CONCERNING THE SULTAN

Cretan Christians are Rejoicing at the Prospect of Freedom.

Admirals Have Demanded Reinforcements to Make the Diety Turk Withdraw His Troops From the Island-The Sultan's Ministers Comply With the Demand-Cable News.

Canea, Oct. 7.—The French, Italian and Russian Governments have complied with the request of the admirals to send reinforcements to Canea, France sending 800 men, with two heavy guns. This action is taken without waiting for the reply of the Porte to the note of the powers.

The council of foreign admirals has taken the necessary measures to insure the enforcement of the terms of the note presented to the Porte by the representatives of the powers, demanding the immediate evacuation of Crete. The presentation of the note and the action of the admirals have caused great rejoicing among the Christian population.

Ismael Bey, Civil Governor of the Island of Crete, informed the Mussulman notables to-day that the Sultan will withdraw the Turkish troops from Crete in accordance with the demands of Great Britain, Russia, France and Italy, who on Wednesday presented to the Porte a collective note demanding the recalling of the Ottoman forces and requiring an answer within a week of that date.

KITCHENER AT CAIRO.

The Sirdar Made a Record Trip From Omdurman and Had a Great Reception.

Cairo, Oct. 7.—General Kitchener, the commander of the Anglo-Egyptian expedition in the Sudan, arrived here to-day, having journeyed from Omdurman in record time, 74 hours. The streets were lined with troops, and he had a great reception from the populace. Officers accompanying General Kitchener say that Major Merghal, the French officer at Fashoda, behaved with great moderation and courtesy. General Kitchener denies the story that the French at Fashoda fired on the British, mistaking the latter for Derwishes.

Mr. Neufeld, who was a prisoner of the Khalifa for a long time and who was released when the British captured Omdurman, has written from Cairo a strange letter to his brother in Berlin, stating that his mind has been affected by his privations. He says that he has been rescued to die of famine.

Suspicious About the Cosnacks.

London, Oct. 8.—The Pekin correspondent of The Times says:

"There is good reason to fear that the Russian Cosnacks which will be retained as a permanent escort.

"Chen-Pao-Chen, Governor of the Province of Hu-Nan, who is the most enlightened Governor in China, and has been active in introducing foreign improvements, has just been caulked."

He Didn't Salute.

Vienna, Oct. 7.—The Dutch pianist Stelek, who was arrested at Ischl, Upper Austria, about six weeks ago, for neglecting to salute a priest who was carrying a viaticum through the streets, has been sentenced to three days' imprisonment for the offence.

The Queen and "Nicky."

London, Oct. 7.—The St. Petersburg correspondent of The Daily Mail says: "Queen Victoria, it is reported here, invited Emperor Nicholas to Balmoral after the funeral of Queen Louise, of Denmark, with a view to a personal discussion of the far eastern situation, but it is said the Czar is not likely to accept the invitation, owing to the critical position of affairs."

Will Sign Treaty in Quebec.

Decision Reached Which Gratifies the Feelings of Quebecers—Adjourns Monday Next.

Quebec, Oct. 7.—The International Conference, on coming to a decision to adjourn on Monday next, in order to resume its sittings a month later in Washington, came to another decision also, which is eminently gratifying to the feelings of the people of Quebec. It was resolved that, though the labor of the conference would terminate in Washington, yet the final seal to its proceedings, namely, the signing of the treaty, which is now all but assured, should be done in this city, and the treaty itself go down to history as the Treaty of Quebec.

Left With the Money.

Word reached here this morning that a man employed at the St. Leon Springs hotel recently sold nearly all the contents of the hotel, consisting of bed-room sets, other furniture, and the wagons, harness, etc., which he had in the hotel, and then suddenly left for Toronto, stating that he was going on a visit, and would return in about 15 days. Upwards of \$1500 worth of furniture is missing, and, judging from the small prices paid for articles, it is believed he only got \$150 for them. However, for the St. Leon Springs Hotel Company, leaves tonight for St. Leon Springs to investigate the case.

Conference Notes.

Mr. James Winter leaves for St. John, N. B. tomorrow. Mr. H. H. Henshell will visit the Maritime Provinces during the adjournment of the conference.

AN GREAT MONEY CENTRE

Enormous Amount of Canadian Pacific Stock Held in Montreal.

Far Ahead of New York in This Respect—Sailor of H. M. S. Talbot Killed—End of Rate War Not in Sight—84,000 Majority Against Prohibition Claimed in Quebec Province.

Montreal, Oct. 7.—(Special)—The fact that Montreal is fast becoming one of the great money centres of the continent becomes more evident from day to day.

It was estimated here to-day that no less than \$5,000,000 worth of Canadian Pacific stock is now held on margin on this market, a much larger figure than was ever known before in connection with that stock.

Montreal, in fact, is far ahead of New York and if the idea is realized that transfer books are kept here, the total amount of business in Montreal will be larger.

So far most of the trading in New York has been done for Montreal accounts, but with the transfer books brought here, New York will not figure alongside of the Canadian metropolis. It must not be forgotten also that the \$5,000,000 do not include the large amount of stock that has been purchased here and paid for as an investment.

English Sailor Killed.

One of the sailors of H.M.S. Talbot was killed on the Canadian Pacific Railway track on the wharf a little before 2 o'clock this morning. It is supposed by a shunting train, of which there are a great many passing to and fro at night.

The unfortunate man was a Cornishman, H. E. Dingle, and was only 23 years of age.

No End in Sight.

The passengers rate difficulty between the Grand Trunk Railway and the Canadian Pacific Railway promises to end indefinitely. Neither of the roads seem inclined to make any concession that would tend to bring about a solution of the trouble.

Over 84,000 Majority.

La Presse claims that a majority against prohibition in Quebec is over 84,000.

UNIVERSITY SENATORS.

Results in Medicine, High Schools and Law—Arts Yet to Come.

The counting of the ballots for representatives on the University of Toronto Senate is still going on. There have been two announcements up to date, but the Arts Faculty representatives are not as yet known. At present the following elections are assured:

I. Medicine.

Dr. J. E. Graham 723, Dr. A. H. Wright 687, Dr. W. H. B. Atkins 523, I. H. Cameron, M. B., 487, Dr. J. M. MacCallum 404. The first four will be declared elected.

II. High School Representatives.

I. Henderson 245, H. J. Strang 244, H. B. Spotton 189. The first two elected.

III. Law.

W. R. Riddell 127, Hon. W. R. P. Street 103, J. M. Clark 93. The first two elected. There are about 300 ballots in the Arts Department to be counted yet.

WHAT DOES THIS MEAN?

Warship Rambler Ordered From Halifax Very Quickly.

Halifax, N.S., Oct. 7.—Sudden orders were received by cable for the British warship Rambler, now at this port, to sail at the earliest possible moment for Sierra Leone, at South Africa. She is to proceed at full speed and to call at Bermuda for further orders. The cablegram was a complete surprise to naval officials here.

The Uprising is Over.

Washington, D. C., Oct. 7.—Reports received by the officials of the War and the Interior Departments, from the Indian country, are of a reassuring character to-night, and they now feel that the uprising may be regarded as over. General Bacon will remain at Walker for the present, and this, it is hoped, will have a quieting effect on the citizens of the surrounding country, who have felt that they were in danger from the redskins. Steps will be taken to have an investigation made with a view to fixing the responsibility among the Indians, for their stand against the Government.

WILL HAVE CONSIDERABLE WEIGHT.

WILKINSON (about to drop the Prohibition Cat): That stone 'll sink it quick, and as our English friends would say, there'll be a jolly good reason for it.

WINNIPEG BANK MYSTERY

Nothing New Has Developed in Regard to the Robbery.

Manager Phepoe Says There is Nothing New to Tell—Chief Inspector Will Be on Hand To-day—Contractor Meldrum is Missing and His Friends Are Anxious About Him.

Winnipeg, Oct. 7.—The robbery from the Wolons Bank remains shrouded in mystery, as deeply as ever. The opinion that the money will never be recovered seems to become more general as the time passes.

Manager Phepoe this morning said: "We have succeeded in obtaining no new information of any kind, and are as far from obtaining any clue to the robbery as before. The whole affair is shrouded in mystery, and this is one of the worst features of the case."

Heads or Tails To-day at Dineens.

Hard to predict the surprise which may appear in the demand at Dineens' to-day. Last Saturday was a banner day in the sale of food for overcoats and confectionery. The trade during this week has been quite heavy and some of the choice bargains in seal, Persian lamb and combination garments may go today. But Saturday are also great days at Dineens' in men's hats and this may be one of the season's biggest hat days. Nothing in the quantities opened at Dineens' for \$2.00 and up. All the new styles of the best makers are all direct from the makers, with qualities guaranteed by Dineens. To-night the new store, 140 Yonge-street, corner Temperance, remains open till 10 o'clock.

GET THE SUNDAY WORLD.

The popularity of The Toronto Sunday World is increasing steadily. The special features of the paper are full of interest and The Sunday World gives the news of the world and the results of all the Saturday afternoon sporting events 36 hours ahead of the Monday morning papers.

A BEAUTIFUL WINTER HOME.

Thousands of dollars have been expended upon the Arlington Hotel, resulting in the largest summer business the hotel has ever enjoyed. The hotel is the finest in the city, having a southeast corner, steam-heat in every room. No expense spared in making the Arlington the finest winter hotel in the Dominion.

Don't go home to-night without a copy of the Evening Star.

WILL BE TRIED IN NAPANEE

Application for Change of Venue in Ponton's Case Refused.

Mr. Justice Robertson Handed Out His Judgment Yesterday Afternoon—Not Clear That a Fair Trial Can Be Had—Application To One Sided.

Mr. Justice Robertson has given judgment on the application by the Crown to change the venue in the cases of the Queen v. Ponton, Mackle and Holden, from Napanee to some other suitable town, where a fair trial may be had. The defendants, it will be remembered, are charged with robbery, at the instance of the Dominion Bank. The learned judge refuses the motion, holding that the venue in these cases will not be changed by the court unless it is quite clear that a fair trial cannot be had; moreover that affidavits in support of the motion show only the apprehension, belief or opinion of the deponents in the matter, and that is not sufficient. He refers to the fact that Lennox and Addington Counties have a population of 30,000, from which a large panel may be drawn, and to the fact that the power of the Crown to challenge jurors is greater than that of the prisoners.

RETURNED FROM THE WAR.

Young Canadian Doctor Who Was Before Santiago.

Dr. John Carling Was Through the Campaign and is on His Way to Washington to Report—Anticipating Plebiscite Returns—News From Ottawa.

Ottawa, Oct. 7.—Mr. Hugh Carling, an employee of the Government printing bureau, to-day received a message from his brother, Dr. John Carling, who arrived in Montreal last evening from Santiago, where he has been since July 2, when he was sent south from New York with the 6th Ohio Regiment, or what is more popularly known as Major McKinley's Own.

Dr. John Carling was one of the eight physicians sent to Cuba, when it was reported that yellow fever was ravaging the American forces. He is a specialist on this disease.

Dr. Carling is an old Outawian, and was born on St. Patrick's-street about 23 years ago. He is at present on his way to Washington, where he has to go before the commission to be examined as to the condition of the troops in Cuba. Mr. Hugh Carling will leave for Montreal to-night to meet his brother, who will in all probability visit the Capital previous to going to Washington.

By the End of Next Week.

The Secretary of State is endeavoring to anticipate the official returns of the various electoral divisions upon the plebiscite, and has requested returning officers throughout Canada to supply information comprising the number of voters on the list and the number cast for and against prohibition as soon as available. The figures will, it is expected, be ready by this means about the end of next week.

Regarding the Indian Claims.

In Supreme Court to-day was heard the appeal by the Province of Quebec against the Dominion of Canada, from the award of the Dominion arbitrators upon the questions as to the Indian claims which have been so decided as to lay heavier burdens upon the province than were supposed to have been originally contemplated, according to the Quebec view of the Confederation Act. Trenholme, Q.C., appeared for the Province of Quebec; Hogg, Q.C., represented the Dominion Government. On conclusion of Mr. Trenholme's arguments, the court delivered judgment, dismissing the appeal. Mr. Justice Gwynne stating that he took no part in the judgment.

Contraband Tobacco.

Heavy seizures of contraband tobacco were made by the Excise and Revenue Department. Yesterday five seizures of tobacco were made at Rockland, and last week a considerable quantity of stamped tobacco was seized on the premises of a Rideau-street merchant here.

What About Eye-Elections?

The meeting of the Cabinet held yesterday was called to consider the question of the bye-elections, but as only a bare quorum was present, the members decided not to take action until they could secure a fuller meeting. As a consequence, Mr. Alex. Smith returned to Toronto last evening. Major Jim Sutherland, however, is still here. A several of the Ministers, who are at present in Quebec, are expected here on Wednesday next. It is probable that the bye-elections will be decided soon after that date.

Notes.

Hon. A. G. Blair, who has been obliged to cancel his engagements for this week, hopes to be able to attend meetings in New Brunswick for which date he has set in next week.

His Excellency Lord Aberdeen returned to Government House this morning.

LEWIS IS IN JAPAN.

Montreal Merchant Who Disappeared Months Ago Heard From.

Says He Left Home Under Intense Mental and Physical Pressure—Did Not Go Away With or on Account of Another Woman—Statement Received at Vancouver.

Vancouver, B.C., Oct. 7.—Albert E. Lewis, the prominent Montreal merchant, whose unaccountable disappearance months ago, caused so great a sensation all over Canada, has been heard from. He writes to The News-Advertiser from Yokohama, a statement which he asks should be published "in justice to my wife." Here is the statement:

I wish to make the following statement to the public: I have now fully realized that my conduct in leaving home as I did cannot be justified by any excuse, real or fancied.

2. That, now, for the first time I hear from my wife, and see in print, some of the base and malicious falsehoods published against a defenceless woman.

3. As to the statement that she is not my wife, it is absolutely false and without foundation. I never was married before, or since to any woman but Helen P. M. Lewis, and she is the only wife that I ever had or ever will have.

4. That the statement that our home life was unhappy, and that my wife was the cause of my departure, is a dastardly, uncalculated and cruel insinuation, as can be conceived. My greatest regret in leaving was the parting from one who had proved herself the truest and best of wives.

5. That I left with or on account of another woman is also untrue. I left under the influence of intense mental and physical pressure, caused by great financial disappointments and family worries completely outside of my own will.

6. That not until it was apparent to me that I realized the full extent of the wrong I had done my perfectly innocent wife, and it seems that she, who was so unjustly and unwarrantably wronged by myself, and maligned by cowardly and malicious individuals, is the only one who retained her faith and fought for me against all the world. Her devotion and indomitable pluck and perseverance are now known to everybody, so it needs no further words of mine to tell what she is and what she has done.

(Signed) Albert E. Lewis.

Sept. 16, 1898.

The above statement came from Japan on the steamer Yamaguchi Maru. The letter was addressed to the editor of The News-Advertiser, and the signature has been compared with the signature of Albert E. Lewis, which the police have. It is exactly the same, and proves that the hoax has been attempted. Thus at last the mystery of Montreal has been cleared up.

VIRGINIA V. BEARS.

Monte Cristo Shut-Down Could Not Crush the Stock-Rossland Mining News.

Rossland, B.C., Oct. 7.—(Special).—Contrary to expectations, Virginia has withstood the influence of the Monte Cristo shut-down, and remains at the same figure. Monte Cristo is quoted tonight at 21c, and although stockholders here have confidence in the property, and expect work to be resumed almost immediately on an extended scale, the stock is likely to go below 20c before the bears are satisfied.

There are immense bodies of ore in the mine, which will pay good profits when the lead stock is in operation. At Trail, and the bonus will be paid for excess of 10c.

Quotations to-day were: War Eagle \$2.00, Virginia 62c, Iron Mask 72c, Jubilee 40c, Deer Park 20c, Iron Horse 19c, Commander 14c.

R. L. Sawyer of Toronto, who is now in Rossland, has secured a working bond on the West Egg, and development will be resumed.

Warmer Weather.

Meteorological Office, Toronto, Oct. 7.—(11 p.m.)—There has been very little change in the weather conditions over the continent since last night. The low area which then appeared to be developing over the Southern States has not done so, and the general indications now are for fair weather and a little higher temperature, continuing over Sunday, in all parts of the Dominion.

Minimum and maximum temperatures: Victoria, 40-62; Kamloops, 30-56; Prince Albert, 26-44; Qu'Appelle, 24-48; Winnipeg, 28-54; Fort Arthur, 32-49; Pelly, 30-48; Toronto, 46-60; Ottawa, 30-58; Montreal, 38-56; Quebec, 30-54; Halifax, 34-58.

Lower Lakes and Georgian Bay—Light winds; fair, with a little higher temperature.

Ottawa and Upper St. Lawrence—Light winds; fair, with a little higher temperature.

Superior and Manitoba—Winds mostly southwesterly; fine, with a little higher temperature.

The more you examine the suits and overcoats on sale at Oak Hall, 115 King-street east, the more you will like them. They are equal in appearance and style to the most expensive custom garments and are half the price.

NORTH TORONTO LIBERALS

First Meeting of the Season—W. M. German, M.L.A., and L. V. McBrady Speak.

The North Toronto Liberal Club held its first meeting of the season last night in the hall of the Commercial Hotel.

Mr. W. M. German, M.L.A., expressed his pleasure at being present, because, being born a Liberal, and educated in the school, he could not harmonize with any other.

Mr. L. V. McBrady asserted that if the Liberal party in Toronto were to be organized, it would be a great advantage to the city.

A Feast IN MILLINERY AND COLORED

Ready For To-Day (Saturday)

62 cases Walking Hats and Trimmed "Sailors," direct from the pick of European and American manufacturers.

Don't pay too much for so good. McKendry's prices are as right as their styles, and that's saying a good deal.

There'll be a rush to-day for ready-to-wear hats, and you'll see unequalled values in unique designs, trimmed by our own workers, who've got a knack of keeping close to the best trimmers of New York and Paris.

Our trade in Silk Blouses is over double last year's. The reason why—we keep on improving in quality and style, and every blouse is the product of our own trained blouse makers.

McKENDRY & CO., MILLINERY SPECIALISTS, 218 Yonge Street, cor. Albert.

KNOCKING DOWN THE TENPINS

The tenpin bowling season was opened at the Athenaeum last night by a match between the club's two league teams.

Looking for Trouble. The coming of Joseph Ott, the comedian, to the Toronto Opera House next week is being welcomed by the patrons of that house.

MISS JULIA ARTHUR

Julia Arthur's appearance in Toronto is always an event, and there is no doubt but that her appearance here last three nights of next week and Saturday matinee at the Grand Opera House will be greeted with the same enthusiasm as was extended to her last year.

THE TORONTO WORLD ONE CENT MORNING PAPER. No. 85 YONGE STREET, Toronto.

SHALL BRITISH COLUMBIA GET RAILWAY COMPETITION? The Corbin Railway, running from Spokane to Rossland and Nelson, has been acquired by the Great Northern Railway. The latter company, so Sir William Van Horne recently informed the members of the Manitoba Club at a luncheon given in his honor, will apply next session for a franchise to extend its newly acquired line through Southern British Columbia.

The C.P.R. it will be remembered, was successful in defeating the application of Mr. Corbin for a franchise to build a line along the Kettle River, although he was ready to construct that line without a dollar of bonus from the Dominion Government. It is likely that the scheme that will be presented to Parliament this year will be a bigger one, as the Great Northern is anxious to parallel the Canadian Pacific Railway's Crow's Nest branch through Southern British Columbia in addition to building the Kettle River branch.

Sir William Van Horne is already heading off this threatened competition by stating that it would be a shame if Canadian cities did not get all the trade resulting from the Crow's Nest Pass, as it had been built by public subsidies. As Mr. Corbin was willing to build the Kettle River Railroad without a bonus, so we apprehend, the Great Northern will ask nothing more from the Government than a franchise to extend its system through Southern British Columbia. The fact that Mr. Corbin was willing to build the Kettle River Railway without a bonus shows that the Government made a poor bargain when it gave that company not only a charter for the road, but over three million dollars with which to build the line. It is not unlikely that the Grand Trunk will cooperate with the Great Northern in its application to build competing lines in British Columbia.

OLIVER TOO HONEST FOR THE PARTY. The Liberals are reaching the second stage in the process of party deterioration. This process involves the routing out of the ranks members who insist on the party standing by its ante-election platform and giving the country a clean and pure administration. Mr. Frank Oliver, M.P., is one such individual. In his Journal some time ago he severely criticized the Globe and the dominant members of the party for departing from the path of rectitude and breaking their pledges of honesty and economy in the administration of the country's affairs. He is now calling for an investigation into the Yukon charges. Mr. Oliver's offence consists not in his having discovered that the party has become corrupt, but in his persistence in referring to the matter publicly. The party seems to have successfully gagged McMillen, the one-time denunciator of extravagance and corruption, but Oliver will not be silenced. He insists on his right to warn the party that it is on the high road to destruction. Hence the attempt that is being made by the Winnipeg Free Press to read him out of the party. The Free Press in this matter represents the corrupt element in the party, which, being in the ascendancy, can make short work of Mr. Oliver if it sees fit to do so. We imagine, however, the Messrs. Tarte, Laffray, Sifton and the rest of them have more tact than to commit the blunder suggested by the Free Press. Mr. Oliver can do more harm from without than within the ranks of the party, and he will not be ostracised except as a last extremity.

FILLING IN ASHBURIDGE MARSH. Dr. Sheard's statement in regard to the utilization of the street sweepings and garbage for filling in Ashburidge's marsh seems to be satisfactory, and until it is proved that his theory is incorrect we think the new system that has been adopted should be continued. It should not be forgotten that the marsh at the present time is in anything but a sanitary state. The water is stagnant, and it is constantly filled with decaying animal and vegetable matter. It is a question whether the stuff that is being dumped into the marsh is not less objectionable than the products of the marsh itself. If precaution is taken to cover the refuse over with two or three feet of sand or street sweepings, we think the dumping can be carried on without creating a nuisance to anyone and with great benefit to the city and especially to the East end. It would be better to have the marsh filled in than to leave it in its present stagnant condition. By utilizing the refuse of the city, several acres can be reclaimed every year. Once it is reclaimed the land will be much preferable to the marsh. At any rate Dr. Sheard's scheme should not be condemned until it is conclusively shown that it is the cause of a greater nuisance than now exists at the marsh.

At 9:45 o'clock last night the firemen responded to an alarm from box 180. The fire proved to be in a frame stable in the rear of 206 Argyle-street, owned by D. J. Jary. The cause of the fire is unknown, and the damages are placed at \$75,000.

GENERAL BACON

Says He Has Them Undoes Not Require Agency Indians Blue Coats Have 17 Seventeen Wounded break in Minn Cause.

Lothrop, Minn., Oct. 7.—noon at 3.30 o'clock it was General Bacon and his still fighting on Bear Island not be learned what the fighting has been up to 9 o'clock yesterday afternoon. The bodies of the unfortuno who were killed. This attack successful, so far that recovered, and nine soldiers wounded were rescued, he were driven to the boat, driven from the shore by skin.

A special train with 211 Infantry from Fort Snelling and of Lieut.-Col. Harbo, 200 or 250 more soldiers, arrived 3 o'clock yesterday afternoon. The special train left Brainerd, Minn., at 10 o'clock. The general expresses the opinion that the Indians will be killed. The Indians being reported to be going north at a rapid pace, probably reach Leech Lake Island early this morning. Two men are reported to have been killed by the Indians. The men were not them to say whether they were not, but know they were not. The inhabitants at Walker, Minn., are to measure, and are armed and ammunition are sleeping is taken by the major.

Agency Indians Since the uprising of the Indians, the Indians at the agency remained quiet up to but word arrived last night that the agency that the Indians had and the authorities have them and fear there will be a massacre.

The agency Indians have to be peaceful, but last night Indian police were killed by mistake, and the Indians are to be hostile. The occurrence unfortunate, but it is hard to blame the agency, as the Indian policeman, Ruslin, had to be one of the best of his class, had accompanied the general, and had fought valiantly, but thought he had had enough, started with another Indian, and was killed. His companion escaped, but his companion escaped until accident has made the agency.

GENERAL BACON HAS THE INDIANS UNDER CONTROL.

Says He Has Them Under Control and Does Not Require Help.

Agency Indians Break Out - Six Blue Coats Have Been Killed and Seventeen Wounded - The Outbreak in Minnesota and Its Cause.

Lehrbach, Minn., Oct. 7.-Yesterday afternoon at 3:30 o'clock it was learned that General Bacon and his small band were still fighting on Bear Island, but it cannot be learned what the outcome of the fighting has been up to 5 p. m. An attempt was made to land on the island and rescue the wounded soldiers, and get the bodies of the unfortunate blue coats who were killed. This attempt was partly successful, so far that four bodies were recovered, and nine soldiers who were wounded were rescued, but the citizens were driven to the boat and the boat driven from the shore by skulking redskins.

Indians Being Reinforced. It is said the Indians from the Mill Lake reservation have started 300 strong to join the Leech Lake Indians, and if this is the case it will require 600 additional troops to quell the disturbance. They are reported to be well armed, and going north at a rapid rate. They will probably reach Leech Lake and Bear Island early this morning.

Agency Indians Break Out. Since the uprising of the Bear Island Indians, the Indians at the Leech Lake agency remained quiet up till yesterday, but were reported to have broken out, and the authorities have no control over them and fear there will be more bloodshed.

When the trial was over Min-Jon-Dah, it is said, walked from Duluth to Walker, a distance of 190 miles without money or food, and arrived at Walker in a most deplorable state, nearly starved to death. He swore before his tribe that he would never recognize a warrant or papers of any kind served by the United States marshals.

Bacon Has the Indians Whipped. Minneapolis, Minn., Oct. 7.-A special from Duluth says Gen. Bacon has sent word that he has the Pillager band whipped and does not need further reinforcements. The companies of the 14th Minnesota, now here, do not expect to be called on.

Washington, D.C., Oct. 7.-A despatch from Gen. Bacon, received by the Adjutant-General, dated Walker, Minn., Oct. 7, says that the Indians have scattered in their canoes to various islands in the section. He adds: "Have completed all that can be done here at this late season, and will return with my command to-morrow."

WHERE MONSOON IS GROWN.

The Famous India Tea Gardens Which Supply the Tea Direct "From the Grower to the Consumer" - How Monsoon is Grown, Picked, Cured and Packed, and How it Became a Packet Tea.

Those solid old British houses which exert a controlling influence in the different commercial lines in the trade of the world, are notably conservative in their tastes. Their enterprises may be of immense extent, involving investments of millions of dollars and the employment of thousands of people, but no show is ever made in any branch of their business to dazzle the community with anything that could be construed as a vulgar ambition to shine as a go-goons or palatial establishments.

A LITTLE CORNER OF THE MONSOON TEA COMPANY.

The business of the company, which is the growing, curing and packing of an incomparable fine tea. The soil of this company is in its tea gardens in India, where Monsoon Indo-Ceylon Tea is grown—and there is no concomitant of the pride which induces these growers to possess the finest and best managed tea estates, equipped with the best means to yield the best tea, and to improve whatever improvement is possible, to produce a product that shall delight and hold the preference of tea lovers all over the world.

TEA CORNERS RETURNING FROM THE FIELDS.

eastern skies, are beyond the possibility of being portrayed anywhere but in a painting. The second picture represents a group of the tea leaves, picked by the women in the fields. Over a thousand natives are employed on these estates in gathering the tea. Expert English labor is employed in the modern processes of "withering" the tea on the estates, and after thorough mechanical operation, from the thoroughly cured tea leaves from every particle of tea dust, and makes Monsoon the most interesting features in the careful treatment which Monsoon Indo-Ceylon Tea receives before it is sent out to delight its patrons.

AGED MEN'S HOME

Opened With Bright Prospects - Hon. A. S. Hardy Delivers an Address-Worthy Institution.

The board of the Industrial Refuge has again proven its practical philanthropy. Of the three separate institutions which it has established in Toronto for lessening distress, the latest was formally opened Thursday evening, and the dedication of the aged men's home promised reception.

Over 100 attended the initial reception, and after admiring the building, gathered in the board room, where speeches were delivered by several public men. The Premier Presided. The Hon. A. S. Hardy presided. The government, he said, had directed much of its attention and a great deal of money in looking after the sick, insane, deaf and dumb, yet it had done nothing to aid those who have reached the serene twilight years, with insufficient means whereby to live.

Another Minister Spoke. Rev. Dr. Milligan added his congratulations to those bestowed upon the directors by the preceding speakers, and promised to watch with interest the progress of the Aged Men's Home. Mr. Mortimer Clark was also present, and when Mr. Dinwiddie had sung, the benediction by Rev. John Pearson.

Perhaps the most popular portion of the house is the smoking room. This cozy corner is situated in the basement, and is completed with several sitting rooms, a large open fire place. Besides over 20 neat, spotless little rooms, the house is provided with several sitting rooms, bathrooms, storerooms and a large open apartment, known as the hospital.

There were twelve or fifteen men standing outside the iron grating that protects the receiving counter at the United States Assay Office, Seattle, Wash., all of them Klondikers who had come down from St. Michael's on the Yukon, waiting to turn in their gold. The men were all of the same type, and all of the same age. They were all of the same type, and all of the same age. They were all of the same type, and all of the same age.

Each deposit of gold is melted separately, and the bar stamped with a number corresponding to that on the receipt. The bars are then shipped from two corners, and these are given to assayers. Their reports as to its fineness, and the proportions of gold and silver, are sent to a mint in San Francisco. In the safe it was shown about \$750,000 in gold bars, one of which weighed 1300 ounces, and was valued at \$20,000. Several were standing around. "Pick one up," was the invitation extended to me. I laid hold of it jauntily and nearly wrenched my shoulder out, but never even raised the bucket off the floor.

THROWING OUT FEELERS

Is Sir Wilfrid Going to Appeal to the Country Soon?

Government Would Like to Capture a Tory Hive or Two, Just to Make Things Safe—Grit Campaign Literature in Stock at Ottawa Ready to Be Sent Out—Montreal News.

Montreal, Oct. 7.—(Special).—Will there be a general election or long? It is being asked on all sides. The question is being put for the reason that two ominous events have been talked about all the week. The first is the fact of a feeling being put forth in the Counties of Three Rivers and St. Maurice and Champlain, in order to secure a movement in one of the divisions favorable to the candidature of Sir Wilfrid Laurier, when an election should come round.

The next statement is more startling, and coming from a gentleman connected with the Printing Bureau at Ottawa, gives the rumor of an election a good shove. It is stated, in fact, that all the Grit literature for a Federal election campaign is ready at the capital, and simply waiting for the word to be given. There are, however, no indications, therefore, believe that there is a good deal in the rumor of a general election, as claimed by The World a month or two ago.

Lumber at Dawson City. Lumber was so scarce in Dawson City that the building put up for the Canadian Bank of Commerce has cost \$130,000. The same kind of a building would have cost \$100,000 in Montreal or Toronto.

The Brave Mr. Tarte. Hon. Mr. Tarte is brave. Referring to the complaints made about public administration in the Yukon region, La Patrie says: "Let a single specific charge be brought to the knowledge of the Hon. Mr. Sifton, Minister of the Interior, or any other member of the Cabinet, and an investigation will be held at once."

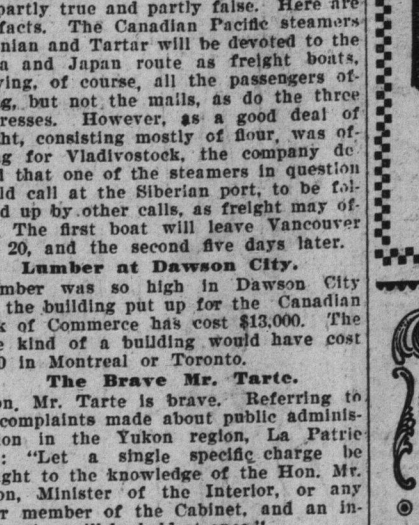

WERE THEY POISONED? Mr. J. D. Embury and His Two Sons Died Very Mysteriously. Warkworth, Ont., Oct. 7.—Early Thursday morning two sons of Mr. J. D. Embury, a farmer residing near Thornbury, died very suddenly. The boys, Freddie, aged 7, and Albert, aged 9, had been sick only a few hours before death occurred. The younger boy died at 7 p.m. on Wednesday last, only 15 hours after being taken sick, and the elder boy died at 3 a.m. on Thursday, 20 hours after he was taken sick. The cause of death is supposed to be poisoning, but from what it is not known. The two boys were buried side by side in the cemetery here. Mr. Embury has been in the hospital for some time, and is recovering.

AN OTTAWA SENSATION.

The Arrest of Dr. Lambert Has Caused a Good Deal of Excitement in the City. Ottawa, Oct. 7.—The arrest of Dr. Emilie M. Lambert on the charge of criminally assaulting Nellie Christopher has caused a sensation. The young woman on Wednesday last week attempted, it is said, to commit suicide in the doctor's office. The Journal of Thursday prints the following details: Miss Nellie Christopher is a young lady about 23 years of age and has been employed with the American Note Co. since the institution started in the city, two years ago. She has been a patient of Dr. Lambert's for some time, and in that time has been treated for whooping cough, tonsillitis, measles, indigestion and various other ailments.

Clergymen who have been made well by Paine's Celery Compound testify to its health-giving virtues. Members of the legal profession gladly sound the praises of Paine's Celery Compound. Bankers and business men speak of the great health-giver in the crowded marts of trade and commerce. Mechanics, workmen and farmers who have tested the mighty disease banisher tell their friends about it. Women speak to women about the medicine that has made them strong and healthy and fitted them for life's duties. Ask your druggist for "PAINE'S" with trade mark as above.

That Miss Christopher Had Been Put Out of St. Luke's. A rumor got abroad this morning to the effect that the authorities of St. Luke's Hospital were turning out Miss Nellie Christopher, the young lady who took the carbolic acid last Wednesday. This was investigated by a reporter and found to be untrue. The facts of the case are that a friend of Miss Christopher's came to the hospital this morning and brought with her a morning paper containing the account of

THOUSANDS TORTURED BY IT. HOSPITAL TREATMENT FAILS TO CURE IT. DODD'S KIDNEY PILLS Are the Only Sure and Permanent Cure. They Root the Disease Out of the Blood.

Toronto, Oct. 7.—Thousands of patients who have tried the hospitals, have been treated for Rheumatism, Lumbago, Back, and kindred diseases, or complications, and in many cases have been treated with electricity, massage, and liniments, etc., which do absolutely no good. In every case the disease runs its course, then abates, and the patient is told he is cured, and then discharged. After a time, the disease makes its reappearance again, and again its victim goes to the hospital, where the same treatment is applied to the same case. The fact that it is applied to the same case, instead of to the cause of the disease, is the reason why it never cures. The only medicine known to man that will remove any and all diseases from the blood is Dodd's Kidney Pills. These pills are the only medicine on earth that cures all Rheumatism, Lumbago, Back, and kindred diseases, or complications, and in many cases have been treated with electricity, massage, and liniments, etc., which do absolutely no good. Remove the disease from the blood, and the disease is cured.

AN UNTRUE RUMOR That Miss Christopher Had Been Put Out of St. Luke's. A rumor got abroad this morning to the effect that the authorities of St. Luke's Hospital were turning out Miss Nellie Christopher, the young lady who took the carbolic acid last Wednesday. This was investigated by a reporter and found to be untrue. The facts of the case are that a friend of Miss Christopher's came to the hospital this morning and brought with her a morning paper containing the account of

OBSCLETE STATUTE LABOR.

A Bright Interview With A. W. Campbell, Ontario's Boss Road-maker—Progressive Views.
Mr. A. W. Campbell, Provincial Inspector of Road-Making, is busy compiling his annual report, which will be issued at the end of this year. His jurisdiction is the whole Province, and it is Mr. Campbell's ambition to have every road in the Province fit to play billiards on. He has very decided ideas about statute labor. The first reform must be its abolition, he says. Wherever statute labor is performed, it is done on the road in front of the property taxed; in that way labor amounting to 6000 days is scattered, and we have 1,000,000 days of statute labor, and nothing but temporary work is done. If a tax were collected the council could take hold of the more important roads, plan their work and let it out by contract. The work this done would be finished in a substantial and permanent manner, and could be extended from year to year. **Obsolete Labor.** "As a matter of fact, though statute labor is obsolete, it still belongs to the period when a man had to first clear the ground to build his house. As a matter of fact, farmers nowadays have no time for anything but their farms, and if statute labor is to be abolished, it is a relief. The work accomplished would be worth more to him than results attained at present. However, Mr. Campbell says: "This year is a marked one in road-making. The municipality has this year expended on an average 50000 on its roads, outside of labor, an exceptional amount. But the people are awaking to the fact that to make good roads they must employ modern machinery. Heretofore they have used no implements but the spade; they found the gravel in the raw state, and they had to haul it in their own carts. Now they are using four grading machines, each taking two teams, and good work is the result. **Some System Now.** "Also, this year, for the first time, many municipalities have prepared a proper plan of the township classifying the roads according to their importance in traffic, preparing specifications showing what the width should be, and how the road should be crowned or shaped, how the gravel should be laid, and how the road should be graded. It is a simple matter to lay out a plan and build a road, it is the grading and the grading work in the hands of one man appointed by the council. There is more work being done in Western Ontario than any other part just now. **Enter, a New Idea.** "No," said Mr. Campbell, "statute labor has served its purpose, and must go. It is generally used for the plan of utility. To-day it is simply the working of a tax, and the same with the paving—making the road. It is a waste of money to do it. I don't want to do their work he is not going to make enemies by forcing them to do it. The evidence of the up-to-date methods that are being now adopted is to be seen in the curbs and sidewalks on the roads. These need to be made of timber, and cost each municipality about \$2000 a year. The kind of gravel used is a healthy one. I have so long advocated it being followed; gravel is being mixed with cement, and of the concrete thus made, curbs are being made. The first cost is in excess of the timber, but the result is permanent, and leaves an extra balance to be applied to road-making. It may be borne in mind that Mr. Campbell is really engaged going from place to place, educating the people as to what the road really should be, and condemning the temporary and wasteful work, and the good results shown are largely due to his efforts."

FORTUNE HUNTER WATERLOGGED.

Picked Up in a Sinking Condition—Passengers and Crew Rescued—Deep Channel a Myth.
Seattle, Wash., Oct. 7.—The steamer Busham and Tillamook have arrived from St. Michael's with 150 passengers, about 50 of whom were from Dawson. On Sept. 20 the Tillamook picked up the small steam schooner Fortune Hunter off San Francisco, about 55 miles south of St. Michael's. The Fortune Hunter was waterlogged, and in a serious condition. Besides her crew, she had 10 passengers aboard, members of the Alaska Bonanza Mining and Transportation Company of Chicago. The Fortune Hunter left St. Michael's Sept. 16 for Golovin Bay, with a large tow, and was caught in a storm that recently swept along the coast. The cargo was beached, and the schooner stood out to sea. She became unmanageable, and was drifting south when picked up by the Tillamook, which towed her to Golovin Bay, where she was beached. An unsuccessful search was made for the barge, Sterling Martin of Chicago was left on the barge when the Fortune Hunter abandoned her.

GEN. COLLIS DENIES THE LETTER.

Says Some "Wag" Wrote It, Imitating His Chiropractor—Van Wyck Gets Another Letter.
New York, Oct. 7.—General Charles H. T. Collis wrote another letter to Mayor Van Wyck to-day, threatening to chastise his Honor publicly at the first opportunity. The Mayor produced the letter just as he was about to take his seat at the meeting of the Board of Estimates. "I have here," he said, "another letter from the former Commissioner of Public Works, General Collis. I will not say that it is a forgery, but I am sure that some wag wrote the letter imitating his chiropractor. **Hope Drives Put In by Dodge Manufacturing Co. of Toronto** Are well spoken of in the Office of the Globe File Manufacturing Co., Port Hope, Ont., Oct. 3, '33. MISS WIGGINS GOT MARRIED.

The Boys Went to Charivari the Couple and One Was Shot.
Orangeville, Oct. 7.—Crown Attorney McKay has just been advised of a shooting affair that occurred at 101 on the Centre-road in the Township of Mulmur one night last week. It appears that a daughter of Mr. Robert Wiggins, a member of Dufferin County Council, was married on the day in question, and that night the young men of the neighborhood gathered to treat the happy couple to the customary tin-pan concert. The charivari gang were ordered off the premises, and finally Mr. Wiggins' son, Alexander, discharged a shotgun in the direction of the dancers. The result was disastrous. The charge lodged in the neck and shoulders of Charles Hare, a young Notarasga farm boy, who was one of the charivari party, and the wounded man is now in a precarious condition at his home at Laverton. Young Wiggins will be prosecuted, together with his father, who is said to have incited the son to do this shooting. High Constable Marshall has gone north to investigate the case.

CONTRIBUTOR IN THE KLONDIKE.

Readily Exchanged for Gold Dust, But Returning Miners Detected—The Queen.
San Francisco, Oct. 7.—It is stated that the United States secret service officers, aided by Chief Leck, have discovered that large numbers of counterfeit \$100 silver certificates have been purchased in this city. The operators are reported to be under police surveillance. The Call asserts that 5000 of these spurious bills were sent into the Klondike region. They were readily exchanged for gold dust, and their falsity was not discovered until the returning miners tried to pass them in Portland. The banks of this city, following the precedent of the institutions in the north, have refused to handle any bills of that denomination. The paper is said to be of Government make, and also the various inks, with the exception of that with which the numbers are printed. This is of an ordinary quality and cannot withstand the action of acid.

High-Class Art Sale.

The sale of paintings which is advertised in another column to take place at the art gallery of Roberts & Son, King-street west, on Tuesday and Wednesday next, should be well attended, as some excellent examples of the different artists will be sold. The paintings are on view to-day up to 10 p.m. and the pictures will be sold without reserve. **In Union There's Strength.** A quiet wedding took place Thursday evening, Oct. 6, at the residence of Mr. Burkholder, 54 Bellevue-place, where Mr. W. Hamilton, a popular salesman in John Macdonald & Co.'s goods' furnishing department, was married to Miss Esther Cook. After the ceremony the happy couple left for a short trip through the Western States.

THE Demon Dyspepsia.

In olden times it was a popular belief that demons move invisibly through the air, seeking to enter into men and make them their slaves. Present day the demon, dyspepsia, is at large in the same way, seeking habitation in those who by careless eating habits invite him. And once he enters a man it is difficult to dislodge him. He that finds himself so possessed should know that a valiant friend to do battle for him with the unseen foe is Parnelle's Vegetable Pills, which are ever ready for the trial.

THEY'LL work while you sleep without a grip

or gripe, curing Biliousness, Sick Headache, Constipation and Dyspepsia, and make you feel better in the morning.
