Fear of National Railroads Inspires Underhand Campaign

THE Montreal Gazette and The Montreal Star are not the only opponents of the Reconstruction Association of Canada committed himself when that organization was formed to opposition of public ownership of railways, and he was associated with Lord Shaughnessy in that organization to that end. And although he made a recantation a few weeks ago to the extent of saying in Montreal that now we have the roads we must make the best of them, he still threw discredit on the whole proposition, as shown by the following extract from an article written by him in The Canadian Magazine for March. Here is the substance of his position:

Vertical advertisements on the left margin including: 'BENEFITS BY...', 'MAGISTRATES SHOULD...', 'LEAS...', 'OPERATE...', 'WEDDING...', 'ER KING...', 'side', 'gent', 'NOW PLAYING...', 'MAGED...', 'TAGES...', 'BUCKLE...', 'YETY HUNTER...', 'THIS WEEK OF MIRTH...', 'LEW'S...', 'UPTOWN'.

the Canadian Pacific when all the four government roads begin to function as a consolidated national system. But The World is glad to say there are other newspapers in this country who are not of this opinion. Nor do we think the Right Hon. Arthur Meighen is of this opinion. For the former minister of finance, Sir Thomas White; and we think the present minister of railways, Hon. Dr. Reid, is in favor of the national system.

The Grain Growers' Guide of Winnipeg, which speaks for all the farmers of the west, is against this attempt to lift the national roads over into the maw of the Canadian Pacific. And, by the way, if the national roads are such an incubus why are these Montreal papers so anxious to load the incubus upon a poor innocent corporation like the Canadian Pacific Railway Company? But as we have said, there are a lot of other papers in Canada who are still for the National Railways. Here is an extract from an article in The Hamilton Spectator in this direction, and The Spectator speaks for many others of the same kind:

Editorial, Hamilton Spectator, March 11, 1921.

The talk of handing back these publicly-acquired lines to private enterprise at this time is outrageous. The government assumed responsibility at a time of grave economic crisis; now that the crisis is passing naturally private enterprise is again becoming interested in a promising proposition. Canada is a mere infant in the matter of industrial development. Every year that passes will see an increasing demand on the transportation services of the country. Before long these lines, even those which are regarded as surplus, are present as being superfluous, will be inadequate to meet the needs. There is the brightest future for our national railway system. As for the question of labor costs, employees of government-owned railways can well expect getting more sympathetic and generous treatment from the public than from private capital.

And we are not at all surprised that Hon. P. B. Carvell, the chairman of the board of railway commissioners, is also against public ownership and always has been and takes the opportunity to take a fling at them whenever it comes his way. He was in the papers yesterday in this line. But in spite of all these gentlemen, The World still says that the people of Canada are determined to make an experiment of national railways now they have got them as a real solution to some of our transportation problems, and especially in view of the fact that we now have a first class fleet of ocean steamers that we can use as supplementary of the railroads. And in this connection we are sure that the American people, of us, that of marketing our wheat products of the west in view of the antagonism perhaps of the United States. The only possible way our farmers will ever get a fair return on the wheat they raise will be thru a system of transportation, including the railway service and transportation by vessels at sea, also government-owned.

Then coming back to the railway situation in the United States. It is worse today than any place in the world, and there is no way out of the difficulties of the companies owning the roads, but consolidation under government ownership. It will require billions of national money in the States to put the railroads there on a right footing, even if they were put in the hands of half a dozen private companies to run. But the American people are not going to give the railroads to private companies to run; they have had too much experience with company ownership of railroads and with railroad magnates like the Vanderbilts, the Harrimans, the Morgans and others of that class.

No, Mr. Opponent of Public Ownership, you have got to turn in and help the national railways to be consolidated and to serve the public. National railways are coming in England; they have come with great effect in Germany, in India, in Australia, in South Africa, and all Africa, in fact. But if there is one thing governments of the world are going to do it is that if a nation is to develop its own resources in the highest way it must control its own transportation.

LABOR WILL RENT MORE ECONOMIES
THE MASSEY HALL WILL BE EFFECTED

and hold the mass meeting under its own auspices was brought forward by John Dorsett, secretary of the unemployment committee and chairman of yesterday afternoon's mass meeting.

He declared that, rather than have the risk of the gathering of the unemployed in front of the city hall next Wednesday getting out of hand, he believed that the Trades and Labor Council should make an effort to rent Massey Hall and hold the meeting under its own auspices.

Delegate Slack said that the reason Massey Hall had not been secured was because the board of control had been asked to bear the expenses. It had been ruled that the city should not bear the expense of this obligation, and the only alternative would be to secure the hall in the regular way by renting it.

The meeting was held in the hall in the presence of 1000 delegates and was presided over by the speaker, who was deputed to the hall to help the chairman maintain order.

Fears "Red" Contingent.

Delegate Slack said that if the Massey Hall meeting was held in the hall, it would be a "red" meeting, and that he would not attend.

SEIZURE OF LIQUOR ON A PULLMAN CAR

Big Stock of New York Millionaire Discovered in Florida.

Miami, Fla., March 17.—Prohibition agents tonight were holding for libel the private Pullman car of Harry S. Black, New York millionaire, in which Cocoon Grove, Fla., police and prohibition agents alleged they found 55 cases of liquor when they raided it last night.

Black, for whom a warrant was sworn out by the mayor of Cocoon Grove, was arrested at a hotel here last night. He is held on a \$10,000 cash bond of \$1,500 for himself and two negro employees, and will be given a hearing tomorrow before U. S. Commissioner John M. Graham. Black also will have to appear in the Cocoon Grove police court, over which Mayor Hugh Matheson, himself a millionaire, presides.

The police last night also raided a shanty on a bay-front lot which they say is owned by Mr. Black, seizing five cases of fine liquors and the negro caretaker.

Local prohibition officials believe this is the first seizure of a private Pullman car in Florida. The car was lawfully into effect. The car was raided first by the police, who declare they seized 55 cases of liquor. Prohibition agents in Miami were then notified and they conducted another search, during which they allege they unearthed 35 cases stored in the car.

CLOSING COLLIERIES IN CAPE BRETON

Roy Wolvin Declares Conditions May Force Action Along This Line.

Sydney, N. KRONSTADT REVOLT ENDS IN SURRENDER

Krasnoya Gorka and swept to many other points.

Kronstadt was taken by the Soviet forces at two o'clock in the afternoon, according to a Bolshevik news agency. The arrival of the Kronstadt revolt, a military committee and 800 soldiers at Kronstadt, on the Finnish frontier, is confirmed.

The fighting for possession of the armed fortress was of a furious character, and the attacking forces were checked from the town at least once, according to reports received here.

The engagement began Wednesday evening when the Bolsheviks, which all the shore batteries joined. Great damage was done, and many persons were injured by the falling bombs. The bombardment culminated in a most intense drumbeat, and at three o'clock Thursday morning the Russian Soviet war minister, Trotsky, in command of the Bolsheviks, launched his main attack from Orenienbaum.

Assaulting Force, 60,000.

For the assault here Trotsky had concentrated the whole of the new soviet army, consisting of red cadets from the Russian cities and other troops, totaling sixty thousand.

Kronstadt fired its ten-inch guns, and the attacking forces were near enough to strike with machine guns, causing severe losses.

Nevertheless, the survivors managed to force an entrance into the fortress, which all the town, where the Bolsheviks joined them. But after two days of fighting, the Bolsheviks, at seven o'clock nearly all the attacking forces had been killed or wounded.

Kronstadt's obsolete batteries Nos. 4, 5 and 6, were blown up by the attacking forces, and the Bolsheviks were obliged to retreat. The Bolsheviks held out longer.

The Kronstadt garrison consisted of 15,000 men, 16,000 men of whom were sailors. They were exhausted through lack of sleep for several days.

Soon after the fall of the fortress, groups of fugitives from the abandoned town were seeking safety across the ice toward Finland.

NEW CONSTITUTION FOR POLAND PASSED

Legislature Believes It Will Have Good Effect in Plebiscite.

Warsaw, March 17.—The legislature of the republic on the eve of the plebiscite to determine whether Upper Silesia shall be Polish or German, today passed the constitution of reborn Poland after its third and final reading.

Eighteen months ago, a special commission of the diet began struggling with the question. A constitution now has been completed, which the Poles believe will have a favorable influence upon the plebiscite.

Special trains carrying Upper Silesians returning to the Polish Warsaw today. Their departure was attended by exercises in which representatives of the government and the citizens of the capital took part.

During the early hours this morning tired members slept at intervals with heads upon their desks, while some watched the progress of the measure, calling the sleepers to vote when needed by ringing bells.

Contrary to advance statements made by an evening paper last night to the effect that the 58th Battalion would parade downtown, it was not under orders to do so, and the many friends of the battalion who disap- pointed, some being under the im- pression that they had missed the parade, while others thought the route had been changed.

Chief Dickson has not yet decided whether or not to sanction the proposed Massey Hall mass meeting, which, if held, is to be addressed by Isaac McBride.

Replying yesterday to a request from J. R. Knight and James La- fean, officials of the Ontario Union, the chief stated that he would coun- tenance no foreign agitators at any mass meetings in Toronto.

At Foresters' Hall last night the Catholic Women's League Choral Society gave an enjoyable program un- der the direction of Mrs. Jas. W. Mallon, whose good work was seen in the manner in which the cho- rus were rendered and in the arrange- ment of the program.

DISMISSES INDICTMENTS AGAINST FIVE PACKERS

New York, March 17.—Federal Judge Garvin, in Brooklyn today, formally dismissed indictments charging profiteering, returned under the Lever act, against the "Big Five" packers— Armour and Company, Swift and Company, Morris and Company, Will- son and Company and the Cudahy Packing Company.

TELL OF SUBSIDIARY G.T.R. COMPANIES

Give Evidence at the Federal Hearing—Arrange for Overseas Evidence.

Montreal, March 17.—(Can. Press).—Final arrangements were made to- day by the Grand Trunk arbitration commission sitting to determine the physical value of the railway's prop- erties prior to the acquisition of the system by the Dominion government for the terms of the order appoint- ing the commission to take evidence in London as to the London stock ex- change transactions in Grand Trunk preferred and common stock during the period from 1912 to 1920.

With some small alterations to de- tails, the particulars were agreed to by counsel for both sides, and also by the arbitrators who formally sign- ed the order. The hearing will be held at London, and is expected back here within a month.

GUILTY OF MANSLAUGHTER

Port Arthur, March 17.—At the police court today Louis Kofler was sentenced to six months in prison for manslaughter, he having been the driver of an automobile which on Christmas Day ran onto the sidewalk and killed a five-year-old girl.

INCREASED MINE TAX WILL BE IMPOSED

(Continued From Page 1). to be salvaged, said the minister. This was the ruling of the mining camp. Tax is Reasonable. The tax now proposed, said Mr. Mills, was much lower than taxes imposed in other countries, including the United States, India and Australia.

There was a well defined sentiment in the north country, not among mining men, but others who felt that increased taxation would seriously interfere with the prosperity of the country.

W. H. Price (Conservative, Parkdale) said the proposed tax was simply an- other expedient for getting money to meet the present government's enormous expenditure.

Liberal Leader Dewar said it was ex- traordinary that the mining industry, an industry which should be encouraged, had been singled out for increased tax- ation and that the treasury had failed to take the house into his confidence and tell them exactly what was being done.

Canada May Appoint Trade Agents in U. S. Ottawa, March 17.—(By Canadian Press).—Representations that Canada should appoint trade agents in the United States are, it is understood, receiving the serious consideration of Sir George Foster, minister of trade and commerce. A decision in the mat- ter has not yet been reached.

SET NEW STANDARDS IN PRINTING BUREAU

Government Has Now Efficient Organization After Fearless Inquiry.

Ottawa, March 17.—(By Canadian Press).—"We are amazed. What was probably as inefficient and unhappy an organization as could very well be found anywhere has been changed into one as efficient on the average as any in Canada," says the supplementary report of the committee which investi- gated conditions at the government printing bureau. The report which was tabled in the house this afternoon by Sir George Foster, is from the com- mittee which was appointed in 1913 to investigate conditions in the depart- ment of public printing and stationery. The committee was composed of the late E. P. Slack, Eugene Tarte and A. L. Lewis, and the supplementary report, dated January, 1921, is signed by Mr. Lewis as convener of the original committee.

The work of reorganization, as re- commended by the committee to the end of the civil service commission, was "undertaken fearlessly," says the report, "and carried out courageously and without political interference. New standards have been set, which, though high, cannot only be maintained but improved upon."

ALLIES WILL POSTPONE PAYMENTS BY AUSTRIA. London, March 17.—The reply of Great Britain, France, Italy and Japan to the appeal of Austria for assistance has been prepared. The four countries agree to postpone pay- ment of the sums to which they are entitled under the treaty of Saint Germain, in compensation for the cap- ital and interest on advances made to Austria since the armistice, in order to avert starvation in that country.

INDIANS AND ESKIMOS STARVING IN NORTH. Ottawa, March 17.—Representations are to be made to Premier Meighen and members of the government as to the terrible distress among the Eskimos of Hudson Bay, East, and the Postal Creek Indians of James Bay, East, by Rev. W. G. Walton, an Anglican missionary in Ungava, who has spent 28 years in the north country, and who is now in Ottawa. Letters recently received by Mr. Walton from the north state that the Eskimos are having to destroy all their dogs for food, and he hopes to secure some special assistance from the government for the people in the way of food, supplies and ammu- nition. Rev. Mr. Walton stated today that two and a half years ago an idea was mooted to import domestic reindeer into the parts of the country mentioned on a plan similar to that adopted in Alaska, and to encourage the Eskimos to become rein- deer herders. It was said there was territory enough to support five mil- lion reindeer continuously.

CANADA NOT AFFECTED BY TREATY WITH RUSSIA

Ottawa, March 17.—(Can. Press) Signature of a trade treaty between Great Britain and Russia does not, it is stated, affect the position of the Dominion government so far as com- mercial relations with the Soviet re- public are concerned. The stand taken by the Dominion government, as heretofore, is that any Canadian who wishes to trade with Russia may do so, but at his own risk.

WESTERN OIL FIELDS READY TO DEVELOP

Half Dozen Big Projects Under Way—Airplanes Take in Machinery.

Edmonton, Alta., March 17.—(Can. Press).—A half dozen or more oil development projects in the Mackenzie fields are now heading up for the com- ing season and machinery and sup- plies are already moving to the end of four drilling rigs on the way, all to be set up in the Fort Norman field adjacent to its present well; a group of Canadian and old country syndi- cates will also have drills in opera- tion; the Fort Norman Oil Co., head- ed by Joseph M. Aikins, brother of Lord Beaverbrook, promises actual development on its holdings in both fields this summer, and eastern in- terests, which L. Junkin, of Toronto, is representing, are said to be arrang- ing for the drilling of a well in close proximity to the imperial strike at Fort Norman.

ANNOUNCES CANADA'S NOTE CIRCULATION. Ottawa, March 17.—(Can. Press) — Dominion note circulation on Feb. 28 was \$290,194,519. COSTA RICA CALLS AGREEMENT OFF

Annuls the Oil Concession Granted by Old Government to Britain.

Washington, March 17.—A conces- sion involving approximately 7,000 square miles of potential oil fields in Costa Rica, granted by the old Tinoco government, and held by British in- terests, has been repudiated by the new Costa Rican government.

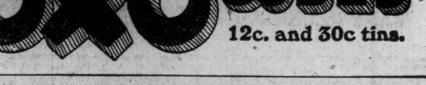

Neither Great Britain nor the United States recognized the "Tinoco government, but they have recognized the new government. Since extend- ing recognition, Great Britain, accord- ing to the advices, has undertaken to enforce the claim, bringing pressure to bear and threatening trade retaliation.

FALCON JUNIORS TRIM REGINA VICS. Winnipeg, Man., March 17.—Turning back the Regina Vics by a score of 3 to 2 here tonight and winning the round by a score of 4, the Winnipeg Falcons suc- cessfully defended the Abbott Cup, em- blema of the junior hockey champion- ship of Western Canada. In the first period Regina scored one minute after play started, but the Falcons, who had tallied two counters, after a score- less second stanza, Falcons added their final tally in the third, five minutes be- fore the final bell.

Calgary School Teachers May Strike This Morning. Calgary, Alta., March 17.—Calgary school teachers will strike Friday morning at 11:50 o'clock for higher wages unless the alliance decides at a meeting called for this evening to withdraw the strike resolution. The school board has refused to negotiate further with the teachers until the strike ultimatum is withdrawn.

Massaging for Beauty and Care of the Skin

The all-important subject of the complexion will be taken up by Mrs. Margaret J. Blair in her talk today, and will be delivered in negligee costume.

A beautiful skin is one of the duties every woman owes to herself, her family and to the world. Mrs. Blair contends, and she will demonstrate how to cleanse the face, to massage it, how to get rid of wrinkles and extra chins. Mrs. Blair is a living example of her theory that years should add to the complexion instead of subtracting from it. She contends (and rightly, judging from her own fresh pink and white skin) that a woman may have beauty at a mature age—the only time in her life when it can be accompanied by real wisdom and wit.

A smooth, lovely skin has never been known to detract from a brilliantly developed mind, but it does add glamor to those who possess both.

It does not need hours from regular duties to acquire a skin as youthful and free from wrinkles as the lecturer's. Five minutes night and morning following the simple directions given by Mrs. Blair and using the creams and lotions advocated by her will work wonders. In all her talks on Health and Beauty the lecturer emphasizes the value of exercise, correct diet and sleep—all simple rules. Certainly a healthier looking person could not be found than Mrs. Blair. Her eyes are bright; her skin, clear, soft and wrinkleless; her step light, and she brims with vitality. The various beautifiers for preserving and cleansing the skin, creams for preventing roughness from sun and wind, and the skin foods recommended by Mrs. Blair are on sale at our Toilet Goods Section.

Today Mrs. Blair will conduct a "Question Box" section.

The lectures are held in the Tea Room, Fifth Floor, daily at three o'clock.

(Continued From Yesterday's World.) "Francis!" repeated Sycamore. "Well, that's a pretty name, but what's the matter with Desert Willow?"

CHAPTER VIII. Sycamore Again.

IN TWO days the runner came back. First he carried out his purchases—clothes, tobacco, cartridges and medicine. Then he brought back a letter from Sycamore.

CHAPTER IX. Outwitted.

FROM the hint Desert Willow had given him, Sycamore felt sure that the rangers were watching San Ignacio in the hope of catching him.

BAR GERMAN TROOPS IN UPPER SILESIA

Warning to Germany That They Must Not Be Allowed to Cross Frontier.

Paris, March 17.—The French ambassador in Berlin, Charles Laurent, has been instructed to inform the German government that France is aware of the concentration of a large number of German troops on the frontier of Upper Silesia.

France will hold Germany to strict account if any of the troops cross into the plebiscite area. M. Laurent has been ordered to tell Germany, the French government pointing out that the allied troops are solely responsible for the maintenance of order in the region.

Ambassador Laurent was further instructed to protest formally to the German government against the presence of troops on the frontier and to advise Germany that responsibility for any disorders arising from the concentration will be placed squarely on the shoulders of the German government.

OUTLINES PROGRAM FOR PREMIERS' CONFERENCE

London, March 17.—Premier Hughes of Australia has promised to give the commonwealth parliament a statement regarding the subjects which will be brought under discussion at the conference of empire premiers here in June, according to a cable in The Daily Telegraph from its Sydney correspondent. The premier's statement, it is said, will deal, among other questions, with the Anglo-Japanese alliance, naval defence, dominion participation in the foreign affairs of the empire and German trade.

GRAND OPENING OF NEW GARAGE.

Never in the history of Riverdale-Danforth district has such a joyous season as Easter been attended with such a round of festivity as will this Easter, Monday, March 28. It will be a memorable occasion, and one that will linger long in the memory of those who accept the hospitality of Riverdale Garage Limited at their new commodious showrooms at 415-19 Danforth avenue. Afternoon and evening this mammoth monument to modern motor cars will be thrown open to those who really enjoy something new in up-to-the-minute entertainment. There will be dancing to the strains of an augmented orchestra; suchre, cabaret de luxe, buffet, luncheon, and many other surprises too numerous to mention. This is absolutely complimentary. Make up your party and come.

EDISON TELLS WHEN A MAN IS EDUCATED

Famous Inventor Says Man Should Keep in Touch With Affairs of the Day.

Discussing "what constitutes an education," Thomas A. Edison said a man is educated when he is "somewhat familiar with every branch of the environment in which we live—social, commercial and scientific."

This holds out hope to the young people struggling upward in the world today. They can educate themselves. No better and more concise fund of information is held out to men and women, boys and girls today than the New Universities Dictionary, now being distributed to readers of The World. This dictionary condenses in one volume most of the information concerning the world's present-day activities. It is more than a vocabulary, more than a mere list of words—it is a complete inventory of today's English.

BRITISH AGRICULTURISTS MUST PROVE THEIR CASE

London, March 17.—In promising the appointment of a royal commission to hold an enquiry into the subject of the British embargo on Canadian live cattle, Premier Lloyd George told a deputation of members of parliament from the agricultural districts that what amounted to a pledge to remove the embargo had been given to Canada in 1917. The question, however, had to be considered whether the change would be injurious to British agriculture and whether it could be carried out with general advantage.

Magistrate Must Not Assume Duties of Prosecutor

Pointing out that there must be a standard of fairness and judicial impartiality in the administration of law, so that all would be impressed with the idea of its best traditions, Justice Middleton quashed the conviction registered against George Gosling by the Cornwall magistrates where the accused was charged with keeping liquor in a place other than a private dwelling. The local magistrate amended the complaint to one of keeping for sale after the liquor was not found in an illegal place. His lordship said the magistrate must not constitute himself the prosecutor in cases in which he was the judge. Justice Middleton also quashed the conviction recorded against Henry Donthas, also convicted at Cornwall for B.O.T.A.

DE VALERA FACTION REFUSED TO PARADE

Split With "Friends" Reduces Numbers in New York Irish Demonstration.

New York, March 17.—(By Canadian Press.)—About twenty thousand Sinn Fein sympathizers participated in the annual St. Patrick's Day celebration here today, which this year took shape in an anti-British demonstration, even surpassing that of 1920, when British rule was considerably maligned. Flags of the so-called "Irish republic" were carried by the hundreds, and the customary banners denouncing in large letters "British persecution" and the British prime minister punctuated the columns.

The manifestation of sentiment for Irish political independence was somewhat disconcerted this year by the refusal of De Valera's faction in this city to participate because of differences of opinion over the expediency of the "split" in the present outlook. Instead of parading, the De Valeraites confined their protestations against Great Britain to the festive board, where it was hoped to raise large sums of money for the Irish relief fund.

Parade in Boston.

Boston, March 17.—The celebration of the 146th anniversary of the evacuation of Boston by the British had its usual fringe of green today, due to observance at the same time of St. Patrick's Day, but it lacked the customary presence of troops of the United States regular army and navy.

PROPERTY INVESTMENTS THAT WILL RETURN BIG MONEY

NO city in Canada offers better investment opportunities in land and house properties than the city of Toronto, and in no part of Toronto will bigger money be returned on investments than in that new and fast-developing section—Danforth district. Twelve years ago Danforth avenue was a mere roadway across vacant fields; today it is one of the main business arteries of the city. This extraordinary expansion has but followed a still more wonderful development of the residential section. It is no idle prophesy to say that in a few years Toronto is destined to have a population of a million people. The city's growth is north and east, but more particularly in the Danforth district. It is therefore only reasonable to anticipate the splendid investments that will follow development in this new section. Home-seekers will find many attractive features in this new residential district and builders can proceed with every confidence and assurance. Several of the splendid sub-divisions already opened up have sewers, water, gas and sidewalks.

WILSON KILPATRICK'S O'DOWD FOR MIDDLEWEIGHT CHAMPIONSHIP

Challenger Fails to Win Back Title From His Conqueror on the Decision of the Referee After the Judges Had Disagreed.

New York March 17.—Johnny Wilson, world's middleweight champion, retained his title in a 15-round bout with Mike O'Dowd, former champion, at Madison Square Garden last night.

The battle the judges disagreed, and Referee John J. McAvoy of Brooklyn gave his decision in favor of Wilson. Every knock in Madison Square Garden was coupled about the start of the first preliminary bout.

Wilson was the first to enter the ring, and he received a warm reception. O'Dowd climbed between the ropes a minute later and was greeted by both cheers from all parts of the house.

Wilson landed his right hand on O'Dowd's head, and O'Dowd was sent to the ropes. Wilson landed a right hand on O'Dowd's head, and O'Dowd was sent to the ropes.

Leafs Look to Have Fine Pitching Staff. Columbus, Ga., March 17.—(Special.)—The Leafs' work today was confined to the afternoon, and it was a strenuous one.

Thompson and Fortune handled themselves nicely in the box. The former is apparently on the road to stage a real come-back, which means that the Leafs will have a winning southpaw as well as a good all-around performer.

Elmer Myers, pitcher of the Boston American League Club, who has been a hold-out, has reported at the Red Sox training camp at Hot Springs.

MRS. HURD LEADS. Pinehurst, N.C., March 17.—Mrs. Dorothy Campbell Hurd, former Canadian golf champion, and Parker Whittemore, winner of the spring tournament, led a field of 64 pairs in the annual two-ball foursome at Pinehurst today.

LONG SHOT WINS SPRING CUP. London, March 17.—The Liverpool Spring Cup, run today, was won by Spring of Orange, 100 to 7. Treasurer, 5 to 1, was second, and Money Glass, 7 to 1, third. Fifteen horses ran.

HOCKEY GOSSIP

A record crowd for such "business" home affairs is expected Saturday afternoon at Arena, when the Ontario Hockey League completes the last scheduled game in its program in double firm.

The first game will bring together Gunning, 2-8, against Massey-Harris. It should be one lively battle from the drop of the hat.

Both teams have had half a dozen practices in preparation, and the contest means nothing to Dingle's Massey-Harris gang, the King Street boys are out to wallop the meat packers.

FAVOR ABOLITION OF SOCIAL COMMISSION

Civic Committee Recommends Work Transferred to Medical Officer.

THREE DISSENTIENTS

Controller Hiltz Desired Functions Turned Over to an Independent Body.

The abolition of the social service commission is called for in a resolution, which was adopted yesterday by the special committee, which was appointed by council to investigate the efficiency of the present system of administering charities in the city.

Ald. Johnston moved and Ald. MacGregor seconded the motion, which carried with the support of Aldermen Hamilton and Small and the chairman, Ald. Phinimore.

Interest of City. "That it be recommended to the board of control and city council that it be in the best interests of the city and all concerned that the social service commission, as at present constituted, be abolished, and that its duties be placed under the jurisdiction of the medical officer of health as a sub-department to be called 'The Bureau of Public Welfare,' and further, that a committee of citizens be appointed by the board of control to be called 'The Advisory Committee on Public Welfare,' which committee should act in an advisory capacity to the medical officer of health on all matters of social public welfare, but that all reports of this committee as to grants to hospitals, charities or other institutions, be submitted to an ex-officio committee, composed of the mayor (or another member of the board of control), the medical officer of health and the commissioner of finance."

Gets No Support. Ald. Baker had previously moved that the social service commission be retained and that any necessary changes in the personnel be made, but he got no support.

Con. Hiltz also had a motion to establish a social welfare department as an independent department, but it did not get a vote.

The chairman, Ald. Phinimore, reported that he had visited Buffalo during the week and had investigated the method of handling charities there. He found this work under a department of the civic government with half a dozen other minor departments. The administration costs were about \$50,000 a year and relief costs totaled about \$300,000.

Outside of this civic organization there was a charity organization maintained chiefly by a local millionaire, which assumed a large share of the calls for relief.

Ald. Baker said that, without a system of local government similar to the Buffalo system the charities here could not be handled under a department. Many charity organizations were under the jurisdiction of the provincial government, and much legislation would be necessary.

No Ornamental Body. Con. Gibbons said that the social service commission was appointed for a certain purpose and so far as he could see it had carried out its instructions. "If you want an ornamental body, just sit around and take orders, why appoint one," he said.

Con. Gibbons could not see the merit in asking highly paid officials like the medical officer of health and the commissioner of finance to manage charities.

MEN YOU HEAR OF Seen as Their Friends Know Them

No. 138.

MR. D. O. ELLIS, grain dealer. He was born in Waterloo, Ont., in 1848, and was educated in Rockwood Academy. After a career as a school teacher in his native town, he started in the grain business in Toronto in 1877 as a member of the firm of McAlain & Ellis. He is a member of the board of trade, Masonic Order, Foresters, York Pioneers and St. George's Society. His recreations are walking, hunting and gardening.

the work. He believed these men had enough to do as they were. Con. Hiltz thought the work should be turned over to an independent department without any camouflage, but Ald. Johnston argued that the time was not yet ripe to establish a new paid department.

The recommendation will probably be laid before council on Monday next.

NO TRACKS ON LEVEL WEST OF CHURCH STREET

Replying to a statement by a party writing to the press that the viaduct on the Esplanade, and that people crossing to the boats would be in constant danger from shunting engines, E. L. Cousins, of the harbor commission said yesterday that there would be no tracks on the ground level west of Church street.

ST. PATRICK'S DAY QUIETLY OBSERVED

Many Social Functions Held in Honor of Ireland's Patron Saint.

WEARING OF THE GREEN

D'Arcy Hinds Believes Irish in America Before Columbus or Indians.

St. Patrick's Day is more well kept, his color can be seen, for they're hanging men and women for the wearing of the green!

Also, needless to say, the capital punishment suggested in this old ballad was not the deterrent, it is a fact that yesterday a very small percentage of Torontonians celebrated the 17th of Old Ireland. Shamrocks, real and imitation, were worn to some extent, and, therefore, seen, but not anything like as much as in former years.

To start out with, the day itself might have had something to do with it. The sky was overcast and carried a hint of rain. Citizens who possessed green ties and scarfs possibly did not wear them because of the fear that they would get wet and the color would run. However, that might be, it was quite noticeable that Toronto this year did not celebrate St. Patrick's Day, at least as far as the former residents were concerned, like in days of yore. When formerly many shop windows would be decorated in a riot of green trimmings, yesterday they maintained their everyday appearance. Stores did not advertise Irish day decorations to any great extent. There were few buildings adorned with emblems of the day either.

Purchase of Shamrocks. The lack of personal and outside decorations was made up for to a great extent by the number of private and public St. Patrick's Day parties. Many homes were tastefully decorated and florists report that an unusual number of shamrocks were purchased for parties. A St. Patrick's Day supper-dance was given at the King Edward Hotel, which was largely attended. The C.P.R. at which Russell Sweet received a diploma from the Royal Humane Society for saving the life of a young girl started at midnight on the 17th, to which Patrick Hagen, a young Toronto boy, who has just returned from a theatrical tour, Mr. Hagen, who comes of a well-known Irish family, was born at midnight on the 17th of March twenty-six years ago.

A concert was held at St. Patrick's parish hall, which D'Arcy Hinds gave an interesting address on "Irish in America Before Columbus." In his address, Mr. Hinds contended that there were Irish in America before Columbus and before the Indians. This was proved by the fact that some tribes of Indians spoke Irish fluently and used Irish idioms. Other data also went to prove this theory. Early masses in the Roman Catholic churches were well attended, but there were no special references made to Ireland or to Irish affairs.

APPROVE ADDITION TO LOCAL CEMETERY

Over Five Hundred Deaths Registered in Toronto During February.

The local board of health yesterday approved of the application presented by Rev. Baynes-Reed on behalf of St. John's Church, Norway, for the right to add two acres to St. John's Cemetery on the south end.

The report presented by the medical officer of health showed that 544 deaths were registered in Toronto in February, revealing a mortality rate of about 13.5.

The report continues: The deaths from tuberculosis registered in Toronto numbered 27, against 33 in the same month of 1920. In addition to these deaths, 10 Toronto people died in outside sanitariums this year, against 12 in 1920.

The mortality from acute communicable diseases was comparatively low, being only about 40 per cent. of that of last February. Marked decreases are found in the deaths from measles, diphtheria, scarlet fever and whooping cough. In the three last causes, the decrease in deaths was accompanied by an increase in cases reported, which indicates a decrease in virulence rather than in the case incidence of these diseases. Smallpox, measles and mumps, however, reported reductions in the number of cases reported.

The actual number of infant deaths in February of each year is shown in the following table: Deaths under one year registered in February, 1912 to 1921 inclusive: 1921, 97; 1920, 129; 1919, 82; 1918, 74; 1917, 89; 1916, 89; 1915, 118; 1914, 105; 1913, 124, and 1912, 121.

Chairman Ald. Maxwell, who has been ill for some weeks, was able to attend the meeting yesterday.

FOUR MILLION FOR IMPROVING HARBOR

City Will Issue Debentures for Money to Carry On Development.

DROP PARK PROJECT

Deputation of Christie Street District Wait on Board of Control.

Finance Commissioner Ross notified the board of control yesterday that the harbor commission was asking for the issue of new debentures to the extent of \$4,000,000 with which to carry on harbor development work.

"Four million for that and yet we can't widen Yonge street," said Controller Hiltz. The debentures will be issued.

Assessment Commissioner Forman recommended an interim payment to the owners of 12 and 14 North street \$25 acres of land on the hill for park purposes. The block is assessed at \$21,000 and the owners want about \$70,000 for it, and the adjoining residents, who are decidedly opposed to the park, declare they will sue for damages if the park is established.

The board concluded that the cost was too stiff and also in deference to the wishes of the district a recommendation will go to council to drop the scheme. The mayor added: "But let us have a proper assessment of that property."

At the request of a deputation, the board agreed to appear before the provincial government this morning and support the appeal of Gowdang citizens for the construction of a railway from Swastika on the T. & N.O. Railway to West Tree on the Canadian National to open up a new mining district. The D. & G. Gowdang spoke for the deputation. The proposed railway would be about 100 miles long.

Following the presentation, a dance was enjoyed on the floor of the large leaving room. Mayor Church, in leaving, asked three cheers for St. Patrick, and to judge by the volume of sound, there must have been a few Irish in the room. Judge Cohen, who was with the mayor, was wearing a green tie conspicuously, and the cheer given for him equalled that for St. Patrick.

At the suggestion of the mayor, the board decided to refer to the works committee the question of adjusting the local improvement assessment on Mount Pleasant road, and for the Merton street bridge, and will ask the court of revision to withhold decision on the matter for two weeks.

The recommendation in the property committee's report that steps be taken to expropriate the property in the rear of 61 Pender street, on which a dry cleaning plant has been established, was struck out. The recommendation that the application for the boiler permit be refused, was also struck out, however, felt that the permit could not legally be withheld.

At the suggestion of the mayor, the board decided to pass up the Singer charges against the Toronto-owners' department free to act on its own initiative if at all. Ald. Singer gave notice at the last meeting of council that if the board did not take some steps towards calling an investigation he would read the charges in council at the next meeting. In the present case, the mayor suggests that council be called half an hour earlier and that the charges be heard in private. "No secret sessions," he declared. "We had better wash our hands of this whole thing," and the board agreed.

The board was laid before the board for the alderman are affidavits by certain citizens alleging wrong-doing by the board of police court. Ald. Singer said he would raise the issue on Monday.

On recommendation of the city solicitor, the board approved of a settlement of the case of Brown, who, while driving on Bloor street, some time ago, was run into by a civic street car and badly injured.

The board decided to let the people vote next January to pay salaries to members of the board, \$500 to \$800, and to members of committees and \$400 to members.

Mayor Church was authorized to attend, or delegate some one else to attend, the meeting of the international waterways commission, at Detroit on the 20th inst., when the question of St. Lawrence River navigation will be discussed.

The board will recommend a council recommendation that \$500 be voted to cover the expense of a series of Ratepayers' Association, to instruct the public on the need of the viaduct on the Esplanade, which the railways have succeeded in shelving for ten years.

A decision has been reached by the board of control to close the hotel at the corner of King and Church streets, where relief for unemployed has been provided for some weeks, and from now on relief will be very much curtailed.

It is understood that any serious cases will be looked after by the Salvation Army headquarters and the House of Industry.

Members of the Heliconian Club celebrated St. Patrick's Day by a high tea, when the tables were decorated in an original and interesting and white, groups of Irish flags being stuck in potatoes placed in green mat, green candles in brass chandeliers and green scarfs stretched across the tables, making an altogether charming picture. Green and white loaves were also served. After an impromptu program given, Miss Marjory-Bush presided. Miss Loew in hand was reported by the treasurer, Miss Turnbull.

LATE TORONTO CORONER LEAVES BIG ESTATE

The National Trust Company and Mrs. Anna Isabella Greig have been given probate of the will of Dr. William John Greig, coroner, who died at 493 Sherbourne street, January 5, leaving \$80 in book debts, \$2,284 secured by mortgages, \$12,532 in stocks, \$223 in the bank and \$13,006 in bonds and debentures. He bequeathed \$500 to the Home Mission Fund of the Presbyterian Church, a life interest to his widow, Mrs. Anna I. Greig, on whose death the property passes to John Alexander Greig, a son of the testator.

GIVEN A DIPLOMA FOR SAVING CHILD

Mayor Church Presents Russell Sweet With Token in Parkdale Station.

Russell E. Sweet, a member of the baggage staff at Parkdale station, was presented by the mayor at the city diploma last night at the monthly dance of the recreation club of the city at the Grand Hotel, 1000 Pacific Railway. At the risk of his own life Sweet saved a young child from a terrible death under the wheels of a locomotive.

On January 17, 1920, a woman with five children was waiting on the platform of the station. One of the children started to cross the track in the way of a fast-approaching engine. Sweet leaped onto the track, seized the child and made a spring across into a snowbank. There was only a matter of a few feet between the track and the fence, and Sweet was quick-witted enough to hold the child against the fence until the danger was over.

Mayor Church, in presenting the diploma, stated it was his intention to bring the young man's heroic act to the attention of the board of control and city council. His worship also paid a tribute to the officials of the C.P.R. for their co-operation during the war, and personally thanked General Manager William Fulton and H. C. Groat. Mr. Fulton welcomed the mayor back to the city.

Sweet, in receiving the diploma, was very modest, but said a few words of thanks. He is a young chap of clean-cut appearance, and following the presentation, a dance was enjoyed on the floor of the large leaving room. Mayor Church, in leaving, asked three cheers for St. Patrick, and to judge by the volume of sound, there must have been a few Irish in the room. Judge Cohen, who was with the mayor, was wearing a green tie conspicuously, and the cheer given for him equalled that for St. Patrick.

By her will, made February 14, 1920, Mrs. Anderson devised the income from the bonds and net income from the Yonge street property to her husband, and her daughter, Ella Olive Alberta Plowman, who inherits the residue after a substantial payment in which the plot in Mount Pleasant is buried.

The board of control will meet next Tuesday morning to go thru the estimates for the various departments before sending them on to council.

H. LEWIS WINS PRIZE IN THUMB-PRINT CONTEST

Came Nearest to That of Priscilla Dean and Receives Twenty-five Dollars. Nine Other Winners Receive Pass to Regent Theatre to See "Outside the Law."

H. LEWIS, 94 Wells street, Toronto, is the winner of The World \$25 prize in the Thumb-print Contest, which came to a close Wednesday evening at 5 o'clock. It has been found that his fingerprint comes the nearest to that of Priscilla Dean, the motion picture star, appearing with Lon Chaney at the Regent Theatre this week in "Outside the Law."

It has been found impossible to reproduce the thumb-prints owing to the fact that the proper kind of ink for reproduction was not used. All the prints received have therefore been destroyed by the judges, whose decision is previously announced, is absolutely final. In many cases, the request was made that the prints be not reproduced, various reasons having been set forth to support the request.

To each of the nine whose names are given below, a pass for two to see "Outside the Law" has been mailed. These will be honored up to, and including Saturday night.

The statement of the judges follows: From a large number of thumb-prints submitted to The Toronto World newspaper, the impression forwarded by Herbert Lewis, 94 Wells street, Toronto, shows the strongest resemblance to that of Miss Priscilla Dean.

The following are the next best nine taken in the order in which they compare: Miss Helen Boshier, 61 Wellesley street, Toronto. Mrs. W. Bowber, 132 Dovercourt road, Toronto. Mr. W. Mallion, D.C.M., 2107 Danforth avenue, Toronto. Mrs. W. Bryce, 124 Queensbury avenue, East Toronto. Miss Verena Hamilton, 197 Argyle street. Mr. H. W. Spry, 867 Dufferin street, Toronto. Miss Myrtle Dunn, 206 Gardener avenue, Todmorden, Ont. Mrs. E. McCoy, 344 Royce avenue, Toronto. Mr. Harold Hall, 14 Boothroyd avenue, Toronto.

CLAIMS HE PROVED EVERY CHARGE MADE

Liberal Member for Parry Sound Complains of Misrepresentations.

NEW NORTHERN TOWN

Ontario License Board Chairman Will on May First Resign Position.

The Liberal member for Parry Sound, R. R. Hall, lodged with the legislature yesterday a vigorous protest against what he claimed was an incorrect report in an evening paper regarding his charges against game and fishery officials. He said he had admitted that his charges had broken down, and this he denied. As a matter of fact, he declared, he had proved every charge he had made.

The minister of mines, Hon. Harry Mills, took issue with Mr. Hall, but did not wish to discuss the matter at the present stage. He wanted first to secure a full report of what Mr. Hall had said. Further discussion was accordingly deferred.

New Northern Town. The premier's bill for the incorporation of the Kapuskasing township was taken up in committee. The fear expressed that the site was liable to be flooded at certain times of the year was declared by the premier to be groundless.

The complaint was made by the Conservative leader that the Spruce Falls Co. had been given practically five years in which to complete its power development scheme. He also maintained that the company did not intend to build a paper mill for eight years. However, he had every confidence in the company, which, by the way, had received most generous aid from the government.

The premier said when his government came into power they found, among other things, a discontented lot of people at Kapuskasing. The government was even compelled to sell their distress. Everyone knew what had occurred subsequently, and how the government made the best it could out of a bad situation.

The premier promised to have the point looked up. He was willing to change the conditions if Mr. Lang could recommend anything. Mr. Lang also thought the company's property should be taxed and not granted exemption, but the premier did not agree with him. The bill was finally reported.

To Prevent Accidents. A bill amending the municipal act so that municipalities may prohibit the use of any building for purposes for which it may be structurally unsound, or which, from the size or strength of, or which supports or floors may render the same dangerous, and for requiring the owner or occupant to obtain a permit from the architect.

Legitimate Children. Hon. W. E. Roney's bill to legitimate children born out of wedlock whose parents are subsequently married, passed the legislative committee yesterday. No property right vested before such a marriage shall be affected.

Important addition was made to the bill by a clause which provides that when a woman goes thru the form of marriage with a man who has a legal wife living, the second woman being in ignorance of the man's first marriage, she and any children she may have by the man should have a lien upon any estate which he may leave upon his death.

Charles McCreary's bill dealing with the establishment of reciprocal insurance was reported.

Malcolm Lang's bill to provide for the collection of income taxes by employers from their employes on behalf of the

WANTS INQUIRY INTO SCHOOL COAL

Trustee at Schol Board Meeting Complains of the Quality.

One hundred dollars overdraft from last year's maintenance account was stated at the board of education meeting to be "a small matter." It might be, however, because of the amount involved, but because of the circumstances. Last year the maintenance, repairs and supplies rose in price during the purchasing period. This year the deflation process was in operation and the board to meet the overdraft out of credit balances without even any cut in the \$250,000 appropriation for repairs.

A delegation from the Child Welfare Society and Junior Red Cross, requested the co-operation of the board in its work.

The board granted the Salvation Army permission to take up a collection in the high and public schools on April 1 for their annual appeal. Trustee John Wanless placed an inquiry on the order paper for information respecting the steps to be taken for the purchase of a site for the new Park Street Collegiate Institute in view of the sale of the former site on Bloor street.

Investigate Coal Supply. Trustee Wemp gave notice of motion for a searching investigation into the coal supply trouble. He stated that the pyramid of slate removed recently from an east end school was the proportion of slate from only two weeks fuel.

Trustee Stanley Brown strongly opposed the leave being granted to 41 teachers to spend a year teaching in London, England, as likely to interfere injuriously with the organization of the staff. Trustee Miller said that Chief Justice Cowley had been restricted to fifteen months of the forty-two months of the Empire were given by Trustees Groves, Edmunds, Douglas and William Brown. Trustee Brown: "It's a fact."

A short sharp debate on the question of renting rooms or of double porches to relieve overcrowding at Lakeshore school resulted in a decision to use porches for one reason because in rooms were available conveniently near the school. McClelland announced that the tenders for the Roden and Beach School additions were twelve thousand dollars less than the estimates.

Trustee Wemp brought up the high cost of the so-called model schools, the John H. Roberts school, but at Lakeshore Schools, which cost about \$200,000 each for the buildings, or about \$240,000 a class room.

Trustee Edmunds, chairman of finance, said he opposed these expensive schools, but he believed that they might have been built if the board had been legally advised of the cost of the buildings, and the accounts were ordered paid.

BUILDING PERMITS ISSUED. City Architect Price yesterday issued the following permits: J. Lucas, three pairs semi-detached brick dwellings, Ashdale avenue, \$20,000; F. J. Connell, two detached brick dwellings, Bellflower road, \$7,200. Lake Simcoe Ice Co., frame storehouse for ice, 2280 East Gerrard street, \$2,500; W. H. Allen, brick and stucco dwelling, Oakcrest avenue, \$4,800.

Investigate Coal Supply. Trustee Wemp gave notice of motion for a searching investigation into the coal supply trouble. He stated that the pyramid of slate removed recently from an east end school was the proportion of slate from only two weeks fuel.

Trustee Stanley Brown strongly opposed the leave being granted to 41 teachers to spend a year teaching in London, England, as likely to interfere injuriously with the organization of the staff. Trustee Miller said that Chief Justice Cowley had been restricted to fifteen months of the forty-two months of the Empire were given by Trustees Groves, Edmunds, Douglas and William Brown. Trustee Brown: "It's a fact."

A short sharp debate on the question of renting rooms or of double porches to relieve overcrowding at Lakeshore school resulted in a decision to use porches for one reason because in rooms were available conveniently near the school. McClelland announced that the tenders for the Roden and Beach School additions were twelve thousand dollars less than the estimates.

Trustee Wemp brought up the high cost of the so-called model schools, the John H. Roberts school, but at Lakeshore Schools, which cost about \$200,000 each for the buildings, or about \$240,000 a class room.

Trustee Edmunds, chairman of finance, said he opposed these expensive schools, but he believed that they might have been built if the board had been legally advised of the cost of the buildings, and the accounts were ordered paid.

BUILDING PERMITS ISSUED. City Architect Price yesterday issued the following permits: J. Lucas, three pairs semi-detached brick dwellings, Ashdale avenue, \$20,000; F. J. Connell, two detached brick dwellings, Bellflower road, \$7,200. Lake Simcoe Ice Co., frame storehouse for ice, 2280 East Gerrard street, \$2,500; W. H. Allen, brick and stucco dwelling, Oakcrest avenue, \$4,800.
