**CABLE CO. KNOCKS OUT STRICTLY ACCURATE**

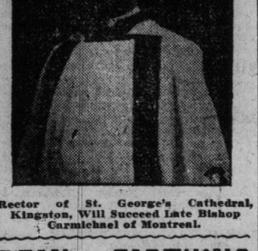

**Sir Sandford Fleming Refutes Figures Designed to Discourage State-owned Line and Cheap Service.**

OTTAWA, Nov. 24.—(Special).—The statements of Fred Ward, manager in England of the Commercial Cable Company, published in the Canadian press, are devoid of accuracy and entirely misleading," said Sir Sandford Fleming to the World to-night.

"Mr. Ward states for example that there is a loss of \$55,000 or \$200,000 a year on the Pacific Cable. I can give this an emphatic denial on the authority of the accounts laid before the parliament of the United Kingdom by the Pacific cable board. Each year there has been an excess of earnings over expenditures, this excess having ranged from \$125,000 to \$275,000 a year. This surplus is regularly employed to reduce and pay off the original capital expenditure connected with the establishment of the joint state undertaking. Our own auditor-general confirms the fact that this highly important work is in a prosperous condition; that the revenue from traffic not only meets all current expenses, but yields a surplus which already discharges half the annuity, designed to pay off in a fixed term of years the whole borrowed capital and at the same time provide a reserve fund to renew the cable.

"Mr. Ward is equally mistaken with respect to the proposed Atlantic cable. The services by his company, the Commercial Cable Company, to those who employ it, are, I do not doubt, admirably performed, as they are well paid for, but the proposed new state cable between Canada and England would serve a new class of clients, men who, owing to the cost of one shilling a word, resort to the cable as little as possible, or never use it at all. A state controlled cable would once reduce charges 50 per cent., and would shortly lead to a uniform charge on messages of not more than five cents a word between any postoffice in England, Ireland and Scotland, and any telegraph office within the Dominion. By such means hundreds and thousands would readily subscribe to cable who never now think of it, and the increase in personal, social and commercial telegraphy that would ensue between the United Kingdom and Canada is difficult to estimate.

**Bishop Farthing**

**DEAN FARTHING NEW BISHOP OF MONTREAL**

Rector of St. George's Cathedral, Kingston, Gets Majority of Lay and Clerical Orders of Diocesan Synod.

MONTREAL, Nov. 24.—(Special).—Very Rev. Dean Farthing of Kingston was this evening elected Anglican bishop of Montreal by the Diocesan Synod to succeed the late Bishop Carmichael.

The vote was between Dean Farthing and Dean Evans. The former has been supported by the lay delegates throughout, but Dean Evans had the support of the clerical delegates.

On another ballot being taken this evening Dean Farthing secured a majority of both orders.

The new bishop of Montreal was born in the United States in 1862 of English parents, and was educated in England. He held curacies at Woodstock and London, Ont., and two years ago was appointed dean of Ontario and rector of St. George's Cathedral, Kingston.

Four ballots were required to elect Dean Farthing. On three Dean Farthing received a majority of the lay vote and the clerical vote, but on the fourth ballot a number of Evans' supporters changed to Farthing, the standing being:

Clerical, necessary to elect, 50—Farthing 56; Evans 17; Dean Williams, Quebec, 16.

Lay, necessary to elect, 51—Farthing 57; Evans 14.

**MARINE AGENT WAS A GOOD BORROWER**

**Judge Cassels, Resuming Inquisition Characterizes Loans as Grease for Hands of Paid Officials.**

ST. JOHN, N.B., Nov. 24.—(Special).—Judge Cassels resumed his enquiry into the affairs of the marine department to-day. Several witnesses were examined and it was shown that J. F. Harding, agent of the department, had been in the habit of borrowing money extensively from business men who sold supplies to the government through him.

These loans, according to Judge Cassels, were simply "greasing the hands" of the officials.

Mr. Watson, on the opening of the enquiry, said he found that the bulk of expenditures or recommendations passed thru the hands of F. J. Harding, the agent; John Kelly, inspector of lights, and Captain Bissett of the Lansdowne.

In 1904-05 the expenditures here were \$275,782, passing thru the hands of the agent; 1905-06 expenditures were \$264,690, and in 1906-07 total \$222,498. He also found that the latest patronage list in use contained one hundred and forty names, while one used in 1905 had only fifty-five names. He formally announced the abolition of the patronage system in St. John.

Charles McDonald, manager St. John Iron Works, testified as to transactions with the government. The company had built buoys for the department, and had supplied materials bought elsewhere, and only a small portion of the work had been received by tendering. He told of a loan to Capt. Smith, department agent, and said he had written to Smith for payment. The amount was entered on the company's books by the cheque number, but Smith's name was not on the books. Another loan of \$80 was not entered.

Replying to Judge Cassels, McDonald fancied the payments might be in order to make things pleasant with the officers.

McDonald said he had received a note for \$150 from Smith two weeks ago, Smith saying he had been "under hot fire in Quebec."

Another matter which had received small presents from McDonald, as a matter of commission, and Capt. Bissett got some whiskey.

Asked if he had any paper of Mr. Harding, the agent, witness produced a cheque dated May 9, 1908, promising to pay bearer \$750. For this cheque witness said he had given to Mr. Harding \$750 in cash.

**Greasing the Officials.**

His lordship said it was simply a case of greasing the hands of the officials. If Mr. Harding did not choose to pay it back, nothing would be said.

Witness said Mr. Harding always paid his cheques.

During 1907 the transactions amounted to possibly \$900. He could not remember the amount during 1908.

**Reserved Funds.**

The fact that borrowing operations of J. F. Harding, agent of the marine department, were not confined to one firm was shown at the afternoon session, when W. E. Vroom, coal broker, and John E. Moore, lumber merchant and tug agent, both admitted having advanced large sums without other security than Mr. Harding's cheque or note. Chas. McDonald was again on the stand and gave evidence that he had loaned amounts totalling about \$5000 per year for short terms during the last several years without interest. He admitted that his firm had a practical monopoly of government work. He was allowed to stand down until to-morrow to give him time to ascertain how many of his loans Harding had paid.

W. E. Vroom of Vroom & Arnold, who has during these years sold \$20,000 worth of coal, testified that he had a running account with Harding to record his loans and produced his books showing the account. He stated that he had been regularly called on by Harding for a month, taking Harding's cheque in exchange. He regarded the transactions simply as a matter of accommodating a friend and did not charge interest. He declared he would do the same if Harding was not agent of the marine department, but admitted that it was placed Mr. Harding in an awkward position.

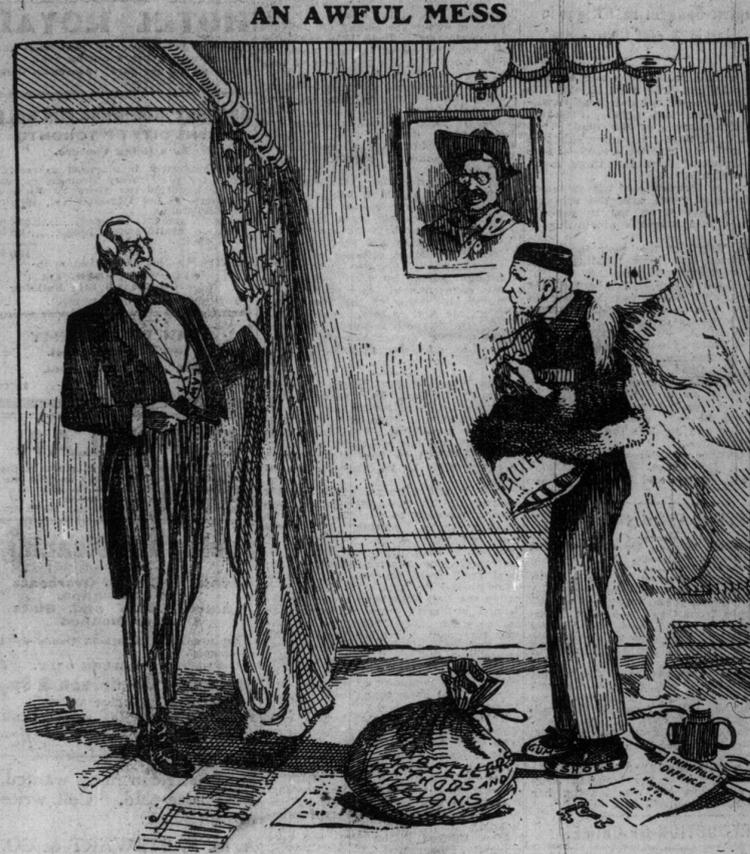

**Fixed Price With Harding.**

Chief interest centred in evidence of John E. Moore. During the past four years he had supplied the department with lumber and had hired his tug boats to the department. He got \$10 an hour for the tug boats and orders for use of boats came from Harding. He had only two contracts with the department for lumber. The price for all other purchases had been fixed between himself and Mr. Harding. Moore's books showed only one of these transactions and it was explained by the fact that Moore was out of town at the time and his partner, Jarvis Wilson, Jr., knowing of the relations between Moore and Harding, had advanced \$480 and entered the amount in the cash book.

A note of \$1000, which was held by Moore, was produced. Moore testified that this was in renewal of balance of note dated Oct. 17, 1907, for \$2000, on which Harding had since paid \$700 in two instalments. He had lent Harding money with its cheque as security regularly for several years. In one year it amounted to \$3000. He had never asked Harding what he needed the money for and did not know if he speculated in stocks.

Before they could close in on him he shot the two leaders and the others became frightened and escaped into the bush.

Wolves are reported to be unusually numerous and ferocious for this season of the year.

Unionists Decide By Large Majority to Kill Measure on Its Second Reading.

LONDON, Nov. 24.—By a large majority a meeting of 200 members of the house of lords decided in favour of rejecting the licensing bill summarily when it is brought up for its second reading.

As the Unionists are in a strong majority in the upper house there will be no difficulty in throwing out any radical legislation distasteful to them.

**Immigration Cut in Two**

OTTAWA, Nov. 24.—(Special).—For the first seven months of the present fiscal year the total immigration into Canada was only slightly over half the total for the corresponding period in 1907.

The total number of arrivals from April 1 to Oct. 31 was 105,576, as compared with 222,024 last year. From the beginning of the calendar year to Oct. 31 there were 86,481 arrivals from ocean steamers, as compared with 204,617 for the same period last year.

From the United States during the same period immigration was 50,238, as against 48,455, an increase of 783 over 1907.

**PHILA. LOSES "SOO" CONTROL**

Bonds of Lake Superior Corporation Pass to N.Y. and Quaker City Interests.

PHILADELPHIA, Nov. 24.—A deal was completed here to-day whereby the control of the \$40,000,000 Lake Superior Corporation passes from Philadelphia financial institutions to interests represented jointly by New York and Philadelphia parties.

President Lloyd of the Commercial Trust of this city completed the negotiations, paying this afternoon for the bonds of the corporation held by Philadelphia institutions.

Mr. Lloyd says he is acting merely as an agent, and refuses to give the names of those interested in the deal, which ends, it is said, a long struggle between the Canadian Improvement Company and local banks.

**Power Users to Shut Down**

Ottawa Board of Control Takes Action in Regard to Low Water in River.

OTTAWA, Nov. 24.—(Special).—The low water in the Ottawa River is now so serious that the board of control this afternoon deputed the mayor and city engineer to demand that the power users at the Chaudiere either shut down altogether or greatly reduce their consumption.

If they refuse the minister of public works will be appealed to. If a fire broke out here to-night there is not enough pressure to fight it.

**John D's Surplus Goes to Railways**

After Protest Tells What He Does With Tremendous Earnings From Oil.

NEW YORK, Nov. 24.—Closing his testimony in the federal suit to dissolve the Standard Oil Company, John D. Rockefeller threw some unexpected light upon the long popular question of into what channels of investment he turns his tremendous earnings from the oil combination.

Mr. Rockefeller was loth to state the names of the railroads in which his investments were made, but did so after entering his objection.

He declared that his holdings in railroads consisted chiefly in bonds.

John E. Archibald, vice-president of the Standard Oil Company, proved a mine of detailed information under the direction of the company's counsel, regarding the early production of crude oil and the development of the pipe line system.

It is not unlikely that an adjournment will be taken to-morrow night until next Monday.

HONOLULU, Nov. 18, via San Francisco, Nov. 24.—The Hawaii Shimpo, the leading Japanese daily newspaper in Hawaii, has received the text of a treaty between Japan and the United States regarding coolie immigration.

"That neither government shall allow the emigration of the laborers of their population to the country of the other until further understanding in the matter be reached, believing and agreeing that the employment in one country of the laborers of the other tends to impair the existing friendly relations between the two governments."

**VOTED EARLY AND OFTEN TRANSCONTINENTAL POLL**

Defence in Impersonation Case Puts in Plea That Poll Was Not Legal One.

PORT ARTHUR, Nov. 24.—(Special).—The first of three cases of impersonation in the Dexter poll, on the Superior branch of the Transcontinental Railway, was called at to-day's session of the high court. John Tomlinson was the defendant.

Returning Officer George Horrigan testified that before the voting he heard that Cooper and Archer's minds had been closed and the men gone. For that reason, on his own initiative, he changed the polling place.

Bert Newton swore that he saw the books of the deputy and poll clerks, on which a number of names were marked off as having voted, also he entered the poll a couple of times and voted under different names on each occasion.

The defence made no effort to combat the charges of impersonation. Counsel A. E. Cole asked that the case be dismissed on the ground that the poll was not a legal one, being held 25 miles from place set forth in the proclamation.

**Government Barge Sinks In St. Lawrence**

"Acetylene" Loaded With Gas Buoy, Goes to Bottom—Crew Rescued With Difficulty.

MONTREAL, Nov. 24.—(Special).—The government barge Acetylene, with a crew of 11 men, loaded with gas buoy machinery, sank off Vercheres, right in the channel, at 7 o'clock to-night. Capt. Delivan and his crew were rescued with great difficulty by the steamer Hosanna, which was some distance away at the time of the accident.

When taken out of the water the crew were thoroughly exhausted, the work of rescue being impeded by the darkness and fog.

The cause of the accident was overloading and there was no explosion. Eleven buoys are now floating down the river.

**WESTERN ASSETS AT PAR: \$160 FOR STOCK**

Terms of Sale of Oshawa Bank to Standard That Two-Thirds of Shareholders Must Consent To.

OSHAWA, Nov. 24.—(Special).—The proposed absorption of the Western Bank by the Standard Bank is still the main topic of this section of country.

The best outline of the proposal is contained in the following circular sent to shareholders:

Oshawa, Nov. 19, 1908.

Head Office of the Western Bank of Canada:

Dear Sir,—We beg to enclose for your careful perusal and consideration the following enclosure:

1. Agreement between the Western Bank of Canada and the Standard Bank of Canada. The former to sell all the assets of the Western Bank of Canada to the Standard Bank of Canada at par, and pay the shareholders of the Western Bank \$100 per share, or 60 per cent. premium for each share held by the shareholders of the Western Bank of Canada.

2. Power of attorney for your execution and prompt return by first mail, if you approve of the agreement for which purpose you will find stamped and addressed envelope.

We may remark that in our opinion the confirmation of the agreement by the shareholders would be to the advantage of the shareholders of the Western Bank. The money may be deposited to your credit subject to your demand order.

Yours respectfully,  
 John Cowan, President,  
 T. H. McMillan, Cashier.

Take notice that a special general meeting of the shareholders of the Western Bank of Canada will be held at the office of the bank in the Town of Oshawa, on Wednesday, the 16th day of January, A.D. 1909, at half past two o'clock, afternoon, to consider and, if deemed advisable, to approve of an agreement which will be submitted to the meeting, between the Western Bank of Canada and the Standard Bank of Canada, for the sale of all the assets of the Western Bank of Canada to the Standard Bank of Canada on the terms therein stated.

By order of the board,  
 (Sgd.) T. H. McMillan, Cashier,  
 The Freeholders of Oshawa.

Agreement made the 11th day of January, one thousand nine hundred and nine.

Between the Western Bank of Canada, hereinafter called the vendor of the first part, and the Standard Bank of Canada, hereinafter called the purchaser of the second part.

Whereas, by section 99 of the Bank Act, passed by the parliament of Canada, it is enacted that any bank may sell the whole or any portion of its assets to any other bank which may purchase such assets, and that the selling and purchasing banks may for such purposes enter into an agreement of sale and purchase;

And, whereas, pursuant to the said Act, and to all other statutes, laws and orders applicable to or vested in the parties hereto and each of them, the said parties have agreed upon the sale and purchase, and upon the terms and conditions hereinafter set out.

And whereas this agreement of sale and purchase was duly submitted to the shareholders of the vendor at a special general meeting duly called for the purpose, and held on the 6th day of January, A.D. 1909, a copy of the said agreement has been duly mailed to each shareholder of the vendor to his last known address at least four weeks previous to the date of the said meeting, together with a notice of the time and place of holding such meeting.

And whereas at such meeting this agreement was duly approved by resolution carried by the vote of the shareholders of the vendor (present in person or represented by proxy), representing more than two-thirds of the amount of the subscribed capital stock of the vendor.

Now this agreement witnesseth: (1) The vendor agrees to sell to the purchaser and the purchaser agrees to buy from the vendor all the real and personal properties, assets, rights, credits and effects of the vendor, of whatever kind and wherever situated, which the vendor owns or possesses or may be entitled to on the day this purchase is to take effect as hereinafter mentioned, including among all others (if any) those shown by the books and records of the vendor, except in so far as the same may have been, or shall be, parted with in the ordinary course of business by the vendor prior to the date on which this purchase is to take effect; the foregoing being hereby agreed to and returned to as the purchased premises.

(2) The consideration for the purchased premises shall be: (a) The sum of eight hundred and eighty-eight thousand dollars in cash with interest thereon at the rate of five per cent. per annum from the 1st October, 1907, until the date this purchase takes effect. Such interest being agreed to be a dividend at the rate of 8 per cent. per annum on the capital stock of the Western Bank of Canada, less any reduction which may be made under the provisions of paragraph (3) of this agreement. (b) The assumption by the purchaser of all the debts, liabilities, contracts and obligations of the vendor (including notes issued and intended for circulation, outstanding and in circulation and leasehold obligations) existing on the day this purchase takes effect, including liabilities in respect of any present or future actions, proceedings, claims or demands.

Between the Western Bank of Canada, hereinafter called the vendor of the first part, and the Standard Bank of Canada, hereinafter called the purchaser of the second part.

Whereas, by section 99 of the Bank Act, passed by the parliament of Canada, it is enacted that any bank may sell the whole or any portion of its assets to any other bank which may purchase such assets, and that the selling and purchasing banks may for such purposes enter into an agreement of sale and purchase;

And, whereas, pursuant to the said Act, and to all other statutes, laws and orders applicable to or vested in the parties hereto and each of them, the said parties have agreed upon the sale and purchase, and upon the terms and conditions hereinafter set out.

And whereas this agreement of sale and purchase was duly submitted to the shareholders of the vendor at a special general meeting duly called for the purpose, and held on the 6th day of January, A.D. 1909, a copy of the said agreement has been duly mailed to each shareholder of the vendor to his last known address at least four weeks previous to the date of the said meeting, together with a notice of the time and place of holding such meeting.

And whereas at such meeting this agreement was duly approved by resolution carried by the vote of the shareholders of the vendor (present in person or represented by proxy), representing more than two-thirds of the amount of the subscribed capital stock of the vendor.

Now this agreement witnesseth: (1) The vendor agrees to sell to the purchaser and the purchaser agrees to buy from the vendor all the real and personal properties, assets, rights, credits and effects of the vendor, of whatever kind and wherever situated, which the vendor owns or possesses or may be entitled to on the day this purchase is to take effect as hereinafter mentioned, including among all others (if any) those shown by the books and records of the vendor, except in so far as the same may have been, or shall be, parted with in the ordinary course of business by the vendor prior to the date on which this purchase is to take effect; the foregoing being hereby agreed to and returned to as the purchased premises.

(2) The consideration for the purchased premises shall be: (a) The sum of eight hundred and eighty-eight thousand dollars in cash with interest thereon at the rate of five per cent. per annum from the 1st October, 1907, until the date this purchase takes effect. Such interest being agreed to be a dividend at the rate of 8 per cent. per annum on the capital stock of the Western Bank of Canada, less any reduction which may be made under the provisions of paragraph (3) of this agreement. (b) The assumption by the purchaser of all the debts, liabilities, contracts and obligations of the vendor (including notes issued and intended for circulation, outstanding and in circulation and leasehold obligations) existing on the day this purchase takes effect, including liabilities in respect of any present or future actions, proceedings, claims or demands.

**Throws Pillow At Burglar**

Brockville Nurse Attacks Burglar Thought to Be Jail-Breaker Rose.

BROCKVILLE, Nov. 24.—(Special).—It is believed that Alex. Rose, the Toronto jail breaker, is still lurking about. The Brockville General Hospital was entered about 12 o'clock last night by two men, one of whom is thought to have been Rose.

They forced a rear door from the verandah on the second storey leading into the nurses' sleeping quarters. One of them was prowling around the room and the noise awakened two nurses who at once made an outcry and the burglars decamped quickly empty handed.

They were followed by one nervy nurse, who threw a pillow after them. Over it one of the burglars tripped and fell several steps to the bottom.

**Premier Murray For Commissioner**

Will Be Succeeded in Legislature by A. K. Maclean of Lunenburg.

OTTAWA, Nov. 24.—(Special).—Premier Murray of Nova Scotia is spoken of in connection with the vacancy on the railway commission, caused by the death of Hon. Thomas Greenway.

The position belongs to a western man, but should Premier Murray be successful, the leadership of the Nova Scotia Provincial Government will probably fall on A. K. Maclean, M.P. for Lunenburg.

MANY DON'T KNOW HEART AFFECTED.

More People than Aware of It Have Heart Disease.

"If examinations were made of everyone, people would be surprised at the number of persons walking about suffering from heart disease."

This startling statement was made by a doctor at a recent inquiry. "I should not like to say that heart disease is as common as the cold," said the expert...

"Hundreds of people go about their daily work on the verge of death, and yet do not know it. It is only when the shock comes that kills them that the unsuspected weakness of the heart is made apparent."

There is no doubt but that this is correct, and we would strongly advise any one suffering in any way from heart trouble to try a course of Milburn's Heart and Nerve Pills.

Owen Sound Woman Arrested on Theft Charge.

Mrs. Annie Barlow, 35 years, aged three trunks and two children aged five and seven, were taken from the 8:10 train from Owen Sound at Parkdale last night by Detectives Murray and Guthrie.

This action was taken at the request of the chief of police of the northern town, who alleges the woman with her two children fled from her husband, a thief of the fact that in law a woman cannot steal from her husband.

The woman says that the man was just taking her to her home in England, and that she was leaving her husband, who abused her.

The Winnipeg Free Press, The Star, The John Bull, The Toronto Star and other Liberal papers are protesting against the proposed "melon cutting" by the C.P.R.

This is not a new doctrine in this country, altho these newspapers are recent converts to it.

It is a familiar "melon cutting" four years ago, when W. F. Maclean, M.P. for South York, protested against it.

He received no encouragement or support from these journals. It will be remembered in this connection that when the Bell Telephone Company obtained authority from parliament to increase its capital stock by \$20,000,000, the same member proposed an amendment to the bill to the effect that the stock should be sold at auction and shares not sold for want of bidders may be sold by the company at private sale.

The members of the present house who voted to have the bill carrying strong, Barr, Blain, Broder, Chisholm (Huron), Daniel, Laird, Lancaster, Maclean, McPherson, Roche (Marquette), Sproule, Staples, Wilson (Lennox and Addington), and Wright (Muskegon).

Hon. Clifford Sifton did not vote upon the amendment. Does The Winnipeg Free Press correctly express his opinion as to a corporation's "cutting a melon"?

If the landslide which appeared to R. L. Borden and some of his lieutenants would have shattered right and left, according to what those who believe in the right to carry out Here is the way in which they say the managers of the party in Ontario had arranged matters.

Hon. J. J. Foy, attorney-general, was to be presented with a seat on the bench commensurate with his gifts as a lawyer.

R. L. Brockin, secretary of the West Kent Liberal Association, says there'll be a cross party.

Hon. J. P. Burchill, recently nominated by the Liberal party for North-western, is a candidate for the local legislature, wired from New York that he is prepared to accept the nomination and stand for the party, not as a government opponent, but as an independent Liberal, willing to give the Hazen government independent support.

The Montreal Herald (Lib.) is taking a hint in the choice of Mr. R. L. Borden's successor, assuming that he intends to resign the leadership. It prefers Premier McBride, and fears that Sir James Whitney's fiery temperament would not do at Ottawa.

"At Ottawa," says the Herald, "the leader who permits himself the indulgence of raising his voice above the tone of the majority is lost. It is not that the tone is lower; on the contrary, it is higher, but it is a long step from Cape Breton to Vancouver Island, and in between, there are several groups of men who hold in utter honesty and absolute conviction views which are in some cases diametrically opposed to those held by others, and in other cases do not come within the normal cognizance or sympathy of the others at all."

Pontiac Conservatives may protest the election of G. F. Hodgins (Lib.).

**HOTELMEN IN NET.**

Several Owen Sound Men to Appear in Court.

**OWEN SOUND, Nov. 24.—(Special.)**—The license department has made another haul with the dredge and as a result summonses have been served on Matthew Simmonds of the Coulson House on two charges, both of which constitute a second offence, while William Campbell, ostensibly bartender of the hotel, will have one charge to answer.

Charles Cook of the Duncan House will face three charges and William Gurdhouse of the Patterson House two charges. Simmonds if convicted must serve eight months in jail. He was released on a technicality from a four months' sentence after serving a few weeks. Two charges are entered against T. C. Hatton, druggist. The cases will come before Police Magistrate Cressor to-morrow morning.

William Brockles, who was an employe of the Coulson House, also faces a charge of perjury as a result of evidence he gave at the trial at which Simmonds was sentenced to jail. He is in jail awaiting the preliminary hearing in his case v. Inspector Matt C. Beckett.

**FOR MURDER OF HUSBAND!**

Woman Placed Under Arrest at Conclusion of Inquest.

**ROCHESTER, N.Y., Nov. 24.—Mrs. Georgia Sampson, widow of the late Harry Sampson of Palmyra, who died on Nov. 23, and others at slightly reduced rates, was to-day arrested for the murder of her husband. Sampson was a nephew of the late Admiral William Sampson.**

It came out at the inquest that Sampson on the Saturday before his death had discovered a letter written to his wife by a man outside of the family, which had been the cause of a bitter quarrel.

It was also testified that Sampson had a package of cheese in his hand when he fell dead in the farm house, which was held to preclude the idea that he was contemplating suicide at the time, or could have fired the shot from the rifle that killed him.

**CASTRO TO BE OPERATED ON**

His Departure for Europe May Cause Political Intriguing.

**CARACAS, Nov. 23.** Via Willemstad, Nov. 24.—The departure of the steamer Gaudeloupe for Bordeaux for the purpose of undergoing an operation at the hands of a skilled specialist of Berlin. He is suffering from an internal abscess in the region of the kidneys. He has already been operated on several times by eminent surgeons of South America.

The greatest excitement prevails in Caracas, and political intriguing already has commenced. It is thought that the departure of President Castro may open the road for the settlement of the Holland-American and French disputes. Vicente Gomez, the vice-president, will assume the presidency.

**Pianos to Rent.**  
Heintzman & Co., Limited, 115-117 West King-street, Toronto, make a feature of renting pianos at a small sum per month and when paid in this way will, when desired, be allowed on the purchase of a piano. If interested see them.

**MILKMEN CUT RATES.**  
Ten Cents a Can Reduction by One Dealer.

There are rumors of impending trouble between the retail men and the Toronto Milk Producers' Association, and among the latter, especially, a good deal of ill-feeling has been engendered by the cutting of rates, which has undeniably been going on since last August.

At that time the city retail men's association practically disbanded, and contracts were made individually between the farmers and the city dealers. Some of these were for \$1.50 per eight-gallon can, and others at slightly reduced rates. While the producers' association is presumably united, it is charged now that the farmers are bringing in their milk at \$1.40 per can and cutting the price, which threatens to break up the producers' association.

One of the big city dairies trading in Scarborough has notified its patrons of a 10-cent a can reduction from this time on. The retail dealers declare that the present price has had the effect of considerably diminishing the demand.

**"WILLIAM TELL" ACT FATAL.**  
After 18 Years Doing It, Performer Fatally Hurt on Stage.

**LONDON, Nov. 24.—**Herbert Lee, a musical comedian, died in his city to-day from the effects of a wound in the head received during a performance of a "William Tell" act at a local hall last night. Lee held a ball on his head, at which Madame Clementine shot, at a distance of 50 feet. Madame Clementine surrendered to the police, and has been giving this act for a period of 18 years without having met any accident.

**Nanking Situation Serious.**  
PEKIN, Nov. 24.—The situation at Nanking, where a mutiny on the part of the Chinese troops broke out Nov. 19, is serious.

There has been fighting in the streets of the city, and a portion of the foreign residents have taken refuge on board a British gunboat. Others of the foreigners preferred to remain on shore.

**C. P. R. Traffic.**  
MONTREAL, Nov. 24.—The receipts of the C. P. R. for the week ended Nov. 21 were \$1,651,000; same week last year, \$1,603,000.

**ROYAL BAKING POWDER**

**ROYAL** is the only baking powder made from Royal Grape Cream of Tartar. Makes the food more healthful and delicious.

**NO ALUM. NO PHOSPHATE OF LIME**

Alum and phosphate powders are made from caustic mineral acids, which are injurious.

**BAD TIME TO SPEAK**  
**SAY GERMAN PAPERS**

Lord Roberts' Speech on Defenceless Condition of England Attracts Attention.

**BERLIN, Nov. 24.**—The speech delivered in the British House of Lords yesterday by Field Marshal Lord Roberts in which the speaker, hinting at the possible German invasion of England, said that a million men were needed on shore to protect England from such a contingency, has aroused considerable comment here. The most complete reserve, however, is maintained in official quarters.

Certain newspapers consider that Lord Roberts could have chosen a better time than the present to further his favorite idea, namely, the introduction of universal military service in England, because efforts are now being made to bring about less disastrous relations between the two countries, and these might suffer from the emphasis laid upon the necessity of British armaments against a possible invasion.

**"STUPIDLY ABSURD."**  
Von Buelow's Characterization of the Published "Interview."

**PARIS, Nov. 24.**—A special despatch from Berlin quotes Chancellor Von Buelow as saying with respect to the extracts from the alleged interview with Emperor William recently published in the United States:

"No one who has read the interview can fail to be struck by the stupidity of the statements which he could not have made or dreamed of concealing. We shall be placed in an impossible situation if the fabrication of imperial interviews becomes the favorite sport of certain inventive minds."

It is said that the various London, Eng., papers declined to purchase the alleged Hale interview, which was later cabled to The New York American.

It was offered by a man who said that, having proof-read the article, he could give an excellent summary of it.

**ITALIANS RESENTFUL.**

**Demonstrations Against Austria Over Student Fights.**

**ROME, Nov. 24.**—Italians are showing intense resentment at Austria and Austria because of the anti-Italian riots which have taken place at Vienna. These have been directed against the students in that city, and a number of the students have been wounded.

Violent demonstrations have taken place in several of the leading towns and cities of Italy, in the way of retaliation, and at the demonstrations to-day fiery speeches were made, and the Austrian flag was burned. An attack against the Austrian embassy was prevented only by the energetic attitude of the police and a guard of soldiers, and many arrests were made in the city of "Down with Austria."

**CAR SHOPS BURNED.**

**Fire Does \$125,000 Damage at Amherst, N.S.**

**AMHERST, N.S., Nov. 24.—(Special.)**—Fire to-night destroyed the passenger shops of Rhodes, Curry & Co. The fire started at 11 o'clock and it is supposed to have been caused by spontaneous combustion.

The building destroyed was 360 feet long and 140 feet wide, and contained four tracks. The building contained four colonist sleepers for the I. C. R., and 12 baggage cars for the Grand Trunk Pacific, and the entire contents and machinery were completely destroyed.

The loss is probably \$125,000. Insurance \$75,000. In small amounts in a number of companies.

**Sheriff's Writ No Protection.**  
COBURN, Nov. 24.—Wm. Benson of Brighton was arrested on a writ of habeas corpus. It appears that with a sheriff's writ in his pocket he took the furniture of a widow, it is said, and put it in a field, and she had him arrested. Bail was accepted.

**LEGALIZED LYNCHING**  
**OF THREE NEGROES**

Trial is Rushed Thru by Judge and Sentence Carried Out Before Troops Arrive.

**UNION CITY, Tenn., Nov. 24.**—Tiptonville, bordering on Reelfoot Lake, which recently has been the scene of many stirring incidents, to-day witnessed the "legalized" lynching of three negroes who were arrested this morning for murdering on Saturday Special Deputy Sheriff Richard Burrus and wounding John Hall, a deputy sheriff.

To give the execution a semblance of legality a "trial" was hurriedly arranged with the understanding that the men would be condemned to death as soon as the trial was over.

The negroes lynched were Marshall, Edward and James Stineback. These brothers created an immense amount of religious excitement near Tiptonville Saturday night. When Officers Burrus and Hall attempted to arrest them the negroes shot the officers and engaged in a religious meeting near Tiptonville Saturday night.

The news of the capture spread through the jail and to appeal to the mob in making a lynching at once. One of the few citizens to mount the gallows was J. L. Burnett, a lawyer, who recalled the recent night rider outrages which disgraced the region. He begged his hearers to let the law take its course, promising that full justice would be done the three black men. This met with a long and cold stare from the mob.

**MOST AFFECTED CATTLE**  
**ARE UNDERGROUND**

U.S. Secretary Wilson Pays Visit to Buffalo Stock Yards—Outbreak Near Detroit.

**BUFFALO, Nov. 24.**—Secretary Jas. Wilson of the department of agriculture spent to-day in a personal investigation of the work being done to stamp out the outbreak of foot and mouth disease now prevalent in several states.

Before leaving for Detroit to-night to inspect conditions there Secretary Wilson gave out the following letter to Raymond Pearson, commissioner of agriculture:

"I find most of the infected animals now under ground and the work being pushed night and day. I came down to see if I could find a place where the disease, having been quarantined, would hasten the stamping out of the foot and mouth disease. The commercial interests of the country demand that we spare neither pains nor expense in hunting out and destroying every affected animal in the country quarantining the premises, disinfecting yards, cars, etc."

"If you have doubts whether it is wise to spend money in the carrying on of this work, resolve the doubt in favor of expediency and spare neither the money, and we will help you out."

Eight herds of cattle at Akron, Ohio, which were found to be infected with the disease, have been killed off and the only known cases which now exist are those discovered in four herds of cattle near Lockport, and in one herd near Penn Yan.

**100 Head Infected.**  
DETROIT, Nov. 24.—On five farms in Livonia, Mich., to-day were found 100 cattle infected with foot and mouth disease. These cattle will be killed.

**No Cattle on Roads.**  
HARRISBURG, Pa., Nov. 24.—To-day the state live stock sanitary board of which Dr. Leonard Pearson is the executive officer, issued an order that no cattle be allowed to travel where disease prevails, a quarantine against driving cattle unless a permit is secured. The order is said to be one of the most sweeping ever adopted in this country.

**MYSTERY CLEARED UP.**

Mary Theresa Raymond Arrested for Concealing Birth.

**PMBROKE, Nov. 24.—(Special.)**—The arrest of Mary Theresa Raymond by Provincial Inspector John Miller, on a charge of concealing the birth of a child, threw the first light on a mystery of Oct. 18, when a strange package was discovered at the Canadian Express Co. at Pembroke, to be that of a child.

The parcel contained a two dollar bill to pay for burial and was addressed to an institution there. When the contents were discovered an inquest was held, and it was declared the child had lived.

Detective Miller came here to investigate the fire and soon found a clew in the infant mystery. The girl appeared before Magistrate Mitchell, was remanded for a week and bailed out by two prominent men. She is not believed to be the mother, but startling developments may follow.

**Accident at Tweed.**  
A C.P.R. engine, pulling the Tweed-Peterboro train, No. 8508, had her cowcatcher splintered yesterday morning at the Tweed yards. A large pile of having collided with a freight car, which had been carelessly left so that one end projected over the main track.

**NEXT OLYMPIC GAMES.**

Berlin or Stockholm Will Be the Scene—Official Scores.

Simultaneously with the ringing down of the curtain of the fifth Olympic games at Shepherd's Bush, London, comes the announcement that the International Olympic committee will meet at Potsdam next May to fix the location for the next games in 1912. The Crown Prince of Germany has sent the invitation for Potsdam to be the scene of the conference, and it is the belief that the choice will fall between Berlin and Stockholm. Taking the entire games, eighteen branches of sport were contested, and according to the English calculation Great Britain and Ireland came out ahead with a total of fifty-two firsts, America being second with twenty-eight, and France third with twenty and three or any point calculation whatever. In the department of first and field sports, America showed foremost with fifteen firsts and eight for Great Britain and Ireland. A summary of the list of sports, with the points scored by each nation follows:

Archery—Great Britain and Ireland, 2; France, 1.  
Athletics—Field—United States of America, 8; Great Britain and Ireland, 2; Sweden, 1; Track—United States of America, 6; Great Britain and Ireland, 6; Canada, 1; South Africa, 1.

# COBALT--Speculative Element Eliminated From the Market--COBALT

## Heavy Selling Accounted For By Speculators Refusing Drafts

### A Clearing Out of the Undesirable Market Element Gives a Better Tone to Mining Shares.

World Office, Tuesday Evening, Nov. 24.

Another week was experienced at the mining exchange in the business. Almost throughout the entire list further losses were registered in prices, owing to the throwing over of a further number of speculatively held securities. It was learned to-day that a large part of the selling was for the account of out-of-town gamblers, who had repurchased the drafts made on them for purchases last week.

On the return of these drafts many of the brokers converted the stocks into cash, and will hold the parties who endeavored to play the market and the broker too, against any losses sustained. It was noticeable towards the close of to-day's business that the stocks began to show signs of scarcity, and brokers of mature judgment regard to-day's transactions as about clearing up the undesirable elements in the market.

The shipments from the camp last week were in substantial volume, and the output included shipments from no less than eleven mines. Most of today's buying came from investors who are confident of the stability of the camp, and of the ultimate values which will be placed on all the good securities. The inviting prices which now exist in the markets are expected to bring about more of this buying and thereby relieve the situation of the floating supply of shares which has gathered during the advancing period.

With this loose stock out of the way a natural and quick rebound in quotations is regarded as the ultimate and certain result.

## CHARGE CITY ENGINEER WITH AIDING MONOPOLY

### John Bowman Seeks Injunction Against City—What Mayor Says.

The charge that City Engineer Rust had illegally combined with the Warren Co. to give the company a monopoly and that the company was unreasonably large profits, is contained in an application at Osgoode Hall by James Bowman, ratepayer, for an injunction to prevent further contracts being given to the company.

Assistant City Solicitor F. R. McKelcan and Mr. Rust yesterday applied to the master-in-chambers for an amendment in the statement of claim, so as to make a definite charge against Mr. Rust.

Mr. Bowman asserts that in two years contracts amounting to \$400,000 have been given to the Warren Co., on the recommendation of Mr. Rust, and that the sum includes, besides a fair profit, a bonus of 75c to \$1 a yard, this having amounted in that time to \$125,000, which sum is a total loss to the plaintiff and other ratepayers.

Mr. Bowman also alleges cases where property immediately benefited by payments, and that the excess cost of such works over and above the amount assessed against such properties has been paid out of the general funds of the city improperly and illegally.

It is further charged that Mr. Rust has been for several years recommending multiple payments at a cost much beyond the actual value, and to widen the field for it, has promoted petitions in its favor, and has assisted in inducing ratepayers to sign those petitions, also aware that false representations as to the quality and real cost are used to induce ratepayers to sign.

## MANY MORE SHIPPERS WILL BE ADDED IN 1909

### Temiskaming District is the Coming Busy End of the Cobalt Camp.

COBALT, Nov. 24.—(From the Man on the Spot).—Shipments continue to be heavy, and Copper Cliff and DeLoro smelters are receiving their full share of the high grade ore.

The new shippers such as Crown Reserve, Silver Cliff, and Nancy Helen appeared in last week's list. Crown Reserve shipped 88 tons of good ore to Copper Cliff.

The Pan Silver will be one of the new ones to make good. The development on this company's acreage is being pushed forward. Several good veins have been located and it should strike a good body at the junction of its veins on the lake shore.

The Cochrane is another property that is now being aggressively developed. Floyd Harman is the superintendent. New buildings have been erected to replace the ones destroyed last summer, and a plant will be on the ground and set up and in operation by Christmas. Mr. C. H. Moore, one of Cobalt's leading citizens, has been added to the company's already strong directorate.

There is a growing conviction among the best informed mining men in Cobalt that this is going to be the busy end of the camp during 1909, and where the new shippers will be found.

The new shaft at the Gifford has been started. A 60 horse power boiler will be on the ground the first of the week and the building has been completed in which it will be installed. A large hoist has been set up and a compressor may be added immediately.

This is a prospect that has been advertised as a prospect. It has a capitalization in keeping with its present status and is handled by men of the strictest integrity. No man in Cobalt stands higher as a man and as an engineer than Joe Houston. He is a man who needs no champions and no clearer promotion has been put out than the Gifford.

The Badger is another property that should make a shipper. It too has good veins behind it and a first-class prospect having a large acreage.

The Shamrock is a coming shipper. First-class buildings have been erected. A temporary plant has been installed in the new power house consisting of a 75 horse power boiler and a four-drum compressor. Accommodation has been provided for a 12-drum boiler similar to that at the Nova Scotia. The main shaft is down 110 feet and the values got by diamond drill were got 130 feet from the shaft.

Cross-cutting is now being done from the 100 foot level to reach these values. No 2 shaft is sunk on the contour 120 feet north of main shaft and is down nearly 20 feet. It is sunk on a vein having a width averaging seven inches possibly.

The Shamrock had originally 40 acres, but the Davis 20 acres adjoining have been added. Two hundred thousand shares have been put in the treasury and a balance of stock pooled. Messrs. J. A. Jacobs of Montreal and A. M. Blisky are the men in control and the property will be developed in the same skillful manner that characterized the work on the Kerr Lake and the Nova Scotia. Mr. Benj. Lawrence is the consulting engineer.

## CONIAGAS CO. STRONG.

A Twenty-Five Per Cent. Dividend Estimated for 1909.

The annual meeting of the Coniagas Mines Limited, Company, has been held for Nov. 20. It is stated that this mine has now in sight at the 75-foot level more than enough valuable ore to pay the whole of the capital stock; that the dividends and heavy expenses of the installing of concentrators and smelters have all been met out of the net profits of development work, scarcely any stocking or encroaching on ore reserves has been done. Judging from last year, the output for 1908 should be about 750,000 tons, and with the increased capacity now secured the output for next year should be a million and a half, which would allow a dividend of 25 per cent. for 1909.

## REFUSE LOCAL OPTION VOTE

Woodstock Council by 5 to 4 Reject the Petition.

WOODSTOCK, Nov. 24.—(Special).—The city council by 5 to 4 last night refused to submit a local option bylaw in January, on the ground that the petition was not properly signed.

Each individual member of the council was this evening served with notice from lawyers acting for the temperance advocates giving them until Monday in which to introduce a local option bylaw. If the notices are not effective, the temperance people say they will apply to the high court for a mandamus.

The corporation solicitor reported that there were 83 names on the petition which had no right to be there. Deducting these, there was an apparent majority of 33 over the 25 per cent of electors required for the council to submit the bylaw. But, he said, there were names on the petition signed by others than proper persons, and there were cases where several names were signed by one person.

J. G. Wauchope, K.C., on behalf of the license holders, declared there had been all manner of misrepresentation in securing the signatures and produced a petition with 111 names, supporting signatures to the original petition.

Odd Situation at Brampton. BRAMPTON, Nov. 24.—(Special).—The town council have left to the town clerk the question of whether a local option bylaw shall be submitted here. The petitions were adequately signed, but Jas. Haverson, K.C., contended that while petitions had been variously circulated, that presented to council contained only one heading, so that many must have signed blank sheets. Rev. Dr. Speer declared that all knew what they were signing. Town Clerk Blain will settle the point.

Ask "Times" to Apologize. OTTAWA, Nov. 24.—A letter published recently in The London Times has raised the ire of the members of the National Transcontinental Commission, and the Hon. Charles Russell, Canada's legal agent in Great Britain, has given instructions to ask for an apology. The letter was from a Canadian correspondent, and would lead the readers to believe that graft was rampant.

## MANLY STRENGTH

FREE TO MEN UNTIL ROBUST HEALTH, STRENGTH, AND VIGOR IS REGAINED.

Happy, glorious Manhood—the strength that pushes the world's Success to its completeness! And what is weakness? Failure, despair! But why be weak when a cure is within your reach for the asking? All men with very few exceptions were made strong and healthy in the hands of the associates. Many have abused this grand privilege and through dissipation, overwork, and other causes have become weaklings, puny, lack confidence, can't face the slightest difficulty, have drains, losses, impotency, work, scarcely any stock, lame back, etc., and are mere playthings in the hands of their associates. How deplorable, but all these men can be made full of strength, vigor and life if they will turn to the right source. Electricity does these things. I have cured thousands every year for nearly forty years. So positive am I of what my world-famed Dr. Sanden Electric Belt will do for you that you can use it with perfect safety.

FREE UNTIL CURED. I will take your word for results, and not a penny on deposit or in advance. My wonderful success has brought forth many imitations of my belt, but my valuable experience to advise and guide my patients cannot be limited. It and my belt can be had free until a cure is effected, but only at address as below. Call and get one to-day, or write. I also send two best books ever written upon health and strength of men. # Day's Doings in YORK COUNTY

## COUNTY COUNCIL AND RETAIL MEN TO AGT

### Will See City Council re St. Lawrence Market—Railway Men's Funeral—Notes.

Yesterday's session of the York County Council, dealing as it did with the much-vexed question of the St. Lawrence market, and for the most part in an acrimonious and contentious spirit, cannot be said to have forwarded very materially the end desired. There was a regrettable lack of unanimity in dealing with a matter of the greatest interest to the county, and of which the city officials will unfortunately be only too anxious to avail themselves.

The question was introduced by Reeve W. H. Pugsley of Richmond Hill, who stated that in 1896 an agreement was signed by the then wardens of the York County and mayor of the city was entered into, mutually agreeing to abolish the toll gates and the market fees.

Councillors Grubbe and Henry challenged the correctness of the statement, while Reeve Anderson of East Gwillimbury charged the county council of that date with sacrificing the interest of the northern township. The debate waxed warm, and among others taking part were Reeve Annie, Warden Keith and Deputy Reeve Nelson. E. M. Trowen addressed the council, and a motion to appoint Messrs. Pugsley, Henry, Annie, Gardhouse and Devine a committee to act with the retail merchants in interviewing the city council was adopted.

A number of minor matters were dealt with.

## WEST TORONTO

### Runnymede Ratepayers to Build a School

WEST TORONTO, Nov. 24.—While engaged in digging a ditch this morning, Hugh Conway, a contractor, residing at the corner of Keele-street and St. Clair-avenue, was struck in the chest by a pile of dirt which tumbled in from the side of the excavation. He was able to proceed, but faintly shortly after his arrival.

### Will Build New School

On the invitation of the board of trustees of School Section 23, a meeting of Runnymede ratepayers was held last night in the Elizabeth-street School. There was a large attendance. By a unanimous vote the board was empowered to proceed with the erection of a new school at the corner of St. Clair-avenue and Alexander-street, site cost to be \$8000. The board already has \$10,000 in hand, \$2000 of which will go for a site.

The official opening of the new fire hall will take place to-morrow (Wednesday) evening, and Ald. Armstrong, chairman of the property committee, extends a cordial invitation to all citizens to be present.

### Funeral To-Day

The funeral of Herbert Conroy, the 39-year-old brakeman who was killed in the C.P.R. wreck at Burlington yesterday morning, will take place to-morrow at 9 a.m. from his late residence, 39 East Dundas-street, to Mount Hope Cemetery. The Rev. Father Gallagher will conduct the funeral service at St. George's Church.

### Remains of James Sweet, another victim of the wreck yesterday morning, were sent to Niagara Falls, Ont., this morning for interment.

Mr. and Mrs. Allan Binns, 21 Quebec-avenue, and Stanley Binns, 167 Dundas-street, are attending the funeral of Edward Fendley, whose remains have been sent here for interment at Burlington, Ohio, to attend the funeral of the deceased arrived in town this afternoon to look after the funeral arrangements. The service will be held this evening at Scorton's undertaking parlors by Rev. Dr. Pidgeon of Victoria Presbyterian Church.

### A Good Average

The school supervisor's report, presented to-night, showed the total registration for October to be 1558, the largest in the history of the municipality. The attendance at the different schools follows:

Amnette-street	52
Western-avenue	52
Carlton	47
St. Clair-avenue	237

Of the St. Clair-avenue pupils, eighty-five are residents of the township.

A petition with about twenty signatures was received to-night from residents of the Jewish colony, asking for the establishment of a night school in town.

## HEAR RALPH CONNOR

### Knox College Students' Missionary Society Meeting

Dr. C. W. Gordon (Ralph Connor) was the chief speaker at the 49th annual public meeting of Knox College Students' Missionary Society, which was held in the Convocation Hall of the college last night, Rev. Dr. William McLaren, the former principal, being chairman.

In his address Dr. Gordon took up the importance of the college in preparing the youth for active work in the world. He touched upon the necessity of a preacher, no matter how great his ability, having a passion to preach. He stated that at the present day the preacher was one of the great factors in the building up of a nation, and that no nation could stand and prosper unless it were built upon foundations of unrighteousness.

The financial secretary's report showed a slight deficit. The total receipts were \$10,607.95, of which amount \$4000 had been contributed by many fields over which the society held sway, and the balance by the 25 present time there are 49 fields under the control of the Students' Society, with a man in each field, and they hope to increase this to 50, if possible, during the coming year. The society will require an additional \$600 or \$700, and the secretary announced that it was hoped \$2700 could be raised before the coming Christmas. Rev. Dr. Gardner, the newly-inducted principal, pronounced the benediction.

## OFF TO COCHRANE

### Special Train Leaves This Afternoon for Town Lot Sale

At 1.30 to-day the train leaves the Union Station with the party going to the sale of the Cochrane town lots at the junction of the T. & N. O. Railway and the Grand Trunk Pacific. The train will reach North Bay about 9 o'clock, and the special on the T. & N. O. Railway will leave about 11. There are 300 in the party, as reported last night, and the train from North Bay will include four sleepers, three day coaches, one dining coach, an express and mail car and two private cars, including the Transcontinental car.

## DRY DOCK FOR SOO

SAULT STE. MARIE, Ont., Nov. 24.—(Special).—The Canadian Soo is in a fair way to secure a dry-dock. The board of trade, assisted by a grant from the council and private subscription, has engaged H. Calderwood, naval expert and consulting engineer of Toronto, who on Saturday visited the Soo and inspected several sites. The site most favorable is one west of the ship canal, and close to the power canal. This property is owned by the government, and its location would permit of a dry-dock being conducted without the necessity of pumping.

## PENALTIES IN POLICE COURT

## GENESIS OF THE MARKET ESTABLISHED IN 1803

### Statute of 1834 Placed Market Under Regulation of the City Council

David Duncan, who is one of the stalwart and responsible farmers of York Township, has stated to The World that there is a belief in the United States was connected with 11 different churches. He is spoken of as a most eloquent preacher.

But if stories that are told be true, he doesn't always control his temper as a clergyman should do.

After having especially sought the services of Mr. Cooper as his warden, an office held by that gentleman for the past three years, the rector is said to have forgotten sundry obligations to his warden, under which he might have been expected to rest, and advanced the claim that the church was entitled to the five-acre plot and residence adjoining the rectory, which had been home daily purchased of the late Rev. Mr. Cooper and is now occupied by a daughter. The new rector assumed that the rectory was church property and intimated that the Cooper family should give up possession.

Tongues are wagging freely and it is recounted that some weeks ago the rector, in a sudden outburst, swept the cloth from the communion table in the church and kicked it with his foot.

Still another story is to the effect that the rector, by utterances from the pulpit, disrupted a Bible class long conducted by two estimable ladies, who finally sought protection in a letter from one of the most prominent legal gentlemen in town.

Seen by The World, Mr. McGonigle said the warden's story in the main was untrue. There was no trouble over the property, but the question of a boundary line would be settled by representatives of both parties.

He said that when he told Cooper about the coming of the archdeacon of the diocese, Cooper used some strong terms, but on his own part he was passive.

## SHOOTS DAUGHTER AND SON

NEW YORK, Nov. 24.—Recklessness that has been about to be broken up because of his actions, Carl Loose, a baker, to-day shot and killed his daughter, aged 11, and probably fatally wounded his son Frederick, pastor of a Lutheran Church at Yale, S.D., while they were at breakfast.

## MAY BE CHURCH ENQUIRY INTO ISLINGTON AFFAIR

### Bitter Quarrel Between Rev. T. G. McGonigle and Warden Stirs Parish

An enquiry into the conduct of Rev. T. G. McGonigle, rector of St. George's Church, Islington, may be the outcome of statements reported to have been made to the archdeacon of the diocese, Canon Sweeney.

Canon Sweeney, when asked about the difficulty in St. George's Parish, declined to discuss it, saying that it was his duty to report the matter to Archbishop Sweetman first; yet he did not deny the existence of "some extremely serious conditions."

It appears that on Sunday there came the climax of an estrangement existing between the rector of St. George's and Mr. Cooper's property. The words have not passed between them for some three months, but after morning service and just outside the church doors, the rector and Mr. Cooper, the warden of a coming visit of the archdeacon to settle a dispute as to boundary between the church property and Mr. Cooper's property. The warden declined to enter into conversation with the rector and accused him of carrying personal "spite work" into the church.

Then the rector is alleged to have made the remark: "Why, who are you—the son of a servant girl?" and when Mr. Cooper replied that he (the rector) was no gentleman to talk that way, the clergyman raised his walking cane and threatened to "drop" him where he stood.

The threat was repeated, but Mr. Cooper, who was accompanied by his aged sister, stood his ground, and the clergyman, whose 12-year-old daughter was with him, turned away.

During the course of the encounter such words as "robber" and "hypocrite" were also bandied.

There is a striking remark.

At the evening service the rector made the statement to the congregation that the officers of the church had been sadly neglected 40 or 50 years ago, but that if they stood by him he would straighten matters out.

This has been taken as a slight in reference to Mr. Cooper, the warden, father of the warden, who was for 32 years rector of Islington, Weston and Mimico churches, and who died some 20 years ago.

Rev. Mr. McGonigle took charge of the parish at Islington last Easter. He is a man of about 50 years of age, and a dozen years in the United States was connected with 11 different churches. He is spoken of as a most eloquent preacher.

But if stories that are told be true, he doesn't always control his temper as a clergyman should do.

After having especially sought the services of Mr. Cooper as his warden, an office held by that gentleman for the past three years, the rector is said to have forgotten sundry obligations to his warden, under which he might have been expected to rest, and advanced the claim that the church was entitled to the five-acre plot and residence adjoining the rectory, which had been home daily purchased of the late Rev. Mr. Cooper and is now occupied by a daughter. The new rector assumed that the rectory was church property and intimated that the Cooper family should give up possession.

## DEVASTATED BY TORNADO

### Between Thirty and Fifty Lives Lost in Arkansas

LITTLE ROCK, Ark., Nov. 24.—Two tornadoes, one north and the other southward, swept over West Arkansas yesterday, destroying many lives and much property.

It is estimated that at least 30, and possibly 50, lives are lost, and the property loss is placed at hundreds of thousands of dollars.

The counties through which the tornado passed are Lafayette, Columbia, Miller, Pike, Howard, Hempstead, Montgomery, Yell, Pope, Johnson, Franklin and Carroll.

The storm was at its height when it swept thru Piney, a German settlement on the Iron Mountain Railroad between Trenton, Knoxville and London. From 12 to 20 persons were killed and about 30 injured at Russellville. Five lives are also reported to have been lost ten miles from Mulberry.

The storm from Fort Smith says 25 lives were lost in towns outside of Piney and Mulberry. This despatch declares that the destruction of Craven was complete. Four persons were killed and two fatally injured and eight are missing.

At Craven four persons are known to be dead, members of the family of John Rosen, a farmer, who were caught under the falling timbers of their home. L. G. Holt and wife, an aged couple, were seriously injured and may die.

The entire intermediate country has been laid waste by the wind and hail which followed, the hail in some places standing to a depth of six inches.

## Suffered Tortures For 70 Years

### Wife of a Prominent Physician Tells How She Was Cured.

Mrs. J. R. Flock is the widow of one of the best known physicians in London, Ont. She was treated by her husband and many other medical men, yet never received any lasting benefit. Just by accident, she tried a well-known remedy, and now, after 70 years of suffering, she is well. Read her letter to Fruit-a-tives Limited:

"Dear Sirs,—Since my early childhood (and I am now in my seventy-third year) I have suffered indescribable torment from stomach trouble and indigestion, complicated with liver disorders. Being the wife of a prominent physician (the late Dr. J. R. Flock), I naturally enough had a prejudice against all proprietary remedies. I was, however, unable to benefit to any great extent through my lifetime from taking the ordinary remedies of physicians, being constantly in delicate health from stomach disorder and vomiting. Accidentally I came into possession of a sample of "Fruit-a-tives"—tried them and found myself wonderfully benefitted. I take them now as my only medicine and they are keeping me in the most satisfactory health.

"After finding out the wonderful medicinal qualities of "Fruit-a-tives" I have recommended them to many of my friends and acquaintances, who have had the best results from their use—and one lady friend that I have recently recommended them to has used them for scalding, from which she suffered constantly and was unable to procure any remedy that would relieve her. She is now taking "Fruit-a-tives" and is cured.

"I am glad to be able to recommend "Fruit-a-tives" and will be glad if you will use my name in any way that will be the means of bringing your remedy before the public.

(Signed) Mrs. J. R. Flock.
