OPPONENTS' SPLIT ENABLES LIBERALS TO WIN W. PETERBORO Mayor Church's House-Building Scheme Killed by the City Council

ONLY ONE-THIRD OF CITY UNEMPLOYED HAVE ASKED RELIEF

Must Soon Double Expenditure If Public Works Not Opened Up.

LEGISLATORS CONFER

Unless extensive public works are opened up within the next week or so Toronto's expenditure for relief work will probably have to be doubled and tripled.

It was learned by The World yesterday that the government employment bureau has about 7,000 registered men and over 7,000 registered women on the list of unemployed.

Only about a third of this number have so far put in a claim for city relief which means that another 14,000 will have to be supported at the city's expense within a short time, as these men are fast using up what savings they might have had put by for a rainy day.

At the present time some 3,600 families of unemployed are getting relief from the city, but government registration shows about 8,000 unemployed married men here.

Over 1,400 men were handled at the government bureau yesterday, compared with a registration of about 1,100 on Saturday.

Little Work Offered. "Hardly any work is being offered, and things will be pretty bad before (Continued on Page 5, Column 6.)

DOUBT CONNECTION WITH MURDER CASE

Police Inclined to Absolve Uncle of Slain Montreal Girl.

Montreal, Feb. 7.—The police, it is now claimed, are shaken in their belief that Arthur Jacques, uncle of Adeline Malherbe, found murdered on Prospect street, a lonely residential thoroughfare of Westmount, this city, last Friday night, had anything to do with the crime.

Further clues are coming to light in the case. An automobile which had been driving close to the scene of the murder at the time of its occurrence at 10.50 p.m. Friday night has been reported that it nearly ran over a man at the corner of Prospect street and Bolton avenue about that time and the police think that this man if he can be found, may have seen something of the crime.

Another man is also being sought who is reported as having been seen nearby at the time of the murder.

Questioned by the police tonight Benny Adeleman, at whose house Jacques is a roomer, stated he was certain Jacques had returned to his house about nine o'clock Friday night and had taken a bath and gone to bed.

He was positive Jacques had not gone out again afterwards. Mrs. Adeleman, he said, had passed by Jacques' door at 11 p.m. The door was partly open and she could hear him snoring and talking in his sleep.

MICHAEL COLLINS KILLED? DUBLIN DENIES STORY

Dublin, Feb. 7.—Michael Collins, "adjudant general" of the Irish republicans, who was killed in the ambush at Bagenalstown last week, in which it was previously reported he had been wounded, according to the police authorities here.

Collins, the police declare, was shot dead while giving instructions to his men in carrying out the ambush attack.

COUNCIL REJECTS PLAN FOR BUILDING HOUSES BY CIVIC COMMISSION

Only Five Members Finally Support Mayor's Scheme—Another Large Sum Voted for Relief of Unemployed—Authorize Legal Proceedings to Compel Railways to Join With City in Building Viaduct on Esplanade.

The proposal formulated by Mayor Church and sent on thru the board of control to authorize house building by a civic commission was rejected by the city council yesterday by a vote of 13 to 12 in committee and 18 to 8 in council.

A motion by Ald. Johnson to establish a fund of \$1,000,000 and make loans to builders up to 75 per cent, was killed by a vote of 15 to 6, and an amendment in favor of the city loan program of expenditures on sites and buildings for 1921, amounting to two million dollars.

Authorized legal proceedings to compel the railways to join with the city in building the railway viaduct on the esplanade.

Authorized a number of appointments and promotions with some salary increases, including three dozen salary readjustments in tax collecting branch.

Passed the board of education program of expenditures on sites and buildings for 1921, amounting to two million dollars.

U. S. Naval Secretary Issues Challenge to the War Department.

Washington, Feb. 7.—Participation by the United States war department in a series of experiments to determine the value of aircraft against major naval vessels, was invited by Secretary Daniels today in a letter to Secretary Baker.

The first of the tests will be conducted within the next 90 days, Mr. Daniels said, and conditions approximating those of battle will be simulated.

The captured battleship Oostersland, of 28,500 tons, probably will be used for the first experiment.

Admiral R. E. Coontz, chief of naval operations, prior to the making public of Secretary Daniels' letter, had told the house naval committee that within three months the navy department would bomb a large warship from the air in the open sea in an effort to test the theory advanced by Brig. Gen. Mitchell, of the army, that air service, that airplanes had made capital naval vessels useless.

Secretary Daniels, in making public his letter to Secretary Baker, pointed out that by allied agreement the United States was obligated to destroy the Oostersland, and other former German naval vessels given to the United States as soon as experiments under way were completed.

He could think of no more fitting or useful method of destroying them, he said, than by using them as test ships for aviation bombing experiments.

He indicated that the old battleship Iowa, already fitted with radio control apparatus, would be used for a similar purpose later.

A Modern Battleship. The Oostersland was one of the more modern battleships of the former Kaiser's navy, mounting 13-inch guns. The vessel is fitted with a very thorough system of electric light, and the compartments are shielded, in the opinion of naval officers, provide a very good demonstration of what damage might be expected from aerial bombs exploding on a modern warship.

The house naval committee will meet in executive session tomorrow to discuss authorizing the immediate construction of two huge airplane carriers for the navy.

At the same time the senate naval committee is hearing the views of the naval general board on Senator Borah's resolution to suspend naval construction for six months to give experts a chance to study the lessons of the war.

What Council Did

WARY OF WORK, BUT LEGISLATURE HAS NO SOLUTION

Members Freely Admit Situation Is Critical, But Have No Scheme to Offer.

There was a little free-for-all in the legislature yesterday afternoon over the unemployment situation, but beyond an exchange of views as to its cause, effect and possible remedy, the long-drawn-out debate produced nothing of a tangible nature.

It was freely admitted that the emergency was acute, but when it came to devising a scheme of relief there was a decided paucity of ideas.

The matter was precipitated by Hon. Manning Doherty, minister of agriculture, who addressed the house in answer to criticisms in regard to the immigration policy that is being followed by the Ontario government.

He stated that the Ontario government was responsible for an influx of immigrants at a time when they could not be absorbed.

He stated that the Ontario government was responsible for an influx of immigrants at a time when they could not be absorbed.

WEST PETERBORO GIVES VICTORY TO THE LIBERALS BUT ALSO TO PROTECTION

G. N. Gordon Rolls Up Over 1,300 Plurality Over Government Candidate, With the Candidate of Farmers Third—Split in Conservative Vote Responsible for Defeat—Farmer Candidate Made a Good Showing in Rural Constituencies.

Peterboro, Ont., Feb. 7.—(By Canadian Press).—G. N. Gordon, the Liberal candidate, was tonight declared elected for the constituency of West Peterboro by a substantial majority.

The returns were as follows: G. N. Gordon, Liberal, 2884; R. Denno, government, 2697; J. C. Campbell, U.F.O., 2428; J. H. Burnham, Independent-Conservative, 2416; Thos. McMurray, Labour, 978.

There are still five polls to hear from in the country. The final figures will make no material change in the standing of the candidates. Gordon leads the field by a majority of one.

Some days ago Mr. Burnham predicted the vote against the government would be four to one. McMurray is the only candidate who loses his deposit. The result was never in doubt.

The first half dozen polls were received by Mr. Gordon from his father who resides in Toronto. One message read: "This will mean a general election."

City Favored Gordon. In 1917, H. Burnham, who was responsible for the present by-election, was elected by a majority of over three thousand, and in 1911 he defeated J. R. Stratton by a majority of 45 votes.

The country has usually returned a majority for the Liberals in this election the situation was reversed, and the country vote went against the Liberal candidate and in favor of Campbell, with the city voters lining strongly for Gordon.

Result Seen Early. After the first twenty polls were in, Mr. Denno conceded defeat, and thanked his workers assembled in the "Red Room" for their co-operation and support.

Mr. Campbell, defeated U.F.O. candidate, addressed his supporters in similar terms. He said he looked forward to re-entering the local political field at some future date after the redistribution promised by the government.

He said that one effect of the campaign was that the farmers were never united so strongly as they are today. At appeal was made for funds to help defray Mr. Campbell's election expenses, and was well responded to.

The Labor candidate attributed his defeat to a general split in the labor ranks.

Was Missionary Work. Mr. Thoms, M.L.A., regretted the turn of the tide against labor, but said it was just missionary work they were doing.

Mr. Campbell, who was not educated up to supporting their own men, said that he was surprised to find that the Liberal party had a splendid record in the election.

The Liberal party joins me in heartiest congratulations to yourself and the Liberals of Peterboro on your splendid victory. No political contest in years has been of like significance.

We may now look forward with confidence to the triumph of Liberal principles throughout the Dominion at the general elections which the government is at all capable of interpreting public opinion, should be granted without delay.

OTTAWA, Feb. 7.—(By Canadian Press).—Hon. W. A. Mackenzie King, leader of the Liberal party, tonight despatched the following telegram of congratulation to G. N. Gordon, the successful Liberal candidate:

The Liberal party joins me in heartiest congratulations to yourself and the Liberals of Peterboro on your splendid victory. No political contest in years has been of like significance.

We may now look forward with confidence to the triumph of Liberal principles throughout the Dominion at the general elections which the government is at all capable of interpreting public opinion, should be granted without delay.

Reverse Likely to Have Marked Effect on Government's Political Plans—Division of Vote Responsible for Election of Minority Representative, But Effect of Government Defeat Is Not Removed—Talk of Early General Election.

Special to The Toronto World. Ottawa, Ont., Feb. 7.—That a new parliament will revise the tariff may be the effect of the result in West Peterboro today. It is a severe reverse for the government, and an appeal to the electors in May June may be considered advisable.

It was a remarkable contest, and under conditions that remove much of the significance of the opposition victory, but do not remove the effect of the government's defeat.

The government expected to win, believing that the Burnham vote would desert him, but on the contrary he polled beyond his own expectations.

Burnham together polled a much greater vote than Gordon, but in their competition they killed each other's chances.

Every Burnham vote was a loss to Denno, while the votes for Campbell and McMurray were a stroke loss to Denno and to Gordon, as the McMurray vote was entirely polled.

Even so, the government's restoration, it is a Liberal victory, and will have a marked effect on the government's political plans.

It is now generally believed that the government's political plans are far from safe.

It is now generally believed that the government's political plans are far from safe.

Advocates Election After Supply Bill

Montreal, Feb. 7.—(By Canadian Press).—Under the caption "Why Not An Appeal," The Montreal Gazette, one of the government's most influential supporters, tomorrow morning will urge editorially upon the federal government the advisability of a general election.

The Gazette will say, in part: "The by-elections won by the government mean merely the restoration of seats and indicate no new popular confidence, while the contested seats like East Elgin and West Peterboro have swung to the Opposition and weakened to that extent the strength of the ministry."

It happens that at the moment the time is propitious for an election save that supplies have not been voted.

The advice we have to give to the government is to proceed with the supply bill and then permit the electorate to express its preference for parties in order that stable administration and confident policy may be carried on.

The situation is now uncertain; the life of the ministry hangs by a thread; and carried up and down the streets on the shoulders of his supporters.

Result Seen Early. After the first twenty polls were in, Mr. Denno conceded defeat, and thanked his workers assembled in the "Red Room" for their co-operation and support.

Mr. Campbell, defeated U.F.O. candidate, addressed his supporters in similar terms. He said he looked forward to re-entering the local political field at some future date after the redistribution promised by the government.

He said that one effect of the campaign was that the farmers were never united so strongly as they are today. At appeal was made for funds to help defray Mr. Campbell's election expenses, and was well responded to.

The Labor candidate attributed his defeat to a general split in the labor ranks.

Was Missionary Work. Mr. Thoms, M.L.A., regretted the turn of the tide against labor, but said it was just missionary work they were doing.

Mr. Campbell, who was not educated up to supporting their own men, said that he was surprised to find that the Liberal party had a splendid record in the election.

OTTAWA, Feb. 7.—The Forney emergency tariff bill was put forth to the rear of the congressional legislative program today by an arrangement of Republican senate leaders arranged to keep the tariff bill on the waiting list until the annual postoffice appropriation bill is passed.

The tariff measure was set aside temporarily for consideration of the sundry civil appropriation budget, and it was planned to let the postoffice measure follow the sundry bill. The Republican managers, however, continued of the opinion that the tariff bill probably would reach a vote in the senate late this week.

U.S. TARIFF BILL SHELVED FEW DAYS

Temporarily Set Aside to Make Room for Appropriation Bills.

Washington, Feb. 7.—The Forney emergency tariff bill was put forth to the rear of the congressional legislative program today by an arrangement of Republican senate leaders arranged to keep the tariff bill on the waiting list until the annual postoffice appropriation bill is passed.

The tariff measure was set aside temporarily for consideration of the sundry civil appropriation budget, and it was planned to let the postoffice measure follow the sundry bill.

The Republican managers, however, continued of the opinion that the tariff bill probably would reach a vote in the senate late this week.

Teacher and Seven Pupils Killed By a Can of Nitro

Lawrenceville, Ill., Feb. 7.—Emmet Bunyan, school teacher, and five of his pupils were killed instantly and two others died of wounds when a can of nitro-glycerine exploded today near the cross roads school, about three miles west of here.

The explosion occurred at the noon recess, when one of the boys found the can near the school. Not knowing it contained an explosive, he playfully tossed it to a companion and the blast followed.

One wall of the school house was crumpled and Mr. Bunyan and eight boys were hurled about fifty feet in the air.

Several girls who were on the other side of the school house at the time, were knocked down and stunned by the blast, but not seriously hurt.

Officials of Lawrence county expressed the belief the explosive load was not a can of nitro-glycerine, but a can of nitro-cellulose which was used in "shooting" wells.

The boys killed ranged in ages from 12 to 16 years.

OTTAWA, Feb. 7.—Premier McGee's weakness in his cabinet has not given the country what was expected a new government. He has done well and has won third man's difficulties, but he cannot carry his new policy with the cabinet.

Organization is imperative, and if he fails to make a cabinet of his own country, he will be left with a parliament greatly encouraged and will face a "winner" which they expect to see in the prime minister's cabinet material, and all he has to do is to create cabinet vacancies to re-establish confidence in the government.

G.T.R. ARBITRATION GETS INTO TANGLE

Arbitrators Disagree on Whether Engineer's Evidence Is Admissible.

Montreal, Feb. 7.—An extraordinary and unexpected tangle caused another temporary impasse this morning in the work of the Grand Trunk arbitration commission when it met to hear evidence as to whether the evidence of H. H. Vaughan, an expert engineer, regarding the actual physical value of the property of the Grand Trunk with its reproduction value, should be admitted as evidence.

The commission differed pointedly regarding this. The chairman, Sir Walter Cassels, gave his judgment that such evidence was admissible and should not be sitting to decide the scrap or bare bones value of the property, or its reproduction value, which was a going concern, with its value in this Sir Thomas concurred, even more emphatically than the chairman. Sir Thomas said the reproduction value of the property on the commission.

SHE NOW WALKS AS WELL AS EVER

Mrs. Harper Gains 20 Pounds and Health Is Restored by Taking Tanlac.

"When I began taking Tanlac I only weighed one hundred and eight pounds, but I now weigh one hundred and twenty-eight," said Mrs. S. Harper, of 99 Bond street, Toronto, Ont. "Last year I had a case of influenza that was so bad I thought I was never going to get well. When I finally did get well I was in a terribly run-down condition. I suffered terribly from indigestion after every meal and had frequent attacks of dizziness. My feet hurt me so I could hardly walk and I had a hard time getting about. I couldn't sleep and got up every morning feeling all tired out. All my strength seemed to be gradually slipping away from me and I actually fell off from a hundred and forty-six pounds to a hundred and eight."

OIL REGULATIONS BEFORE CABINET

They Will Be Promulgated in Few Days—"Wild Catting" Is Feared.

Ottawa, Feb. 7.—The amended regulations governing oil and gas resources in the northwest territories will be before the cabinet council tomorrow and will be promulgated in a few days. It is understood that the new regulations are to the advantage of the prospector and small company development. In such a vast unregulated territory great difficulty is being met by the government in developing the same. The regulations will be adapted to the prevailing situation both from a commercial and administrative standpoint. To meet this situation it is possible that wider discretionary powers will be given the minister. He could then judge the applications for leases and proposals for development on their merits.

NEW ISSUE
\$3,000,000
The Spanish River Pulp and Paper Mills LIMITED
8% General Mortgage Bonds Series "A"

Dated March 1st, 1921. Maturing March 1st, 1941. Principal and semi-annual interest payable at The Royal Bank of Canada, Montreal and Toronto. Interest payable May 1st and November 1st. Coupon Bonds of \$1,000 and \$500 Denominations with privilege of registration as to principal only. Trustee—The Montreal Trust Company, Montreal.

	CAPITALIZATION	Authorized	Outstanding
Common Shares (Paying 7%)		\$10,000,000	\$8,995,500
7% Cumulative Participating Preferred Shares		10,000,000	8,571,493
6% First Mortgage Bonds and 6% Serial Notes, maturing 1921-1941 (including Bonds of Lake Superior Paper Company, Limited)		Closed	10,655,113
8% General Mortgage Bonds, Series "A" (this issue)		20,000,000	3,000,000

At current market prices on Montreal Stock Exchange the Preferred and Common shares have a market value of approximately \$15,000,000, ranking junior to these Bonds. Approximately \$500,000 of the securities senior to this issue mature each year 1921 to 1931 inclusive. These annual reductions together with annual Sinking Fund of 2% per annum on General Mortgage Bonds rapidly increase the equity behind this issue.

Complete prospectus, copies of which will be mailed on request, contains a letter from the President of the Company, from which he summarizes as follows:

The Spanish River Pulp & Paper Mills, Limited, was incorporated in 1910 to acquire the properties and assets of the Spanish River Pulp & Paper Company, Limited, and the Ontario Pulp & Paper Company, Limited. In 1913 it acquired all the capital stock of the Lake Superior Paper Company, Limited. The Company is the largest manufacturer of newsprint in Canada.

Bonds will be secured by direct mortgage and charge on all the fixed assets and properties of the Company and on all Bonds, Debentures and Shares now owned or hereafter acquired by it and by floating charge on all other assets of the Company, subject only to \$10,655,113 par value of Bonds and Serial Notes of the Company and Bonds of Lake Superior Paper Company, Limited, the mortgages securing which are to be closed at the amounts now outstanding.

Annual Cumulative Sinking Fund will commence in 1924—sufficient to retire half of this issue before maturity.

Timber Areas—11,520,000 acres, containing sufficient pulpwood for many years' operation at present capacity.

Water Powers—60,000 horse power, of which 50,000 horse power is developed and in operation; of the balance, 7,500 horse power will be in operation by August, 1921.

The three mills operated by the Company produce the following tonnage of newsprint paper annually:

Sault Ste. Marie Mill	72,300
Espanola Mill	90,800
Sturgeon Falls Mill	23,100
Additional, Sturgeon Falls, in operation June, 1921	16,900
Total	203,100 tons

Plant and Property Valuation—\$30,000,000 against \$13,655,113 of Bonds outstanding, including this issue.

Net Liquid Assets (Working Capital) after deducting all Current Liabilities and including the proceeds of this issue, will be in excess of \$9,000,000.

Average annual Net Earnings after depreciation available for interest charges on these Bonds for the five years ended June 30th, 1920, were \$1,229,472—over five times interest charges on General Mortgage Bonds now to be issued.

Net Earnings after depreciation for year ended June 30th, 1920, available for interest charges on General Mortgage Bonds amounted to \$2,552,069—over ten times the amount required to pay General Mortgage Bond interest.

Net Earnings for six months ended December 31st, 1920, after depreciation and prior interest charges, were in excess of \$2,500,000—at the rate of twenty times annual interest on this issue.

We offer the unsold balance of this issue if, as and when issued and received by us at the price of:

99 and accrued interest, to yield 8.10%

Prescription for patient now as at any time and many of your remedies are kept for years. I first believe it saved me only take a trial sheartened women. A quack doctor, but wonderful results in wonder Street.

NO SOLUTION FOR THE UNEMPLOYED

(Continued From Page 1)

time the matter had been mentioned in the papers in this country. He had a copy of a paper in which the advertisement appeared. It was a very small advertisement, probably about three-quarters of an inch.

"There was no intention of bringing them out here at this season of the year," said the minister, "and I am not just sure but we could absorb in this province when our farm operations commence in the spring, a very large number of good British farm laborers and farmers."

As regards the Ontario office in London he felt the quarters were large enough to take care of their office staff. If they had any extra money to spend it might be better to spend it in extra effort thru the rural districts of Great Britain.

Hon. G. Howard Ferguson commended Mr. Doherty for the active manner in which he had taken hold of the immigration problem. Ontario, he believed, had not had the consideration which it should at the hands of the Dominion government, which gave the west the preference in regard to immigration. Ontario, he pointed out, paid 45 per cent. of the taxes of the Dominion.

Mr. Ferguson declared that the Ontario office in London was too small to be in keeping with the dignity of the province. Agricultural exhibits of a proper kind should be provided in the office, he considered.

"Too much care cannot be taken to protect both the province and the immigrants," he added. "If I have a proper appreciation of our position in London, it is badly in need of improvement. We must do business in a bigger way if we are going to attract the British stock we want."

H. H. Dewar warned the house that it was time to consider the situation carefully.

Lots of Farm Work. Hon. Mr. Doherty said that any unemployed who could do farm work need not be out of a job and he would personally undertake to get him a job at once.

R. Hall, Farry Sound, thought it a mistake to bring men to this country who had no previous experience in farm work.

U.P.O. Whip Hicks said the farm situation in Ontario at the present

TAFT DISAGREES

In equal emphasis Hon. William Howard Taft, the representative of the company on the commission, dissented from the views of his colleagues, expressing the opinion that knowledge of the actual value of the physical assets of the whole system as a running concern, with the cost of reproducing it, was essential to the work of the commission in finding out what should be the finding as to the actual value to be allowed by the government for the preferred and common stock of the Grand Trunk, taken over en bloc.

With the commission divided two to one on this point, it was decided to decline to admit the evidence of Mr. Vaughan. This unexpected denouncement completely upset the plans of all the counsel engaged on the case, and adjournment was decided on.

THE UNEMPLOYED

Hon. F. C. Biggs, minister of public works, thought that there were many men in the cities with farm experience at present who were holding down jobs that could very well be filled by others, thus releasing them for agricultural work, whereas they were so badly needed. Toronto, Hamilton and other cities had aggravated the unemployment situation by handing out money without a more careful supervision.

Col. Price (Parkdale) made a plea for unemployed soldiers.

Hon. Mr. Biggs declared that men in Toronto were receiving relief who were not entitled to it.

Col. Cooper complained that it was unfair to say that Toronto's relief was not being properly managed, when Sergeant Creighton, who was in charge of it, was a most competent officer.

Hon. Mr. Biggs: I don't intend to withdraw what I said; I would rather substantiate it.

The minister replied that he made no charge against the sergeant-major. He had merely said all the relief funds had not been used for the purpose for which they were intended.

The premier said that even if the province relieved \$25,000,000 for the unemployed, they would still fall short of settling the situation.

Hon. F. C. Biggs told Mr. Dewar that it was not true that the government had leased property on Sheppard street at \$10,000 a year rent.

The minister of labor, Hon. W. R. Rollo, was of the opinion that the situation would be very much improved if people would insist on calling for goods made in Canada.

The manufacturers had been very much to blame for the present situation, Premier Dewar thought. When things were booming they had made enormous profits and now should, when things were hard times, shoulder their share of the hard times.

Ontario was borrowing two or three millions a month for Hydro development at Chippawa, so that this item alone should be borne in mind when any relief proposal was suggested, observed the premier. The question of Ontario's ability to extend aid should not be lost sight of.

This closed the debate.

Hon. Manning Doherty told Liberal Leader Dewar that when he was in England recently he took up with the large buyers there the question of purchasing Ontario tobacco and was told that the kind of tobacco at present manufactured in Ontario did not suit the British taste.

Mr. Dewar asked the attorney-general if instructions had been sent out to the manufacturers of the province as to the amount of the fines they should impose in O.T.A. cases.

Hon. Mr. Ranney suggested, observed the premier, that no such instructions had been sent out. However, the crown attorneys of the province had been notified of the ordinance last session approved the imposition of stiff fines for all breaches of the law.

FOUR ARE ACCUSED OF MURDERING GIRL

Quebec, Feb. 7.—The department of the attorney-general has now completed its investigation into one of the most mysterious cases which has ever been placed in the hands of the police officials of this province, and today or tomorrow four men implicated in the Victoria Park tragedy last July, when Blanche Gagneau, a young woman, was assaulted and killed, will be behind the bars at the Quebec jail. The four men are known as Duval, Dube, Cole and Binet.

ILL-STARRED VESSEL TOTAL WRECK AT LAST

St. Pierre, Miquelon, Feb. 7.—The United States shipping board steamer Basaan, stranded in the harbor here during a northeast gale today, will probably be a total loss. Her crew are safe.

The Basaan was on her way from St. John's, Nfld., for Norfolk, in tow. She was leaking badly when she put in here on January 24.

The wrecking of the Basaan, one of the wooden-walled ships built by the United States shipping board during the war, in the harbor at St. Pierre, Miquelon, today, probably marks the end of a troubled trip, and of an ill-starred career.

WEEDLESS GARDENS COMING.

Kingston, R.I., Feb. 7.—Discovery of the long-sought fertilizer that will grow grass and kill weeds is announced by the experimental station of Rhode Island State College, as the result of twenty years of research. The realization of the dream of gardeners the world over, a weedless lawn, is possible.

THIEVES SAVE LIQUOR FROM DESTRUCTION

Philadelphia, Feb. 7.—In their quest for liquor, thieves broke open three doors in the federal building and made off with some of the best brands of contraband liquor which was about to be destroyed. The theft occurred between Sunday night and this morning.

It is believed the thieves were prompted by knowledge that judges of the federal circuit court had just ordered the United States marshal to dump into the river several thousand dollars' worth of liquor used as evidence against persons convicted of selling it.

HEATON'S ANNUAL

The 17th edition of Heaton's Annual issued by Heaton's Agency, Toronto, maintains the high standard of former editions. An indispensable office handbook for commercial and financial firms it needs no introduction, and no public or private library in Canada is complete without it.

In addition to Dominion and provincial directories, banking and insurance directories, postal, cable, financial and commercial directories, which we would expect to find in such a book, the annual is known as the standard authority on the Canadian customs tariff and regulations, there is a very complete summary of the income tax and sales tax, and it has two features that are quite unique—a complete encyclopaedia of the natural resources of each province, including agriculture, fisheries, forest products, fur trade, minerals, water powers etc., all revised to date, and the official boards of trade register which gives up-to-date descriptions of towns in each province, including railways, banks, schools, hotels in order of merit.

U.S. PUBLISHERS ASK FOR FREE NEWSPRINT

Washington, Feb. 7.—Free entry of newspaper paper from foreign countries as well as Canada was urged today before the house ways and means committee by United States newspaper publishers. They replied to the proposal made Saturday by newspaper manufacturers that the duty on newsprint be made 15 cents a ton except on the tonnage from Canada, which would enter free.

S. E. Thomson of The Chicago Tribune speaking for the American Newspaper Publishers Association, told the committee that United States forests were so depleted that "no

COUNTY AND SUBURBAN NEWS

MUST RECOGNIZE UNIFORM TAXATION

Declares Reeve Keith—Other Hot Shots Fired at Council Session.

YORK COUNTY

"It looks as tho the system of uniform taxation for public and high schools must be recognized in some way."

"I think the building department of high schools should be part of the maintenance account and so carried to a certain extent by the county."

"The only true government in any country is a democracy and it is the object of education to give you that."

"Surely the member of this council who brings up the argument that one man may have to help pay for the education of his neighbor's child understands that it is just what we are trying to do—give the poor man's child a chance to get a high school education."

"The Red Cross societies and the women's institutes have helped so nobly with supplies for the children that we have spent less than \$70 for clothing during the past year."

"The inspectors' salaries are paid, 50 per cent. by the government and 50 per cent. by the county. The department has increased the number of its inspectors."

"The county highways commission tenders on all work along with the contractors. If our contract is the lowest we do the work by day."

"There should be 80 per cent. of the beginners get into the fourth book in the public school. I find that only 50 per cent. finish the course."

"I can vouch for the good sense of the inspectors of the province. No inspector would say to a teacher: 'You are not receiving enough labor. You should apply for another school.'"

"Since last year our building permits have amounted to \$700,000, and I would like to see some consideration for York township, I assure you we could have saved 10 per cent. on the roads built in our township."

"It looks to me that sooner or later we will require to have different schemes, whereby these good roads are assessed."

"I would like to see this year some of the roads already under way for six and seven years, attended to by the road commission before the more recently added sections."

"I am a great believer in the continuation school. They enable the pupils to stay at home two years longer, and they should be put on done as cheaply as the high school."

BLAMES PROVINCE OVER IMMIGRATION VIEW WITH ALARM VALUE OF DOLLAR

Ottawa Says Ontario Advertising Responsible for Over-flow of British Workers.

DANFORTH

The matter of indiscriminate emigration from the British Isles to Canada at the present time is receiving the serious attention of the Ward Two Ratepayers' association and several communications have passed between Secretary Roy J. Tanner and the Dominion government.

Mr. Ball, in opening the discussion, declared that the matter was serious. He had been told by certain gentlemen that the present financial crisis thru which Canada was passing would finally compel the Dominion government to accept the proposition, the people might pay little but that the fact remains that it was a serious situation which must be rectified.

"I am absolutely opposed to thinking of such a thing," said Mr. Ball. "We get rid of our commitments to the United States by some other means, we must live within our means, and we cannot do it by buying American goods."

The meeting went on record, on the motion of J. M. Skelton, as extending a hearty welcome to those residents of Moore Park and Leech Park to become members of the North Toronto Association.

It was announced that the Women's Liberal-Conservative Association of North Toronto were holding a supper and dance at the Masonic Hall of St. Andrew's, and the members were asked to support this function.

It was decided that the next regular meeting be held as ladies' night. Mr. A. E. Cartwright, vice-president, occupied the chair.

The Men's Club of St. Monica's Church held a euchre in the North Toronto town hall last evening when over 300 were present. The game was followed by dancing which was kept up until a late hour.

NEW CLUB HAS STRONG SUPPORT
Eleven Hundred Members Enrolled, and Outlook is Most Promising.

That 1,100 members have been already placed on the membership roll of the proposed "Royal Toronto Athletic Club," to be situated at the corner of Bay and Temperance streets, was announced last night at Massey Hall, where a splendid program was put on under the auspices of the York County Athletic Club.

The cost of the club will be in the neighborhood of \$1,150,000, to be made up as follows:

3,000 members at \$200 each, totaling \$600,000, and 300 life memberships already secured, totaling \$250,000.

Club Will Be Democratic.
When it was announced that the club was to be a democratic club, Toronto occupies no second place on the continent as far as the spirit is concerned, but it needs a home.

The time has passed, he continued, when we should think of ourselves only.

Mayor Church spoke of his trips to Detroit and of the recreation rooms, in which respect Toronto was sadly behind. He did not like the methods by which pool rooms were being conducted, and urged every consideration of the young athletic club in Toronto, which would reflect every credit on our city.

Slides were shown by Mr. H. F. Williams of athletic clubs, including the magnificent Detroit club, which has a fund of a million dollars for development, etc. The proposed Toronto club will be situated at the corner of Bay and Temperance streets, having a frontage of 200 feet on Temperance street and 88 feet on Bay street, with an L running thru to Richmond street.

Slides of the plans of each floor were also shown, including a roof garden, with a splendid ballroom and an assembly hall. It is planned to also have in the new club, a real center for the social activities of the club, and the benefit of members and their friends.

Mr. Millard Gibson, one of the directors of the proposed new club, in speaking of the advantages of the club, said there was no stock issued. The money paid in went to build the club, and the Trusts and Guarantees Company were the official treasurers, and there was every reason why a growing city of Toronto would insure its success.

Mr. N. L. Martin, another of the directors, felt that Toronto sadly needed a real center for social activities. Many of the clubs did not have the necessary radiating spirit. Mr. Martin had looked into the proposition closely and felt that all had been done that was possible.

Athletics a Necessity.
Nothing advertised a city more than athletics, said Walter Knox, late coach of the Canadian Olympic team. He strongly advised temperance in athletics, and if rightly developed, Toronto's athletes would be able to make their mark at the next Olympic.

Mr. Geo. Wright, of the transportation commission, was also enthusiastic of the possibilities of the new club, and said that Toronto also provided in the past in reducing the taxation of certain businesses which should have been reduced. Some \$30,000,000 has gone into somebody's pockets, and if the right thing had been done, Toronto today would be a better place, and the men and the women would be doing it in sacrifice as much.

The wonderful geographical location of this city, said he, was not realized, and the people here were too busy looking after their own interests to pay much attention to the need of a great democratic club.

There were three important phases to be considered—civil, moral and mercenary—and all that was necessary was the enthusiasm. The finished job would then be supported without question.

He advocated the no-tip proposition, and if the tips were withheld, they would in a year amount to as much as a year's dues—\$100 for resident members and \$50 for non-residents. A club had to stand for something in the home life, and this was demonstrated by the interest taken in other clubs in the United States.

The Cleveland Athletic Club had been an outstanding success, and the waiting list was steadily growing, he continued, and the responsibilities connected with it were being shouldered willingly, as they would be in Toronto.

"Your club has got to be the father of all your boys," said he, "and no other today; you will be delightedly surprised."

VETERANS SUGGEST HOME AS MEMORIAL
Prefer Building for Disabled Men Rather Than Cenotaph Proposed by City.

The G.A.U.V. of Ontario last night following the following letter from J. F. Marsh, secretary, to Mayor Church and the board of control, appealing for a soldier's home for disabled veterans rather than the cenotaph as proposed.

"It has come to our notice that you are recommending the erection of a cenotaph as a memorial to our fallen comrades of the great war in the city of Toronto.

"I feel sure that if it were possible to have a vote taken of our comrades who paid the supreme sacrifice that they would favor a memorial to be erected from the front where the veterans could spend their few remaining years in comfort."

The G.A.U.V. have already a large number of disabled veterans in their charge, including Sergeant Richardson, V.C., now at Euclid Hall, and who will celebrate his nineteenth birthday in May. He was brought from Lindsay three months ago.

ST. JAMES CATHEDRAL HAD EXCELLENT YEAR
An excellent year, with great things accomplished, was the tenor of the annual report presented last night at St. James' Cathedral parish house, on the occasion of the annual vestry meeting of the church, Campbell Humphrey, rector, who was re-elected, in his report stated that during the year a total income had been collected of \$26,000. For missions, a total of \$14,047 was collected, with an additional amount of \$7,499 subscribed for the Canadian Red Cross. The Sunday school had remained about normal. St. James' is a downtown church, and there was every reason why social service work than to Sunday school work, which flourishes to a more considerable extent in other parishes.

A committee was appointed to act in regard to the erection of a fitting war memorial. They will convene and decide as to the form it will take, etc.

The lay delegates to the Anglican Synod elected were: Rev. Canon G. Greig, A. H. Campbell, Principal M. Hutten, F. M. Gray and G. B. Stratby.

The church has constantly increased, as has the number of visitors and the offerings.

DOCTOR REMANDED ON MANSLAUGHTER CHARGE
Dr. Percival Paed, against whom coroner Graham's jury returned a verdict of gross carelessness in connection with the death of Miss Monica Kenney, was remanded in the police court yesterday morning by Col. Denison until the next on a charge of manslaughter.

John E. Holden went bail in the sum of \$5,000. J. M. Ferguson, counsel for accused, applied for a remand.

Dr. Paed surrendered to the crown authorities yesterday morning on hearing that a warrant was about to be issued.

Institution is such an incentive for clean living. When Torontonians go 40 other cities, the prestige of the job at home will go with them.

More service, too, could be transacted in that club in an hour than in a club in any other place. The acquaintanceship formed by the team incomes, and in short, there was every reason for belonging to a club which would not wipe out other clubs, as a juncture he paid a high tribute to Toronto Rotary Club as a fine organization.

Self-interest, said he, was what we get back to, and it was high time that we got back to humanity in business, that we regarded the human element in that brought back the old-fashioned friendship that seemed to have vanished.

Dorothy Dalton's Beauty Chat
Miss Dorothy Dalton, the actress famous the world over for her beautiful complexion, says: "Any girl or woman can have a beautiful complexion and clear, smooth, unlined skin like mine if they will follow my advice. I use a simple toilet preparation. I use it because it imparts instant beauty is easy to apply, absolutely harmless and has a marvelous effect upon the skin. One application proves it." Be sure to read Miss Dalton's interesting story of how to quickly acquire a beautiful complexion, soon to appear in this paper. It is the meantime get a copy of this booklet from Mrs. J. C. Clark, 25 St. Augustin's Church, 1153 Bloor street, Toronto. The price is \$1.00. The book is available in every newsstand.

SOCIAL EVENTS
Items Intended for This Column Should Be Addressed to The World City Editor.

Mrs. J. W. Huntington, 1907 Genworth avenue, Toronto, is attending the founder's week conference at the Moody Bible Institute of Chicago.

St. Michael's Cathedral yesterday morning, Rev. Father McBride solemnized the marriage of Miss Marie (Fredda), daughter of Mrs. G. G. Giesley and the late George Giesley of Rochester, Kent, England, to Daniel Joseph, King's son of Mrs. S. King, and the late Jas. King of Tottenham, Ont. The bride wore a navy blue tulle-trimmed gown with a train and carriage veil. The groom wore a tuxedo and carried a sword.

Mr. Ambrose King was best man. Following the ceremony a wedding breakfast was served at the home of the bride's mother, Later Mr. and Mrs. King left for their new home.

Mr. Bliss Carman intends spending a short time in London on his way to R.C. Mrs. Maurice Drew Brook, formerly Mrs. J. H. Carman, who was married to Mr. Carman at her first time since her marriage, when her husband, F. H. Carman, was a member of the St. Michael's Cathedral parish.

MORE DELAY ASKED BY STREET RAILWAY
Would Defer Payment of Percentages Till Consummation of Clean-Up Deal.

Mayor Church, having again threatened to sue the street railway to force the Toronto Street Railway to pay the payment of the overdue percentages, J. P. Fleming, manager of the company, appeared before the board of control yesterday and asked that no action be taken until the clean-up deal had been consummated. The city clerk then said, without from the city, that the street railway had given away by her father, there was a gown and carried a bouquet of roses. The bride wore a tulle-trimmed gown with a train and carriage veil. The groom wore a tuxedo and carried a sword.

At the wedding breakfast at the home of the bride's mother, Later Mr. and Mrs. King left for their new home.

TORONTO SCHOOL ATTENDANCE GROWS
Increase Would Justify One Hundred Extra Rooms Thruout City.

The public school attendance in Toronto for January has broken all previous records, totaling 73,339 pupils. This is an increase of 4,387 for the year.

"In other words," said Chief Inspector R. H. Cowley yesterday, "that means enourng pupils added in one year to 100 extra rooms. And the board is planning to add 63 rooms to what we have." Thus the new accommodation being provided is about two-thirds of the actual need as indicated by the figures.

The average attendance for the month was 87 per cent. There were only 4,786 cases of lateness, only 697 truants, and the suspensions numbered 11, unusually high. There are now 8,596 in the kindergartens.

1917	62,024
1918	64,549
1919	67,024
1920	68,262
1921	73,339

In the five years there has been an increase of 10,515, but in the last year the jump has been almost half that increase, indicating the very rapid growth in the school.

ONLY ONE-THIRD HAVE ASKED RELIEF
(Continued From Page 1), the end of the month," said Supt. Miller to The World yesterday.

At the Krausman House yesterday afternoon, the history of government housing in Toronto was reviewed, and the number of those who have asked relief was only one-third of the total number of those who were in need.

Try Phosphate If You Are Thin And Underweight
Nothing like Bitro-Phosphate says Dr. Harrigan of New York, to make thin delicate, nervous, discouraged men and women take on needed weight and quickly exhibit their nerve force, rest, steady health, energy and ambition. It's known to be such a wonderful aid to frail and tired out people that G. Tamlyn and Gwl Drug Stores, who have a large demand for it, are glad to guarantee Bitro-Phosphate.
