## "TORONTO FOR EVER, EH, BILL"

This photograph, with the words quoted above, was found in a dugout in France and sent to The Toronto World, in an effort to have it identified, by Corp. C. F. Downs, who is in the 1st Canadian Military Hospital at Sussex, England. The picture evidently was taken on a tag day, as the young woman has a box of tag flags, and the soldiers are all wearing the small-flags.

## **EDWARDS DEFENDS MILLING INDUSTRY**

Ships to Carry Flour Without Charge.

MUST AVOID ELECTION

Laurier's Teachings Blamed for Incident at Blondin Meeting.

Ottawa, May 8. — Dr. J. W. Edwards, Conservative member for Frontenac contributed a vigorous speech to the budget debate in the house of commons tonight. He defended the setting of the government in granting commons tonight. He defended the action of the government in granting free wheat, principally upon the ground that the United States was now an ally. He submitted, however, that the milling industry in Canada and the common and the submitted for the required further encouragement and that the farmers of eastern Canada needed a large supply of bran and shorts for their cattle. He, therefore, recommended the government to build a number of ships and carry free of cost Canadian flour ground from Canadian wheat and carried by Canadian railways to Canadian see ports.

Bring in \$240,000,000, thus more doubling the present tariff revenu addition it was decided to make income tax increases retroactive, ginning with the present cale.

railways to Canadian sea ports.

Dr. Edwards said there was nothing artificial about the increase in the Dr. Edwards said there was nothing artificial about the increase in the price of foodstuffs, nor was it a problem that could be cured by governmental interference. Farm products were high because there were short crops the wor'd over. The price of flour in Canada, he said, hnd always conformed with the price of wheat, and there had been no exorbitant profits made by the millers.

Must Avaid Election

Must Avoid Election.
The member for Frontenac closed with an eloquent appeal for an extension of parliamentary term. To have an election at this time would create time of the present generation. The tlefront, particularly in the sector be- demonstrations at the Blondin recruit ing meeting in Montreal were directly due to the teachings of Sir Wilfrid Laurier. Moreover, it would be an outrage to hold an election in which the soldiers at the front could not participate, as the experience in British Columbia had demonstrated the impossibility of polling the men in the trenches. From a party standpoint, he would welcome a general election, but the results would be disastrous to the nation. It did not matter greatly whether we had a Conservative government at Ottawa or a decent Libera' government, but it was important that the next government should not be under anti-British and foreign

The budget debate today was resumed by Mr. Turgeon (Gloucester, N. B.), who concluded his speech begun last Thursday. Mr. Turgeon complimented the government upon free influence. plimented the government upon free wheat and asked why they did not accept the offer of the Underwood tariff aw and give us free trade in potatoes. He deplored the demonstration at the Blondin recruiting meeting, but declared that it did not reflect the views of the people of Oueless.

of battle.

There were a few parting shots thru the enveloping mist from either side and then absolute silence reigned.

Mr. Lanctot (Laprairie-Napierville) followed Dr. Edwards and took issue with some of the latter's statements respecting Sir Willrid Laurier and the people of Quebec. Quebec. Mr. Lanctot (Laprairie-Napierville)

# BE RAISED BY HUGHES GREEK KING'S FALL

By a Staff Reporter.
Ottawa, May 8.—General Sir Sam
Hughes intends to test the attitude
of the government towards conscription, and has given notice that on the from, and has given notice that on the first fitting opportunity of going into committee of supply he will move in the commons the following resolution: "That in the opinion of this house the best interests of Canada, of the empire and of humanity will be served by the application of the Malitia Act or by other action to raise troops for or by other action to raise troops fo

## compulsory overseas service." BEER ISSUE BEFORE BRITISH PARLIAMENT

London, May 9.—The question of beer versus food was lengthily discussed in the house of commons today. Many of the speakers severely criticized the government for still permitting the brewers to destroy valuable food in the production of alcoholic liquors. The debate elicited no statement on the government policy with respect to the rumored control by the state of all public houses.

TAKE UP G.T.P. TRACKS TO GIVE RAIL SUPPLY

By a Staff Reporter.
Ottawa, May 8.—Another request for rails for military purposes in France rails for military purposes in France has been received by the Canadian Government from the British authorities. Three hundred miles of rails are wanted, which is about the same wanted, which is about the same amount as was sent some time ago.

Hon. Frank Cochrane, minister of railways, has decided to take up the trackage of the Grand Trunk Pacific west of Edmonton where that railways are considered to the king only, but the crowd insisted that the entire dynasty must be sent about the same being made by certain newspapers that the rationing system be put forth immediately.

Lord Devonport continued:

"The most reliable method to sent the control of the king only, but the crowd insisted that the entire dynasty must be sent to the control of the king only."

Baron Devonport Finds it Causes Too Large Drain on Breadstuffs.

ISLANDS TO GET THRU

With Reasonable Precautions Supplies Will Last Till Next Harvest.

London, May 8.—Great Britain's meatless day" is to be abolished be-

"meatless day" is to be abolished because it augments the demand on
breadstuffs and other substitutes,
which are less pientiful than meat.
This was announced today by Baron
Devonport, the food controller, in the
house of parliament.
He declared that a diminution in the
consumption of breadstuffs was of
vital moment and a main factor in the
situation, but he added:

"Provided that the call for a reduc-"Provided that the call for a reduc-tion is responded to, and the efforts of the submarines are not successful be-yond reasonable likelihood, we shall

yond reasonable likelihood, we shall get thru with a fairly satisfactory balance in hand to the time when the new harvest becomes available."

The food controller's pronouncement was made in answer to a question by Baron Buckmaster, who asked if the government could make any statement regarding the conditions of food supplies and whether the government proposed to take any steps to make certain that such supplies should be equally distributed among all classes of the population. Continuing his reply Lord Devonport said:

"As I have recently stated, the consumption of bread has not yet been sufficiently reduced in the country generally. Large classes of the community have diminished their consumption but the pressure upon the working classes, owing, especially to

Washington. May 8.—A war revenue bill designed to raise \$1,800,000,000 by taxation during the coming year was approved finally in the nouse ways and means committee late today by a unanimous vote.

Chairman, Kitchen amounced that the measure would be reported to the house tomorrow, to be brought for consideration Thursday. He thinks it will be passed by the house without out political division within a few days.

To bring the amount to be raised up to the desired amount, the house committee recommend a flat increase of ten per cent. on all existing tariffs and ten per cent, duty on all manufactured articles now admitted free, all estimated to be materially increased and there would be taxes on amusements and increases retroactive, beginning with the present calendar.

To bring in \$240,000,000, thus more than doubling the present tarriff revenue. In addition it was decided to make all income tax increases are to admit the free weeks they will bring revenue. In addition it was decided to make all income tax increases retroactive, beginning with the present calendar.

charges against newspapers under a new system based upon the present parcel post zones. Internal revenue taxes upon liquor and tobacco would be materially increased and there would be taxes on amusements and stamp taxes of wide scope,

them yesterday morning.

## York County and Suburbs

THE DAY'S EVENTS REVIEWED

RESNOY Village and Wood, captured by the Canadians the other day, had to be evacuated by them under a heavy affack by two fresh German divisions yesterday. The first heavy German counter-attacks gained a footing in the trenches northeast of the village, but a counter-charge ejected the enemy. Then he sprang his heavy assault with two fresh divisions, and these, attacking the Canadian right, left and centre, succeeded in pressing back the left wing from the village and wood. The extent of ground gained is probably small; in fact, merely a geographical expression, but it has its importance. The fact that needs explanation is how the Germans managed secretly to move up such a large force as

Way Commissioners.

That the farmers were entitled to a crossing with suitable cattile guards, fences and gates was the decision reaching fines and yet the board of radiway commission-ers in their meeting in the town hall at Weston yesterday afternoon to consider the application of the Canadian Northern Contario Rallway Co. for authority to take portions of the property of John R. Watson, Mrs. Chas. H. Watson and Jos. Watson required to accommodate the slopes of a farm crossing. The matter of demages will be submitted to arbitration later.

The board also ordered the G. T. R. and C. P. R. to install a bell to permit of warning at the crossings of these rail-ways at Dufferin street in Weston.

## Building INFANTRY.

For To-morrow

THE prudent man looks ahead and provides. Pre-paredness forestalls defeat and, when reverses come, provides a haven of refuge. The young man who carries an Endowment Policy with the Manufacturers Life Insurance Company is building for to-morrow. He knows that if he lives to his allotted span, he is systematically providing for his unproductive years. If he dies, he is leaving his dependents in a position where they will not be compelled to seek charity. There is no better way of building for to-morrow than by an Endowment Policy.

## LONG DRAWN-OUT CASE IS STILL PROCEEDING

Hearing of Claim for Custody of Child Has Already Been Adjourned Twenty-Three Times.

Before Mr. Justice Kelly in the non-jury assize court yesterday, the action of Mrs. Susan Cronk, who such her husband. Harold Cronk, for the custody of their two-year-old child. Kennoth, was heard. This case case has been one of the most persistent in the reports of the juvenile court, where it was postponed 22 times with the view of an amicable attrangement, and finally an order was made that there should be a maternal and paternal exchange of the child every two months. The order was not carried out, and the case came up at Osgoode Hall where the trial of the issue was ordered by the late Chancellor Boyd. On the day of the hearing at Osgoode Hall there was a scene outside the court when the mother endeavored to get her child.

W. K. Murphy, jr., is counsel for Mrs. Cronk and T. N. Phelan for the bushand. The mother charges that there was read an interesting of the Tonton Women's Patriotic League yesterday there was read an interesting of the Tonton Women's Patriotic League yesterday there was read an interesting of the Tonton Women's Patriotic League yesterday there was read an interesting of the Tonton Women's Patriotic League yesterday there was read an interesting letter from Léeut Joan K. # SEEMS TO WEAKEN

Letter From Front Tells of Battle of Vimy Ridge.

## SHORT OF AMMUNITION

Hun Guns Lack the Efficiency Shown in Somme Attack.

The following letter received by Surgeon-General G. Sterling Ryerson from his son, who is in France with the artillery, written two days after Vimy Ridge, gives an interesting account of the part artillery played in the battle, and the failing German morale and weakened artillery:

"Well, I guess you have read all about the famous fight. We sure had a pleasant Easter Monday, and it will always be remembered by me as I went forward and saw it all, taking scuvenirs extra.

went forward and saw it all, taking scuvenirs extra.

"You can easily see what I was doing in the winter on that special job I spoke of, preparing gun places for this. I was busy taking up ammunition, and arrived at gun position at 3 a.m. to find that the show was on. Even out here we never know until the last minute what time it will take place. They say zero hour and the the last minute what time it will take place. They say zero hour and the day will be notified later, so I had a bite to eat and went forward. At 5.30 s.m., April 9, hundreds of guns poured forth, three mines went up, and then up went all kinds of Boche fireworks. "It was a fine sight. And the roar! I put cotton in my ears. They poured forth until 10.30 a.m., our battery firing 3,000 rounds. The hill was taken. Every two or three minutes we lifted one hundred yards, and the brave infantry followed, luckily with very few casualties.

asualties.
"Soon after six down came the prisoners in charge of wounded Tommies. The unwounded Boches were sent back to carry our wounded; and believe me they jump around, for they know the

forth at odd intervals their Easter eggs.

"Just got orders to move our wagon lines to our old gun position, so you have some idea of our advance."

## DOES SPLENDID WORK

Excellent Reports Read at Semi-Annual Meeting of Volunteer Corps.

that many high school and university pupils are working on the farms and for the most part giving excellent satisfaction to the farmers. They are manifesting a willingness to adapt themselves to every kind of work and with a little mutual forbearance on either side good results are anticlipated. The seeding is all in and the farmers are now getting the land meady for potatoes, fodder, corn and mangodds.

ARGYLLSHIRE SOCIETY MEETS, Hener Forty Members Who Are Fightins to this city in the trade of carpenters of the work accomplished by the same of the first members of the mast which in France.

The Toronto Argyllshire Association, held its "young people's night; last evening in St. George's hall, when over 250 members and friends were present. Lantern slides were shown of the forty members overseas, over fifty per cent. of whom have been wounded, while six have been killed in action. The association junior and senior choirs rendered selections and an amusing sketch, "The Argyllshire Shakespeare Club," was put on, by the young people. A shower of smokes and comforts was held for overseas members and candies were sold by young girls to defray the express expenses. At the close of the most successful affair ever held by the association at presentation of a presentation of a

## WOODBRIDGE SOLDIERS ARE REPORTED KILLED

Friends of Pte. John Alfred Wright, of Woodbridge, received a telegram from Ottawa yesterday stating that he had died from wounds in France in the field ambulance depot. His widow is a daughtor of the late Samuel Harding, of Woodbridge. Pte. Wright was born in Uxbridge and enlisted with the 123rd Pattalion in 1216 and went oversees in July 2018.

## COMMITTED FOR TRIAL.

Dr. James M. Johnston, 25 Elm street, was committed for trial when he appeared in the police court ves-terday morning charged with per-forming an illegal operation on Mrs. Barker, Magistrate Denison heard preliminary evidence in the women's court, and when ordering Dr. Johnston to go before a jury increased the bail from \$2000 to \$5000.

## HORSES TOOK FRIGHT.

When the team of horses which he was driving west on College street last evening became frightened at a street car and ran away, Percy Royall, of car and ran away, Percy Royall, of which is 100 feet by 150 feet, was 422 Montrose avenue, was thrown from the wagon and sustained several placed in condition for planting. Its bruises. He was taken to the General Hospital. ## WINS MILITARY MEDAL

Mrs. Jones, 81½ Boultbee avenue, has received word that her brother, Pte. W. H. Webster, 26 years of age, has been awarded the military medal for bravery at the front. Previous to enlisting he was employed at the gas works for 4 years. He left with the 124th Battalion and was drafted to France. He has three brothers fighting in France, and one other is a prisoner in Germany; and his brotherin-law, Pte. A. Jones, is now in Boulogne hospital wounded.

Queen's Park. He is in a position to pay all returned soldiers transferred to the M.H.C. command and their families as soon as their papers are handed over by the milital department. The nominal rolls are made up monthly at the hospitals to which the men are attached.

Pensions: Applications should be made to the Board of Pension Commissioners at 59 Yonge street. By special order-in-council military pay continues until pension begins.

Patriotic fund: Applications should be made at the Toronto and York

## **OPERATIC AMATEURS**

Produce Excerpts From Various

The unwounded Boches were sent back to carry our wounded; and believe me they jump around, for they know the bayonet is sharp.

"I saw one big batch coming down, and a Boche shell lit right among them, killing many.

"About 10 a.m. everyone was walking everywhere, as the Boche was on the other side of the hill and could have been fired upon. It seemed so it funny. Then the gun teams came up to pull the guns forward, as we advanced so much the batteries were at the maximum range. All our Canadian divisions did simply fine.

"The Boche is not the fighter he used to be. He is done. His artillery is poor now, not half the kick in it there was. At the Somme he fought and gave it to us good and plenty, but now—nothing. All winter he has been poor and we thought he was saving ammunition, but he seems to be pretty short of it.

"The valley we were in was full of guns, and Boche planes flew over it at a height of 500 feet many days before. Of course we sure did think our day was coming, but he left us all alone except for a few now and then as the pays before the guns were pouring forth, at odd intervals their Easter eggs."

The angle of the most pretentious musical programs ever attempted by Toronto amateurs was presented by the pupils and the result proved, a very presentation was the programs ever attempted by Toronto amateurs was presented by the pupils and the result proved, a very presented by the pupils and the result proved, a very presented by the pupils and the result proved, a very presented by the pupils and the result proved, a very dealers of the interval surface for the large audience which filled the house. The feature of the presentation was the absence of amateurishness from their work. The members of the different casts executed their difficult roles with a confidence characteristic of seasoned professionals, and ease. To the chorus of almost 100 voices much is owed for the surface of the providence characteristic of seasoned professionals, and ease. To the chorus of amateurs was presented by the pupi respond to a hearty encore. Others worthy of note in this cast were Miss Vera McLean, as Carmen; Miss M. Fuller as Mercedes; Miss Bertha Taylor, as Frasquita, and James Farley as Escamillo. In "Aida" Mrs. Lea Woodland in the title role was in splendid voice and scored a pronounced success. She was well supported by Lawrence Taylor as Radames, James Quarrington as Amonasro and Miss Vers McLean as Amneris. As Margueretta in "Faust" Mrs. Beggwood lent the required emotion to the part, and was excellent in her numbers, as was Lawrence Taylor as Faust. The orchestration was all that could be desired.

## FORMER CHIEF CLERK TAKEN FOR ESPIONAGE

George Roenitz Arrested at Honolulu With Pearl Harbor Base Maps.

Honolulu, May 8.—George Roenitz, former chief clerk to Captain George R. Clark, commandant of the Pearl Harbor Naval Station, was arrested here today on an espionage charge. He is charged with having in his possession maps, figures and descriptions of the Pearl Harbor base, and is held under \$25,000 bail.

## Afford Policemen a Chance To Increase Food Production

Permission to hold a tag day on September 6, was granted the Consumptive Hospitals by the police commissioners at their regular meeting yesterday afternoon in the city hall. The commissioners decided to obtain land in the city for the members of the force who are desirous of grow-ing vegetables. It was agreed to try and obtain about 100 acres of vacant land in the city or just outside. Potatoes and other vegetables will tatoes and other vegetables will be grown and the crops turned over to the hospitals and other charitable institutions. Chief of Police Grasett said that ninety per cent. of the men

## SKULL WAS FRACTURED

James Gogan, 1 Peel avenue, suffered a fracture of the skull yester-day afternoon, when a wooden beam which he was helping to shift, fell on him at 18 Palmerston avenue. He was taken to the Western Hospital in the police ambulance and his condition is not regarded serious.

## NOT CHARGED WITH THEFT.

In an item in The World yesterday it was erroneously stated that Harry Madill, 11 McMurrich street, had been arrested on a charge of stealing fifty dollars, laid by the police of Burling-ton. As a matter of fact he was held for taking the wrong parcel by mis-take from a train, and when he appeared in court at Burlington yester-day morning was discharged.

## OBSERVATORY LAWN PLOWED.

The splendid lawn surrounding the observatory will be this year utilized for purposes of production. The lot,

as Aid to Returned Soldiers.

Officials of the Military Hospitals ission state that misapprehension exists as to where inquiry should be made in regard to difficulties which arise in the relation of the re-turned soldier to the government, and declare that if the men could go direct to the organization responsible for irregularities much time could be saved. The following budget of in-

formation is presented by the commission as an aid to returned men.

Quarters and food, etc., in convalcacent homes: Lieut.-Col. Wilson, O.C., "D" unit, M.H.C.C., has his office at No. 1 Queen's Park, and the commission is responsible for the commission is responsible for the care of the returned soldiers while

reattesting.

A call has been issued to the Canadian representatives of international and national unions by James C. Watters, president, and P. M. Draper, secretary, of the Trades and Labor Congress of Canada, for an important conference in Ottawa on June 1 to consider problems arising out of the war. The manifesto mentions the conditions under which work is being executed for the British Government in Canada; the efforts that are being put forward by influential employers of labor for the institution of compulsory service for industrial purposes; and states the conference is called for the purpose of framing some policy to meet the conditions. It is also for the purpose of secur-

## SUPERIORITY

Considering power, mechanical details, lux-ury, comfort, first cost and maintenance cost— the Studebaker is supreme.

Here are some of the characteristics that have established Studebaker as the undisputed leader of all Canadian-made automobiles:

3½ x 5 inch bore and stroke Motor—powerful, silent and economical in operation. Full-floating Rear Axle —full equipment of Timken bearings.

Long, easy-riding Springs—semi-elliptic in front, 34 elliptic in rear.

Studebaker - Wagner Electrical System — simple, reliable, never-failing. Individual, form-fitting front seats — with seat next to driver's reversible.

Armchair auxiliary seats that disappear under tonneau seat when not in use. Beautiful and distinctive gun-metal finish-dignified and conservative body lines.

Genuine, semi-glazed leather upholstery-not only genuine, but highest grade.

But come in and see these wonderful Made-in-Canada cars. Compare them point by point with other cars in the same price class. Then let us show you true roadability—over any road in this vicinity at any

# PREPARE MENUS

Technical School Considers Proposal to Publish Inexpensive Meal Directions.

As one possible solution to the question of the high cost of living, J. S. McKinnon suggested at yester day's meeting of the advisory indus-trial committee of the board of education that the teachers of the domes-tic science classes at the technical school prepare cheap menus that would meet the pocket of the average citizen and which could be published in the daily papers. Principal Mc-Kay was not in favor of the suggestant was not in favor of the suggestant would it would take contion, as he said it would take con-siderable time and would cost money. Trustee Dr. Noble said if the technical school can do anything along this line at the present time to meet the high cost of living it should be done. and Trustee Dr. Brown was of the opinion that it was a "war question." The matter was left in the hands of Principal McKay to report upon. The principal read a letter from Major D. K. Allen of the Royal Flying Corps stating that he was desirous of Corps stating that he was desirous of starting courses of instruction in connection with the training of mechanics of the Royal Flying Corps. Principal McKay was opposed to this as he said it would mean extra work during the vacation, and R. J. Stevenson was of the opinion that application of the properties of the imperial cation should be made to the imperial munition board, and if the government will finance the proposition the work can be done. The matter of in-struction of returned soldiers at the technical school was brought up by Principal McKay, and he said as no definite arrangements have as yet been made for the paying of the exbeen made for the paying of the expenses incurred in this work, he would like something done. It was finally decided that a letter be sent to the Soldiers' Aid Commission for the Province of Ontario asking if they was advised to go to the hospital to intend to continue the work and pay, else the work will have to be dishave an operation performed. My wife said 'No, get a box of Dr. Chase's Ointment,' I did so and have in his estimation the teachers working during vacation should be paid \$6 Unase's Cintment.' I did so and have used it according to directions while hving in Manitoba, and obtained a complete cure, for I have never been troubled with piles since. I am now seventy years of age and want to reseveral rooms at the technical school vacant that could be utilized for the extra rooms required for the public schools was brought up by R. J. Stevenson and was indignantly contradicted by the principal, who maintained that by September there will be no vacant rooms available, and he asked, "Why is it that all the criticism is directed against the technical cism is directed against the technical schools when the high schools and the when the high schools and the collegiate schools have just as many

Careless Shampooing Spoils The Hair

If you want to keep your hair looking its best, be careful what you wash it with. Don't use prepared shampoos or anything else that contains too much alkali. This dries the scalp, makes the hair brittle, and ruins it.

The best thing for steady use is just ordinary mulsified cocoanut oil (which is pure and greaseless), and is better than anything else you can use. One or two teaspeonfuls will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dust, dirt. dandruff and excessive oil. dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy and easy

to manage.

## The Approaching Famine.

Dr. Hastings has raised his voice with thers in warning of the gravity of the unized, prompt and united action, a food famine is unavoidable, and that in Turkey and the rest. Freedom would the near future," is his statement in his health report, just presented.

A good many agencies are at work eneavoring to avert the crisis. In parliathe use of any more grain for the manufacture of beer or spirits received wide support, but the government, as usual, had no leadership, no definite decision. and matters will be allowed to drift. After other. A house divided against itself all, why should the government prevent the people of Canada starving to death If they have a mind to. and do not know any better? / On high, philosophical nds, the government will, no doubt.

Dr. Hastings quoted the economic figures to show that before the present war per capita wealth of Canadians was \$55, whereas now they have \$92.25 each to their credit. Hence, they think, with all this wealth, they can buy any food they need. They do not realize that there out of the earth. Nor do they reckon with that curious equalizing tendency in nature which casts down the mighty from his seat and exalts the humble and meek. Canadians are now the richest people in the world, but if there be no bread our wealth will be a poor consideration.

With 440,000,000 acres fit for cultiva tion, there are only 34,000,000 actually cultivated, and the falling off on this mantity in the last two years has been slarming. The time is slipping away so fast, and the season is so late, that there is scarcely time to do very much more, but every little counts, and every person who can raise enough even to feed or partially feed himself helps to lighten the burden that lies upon the world. It depends very much on the individual now. The government has done little or nothing. The provincial governments have the season is so late, that there publication of this statement our Canadian council immediately asked for an explanation from our Hamilton officials, who said that the report was absolutely false, and suggested that a meeting be arranged in Toronto for a thoro investigation by both unions.

The provincial governments have the support of district committee, A.S.E., engaged a hall and invited the management of the labor paper, also The time is slipping away so

Ontario. For a long time it seemed as the three the province made to facilitate the wigher of the province made to facilitate the wigher of the course of the province made to facilitate the wigher of the made to trade unionism and should be removed from their positions. to facilitate the wishes of the people to-wards owning and operating their own water powers. In the last year or two a of Engineers is 245,070. Thousands of change is apparent, and what the people our members have been withdrawn want is now seen to be good policy and good law as well. In refusing the application of the Electrical Development Company for disallowance of the legislawhich the company was refused further er croachments on the water sources of power of Niagara and the municipalities were granted the right to develop power from the Chippawa Creek head the Dominion Government has chosen the proper course. For the people the matter is vital. The corporation may say the same.

In the past the corporation's rights were elways regarded as paramount. The tail was always supposed to was the dog. This view is giving place to a more natural one. The corporation still argues that the dog gave the tail authority to wag the dog to its utmost power and satisfaction, but it is now further gravely questioned whether the dog has power to contract himself out of his own rights, rne of which is certainly the sovereign power to wag his own tail. It must be last year. The club however, is findevident to shrewd tail exploiters that ing trouble in getting the lots plowed. if they purchased rights in the tail to A number of municipalities, according was the dog they did so at their own to J. Lockie Wilson, of the departrisk and hazard, and the dog must have ment of agriculture, are preparing to

This view is beginning to have its City of Toronto, not this work. weight with various governments, and it is largely the principle at stake in the great war.

## A House Divided?

Straws show how the wind blows and there may be a more direct connection netween the reported attack on the kaiser's life, when three shots were fired at his motor car, and the political attack upon Chancellor von Bethmann-Kellweg, than at first appears. In spite of his culpability the kaiser has always been understood to stand with the moderate savages. He would hang and draw, but he wouldn't quarter. Bethmann-Hollweg is credited with an even milder degree of ferocity. Nothing so samby-pamby as mere hanging satisfies the simon-pure savages that look to the crown prince for leaderships and to barbarous warfare as the means of subduing the earth and giving them and their friends, Junkers, Krupp capitalists, and aristocrate of the Prussian stripe in general, the domination of the rest of humanity. If the kaiser were out of the way and the crown prince enthroned, Tussian militarism could have its own way entirely and there would no longer be any talk of compromises, or concessions to socialism or labor or anything of that kind.

It is now stated that the chancellor was the cause of the loss of the battle of the Marne. This is the first time the battle of the Marne has been openly spoken of in Germany. The German people are not supposed to know what is going on. What they don't know does them no harm, is the Prussian. principle. If they are now educated to the idea that Bethmann-Hollweg is the cause of all their woes, it is not to be expected that his career will be greatly prolonged. The militarists have no other idea than that the death of the kaiser would abolish all restraints, give them a leader in the crown prince brought up

The Toronto World after their own hearts, and capable of any enormity that Junkerism might de-

democratic proposals of peace settled for a solid Germany ing from the North Sea to the Persian Gulf, with Poland, Serbia, Austria, Turrand highway to the east. Hence the refusal to relinquish Belgium or any other invaded territory. These Germans

But they know that democracy is on the march. They know that the defeat of the German alliance would mean the verthrow of autocratic government and thods. Socialists and labor men would take the places of Junkers and Vons. There would be a possibility of carrying out the program with Austria and stand in the way of tyranny.

So the revolt of the Conservatives and the Pan-Germans represents their convigtion that the war is not going right for them, and that their policy, if not their lives and possessions, is in danger. We may, therefore, extract some com fort from the display of enmity which the German leaders show towards each

## ANTAGONISM TO THE A.S.E.

Editor World: We have not yet discovered the guilty persons who destroyed the tool box of our member in the local munition plant, but the police are active on the job.

It is said that some of the anta-

gonism towards our members is due to a statement by J. A. McClelland will be no food to buy unless they dig it (an ex-A.S.E. member, now vicepresident of the International Assoclation of Machinists) concerning the Hamilton strike which took place

This statement, which slandered our Hamilton members, was published in a Toronto labor paper, but this so-called labor paper refused to give publicity to a letter from our Ham-

According to our latest monthly report from England the total mem-bership of the Amalgamated Society from the trenches owing to the ne cessity of skilled mechanics in workshops.

When the call for assistance was

the provincial government, by London, Eng., for the making munitions our members responded from Australia, New Zealand, South Africa, the United States and Canada. From Canada alone we sent 1000 members to speed on the important work. Yet we are told that the A.E. card is no good in this country. Why is it? Who wishes to deminate? dominate?

At the present time trade is good and employers are too busy to take advantage of our divided position, so let us have a thoro investigation and come to an understanding between the unions. G. F. Doolan, Amalgamated Society of Engineers.

## FOOD PRODUCTION AND THRIFT

## WAR ON PROFITEERS

Urge Taking Over of Cold-Storage Plants and Flour Mills.

Toronto city council will have an opportunity on Monday next of expressing its opinion on the control of foodstuffs and the marketing of the necessities of life at reasonable prices, to the citizens. The board of health yesterday passed a motion recom-mending the council to memorialize the federal government to take over the cold storage plants and flour mills of the country.

The question was raised by Ald. Maguire, who declared that the price of wheat was far too high, and that some of the farmers had still 1915 wheat in their barns. They were holding the wheat for increased prices. Provisions were also being held in cold storage, with the result that prices had soared to an unreasonable height. There were men making enormous fortunes out of the war. Such men were traitors to the country. Ald, Hiltz agreed with Chairman Maguire that food profiteers should be proceeded against under the criminal

code. He would go further and ask the government to take over everything affecting the people.

Ald. Risk thought that it would be better to first ask that the city be permitted to act as a food distributor. After a long discussion, the board unanimously accepted Ald. Maguire's motion, which recommended to the council that it request the Dominion Government to take over all cold storage plants in the country and to consider the advisability of also tak-ing over all flour mills. Ald: Risk brought up the matter of

killing young live stock. There was a great shortage of cattle in the country, and it was a shame that young calves and lambs should be slaughtered to provide a delicacy for a certain class of citizen.

Ald. Hiltz said there was far too much killing of young stock, and besides the meat was too immature, The board asked the council to memorialize the Dominion Government to take steps to have the prac-tice of killing young calves and lambs

Dr. Hastings desired it to be known

be sent and cared for by skilled nurses. He recommended that the homes be maintained at a charge of one dollar a day to the city for each

W. A. Ross, 205 East Gerrard street, asked the board that some action be taken to stop or reduce a noise cause by a five-ton hammer operated by the J. J. Zock Manufacturing Company next door to him. He stated that his mother's health had been seriously affected, but the board was unable to offer him any relief.

City Solicitor Johnston said that if

a public nuisance were being created

the firm could be indicted. As it was an individual matter the board of health could not take any action.

Reports from the district representa-tives of the department of agriculture show that the past week has been one of but little growth owing to the cold. wet weather prevailing. In most districts about two-thirds of the usual spring crops are already in, and a York corres pondent claims that aircady as much seeding has been done as was put in last year altogether. Judging by the general tone of the reports, less cultivated land will be idle this season than was the case

Field Crops. Fall wheat and clover have not picked up as a rule during the week of raw up as a rule during the week of raw weather that has prevailed, in fact there has been some plowing up of patchy places, especially of old meadows.

A considerable acreage of early potatoes has already been planted, and the area given to corn and beans also promises to be much larger than usual, but farmers still complain of the high prices of potato and bean seed.

Vegetable raising is booming as never before in both town and country. Commercial raisens are growing more early cabbages and tomatoes, while organized vegetable garden campaigns are being conducted in a number of towns under the direction or advice of representative local committees.

local committees.

There will be a more limited acreage of small fruits, especially strawberries, while greater attention is being given to the orchard.

while greater attention is being given to the orchard.

Live Stock.

Live stock on the whole are healthy, but rather on the lean side, while values hold firm for those sold for flesh. Horses are plentiful, and a number of good ammals are being picked up by buyers. Cattle for market are selling at from \$15.50 to \$12.00 a cwt. Hoge are in great demand at from \$16.50 to \$16.50 per cwt. In Leeds County, at a farm sale last week, an ordinary brood sow brought \$85 and grade cows ranged from \$85 to \$107. Siveep are doing well with lambs. Fodder is getting scarce, even silage is running short, but there will be sufficient stores to carry all stock nicely on to the grass.

A considerable number of cheese factories are running actively, with the milk flow about the average for the time of year. A Dundas County condensory is paying \$2.60 per cwt. for milk. Cheese has been sold on the Brockville Board during the past week for 26c a pound.

Farm Labor.

The need of farm help is still urgent, altho district representatives have done much to alleviate the pressure in many instances by arranging for a supply of help, much of it of a temporary nature. Altho some farmers are dubious about trying out high school and other inexperienced farm labor, several returns state that the lads are giving satisfaction. Boards of trade and other town organizations are also arranging to provide help for farmers.

FOOD PRODUCTION IMPORTANT,

Dr. Hastings desired it to be known that any citizen could keep chickens if the pens and runways were in a sanitary condition. Roosters were barred.

Regarding the convalescing care of puny babies who are ready for discharge from hospitals, Dr. Hastings said that he had been able to obtain two homes where the children could be sent and cared for by skilled

At the opening of the sessions yesterday Judge Coatsworth, in his charge to the grand jury, reminded them of the grand jury, reminded them of the grand jury, reminded them of the grand jury to the use for the production of food. He urged that the business of the court should be expedited so that the jurous tight be released for this work as early as possible. There are five farmers on the grand jury.

Quick, Painless Way To Remove Hairy Growths

Here is a simple unfailing way to rid the skin of objectionable hairs: With some powdered delatone and water make enough paste to cover the hairy surface, apply and in about 2 minutes rub off, wash the skin and every trace of hair has vanished. This is quite harmless, but to avoid disappointment be sure to get the delatone for frequent users of meat, especial in an original package.

## SHORTAGE IN MEAT

Canada.

Dr. Hastings, medical officer of health, in his report to the board of health, in his report to the board of health yesterday afternoon, declared that anyone who had given serious thought to the food problem could not but be convinced that, if not averted by a well-organized, prompt and united action, a food famine was unavoidable in the near future. In consequence of the abundance of the food supplies the people in Canada had not only been well fed, but overfed, and actually prodigal of their own food. This was for the most part due to the fact that the people of the Dominion had for the past year, and still have mare money per capita to their credit than ever before. The average and the fact that the people of the Dominion had for the past year, and still have mare money per capita to their credit than ever before. The average and the fact that the people of the Dominion had for the past year, and still have mare money per capita to their credit than ever before. The average and the fact that the people of the Dominion had for the past year, and still have mare money per capita to their credit than ever before. The average and the fact that the people of the Dominion had for the past year, and still have mare money per capita to their credit than ever before. The average and the fact that the people of the Dominion had for the past year, and still have mare money per capita to their credit than ever before. The average and the fact that the consumption should be reduced.

The average of the food of the past the fact that the people of the Dominion had for the past year, and the follows. The was for the mirror and talked to the German turned the Somme province, during one of the German turned

portant part in the high cost of living.

There will come a time, he said, when the keys will be turned in the doors of the munition plants and thousands will be thrown out of employment, and if steps were not immediately taken, the price of foodstuffs would soar beyond all buying by the working class. He urged that the federal government take prompt action if need be, by martial law, and commandeer all the vacant land and conscript every available man for agricultural service. If such a step were not taken a food famine was certain very soon.

tain very soon.

Too Little Land Cultivated.

He pointed out that with 440,000,000 acres of land in Canada, there was less than ten per cent. under cultivation and the percentage was bewas less than ten per cent. under cultivation, and the percentage was becoming less every year. There would still be a greater falling off this year if the man power of the nation were not forced into action. One could receive any greater disscarcely conceive any greater dis-grace, any greater national calamity than would confront them if, with al-most 500,000,000 acres of productive most 500,000,000 acres of productive land, capable of producing food enough for every man, woman and child in Europe, they permitted the balance of the empire and the allies to be further threatened with famine thru lack of organized effort.

A shortage in meat was becoming more and more apparent in Canada every day, and he predicted that meatless days would soon be a fact in this country. There were also many economic errors which should be corrected by the government. In the first four months of the year his department had destroyed as unfit for human consumption, 537 immature calves from six small abattoirs which did not purchase more than one-quarter of the number slaughtered by the six large abattoirs. The average dressed weight of these calves, without skin, would be approximately 50 pounds. Therefore, the apparent loss for the first four months of this year was 23,350 pounds of immature veal. Had these calves received proper nourishment and care for six months and then slaughtered their approximate dressed weight would have been 175 pounds each, or a total of 93,975 pounds. Because of this condition he strongly urged legislation prohibiting the slaughter of calves under two years of age.

## LIBERAL LEADERS FORGET NOTHING

Touch Upon Every Public Question in Sight at Parkdale Meeting.

War issues and problems confront ng Canada and Ontario formed the keynote of speeches, frequently interrupted by applause, at a meeting of approximately 300 members of the Parkdale Provincial Liberal Association in Parkdale Assembly Hall, Lansdowne favenue, last night. Enthusiasm featured the meeting. Speakers were G. G. S. Lindsey, who presided as chairman; Mrs. Margaret Hyslop, of the W.C.T.U.; Sam Carter, M.L.A., and N. W. Rowell, M.L.A.

Mr. Rowell, who was greeted with an ovation which lasted a couple of minutes, reviewed the legislation of the closing session of the legislature, characterizing the granting of franchise to women as the most democratic and important piece of legislation in twenty-five years. He called upon Dominion administration leaders to adopt measures to solve the problem created by the lack of enlistments. The people, he declared, should first of all consider winning the war, drop party politics and serve and sacrifice for Canada. He endorsed the proposal of stopping the manufacture of liquor in the Dominion to conserve the food supply.

An Extensive Review.

Sam Carter in a vigorous, caustic speech, at the expense of the Conservative government, discussed prohibition, women's franchise, party patronage and profiteering, nationalization of railroads, the hydro-electric and nickel problems. In demanding that the government take control of the C. P. R., he declared that with the probable exception of W. F. Maclean there were chise to women as the most demo-

ception of W F. Maclean there were no big leaders in Canada who were today standing out boldly in favor of the people against the big corpora-tions. He lauded the stand of N. W.

Conservative government.

He condemned party patronage, endorsing civil service, and advocating preference in civil service to the returned soldier. He also scored race track gambling in Canada, and closed his speech with an appeal for Liberals to win the support of the laborer and the farmer.

The government has done little or nothing. The provincial government have been fairly active in pointing out the dangement of the labor paper, also the officials of the labor

St. Thomas, May 8.—The London presents of the know Presbyterian Church Moderator Rev. W. T. Galbraith of Thamesford presided. On motion of Rev. J. W. Crawford of Westminster the presbytery disapproved of the reported stand of S. F. Class, M.P., in regard to Sunday labor on farms.

## RESTRAINTS UPON LIQUOR PRODUCTION

(Continued from Page 1). toxicating liquor. At the same time he was under the impression that a large quantity of the alcohol produced by the distillers went into the manu-

by the distillers went into the manufacture of high explosives.

Mr. Northrup (East Hastings), asserted that nearly all the distillers of Canada were supplying their output to the imperial munitions board, and Dr. Clark, the Liberal member for Red Deer, doubted if the adoption of Mr. Devlin's motion would shorten the war by ten minutes.

Halifax, 38-56.

Lower Lakes and Georgian Bay—Moderate winds, mostly north and northwest; generally fair; not much change in temperature.

Ottawa Valley and Upper Lawrence—Moderate winds; generally fair; not much change in temperature.

Lower Lawrence—Moderate northeast and north winds; generally fair; not much change in temperature.

Lower Lawrence—Moderate northeast and north winds; generally fair; not much change in temperature.

Gulf and North Shore—North and northeast winds; fair; not much change in temperature.

Maritime—Some local showers, but nostly fair; danger of strong northeast winds off the Nova Scotla coast.

Superior—Moderate winds, mostly northerly; fair; stattonary or higher temperature.

Mentalia Sanitationary or higher temperature.

Mentalia Sanitationary or higher temperature.

Mentalia Sanitation would shorten the war by ten minutes.

He said that the season was so late in central and northern Alberta that barley was about the only crop the farmers could put in this spring, and that he did not think it fair to deprive them of their principal market.

Sir George Foster, replying to Dr. Clark, said there was no injustice in depriving a man of a market to which he had no right. Certainly in the present crisis, when food was essential to the allies, there was no justification in a farmer growing barley for the manufacture of beer. He had better dispose of the barley for other spurposes. The government, however, sould not accept Mr. Devlin's motion would shorten the war by ten minutes.

He said that the season was so late in central and northern Alberta that the seaid that the season was so late in central and northern Alberta that the seaid that the season was so late in central and northern Alberta that the seaid that the season was so late in central and northern Alberta that the seaid that the season was so late in central and northern Alberta in central and norther farmers could put in this spring, and that he did not think it fair, to deprive them of their principal market.

Sir George Foster, replying to Dr. Clark, said there was no injustice in depriving a man of a market to which he had no right. Certainly in the present crisis, when food was essential to the allies, there was no justification in a farmer growing barley for the manufacture of beer. He had better dispose of the barley for other purposes. The government, however, could not accept Mr. Devlin's motion and shut off the supply of grain to distillers because the distillers were furnishing the imperial munitions board, the said, all grain used by the distillers in the part year was more than accounted for by the alcohol they had furnished to the munitions board. The government had however, been pressed on many questions to prohibit the further manufacture of alcoholic liquors in Canada during the war, and the subject was receiving careful consideration. He internated that some announcement on this subject might be expected in the near future.

Much Grain for Liquor.

Mr. Povlin in moving his motion.

Clark Rebukse Critica.

Clark Leving May 8.—The railway commitate this morning at the meeting of the special committee of the house of committee of the house of committee in the house of committee of the house of committee appeared for the brotherhood of locomotive engineers, W. L. Best, for the malway committee of the railway act. Calvin Lawrence appeared for the brotherhood of locomotive engineers, W. L. Best, for the malway committee of the subject man into the United Kingdom or to the United Kingdom or the subject of the residual proposes. In his opinion no grain should be exported of the railway committee.

Mr. Robb (Huntingdon) pointed out in requesting that a clause be stricken from the bil

## **ERRORS GAVE LEAFS** VICTORY OVER GRAYS

Two Boots and a Walk Gave Larry's Boys Their Runs in Eighth.

vided was of a sparkling order, and this hurried the contest thru. Bill Kelly turned back three Providence runners with ease.

The Leafs were in a hole right at the start. Brainard, the first man up, poied a single to left. Powell laid down the bunt, but Eayres struck out. Onslow doubled to deep left to count Brainard. After one man had been disposed off in the second inning Smith made a bad peg on Cooney's roller. Mayer hit sharply to Blackburne and Lena pegged to second, heading off Cooney. Lajoic hurried the throw along to Graham for a neat double play.

Our Larry cut a hit to deep third to open the second and Graham sacrificed. The next two were unable to do anything. Eayres laid down a bunt and beat it out in the 4th. Onslow sacrificed and Lajoic scooped it up; made a pretty throw to first and Graham pegged to second to make the double play. Another nice piece of fielding. The visitors' only other chance came in the 7th. With one down Onslow dropped a hit into centre field and stole second. Tutwiler hit a high fly to deep centre, and Jacobson cut Onslow off at third with a beautiful peg. Smith covering the bag.

Bill Kelly started off our third with a single, and Bunny Hearn bunted meatly. Jacobson and Trout fell down badly. The fourth also looked hopeful but the needed hit was not forthcoming. Whiteman singled sharply to centre, but died stealing. Lajoic was walked only to be forced at second by Graham, who stole. Blackburne fanned.

We waited until the eighth. Schultz started all his own trouble by walking Smith. Kelly laid down a pretty bunt and got a life when Schultz fumbled it. Hearn sacrificed neatly, Jacobson raisèd a long fly to right field and Smith easily beat the return home. Trout grounded to shortstop, and Cooney obligingly tossed to the stand and Kelly came home with the winning run. Whiteman flied out. The Grays went out in order in the ninth.

The Leafs went thru with their first real drill yesterday when they lined up, marched across the field and came to the "present" while the fiags wer

the "present" while the flags were being raised. The Leafs used bats in place of guns. This will be a daily stunt, both at home and on the road. The players are taking an interest in their drill and are fast picking up the move-

# Leafs Playing the Ball

The Leafs are winning the kind of games these days that go to pull down a pennant. The grand stand critic will tell you that he would prefer to win on three hits to thirteen, and that's what Toronto did yesterday. The Grays showed a nice team, and their opening argument with the Leafs was bright with many fast plays and a lot of inside baseball. It was surely quick, lasting less than 1.15.

An interesting Incident was pulled off by the Providence bat boy, who wears the green page's uniform of a local hotel. An eligible was kidding the kid about pollshing his brass buttons, or something like that, when the precocious youngster shot back, amidst the applause of many fair ones, who were taking advantage of ladies' day: "You put on a suit of khaki and it won't be so hard to clean."

## That Will Win Pennant WILL HONOR LARRY AT ISLAND TODAY

President Ban Johnson Make Presentation at New York-Leaf Game.

A feature was the intelligent and clever work of Graham on three different occasions, when the manager did the thinking. It was in the third, with Schultz on, when Powell hit a grounder to first that Graham fielded the ball and started over an Johnson, the biggest man in base of the bag. Here Larry bawled out "second," and a straight heave easily headed off the runner. Then, in the fourth, after Lajote threw out Onslow, Graham whipped the ball again to second on the manager's suggestion, and caught Eayres away off the bag. In the same round, Lajote tipped off a high ball, almost a wild pitch, to Blackburne, and Graham, taking the hint, stole second, standing up.

Umpire McBride missed Tutweller's gap.

Umpire McBride missed Tutweller's swing at the ball when Onslow stole second in the seventh. Carpenter put his confederate right, and Manager Jack Egan admitted it, which was the retort courteous, showing that, while the millennium in baseball may not be here, it is approaching.

York-Leaf Game.

WOMAN SHOOTS ACTOR IN THEATRE AT PARIS

Performance Has Dramatic Close

audience was thrown into confusion, not seeming to comprehend for a moment whether the scene was part of the play or whether a real tragedy was being enacted. The actors playing the parts of Shylock and others abandoned their roles, and in their costumes gathered around the fallen star. All three shots took effect, and one of them caused a throat wound, which probably will prove fatal. The curtain fell in confusion as the actor was carried to a hospital. was carried to a hospital. The woman was arrested. As she The woman was arrested. As she performance of "The Merchant of Venice" was nearing its close in the Theatre Antoine last night, a woman, carrying a to vary in depth from 125 to 200 miles.

WED

# Society --- Conducted by Mrs. Edmund Phillips

the following ladies in private audience at Windsor Castle yesterday: Lady Perley, Mrs. John O'Hagen, Lady Ward, Lady Morris, Mrs. W. E. Mas-sey, Miss Massey.

Her excellency the Duchess of Devonshire has given a platinum pendant set with rubles; also an unset amethyst, to the Laurentian Chapter of the Imperial Order of the Daughters of the Empire, to be disposed of at their auction, which opens on Thursday afternoon next, at two o'clock, for the benefit of the prisoners' of war fund and the Soldiers' Aid Commission.

Mrs. W. E. H. Massey, Dentonia Park, is lending her grounds to the Samaritan Club for a garden party, on June 21, when the club hopes to have a thousand people at the party.

On Monday night at the Royal Alexandra, Mr. Robins of the Robins Players, gave the performance to the Auxiliary of the 3rd Battation and the Association of Returned Wounded Officers of that battalion, which attends to the wants of the battalion both at the front and to the dependents in Canada. The theatre was packed and the 3rd Battalion's share came to ove \$900, which Mr. Robins announce from the stage in a little speech. from the stage in a little speech. A few of those present included: General Sir Henry and Lady Pellatt, Col. and Mrs. R. S. Wilson, Mrs. Herbert Mason, Captain and Mrs. Vernon Castle, Col. the Hon, James Mason, the Hon. W. D. and Mrs. McPherson, Lt.-Col, and Mrs. George Ross, Mrs. Tovell, Mrs. Goulding, Mr. and Mrs. Legie Henris Mr. McPherson, CEF. Tovell, Mrs. Goulding, Mr. and Mrs. Leslie Harris, Mr. MacPherson, C.E.F., Mr. and Mrs. E. P. Beatty, Mr. Boyd, C.E.F.; Mr. and Mrs. A.M.M. Kirkpatrick, Mr. W. A. Langton, Mrs. Barr. Miss Kirkpatrick, Mr. and Mrs. Charles Clarke, the Misses Mortimer Clark, Major and Mrs. Barton, Mrs. Fraser, Mrs. McMaster, the Messrs. McMaster, Mrs. James George, Mr. and Miss Candee, Miss Cook, Mrs. H. D. Warren, Miss Cook, Miss Warren, Mrs. Charles Band, New York; Miss Amy des Brisay.

Col. and Mrs. Gooderham gave a reception at Deancroft last night for the Belgian pianist, Mons. Bourguignon, after his concert in Foresters' Hall. Mrs. Gooderham wore a very handsome gown of green velvet and chiffon with beautiful pearls. A buffet supper was served in the diningroom, the polished table having a centrepiece and doileys of real lace and silver vases of pink sweet peas and maidenhair ferm. The drawingroom had quantities of lovely crimson roses. There were between \$0 and 100 people present, mainly the musical people who greatly appreciated the privilege of meeting the distinguished Belgian. Among those present were:
Mrs. Burke, Miss Mannie Hughes (Ottawa), Mr. Stanley Adams, Mrs. Gerhard Heintzman, Mrs. Palm. Dr. Watson, Miss Jean Anderson, Misses Deeks, Miss Hamendt, Mrs. John Macdonald. Mrs. Bancroft, Col. and Mrs. Bruce, Mrs. W. J. Elliott, Mrs. George Dickson, Mr. and Mrs. Ivey, Miss Leonore Ivey, Signor and Madam Morando, Mr. and Mrs. Arthur Pepler, Mr. and Mrs. Allen Case, Mr., and Mrs. J. P. Hynes, Mr, and Mrs. Eugene Beaupre, Miss Stuart and Miss McPherson.

At the Bourguignon recital last night in Forester's Hall the pretty girls of the Students' Club of the Canadian Academy of Music acted as ushers, ten of them. There was a very large and lence to hear the Belgian pianist, a few of whom were: Col. and Mrs. Riddell, Captain and Mrs. A. E. Gooderham, Mrs. Gooderham, Hon. Justice and Mrs. Riddell, Captain and Mrs. Raik. Geoderham, Mrs. Gerhard Heintzman, Mrs. Palm, Mr. and Mrs. Ale. Gooderham, Mrs. Gerhard Heintzman, Mrs. Palm, Mr. and Mrs. Reight Mrs. Melville White, Mr. and Mrs. Frank Macklem, Dr. Crawford Seadding, Miss Scadding, Mrs. Miller Lash, Miss Langest Grown on Sopoprotune and so generous for our unfortunate compatriots, refugees and from Toronte.

## FREE **SEEDS**

THE KINDNESS OF THE WM. RENNIE COMPANY, HAS A LOT OF FLOWER SEEDS TO GIVE AWAY TO BOYS AND GIRLS OF TORONTO WHO WILL GROW FLOWERS THIS SUMMER TO DECORATE SOLDIERS' HOSPI-TALS AND HOMES. ALL YOU HAVE TO DO IS TO SEND IN A STAMPED, SELF - ADDRESSED ENVELOPE, AND AUNT JUNE WILL SEND YOU THE SEEDS.

> GET THEM NOW

Miss Sibbald has left for Jackson's Point for the summer. Mrs. Brichla and her children will spend the summer with her. Major Hiram Bingham, Washington D.C., is at the King Edward.

Miss Mary A. Chipman left for Boston yesterday to visit Mr. and Mrs. Whidden Chipman for a month or six weeks.

Sir John Meston, India, who is in London with the imperial war conference, is a brother-in-law of Mr. Allan Ramsay of the imperial munitions board, Ottawa.

General Gwatkin spent the week-end in Toronto from Ottawa. Mrs. Mark Hambourg, wife of the fa-mous pianist, has qualified for hospital work and is engaged for six hours daily in one of London's convalescent homes.

## ASSIST RED CROSS.

Fine Concert Given by Choir of Trinity
Church, East King Street.
In aid of the Red Cross Society a choir
concert was given last evening in Trinity Church, East King street, under
the conductorship of W. J. Wilson, choir
master. The following artists contributed to a first-class program: Mrs.
M. L. Aikin, Mrs. W. E. Brown, Miss
V. Graydon, Miss H. McIroy, Mrs. G.
C. Nettleton, Miss G. Newall, Miss L.
Newall, Miss Marjory Thompson, Miss
E. Webb, W. Bryan, A. E. Johnson, H.
McIlroy, J. McIlroy, G. C. Nettleton,
Sapper W. T. Trollope, C. D. Wilson, and
W. J. Wilson.

RAISE GOOD SUM

A tea in aid of the Sir Douglas Haig Auxiliary, given at the home of Mrs. McKenzie of Pinewood avenue, realized the sum of \$55.00.

SALE OF COOKING

A hundred dollars was realized by the sale of home-made cooking held by the Heather Club Chapter at the home of Mrs. J. G. Marshall, West King street. The chapter is interested in the care of tubercular children.

Beaity, Mrs. Company Mrs. E. P. Beatty, Mrs. Cameron and Margueritte's Young Ladies' Bible class, Toronto.
Owing to limited transportation

facilities no second-hand clothing will be received until further notice.

## ST. MICHAEL'S HOSPITAL FAMOUS PICTURE **NURSES HONORED AT**

Archbishop. McNeil Presents Diplomas to Twenty-Nine Graduates.

St. Michael's Hospital was en fete esterday afternoon in honor of the raduation of twenty-nine of its

ent and more adaptable than any others whom he knew. Rev. Dr. Foley gave an address. Other speakers were Rev. Father Cline, Father Bench. Dr. Uren, and the archbishop.

A new note was thorwn into the addresses when Dr. Uren, Father Bench. ers were Rev. Father Cline, Father
Bench. Dr. Uren, and the archbishopA new note was thorwn into the addresses when Dr. Uren. Father Bench
and Dr. Dwyer advocated the extension of the province of the nurse, so
that she might become the general
supervisor of any home in which she
found such a need. At the conclusion of the exercises, the guests were
entertained by the staff of the hospital. The following is the list of
graduates: Mabel Power, London;
Gertrude Smith, Perth; Marie O'Brien,
Grafton; Ursula Doe, Toronto; Eva
Richardson, Toronto; Mamie Tuffy,
Colden: Annie Bowie, Toronto; Maes
O'Donnell, Ayton; Irene Leahey, Coulson; Nora Dunley, Hastings; Annie
Anderson, Toronto; Nellie Hartnett,
Dunnville; Arloa Cunningham, Moncton, N.B.; Gladys Gendron, Penetang;
Mary McTeer, Chatsworth; Mary Doherty, Wieldfield; Mona O'Nell, Toronto; Grace Hart, Belleville; Catharine Roney, Toronto; Sarah Jones, Colborne; Mary Black, Campbellford;
Valeda 'Decaire, North Bay; R.
O'Brien, D-wneyville; Eva Latcham,
Port Dalhousie; Edyth Atmore, Parkhill; Anna Staley, Beaverton; Ella
and interest such as has fallen to the
lot of no other film that has ever
been shown in the city. The mere
announcement that Sarah Beprihardt
would be seen in this picture at the
Strand was sufficient to draw overflowing crowds to that theatre on
Monday. When these realized that
not the half of the wonder, of the
prowner and the pathos of this great
masterplece had been told them in
turn, spread the tale along that.
"Mothers of France" is a photoplay
that none should miss. Thus on
Tresday the rush of people determined not to miss it became greater
still, and an increase of the same
kind may confidently be anticipated
every day this week.

It is needless to expatiate on the
maxvel and magnetism and the magic
of the French gentlewoman, who is
the very mirror of the heart and the
soul of France. Suffice it to say that
the strand was sufficient to draw overflowing crowds to that theatre
to draw a draw a sufficient to draw over-A special prize for general satisfac-tion, given by Rev. Dr. Foley, of St. Michael's College, was awarded to Miss Eva Latcham.

## Reading Camp Association Keeps Up Its Good Work

The Reading Camp Association's 16th annual report, just issued, states that over fifty of the camp instructors have volunteered and some of \$1,000; W. E. Saunders & Co., \$54.50; closed chapter (Simcoe), \$25.50; Colonel George Denison, \$25; Newcastle Women's Patriotic, \$25; Miss Helen Clarkson, \$10; Miss Blanche Deacon, \$9; Mrs. F. T. Toy, \$6; Mrs. Ferguson, \$6; smaller donations amounting to \$10.25; Mrs. Form St. Alban's Red Cross; Sox from St. Alban's Red Cross; Women's Patriotic League, Newcastle; Mrs. Stiffens, Mrs. MacDonald, Westminster College, Bloor street;

ment of the Women's Patriotic League to be: Four hundred and fortynine pairs socks. 20 corrugated boxes addressed to individual soldiers, 25 gauze suits, 28 property bags, 28 towels, 6 service skirts, with a large quantity of wash cloths, sweets, bound books and supplies and in money \$55.62. Mrs. VanKoughnet also reported that the shower for the reported that the shower for the Queen's Birthday gift would continue until May 26.

## Announcements

Notices of any character relating to future events, the purpose of which is the raising of money, are inserted in the advertising columns at fifteen cents a line.

Announcements for churches, societies, ciubs or other organizations of future events, where the purpose is not the raising of money, may he inserted in this column at two cents a word, with a minimum of fifty cents for each insertion.

PAGEANT OF FAMOUS WOMEN:

Romanelli, is especially beautiful and appropriate, and does much to heighten and enhance the photopolar and selections for the week from the soldiers comforts department of the Women's Patriotic League to be: Four hundred and forty-

# **Enemies of Tea**

If tea is left open near oranges, soap, spices, matches, etc., the tea will take on the flavor of any of these articles.

In fact, tea absorbs odors as readily as does butter. This is because of the high temperature at which it is "fired" during the drying process, which makes the tea very sensitive. It thus quickly loses flavor and strength, and goes "flat" if left exposed to odors, dust or air.

## To Protect the Consumer

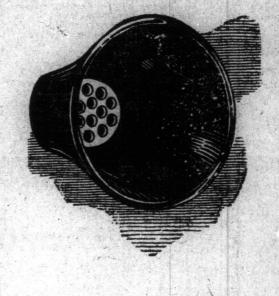

When you buy a package of Red Rose Tea at your grocer's you get the benefit of the great care we take to protect the consumer, as the sealed package is an armor that keeps out odors, dust and air. It keeps the tea pure, clean, fresh and full strength.

The price printed on the package protects you against overcharge. It is the lowest price for which a tea of Red Rose quality can be sold—a price which allows the grocer only a fair profit.

You will enjoy the distinctive flavor, rich strength and splendid economy of Red Rose Tea. TRY A PACKAGE.

Sold only in sealed packages

# The Mouthpiece.

Science and the experience of years have combined to fix the shape, the size and the material of the telephone mouthpiece.

It is designed to gather the sound waves from lips that are about half an inch from its rim and directly in front of it.

When you speak from an angle or from a foot or more away transmission cannot be first class.

You can help to safeguard the quality of your service by always speaking distinctly, directly into the mouthplece.

**BRITISH DESTROY** SEVEN BALLOONS

With the British Armies in the Field, May 8.—Seyen British aeroplanes today shot down seven German balloons in a resumption of vigorous aerial offensive by British fiyers. The weather was clear and the backwardness of the season, it will especially favorable for fighting in

"Three of the German balloons were set afire by incendiary shells while far aloft, and fell flaming to the ground. Two more were struck down by British planes while hovering close over the German lines. In the case of the other two, the British airmen. careless of anti-aircraft gunfire, slipped up to hangars and dropped explosives on the 'sausages' not yet loosed for flight,

"Fighting was still going on vio-lently today around Bullecourt. At the time this despatch is sent, the Germans were vigorously assaulting that portion of the Hindenburg line west border of the village itself. Big bodies of German troops were massed in the southwest part of the village for this attack, but it has so far proven fruitless.

"During last night a violent German counter-thrust. at a British sector northeast of Fresnoy succeeded in gaining the enemy a little ground. held by British troops on the south-

Synopsis of Canadian Northwest Land Regulations.

The sole head of a family, or any male over 18 years old, may homestead a quarter-section of available Dominion land in maintons, Saskatchewan or Alberta, Applicant must appear in person at the Dominion Lands Agency or Sub-Agency for the District. Entry by proxy may be made at any Dominion Lands Agency (but not Suo-Agency) on certain condi-

but not sub-Agency) on certain conditions.

Duties.—Six months' residence upon
and cultivation of the land in each of
three years. A homesteader may live
within nine miles of his homestead on a
farm of at least 80 acres, on certain conditions. A habitable house is required,
except where residence is performed in
the vicinity.

Live stock may be substituted for cultivation under certain conditions.

Live stock may be substituted for cultivation under certain conditions.

In certain districts a homesteader in good standing may pre-empt a quarter-section alongside his homestead. Price, \$3.00 per acre.

Duties—Six months' residence in each of three years after earning homestead patent, also 30 acres extra cultivation. Pre-emption patent may be obtained as soon as a homestead patent, on certain conditions.

soon as a homestead patent, on certain conditions.

A settler who has exhausted his homestead right may take a purchased homestead in certain districts. Price \$3.00 per acre.

Duties.—Must reside six months in each of three years, cultivate 50 acres and erect a house worth \$300, W. W. CORY,

Deputy of the Minister of the Interior, N.B.—Unauthorized publication of this advertisement will not be paid for.—1141.

## "TIS A LONG LANE THAT HAS NO TURNING," SAYS BROKER

Many Bargains Offered to Investors by Present Depression in Mining Market.

Stock markets have the special aptitude of running to extremes. During a buoyant period everyone becomes so enthusiastic that nobody can see a top and speculation becomes rampant. Similarly, during a period of depression market followers lese confidence in the best of securities and fail to see a bottom. The Standard mining market has run into the latter condition, and the depressing sentiment is almost thick enough to cut. Old market operators are not worried when this stage is reached, they say little but buy much, and await the inevitable turn. Cobalt and Porcupine have been handicapped for months with a threatened strike and the high costs of mining. Two important mines, the Hollinger and the Dome, have cut their dividends, and many non-earning properties are curtailing their operations until labor is more plentiful and mining necessities iese costly.

The silver producers have been compensated by the increase in the price of silver, but gold is always wonth the same price, and therefore the compensation to the gold properties can only come when lower prices for other commodities arrive. But the day of lower prices is thought to be not far away. Already relief in labor is expected to come from release in munition factories and in other war directions. All the bad news possible has found its way out of the mining camps, and those who have been selling stocks to force lower prices have not raned to see that the worst features have had due prominence.

Market traders have little sentiment. They will sell stocks just as readily as buy them if they can make money on the transaction.

Traders in Winnipes thought they could sell wheat safely at \$2 per bushel and got nipped to the extent of millions of dollars, and the sellers of the mining shares are liable to receive drastic treatment when the turn arrives. Financiers of the highest standing believe that peace is now in sight. The gold and silver are essentially peace issues, and any day may bring news that would cause a complete rout of the large short interest

## **NO STAND MADE** BY LOCAL MARKET

Uncertainty of Commercial Outlook a Barrier to Market Improvement.

The Toronto stock market gives no present evidence of being able to make a stand. Pools in some instances are tendering support largely with the idea of selling more than they are compelled to take. Occasional outside speculative purchases are being made on a comparison of prices with those of some time ago. In stocks of undoubted merit this should prove profitable, but many of the speculative issues sold at ridiculous prices that will only be reached again in imagination. The outery against taxation of profits will be without avail and a further combing down of profits is more than probable. Yesterday's business was scattered and there was no response to the Wall Street movement except that domestics became heavy when the American market showed late weakness. The uncertainty of future commercial business is a detriment to any early market improvement.

1. WANT CEREALS CONSERVED

Special to The Toronto World.

Woodstock, May 8.—At a meeting of the local board of trads a resolution was passed urging the government to limit the use of cereals. The board felt that in view of the present crisis which makes imperative the conservation of cereals for food purposes, the government should for the duration of the war, prohibit the use of cereals for the manufacture of intoxicating liquors and other beverages.

PRICE OF SILVER London, May 8.—Bar silver, 37 15-16d.

New York, May 8.—Bar silver, 74%c.

ATTEMPTED SAFE-BLOWING Special to The Toronto World.

Chatham, May 8.—Safe-blowers last night attempted to force open the vault in the office of Ex-Ald. Samuel Kovinsky of this city. The combination and door of the safe were partially destroyed. The burglars were unable tou force an entrance, however, and left without any loot.

**BUYING TIME** 

Authentic reports from Porcupine and Cobait are favorable to a speedy settlement of the labor problem; and, with this deterrent factor successfully dealt with, indications are that mine production will be materially increased, as well as that the market will quickly show marked improvement.

When stocks of merit are seiling low — below demonstrated mine value—is the opportune time for shrewd buying.

THAT TIME IS AT ONCE! HAMILTON B. WILES (Member Standard Stock Exchange)
