# Yonge Street Widening

The widening of Yonge Street, Toronto's main thoroughfare, is a man utmost importance to every loyal citizen having the welfare of our city at heart. The City Council are disposed to drop the improvement. Are the peo-ple going to submit to this? A solemn bargain was made with North Toronto when it was annexed, that Yonge Street should be widened so as to insure adequate transportation for the Citizens residing in the north section of the city. In the east and the west of our city we can see improvements becoming a reality each day, but the lot of North Toronto seems to be nothing but higher taxes, higher telephone rates, double and in some cases triple car fares, muddy roads, poorly lighted streets, etc., with apparently no prospects of relief. Every far-seeing citizen who has faith in the growth of Toronto realizes that Yonge Street must be widened and that it is the logical route of entry to the city. Parallel streets to Yonge Street may be a necessity, but they should not be opened at the expense of any important thoroughfare such as Yonge Street is today.

A Special Meeting of the North Toronto Ratepayers' Association will be held in the Town Hall, Eglinton, on Saturday evening, the 14th instant, for the purpose of dealing with the Yonge Street widening, and, if deemed advisable, arranging for a deputation to attend the Council meeting on Monday, the 16th instant, to protest against any attempt to forestall or unnecessarily delay the widening of Yonge Street, when it can be done at a reasonable price, and when many citizens need the work that will follow.

All ratepayers interested are respectfully requested to be present at the Town Hall, Saturday evening, and by so doing signify their approval of the action of the Association in endeavoring to keep the Yonge Street widening By-Law in force.

Men and women who are growing hard of hearing and who experience a stuffy feeling of pressure against their ear drums, accompanied by buzzing, rumbling sounds in their head like water failing or steam escaping should take prompt and effective measures to stop this trouble. Head noises are almost invariably the forerunners of complete or partial deaf-ness, and most deaf people suffer from them constantly. Sometimes these head y noises become so distracting and nerve-racking, with their never ceasing "hum." they drive the sufferer almost frantic, and complete nervous breakdown and even violent insanity have been known to result. That beautiful, even shade of dark That beautiful, even shade of dark, glossy hair can only be had by brew-ing a mixture of Sage Tea and Sul-phur. Your hair is your charm. It makes or mars the face. fold. Don't bother to prepare the tonic; you can get from any drug store a 50-cent bottle of "Wyeth's Sage and Sul-phur Compound," ready to use. This can always be depended upon to bring back the natural color, thickness and lustre of your hair and remove dan-druff, stop scalp itching and falling hair.

hair. Everybody uses "Wyeth's" Sage and Sulphur because it darkens so natur-ally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the grey hair has disappeared, and after another application it becomes beautifully dark and appears glossy. While it is understood that the communications do not call directly on the United States to take any action, there is an implication in them that the American Government might invite the South American countries to fol-low the example set by this govern-ment in the maintenance of neutrality; especially in connection with the wire-less and the coaling of ships. The Chilean ambassador delivered to Mr. Bryan today a copy of the speech made in the senate at Santiago by Manuel Salinas, foreign minister, replying to published reports that Chile was permitting her neutrality to be violated. Sir Edward Grey's satisfac-tion at the observance of neutrality by Chile is quoted, and there are sug-sections by Mr. Salinas in the same speech of a possible international con-ference among the nations of this hemisphere to regulate the wirelees and other new phases of international law and neutrality which the present war has bred. **RAILWAY AMALGAMATION** itable, patriotic and hey will insist on every the endorsation card mission to all charitab

In the chorus of "High Jinks" Arthur Hammerstein's musical jolity, which comes to the Royal Alexandra next week, there are 66 members, 40 of whom were originally, drained for grand opera. Miss Clara Millner, who leads one of the difficult dances in the plece, is paid \$75 per week. The cast of "High Jinks" is headed by Stella May-hew, who is ably supported by a com-petent company of high-class principals, including Eugene O'Rourke, Philip Ryley, Emma Francis, Billie Taylor, Adele Ards-ley, Paul Porcasi, Dorothy Vernon, Ada Meade, Bernard Gorcey, Elizabeth Wood, Dorothy Wolfe, Augustus Schultz and Alberta Devera. LAWRANCE D'ORSAY COMING. No event in the dramatic calendar has been looked forward to with more inter-est than Lawrance D'Orsay's coming to the Grand Opera House next week. In the role of "The Earl of Pawtucket," D'Orsay has achieved a notable, new triumph and demonstrated the charm and distinction that a truly great artist can bring to comedy. "The Earl of Paw-tucket" gives him the widest latitude for the use of his marvelous voice, his singu-lar skill in characterization and the de-notement of a royal person of fashion as no one else on the stage can. SHEA'S.

The headline attraction at Shea's next, week will be Will Cressy and Blanche Dayne in their latest success, "The Man Who Remembered." Both artists are

well known in Toronto, and the work of Cressy in the role of Hiram Howe and Miss Dayne as Mary Carter, the travel-ing saleswoman, is exceptionally good and productive of much merriment. Chretienne and Louisette are newcomers to Shea's, but their offering, "From Peas-ant to Artist," is said to be a sketch of exceptional merit. Byai and Early are two clever singers and dancers, while the Pederson Brothers are comedy aerialists. Evelyn Dunmore, former musical comedy star, possesses a clear soprano voice which she uses to good advantage. Mc-Lellan and Carson will offer a roller skating specialty and provide some nov-elty dancing while the latest feature film comedy, "Her Big Brother" completes the bill. THE HIPPODROME.

Dustin Farnum, probably America's greatest character actor, will be seen as the headline attraction at the Hippo-drome next week in Jesse L. Lasky's presentation of Owen Wister's great western novel, "The Virginian." The special feature of the bill is the Men-delsohn Four, a quartet of talented singers and instrumentalists. Devine and Williams have a comedy playlet ën-titled "The Traveling Salesman," while James Kennedy and Company present a dramatic sketch entitled "Jack Swift." Nolan and Nolan are eccentric jugglers, and with the feature film "Bangs and Bombs" and "The Mettle of a Man," complete the bill.

**Starving Scholars** 

A return made from forty-one schools in the city shows that more than 700 of the scholars are not getting enough to eat. In eleven schools it is said that the teachers supplied funds from their own pockets to remedy this condition of things. While we are contributing to Belgium and the missions in Borrioboolagha we should not neglect our own household. There is always a fear, and quite rightly, that efforts to help may lead to pauperization, but it is better to let a few be pauperized than any starved. We doubt if any hungry children would be very seriously pauperized by filling their empty stomachs.

A committee has been appointed to report on the marter, and we venture to suggest that the members might go on one scant meal a day during the time they are considering the matter. Such experience would generate practical sympathy.

 Hon. W. H. Hearst stated last even-ing that the exact revenue of the lands, forests and mines department would be \$2,341,198. At last session the esti-mated revenue submitted was \$2,-800,000, and the decrease is largely traceable to the falling off in timber sales. Whereas an even two millions was exported from the source the re-venue was approximately \$1,695,000.
