A SURVEY OF TESTS

J. Richard Boothe's Review of Old Country Cricket—Australian Board Goes on Record.

(By J. Richard Boothe)

The active preparation for training announced by Toronto Rugby men are a forcible reminder that the oval will soon displace the willow, and the sport-loving public will shortly be discussing goals and tries in place of batting and bowling averages.

The Imperial Tournament. The series of triangular cricket matches between England, Australia and South Africa have not been a success, either from a playing or financial point of view.

Without doubt Toronto men are the best in the country, and it is not surprising that they have been selected to play in the forthcoming test matches.

English Cricket Averages. Batting. Times. Runs. Wickets. Average.

Table with columns: Name, Runs, Wickets, Average. Includes names like C. B. Fry, J. H. Doolittle, etc.

Grand Circuit Horses Race From Noon Until Sunset

Baron Four Wins 2.25 Trot After Six Heats—Three Races Declared Off and Free-for-All Fails to Fill.

SALEM, N.H., Aug. 24.—The Grand Circuit meeting at Hookingham Park closed today with racing from noon until sunset. The track had dried out well after the heavy showers of yesterday, but a strong wind was against fast time. After Charles Miller had rushed away with the first heat of the 2.25 pace, carrying Edward B. to a bad break in the home stretch, the Columbus, Ohio, driver, C. Valentine, kept Edward B. in hand and won the next three heats easily. In the fourth heat, Edward B. took the lead from Miller to the half in 1.24, driving Miller badly. Kellerville Lad, with Frank Murphy up, had little trouble in annexing the 2.13 pace, Greenbriar Jr. taking second. The 2.25 trot was started out into six heats, when May Queen should have claimed it in four. In the third, Sprague, behind May Queen, thinking he had won the heat, stopped driving, and Edward B. finished in a walk. Baron Forest, caught the judge's eye. Baron Forest had the speed to capture the fifth and sixth heats, but was unsteady. Lester Dore, assistant trainer for "Longshot" Cox, had the mount behind Sule Wood in the 2.13 trot, and dropping the opening heat to Keynote, the favorite, edged off with the next three very handily. Arona McKinlay was thought the best of the 2.12 trot for amateur drivers, but Er Geers marched Eva Cord off with the first two heats. In the third, Tommy Murphy dashed to the front with Marigold. All this time C. Valentine had been entirely overlooked with Victor Star, but in a well-timed drive he just slipped the fourth heat, and then succeeded in staying out of the opposition in the next two, giving him the big end of the purse. On account of the races going into special heats, there was no chance of declaring the 2.13 pace, 2.09 trot and 2.15 pace, and they were declared off, while the free-for-all trot was started. Post entries, failed to fill. Summary: 2.13 pace, purse \$100, 2-year-olds and up, 2:13, 2:14, 2:15, 2:16, 2:17, 2:18, 2:19, 2:20, 2:21, 2:22, 2:23, 2:24, 2:25, 2:26, 2:27, 2:28, 2:29, 2:30, 2:31, 2:32, 2:33, 2:34, 2:35, 2:36, TEACHING THE WEST A LESSON.

The Toronto News is out with a long editorial, entitled, "Ontario's Lesson for the Prairies." It consists of a joyful paean on the great prosperity of this province, with an enumeration of the big manufacturing enterprises being established at Toronto, Welland, Hamilton and other cities and towns in Ontario. It is enough to make a westerner's mouth water and the obvious "lesson" would seem to be that his own section should be given a fair chance to become equally prosperous. If the western people, for the sake of Canadian nationality, are willing to support the national policy, which may not benefit them so directly as it benefits the people in the east, are they not entitled to ask that the eastern people for the sake of Canadian nationality show a sympathetic interest in the grievances of the west?

It is not long ago—it seems so to us it was shortly before the Saskatchewan election—that The News pointed out that the west had a grievance and a very serious grievance in the matter of extortionate and discriminatory freight rates, and promised redress by the Dominion Government. Well now, it is up to The News. The western people are protesting vigorously against the proposed melon-cutting by the Canadian Pacific Railway Company. They object to that company raising \$165,000,000 by increasing its capital and diverting \$50,000,000 of that sum from the improvement of its railway and the lowering of its rates, to the creation of a melon to be divided among its stockholders. They can apparently protest and continue to protest until they are black in the face, so far as The News is concerned. In reply to their complaints The News says in substance: "We have low rates in Ontario and you have high rates in the west. Look how Ontario is going ahead! Hip, Hip, Hurrah!"

Mr. G. T. Somers, president of the Toronto Board of Trade, says the unrest in the west will disappear with the reduction and equalization of freight rates and with it the reciprocity talk, which is a symptom of that unrest. The World believes that the west should help the east, for the sake of Canada, by turning its thoughts from reciprocity and by supporting the national policy even at a sacrifice. But The World believes that the east should help the west for the sake of Canada by redressing the railway grievances of the west. We do not believe full duty is performed by haunting the prosperity of Ontario. We believe rather in helping the western people and helping them right now in this present struggle.

Our Ottawa correspondent quotes Acting Premier Peley as saying that he is in receipt of many protests, from all over the west, against the melon-cutting; that nothing will be done until Mr. Borden's return; and that in any event the matter will receive careful consideration. We hope Mr. Borden will refuse to consider it behind closed doors and bring the matter to parliament. We hope the government will not follow the lead of The News, by taking the stand that the west must be taught a lesson. The knife which cuts the melon may cut deep into Canadian nationality.

LAND VALUE TAXATION.

Remarkable interest is being displayed throughout the United States in the matter of taxation reform. In Oregon an amendment of the constitution of that state will be voted upon by the people at the November election. It provides for the introduction of a system of graduated taxes on owners of railroad or other franchises and right of way values and on owners of water power values and raw land or community-made-land values amounting to more than \$10,000 in any county. The amendment also proposes to exempt all personal property and improvements from taxes except when the people of a county vote to tax personal property and improvements.

Two constitutional amendments will also be voted upon in November by the people of the State of Missouri. One proposes that all taxes shall be levied on land values and franchises to come into full force by 1916 and the second asks that a permanent tax commission be appointed by the governor. The Equitable Taxation League of this state has obtained the 20,000 signatures required by law to place amendments on the ballot and an active campaign is under way for the purpose of educating the electors and of demonstrating the effect of the new scheme. The amendments, if carried, will, it is

claimed, kill land speculation and make land improvement compulsory.

In a report on the effect of partial exemption from taxation by the City of Houston, Texas, of personal property and improvements upon land, the tax commissioner says that in the six months of 1912 there were 213 more buildings erected than in the corresponding period of 1911 and that the value was three times greater. This, he remarks, goes to show that the partial exemption of improvements and personal property from taxation had the effect of stimulating the building industry. It also, he adds, had the effect of increasing the number of land sales without depreciating the price of land. The experience of Houston is thus exactly in line with that of the other cities, which have adopted the principle of taxing land values and wholly or partially exempting improvements.

THE R. C. Y. C.

It is not likely that the celebration of the diamond jubilee of the Royal Canadian Yacht Club will be overshadowed by the exhibition, but undoubtedly it would have had more attention from the citizens had the big fair not occupied the centre of the stage to-day. The yacht club, however, is a highly important factor in civic life and the governor-general's recognition of it is as well advised as it is gracious.

No sport enters more fully into the manhood of a country, and none is more widely noted on account of the many international contests. It is not to be doubted that a keen yachtsman like his imperial majesty of Germany is aware that Canadian yachtsmen by dint of good seamanship beat the crack sailors of the United States the other day at Chicago. And he will think none the less of Canadian nationality on that account.

It was in 1859 that the club first came into being as a boat club. Two years later it became the Canadian Yacht Club. The first meetings were held in the office of Captain Fellows, on Melinda-street. Quarters for the club were first provided on a scow which was moored by muskrats, when the club moved to a steamer, the "Provinciel," which was abandoned in 1869 for a clubhouse on the wharf opposite the Union Station. The Toronto Yacht Club came into existence in 1880 and amalgamated in 1883 with the R.C.Y.C., which had received its royal warrant in 1864. In 1863 the Prince of Wales' cup was received in fulfillment of his promise made in 1860, and the series of contests which it has inspired form a most interesting chapter of the club annals.

The traditions of yachting as a sport are of the highest and there is no more healthy, manly or honorable sport than yachting, and the valuable element such a body as the Royal Canadian Yacht Club adds to the life of the community should be duly appreciated by all classes of the citizens.

A REAL NATIONAL FAIR.

Toronto people have only one duty for two weeks, and the duty is a pleasure. It is to support the fair in every way in their power. They should go themselves, take their neighbors, send their friends. They might travel ten thousand miles and find nothing so well worth a visit. The new buildings tend to complete the architectural harmony of the grounds, and the extraordinary variety of the exhibits of an industrial, commercial and agricultural character rivals the displays of the great exhibitions held from time to time in different lands. The artistic, musical and educational features of the fair afford a glimpse of the best that the world is doing under these heads and are not to be neglected by anyone who wishes to enjoy the advantage of being alive in the twentieth century. The amusement features of the fair are as brilliant and numerous as ever, and if the weather is at all favorable 1912 should see the record of a million visitors at last surpassed.

THE SIXTY-SECOND CONGRESS.

The second session of the sixty-second congress has finally come to an end. The body will meet again in December, as all of its members hold office until next March, whether they are elected or defeated in November. In the same way Mr. Taft will serve as president until March 4, even though he should be hopelessly beaten at the polls.

The present congress was summoned to Washington in its extra session by President Taft in April, 1911, for the purpose of ratifying the Canadian reciprocity agreement. The Democratic house quite willingly passed the measure, but it was log-rolled thru the senate by a deal between Mr. Taft and the regular Republicans, which committed the president to a standpoint on the tariff question and explains to some extent his vetoes of all measures passed by congress regarding the high tariff duties of the Payne-Aldrich act.

The second session of this congress, which was its first regular session, began on first Monday of December, 1911, and proved to be the third longest in session since the foundation of the government. It was more fruitful in political discussions and political surprises than in actual legislation. For one thing the president freely used his veto power and congress was compelled to recede from nearly every position it assumed in conflict with the executive. In the case of the Panama

Canal bill, congress was more successful in having its own way, but free tolls for all vessels may in the end happily solve the situation.

Some of the congressional investigations struck pay dirt, so far as information was concerned, notably in the case of the steel trust and in the matter of campaign contributions. The effort to beamish Theodore Roosevelt by Standard Oil testimony in the closing hours of the session will recall, we leave, upon the heads of its promoters. The people scarcely believe that this furious onslaught by the trust upon Col. Roosevelt is dictated by affection for him. Had the money trust investigation gone forward we would probably find that that vast octopus is behind the confessions of Penrose and the testimony of Archibald.

The present congress, when it re-assembles, may have cast upon it the duty of selecting a successor to Mr. Taft as president of the United States. If no one of the three presidential candidates receives a clear majority of all the electoral votes next December then the house, voting by states, the following February may choose the president. What the result of such an election would be no one can tell—after Republican congressmen seeking re-election are being called upon to say how they will vote. Neither political party has a majority by states in the present house, although the Democrats have a large majority of the individual members.

NO MORE MELONS.

Despatches from Ottawa announce that the Canadian Pacific Railway has appealed to the government for permission to issue \$60,000,000 additional stock. This means that there is to be another juicy melon carved for the benefit of the shareholders. The stock will be issued to the shareholders at less than its market value and thus the accumulated profits of the company will be disposed of. The Canadian Pacific Railway has just put \$17,000,000 reserve after paying off all dividends and all conceivable expenses. Last year they put \$11,000,000 in reserve. This huge extra profit plunders from the people. There should be no more melons out. The late government permitted the Canadian Pacific Railway to do pretty much as it liked in watering its stock. Let us hope the present government will give more consideration to the interests of the people. If this new issue is permitted it will be an additional and serious argument against reduction in freight rates.—Gran Growers' Guide.

Ward Seven

Yesterday afternoon an automobile driven by Bernard Doyle of 279 Pacific avenue skidded at the corner of Dundas and Kent streets, and pinned William Ellison, an eight-year-old boy, against a telephone pole. He was taken in the auto to Dr. G. W. Glendonman, where his injuries, which, fortunately, were not serious, were treated. He was then taken to his home at 33 Ryding avenue.

Wallace Proctor, Royal Black Knights of Ireland, held a fine annual parade to Prospect Cemetery yesterday afternoon for the purpose of decorating the graves of their deceased brethren. Twenty-five men, in white carried the flowers and wreaths, which were very numerous this year. During the week, August 19-24, 28 permits were issued for Ward Seven buildings, with a total value of \$169,000, a record week in West Toronto's history. The only large items in this list were the \$77,000 buildings of the Harris Abolition Company and a \$9000 stable. The rest was composed of 39 dwellings.

Miss Johnston, contralto soloist from Memphis, Tennessee, sang "O Divine Redeemer" last evening at the High Park Avenue Church. The pastor, Rev. Dr. J. C. Spear, is expected back from the continent this week and will take the services next Sunday. Mrs. Field and her daughter Myrtle of Milton, Ont., are visiting at the residence of Mr. and Mrs. W. J. Armstrong on Western avenue.

SEPTEMBER AN IDEAL MONTH.

In the Algonquin National Park of Ontario the month of September is one of the most beautiful of the year. The "Highland Inn," situated on Cache Lake, 2000 feet above sea level, offers all the comforts one may desire at reasonable rates. The region is a natural playground of over 2,000,000 acres, and those who love nature and the wild things that live in her confines can enjoy themselves to their hearts' content. Algonquin Park Station, where the "Highland Inn" is situated, is only 168 miles west of Ottawa and 200 miles north of Toronto. For any one whose nerves are troublesome or through overwork needs a rest; or whose health is run down, there is not a more delightful place in America. Write to Mr. Wm. Gail, manager, the "Highland Inn," Algonquin Park, Ont., for all particulars and illustrated booklet.

Rain Interfered Somewhat With Preparation Day Program, But Exhibits Are in Place, and Gates Will Swing Today for the Public—New Buildings Completed.

"Glad to get it now and get it over with" was the cheerful word of the exhibition management upon Saturday's showers. There was nothing but smiling, if perishing faces, all about the most dressed buildings where the exhibits were having their faces washed and were being wheeled into line. Yesterday there was no such busy place in the city as these grounds, and those most dressed buildings where the exhibits were having their faces washed and were being wheeled into line. Yesterday there was no such busy place in the city as these grounds, and those most dressed buildings where the exhibits were having their faces washed and were being wheeled into line.

It is really surprising how many improvements have been crowded into the year's work. The world's biggest annual exhibition, which now represents an investment of two and a half millions of dollars and is known as a world over. The railway has been improved, new buildings, bandstands and booths appear in every direction and the grounds have been redressed and redecorated till they are almost to be classed. The whole appearance of the grounds is that of a brand new park. The exhibits are being arranged and new paint gleams everywhere in the light of the sun or the water of the rain.

A great rush is being made to complete the new eastern gate, and it will be a tight race to make the grade and have it ready to receive the crowds which would enter at that point, but the handling of the crowds is bound to be done with greater ease for both sides of the spacious entrance at Dufferin-street, where beauty and convenience have been admirably combined.

All the exhibition sounds save the bawl of the barkers before the booths were to be heard on Saturday, the whirr of the wheels being out in the process building and the bellow of the bulls from the cattle stalls. It looks so much like fair time that you are dead sure to find your country cousin at the house when you get every time you speak to anyone within the grounds you are greeted with the question, "Have you seen the new building?" Sometimes it's the government building and sometimes it's the new police station or whatnot, but always it is something new, something good and a big improvement on what has been before.

JAMAICAN EXHIBIT

Frederick L. Meyers of Kingston is Again in Charge.

Frederick L. Meyers, J.P. of Kingston, Jamaica, president of the Fred. L. Meyers Co. of that place, arrived in the city yesterday to take charge of the company's exhibit of Jamaican products in the government building at the Exhibition. Mr. Meyers was enthusiastic over the improvements at the grounds since his last visit two years ago. His own exhibit is one of exceeding interest as it portrays the manufacture of one of the daily necessities in every household, sugar. There is also shown the manufacture or distillation of rum in a miniature plant set up at the grounds. Mr. Meyers says that his company, desiring to enter the educative spirit of the big fair, spared no pains to show those who should come to see just how these products are taken in the raw and turned over to the Canadian people from the distant West Indian island.

Independent Order of Foresters. Once again, the Independent Order of Foresters hold the premier position in Society Row, where the tent is in charge of Mr. G. A. Mitchell, superintendent of field work, ably assisted by Messrs. James Glendonman and John T. Thompson, deputy supreme chiefs rangers.

A hearty welcome is extended to all Foresters and friends to accept of the hospitality of this grand order, in availing themselves of the opportunity of a rest after viewing the many sights and exhibits on the grounds. The tent is beautifully furnished, and warm welcome awaits the many Foresters. Every Forester will receive a souvenir flag with the emblem of the order. Thursday of the second week, which is Americans' Day, the supreme secretary-treasurer, Mr. R. Mathison, will tender an informal reception. All members are especially requested to make it convenient to take part in the reception. The general supreme secretary-treasurer will be glad to meet the many members and their friends.

Intercolonial Railway at the Exhibition. The Canadian Government Railways are prominently featured at the Canadian National Exhibition in Toronto this year in a very striking and attractive display in the new federal government building. An electric map of the territory served by the Intercolonial and Prince Edward Island Railways occupies over thirty feet of the wall space and by an ingenious device of electric lighting flashes at various intervals the many points of interest along the route. The line of the railway across the map flickers with motion effects as if the Ocean Limited or the Maritimes Express, the two I. C. R. premier thru trains, were dashing along the "All-Canadian Route" from Montreal to Halifax, St. John and the Sydney, linking by a national highway the Maritime Provinces to the more populous centres of the Canadian Dominion. Close by is an illuminated large painting of the Ocean Limited, with alternating lights behind, giving a motion effect that is most realistic of a moving train. Several new and attractive pictures

## SOCIETY

Their Royal Highnesses the Duke of Connaught and the Princess Patricia arrive this morning and will occupy Benvenuto during their brief stay in Toronto, the house having been placed at their disposal by Sir William and Lady Mackenzie. Their Royal Highnesses will take lunch with the directors at the exhibition, after which the formal opening will take place in the dairy building. Later they will attend the garden party at the R.C.Y.C.

The private view in the art gallery at the exhibition on Saturday was a very brilliant and successful one. Many well-known people being present. The president of the Canadian National Exhibition and Mrs. Kent received the hundreds of guests, whom they had invited to tea at the entrance to the galleries, when Mrs. Kent was wearing a very handsome gown of white satin, veiled with black and white striped nylon, with heavy black lace, with trimming and peplum of the same on the bodice, diamond and pearl ornaments, a black and white hat and a bouquet of bridesmaid roses. She was assisted in looking after the guests by Mrs. George H. Gooderham, Mrs. Orr and Mrs. Brentnall. Mrs. Melville White was in charge of the tea table, which was a symphony in white and green, the white chrysanthemums being veiled with Mrs. Melville White's hair ferns. Those helping Mrs. White were: The Misses Grace and Margaret Kent, Misses Grace and Jessie Gooderham, Miss Gillian Worthington, Miss Lillian Hall, Miss Jessie Gray, Messrs. The Imperial Order of the Daughters of the Empire have opened a luncheon and tea room at the exhibition, in what used to be the woman's building, opposite the art gallery. The money realized will go toward the fund for building a preventorium for consumptive children. It will be a certain and a very moderate sum for the meal, not separately for each article ordered, as heretofore, and will be in charge of a very capable caterer.

Lady Mackenzie will be in town from Kirkfield on Thursday.

Dr. and Mrs. Spraggs have returned from England.

Mr. and Mrs. T. S. Ford, Mitchell, will be in town on Wednesday, Sept. 11, at 12 o'clock, in Trinity Church, Mrs. Ford.

### The Daily Hint From Paris

### TWO FALL HATS.

The draped velvet tricorn is one of the most promising of the advance styles. The lines of the folds are carefully studied in their relation to the feather and the general shape of the hat.

The felt shape with the oddly cut brim is edged with shirred velvet and trimmed with a butterfly made entirely of satin ribbon.

nifer Williams, to Capt. Albert Edward Gooderham on Wednesday, Sept. 11, at 12 o'clock, in Trinity Church, Mrs. Ford.

# Queen Quality SHOE

The overwhelming preference for "Queen Quality" shoes among well dressed women should be convincing evidence of their merit. Universal popularity is not won without reason. The new Fall and Winter styles just received are unusually attractive.

## The Robert SIMPSON Company Limited

will afterwards hold a reception at "Trevaiga Lodge."

Mr. Henry J. Lutz, who has been spending the summer in Darmstadt with his family, is returning to town by Sept. 10.

Mr. and Mrs. Frank Brentnall returned at the end of the week from a delightful yachting cruise on Lake Erie.

Mr. and Mrs. James C. Surdam have taken a house in West Roxboro street.

### At the Theatres

**Miss Haswell's Farewell.**

This week Percy Haswell is going to play to more people than she has during any week of her three engagements at the Alexandra Theatre. For this "au revoir" week, Miss Haswell will present two plays at each performance. The first will be that sparkling comedy from the French, "The Marriage of Kitty," adapted by Marie Gordon Lennox for his wife Marie Tempest, and in which Miss Tempest made a wonderful success. This comedy will be followed by her own brilliant Shakespearean play, "Mastor Will's Players," written for her by Allan Fawcett. It will be remembered that Miss Haswell made a phenomenal success in this short play in vaudeville. Also this is the first week of the fair, Miss Haswell has decided not to increase the matinee prices.

Owing to the length of the double bill, the curtain will rise each evening promptly at 8 1/2.

be Sager Midgley and Company, presenting an entirely new one-act comedy, entitled "Early Morning Reflections." Eddie, Borden and Irene Shannon in "Bits of Vaudeville" and James B. Donovan and Charles M. McDonald in "My Good Friend."

Other features included in this week's bill are: The Eight English Roses, Keno, Walsh and Melrose, the Riels, Mahoney Bros. and Daisy, and the Kinetograph.

### GLOVES

cleaned by our new process, are good as new. W. S. B. CO. FOUNTAIN, THE CLEANER, 30 Adelaide W.

its premiere and summer run, says: "It is seldom that tunefulness and wit are to be found in the quantities of this musicality possesses." The story of the piece concerns a typical back-of-the-woods comedian, a demure little Quakeress. It affords opportunities for John Hyams, a capital legitimate comedian, and Lella Molinsky, an able co-star, to keep large audiences manifesting their appreciation. Lella Molinsky sings several songs delightfully and is a comedienne of prettiness and charm. A chorus which will be noted for its comeliness, modest demeanor and vocal merit is in frequent evidence, while the piece is staged with great lavishness. Also the advance sale of seats does not open until Thursday, mail orders will be filled in the order received.

Thousands of people chew Chiclets who would not use any other chewing gum. Dainty morsels of the finest chewing gum crisply coated with the pearly peppermint. Not the horse-mint or the swamp-mint—but Mentha piperita—the peppermint—the true mint—delicately fragrant—cooling and salutary.

# CHURCH UNION WAS ENDORSED

## Rev. Dr. Patterson at Cooke's Church Says Time of Splitting Hairs Has Passed.

Cooke's Church was crowded last night. It reminded the senior members of the time when the preacher, Rev. Dr. Patterson, was their pastor, and the historic edifice was always thronged with worshippers.

He made it apparent that his sympathy was strongly in the direction of church union by remarking that in the past it was a common thing for preachers to split hairs over the teachings of John Wesley and John Calvin with respect to salvation, but now it was recognized that both were right from their respective viewpoints.

The Great Salvation, Dr. Patterson's theme was "The Great Salvation." The ravages of tuberculosis in Ireland and the prevalence of the disease were both employed with telling force as illustrations. It was a common thing for victims of tuberculosis to attribute their disease to a neglected cold. It was a harrowing fact that a large number of those lost on the Titanic refused to go in the lifeboats. Their over-confidence and neglect to accept a proffered rescue was analogous to those who sacrificed their spiritual welfare by neglect and procrastination.

# PEKIN WARILY RECEIVES DR. SUN

## Conciliator's Reception Exceeds That Given President—Will Try to Make Peace Between Rival Factions.

PEKIN, Aug. 25.—Dr. Sun Yat Sen, the ex-president of China, who left Shanghai August 19 with the avowed intention of endeavoring to conciliate the rival political factions, arrived here this morning. He was given a magnificent reception, rivaling that of the return to the capital of President Yuan Shi Kai.

The national assembly did not conduct any business yesterday, owing to the small attendance of the members and consequently the impeachment of President Yuan Shi Kai in regard to the execution of Gen. Chang Chen Wu and several other southern generals has collapsed for the time being.

The Mongolians who recently attacked the City of Tientsin, and who have retreated, but they maintain an aggressive attitude.

At a meeting of the cabinet late last night, the question of dispatching an expedition to Inner Mongolia was discussed, but it was decided to restrict military measures for the present to preventing raids and looting, for which purpose the Manchurian forces were considered ample.

# CHILD KILLED WHILE PLAYING

## Elsie Speight Run Over by Heavy Lorry, and Driver Was Placed Under Arrest.

While playing near the curb in front of the residence of her father, Henry W. Speight, at 381 Symington avenue, Elsie Speight was run over and killed by a large lorry of the Richardson Cartage Company, late Saturday afternoon. The driver, Frank Everson, 117 Dundas street, was watching some children on the other side of the street and did not notice the little girl until the heavy truck was almost upon her. Before he could stop the horses the front wheel had passed over her head. Speight's ambulance was immediately sent for and the child was rushed to the Western Hospital, but she lived only a few minutes. She was later removed to Speight's undertaking parlors, where Coroner R. E. Hopkins opened an inquest on Saturday night and adjourned until Tuesday night at the city morgue.

The funeral will be held on Tuesday afternoon at 2.30 at Prospect Cemetery. The driver was taken into custody early yesterday morning.

# SOUND INVESTMENTS IN PROFIT-TAKING LAND---

## To-day no part of the city is receiving so much attention from builders as the East End. The reason is plain: The vacant property is the best and the nearest to the heart of the city to be had in Toronto.

## We have three properties--Glenmount, Kingsmount and Eastmount Parks--in the East End, the best for building, for investment.

Let us show you what magnificently-wooded properties we own--the car lines being constructed past them--the houses built up around them. Then let us tell you of the water, sewer and light service the city has promised to provide at an early date--for our properties are in the city--and then you can easily figure out quick profits at our prices.

Our out-of-town friends are most welcome to use our office facilities.

# FINAL NOTICE

The Canadian Guardian Life Insurance Company, having ceased to carry on the business of Life Insurance in Canada and having applied to the Minister of Finance for Canada for the release of its assets and securities, hereby gives notice to any policyholders in the said Company opposing such release to file their opposition with the said Minister, on or before the 25th day of November, 1912.

complicated by Duncan McGregor, farm manager.

Dr. Dougherty said to the World at the King Edward last night, that the Coquitlam farm scheme had a brief but most encouraging history. It was suggested by him to the British Columbia Government in 1907 as preferable to the enlargement of the overcrowded building at New Westminister. The government gave it sympathetic consideration, but required that it be developed gradually. Now its success has been so fully demonstrated, that Hon. W. J. Hanna, on his visit recently, was shown a half million dollar building, which will be ready for opening in October. This will be one of eleven buildings required to complete the plan for providing suitable structures for the sexes, and appropriate industrial buildings. The total cost will be approximately \$2,000,000. Premier McBride has become an enthusiast regarding the asylum farm, and an extensive prison farm is also being provided, also in the Coquitlam district.

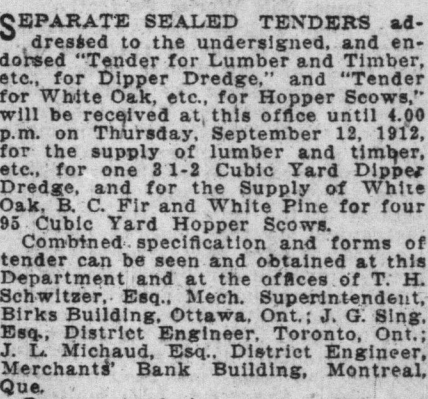

The horses and cattle shown by the British Columbia Government will also be taken to the Dominion Exhibition at Ottawa, and thence back to New Westminister.

# TOLD HISTORY OF CATHEDRAL

## Bishop Sweeney Preached Historical Sermon, Preliminary to Laying of Corner-Stone Tomorrow.

Bishop Sweeney delivered a historical sermon at St. Alban's Cathedral yesterday morning. This was preliminary to the imposing gathering expected tomorrow, when the Duke of Connaught will lay the corner stone of the main building.

The bishop described the difficulties and discouragements of approximately 25 years of the movement for the erection of St. Alban's. He congratulated the congregation on the new era of spontaneous liberality and encouragement which now assured the early completion of the cathedral in time for its dedication to the church congress to be held here in 1915.

Notice is hereby given that the above-named insolvents have made an assignment of their estate to me as the Receiver of their creditors under the B.E.O., 1910, Chapter 64.

The creditors are notified to meet at my office, McKinnon Building, Toronto, on Thursday, the 29th day of August, 1912, at 3 o'clock p.m., for the purpose of receiving a statement of their affairs, for the appointing of inspectors for the setting of a fund for the ordering of the affairs of the estate generally.

All persons claiming to rank upon the estate of the said insolvent must file their claims, proved by affidavit, with me on or before the 14th day of September, 1912, after which date I will proceed to distribute the assets of the said estate, having regard to those claims only of which I shall then have received notice.

JAS. R. LANGLEY, F.C.A. Trustee, McKinnon Building, Toronto, 23rd August, 1912.

## C.P.R. DOOPS FINE POINTS

### Heavy Slump in Canadian Issue in Wall St.—General List Quiet—Specialties Firm at Week-End.

NEW YORK, Aug. 24.—Apart from the extreme weakness of Canadian Pacific, which registered another severe decline on fairly large dealings, there was little of interest in today's narrow and dull stock market. The selling of Canadian Pacific was attributed to the increasing opposition shown in various parts of the Dominion to the proposed issue of new stock together with the absence of support from London, where a holiday was being observed. Dealings otherwise were light and largely given over to some of the higher priced specialties, including American Smelt and Soars, Roebuck, both of which added substantially to their recent steady gains. The weekly statements which reported an increase in Mexican Petroleum and National Biscuit at better prices, but stocks of primary importance again suffered from general neglect, although manufacturing a firm undertone. General news was altogether encouraging, including the statement of the mercantile agencies which reported an increase of foodstuffs and merchandise consumption, brilliant crop prospects and increasing demand for labor. The bank statement met popular expectations by showing an actual cash loss of \$1,475,000 and a decrease of over \$1,000,000 in deposits, which reduced reserves by \$5,206,100, leaving excess cash reserves at \$15,845,900.

## LOW BARD ST. ON FINANCIAL CONDITIONS

### C.P.R. Very Weak on Ottawa Reports Regarding Outlook for Stock Increase—General List Inactive.

MONTREAL, Aug. 24.—Aside from the activity and weakness in Canadian Pacific, the local share market was very dull and values generally throughout the week have been tending towards a lower level with a few exceptions. The weakness in Pacific this morning was attributed to the fact that there is considerable opposition to the proposed stock increase, and in New York it sold off 4 1/2 points, of which it recovered 1 1/4 towards the close of the session, while in the local market it opened one point lower at 27 1/2 in sympathy with the above and declined at the rate of one point between each sale to 27 1/4, showing a net decline of 4 1/2 points, compared with Friday's closing figure. At this point, however, the decline was checked and a recovery followed which closed higher, 27 3/4, after which it fluctuated between 27 1/4 and 27 3/4, the last sale being at 27 1/4. The outside figure, which shows a decline for the day on three points, Steel Corporation opened at 80, so-called 65 3/8, and then reacted to 65, closing unchanged. The tendency of Quebec Railway continues downward. It opened at 25 and then sold off 1 1/2 points to 23 1/2, the last sale being at 23 1/2, which shows a decline of one point. Detroit United was also weaker and declined 1 1/4 points, selling at 71 1/4. Toronto Street sold one point lower at 142. Montreal Power closed 7 1/2 off and Richelle 1 1/2. The unlisted securities Western Canada sold at 100, showing a net decline of 1 1/2 points, while the volume of activity was strong and the price advanced 4 1/2 points, selling up to 84, and B. C. Maple sold 2 1/2 higher at 40. The volume of business transacted was estimated at 277 3/4 shares of stock, \$250,000 bonds and \$238,000 debentures.

## QUET TRADING IN MONTREAL

### C.P.R. Hits the Bumps--N.Y. Market Steady

NEW YORK, Aug. 24.—The London correspondent of The New York Evening Post cables the following comprehensive review of financial conditions: It is now the general opinion here that all normal economic influences favor a return to a period of great commercial activity and prosperity in your country, which nothing can stop except an alarming turn in your domestic politics or a political agitation of social nature. The chief fear is, that after your election excitement shall have subsided, the public mind may again be disturbed by agitation in American politics and labor, similar to what has been witnessed in this country. The general comment on your current political situation is that the character of American political controversy is deteriorating as deplorably as our own has done. This may have an increasing tendency to make the most capable and honorable citizens hold aloof from the public service. Opinion is on the whole favorable to Wilson's election, but recognition of the above conditions causes continued belief in our financial circles, that genuine recovery is to be anticipated in your business affairs rather than on your stock exchange.

## BIG STEEL OPERATOR NOW A BANKRUPT

NEW YORK, Aug. 24.—Franklin A. Umsted, who organized a \$15,000,000 steel company in 1908 to fight U. S. Steel Corporation, has filed petition in bankruptcy in U. S. district court in Chicago, with liabilities of \$1,651,880 and assets of \$210. Umsted planned to combine all available independent steel mills, including Tennessee Coal & Iron property.

## BIG INCREASE IN OUR BANK CLEARINGS

Bank clearings at Canadian centres possessing clearing houses amounted to \$34,458,782 last week against \$32,700,211 for the corresponding week last year, a gain of \$1,758,571, or approximately 5 per cent. The only city to report a decrease was Quebec. The largest percentages of increase were shown in the west. The details follow:

## 16 P. C. GAIN IN RAILWAY EARNINGS

Gross earnings of all Canadian railroads reporting to date for the first two weeks of August show a gain of 16.8 per cent. as compared with the same period of a year ago. The same roads for the corresponding period of a year ago, the corresponding gross earnings for the border which are not up to the fine showing on this report compare with a year ago, the total for all United States roads reporting to date for the first two weeks of August, according to figures compiled by Dun's Review, amounting to \$1,625,000, a European harvest, and constant foreign borrowing.

## C.P.R. HITS BUMPS

Canadian Pacific hit the bumps in the stock market at the week-end, the announcement from Ottawa that the proposed stock increase would in all probability be threshed out on the floor of the house inspiring free liquidation. In Wall-street it was held that so much opposition to the matter had been raised throughout Canada, and particularly in the west, that there was a big possibility of the company being denied the right by parliament to increase their common stock capitalization and thereby pave the way for future "mealy cuttings." In the New York Stock Market, where the selling was chiefly brought about by the price dropped nearly five points on Saturday, reaching 27 1/4 on Saturday, the closing quotation the previous day.

## Exhibition Visitors

MADISON SQUARE GARDEN, New York. America's biggest enclosed amphitheatre, was crowded for a week last winter by visitors from all parts of the United States and Canada. They have traveled thousands of miles to see the latest marvel in the use of that pesky, sticky substance which has given this twentieth century the name "Cement Age." There was first a stone age; then the iron age; modern process made the steel age.

## BANK RECORD SURE SIGN OF PROSPERITY

Bank exchanges this week make by far the most satisfactory comparison with recent years for many months. The total at all leading cities in the United States, as compiled by Dun's Review, aggregating \$2,638,000,000, a gain as compared with the same week last year of 18 per cent. and with the corresponding week in 1910 of 18.2 per cent. Notwithstanding the fact that comparative quietness prevailed in the leading speculative markets of New York and that rates of stocks were considerably smaller than during the same week in either preceding year, that city reports a gain of 11.1 per cent. over 1910, and 13.7 per cent. over 1911, which indicates that the large payments thru the banks, as reflected in bank clearings, are mainly due to the broadening activity in general commercial life. Average daily bank exchanges for the year to date are given below for three years:

Year	1911	1910	1909
August	\$44,500,000	\$42,000,000	\$38,000,000
July	\$41,500,000	\$39,000,000	\$35,000,000
2nd quarter	\$86,000,000	\$81,000,000	\$73,000,000
1st quarter	\$82,500,000	\$79,000,000	\$72,000,000

Failures this week number 279 in the United States against 250 last year, and 21 in Canada, compared with 24 a year ago.

## Cement Exhibits at the Toronto National Exhibition

Every visitor to the Exhibition will find our two exhibits intensely interesting, as well as highly instructive. Both will be in charge of our Information Department, which will gladly give all enquirers any desired information about the mixing, placing, or use of concrete for any purpose. Illustrated lectures on the use of concrete will be another interesting feature. Admission to these lectures, as well as to the exhibits proper, is free.

There are two Exhibits—Be sure you see both

The Information Department-Booth is in Manufacturers' Annex (in the Grand Stand), and the Demonstration Tent is just behind the Art Building, beside Machinery Hall.

The Booth in Manufacturers' Annex contains an interesting exhibit illustrating the possibilities of concrete for every conceivable purpose, including farm and city home improvements, roads, bridges, buildings, etc.

In the Tent will be given daily demonstrations and lectures on the mixing, placing, and uses of concrete. You are cordially invited to come, see, and ask questions. Clip out the little coupon below and put it in your pocket, so you won't forget where these exhibits are.

## FEWER CARS IDLE

## New Fall Suits in the Mantle Section

Made of English serge. Coat hand-tailored with tailored seams; lined throughout with grey silk. Skirts are perfect fitting. Colors navy and black only. Specially priced. \$18.50

### SMART NEW SUITS.

Made of diagonal cloths, imported tweeds, English serges, and a variety of handsome stripes in blue, brown, navy, black, and grey, which possess the individuality of styles for which Simpson's is widely known. All splendidly made and finished throughout. Prices, \$28.50, \$29.50, up to \$45.00.

### FALL COATS FOR IMMEDIATE WEAR.

Never before have we carried such a large range of popular priced coats. The fabrics and styles are the very latest from the exclusive houses of New York and London. Here will be found novelty tweeds, velvety Chinchillas, soft blanket cloths, and a wide range of diagonals suitable for misses, women, and small-size women. Very special values, \$22.50 and \$25.00.

### COATS FOR GIRLS AND JUNIOR MISSES.

Specially designed and tailored, just as her older sister's garments are tailored. Made of blanket cloth, in grey and brown. Cut in single-breasted style, with collar that can be buttoned close to throat. Sleeves have turn-back cuffs. Belt of self material and patch pockets. Prices from \$6.00 to \$9.75.

### SKIRTS FOR WOMEN AND MISSES.

Two distinctive styles in skirts for women and misses, made from cheviot serge in black or navy, also from Panama, in black and navy. Cut with high waist, and fastening at left side of front panel; ornamented at edge with buttons. The misses' style is six-gored, cut on left side in a fancy tab effect, and ornamented with buttons. Special value. \$3.98

## New Laces

We have just passed through Customs thousands of dollars' worth of new laces from Plauen, St. Gall, Calais, and Nottingham. We are showing everything that's new. Overs 18 inches wide at \$6c, 75c, 85c, \$1.00, \$1.25, \$1.35, \$1.50, \$1.75, \$2.00, and up to \$10.00. ## Bright Finished Felts

A beautiful showing Tuesday. A feature of the Fall Millinery. For want of space we could not give to-day the special showing that we wished of a new and imported line of soft satin-finished felt hats. We will, however, make a special display tomorrow of scores of styles suitable for ladies, misses, and children. The unexpectedly low prices for these rich qualities is a feature that recommends them for fall wear.

## A New Season's New Ribbons

The Fall of 1912 is ushered in with touches of ribbon everywhere on millinery's hat. Widths from the narrow one-inch plain taffeta, in little bows and knots, to very wide ribbons which bow and puff up smartly in a dozen ways. The ribbons most to the fore are wide florals, in rich patterns; large velvety roses of varied hues on taffeta grounds; dainty Dresden and Oriental combinations on heavy taffeta; all over Dresden on dark changeable silk taffeta ground, etc. The colors most prominent are taupe, dark blues, new browns, and greens.

## Novelty Suitings

As Shown in Our Dress Goods Department, 2nd Floor.

# SILKS A SALE

The first Silks were Oriental, and needless to say expensive and little suited to the kind of wear and use to which Occidental needs must put them. It remained for Europeans to bring silk textures to their present height of beauty and serviceability.

The Simpson Silks are drawn from the best sources, and always comprise a complete showing of new weaves, new patterns, and new shades. The Silk Department is planned to display its wares thoroughly, and to give you the utmost freedom of comparison and selection. Our fall showing is now complete.

### THE AUGUST SALE OF BLACK SILKS AND SATINS.

Gives early opportunities of purchasing reliable quantities of black silk, far below usual selling prices.

A FEW OF TUESDAY'S SPECIALS. Black Paillette de Ghana, a satin paillette, having the new, smooth finish, and yarn dyed; will give good wear. 39 inches wide. Per yard. 1.10
