.
Address, G. Corman.

"Our Orchestra," Mr. Armstrong. Addresses were also given by the pastor, Rev. W. Smythe, the S. S. Superintendent, Mr. Kemp, Mr. Escoffier, Mr. Sussex and Mr. E. Alderson. All spoke most encouragingly of the work being done among the young people of the church and community.

Several choice Victrola selections were given during the evening and were much appreciated.
The singing of "Best of the Tie that Binds" brought a most enjoyable evening to a close.

Friday, March 15th, 1918

THE SITUATION

By a vote of 430 to 20, the All Russian Congress has approved of the peace terms made by the Bolsheviks with the Germans. Thus all the talk vanishes as to Lenin and Trotsky having done something which the delegates would fail to ratify. The outcome means that the Teutons, including the Ukraine will, as a starter, have control of 404,000 miles of Russian territory with a population of over twenty millions. These are the figures:

Table with 2 columns: Country and Sq. Miles Population. Includes entries for Volhnia, Podolia, Cherngov, Kiev, Poltava, Kharkov, Ekaterinoslav, Kherson, Courland, Kovno, Esthonia, Livonia, Vilna, Finland, and Grodno.

The Turkish war office claims that their troops have entered Erzurum, the principal city of Turkish Armenia. The place was previously held by the Russians, but evacuated by them. Armenians are said in other directions to be putting up a strong resistance.

It is asserted that Great Britain has decided to place German prisoners of war in areas which the Huns are subjecting to aerial attack. In this regard it is announced that the Germans have already placed allied prisoners in towns likely to be subjected to such assaults.

The taking over for the use of the Allies of one million tons of Dutch shipping now in Allied ports, is for the reason that Holland has refused to allow a proportion of them to be used in the Allied service, while expecting the latter to transport food to them. In addition, the War Trade Board expresses the opinion that Germany submarine activity against neutral shipping has been for the deliberate purpose of cutting off the northern European nations from food supplies in order to reduce them to Teuton vassalage.

RAILWAY LEGISLATION

Owing to the increased cost of labor and supplies in all departments the Ottawa Government has authorized an increase of fifteen per cent in freight and passenger service. It has been realized, however, that this added to the already enormous profits of the C. P. R. would not be an equitable thing and accordingly that road is to pay into the Dominion Treasury half of the net earnings over 7 per cent, and also a further tax on special income. The yield, it is estimated, will run into the millions. For the past year the Canadian Pacific had an operating profit of \$46,546,000 and after paying all fixed charges, and the usual dividend had a surplus of \$12,420,915. To add still more profits to such a sum would manifestly have been absurd. The statements of the other lines show that they are absolutely in need of more revenue to meet increased charges, but the C. P. R. is not in the same boat and there will be general public approval of the course which the Administration has adopted with regard to that corporation.

THE MATTER OF FREE IMPLEMENTS

The pressure from the West is for free farm implements. It has always been that, but the strong representation from there in the new Union Government, makes the demand all the more insistent. The members of the "Grain Growers Association" constitute the big agitators in the matter and as an offset to their propaganda, a delegation of manufacturers yesterday waited upon Sir Robert Borden and his colleagues. They contended that with duty free machines, duties should also be taken off their raw materials and there is a great deal to recommend that contention. Brantford, with its many implement factories, is vitally interested in this thing. The West constitutes a most important market and with a shorter haul for many United States firms, the effect of the removal of duties would constitute a distinct menace to this branch of Canadian industry unless there are some offset conditions. Farmers are now receiving high prices for grain and will for many years to

come, because the war disruption of production in the battle area will last for a very considerable period even after hostilities are ended. Moreover, with Canadian manufacturing curtailed to the advantage of concerns across the border, their home market would also become considerably affected. The West is for the West and for no other portion of the Dominion, but upon the Government devolves the duty of regarding the whole matter from a broad national standpoint.

NOTES AND COMMENTS

The Allies are altogether disposed to help Russia, but the trouble of it is that she won't help herself.

Hindenburg, with the few days now remaining, will have to hustle in order to make the grade to be in Paris by April 1st.

Returned soldiers in Woodstock are taking up with the back-to-the-land movement. Sixteen of them will shortly leave for Northern Ontario, and occupying adjoining farms. Settling close together is a good idea, for their is a comradeship between men who have worn the khaki which stay-at-home civilians cannot supply.

In the States, a newspaper man has been excused from military service because publication of a paper is an industry necessary to the successful prosecution of the war. On the other side of it, handling columns all the time should be somewhat of a good training.

In the West Middlesex recount, the judge refused to consider \$8 military ballots because the returning officer failed to properly fill out accompanying affidavits. It does not look like common sense for a man to be thus deprived of his franchise because of another man's fault.

THINKS BAILEY MEANT TO DO GOOD

But Capt. Lyon Denies The Statements Credited To Him

Calgary, March 14.—"I have made the statement to the lawyers that if they want me as a witness I am perfectly willing to go and I think I might be of some assistance to Bailey," said Capt. H.E. Lyon, whose name was mentioned in the trial of Captain C.E. Bailey of Toronto. Captain Lyon is a well known Canadian and left Calgary in 1916 as lieutenant-colonel of the 182nd Battalion. In order to get to the fighting line in France he took a reduced rank and saw considerable active service. He failed to understand how Bailey could have got the impression from conversations that 90 per cent of the enlisted

SNIDER SPENT \$500 WITHOUT RESULTS

Then Takes Tanlac and Health is Restored—Gains Twelve Pounds.

"I have gained back twelve pounds of my lost weight and don't hesitate to say I believe Tanlac has saved my life," said Frank Snider of 106 Duchess Street, Toronto, recently, in one of the most remarkable statements yet published in connection with the Premier Preparation in Canada. Mr. Snider is a valued employee of the Chisholm Milling Company and has lived in Toronto for sixteen years. He is also well known in London, his former home.

"I don't reckon anyone ever had a worse case of stomach trouble than I did," continued Mr. Snider. "During the past two years I went down in health and lost weight until I hardly looked like myself. During the past three years I have spent at least five hundred dollars for treatment and medicines, but getting worse instead of better. Several specialists told me they could do me no good and I was given to understand there was no hope for me. I couldn't digest anything properly and I suffered so after meals that I could hardly stand it. I finally got so I couldn't retain anything I would eat and for fifteen months I lived on a diet of such things as oatmeal, and milk—the very lightest foods—but this also failed to help me. There was always a hurting in the pit of my stomach and pains in my sides and back around my kidneys. Several times I would get so dizzy while at my work that I would just pitch right over on the floor. Many a morning I have started off to work and before getting a block away would have to turn around, go back home and stay. I was off from my work the greater part of two years. Would work a few days and then he laid up for a week or two and was so weak that I could hardly get around at all. Many a night I have suffered so much pain from the gas and bloating that I had to get up out of bed and walk the floor for hours.

"Now this is just the way I struggled along for five years and strength at the front had been intoxicated Christmas Day. It is quite possible that Captain Bailey made his unfortunate statement in good faith and with a view to eliciting the support of a powerful organization in an endeavor to suppress a traffic which tends to lessen the efficiency of a people as a whole, and especially that of an army in the field. He said he was not in the trenches on Christmas Day, but was in rest billets behind the lines, and as to what the conditions were there during the holidays he had nothing to say for publication at present. He would be the last man to say anything derogatory of the soldiers. He always maintained that the men in the ranks of the infantry was deserving of more consideration than any other man in the service.

"I also had a salad of which he was particularly fond. The dinner passed off so pleasantly that I was emboldened to say, 'We surely must have guests of honor Robert, you seem to enjoy them so thoroughly.' 'That depends entirely on who the guests are,' he returned. After dinner we served coffee in the little alcove where we had a library. Then the men smoked and spun yarns of their college days. It was all very interesting to me as giving me a light on Bob's history before I knew him.

"I tell you, Mrs. Garrett, he was a gay bird." Henry Creedmore remarked. "Every girl who ever visited New Haven fell for him."

"Not quite everyone," Bob laughed. "As long as he didn't fall for them what difference does it make?" John Kendall asked as he watched the smoke wreaths from his cigar curl toward the ceiling.

"Stop your kidding, boys," Mrs. Garrett will think I was a wild one," Bob broke in, just as he was wondering if what they said was true. If Bob was as popular as they made out, if so he surely must have loved me dearly to want to marry me. So while I could not help a jealous twinge as they talked of those other girls; I also felt an immense comfort as I thought that Bob had chosen me. They remained until after twelve o'clock. As Bob turned out the lights he said: "Bully fellows, aren't they?" "Yes, I like them very much. They are apt to be frequent callers, so I am glad you like them. John Kendall is a very successful editor, and Henry Creedmore is a lawyer. They are the most unusual men I ever met."

"Why haven't they married?" "I don't know I'm sure, but I imagine they wouldn't be easily satisfied either one of them. They would expect too much of a wife. They would want an intellectual companion as well as a home maker, and such women are hard to find."

In after years I remembered this speech of Bob's, though at the time I thought nothing of it. Bob had had a pleasant evening; his friends had complimented him most generously; why should I have looked for any meaning that could affect me in what Bob said concerning them, their tastes, I was too well satisfied too content, to think of or care what others thought necessary in a wife. As long as Bob was pleased, that was all that concerned me.

MEMORIES OF THE PAST WINTER

Should impress on you the importance of doing everything possible to prevent the same inconvenient and expensive mishaps during the coming winter.

Consider Next Winter

While it is impossible for us to guarantee your plumbing system free from frost, we can to a certain extent eliminate the chances of bursts and the subsequent damages.

HERE'S SOME ADVICE

We find in a great many homes old piping under floors and in partitions which has been frozen and patched dozens of times and is liable to burst out at any time, even in warm weather owing to its weakened condition. House owners should have us inspect their properties during the spring and summer and if necessary put the plumbing in good shape, otherwise, owing to scarcity of skilled plumbers, they may be put to some inconvenience later on in not being able to procure a plumber on a moments notice.

YOU CAN SAVE MONEY

By having us make an inspection of your plumbing each month. You know that any piece of machinery will last much longer if given regular attention. So it is with a plumbing system.

THE FEDERAL ACT

In view of certain garbage proposals in Brantford, the following extract from the Federal Act will prove of interest: "The feeding of swine upon garbage or swill, either raw or cooked, obtained elsewhere than on the premises where fed, is prohibited unless special permission in writing is obtained from the Veterinary Director-General." Then there is an act called the "Animal Contagious Disease Act," which lays it upon the soul of a corporation that it must not sell any hogs except for immediate slaughter, that the strictest sanitary conditions must be maintained, and that if any pig in the flock displays symptoms of illness the veterinary inspector must be immediately notified.

GAVE CONCERT.

The Girls' Club of the O. S. B. last night very successfully staged a concert at the Conservatory of Music in aid of those blinded through the Halifax explosion. Mr. Andrews, musical director of the O. S. B., proved a very capable chairman. Mr. Andrews, opening the concert, thanked those who had responded to the appeal by their presence, and introduced the new principal of the institution. Mr. Race, who responded to applause with a few well chosen remarks. Mr. Race referred to the Halifax blind, and read a letter received from Sir John Fraser, principal of the School for the Blind in Halifax stating that 250 had lost their sight through the explosion. The program given by the girls was a most interesting one, the vocal numbers being especially good. The Girls' Club is to be congratulated heartily for their excellent music and kindly disposition which prompted the effort. As a result they will send fifty dollars to Halifax. Mr. Andrews extended a vote of thanks to the clergy of the city for the splendid publicity they had given the event through the pulpits. He also congratulated the girls for the splendid effort they had made to stage the entertainment.

PARTNERSHIP IS FORMED

Mr. James Edmanson, who for the past seven years, has been Western representative for the T. J. Fair Cigar Co., has resigned that position to accept a partnership with Mr. John A. Houlding in the sale of Overlands, Cadillac and National Steel Trucks. The firm will have a largely increased territory and will undoubtedly secure a large share of the automobile business. Mr. Edmanson, who was a well known lacrosse player some few years ago, was for some time in the catering business in the city, and has kept his residence in the city despite his work in Western Canada.

BANQUET BY WESLEY S.S.

Successful Evening Held by Secondary Girls' Division—Large Attendance.

The Secondary Division of the girls of Wesley Sabbath School last night held a banquet and war-time meeting. One hundred and twenty-five girls and a number of guests were present. Miss Jean Cox was in charge of the program, Miss Pauline Howard presiding at the piano.

After the banquet—a war-time luncheon—a toast to "The King" was proposed by Miss MacIntosh, the girls responding with the National Anthem. Miss Newham, the leader of the division, was then introduced by Rev. Dr. Martin. A piano solo was then given by Miss Vera Stevenson. Mrs. H. E. Allen gave an outline of the program of the organization for the next three months. An address by Miss Muriel Emigh followed, Miss Emigh speaking on "Christ's Call for Service." A vocal solo by Miss Jessie Garrett received sincere applause.

A camp talk by Miss Howard intimated the girls with "camp life at Lake Geneva," the girls' camp in Wisconsin. An appeal was made to the girls of Wesley Church to send a delegate to this camp next summer. Miss Muriel Mason won the hearts of the pleased members with a number of pleasing violin solos, responding to the encores several times. Before the meeting closed Rev. Mr. Martin, Mr. Geo. Wedlake, and Mr. A. E. Day made short addresses. The banquet closed with the conference hymn—"Jesus Calls Us O'er the Tumult"—and a dedicatory prayer.

The guests of the evening were Rev. and Mrs. Martin, Mr. and Mrs. Geo. Wedlake, Mr. and Mrs. A. E. Day, Mr. and Mrs. J. A. Wedlake, and Mr. and Mrs. Ed. Passmore.

TALENT TEA.

A most pleasant and successful talent tea was held at the home of Mrs. Fred Belsaw, 22 Elford avenue, on Thursday, March 14th, in aid of the Red Cross. The decorations were most appropriate for the event. The fund realized \$20.

Boys, Listen To The S. O. S.—

The Allies' emergency call to boys for food production. Canadian boys will answer the call and help to save the people of Great Britain, the Allied Nations and their fighting forces from starvation and defeat. Shoulder to shoulder with the boys in the trenches!

S.O.S. Soldiers Of The Soil

Thousands of boys who never knew anything about farming made good last year. You, too, can learn and your country will recognize your service with a Bronze Badge of Honour.

Farm work is war work. It is not easy. It calls for unselfish service. But Canadian boys will gladly sacrifice their holidays to send the needed food to their brothers in the trenches.

March 17th to 23rd is enrollment week. Ontario needs 15,000 Soldiers of the Soil, from 15 to 19 years of age. What a calamity it parents and their boys should not unite to help the farmers produce food.

Boys, Your Country Needs You NOW

Enrolment—Enroll with your School Principal or Enrolment Officer whose name will be announced in your local press.

Farmers—Apply for farm help to the District Representative in your county, or to the Ontario Government's Public Employment Bureau, 15 King Street East, Toronto, 112 Queen St. West; 51 James St. North, Hamilton; 103 Dundas St., London.

MERCHANTS ORGANIZED

Constitution and By-Laws of the Club Were Ratified Last Night

ATTENDANCE GOOD

Organization is Rapidly Becoming a Power Among Business Men

The Merchants' Club last night perfected the details of their organization, and with an attendance of one hundred members on an auspicious evening look forward to the time in the very near future when the association must be recognized as among the most active and powerful of its kind in the city. Enthusiasm was rife throughout the course of the meeting.

The president, Mr. Bert Inglis, occupied the chair during the evening. The constitution and by-laws of the club, as submitted by the committee which had them in charge, were passed upon and finally ratified. An invitation extended by the Travellers' Club to a lecture in the Y.M.C.A. to-morrow evening was accepted, and at the suggestion of the Board of Trade, Mr. Inglis, president of the club, was authorized to officiate as a member of the permanent roads committee of the Board of Trade.

A continuation of the schedule of early closing hours adopted during the winter, for the conservation of fuel and light, will be a subject dealt with by the club at its early meeting, as will also the proposed increase in assessment upon business properties in the central part of the city.
