

GOOD THINGS COMING TO THEATRES OF ST. JOHN

OPERA HOUSE TONIGHT

Surprisingly Good Programme For Young and Old—New Serial Starts

The new Opera House vaudeville programme opening tonight offers Star from Foyland, a comedy manikin novelty and boy theatre, a great treat for the children and the big folks also; Dorothy Richmond and Company, in a comedy one-act playlet, "A Friend in Need," Frank Johns and partner in a laughable singing and musical sketch, "Bunkology"; Orpheus, English musical novelty offering; Bet and Elsie Mathews in comedy songs and scenic dancing; and the opening chapter of the new Vitaphone drama of thrills and romance, "The Man of Might," with Wm. Duncan, Edith Johnson and Joe Ryan in principal roles.

This evening at 7:30 and 9; tomorrow afternoon at 2:30. Old time. Popular prices.

SEAT SALE FOR OPERA OPENS TOMORROW

So great is the interest in the coming grand opera season of June 2 to 7 that tomorrow's opening of the seat sale is sure to be marked by a steady rush. Seats will be secured for any or all of the performances as mentioned in the advertising columns of this issue. The Boston English Opera Company opened its Montreal engagement at His Majesty's Theatre last evening to capacity business and a delighted audience.

DRAPER SAYS THAT EMPLOYERS MUST RECOGNIZE UNIONS

Ottawa, May 20—"Organized labor will fight for its rights," said F. M. Draper, secretary of the Dominion Trades and Labor Congress, in an interview last evening.

Asked with regard to the danger of Ottawa becoming involved in a general industrial tie-up such as is now at its height in Winnipeg and threatened in Toronto and Hamilton, Mr. Draper said, in his opinion the employers were making a grave mistake in not at least listening to the demands of the men and in not meeting a committee from the unions in times of trouble and talking the matter over with them.

"The day has gone past," continued Mr. Draper, "when an employer can say 'I will not deal with the union as a whole, but only with the employes in my own shop.' Recognition must be granted the union and collective bargaining in all matters under dispute."

LIBERAL CAUCUS

Ottawa, May 20—A caucus of the Liberal M. P.'s was held this morning to hear the report of the advisory committee for the national Liberal convention which has been consulting with the representatives of the provinces. It is stated that the caucus expressed great satisfaction with the report.

Jellico in Australia. Perth, Western Australia, May 20—(Reuter's)—Admiral Jellico arrived here yesterday and was given a welcome of unprecedented enthusiasm.

Notice of Births, Marriages and Deaths, 50c.

MARRIAGES

FORD-SADLER—In this city on the 19th inst. by the Rev. R. H. Pinkett, Helena, daughter of Mr. and Mrs. John Sadler, to William Alie Ford, both of this city.

DEATHS

MEMULLIN—At the General Public Hospital on May 20, 1919, Mary, wife of Patrick McMillan, leaving her husband and four daughters.

POWERS—Died at his home, 61 St. James street, on the 20th inst., William T. Powers, aged 70 years.

THOMPSON—At Robesay, on the 20th inst., after a long illness, Clara Evelyn, daughter of Alfred and Bessie E. Thompson, aged twenty years, leaving her parents and three sisters to mourn.

Funeral notice later.

LETTER WHICH GIVES REASON WHY CARL PEDERSON PUT AN END TO HIS LIFE

Carl Pederson, who was found dead in his room, yesterday morning, left a letter beside him which proved that unreturned love was the motive which caused him to take his life. The letter was addressed to a girl who says she hardly knows him and it is given here, with the name of the lady left out. My Dear— Since I feel sure you are lost to me forever, I have decided there is nothing left for me to live for. God only knows how much I love you. I cannot find words to tell you how I feel, but I know I could not live to see you married to someone else. It would be torture to me. For the last three years—perhaps you didn't know it—but it has been eating the heart out of me, and you would hardly look at me. But what is the use, perhaps it was my own fault and all hope is gone. I cannot take interest in work or anything. There is nothing to look forward to without you, so I will end it all. Say prayer for me sometime; perhaps we will meet again up yonder. And now I must say good-bye. Sweethearts, till we meet again, as I hope, in heaven. From your heart-broken lover, CARL.

BIG STRIKE IS ON IN AMHERST

Amherst, N. S., May 20—A general sympathetic strike was called this morning by the Federation of Labor. As a result nearly 3,000 workmen and women are idle. The strike resulted from the nine hour day given to the employes of the Canadian Car and Foundry Company. With this shortened day, it was not known whether ten hour pay was being secured. A meeting was called last evening, and today hardly a wheel is turning in the industrial centre. The Canadian Car and Foundry Company, the Robt. Engineering Company, the Amherst Boot and Shoe Company, the Amherst Foundry Company, Christie's Trunk and Bag Factory, the Rhodes Curry Company, and other woodworking plants are closed tight. In addition to this the employes of the steel department are out, as well as the men working under various contractors.

This is the first serious labor trouble in which Amherst has ever been involved. Quiet reigns thus far, and it is felt that the matter will be successfully settled within the next few days.

THE SITUATION IN WINNIPEG

Calgary, May 20—The C. P. R. Federated Trades here last night decided to demand a settlement of their demands of wages and hours by the railway board by May 20, failing which they declare in favor of a strike vote. Notification of this decision has been wired to headquarters of the treatment's unions. The railway board has been notified by wire.

Ottawa, May 20—Hon. Senator Robertson, minister of labor, and Hon. Arthur Meighan, minister of the interior, left for Winnipeg at 1:20 o'clock this morning. There they will take the strike situation in hand and endeavor to restore order.

Reports Reaching Fort William. Fort William, Ont., May 20—Arrivals from Winnipeg on last night's train reported that everything in Winnipeg was quiet up to the time of the departure of the train.

News received by private wires during the day stated that the able-bodied men of Fort Rouge, the best residential district of Winnipeg, were all plants enrolled as special constables and that they have been ordered to hold themselves in readiness for orders.

A message was received by a grain firm from Alderman Fisher of Winnipeg, head of the Scottish Co-operative Grain Company, stating that a feeling of greater optimism prevailed. He said that the head of the telegraphers' union was about to reach Winnipeg with instructions to the men to return to work.

A rumored strike among the railway trainmen, including the engine and conductors, was said to be without foundation.

Supplies of bread, milk and other necessities of life are still available.

It is reported that retaliation might be taken against the Fort Rouge district by proclaiming a blockade against it, and cutting off all delivery of supplies to the residents there, if they persisted in enrolling as constables.

BUY WAYSAVING STAMPS

PERSONALS

Mr. and Mrs. H. G. S. Adams, Brookville, announce the engagement of their eldest daughter, Frances Gertrude, to William Leslie McLean of Saskatoon, the marriage to take place in June in Winnipeg.

Major Louis W. Barker, who recently returned after a visit to his business offices in Montreal, will next probably spend a few weeks with his wife and little daughter at one of the suburban resorts before taking up his residence again in the Canadian metropolis.

Miss Ada M. Schleyer and Miss Kate Stewart of Fredericton, who have been the guests of Mrs. Thomas E. Dyer, Celebration street, returned home last evening on the Montreal train.

Dr. C. B. Little and Mrs. Little, of Cambridge, Pictou county, returned home today after a visit to Mr. and Mrs. French, West End.

Captain J. K. Livingstone of this city has returned from St. John's, Nfld., where he has just announced the engagement of his daughter, Hilda Maude, to Aubrey B. McKee, eldest son of Mr. and Mrs. Donald Macdonald, of Moncton, has accepted a position as Industrial Nurse with the Grotton Iron Works, Grotton, Connecticut.

SMOKE MACDONALD'S INDEX BORDEN SAILS ON AQUATANA

London, May 20—(Reuter's)—The S. S. Aquatana, on which Sir Robert Borden is passenger, sailed without the aid of thrugs, being manoeuvred by ropes thrown from the quayside. By magnificently seamanship, the liner was turned out in two hours. She was cheered by thousands as she departed.

PROBATE COURT

Letters of administration were granted to Agnes I. Short, in the matter of the estate of her brother, the late Robert D. Campbell. The estate is valued at not more than \$1,000.

Letters testamentary were granted to Mary MacHugh in the matter of the estate of her husband, the late Cornelius MacHugh. The value of the estate does not exceed \$2,500.

A few of our NEW BOOKS:—"A Man Four Square" (Rains), "Midas and Son" (S. McKenna), author of "Sons of the Moonlight Way" (Chambers) "Daves" (E. Porter) "Year's Between" (Rudyard Kipling) etc. It pays to RENT BOOKS and buy Home Cooking from WOMAN'S EXCHANGE LIBRARY.

THE BEST QUALITY AT A REASONABLE PRICE Diamonds

Quality, not price, should be your first consideration in buying diamonds. A diamond is not a necessity—it is bought simply because of the pleasure that may come from its use, and no pleasure can come from the use of an inferior quality. We carry only the better grades of diamonds, and the purchase of such a stone will be a source of continual satisfaction. We make a specialty of stones at the price most people want to pay—\$25 to \$100.

GET WAGES INCREASE

New Bedford, Mass., May 20—The Cotton Manufacturers' Association of this city announced last night the granting of a fifteen per cent. increase in wages to their operatives in New England and elsewhere in the north where plants are operating on a 48-hour basis, has been recommended to the mill owners, according to an announcement today by the National Association of Cotton Manufacturers. If the recommendation is carried out in full, it will affect mill operating 15,000,000 spindles.

Advances have already been voted by the mill executives of Salem, Fall River and New Bedford, and it is expected that notices of similar action will be posted tomorrow morning by all northern mills operating on the 48-hour schedule. The increase is to be effective June 2.

FREDERICTON NEWS

Fredricton, N. B., May 20—In the police court this morning a resident of Doak Settlement was fined \$20 for setting a slash fire and letting it go unattended so that it burned twenty acres and threatened other property. The crown land department intends to enforce the law firmly.

George Joy of Gagetown has purchased the residence of A. E. Kilburn here and will reside in Fredericton.

The office of the deputy attorney general in getting "rid of a lot of dead wood." He understood there were "a lot of old people in the service who he could assist the civil service commission in getting rid of."

W. A. Boyd said this raised the question of superannuation. One of the greatest evils, he believed, was over-lapping.

WANT AUTHORITY TO INCREASE EXPRESS RATES Washington, May 20—Authority to increase rates between the United States and Canada was asked by the American Railway Express Company in an application filed with the Interstate Commerce Commission.

Ottawa, May 20—A committee of the commons appointed to inquire into conditions in the civil service met this morning. Arrangements were made for securing evidence. Deputy ministers will be called first. H. M. Mowatt said they could assist the civil service commission in getting "rid of a lot of dead wood."

W. A. Boyd said this raised the question of superannuation. One of the greatest evils, he believed, was over-lapping.

MORE OF OUR GALLANT BOYS HOME FROM WAR

(Continued from page 1) the cannon replica being in solid gold—hampout's memento of that year. He came's father and mother, brother Louis and sisters Germaine and Rosa met him in Fredericton and came home with him. In joyous welcome awaited him in the flag-dedicated home rejoicing over the soldier son's return.

The other St. John boys to arrive last evening were: Pte. Allen, St. John Hotel, St. John. Pte. Bonnell, Harrison street, St. John. Pte. Tait, Somerset street, St. John. Pte. Tillisley, Orange street, St. John. Sergt. Wilson, Chesley street, St. John. Pte. Conlogue, Pte. Pitt, Pte. Handshaw, Pte. Powers and Pte. Roy, also of St. John.

Three Burke Boys Home Private W. P., the third soldier son of Mr. and Mrs. James Burke of 98 Sheriff street, North End, arrived home today after nearly four years of war service with various units, leaving his home territory under the banner of the 119th battalion and naturally there is great jubilation in the present round of the 80th division in the Burke home as all the sons are now home safe and sound. The other boys are Sapper J. Burke of the 24th Battalion, and Drummer Burke of the Depot Battalion Band.

Pte. E. McEachern of 549 Main street arrived at Quebec on the S. S. Casandara on May 18, after a very rough voyage and is now in this city with his people.

Pte. McEachern went overseas with the 86th Nova Scotia Highlanders in February, 1916 and crossed to France with them in April of that year. He served with them right through, was wounded three times (twice severely) but returned to his old unit so soon as he had recovered. He spoke very highly of the present round of the 80th Lt. Col. Ralston, D. S. O. and Bat, saying that he was one of the bravest men he had ever known. He spoke very highly of the Y. M. C. A. Pte. McEachern's many friends are delighted to welcome him home and to congratulate him on his safe return after his four years of active service.

Flight Lieut. C. L. Hicks. Among those on the S. S. Canada arriving in Montreal on Saturday was Flight-Lieutenant Curtis S. Hicks, son of Mr. and Mrs. Allan W. Hicks of Hampton street, Fredericton, who joined the air force about fifteen months ago, going to Toronto for his course, after which he went overseas. He completed his course in England and received his commission a short time ago. Lieutenant Hicks is very well known in St. John, Hampton and Gagetown, where he was employed in the Bank of Nova Scotia, as teller, prior to enlisting. A large number of friends will be pleased to hear of his safe return.

Of the troops from the Scandinavian, who were to arrive at noon today, only two men came to St. John. They are Pte. F. McAuley of 20 King street, west side, and Pte. N. E. Mouch of Ontario. Pte. McAuley went overseas with No. 1 Field Ambulance in 1914. He went to France with them early in 1915 and has served with them ever since, having put in four years and eight months' active service. He brought his wife home with him and they were met at the depot by a number of happy relatives.

Pte. Mouch enlisted with the first Canadian battalion after his recovery from his wounds, serving in that unit until after the armistice. He was twice wounded, but returned to duty with his old battalion after his recovery on both occasions. Pte. Mouch belongs to Ontario, but has come to St. John to join his brother, A. E. Mouch of R. F. D. No. 1.

Captain Frank Scully Captain Frank Scully also arrived on the 12:15 train. He came back with the last batch of troops from Siberia and said that the rest of the boys for this province would arrive in a few days time. Captain Scully looks very fit after his sojourn in wintry Russia. He is a son of Mr. and Mrs. W. E. Scully of West St. John. The Knights of Columbus were at the station to welcome the boys, and of course were disappointed to find only two of the sixteen arrived.

We have never heard of anyone who regretted changing from some other Coffee to Chase & Sanborn's "SEAL BRAND" COFFEE But we have heard of a great many who were sorry they did not change sooner. In 1/2, 1 and 2 pound tins. Whole-Ground-Pulverized—also fine ground for Percolators. Never sold in bulk. CHASE & SANBORN, MONTREAL.

BRITISH SINK REDS' CRUISER WITH NEARLY WHOLE OF CREW SHIPPEN

Copenhagen, May 19—The Politiken's Helsingfors correspondent says that five Bolshevik cruisers and three British light cruisers were in an engagement in the Gulf of Finland on Sunday and that one Bolshevik cruiser was sunk with nearly its whole crew. Another was driven aground on the Estonian coast.

Warsaw, May 19—On the Lithuanian front the Bolsheviks launched strong attacks against Podbrodzko, northeast of Vilna, but were repulsed with heavy losses. Polish advance guards have reached Bolnia.

London, May 20—(Reuter's)—In the commons yesterday, Hon. P. E. Guest said that as the Bolsheviks were already employing poison gas on the north Russian front preparations were being made to retaliate in kind. (Cheers.) Every precaution was being taken to protect our brave troops against the inhuman methods of the Soviet troops.

FEAR HAWKER AND GRIEVE ARE LOST (Continued from page 1) St. John's, Nfld., May 20—With the result of Hawker's endeavors in doubt, plans for another prospective race began to develop today similar to that for which Hawker and Frederick H. Raynham were lined up. Alecott and Brown of the Vimy bombing plane, due to arrive here tomorrow, announced that this flight for Ireland would be undertaken with the coming of the next full moon. Alecott said he would fly from St. John's to Harbor Grace and there would start with a full load on his trans-Atlantic journey.

The Handley-Page will be ready at the same time, in the opinion of Admiral Kerr, and a race for which it may still prove to be the first contest, is expected to result.

Meanwhile the \$50,000 prize offered by the London Daily Mail is apparently still open to competition, as the conditions require that the coast line must be crossed. Lieut. Loth Jensen, formerly a French war aviator, arrived here to study conditions for starting a flight from Newfoundland.

MAKING SLOW PROGRESS The South End Improvement League which was the pioneer, will be the last to get started on its playground this season unless those who want to use it lend a hand, and unless the material now sent quite unnecessarily to complete the fill at this playground. Last evening a dozen men and two teams were at work where there should be half a dozen teams and half a hundred men and boys.

REED-DUGGIE At the home of Mr. and Mrs. Thomas Reed, of McNamara, Northumberland county, their son, Irvine, recently returned from overseas service, was married to Miss Florence Duggie, of St. John, by Rev. A. J. Palston, of Doaktown.

Word was received Saturday of the death of Dennis O'Brien, formerly of Fredericton, at East Brantree, Mass., Saturday morning. He was sixty-four years of age and is survived by one daughter, Mrs. Wm. Donahue with whom he resided. Mrs. F. J. Neaves of St. John, one sister, Miss M. Joseph, teaching at St. Patrick's Industrial School, St. John, and two daughters, Miss Bessie of South Boston and Miss Margaret.

Food For Children serves a double purpose Growth must be provided for, as well as replacement of daily wear and tear. At this vital time of the child's life parents should consider Grape-Nuts — a real "building" food that constructs and maintains. Pure and Wholesome

SMOKE MACDONALD'S INDEX
WARM WORDS OF PRAISE
FOR THIS COUNTRY

London, May 19—(Reuter's)—The Sunday Times editorially says:

"Alone among all our colonial premises Sir Robert Borden will return as a living evidence that a people can and will render a service to their convictions, to their sense of right and justice to the call of blood and to the flag under which they live, at a vast and unreckoned cost to themselves, without either pre-empting or recompense or subsequently claiming any share or any indemnity or compensating spoil which might remain for distribution. Canada has fought, laid and suffered. Other great dominions have sought security for the future only, but they must be conscious that in demanding just guarantees they have also received some compensation for their sacrifices. Canada has given all and sought nothing.
"When all else is forgotten, Canada's selfless proof that the empire entered the war for liberty and liberty alone."

OTTAWA LEGISLATION
FOR EIGHT HOUR DAY?
Toronto, May 20—R. W. J. Hevey of the Toronto district trades and labor council said last night that he had received from Ottawa information that legislation providing for an eight-hour day would be introduced in the House of Commons within the next few days.

BEER DRINKING
To the Editor of The Times:
Sir:—There seems to be a large number who do not know that the beer drinker seldom lives to be much over sixty years of age.

Beer drinkers drop off with what should have been mild and easily curable diseases. Even moderate beer-drinkers have a poorer chance of recovery, especially from blood poisoning, and pneumonia than the total abstainer. The first organs to be attacked are the kidneys and then comes Bright's disease and dropsy, certain to be fatal.

Over thirty years ago a number of medical men began advising that beer should be better than wine and that there are few reputable physicians who would not give the same advice today. A few years ago, J. H. Adams on behalf of the Baltimore Sun investigated the working of prohibition in some of the Southern States and he concluded that whiskey produces more violence than beer, but that beer decreases much more than whiskey, the aggregate prosperity, happiness and efficiency of the community. He said, "the beer trade, ten times more than the whiskey trade, produces the evils belonging to the sale of liquor as an institution."

The brewers are going to make a desperate effort to compel us to return to the old drunkard-making bar room. The friends of temperance must see that their names are on the voters' list and vote No to everyone of the questions. Don't miss one or it will spoil your ballot.

F. ARNOTTI, M. B., M. C. P. S.
Department of Social Service, Toronto, May 16.

VETERANS WANT REASONS
FOR COST OF LIVING.
The Great War Veterans held their regular meeting last night and discussed several matters of importance. Rev. Mr. Wilson's reply to a letter from the veterans (relative to a sermon recently preached by him) was read. In it he said that the class of returned men referred to was that small group opposed to the enforcement of the liquor prohibition act.

The following resolution was passed: "Be it resolved, that the local, provincial and federal governments be requested to take immediate steps to form strong committees to look into the cost of production of products and necessary articles of food and to find out why such high prices are charged."

PHASES OF SITUATION IN WINNIPEG STRIKE

Statements by Vice-President of Big Iron Works and By Union Workers Newspaper

Winnipeg, May 20—L. R. Barrett, vice-president of the Vulcan Iron Works, one of the chief industrial plants here, said last night: "We can do nothing. The whole situation is in the hands of the citizens committee, and we must await action by that committee. In the meantime we are going to sit tight and make no concessions."
The Western Labor News, official organ of union workers, announced that the trainmen on government railways entering Winnipeg are ready to strike; that the C. P. R. trainmen are voting on the question; that the railway shopmen of Winnipeg and district shops, who are seeking higher pay and shorter hours, will announce their attitude today. The same paper contained intimations that the Winnipeg strike is receiving support of union forces of the other provinces, and announced that "a strong contingent of girls from Toronto were being brought here to the largest department store of the city was refused transportation past the Port Arthur, and that the railway workers

are said to have refused to handle trains on which such persons are found."
The impression exists that if the government finally decides that the union forces have been unreasonable it will lend assistance toward a resumption of business, but if it is found that the unions were not fairly treated, it might take steps to operate certain industries under a compromise agreement. This combination of circumstances, it is believed, is responsible for the remarkable order that has been maintained since the strike began. It is known that scores of investigators are checking every move and it is felt that a rapid succession of events will follow if the conciliatory agencies declared that the deadlock is too powerful to be broken by peaceful arbitration.

CLOSING EXERCISES AT MOUNT ALLISON

Sackville, N. B., May 19—The anniversary exercises of the Mount Allison Academy were held this afternoon. Among the matriculants were Richard A. Dawson and Gordon King Kelley of St. John. Dr. Palmer announced his retirement from the faculty as teacher of French.
Pawcett Hall was well filled tonight for the exercises of the Mount Allison Ladies' College. Among the graduates in the two year normal course was Miss Frances Henderson Jordan of St. John, who won the prize for chemistry of foods.
The senior recital was given in the morning in Beethoven Hall.

ALLIES' REPLY TO ONE OF GERMAN NOTES

Answer to Protest Against Economic Terms of Peace Treaty Regarded as Fine Piece of Work

Paris, May 19—(By the Associated Press)—A reply by the Allied and associated governments to the German note protesting against the economic terms of the peace treaty as being calculated to cause the industrial ruin of Germany has been delivered to the German peace plenipotentiaries. The reply declares that the Allies in framing the economic terms "had no intention to destroy Germany's economic life."
On the contrary, the report points out that in the reconstruction of the world's affairs Germany will have her part in the progressive development, but also will share with the rest of the world in the economic losses and disadvantages inevitably resulting from the war.
The reply declares that the German note fails to take into consideration the fact that the disarmament of Germany and the end of militarism will relieve the German people of an immense burden of taxation and reduce to the ranks of useful production millions of men formerly in the army who have been entirely withdrawn from industrial or agricultural activity.
The reply also makes an emphatic rejoinder to the German complaint that the loss of the German merchant marine will throw out of work thousands of German merchant seamen. The Allies' answer is that the destruction of merchant ships, chiefly by German submarines, has had the unfortunate effect of limiting the opportunities for the work of seamen throughout the world, the Allied powers being the greatest sufferers. It adds that there clearly is no reason why Germany should be exempted from its

share of the economic disadvantages growing out of this destruction of merchant ships.
The reply on the economic objections is regarded as one of the best documents in the exchange of notes.

SEVENTY-THREE OF OUR OFFICERS ROSE TO RANK OF BRIGADIER-GENERAL

Ottawa, May 20—Seventy-three officers of the Canadian expeditionary force rose to the rank of brigadier-general during the war according to a return tabled in the House of Commons yesterday. They included twenty majors and five captains.

Alkali in Shampoos Bad for the Hair

If you want to keep your hair looking its best, be careful what you wash it with. Don't use prepared shampoos or anything else that contains too much alkali. This dries the scalp, makes the hair brittle and causes it to fall out. The best thing for steady use is just ordinary mulsified coconut oil (which is pure and greaseless), and is better than anything else you can use. One or two teaspoonfuls will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy and easy to manage. You can get mulsified coconut oil at any pharmacy, it's very cheap, and a few ounces will supply every member of the family for months.

How You Can Make Hairs Quickly Disappear

(Helps to Beauty.)
Even a stubborn growth of hair will quickly vanish from the face, neck or arms after a single treatment with delatone. To remove the hairs, make a stiff paste with a little powdered delatone and water, apply to hairy surface and after about two minutes rub off, wash the skin and it will be left free from hair or bluish. To avoid disappointment, be quite certain you get real delatone.

The Evening Times and Star

ST. JOHN, N. B., MAY 20, 1919

The St. John Evening Times is printed at 27 and 29 Canterbury street, every evening (Sunday excepted) by The St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

A GREAT CONFERENCE

The fact that the Rotary Club of St. John, and the other Rotary Clubs from Halifax and Charlottetown to Vancouver, have undertaken to finance the national conference on moral education in the schools in relation to Canadian citizenship, will naturally stimulate interest in the scheme.

The Duke of Devonshire will attend the conference, which has the hearty approval of leading men in all parts of Canada, both in educational and business circles.

The discussion of the last mentioned subject is likely to lead to a practical movement to establish a foundation, generously endowed, to enlist the service of men and women of the best intellect and highest spiritual and moral life to devote themselves to the task of searching for and systematizing "the best means of weaving into the very texture of the life and character of the growing child the teachings of the Great Master of Life, and to publish the result of their investigations for the use of the men and women of the schools."

A PUBLIC DANGER No person should be permitted to drive an automobile until he or she has passed a satisfactory examination. There are so many cars, and the number is increasing so rapidly that public safety must be considered more carefully than ever before.

You Can Line Your Own Stove With FOLEY'S PREPARED FIRECLAY To be had of W. H. Thorne & Co., Ltd., Market Sq.; T. McAvity & Sons, Ltd., King St.; J. E. Wilson, Ltd., Sydney St.; Emerson & Fisher, Ltd., Gormain St.; Geo. W. Morrell, Haymarket Sq.; J. M. Logan, Haymarket Sq.; C. H. Ritchie, 320 Main St.; Quinn & Co., 415 Main St.

THE GREAT ADVENTURE

A five-line despatch last night told of the death of two men whose seaplane fell into the sea off Chatham, Mass. Columns of news were devoted to two other aviators, Hawker and Grieve whose fate was unknown. The difference in public interest in the two cases was that the two men drowned had merely been doing their regular duty, while the others had dared an adventure never before undertaken.

"ONE BIG UNION." Yesterday's despatches brought the following from Regina:—"One big union has carried in western Canada, according to complete returns announced by officials of the Trades and Labor Council here today. Regina city vote of about 1,200 union voters 800 to sixty-four in favor of one big union. The one big union committee is calling a conference in Calgary, June 4, to consider the next steps."

"Strenuous efforts are at present being put forth throughout the Dominion of Canada, and especially in that section known as Western Canada, by people who have nothing at stake and no object in view except personal gain, to spread discontent among the members of the labor organizations affiliated with national or international unions. These propagandists are trading on the magic of the name 'One Big Union.' They do not set forth any one thing that can be logically attained by the organizing of the laboring people in Canada into their alleged ideal—One Big Union. They do not take into consideration when addressing members of the legitimate trades unions the numerous benefits that accrue to these organizations through their collective bargaining as craft organizations."

"They do not undertake to show except by exaggerated claim that the One Big Union could or would be so officered that all the various interests necessarily connected with it could have adequate representation and consideration when such things were desired or necessary. The officers of the International Typographical Union desire to warn its members against the blandishments of the people promoting the One Big Union, and to advise them that it would be the height of folly for them to surrender the great benefits provided by the International Typographical Union for its members in order to accept something that is of so uncertain a character and so sure of short-lived existence. It is hoped that none of the Canadian typographical unions will give support to this idea of seceding from the International Union."

BRINGING AMERICANS HOME FROM ARCHANGEL Archangel, Sunday, May 18.—(By the A. P.)—Arrangements are under way to begin the transportation of the 239th United States Infantry to England within ten days time. The battalion of the 130th Engineers on the Archangel front and the railway troops on the Murman front will be the last American forces withdrawn from north Russia, according to present plans.

Emerson & Fisher Ltd.

Not Only Rock-Bottom Truck Costs—but a Safe Investment. IT'S of just as much importance for Canadian truck buyers to measure up the maker of the truck as to decide what size of truck to buy. During the last five years an average of fifty truck makers have gone out of business each year. Less than eight per cent of the truck manufacturers in business today have been in business for over five years. A still smaller percentage of the trucks offered in Canada are made in Canada—can give service on the spot. The Maxwell is built in Canada. By a nationally-known institution. By an institution that has a big investment in a Canadian plant. By an institution that has an unequalled manufacturing record. By an institution that has built up a vast dealer organization in Canada from coast to coast. Maxwell concentrates on a one-and-a-half-ton job. Output is developed on a sound manufacturing basis. Large-scale selling makes it worthwhile for dealers to handle the Maxwell Truck—and to carry Maxwell parts. Maxwell service is fast and complete. The Maxwell is a safe investment. And it is a better truck. Not a mere assembled mechanism—but a scientific engineering job designed to carry economically four out of every five loads. Delivers more work in the same time than lighter trucks, incompletely equipped. Costs much less to buy, much less to operate, much less to maintain than trucks that can do only slightly more work. Costs several hundred dollars less than other trucks of the same capacity. Lasts longer, depreciates less and commands a high resale price at all times. Saving time, earning profits for farmers, manufacturers, jobbers, wholesalers and retailers in every province in Canada. Put it to work in your business. Chassis Price—\$1,550 f.o.b. Windsor. MAXWELL MOTOR CO. OF CANADA, LIMITED. WINDSOR, ONT. MOTOR CAR & EQUIPMENT CO., LIMITED Showrooms: Cor. Duke and Charlotte Sts. Garage: 108 to 112 Princess St. St. John, N. B.

**RECENT DEATHS**  
Caldwell F. Raymond  
Poston, May 19—Caldwell F. Raymond, one of the founders of the Raymond syndicate, and an inventor, is dead at his home in East Somerville. He was born in Woodstock (N. B.), seventy-one years ago. Besides being one of the three brothers to establish a large Boston mercantile house, he was first to establish public skating rinks here thirty years ago, opening one first in Mechanics building.

Valentine A. Landry,  
Valentine A. Landry, formerly editor and proprietor of L'Evangeline, an Acadian newspaper published in Moncton, died at the home of his sister, Mrs. James Magee, in that city, Saturday afternoon. Mr. Landry, who was well known in different parts of Nova Scotia, New Brunswick as a newspaper man, was a native of Pocomouche, Gloucester county. He was formerly a school teacher and later inspector of schools. Some years ago he founded L'Evangeline in Yarmouth and successfully conducted that French-Canadian paper in the Nova Scotia town. About fifteen years ago he moved to Moncton and for some time conducted L'Evangeline.

**TO INVESTIGATE NEED FOR INFANTS' HOME**

At the meeting of the board of directors of the Protestant Orphans' Home, held yesterday afternoon in the orphanage, there was a good attendance and the election of officers resulted as follows: President, T. H. Estabrook; 1st vice, C. H. Peters; 2nd vice, Mrs. David McLellan; treasurer, H. C. Rankine; secretary, Mrs. J. S. MacLaren; standing committee, Dr. W. S. Morrison, chairman, Mrs. David McLellan, Mrs. F. W. Murray, Miss M. Sydney Smith, Mrs. Edmund Scovell, J. King, Kelly, David Hipwell; financial committee, T. H. Estabrook, H. C. Rankine, James Manchester, building committee, R. G. Halsey, C. H. Peters, Joseph A. Libley. A committee was also appointed to look into the matter of establishing a new home for infants in the city with the following members, Mrs. W. F. Roberts, Miss Gunn, Mrs. David Hutchinson, Miss Bertha MacLaren. The secretary, Mrs. J. S. MacLaren, submitted a very gratifying report of the year's work.

**AERIAL POLICE SERVICE READY**

New York Has First Organization of Its Kind, Composed of One Hundred and Fifty Fliers

New York, May 19—A volunteer aerial police service, fully equipped and composed of 150 expert fliers, which represents the first organization of its kind, is now ready for duty in New York City, and is regulating aerial traffic rules in and about Manhattan. The work of this force will be to make aviation safe with regard to traffic and to prevent amateur flying which might cause damage to the city.

Col. Jefferson de Mont Thompson, vice-chairman of the mayor's traffic committee, and now in charge of the aerial police service, has been largely responsible in making the fliers ready for police duty.

The value of the aerial service in time of fire will be particularly great, according to Colonel Thompson, who cited the instance of the work done by two aviators at Mincola at the time of the explosion at Morgan, New Jersey. Largely by their aid in reporting observations from time to time the city was kept safe from fire, he said. This incident prompted the establishment of an aerial police squadron for New York City which is considered as important as the police reserve of other branches.

"Another use for the aerial police reserve is that of observing the harbor and waterways," he continued. "The police boats cannot cover the distance so efficiently as aviators. The point of observation from a boat is not so satisfactory. The waterways must be policed and information of violations will be learned through aerial photography and records."

"With the coming of prohibition the air squad will undoubtedly be called on, for there is every reason to believe that smuggling from one state to another through the air will develop. Such business comes within the scope of the police."

"There were 5,000 aviators at Mincola when the war stopped. The majority of these men do not intend to give up flying. They will enter the work commercially, for pleasure, or will become members of the police force of the sky."

500 cities have promised to help in the observance of "America Day" next Sunday, which will be the first gun in a campaign to be waged against bolshevism in the United States by the American Defense Society. Martin W. Littleton and Warren G. Harding, United States senator from Ohio, will be the speakers at New York's meeting in Carnegie Hall, when the full scope of the campaign will be set forth.

The society points out that class hatred and class destruction have been advocated in New York and elsewhere constantly during the last year, and says the American people are awakening to the peril of bolshevism and the need for American propaganda.

KEEP IN MIND POSSIBILITY OF HOLY WAR IN TURKEY. English Delegates in Paris Urging That Sultan be Allowed to Remain in Constantinople. Paris, May 20.—(By the Associated Press.) The English delegates are urging that the Sultan be allowed to remain in Constantinople and are anxious that the United States accept the position of mandatories of that city, as well as Armenia.

THE danger of a holy war is influencing the council, which has been advised that radical changes are inadvisable without more foreign troops at strategic points to steady the situation. The inter-allied commission designated to investigate the Asia Minor situation is still in Paris.

MORE TROOPS COMING. The Caronia, which sailed last Wednesday for Halifax carries the 18th, 19th, 20th and 21st battalions of General Bennis staff, a total of 106 officers, and 5,666 other ranks.

INDIGESTION AND CONSTIPATION

Quickly Relieved by "Fruit-a-tives"

"I suffered for many years with terrible indigestion and constipation. A neighbor advised me to try 'Fruit-a-tives'. I did so and to the surprise of my doctor, I began to improve and he advised me to go on with 'Fruit-a-tives'. 'I consider that I owe my life to 'Fruit-a-tives' and I want to say to those who suffer from indigestion, constipation or headaches—try 'Fruit-a-tives' and you will get well."

CORINE GAUDREAU, 20c a box, 6 for \$2.50, trial size 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

Domestic demand and export demand are both large and replacement of stocks from new crop output is not proceeding very rapidly. Stocks here are not large and some difficulty in getting stocks through is being experienced. Prices have held firm and unchanged. Business is very good and unless labor troubles assume abnormal proportions, there is every reason to believe present activity will show increase.

Another change has been brought about this week in steel, bronze and brass. Discounts named a month ago on bronze and brass, have been superseded by a new scale which provides for price advances in the present way around. The market seems to have reached to a pretty fair level now and indications point to somewhat steadier basis being maintained.

Lined oil shows a decidedly strong undertone this week with the markets trending towards somewhat higher levels. The factors which have contributed to a strong feeling in steel are still apparent and there seems to be no present indication that a market recession from levels now ruling is a prospect for the immediate future.

Specks Floating Before His Eyes

When specks start to float before the eyes, when everything turns black for a few seconds and you feel as if you were going to faint, you may rest assured that your liver is not working properly. The essential thing to do in all cases where the liver is slow, lazy or torpid, is to stir it up by the use of a medicine that will clear away all the waste and poisonous matter from the system, and prevent as well as cure all the troubles arising from this accumulated mass which has collected in the system. Keep the bowels open by using Milburn's Laxa-Liver Pills and you will live clear away all the waste and effete matter which has collected and make the liver active and working properly. Mr. John R. Morrison, Grand River Falls, N. S., writes: "Several months ago I was troubled with a sour stomach, and had specks floating before my eyes. I took five vials of Milburn's Laxa-Liver Pills which cured and cleaned my blood before any length of time. I told my friends about it and they got some, and they, too, find themselves different since they took them. I recommend your pills very highly. Milburn's Laxa-Liver Pills are 25c a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

PREDICTS ACTIVITY IN THE LUMBER TRADE

Halifax Exporter is Very Hopeful About the Future—Big Crews Next Winter

(Maritime Merchant.) Things look as though they were at last coming back to normal conditions in so far as shipments to the English market are concerned. When we called at a certain exporter's office the other day he wanted a sheet of paper in our face and said: "Here is my first permit to ship goods to England since October, 1916. If I knew where to take you, we fine," we said, "and now you will be sending forward quantities of lumber from this one?" "Well no," he replied, "I am sorry to say that at this moment there is a good deal of nervousness among English importers because of the fact that the imperial government has enormous holdings of lumber, chiefly on this side, and they are not sure just how they intend to dispose of them. This, however, I would say, that as soon as the future of these government holdings is settled there ought to be some good business for Canadian mills. Transportation, I fancy, is going to be one of our most serious difficulties. Freight rates are now 925 shillings a standard for sailing vessels and tonnage is not plentiful even at that. But assuming that vessels are obtainable there is very little doubt the sales prospect. Of course we are farther away than Russia, and Sweden, and Finland, but Russia is no longer a producer and as for the latter two it scarcely seems likely after the attitude they took during the war that they will go out of their way to give them a share of the business. I am therefore very hopeful about the future with us and next winter should see the lumber industry of the maritime provinces as active, with a prospect of a good market, as it has been for many years.

"Temporarily, however," continued the speaker, "local business is a bit flat and prices have weakened. The strikes in the building trades in different parts of the country account for the apparent reluctance many people have to undertake building while cost of construction stands where it does today. The carload price of spruce deals delivered Halifax today is about \$80 but there is no market at the moment at this figure. Spruce boards are also worth about \$80 and hemlock is somewhere under \$80 and there is more offering than buyers want. Laths are in small supply and worth about \$3.75. The New York market for laths is very poor at the present time as in fact it is also for lumber generally. We asked our friend the exporter to tell us how the winter cut of lumber in the provinces had been. He said that the winter in New Brunswick had been ideal for lumbering and almost ideal in Nova Scotia. One thing Nova Scotia lacked was snow so that a good many logs were cut that still lie where they fell. But the winter was a good one for cutting and the spring a good one for driving and on the whole the results even in Nova Scotia were not too bad for the number of men employed. It is expected that a bigger army of woodmen will be ready for next winter's work. Readers of the Merchant in certain parts of the country who are interested in the hardwood trade will be glad to hear that inquiries for supplies are coming forward from English buyers.

BAILEY SALE. Will be sold at Public Auction at 405 Haymarket Square, at 2.30 o'clock on Wednesday, the 21st day of May, the following goods:

BROOKLYN ITALIANS CAUGHT FOR MURDER AFTER LONG CHASE

Six Gangsters Robbed Hotelman In N. Y. Suburb

Two Persons Killed - Gunmen Scattered Immediately After the Affray, Arrested, Freed and Cleverly Re-caught

New York, May 20—Six young Brooklyn Italians were arraigned before Justice Fawcett in the Queens county supreme court, charged with killing Joseph Holbach, hotelkeeper of South Ozone Park, and his wife Helen, shortly after midnight on Jan. 20 last. They were: Michael Casolino, Paul Ricci, Romeo Ricci, Tony Bruno, Nicholas Chuso and Frank Riolo. They pleaded not guilty to the charge and were held without bail for trial. Three of the men, Ricci, Bruno and Chuso, told the court they were too poor to engage counsel, and Justice Fawcett later assigned attorneys to defend them. The arraignment of the men has followed nearly three weeks of strenuous work directed by Assistant District Attorney Morris, assisted by Detective Fischetti from Manhattan police headquarters. Detectives Dardis and Quinn from Brooklyn headquarters, and A. J. Triebel, investigator of the Queens district attorney's office, and, according to statements made today by District Attorney O'Leary of Queens, has resulted in complete confessions from five of the men which clear up what was at first supposed to be an unsolvable murder. Braeci is the only one, it is said, who has refused to confess, he has had part in the murder, but admits furnishing money to the others. The story as revealed in the confessions now in the hands of the district attorney shows the workings of gangsters. Last January, according to the con-

When Appetite Fails And Health Declines Follow This Suggestion

REQUIRES ONLY A COUPLE OF SMALL TABLETS AFTER MEALS TO FIX YOU UP AGAIN

A New Blood-Food Called Ferrerozine Sure to Restore You Quickly. Every day comes the good news of wonderful cures with Ferrerozine. In Peterboro it worked marvels for Louis Mechan—put him right on his feet—made him entirely well. "About three years ago," says Mr. Mechan, "I had the Grippe which left me in a very run-down condition that finally developed into Dyspepsia. I was unable to eat but a few things and had a craving for acid. I gave up treating with the doctors because they did not help me and on the advice of a friend used Ferrerozine. It not only cured me of Dyspepsia and Biliousness, but has built up my strength to what it was before I had the Grippe. I can recommend Ferrerozine as an ideal restorative." Ferrerozine gives you force, energy and vim. It strengthens the stomach, cures indigestion, prevents headaches—guarantees good health. Thousands use Ferrerozine—they all feel better; try it yourself—sold in 50c. boxes, six for \$2.50 at all dealers or direct from The Catarothone Co., Kingston, Ont.

Casolino asked Ricci if he knew of some one in that vicinity who could be robbed. Ricci is said to have suggested Holbach.

Expedition Planned. Casolino then went back to Brooklyn and at the Transfer Cafe, at Franklin and Flushing avenues, where Ricci was bartender, it is said, the proposed burglary was discussed by Braeci, Riolo and Ricci, engaged with Casolino. When the details were decided upon and the date set Casolino secured the services of Bruno and Chuso, who had the reputation of being good gunmen, the con-

"IT WAS WORTH MORE THAN GOLD"

Mrs. Trimble Values Tanlac High Because It Restored Her Health After She Was Almost Helpless.

"If I could talk personally with everybody who has rheumatism I would certainly tell them to take Tanlac, for I have tried it and it was worth more than gold to me," said Mrs. Rebecca Trimble, of 88 Victoria avenue, Eastview, Ottawa, recently. Mrs. Trimble has been a resident of Ottawa for the past twenty-four years and is highly esteemed by all who know her. "Only those afflicted the same way," Mrs. Trimble continued, "understand the torture I have suffered for the past two years with rheumatism. My hips and legs troubled me most, but sometimes the pain would extend around to the small of my back. It was just a constant, terrible aching that seemed to go clean to the bone, and was so severe at times I could not walk twice the natural size, and the muscles would draw up until they felt like they were tied in knots. I couldn't stoop over at all and if I dropped anything I had to get someone to pick it up for me. I was so crippled up that I couldn't get out of the house, and could just barely hobble around. Sometimes I suffered so I would go several nights without getting a wink of sleep. Nothing relieved me and I sometimes felt that I would never recover."

"I had gotten to where I had little faith in anything to help me, and I didn't believe much of what I read about Tanlac, but I was in so much misery I finally made up my mind to try it. Well, that was one of the best things I ever did. I was on my fourth bottle now and am truly glad to say I feel much better and improved. The swelling is almost gone out of my limbs and the pain is so much less that I hardly notice it any more. My appetite is much better and I've not felt tired out all the time. I am now able to do my housework, and was out yesterday working in my garden. I have never taken any other medicine that compares with Tanlac and anyone suffering as I did will do well to try it."

Tanlac is sold in St. John by Ross Drug Company, 177 W. Murray street.

FOR 20 YEARS DOCTORS TRIED TO CURE A BAD LEG FROM WHICH I SUFFERED, SAYS MISS F. DAUDIN, OF SONSBEAT, MAN., WRITING TO THE PROPRIETORS OF ZAM-BUK. THE NUMEROUS REMEDIES WHICH I USED DURING THAT TIME ALSO PROVED INEFFECTIVE. FINALLY I WAS ADVISED TO TRY YOUR ZAM-BUK AND IT ENTIRELY CURED ME LONG BEFORE I COULD SEE THAT THIS REMEDY WAS QUITE DIFFERENT FROM ANYTHING I HAD BEFORE TRIED. IT WASN'T LONG BEFORE THE INFLAMMATION BEGAN TO DISAPPEAR AND WITH IT THE PAIN. THE APPEARANCE OF THE SKIN CHANGED—IT BECAME HEALTHIER LOOKING, AND THEN I NOTICED HEALING HAD COMMENCED. I PERSISTED WITH ZAM-BUK AND IT ENTIRELY CURED ME. I SHALL NEVER WITHOUT IT AGAIN, AND IF EVERYONE KNOWS THE WONDERFUL HEALING POWER OF ZAM-BUK I AM SURE IT WOULD BE IN EVERY HOME."

Zam-Buk is so successful in healing chronic sores because of its great refinement and its extraordinary powers of penetration. It reaches the "root" of the disease in the underlying tissues and cleanses the flesh of all germs. Zam-Buk then grows new tissue, which, replacing the old and diseased, builds itself up to the surface skin. A complete and permanent cure results. Zam-Buk is best for eczema, ulcers, abscesses, rashes, boils, pimples, blood-poisoning, and piles, and is indispensable as a first-aid for cuts, burns, scalds, etc. All dealers 50c. box.

Zam-Buk LOCAL NEWS Daniel Johnston, livestock yards expert to the Dominion Agricultural Department, was in the city yesterday to inspect facilities here relative to the great development in the livestock industry. He is on a tour of the eastern provinces and was accompanied yesterday by C. N. R. and C. P. R. officials. It is hoped that St. John will get the business of handling the traffic.

Glendon Smith, accountant for the Leonard Automotive, Ltd., having motored on Saturday to New River, alighted to test an automatic revolver. A cartridge jammed and five shots entered his left hand and forearm. He drove the twenty miles to the city and, almost unconscious, arrived at Dr. J. T. Dalton's, where his wounds were dressed and he was taken to the infirmary, where Dr. Kelly operated and removed the only bullet which had not gone right through.

Among those arriving on the S. S. Scotian at Quebec last week was Private Matthew G. Killom, son of Mrs. Jennie Killom, Erin street. He was a member of the Royal Canadian regiment, but on account of being wounded prior to the armistice being signed, was unable to return to his unit. Private Killom enlisted with the 104th and was transferred to the R. C. R. He was two-and-a-half years in the trenches, was wounded at Passchendaele, Belgium, in October and was sent to the hospital. J. Leo Killom, a brother, has also been active and has seen many months of active service, being seriously wounded in the foot.

AMERICAN BISHOP ON PROHIBITION

Reading, England, May 19—Under the auspices of the United Kingdom Alliance, Bishop James Cannon of Richmond, Virginia, has been addressing a series of meetings in the United Kingdom on Prohibition. The Bishop, who is a member of the Royal Canadian regiment, but on account of being wounded prior to the armistice being signed, was unable to return to his unit. Private Killom enlisted with the 104th and was transferred to the R. C. R. He was two-and-a-half years in the trenches, was wounded at Passchendaele, Belgium, in October and was sent to the hospital. J. Leo Killom, a brother, has also been active and has seen many months of active service, being seriously wounded in the foot.

CURE YOUR COLD WITHOUT MEDICINE

Just Breathe "Catarothone." Its Balsamic Vapor Does the Rest.

It's a tiny germ that sets up the irritation that makes colds so disagreeable. Colds die quickly if Catarothone is used, simply because the vapor of Catarothone instantly destroys the germ that keeps the cold alive. Every breath you draw through the inhaler fills the whole breathing apparatus with pure, viney essences that stop colds at their very beginning. You experience a pleasant sensation of relief at once. Soreness, congestion and irritation leave the nose and throat, the head is cleared, and every trace of cold or catarrh is cured. Catarothone is so sure, so pleasant, such a safe remedy for winter ills that you can't afford to do without it. Get the dollar outfit, it lasts two months and is guaranteed to cure; small size 50c; trial size 25c, all dealers of The Catarothone Co., Kingston, Canada.

ALL RAILWAY WORKERS IN ONE BIG UNION

Brotherhood of Railway Clerks in Convention in Cincinnati—Thirty Five Per Cent Wages Increase

Cincinnati, Ohio, May 20—Resolutions in favor of one big industrial union of all railway workers of government ownership and of the initiative, referendum and recall, together a programme for general reconstruction, were adopted by the National Convention of the Brotherhood of Railway Clerks, in session here. A report of a committee on Canadian amalgamation recommending that the dual organizations in Canada be absorbed through their members joining lodges of the brotherhood was adopted. The convention continued in the resolution to insist on a thirty-five per cent increase in wages, a penalty rate for overtime on the basis of time and a half for all service over eight hours and time and a half for all Sunday and holiday work.

HELPING MEN IN SHOPS BY SCHOOLS

Wilmington, Delaware, May 20—At a meeting of the teachers of industrial educational subjects in the city schools and shops, for the purpose of obtaining closer cooperation, Arthur R. Spauld, state commissioner of education, referred to the tendency of the average city of the United States to build million-dollar school buildings and to make no proper provision for the payment of sufficient salaries to its teachers. He expressed the belief that conditions would soon be improved, as the federal appropriation, requiring a similar appropriation from the state, would likely improve the present school system. Samuel S. Mitchell, president of Delaware College, spoke in an appreciative way of the help being extended to men who have missed their chance in boyhood and which at the same time is humanizing industry. Dr. Clifford J. Scott, supervisor of city schools, declared "there is no greater service the public school can render than that of taking the school to the men in the shops."

Russellites Win In New Decision

Conviction of Eight Men Under Espionage Act Has Been Reversed

New York, May 20—Reversal of the conviction of J. H. Rutherford and seven other members of the International Bible Students' Association and allied organizations, who were found guilty of violation of the Espionage Act, was ordered in an opinion of the United States Circuit Court of Appeals here. The opinion states that the defendants, who were convicted by a jury before Federal Judge Howe, in Brooklyn, did not have a fair trial. After the convictions last June, Rutherford, president of the association, and six of the other defendants, were sentenced to imprisonment in Atlanta Penitentiary each for twenty years. The association was founded by the late "Pastor" Charles T. Russell. On the day the men were sentenced, the Department of Justice issued a statement declaring that "under the guise of religious work" the defendants "evaded throughout the country, including several cantonments, a large amount of vitriolic anti-war propaganda." United States Judge Ward, in his written opinion today, Judge Rogers concurring, alludes to the examination of three witnesses called by the government. These three, members of the International Association, were not willing witnesses, Judge Ward wrote, and the action of the trial judge in regard to their testimony "in the presence of the jury in the case, was most prejudicial to the defendants."

CHILD LABOR LAW TO BE OBSERVED

Atlanta, Georgia, May 20—Many children between fourteen and sixteen years employed in industrial plants throughout the south are affected by the provisions of the child labor clause in the United States Revenue Act which became effective in April. Anticipating the enactment of the law, numerous manufacturers arranged the working hours of children to conform with it, and revenue agents here state that the clause will be subject to heavy penalties, in the way of taxation, all plants which do not comply with the act. Ten per cent of the total accrued annual net profits, if the law is upheld, will be forfeited by any concern not conforming its business to the law, which is stated to be intended to regulate the employment of young children, rather than to increase the federal revenues. This tax will be imposed upon all concerns which employ children under fourteen years, or which work children between fourteen and sixteen for more than eight hours a day or more than six days a week, or before six a. m. or after seven p. m.

UNREQUITED LOVE WAS REASON FOR SUICIDE

Carl Petersen, aged twenty-eight, was found dead in his brother's house in East St. John about 11:30 yesterday morning. Sergeant Detective J. T. Power and Detective Biddiscombe were called and found a note beside the body from which it appears that unrequited love caused the man to commit suicide. Dr. L. L. Kenney gave permission for the removal of the body to the city for burial and it is unlikely that an inquest will be held. It is believed that he shot himself on Sunday evening at 8:30 when a shot was heard by his sister-in-law, who thought nothing of it because he often practiced shooting. Petersen's parents are dead and he is survived by two brothers.

ENTERTAINED SISTER SOCIETIES

The Young Peoples' Society, of the Anglican Endor of Ludlow street Baptist Church were hosts last evening to the Y. P. S. of the "Edernace and Charlotte street churches." The president, Miss Ermeline Cochrane, was in the chair. The programme consisted of solos by David Allen and Clyde Parsons, reading Miss Warren's address by Rev. A. L. Telford, Rev. J. H. Jenner, Rev. W. R. Robinson and Miss Rogers. During the evening a bouquet was presented to Miss Rogers, who is president of the Charlotte street Y. P. S.

NEURASTHENIA

THIS word "neurasthenia" simply means nerve weakness. While the exhaustion of the nerves usually affects the whole body, making one feel tired, listless and discouraged, the symptoms vary in individual cases. One may suffer from nervous headaches; another may have spinal trouble; a third nervous indigestion or weakened action of the kidneys or bowels. Some patients look perfectly well and are cheerful, while others are nervously ill and mentally gloomy and despondent. Neurasthenia might be described as a "curable" form of nervous disease, for in this way it differs from paralysis and locomotor ataxia; which in their more advanced stages cannot be cured. It requires patient treatment to build up the exhausted nervous system, and you are sure to have discouraging days—days when you wonder if you are really getting better after all. But the persistent use of Dr. Chase's Nerve Food is bound to restore your nervous system because it is composed of the ingredients which nature has intended for this very purpose. Perhaps the best way to give you an idea of what you may expect from the use of Dr. Chase's Nerve Food is to quote this interesting letter.

Mrs. J. A. Wright, Barwick, Ont., writes: "Last Spring I felt very miserable, seemed tired all the time, and didn't care if I never ate anything. I never was hungry, and it seemed as if what little food I did take did not digest. I could not sleep, and my heart was in a weak condition. It would flutter, stop for a second and then beat so hard that I could hear it thump. I sent for several boxes of Dr. Chase's Nerve Food, and by the time I had taken four boxes I felt quite well, and have been ever since. The nerve food strengthened my stomach, relieved my heart and built up my strength better than any other medicine ever did. I am positive the use of these pills saved me a large doctor's bill, and I would strongly advise anyone suffering from run-down system or similar ailments to give it a trial."

Dr. Chase's Nerve Food, 50 cents a box, 6 for \$2.50, all dealers, or Edmondson, Bates & Co., Limited, Toronto. Look for the portrait and signature of A. W. Chase, M.D., on the box you buy.

Carter's Little Liver Pills. You Cannot be Constipated and Happy. A Remedy That Makes Life Worth Living. Genuinely bears signature. Absence of iron in the blood is the reason why many pale-colored faces but CARTER'S IRON PILLS will greatly help most pale-faced people.

As Old as his Arteries. The doctor can't help it. He knows that the man has hard arteries, high blood pressure, and beginning kidney and heart disease, due to long neglected chronic constipation. It isn't the other man's fault—directly. He's only 45—but he never realized that his constipation was a serious thing. He never knew how to treat it. He has taken bushels of pills, gallons of castor oil, mineral waters and salts, which have battered and tortured his alimentary canal from one end to the other; and he wonders why his health keeps getting worse. He doesn't know that his food waste has poisoned him, and has bred disease that is going to "get him" before his time. Nujol is for just such a man—for every person whose bowels do not move easily and thoroughly at regular intervals—especially for those in advancing years whose body machinery will not stand rough treatment. Nujol softens the accumulated food waste in the large intestine, and moves it gently out of the system, carrying those poisons with it, which, if allowed to remain, cause over 90% of human illness. Nujol supplies the lubrication that Nature can't supply as age begins to make itself felt. This man might have known in time—but Nujol is new—the accepted modern treatment for constipation. You can avoid such a misfortune as his. Get a bottle of Nujol from your druggist today and send for free booklet "Thirty Feet of Danger," expressing clearly the soundest medical authority on constipation and self-poisoning.

Warning: Nujol is sold only in sealed bottles bearing the Nujol Trade Mark. At all druggists. Insist on Nujol. You may suffer from substitutes.

**WHY EXPERIMENT?**

Food scientists claim that the leavener is largely responsible for the flavor, texture and wholesomeness of your home baking. That on no other one ingredient does so much depend. It is important, therefore, to use a baking powder that you know possesses the necessary leavening qualities.

**MAGIC BAKING POWDER**  
Contains No Alum

and is the only strictly high class baking powder in Canada selling at a moderate price. Its reputation is built on purity and highest quality.

The only well known medium priced baking powder made in Canada that does not contain alum and that has all its ingredients plainly stated on the label.

Made in Canada.

**Y.W.C.A. Showed Good Progress**

Encouraging Reports Presented at Second Annual Meeting—President Asks for Generous Financial Support

At the second annual meeting of the Y. W. C. A., held last evening in the new building in King street, with the president, Mrs. J. A. McAvity, in the chair, the members were able to look around them and congratulate themselves on having provided a wonderful home for the girls of the city. All of the reports submitted showed that great progress had been made and that the work done was of inestimable benefit to the community. After the opening devotional exercises conducted by Mrs. James McAvity, Mrs. McAvity delivered her presidential address which was most inspiring.

Mrs. A. R. Cruikshank read the secretary's report which was in part as follows: Last May 109 members were enrolled and during the year four life members, 190 associate, 60 sustaining and 219 junior, in all 474 members were added. Two public meetings were held, one addressed by Miss Jones, Miss Lean and Miss Neatby on association work, and one at which Mrs. Philip Warren spoke of her war work. A collection by envelopes placed in the churches in June brought \$848.82 to the funds. Miss Berwick was appointed in July to assist Miss Hoyt in meeting the trains, and in September the first general secretary, Miss Neatby, arrived and took charge of developing of the work for girls in the community which work was found to require a larger building than the Union street home. After consideration the board decided to rent the building, 28 King street for \$1,600 a year, with the option of buying at the end of two years for not more than \$53,000. A canvass for funds was made with excellent results, and the home was opened on March 20 with house secretary, Mrs. Costigan, and the cafeteria director, Miss Douglas in charge. Very much credit for its excellent equipment is due to Mrs. J. A. McAvity's personal interest.

The treasurer's report, submitted by Mrs. T. H. Sommerville, showed assets in the King street building and the Union street home to be \$17,282.08 and liabilities \$5,855.10. The financial committee's report, in the absence of Mrs. James F. Robertson, was also read by Mrs. Sommerville and stated that the estimated receipts for the next year \$28,000 including \$4,000 membership fees and allowing for the salary of a general secretary, but not anticipating any additional outlay for equipment.

Other reports were presented as follows: Mrs. F. E. Holman, membership; Miss Eda Ansten, house; Mrs. Corbett, King street home; Mrs. McAvity, cafeteria; Miss Hazel Clark, Travelers' Aid, and Mrs. J. R. Vanwart, League of Honor. Mrs. B. A. Jamieson showed some fine slides illustrating the work of the association and spoke of the work in its relation to young girls.

The directors elected were as follows: Mrs. James F. Robertson, Mrs. T. H. Sommerville, Miss A. L. Brock, Miss B. MacLaren, Mrs. A. B. Gilmour, Mrs. D. W. Robertson, Miss Edna Robertson.

Miss Hazel Clark, Mrs. R. A. Corbett, R. C. Cruikshank, Mrs. R. C. Elkin, Mrs. W. E. Foster, Mrs. F. E. Holman, Mrs. David Hutchinson, Mrs. R. A. Jamieson, Mrs. J. A. McAvity, Mrs. James McAvity, Mrs. Alfred Morissey.

"Stay in School" Campaign.  
Houston, Texas, May 19—A "stay in school" campaign has been launched in Houston with the object of inducing boys and girls to remain in school until they complete their education, instead of quitting to go to work as soon as they are able to earn a working wage. A pamphlet has been printed entitled "Stay in School, Education Pays," which is being distributed among the pupils of all the schools of the city.

**PREMIER FOSTER URGES REUNION OF LIBERALS**

Ottawa, May 19—Premier Foster of New Brunswick said today at the conference with D. D. McKenzie, leader of the Opposition, and members of the the Opposition, that he was in full accordance with the plans for the National Liberal convention at Ottawa on August 4, 5 and 6.

"Let bygones be bygones," said Premier Foster in urging this afternoon

that the time is ripe for a reunion of all Liberals and his words were applauded by Hon. W. M. Martin, premier of Saskatchewan, and Hon. O. T. Daniels, attorney-general of Nova Scotia. The latter did not arrive in time for the morning conference, but all that transpired then and on Saturday was explained to him by Mr. McKenzie. He fully agreed with the conclusions arrived at and his arrival helped to complete the growing feeling of confidence that the August convention will be fully representative of Canadian Liberalism without reference to what happened in December, 1917. Hon. W. M. Martin will be here for a few days and a dinner will be tendered him by the Saskatchewan members of parliament.

Premier Foster left on the evening train for Montreal but Hon. O. T. Daniels will stay for a day or more. Hon. W. M. Martin disagreed with the proposal that the provincial riding should be the unit of organization in the west, urging that it would avoid confusion to reorganize the federal ridings. It was practically decided that this would be done. Both premiers promised that the provincial organizations would issue the invitations to the individual ridings to send representatives to the National convention and help in any organization to be done. This method will be followed all over Canada.

**John Connelly Killed**  
Sussex, May 19—A most unfortunate accident occurred at Rockville, near Sussex, at 11.30 o'clock this morning in which John Connelly, aged sixty-five years, lost his life. Mr. Connelly was an employe of the S. H. White Company and was engaged in hauling sawdust from the mill with a double team which started to run away. The wagon ran over some logs, which bounced Mr. Con-

nolly out to the front, and the wheels passing over his head crushed the skull, killing him almost instantly.

At a meeting of the P. A. P. B. held in the "Prentice Boys' hall, Guilford street, last evening, with E. E. Rolston in the chair, degrees were conferred on several of the members. There was a large number of members present and a very busy session was held.

# Elgin— "The Spirit of Reconstruction"

### War To Peace

At this moment—the picture is as vivid to me as though I were again standing at the battery timing a barrage by my Elgin.

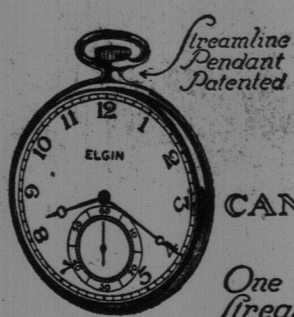

Over there, we learned the value of a minute—in fact, of a second. We saw results of tremendous significance achieved by operating to schedule—to the tick of the Elgin. From now on this business must benefit by the great lesson the war has taught us—the necessity of timing all operations and completing them on schedule.

To-day the Elgin stands, as it stood throughout the great war, as the symbol and the measure of accurate time. Accurate time makes it possible to work to schedule. Working to schedule guarantees greater production. Greater production means increased prosperity.

From the unloading of raw material to the shipping of the finished product, each operation must be done efficiently and completed on time—Elgin time.

Depend on the Elgin as the register of your schedule. It will serve you as efficiently in peace as it did the Allies in war.

There is a jeweler in your vicinity who is equipped to help you safeguard your Time.

## ONE OF CANADA'S MOST BRILLIANT AIR FIGHTERS

Major Raymond Callishaw, D. S. O. and Bar, D.S.C., D.F.C. and Croix de Guerre—"What is Canada Going to do About An Air Service?"

(By Arthur Beverley Baxter for the Canadian Associated Press.) London, May 6.—(By mail.)—Among airmen and those who study their records, a constant theme of discussion is "who is the outstanding Canadian Aviator?"

Lieutenant Claxton of Toronto brought down twenty-four machines in one month; Colonel Bishop, V. C., holds the highest record; Major Barker, V. C., fought the greatest battle of them all and was looked upon as the finest tactician among the airmen on the Italian front; Major McKeever has the world's record as a two-seater pilot; Captain MacLaren should have had the V. C. for his fifty-seven machines; Captain McCall of Calgary has a tremendous record—and if Major Carter hadn't shot his propeller off and had to descend in German territory he would have been chasing the leaders very close.

But whoever name comes up before those impromptu tribunals, that of Major Callishaw is invariably mentioned among the very first.

Callishaw is now twenty-four years of age, but I venture the opinion that in the matter of advantage, he could give almost any octogenarian a decent start and still come ahead.

He started his career by being born in Victoria, B. C., and, at the age of four, he had been to Alaska and back. He was educated in Victoria, but the proximity to the sea and a personality that has something of a hurricane about it, was urging him to seek new experiences. Accordingly when Stefanonson went to the Ant-Arctic one of his ship's officers was young Raymond Callishaw, for which the latter received his first decoration—a habit that grew on him in later years.

Was in the Navy.

His next venture of consequence was to join that formidable service, the Canadian Navy, sailing on the good ship "Niobe."

When war broke out he was in the fishery patrol vessel Flipa, operating off the British Columbia coast, and he conceived the idea of joining the air service, as that element of nature seemed to promise more excitement than the sea. He was one of the very first to try and fight in the air, and had the honor of being described by a (then, powerful) person, as "one of those fool would-be aviators."

However, he was granted the privilege of paying the Curtis Cook new experiences and with a dozen other air pioneers was taken to England and lost track of in the Naval Air Service. They were kept for months doing training more or less in connection with flying and France seemed an unattainable goal. At last they were sent out as an expedition, followed by the hearty doubts of every one. Of the eight greatest British pilots living today, seven are "would-be" Canadian aviators.

When the time comes to apportion credit for the tremendous prestige Canada has attained through her airmen, let it be remembered that those first few pilots fought without encouragement or recognition, but they blazed the trail for the thousands who followed, until the

Canadians dominated the whole British Air Force.

A Great Record.

Callishaw shot down sixty Huns. At different periods he paused long enough to hold a D. S. O. then a D. S. C., followed by a D. F. C., and then a Bar to his D. S. O. These, added to his Antarctic ribbon, made an imposing array which grew with a Croix de Guerre (two palms) and the 1914-1915 ribbon.

He has an extraordinarily virile constitution, and shows very little strain from his three years and two months flying service. True to his globe-trotting instincts he fought in Mesopotamia, as well as in France. In the latter theatre of war he commanded No. 3 Naval Air Squadron composed entirely of Canadians. In one year they shot down 208 hostile aircraft.

I ran into him the other day, when he had just landed from Canada. He is heavily built, with a broad face and forehead and one gets a distinct impression of power from the poise of the head. He told me many interesting things about the enthusiasm of Canadians at home for their own air service, and when Callishaw talks one listens. He is full of ideas and utters them with a rapidity that gives an impression of illimitable energy rather than nervousness.

"Are you going to fly the Atlantic?" I asked once when he paused.

"If I can get a machine I will," he said, "and if not I want to go to Russia. Say, Hester—"

I inclined my ear.

"Australia had her own air force of six squadrons during the war and now she's going to maintain twelve. What's Canada going to do about it?"

The question was one of those that did not demand an answer, (like the queries put by clergymen to their congregation during a sermon).

However, there is no harm in passing the question on. I know we have a Canadian Air Force in England composed of two squadrons, but what will happen when they go home.

As that volcano of airmen, Major Callishaw puts it—

"What is Canada going to do about it?"

not demand an answer, (like the queries put by clergymen to their congregation during a sermon). However, there is no harm in passing the question on. I know we have a Canadian Air Force in England composed of two squadrons, but what will happen when they go home. As that volcano of airmen, Major Callishaw puts it—

## LT. COL. HARRISON GIVES AN OVERSEAS TALK

Lieutenant-Colonel W. H. Harrison, D. S. O., gave a splendid account of the work of his unit, the Divisional Ammunition Column, to the members of the Women's Canadian Club last evening in the Red Triangle rooms, and was listened to with the greatest of pleasure. Mrs. G. A. Kubring, the president, was in the chair and was supported by Mrs. R. T. Hayes and Miss Ethel Jarvis. It was decided that the club should erect a bronze tablet commemorating the forty-five units in which New Brunswick was represented in the great war. Songs by Elmer Belding, Miss Waterbury and Mrs. Blake Ferris were most heartily enjoyed and a special vote of thanks and appreciation was given Mr. Belding who had so distinguished himself as a soldier and as an entertainer for the soldiers overseas.

## World-Wide Dry Plans Outlined

Campaign to Open With Circuit Meetings—Coming Conference to be International

New York, May 19.—The call to the world-wide prohibition conference recently issued by the prohibition leaders of the United States and Canada to temperance and prohibition organizations in fifty countries, contains these statements:—

"No great problem which has to do with human welfare can be solved fully and permanently by a single nation, regardless of others. Races and nations alike are subject to the high law of international ethics which insists that the solution by any people of a problem which concerns the world carries with it the duty and responsibility of passing on each solution to others.

"World conditions present an unparalleled opportunity for the prompt organization and speedy success of such a movement for moral betterment as that represented by the anti-liquor crusade. Hitherto have been softened and chastened by the cataclysm through which the nations of the world have passed. Humanity has a larger vision; men are talking and thinking in world terms, and are prepared for a bigger problem of reform. The time is opportune for a great aggressive world drive against the drink traffic."

The call is signed by the following members of the International Committee for the Dominion Alliance: Miles Vokes, president; William H. Orr, treasurer; Ben. H. Spence, secretary; as well as by the foreign relations committee of the Anti-Saloon League of America, including P. A. Baker, general superintendent; H. H. Russell, associate general superintendent; Ernest H. Cherrington, executive secretary.

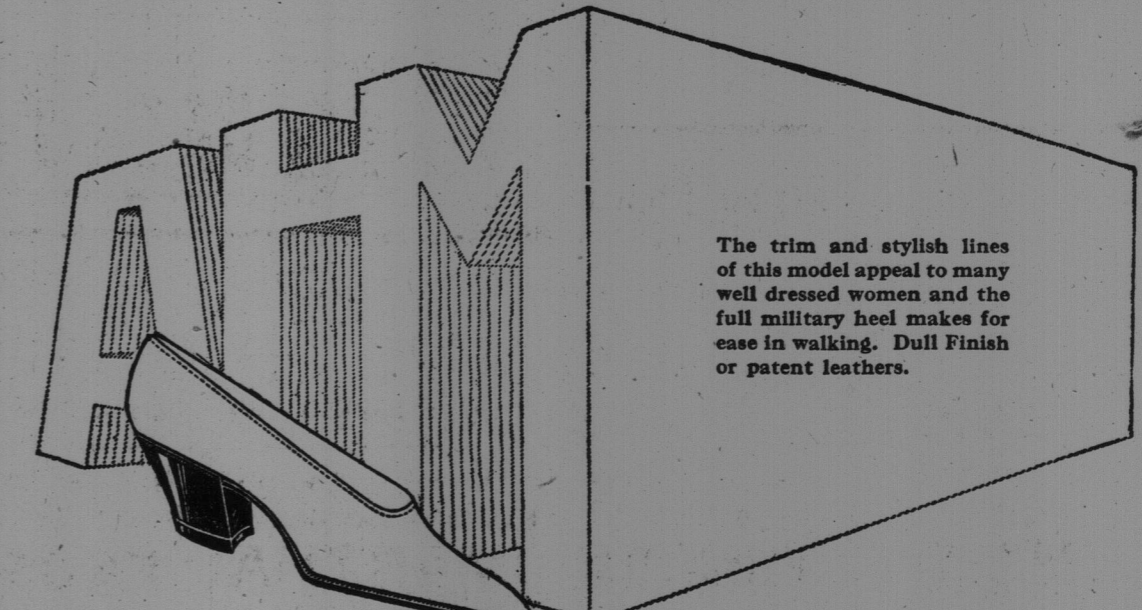

Circuit meetings have been arranged for the period preceding the conference to be held in Washington extending from May 19 to June 4, for which the following speakers have been announced:—William Jennings Bryan, Frank Willis, former governor of Ohio; Col. Dan Morgan Smith, commander of "the battalion of death"; George R. Stuart, Birmingham, Alabama; Richmond Pearson Hobson, hero of the Merrimac, and former Congressman from Alabama; and Malcolm R. Patterson, former governor of Tennessee.

Wayne B. Wheeler, general counsel of the Anti-Saloon League, will join the Willis circuit at Great Falls, Montana, on May 23. H. H. Russell, D. D., LL. D., founder of the Anti-Saloon League of America, will join the Patterson circuit at Madison, Wisconsin, on May 26. P. A. Baker, D. D., general superintendent of the Anti-Saloon League of America, will join the Bryan circuit at Indianapolis, Indiana, on May 26.

The several circuits cover the entire country, and meetings will be held in important cities in each, and in Toronto, Ontario.

A RAILWAY TO THE ROOF OF THE WORLD.

The Oroya or trans-Andean railway in Peru, lying within the territory known as "the roof of the continent," is itself to climb still farther, even to the peak of the roof. The terminus is at Callao, the chief port of Peru. At Lipa the road is joined by

The trim and stylish lines of this model appeal to many well dressed women and the full military heel makes for ease in walking. Dull Finish or patent leathers.

## The Proof of the Pudding

SOONER or later you will buy a pair of A. H. M. Shoes. And if you are correctly fitted with the proper shoe for your type of foot, you are likely to conclude that your shoe problem is solved. For the shoes will give you satisfaction.

That is the purpose back of these little talks about buying shoes. For unless the shoes *do* give you satisfaction, you are not so likely to buy A. H. M. shoes again.

And so we ask you to go to a reliable dealer, and make sure of getting the right type of shoe, and the right size and width. We ask you to look for the manufacturer's trade mark, that you may be sure of quality, and that you may be sure of getting the same make again.

We gladly send our booklet "How to Buy Shoes" to any address in Canada upon request to our head office at Montreal. There is very little in it about ourselves—but a great deal about shoes.

When you buy Shoes look for—

—this Trade-mark on every sole

a branch which starts from Ancon, and then it plunges into the Andes, cutting through one range, throwing out a spur to Tarma, at the foot of another range, and then turning northward again and gaining Cerro de Pasco, called the highest city in the world. A scenic railway through all its course, it ascends to and passes beyond abandoned agricultural terraces, which rise to a height of 1,000 feet above the present agricultural level of cultivation. These terraces, in the

days of the Incas, were irrigated from wonderful aqueducts, the water in which had been carried higher and higher above the parent streams, to flow back from height to height, making a garden of bloom and fruit of the now barren land. The road crosses the Andes at an altitude of 15,000 feet and more, and has a pass which is described as being "only a stone's throw" lower than Mont Blanc. The inhabitants of the valley and mountain towns are descendants of the

Quechua and Aymara tribes who lived there during the Empire of the Incas. They are known as Cholos and are an agricultural and pastoral people. Higher up mining is the only industry. The people of the valleys and uplands transport themselves and their produce on the backs of llamas.

### Rag Song 'Chong' Has Come Along

"Chong" is here—the Chinese rag! It's very queer—a Chinese jag! Chong's girl in Hong Kong gets a shock! The music makes you fairly rock! On the back, "One and Two and Three and Four, Rock-a-Bye." New start rocking your baby!

**A2714—90c**

### On a Little Farm in Normandie

A song of international sentiment. An American boy finds his ideal "On a Little Farm in Normandie." He will surely settle there if she'll say "oui." Coupled with "Little Old Lady O' Mine."

**A2715—90c**

### "JA-DA"—the Big Jazz Dance Hit

It's a bull's-eye, this long-shot fox-trot by Sweetman's Original Jazz Band. Old or young, fat or thin, married or single, blonde or brunette, it gives them all delirium of the feet! They just have to dance to it, whether or no! On the back, the same band plays "Rainy Day Blues," another fox-trot that keeps them moving.

**A2707—90c**

### Graveure Glorifies Dramatic War Song

Tense—touching—gripping—dramatic—is this great war song "The Americans Come." Graveure gives you all the paths, all the doubt, despair and dawning hope of the blinded French veteran who hears the first American contingent march up the street—all his unbounded joy and gratitude. Coupled with Graveure's "When the Boys Come Home."

**A2709—\$1.00**

### 'Impressions of Italy' by French Symphony

A dream of pure delight is the French Symphony Orchestra's "Impressions of Italy"—from the first to the final faintest note. All the slow languor, all the swift gaiety, all the passionate romance of that beautiful land of serenades, scenery and art is in this great double record.

**Beves Purchase Rules.**  
Officials of the Boston National League club announce that Walton C. Ruise, an outfielder, has been purchased from the St. Louis Nationals.

**Baseball Comedians Dead.**  
New York, May 19.—Herman Schaefer, the ball player who was engaged this season as scout for the Giants, died suddenly at Saranac Lake yesterday morning. He was on his way to Lake Placid and suffered a hemorrhage while in a New York Central train. He was hurried to a hospital at Saranac Lake but died within an hour.

Schaefer was one of the most popular figures on the diamond. He was known as "Germany" and "Dutch" and his antics on the coaching lines have furnished amusement for baseball fans for nearly a dozen years. Schaefer got his first start in the big leagues with the Chicago Cubs in 1902 under Frank Selee. He went back to the minors and afterward joined the Detroit Club. Schaefer played with the Tigers for several years.

**Dempsy and Willard.**  
Toledo, Ohio, May 19.—Bringing over with energy, Jack Dempsy is scheduled to begin training today for his championship contest with Jess Willard. Because of the stupendous task of sorting and arranging the fifty thousand tickets, the seat sale probably will not open until several days later than scheduled.

Before leaving for New York, Richard wired Willard at Los Angeles to report here by May 24, if possible. Willard asked for an extension in time because he had not finished some business affairs on the coast. He will establish a training camp within a mile of Dempsy's quarters.

**Willard Is Delayed.**  
Jess Willard, the heavy-weight champion, matched to meet Jack Dempsy in Toledo, O., July 4, Sunday night telegraphed Tex Rickard, promoter of the contest, requesting an extension of time in reporting there for training so that he might finish some business affairs in Los Angeles. Rickard reluctantly consented to the request, but advised the champion he would be expected May 24.

"I want both men on the scene so the public can judge for itself the merits of the boxers," Rickard said. "Dempsy has more than carried out his end of his agreement; it's up to Willard to do the same. However, I do not want to interfere with his personal affairs, and if he is training on the coast I have no serious objection to a delay of a few days."

Willard will likely establish training quarters at a former amusement resort within a mile of Dempsy's camp.

The inactivity of the last two or three days is worrying Dempsy, who is eager to get settled down to his training grind. He hopes to get started Monday at a resort on the Maumee Bay.

**Perry Is Winner.**  
Pittsburg, Pa., May 19.—Jack Perry of Pittsburg outpointed Jimmy McCabe of Philadelphia in a ten-round bout here tonight. Perry won seven of the ten rounds, three being even.

**TENNIS.**

**Challenge Accepted.**  
Sydney, Australia, May 19.—(Reuters)—South Africa's challenge for the Davis Cup has been accepted. The draw resulted in South Africa versus Great Britain, Belgium, United States, France. The winners meet in the final round to decide who shall oppose Australia for the cup at Sydney.

**ATHLETIC.**

**High School Boys Training.**

**High School Boys Training.**  
A squad of young athletes from the St. John High School have commenced

training for the annual Interscholastic Championships, which are to be held at Rothesay, the second week in June. They are using the grounds of the Y. M. C. A. and also Moosepath Park. Stanning, jumping, pole vaulting, throwing the hammer and the shot are some of the branches of sport they are getting brushed up in for the big meet. The locals are expected to make a good showing this year.

**WRESTLING.**

**Zbyszko's Star Sets.**  
Chicago, May 19.—Stranger Lewis defeated Wladek Zbyszko in a wrestling match tonight and thereby won the right to meet Sergeant Bert Caddock for the championship when he returns from service in the army overseas.

The giant Pole won the first fall after one hour, thirty-six minutes and fifty-two seconds with a reverse body hold and flying throw. Lewis won the second fall in forty-eight minutes and thirty-five seconds with a headlock, slowly brought to an issue after two minutes and thirty-five seconds. Lewis won the third fall also with a headlock in twelve minutes and fifty-six seconds, maintaining the lock for about one minute after securing it.

**FREIGHT TRAINS SMASH AND TIE UP TRAFFIC**

Twenty-two freight cars piled into a mass of wreckage at Vanceboro yesterday. A hundred foot stretch of rail was torn and twisted and the road is badly damaged. It is expected that the Montreal and Boston trains will be held up for twelve hours on this account.

Wreckage crews rushed to the scene and working as quickly as possible and it was thought that the track will be cleared in a few hours.

**WOLVES WIN FROM BEAVERS**

Large Number See First Game in North End Baseball League

The North End Baseball League opened auspiciously last evening on the Elm street diamond. The game was between the Wolves and Beavers and was won by the former by a score of 4 to 2. The first ball was thrown by Commissioner Thornton, who spoke a few words wishing the league a successful season and pointing out the benefits that are derived from clean sport. He promised to donate a prize to the leading hitter of the league and one to the player making the most home runs. He was cheered as he left the diamond.

The opening game was witnessed by a large number of fans and, judging from their applause, they evidently enjoyed the initial contest. Ritchie twirled for the winners and pitched good ball. A feature of the game was a home run by Thompson of the winning team. John Armour officiated as umpire to the satisfaction of all.

This evening the Beavers and Acadias will meet.

No matter how fussy you are about your Smokes—the Pippin will satisfy you.

### Notice To Advertisers

It is important that advertisers in The Evening Times take notice that, under the prevailing conditions due to change of time on the railroads, this newspaper is obliged to issue one hour earlier than usual, in order to make mail connections and, consequently, begin work an hour earlier in the day, therefore the business office will be open from 8 a. m. to 5 p. m., (old time) and advertisers are requested to have their copy in the office one hour earlier than usual. This to ensure prompt service and change.

### LOCAL NEWS

**NEW INSPECTOR.**  
Daniel Joseph Daley was sworn in this morning as a liquor inspector.

**WHOSE MONEY?**  
The West End police have a sum of money found in Rodney street this morning.

**MANY CONGRATULATE HIM**  
Magistrate Ritchie received many letters and telegrams of congratulations yesterday from all over Canada, besides beautiful gifts upon his attainment of thirty years in his judicial capacity.

**MARRIED LAST EVENING**  
At the home of Mr. and Mrs. John Sadler, 9 City Road, a quiet wedding was celebrated last evening, when their daughter, Miss Helena, and William Allie Ford were united in marriage by Rev. R. H. W. Pinkett.

**BIG TRAINS VERY LATE TODAY**  
Because of a big freight run-off and mix-up on the Maine Central near Vanceboro last night the Boston and Montreal Express trains are both late in arriving today, one about three hours, the other four. This means mail at the post office between five and six o'clock.

**POLICE COURT**  
In the police court this morning, a case against Archibald Treacartin, arrested yesterday by Police Constable Gibson on charge of assault upon Mary Vantant, was postponed for a week. Five charged with drunkenness were brought up; two were remanded and three fined \$8 each.

**LAUNCHING ON MAY 29.**  
The steamer War Fundy, which is under construction at Grant & Horn's shipyard, Marsh road, will be launched at eleven o'clock on Thursday morning, May 29. A large crew of men are engaged completing arrangements for the launching and at present have the ways partly constructed.

**UNION STREET PREPARATIONS**  
Union street, between Golden Ball corner and Brussels, is in the throes of hurried overhauling, and as a consequence this pedestrian thoroughfare is more choked than ever. Because of the intended paving of that section all property owners and the city itself are repairing water service pipes, gas inlets and other subterranean conveniences at which it would be difficult to get access the permanent pavement is laid. The public is only too willing to put up with the present inconveniences since it is preparatory to a better state of affairs in a short while.

**BURIED TODAY**  
The funeral of James Doyle took place this morning from his residence, 89 Broad street, to the Church of St. John the Baptist. High mass of requiem was celebrated by Rev. J. Gaudet, and interment was made in the old Catholic cemetery. Relatives were pall-bearers, and the funeral was attended by many friends.

**CANTEN COURT-MARTIAL**  
The general court-martial in connection with the canten inquiry resumed its sitting this morning. No decision was announced regarding Lieut. Belyea's case, which was concluded yesterday afternoon. The case of Captain G. Earle Logan was taken up this morning, and Major F. H. Rowe, Brigadier-General Macdonnell, Lieut.-Col. J. L. McAvity and A. N. Rowe gave evidence. This closed the case for the prosecution. The defence did not call witnesses. Counsel for the prosecution and for the accused addressed the court, after which it closed to consider the finding. This afternoon the case against Major F. H. Rowe will be considered.

**MRS. McMULLIN DEAD**  
The death of Mrs. Patrick McMullin, St. John street, took place this morning in the General Public Hospital. She leaves her husband and an invalid daughter. A large circle of friends and their sincerest sympathy to the bereaved ones.

Mrs. McMullin, yesterday, about ten o'clock, for some unknown reason, drank some carbolic acid, and being alone in the house with an invalid daughter, was not found until her husband came home from his work at noon. He immediately called Dr. S. H. McDonald, who summoned the ambulance and hurried the woman to the General Public Hospital. It was very doubtful if she would recover, and despite all that nurses care and medical attention could do for her she passed away this morning. Coroner Kenehy this morning told the Times that an inquest was unnecessary.

**THE LATE JAMES JACK**  
(Maritime Merchant)

A man very well known and very much respected among the business people of the provinces went to his long rest last week. We refer to James Jack, the manager of R. G. Dun & Co's agency at St. John. Mr. Jack was an old countryman, from the north of the Tweed in fact, and he landed in Canada in 1873. He came out to be a clerk in the Bank of British North America, but left this institution to take charge of Bradstreet's Halifax agency, with which he remained until 1888 when he went to St. John in charge of Dun's office for the province. Mr. Jack, as we say, was a Scot, and was very true to type. He weighed things carefully before committing himself to an opinion, but what he said commanded respect, and his death will be a distinct loss to the financial and business circle in most of his countrymen, was fond of sports. He went in for curling in winter and golf in summer, not with the same proficiency in the latter as his brother Andrew, but he loved the game and never came to Halifax in summer without bringing his clubs in order that he might have a couple of rounds with some of his old cronies over here. When we saw him last he was digging out a ball from the bunker at number 9, and we thought he looked as fit as any of us. That wasn't so very long ago either, and yet today he is gone; gone at the age of sixty-seven.

### PROTESTANT ORPHANAGE PLANS ARE DISCUSSED

Important Matters at Organization Meeting of New Directorate

Announcement Soon re Martello Hotel - Perhaps Some More Rooms Available in Present Home - Subscription Committee to Engage in Systematic Work

At yesterday's annual organization meeting of the new directors of the Protestant Orphan Home, the matter of increasing the facilities was discussed from various angles and a determination to proceed with at least temporary accommodations seemed evident.

W. S. Fisher reported on the cottage plan of orphanage—a unit system capable of expansion as the needs grow. The report also dealt with the child philanthropies of Boston city in such details as housing, adoptions, etc.

The committee having the selection of a new building for present overflow requirements reported progress and said that in a short while the possibility of securing Martello Hotel, West Side, will be known.

President T. H. Estabrooks suggested that the hospital quarters in the present building, Britain street, might be utilized for twenty additional orphans and the question would be taken up by the executive soon. These rooms have been kept unoccupied to be utilized in case of contagious sickness. It is a tribute to the careful mothering of the orphans that in nine years these segregated rooms have not been used.

Another matter which the directors of the Protestant Orphan Home have in hand is the institution of an infants' asylum, and founding home. A special committee has this important matter in hand.

In fact the meeting period was filled with the discussion of the needs of the Protestant community in caring for its parentless children and from now forward an extra special effort will be put forth to encompass these needs. It was felt by the executive and directors that the community should be ready to back up their efforts to the fullest.

For the financing of the Britain street institution and whatever supplementary buildings of a temporary character may be acquired by a subscription committee was appointed. It is the duty of this committee to organize the Protestant people of St. John—in fact the whole province is always under the orphanage charter—and place the yearly cash subscriptions on a thoroughgoing and enlarged basis, sufficient to meet the increased needs up to the present. The funds collected have been sufficient to finance the Britain street home in conjunction with the earnings of investments and yearly endowments, but with larger plans in hand the voluntary subscription plan will have to be elaborated and made far-reaching.

Mrs. John S. MacLellan in her secretarial report made appreciative reference to the passing of Dr. P. R. Inches, the Home's great friend for years; the valuable services of J. H. A. L. Fairweather, returned safely from the war; the goodness of Doctors Bentley and Morrison in treating the children gratis, also the dental services by Doctors Godwin and Sancton. Hon. J. G. Forbes was created an honorary member of the directorate and J. King Kelley was elected a director. T. H. Estabrooks is the re-elected president; C. H. Peters, vice-president; Henry C. Rankine, treasurer and Mrs. S. MacLellan, secretary. Dr. W. S. Morrison is the new head of the important standing committee, dealing with the taking in and placing out of children.

### MAY OPEN THE SEASON MAY 24

Plan for Starting The St. John Baseball League—Y. M. C. I vs Carleton in First Game

Although the official opening of the St. John Baseball League is scheduled to take place on Queen Square diamond in West St. John on next Monday evening, an effort is being made to have the date changed so that the big event will take place on Saturday afternoon, May 24. There are a large number of baseball fans throughout the city, who are anxious to see the games, and as there are few attractions offering for the holiday, they are awaiting the decision of the executive of the league with considerable interest. A decision will be reached by the governing body when they will meet to decide on ground rules and regulations for the league during the playing season.

If a decision is favorable the Y. M. C. I. and Carleton teams will play the first game and St. Peter's and Fairville the second. If they are unable to get their terms together for the holiday the official opening will take place on Monday evening at seven o'clock daylight time, as originally decided on. The Y. M. C. I. and Carleton are scheduled to open the league and an effort is being made to have a band in attendance. One of the city officials will in all probability officially open the playing season by throwing the first ball across the plate.

### BISHOP GREER DEAD

New York, May 20—The Right Rev. Bishop Greer, Protestant Episcopal Bishop of New York, died in a hospital here last night. He was operated upon for intestinal trouble about a week ago. He was born in Wheeling, W. Va., March 20, 1844.

Oil Cook Stoves SHEET METAL WORK  
Glenwood Ranges, WORK

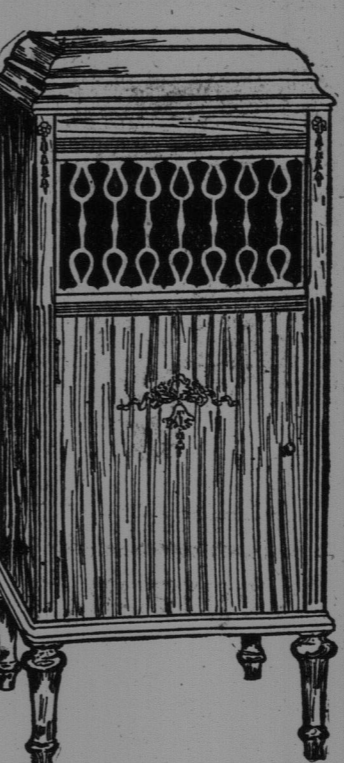

10 Per Cent. Off to Discharged Soldiers Buying First Cives. May 20, '19.

### What Satisfies You?

You're satisfied with the clothes you buy at the time you get them or you wouldn't buy. If that's all the satisfaction you want, any clothes will do; they all look good when they're new. But if you want satisfaction for many months, better have real quality fabrics, good tailoring and smart style. That's the sort of clothes to be had at Oak Hall.

\$25 to \$60

**OAK HALL SCOVIL BROS., LIMITED**  
55-57-59 KING STREET

### The McLagan Phonograph Offers Value as it's Chief Attraction -- Not "Easy Payment"

Don't be misled by the growing "installment" evil. Be cautious when you are offered an apparently attractive method of payment with some kind of phonograph attached.

The McLagan is sold on a quality basis only, and you always get full value. When you buy a McLagan you choose it for its quality, the terms being a secondary consideration.

The McLagan comes in a variety of woods and sizes, and the selections are suited to all tastes and purses.

Come in and hear the excellent tone qualities of the McLagan—the almost total absence of surface noise, and see the rich, carefully made cabinets.

Prices Range from \$58.50 to \$180.00
