LAURIER'S CHALLENGE

Candid Reply Given-Democracy at Stake in War. Says W. F. Maclean, M.P.

By a Staff Reporter. OTTAWA, Feb. 8 .- The address in the reply to the speech from the throne was adopted by the house tonight after an interesting debate, in which a number of leading members on both sides participated. Sir Wilfrid Laurier protested his desire to avoid party bickerngs and to give a generous support to the policy of the government. At the same time, he declared that the people, thru their representatives, had a right to enquire how the large appropriations were being expended. Errors of judgment were, in his opinion, unavoidable, but the charge has been freely made that the boots supplied to the first contingent were entirely unsuitable, and that the health and lives

of our soldiers had thereby been endangered.

Sir Robert Borden said in reply that the government would welcome the fullest investigation. It was not easy, he said, to decide on what type of boot was best fitted for the service, but whatever sickness had prevailed among the troops at falisbury had been induced by the unprecedented climatic conditions. He gave an interesting review of the war, and in this connection read a despatch just received from the colonial secretary. ceived from the colonial secretary.

Real Issue of War.

W. F. Maclean (South York) said the real issue at stake in the war was the continuance of parliamentary in-stitutions. Their existence was menaced by German militarism, not only in Canada and Britain, but in the United States as well. If the German people could be persuaded to adopt parliamentary government the way might soon be found to bring about a permanent neace.

RUSSIANS SURPRISED GERMANS.

Canadian Press Despatch.

LONDON, Feb. 8.—Russia's unexpected adoption of offensive operations in Poland, from which the Germans apparently have been withdrawing some forces both to the north and south, furnishes the most striking feature of the military situation on the Buropean continent.

From German sources it is insisted that the plans for the capture of Warsaw are still being pushed. But the Russians claim several successes at various points and declare that the various points and declare that the various points and declare that the captures of the sale of hydro-electric debentures. The larger amounts of expenditure were: Roads and bridges, \$2862.52; school board, \$6907.46: debentures and couppons, \$4700.23; street lighting, \$1115.14; sanitary work, \$1335.15; local improvements, \$3715.06.

The statement shows an excess of assets over liabilities of \$7551.69.

The hydro-electric account shows a net profit for 1914 of \$997.92. With \$511.38 carried over from 1913, the total sumplus was \$1509.30. The earnings during the year were: Light, \$4940.66: power, \$946.82; street lighting, \$1049.34.

The public library building is now practically completed, and it is expected that the plans for the capture of Warsaw are still being pushed. But the Russians claim several successes at various points and declare that the

To be an American who never swore allegiance to England and to hold the late Queen Victoria's South African medal with eight bars is the proud record of Sergeant-Major Irving O'Hay, a true "soldier of fortune," who is appearing in Toronto this week with the "Happy Widows" at the Gayety Theatre.

"I have a very hard time explaining how I came to possess this number of bars," said the sergeant last night when interviewed by The World after the show in his dreesing room. "Many English soldiers are inclined to disbelieve my statement, but I will explain that.
"I was in Naples, Italy, where I went broke when the South African war started, and I shipped on the S.S. Devona as a steward to Cape Colony. We landed at East London, where I joined the First Brabant's Horse, which was composed of all nationalities. It was a unique regiment in every way. Out of the 850 strong, 450 were Cape Colonials, who could scarcely speak English, and 50 German troopers, one of which was a sergeant-major with one arm; also 26 Americans.

VDON, Feb. 8, 9.07 p.m.—The uction of the largest military tin the history of Great Britain today with a discussion of the divities of the official press pureau. The task of introducing the budget if upon the parliamentary secretary the war office, H. J. Tennant, as lest Kitchener, secretary for war, is member of the house of lords. Two more days have been allotted to the discussion of these "army estimates," which are called a "blank heque budget," because the amount of actual money which will be expended under them is represented by cominal, or token, figures. Under Secretary Tennant's speech was a stirring resulte to the British army and a plea for more retruits.

The press bureau discussion was brought on by a motion of Joseph King, Liberal, of North Somerset, "that the actionof the press bureau in restricting the freedom of the press and withholding information about the war has been guided by no clear principles and has been calculated to cause suspicion and discontent."

Mr. King urged that the press bureau issue a daily or a tri-weekly statement as to the progress, expenses.

"The press bureau eught to be used for a freer dissemination of authentic information which would allay alarming and dengerous. ing and dangerous rumors."

Attitude Defended-

In reply Sir Stanley C. Buckmaster, director of the press bureau, defended its work. He declared that he had never withheld for five minutes any information that he possessed. Moreover, he had published instantly everything that it was in his power to publish.

"I can conceive nothing." he said, "better calculated to give satisfaction to our enemies, who are endeavoring to discredit our official news, than the announcement that it has been suggested in the house of commons that the press bureau is the subject of suspicion."

Sir Wm. P. Byles, who seconded Mr. King's motion asked if any disasters had been concealed as there had been endless stories of a capital ship lost some months ago off the north coast The speaker replied that that was an admiralty matter, which could not be

discussed under the head of army esti-

mates.

Continuing his discussion of the press bureau, Mr. Buckmaster declared that the bureau was actuated solely by the desire to apply fairly and impartially the rules laid down for, its guidance by the different departments Bad to Hide Disasters.

Andrew Bonar Law, leader of the opposition, declared that those who supported the motion destred only to point out certain things which needed

"If Mr. Buckmaster is not responslible." he said, "why is not a repre-sentative of the war office present to accept the responsibility? There is nothing worse for a country than concealment of disasters until the end of the war."

Harold Smith Unionist, for War-rington, defended the bureau, declar-ing that the final decision as to what ind be published rested with Earl chener and Winston Spencer Churchill, whereupon a member enquired: "Has Lord Kitchener or Sir hn French ever asked for relaxation of the censorship?" To this Mr. Buckmaster replied

Story of German Submarines Getting Supply From British Ship Unconfirmed by Minister.

Canadian Press Despatch.

LONDON, Feb. 8.—Winston Spencer refused in the house of commons today to disclose the result of the investigation made by the admiralty into the report mentioned in the house last week by Gershom Stewart that German submar Gershom Stewart that German submarines operating in British waters had received fresh supplies of fuel oil from a vessel direct from a British port.

Mr. Churchill said it would not be in the public interest to make this known. The export of fuel oil from this country was prohibited, the speaker declared.

He declined also to discuss the sinking of the British battleship Formidable except to say that the admiralty did not propose to hold any enquiry or countmartial.

SHIP PURCHASE BILL TO BE FORCED THRU?

Republicans and Insurgent Democrats Are Again Placed on Defensive.

WASHINGTON, Feb. 8.-Administration forces of the senate succeeded late today in forcing the Republicans and insurgent Democrats back to the defensive in the fight over the government ship

purchase bill. Accepting the inevitable, leaders of the opposition at once renewed their declara-tion of unrelenting war on the bill, to be continued if necessary until adjournment on March 4, and the general debate was resumed in another protracted, session which showed no signs of abatement at a late hour tonight.

British Authorities Approve Canada's Policy, is Premier's Statement.

POINT OF PROCEDURE

Introduction of Maclean Bill Delayed-Correspondence to Be Produced.

By a Staff Reporter.

OTTAWA, Feb. 8.—Before the debate on the address commenced in the house of commons this afternoon W. F. Maclean (South York) moved for leave to introduce a bill to regulate the export of nickel. He said the bill was designed to prohibit export of nickel matte during the present war, as undoubtedly Canadian nickel was reaching the enemy thru the United tates. The bill, he said, had been drafted along the lines of legislation ce 1907, regulating the export of elec-

which was agreed to.

Will Produce Correspondence.

Sir Wilfrid Laurier: "The prime minister has just made a very important statement in connection with the bill introduced by the member from South York, to the effect that the government has had communication with the imperial authorities upon the subject of this bill, namely, the exportation of nickel. May I ask whether here is any correspondence on this subject of a nature which could brought down and communicated to parliament?"

that there was correspondence, some of which at least might be made public, and he would lay copies of the same upon the table of the house.

This closed the discussion.

SLIGHT INNOVATIONS

Will Render the Coiffure More Graceful and Less Trying.

Altho the French roll continues to be a very popular mode of head-dress there are slight innovations gradually asserting themselves, which will render the coffure a little more graceful and a little less trying for the wearer than the recent severe styles approved by fashion. Soft pompadours are quite chic when the hair is drawn fairly close on the sides, and piled high on the crown of the head. The roll is often accompanied by a cluster of soft curis on one side held in place securely with pins.

A very becoming style to many is the soft psyche which permits a rather loose arrangement of the hair about the face, the front strands being softly waved. The custom of braiding the hair is returning to favor in some instances, when the braid follows the hair is returning to favor in some instances, when the braid follows the hair is returning to resembles the coronet type. Very pretty brilliant studded braid pins are effectively worm in these instances while the ornaments for the various coiffure styles are quite nevel and very dainty.

A rhinestone two pronged mount of considerable height, daintily silm and dragile to look upon, is an ornament for the brunette head dressed high and close. A very pretty blonde hair ornament is a leweled quili thrust in at a forward angle.

HOW TO OBTAIN GOOD DIGESTION

The Stomach Must Be Tongd and Strengthened Through the Blood

The victim of indigestion who wants to eat a good meal, and he will suffer if he eats one, finds poor consolation in picking and choosing a diet. As a matter of fact you cannot get relief by cutting down your diet to a starvation basis. The stomach must be strenghened until you can eat good nourishing food. The only way to strengthen the stomach is to enrich the blood and thus tone up the nerves that control it. The only way to enrich the blood, and tone up the nerves, and give strength to the stomachstrength that will enable it to proprly digest any kind of food-is rough a fair use of Dr. Williams' link Pills. The one mission of these Pills is to make rich, red blood that reaches every part and every organ of the body, bringing renewed health and activity. The following case illustrates the value of Dr. Williams'

Pink Pills, in indigestion: Miss Lottle Carr. of Lequille, N.S., says: "For several years I have been a great sufferer from chronic indigestion. At times I almost loathed food, and no matter how hungry, I found that to eat even lightly was followed lith Thomasby great distress and often nausea. I tried many so-called cures, but did not get more than temporary relief, and naturally I was going down both in health and strength, and was greatly discouraged. While in this despondent condition I was advised to last night. try Dr. Williams' Pink Pills. I doubted that they would cure me after so many other medicines had failed, but as I wanted health and the Pills were highly recommended I decided to try them. I am thankful now that I did so, for after taking Dr. Williams' Pink Pills for five or six weeks every vestige of the trouble had left me, and

vestige of the trouble had left me, and I was again blessed with the best of health. From my own experience I believe there is no case of indigestion Dn. Williams' Pink Pills will not cure. If given a fair trial.

You can get these Pills from any medicine dealer or by mail, post paid, at 50 cents a box or six boxes for \$2,50 from the Dr. Williams Medicine Co., Brockville, Ont.

New Price Announcement

I did my best. I kept the price of bread down to 5c for a pound and a half loaf as long as I could. There are a good many thousand of poor families in Toronto who are very grateful to me for keeping the price down as long as I did. For fifteen years the Toronto public has had no protection against high prices for bread excepting myself. I have stood for it on principle, and have saved Toronto people hundreds of thousands of dollars. Has my service been appreciated? I believe it has. I believe that thousands of families know perfectly that if it were not for my independent stand for low prices the Toronto public would now be paying probably sixteen cents for a three-pound loaf. Keeping it down to twelve cents is doing something, but I ask no credit for what I have done in the past, as I have lost no money doing it until recently when the jump in the price of flour took place. I have always made a very small margin profit, not enough to keep a very small margin profit, not enough to keep a small bakery going, but worth while in the aggregate for a big bakery like mine. The price of the best grade of flour, such as I always use, has risen so tremendously since war was declared, in fact it has advanced \$3 a barrel, and everything else has gone up, too, and flour is only one of the things that we have to pay for in running an up-to-date bakery, therefore I cannot keep on selling at ten cents. I, therefore, reluctantly announce that at last I have been obliged to follow the example of other bakeries and raise my price. Hereafter, until further notice, the prices of Lawrence's Bread will be

NEUTRALS RESPONSIBLE FOR INTERNATIONAL LAW

Made Grave Error in Not Protesting Against Violations of Hague, Says Earl Grey.

Canadian Press Despatch.

LONDON, Feb. 8, 10.25 p.m.—Earl Grey, presiding at a meeting held today to advocate an agreement among nations for the enforcement of international law, said that the present conflict would probably never have taken place had the policy of American pacifists, that the signatory nations to The Hague convention should undertake collective responsibility for their enforcement, been adopted.

"It is almost certain," said Earl Grey, "that this logical and necessary complement of The Hague tribunal will be adopted when the nations again meet in consultation. The neutral powers who signed The Hague conventions, missed a great opportunity by not protesting against the violations of the international regulations that occurred in this war, which undoubtedly would have led to a diminution of its horrors."

Of its popularity with the audience

Of its popularity with the audience there was no question from the first ten minutes of performance, and the action progressed with a celerity and precision creditable to an experience road company.

There were several very pleasing features which were quie distinguishable from the main action, and two or three figures stood out from the cast as worthy of special attention. For one thing the comedian, Chas. Downey, was a real "find." The bursts of appreciation which followed his appearances instanced the appeal of his lines and his skill in reading them. Some of the duests Tandy McKansie and Edith Walsh produced lyrical combinations that bordered on the exquisite. The ensembles in each act were sounded forth with a tone quality that was very satisfying.

Perhaps the most fascinating figure on the stage was that of Bolth Walsh. She invested all her actions with plumancy and charm, and her share in the romantic periods of the plot was marked with daintiness and reserve. Her voice is clear soprano and was heard to great advantage in a litting little song. "A Birdie Told Me So."

The length of the list of characters well-represented is too long to permit of individual mention, but the contributions of Marguerite Walsh as Molly Doogan pruved at times provocative of union-trollable mirth. The airs and vagaries of the dependence of the wedding of Ned Warner, his dep

Scenery Reminiscent.

The scenic background and the costumery were somewhat reminiscent of the Arcadians which made a great run three or four years ago. The gowns and settings reflected the splendor of the east and some very charming color effects were gained.

The gracefulness of the dances proved a gratifying revelation to many who were not disposed to expect so much excellence of deportment from those tacking an extensive schooling. On the whole they were restrained and charming.

If elight evidences of self-conscioueness were apparent at the beginning these gradually dropped away as the play progressed, and the excellent training of Madame Varty-Roberts, Mrs. Melton Adams and other instructors was made manifest.

Thin men and women who would like to increase their weight with 10 or 15 pounds of healthy "stay there" fat should try eating a little Sargol with their meals for a while and note results. Here is a good test worth trying. First weigh yourself and measure yourself. Then take Sargol—one tablet with every meal—for two weeks. Then weigh and measure again. It isn't a question of how you look or feel or what your friends say and think. The scales and the tape measure will tell their own story, and most any thin man or woman can easily add from five to eight pounds in the first fourteen days by following this simple direction. And best of all, the new flesh stays put Sargol does not of itself make fat, but mixing with your food, it turns the fats sugars and starches of what you have eaten, into rich, ripe fat-producing nourshment now passes from your body as waste. But Sargol stops the waste and does it quickly and makes the fat-producing contents of the very same meals you are eating now develop pounds and pounds of healthy flesh between your skin and bones. Sargol is safe, pleasant, efficient and inexpensive. All leading druggists in Toronto and vicinity sell it in large boxes—forty tablets to a package—on a guarantee of weight increase or money back.

CODE HALL CASES ALL WITNESSES HEARD

Against Paul Mazur, Soldier of Cobourg.

E. E. A. Duvernet. K.C., crown prosetutor in opening the case of Paul Mazur, charged with couspiracy to commit high treason, yesterday in the criminal assize court over which Chief Justice Sir William Mulock was prosiding, urged the jury to bear in mind that they were sitting on a very serious charge indeed, and when the law says there shall be no trading, no assisting the enemy, they should see that the offenders of the law are properly punished.

Paul Mazur, an enlisted soldier of the Cobourg Heavy Battery and of the Port Hope 46th Regiment, is being tried for maliciously and traitorously assisting and aiding the enemy of His Majesty the King by inciting and assisting John Cooper, John Kuplicksy, Jos. Vermonchuk, and John Biley, subjects of Austria, to leave the country. All the witnesses were examined yesterday, and bore testimony that Mazur had been in company with them to Bridgeburg, where they were all taken into custody by a constable at that place. Cooper, Koplicksy, Vermonchuk, and Biley were brought into court under guard of members of the Royal Canadian Dragoons.

W. K. Murphy is counsel for the defendant. Trial will continue this morning at ten o'clock.

RUSSIA IS BOTTLED UP

Will Be Sold to Meet Austrians Testify in Case Must Have an Outlet and Access to the Rest of the World.

Balkan States at it affected the present war, in addressing the Canadian Club yesterday.

He said there were really two wars going on—one between Great Britain and Germany for supremacy of the seas and in colonization, and the second between Russia and Germany for Constantinople. He pointed out that Russia was bottled up on four seas—the Pacific Ocean, the Arctic Ocean, the Baltic Sea and the Black Sea, being without a winter port in the first three and without access to the rest of the world thru the fourth, and it was impossible that such a condition of things should continue. Great Britain had opposed Russis's desire for the needed outlet, previous to 1830. In fact the British embassy had been the seat of government in Turkey, and then Germany showed her hand, by obtaining the concession to build with the ultimate ambition of reaching Southern China, but two links were missing from the chain—Central Asia and the Balkan States.

Prof. Hart thought that the ambitions of both countries involved the destruction of Turkey. If Russia won she would undoubtedly take Constantinople. The Germars might never conquer the Balkans, because they would fight indefinitely to maintain their independence.

Jackson Cars Give Service

They Stand Up to the Roughest Usage

S INCE 1902—when the Jackson Automobile Company was established—
it has been the policy of the company to build up a clientele of satisfied
owners, who would continue to buy Jackson cars and recommend them,
We have done this because we believe an established trade to be the strongest and safest asset of any business, and we have always known that this position could only be maintained by the production, each year, of a car which would give honest service not only the first and second seasons, but the third and

We have never attempted to gain extreme lightness of weight at the sacrifice of durability or lightness of upkeep. Strength has been the first consideration, and while it would have been possible for us to build a lighter and cheaper car that would have stood average service, the Jackson standard of durability has required that the car give more than average service. The resulting economy of upkeep has always meant more to the user than a slight saving in initial cost. Jackson cars, with their well-built motors, their rigid frames, and their substantial wheels and axles, will stand up under conditions that are too severe for cars of lighter construction. Strength and durability is the first consideration in the cost of maintenance.

The wear of tires is next in importance to mechanical durability. It is a question to which our engineers have given years of study—and Jackson owners frequently tell us of having exceeded from 50 to 75 per cent. the guaranteed mileage of their tires. This remarkable showing is due, very largely, to the extreme flexibility of the Jackson spring construction. Four full elliptic springs, sensitive and free acting, protect the tires from the crushing shock of the loaded car in striking an obstruction or inequality in the road. It is the relief from these strains that enables the tires to go far beyond their average

Aside from the question of tire economy, this construction adds greatly to the comfort of the passengers. With four full elliptic springs, the car is carried easily and smoothly over rough roads. The Jackson has always been known for its comfort and riding ease, and the spring design has contributed largely toward this reputation.

most successful members of the British bar. He was one of the great novemen of the United Kingdom, being a Knight of the Garter and an aide-de-camp to the King.

Lord Londonderry traced his descent from Sir Piers Tempest, who fought at Agincourt, thru a family distinguished in English history and had himself led an active political life.

Born in Ulster, 62 years ago, he was a graduate of Trantty College, Dublin, which he represented in parliament. His first preferment under the government came in 1892, when he was made solicitor-general for Ireland, and in the last Unionist ministry he served as solicitor-general of England from 1900 to 1906. In his younger years he was a member of parliament for County Down from 1878 to 1884, and Viceroy of Ireland from 1886 to 1889. He held several offices in the Balfour ministry. He was one of the largest land owners in Great Britain, holding title to 50,000 acres. Lord Londonderry was married in 1875 to a daughter of the Earl of Shrewsbury. They had two children, a son and a daughter. The son, Vicecunt Castlereagh, is his heir.

Britain and Germany

A writer in The Spectator, in a controversy over the use of British rather than English, in describing the people of the United Kingdom of Great Britain and Ireland, jubilates over the fact that there is little or nothing of good mixture it is. Why he rejoices that there is no Saxon is that it would

number of fundamental conceptions.

While it is the fashion of some modern critics and poets, and chiefly cultural War Book" may serve as a those who have come under modern German influence, to sneer at Tennyson there is no doubt that Tenny- all parts of the country. son expresses the innate British spirit said that the poet was dowered with the love of love." In fine antithesis to which was as follows: this, Kaiser Wilhelm bestows the order of the Red Eagle on an obscure ersifier who composed a "Hymn of

Hate" to the glory of England. As a man is known by his friends. so he is not less clearly classified by the foes he makes, and it is the same rith nations. Germany under the kaiser has no love for the idea of the otherhood of Man. He would be satisfied in his insane egotism to have a world-wide Brotherhood of Germans. He has chosen to found his career on a mission of hate, and not of love, and history shows that hate is a bad builder.

The great literature which was built up in Germany before the baleful Prussian influence began to be allpowerful was not a literature of hate, but thrilled with the large and benevolent spirit of the masters. There is no hate in Goethe or Schiller, except for those things which Tennyson marks, the hate of hate, the scorn of scorn. They, like all the masters, had the true love of love. It is a descent, and nothing indicates more clearly what the destiny of Prussianized Germany must be than the refrain of Ernest Lissauer, which Kaiser Wilhelm has gone out of his way to

We will never forego our hate, We have all but a single hate, We love as one, we hate as one, We have one foe and one alone— ENGLAND!

Centuries ago, when the Scandinavian or Teutonic settlers first came over the sea to Britain, it was the meadows of the country they looked on with admiration, and there they lesired to dwell. And they called the country meadow-land-AEngland, or England, for AEng or Eng means neadow in the Scandinavian lancages. It is strange that the derivation from Angle has held sway at all, for the Angles are almost a problematical tribe in relation to England, and the "meadow-land" origin is clear enough. The kaiser and his poet Lissauer would call it something much worse, if he had to give a new name

Agricultural War Book

Hon. Martin Burrell in his speech the other evening called special attention to the "Agricultural War Book," which has recently been issued by his department. The officials and many outside gentlemen, he said, had contributed of their best to its production. The book is one of extraordinary interest, and of not less extraordinary value. It is designed to stimulate interest in the domestic side of the war issues, but in an active and practical way which would give channel and direction to the tremendous currents of sentiment and to utilize them in the effective way that our national

As he pointed out, those channels may be summed up as agriculture, the press, transportation, finance, manufactures. It was he who as one of the factors to be counted upon. We have no doubt there will the "hate of hate, the scorn of scorn, be a hearty response to his appeal,

To the press we owe much. We recognize the assistance the press can give to any great movement, and in this special appeal we propose to enlist their active cooperation. Never in our history old we require from the press of Canada such clarity of thought, such force of expression, as we require now on all matters of national importance; and altho the financial strain is as hard for those great interests as for any those great interests as for any others, we shall not look in vain for a high response.

American Ignorance.

Herr Doctor Rudolph Bucken, proessor at Jena University, is a very earned German and inventor of a new system of philosophy, which has had considerable vogue and earned him quite a number of honorary degrees. His metaphysical researches, however, do not appear to have enabled him to fatuation that as a people they are superior to all other nations. If they only had some even slight sense of humor it would have saved them and this professor of philosophy from the painful surprise of finding that their claim to super-humanity meets with no favor. And a still more painful moment will come when they begin to see themselves as other and neutral nations see them. Indeed, it is the ar, titude of the United States that has prompted the Herr Doctor to write himself down a veritable Dogberry.

The Jena professor has been deeply exercised over the antagonism to Germany displayed in the United States. With very few countries, he writes in The Berliner Tageblatt, did we stand in such friendly relations and such active, and not only material connections before the war as with America. So he finds it matter of surprise that nimself what the Germans have done still giving assurances of sincere neu-

It bears out to the full Mr. Asquith's description and makes it clear, without shadow of doubt, that the allies exhausted every effort to induce Turkey to remain neutral. Beware of Fake Baking Powder Tests

("THE SPICE MILL" (N.Y.), SEPTEMBER, 1913.)

Unscrupulous manufacturers of baking powder, in order to sell their product, sometimes resort to the old game of what is known as "the glass test." In reality it is no test at all, but, in cases where the prospective buyer does not understand that the so-called "test" is a fake, pure and simple, the salesman is sometimes able to make him believe it shows conclusively that the so-called baking powder he is selling, and which of course contains egg albumen, is superior to other brands which do not contain this ingredient,

Bulletin No. 21, issued by Dairy and Food Bureau of the State of Utah, reads as follows:—

"The sale in the State of Utah of baking powders containing minute quantities of dried egg (albumen) is declared illegal. The albumen in these baking powders does not actually increase the leavening power of the powder, but by a series of unfair and deceptive tests such powders are made to appear to the innocent consumer to possess three or four times their actual leavening power."

Parade of Twelve Miles Does Not Overtax Canadian Troops.

HARD AT IT AGAIN

Strenuous Drill of Afternoon Proves Men to Be Physically Fit.

Thousands of citizens lined the streets yesterday to view the first general parade of all the soldiers of the Second Canadian Contingent, now mobilized in Toronto. Over 4000 men were on the march. The parade was headed by Colonel Logie, camp commandant; Lieut.-Col. H. M. Elliott, Major H. C. Bickford, Capt. H. C. Osborne and Lieut. W. F. Howland, staff officers, who were all mounted. Next in line were 630 members of the cavalry regiment. every member being mounted. The fine quality of horses provided was one of the features of the parade that came in for much praise. Following the MHounted Rifes were the 4th Brigade. Field Artillery, 480 in number; Divisional Cyclists, 250; the 19th Battation, led by the band of pipers and the 20th Battation led by the brass band. The infantry numbered over 2100. The 5th Field Ambulance, 250, and the Divisional Supply Column and Divisional Ammunition Park completed the parade. The procession took 20 minutes to pass a given point, and was a mile and a half long. The route covered was 12 miles in length.

When the parade passed the armories the details from the various city regiments, which will make up the third contingent when it is formed were lined up to see the other contingent march by. The start from Ex-

were lined up to see the other centingent march by. The start from Exhibition Park was made at \$15 a.m., and the troops were back again by 1,45 p.m.

Altho the walking was quite heavy on most of the roads covered, the men seemed quite fresh when they return-ed to the park. During the afternoon both battalions of infantry paraded and drilled and went smartly thru all the movements.

Gone to France.

That 1088 men of the first Canadian contingent, forming the Third Battalion and composed of the Q.O.R., the Governor-General's Body Guard and the 10th Royal Grenadiers are now in France was proven by two cables received by Toronto families from their sons yesterday. Lieut Walter Nicholls of the Q.O.R., sent word to his father, Frederic Nicholls, 212 King street west, stating that he had arrived sufely in France. The other cable was also sent by a Q.O.R. member of the first contingent, and indicated that the Third Battalion had been in France for two days.

TO AVOID PROTEST

New Plan Hit Upon by Secretary Bryan in War Zone

Special to The Toronto World.
WASHINGTON, D.C., Feb. 8.—It was learned tonight that the state department had succeeded in finding a way to make known its opposition a way to make known its opposition to the recent declaration of the German admiralty's war zone without making this opposition take the form of a protest. The plan, it is said, contemplates calling upon Germans for further information as to the proclamation in which, it is said, it will be pointed out that there is grave concern in this country as to the safety of neutral ships and asking what the intentions of the German government are to insure the safety of these vessels.

COMPLETE ANARCHY REIGNS IN ALBANIA

All Montenegrins There Are Killed and Homes Pillaged and Merchandise Confiscated.

Canadian Press Despatch.

LONDON, Feb. 7.—(10.10 p.m.)—The following note has been issued by the Montenegrin consulate general here:

"Cettinje—Complete anarchy regins in Albainia, which is continually augmented by the intrigues of the Austrians and Young Turks. Albanian bands kill and pillage all Montenegrin subjects who are obliged to traverse Albanian territory. All the merchandise transported along the River Boyana is confiscated and held at enormous ransom, despite the incontestable right of Montenegrin navigation of this river.

"The consular cabinet at Scutari is without authority over the Albanians, whose misdeeds against Montenegrin commerce grow daily."

fans saw in the Wiarten O.H.A. game here the best team that ever played on local loc. The Wiarton team are up to advance notices and had the locals outclassed 4 to 0 in the first period, which was full of combination from gong to gong. It was the fastest game ever played here. Wiarton scored three in the second period. Dad Ashley was injured and retired about five minutes before the culd of the second period. Part jured and retired about five minutes before the end of the second period, Best soing off with him. In the third period Wiarton talled three goals, and it looked like a shutout for Seaforth until Dot Reid went up on the forward line and scored a goal in two minutes. Sills followed with another and Tom Dick came back with another just one minute before time was called. The line-up:

Widton (10)—Goal, Johnston; right defence, Gildner; left defence, Porter; rover Simmie: centre, Miers; right wing, A. Ashley; left wing, Dad Ashley.

VARSITY JUNIORS BOOST THE MARK

Score Twenty-Six Goals Against Welland in Second Round Game at Arena.

Varsity juniors boosted their Welland Varsity juniors boosted their Welland record two, goals at the Arena last night, downing the Welland squad 26 to 1 and winning the round by 47 goals. The score in Welland was 24 to 2.

It was just a case of sauntering up and scoring at will, but Varsity players took things too easy and roved all over the ice. This may tell against them when they stack up against a hard team.

The period scores were 3 to 1, 10 to 9 and 13 to 0. Gamey Stratton was chief sniper with eight talites to his credit, and mythe ran in seven. Ramsay and Gounlock netted four each and Saunders' count was three.

was three.

The local collegians bid fair to go a long way. They have the prettiest combination of any club that has showed on the Arena ice. With Stratton back in the game the forward line can hardly be improved upon. They have the passing game down to perfection and best of all every man is a dead shot.

Last night's game was no criterion of what Varsity can do and with real opposition they are capable of turning in a fast and hard-checking performance.

The teams:

Varsity (26)—Goal, Malone; defence,

Saunders.

Welland (1)—Goal, Taylor; defence,

WELSH AND SHUGRUE FIGHT TONIGHT.

NEW YORK, Feb. 8.—There is a general interest among boxing devotees in the bout at Madison Square Garden Tuesday night, which will bring together Freddie Weish, the lightweight champion of the world, and Joe Shugrue, who stands at the forefront of the aspirants for the title! This will be the second meeting of the two men in the ring, and should prove an even greater attraction than their first battle in the Garden. That proved to be a victory on points for the Jersey boxer, and Weish showed in form that was far from what should have marked the work of a champion. In a certain sense, however, champion. In a certain sense, ho the match was unsatisfactory.

National League Today Hold Schedule Meeting

NEW YORK, Feb. 8,-When the Na tional League baseball club owners meet here tomorrow to adopt a playing schedule for the coming season, they will probably rescind the order passed at their December session reducing the player limit of each club to 21 men. Last week the American League did not reduce their maximum of 25, and it is expected that the Nationals will change back to the same number of players.

President Thomas and Manager Bresnahan of the Chicago Club are here, and Manager McGraw of the local club is expected to arrive early tomorfow from Cuba, where he has been spending a three weeks' vacation. There were rumors of several deals being arranged, but none of them could be traced to an authoritative source.

KANSAS CITY, Mo., Feb. 8.-While di KANSAS CITY, Mo., Feb. 8.—While directors of the Kansas City Federal League club took no action at a meeting here late today regarding the announced sale of the club's franchise by the league president, James A. Gilmore, they announced that subscriptions to a fund being raised to retain the franchise would not be discontinued. In the meantime what stand the owners will take rests largely upon D. J. Haff, a director, now in New York, who was advised of today's deliberations and asked what action he deemed best.

It was asserted he would confer with Patrick T. Powers, former president of the Eastern League, now the International League, who has purchased the Kansas City franchise, and, with President Gilmore, before advising the local organization.

ST. LOUIS, Feb. 8.—Lloyd Rickert, secretary of the Federal League, today was elected president of the St. Louis Club, to succeed E. Steininger, who re-CATCHER FOR GRAYS.

BOSTON, Feb. 8.—The purchase of Patrick Haley, a catcher, from the Des Moines team of the Western League for the Providence Internationals was announced by President Lannin tonight. Haley played in 146 games last season, with a fielding average of .984 and a batting average of .284.

ORILLIA WINS THE ROUND. ORILLIA, Ont., Feb. 8.—Orillia intermediates won the first round of the semi-finals by defeating Bracebridge here tonight by 6 to 1, winning the round by 15 to 9. The line-up:
Orillia (6): Goal, Corbould; point, Harvie; cover, Carten; centre, Ross; rover, Jupp; right wing, Draper; left wing, McDonald.

TRINITY DEFEAT KNOX. in a Jennings Cup hockey game of Monday afternoon at the Varsity Stadium, Trinity defeated Knox by a scon of 5 to 3. In spite of the soft toe the game was fairly fast, both teams showing considerable improvement over the last game. Altho Knox made some spler did rushes she was no match for the combination of Trinity. The Trinity line up was: Orr, Dixon, Donaldson, Johnson Armstrong, Wallace, Wilson, Cook.

ST. AUGUSTINES CHAMPIONS. St. Augustines won the Anglican senior hockey championship last night when they defeated the St. Annes seniors at Dufferin Grove to the tune of 13 to 0, having the rather phenomenal experience in not having a single goal scored agains, them in a league game with 35 to their credit, and having not yet lost an exhibition game this season. The last one played at Newmarket Saturday night with Pickering College resulted in a tie. St. Augus ines line-up: Goal, Boyd; left defence, Bell; right defence, Balllie; rover, Clancy; left wing, Ellis; centre, Mortimer: right wing, Bradley.

St. Annes: Goal, Nelson; left defence, Forgie; right defence, Butler; centre, Pearcy; left wing, Wellburn; right wing, Bell.

HELD BERLIN CRACKS TO THREE GOAL TIE

WOODSTOCK, Ont. Feb. 8.-In what the chird session. Carges placed the time callege pulled off a pretty combination of their own on several occasions, two of their goals resulting. In the first period Woodstock had the edge on the visitors, leading at the end of the period by 2 to 1. Wallace securing both goals for the locals, a nice combination work between Swartzman, Shields and himself. Meir on a side-shot tallied for the Union Jacks near the finish of the period.

Berlin came to life in the second period, and Meir again tallied, making the score a tie, after six minutes of play. The teams battled thru the rest of the period, but neither side was able to score, both net-guardians playing great games.

After another two minutes of play in the third session, Karges placed the Dutchmen in the lead; but, with six minutes to play, Shields cluded the entire Berlin team and scored the final goal, the game ending in a tie, three-all. College played the visitors off their feet in this period, but were unable to find the nets.

this period, but were unable to find the nets.

For College, Swartzman was the hest man on the ice, and, with Wallace, had the honors of the evening. Douglas played a great game in goal.

Kruge White and Meir starred for the Jacks, all three playing nice hockey. The game was handled by Referee Tackaberry of Toronto, and was remarkably clean. The line-up:

BASKETBALL.

The most important Intermediate O. B. A. basketball game of the season will be played on Wednesday night at the Royal Templars' Building, Queen and Dovercourt, between Baracas and City Playgrounds. At present, Baracas are leading, with the Playgrounds boys close on their heels. This game will decide the leadership of the league, and virtually the championship. Both teams have been practising faithfully, and a fast game is sure to result. The city boys, the light, are fast, and are the best ball-handlers in the league, while the Baracas excel in combination and have the greatest-experience of any team in the league.

Two good preliminaries will precede the big game.

The combined balance sheet of the Niagara Falls Power and Canadian Niagara Power for 1914 shows gross last year was \$66.313 less thn in 1913. Meantime operating expenses decreased \$26.756, so that the loss in net was only \$39.461. Percentage of expenses to gross earnings was 19.19, against 19.70 in 1913. Total net income from all sources was \$2.245.352, or \$73.832 under 1913. The company is planning the installation of three more generators in the Canadian company's plant, in order to meet the increasing demand for power.

CANADIAN ISSUES STAND HIGH.

That Canadian public issues are highly wored in New York is indicated by the test sale of \$500,000 five-year five per int. Province of New Brunswick bonds the Farmers' Loan and Trust Company, the same firm that took the Ottawa 1,000,000 one-year issue a week ago. Anadian issues sold in New York since 20, 1 amount to \$37,765,000.

TORONTO FIRM GETS OTTAWA DEBENTURES

The City of Ottawa has sold to Messrs. Wood, Gundy & Co. of Toronto \$1,595,000 debentures, \$1,405,000 of which bear interest at the rate of 4% per cent, and mature at the end of ten, fifteen, twenty and thirty years, and \$190,000 of which hear five per cent interest and mature and thirty years, and \$150,000 of which bear five per cent, interest and mature at the end of thirty years.

As Ottawa has sold no bonds since August of 1913, the bidding was unusually keen, there being three other tenders within a range of 1 to 1 per cent.

They are absolutely the last work in their class. You are invited, whether intending to purchase or not, to see the special exhibition in our department on Wednesday. Hand-blocked Linens at \$1.18 Per Yard—Purchased within the last few weeks in Paris and the newest materials from this centre of decorative art. It is impossible to describe the designs or colorings; they are exquisite as well as unique. Wednesday, yard 1.18 These fabrics will be shown in combination with a number of very artistic French wall papers, and the suggestions for those considering re-decoration or furnishing will be of great interest. French Striped Linens at \$2.25 Per Yard—For furniture covering, for wicker chair cushions, for seat cushions and for portieres; these materials are effective, besides being comparatively inexpensive, 50 inches wide and in applied colors; they are serviceable and will keep their color perfectly. Wednesday, yard 2.25 Hand-blocked Aubusson at \$3.50 Per Yard—This is an entirely new departure in the chintz, world; only within the last few months have such materials been attempted, and we were fortunate in securing one of the largest shipments which left Paris; the designs are all of the modern school and comprise some very interesting combinations of detail and color; for occasional as well as for complete furnishing work these materials have a compelling interest. Wednesday, per yard

Of these materials also a special display will be made, and we invite your inspection.

French Printed Taffetas at 65c Per Yard—This material is 30 ins. Wide, in green, red, tan and grey, with effective color combinations, a very serviceable material for furniture covers. Special price, Wednesday, per yard

Benglish Chintz at 33c Per Yard—Another great purchase of English Chintzes and cretonnes, 30 inches wide, has been prepared for DRAPERIES MADE UP FREE OF CHARGE. The time for accepting free making drapery orders is getting shorter. In a few more days the capacity of our workrooms for immediate service will be overtaxed, and the offer will be withdrawn. Place your order at once and take advantage of the striking saving which is offered.

Shopping Incentive at Simpson's

You may have noticed how particular we are in this store to keep each season's stock moving steadily. Things here cannot grow old; after a stockadjustment such as we've just had, any accumulations are hurried out with little regard to profit.

This means a constant activity in the stocks, and provides our customers with a continuous incentive to come here. To-morrow there will be many new things for them to see, and many things not so new, moving out under reduced prices. Look over this page carefully.
