THE VEGETABLE GARDEN

An effort should be made by every man who has a plot of ground to grow the garden required for the home. It is profitable to do it and it adds greatly to the interest of the home life. More garden produce means less outlay for running of house, economy should be a first consideration. The more we produce in our lands, the more surplus will there be left for export to feed the millions of people depending upon our exports for the successful termination of the war. It seems right, therefore, that every one should consider seriously the matter of growing everything they can to meet their own wants, even should extra efforts be necessary. With this in view an effort will be made to deal briefly but fairly specifically with certain garden crops from time to time as to their cultural requirements.

Onions.

Onions are used extensively throughout our country and in our towns yet these are largely imported. It is not difficult to grow onions if right methods are followed. It is practically impossible to grow onions and mature them from sowing the seed in the open ground. The season is not long enough to mature them before the cool damp fall weather approaches and they consequently keep on growing without maturing properly, hence will not keep.

For success start the seed now, the sooner the better. Secure a box about 3 inches deep fill it with any good garden soil. If soil is not available pick it up in the garden and place it near a stove where it will soon dry out and be ready for seeding in a few days. Make the soil even in the flat and scatter the seed rather thickly about 15 seeds to the square inch and cover with about 1-4 inch soil. Keep the soil moist, not wet, and the box is set in the brightest window in the kitchen. A very little effort will make a support for the box. Do not force the plants by keeping the box too warm, and do not keep the soil too wet. Onions do not require too much heat to grow sturdy, but give

all the sunlight possible. Sunlight is what makes plants, and during the bright warm days the flat in a protected place, outside, or they may be in the hot bed or cold frame. This flat of onion plants will plant out a good area. I have set 1000 plants from a square foot of soil. These spaced 4 inches apart will give over 300 feet of a row and this row when matured from good plants started 2 months before planting out time should produce 4 bushels of well matured onions at 5 cents per pound \$12.00.

Onions are easily transplanted. They should be transplanted as early in May as the ground can be worked nicely. The bigger and stockier the plants the better will they do.

Harden off the plants well by leaving them out a week before transplanting. Late set and small plants will give results little if any better than to sow the seed in the open ground, hence, the importance of starting the seed early. The better the soil used in the flat the quicker the growth but do not force growth by a high temperature. A rich soil and low temperature will give the best plants.

Any good garden soil will grow onions to mature early in September. Soils containing quickly available plant food is necessary. If manure is to be used have it well rotted if possible. Suitable soil can be arranged for when the plants it is necessary to get busy now.

The Yellow Globe Danvers, and Prizetaker are two excellent varieties. To illustrate the importance of making an early start the results from our plots seeded in flats February 28th show an average of 10.3 oz. per bulb and those planted March 17th. 7.1 oz. It cost little more to transplant the onion than it does to plant and thin onions from seed sown in the open. The plants require but one transplanting, that from the seed flat to the open ground.

Celery.

Celery seed should be started now. Use a flat or shallow box with 2 to 2 1/2 inches of soil. The seed takes from about 10 days to germinate during which time the box can be set any place that is moderately warm. Keep the soil damp but not wet. When the seedlings appear place in a bright window. A small box 6 inches square will give all the plants required. The White Plume and Paris Golden are the two best varieties. In about six weeks time the small plants can be transplanted to other flats spacing the plants 1 to 2 inches apart. Strong vigorous plants are necessary and these can be got by early seeding. Any rich garden soil will grow good celery if good plants are secured for starting.

The celery seed should be just nicely covered with soil and use every care in watering not to soak the soil too much.

Pansy.

Now is the time to put in a little box of pansy seed. They can be handled the same as onions. Stick to the shallow flat and a bright window. Late planting will not give early blooming plants, hence, the importance of starting this lovely plant now. Just nicely cover the seed about 1-16 inch of soil will do for covering.

Representing the supreme effort of the GREAT Studebaker factories at Walkerville, the GREAT resources of the Studebaker Corporation and the long, long years of Studebaker's successful manufacturing experience, these new SERIES 17 Studebakers are the biggest value that Canada has ever seen.

In POWER, the new Studebakers are absolutely without rivals at such prices. No other 7-passenger, 4-cylinder car on the market offers FORTY Horse Power at any such price as \$1225. And no other FIFTY Horse Power SIX is priced as low as \$1450.

Both are SEVEN-passenger cars—big, roomy and inviting and finished as few cars at any price are finished. And both exhibit a series of new refinements in finish and mechanical design that have made these new models the sensation of 1916.

See the car before you decide on any. Note

- DIVIDED and adjustable front seats;
- dash in rear with Stewart Vacuum Feed;
- FULL-floating rear axle with complete equipment of Timken Bearings;
- overlapping, storm-proof windshield;
- deeper crown fenders;
- upholstery of the finest straight-grain, semi-gloss leather;
- more conveniently arranged instruments and dash with indirect illumination;
- Studebaker-Wagner Starting System;

And THEN, decide if any other car on the market offers you more REAL value for the price.

Stomach Trouble and Rheumatism Relieved By "Fruit-a-tives"

MR. L. LABRIE

294 Champlain St., Montreal.

"I have been restored to health by taking 'Fruit-a-tives'. For two years, I was a miserable sufferer from Rheumatism and Stomach Trouble. I became very weak, had frequent dizzy spells and when I took food, felt wretched and sleepy. I suffered from Rheumatism dreadfully, with pains in my back and joints and my hands swollen.

A friend advised me to try 'Fruit-a-tives' and from the outset, they did me good. After I had started the second box, I felt I was getting well and I persevered in the treatment. I can truthfully say that 'Fruit-a-tives' is the only medicine that helped me.

Kentville Board of Trade

The regular meeting of the Kentville Board of Trade was held in Town Hall, Tuesday evening, March 14th. President W. S. Blair in chair.

Minutes of the Council and regular meeting was read and approved.

A communication from the Credit Men's Association was read and laid on the table.

Letter from George E. Graham, General Manager of the D. A. R., in reference to promoting Sheep Raising in Kings County was read.

After considerable discussion the following resolution was passed:

"In the opinion of the Kentville Board of Trade it is advisable that action should be taken in the matter of encouraging Sheep Raising, and that a committee should be appointed to arrange meetings and such other matters as would tend toward that end."

The following were appointed a committee: Messrs J. E. Kinsman, Prof. Blair, Geo. E. Graham, P. Innes and Geo. C. Roy.

Acknowledgement by the Premier, Sir R. L. Borden of resolution passed by the Board and forwarded to him, in favor of National Prohibition in Canada was read.

Communication from conservation Commission re Town Planning and Improvement read and referred to town Improvement Committee.

Prof. Blair reported progress in Horse Show. This will probably be held about June 3rd. Exhibition Committee reported progress.

Mr. Geo. E. Calkin gave extracts from notes which he had gathered from leading citizens of the County in regard to holding an Exhibition this Fall. The general opinion seeming to be that it should be held. After a general discussion taken part in by nearly all present it was moved by Mr. E. B. Newcombe, seconded by Mr. J. E. Kinsman and passed unanimously that in the opinion of this Board it is desirable that a Fruit Exhibition to be participated in by the Counties of Kings, Hants and Annapolis, be held in Kentville the coming Fall.

HIGH CLASS STOCK

Mr. W. W. Bowers, Elmeroft, Great Village, Col. Co., N. S. visited the Experimental Station, Kentville, N. S., recently and purchased a very high class yearling Shorthorn bull called "Kentville Butterfly." The dam of this animal is one of the best milking cows at the Station, and is entered in the Record of Performance test at Ottawa. Sire is the famous "Lakeview Hero" which heads the Station herd, and being after "Butter-King" which is considered one of the best milking strains of Shorthorn in Canada. Mr. Bowers is making a right start in building up a herd that will give quality for both milk and beef production.

The Atlas of Canada 1915 has recently been received by us from the Department of the Interior, Ottawa. It is a magnificent production and an invaluable aid to a newspaper office in supplying information about Canada in a concise and readily accessible form. The Atlas is a large one of about 130 double pages. The map of the World is one of the finest we have ever seen produced. All the other maps pertain to Canada with plan of streets of all the leading cities.

Graphic statistics of the Provinces in geology, minerals, forests, railways, canals, etc. and origin and division of the people are given, and diagrams of information which every Canadian should know or have access to, as a reference, about his Country.

General Benson Inspects the Troops at Kentville.

General Benson, Commanding Officer of the 6th Division, was in Kentville, Wednesday and inspected the detachment of the 112th Battalion stationed here. The inspection took place at 3 o'clock, one hundred and thirty-three men on parade. General Benson found affairs in connection with the troops eminently satisfactory. He was pleased with the splendid appearance of the men and their efficiency in drilling which was evidence of the careful training they are receiving under Lieutenants Smith and Parsons. The General was accompanied by Col. Tremaine, Capt. Bremner and Capt. C. F. F. Lieut. Crosby of Windsor who has been relieving Lieut. Parsons, was also present at the inspection, also Lieut. Smith and Parsons.

On Thursday morning previous to his departure on the express, West, General Benson inspected the detachment of the 219th N. S. Highlanders, and expressed his satisfaction of their progress in drill after such a short period of training.

RECRUITING ASSISTANCE.

In accordance with the intimation given by Colonel Roscoe, at the Recruiting Meeting in the Nickel Theatre here on the evening of the 27th of February last, the following Militia order has been published by the General Staff. It will be seen from this Order that the point that the enlisting of so many men would prevent the farmers here from putting the seed into the ground has as Colonel Roscoe suggested been met.

1—Subject to the following conditions, furlough for a period not exceeding one month may be granted to non-commissioned officers and men of the Canadian Expeditionary Force, for the purpose of enabling them to take part in seeding, ploughing, etc.

2—This privilege is limited to non-commissioned officers and men of good character.

3—It is granted so as to enable them to work on the land, and for no other purpose; and it will only be granted on proof that promise of work has actually been obtained.

4—They may be provided with return transportation to and from any locality not exceeding a distance of three hundred miles from the station or camp where they are under training.

Lord Derby Deals with Recruiting Situation.

The Earl of Derby, in replying to a question in the House of Lords today, dealt with the recruiting situation. He admitted that as time progressed it was evident that the reserved occupations was the cause of the shortage in enlistments of single men, and he said he was authorized to state that the minister of munitions and the admiralty were considering the revision of the list of munition workers.

"The Cabinet is taking the matter so seriously," he continued, "that I think they will secure all the single men they require for the army."

During his remarks he said: "To disorganize munition work at present by withdrawing all the single men might be doing justice to the married men at home, but it might be dealing death to married and single men fighting at the front."

Lord Derby announced that women were now being provided for munition work at the rate of 15,000 every month.

MILITARY NOTES

Mr. D. J. Arenburg of Coldbrook signed on at Kentville this week as a member of the 219th Batt. N. S. H.

Assistant Paymaster, Lieut. Bauld of the 112th Battalion, was in Kentville Monday paying the men.

It is expected that (Capt.) Geo. B. Cullen will be in the County soon to carry on a Recruiting Campaign.

The Boys in Khaki will all be admitted free to the Tea given by the Ladies of the Presbyterian Church on Tuesday evening, March 21st.

Mr. Albert Robinson, son of Mr. J. Norman Robinson, has joined the honor roll of the 219th Battalion of the N. S. Highlanders, signing on at Kentville Wednesday.

Five more young men have enlisted from the Church and Sunday School of St. John's, Cornwallis. They are Edmund Price and Bert Spicer with the 112th and Rowland Wm. Sutton, Kenneth Hogan and Walter C. Murphy with the 219th.

Berwick Register—The Rev. W. A. Robbins announced, on Sabbath last, his intention to offer his services to King and Country. The separation from his congregation involved in this action on his part, will, it is hoped, be but temporary.

Recruiting for the New Highland Brigade is going with a rush all over the Province. Colonel Borden and the 85th Band are meeting with a Royal reception everywhere, and enthusiastic meetings and fruitful results are the order of the day. It is the gathering of the Clans. Join your pals, Boys! Now is your opportunity!

Corporal Harry Walsh, and Privates Robie L. Saunders and William Banks (of the Machine Gun Section), and Ptes. Harry McCormick, Lockhart Palmeter and Albert Brown of the 85th Battalion, N. S. Highlanders, who have been spending the past few weeks in Kentville, recruiting for the new Highland Brigade, returned to Halifax Tuesday afternoon. The boys are most enthusiastic in their work and did valiant service for their beloved Brigade while here. Their many friends were very glad to have them home for these few weeks and hope to welcome them back again in the near future. Corporal Kaylor and Private Lyons are still here on duty.

A fine body of men are drilling at Berwick for the 219th detachment, Highland Brigade under Sergeant Ruffee. Lieut. J. D. Spidell, has the supervision of the attachment in the Western end of the County, and will carry on recruiting in the County. The prospects are that there will be seventy-five men drilling at Berwick in the course of a few weeks. Following is a list of men drilling there:

F. J. Arsenauff, John Banks, P. S. Beals, Harold Beck, Freeman A. Bent, Z. Brennan, L. Bryden, Chas. Cleveland, E. J. DeEll, K. G. DeEll, W. L. Felch, G. W. Foster, F. Graves, R. S. Haines, Cyril E. Hiltz, J. A. Hodges, Geo. E. Hutchinson, A. Johnes, F. Keddy, W. L. Lightfoot, A. Lyons, Carl E. Matthews, Church Morse, Lorne Northup, L. R. Owen, R. Palmer, A. G. Penny, John Reeves, C. Saltzman, E. Saltzman, E. M. Saltzman, T. R. Spinney, F. Sullivan, J. Warner, Fred Wilson, N. A. Wilson, Harold G. Woodworth.

LOCAL NEWS

Mr. Lawson, who will lecture on Friday evening in Pastime Hall has a most interesting and unusual story to tell of his five months' visit in England and he will illustrate the same with a series of stereopticon views.

The Basket Social held by the Kentville "Y" in Harris Hall, Advertiser Block, Monday evening was a success both socially and financially. A very pleasant evening was spent by all. The handsome baskets were auctioned off by Mr. Tom Weaver, who proved the right man in the right place. Almost twenty-five dollars was realized which will be devoted to the Field Comforts for the Soldiers and Temperance Work.

WHY WOMEN WRITE LETTERS

To Lydia E. Pinkham Medicine Co.

Women who are well often ask "Are the letters which the Lydia E. Pinkham Medicine Co. are continually publishing genuine?" "Are they truthful?" "Why do women write such letters?"

In answer we say that never have we published a fictitious letter or name. Never, knowingly, have we published an untruthful letter, or one without the full and written consent of the woman who wrote it.

The reason that thousands of women from all parts of the country write such grateful letters to the Lydia E. Pinkham Medicine Co. is that Lydia E. Pinkham's Vegetable Compound has brought health and happiness into their lives, once burdened with pain and suffering. It has relieved women from some of the worst forms of female ills, from displacements, inflammation, ulceration, irregularities, nervousness, weakness, stomach troubles and from the blues.

It is impossible for any woman who is well and who has never suffered poor, suffering women feel when restored to health; their keen desire to help other women who are suffering as they did.

The following, which we take from The Louisiana Sun of Hammond, La., will be of interest to our readers: "Mr. A. E. Coldwell, accompanied by his daughter, Mrs. Faye Stuart and son, Donald, expects to leave for St. Louis on the last of this month, where they will spend a month or two and then journey on to their old home in Nova Scotia, where they expect to remain. It is a source of sincere regret to all the friends of Mrs. Stuart to learn of her intended departure and her presence will be sadly missed in the church and the clubs and society, where she has been so prominently identified. That they will have a safe trip and enjoy their far-away home is the earnest wish of all their many friends and acquaintances who regret the necessity of their leaving Hammond.—Acadian.

Lieut. R. W. Chipman, son of Mrs. Chipman, Annapolis Royal, and brother of Capt. L. de V. Chipman, who resigned his position with the Bank of Commerce, Edmonton, Alberta, is now recruiting officer for the 151st Battalion, Alberta. He is at present at Camrose and is meeting with great success. The Lieutenant will go overseas when this Battalion is mobilized, probably early in the spring.

"THE ARM-CHAIR GOVERNMENT"

March 13th, 1916. House of Assembly, Halifax.

The compelling case presented by C. E. Tanner, K. C., Conservative leader, for the adoption of a sound highways policy by the Province of Nova Scotia, was the outstanding event in the Legislative Assembly last week. The occasion for the Opposition leader's speech which was certainly the ablest heard in the Assembly this session, was the tabling of the annual highways report by Hon. E. H. Armstrong. This report showed an expenditure during 1915 of \$616,693.01, out of revenue and capital, on roads, bridges and culverts. Mr. Tanner showed that in 1914 a further sum of over \$500,000 had been spent by the Murray Government, ostensibly on roads and bridges, and said that in view of such an enormous outlay in two years, the time has surely come when the people have a right to expect some visible improvement in the condition of the public highways. Instead of this, the Opposition leader declared that, with the exception of very few localities, the roads of the Province are actually in a worse condition today than they were twenty-five years ago. Mr. Tanner spoke from personal observations and information obtained from all over the Province, of which he made a complete tour to acquaint himself with local conditions last fall. What the Opposition leader urged, as the only way to get value for the money spent and real lasting improvement in the roads, was the cutting-out of political jobbery in handling the road moneys harmoniously and intelligently co-operation between the Government and the municipal councils, and road-work in the early spring, instead of, as at present, in the fall months and on the eve of elections. Mr. Tanner declared, amidst the applause of his supporters that the adoption of a strong, efficient, thoroughly-modern, good roads policy would be the first concern of the Provincial Conservatives on their return to power at the approaching elections. Mr. Tanner was followed by Messrs. Corning, Kennedy, Zwicker and O'Brien, who in strong speeches set forth the conservative policy of giving the people of the Province a reformed highways service.

The Opposition spent Thursday dissecting the public accounts, and exposing the financial methods of the 34 year old "Arm-chair Government." Mr. Douglas of Cape Breton opened the debate on the Conservative side. He showed that when the Conservatives laid down the reins of office in 1882, Nova Scotia had not one dollar debt. At the end of Mr. Fielding's regime in 1886, a public debt had been created amounting to \$3,443,769.17. On September 30, 1915, after 19 years of Hon. Geo. H. Murray, the public debt of the Province reached the staggering total of \$13,410,980! When Mr. Murray became Premier in 1896, legislative expenses amounted to \$48,000 a year. Under the "arm-chair regime, they have grown so rapidly that last year they totalled \$73,446.57. In 1896 the interest on the Nova Scotia public debt was \$140,121. In 1915 it amounted to \$507,671 or considerably more than the total of Nova Scotia's subsidy allowance from Ottawa on the basis of population! In 1915, a year, it is, of course, known to every one that there was no immigration into Nova Scotia—or, for that matter, into any other country. Yet the Murray government last year succeeded in spending \$59,959.86 on the department of immigration for alleged immigration purposes. Last year there was \$30,000 spent in keeping up the legislative council, and institution that Hon. Joseph Howe condemned sixty years ago. With such wasteful expenditures it is small wonder that the Province faces heavy deficits year after

year. Last year the deficit was \$120,369.90. In 1914 it was \$213,435.42. In 1913 it was \$29,218.61. In 1911, it was \$179,710.25; in 1910, \$127,739.59 and in 1909, \$20,528.62. Twice in the past three years the Murray Government has resorted to direct taxation. Commenting on the financial muddle created by the Murray Government, the Halifax Herald in a recent issue says: "Nothing is clearer than that a very few years of Murray financing would bring direct taxation in a flood on the rate-payers of Nova Scotia. It is only to be hoped that the impending change of Government has not been already too long delayed, and that a new, progressive administration with sound business ideals, may yet be able to place the finances of the Province on a sound basis, and avert the menace of direct taxation now hanging over the people of Nova Scotia."

STUDEBAKER FACTORY AT WALKERVILLE IS MODEL PLANT.

That Canada is fast taking a place of leadership among the world's manufacturers of motor cars is the observation of J. E. Grady, Canadian sales manager of the Studebaker, whose Canadian factory is located in Walkerville, Ont.

"There is a number of manufacturers of automobiles that have established or have announced their intention of establishing factories in Canada," says Mr. Grady. "I believe that within five years every important builder of motor cars will be operating a factory in this country."

"Among the manufacturers the Studebaker Corporation was a pioneer in appreciating the advisability of locating a factory in Canada. We have gone into it on a large scale, too, and the result is that the Studebaker plant in Walkerville is second to none in Canada in size and equipment."

"Our Walkerville factory is a big four-story building with plenty of light all around so as to make working conditions ideal. We have spared no expense in securing the highest type of automobile experts and the best of equipment to insure that the Studebaker product will maintain the Studebaker ideal of high quality cars at attractively low prices."

"Canada has found itself as a market for quality automobiles at prices that are moderate. This country has been blessed with great natural resources and the energetic type of men who make the most of those resources. Prosperity, therefore, has been the logical result with prosperity generally comes the ability to buy automobiles, as well as the desire to own them."

"The greatly increased sales of Studebaker cars in Canada has been a reflection on the prosperity of Canada, and at that we have only just made a beginning. Our factory output at Walkerville is being taxed to capacity in order to supply the demand for our series 17 cars advertised in this paper by A. L. Pelton & Co., Kentville, distributors for Nova Scotia and P. M. I.

WHEN BABY IS ILL

When baby is ill no other medicine will so quickly relieve him as will Baby's Own Tablets. They go right to the root of most childhood ailments—those derangements of the stomach and bowels which cause difficult teething, colds, constipation, vomiting and simple fevers. They cleanse the bowels and drive out all causes of illness. Concerning them Mrs. Wm. Evers, Gilks, N. B., says: "We always keep a box of Baby's Own Tablets in the house as we have found them an excellent medicine for little ones." The Tablets are sold by medicine dealers or by mail at 25 cents a box from Dr. Williams' Medicine Co., Brockville, Ont.

MANITOBA GOES DRY BY LARGE VOTE

Winnipeg March 13 — By twenty to twenty-five thousand majority Manitoba today passed the Temperance Act, and after May 31 all bars, clubs and wholesale licenses will pass out of existence.

Premier Norris pledged the Liberal Party to this referendum, that if Manitoba electors wanted Prohibition they could have it by voting for the Act. He said that no licenses would be renewed after the end of the license year which is on May 31st.

The vote was overwhelmingly in favor. No constituencies in Manitoba voted against the Act. Winnipeg, where the liquor interests were confident that the vote would be in their favor, went "dry" by 5,000. St. Boniface, the French settlement across the river, also went dry by 800. Brandon favored the Act by 300, and Portage la Prairie by 400.

It means that the large wealthy brewery interests which controlled four-fifths of the hotels of the Province, will lose millions, while the hotel men will be bankrupt by the score. No compensation will be given them.

Alberta will go dry on July 1st, and a vote will be taken in Saskatchewan next December.

We have been using MINARD'S LINIMENT in our home for a number of years and use no other Liniment but MINARD'S and we can recommend it highly for sprains, bruises, pains or tightness of the chest, soreness of the throat, headache or anything of that sort. We will not be without it one single day, for we get a new bottle before the other is all used. I can recommend it highly to anyone.

ORDINATION.

(From the Baptist Record of Iowa.)

On January 21st, 1916, a call was sent out from the First Baptist Church of Le Mars to the churches of the Sioux Valley Baptist Association inviting the churches to send delegates to sit in council with the church to examine Brother George Robert Lewis and determine as to his fitness to enter the ministry of the Baptist Denomination. The brethren met and organized themselves into a council on February 4th, 1916. Deacon Jones of Le Mars called the meeting to order and read the letter of invitation which stated the purpose of the meeting. He called for the election of a moderator. Rev. H. R. Williams of Sibley was chosen moderator, and Rev. John Erb of Hawarden was chosen clerk. All delegates were requested to present their credentials.

The minutes of the church meeting which authorized the call were called for and produced and Bro. Ben Clagg confirmed the call by relating the steps which led up to the call and affirming the conviction of the church as to the fitness of Bro. Lewis to receive the office of pastor through ordination.

The council then proceeded with the examination of the candidate. Bro. Lewis gave his Christian experience which showed that conversion had been a gradual process, but sure and definite, and the result of Christian training in the home. His call to the ministry was the result of deep seated conviction too deep for words. His statement of Bible doctrine was conservative, and sound on the fundamentals. The examination was thorough and lasted about three hours including the conference of the council after the retirement of the candidate and visitors. The council voted unanimously to recommend to the church that it proceed with the service of ordination. Bro. Lewis was called into the council and apprised of the decision. The following service was carried out in the evening at 8 o'clock. Anthem by the choir. Invocation by Rev. Wm. Todd. A short address by the moderator, Rev. H. R. Williams, giving the decision of the council, purpose of the service, and commending the church and candidate in the step taken. Scripture reading by Rev. W. R. Barbour, Luke 10: 1-16 and 1 Tim. 3: 1-7; this was followed by a hymn sung by congregation. The ordination sermon was preached by Rev. E. H. Stevens of Sioux City. His text was from Luke's gospel, chapter 10: 2, and his theme, "A call for recruits." Bro. Stevens contrasted the recruiting for war and its results with the recruiting for service in Christ's church and its results. He drew attention to the need of recruiting in every line of our denominational activities. We must have trained men to shepherd the flock and to win souls for Christ. The ordination prayer was offered by Rev. John Erb, and laying on of hands by H. R. Williams, E. H. Stevens and John Erb.

The charge to the candidate and hand of fellowship was given by Rev. A. S. Winslow. The charge to the church was given by Rev. J. S. Coppoc. During the closing hymn Mrs. Lewis was asked to come and take her place on the platform, and after the benediction by Rev. George Robert Lewis, an informal reception was given to pastor and wife.

The council wishes to call attention to the educational qualifications of the candidate. Geo. Robert Lewis, B. A. Acadia University, M. A. Colgate University. He came to us from Rochester Theological Seminary where he spent one year in post graduate work.
JOHN ERB, Clerk.

Minard's Liniment Relieves Neuralgia.

SPRING IMPURITIES IN THE BLOOD

A Tonic Medicine is a Necessity at This Season.

Dr. Williams' Pink Pills for Pale People are an all year round tonic, blood-builder and nerve-restorer. But they are especially valuable in the spring when the system is loaded with impurities as a result of the indoor life of the winter months. There is no other season when the blood is so much in need of purifying and enriching, and every dose of these Pills helps to make new, rich, red blood. In the spring one feels weak and tired—Dr. Williams' Pink Pills give strength. In the spring the appetite is often poor—Dr. Williams' Pink Pills develop the appetite, tone the stomach and aid weak digestion. It is in the spring that poisons in the blood find an outlet in disfiguring pimples, eruptions, and boils—Dr. Williams' Pink Pills speedily clear the skin because they go to the root of the trouble in the blood. In the spring anaemia, rheumatism, indigestion, neuralgia, erysipelas and many other troubles are most persistent because of poor weak blood, and it is at this time when all nature takes on new life that the blood most seriously needs attention. Some people dose themselves with purgatives at this season, but these only further weaken themselves. A purgative merely gallops through the bowels, but it does not cure anything. On the other hand Dr. Williams' Pink Pills actually make new blood which reaches every nerve and organ in the body, bringing new strength, new health and vigor to weak, easily tired men, women and children. Try Dr. Williams' Pink Pills this spring—they will not disappoint you.

You can get these health-renewing Pills through any medicine dealer or by mail post paid at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.
