BIG FORCE WITHIN REACH OF MEXICO CITY

Fifty or Sixty Thousand American Troops May Be Assembled—Mexicans Charge That The Americans Are Violating Armistice

Washington, May 8.—Along cipher telegram from General Funston at Vera Cruz that stirred the general staff of the army into a conference that did not break up until nearly midnight, was to be placed before the president and his cabinet today.

Complain of Alleged Violation. Mexico City, May 8.—Estevan Ruiz, acting minister of foreign relations, has complained to the South American mediators that American troops were landing in Vera Cruz, and that other military preparations were in progress there, thus breaking the armistice.

Washington, D.C., May 8.—Two cable despatches from Rear Admiral Badger state that two oil wells, a short distance from Tampico, have been fired and great damage is resulting.

Another despatch states that protection of property interests in and around the city by an armed force is necessary.

New York, May 8.—Representatives of sixty-eight oil companies with interests in the region of Tampico, met here last night and adopted resolutions asking President Wilson to restore American gunboats in Tampico harbor, and afford protection for Americans operating in the oil district.

Vera Cruz, Mexico, May 8.—Mexican Federal forces confronting General Funston's little army, have been increased to 20,000 men during the last twenty-four hours, and have established a strong base at Jalapa, forty-seven miles from this city.

Reports of rapid movements by the Mexican troops indicate that they were advancing their outposts towards Vera Cruz, Mexico, May 8.—Quemido Moheno, minister of commerce and industry, committed suicide by shooting last night, in Mexico City, according to a despatch received from the capital today.

Torreon, Mexico, May 8.—General Francisco Villa reported today from Hidalgo that the capture of Saltillo has been made certain by the destruction of a large section of the railroad track between Saltillo and San Luis Potosi. This makes it impossible to reinforce the federal garrison in Saltillo.

General Villa, whose successes in the north of Mexico are believed to have led Huerta to seek war with the United States as a last resort to bolster up his fading reputation with his people, is here seen aiming one of his up to date rapid fire guns. After the United States lifted the embargo from the exportation of arms and ammunition Villa secured many of these modern death dealers.

Roger Flanagan Carried Into Water By Sliding Bank and Goes Under Raft

(Special to Times) Chatham, N. B., May 8.—Roger Flanagan of St. Margaret's was drowned yesterday while stream driving for Wm. Whalen on a branch of the Bartibogue river.

Mr. Whalen tried to rescue him but the man was carried away and the body has not been recovered. Mr. Flanagan was aged twenty five years and is a son of Patrick Flanagan of Half Way House, St. Margaret's.

BRITISH MILLIONS FOR CALIFORNIA OIL LANDS

Earl Grey, Now in West, Announces Names of Syndicate of Big Men

San Francisco, Cal., May 8.—Earl Grey former governor-general of Canada, before leaving last night for Los Angeles, announced the personnel of a syndicate which will spend millions of British money for the purchase of two of the largest oil companies in California.

His associates are: Lord Pirrie, head of the White Star Steamship Line; Sir Thomas Royden, chairman of the directors of the Canadian Steamship Company; William Anderson, prominent ship builder of Denmark; Sir William Garston, famous for his work in Egyptian irrigation projects; Sir Edward Ward, former secretary of the British War Office and head of one of England's large steamship companies; and Andrew Weir, president of the Weir Steamship Company.

Earl Grey will be the chairman. "The British government is neither directly or indirectly back of the deal," said the Earl.

THE STEAMERS

Manchester Liner Manchester Exchange, arrived in port this morning from Manchester direct and docked at the Intercolonial pier, Long Wharf, about 10.30 o'clock. The Exchange made a fast trip from the other side, completing the voyage in schedule time (two days). The officers report fair weather for the greater part of the voyage and the winds were favorable for a first passage, being stern nearly all the way across. The Manchester Exchange brought a good general cargo.

Wireless advices from the Royal Mail Steam Packet S. S. "Chaudron" are that she was 270 miles from Cape Sable last evening, having been delayed by bad weather but reports all well. She is expected to dock here tomorrow morning.

MARKET SQUARE In connection with the Market Square improvements projected it was suggested to the Times today that Commissioners Potts might arrange with the St. John Railway Company to have two wire laden poles, now standing in front of the Bank of British North America removed and the wires carried underground across the square.

Make Grounds Near Armony Place of Beauty is The Plan

Plans are now under way for a great improvement in the appearance of the grounds and streets surrounding the new armory and other government properties in the South End. The department at Ottawa now has under consideration a scheme which, when put into effect, it is understood this will be done this summer, will result in the grounds being greatly beautified by doing away with several old buildings, leveling some Polly sections, making terraces and providing for grass-plots.

Engineers have been in the city from Halifax; the local public works department has been consulted; the Exhibition Association have been advised, and the militia authorities have been taken into consideration in connection with the movement.

Grass plots will be placed on either side of the entrance to the armory; a terrace will be made toward the corner of Sydney and Sheffield streets with a new sidewalk along the front; the rising ground between the old and new drill sheds will be levelled and grass plots laid out; the south side of Sheffield street is to be levelled and cleared and the fence moved back and replaced by another more ornamental in its nature.

THE LAW MUST TAKE ITS COURSE

Haynes, Sydney Murderer, Is To Be Hanged This Afternoon

(Special to Times) Halifax, May 8.—Judge Drysdale, after a conference this morning with D. A. Cameron, who associated with the crown in the Sydney murder case and who was accompanied by the deputy attorney general, has decided that the law must take its course in the case of Haynes, the Sydney murderer.

Later. Haynes will be hanged this afternoon. The time is not yet announced.

ONCE PROMINENT MERCHANT HERE

Simon Fraser, Father of W. J. and E. E. Fraser, Dead in Nova Scotia

Simon Fraser, at one time a prominent merchant of this city, died this morning at his home in Hopewell, Pictou county, N. S., where he had made his home during recent years.

Mr. Fraser, who had reached the advanced age of eighty-seven years, was a native of Nova Scotia and came to St. John early in life. While here he was in the tailoring and clothing business, his standing being on the corner of King and Germain streets, the site of the present Oak Hall business. After he retired from business he returned to Pictou county, where he had since made his home.

His wife, who was Isabella Ross, a daughter of the first Presbyterian minister in Nova Scotia, died before him, and he is survived by two sons, William J. Fraser of this city and E. E. Fraser, of Sydney, seven grandchildren and one great grandchild.

W. J. Fraser, accompanied by Mrs. Fraser, will leave tonight for Hopewell.

VERDICT AGAINST FIRM OF BROKERS

Binghamton, N. Y., May 8.—Early today a jury in the supreme court handed a verdict for \$68,268 against C. I. Hudson and Company, New York brokers, establishing a new precedent holding brokerage firms responsible for monies expended with them which had been obtained by illegal methods.

The action was brought by Deyo and Hitchcock to recover \$60,000 spent in speculation by William Carver, a member of the firm before he mysteriously disappeared. The jury returned a verdict for the full amount asked.

CONTRACTOR AND OFFICIAL GO TO GAGETOWN TO LOOK OVER RAILWAY GROUND

The Gagetown-St. John Section of Valley Line—Macquac Man Drowned in Maine

(Special to Times) Fredericton, May 8.—W. Corbett, contractor, and S. B. Wass, of the St. John and Quebec Railway Company, left this morning for Gagetown to look over the ground with a view of commencing work on the Gagetown-St. John section of the Valley Railway.

Joseph Patterson, a colored man belonging to Macquac, was drowned while working on a drive in Penobscot, Maine, yesterday. He was about forty-five years old.

The water here is rising steadily, but is still a foot below the highest point reached last year. There is still plenty of snow in the woods.

There was a fair run of bank logs at Springfield yesterday. The price for spruce ranges from \$10 to \$14.

The will of Luther Goodspeed, a farmer of Penniac, was probated here today. The estate was sworn at \$17,000, mostly real estate.

SUFFRAGETTE GIVEN A YEAR IN PRISON

Leeds, England, May 8.—Lillian Lenton, a militant suffragette, was sentenced today to a year's imprisonment on a charge of setting fire to Westfield House, Doncaster, in last June. She has been in hiding.

NICE FIND FOR ALBERT MAN

Moncton, N. B., May 8.—Charles Magee of Little River, Albert county is rejoicing over a find of a fox and litter of four in a hollow log about fifteen miles from his home. It is reported the foxes are all alive blocks.

NO SIGN OF THEM

Although nearly a week has elapsed, no word has yet been received of the whereabouts of the four boys who escaped from the Boys' Industrial Home at East St. John on last Saturday morning. Neither have the authorities been able to locate the two boys who got away some time ago and who were reported to be in the vicinity of Digby and later crossed the bay to St. John.

DELEGATION LIKELY TO OBTAIN MONDAY EVENING

Board of Trade Council Names W. S. Fisher and D. F. Pidgeon—Ask Government to Build South End Wharves

Matters relating to the trip of the delegation to Montreal and Ottawa occupied the attention of the council of the Board of Trade at their meeting this morning. W. S. Fisher and D. F. Pidgeon were selected as representatives of the Board of Trade and Mr. Pidgeon expressed his willingness to act. It is expected that the delegation will get away on Monday evening although Mr. Pidgeon may go a day earlier. Mr. Fisher is not in the city today.

Considerable time was devoted to the discussion of matters relating to the Guelius agreement and the mail service with which the delegation will deal. The details of the records of the mails for Upper Canada landed at St. John and Halifax were received from Ottawa today and will be available for the use of the delegation. There is no advice of the arrival of Sir Thomas Shoughness in Montreal and it is possible the delegates may have to wait until their return from Ottawa to see him instead of meeting him on their way to the capital.

The traffic committee of the board recommended that the board memorialize the dominion government asking for the construction of two deep water docks one 600 and the other 800 feet in length, at the southern end of the city, using the government land available there and a portion of the city land if the latter can be secured on terms which would be mutually satisfactory. The recommendation was adopted and Mr. Pidgeon was delegated to take up the matter with the government while he is in Ottawa.

A communication was received from the Moncton Board of Trade promising attention to the local board's letter regarding the extension of the West End inland service. The Moncton board also extended congratulations upon the appointment of the new secretary and promised all possible co-operation.

GUTELIUS MAY BE IN CITY TODAY

F. F. Gutelius, general manager of the government railways at Moncton, is on a tour of inspection over the properties of the road, with a party of his officials. They are on a special train and will probably pass through St. John this afternoon. C. A. Hayes, general traffic manager for the Intercolonial in the city today.

A Fredericton despatch says that Mr. Gutelius arrived there by special train last night and left early this morning. While there he had a brief interview with Ross Thompson, chief engineer of the St. John and Quebec railway company. No announcement has yet been made in regard to the location of the Valley Railway.

UNCHANGED TODAY

No Announcement by Sir Frederic Barker—Governor on Way From Fredericton by Steamer

The situation with regard to the appointment of the royal commission to investigate the Dugal charges is still unchanged. Sir Frederic E. Barker said today, that he had no announcement to make, but would leave anything that was to be said to the lieutenant-governor. As Hon. Mr. Wood left Fredericton early this morning to come to St. John by the river steamer, it was impossible to get in communication with him before going to press.

CONDENSED DESPATCHES

Queen Mary of England, has consented to become patron of the English Council of Women.

Judge David J. Hughes, who retired several years ago after serving fifty years as county judge of Ninety County, today celebrated the ninety-fourth anniversary of his birth.

Theodore Roosevelt was denounced today as a charlatan by A. Henry Sauer-Landor, a famous explorer, in Paris, because of his claims of discoveries in South America.

A report that a German military airship had been destroyed in a storm near Zosen, south of Berlin, reached the authorities today.

John Steacy, a well-known railway contractor of the United States and Canada, died in Brockville, Ont., today, aged seventy-eight.

NO GENERAL STRIKE OF COAL MINERS NOW

Indianapolis, Ind., May 8.—The executive of the United States Mine Workers of America today announced a general strike of 800,000 men, as a protest against conditions in Colorado.

The committee declared it better for all miners outside Colorado to remain at work, so that they may better finance the Colorado strike, "for one year or ten years," but insisted that if conditions do not improve, a general strike may yet be called.

PRESENTATION

Last evening about sixty friends of Mr. and Mrs. William Mitchell, 78 Hill yard street, called at their residence and tendered them a surprise. During the evening, on behalf of those present, George Chamberlain presented to Mr. and Mrs. Mitchell a handsome tea set of Limoges china. A pleasant evening was spent in music, dancing and games.

BOYS IN COURT.

The three small boys in whose possession were found three watches stolen from Daniel Doherty in Main street on Wednesday afternoon, were arrested last evening and brought before the court this morning. The father of one of the boys was not in court and the case was adjourned until tomorrow morning.

Another Severe Storm.

Atlanta, Ga., May 8.—Two persons were killed in Mississippi, several others injured, and thousands of dollars damage done to growing crops yesterday by storms that swept several southern states.

Putting Salt On The Dollar's Tail

When the manufacturer of a nationally sold article begins an advertising campaign in the newspapers he is setting a flock of dollars in motion.

They are going to be caught by some one. The wise dealer proceeds to sprinkle salt on the tail of the dollars by letting the public know he has the goods.

He reaps the benefit of the other man's advertising by doing just a little pushing on his own account at the right time.

MEETS FEARFUL DEATH

Woman Falls Five Stories; Is Impaled on Fence

Was Young Wife of Mexican Minister To Costa Rica and Was Living in New York

New York, May 8.—Mrs. Louise Echagay, wife of Louis Echagay, Mexican minister to Costa Rica, fell from a window on the fifth floor of an apartment house in 121st street and was impaled on a picket fence in front of the building.

She was hurried to a hospital, where she died. Her husband is now in Costa Rica.

Mrs. Echagay was a German by birth, and was twenty-nine years old. She lived with her fifteen-months-old daughter and a woman companion. She had been ill for some time and was in the care of a trained nurse. Her husband's absence, friends say, had made her despondent.

ALGONQUIN FIRE MADE NEW BRUNSWICK LOSS NEARLY A MILLION

Toronto, May 8.—The Monetary Times estimate of Canada's fire loss during April amounted to \$1,016,288, compared with March loss of \$2,189,552 and \$1,470,622 for April 1913. The fire waste in each province for the first four months of 1914, has been estimated as follows:

Ontario, \$8,806,640; Quebec, \$2,405,619; New Brunswick, \$918,122; Alberta, \$841,425; British Columbia, \$847,022; Manitoba, \$476,754; Saskatchewan, \$425,592; Nova Scotia, \$298,192; Prince Edward Island, \$9,523.

The destruction of the Algonquin hotel, St. Andrews, N. B., was the most expensive fire of the month, the loss totalling \$400,000.

Twenty-two persons perished by fire in the dominion during April.

FREDERICTON TEACHER WINS

Miss Sadie L. Thompson, principal of the Charlotte street school, Fredericton, who lately returned from Ottawa, where she was taking the physical training course, led all the teachers taking the course, having a perfect mark of 100 in theory and teaching. There were over forty teachers from all parts of Canada, as far west as Regina, taking the course.

### Easy & Practical Home Dress Making Lessons

Prepared Especially For This Newspaper by Pictorial Review

#### IN BLUE TAFFETA.

Use of net, linen and crash designs. The wide belt which encircles the waist close to the bottom is finished with a most unconventional knot, from which the ends hang loosely.

To make the dress requires, for a girl of average size, 2 1/2 yards of double width taffeta and 1 yard of 36-inch satin for the belt, collar and cuffs. The buttons may be covered with satin.

To avoid mistakes place each piece of the pattern carefully on the taffeta. First fold the silk, and along the lengthwise fold lay the pieces marked by triple "T" perforations—that is, the collar, back and back yoke. The front gore, front, sleeve, cuffs and sleeve bands are arranged on a lengthwise thread of the material. For the open neck, cut out neck edge of front 1/2 inch above small "o" perforations. For short sleeves, cut off lower part of sleeve on small "o" perforations. Cut off front edge of left front and left front gore on double "o" perforations. Close under-arm seam as notched to make the waist; also shoulder seam. Gather lower edge of front and back between double "o" perforations. Center-front indicated by large "O" perforations. If made high neck, sew standing collar to neck edge as notched. For open neck, see cutting directions. Sew large collar to neck edge, center-backs even and along small "o" perforations in front.

Gather lower edge of sleeve between double "T" perforations, join sleeve-band as notched, close seam as notched. Close cuff seam as notched to small "o" perforation, sew to sleeve-band as notched. Sew sleeve in arm-hole, seam at notch in front.

Join gorges of skirts as notched. Pleat casing on skirt perforations, bring folded edge to small "o" perforations and press. Turn hem on small "o" perforations. Sew to lower edge of waist, centers even. Large "O" perforations in front gore indicate center-front.

This design is so practical and pretty that it will look well developed in tub materials for summer use.

No. 6499. Sizes 4, 6, 8, 10, 12 and 14 years.

Taffeta is used for this very stylish little dress, and it is trimmed with buttons and satin girde, collar and cuffs. The model is also suitable to development in tub materials.

Many of the new spring models for little girls' frocks are made on blouses—that is, with the very long waist and skirt that is scarcely more than a straight flounce. This smart coat is in changeable blue taffeta trimmed with satin of the same color. The collar and cuffs may be varied, however, by the material.

### QUESTION OF BABE BORN AFTER FATHER'S DEATH

Court Asked to Rule as to Whether or Not He Shares in Estate

New York, May 8—Supreme Court Justice Davis has decided that a child born after the will of the father is made in which the child is not specifically mentioned has no interest in the estate. The suit was brought by S. Stanwood Menken, as executor of the estate of David C. Andrews, worth more than \$100,000, to have the will judicially determined that Joseph A. Andrews, the infant, had no interest in the estate. The widow, Mrs. Frances L. Andrews, joined in the action.

In giving judgment for the plaintiff Justice Davis said:

"The question is, did the testator die leaving his son, Joseph Andrews, unprovided for by the settlement and neither provided for nor in any way mentioned in such will. It is admitted that no settlement was made for such son, and of course he is not mentioned in the will. But the class to which the son belongs is mentioned. The testator mentions all children that may be born to him and his wife, and these children get his estate, share and share alike, in case his wife predeceases the testator. I think this provision of the will clearly shows that the testator contemplated the possibility of children being born to him and his intention to provide for them out of his estate in case his wife predeceased him. And his intention as expressed in his will negates the idea of inadvertent or unintentional disinheritance of his children to be born."

### Lady Werwick

Lady Werwick, while driving in the park recently, met with a minor accident which resulted in a gash on her right cheek. Rather than encounter curious eyes, she remained for days in the seclusion of her home.

One day a faithful maid discovered that the healing scar had assumed the appearance of a butterfly.

Obtaining Lady Werwick's permission the quick-witted girl traced the outline on her mistress's white skin, using fine gold and delicate blue enamel. The little painting brought out the gold tints in Lady Werwick's hair and the blueness of her eyes.

The delighted beauty ordered her carriage for the park, and that night made her appearance at a ball. There she was the beauty of the evening, admired by all.

The motto of the Queen of Roumania is: "I know no happiness except the performance of duty, no other joy but the love of the beautiful, no consolation but hard work."

### OPEN THE WINDOWS.

Editor Times-Star:—

Sir:—Have you ever noticed that a great number of the top window sashes in the houses and other buildings in this country are fixed so that they cannot be opened to allow the impure air to escape. I have always been told that the impure air in a room rises to the top, and if this is so, it should be allowed to escape when the fresh air comes in at the bottom window. We always open the top window in England and I think if it was done in Canada it would be much healthier. Of course there may be some reason here for keeping the upper window fixed and this is what makes me curious.

**Chicken Dishes**

In families of five or six, often by using a made dish, one chicken will be sufficient for a meat dish at dinner, for if one is careful to boil the chicken in tightly covered kettles there will be plenty of stock for broth for another meal.

Joint chicken, put into warm water without salt and bring to boil. Skim, if necessary. After boiling an hour add salt and turn fire low and simmer until meat will slip from bone in good-sized pieces.

Ground was broken yesterday for the new Methodist Church to be built on the Red Head road just below Little River. The building will be 28 by 45 feet and will cost \$8,500.

At the closing meeting of the High School Alumni reading club, which was held last evening, each of the young ladies was dressed to represent a geographical name. Misses Rogers and Jamieson guessed twenty-eight of the fifty-four and each received a prize. Miss Harriet VanWart and George Morrissey contributed to the programme and music was furnished by Ralph Crawford.

**\$50.00 REWARD.**

Still a mystery—Who threw the brick? Up to this afternoon no information has been received by Brager's of the whereabouts of the man who threw the brick through their window. The police have not taken the matter in hand, but quite an army of amateur detectives are making inquiries in the hope of receiving the substantial reward offered; information to be given to Brager's, clothes, 185 to 187 Union street, the store where you get ladies' and gents' suits for \$1 per week. Investigate our credit system and the smashed window.

A travelling bag was presented last evening by some of his friends to Louis McGloan, who has been employed in Weldon & McLean's office and who is going to Montreal to enter the office of his brother, Norman L. McGloan.

The housing survey of a section of Prince Ward has been completed and the information is being assembled to be turned over to the housing committee of the Board of Trade for use in preparing recommendations on housing reforms.

MR. JAMES LOWELL

The death of Mr. James Lowell, though not unexpected after his long and severe illness, is a source of keen regret to the people of St. John city and county, and to all who knew the man and his work.

WHAT OF MR. HAZEN?

The Standard does not appear to be greatly concerned over the loss of trade which St. John suffered last winter, and endeavors to console its readers with the statement that there was a decline of trade in Portland, Boston, New York and Philadelphia.

NEARLY \$7,500,000.

It appears that the decline in exports from St. John last winter, compared with the figures for the preceding season, is not merely a little over \$5,000,000, but nearly seven millions and a half.

A cavalry school in St. John will add something to the spice of life in these parts.

Australia has served notice upon Mr. Winston Churchill that the policy of naval contribution will not be endorsed by the Commonwealth.

The Women's Canadian Club added more than thirty to its membership last evening. It has now more than eight hundred members.

A considerable time has elapsed since it was announced that the provincial government would take some steps to ensure more rapid construction of the new bridge at the Falls.

the making of excuses. The public however, want to see the bridge finished this year. The government should bestir itself in the public interest.

Mr. F. B. Carvell believes there are people in Nova Scotia claiming Fenian Raid grants who were not born at the time of the Fenian Raid.

It is while a Conservative government is in power in Canada that there is talk of a pilgrimage of unemployed men from the west to Ottawa to petition the premier for work.

Congratulations to Mr. Andrew Malcolm after fifty years of active work in connection with the Sabbath school of St. David's church, and fifty years also of good citizenship in St. John.

From South America comes the announcement that Theodore Roosevelt, having killed many jaguars and other fierce beasts in the Brazilian forest, will be ready in 1916 to go gunning, as a Progressive candidate, for the Republican bosses of the United States.

The announcement that Prince Alexander of Teck will be the next governor-general of Canada will be received with general satisfaction in this country.

Although the majority of the people of Prince Edward Island have declared themselves to be opposed to the introduction of the automobile in that province, we are told that there are now over thirty motor cars on the Island, with a probability that the number will be considerably increased during the summer.

Following the illustrated Ramble Around Ireland by Mr. Seumas MacManus, which was enjoyed by the citizens quite recently, the illustrated tour of the Isle of Man with Rev. Mr. Drummond, before the Women's Canadian Club last evening, was another delightful experience.

Canada's war lord asks parliament to place at his disposal more than \$18,500,000 for military purposes. This is far too great a sum to be spent by this young country on its militia, when there are so many other public services which are being starved.

A hospital for foxes is to be established in Prince Edward Island, near the city of Charlottetown. Presumably this is not to be a hospital for the red or common variety of foxes, and it is not at all probable that a resident of the island who found a maimed fox in the woods would immediately abandon all other pursuits until it had been safely placed in the hospital.

Please Note Last Word. Simplified spelling carried to its ultimate degree was shown on a door card recently seen in the South End.

Mrs. Emily P. Bishop author of "Serenity Years Young," tells this little story to illustrate the fact that it is as easy to do as to wish to do.

A little girl's brother set a trap to catch birds. The little girl knew that it was wrong, cruel, against the laws of kindness, and altogether execrable.

He Wished For Her. They were dining in a restaurant and he had ordered a whole roast chicken.

But I don't know what to wish for," she protested. "Oh, you can think of something," he said. "Oh, I can't," she replied. "I can't think of anything I want very much."

### WHAT CITY PLANNING MEANS

A Graphic Presentation by a member of the Massachusetts Homestead Commission.

Conservation of human energy and life, not merely superficial beautification. Not extravagant dress, fads, fashions. Economy, necessarily, scientific reality. A definite plan of orderly development into which each improvement will fit as it is needed, not the immediate execution of the whole plan.

Business methods for city work, not the surrender of the city to artists with vague schemes for civic adornment. Correlation of the city's activities. Not wholesale alterations at great expense, with no assured financial return. Encouragement of commerce and facilitation of business, not the interruption of commerce and business at the expense of historic buildings with their associations. Not the destruction of the old landmarks and city individuality. The development of an American city. Not imitation of London, Vienna and Paris.

Exercise of common foresight and prudence. Not ruinous expense and debt. Happiness, convenience, health, for all citizens. Not merely expensive boulevards and parks available only to the rich.—Arthur C. Conroy.

When Mrs. Catherine Kennedy went to the polls in Charlottetown at the last election she took her small children along with her, and the election officials were asked to hold them while she prepared and cast her ballot.

POPULAR HOUSE SACQUE.

Women are wearing dainty house dresses more than ever, as the new street gowns are so much more elaborate than they were last year that they get tramped and old looking much quicker. The model shown is from Andre Dupre, Paris. The skirt is of accordion pleated chiffon, and over it is worn a short sacque of flowered taffeta. These sacques are very much worn over any kind of a skirt.

### INVISIBLE ELEMENT IN CITY PLANNING

How City Planning is Viewed by a Prominent Franchise Expert.

City planning implies three things:

- 1.—An organized community spirit.
- 2.—The cultivation of civic foresight.
- 3.—A sufficient degree of municipal self-control to make planning worth while.

It involves something more than civic centres and civic beautification—even more than the reservation and development of spaces for public use. It involves public control of the development of essential street utilities, especially transportation. City planning is important unless it goes into the realm of the invisible, and takes cognizance of franchises, contracts and vested rights. If these are not brought under control, city planning is largely futile.—Delos F. Wilcox.

### LOSS OF APPETITE IN THE SPRING

Loss of appetite is accompanied by loss of vitality, vigor or tone, which is a more serious loss. It is common in the spring because at this time the blood is impure and impoverished and fails to give the digestive organs what they need for the proper performance of their functions.

Ask your druggist for Hood's Sarsaparilla. It makes the rich red blood pure and abundant. It is not simply a spring medicine—but it is the best spring medicine.

### WHY YOUR STOMACH HURTS

#### Some Common-Sense Advice

BY A DOCTOR

Pain in the stomach, variously called indigestion, dyspepsia, flatulence, heartburn, stomach-ache, etc., is usually attributed to some unnatural, abnormal or diseased condition of the stomach itself. Nothing, however, could be farther from the truth. Nineteen times out of twenty the stomach is absolutely healthy and normal, the pain and discomfort being entirely due to the acidity and fermentation of food which irritates and distends the stomach, although if this condition is allowed to run on, in time the constant irritation of the acid is likely to eat into the stomach walls and produce ulcers and sometimes cancer of the stomach. Medicine is useless in such a case. The acid and fermenting food must be removed by a stomach pump or an emetic, or you must neutralize the acid and stop the fermentation by taking a teaspoonful of bisulphated magnesia in a little water; this latter is far the simpler and the safer method. Bisulphated Magnesia almost immediately neutralizes the dangerous acid and by correcting the food contents enables even a tired, weak stomach to digest almost any food without difficulty. Physicians advise that bisulphated magnesia should be kept in every home and a little taken after every meal whenever the slightest tendency to food fermentation is shown.

**SPIRITUAL FAITH AND MENTAL HEALING DEALT WITH IN ENGLISH REPORT**

Views of Committee of Church of England Representatives and Medical Men

London, May 8.—Spiritual faith and mental healing are dealt with in a report published by a committee consisting of ten representatives of the Church of England and ten medical men under the foremanship of the Dean of Westminster.

The conclusions of the committee include the following:

The committee desires to express their belief in the efficacy of prayer. They recently believe, however, that the divine power is exercised in conformity with and through the operation of natural laws.

Spiritual ministrations should be recognized equally with medical ministrations as carrying God's blessing to the sick. Health, bodily and mentally, is capable of being influenced for good by spiritual means.

The physical results of what is called faith or spiritual healing do not prove on investigation to be different from those of mental healing or suggestion.

The committee recognize that suggestion is more effectively exercised by some persons than by others, and this fact seems to explain the gift of the special power proclaimed by various healers.

While religious influences do not essentially differ in operation from non-religious appeals to the mind, yet the former may often be the most potent form of suggestion.

The committee are forced to the conclusion that faith or spiritual healing, like all treatment by suggestion, can be expected to be permanently effective only in cases of what are called functional disorders, as distinct from organic ailments. Those who resort to healers are, therefore, warned that they may thereby be postponing until too late medical treatment, which might serve to arrest organic diseases.

The committee desire to see increased importance to spiritual ministrations as contributory means to recovery, but they strongly deprecate an independent treatment of disease by irresponsible and unqualified persons.

**MAKE EGGS PAY PASTOR**

Montana Women Have Unique Scheme for Church Bills

Rarewood, Mo., May 8.—How to make the hen pay all other expenses of the church and never borrow has been figured out by the members of the Harmony church five miles northwest of here.

The project followed a Sunday egg collection at the Harmony church, when the women brought the Saturday product of their hens to church instead of the usual dimes and quarters.

One hundred and sixty-eight dozen eggs went into the contribution boxes, or \$25 worth, figuring the value at sixteen cents a dozen. Rev. C. R. Green is pastor of the church.

This makes the value of the eggs of the community \$9,000 a year, and there is a move on foot to market these eggs guaranteed, as a community, claiming the three to five cents a dozen extra that is paid for such eggs as compared with the uncertainties of the ordinary product. The difference will pay the preacher, keep the church in repair, buy special music and coal and keep the church's light plant running.

The women of the community have agreed to undertake the plan and they will organize into an egg shipping company for that purpose.

**AGAIN TROUBLE WITH WATER IN MONTREAL**

**MRS. JOHN WINTER OF MONCTON, HAS PASSED AWAY**

She Died at the Advanced Age of 83 Years and 4 Months.

(Moncton Transcript.)

Mrs. John Winter, one of the most widely known of Moncton's pioneer citizens, died at the residence of her son, John Winter, Moncton, on Thursday morning. The deceased was eighty-three years, four months and nine days old.

Her husband, John Winter, Sr., died on July 6, 1909, and her son, Ex-Alderman Winter, on Dec. 29, 1913. She is survived by one son, John Winter, of Moncton, and three grandchildren, Mrs. Herbert G. Steves, of Archibald street; Miss Kate Wintler, at home, and F. W. Winter, of the Eastern Amusement Co., and also by three great grandchildren, Master Bryce Steves, of the Misses Audrey and Ermine Winter.

The deceased was born in the pretty little Devonshire market town of Colington, on Dec. 28, 1830. Her husband was born in the same place, and they were married there in 1847. Her maiden name was Mary Ann Force.

Her two children were born in Colington. It was the surviving John Winter, who emigrated to this province and landed at St. John in 1871. He was so impressed by the country that his parents and his brother, Samuel, followed him to New Brunswick in 1872. After living for a while in St. John and Fredericton, they moved to Lewiston, Me., for nearly three years, being employed on metal construction in great cotton mills there. They returned to St. John for a while. John Winter, Jr., and Samuel Winter, came to Moncton, and were employed for a while in the tin-ship of the railway works, but John Winter, Sr., continued in St. John. In 1876, he and Mrs. Winter followed their two sons to Moncton.

**EVANGELISTIC MEETINGS**

The pastors and laymen connected with the revival campaign in the Queens Rink are well pleased thus far. The committee has done everything possible to make things pleasant for those who attend. In place of the usual benches they have gone to considerable expense to provide chairs for the entire building. Last evening a very enthusiastic gathering showed appreciation of the good things said by Dr. Burrows in his address on "Moral Lepers" by generously applauding again and again. The work of securing a large chorus is progressing very favorably.

UNCLE SAM'S MIGHTY 14 INCH GUNS

The first battleships in the world to be equipped with fourteen inch guns are the Texas and New York, sister ships, which were recently put into service. They were not sent to Mexican waters at the beginning of the blockade. Two of the giant guns of the New York are here shown, and also the deck of the Arkansas, showing sailors standing on one of her twelve inch guns.

ONE TIME WHEN RIDE IN HEARSE WAS WELCOME

Spokane, Wash., May 5.—Fifteen miles across country in a hearse was the unique trip taken by a party of Spokane women and children after their automobile had broken down near Cheney, Wash. While the stranded wayfarers looked sadly at their bumpy machine S. M. Smith, a Spokane undertaker, came along with his automobile hearse. This was one time the man of funerals was welcome. Mrs. William Pittman and daughter quickly climbed into the hearse, leaving Mr. Pittman and Mr. Chapman to tinker with the machine. Raising the curtains within the hearse the wayfarers proceeded to enjoy the trip to Spokane. The big black vehicle rolled through country and village, while spectators looked aghast at the smiling faces of the women and children that peeped out at them from the hearse. When the hearse reached the suburbs of Spokane bystanders looked horror stricken to see a party of four live persons emerge and get aboard a street car.

MORNING NEWS OVER THE WIRE

Joseph W. Lambert, aged twenty-five years was killed yesterday by being crushed when a boat which he was helping to launch at Yarmouth, N. S., toppled over on him. William Newton, youngest son of Mr. and Mrs. W. Allan Kierstead of Kiersteadville, Kings county, was drowned on Thursday by falling into a well near their home. After an investigation extending over three weeks the identity of the party who sent the "I'm McLean" letter to the Evening Mail, Halifax, may be learned. The legislature was informed yesterday that it was brought to the Mall office by J. McL. Fraser, assistant agent of the marine and fisheries department. A telegram had been sent to Ottawa giving the name but it was so mutilated afterwards as not to be recognizable. The men of "H" Co., R. C. R., Fredricton, will leave on Monday night for Aldershot Camp, N. S. The provincial government finished its sessions at Fredericton yesterday and will meet next week in St. John.

HELD BODY FOR BOARD.

Police Interested and Remains Were Then Given to an Undertaker.

Detroit, May 5.—Frederick Brooks, 48 years old, employed at the Ford motor plant as a body painter, and who formerly lived in Brantford, Ont., died of pneumonia here at the home of Mrs. Vina Northrup, where he had boarded for six years. Thomas and Dean Brooks, brothers, arrived to take charge of the body, but Mrs. Northrup refused to surrender it on the ground that it was a chattel and she proposed to hold it until certain money due her for board was paid. The brothers appealed to the police department and Detective Ellanstein was sent to the Northrup house and acted successfully as arbitrator, the corpse being turned over to H. S. Pierce, a Brantford undertaker. Brooks had a wife and four children in Toronto.

Two Doctors Recommended Surgical Operation as Only Hope—Wonderful Results From Dr. Chase's Nerve-Food

Headache is sometimes described as the cry of the brain for more blood. One thing certain, headache is the usual accompaniment of exhaustion of the nerves and disappears when the depleted nerve cells are restored by such treatment as Dr. Chase's Nerve Food. What this treatment actually does is to increase the red corpuscles in the blood, or, in other words, makes the blood rich in nourishing and building-up qualities. For this reason the cures effected are both thorough and lasting. The relief you get from headache powders and tablets is only temporary, and is obtained at enormous expense to the nervous system. Again and again the headaches return until your nervous system is worn

DINNER IN HONOR OF ANDREW MALCOLM

A complimentary dinner was tendered last evening to Andrew Malcolm by the teachers and officers of St. David's church in honor of his fifty years association with the work of the Sunday school and church. About seventy were present at the dinner which was held in Bond's restaurant. A pleasing programme was given with an interesting toast list including the toast to "Our Guest" to which Mr. Malcolm made a most happy and fitting response. The other toasts were: "Our Church," proposed by T. H. Somerville, responded to by Rev. J. A. MacKeigan; and "George R. Ewing; Our School," proposed by Dr. G. O. Hannah, responded to by Robert Reid and I. F. Archibald; N. B. and P. E. I. Sunday Association, proposed by A. D. Malcolm, responded to by Rev. J. H. A. Anderson; and Canada, proposed by A. R. Melrose, responded to by Rev. J. H. MacVicar, D. D. During the evening S. J. McGowan sang "Scotland Yet," and Miss Blenda Thomson "Canada My Home." Mrs. J. M. Barnes played Scotch selections on the pianoforte, and Miss Ada Williams gave a reading.

Trades and Labor Council

The Trades and Labor Council, at their meeting last night decided to send a petition to the government requesting them to take over the Canadian Northern Railway in its present condition and continue its construction as a public work of the Canadian people. Leon Worthall, organizer of the Barbers' Union gave an address on the advantage of the use of the union label and shop cards. In response to a communication from the I. C. R. passenger department concerning a request made by the council to have the C. P. R. stop at Rothesay each afternoon the secretary was asked to reply that all the workmen could knock off in time to take advantage of this train if it were stopped.

Mr. Pardee Terms Minister "Military Mad"—F. B. Carvell Comments on the Junketing War Expeditions—Amendment To Companies Act

Ottawa, May 7.—Col. the Hon. Sam Hughes wants about \$14,000,000 of the money of the peaceful loving people of Canada to help him realize the many happy thoughts and desires he has fostered of having drill halls scattered over the country somewhat after the manner of railway stations, and to have every man and boy in Canada able to handle a gun as familiarly as he would a lead pencil. When the colonel opened fire this afternoon he asked parliament to approve of an expenditure of \$13,561,375, which is equivalent as one member pointed out, to a taxation of 82¢ per head upon the Canadian populace. "Military" was the expression used by F. P. Pardee in referring to the "war minister" and his reckless scattering of the people's money. "If the large amount of money now being spent on gold lace and brass buttons were directed to fostering the arts of peace it would be far more satisfactory," said the speaker. F. B. Carvell scored Colonel Sam for throwing away good money on "war expeditions." He instanced his European trip of last year when the colonel and his friends spent \$24,282 on a trip supposed to be in the interests of military endeavor, but in reality said Mr. Carvell to "have one real good time."

Hon. Mr. Codere today introduced a bill for the amendment of the Companies' Act providing for the issue of share warrants, for the issue of debentures stock in amounts less than \$100 and for the release of debentures which may have been pledged as securities and then redeemed. Hon. Mr. Doherty introduced a bill to amend the criminal code to make it an indictable offence, subject to a penalty, to publish advertising containing false and injurious statements. At midnight a truce in hostilities was called and the house adjourned with no item of the ministers' estimates yet passed.

At His Home In South Bay**

**Passed Away at Early Hour This Morning After Long Illness — Interesting Career Cut Short at Age of 47 Years**

THE LATE JAMES LOWELL

James Lowell passed peacefully away at 2 o'clock this morning at his home in South Bay. He had been suffering from a serious illness for some months and the end was not unexpected. James Lowell was born at St. Martin's (N. B.), on Dec. 28, 1867, and was therefore in his forty-seventh year. He has passed away at an age when many men are entrusted by the people with positions of honor for the first time, but his record has been one of achievement for many years. First entering political life as a member of the municipal council he became a most valued member of that body and was advanced to the warden's

TIMOTHY LYNCH CO. VS.  
PREMIER FLEMMING**

(Special to The Telegraph.)  
Woodstock, N. B., May 7—Premier Fleming was served yesterday with a writ in the suit of Timothy Lynch & Co. Ltd.

**Statement of Claim.**  
The plaintiffs' claim is for money payable by the defendants to the plaintiff for money paid by the plaintiff for the defendants at their request, and also for money payable by the defendants to the plaintiff for money received by the defendants for the use of the plaintiff.

**Particulars.**  
1913, July, to cash \$1,830. And the sum of \$20 for costs, and also, in case the plaintiff obtains an order for substituted service, the further sum of \$2. If the amount claimed is paid to the plaintiff or its solicitor within six days from the service hereof, further proceedings will be stayed. In the Supreme Court, King's Bench Division.

Between Timothy Lynch Company Limited (plaintiffs), and James K. Fleming, William H. Berry and Edgar R. Teed (defendants).  
George the Fifth, by the Grace of God, of the United Kingdom of Great Britain and Ireland and of the British Dominions beyond the Seas, King, Defender of the Faith, etc.

To James K. Fleming, of the town of Woodstock, in the county of Carleton; William H. Berry, of the city of Fredericton, in the county of York; and Edgar R. Teed, of the said town of Woodstock.  
We command you, that within ten days after the service of this writ on you, inclusive of the day of such service, you do cause an appearance to be entered for you in an action at the suit of Timothy Lynch & Co. Limited, a corporation duly incorporated under the New Brunswick Joint Stock Companies Act; and take notice that in default of your so doing the plaintiff may proceed therein as judgment may be given in your absence.

Witnessed Honorable Ezekiel McLeod, chief justice, this ninth day of April in the year of our Lord one thousand nine hundred and fourteen.

(Signed) FRANK B. CARVELL,  
Plaintiffs' Solicitor.

N. B.—This writ is to be served within twelve calendar months from the date thereof, or, if renewed within six calendar months from the date of the last renewal, including the day of such date, and not afterwards.

age that he must accept the federal nomination for patriotic reasons. The campaign which Mr. Lowell carried on in the few weeks before the election of Sept. 2, 1911, aroused alike the admiration of his friends and of his political opponents. He earned the right to be a member of the county and almost unknown to the city electors except by reputation, but he proved a most formidable opponent to a member of parliament who had held his seat since the by-election of 1904. His straightforward, manly speeches and sturdy independence commended him everywhere to the large audiences he addressed, and it was generally conceded that he gained ground daily as the election approached. Mr. Lowell has not enjoyed the best of health since that time.

While in the municipal council Mr. Lowell was instrumental in securing the passage of many measures of great benefit to his own parish of Lancaster and to workingmen generally. He secured the arrangement by which county residents are allowed to work in the city without a tax and was also responsible for having the continual street car service run in Fairville. He was always in the front in any movement for the public welfare and those who opposed him bitterly in election day were treated as generously by him as his most valued supporter. While in the legislature from 1904 to 1911 Mr. Lowell was always ready to raise his voice against privilege, as opposed to the rights of the people, and he left his mark on many pieces of legislation. In a wider field he would, no doubt, have found greater opportunities for service and it almost seemed that he was but at the beginning of another important stage of an already bright career.

Mr. Lowell's manner was at once so candid, so democratic and so friendly that it disarmed suspicion with which the office seeker in these days of self-enrichment is often regarded and broke down the barriers of reserve which might be raised against him. He was a man of sterling ability in business life, of high

## FASTER SERVICE BETWEEN CHICAGO AND MONTREAL

Montreal, May 7.—Chicago, Toronto and Montreal will be brought closer together by the new traffic arrangements between the Canadian Pacific and Michigan railways. The arrangement with the Michigan Central will give a double service between the cities, with greatly reduced running time, whilst the new schedule will improve the day service between Montreal, Toronto and western points.

The new trains will go on from May 31 next, and will be known as "The American" from Montreal to Chicago and "The Canadian" from Chicago to Montreal, leaving Chicago at 9.30 a. m. daily, arriving Toronto 11.29 p. m. and reaching Montreal at 9 a. m.

The westbound train will leave Montreal daily at 8.45 a. m., arrive Toronto 5.40 p. m., leaving at 8.10 p. m., reach Detroit 11.25 p. m., and Chicago the next morning at 7.40.

"What means this fresh political economy?" asked Rastus, endeavoring to wade through a paper. "From de way de politicians down ough way is actin'!" answered Rufus. "I spects it means de mos' votes for de leas' money."

## THE PRACTICAL PHILOSOPHER

(American Machinist.)  
The three essential aims in machine-tool design are productivity, durability and adaptability.

It is much more difficult to ascertain principles than to discover facts, but the establishment of correct principles helps forward progress as nothing else can.

Rust on iron or steel may be easily removed if the metal is boiled in a hot caustic-soda or hot caustic-potash solution. This softens the rust that it can be easily removed by the acid pickle.

In pickling castings the best mixture has been found in one containing from 5 to 10 per cent of sulphuric acid; this mixture has much greater effect than one containing a larger percentage of the acid.

The history of civilization from our perhaps rather prosaic point of view can be characterized as a steady march along the road of increased productivity. Con-

structive management really means "making the most of twenty-four hours a day." It has long been recognized among good machine designers that there is a close relation between function and appearance. Most of them are aware that the nearer a tool or a machine is to be correctly proportioned for the work it is to perform, the more balanced are its proportions and therefore the more pleasing it is to the eye.

## Mattie McCue is One To Watch

(FROM T. S. ANDREWS)

Milwaukee, May 6.—Mattie McCue, a Rachine 130 pounder, has joined the select class in the lightweight division. Mattie has developed from a featherweight into nearly a full-fledged lightweight within the last year and his work entitles him to a place among the really classy boys.

He went into the battle with little ex-

perience as compared with Mandot, but he emerged with flying colors, despite the fact that Mandot had the shade on points at the close of the ten rounds. McCue can easily do 130 pounds, but he is just nineteen years of age and naturally taking on weight, so that by next fall he should be a full-fledged 138 pounder. He has a peculiar style, covers up well and has in either hand a kick that, should he land properly, will put an opponent down for the 10-second count. Tom Jones, his manager, thinks he has the making of another Wolgast, but he will have to improve a lot to occupy the shoes worn by Sir Adolph. McCue is very anxious to get on with Johnny Kilbane, the featherweight champion, who is almost ready to enter the lightweight class, and also with Charley White, the Chicago near-champion. It is certain he will make matters interesting for any of the boys he meets at his weight.

## THE SINGLE TAX

Hants Journal.—The St. John Globe says that the triumph of Mr. Potts in the election for commissioners of the New Brunswick city, was due to his advocacy of tax reform. He was the one candidate who stood on a platform and his election will naturally compel some action by the city fathers along the line of placing more of the burden of taxation on land. There are other places, Windsor among the number, where the principle of taxing the land to aid to civic revenue might with benefit be adopted.

At present the system of taxation gives land the go-by. We venture the assertion that if all the unoccupied land, or land unimproved by the erection of dwellings and other buildings were taxed at the same valuation as other real estate, etc., the Windsor tax need not have been raised from \$1.50 to \$1.75. The time will come when the single tax will be adopted—may the day soon come.

## TOWN PLANNING.

Plans that will cover the growth of the city of Calgary for the next century, drawn by Thomas H. Mawson, the city planner, were placed before the Calgary City Planning Commission last week. The report is prefaced by the following statements:

"City planning is not the attempt to pull down your city and rebuild it at ruinous expense. It is merely deciding what you would like to have done when you get the chance, so that when the chance does come, little by little you may make the city plan conform to your ideals."

BASEBALL

East End League. At a meeting of the executive of the East End League last evening, the following officers were elected: President, George E. Lobb; vice-president, Geo. Stafford; secretary-treasurer, Wm. O. Monahan. It was decided to open the league on the evening of May 18 and the Reach baseball will be the official ball of the league. A schedule meeting will be held next Monday.

The Youngsters at it. The Young Mohawks won from the St. John Roses on the Barrack Green last evening, 2 to 1. Batteries—Warming and Jones; Metcalf and Osborne. The Young Broad Street Stars treated the Young Roses to a liberal coating of whitewash on the Barrack Green last evening, winning by a score of 8 to 0. The batteries were: Bickertoff and Evans (sounds like a big league battery); Moran and Thompson.

For Fairville League. A pie social and dance in the Orange Hall last evening under the auspices of the Fairville Baseball League proved a success and though actual returns are not yet available, it is understood a fair sum will be available for baseball purposes. The energetic committee, Charles Humphries, Allan Miller and Fred Evans (sounds like a big league battery); Moran and Thompson.

Row at Opening Game. Erie, Pa., May 2.—The opening game of the Canadian League season, won by Peterboro, 3 to 1, wound up in a riot here today when 1,000 fans attempted to assault Umpire Miller. A policeman with drawn revolver held back the crowd until reinforcements arrived. Strikes Out 27; Hit Twice. Westmore, May 6.—Sixteen innings were required before the leadership of the Middlesex league was settled in a game with the local high school team and Marlboro High fighting it out. Westmore finally came through with the only run scored.

The pitching of Whitney of the winning team was the prime factor in Westmore's victory. In the entire sixteen innings but two hits were made off his delivery, while his list of strike-outs numbered twenty-seven. His opponent on the mound, Cleary, also pitched high-class ball, allowing but seven hits and fanning seventeen men.

Yesterday's Big League Games. National League. At Pittsburgh—Pittsburg 7, Chicago 1. Batteries—Cooper and Gibson; Humphries, Zabel and Archer. At Philadelphia—Brooklyn 6, Philadelphia 3. Batteries—Mitchison, Pfeiffer and Miller, Fisher; Mayer and Killifer. At New York—New York 7, Boston 6. Batteries—Marquard, Fromme, Matheisson and Meyers, McLean; Crutcher, Randolph and Gowdy. At St. Louis—St. Louis 9, Cincinnati 1. Batteries—Perritt and Snyder; Yingling, Adams and Gonales.

Ring Calls Johnson Champion. Paris, May 7.—The French boxing federation, the principal authority in ring contest in France, which for a time refused to recognize Jack Johnson as the heavyweight champion boxer of the world, has accepted his claim to the title.

Tennis. Howard Defeats Dartmouth. Hanover, N. H., May 6.—Before the remarkable aggregation of stars on the Harvard tennis team the Dartmouth players went down to defeat in the opening match of the year played on the gymnasium courts today. Washburn exhibited the best form of the Crimson players and 6-4, 6-0 tells the story of his win over Livermore.

YACHTING. Not to Be Launched Same Day. Despite the rumors to the effect that the Yantic, building at Lawley's, and the Delancey, built at Bath, Me., may be launched on the same day, assurance has been given that no such contingency is probable.

WRESTLING. Ludecke Wants Another Match. Harry Ludecke, who was defeated by Dan McDonald on the local mat a short time ago, is anxious to get a return match with the champion in the near future. McDonald, however, while he appears willing to meet Ludecke at a future date, says that he cannot consider another match with him at the present time. McDonald speaks well of Ludecke's strength and skill and says that a match with him would necessitate considerable training. It is hoped that these two stars will get together again shortly.

WEST ST. JOHN LEAGUE. Plans are being discussed for the formation of a West St. John Baseball League. Two teams are already in line and two others are in the process of formation. The grounds chosen are on the old tannery property in Winslow street and the promoters of the league, which secure the assistance of the city commissioners in having some improvements made to the grounds.

A practice game was played last evening between two of the teams, the Tannery Stars and the Courtneys, resulting in a victory for the former team by a score of 10 to 8 at the end of the fifth when the game was called on account of darkness. The batteries were Keller and Fitzgerald for the winners and Baker and Murphy for the losers.

Local Sport Briefs

The local amateur baseball situation is now beginning to take some definite shape. The Society League, which made the first start this season in now getting grounds into shape and will start their schedule soon. The East End League last night got down to business and plan on opening the Twilight League on May 18. The St. John Athletic Club have called a meeting and have invited all interested in baseball to attend. It looks like a good season for the game in St. John. If you hear a nerve-wracking noise in the city this afternoon, do not blame it on Courtenay Bay. There is a baseball game in progress on the Marathon grounds.

HOCKEY CLUB HAVE R. H. TAIT AS GUEST

Robert H. Tait, a member of the last winter's St. John Hockey team, was the guest of the St. John Hockey Club at a banquet in Bond's last evening. Mr. Tait left today for Sackville, where he will spend a week before leaving for Windsor to receive his degree. From there he will go to his home in St. John's, Nfld where he intends practicing law. About thirty were present last night to say good-bye to their guest and after an excellent repast was enjoyed the gathering listened to a short and interesting musical programme. Brad Gilbert was in the chair and proposed the toast to their guest. Mr. Tait, in reply, thanked the boys for their kind expression of sentiment. He had made a great many friends in the city, whom he would like to leave, but would always remember with pleasure the many pleasant hours spent here. The gathering dispersed about midnight with the singing of the National Anthem.

GET 1,535 NEW ONES IN A DAY

Man Who Managed Board of Trade Campaign Here Makes a New Record

Spokane, Wash., May 8.—Spokane business men established what is declared to be a world's record in commercial organization work when in two hours one day last week they secured for the reorganized chamber of commerce 1,585 memberships at \$25 a year each.

In four days comprising a total of eight working hours, these 210 business men enrolled 8,121 members for a period of three years, representing \$75,026 a year for three years, or a total of \$224,075 for community building purposes.

In two hours one day this force expects to complete the task of enrolling 4,000 members, providing a fund of \$100,000 a year for three years. The business men who worked in forty-three teams of from three to six men each, are determined to pass the 4,000 mark in an effort to make the Spokane Chamber of Commerce the largest in the world.

H. V. Chase, campaign manager for the Town Development Company of New York city, who, with President Will L. Finch, of the same company, has been on the ground advising during the campaign, is authority for the statement that the local business men hung up a world's record when they enlisted 1,585 memberships in one day's work.

Mr. Chase, whose work in Spokane has been so successful, will be remembered in connection with his work in St. John at the time of the reorganization of the Board of Trade in 1912.

MONCTON AND BUCTOUCHE RAILWAY CHANGE AND EXTENSION RUMORED

(Special to Times) Moncton, N. B., May 8.—There are rumors of the change in ownership and extension of the Moncton and Buctouche railway. The Moncton and Northumberland Strait Railway Company was incorporated to take over the Moncton and Buctouche line, but so far the change has not been made. It is proposed to extend the road beyond Buctouche to Richibucto and thence to Chatham.

E. G. Evans, general manager of the Moncton and Buctouche Railway, said today that the extension had been projected for this summer, but the work at Scotch Settlement and prevailing money tightness had caused the matter to be held in abeyance. "Something may yet be done this summer," he said, "but I would rather not make any definite statement until our plans have thoroughly matured."

NEW SERVICE BETWEEN MONTREAL AND GERMANY

Montreal, May 8.—The inauguration of a new cabin passenger service between Montreal and German ports next year is under consideration. Captain W. Bartling, marine superintendent of the North German Lloyd Steamship Line, is in Ottawa to discuss the project with the minister of marine. The new service is expected to be an improvement and extension of the Canada Line.

The Globe Is Answered

E. S. Carter Replies To Insinuations About "Negotiations" to "Hush Up" the Dugal Charges and Makes Pointed Suggestions

To the Editor of the Times-Star. Sir,—I am enclosing herewith copy of a letter I have sent the editor of the Globe for publication. Will you kindly give it a place in your columns also, as the accusation of "hushing up the Dugal charges" preferred by the Globe should have the widest denial.

Yours truly, E. S. CARTER. Editor of the Globe: In your continued and mysterious references to "negotiations" in connection with the Dugal charges, you say in an editorial in last evening's issue: "Why did public men of both political parties talk and bargain over this matter? Who were concerned in the negotiations? What was proposed? Was the deal to fail? It is as important that the facts of these negotiations be told as it is that the Dugal charges be investigated, for involved in them is the good faith, the honesty of purpose of leading public men. Did any of the men who made the charges or were concerned in having them made, afterward participate, directly or indirectly, in the negotiations to hush them up? The story of these negotiations must be told."

It is easy, Mr. Editor, to ask questions. For example: Did public men of both political parties talk and bargain over this matter? Were there any negotiations? Were there any propositions? You seem to assume the affirmative answer to all of the questions, and in the manner of your last question there is an insinuation which I think is unworthy of the Globe.

Mr. Dugal made the charges in consequence of information obtained by me, and laid before him. Mr. Carvell assisted in framing the charges at our request, and I presume you refer to Mr. Carvell, Mr. Dugal and me when you ask: "Did any of the men who made the charges, or were concerned in having them made, afterwards participate directly or indirectly in the negotiations to hush them up?"

The question is an insult, Mr. Editor. Who, with the slightest sense of right, would dream of accusing a political leader of such grave offences and immediately open "negotiations" to "hush them up." Such a course would be nothing less than blackmail.

But in order to check, if possible, the misleading and false impression you have been spreading, apparently with some design, night after night in the columns of the Globe, accusing some unknown people of mysterious and dreadful doings in connection with the Dugal charges, let me say that neither Mr. Dugal, Mr. Carvell nor myself ever made or received any overtures from the Fleming government or any member of it, directly or indirectly, with a view to "dropping" or "curtailing" or "hushing up" the Dugal charges.

Is this sufficient, Mr. Editor, to allay your anxiety? Or, if you must still interrogate, why not ask some of your Conservative friends some questions? For example, why has George B. Jones, M. P. P., made himself so busy among the lumbermen since the charges were laid, trying to "hush the matter up?"

Why, when very prominent Conservative lawyers were consulted by the lumbermen, or their friends on their behalf, when they were blackmailed, did they not advise them to threaten the blackmailers with exposure? Then, if you are really anxious, as you appear to be, in the lumbermen before the commission sits, why not send a representative to those gentlemen, and get some real facts, which I assure you would make far more interesting reading than the

romancing you have been indulging in. F. B. Carvell, M. P., has been in the city several times since the Dugal charges were made and you could have interviewed him on any of these occasions, and have had his denial of any effort on his part to "hush this matter up." But, instead of getting information from him, you have evidently preferred to insinuate that he was a party to some underhand work. Is such a course fair to Mr. Carvell or worthy of the Globe, Mr. Editor? I am, Yours very truly, E. S. CARTER. Rothesay, N. B., May 8, 1914.

LANCASTER GLAD TO CO-OPERATE

Board of Trade Will Join Hands With St. John

DELEGATE TO OTTAWA

Tributes to James Lowell at Meeting Last Evening—Other Matters of Interest Taken up—An Enjoyable Entertainment

The monthly meeting of the Lancaster Board of Trade was held last evening, President Linton in the chair. A communication from R. E. Armstrong, secretary of the St. John Board of Trade, elicited much favorable comment. The letter asked for the co-operation of the local board in matters of material interest, and that they be more sympathetic between the two as their aims were similar and affected if not in all cases directly nearly always indirectly both St. John and Fairville. He extended a hearty welcome to the members when in the city to call at the board rooms.

W. A. Nelson and St. John were appointed to reply to the communication expressing their board's appreciation and support. Fairville Delegation to Ottawa. A general discussion then ensued regarding the Guelph agreement, against the removal of white St. John is sending a delegation to Ottawa. G. Earl Logan, Councilor O'Brien, W. A. Nelson and St. John were appointed to reply to the communication expressing their board's appreciation and support.

Feeling references were then made to his sterling worth as a man, most of those present testifying to his services in this parish as beyond value. Perhaps of all remarks, those of A. W. Anderson, who spoke of Mr. Lowell as a neighbor, voiced the sentiments of those who knew him best.

W. J. Linton alluded feelingly to his work in the public interests, and spoke of several committees on which they had served together. "First of all a man and a gentleman at that," was the way he summed up Mr. Lowell's attitude on all occasions.

On resuming regular business, several matters were taken over, including better streets and a cleaner town, and bringing to the attention of the board of fire underwriters that the Lancaster rates should be lowered in deference to our well equipped fire department and high water pressure. A suggestion that a span of horses be recommended for use by the authorities for street work and other civic duties was also considered, but no definite action taken.

No Surrender Lodge held a concert in their hall on last evening, last evening. It was well attended. Harvey Arbo occupied the chair and the following programme was heartily enjoyed: Reading, Mr. Fisher; speech, Messrs. Stymest and Arbo; solo, Mr. Marley; vocal duet, Messrs. Marley and Mawhinney; dialogue, "The Jury Trial," members of the lodge; solo, Robert Mawhinney; reading, Mr. Williams; National Anthem. The proceeds will go toward a fund being raised to send a delegation to Moncton soon along with representatives from the lodges in St. John.

FACTORY INSPECTOR IS THE TORRYBURN HEIGHTS PIONEER

To John Kenney, provincial factory inspector, goes the honor of being the first purchaser of a building site in Torryburn Heights, the new suburban sub-division at Torryburn which has just been platted on the market by C. B. O'Arcy. Mr. Kenney has bought two large lots and is planning to construct immediately the construction of a substantial residence for use throughout the year.

Lumber Cut There Greater. Spokane, Wash., May 8.—Lumber shipments of Spokane county mills registered to the Western Pine Manufacturers' association for the first three months of 1914 aggregated 214,850,215 feet, against 188,444,386 feet for the corresponding quarter last year, representing an increase of 16,295,829 feet.

Lumber cut during the first quarter of 1914 totaled 128,060,280 feet, compared with 102,428,501 feet during the same period last year, an increase of 22,886,780 feet.

C. A. RUTHERFORD DIES IN THE WEST

Formerly With Dearborn & Co. Here and Prominent in Masonic Fraternity

The death of Clement A. Rutherford, formerly of St. John and lately of Vancouver, occurred unexpectedly this morning. The sad news was received this morning by Mrs. C. H. Jackson, sister of Mrs. Rutherford. Mrs. Jackson had received word on Monday that Mr. Rutherford was ill, but as no further message had been received it was hoped that he was recovering and the news of his death came as a great shock.

Mr. Rutherford, who was fifty-two years of age, was a native of St. John and had resided here until May, 1912, when he left for the west to accept a position with Leeson, Dickie & Gross Company, Limited. He had been head bookkeeper for Dearborn and Company here for many years and had a large number of friends in business as well as in social circles. He was prominent also among the Masonic fraternity, being a member and once master of St. John's Lodge, F. & A. M. Since going to Vancouver he was active in the order there and the telegram announcing his death said that the Masons were looking after the funeral arrangements there.

Mrs. Rutherford will leave Vancouver on Sunday night and will bring the body to St. John for interment, arriving here on next Saturday. The local funeral arrangements will be announced in the meantime. Besides his wife, Mr. Rutherford is survived by five sisters, Mrs. T. S. Simms, Mrs. G. M. Barker, Mrs. Joseph Finley, Mrs. J. McCarthy of this city and Mrs. S. Tufts of Toledo, Ohio; and one brother, Samuel Rutherford of New York.

JAMES MORGAN'S WILL

Estate Chiefly to Son and Daughter—Laborer's Will Foreshadows Action For Damages

In the probate court today the will of James Morgan, dry goods merchant, was proved. He gives to his son, Thomas Morgan, \$100; to Joseph Harrington, \$100; to the rector of St. Peter's Church, St. John, \$100; to Miss Jeanette Carroll, \$100; the rest of his estate to his son Cuthbert J. Morgan and his daughter, Mary Ann, wife of Frank O'Regan, and he nominates his brother Thomas and his son Cuthbert as executors. They were accordingly sworn in as such. Real Estate consisting of a half interest in a lot of land in Main street, nearly opposite Long Wharf, such half interest being assessed at \$1,400; personal estate \$7,000, including \$1,000 insurance in the C. M. B. A. C. of the estate of H. Ferguson is proctor. The will of William Miller, laborer, also was proved. He gives all his estate to his son, W. M. Miller, and nominates her as executrix; she was sworn in. The value of the estate is nominal only, probate being obtained for the purpose of enforcing a claim against the Portland Rolling Mills Limited, he having come to his death, it is contended, through injury received while in the employ of Amon A. Wilson, K. C., is proctor.

In the matter of the estate of Mrs. Mary Ann Baganan, widow, formerly of Westfield, Kings county, more latterly of Shell Lake, County of Washburn, State of Wisconsin. Cyrus Incher, the administrator of the estate, filed his accounts and asked that they be passed and allowed. A citation was issued returnable on June 15 at 11 a. m. J. Roy Campbell, K. C., is proctor.

In the matter of the estate of Miss Mary Ann Gallagher, a citation returnable on June 15 at 11 a. m. Daniel Mullin, K. C., is proctor.

A NOCTURNE

The Blasting at Courtenay Bay Inspires J. L. C.

Wearied and worn when evening came I sought my couch to rest. Hoping that with some happy dream my slumber might be blest; I dreamed a fleet of battleships from somewhere in the south Sailed up the Bay of Fundy to our noble harbor's mouth.

And started up a cannonade on our defenceless town. And killed a thousand men or so and knocked our buildings down. Trembling I awoke with a start. Why should I dream of battle? A heavy crash then shook the house and made the windows rattle.

"'Tis but a heavy blast," I said, recovering from my fright. And sought again for slumber through the horror of the night. I saw a suffragette parade upon a St. John street.

In perfect step they marched along, thus order was complete. I joined their ranks and marched with them, my banner waving high. Then "Down with all the suffragettes!" I heard some rowdies cry.

And flying missiles filled the air and cannon roared, and then An awful earthquake rent the ground and waked me up again. By day we find our ceilings cracked and plaster on the floor.

Our once substantial dwellings don't seem solid any more. But, oh, the blasts that crash by day we count as pure delirium. Compared to those nerve-racking sounds that rouse us in the night. Now as a kicker, may I be allowed to just inquire.

Are these the great improvements that our people so desire.—Docks and breakwaters shall bring our harbor wider renown. And just one immense dwelling-house for the entire town.

And that huge enlargement of a brick house we all know Where nervous wrecks, insanias, and crazy people go? J. L. C.

TOTTEN-STOCKFORD. On May 6 in the presence of Coburg street Christian church, Rev. F. Ross united in marriage Miss Roberta N. Stockford, daughter of Mr. and Mrs. Simon Stockford and Harry Totten, both of this city. The ceremony was performed in the presence of only immediate relatives and friends. Mr. and Mrs. Totten will reside in the city.
