### DID SPLENDID WORK.

Miss Nina Caldwell, who for the past four months has been charge of the I. O. D. E. Home for children affected by the Halifax disaster, has returned to her home in Kentville. Miss Caldwell came to Halifax on the relief train from Kentville which brought the first outside assistance. After several days work in the emergency hospital, the daughters of the Empire were fortunate enough to secure services for the home that they were opening on Spring Garden road, and she has remained there ever since. The work was heavy, the average number of inmates was twenty-five, many of them requiring surgical attention, and save for the first three weeks, Miss Caldwell had no trained helpers. The skill with which she performed her difficult task has won her the admiration and gratitude of all those with whom she came in contact. — Herald.

A residence lately constructed on Main Street west for Mr. Mansfield Nichols has attracted considerable attention and presents many points of interest. It is built of concrete blocks made at Chas. MacDonald's Brick Works, Meadow Road. Mr. Nichols is very well pleased with the material used, and states if he were to build again "would use these blocks in preference to wood or brick. The salient feature of this house is the double wall system, and the large size of blocks. This house has two completely separated four inch walls bonded with galvanized wire ties, giving a continuous air space of one inch or more.

### JORDAN'S Barred Plymouth Rocks

My birds win wherever shown against. The Best Barred Plymouth Rocks in Maritime Provinces, Send for my splendid Illustrated Mating List for 1918. IT TELLS THE STORY!

E. T. JORDAN

KENTVILLE, — NOVA SCOTIA

The blocks are two feet long and about eight inches wide, giving the house a very substantial appearance. The roof is covered with asbestos-cement shingles, and is thus practically fire proof from the outside.

Concerning the prevailing idea of dampness in connection with concrete, Mr. MacDonald states the case thus: "If a building is damp the fault lies in construction, not material, perfectly comfortable houses can be and are built of iron concrete, clay, even of sods and ice which is frozen dampness. It is all in construction. The outside wall should not be connected with the inner at any point. This was the feature that appealed strongly to Mr. Nichols." Mr. Frank Eaton was the contractor for this house.

### FRUIT FARM FOR SALE

Will sell one of my stock and Fruit Farms, situated near Bridgetown, excellent location in best farming district, good farm buildings with modern improvements.

For particulars Apply to A. FITZ RANDOLPH, Bridgetown, N.S.

Mrs. C. C. Morton was in Dartmouth this week, attending the funeral of her father who died very suddenly last Saturday morning.

DON'T Fail to see CHARLIE CHAPLIN in "The Immigrant" and Madame Petrova in "Exile" at the Nicklet Theatre tonight and Saturday night.

Mrs. Van Blarcom and daughter of Brighton, Digby Co. have been spending a couple of weeks in town, guests of Mr. and Mrs. H. C. Wyman.

Mr. Allen Russel of Aldersville has arrived back to Canaan again.

TO RENT A 6 roomed house on Church St., Apply to Radcliffe & Veraker, Chipman Corner.

The latest list of casualties gives the following. Missing—believed to have been killed:—F. B. Brennan, Aylesford and W. Hines, Port Williams. Died of wounds:—A. DeAdder, Forest Home.

The Hants Journal Says—On Monday the Falmouth Shipbuilding and Transportation Co., Ltd., stretched the keel of another schooner at their yard in Hantsport. Mr. F. W. Green is foreman.

The dimensions of the schooner are as follows:—Keel 132 ft., beam 32 ft., with a 12 ft. hold. The new craft will measure over all 155 ft.

FOR SALE. One mare, 4 yrs. old. Sire Royal Knight. Trotting gait. Extra fine driver. Also one cow due in Presden May 1st. swains.

W. L. BORDEN, Lower Canard.

### CARD OF THANKS

Mr. and Mrs. David Redden and family, wish to express their sincere thanks to the many friends who so kindly helped and showed their sympathy in many ways in their recent bereavement. And also for the floral offerings.

### ST. PAUL'S CHURCH

On Sunday evening next, Rev. R. B. Layton will observe the 3rd Anniversary of the Battle of Ypres, and preach a Memorial Sermon. There will be special music.

### PROPERTIES CHANGE HANDS.

Mr. H. Reid Pelton has sold his farm at Coldbrook to Mr. Guy Sanford of the same place. Mr. Pelton will probably follow the carpentering trade at Halifax or at Kentville.

Mr. Leslie Kavanagh who purchased the well known Presden place at Starr's Point has sold out to Mr. Harold Norton. A half century ago this was one of the best known fruit farms in the valley.

## WALL Decorations

WALL PAPER—Exclusive, artistic goods—that's the whole story in a few words—wall papers that are different to what you can find elsewhere—now don't be frightened by the word artistic and exclusive, it doesn't necessary mean expensiveness, in this case it means designs and colors, artistic to the highest degree.

Styies with newness and out of the ordinary effects, yet well within the bounds of reason in price. Come in and let us show you all the latest ideas in wall decorations, you will miss some nice things if you buy any wall papers without seeing our stock.

CANNING, N. S.

### SUPPLIES LIMITED OCCUPY LARGE NEW QUARTERS

The Supplies Limited which is one of Kentville's youngest, but very progressive industries, has moved from its former stand in Pastime Theatre Block to the large Dodge Block opposite D. A. Ry. Station. They now occupy the whole building including three stories and a large cellar, where apples and other heavy farm produce can be stored.

The main office is on the second flat which has been fine-

ly fitted up for such a purpose with a large outer office and an inner sanctum for the manager. Adjoining on the same flat are store rooms for their various goods with large rear rooms where they can manufacture their sauer kraut. This year they put up 500 barrels of the finest kraut ever placed on the market.

The third story can be used for storage, sorting or manufacturing some lines which they have in view.

The ground floor will contain all their heavy goods but a freight elevator makes the second floor readily accessible. While the war conditions are against an expansion in business, The Supplies Limited have every prospect of a successful career.

### NICKLET THEATRE

Tonight and Saturday night two big features will be presented at the Nicklet Theatre.

Madame Petrova will be seen in her latest and best Lasky production entitled "EXILE". Madame Petrova is the foremost emotional actress on the screen today and "EXILE" is by far her best piece.

ALSO CHARLIE CHAPLIN in "THE IMMIGRANT" This is Chaplin's latest picture and is full of laughs from start to finish. Admission 25c. Children 15c., including war tax.

Mildard's Liniment - Relieves Neuralgia.

## Kings Kounty Klothing Store

# Spring Skin Troubles

Every spring, for years, Mr. Amos Smith, of Port Hood, C.B., suffered from boils, until he used Zam-Buk. He writes:

"Each spring they would return and break out on my hands and arms. At times they were so bad that I could scarcely work. I tried various remedies without receiving any benefit. I consulted a doctor, but he was unable to cure me.

"Then a friend recommended Zam-Buk. The improvement after using the first box was surprising. I continued until the boils had entirely disappeared, and I have never had any return since."

Zam-Buk is also unequalled for eczema, ulcers, abscesses, scalp sores, ringworm, blood-poisoning, piles, cuts, burns, wounds, etc. All druggists, or Zam-Buk Co., Toronto; 50c. box, 3 for \$1.25.

## FEED FOR POULTRY.

Why import poultry food when it can be grown more cheaply at home. During the past year many tons of specially prepared poultry foods were brought into the Valley. These foods contain a proportion of wheat, oats, barley and corn, any of which can be grown without difficulty.

Let every farmer put in an

area of mixed grain such as barley, oats and wheat in equal parts, seeding at the rate of 3 bushels per acre, for his hens. Hens properly fed are as profitable as any kind of livestock, but too often they do not receive the mixed grains they require.

Canada yellow Corn can be grown and ripened and added to the above feed list to profit. It is best grown in hills with a small forkful of manure under each hill, the hills 3 1-2 feet apart, and planted about 24th May. If wheat is not available, and good clean wheat free from oats, fit for milling or seeding for milling purposes should not be used, but in equal parts of oats and barley, Banner Oats and Duckbill or Canadian Thorpe barley ripen about the same time.

W. S. BLAIR.

## LETTER FROM SECRETARY OF THE NOVA SCOTIA FRUIT GROWERS ASSOCIATION.

The Advertiser, Kentville, N. S.  
Dear Editor:—

As the recommendations of the Fruit Conference held at Ottawa March 26th and 27th are of so much importance to Valley Fruit Growers I thought your readers would be interested in a report of the resolutions passed as they are likely to become law before another shipping season is upon us.

There were in attendance only twenty official delegates in the whole Dominion. Four from B. C., six from Ontario, two from Quebec, one each from N. B. and P. E. Island, four from N. S. and at the special request of the Minister of Agriculture two were appointed to represent the buying interests of the Prairie Provinces. We had no knowledge of this Conference being called at the time of our annual Meeting in January and our executive were asked to send representatives only two or three weeks before the date set for the Convention. Those appointed for Nova Scotia were, F. W. Bishop, Pres. of the United Fruit Companies, A. S. Banks of the Cornwallis Fruit Company and F. H. Johnson and Manning Ellis, Pres. and Sec'y respectively of the Fruit Growers Association. Mr. A. E. MacMahon of the United Fruit Companies was also present the first day of the Conference.

The Resolution passed as given below pretty well explain themselves. The question of one uniform barrel for Canada has been a matter of debate and resolutions for at least twenty-five years, and it seemed as if we had come to a dead lock. A matter of compromise was never suggested before, but when the United States decided on one sized apple barrel for their whole country, and some States especially either ruled our small barrel out altogether or allowed it to be sold under such restrictions as to very much discourage shipments, it looked as if we had every thing to gain and nothing to lose in joining with Ontario in asking for a standard barrel for Canada in conformity with the one adopted for the United States.

If the recommendations of the Conference in regard to the barrel go through, Nova Scotia apples will no longer be discriminated against in Liverpool and Glasgow on account of the size of the package as was the case in the past. If we have a large crop this fall we can use the new barrel to ship to the United States markets, and it may mean the difference between disaster to our fruit interests and a fair return.

Personally I believe the proposed amendments to the fruit marks Act will be the greatest step in advance for our fruit industry since the Act was passed some ten or twelve years ago. The definition for the No. 2 has been brought up only to the standard as set for the past eight years by the most of the Fruit Companies, and all the most reputable packers in the Valley. It simply means that No. 2 must be nearly as good as a No. 1 in quality but a grade lower in size. The Domestic Grade came to the front because it filled a place completely no other grade seemed quite fitted for. All the Conference did was give it a name and take off the objectional No. 3. So we will not have the confusion of quoting Co-operative No. 3, Extra No. 3, No. 3 Special, No. 3 large, and labeled No. 3 that all meant the same thing and yet did not mean anything that the buyer could be sure off. It will be noticed that the Domestic grade takes in both No. 1 and No. 2 in size, leaving all below that size and exclusive of culls to be marketed under the grade of No. 3. As the definition of culls in the Act is now rather vague, the Department were asked to see that this was amended when the other changes were made. The majority of the delegates outside of those from the Maritime Provinces were opposed to having the No 3 defined wishing it to be simply marked and sold as ungraded or unclassified. We from Nova Scotia felt that we could speak with authority in the matter as we have sold No. 3s ungraded too long now for the good of the fruit growing industry. After considerable discussion Ontario delegates were willing to vote with us, but B. C. Contended that the Domestic Grade was really a No. 3 and that this lower grade if defined at all should be mark-

ed No. 4. The Resolution as passed was finely put through and on the second vote was made unanimous.

The resolutions on other packages as plum and peach baskets and crates are not of much interest to our growers. The idea for one standard and uniform packages for each class of fruit was adhered to right through the Convention. The fourth-fifths strawberry box as used in N. S. was decided on as well as the twofifths size and the full Imperial pint size that is used in B. C. Notice the pint is a square box not flaring like the four-fifths.

The growers name and address will be required on all strawberry crates as well as on other open packages and fruit inspectors will be empowered to examine open packages at point of shipment to see that such are properly filled.

The following are the resolutions passed of particular interest to Maritime Province fruit growers, and the Fruit Commissioner expects that legislation in conformity with these recommendations will be placed on the statute books at the present session of parliament.

Yours respectfully,

MANNING ELLS.

Resolutions passed at the Dominion Fruit Conference, Ottawa March 26th and 27th, 1918.

1. That the United States standard apple barrel be adopted for Canada.

Dimensions:—  
17 1/8" head diameter.  
28 1/2" stave.  
26" distance between heads.  
64" circumference at bulge.  
7056" cubic inches content.

Further suggested that present manufactured stock may be used during the season 1918, 1919 but that after June 1st, 1918, all staves cut for apple barrels will be of the above dimensions.

2. That the American or Washington apple box, measuring 10 1-2 X 11 1-2 X 18 inches, inside measurement, be adopted as the standard for Canada and for exporting to such countries as have no legal requirements of their own; and that exporting to such countries as have legal requirements permission be given to export in the box required by the country to which they are being exported.

7. That three sizes of berry ballocks be made legal in Canada; namely, the standard fourth-fifths quart, the standard twofifths quart and the Imperial pint measuring 4 3/8" at top and bottom, and 1 2/8 inches deep.

15. That the following amendments be made to the Inspection and Sale Act, Part IX:

(a) Fancy grade eliminated.  
(b) No. 2 to be defined "unless such fruit includes no culls, sound, of nearly medium size and some color for the variety and not less than 85 per cent free from scab, wormholes, bruises and other defects and properly packed."

(c) That a "Domestic Grade" be embodied in the Act and defined as follows: "unless such fruit includes no culls, sound and of not less than nearly medium size for the variety, 80 per cent free from worm holes, but may be slightly affected with scab and other minor defects, and properly packed."

(d) That Grade No. 3 be defined to include no culls and be properly packed; and that the definition of the word "culls" be left in the hand of the Department of Agriculture.

16. That all packages of fruit offered for sale shall be well and properly filled at point of shipment and in cases where inspectors find evidence of underfilling, they shall have the right to weigh or measure contents of package at point of shipment, in order to determine whether said package had been well and properly filled.

13. That when inspectors find fruit falsely marked at shipping point, they shall have the power to compel the removal of the original grade mark, and the remarking of such packages with the proper grade marks.

# HOW TO AVOID BACKACHE AND NERVOUSNESS

Told by Mrs. Lynch From Own Experience.

Providence, R. I.—"I was all run down in health, was nervous, had headaches, my back ached all the time, I was tired and had no ambition for anything. I had taken a number of medicines which did me no good. One day I read about Lydia E. Pinkham's Vegetable Compound and what it had done for women, so I tried it. My nervousness and backache and headaches disappeared. I gained in weight and feel fine, so I can honestly recommend Lydia E. Pinkham's Vegetable Compound to any woman who is suffering as I was."—Mrs. ADELAINI R. LYNCH, 100 Plain St., Providence, R. I.

Backache and nervousness are symptoms or nature's warnings, which indicate a functional disturbance or an unhealthy condition which often develops into a more serious ailment. Women in this condition should not continue to drag along without help, but profit by Mrs. Lynch's experience, and try this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound—and for special advice write to Lydia E. Pinkham Med. Co., Lynn, Mass.

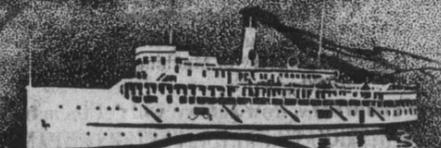

14. That no immature fruit shall be marketed except where the demand is legitimate and the package marked "immature" in plain letters; also that no fruit that is so materially diseased, wormy or otherwise depreciated as to be unfit for consumption shall be marketed and that the Department be requested to draft legislation whereby the various points and facts embodied in these principles can be put into effect.

17. That the name and address of the packer be placed on all open packages.

18. That fruit packages for sale shall be marked as such and bear the name and address of the repacker, and no change in grade marks shall be made on such package without the authority of a Dominion Fruit Inspector.

19. That in cases where any standard fruit packages is again used for many purposes, the original marking shall be obliterated.

**Most Economical We ever used.**

A boat like the *Dalhousie City* provides one of the hardest tests a white lead can be subjected to, because it is continually in a moisture-laden atmosphere. The letter reproduced below is conclusive evidence of the superior covering capacity of

**BRANDRAM'S GENUINE B. B. WHITE LEAD**

In former years the Niagara, St. Catharines and Toronto Ry. Co. used a ton of ordinary white lead to cover the Steamer *Dalhousie City*. This year they used Brandram's B. B. with the result that only 1,500 lbs. was required. The other qualities of this white lead are equally outstanding. In brilliance and durability, it is unrivalled. It fills the pores, and makes a tough elastic film that will not crack or peel either in warm weather or in cold. Though slightly higher in price it is more economical. Do not just ask for Brandram's B. B.—insist on it. Equally worth insisting on are our brands of Paints, Varnishes, Shingle Stains and Wood-Pailers. A uniformly high quality runs throughout the entire line.

E. C. BISHOP, Auctioneer.

**THE ADVERTISER.**

Issued Twice a Week at Kentville.

H. G. HARRIS, Proprietor.

Kentville, Fri., April 19th 1918.

**DAYLIGHT SAVING.**

The Daylight Saving Act became law this week without any conflict in time to speak of. The orders had come to set all clocks one hour ahead at 2 a. m., Sunday morning, Janitor Hiltz at the Post Office put the town clock ahead before he retired and people who went to their homes at eleven o'clock heard the town clock chime out midnight.

In the morning the people generally were on time for the regular Sunday Schools and morning service as the church bells rang out on the new time. People from a distance who had no knowledge of the advance of an hour arrived late.

The change being made on Sunday, on Monday morning everyone was at work at the usual time by their clock but really one hour earlier than before. Everyone seemed as hungry when the clock struck twelve as they had been the week previous at an hour later in the day.

After this week there will be none who can notice any difference in the change in time. All will be through with their days work before dark, and every clerk in the stores offices and banks should be able to give several hours per day to help save lives in Europe by increased production.

**OBITUARY.**

**Mrs. Barbara Redden.**

After about two months of patient suffering, Mrs. Barbara Redden passed away at the home of her son, Mr. Rand Redden, Somerset on Wednesday, April 10th.

Mrs. Redden was in her usual health until about two months ago, as shown by her taking a trip to New Ross to see one of her sons who was ill. The only apparent trouble was old age as she was 91 years of age. She leaves seven children to mourn their loss namely, Mrs. Clarence Wile of Waterville, Hants Co., Mrs. William Hirtle and Mrs. Robert Turner both of New Ross, William and Thomas also of New Ross, Joseph of Steam Mill and David in Somerset with whom she made her home, besides thirty-two grandchildren, and forty great-grandchildren one being in France serving for his country.

She was a member of the Baptist Church and always ready to help the needy. Also, a loving and faithful mother, never tiring in any duties that she could perform for the benefit of her children.

The funeral was held on Friday at 2 p. m. and was largely attended, Rev. T. McFall preaching the sermon.

The floral offerings were beautiful showing the esteem with which she was held among the people.

The pall bearers were Messrs. Fred Bennett, Wallace Clemm, Renrick Morton, and George Postdown.

"Gone but not forgotten"

**John D. Moore.**

As announced in a previous issue the death of Mr. John Moore took place at Kentville, on April 9th at the age of 68 years. The funeral service was held on the Thursday following conducted by Rev. Mr. Bent, burial at the Oakes.

Mr. Moore was the eldest son of the late Daniel Moore, M. P. P., who represented Kings Co. in the Legislature for a longer period than any other man. Deceased when young went to England and resided there for a few years. He married Emma Albro who survives him. Practically all his life he spent here at Kentville. After marriage he resided for years on

the Colonel Moore farm now known as the McLean farm at Kentville west end. Mr. Moore was very widely known. He leaves besides his widow the following children:— Walter, Charles, and Frank residing at Kentville and Jack who lives in Winnipeg. The daughters are Mrs. Ridge (Eva) of Ottawa, Mrs. Hill (Fannie) and Misses Winnie and Gladys all at home.

William Henry Seaman.

The funeral service of the late William Henry Seaman was held from his late residence, Kentville on Friday afternoon at 2 p. m. The service was conducted by Rev. A. W. West assisted by Rev. A. M. Bent, burial at the Oakes Cemetery.

Mr. Seaman was born at New Minas and lived there most of his life except for a few years spent in New York and the last few years of his life here at Kentville. He leaves one sister, Mrs. Henry Terry of this town who later lived with her daughter at Shubenacadia. Otherwise Mr. Seaman was the last member of his family. The late Mrs. Abram Seaman and Mrs. Thos. L. DeWolfe of New Minas were half sisters.

Mr. Seaman was a man quite active at 90 years except for a short time previous to his death. He married Nancy, daughter of the late Edward Harris, of Horton who survives him. Besides his widow he leaves three daughters, Mrs. George W. Hill of Waltham, Mass, Mrs. Dr. Parker and Miss Josephine at home. He was a man of exemplary character, living a good christian life and was respected by all.

**MRS KATHERINE YOUNG.**

The death of Katherine widow of the late George Young took place at the residence of her son Wilson Young, Steam Mill Village on April 14th, aged 79 years.

The funeral service was held on Tuesday at 2 p. m. burial at Upper Canard.

Mrs. Young was formerly Katherine Laybolt of New Ross. She resided about 40 years at Steam Mill and was well known by a large circle of friends. She was a member of the Baptist Church. Mr. Young died about 15 years ago. She died after but a few hours of sickness.

Mrs. Young leaves to mourn their loss the following children Herman of Kentville, Mrs. Horne (Laura) of Worcester, Mass, Jennie Young who is nurse in New Hampshire, Allen, in Roxbury, Mass and Wilson at home.

**JUST YESTERDAY.**

Just yesterday she held him to her breast.  
A tiny, helpless, blue-eyed baby boy,  
And dreamed of days when he would stand a man.  
Before her. Oh, her soul was filled with joy—  
Just yesterday!

Just yesterday her loving hands caressed  
His tousled, wind-blown hair and freckled face,  
And bound the hurts he knew. How tenderly  
She kissed each little scratch and bruised place—  
Just yesterday.

Just yesterday she saw him graduate  
And scarce could realize her boy had come  
To manhood's threshold. Oh, her heart beat high  
With hope for him, her stalwart, manly son—  
Just yesterday!

Just yesterday her country called her boy.  
She did not weep or rail at circumstance,  
But bravely bid him do his duty clear.  
He kissed her; then he went away to France—  
Just yesterday!

Just yesterday her hands were hard at work  
With bandages; and as she rolled them tight  
She whispered: "Maybe they will be for him,  
My boy, who's somewhere over there tonight."  
Just yesterday!  
—John H. Styles, Jr., in the Christian Herald.

**Military Cross Hero**

CAPT. William Stewart MacTier, who was rewarded yesterday to have been awarded the Military Cross for gallantry in the firing line, is the son of Mr. A. D. MacTier, general manager of eastern lines of the Canadian Pacific Railway. Capt. MacTier went to the front with the first Canadian Contingent and has been twice wounded, the first time at Ypres, and lately at Vimy Ridge. At the outbreak of the war, Capt. MacTier was on his way returning from Europe, and immediately on landing joined the Thirtieth Battalion, under Lieut.-Col. (now Brigadier-General) Loomis, D.S.O. He went to the front with that unit and fought with it when it covered itself with glory at Ypres and Festubert. He was then wounded by shrapnel and returned to Montreal to convalesce. On returning to the front he was attached to the 10th Canadian Infantry Battalion, he having taken over the command of a brigade in the mean time. At the time of his capture for a short time one of his feet gave out and an operation was necessary. On his return to the front on this occasion he was transferred to a Montreal Highland Battalion and promoted to his captaincy.

WASHING FOR THE FAMILY.

**Parliament Takes Drastic Action to Increase our Forces Abroad.**

**CALL OF ALL UNMARRIED MEN TO MILITARY SERVICE BETWEEN 19 AND 24 YEARS.**  
**ALL EXISTING EXEMPTIONS GRANTED IN CANADA ARE ABOLISHED.**

OTTAWA, April 16—The urgency of the demand for reinforcements to meet the crisis at the front and the failure of the cumbersome machinery provided by the Military Service Act to supply these reinforcements quickly have necessitated the virtual wiping out of the whole machinery of the Act and the substitution at once of a direct call to the colors of all unmarried young men physically fit for military service between the ages of 20 and 24. This drastic action determined upon by the Cabinet Council was embodied in an Order-in-Council to which Parliament's approval will be asked on Thursday was communicated to the Government Caucus this morning and announced to the press by the Prime Minister this evening.

Of the Military Service Act, with all its cumbersome exemption machinery, practically nothing is left save the title. The principle of the Militia Act is substituted. The Minister of Militia is clothed with full authority to call men by classes according to age, and with all exemptions, heretofore granted under the Military Service Act, automatically cancelled as soon as the men are called.

**ONLY 20,000 MEN SECURED.**

It is certain that Parliament's consent to the new regulations will be promptly given. The consent of the Government majority was obtained this morning. If there is objection from the other side of the House, the resolution of approval of the Order-in-Council can be speedily closed through. From now on strong handed action and quick results are expected. The Military Service Act has really produced only about 20,000 in about six months. The hundred thousand men wanted are wanted quickly and as the Order-in-Council recites "time does not permit examination by exemption tribunals of the value in civil life or the position of the individuals called up for duty."

The old order is to be reversed. The men are now to be called and exempted afterwards in exceptional cases instead of calling them only after the exemption process of the selective draft with all its consequent delays has been operated.

**ALL EXEMPTIONS WIPED OUT.**

While the existing process of the Military Service Act will be continued for the present in regard to unmarried over twenty-four years of age and draftees will still be secured as rapidly as possible from Class One over the age the immediate and practical result the new regulations will be that all the exemptions now granted except for physical unfitness to young men within the ages of twenty and twenty-four in that class will be wiped out, and they will be drafted at once irrespective of their present civil occupations. The only important exceptions will be in the case of those who were exempted because the other members of their families have been already killed or disabled on active service.

The Government hopes that the calling of these young men will not jeopardize food production to any material extent and believe that in any case the exigencies of the situation demand the short cut to securing men immediately. If later on it is found necessary to call up the Second Class it is understood that married men between nineteen and twenty-four will be subject to the first call.

In effect the new regulations put the whole discretion and responsibility for determining who shall be called and when they shall be called upon the Cabinet Council acting through the Minister of Militia instead of confining the drafting to the limits and methods prescribed by the Military Service Act, acting through the Minister of Justice.

**ALL LIABLE AT NINETEEN.**

The Order-in-Council not only makes all young men now nineteen years of age subject to the provisions of the military service, but also all other young men as and when they attain nineteen years of age.

The Order removes the exemption now enjoyed by officers and men who have served in the Expeditionary Force, but who did not proceed further than Great Britain and have since returned to Canada and been discharged. They will be requested to serve if physically fit when their class is called.

**TEN ENEMY TRAWLERS SUNK BY OUR GUNS IN CATTEGAT ON MONDAY.**

LONDON, April 16—Ten German trawlers have been sunk by gun fire in the Catt'egat (between Sweden and Denmark), the Admiralty announces. Their crews were saved by British ships. The operations in the Catt'egat, the statement says were undertaken by the commander in chief of the Grand Fleet.

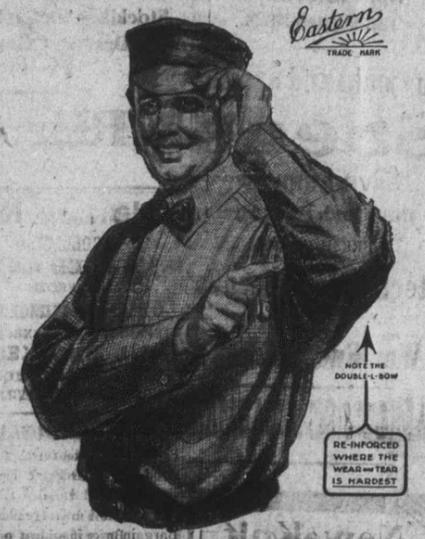

The statement follows:—  
"The commander in chief of the Grand Fleet reports having undertaken to sweep the Catt'egat on April 15. Ten German trawlers were sunk by gunfire, their crews being saved by British ships. There were no British casualties."

**FIGHTING CONTINUES IN THE BAILLEUL SECTOR.**

WITH THE BRITISH ARMY IN FRANCE, April 16—(By the Associated Press)—Bailleul, eight and a half miles east of Hazebrouck, in Flanders was captured and occupied by the Germans last evening when the enemy also seized Le Revetsberg ridge, east of the town. As a result the British pulled their lines back northward somewhat to positions running east and west a little above Bailleul and Le Revetsberg.

Fighting is continuing in this sector with the Germans trying to push westward toward the railways centre of Hazebrouck.

**The Right Time.**

The right time to reach the members of the family is when they are at home, and the right way to reach them is through the advertising columns of the paper that goes into the homes. There are other methods of advertising that enjoy a certain transitory popularity, because they are new or novel, but the oldest, wisest and most successful advertisers tie their faith to the home newspaper. When people are away from their homes, there are a thousand things to divert their attention, but an advertisement read in the quiet of the family circle will be read and remembered.

## An English Poet on Canada and War

R. H. VERREULT AT FRENCH RIVER, ONT.

SIX years ago an English writer, R. H. Verreault by name, spent a summer in Canada and wrote under the title of "The Fair Dominion" one of the most interesting descriptions of this country, from the Old Country point of view, that has yet been the light. Verreault had married a Canadian girl and had a sympathy for things Canadian, which led him to appreciate rather than criticize the New World which he found stretching between Atlantic and Pacific.

Although by no means of lightning temperament, he enlisted in the Public School Battalion of the Royal Fusiliers on the outbreak of the war, gaining a commission in the 12th Brigade early in 1915. A number of poems from his pen attracted much attention in the columns of the "London Times" and other publications—one of which, entitled "To Canada," was widely quoted on this side.

"Canada, Canada, is not thy face most fair? In thine a land men know fairer than these? Where is heaven half so vast? Where blows a lovelier air? What are thy sons doing here o'er the sea? So runs the first of six beautiful verses. Wounded in 1916 he went back to the trenches only to fall mortally wounded in an attack on Havrincourt Wood in April, 1917. Like Rupert Brooke and Alan Seeger, and the young Canadian poet, Bernard Freeman Trotter, R. H. Verreault reached his highest powers of expression under the intense emotion of "The Great Adventure," and his verses were eagerly read by lovers of fine poetry. Edmund Gosse, the great English critic, volunteered to edit a collection of these "War Poems," a Canadian edition of which has been issued in Toronto. They contain some truly inspired lines, notably the opening description in his wife:

"What shall I bring to you, wife of mine, When I come back from the war? A ribbon your dear brown hair to twine? A shawl from a Sicilian store? Say, shall I choose you some Prussian hat? Where 'he Under the o'erbrown? Shall I bring you a Potsdam goblet back And the crest from a Prince's helm? Little you'd care what I laid at your feet, Ribbon or crest or shawl— What if I bring you nothing, sweet? My name's come home at all? Ah, but you'll know, Brave Heart, you'll know! Two things I'll have kept to myself: Mine honour for which you bade me go And my love—my love to the end."

### BOARD OF TRADE.

was probably one of the most enthusiastic meetings of the Kentville Board of Trade, held in the Pastime Hall on Tuesday evening, April 9th, opening at 8 o'clock with the singing of "God Save the King," President Graham in chair.

The question of accommodation for the members of the Grand Lodge of the I. O. O. F. at consensus of opinion that Kentville this summer, was brought up and it was apparently the adequate accommodation for the body of people, numbering in the vicinity of 700.

The most interesting feature of the meeting, especially to the large number of school children in attendance, was next dealt with, consisting of the awarding of the prizes to the successful competitors who wrote essays on "Care of our Trees".

Mr. Trask when speaking on this matter, stated that the giving of the three prizes by Mr. Graham, Mrs. Barclay Webster and Mrs. H. H. Wickwire was one of the best things that could have been done for the children and has given the pupils a stimulus to gather information in connection with a subject which would be of great advantage to them.

There were fifty three essays submitted in all, showing that unusual interest was displayed. Miss Lillian Turner of Grade X won the first prize of \$15.00 for an essay of 1500 words.

The next prize of \$5.00 for the best essay of 1500 words in grades 6, 7 and 8 was given to Blanchard Thompson, and the prize of \$5.00 for the best essay of 750 words, in grades 3, 4 and 5 went to Miss Lena Ackman.

The final report of the Agricultural Committee who have the matter of increased production in hand was submitted by Prof. W. S. Blair, Chairman of the Committee, full particulars of which will be given in these columns at an early date.

In connection with the increased Production Competition; \$100.00 in prizes has been offered this year to the pupils of the King's County Academy and the citizens of the Town, the details of which are being printed and will be distributed shortly.

We trust that a large number of citizens will enter their names in the competition this year.

### A GOOD MEDICINE FOR THE BABY

Nothing can equal Baby's Own Tablets as a medicine for little ones. They are a laxative, mild but thorough in action, and never fail to relieve constipation, colic, colds and simple fevers. Once a mother has used them she will use nothing else. Concerning them Mrs. Saluste Pelletier, St. Damas des Arnaques, Que., writes:—"I always keep a box of Baby's Own Tablets in the house. They are the best medicine I know of for little ones and I would not be without them." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

### BRITISH PREMIER STILL FULL OF CONFIDENCE.

LONDON, April 16.—Referring to the situation at the front in the House of Commons today, Premier Lloyd George said:—"The situation between hope and despondency must continue for some time yet but I am still full of confidence."

"General Plumer (in command at Messines Ridge) is quite confident. We have lost territory, but we have lost nothing vital."

Mr. Kenneth O. Parker of Welsford met with a most painful accident a week ago while unloading a gasoline engine the machinery fell on him breaking his right leg. He was taken to the Victoria General Hospital for treatment.

### BANISH PIMPLES AND ERUPTIONS.

In the Spring Most People Need a Tonic Medicine.

One of the surest signs that the blood is out of order is the pimples, unsightly eruptions and eczema that come frequently with the change from winter to spring. These prove that the long indoor life of winter has had its effect upon the blood, and that a tonic medicine is needed to put it right. Indeed there are few people who do not need a tonic at this season. Bad blood does not merely show itself in disfiguring eruptions. To this same condition is due attacks of rheumatism and lumbago; the sharp stabbing pains of sciatica and neuralgia, poor appetite and a desire to avoid exertion. You cannot cure these troubles by the use of purgative medicines. You need a tonic only, and among all medicines there is none can equal Dr. Williams' Pink Pills for their tonic, life-giving, nerve-restoring powers. Every dose of this medicine makes new, rich blood which drives out impurities, stimulates every organ and brings a feeling of new health and energy to weak, tired, ailing men, women and children. If you are out of sorts give this medicine a trial and see how quickly it will restore the appetite, revive drooping spirits, and fill your veins with new, health-giving blood.

You can get these Pills from any medicine dealer or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

### ANALYSIS OF DEBTS OF NATIONS AT WAR.

Total Has Risen From 25 to 137 Billions Since Summer of 1914.

Montreal, April 15.—A new compilation of the public debts of twelve countries now engaged in the war, issued by the Federal Reserve Bank at Washington this week, shows an increase of 111.7 billions since the opening of the conflict. Of this sum 72.4 billions represents the growth of the debt of the Allied nations, and 39.3 billions the growth in the debts of Germany and Austria.

Great Britain has increased her debt by nearly twenty-five billions, of which, however, seven billions have been loaned to her Allies. The Russian public debt increased twenty billion dollars between January 1, 1914, and September 1, 1917. Not only the debts of the belligerent countries, but also those of neutral nations are on the increase. Switzerland, for example, has been obliged to add to her indebtedness more than one hundred and sixty million dollars in order to maintain her army in a condition of efficiency for the protection of the frontier.

**Get Real Tire Economy!**

Motoring is two things—a pleasure and a business. One might say it was used sixty per cent. for entertainment and forty per cent. for commercial purposes. Yet no matter whether you use your car to get orders or to see your greatest economy will be the reduced cost of mishaps.

No accident ever befell an automobile but what the tires were forced to play a part in it. And no accident ever was averted but what the tires had a say in that too.

If you will drive fast, If you will make those sudden stops, If the city will water splash, If rain will make muddy roads;

Why then—the possibility of skidding will always be with you, unless you figure on those elements of danger when you buy your tires. When you think of how to avert danger in motoring you immediately think of . . . . .

DUNLOP TRACTION TREAD S.T.B.

**The Connecting Link.**

The connecting link between the merchant and his customer is the newspaper advertisement. In it the merchant may make plain to the housewife or the househusband, the advantages of his store and the commodities he has to offer, in a way that would be impossible otherwise, because of the limited time, and the interruptions when the customer visits the store.

When people go out to shop, they want to get what they need, and go home again. They want the business news, but they want it when they have time at their disposal. You can give it to them through the advertising columns.

## KINGS COUNTY ORGANIZATION FOR NATIONAL MILITARY Y. M. C. A., Three Day FINANCIAL CAMPAIGN.

We, National Council, of the Military Y. M. C. A. have decided upon May 7, 8, 9, for a campaign to raise their financial budget this year. The amount asked from all Canada is \$2,250,000: of Nova Scotia \$150,000, and of Kings County \$6,500.

The Provincial Council has asked Mr. E. B. Newcombe of Kentville to act as County Chairman for Kings. Through Mr. Newcombe an organization meeting for the County was called at Kentville April 15th at 1 o'clock and delegates from all sections of the County were present. The meeting was addressed by Mr. D. G. Cock, the Provincial Director of the Campaign, and by Capt. Kneale, Chief of the Military Y. M. C. A. staff of the Province. The former gave facts regarding the growth of the campaign organization throughout the province and the later gave a vivid picture of the services of the "Y" for our soldiers at Halifax.

The meeting confirmed Mr. E. B. Newcombe's appointment, and Mr. Geo. A. Chase of Port Williams, lately returned from the front was appointed Organizer for the Campaign and Mr. Geo. C. Roy of the Bank of Nova Scotia, secy-treasurer. These officers together with Dr. H. T. DeWolfe of "Acadia" constitute the executive.

The County has been divided into wards and so much apportioned to each and chairman have been appointed for each district as follows:—

- Ward 1 Divided:—
- 1 Stanley Robinson, Canning
  - 2 L. F. Blenkhorn, Canning
  - 3 W. W. Lyons, Kingsport.
  - 4 W. Corkum, Scotts Bay.
  - 5 Rev. A. J. Prosser, Upper Canard.
  - 6 John Donaldson, Port Williams.
  - 7 C. R. Bill, Billtown.
  - 8 A. S. Clerke, Upper Canard
  - 9 Blake Clarke, Lakeville.
  - 10 H. Hilsley, Lakeville.
  - 11 Ernest Bishop, Somerset.
  - 11 F. S. Fisher, Somerset.
  - 11 N. J. Brydon, Somerset.
  - 6 Henry Bishop, New Minas
  - 7-14 Roy A. Joudrey, Gasperaux.
  - 15 Rev. G. D. Milbery, Gasperaux.
  - 9-17 Miss Annie Steuart, Grand Pre.
  - 18 E. L. Gertridge, Hantsport.
  - 10-19 J. Frank McMahon, Aylesford.
  - 20 Spurgeon Bishop, Auburn.
  - 21 S. S. Stevens, Kingston.
  - 11-22 E. H. Saunders, East Dalhousie.
  - 12-23 F. E. Harris, Aylesford.
  - 24 Jas. S. Smith, Kingston.
  - 19-25 W. S. Rawding, Waterville.
  - 26 A. S. Banks, Berwick.
  - 14-27 Ed. Chute, Canada Greek
  - 28 Benj. Bezanson, Harborville.
  - 6-12 R. H. Lamont, Kentville.
  - 8-16 Dr DeWolfe, Wolfville.

In some instances the gentlemen chosen as representatives were not present at the meeting but in other counties already reported organized this same method has been adopted for organization. Almost without exception parties selected in their absence have cheerfully consented to act. Kings is just as much interested in the welfare of our boys at the front as any other county, and it is taken for granted these men selected in their absence will act.

In due time information to assist in the campaign will reach the various workers.

As every home in the Dominion is benefiting directly or indirectly by the work of the military Y. M. C. A. for our soldier boys at the time, it is expected that general and generous response will be made to the "Y" in this campaign.

## Each Meal a Pleasure

You can't go on enjoying life if you can't enjoy your meals. It's a loss of time, and most important of all, a loss of health to try it.

Take advantage of the time-tested prescription that has benefited so many others in the same condition.

## Penlar Appetizing Tonic

Here is a real appetite promoter, safe, active and recommended by people who

know, the country over. Step into our Penlar Store today, tell us to show you the formula for this tonic, which is plainly printed on every label.

Then get either the 50c or \$1.00 bottle and watch the improvement that follows.

If it is inconvenient to call at the store, phone us. We want to give you service.
