COUNCIL TRANSACTS IMPORTANT BUSINESS

Regular Meeting Held Friday Evening---Applications Read For Position of Policeman---Other Important Business Transacted

Considerable important business was transacted at the regular meeting of the Town Council which was held in the Council Chambers on Friday evening last.

The meeting opened at 7.30. His Worship Mayor Warren occupying the chair, and all the Councillors being present. After the minutes of the last meeting were read and approved, and a number of bills ordered paid, the Council got down to business.

Coun. Gesner was appointed to represent the town on the newly formed Health Clinic Board, which is made up of members from the towns and municipalities.

On motion of Coun. Gesner, seconded by Coun. Burns, the following were appointed a local Health Board: Coun. Bent, Longmire and Hicks.

The Finance Committee brought in their report and stated that they had gone over the rate book carefully and made the necessary corrections, and asked the town to adopt same. The committee recommended that June 1st be the date set for the payment of taxes, and if same is paid on or before that date a discount of 3% be allowed. If paid after June 1st interest will be charged at the rate of eight per cent. It was moved by Coun. Gesner, seconded by Coun. Bent, that the report be received and adopted. Carried.

The lighting question came up for considerable discussion. Coun. Hicks reported that he had taken the matter up with Manager Campbell and he (Campbell) had promised to look through the town and see what could be done. Mr. Campbell was also willing to sign a five year contract at the same rate as last year. New reflectors would also be placed on Queen and Granville streets, in fact, exclaimed Coun. Hicks, Mr. Campbell was ready and willing to assist in every way possible in giving the town a good lighting system. Moved by Coun. Anderson, seconded by Coun. Burns, that the light committee be given power to sign new contract, and also have several additional lights placed in the town. Carried.

Coun. Hicks, in reporting for the Housing Commission, said he had interviewed Mr. McCoy and that gentlemen would only be too glad to come to Bridgetown any time and explain the workings of the act. Mr. McCoy explained that he thought this would be the last year in which citizens would have the opportunity of taking advantage of the housing scheme, as no doubt the Dominion Government, in their endeavor to economize, would

discontinue the act next year. If citizens wanted to take advantage of the scheme and build their own home they had better get in communication with the Housing Commission at once. Coun. Longmire said that he had heard Mr. McCoy at Annapolis, and while that gentlemen explained the Act still he did not recommend it to the towns.

The question of building a dam in order to save the water supply was brought up by His Worship, and after some discussion it was decided that nothing could be done in the meantime, and the matter was allowed to drop.

The question of bearing share of the expenses of the local Health Clinic was discussed. The work done by the clinic, especially among the school children, was highly praised by the Councillors. It was moved and seconded that the Council give its heartiest support in the work, and asked that more particulars be given the town regarding the possible amount required.

The fire alarm system, which is badly in need of repairs, was brought to the attention of the Council by Coun. Longmire. After going into the matter it was moved by Coun. Gesner, seconded by Coun. Hicks, that the Fire Committee make the necessary repairs. Carried.

Applications for the position of policeman for the town were read. This position combines with it the following: Supt. of Streets, Water Supt., Sanitary Inspector, Tax Collector, and Inspector under the Nova Scotia Temperance Act. The present Chief of Police, James Goldsmith, made application for reappointment at a salary of \$1,200 a year, the town would supply him with a uniform. An application was also received from Boyd Bishop, Digby, salary \$1,000. After considerable discussion over the matter it was moved by Coun. Hicks, seconded by Coun. Anderson, that the Police Committee confer with Chief Goldsmith and find out if he would accept reappointment at a salary of \$1,000 a year, and he to buy his own uniform, and he (Goldsmith) to be subject to the guidance of the Police Committee at all times. If Mr. Goldsmith decided not to accept the position, then the application of Bishop be accepted. Carried.

A more stringent enforcement of the Temperance Act was discussed. It was also noted that according to the law, doctors in the future, will be obliged to use a printed form, which is in the form of an affidavit, and also that a nominal fee of 25c.

is all that can be charged for a prescription. A letter dealing with this matter was received from Rev. H. R. Grant, who claimed that Chief Inspector Knight had power to limit the number of prescriptions issued, which can be brought down to thirty a month, and Mr. Grant assured the Council that Chief Knight would be willing to take any action which all good citizens deemed necessary.

After a few minor matters the Council adjourned.

HAMPTON

Mr. Curtis Foster went to Wolfville on April 3rd for the summer.

To The MONITOR staff and all its readers we wish a joyous Easter.

Mr. and Mrs. Fred Gesner, from Halifax, are visiting her parents, Mr. and Mrs. Henry Allen.

Mr. Simon O'Neal, of Outram, visited his brother, W. H. O'Neal, on the 6th, who is seriously ill.

Mrs. Raymond Cousins arrived from Portland, Me., April 7th, to visit her mother, Mrs. Geo. Gaskill, who is also on the sick list.

Mr. Asa Mitchell, of Holden, Mass., and Mrs. Fitz, of Haverhill, Mass., arrived Friday, March 30th, to visit their father, Mr. Albert Mitchell, who is seriously ill. They returned to their homes April 7th.

On Wednesday morning, April 5th, five moose caused quite an excitement in our quiet village. Two visited the lower end of the village and three the upper end at the same hour. After visiting the wharf and a number of barn yards they took to the woods again.

On Friday, April 7th, at five p.m., the village was shocked to hear of the death of Nettie Mitchell, eldest daughter of Mr. and Mrs. Bernard Mitchell, of this place. Although she had been ill for eleven weeks the end was quite sudden. Nettie was eighteen years of age, and had many friends to mourn her loss.

CENTRAL CLARENCE

Miss Pearl Sprowl spent the first of the week at Lawrencetown.

Blake Conrad spent a few days last week with friends at La Have.

T. B. CLINIC TO-NIGHT

To-night (Wednesday) at eight p.m. there will be a Tuberculosis Clinic in the Clinic Rooms, Bridgetown. A specialist from the Nova Scotia Sanatorium will be present to consult with all the local doctors and examine any cases of early or suspected tuberculosis that wish to avail themselves of the opportunity and seek advice in connection with the care of tuberculosis cases.

THE WOMEN'S INSTITUTE

Lower Granville Branch Were Addressed by Dr. Chisholm of the Health Department

Dr. Chisholm, of the Health Department, Halifax, in company with the Rural Nurse, examined the children of the public school.

In the evening they were both present, and the Doctor addressed the Women's Institute, at the home of Mrs. E. H. Porter's, quite recently.

He opened his address by explaining why the health campaign had been started in Nova Scotia. The physical tests for soldiers showed a very deplorable state of affairs. In Nova Scotia fourteen and a half per cent. of those examined were below the normal; while in nearly all of the provinces of the Dominion were very much smaller, even as low in some provinces as seven per cent.

One hundred and twelve children out of every one thousand die in infancy.

Can disease be controlled? In the South African war five died of typhoid and typhus to one killed in action.

Those diseases were almost unknown during the Great War because we had learned to inoculate. There are now no typhoid epidemics in our town.

Ten years ago yellow fever was so fatal that a northern climate person sickened and probably died in a few days. This disease is now almost unknown.

Ten years ago, 1,000 died in Nova Scotia in one year from tuberculosis. Now the percentage of those dying is only one-half.

The spread of tuberculosis was caused, (1) Children under three years generally contracted this disease while creeping round on the floor, these germs remain dormant until the low state of health gives them opportunity to develop. (2nd) Milk from tubercular cows which may be detected by swollen glands, and tests which are closed. (3rd) A sore from a hurt is often infected. (3rd) By impure water. Care should be taken about location of wells, and the protection of wells from contamination. (4th) Flies. Those bred in manure piles or any warm fermenting substance.

Good diet is the principal preventive. Plenty of pure milk and good water.

Communicable diseases cause one third of the deaths. These diseases are caught mostly by touch. Instead of quarantining the whole household, we now isolate the patient in one room.

The next topic taken up was the ages. Nearly all school houses have about one third through light, but too many small windows. Color of the school room inside should be pale yellow or green, softening up to almost white in the ceiling.

With proper care, and good school house conditions, eyes which are defective, often become normal at maturity. Also normal eyes are often made defective by improper conditions.

More than anything else the health of the child depends on its teeth. One half of the cases of rheumatism are caused by diseased teeth. Tonsils placed at the gateway of the digestive tract act as guards to kill disease germs. Decayed teeth may cause tonsils to become so diseased that they are unable to act as guards any longer.

Insanity is on the increase .03 increased to .04.

Defectives should be sent to schools where they may have the most skillful teaching and care. Such children should not be taught with normal children.

Mr. Creelins, who has been holding evangelistic meetings in the Advent Tabernacle, left for his home in Wisconsin on Friday, the 7th. Much interest was manifested during the meetings and many have accepted Christ.

Mr. Venning Kniffen, of Boston, is visiting his parents, Mr. and Mrs. Stephen Kniffen.

Mr. and Mrs. James Woodbury who have been spending the past year with the latter's parents, Mr. and Mrs. S. Kniffen, left for Annapolis on Tuesday en route to British Columbia.

Miss Violet Bell and friend, of St. John, who have been visiting Mr. and Mrs. Harry Bell, returned to St. John on Friday.

Congratulations to Mr. and Mrs. Lyle Stevens on the arrival of a baby boy, Thursday, the 6th.

B.Y.P.U. will be held Friday by the leader of Group B.

CENTENNIAL CELEBRATION ASSURED

To be Held First Week in September, Beginning Sunday, 3rd---An Elaborate Program To be Arranged---Officers Appointed

A meeting of the committee appointed two weeks ago to make arrangements for the holding of a Centennial celebration in Bridgetown this year was held in the Board of Trade rooms last Friday afternoon. The meeting was called for the purpose of appointing permanent officers and also selecting the different committees.

It was decided to adopt the name "Bridgetown Centennial Association", and the following were the officers appointed:

Honorary President—Hon. O. T. Daniels.

President—Dr. M. E. Armstrong.

Vice-President—Mayor Warren.

Secy.—Treas.—Edmund Stratton.

After the above officers were appointed the question of selecting a date for the holding of the celebration was brought up. After considerable discussion it was moved by Rev. J. H. Freestone, seconded by Mayor Warren, that the celebration be held the first week in September, beginning with special services in all the churches on Sunday, September 3rd, and continuing throughout the week.

The President, Dr. Armstrong, reported that since the last meeting he had received replies from the Nova Scotia Historical Society, the Annapolis Historical Society, and the Archives Department at Ottawa, and each promised to assist in every way possible to make this affair a success. Leaders in the Provincial and Federal Governments would be asked to come and give addresses; in fact it will be an affair in which the citizens will be proud of.

The following committees were appointed:

Finance—C. B. Longmire, H. B. Hicks, J. T. Archibald.

Pageant and Parade—E. A. Hicks, Capt. J. W. Salter, Mayor Warren, John Myers.

Programme—W. H. Maxwell, Rev. W. Underwood, Robbins, Freestone, and A. L. Hiltz.

Historical—Dr. M. E. Armstrong, R. J. Messenger, John H. Hicks, W. D. Lockett.

Advertising and Transportation—Edmund Stratton, O. C. Jones, F. E. Bath, H. B. Hicks.

The first named to act as chairman on each committee.

Another meeting will be held at

WEST ARLINGTON

Mr. William A. Marshall, of Outram, was calling on his friends here one day last week.

Mr. Webb Milbury, of St. Croix, is very busy with his wood saw here, doing up the wood piles for the farmers.

Mr. Herbert Milbury and Mrs. Alice Stark, of Hampton, was visiting at the home of Mrs. Alfred Marshall, on Thursday last.

Mrs. Cora Sanford, of Clarence, and son, Moody, spent Saturday last at the home of Mrs. Alfred Marshall, Mrs. Sanford's mother.

Mr. Sherman Marshall and sister Harriet, were visiting their grandparents, Mr. and Mrs. Burton Marshall, one day last week.

Guests at the home of Mrs. Hattie Watrom last week were Mrs. Jerina Boardley, of Port Lorne, also Mrs. Alice Shark, of St. Croix.

Mr. Clinton Collins, of Hampton, representing the Travelers Life Insurance Co., was calling on his many friends in our village here one day this week.

We see by last week's issue of THE MONITOR that it has changed hands. We wish to extend to the successors of Mr. Dunham a warm welcome and hope to meet them in their office at an early date. We wish them every success in our county.

HISTORICAL SKETCH OF

THE MONITOR'S CAREER

From its Inception, April 10th, 1873, to its Forty-Ninth Anniversary, April 10th, 1922

The Free Press, published by the late A. M. Gidney, ceased publication in the latter part of the year 1872. At this time, having served several years apprenticeship in the above office, Mr. Henry S. Piper had arrived to the position of foreman, and had obtained a practical knowledge of the business, in its various parts. Upon the cessation of the publication of the Press, being thus thrown out of employment, and lacking the capital necessary to establish a new business, he employed his time in getting out small orders for job work, as far as his resources would allow, until, in the following spring, Mr. John E. Sancton, then carrying on a watch-making and jewelry business in this town, bought out the plant of the Free Press and offered Mr. Piper, who then lacked a few months of attaining his majority, a junior partnership, the firm being known as Sancton & Piper. Consequently, on April 10th, 1873, the first number of the "Weekly Monitor" made its appearance. The plant consisted of one hand-press and a limited quantity of type and other requisites. The size of the paper was 2x30. The editing and business management of the paper was conducted by Mr. Sancton, while the practical skill of Mr. Piper was employed in the mechanical department. A small temperance paper called the Alliance Journal was during a portion of this time also published from this office. This arrangement continued in force until the spring of 1879, when Mr. Sancton sold out his interest in the business to Mr. Piper, the former, since his retirement, devoting himself exclusively to his jewelry business, but still retaining a kind and friendly interest in the welfare of the paper with which he was so closely identified in its infancy.

During the interval preceding the dissolution of partnership, the office of publication had been removed to more commodious quarters. During this period of six years, small but inadequate additions had been made to the original plant, the advertising and job work were of limited proportions and the subscription list had been enforced hardly to the number of six hundred names. It was, therefore, a somewhat hazardous venture for a young man to undertake, possessed only of borrowed capital, with untried business capabilities and handicapped by numerous other disadvantages. But, deterred not even by the adverse counsel of many friends, he resolutely faced all difficulties and discouragements, and the remarkable success which the MONITOR achieved under his management, which terminated with his untimely demise, July 28th, 1889, proved how nobly he fought the battle, and attained the reward of his ambition. Under his efficient control, during which he assumed the entire management, including, after the lapse of a few months, all editorial duties as well, the circulation of the paper more than doubled itself; the advertising and jobbing department expanded in a notable degree; the old hand-press was replaced by a first class cylinder power press; the addition of two job presses, also first class machines, and supplementary fonts of job type contributed much to the efficiency of that department; he introduced an entire new face of type; a paper-cutter and many other requisites were added, and finally when the town was furnished with a system of waterworks, an acquisition which was largely the result of the influence and strong advocacy of the MONITOR, a water motor of seven horse power replaced the hot air engine which had previously furnished the motive power, thus completing one of the best equipped printing establishments in the province.

In December, 1880, the year after assuming proprietorship, Mr. Piper had purchased the so-called Bennett building, then owned by Mrs. Elizabeth Hazen, and having somewhat remodelled it to suit his purpose had removed thereto, this office continuing up to the present day the home of the MONITOR.

The extraordinary success which thus attended the MONITOR'S career, is doubtless attributable, no less than to his promoter's assiduous and indefatigable exertions, to his keen and careful supervision of all matter admitted to its columns, and the high standard he ever aimed to reach, advancing to his utmost all projects tending to forward the interests of his town and county or the well-being of his fellow-men, and vigorously protesting against injustice, partisanship or any form of wrong.

It was at this point, in his career, when in the full prime of his manhood, when his journalistic abilities were becoming widely recognized, and the influence of the MONITOR more and more extended, when the goal of his ambition and his most cherished hopes would appear to have reached their fulfillment, that his earthly race was ended, and "Death gave life's work its crown and honor." His labors here were ended, but who shall say his toilsome efforts and his earth-learned skill were futile and of no avail? May they not have conduced to further his advancement toward that higher goal to which our immortal longings are ever directed. "For, what has heaven finer than the force That lifts to noble aims noble soul And holds it to its end with steadfast will?"

A critical period in the existence of the MONITOR had now arrived. Would its useful career terminate with the decease of its lamented proprietor? Should it be yielded up to partisan enthusiasts who had long gazed upon it with covetous eyes, to surrender up the sterling independence and unwavering loyalty to purpose that characterized it so long had won for it the approval and commendation of its host of supporters? Or, should it still pursue the even tenor of its way, and unmoored by political jealousies or designing factions continue on in that unbroken line of conduct, which its originator had so zealously and steadfastly adhered to? These questions were unhesitatingly answered by the wife of the late proprietor, who, having shared to some extent the tasks and duties that had occupied her husband, and having enjoyed his fullest confidence and participated in his hopes and aspirations, determined to assume the duties and responsibilities that he had laid down and to continue the publication of the MONITOR upon the same independent basis and free and untrammelled policy which it had so successfully sustained in the past. Without delay, the services of W. A. Calnek, a writer of well-known and esteemed literary repute, were secured as editor; and though he officiated in this capacity but a few months, his connection with the MONITOR was not entirely severed until his death, which occurred about two years later. In addition to Mr. Calnek's valuable assistance, the proprietor had also the good fortune to secure the services of Mr. R. S. McCormick, a man of practical knowledge in all departments of newspaper work, and a wide and varied experience in the printing business, his capacity as manager of the MONITOR. To his zealous and unremitting efforts are chiefly due the unimpeded prosperity and popularity which have attended the MONITOR'S continued growth and progress. On the tenth day of February, 1913, Miss K. Piper sold the present plant, including building, machinery, etc., to a company known later as The Monitor Publishing Co., Ltd., of which O. T. Daniels was President, and B. W. Roscoe Secretary. They continued publishing the paper until 1917, when it was leased to Mr. Oakes S. Dunham, who ran the paper up to the time of his death in February, 1922. The paper was enlarged and improved under Mr. Dunham's management, and the circulation was increased considerably. After Mr. Dunham's death the paper was run by his daughter, Mrs. Muriel Innes, and on March 27th was taken over by the present lessees, Frank H. Beattie and Edmund Stratton.

The advertising and jobbing departments are manifestly and rapidly increasing in growth and efficiency, and the frequent commendatory comments and other marks of approval of more substantial nature with which it is our good fortune to be favored are most gratifying and encouraging tokens of our success.

Now must we fall to acknowledge our indebtedness to our local correspondents, whose valued services have contributed so much to the system by which we are enabled to place before our readers a resume of all matters of local interest transpiring weekly in the various portions of the country—a feature which we are convinced has materially advanced the MONITOR'S popularity.

Feeling amply rewarded by the substantial encouragement which has stimulated our endeavors, we desire to extend to our patrons and friends our most cordial thanks and to assure them that it shall be the present lessees' ambition in the future to win their approbation, so far as our efforts shall be in accordance with the highest and best interests of our town and country and the trust welfare of our fellow-beings.

Mrs. Solomon Wentzell is in Victory, called there by the illness of her mother. Mr. Lester Hevey, of Victory, on his way to Maitland, called on friends here Wednesday. Mr. Austin Nass and Mrs. Adelbert Fancie made a business trip to Clementsville Thursday.

Mrs. Austin Weir visited her aunt, Mrs. Judson Longmire, in Hillsburn, very recently. Mrs. Willard Anderson visited her sister, Mrs. Lewis Hudson, of Lake Brook, the 28th. Quite a large number of our people attended the B.Y.P.U. in Hillsburn Friday evening.

Mr. and Mrs. Bernard Hudson are receiving congratulations on the birth of a son, the 26th. Mrs. Clifford Rice and baby, of Granville Ferry, were the guests of her mother last week. Mr. Harry Longmire, of Hillsburn, was the guest of his parents, Mr. and Mrs. David Milner very recently. Mrs. Alvin William and baby were the guests of her parents, Mr. and Mrs. Manasseh Weir, this week. They returned to their home in Annapolis Royal Thursday.

It begins to look like spring and the men folk have their wood piles all sawed for the coming season, and several of them are getting lobster traps ready for fishing. Preaching service were held last Sunday in the Methodist Church on Sunday at 2:45 o'clock by the Rev. H. Patterson, also in the Baptist Church at seven o'clock by the Rev. Percy Hamilton. Mrs. Sarah Gregory, a resident of Young's Cove, died at the home of her daughter, Mrs. Chas. Amernan, of Littlefield, Mrs. Gregory being an invalid of late, went to the home of her daughter to be cared for and on the 22nd she passed away. She was the widow of the late Joseph Gregory. The remains were interred in Parker's Cove cemetery. She leaves a grown up family to mourn their loss. The services were conducted by the Rev. Percy Hamilton, Baptist.

Mr. Charles O. Healy, Outram, spent April 2nd at the home of I. J. Fritz's. Mr. and Mrs. Hoyt Slocomb started for the United States on Tuesday, March 28th. Mr. Clyde Carter, Halifax, is spending a few days at the home of A. W. Slocomb's. Mr. Otta Marshall, Outram, spent April 2nd, the guest at the home of S. A. Barteaux.

Mrs. Gerald Hines and baby, Mary Elizabeth, are spending a few days, the guests of her parents, Outram. Mr. B. M. Armstrong purchased a very fine horse Friday, March 21st, from Mr. Charlie Goucher, Brickton. Mr. John Banks, of Port Lorne, passed through here on April 1st on his way to his sister's, Mrs. Melbourne Slocomb's, of Brooklyn. Mrs. Frank Mosher entertained a few of her friends on March 30th, it being her 50th birthday. They all report a good time and believed in the old saying, "We won't go Home Till Morning."

We are sorry to report that Archie A. Pierce, of this place, while working in a hay press at Stuart Elliott's, Clarence, on Tuesday, March 28th, met with a very serious accident when his clothing was caught in the cog-wheel and was drawn down, severing the four fingers of his right hand and severely injuring throat and neck. Drs. L. R. Morse, Vernon Morse and Whitney are in attendance. Much sympathy is felt in our community for Archie, and everyone is enquiring about him and they are all hoping for a speedy recovery.

The best remedy known for Asthma is RAYBACH, for Rheumatism, etc., is T.R.Cs. Both are sold and guaranteed by reliable druggists everywhere. Ask S. N. Weare.

Mr. B. C. Goodwin went to Yarmouth last week on a business trip. Mrs. W. E. Bam and Miss Genie Troop spent Friday with friends in Bridgetown. Mr. and Mrs. Roy Bent spent Sunday at Tupperville with Mr. and Mrs. F. W. Inglis.

Quite a number from here attended the funeral of the late Mrs. Charles Troop, of Granville Ferry. Major Stahllein, of Church Point, Digby County, spent a few days last week with Ch. A. C. Willett. Mrs. Will Young, who is visiting her sister, Mrs. Walter Troop, Granville Ferry, called on friends here on Friday. Mrs. Archie F. Troop and little daughter, Helen, were recent guests of Mr. and Mrs. George Anthony, Goat Island.

Miss Flossie Kearns, principal of Victoria Beach school, spent Sunday with her parents, Mr. and Mrs. Douglas Kearns. Mr. and Mrs. Alex. Fraser and Mr. Borden Fraser spent Sunday at Granville Ferry, the guests of Capt. and Mrs. Clayton Collins.

We regret to report that Mr. and Mrs. Douglas Karnes and family are leaving the community and moving to Granville Centre. Mr. and Mrs. Alex. Fraser and son, Borden, were guests Sunday last of Capt. and Mrs. C. W. Collins, Granville Ferry. We are glad to see Mr. Fraser out again after his recent accident.

Mrs. William Oelkie is visiting friends in Greenland. We understand Mr. Lester Hevey has purchased a fine colt. Mr. Lemuel Hevey has returned home from working at Round Lake. Mr. Cleveland Jefferson was the Sunday guest of Mr. Stannage Currell, March 26th. We are glad to report that Miss Ruby Waterman has recovered from a recent illness. Mr. Walter Gehue was the Sunday guest of Mr. and Mrs. George Rosenkrantz, March 26th. Mr. and Mrs. Charlie Kaulback have moved in their new home which they recently purchased. Miss Eva Darres has returned home from her visit in Bear River, being the guest of her sister. Miss Carrie Milner has gone to St. Stephen, where she is now employed in the candy factory.

Mr. John Simpson was the Tuesday (March 28th) guest of her daughter, Mrs. Ralph Potter, Clementsville. We are glad to report that Mr. Geo. Rosenkrantz has recovered from a recent illness caused by falling on the ice. We are very sorry to report Mrs. Jubal Kaulback on the sick list, suffering from a severe attack of paralysis. We are sorry to hear that Mr. Geo. Darves has been sick. He is employed at present in the clothespin factory, Carleton. The thunderstorm of Tuesday evening (March 28th) brought us a "hail" cold "snap", which makes us think that spring is not quite here. We are glad to report that Mr. Willard Rosenkrantz has recovered from a recent illness which confined him to the house for several days.

Mr. W. H. Williams is at the Infirmary, Halifax. Mrs. Wm. Bancroft has returned from a visit at Truro. Mr. John Holiday left Thursday for the Canadian West. Mr. Howard Milner has returned from a visit in Halifax. Mr. C. B. Foster is building a beautiful verandah for Mr. F. Lugar. Mr. W. H. Whitman spent a few days at Kentville and Halifax last week. Edward Barteaux, of Deep Brook, was in this place last week surveying wood land. Mrs. W. H. Williams left on Saturday last for Kentville to visit her daughter, Mrs. L. B. Dodge. Mr. Beverley Robinson and friend, of Yarmouth, visited his mother, Mrs. (Capt.) Wm. Willett, recently. Mrs. I. C. Whitman spent several days last week with her parents, Mr. and Mrs. George Barteaux, Sr., Moschelle. Mr. E. J. Jefferson who has been spending the winter at Moschelle, spent his birthday, March 24th, with his father, Mr. Wm. Jefferson.

Dr. Maynard Brown, of Port George, was calling on the people in this place on Monday, 26th. Mr. and Mrs. Avaril L. Slocomb and Mr. Will Marshall left on Tuesday, 28th, for the United States. We are very sorry to hear of the illness of an old neighbor and friend, Mr. William O'Neal, Hampton. We hope to soon hear that he is better. Pleased to see Mr. John Graves, Frank Graves and Mr. Albert Marshall, Port Lorne, and Mrs. G. B. Hines, Mr. Hanley, in our audience on Sunday morning, 28th. Mr. and Mrs. Alfred Healy spent Friday the 24th, guests of the former's sister, Mrs. Elitha Risterson, Hampton. Risterson, of Hampton, were the overnight guests at Alf Healy's on the 27th. Mr. Ralph O'Neal and Mr. Fred Weare were shocked on Tuesday, 28th, to learn of the almost fatal accident that happened to Archie Pierce, of Mr. Hanley, who was working on a hay press at Clarence. Our hearts were saddened, but we are glad to hear that he is a little better and hope to soon hear that he is recovering. Great sympathy is felt for the family.

Mrs. Julia Young was visiting old friends here on Friday last. Mrs. Maria Gesner was a recent guest at her old home here. Mr. H. H. Wade has opened up a store in our midst. We wish him every success. Mr. Joseph Bent had the misfortune to injure his hand while working on the sawing machine. Miss Flossie Kearns, principal of Port Wade, spent the week-end with her parents, Mr. and Mrs. J. D. Karnes. We regret to report that Mr. and Mrs. Douglas Karnes and family are leaving the community and moving to Granville Centre. Mr. and Mrs. Alex. Fraser and son, Borden, were guests Sunday last of Capt. and Mrs. C. W. Collins, Granville Ferry. We are glad to see Mr. Fraser out again after his recent accident.

BOUNTY ON PORCUPINES TO SAVE THE TREES

Editor MONITOR:

On account of the large amount of damage being done in the woods by porcupines, I will personally pay a bounty of ten cents each for every porcupine killed during the month of April, 1922, anywhere within the Province of Nova Scotia. By actual count it has been found that a porcupine will destroy about one hundred fully grown trees in a winter, so that the total loss from this animal runs into very large figures. Every fully grown tree that is saved is worth more for present needs than one hundred seedlings planted, though both are urgently needed.

No bounty will be paid after May 1st, on account of the added fire risk caused by having hunters in the woods after that date.

An extra cash bonus of one hundred dollars will be paid at the end of April to the one who actually kills the largest number during the month. In the event that two contestants should kill exactly the same number the bonus will be paid to the one who sends in the largest returns early in the month before the female reproduces.

All that will be necessary will be to cut off the snouts and forward same by parcel post or express to me at Annapolis Royal, Nova Scotia, stating location where porcupines were killed and giving name and address of the sender, and a check for the bounty will be forwarded by return mail. As porcupines are quite plentiful in many parts of Nova Scotia, hunters and a large number of the unemployed should make good wages out of this county and be at the same time saving their own or their neighbors' trees from destruction.

Porcupines cannot throw their quills, this is simply an old superstition, you have to come in actual contact with the animal before it can shed its quills. They are comparatively tame and can often be killed with a stick.

I intend renewing this offer in the fall after snow comes again.

FRANK J. D. BARNJUM,
Annapolis Royal, N. S., April 3, 1922.

A COMING EVENT

To the Editor of THE MONITOR:

Will you kindly allow me to inform the public through your columns that the Historical Association of Annapolis Royal will hold its next quarterly meeting in King's Theatre on Tuesday evening, May 9th, and that Dr. J. Clarence Webster, of Shediac, N. B., will be present and give a lecture, illustrated by lantern slides, on General Wolfe, the hero of Louisbourg and Quebec. Dr. Webster's lecture will embrace the whole career of James Wolfe—his early life, his activities as an officer in the Continental Wars in England and Scotland and in Canada. The slides used for the lecture, and which will be shown with Mr. King's powerful lantern, have been made chiefly from prints, &c., in Dr. Webster's possession, and fully illustrate the various phases of Wolfe's career. All the important sketches and paintings made of him, and the death scene at Quebec, are included. The important soldiers, sailors and statesmen who were associated with him will also be demonstrated, especially those who had to do with Nova Scotia.

Dr. Webster is the first to have got together such a collection for public exhibition, and we are fortunate indeed to secure an opportunity of seeing it here.

Ten cents admission will be charged, merely to cover the expenses, and which is hoped that everyone within reasonable distance of Annapolis will attend.

Note the date—Tuesday, May 9th, at eight p. m.

L. M. FORTIER,
Annapolis Royal, April 3rd, 1922.

PARADISE

Mr. K. M. Brooks and his mother are visiting friends and relatives in Massachusetts.

A sale of ice cream, candy, and cake, was held in Longley's Hall on Friday evening, March 31st. Proceeds for the fund for helping the Armenian orphans. A brief entertainment was given before the sale, and an admission fee of ten cents was charged. The program was as follows:

Selection—By Paradise Male Quartet. Recitation—Miss Leone Banks.

Duet—Miss Marion Bishop, Miss Bessie Durling.

Dialogues—"Love in the Kitchen", Mr. and Mrs. E. G. Morse.

Reading—Miss Leone Banks.

Solo—Miss Marion Bishop.

God Save the King.

The evening was in charge of Mrs. W. S. Smith's Sunday School class of Junior girls, who certainly deserve much praise for their success. Proceeds for the evening amounted to \$20.00.

BEAR RIVER GIRL TRIED TO COMMIT SUICIDE IN BOSTON

Rhoda Jack, a twenty-eight year old stenographer, attempted to end her own life at Boston by taking poison, because, according to relatives, she felt that she must refuse to marry Rev. George Neelans, of Indiana, Penna., because she believed that she was a victim of tuberculosis.

The girl, a native of Bear River, N.S., was taken to Boston by a relative, Mrs. James Parker, of the Dorchester district. Mrs. Parker said Mr. Neelans was a minister of the Greater Boston, and wished to marry Miss Jack, but that she refused because she believed she had inherited consumption from her parents and might give it to her children.

Miss Jack went to the roof of the Franklin Square House, where she lived, and drank a vial of poison. She then entered the laundry and told the nurses what she had done. She was taken to a hospital where it was said that she would probably recover.

An Ex-Service Man Tells How His Wife Found New Health

"I wish to testify," says Mr. R. A. F. Hughes, of Hamilton, Ont., "as to the efficiency of your Dr. Williams' Pink Pills for the following reasons: "When I returned home in May, 1919, after nearly five years' absence on army service, my wife had changed from a healthy, robust woman, to one whose life was a burden and ordinary duties almost impossible. Through war worries, loneliness and other factors contributed through my unavoidable absence, her health had been steadily undergoing what I might describe as an undermining process, for years.

"I was fully aware from her letters that I would not find her the same woman, but, when I reached home, I was terribly shocked to find her in the condition she was in. Her healthy color had changed. She seemed bloodless and her skin was sallow. She was weak and listless, and with difficulty moved about the house. She hardly ever moved out of the house as she became so short of breath and feared she would fall during one of her dizzy spells, which she said were becoming more frequent.

"The day I arrived home I visited our doctor, who is an old friend, and, later through his advice, consulted with another physician of this city. Everything was done that could be done, and many medicines were prescribed and faithfully taken. As these were of no avail I trusted that if one alone would suffice to build up what had gradually been undone in the course of five years. After twelve months, conditions had become worse. Then I decided on change of air, gave up my position in the city and moved to the country. Even this did not do any good. I think it added to her depression.

"One day a friend visited us and as a result of their conversation my wife made up her mind to try Dr. Williams' Pink Pills.

"I had not much faith in what I did, but procured three boxes. This happened nine months ago. I was surprised to hear my wife say, after about the tenth day, 'I believe these pills are doing me good.' A week or so after that I certainly believed they were, for I saw color returning to her cheeks and the sallow, unhealthy color disappearing. The pills were certainly doing what you claim they will do, and of her own free will she continued them for about three months. At the end of this time she seemed quite a different woman. Life was worth living. The listlessness had gone and she could walk up the steep hill, which is half a mile long, leading to our house, without the slightest inconvenience. At this stage she discontinued the pills and she is just as well now as ever she was.

"Now, sir, I want to say I have every faith in Dr. Williams' Pink Pills, as I have had proof, and I believe that what this medicine did for my wife, it can do for others."

You can get Dr. Williams' Pink Pills from any medicine dealer, or by mail, at 50 cents a box, or six boxes for \$2.50, from The Dr. Williams' Medicine Co., Brockville, Ont.

DEEP BROOK

Mrs. Frank Ruggles returned from Digby Monday.

Miss Pauline Spurr is home from Edgell for a few days.

Mrs. Norman Sullis arrived Thursday from Boston accompanied by her little grandson, Warren Walker.

Mrs. J. D. Spurr has returned home from Annapolis Royal, where she spent several weeks with her daughter, Mrs. Warren L. Harris.

MAN AND SON ARE DROWNED IN C. B.

Thursday afternoon John MacDonald, of East Mabou, Inverness Co., and his son, nine-years old, were drowned in front of their home. The father and son were on the river in a small boat setting a fish net. The boat overturned, throwing them into the water. A young daughter on the shore tried to render aid, but was well and favorably known as a railway builder.

GRADUATING CLASS AT NURSES' HOME

The exercises for the 1922 graduation class took place at the Nurses' Home, Yarmouth, on Monday, the 27th inst. G. P. Baker acting as chairman. After a musical selection by Mrs. Carolyn Ross, one of the graduating class, and a vocal solo by Miss Atkinson, addresses to the graduating class were given by Dr. Parish and Miss Watson, after which the diplomas from the Providence City Hospital, the Providence Lying-in Hospital and the Yarmouth Hospital with the pin from the training school of the Yarmouth Hospital were presented. Certificates from the Victoria Order will later on be presented to the members of the class who serve two months with that organization.

Two nurses have already given service. Refreshments were served and dancing indulged in, music being furnished by the Pathophone. The graduates for 1922 were:

Miss Ethel Adams, Mrs. Jessie Barton Harding, Miss Grace Harding, Yarmouth; Mrs. Carolyn Ross, Digby; Miss Eliza Simpson, Douglastown, N. B.; Mrs. Hilda Stephens, Bridgetown; Miss Georgie McDonald, Halifax, and Miss Winnifred Trefry, of Avonport.

Mrs. J. F. Stephens, of Bridgetown, mother of Miss Hilda Stephens, was present at the exercises and is spending a few days in town.

FIRE SWEEPS AMHERST BLOCK

Butcher Shop and Grocery Store are Badly Gutted.

R. B. Fisher's butcher shop in the Hagen Block on Church Street, Amherst, was completely gutted by fire that broke out shortly after midnight, Wednesday, in the rear of the building. The stock was uninsured. H. Downey & Company's grocery store, in the same block, suffered considerable damage to stock through smoke and water.

There is no explanation offered regarding the origin of the fire which had gained much headway before it was discovered by young men who rung in the alarm. The whole fire department was called out and they succeeded in confining the blaze to the one apartment.

The Hagen Block is one of the best buildings in the town. It was erected seven years ago, is constructed of brick and was little damaged. Other tenants on the ground floor are McEachern and Scraghan, plumbers, and the local office of the Employment Service of Canada. The second floor is unoccupied. The building stands directly opposite the former site of the Lusby building which was totally destroyed by fire two weeks ago.

SISTER BELIEVES SMALL IS ALIVE

SMALL IS ALIVE

Mrs. T. E. Sterling, sister of A. J. Small, the missing Toronto theatrical millionaire, was interviewed at Hamilton, Ont., last week. She says she has a clue that will lead to the solution of the Small mystery and thinks she will win the reward of \$50,000.

"Do you think Mr. Small is dead?" Mrs. Sterling was asked.

"Dead?" she replied. "Oh, no, he's not dead. He's in Toronto, doped and unable to reveal his whereabouts. You know Toronto is a large place and it would not be difficult to hide anybody there. I have a clue all right, but it's got to be kept mum until the whole thing's out and then everybody will know. If I said anything now they could easily move him and then we would not be able to find him at all."

Mrs. Sterling charged that Small had been betrayed by his supposed friends. "It was no stranger that did the trick, but friends."

MARRIED THIRTEEN. HE GOES TO PRISON

Isalah Moore, self-confessed spouse of thirteen wives, was sentenced to serve from two to fourteen years in the state prison a few days ago at Indianapolis on a charge of embezzlement and was fined \$1,000 and costs and disfranchised for five years.

Moore is said to have confessed to having at least thirteen wives and also was sentenced to serve from two to five years in the state prison on a charge of bigamy.

According to the police, he is said to have obtained more than \$2,700 from his wives. In each case after he had been wedded a week he disappeared.

LOCAL DEATH ROLL

W. L. SAUNDERS

W. L. Saunders, Vice-President of the firm of N. H. Phinney & Company, died at his home at Bridgewater Sunday afternoon after an illness of six months. He had undergone two serious operations and it was thought that he was progressing well toward recovery.

Mr. Saunders was born at Lake Pleasant, Annapolis County, July 18th, 1865, and moved to Bridgewater thirty years ago. During this period he has conducted the business of the firm with which he was connected at the time of his death. He had been with the firm for thirty-one years.

Mr. Saunders leaves a widow, formerly Miss Margaret Morrison, Cape Breton, and seven children. They are: Hilda and Lulu, Bridgewater; Vance, South Shore representative of the N. H. Phinney company; Mrs. Warren, Shannavon, Saskatchewan; Laurie, McNair, Lake Pleasant, Annapolis County. Two sisters also survive, Mrs. Albert Grimm, Springfield, and Mrs. Milledge Charlton, Lake Pleasant. A brother, Spurgeon, lives at Intervale, New Hampshire. Another brother, I. B. Saunders, died a month ago.

He was a Mason and Oddfellow. Funeral took place yesterday afternoon.

CAPTAIN ROBERT B. MCKAY

Capt. Robert B. McKay, of Sandy Cove, Digby County, died in New York on March 25th, after a short illness, aged forty-nine years. He spent several years on the Pacific coast as master and pilot, and made his home in Seattle. About two years ago he came to New York and made a voyage to England, afterwards returning to the home of his childhood—Sandy Cove. While a resident of the United States he became naturalized and during the war was made a lieutenant-commander in the American navy. He remained in Sandy Cove until about two and a half months ago when he returned to New York on a business trip, expecting to be back in a few weeks, but was taken sick there and passed away. He leaves three brothers, Capt. Archibald, in Seattle; Capt. Walter, in New York, and Edward, at home.

MRS. SUSAN J. POWER

Mrs. Susan J. Power passed away after a brief illness at the home of her eldest son, Murdoch Power, at Chicago, Ill., March 13th, 1922, in her ninety-third year. She was a daughter of John Murdoch, of Bridgetown, N.S., and was married to John Power, of Aylestord, in 1852. They shortly afterwards moved to his farm in Canada, Kings County, where they remained until his death in 1878. She finally went to the States to make her home with her sons. The younger son, James, died in 1909. She leaves one son, J. Murdoch; one grandson, William Bill Power, of Whitman, Mass.; two great grandsons and one sister, Mrs. J. W. Sheldon, of Medford, Mass. For more than eighty years deceased was identified with the church, either the M. E. or Presbyterian, and a constant attendant.

MRS. SARAH GREGORY

Mrs. Sarah Gregory, an old resident of Young's Cove, Annapolis County, died at the home of her daughter, Mrs. Charles Amberman, at Litchfield, a few days ago. She was the widow of Joseph Gregory, and leaves a grown-up family.

HER LONG LOST BOY IN CANADA

After a search nearly twenty-five years Mrs. Louise F. LeSueur, Boston, Mass., has located her son, Everett, whom, when he was three years old, she placed in a home for children, from which he was taken for adoption by a family from Canada.

Her quest ended this week when she received a communication from the chief of the Royal Canadian Mounted Police at Lansdowne Park, Ottawa, to the effect that the "boy," now a grown man and a member of the force, is attached to his staff and at present on a trip into the northern wilderness.

For many years the boy and his mother had been searching for each other without success. In his wanderings the son met an uncle, who was employed in the Fore River Shipbuilding Company's plant at Quincy, Mass. He told the uncle of his plan to join the mounted police. Recently the uncle met the boy's mother and in this way she heard of his present whereabouts.

HOW STANDS OUR OWN COMMUNITY?

The new census shows a great growth in population in the towns and cities.

We know from the bank statistics and from many other sources that Canada has grown tremendously in wealth. The people have more savings deposits, more life insurance, more life insurance and more of everything that shows solid material wealth.

Our cities and towns are growing at a rapid rate, so far as population and wealth are concerned. Is that the only way a town should grow?

Should it not grow in beauty, in the things that make life more worth living, in facilities for recreation, in social activities, in those things which uplift the spirit, and especially should it not grow in the promotion of health and the reduction of the death rate?

The spirit of Canada is not alone for bigger things and more things, but it is especially for better things. That really is "the great unrest." The people want better things, better living and growing conditions. They are not satisfied merely to see their town grow in population and business. They want it to grow also in those things which make life more pleasant and more free from sickness and from distress caused by loss of employment through disease and epidemic as well.

Everywhere there is a demand for better living conditions. People are reaching out for them, blindly in most cases, because they do not know just what to do to get them. Many do not realize that they can produce these conditions for themselves, if they only work together to get them. Any town or city can be beautiful and beautiful and a desirable place to live in, if its citizens will pull together to make it so.

There is no need to make a commotion, to tear things to pieces, to set one portion of the community against another. What is needed is co-operation and unity of effort on the part of all in the following of some particular and practical plan. Then the thing is done.

This plan exists. It has been worked with great success for a number of years in many Canadian towns, and it can be worked in Bridgetown very successfully. Every town where it has been tried is a better, more beautiful and a pleasanter town to live in because of it.

This plan which literally transforms towns is a Clean-Up and Paint-Up campaign, which is nation wide in its scope and which this year is doing its work in thousands of cities and towns in Canada. It cleans the streets, cleans the alleys, cleans the back yards and basements, cuts the weeds and carts away the cans and refuse from vacant lots, fills up or drains stagnant ponds, cleans away the refuse heaps where the deadly fly breeds and the people where the malaria mosquito propagates, makes neat, plants and trims shade trees, and paints up everything in nature's colorings, grass, shrubs, flowers and trees, and with the painter's brush to keep things clean and attractive.

This creates more sanitary and beautiful conditions, reduces sickness and loss of employment, adds to the joy of life because of more beautiful surroundings, increases the value of property, reduces fire losses and insurance premiums, creates new pride in the city and a new civic enterprise, and imparts to both old and young new interest and activity in all municipal affairs.

What catalog of results and yet a truthful one.

We did wonderful things in the war, wonderful as a Dominion, as a nation, and specially wonderful in the spirit and deeds of our soldiers. Probably our Dominion has now more vigor and initiative and creative power among its people than ever before, and we look upward. Now let us turn this great force into making living conditions better throughout the land, in making life pleasanter and freer from sickness and sorrow.

If we put into this effort half the zeal and determination, but half the patriotic spirit that we devoted to making the world a "fit place to live

in", we shall soon have the most beautiful town in the world.

We ought to have it. We have the intelligence, the appreciation for good things. All we need is the spirit, the ability to work to get her democratically and loyally for the common good. With this spirit a "Clean-Up and Paint-Up" campaign can be made a wonderful success, the town can be made more beautiful and prosperous, the amount of sickness and the death rate can be appreciably reduced and every one can be happier in the fuller enjoyment of his life, his work and his play.

As you all know, the schools are dependent for their buildings, for their equipment, for their teaching staff, for every small outlay of money, upon the taxes paid by the community. The prosperity and fitness of the schools depend upon the size of those taxes.

Now, as you all know, the amount of the taxes depend upon the wealth of the community and to a large extent, that wealth depends upon the amount of money that is spent in the community.

After all, the town looter has his purpose just as the drone serves a purpose in the hive. He shows up to a greater advantage the work that the others are doing and thus encourages them to keep on.

Spend your money at home, the merchant puts it into merchandise that is taxable and that helps support the school, the laborer invests it in a home and in his turn his taxed. It is on the taxes that the school depends.

Spend your money away from home and it is gone for good. Some merchant you do not know is benefited; some other community's wealth is increased; some other high school can have new and better equipment.

Where is the advantage in that?

EDITORIAL NOTES

"Be right about what you write about"—that is one large daily newspaper's motto, and it would be the best thing that ever happened to this country if every newspaper adopted it and lived up to it. A great many newspaper reporters, in their eagerness to secure news, are not careful to run down the detail and see that their stories are correct in every particular. They quote people as saying the things they have never thought; they give them relatives that were never born. Many times people dream for a life time of breaking into print, but oft times when they do their own friends do not recognize them. The press indeed has a wonderful mission and usually fulfills it in a wonderful way, but occasionally it slips up woefully.

The committee in charge of a Centennial celebration to be held in Bridgetown early in September are already making preparations for this great event. Considerable work will have to be done, and we believe that the citizens will unite in making this affair a great success, and may it be the means of bringing back to this beautiful county of ours sons and daughters who have taken up their abode in other parts of the country.

The betrayer of Edith Cavell has been sentenced to death. In his case the wheels of justice have moved slowly, but he must die for his crime. The murder of Miss Cavell was one of Germany's foulest deeds. It staggered the civilized world.

WILL CUT MONTREAL LONGSHOREMEN'S PAY

A drop of ten cents an hour for longshoremen is shown in the schedule of wages drawn up to become effective as soon as navigation reopens in Montreal.

Wages will be fifty cents an hour for day and sixty cents for night work with double time Sundays and for working in coal hours.

LOCAL DEATH ROLL

MRS. EVA FOSTER
Mrs. Eva Foster, daughter of the late Mr. and Mrs. M. D. Pride, the founder of the Amherst Boot & Shoe Factory, was found dead in her bed at Amherst Saturday morning. Mrs. Foster has been suffering from heart trouble for a number of years and death was due to this cause. She recently returned from an extended trip to Europe. She is survived by one son, Archie, and a daughter, Mrs. Frank Scott, who two years ago was overseas with a provincial newspaper party. Two brothers also survive her, William, in Amherst, and Harry, in Western Canada.

Mrs. Foster was a sister-in-law of Mr. and Mrs. D. A. Foster, Bridgetown.

MISS NETTIE MITCHELL

The death of Miss Nettie Mitchell, the eighteen year old daughter of Mr. and Mrs. Bernard Mitchell, Hampton, occurred last Friday evening, death being due to tuberculosis. The deceased was very popular in the district and her death, while not unexpected, came as a surprise to her many friends. She was an esteemed member of the Flashlight Division, S. of T., who attended the funeral in a body. Miss Mitchell leaves to mourn their loss, a father and mother and two sisters, Harris and Edna, and one brother, Frank, all living at home. The funeral was held Sunday afternoon and was largely attended, the Rev. Mr. Dickson, of Port Lorne, officiating. To the bereaved THE MONITOR extends sympathy.

GRAND C. G. I. T. RALLY

A Grand Rally of the six C.G.I.T. groups of the town was held in the Baptist vestry Friday evening, March 31st, it being the occasion of the third annual meeting of the C.G.I.T. Miss Mary Allison, Girls' Work Secretary for the Maritime Provinces.

Upwards of one hundred girls were present and the fine enthusiasm displayed by them speaks well for the work in which Miss Allison is engaged.

The President of the Steadance group occupied the chair. Space will not permit us to enter into all the details but mention must be made of the Mock Business Meeting—the demonstration of which was given by some sixteen juniors. The splendid manner in which this was carried out would put to shame many business meetings of the older folk. Miss Allison's address on the "Ideals of a C.G.I.T." was the feature of the evening, and was received with much applause.

A Rally, which will not soon be forgotten by any girl present, was brought to a close by a half hour of games and singing.

BRIDGETOWN ECLECTIC SOCIETY

The first regular meeting of the above Society was held in the Board of Trade room on Monday evening, when Rev. J. H. Freestone gave a most interesting paper on the "History of Political Economy".

The speaker dealt extensively with his subject, tracing the history of political economy from the time of the early Greeks to the present historical school.

Several matters of interest were discussed, the by-laws of the Society being formally adopted. It is very gratifying to note the enthusiasm which prevailed at this meeting, and the willingness of the various members and their evident desire to co-operate are most encouraging signs for the future of the organization.

Thirty-three people having expressed their desire to become members, this number was finally decided upon as constituting the total membership. Miss Robbins, who is visiting her brother, the Rev. C. W. Robbins, kindly consented to speak on "Canadian Writers" at the next meeting of the Society, to be held on Monday, May 8th, at 7.30 p.m.

PRINCEPALE

Miss Elsie Dondale is teaching school in Power Lot. Mrs. Millicent Wright is spending a few days in Greywood.

Mr. and Mrs. Wm. McCormick, of Bear River, spent Wednesday at Mrs. Eustace Wright's.

Mr. Harvey Munro, from Boston, is the guest of his sister, Mrs. C. T. Harris, for a few weeks.

BAPTIST NOTES

Last Thursday the Philathea Class of the Bridgetown Baptist Church School held an evening with Canadian Literature. The program was as follows:

Chorus—"O Canada"
Readings from Pauline E. Johnson and Bernard Trotter, by Mrs. W. A. Warren.

Solo—"Canada Ever", Miss Flora Cole
Address—"Canada Writers", Miss B. G. Robbins.

Solo—"I Love You Canada", Miss Ethel Harding.

Readings, from Bliss Carmen, by Mrs. Kenneth Hilsley.

Readings, from Charles G. D. Roberts and Jean Blunt, by Mrs. J. W. Peters.

God Save the King.

A devotional service will be held each evening of this week. The subject to-night (Wednesday) will be: "The Seventh Word From The Cross". Thursday evening the scenes at the Last Supper will be considered and Friday evening (Good Friday) the scenes at Calvary will be the subject of meditation. Easter Sunday (April 16th), the choir will render special music morning and evening. The message in the morning will be on "The Resurrection Hope" and in the evening "Her Easter Choice" will be rendered by the Girls' Guild, followed by a brief message from the pastor to the occasion. The Easter Lesson will be studied in all the classes of the Church School at the Twelve O'clock service.

A total enrollment of four hundred has been reached in the Church School with an attendance of two hundred and forty last Sunday. Sixty-five men were present in the Brotherhood, making the total enrollment of this organization one hundred and forty-two. All the people of the Baptist congregation are invited to attend the Twelve O'clock service of the School next Sunday, Easter Day. It is hoped that three hundred men in the Brotherhood, and that the total enrollment of this organization of the men of the Church will have been brought up to the goal of one hundred and fifty.

MARINE NEWS

Driven from the banks by the ice fields in which she lost some trawl, the Lunenburg schooner, Sadie A. Knickle, Capt. Harold Jorgensen, put into Halifax Thursday to obtain new fishing gear. She was fishing on the "Peak" when the ice spreading out for miles made it compulsory for the vessel to weigh anchor to escape damage. She is also short of water and will take an additional supply of bait. The vessel has had fairly good fishing since she left Halifax a couple of weeks ago and reports a catch of five hundred and fifty quintals.

The tern schooner C. Maud Gaskill, 877 tons, of Weymouth, which for the past fifteen months has been at Yarmouth, has been chartered to carry laths from St. John to New York. Capt. Hamilton, of Hopewell Cape, N.B., who last year was master of the tern schooner Isiah W. Stetson, arrived at Yarmouth to take command of the vessel. Some slight repairs are being made to the rigging. The sails are being bent and Capt. Hamilton expects to sail for St. John this week. Owing to the splendid construction of this fine schooner she proved, on examination, to be in excellent state of preservation, notwithstanding the many months she has been out of commission. The C. Maud Gaskill was built at Little Brook by the Little Brook Shipping Co., Ltd., and was launched in 1919.

Was in a Very Embarrassing Predicament

If you were an honest young prize fighter and your best pal wired you to come to New Rochelle, at once, from your home on the East Side of New York City and when you hit New Rochelle a lot of fluffy society women mistook you for your friend and the townspeople gave you a huge—but embarrassing—reception, what would you do?

This is the predicament Kid Burns finds himself in, at the beginning of "Forty-Five Minutes From Broadway." After that he encounters all sorts of exciting adventures and he also meets his fate in the form of Mary, the dear little housemaid in his friend's home.

Charles Ray as Kid Burns in the picturization of this delightful play, appears for the first time as an independent producer, having established his own studio in Los Angeles. And this picture which Mr. Ray is releasing as a First National attraction, is the biggest and best he has yet appeared in. It comes to the Princess Theatre, beginning Monday 17th. "Forty-Five Minutes From Broadway" is one of the most popular pieces ever written by George M. Cohan and was first produced in 1904 with Victor Moore in the title role. It ran for over a year at that time, to tremendous business and was later revived in 1912, with George M. Cohan himself playing Kid Burns and duplicated its former success. Mr. Cohan claims that it is the best play he has ever written.

ST. CROIX COVE

Mrs. Emma Chute, Phinney Cove, is visiting at the home of Mr. and Mrs. Bradford Poole. Since last writing, Mrs. Charlotte Anderson, Port Lorne, visited her daughter, Mrs. Joseph Hall. Mr. Webb Milbury passed through the Cove with his sawing machine, cleaning up unfinished wood piles.

Mr. and Mrs. Wilbur Banks and two children, West Ingleville, spent the week-end at the home of Mr. and Mrs. D. M. Hall. Mr. and Mrs. Curtis Foster and two little daughters, Hampton, were recent visitors at the home of Mr. and Mrs. Zachus Pool.

SEEMS TO HAVE POOR OPINION OF GENOA

Karl Radek, the Russian Soviet representative, at Berlin, discussing the forthcoming economic conference said: "Genoa will be a menagerie." He was unable to see how any good could issue from what he termed "a gathering in which two thousand people are falling over each other." He believed that discussion of debts was futile so long as there was no money on hand to pay them. Radek denied that Russian Foreign Minister Chicherin and the German government were in joint agreement on specific proposals to be presented at Genoa, or that they intended to pool their interests there.

A REFUND TO AUTO DEALERS!

Approximately \$1,500,000 collected from Canadian automobile dealers in luxury taxes may be returned to them by the Dominion government, if an agreement can be reached at a conference between members of the cabinet and representatives of the Dominion Retail Merchants' Association, so it was learned at Winnipeg Friday. Premier King, it is said, has agreed to meet a committee of the association for a discussion on the subject. Manitoba dealers would benefit to the extent of \$100,000 if the government decides to make the refund.

PASTORAL LETTER ON THE "SAVE THE CHILDREN FUND"

Read in the Anglican Churches Throughout Canada on Sunday, April 2nd, 1922

About one year ago I sent you a Pastoral Letter appealing for aid for the sufferers from the famine then prevailing in North-Central China. Your response was immediate and very liberal. The result was the saving of scores of thousands of lives; the alleviation of untold misery; the winning of the grateful appreciation and confidence of the rulers and people of China; the opening of great doors of opportunity for the presentation and acceptance of the Gospel of our Lord Christ, "of Whom the whole family in heaven and earth is named," and Whose Spirit of all-encompassing love gave you, then, a ready will to receive my appeal and a loving heart to respond in generous measure to the dire need presented.

To-day I make my appeal to you on behalf of the sufferers from a calamity which exceeds in its horror all known examples of similar afflictions. Of this truly colossal calamity a recent survey reports, and his report has been confirmed by a direct representative of the Dominion Government:—

"I venture to say that it is beyond question the most appalling famine that has ever happened in the recorded history of man. There have been great famines in the poorer parts of India and China, but this is a famine in the most prosperous of the grain-producing areas of Europe. And now that it has come it is incomparably worse, even than I had feared. It is worse because the region is inhabited not, as I had believed, by fifteen million, but by thirty-three million people, of whom at least nineteen million are directly or seriously menaced with death, and of whom millions are inevitably doomed to die whatever we may now do, because it is too late to help them all."

Drought, unprecedented in its severity, extended last year over the great wheat-growing regions along the Volga River; a densely populated area about equal in length to the distance from Toronto to Winnipeg, and five hundred miles, or more, wide. In this whole area scarcely a single kernel of the wheat sown appeared above the ground.

Dr. Nansen adds:—

"There have been droughts before in Russia; but there has never been a drought in the memory of man such as that which smote the plains of Russia in 1921. Such a vast economic disaster would have shaken the strongest state to its foundations."

"And remember that this is not a question of famine for this year only; it is a question of famine next year as well. That is the issue which must be decided in the next two months. In the next two months we must send to the famine regions the food that will keep the population alive, the tractors, the seed, and the tools that will enable them to do their sowing. Unless we do that, the Volga will become a depopulated desert. Russia cannot prosper or export food, or become a market for the world until the Volga has become once more a grainary and a market."

"The need is so dire, the distress so awful, that thoroughly competent investigators have concluded that, practically, the whole adult population is doomed to death; that the only possible hope is to save the majority of the children alive; and that, in consequence, it is the part of true wisdom to concentrate our efforts upon the 'Save the Children Fund'."

Some of you, even under the generous stirrings of your sympathies, will undoubtedly ask yourselves certain questions; some of them I will anticipate and answer:—

1. What is the present Russian Government doing?

Last autumn the Russian Government provided six million bushels of seed grain, and succeeded in getting the winter sowing done on a great area of the Volga. They have fed and are now feeding two and a quarter million people in the worst parts of the famine region. They have spent fifteen million. Dr. Nansen says, "The Russian authorities have done what lies in their power to help our work. They have given me every facility for which I asked, they have undertaken every responsibility which I have suggested."

2. Will the food and other supplies reach the sufferers, and reach them in the shortest possible space of time?

On this point the fullest and most satisfactory assurances have been received. Let us trace briefly the course of your contributions, given to the famine sufferers on the Volga. Your gifts will be sent im-

mediately to the Treasurer of the National Committee, Sir George Burn, Elgin Building, Ottawa. The Dominion Government is co-operating fully with the National Committee: it has placed its departmental resources freely at the committee's service; it has undertaken to provide land and water transport from any point in Canada to the port of Riga on the Baltic Sea. Your contributions, therefore, on reaching Sir George Burn, will be used at once for the purchase of food and other supplies in Canada. These will be loaded as soon as possible on a government steamer in the most suitable Canadian port; immediately this is done a cable will be sent to the British Committee who will release an equivalent amount of supplies of their own available at Riga, and despatch them immediately to the stricken people. The supplies so released and despatched will be, of course, replaced on the arrival of the Canadian ship at Riga. In this way supplies purchased in Canada reach, in the short space of fifteen days, the sufferers on the Volga in Russia.

3. Are the supplies despatched by rail from Riga subject to theft or loss, from other causes, on the journey to the Volga?

"Every railway car despatched from Riga, carrying famine supplies, bears the official seals of both the Latvian and the Russian Government. These seals must remain unbroken until the car reaches its destination and is received and certified by an accredited agent of the British Relief Committee. To these ends, every railway train, and every railway car, is under careful military guard from its starting point at Riga to its destination in the famine areas."

4. Are not the people in question suffering the just effects of their own misdeeds? And are they really worth saving?

The people in question, in the main are the peasant populations of the Volga regions. They were in no wise responsible for the recent political happenings in Russia; they were, and are, devout members of the Holy Orthodox Church; they were, and are, valiant defenders for, and defenders of, their religious faith and liberties; they were, and are, with us, members in that great and universal Body of Christ, which is "the blessed company of all faithful people."

While it is quite natural that such questions should be asked, and altogether proper that they should be answered, I am persuaded that, in bringing this appeal to a close, I am under no real necessity of re-directing your attention to the actual causes of the calamity and to the essential motives which should determine a united, immediate and completely generous response.

Think not of conditions in Russia at the end of the War; but think of Russia's wonderful record during the early years of the struggle when her military forces undoubtedly held the balance in the struggle and afforded the Allies the time they so desperately needed to collect, organize, and develop those enormous reserves in men and means which, when finally collected, and organized, decided the issue in unquestioned victory.

Think not of the recent, or even of the present, social, industrial or political conditions in Russia, but think only of the millions of adult fellow-Christians who have died, who are now dying, who must die. Think next of the millions of children who have died, who are dying, and who must die, unless they be rescued from certain death by the "Save the Children Fund." Then, finally, open your own loving and generous sympathies to the loving, encompassing spirit of the Lord Christ who said:—

"I was hungry, and ye gave Me meat. Naked, and ye clothed Me. Sick, and ye visited Me. Verily, I say unto you, inasmuch as ye have done it unto one of the least of these My brethren, ye have done it unto Me."

Lastly, remember that "time is, doubtly, of the essence of the contract." If we are to afford the aid so desperately needed, we must afford that aid NOW. If we are to save the children alive, we must save those same children NOW.

Three cents a day, twenty-five cents a week, one dollar a month, will provide the one substantial meal a day which will keep one child alive and in good health for the five months until the next harvest. I appeal definitely to every adult member of the Church to keep at least ONE CHILD ALIVE.

I am, very truly yours,
S. P. RUPERT'S LAND, Primate.

CATCHES OF SEALING FLEET THIS SEASON

News received at North Sydney Thursday from the Newfoundland sealing fleet indicates that the season is about over, with a catch of slightly over 90,000 pelts, a fairly good season. The seals are scattered and taking to the water and all the ships of the fleet will likely soon return to port. The Thetis and Ranger have already reached St. Johns. The total catches of the various ships up-to-date, according to the report received here, are as follows:

Viking, 14,700; Terranova, 17,000; Thetis, 15,000; Eagle 14,000; Neptune, 14,200; Seal, 2,200; Ranger, 4,200; Sagoma, 8,900.

It is understood the Sagoma discharged the number mentioned when she made port with the crew of the Diana which was crushed in the ice, and it is not known whether the Sagoma resumed the hunt or not.

VANBLARCOM-SHAFFNER

A quiet wedding took place on Wednesday morning, March 29th, at the home of Mr. and Mrs. Gilbert W. Shaffner, when their only daughter, Grace Winnifred, and John H. VanBlarcom, were united in marriage.

Rev. H. P. Patterson performed the ceremony. The bride's costume was of brown paillette silk. The groom's gift to the bride was a fur stole.

After lunch was served Mr. and Mrs. VanBlarcom left by motor for Annapolis, where they took the train for Halifax, returning on Friday. The same evening quite a number of their friends assembled at their home to give them a serenade, also good wishes. They were invited in the house where cake and candy was served.

TEAS STEADILY ADVANCING

"Teas—Advances from primary markets continue to indicate a strong situation with upward tendencies. Locally there are no changes but as stocks are not large there is a strong possibility for some advances as importers state spot prices are still far below cost of replacement."

The above statement in the "Canadian Grocer" of March 10th, is authoritative. Those who understand the tea situation say that unless the prices become easier on the primary market very soon the consumer may expect to pay ten or fifteen cents more a pound for tea.

FORTY-FIFTH WEDDING DAY

Mr. and Mrs. I. B. Miller are Tendered Reception at Union Square Baptist Church.

(Somerville, Mass., Journal)

On Tuesday evening, March 28th, Mr. and Mrs. Ingram B. Miller, of Knapp Street, were tendered a reception at the Union Square Baptist Church of which they are both deeply interested and active members and the occasion was attended by about one hundred and sixty relatives and friends. Arrangements for the affair were made by the Ladies' Social Union, Mrs. P. E. Rose, President.

The couple were assisted in receiving by the pastor, Rev. George A. Lawson and Mrs. Lawson, and Mrs. Miller, and H. F. Osborne, honorary deacon. The vestry was attractive, with decorations of palms, carnations and jonquills. The ushers included: Chas. E. Gerrish, Ralph MacCutehon, Henry C. Fish, Charles E. Marshall, Q. G. Hall, Justin W. Lovett and C. H. Treseott. Music was provided by Rochussen's orchestra and refreshments were served.

During the evening remarks were made by Rev. G. A. Lawson, J. A. Frazee, senior deacon, and Charles E. Marshall, the latter referring to the early life of the couple, and in behalf of the friends present he handed them a handsome purse of money. Forty-five carnations were also presented the bride of forty-five years ago and another handsome souvenir of the anniversary is the guest book in which those present recorded their names. Friends from New York, Winchester, Dorchester and Arlington were present.

Mr. and Mrs. Miller were married forty-five years ago at Port Lorne, Nova Scotia, Mr. Miller's native place, by Rev. James E. Blakeney, a Baptist clergyman, assisted by Elder Young, of St. John, N.B.

Mrs. Miller was, before her marriage, Charlotte Messenger, coming from a fine old family, and has a brother, H. W. Messenger, of Ottawa, who is a member of the railroad commission in Canada. The couple have made their home in Somerville for many years. They have one son, Fred W. Miller, of Lexington, and three grand children, Miss Gertrude M. Miller, a junior at Boston University; Barbara J. Miller, attending the Lexington High School, and Fred W. Miller, Jr.

KEEP BABY WELL IN THE SPRING

Mothers who have little ones in the home find the spring a time of great anxiety. At this season conditions make it necessary to keep the baby indoors. He is often confined to overheated and badly ventilated rooms and catches colds which rack his whole system. To guard against this a box of Baby's Own Tablets should be kept in the house and an occasional dose given the baby to keep his stomach and bowels working regularly. This will prevent colds, constipation or colic, and keep baby well. The Tablets are sold by medicine dealers or by mail at 25 cents a box, from The Dr. Williams' Medicine Co., Brockville, Ont.

LOOKS LIKE PEACE IN THE NEAR EAST

The Turkish Nationalist government at Ankara has accepted, with reservation, the armistice propositions recently made by the Allies, the Allied powers' representatives at Constantinople have been informed.

The broad principles laid down in the reply are as follows: Anatolia, including Smyrna, must be evacuated within four months. The armistice may be renewed an additional three months if the peace negotiations have not terminated. The Greeks are to evacuate the Eskishehr-Afium-Kurahissar-Kutal line within a fortnight and the evacuation of the rest of Anatolia is to proceed under the supervision of Allied officers.

In the event the reply is accepted the Kemalists delegates are ready to meet those of the Allies and Greece in three weeks to discuss peace.

THREE WENT INSANE IN SMALL MYSTERY

All Hamilton "clues" to the Small mystery lead to the asylum. Miss Small, one of the sisters of the missing theatrical magnate, is in Hamilton, Ont., following up clues. All she has been able to discover so far is that a woman in the asylum, who had gone insane over the case, had thrown a letter out of a window of the asylum. It was addressed to the police but contained the ravings of a disordered mind. Three people here have gone insane over the case.

LARGE CROWD HEAR PROF. PERRY ON "HEREDITY"

The Last of a Series of Four Lectures Delivered Last Tuesday in United Church.

The last of a series of four lectures was delivered in the United Church Hall last Tuesday evening before a large audience. The speaker for the evening was Prof. Perry, of Acadia College, and the subject was "Heredity", illustrated with lantern slides. In the absence of Rev. Mr. Freestone, Rev. Dr. Jost acted as chairman and introduced the speaker of the evening.

"Heredity" stands out among the principal subjects discussed to-day, and in opening his remarks Prof. Perry referred to how men gathered the plants from the fields and lakes and adopted them to their own use. Man has lost track of many things he might have done. The Indian savages knew more how to obtain themselves in a foreign world than man to-day. Man in his Biology began to classify animals, and slides were shown, beginning the way in which man was working and how through it all runs a golden thread of give and take. When man, through scientific research work, found all these things, he exclaimed, "Whence came these?" This was the first question of mankind and as old as the race. The sacred writer asks the same question, "Whence came I?" Are these things related to one another? Are the frogs related to one another? Are they more related than the snakes? Is all things formed distinct and separate? That theme prevailed until the middle ages. A great scientist in 1616 brought forth the theory that these things were made at the beginning and was called the theory of creation. Everything had a beginning, remarked the speaker, as recorded in the Book of Genesis. Scientists had gathered together plants and found that no two variations fluctuates back and forth. The shepherd knew his flock by their peculiar variations. Nature is the stern mother that is weeding out the unfit. The fittest survive, we think, in our community, but that is not so. Let us see to it and try to bring about conditions were the fittest will survive. In our dealing with man let us see that conditions are improved. Races are brought into Canada that are not fit to survive.

MAY END GREAT LOCK-OUT IN DANISH INDUSTRY

A compromise agreement by which the general lock-out would end, subject to the approval of a general meeting of the trade unions and employees' organizations on Friday, has been reached at Copenhagen, after negotiations lasting sixteen hours.

The compromise entails the acceptance by the men, of the conditions offered by the employers at the beginning of the lock-out on February 15th.

The Danish lock-out affected 150,000 men and nearly all the country's industries. The trouble began in January, when the employers attempted to cut wages twenty per cent and lengthen the working day.

TWENTY HORSES DIE IN BIG MONTREAL FIRE

Twenty horses were burned to death, several hearses, cabs, automobiles, and a large quantity of stock including coffins, boxes, silk and cloth ornaments were destroyed when fire of undetermined origin broke out and partially burned the stables and sheds of the Societe Cooperative des Freres Funeraires, 242 St. Catherine Street, East Montreal Friday.

Damage is estimated at \$90,000 by William A. Wayland, general manager of the company, partly covered by insurance.

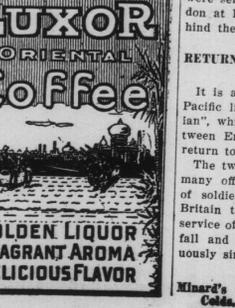

MONTREAL BANK CLERK IS ARRESTED AGAIN

George McConnell, 17-year-old bank clerk, formerly an employee of the Royal Bank of Canada, Montreal, who was arrested last Saturday charged with attempting to pass a worthless cheque for \$2,226.60 on the brokerage firm of Oswald and Driskwater, and subsequently released on bail, has been arrested again, this time on a charge of stealing \$4,915 from the Royal Bank, and with forging another cheque for the sum of \$1,500.

CUT ON SUGAR PRICE IN ST. JOHN

A cut of forty cents a hundred-weight in the price of granulated sugar, announced at St. John at the end of last week by the Atlantic Sugar Refiners, Limited, is followed by a reduction in retail prices. The refiners' price was dropped from \$6.90 to \$6.50. Some of the retailers are advertising 14 1/2 pounds for \$1.00.

The Digby schr. Clarke L. Corkum, Capt. Ansel Snow, was at Barrington Passage on Saturday and hauled for 10,600 pounds of halibut and 20,000 shack. On Sunday Capt. Snow went into Shelburne, reporting the weather as being very rough on the halibut grounds. Tuesday morning Capt. Snow sold his halibut to John Hipson, at Shelburne, where the first were landed.

Children Cry for Fletcher's

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulence, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. MEDICAL INSPECTION

While the medical inspection and supervision of school children has been developed mainly within the last twenty-five years, it is interesting to note that it was advocated as early as 1861 by Edwin Chadwick, who is regarded as the real founder of public health work in England. It was not until 1891, however, that medical inspection was really begun in England, although some efforts were made in France as early as 1842. A school medical officer was appointed in London in 1891, and in 1907 an act was passed making school medical inspection compulsory throughout England and Wales. On this side of the Atlantic, this activity was first undertaken in Boston, in 1894.

The school nurse was first introduced in London, in 1893, but the city of New York claims the distinction of being the first city to place school nursing under municipal direction and control. The first city in Canada to engage a school nurse was Hamilton, Ont., (1907), with Montreal, Winnipeg, Vancouver, Toronto, Regina, Victoria, Edmonton and Halifax following within a few years and in the order named. To-day, of course, few cities in any progressive country are without school nurses.

The extension of medical inspection and school nursing to rural communities is a comparatively recent development, but has already become widespread. It would obviously be impossible, except at great cost, to have this work carried on as thoroughly in the country districts as in the cities, but nevertheless splendid results are being achieved. A surprising revelation is that country school children suffer from physical defects to a proportionately greater extent than city and town children. This is doubtless because of the greater difficulty in securing medical care in the town, and has, in some countries, led to attempts at special provisions for meeting this difficulty. Thus the English Education Act of 1918 makes adequate and suitable arrangements for the treatment of elementary and secondary school children obligatory upon the local educational authorities.

There are no more ardent supporters of medical supervision than the Education authorities, who have learned that physical defect is one of the chief causes of backwardness in school. An investigation into this phase of the matter, made a few years ago in London, revealed that "upwards of one third of all these elder children" (i. e. children of age fourteen or thereabouts), "most of whom possessed some degree of physical defect and twenty-one per cent of whom were seriously defective, are, in London at least, two or more years behind their normal school standard."

It is announced that the Canadian Pacific liners "Victorian" and "Scotian", which have been in service between England and India, will soon return to the St. Lawrence route.

The two liners were chosen out of many offered for the transportation of soldiers and their families from Britain to India. They entered the service of the British government last fall and have been running continuously since.

Minard's Liniment for Coughs and Colds.

A FATHER'S DUTY

"A father and his son were at a Eighteenth Amendment was ever heard of, and when the son was asked the usual question: 'What will you have?' he replied.

"I'll take what father takes." Father ordered water. Certainly that father felt his responsibility and no doubt he was amply rewarded.

Indeed a man may amass millions and be envied by the whole country but unless he has the love and respect of his son he is the first one to realize that all his material wealth is but ashes in his mouth.

How often fathers do not realize their responsibility, or if they realize it, they get the wrong start at it. How few of them realize the deficiency of the boy's soul they are moulding. They struggle and grind to leave behind them a fortune for the boy's use and think that they can content feeling that they have discharged their duty.

How much better it would be to leave behind him the memory of a noble father and a true-blue companion. The boy could build up his own fortune but he can never reconstruct the memory of a father if the reality was shattered by any taint of dishonesty, dissipation, or neglect. And the shadow of an unhappy memory will darken all his achievements in later life.

Shakespeare tells us that God "Made fathers not for common use merely. Of procreation (beasts and birds would be as noble as we); but to steer The wanton freight of youth through storms and dangers Which with full sails they bear upon, and straighten The mortal line of life the bend so often."

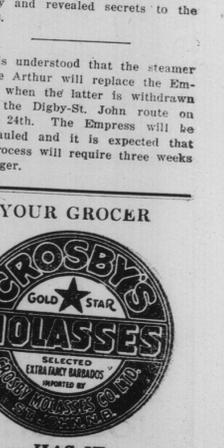

EDITH CAVILL'S BETRAYAL

Considerable improvement is to be made in The MONITOR, and we are depending on our subscribers to assist us in every possible way by remitting their subscriptions. Thanks!

Henry, the magician, with a big two-in-one program, will be the attraction at the Court House Hall on April 26th. Feats of mystifying magic and lightning crayon sketches will make up the program that will delight local people. This is a guaranteed attraction and should be well patronized by the citizens of Bridgetown.

On Tuesday evening next, April 18th, a Ball is to be held in the Court House Hall, Bridgetown. As this hall has been closed during Lent, no doubt a large number of our people will take advantage of this opportunity and be present on Tuesday evening, as a good time is guaranteed all those who attend. The famous Leslie orchestra will furnish the music.

A large attendance is expected at the regular communication of Rothsay Lodge, A. F. & A. M., on Thursday evening, when the M. W. Grand Master Murray W. Lawson, accompanied by D. D. Grand Master Henry B. Hicks, will be present on official visitation and to install officers. The first and second degrees will also be conferred. Visiting brothers are cordially invited to attend.

A real estate deal of considerable importance was put through in Bridgetown last week when the Annapolis Valley Cider Co., Ltd., of which Mr. Ronald Whiteaway was Manager, was sold to M. W. Graves & Co., Ltd. The MONITOR is informed that Mr. Whiteaway will remain in Bridgetown during the month of April, and early in May will leave for England where he intends to reside in future.

Our readers will remember that Sunday, April 2nd, was the day appointed for an appeal in all the churches in Canada on behalf of the "Save the Children Fund", Russian Relief. Notwithstanding that an organized collection had been previously made in Bridgetown and neighborhood, the pastors of the various churches brought the matter before their congregations as desired. As a response to this the parishioners of the Parish of St. James, Bridgetown, have contributed \$122.91 to date, and more donations are promised.

Mr. Edmund Stratton, owner of the Stratton Printery and Sydney Mines News, has disposed of his plant and fixtures to Mr. Don Davidson, who will conduct the business in future. Mr. Stratton, who, for the past seven years, has conducted a successful enterprise, will remove to Bridgetown, Annapolis County, having purchased The MONITOR newspaper and job printing outfit and will be associated with Mr. Frank Beattie, the well known newspaperman of the "North", presently on the Record staff.—Sydney Post.

Suitable homes have been procured for the two boys from the County Home.

A special Easter dinner will be served at Riverside Inn on Sunday next, April 16th, commencing at one o'clock.

Don't forget the big concert on Easter Monday evening in the Court House in aid of the Bridgetown Memorial Fund.

A "bridge drive" in aid of the Bridgetown Memorial Fund will be held during the fourth week in April. Watch The MONITOR next week for particulars.

Mr. and Mrs. Lorenzo Elliott, of Clarence, announce the engagement of their daughter, Grace Marguerite, to Mr. Robert M. Fraser, of Halifax, N.S. The marriage to take place in June, 1922.

On Easter-Day all services will be of a festive character with special music. Easter communion will be celebrated in St. Mary's, Belleisle, at 8 a.m. and at the parish church (St. James) at the 11 o'clock service. Other services will be: Belleisle, 3 p.m.; Bridgetown, 7.30 p.m.

A meeting of the Bridgetown Tennis and Quilt Club will be held in the Board of Trade rooms on Friday evening, April 14th. On account of church services the meeting will open at 8.30 p.m. instead of 8.00. A full attendance is requested, as important business will be taken up.

The next quarterly meeting of the Board of Trade will be held at the Riverside Inn on Monday evening, April 24th. Arrangements are being made to have several outside speakers address the members on some live topic. A full attendance of the members is requested. Full particulars will appear in our next issue.

Henry, "the magician" at the Court House, next Wednesday, will have the most elaborately expensive stage equipment ever seen in Bridgetown, while the costuming will afford a rare treat to the eye. Over a ton of special settings, paraphernalia and apparatus comprises the production.

The Ne-Wag-We Club met at the home of Mrs. Bert Messenger on Thursday. As it was Mrs. Magee's birthday, a beautiful bouquet of daffodils was presented to her by Mrs. Chesley, on behalf of the Club. Mrs. Magee, who was completely taken by surprise, accepted the flowers with a few appropriate words of thanks.

The enterprising firm of E. L. Balcom & Sons, Paradise, have just completed a Whitney Patented Cylinder Saw. To a representative of The MONITOR Saturday Mr. Balcom explained that this saw has a capacity of turning out one thousand staves an hour, and is the first of its kind to be built in the Maritime Provinces. These saws were formerly built in America, but lately this firm has started manufacturing them at Paradise. The frame, which was heretofore built of steel, has been built of hard pine which means a saving in weight of one thousand pounds. All that is imported from the States is the saw itself, the rest of the machine being manufactured and assembled at Mr. Balcom's factory. The saw can be sold about \$800 cheaper than the American saw. Mr. Balcom intends to try and interest capitalists in his improved machine, and hopes to be successful in securing enough capital to have these machines manufactured on a large scale in Bridgetown. We wish the firm every success.

COULD HARDLY STAND AT TIMES

Hips, Back and Legs Would Have That Tired Ache

Everett, Washington.—"For several years I have had trouble with the lowest part of my back and my hips and my legs would ache with that tired ache. I could hardly stand on my feet at times. I was always able to do my work although I did not feel good. I saw Lydia E. Pinkham's Vegetable Compound advertised and having heard several praise I decided to try it. I feel first-rate at the present time. It has done wonders for me and I keep it in the house right along. I always recommend it to others who are sick and ailing."—Mrs. J. M. SIMMER, 4023 High St., Everett, Washington.

To do any kind of work, or to play for that matter, is next to impossible if you are suffering from some form of female trouble. It may cause your back or your legs to ache, it may make you nervous and irritable. You may be able to keep up and around, but you do not feel good.

Lydia E. Pinkham's Vegetable Compound is a medicine for women. It is especially adapted to relieve the cause of the trouble and then these annoying pains, aches and "no good" feelings disappear.

It has done this for many, many women; why not give it a fair trial—now.

LAWRENCETOWN BAPTIST CHURCH NOTES

One of the best and most largely attended meetings of the Social Circle of the Baptist Church, of Lawrencetown, was held on Monday evening, March 27th, at the home of Mr. and Mrs. B. S. Banks. Previous to the evening meeting the ladies gathered for the purpose of sewing for the coming Easter sale and as a result of their diligence quite useful articles were made ready.

In addition to the rare social privileges enjoyed in the evening, a fine program of music and readings were presented, the following taking part with much acceptance: Piano duet, the Misses Borden; piano duet, Mrs. A. P. Runsey, Miss Harriett Borden; vocal duet, Messrs. Alton Brown and A. H. Whitman; readings, Mrs. Chas. Balcom, Mrs. Horace Reid, Mrs. L. H. Hanley.

A splendid report of current events interspersed with lively flashes of wit, of both general and local application was prepared and read by Mrs. Paul Durling. Refreshments were bountiful, served by the hostess, Mrs. Banks. A very interesting feature of the evening's entertainment, both informing and fun-provoking was conducted by Miss Eliza Crandall in the form of a botanica questionnaire.

These social gatherings are certainly growing in popularity, and are filling a most important part in bringing the people together for social and educational purposes.

Miss Alice Harrison, Secretary of the Elementary Department of the Maritime Religious Education Council, held a special meeting with the Sunday School workers of the Lawrencetown district in the vestry of the Baptist Church on Wednesday afternoon and evening, March 29th. Representatives were present from the various schools of the district, and all listened with deep interest to the stirring addresses by Miss Harrison. Mrs. Charlie Balcom, of Lawrencetown, gave an interesting review of her work in connection with the children's Division for the last eight years. All felt that Sunday School work generally, and in particular that of the Elementary Department, was worthy of their most loyal and enthusiastic support.

Pastors H. T. Jones and A. H. Whitman are arranging for a series of Pre-Easter Evangelistic services to be held alternately in the Baptist and Methodist Churches. The first meeting took place on Tuesday evening, April 4th, at the Baptist Church. All are urged to give these services the right of way which they deserve.

Work on the new verandah of the Baptist parsonage will be begun early in April. This, when finished, will make the parsonage one of the most attractive and comfortable pastor's homes in the Valley.

Miss Mary Allison, Secretary of Girls' Work of the Maritime Religious Education Council, conducted a conference with the ladies and teen age girls of Lawrencetown, on Saturday afternoon, April 1st, at the Baptist Church. Miss Allison is certainly fitted for the work both socially and intellectually, and all who listened to her address were impressed not only with her ability as a leader lover of girls but also with the splendid possibilities of work done in connection with the program of the four-fold development of the girls of our land.

INDUSTRIAL EFFICIENCY

While there is much talk of the need of industrial efficiency, the fact is that some of the most important elements in the efficiency problem are bound to be overlooked just so long as industry is regarded as a mere means of making profits or acquiring wages. When the major problem of business becomes the manufacture and maintenance of healthy human beings, all the rest will be added without trouble.

Modern industry has a few sins to answer for. The average life of the factory worker is much shorter than that of the farmer. Certain maladies are already classed as industrial diseases. Recent studies have indicated that defective vision and faulty illumination are big factors in the loss of industrial efficiency. Toronto is our chief manufacturing city, and when the eyes of 1,000 workers there were examined, it was found that only one hundred and two had normal vision at working distances. Of the rest, four hundred and sixty had slight-vision defects, while four hundred and eight or forty-one per cent. had faulty eye sights which interfered with their work and necessitated the use of glasses. The bad effects of defective vision do not end with inefficient work; defective eyes use up more nerve force, that they should, than they can obtain properly. Eye strain means head-ache, general debility, and increasing bad health.

Industrial establishments should not only have illumination by the roof if possible, side windows should be plenty and of transparent glass. Time lost by workers looking out of the windows does not spell lowered production. Changing focus by looking through a window rests the eyes, and will help to prevent defective vision, and its attendant evils.

LUCKY FOR HENRY HE BELONGS TO THE AGE

Had Great Magician Lived Three Hundred Years Ago, Would Probably Have Been Burned at Stake. Most of us are glad we weren't born three hundred years ago, but S. S. Henry, the great magician, who appears in Bridgetown at the Court House in the near future, has a special reason. "How on earth could I have made a living then?" he inquires. "About my first trick and they would have burned me to the stake for a magician."

Of course Henry is a magician. But his magic isn't the black variety. It's the white variety, tinged with sunshine and humor. This talented man from the minute he takes the stage, keeps his audience in a state of constant bewilderment. "How does he do it?" the people ask, as he passes rapidly from mystery to mystery, from novelty to novelty and from surprise to surprise.

In addition to the mysterious and unfathomable tricks for which he is noted, Henry is also an artist, and his lightning sketches in colored crayons and sand will be thoroughly enjoyed.

HISTORIC CATHEDRAL AT QUEBEC DESTROYED BY FIRE

The Basilica of Ste. Anne de Beaurup, Quebec, famous for its shrine, was destroyed March 28th. The flames started in the Sacristy, rapidly spread to the monastery of the Redemptorist Fathers, who cared for the shrine, and there to the Basilica. The statue of St. Anne, with the relics which have caused many miraculous cures, was saved.

STARTED BY SHORT CIRCUIT

The fire is believed to have been started by a short circuit in the electric wiring system of the Sacristy. In less than an hour flames which drove the Brothers away from the building were consuming the Sacristy. A call for help was despatched to the fire department of Quebec and the chief of the brigade, with an engine and a company of men was rushed to the scene on a special train. Meanwhile the flames spread to the monastery of the Redemptorist Fathers and defied the efforts of the courageous little band of volunteers to check it.

Seeing that the great Basilica was in grave danger, the Brothers decided to remove everything of value from its interior. Rev. Brother Bruneau himself, at the risk of his life, succeeded in carrying out the precious relics and the statue of St. Anne. The flames entered the Basilica from the monastery through the roof, which the stream of water, being directed on the building, could not reach. In a few moments the fine structure was ablaze from end to end and in an incredibly short space of time the two towers of the Cathedral, which were over one hundred and sixty feet high, fell to the ground.

The monetary loss involved is estimated at \$1,200,000, while the insurance carried will probably reach the sum of \$500,000. Although no definite plans have yet been announced by the Redemptorist Fathers, it was stated that as soon as possible work would be started to rebuild the venerable pile and it was said that it would be constructed on a larger and even more imposing scale than the building which has just been destroyed.

DEATH OF SIR JOHN C. EATON

The death of Sir John Creig Eaton, President and head of the T. Eaton Company of Toronto, took place on March 30th, at Toronto, after an illness of about six weeks. While attending to business in Montreal and New York he contracted cold which was followed by pneumonia and later by complications which resulted fatally.

Sir John was in his forty-sixth year of age and was reputed to be Toronto's most wealthy citizen. He succeeded his father as head of the great Eaton firm in 1909, carrying out the father's ideals regarding the business and enlarging them very extensively until their buying or selling establishments almost reached around the world.

Sir John was particularly noted for his influence toward the enlistment of his own employees and gave full pay to all married and half pay to all single men who would enlist. There were over 3,000 of these volunteers and for this work he spent over \$2,000,000. He also equipped and sent at his own expense a machine gun battery.

Quite recently he had built the Eaton Memorial Wing to the Toronto General Hospital, contributing \$400,000 for this purpose which was added to \$100,000 given by his father. To the Dept. of Medicine of the University he quite recently gave half a million dollars, besides providing for an annual income of \$25,000 for a period of twenty years.

Throughout his short life his gifts have been most generous and varied. A few years ago with his mother he built and equipped the Timothy Eaton Memorial Methodist Church of Toronto, one of the finest church edifices in Canada, to the Y.M.C.A. he had always contributed very largely. In December, 1917, at the Halifax disaster, he at once fitted out and hired a special train loaded with supplies and sent to Halifax, coming along himself to personally attend their distribution. Beside his large mercantile business he was a director of the C.P.R. and the Dominion Bank and other organizations.

He was also noted for his human treatment of his help and introduced in the shops the shorter hours and other improvements for his employees. In 1919 he closed his store entirely on Saturdays during the month of July and August, and made his working days eight hours only for the balance of the year, and the Saturday half holiday was made throughout the entire year.

Sir John leaves a widow and five children, also a mother and two married sisters, an only brother died several years ago. The present Vice-President of the company, R. P. Eaton, is a cousin of the deceased.

WYOMOUTH

Ebban Seban, who is employed at season work at Annapolis, spent the week-end with his family at Weymouth North, returning Tuesday. Mr. Alfred Kinney and his sister, Miss Adella Kinney, passed through Weymouth, Tuesday, en route to Digby, having been called home by the illness of their sister, Mrs. (Capt.) Jacob Wyman.

Dr. Thaddeus M. Sieniewicz, Halifax, formerly of the Sanatorium, Kentville, arrived Sunday morning and was the guest of Dr. Hallett. The doctors attended St. Ann's College, Church Point, where Dr. Sieniewicz examined master Uralin Belliveau, son of Mr. and Mrs. Benjamin Belliveau, Belliveau's Cove, who has been ill for several weeks and who is now making slow progress towards recovery. Dr. Sieniewicz is a tubercular specialist. He returned to Halifax on the evening train.

CENTRAL CLARENCE

Capt. Conrad is on a business trip to Bridgewater this week. Miss Helen Young is staying for a time with her aunt, Mrs. Fred Johnston.

The young people were entertained on Friday evening at the home of Mr. and Mrs. M. V. Potter. Special services closed this week. Eleven were received for baptism, with a prospect of others to come. Mrs. Stuart Leonard was thrown from a carriage on Sunday last, but aside from bruises, sustained no serious injury.

A party of gentlemen from Glouce Bay have been stopping at the home of Mrs. Davies, and while here were looking for farms.

The tern schooner "Peaceland", Capt. Wasson, arrived at the Smith wharf, Windsor, last week, towed in by a Parrsboro tug, loaded with two hundred tons of Commercial Fertilizer from Boston for the Hants Wholesale, Ltd.

MILFORD

Mr. Frank Orde, of Graywood, recently visited Mr. and Mrs. Charles Sullivan.

Mr. Allison Wentzell is employed with Mr. A. D. Thomas for the summer. Miss Minnie Gates and Viola Saunders spent over Sunday with friends at West Springhill.

Miss Helena Floyd returned home Monday, having spent the past month at Annapolis Royal.

Mr. Isaac Shortliffe arrived at the home of his daughter, Mrs. Ritson Longmire, Tuesday, for an indefinite time.

Mr. Ritson Longmire was a recent guest of his mother, Mrs. Fletcher Long, of Clementsvale.

Mr. Reid Orde spent over Sunday at his home, after spending the past week working at Round Hill. Mr. Harry Stalling, after spending the winter working at Round Hill, returned to his home Thursday.

Mr. and Mrs. William Farnsworth have moved in their bungalow for the summer, after spending the winter at the Milford House.

WEST CLARENCE

Mr. H. F. Stronach spent the week-end with friends in Clementsport.

Spring must be here. Wood sawing seems to be the order of the day.

Mr. D. J. MacDougall is visiting his sister, Mrs. Frank Marshall. Miss Lillian Saunders spent the week-end with her parents, Mr. and Mrs. C. O. Saunders.

Messrs. Freeman Corbett and Chas. Spurr have sold their farms and expect to leave our vicinity. Mr. A. E. Marshall arrived home Tuesday from Boston, where he was under medical treatment. We wish him a speedy recovery.

The Boston schooner Avalon, Capt. Stephen Post, of Digby, arrived at Boston, Thursday with a fare of 35,000 pounds halibut.

WILLIAMSTON

Mrs. R. Baltzor has been visiting relatives in Digby. Congratulations to Mr. and Mrs. Barelay Bishop on the birth of a son, March 12th.

Glad to report that Mrs. May Ulman and her family, who have all been on the sick list, are improving. Mrs. Potter, who has been with her daughter, Mrs. Clyde Bishop, for several months, has returned home.

Mr. and Mrs. Wm. Marshall, after spending the winter with relatives in U.S.A., returned home the first of the month.

Mr. Strong and family are moving to the farm purchased from Mr. Carman Bishop. We welcome them to the community.

Mr. Allister McPherson, of Lawrencetown, who was successfully operated on at the home of Mrs. Wm. Marshall, will soon be able to return home.

Mrs. James Sanford has been confined to the house for several weeks with a bad attack of the grippe. Her mother, Mrs. Clemm, is with her again.

Under the auspices of the N. S. Women's Institutes, Miss Ellis gave a very interesting and instructive lecture and demonstration on "food and their values" to the women of this community on the 17th.

PLAN TO RESCUE FAMOUS SHIP GLORY

An appeal to the pride of Boston to save from the junk heap the famous clipper ship Glory of the Seas, built at Donald McKay's shipyards in East Boston in 1869, has been received from Cornelius J. Vanderbilt in Tacoma, Washington, and the Maritime Association has started a movement to have brought to the port of her birth to be exhibited as a reminder of the days when she and others of her type carried the United States flag to every corner of the globe.

Governor Cox and Mayor Curley have asked to lend their aid in the fight to save the ship from an inglorious end. The discovery was made recently that barnacles had eaten into her hull so that she was unfit for further service, and her owners then decided that she should be broken up.

TRURO OWNER PURCHASES NEW STRING OF HORSES

Truro horsemen, preparatory to the opening of the season at the Bible Hill track, continue to import fast ones. Waldo Currie has just purchased the white 12-year old gelding, "The Ghost", by the Manager. This horse has a record of 2:08 1/4, and was brought to this province from United States by North Sydney parties, from which Mr. Currie bought him. Mr. Currie's string now consists of "The Ghost", "P. K.", and "Helen T.", the latter with a colt, by Capt. Aubrey, by her side.

How to Grow New Skin!

Nothing is more wonderful than the human skin. It breathes through tiny mouths called pores. If it is kept whole and strong it improves the entire bodily health.

Those who know most about the complete structure of the skin appreciate the care that must be taken in deciding what is the safest, purest and best dressing to apply in time of accident or disease.

Much scientific thought and experiment was expended in the search for an ideal natural healing substance, but it has actually been found in Nature's own storehouse of medicinal herbs.

Never in the world's history has there been another preparation like zam-buk. Amongst other virtues, it possesses that rare quality of actually growing new skin in Nature's own way.

A MIRACLE BEFORE YOUR EYES. Healing the injured and diseased tissues by this precious herbal balm is a miracle that may be performed before your own eyes.

Children remember zam-buk best for its great power in soothing and healing their hurts, while in the treatment of eczema, ringworm, chronic sores, ulcers and poisoned sores, zam-buk powerful antiseptic and tissue-building properties ensure success; again, many thousands have zam-buk alone to thank for their complete release from torturing piles.

Suffering fundamentally and in action from all ordinary ointments, zam-buk is free from animal fats and mineral compounds. It is highly refined and contains no ingredient which the skin cannot readily absorb. A fifty-cent box of zam-buk may save you dollars in doctors' bills. It is a unique preparation with a wonderfully wide range of usefulness.

MARINE

The Digby schooner Clarke L. Corkum, Capt. Ansel Snow, which left Shelburne a week ago for the banks, arrived at Yarmouth Friday with a fare of 59,000 pounds of halibut and 10,000 pounds of shuck.

The Annapolis Royal schooner A. W. Longmire, Capt. Arthur Longmire, arrived at Shelburne Friday with her rudder gone, having lost it the day before when on LaHave Bank. The vessel hailed for 7,000 pounds of halibut.

The schooner W. G. Robertson, Capt. Simon Theriault, arrived at Yarmouth Friday from a two weeks' trip with a fare of 35,000 pounds of halibut and 15,000 of shuck. Capt. Theriault reports a good trip and struck excellent fishing up to the time he left Western Bank on Wednesday.

The Public schooner Catherine M., Capt. Telephore d'Entremont, arrived in Yarmouth with a fare of 10,000 pounds fresh halibut and 15,000 of shuck. The vessel was out from that port four weeks and during that time she landed a fare of 9,000 pounds of halibut at Shelburne and 2,000 at Liverpool. On the 25th, Mr. J. M. Woodman, St. John, general superintendent of the Canadian Pacific Railway, New Brunswick district, announces that the Bay of Fundy service has been entered under his jurisdiction and that he assumed control April 1st. The bay service was formerly under Superintendent A. S. Hawker, who died recently. The bay service of the C.P.R. is that performed by the steamer Empress between St. John and Digby.

Capt. d'Entremont spoke the Yarmouth schooner Lucille M., Captain Andrew D'Eon, hailing for 1,000 of halibut. On the 27th, he spoke the schooner Eddie James, Capt. Pyna, which only the previous Thursday had left Shelburne, where the vessel received a new mainmast and other repairs. The schooner had, however, struck good fishing and when spoken she hailed for 12,000 of halibut. The Catherine M., for the four weeks stocked \$3,248.47 and the crew shared \$63 per man.

This season will see the largest fresh fish fleet sailing from Yarmouth than of any season since the industry was established a few years ago. At present it totals fifteen sail, as follows: Annie L. Spindler, Eddie James, Wilfred L. Snow, A. W. Longmire, Clarke L. Corkum, Catherine M., Patrick and Michael, Grace and Ruby, Loren B. Snow, Cupola, Lewis H. Smith, Roseway, W. G. Robertson, Thomas and Robert, Lucille M., with every possibility of some additions as the season advances.

What is probably the busiest centre along the St. Mary's Bay shore and possibly in western Nova Scotia, so far as ship repair work is concerned, is the combined shipyard and marine railway at Meteghan. During the winter months work was carried on there with practically not an idle day, with the exception of when the ice was on the coast, which for a few weeks tied up the slip. At that time the tern schooner E. R. Theriault was on the slip, but since that vessel was put afloat two others hauled out for repairs and now the Yarmouth two-master Quotay is on for extensive repairs, which call for a very complete retopping. In addition, a large yacht belonging to United States parties is hauled out and housed over, which is practically being made into a new vessel. To handle this work the plant constantly employs at least fifty first-class shipwrights, which makes the industry a great boon to that section.

PHINNEY COVE

Mr. Alton Bent has bought the Jerry Saulnier place at Beaconsfield. Miss Irene Israel has gone to Mr. Burke's, West Paradise, for a while. Messrs. Elmer Mader and John Allen, of Hampton, visited W. K. Crisp on March 12th.

Mrs. Frank Chute having spent about two weeks in Hampton, returned home on the 25th.

Miss Edna Banks has taken a situation with Mrs. B. Chute, Bridgetown, probably for the summer.

Mr. Eber Chute, who has been working in West Paradise during the past year, was home on the 19th.

While operating his wood saw at Mr. Frank Chute's on the 17th inst., Mr. Marvin Farnsworth had the misfortune to get the fingers of his left hand badly cut, resulting in the loss of the little finger.

A few days ago Mrs. Enos Munroe accidentally threw a dynamite cap in the stove along with some old papers. There was a lot happened in a hurry, but fortunately no serious harm was done.

The ladies made a surprise party for Mrs. Maud Banks on her birthday, March 25th. A very pleasant afternoon and evening were spent, and all enjoyed the occasion. Mrs. Banks who is quite blind, and can only distinguish slightly between light and darkness, has kept during the past winter at least four dozen pairs of socks and mittens.

Mr. W. K. Crisp (bachelor house-keeper) recently treated some of his neighbors to pears came by himself seven years ago last September. The pears were only moderately sweetened but had kept delicious. One of the ladies, Mrs. Enos Munroe, returned the compliment by presenting Mr. Crisp with a fair sized parcel which she said contained something for his breakfast. On searching carefully amongst an abundance of wrapping paper, Mr. Crisp found a hen's egg, so small that he tried it in a teaspoon. It was laid by a full sized Red Leghorn hen, and was a decided curiosity in size, if not in age.

SAYS GHOST WITH AN AXE CHASED WIDOW

For the last year or more, miners and other people of Forestburg, near Edmonton, claim to have seen the ghost of a mine owner named Turner. Sometimes this apparition visited the miners while they were at work and frequently Mrs. Eddall, the former wife of the late Mr. Turner, has encountered the "ghost" in and about the house.

On one occasion the entire gang of miners was driven away by the appearance of the ghost, it was said. But one man who lingered longest threw a pick at it, which made the ghost vanish with alacrity.

On another occasion the ghost is said to have chased Mrs. Eddall round the house with an axe. The visitations of the spirit became so annoying that the Eddall family had to move to another dwelling and scarcely anybody will venture into the mine, it is said.

Spring is coming, but very tardily. Striking on the job, we suppose.

G.W.V.A. CONCERT GREAT SUCCESS

Pleasing and Varied Delights Large Attendance Monday Evening

The concert given in House on Monday night auspices of the local G.W.V.A. was a decided success. The programme was well planned and sufficiently varied to please all tastes.

The opening number by town orchestra, a March "The Booster Club" was led by the members of the present band; Mr. C. B. (Cornet), Mrs. C. B. (Piano), Mr. Ross Blash, Mr. Herman Young (Baritone).

This was followed by a character duet, "I ain't Darling", Miss D. West Max Young. The parties assumed the role of the sex in a mirth provoking reading, by Miss H. And Brown Gals His Hair Comments on this annual aroused the gentlemen's indignation personated in a singing manner.

Dr. N. R. Ware, accompanied Miss H. Griffin, gave two monologues in a manner pleasing to the audience, "The Little Yellow God" and "Li-Fang-Fu". As an encore rendered sweetly "The Song" (Lord Henry Somerset).

The pianoforte solo by F. Sharp Major, (Chopin) beautifully rendered by Miss who was heartily applauded, with "Rattle of Spring" (S. H. Ruggles sang) and voice the song, "A Spell" and was enthusiastically applauded during the beautiful song "Thought".

Mrs. W. A. Warren gave a reading, "Lily Servants" which was clear and diction was portrayed to advantage.

Mrs. H. Ruggles, always favorite with the audience, favored, this time rendered fully "Dance of Memory" and "My Little Nigger".

Mr. W. Donat, in excellent Harry Lauder songs, "Rock Gloamin'", and "Jean McEwan an encore to the first "Be Day Mornin'", to the benefit of the "The Co-giant-Major". Mr. Donat enthusiastic reception such songs well rendered evoke.

The first part of the concert was concluded with a performance by the orchestra, which was ended with a song "A Romance in Portland".
