

The Lists for the first Distribution of the new ENCYCLOPAEDIA BRITANNICA Close To-day

Cambridge University Press

This Order Form is only valid if bearing postmark of to-day's date, May 31st.

To-day, May 31st, is the last day on which it is possible to register a subscription for the new Britannica at the low advance prices.

To-morrow, June 1st, the higher schedule of prices comes into effect, and orders bearing a postmark of a later date than to-day can only be accepted at the higher rates.

No more copies of the new Britannica (11th Edition) will be printed and bound at present other than those required to fill orders for which applications shall be made up to and including to-day's.

To the CAMBRIDGE UNIVERSITY PRESS (Encyclopaedia Britannica Department) ROYAL BANK BLDG., 10-12 King St. East, TORONTO, ONT.

Table with columns for India Paper, Ordinary Paper, Cloth, Full Morocco, and Half Morocco, listing prices for various binding options.

Form for Name, Address, Occupation, and business address.

Text describing the order form and providing instructions for filling it out.

Whether you want delivery made now or later in the year, if you have not already made application your order must be mailed to-day.

The original aim of the Concession, which expires to-day, was to induce subscribers to order quickly and thus afford the publishers the information necessary to standardize the production of the work in the two formats.

The reader is still permitted to profit by this concession even though he may not want to accept delivery until later in the year, because if he makes application to-day, his order will be executed as part of an unbroken series of manufacturing operations.

His volumes will be held subject to his direction in such a case, nor need his payments begin until he actually receives them; but to profit by this concession his order must be mailed to-day.

HAMILTON HAPPENINGS

GRAND STAND WILL BE BUILT BY UNION LABOR

Problem to be Solved by Park Board Taking Over the Work From the Contractor.

HAMILTON, May 30.—(Special.)—Interest in the carpenters' strike was revived to-day when the union attempted John Poag & Co. from finishing the Britannica Park grand stand contract.

HAMILTON BUSINESS DIRECTORY

HAMILTON HOTELS. HOTEL ROYAL

Regular monthly meeting this afternoon, that owing to lack of proper accommodation, cases of German measles and scarlet fever were put together in the basement of the hospital, and that the same reason scarlet fever and diphtheria patients were placed in one shack.

EATON'S DAILY STORE NEWS

EARLY CLOSING During May, June, July, August, Store Closes Saturday at 1 p.m. No Noon Delivery.

Single Buggy Harness---Great Value at \$10.50

Now that the country and city roads are in perfect condition, the pleasure of driving a good horse may be thoroughly enjoyed. To those who take a special pride in the appearance of their outfit, the style and special price of this harness should make a strong appeal.

We have only a limited number of this line, which is unequalled in quality and price. It is made from good, clean Canadian stock of leather, finished in superior style by experienced mechanics.

EARLY CLOSING As in May Store Closes Saturday at 1 p.m. During June, July, August. No Noon Delivery. THE T. EATON CO LIMITED

Men's Suits for Summer Wear

Should be chosen with great care. A man cannot afford to wear an ill-fitting suit or a suit of an unreasonable material at any time, but more especially is that true in the hot weather, when overcoats are discarded.

FRUIT MARKET SCHEME SLEEPING, NOT DEAD

But Problem is Complicated One and Different Arguments Are Advanced. Although the sub-committee of the civic property committee has apparently shelved the proposal to establish a civic fruit market, those who are interested in the project are by no means discouraged in endeavoring to bring about this reform.

TROLLEYS COLLIDE WITH FATAL RESULT

Passengers in Forward Car Pinned Under Debris---Motorman Under Arrest. NEW HAVEN, Conn., May 30.—On a level stretch of track and in the middle of a straightaway run of nearly a mile, two trolley cars going from this city to New Haven, collided and crashed into it.

POLITICS AND THE MILITIA

Heavy Duties Imposed on Grenadiers' Equipment Causes Comment. "The government at Ottawa evidently does not care what expense the officers commanding the Ontario regiments are put to in trying to maintain their several commands," remarked a military man yesterday.

A NOVEL SCHEME

Moose Jaw Will Erect Factory and Sublet at Low Rates. MOOSEJAW, Sask., May 30.—The board of trade has evolved a novel scheme for the encouragement of small industries. It proposes that the city erect a large factory building on one of its vacant sites in the industrial spur district and subdivide this into separate premises.

REFUSED TO OFFER REWARD

Chatham Council Turns Down Police Suggestion. CHATHAM, May 30.—(Special.)—The infantile mystery which stirred Chatham a few weeks ago still remains a mystery.

TRAMPLED ON BY COLT

Thamesville Man, Badly Hurt, May Not Recover. CHATHAM, May 30.—(Special.)—A serious accident occurred in Thamesville yesterday, when David Sherman took his colt to J. J. Reardon's blacksmith shop to be shod.

PHILADELPHIA MAY 30

Delegates to the convention of the American Laryngological Association witnessed a remarkable surgical operation here today, when Dr. C. Jackson of Pittsburgh, without the use of a knife, removed a brain tumor which had been embedded in a young woman's bronchial tube for eight years.

EXCHANGES TO KEEP RECORD

Dominion and Standard to Stamp Transfer and Make Weekly Returns. A deputation from the Dominion and the Standard Stock Exchanges conferred yesterday afternoon respecting the new act relating to stock transfers, which goes into effect to-morrow.

COLL COMMUNICANT

Coll Communis are apparently summing up elsewhere; the city bacteriologist reporting our water as now free from these heralds of typhoid.

BAPTIST SUNDAY SCHOOLS

Over Seven Thousand Children in Attendance During Past Year. The annual meeting of the Toronto Baptist Sunday School Association was held yesterday evening at Jarvis St. Baptist Church, the president, E. H. Roberts, in the chair.

HYDRO ELECTRIC RATES

The civic hydro-electric commission has decided upon a schedule of rates for the City of Toronto, and this will be made public about the end of this week.

GET INCREASE ALL ROUND

Good News for Employees of Kingston and Pembroke Railway. KINGSTON, May 30.—(Special.)—President Baker of the Kingston and Pembroke Railway is here to-day and brought good news for conductors, brakemen and mechanics at the round house in this city.

HAVE TO USE OLD INTAKE

Hence People of East Toronto Should Boil the Water. And now all and sundry, the householders of East Toronto, are advised to boil their drinking water.

PAID FOR SEEDING

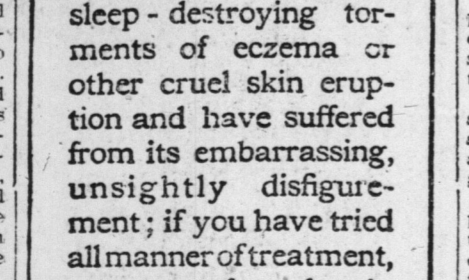

The speed fends are evidently not deterred by the \$50 fine imposed upon them. Fred Diver, J. J. Fee, A. B. Harris, P. Myles, H. S. Mara, C. Cummings, E. J. Law, J. J. Coleran, W. E. Thistle and N. J. Christie all paid in their \$20 and costs for speeding without appearing in afternoon police court yesterday.

THE TORONTO WORLD

THIS CERTIFICATE, with 25 others of consecutive dates, (Sundays excepted) if presented at the business office of THE WORLD, 40 Richmond St. West, will entitle the bearer to one WORLD COOK BOOK absolutely free.

For Skin Sufferers

If you, or someone dear to you, have undergone the itching, burning, sleep-destroying torments of eczema or other cruel skin eruption and have suffered from its embarrassing, unsightly disfigurement; if you have tried all manner of treatment, no matter how harsh, to no avail, and have all but given up hope of cure, you can appreciate what it means to thousands of skin-tortured sufferers, from infancy to age, when the first warm bath with Cuticura Soap and gentle application of Cuticura Ointment brings instant relief, permits rest and sleep, and proves the first step in a speedy and successful treatment.

DR. CLIFFORD TO LAY CORNERSTONE

PETERBORO, May 30.—(Special.)—Dr. John Clifford of London, England, the foremost minister of the Baptist denomination, has consented to lay the corner stone of the new \$50,000 Murray-street Baptist Church, on June 23.

LEMONADE READY MADE

Advertisement for Dalton's Lemonade. Dalton's Concentrated Lemonade is all ready for the ice and water. It's a pure lemon product, sweetened with the delicious flavor of the fresh, ripe fruit. It contains no other acid.

BUILDING FOR SERVANTS

A permit has been granted to the Toronto General Hospital for the erection of a new servants' building at the corner of College and Elizabeth-streets, at a cost of \$25,000.

PAID FOR SEEDING

The speed fends are evidently not deterred by the \$50 fine imposed upon them. Fred Diver, J. J. Fee, A. B. Harris, P. Myles, H. S. Mara, C. Cummings, E. J. Law, J. J. Coleran, W. E. Thistle and N. J. Christie all paid in their \$20 and costs for speeding without appearing in afternoon police court yesterday.

LEAFS WON BOTH GAMES MEMORIAL DAY FOR BISONS

Rudolph Deserved a Shut-out in Second Game—Shaw and Keeler Did Some Fine Fielding.

BUFFALO, N.Y., May 30.—The Leafs are after Rochester's scalp. By taking the morning game, 8 to 5, and the afternoon fixture, 5 to 2, they made it three in a row from the Bisons.

The afternoon game should have resulted in a shut-out for the Leafs, as Rudolph held the herd with three scattered hits till the ninth, when sharper first man up, got a life on one that bounded over Vaughn's head.

The Leafs came across with one in the eighth, and two more in the fifth and the eighth. O'Hara opened up with a double, his second hit being a sacrifice.

Betting 4 to 1 That Yankee Polo Team Beat Englishmen

NEW YORK, May 30.—The final touches to the broad expanse of turf on which England and America will battle to-morrow in Westbury, L.I., for the international polo championship, were laid on today with artistic hand.

The odds on the final result of the best two in three matches are heavy on the American side, 4 to 1 and even 5 to 1 being offered against the chances of the International Cup leaving these shores, at least for this year.

The two teams have gone outside of New York for officials, and Joshua Crane, Jr., of the Dedham Polo Club, Boston, and one-time coach of the Harvard football team, will be referee and umpire and inflict whatever penalties are necessary.

England—No. 1, Capt. L. St. George; No. 2, Lieut. A. Noel Edwards; No. 3, Lieut. H. Waterbury; No. 4, Harry Payne Whitney; Capt. Devereaux Milburn.

Olympic Champions Coming. There will be a great array of Olympic champions at the Eaton A.C. meet on Saturday, June 10. First, there is our own Bobbie Kerr, who won the 100-yard dash at the Olympic games in London, who won the mile race, and Geo. V. Bonhag, who won the 100-yard dash at the Olympic games in London.

The Eaton A.C. have awarded Thos. H. Griffith of 115 Macdonald avenue the prize of offering the best suggestion for a novelty event to be put on at their field day a week from Saturday.

At Pittsburgh—Pittsburgh topped the Cubs to third place yesterday by winning both games, the first 3 to 0 and the second game by a lone score in the eighth, when the Pirates made three singles, Chicago never reaching the only run for the visitors.

At Boston—Philadelphia won both games in the double-header with Boston yesterday, the first 3 to 0 and the second 11 to 4. The second game was won on hard hitting and costly errors by the local side.

At St. Louis—Cincinnati broke even on today's playing by winning the afternoon game, 8 to 2. The visitors hit Steele hard, while the locals found Fromme a puzzle with runners on base.

At Philadelphia—Krause's pitching handicap included a new York in yesterday morning's game, and the visitors were shut out 2 to 0. O'Hara's batting was the feature, he scoring two runs himself and driving in the other.

At Chicago—Pety was too much for Chicago in the first game yesterday, and St. Louis bunched hits off Scott and won an easy victory 4 to 1. Chicago's one run resulted from Messenger's triple and a sacrifice. Pitcher Young was at his best, allowing only two runs and scattering hits. Score: St. Louis 4, Chicago 1.

NOBLEMEN CIGARS Your Grandfather's Chain Waistcoat Your forefathers wore a CHAIN WAIST-COAT and an IRON HAT, but Gumpower set the outfit to the Scrap Heap.

Modern Science has consigned to a BACK PAGE in HISTORY all the old-time Smokers' ideas regarding the superiority of "imported" Cigars. THE BLENDING AND SELECTING OF CHOICE TOBACCOS, as represented in The Davis "Noblemen" Cigar has revolutionized the smoker's ideas of CIGAR VALUE.

NEW ATHLETIC RECORDS For 125 Yards, 250 Yards Hurdles and Hop-Stand-Jump. NEW YORK, May 30.—Three new amateur athletic records were made today during the track and field carnival of the Irish-American Athletic Club at Celtic Park.

BASEBALL GOSSIP. Gansler's Hustlers will have to bust more than they have done at any time this season when they tackle the fast-moving Leafs in the crucial series at the Island to-morrow, Friday and Saturday.

Rank in Golf. While the Western Golf Association handicap including members in Canada, thirty-two clubs failed to make returns, and all their players were not named, will probably be called upon to do the pitching in the Toronto series.

YOUNG MAN, STOP AND THINK Youth is prone to weakness, and weakness allied with ignorance of consequences makes indiscretion and folly inevitable. It is this fact which explains to-day the thousands of partially wrecked constitutions of our young men.

NERVE WEAKENED AND NERVE EXHAUSTED sapped of vigor and spent of vitality, overworked and debilitated, he will make a pliable and obedient failure of his life, hopes and ambitions, unless he takes means to overcome his weakness and regain his strength.

PAY ME WHEN CURED Never mind waiting until you use the last dose of that bottle from the drug store. Begin now. Call and talk your case over with me or send for my book. "ELECTRICITY IS LIFE" and have proved the soundness of my doctrine by making cures when others have failed time and again.

LOUGHEED DIDN'T KNOW ANY MORE FOR MURDER

Such Was His Ante-Mortem Declaration—Coroner's Jury Brings Verdict Against Jessiman.

Chief Coroner Johnson's jury yesterday afternoon returned a verdict finding that James Lougheed came to his death Monday by being shot by Joseph Jessiman and that Jessiman had murdered him.

Dr. J. F. Wren, 520 Church-st., who had attended Lougheed at St. Michael's Hospital, said that when he arrived at the hospital Lougheed hesitated to be operated on.

From the questions put by Mr. Henderson, his counsel, it was evident that Jessiman had not been told by the doctor that the man was insane.

The verdict of the jury was: "That James Lougheed came to his death in the city of Toronto, in the county of York, on the 28th day of May instant, as the result of shots fired into his body, from a revolver, by one Joseph Jessiman, and that the aforesaid Joseph Jessiman did so murder the said James Lougheed."

Grabbed Revolver. The first witness was William O'Brien, engineer on the new hospital, 35 Ryerson-st., Toronto. I was standing at the corner of Elizabeth and Haver-st. when the shooting occurred.

Dr. J. M. Cotton, who performed the post-mortem examination, was called. He said: "I found the organs practically normal save for the injuries to the intestines from the bullets. One bullet entered the middle of the left arm and came out at the shoulder."

to realize what he had done, the crime he had committed. He seemed more concerned with what would become of his bicycle than with anything else.

During the hearing, Jessiman sat nervously fidgeting with his hands. His eyes were vacant, but at times almost smiling. He seemed to be paying little or no attention to the evidence, and there was no sign of emotion upon his face at anything.

Mr. Robinette said that Jessiman's attention was divided between the evidence that he had given and the thought that he had not been natural since he had had typhoid fever some time ago.

Mme. Cloutre Asks That Appeal Be Heard June 12.

MONTREAL, May 30.—Another step in the now famous Hebert-Cloutre marriage case was taken this morning when attorneys for Madame Cloutre filed an inscription asking that the appeal from the judgment annulling her marriage with Emile Hebert, be heard June 12.

The marriage was annulled by Judge Laurendeau because of a decree that had been issued by Archbishop Bruchési against the marriage of Roman Catholics by Protestant ministers.

It is likely that the case will be fought through the courts, as a test case, to ascertain just what are the powers of the Roman Catholic Church with regard to marriage in this province.

Off for Petawawa. KINGSTON, May 30.—(Special.)—An advance guard of 26 men from the Royal Canadian Horse Artillery left today for camp at Petawawa. Major Hamilton is in charge. Another batch will leave on Thursday.

Mining Market Turns Dull But Tone is Generally Firmer

Big Porcupines Take Sharp Spurts After an Early Weakness—Swastika Sold on Increased Capital Announcement.

World Office,
Tuesday Evening, May 30.

There was very little doing on the mining exchanges to-day, due in some respect to the holiday in New York, which tended to curb trading here. Transactions were of the smallest volume in some time; but along with the apathetic movement came a definite firmness, which could only be taken to indicate a lack of offerings, and which showed the market up in much better shape than yesterday.

Sentiment on the street took a decided turn for the better during the day, and it was felt that Monday's decline had been antagonistic to the general trend, and that consequently stocks were entitled to a recovery. This was followed out in so far as the big porcupines were concerned, both in price and in making sharp spurts, which carried prices back to a point more in line with recent values.

At the opening of the session a reactionary trend was observable, and for the first hour the market looked rather dull in spots. Hollinger sold as low as twelve dollars, or 25 points below yesterday, and was in rather poor demand even at the decline. The stock soon began to recover again, however, selling up to \$12.75, and closing at \$12.80 bid, and \$12.90 asked.

Rea changed hands around yesterday's low figures early in the day, but the opening was during the afternoon session. Vipond lost a fraction, the shares selling down to 61. Dome Extension was not dealt in, the prospectors live purchasers raised their bids to 57, a point above yesterday's close. No stock was offering under 58.

The announcement that Swastika would double its capital had a further effect on the stock to-day, the shares opening at 60, yesterday's low point, and losing an additional point later on. At the close was bid for more.

There was nothing of any importance to be gleaned from the list of sales in the Cobalt section, prospect holders comparatively unheated, trading apathetic throughout the whole list of the silver issues.

Announcement was made yesterday of the incorporation of the Porcupine-Cobalt Mines, Ltd., which received its charter on Friday last week. The capital is \$1,000,000 divided into 1,000,000 shares of a par value of one dollar each. The directors are as follows: R. C. Levesconte, M. E. de Aguiroz, A. N. Bidde, John L. Martin and J. W. de Aguiroz.

The company will take over the Victoria mine at Cobalt, which immediately adjoins the "Pissing" vein, a 20 ft. vein, which has been tested by drilling to the 430 foot level, and has a large amount of low grade ore blocked out. The vein is down to the 240 foot level on a vein, which runs from 45 to 6 feet in width. The Porcupine-Cobalt Mines have also acquired two claims in the Porcupine, located in DeLoro township.

Average Assay Should Run \$40 in Gold Ton

Stripping of Vein at Pearl Lake Mine Shows Promising Results.

A wire from the manager of the Pearl Lake Gold Mines at Porcupine yesterday reported that new leads were being uncovered almost every day, and that the outlook was most promising. The wire read as follows: Preparatory to commencing to sink on a vein, stripping for 200 feet has been done, and the average width of the vein as thus indicated is 12 feet. Samples so far taken assay from \$22 to \$38 in gold to the ton, and these specimens were secured from the least likely looking portion. Assays taken across the portion of the vein, where the rich showings were uncovered, will be ready on Wednesday, and the probability is that the vein will average \$40 to the ton for the entire length of 200 feet and width of 12 feet. Vein No. 12 showing increased width and mineralization.

REGULAR DIVIDEND

Buffalo Mines Co. has declared a regular quarterly dividend of 3 per cent, and 5 per cent extra, the former payable July 1 and the latter August 15, 1917.

INDICATED FOR DYNAMITING

LOS ANGELES, Cal., May 20.—Three men were indicted yesterday on the charge of having committed a dynamite explosion in the county hall of records on Sept. 8, 1910, with intent to destroy it. They are: Bert Connors, manager of Structural Iron Workers' Union, A. E. Maple, president of Local Blacksmiths' Union.

Ball was fixed in each case at \$25,000. Connors has been under arrest on suspicion for two weeks. Bender and Maple were arrested yesterday.

Summer School at Geneva Park. The Presbyterian Summer School will be held from Aug. 21 to 28 at Geneva Park, Lake Couchiching, about seven miles from Orillia. The provincial Y.M.C.A. committee controls the park and arrangements have been made with them for the school. About 150 people are expected to be there to attend the lectures.

The following gentlemen will be in charge of the studies: D. G. MacGregor, B.A.; Rev. W. R. McIntosh, D.D.; Rev. A. L. Armstrong, M.A.; Rev. J. C. Robertson, B.D.; Rev. J. G. Shearer, D.D.; Rev. E. B. Home, B.A.

APEX WILL GET AFTER THE GOLD UNDER GROUND

Work Started on Their Two Claims, Which Have Excellent Prospects.

At Porcupine City, May 28.—(From Our Man "Up North.")—Fully completed work will be found with depth, the Apex Mining Co., Nathan Bilsky, manager, has started work on their two claims (Mapes) directly west of the West Dome, where the mining operations of that section of the camp are now in progress.

The land is reasonably high, with one main ridge running from east to west, and thru this ridge runs the big ferro-dolomite lead that appears on the West Dome, suffering no change apparently after dipping to the east, as it runs just to the west of the West Dome holdings.

At different intervals from 20 to 75 feet, the land is stripped of the soil, and the upper part of a test pit run down last summer shows the quartz running in two streaks, with a horse of schist in between. The quartz is of the vein carrying from two to four feet on each side.

The deposits carry heavy in the line, and when the rock is exposed for some time on the surface, turns to a creamy yellow.

Evidence of the fracturing that show so plainly on the West Dome also shows here, where the overburden has been stripped, and just as the West Dome and Dome deposits have been termed areas of ore, the Apex carries many of their similarities.

As the work has been attempted for the company is just getting in shape to do prospecting. As a means of doing this means for deep prospecting. From the work now done it is impossible to tell just what width may be expected in the lead. No assayed tests have been made since the Apex Company took hold of the claims. The plans now are to block out and determine if there is a body of payable ore. The property contains a small house, a house camp, where workmen clearing the land are housed.

The company escaped almost miraculously from the forest fire that burned so fiercely to the east of their camps in the West Dome cedar swamp. Eight men are employed on the site for the present, and not till June 1st will arrangements be fully completed for hard work.

Tracing out the ridge thru which the ferro-dolomite runs from the east, there is evidence that it cuts thru the west on the company's most westerly claim, and then turns slightly to the south, near the Cashel street, and the Crown Charter's two south Tisdale lots.

Whatever the Apex have in store lies below the surface, and it is a matter of time until the whole story. It is a promising prospect. Chas. Fox.

TRENCHING FOR 800 FT. ON MONETA PROPERTY

Quartz Deposits Uncovered in Sand—Ore Body Will Be Explored at Depth.

At Porcupine City, May 28.—(From Our Man "Up North.")—On the three mining claims of the Moneta Mining Co., known on the map as the "Blesky Syndicate," adjoining the Timmins-McMartin Syndicate on the west, 20 men are at work. Camp buildings have just been put up and the workmen are now getting the jack pines cut and the brush cleared and burned to protect the camp from bush fires.

The soil is sandy and no outcroppings of rock appear on the surface. The slope of the country is to the west towards the Mattagami River. Drainage is ideal, and, while others are troubled with surface water, the Moneta have a clean ground on which to operate.

A sleeping and cook camp that will accommodate 20 men in the form of one building on the smaller houses now in use.

Foreman Briggs is engaged in trenching into the deep lay of sand, in an endeavor to pick up a quartz lead that evidently runs on to the property from the northeast. Outcroppings of quartz in off-shoots appear on the Timmins-McMartin line, and it is with these quartz shoots as a guide that the work is carried on. The rock ceases to come to view about 80 feet from the trench. The trench is a northerly dip, and in the trench in several places quartz deposits in altered schist have been picked up.

The most elaborate showing comes in a small area where the trench is the most northerly lot in the company's holdings, about 300 feet to the west of the Timmins-McMartin lots.

Here a quarter of a mile running from northeast to southwest in the altered schist appears under eight feet of sand. The quartz is vitreous in nature and somewhat mixed with mica. The deposit is not sufficiently stripped to note the nature of the lead as to walls, regularly, etc., but inasmuch as there are evidences of fracturing on the Timmins-McMartin lot, 300 feet to the northeast, where the outcropping last appears, there seems to be every ground for the company's contention that the lead picked up lies in the fractured belt, hidden by the tremendous glacial drift. Work will prove the contention.

Foreman Briggs finds difficulty in uncovering leads buried beneath the sand, for the loose earth rattles back into the trenches with great avidity as the men dig, and it is not until the work has been done with conditions. This means a heavy expense for surface prospecting and quick work is required. Engineer A. G. Kirby of Toronto directs the work and to the World yesterday he said:

"The present work will be continued for the time being, but I am firmly of the opinion that the best way to accomplish quick results is with a drill, and undoubtedly we shall soon start to explore our ore body at depth."

Getting at the nature and extent of the ore body is the whole game in Porcupine, and the best way in a probability is forced to adopt the core drill means as the best and cheapest way of getting down to depth, where so much overburden handicaps at the start.

Outside of the quartz outcroppings on the base of the ridge, as shown on the Timmins-McMartin property, there are no guides for the engineer to follow as to where the quartz leads again on the Moneta, and to facilitate the work, Mr. Kirby is studying the present one exist at depth, haste will be made in the matter of getting to depth.

Engineers who have mapped out the site of the Moneta, run in a north-south line, and the body towards the Pearl Lake district, so-called, trace the run of the zone to the Moneta, where the heavy overburden shuts it from sight. From the nature of the outcroppings along the base of the ridge, no one can tell the exact extent of the belt on the Moneta. Drill shafts have been put down, following a thorough prospecting of the surface, to locate the lead. Where uncoverings have been made, the body towards the Moneta shows a very compact rock.

TERMS FOR POSSESSION OF HUBBER BAY PARKWAY

City Must Expropriate Property Not Included—Whole Scheme to Be Completed in Five Years.

Yesterday the board of control considered the terms of the gift of 195 acres of Hubber Valley land to be used for recreation ground, parkway and boulevard along the river.

The first item of the terms as submitted by Mr. Home Smith, stipulated that the city should undertake to expropriate for park purposes the Kennedy property at Bloor-st., and the Weston property at Lake Shore Road, these parcels of land being necessary to the completion of the scheme.

The city further binds itself to extend the corporation limits so as to annex all the lands bounded on the north by Dundas-st., east by the present city limits, south by Bloor-st. and west by a line about 600 feet from the western bank of the river.

A roadway and parkway from Dundas-st. to the river mouth is called for and it is stipulated that all building, construction and improvement work must be completed within five years.

Building Restrictions.

Mr. Smith says special stress on the fact that the properties affected are not to be used for any but park purposes, except with his consent.

"I have now," he says, "and have had from the beginning, a definite plan in mind for a stately and dignified driveway and park in the Hubber Valley. To that end and in order that all efforts be directed towards the creation of a definite effect, I am providing in my detail plans for the embellishment of street entrances with stone and masonry pillars, fountains, etc. These will be erected at considerable expense and at the sole cost of the owners, and they will contribute in a large measure to the beauty of the park. Again, in my agreements with purchasers I am stipulating among other provisions that only one house shall be erected on each riverfront lot of over a hundred feet and that the architectural plan, the placing of the house, and all other buildings must meet with my approval, and that no fence shall be erected on the bottom to the top of the high banks, save with the consent of your park commissioner, and that no private house-uses shall be erected on any river frontage and other provisions of a like nature, all with the purpose of having individual effort co-operate with the city in preserving and enhancing the beauty of the park of the river valley. In justice to the present owners and in fairness to the hundreds of purchasers who will be under these rigorous restrictions in the use of their own properties I must accept the responsibility of seeing to the harmonizing of the city's plans, adopted either now or in the future, with the improvement to be made by the present owners and by purchasers from them.

NEW NIAGARA STEAMER

Launching to Take Place at Collingwood on June 10.

The Niagara, St. Catharines and Toronto Navigation Company's new steel steamer, now in course of building at Collingwood, is to be launched on June 10, and will be in commission on Dominion Day. She is to cost \$150,000 and will carry a heavy tonnage of freight without interfering in the least with the passengers. It has been designed especially for early and late sailing, and will run until the bay freezes over, which is usual in the middle of December. It will have a speed of 15 miles per hour.

Could Not Walk Ten Yards Without Resting.

WEAK HEART WAS THE CAUSE.

Mrs. Robison Collette, Rogersville, N.B., writes: "I am now enjoying the best of health after having used your Heart and Nerve Pills. I was troubled with a weak heart and afraid to draw a long breath for the pain it would cause me. I could not sleep at night and it was impossible for me to walk ten yards without resting myself. I cannot speak too highly of your Heart and Nerve Pills, for they are the greatest pill I have ever used and I can recommend them to all sufferers."

Thousands of people go about their daily work on the verge of death and yet do not know it.

Little attention is paid to the slight weakness of the heart for the simple reason that one thinks it will right itself, but there is where the mistake is made. It is only when a violent shock comes that the weakness of the heart becomes apparent.

On the first sign of any weakness of the heart or nerves, flagging energy or physical breakdown, the use of Milburn's Heart and Nerve Pills will soon produce a cure and permanent relief.

Price 50 cents per box, or 3 for \$1.25, at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Cashed Cheque, But No Funds.

PETERBORO, May 30.—(Special.)—William T. Collins, a local fraternal society organizer, was sentenced yesterday to the Central Prison for six months. He went to the hotel and had a cheque for \$15 cashed without having funds in the bank. He was about to leave the city when arrested.

MINES AND PROMOTIONS

The public will require to be discreet in making investments in Porcupine stocks, as in any other mining issues. There are legitimate mining companies in Porcupine, but there are also and will be others.

Any company started with the laudable idea of developing a promising prospect—one that has received the endorsement of responsible engineers, is entitled to support.

ELDONADO, with three claims in Whitney, has already been endorsed by two engineers, and Mr. Seymour, a mining expert of wide experience, will shortly give his idea of the company's three properties.

We are still offering a small part of the original allotment of ELDONADO at 10 cents a share, and, in our opinion, this stock offers the best speculative chance in the whole Porcupine Camp.

Orders should be sent at once to insure filling at this price.

THE SYNDICS OF CAMBRIDGE UNIVERSITY PRESS

CLOSE A REMARKABLE ADVERTISING CAMPAIGN.

Dignified and Educational.
With the order of the Syndics of the Cambridge University Press, the advertisement lists for the first impression of the new Eleventh Edition Encyclopaedia Britannica, now open in every part of the world, where the English language is spoken, are to be closed after May 31, there comes to an end what is undoubtedly the greatest single advertising campaign since the invention of printing. Though unique in several other respects, the outstanding feature of this campaign has been its size and extent; it is safe to say that every person on earth who reads English newspapers or magazines has been impressed by one or more of these advertisements during the past several months. Starting simultaneously in the four continents of Europe, America, Africa and Australia, whole pages of space have been given to these advertisements of importance, and four-page leaflets have been inserted in all the leading weekly and monthly periodicals.

It develops the second unique feature of the campaign, in that it has been limited to straight publicity through the media described. The personal element, usually so prominent in the selling of books, has been completely disregarded; no book agents of any sort have been employed, and there has been absolutely no individual canvass. Unique, again, is the nature of the appeal which has been made: for the authorities have felt it quite unnecessary to strive by their advertisements to create a demand for the Encyclopaedia, but have striven to concentrate within a period of a few months a demand, already existing, which would ordinarily be spread out over a number of years. For this reason the advertisements have not been made to rivet the attention of the reader in a minute; on the contrary, the space has been packed with words—brilliant expositions by eminent writers, designed to take half an hour, and assigned, not to show the advantage of owning an encyclopaedia, but to drive home the pre-eminence of the Encyclopaedia Britannica. The services of the earlier editions of the Encyclopaedia have been pointed out, and the advantages of the new edition are explained. The plan of campaign is to be crowned with a most extraordinary success is proved by the interim reports from the branch offices, which indicate the fact that the immediate closing of the lists, through the Cambridge Press has at its command facilities for turning out these books such as are probably not to be found elsewhere in the world. It has already fallen several weeks behind in its orders. A waiting list has therefore been established, upon which all subscriptions will be placed in the order in which they are received; and it is intended, as soon as the final report is received, to close the list, to produce all the books at a single operation and with the greatest possible despatch. The University Press will then suspend publication for the time being, to take up the order to determine in what proportion the two formats—India and ordinary paper—shall in future be produced, also the proportion of the work of binding; and, finally, the standard schedule of prices at which the Encyclopaedia is to be marketed during the next decade.

Space will not here permit of any description of the books themselves; of the twenty-eight volumes of text, containing 40,000 articles by 1,000 writers; of the work of the editorial staff of 64 during the past eight years; and the cost of over a million dollars which has been brought before the public, the attention is made all the more that not a single person will read these lines who has not already learned all about the Encyclopaedia Britannica through the medium of the announcements in every large periodical in the land.

Civil Servants to Organize.
The Ontario civil servants will hold an adjourned organization meeting at the parliament buildings at 5 o'clock to-morrow afternoon.

Now is the time to make your will. Let us explain to you the many advantages of appointing this Company executor.

The Trusts and Guarantee Company
Limited
43-45 King Street West, Toronto
James J. Warren, Managing Director

ADVANCES DUE TO BRITISH DEMAND.

World office,
Tuesday Evening, May 30.
For initiative the Toronto stock market has to look outside its own environments. For many months, and it might be extended to years, the only movements in Canadian listed securities have been traceable to London. To-day's rise in C. P. R., Rio and Sao Paulo was also not due to local effort. Interest in securities has almost ceased to exist in Toronto and the district tributary to this market, but this does not say that more money is not being made outside of the exchange. Improvement in Canadian and other securities is undoubtedly due to the British demand.

Specialty Trading Continues And Higher Prices Are Reached

Toronto Stock Market Shows Definite Firmness for Certain Issues, But General List is Quiet—New York Exchange Closed.

World office,
Tuesday Evening, May 30.
Quite an active market developed to-day in the Toronto Stock Exchange. The highest price yet reached for Rio, which opened up a full half point and later advanced nearly another point.
To-day's buying was not at all local, and only a few floor traders intervened in the day's business.
London was stated to be the buyer for Rio, and also Sao Paulo, and the latter advanced the not to quite the same extent as Rio.
C. P. R., after being quotable on this exchange, was dealt in to-day at 24 3/4, the highest price yet reached for the shares, and about the equivalent of the London market. Crop predictions in the Canadian west, however, are not so optimistic as C. P. R. which can only be destroyed by a calamity.
The Toronto Exchange is still one of the specialties. Some of the older issues are practically dormant, but may be revived at any time.
Pacific Burt was easily marked up, a point to 4 3/4, but the market was bare of support after the buying orders were filled.
Outside orders supplied the only visible life to the exchange to-day, and it is apparent that the Toronto market is for the time being dependent on extraneous orders for its support.

HOLIDAY IN NEW YORK Brokers Keep Open

No Surprise Expressed at Tobacco Case Decision—New Incorporation Will Be Model One.

NEW YORK, May 30.—Altogether a busy holiday in New York today as stock brokers with foreign connections kept their offices open today to enable customers to trade in the wake of the adverse decision in the Standard Oil case. Remembering the calmness, however, with which investors received the tobacco decision, which closed the oil case, brokers believed that even with the stock exchange in session there would be no violent movements of securities to-day.
Every development to-day indicated that the decision against the American Tobacco Co. was expected. The strength of the tobacco stock here yesterday was the feature of the cur market. Many brokers remained at their offices most of the night cabling orders for the opening of the London market.
A corporation model is one of the benefits expected as the result of yesterday's decision. Financiers say that they have long been looking for a pattern after which to mould their big combinations, and they express satisfaction over the feature of the supreme court's decision, which ordered the reorganization of the tobacco corporation along legal lines under the supervision of the lower court. It was said in the financial district today that until this reorganization was worked out it was unlikely that any new organization of magnitude would be achieved.

NEW BANK GETS BUSY.

MONTREAL, May 30.—A meeting of the subscribers of La Banque Internationale du Canada has been called for June 26. The meeting will be for three specific purposes. To determine the date of the annual general meetings, to elect directors, and to discuss the reorganization of the bank. To transact further business as may be placed before the subscribers.

TO ISSUE NEW BONDS.

Special general meetings of the shareholders and bondholders of the Mexican Northern Power Company have been called for June 26, to sanction a bylaw providing for issue of \$200,000 bonds. The meetings will be held in Montreal.

LONDON NOT AFFECTED Supreme Court Decision Not a Factor in Old Country Market.

LONDON, May 30.—The supreme court decision in the American Tobacco Co. case scarcely affected American securities at the opening of the stock exchange to-day. Prices ranged from 1/2% to 3/4% below parity, and during the forenoon values moved irregularly. The list in steel prices called selling of United States Steel and Amal Copper, and weakened other specialties, while railroad shares advanced under the lead of Canadian Pacific. The latter was very firm, and gained three points.
At noon the market was steady, with prices ranging from 1/4% above to 1/2% below yesterday's New York closing. Later trading slackened and Canadian Pacific fell a point, but the rest of the list hardened and closed steady.

England vs. United States

To-Day's International Match

-A-

Friendly Rivalry

At Hampstead, L.I., this afternoon, four representative Englishmen will try conclusions with four representative Americans on the polo field. In the matter of style the Englishmen are probably superior, but the ponies of the Americans seem to be made of sterner stuff and this may decide the day.

In other spheres of interest—and notably that of clothes—these characteristics are reversed; it's generally the English that supply the "stuff" and the Americans the "style." But instead of being rivals, these two Anglo-Saxon nations co-operate in the matter of men's clothes so that you may buy here the best English materials, made up in the perfect fitting American styles. Come in to-morrow and you'll see just what we mean, by examining this 2-piece suit of flannel-finished English tweed, tropical weight, on sale to-morrow at ten-fifty.

Summer Suits for \$10.50

Fine Imported Flannel-finished English Tweed, tropical weights, manufactured especially for hot climates and warm weather, made from fine selected wool yarns, has a fine body and a smooth, soft finish, in light and medium grey shades with a darker pin stripe pattern, cut on the latest American models, two-buttoned single-breasted sack style, one-half lined, with patch pockets; trousers have belt loops and roll bottoms; splendidly tailored; sizes 34 to 44

Men's Summer Outing Trousers, English flannel, in grey ground, with self and faint green thread stripes, beautifully cut, with deep roll bottoms; made for belt; sizes 31 to 44-inch waist

Outing Trousers, all-wool homespun, in plain, light and medium grey shades; stylishly cut; semi-peg-top, nicely shaped; built for belt; sizes 31 to 44 in. waist

White Duck Trousers. These are best 8-oz. ducks, well made, with double-stitched seams, roll bottoms, and keepers for belt; sizes 31 to 44 in. waist

Men's Summer Outing Coats, made from a durable English linen, single-breasted sack style, with patch pockets; sizes 35 to 44

Straw Hats

200 Men's Straw Boater Hats, extra fine American split braid, medium or wide brims, black silk bands. Thursday

Men's and Boys' Straw Hats, sailor and negligé styles, in fine or rustic braid, black bands. Thursday

Bathing Suits, Summer Shirts, Belts, Etc.

4750 Men's Bathing Suits, in two-piece or combination style, exceptionally well made; in all sizes. Usually \$1.00. Thursday

2500 Men's Fine Cotton Taffeta Outing Shirts, in striped effect; made by one of England's largest and best shirt manufacturers; all sizes 14 to 18. Regular \$1.50. Thursday

(Phone direct to Gents' Furnishings Dept. for these).

7500 Men's White Cellular Shirts, with reversible collars, white satin finished stripes. These shirts have a very rich appearance; they are very strongly made, and are the coolest for summer wear. All sizes 14 to 18. A dollar quality for, Thursday

2000 Men's Leather Belts, solid or tubular, with the ordinary buckle or the latest American patent buckle; all sizes. Regular 75c and \$1.00. Thursday

Your Kind of Outing Shirt, \$1.00

Men's Pure White Cellular Shirts, double matte, yoke back and pocket, reversible collar, seams strongly double stitched, lots of room in the body of these shirts, which is very necessary this time of the year; sizes 14 to 18

Men's Fancy White Duck Shirts, self-color stripes, large and roomy, reversible collar, yoke back and pocket. This is a good serviceable shirt; sizes 14 to 18

Men's Fine Mercerized Duck Shirts, in a light tan shade. This shirt has a beautiful silky finish, and is worth easily twenty-five per cent. more than the price we ask; sizes 14 to 18

Housefurnishings, Etc.

25c JAPANESE MATTING, THURSDAY, PER YARD, 13c.

2000 yards of fine Straw Matting, in neat reversible designs, well dyed. Excellent value at 25c. Thursday, per yard

JAPANESE RUGS, 29c.
200 only Japanese Rugs, 3 ft. x 6 ft., fine quality, neat designs. Regular 50c. Thursday, each

3000 YARDS OF HEAVY SCOTCH LINOLEUM, 33c.

An extra good quality, in new matting designs; perfect goods. Worth 45c. Thursday, per square yard

VERANDAH AND CANOE CUSHION FORMS REDUCED.

White cambric casings, well filled with best grade Russia down, in the following sizes:

Opening of the Summer White Sale

An event of the first importance to the women of Toronto takes place to-morrow when our Summer Sale of white is inaugurated. For years this sale has been like a veritable treasure-ship entering the port of Toronto with the first day of June and distributing its snow-white cargo among the thousands of Toronto women who eagerly await its arrival.

We have tidings that the cargoes of previous years will be far surpassed by this one, and we publish here the first news of it—the most conspicuous items on its inventory.

Isn't it worth while coming to meet such values? If you want to be among the first, eight a.m. is the hour to-morrow, third floor, Richmond Street.

Drawers, fine cotton, wide umbrella style, deep flounces, with hemstitched hem and tucks, both styles, 23, 25, 27 in. long. June White Sale

Drawers, fine nainsook, deep flounces, trimmed with wide hemstitched tuck and 2-inch hem, and cluster of small tucks; lengths 23, 25, 27 inches. Regular price 55c pair. June White Sale

Petticoats, fine nainsook, deep flounce of dainty hand embroidery, edged with four rows of extra fine Valenciennes lace beading and silk ribbon at top of flounce; narrow width skirt; lengths 38, 40, 42 inches. Regular price \$4.50 each. June White Sale

Night Dresses, fine nainsook, slip-over neck, three-quarter sleeves; a beautiful gown, trimmed with deep fine embroidery, yoke, embroidery beading, silk ribbon and narrow Val. lace frills, lengths, 56, 58, 60 inches, for 32 to 42 bust measure. A regular \$2.25 gown. June White Sale
