New York City Is Swept By Another Wave of Crime REAP THE SEEDS IN SIGHT AGAIN

BANDIT IS KILLED BY POLICEMAN

He and Companion Were Taking Part in a Hold-up.

GIRL IS ROBBER

Another Bobbed Hair Bandit Takes Part in Series of Crimes.

(Canadian Press.) New York, May 22.—More crime was experienced here in the last twenty-four hours than in any other similar period in several months, according to the police record.

The first occurrence was a hold-up yesterday morning, in which one of two bandits was shot and killed by a policeman. The last was early today, when four ticket offices of the elevated and subway transportation lines and an East Side store were robbed almost simultaneously. Five armed men took part in one of these hold-ups.

The other robberies occurred during the daylight hours yesterday. Axel Johnson and Albert Lake, two payroll guards, were shot down and \$2,700 was taken from them in Brooklyn.

Bobbed Hair Thief.

A half-hour later a young bobbed hair woman entered the store of a dealer in picture frames, argued with him over some work, and suddenly took two guns from her handbag to clinch her argument. She robbed him of \$80, but returned \$5 when he told her it was all the money he had and that he had a family in Russia.

Yeggen entered a retail paint store on the Bowery, opposite one of the elevator stations which had been robbed early this morning and broke open two safes, escaping with \$600.

It is declared in police circles that the city is in the midst of a "crime wave." The last outbreak of crime culminated in the arrest and conviction of the "bobbed haired bandit."

"PETTING PARTY" COST \$362,000

Aged Bostonian Testifies he Paid That Sum to Daniel H. Coakley.

(Canadian Press.) Cambridge, Mass., May 22.—Edmund D. Barbour, 88 years old, suffering from heart disease, infirm, and able to see but a few feet in front of him testified to the witness stand of the Middlesex Superior Court yesterday and testified that he had paid over to Daniel H. Coakley, disbarred Boston lawyer, \$362,000 in cash, bonds and stocks for a "petting" party he had in his office with one "Mrs. Daley."

Barbour is a Boston china merchant. Coakley and William J. Corcoran, former district attorney of the county, went on trial yesterday on indictments for conspiracy to extort money from Barbour and others by means of threats between 1914 and the present time.

The incident, according to the witness, occurred in 1918. Barbour said that he had known the "Mrs. Daley" for ten years previous to that. One day in July, 1918, he testified, she came to his office for money. "While she was there," he said, "I embraced her and we had a petting party—just a petting party, your honor, and nothing else."

By the time that he got through paying "resentful but unidentified detectives, lawyers and the injured woman," Barbour testified that he had expended \$362,000. This amount, he said, he delivered to Coakley in cash, stocks and bonds.

Turn Down Ford's Bid For Muscle Shoals

Washington, May 22.—Henry Ford's bid for Muscle Shoals went down in defeat yesterday in the first test of strength before the Senate Agriculture Committee. Its supporters, however, will make another attempt at an executive session Tuesday to have it reported by the committee.

King's Third Son To Be Made a Duke

(UNITED PRESS.) London, May 22.—Prince Henry, King George's third son, is expected to be made a Duke on June 3, the King's birthday. It is believed that he will take the title of Duke of Edinburgh. It is said that during the visit of the King and Queen of Rumania, the later, as a daughter of the late Duke of Edinburgh was found to have no objection to the revival of the title.

This may be the only peerage given on the King's birthday as the Labor Government is understood not to want to grant any more peerages during tenure of office.

PRINCE OF WALES LOOKS THIS WAY

Would Visit Ranch in West Next Fall If Engagements Permit.

By HARRY N. MOORE (British United Press.) London, May 22.—In spite of all contradictions and denials it is generally known in Court and official circles that the Prince of Wales is most anxious to visit his ranch in Alberta this fall. The only difficulty that lies in the way is the fulfillment of the multitude of engagements which have been made for him, and this may prove the stumbling block to prevent the visit.

TURMOIL EXPECTED IN THE REICHSTAG

Communists Will Stage Demonstration—The Other Parties Disagree.

Berlin, May 22.—(United Press.)—Communists are mustering in behalf of their imprisoned comrades for demonstrations in and around the Reichstag at the opening session. While a clamor is raised in the corridors and outside the parliament buildings Communist members plan to demand amnesty for all political prisoners.

Berlin, May 22.—(Canadian Press.)—The negotiations between the Middle parties and the German Nationalists on the subject of the formation of a government have failed, owing to the Nationalists' insistence upon their right to appoint Admiral Von Tirpitz as the new Chancellor.

The other parties refuse to discuss a personal question of this nature until the policy of the future government is settled, whereupon the negotiations broke down.

JAPANESE WELCOME THE FLYERS

Flags of Two Nations Float From Housotops at Minato.

IMMENSE CROWD Reception Committee From War Office Meets Party at One Point.

(United Press.) Tokyo, May 22.—America's round the world flyers arrived at Kasumigaura Naval Base, outside Tokyo, late today.

Lieutenants Smith, Nelson and Wade first of the international flyers to reach the Japanese capital, winged down from the north to a tremendous reception. Representatives of the Japanese Government and the War and Navy Departments went to Kasumigaura to greet them. The flyers had flown from Hitokappu Bay at dawn, stopped at Minato for fuel and then continued southward to Tokyo.

The American and Japanese flags flew side by side from every housetop in Minato in a blaze of welcome. Hopping down from Hitokappu Bay at dawn, the three globe girdling planes, piloted by Lieutenants Smith, Wade and Nelson, arrived at Minato at 10:46 a.m., according to official Japanese advices. Pausing only a couple of hours to fill the gasoline tanks, the American airmen took the air again, headed southward once more, and arrived at Kasumigaura naval base this afternoon. Stirring Sight.

A stirring sight greeted the airmen when they landed on the Bay at Minato, thus reaching Japan proper for the first time. From every housetop American and Japanese flags were flown together and all the ships in the harbor were decorated gaily. An enormous crowd had assembled on the waterfront.

The reception that was accorded the Americans at Minato, however, was only a detail in comparison with that which awaited them at Kasumigaura. At the latter place General Yasuoka headed a reception committee from the war office.

The weather which had so hampered the flyers earlier in the week had cleared today. Fog that had hung on the round-the-world course had been driven away, and high winds which threatened to make flying dangerous had died down.

THE MINERS REFUSE TO PAY THIS BILL

Insist Strike Expenses Shall Not Be Deducted From Their Pay.

Gloucester, N. S., May 22.—Minc workers opposed to the levy on the district, ordered by the international executive for the payment of expenses incurred during the recent suspension of work, are about to make good their threat to take legal action restraining the coal operators from deducting the amount of the levy, fifty cents a week, from the miners' pay. It is understood that several actions have already been started, and that some \$15,000 is tied up at the company's pay office here.

Officials of both U. M. W. and the company are, however, reticent regarding the affair, and details are difficult to obtain just now. Officers of the provisional executive make no secret of their opinion that if resistance to the levy becomes general it will probably mean an end of the U. M. W. in Nova Scotia.

12-Year Suit Over Millions Is Settled

Washington, May 22.—The contest over the \$4,000,000 estate left by William Hutchins, newspaper publisher, which has been in court ever since his will was offered for probate on April 24, 1912, has been settled out of court to the satisfaction of the widow, Mrs. Rosa Keeling Hutchins, and two sons, Walter S. Hutchins and Leo Hutchins, and the granddaughter, Mrs. Mildred Rogers Hutchins, wife of Raymond A. Fahn of Boston.

By the terms of a compromise agreement between counsel, both of the four heirs, will receive \$1,000,000, in excess of the value of \$1,000,000, the estate being increased in value since the contest began.

HE SAYS NICHOLAS CAN SAVE RUSSIA

Would Be Backed by Three Million Refugees, Declares Former Noble.

(Canadian Press.) London, May 22.—The Labor Government is facing another ordeal in the House of Commons today, and, notwithstanding the failure of their recent predictions on similar occasions to eventuate, the political writers again are prophesying the defeat of the ministry. The question at issue is the Government's policy toward the unemployment. The Conservatives and many of the Liberals complain that the Government has done nothing to justify the claim of its spokesmen that labor alone has the remedy for unemployment, and some of the extremists among the Laborites themselves agree—all saying that the Government has merely continued the policy of its predecessors.

Facing a Test Vote. The Conservatives accordingly are moving today to reduce the salary of the Labor minister, Tom Shaw, by £100 so as to enable the House to express its opinion. Hope of voting down the Government is based partly on the fact that a large number of Liberals are attending a party meeting at Brighton, thus preventing them from coming to the House to support the Government's policy.

In any case the Government's position is not likely to be affected, and the worst happening, if it is defeated, will probably be that Shaw will lose £100 a year.

ERIC SNOW WILL NOT BE IN RING

Decides as Protest Against Outcome of Armory Bout.

Eric Snow, Trojans A. C. young athlete, who made such a fine showing at the New Brunswick amateur tournament recently against Louis Donovan, Maritime champion, will not compete in the final Maritime Olympic boxing trials here on June 4 and 5, according to advice received here today from Fredericton, where Snow now is located in a position with the Burt Lumber Company.

Snow's decision to stay out will cause regret to the many friends he made at the provincial championships. He is taking this step, it is reported, owing to the recently announced decision of the boxing committee of the Y. M. C. I. to award the featherweight championship title cup to Donovan, following the unsatisfactory ending of the bout, in which Donovan claimed a foul.

Snow takes the view that this decision reflects on his character as a boxer. He maintains in a letter to W. R. Golding today that he did not foul Donovan in the bout and that if the public think he is a boxer of that kind, the sooner he quits the game the better for himself and others.

Snow will be missed in local athletic circles as he was quite popular here. He was a football player of note, starting in rugby and soccer. He was manager of the Trojans intermediate basketball team, finalists this year for the provincial title.

Ottawa, May 22.—In the Commons today the superannuation bill will come up for second reading and labor estimates are also on the tapis.

ONLY ONE PAPER ON THE HOLIDAY

The Times-Star will not be published on Saturday—Victoria Day. But The Telegraph-Journal will be issued on Saturday morning as usual.

As the holiday falls on Saturday it has been decided to publish The Telegraph-Journal that morning, as otherwise there would be no local paper issued between Friday afternoon and Monday morning. The interests of the general reading public and the advertisers will thus be served.

LABOR HAS A NEW CRISIS IN ENGLAND

Conservatives are Forcing a Test Vote on the Unemployment Issue.

LIKELY FUTILE Absence of Liberals Affords Opportunity for Snap Verdict.

(Canadian Press.) London, May 22.—The Labor Government is facing another ordeal in the House of Commons today, and, notwithstanding the failure of their recent predictions on similar occasions to eventuate, the political writers again are prophesying the defeat of the ministry. CANOE OVERTURNS; ONE MAN DROWNED

Fatal Result of a Practise Spin by Toronto Club Canoists.

Toronto, May 22.—Overtaken in the heavy sea outside the sea wall opposite the Toronto Club quarters, foot of Dowling Avenue, last evening, a war canoe spilled its fifteen occupants into the water, with the result that John Johnson, aged 24, was drowned. The other men managed to scramble to the sea wall, and were taken from there by boats manned by members of the club. Both the police and the life saving station were notified of the tragedy, but despite the fact that the crew dragged until late at night, the body of the unfortunate young man was not recovered.

RESIDENCE BURNS

Home of William Sinclair, Hebron, Albert County, is Destroyed.

(Special to The Times Star.) Hopewell, N. B., May 22.—The residence of William Sinclair at Hebron, Albert county, was totally destroyed by fire about noon on Tuesday. The building, it is supposed, caught fire from the roof from sparks from the furnace which burst out earlier in the morning. The family had just sat down to dinner when smoke was noticed outside. The roof and upper part of the house were found in a blaze which all efforts failed to extinguish. The furniture from the lower flat was rescued, but it was impossible to save that in the upper story. There was no insurance and the loss to Mr. Sinclair is a quite heavy one.

May Seek Larger Market in Canada

Kingston, Ja., May 22.—The legislative council passed a resolution yesterday urging continuance by the British Government of preference on colonial products, especially sugar. If the preference is not continued, it was contended, the West Indian industry would be unable to compete with continental products.

82 Years Old, Bride of Few Months Sues For Non-Support in Halifax

Halifax, May 22.—Mrs. Mary Ann Power, aged 82 years, a bride of only a few months, appeared in the police court as the prosecutor against her husband, Nicholas Power, 69 years, who she charged with non-support. Mrs. Power was married in August last and claimed that no sooner was the marriage ceremony concluded than her husband "went on a drunk and beat her up." As yet she had been unable to determine whether it was a liquor license or a wedding license that her husband obtained.

She and her husband parted less than a week after they were married. The warrant against the husband charged him with neglecting to provide for his wife and family and the fireworks started when he denied most vehemently having any family.

It was then explained that the family referred to were Mrs. Power's children by her first husband and from the evidence it appeared as if Mr. Power objected to feeding one of Mrs. Power's sons.

The evidence was a mass of contradictions and Mr. Cluney adjourned the case to give the newly married couple a chance to straighten out their differences.

MACDONALD WILL TALK TO HERRIOT NOW

Invitation to Prime Minister's Home is Expected Shortly.

BRITISH CASE Will Ask for Withdrawal of Troops from Rhineland if Herriot is Premier.

BY HARRY N. MOORE. (British United Press.) London, May 22.—The acceptance of the French premier-ship by M. Herriot finds much favor in Downing street. Although no official announcement has yet been received, it is accepted as a fact, and as soon as the British Foreign Office has been informed by the French Government of the acceptance, an invitation will be immediately extended to M. Herriot to spend a week-end at Chequers, the official home of British Prime Ministers.

Cards on Table. At that meeting Premier Ramsay MacDonald will lay his cards on the table and set forth clearly the British policy, which includes the immediate economic and military evacuation of the occupied Ruhr district, the removal of customs barriers in the Rhineland, and the cessation of all Allied interference in German industry.

Britain will also demand that Germany, simultaneously with the withdrawal of troops from the Rhineland, produce a plan for putting the Dawes scheme into immediate operation. It is generally believed that M. Herriot is more likely to agree to the British view regarding German guarantees than to insist on the carrying out to the letter of the pre-arranged plan on sanctions which Premier Poincare demanded.

Herriot sure. It is now definitely established that Edouard Herriot is to be the next Premier of France, provided he can form a cabinet.

The leader of the Radical Socialists said today he would offer ministerial portfolios to certain Socialists, largely on whether or not the Socialist Congress voted in favor of participation in a coalition government.

Herriot planned to confer with Aristide Briand, former Premier, today, and to arrange to carry on with formation of a cabinet single-handed if the Socialists refused participation.

SPAIN'S OFFER IS NOT PRACTICABLE

World is Not Ready Yet For an International University, Says Committee.

Brussels, May 22.—The sub-committee of the Inter-university relations of the Intellectual Commission of the League of Nations, under the chairmanship of Professor Gilbert Murray of Great Britain, has rejected the proposal of the Spanish Government to establish an International University in Spain, with special provisions for the Jewish students of Eastern Europe who are affected by the percentage limitation of their numbers in local universities. The feeling was expressed that it would be impossible at present to establish an official International University, although the proposal should be taken immediately to encourage co-operation between the universities of the different countries by a frequent exchange of professors and students.

Twelve Years For Shooting Editor

Madrid, May 22.—Alfonso Vidal Planas, a member of the editorial staff of Vox, yesterday was sentenced to twelve years penal servitude and to pay 100,000 pesetas damages to the members of the family of Luis Anton Olmet, editor of El Peraldo, who was shot and killed by Senor Planas. The shooting took place at a rehearsal of a play written by Senor Olmet.

MAYOR POTTS WILL PUT AUDITOR ON ALL THE CITY DEPARTMENTS

Decides on Investigation—Wharf Project Discussed at City Hall.

Mayor Potts announced this morning at a council meeting that he would bring the firm of Price, Waterhouse and Co. to St. John to conduct an audit into the financial affairs of every department and to make suggestions as to methods of bookkeeping to be used by the commission, which resolution he declared lost.

The matter of a purchase of the Lawton, Carrite and McPartland properties which would give an additional berth of 800 feet by filling in the present slip was discussed and laid on the table. In this connection the Mayor said that he would not vote for any bond issue for harbor work at the present time.

Commissioner Wigmore moved that Price, Waterhouse Co. be engaged to audit the accounts of the various departments and to make suggestions for changes in the bookkeeping methods, if any were considered necessary. This was seconded by Commissioner Harding, who said he would rather see a local man do the work but would support the motion.

Commissioner Bullock said he was against going outside the city for an auditor as we had taxpayers who were capable of doing this work. Commissioner Frink said it seemed to him that there was no need for bringing in an outside man to do this work. There should also be an estimate of the cost of bringing in this firm before voting on the matter.

Mayor Potts said this matter had been discussed by the members of the council and these suggestions should have been offered then. The name of Price, Waterhouse Co. was suggested because of their success in auditing the Provincial Government books. He did not think there was a candidate in the city just what it wanted at this time. This suggestion had come to him and he had been glad to accept it.

The resolution to appoint an auditor was changed to read "quarterly accountant" instead of Price, Waterhouse Co.

Commissioner Wigmore said he was surprised at the attitude of some of the commissioners, as at the conference the only name mentioned had been that of this firm. Commissioner Frink said he thought the Mayor should have on his own initiative engaged an auditor to report on the matter. He asked if the Mayor had any other suggestions. Commissioner Wigmore said the resolution had been prepared following a conference between the Mayor and "two other gentlemen."

Commissioner Bullock said so far as he knew the Mayor Commission had not asked for this resolution and an auditor was needed one could be found in St. John.

Mayor Will Act.

Mayor Potts said that as the matter had gone so far he would use his prerogative and appoint an auditor for the harbor department and other departments. Commissioners Wigmore and Harding voted for the motion, and Commissioner Bullock abstained.

PAMDENEC FOLK HAVE BUSY TIMES

The Pamdenec Outing Association has adopted a new slogan, "Take Up Your Shovel and Your Hoe." There is a reason for this, due to the fact that their tennis courts are much in need of reconstruction and as the season is rapidly approaching all are anxious to get into the game and in proper condition to uphold the honors of their association when the tournaments get under way.

HYDRO IS DISCUSSED AT CITY HALL

The monthly report of the Civic Power Commission was presented to the city council this morning. It showed sales of \$9,786.70, receipts, \$6,448.48, exclusive of street lighting, and expenditures of \$5,315.82. The balance on hand at the bank at the end of April was \$14,189.87 and the total amount expended on capital account to the end of April was \$440,991.70.

Mayor Potts said this was hardly a true statement of the financial situation, as the city had to pay \$10,000 a month for current, and if this was included, instead of a balance there would be a considerable deficit on the operation. He contended that actual use of the hydro is not what is shown on the basis then it should be shown that it was costing 12 1/2 cents per k.w.h. instead of 1.2.

Commissioner Bullock said this would be taken care of at the end of the year when the adjustment account was rendered, and Commissioner Wigmore said it would hardly be fair to the hydro to put in the cost at \$10,000 a month when this was not being paid. Commissioner Harding thought it might be well to have the statement show both sides of the case.

Mayor Potts said it was up to every citizen to make hydro a success, but he believed they should have all the facts before them.

Commissioner Frink said this was where all the fuss about bond issues came in, and it was the \$64,000 current which was causing trouble.

Commissioner Harding suggested that it be left to himself as a member of the Civic Power Commission to try to get a report that would be satisfactory to the council and approved by the Mayor.

R. A. Willet, secretary of the Commission, said they would try to furnish any kind of report the council wanted.

The report was ordered filed and a copy sent to each commissioner.

A tentative programme of training for units in Military District No. 7 has been drawn up by Lt. Col. H. C. Sparling, D. S. O., acting officer commanding of the district, and copies have been made up to all commanding officers. In order to hasten communication between squadrons and companies in the district, copies also have been made to all squadron, battery and company commanders.

Owing to the reduced amount that probably will be available for training this year, it may be necessary to restrict the number of officers and other ranks to be trained and to insist on the highest quality of recruits. Until this policy has been decided, definite details regarding the training programme are lacking.

Letters to The Editor

THE SNOW-DONOVAN BOUT

To the Editor of The Times-Star.

Sir,—I notice in your paper of the 21st a letter written by J. M. Wilson, president of the Trojans A. C., in which the writer states that he is taking the opportunity to present to the public the facts concerning the Donovan-Snow contest in the recent Provincial boxing championship. Had Mr. Wilson confined himself to facts that would be of use to the public, but his article is so far from what are the real facts that I feel it is necessary to explain the action of the committee.

Mr. Wilson's letter states that those responsible for a decision have refused to give it one way or the other and that the Y. M. C. C. committee have taken it into their own hands to give a decision. This is absolutely wrong. A decision has been given and the committee is guided entirely by this decision.

At the time the incident occurred the referee stated that he would leave the matter to the official doctor but that if they found that Donovan had been injured the bout would be awarded to Snow. Why then all this talk about no decision having been given. Our highest rating authority is the official doctor and the referee is organized to give a decision in matters of this kind and that the judges are not to be consulted. The referee gave his decision and the report of the doctor as presented to us distinctly states that Donovan was injured.

I would like also to draw Mr. Wilson's attention to an opinion of Jimmy Frusetti as given to The Times-Star that if they found that Donovan had been injured the bout would be awarded to Snow. Why then all this talk about no decision having been given. Our highest rating authority is the official doctor and the referee is organized to give a decision in matters of this kind and that the judges are not to be consulted. The referee gave his decision and the report of the doctor as presented to us distinctly states that Donovan was injured.

Thanking you for your space, I remain, Yours truly,

H. M. CLARY, Chairman, Y. M. C. C. Boxing Committee.

The Efficient Mr. Biffkins

(Chapter Four.)

Mr. Biffkins was down a little early that morning, and he noticed that the secretary of the junior partner was in tears.

After some hesitation, Mr. Biffkins opened the door a little wider and said: "Well, well, what's the trouble?"

"I—I—lost m—my engagement r—ring," sobbed the young lady.

"I have not been wearing it at the office yet, and it must have slipped out of my purse when I was hunting for change on the street car." And she buried her face in her arms and wept violently.

"Let me handle this matter for you," said the efficient Mr. Biffkins sympathetically. "I'll try a lost ad. in The Times-Star. The Times-Star has never failed me yet—and I know The Times-Star is not going to throw down a pretty young lady in trouble."

As usual, Mr. Biffkins was right in his notions, for only two hours after the lost ad. had been published the precious ring was restored to the junior partner's secretary.

ST. JOHN, N. B., MAY 22, 1924

THE DANGER PERIOD.

With two public holidays coming, May 24 and June 8, the Crown Land Department issues a most timely warning with regard to forest fires.

The dry season is here, and already one or two fires have been reported. For the next few weeks the danger will be very great, and all reasonable people who have occasion to go to the woods on pleasure or on business must do so with a full sense of their responsibility to avoid causing fire.

More than seventy-five per cent. of forest fires, the department reminds the public, are preventable, and ninety per cent. are attributed to the carelessness of those who go to the woods for purposes of recreation.

The public is reminded, too, that motorizing parties, who throw burning matches, cigarettes, or cigars from a car are very likely to cause destructive fires, although they might carelessly assume that the practice is harmless.

One single act of carelessness may result in tremendous losses. Only by spreading among all classes the conviction and understanding that common prudence as well as patriotism demands increasing precautions can the great danger of forest conflagrations be held in check.

NATIONAL POLICIES.

If Canada should decide not to prevent the export of pulpwood from private lands the decision would not be founded on the fear that the United States would cut off shipments of American coal, although a contrary view is held by many Americans and is now directly asserted by the New York Commercial.

The Commercial is wrongly informed both as to Canadian sentiment and as to the quality of Canadian coal, but its discussion of the matter serves one good purpose in reminding Canadians how much the national interest may be advanced by making a much greater use of the coal which Canada has so abundant a supply and much of which is of a high quality.

There is no expectation at Ottawa that any action will be taken under existing conditions to prevent the export of pulp, and with respect to

THINGS NOT TO WORRY ABOUT

(Toronto Star.) Twenty-five years ago the question of bicycle costumes was agitating the fashionable world. Even Lord Salisbury, as prime minister of Britain, referred in an address to the "ungraceful appearance of the cycling skirt and bloomers, so inartistic that they should be relegated at once to a place low and warm."

A few years previously, the leg of mutton sleeve had been denounced; a few years later there were other fashions which caused comment. There always are. No sooner had more recent critics said their worst about short skirts than they found, in short hair, a new objective in the world.

That silence. The legend about President Coolidge's disinclination to talk is being built up again. Here is a story given in Current Opinion: "One day he sent for a friend to come to his office in the White House. Thinking he was wanted for his counsel, he hastened to answer the summons. He was ushered in from the waiting-room.

It is estimated that the total return on American investments in Canada amounts to more than \$100,000,000 a year, the amount not being confined wholly to interest on securities. An Ottawa correspondent of the Financial Post is convinced that American tourists are now spending in Canada for transportation, hotel accommodation and sightseeing generally, an amount equal to about eighty-five per cent. of the great total which Americans derive from their Canadian investments.

He points out that, according to the Dominion Parks Branch, tourist traffic in all Canada last year meant an expenditure by visitors of \$136,000,000, and it is thought that some \$90,000,000 of this was spent by Americans. It may be assumed that these figures are approximately correct. At all events the already immense expenditure by tourists seems certain to grow very largely from year to year.

THE WILLOW DAM

Just the right touch of beauty needed here. In this flat meadow of the close-cropped grass is that swayed group of willows leaning near.

The farmer said to me "One rainy spring the brook, there on the right. Cut deep into the land and so I turned the water off by building up a pile Of sods and willow poles. I made it tight.

Enough to hold washed soil. The current churned. A deeper channel where it ought to be, And I forgot the dam till after while I saw each willow pole turned to a tree."

YOUNG JUDEANS PRESENT SKETCHES

Good Entertainment Given at Sixth Annual Gathering—Dance Enjoyed.

The sixth annual concert and dance of the St. John Young Judeans was held last evening in the well equipped hall of the Synagogue, Carleton street, and was a successful affair. It was under the direction of A. R. Isaac, A. Bab, E. Boyaner and Benjamin Gust. The Judean orchestra played excellently for the dancing after the concert. The programme was pretentious and well carried out, much dramatic talent being evidenced in the cast of characters for two Hebrew sketches. The first sketch was a dramatic episode in two scenes, "For Love of Torah" Messrs. Guss and William Tanzman were the actors and were made up to act the part in the time, 135 C. E. (8986.) The scene was first in Akiba's cell and the second before the execution. Harry Cohen followed with a monologue, after which the more ambitious work of the evening was given by several of the young men. It was a Jewish comedy entitled "Olam Habah," by Shalom Aleichem. The characters were Mr. Tcherikis (well fixed), Morton Budovich; Mrs. Tcherikis (his wife), Pearl Kashetsky; Mr. Krotchahk (teacher), Ben Guss; A. Jew, Ben Freedman; first witness, William Guss; second witness, William Tanzman. The scene was in a distant village in America and the time in the present day. The acting created continuous laughter and the costumes were unique, everybody enjoying the local hits and the familiar human interest touches. Dancing and serving of refreshments completed a splendid anniversary evening, with more than 125 present.

An American is attempting to put a fleet of 500 yellow cabs in the streets of London.

ADVENTURES OF THE TWINS

By Olive Roberts Barton

DADDY CRACKNUTS AND THE BUMBERSHOOT.

"Mornin'," said old Daddy Cracknuts, pushing open the dingy door of Mister Bags' store, where the Twins were working.

"Nice day," said Mister Bags. "Yep! Nice for ducks," said Daddy Cracknuts. "I just knew it was going to rain! I see to me last night, see I, Ma, the moon's tilted and that means wet weather. When it's tilted like that, I see, it spills all the rain out! And I was right. It's so squishy this mornin' I went socky, sock, sock every step I took, and I'm as wet as a sponge. Achoo!"

WANTS TO HELP OTHER WOMEN

Grateful for Health Restored by Lydia E. Pinkham's Vegetable Compound

Toronto, Ont.—"I took Lydia E. Pinkham's Vegetable Compound for backache and for weak and deary feelings caused by my condition. Sometimes I felt so bad that I couldn't do my house work. My neighbor told me of your medicine and I read about it in the 'Toronto Telegram' and thought I would take it. I got very good results. It built me up and I have told several friends what it has done for me. You may use this testimonial as it may be of help to some one who has suffered as I have."—Mrs. J. Lee, 25 Harvie Ave. Toronto, Ont.

Mrs. Lee is willing to write to any girl or woman suffering from such troubles, and answer any questions they may like to ask.

Women suffering from female troubles causing backache, irregularities, pains, bearing-down feelings and weak legs should take Lydia E. Pinkham's Vegetable Compound. Not only is the worth of this splendid medicine shown by such cases as this, but for nearly fifty years letters like this have been received from thousands of women.

"My, my! That's too bad," said Mister Bags. "I'm afraid you're catching cold, Daddy."

"I came to buy a bumbershoot," said Daddy presently. "We don't sell guns," said Nick quickly. He was surprised at Daddy's remark because he knew how very much afraid of guns all the wood folk were.

"Ha, ha, ha!" laughed Daddy. "A bumbershoot isn't a gun. It's an umbrella. I want an umbrella to keep me dry—and a pair of goloshes." Daddy said the "go" very hard. "I have to go clear 'tother side of Stony Creek on an errand for Ma."

"Why sure we can fit you out," said Mister Bags. "Here is a nice umbrella with a crooked handle to hang on your arm, and here are goloshes just your size."

So away started Daddy. But scarcely had he turned the corner when whirr! whirr! cee! A fierce wind nearly blew him off his feet. "My, my!" cried Daddy. "I never knew bumbershoots were so hard to hold. Jiminy Christmas! I wish that wind would stop!"

He nearly dropped his umbrella and basket and everything, when he saw a long red nose and the tip of a bushy tail sticking out on two sides of a bush. "It's Reddy Fox," he shivered. "A pretty kittle of fish 'im in."

Suddenly Reddy made a rush and in about three seconds he had had Daddy by the tail, but at that instant the wind went whirr! Whirr! harder than ever, and catching in Daddy's umbrella, it lifted the squirrel gentleman right up in the air over Reddy's head.

And Nump, thump! Something hit Reddy two dreadful whacks on the nose and he ran away howling. It was Daddy's goloshes falling off at exactly the right minute.

Daddy stopped in the store on his way home. "Gun nothing!" he cried. "A bumbershoot is ten times as good. I'll bet you Reddy Fox is running yet." (To be continued.)

CHURCH ROLL CALL HELD.

The annual roll call of the Fairville Methodist church was held last evening when the members answered to their names in an appropriate manner. Rev. J. M. Rice, pastor, presided and conducted the devotional service. Prayer was offered by William McCavour and S. A. Worrell. Mr. Rice felicitously referred to the passing of Mrs. Hanford Whelpley, whose membership card had been ready to be sent to her when she died. The roll showed the names of 217 members, of whom 23 were on the absentee list. Mr. Rice suggested that the congregation should adopt as the motto for the new year: "I must work the works of Him that sent me, while it is day, for the night cometh when no man can work." The benediction was pronounced by the pastor.

COULDN'T SLEEP HEART WAS BAD NERVES A WRECK

Mr. H. A. Reid, Upper Musquodoboit, N. B., writes—"I am very thankful for the benefit I have received by using Milburn's Heart and Nerve Pills. When I came home from overseas, in 1920, my heart was very badly affected by concussion, and my nerves were a dreadful wreck. I was very short winded, and could not possibly sleep at night, in fact, I was in such a condition I felt as if I did not wish anyone to speak to me. I thought I would try Milburn's Heart and Nerve Pills, and before I had taken two boxes I could enjoy a good night's rest as well as anyone."

There are lots of returned men who are suffering the same as I did, and I feel sure that if they would only try Milburn's Heart and Nerve Pills they will receive the relief that I have. Be Careful What You Wash Your Hair With

When you wash your hair, be careful what you use. Do not use perfume shampoos or anything else that contains too much free alkali, for this is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is Mulford's coconut oil shampoo, for this is pure and entirely greaseless. It is inexpensive and beats anything else all to pieces.

Simply moisten your hair with water and rub it in. Two or three teaspoonfuls of Mulford's will make an abundance of rich, creamy lather, and cleanse the hair and scalp thoroughly. The latter rinses out easily, and removes every particle of dirt, dirt, dandruff and excess oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy, wavy, and easy to manage.

You can get Mulford's coconut oil shampoo at any drug store, and a few ounces will last everyone in the family for months. Be sure you get the genuine. Look for the name Mulford on the package.

CHURCH ROLL CALL HELD.

The annual roll call of the Fairville Methodist church was held last evening when the members answered to their names in an appropriate manner. Rev. J. M. Rice, pastor, presided and conducted the devotional service. Prayer was offered by William McCavour and S. A. Worrell. Mr. Rice felicitously referred to the passing of Mrs. Hanford Whelpley, whose membership card had been ready to be sent to her when she died. The roll showed the names of 217 members, of whom 23 were on the absentee list. Mr. Rice suggested that the congregation should adopt as the motto for the new year: "I must work the works of Him that sent me, while it is day, for the night cometh when no man can work." The benediction was pronounced by the pastor.

EXTRA CARS FOR HOLIDAY TRAINS

Many People Expected to Move to Summer Homes Saturday

Extra cars will be attached to trains leaving St. John on Saturday, May 24, to accommodate the anticipated rush of holiday travel. Officials of the C. N. R. said yesterday that this year they expected that the travel on Friday night and Saturday would be exceptionally large, because of the fact that the holiday fell on a day making it possible for many to take a week-end trip conveniently.

Although the season was not very far advanced as yet, they were well pleased with the number who have already begun to use the trains to their suburban homes. The 6:15 and 6:35 suburban trains are well filled already with those who have taken up their abode for the summer in the country.

It is expected that a great many will take advantage of the week-end holiday to make the move from the city to their summer homes, and it was with this thought in mind that extra cars were ordered to be attached to the various trains.

PHANOS COREY, OF GRAND FALLS, DEAD

Grand Falls, May 21.—Phanos Corey, one of Grand Falls' best known residents died very suddenly at Caribou Hospital last night. One-half cup stewed rhubarb with 12 raisins, 2 tablespoons creamed dried beef on toast, 1 potato cake, 1 cup cream of celery soup, club sandwich, 4 ounces broiled shad with 2 tablespoons lemon butter, 8 new potatoes in cream sauce, 4 tablespoons new string beans in cream, lettuce-oleary and nut salad with a tablespoon mayonnaise, 2 toasted cheese sandwiches, 2 graham muffins, 1 tablespoon croissants, 2 slices rye bread, 8 tablespoons butter, 1 strawberry tart, 1 cup egg nog, 1 pint whole milk, 2 tablespoons lemon jelly with 1 sliced banana and 1 sliced orange sprinkled with chopped nuts and served with 2 tablespoons sweetened whipped cream.

SUPERANNUATION BILL BEFORE HOUSE

Will Cost \$1,435,000 a Year—Measure Given First Reading.

Ottawa, May 21—First reading of a bill providing for the superannuation of civil servants, was given in the House of Commons today. The resolution on which the bill is based states that it is "a measure to provide for the superannuation of civil servants; to provide for contributions by civil servants to the consolidated revenue fund to civil servants and to the widows and children of deceased civil servants of superannuation allowances or gratuities."

Right Hon. Arthur Meighen, asked what would be the annual cost to the country or the average cost for the first five years and the anticipated cost for the second five.

Hon. J. A. Robb, acting Minister of Finance, explained that the cost to new entrants would be 5 per cent of the payroll. The civil servants would pay 5 per cent and the Government 5 per cent, so it was impossible to determine exactly what the cost would be without knowing how many civil servants would transfer. He estimated that if all transferred, the cost to the Government will be about \$1,435,000 a year.

Mr. Meighen—"That \$1,435,000 must be 5 per cent of the present civil service salary total?"

Mr. Robb—"I imagine so."

Mr. Robb understood that the other schemes would be merged with the proposed one. It would be a matter for the civil servants themselves to consider. He understood that civil servants were willing that all the funds should be merged.

Sir Henry Drayton asked if military superannuation, as distinct from military pensions would be brought under the new scheme. Mr. Robb did not think so.

CANNIBAL'S HEAD, IN MUSEUM HERE

The latest gift received by the Natural History Society came from the New Hebrides, the islands in the Pacific Ocean lying northeast of Australia. It is the most gruesome exhibit that the society possesses, being the preserved skull and face of one of the cannibal inhabitants of these islands, a very unpleasant looking trophy that was greatly prized by its one-time owner. The cover of the box containing the head is now usually kept closed, as the cannibal is not a comfortable associate in the museum office.

The gift was presented by Miss Dorothy King, 188 Charlotte street. It was sent to the city by a missionary and came from Mallicolo, the largest island in the New Hebrides group. The natives of the islands belong to the Polynesian race.

COURT CASES ADJOURNED.

The case in which Minnie Johnson is charged with taking goods from a house, the property of Stephen Zadesky, was resumed in the police court yesterday afternoon. A. Gilbert, appearing for the complainant, and W. M. Ryan for the accused. It is alleged that the woman rented a property from the complainant and when leaving the premises took articles to the value of \$35 belonging to Zadesky. After argument by counsel the case was adjourned until this afternoon at 2.30 o'clock.

Anna Chisholm, charged with passing worthless checks and obtaining goods and cash on the same, appeared in court and was further remanded.

ROBBERY REPORTED.

Mrs. Doni Hart, a widow who conducts a small grocery store at 18 Long Wharf, is reported to have met with a loss of money on Monday afternoon between the hours of 2 and 5 o'clock. It is said that Mrs. Hart had occasion to leave her store during that time, and as her business is small, and she does not employ a clerk, she locked the front door with a padlock. When she returned she found that some person had made an entrance through the rear of the building, forced a door, and then forced the till and taken a few dollars. Boys are thought to be the thieves, but up till last night nothing had been reported in the matter in police circles.

The Meaning of Chevrolet "Economical Transportation"

IT is more economical to travel by Chevrolet than by any other means. That is what it means to say that Chevrolet is the most economical form of transportation.

This means, first of all, that Chevrolet costs the least per car-mile—that it is less expensive than any other make of car.

But, more than that, it means that Chevrolet is more economical than any other kind of transportation.

An investigation among Chevrolet owners of all sorts, shows that it is not only more convenient—but also more economical to travel by

Chevrolet than by railway train or trolley car.

The information received gives an average of 30 miles per gallon of gasoline and over 1300 miles per gallon of oil.

You who have envied the comfort and convenience enjoyed by Chevrolet owners, figure out the cost of a Chevrolet on a mileage basis. You will find that it is cheaper to travel with a Chevrolet than without one.

Chevrolet is easy to own. The G.M.A.C. plan of deferred payments will enable you to finance the purchase. Investigate the new Superior Chevrolet today. Go to your local Chevrolet dealer for further information.

DUNLOP TIRES

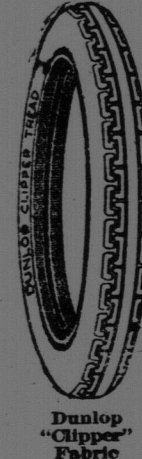

When Buying Tires it Will be to Your Advantage to Consult Dunlop Tire Merchants and to Keep in Mind:

1. That we make every type and style of tire which has been evolved for the benefit of motorists:
 - From the world-renowned "Traction" Cord
 - To the Tire that will honestly meet any price competition.
2. That every tire going out of the DUNLOP Factories receives the same painstaking care in the manufacture, irrespective of the price at which it sells.
3. That we stand behind all the different grades of tires bearing the DUNLOP Name.
4. That the thousands of Dunlop Tire Merchants located in every nook and corner throughout Canada—coupled with the official Dunlop Branches in the leading cities—are there to serve you and to see that you get the utmost value for the money you spend for Tires.

What to Buy, and Why

If you desire a tire—the best that can possibly be made, and having a world-wide reputation for efficiency—you will select Dunlop "Traction" Cord, Master of the Road.

If you desire a Cord Tire with a good record, but selling at a lower price than "Traction" Cord, you will decide in favor of Dunlop "Clipper" Cord—a tire that is being chosen by owners of many different makes of cars.

If you prefer the highest-grade Fabric Tire, selling at virtually the same price as "Clipper" Cord, then your choice will be Dunlop "Traction" Fabric.

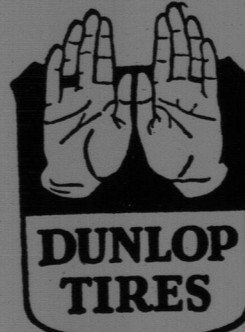

If it is a competitive price tire you want—but still one that is of recognized value—then you will buy Dunlop "Clipper" Fabric.

If the tire desired is for Livery and Truck purposes—in size 30 x 3 1/2—Dunlop "Bus and Truck Type" tire is "just the thing." It is a specially built pneumatic tire for this particular class of work, having the side-walls fully protected against curb or rut abuse. Other sizes of this type of tire are built heavier than ordinary Passenger Car types.

Every tire referred to above is sold by Dunlop Depots, and there is a price to suit all pockets. You do not need to purchase tires of doubtful or unknown quality when you can obtain nationally known, sure quality Dunlop Tires to meet every requirement, such as referred to above.

As the tube is a vital part of the casing, it will pay to see that your expenditures for casings are amply protected by the purchase of Dunlop Regular Tubes or Dunlop Extra Heavy Tubes. There are no better tubes made, and, like Dunlop Tires, they are all fairly priced.

The Dunlop name and seal on each and every one of the above-mentioned Tires and Tubes is your protection and a guarantee that no matter what price you may pay, or what grade you may select, you are sure of full value and honest service, backed up by the Dunlop reputation of thirty years' standing.

Saint John Pythians Today Honor Oldest of Sisterhood

TODAY MRS. SHEPPARD'S 90 YEARS OLD

Reception is Held in Honor of Her Interesting Anniversary.

REMARKABLE LADY

Talks to Times-Star of Other Days—3 Generations in Order.

When the good ship "Sir Charles Napier" dropped anchor off Partridge Island early in the year of 1847 after an unusually swift run of 17 days from Ireland, among the passengers were a mother and her two sons and one daughter on their way to Fredericton to join a son who had come out of New Brunswick earlier and who by dint of hard work and perseverance had erected a log hut and was killing the soil in an honest effort to give a home to his widowed mother and her children in a new land.

It is a far cry from the time of the arrival of the "Sir Charles Napier" until the year of grace 1924. Seventy-seven years have passed on and with them practically all who came out on the then mistress of the seas. When the "Napier" drove her keel through the sunlit waters of the Bay of Fundy and into St. John harbor, she was hailed as the biggest sailing vessel that had ever been in port up to then. Her record run of 17 days from Moville, north of Ireland, to Partridge Island, was a topic for years afterwards.

But the "Napier" has gone into the world of vanished ships and all who came in her have departed for their haven under the hill. All that now remains and today lives in St. John with a memory that is little short of marvelous in its retentiveness. In full possession of all her faculties, this good lady adds the final voyage after a lifetime of useful service to the land of her adoption—pioneer work first among the wilds of the province and then work in this city with her family.

Is 90 Years Old Today.

Today, Mrs. Catherine Sheppard celebrates her 90th birthday and Pythianism throughout the city and elsewhere unites to do her honor. The oldest living member of the Pythian Sisters order in the Maritime Provinces, and probably in the Dominion of Canada, Mrs. Sheppard is not only a charter member of Loyalist Temple No. 16, Pythian Sisters, but ever since the Knights of Pythias came to the city she has been a zealous worker for the society. For 50 years and more, she has helped celebrate Decoration Day. Only recently Mrs. Sheppard completed a handsome quilt that netted \$107 in a sale in aid of the maritime home in Moncton.

A Times-Star reporter had the privilege of talking with Mrs. Sheppard recently in the home of her son, Benjamin L. Sheppard, 155 City road. Instead of seeing a frail and helpless woman propped up in bed by pillows, as he expected, he was amazed to see a bright old lady, who gets around quite comfortably herself and who showed the reporter two more quilts of the "T" pattern she is making entirely by herself for the Pythian Sisters. One pattern is orange and the other green.

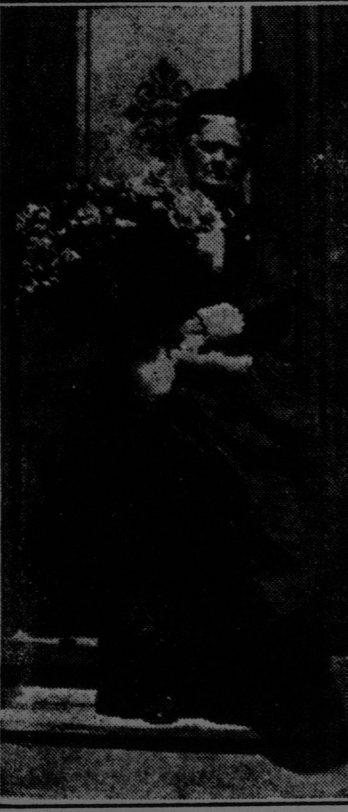

"Two good Irish colors," she commented, as she spread them out. "I was born in County Derry, north of Ireland, on May 22, 1834, being the eleventh child—and final one—of a family. My father's name was John Marr—not Marr—and my mother's name was Danicle. All were strict Presbyterians, one of my father's brothers being a kirk minister. I suppose I was the only turncoat in the family as today I am a Methodist. When I was seven years of age, my father died and the memory of his funeral is quite strong even today.

Brother Comes Here.

Mrs. Sheppard relates that her brother, Joseph Marr, came out to New Brunswick several years after her father died, and settled at Cardigan, on what is known as the old Royal Road, just outside of Fredericton. To that place she came with her mother and two brothers, Andrew and David, in 1847. Later on, the family moved into Fredericton, and there, on September 22, 1856, in the home of the Scotch minister, Rev. Dr. Brooks, now long since dead, Michael Sheppard married Catherine Marrs. Out of this union were eight children, all but two of whom are dead—her son, Benjamin, a foreman in the T. S. Simms & Co., Ltd., brush factory, and a daughter, Mrs. Charles Piercy, 70 Dorchester street.

When Mrs. Sheppard journeyed to Fredericton, she remembers the name of the vessel as the "Meteor," and that while on the river vessel saw for the first time a negro. She well remembers the fight it gave her at that time. Coming from Fredericton to St. John with her husband, who was of Loyalist descent, after living in Fredericton for 30 years, Mrs. Sheppard resided for years in a house above the old mill on the Pokok road. She remembers well the great fire of 1877, and at present has in her possession dry goods sold

by Manchester Robertson Allison, Ltd., after they had been re-established. Mrs. Sheppard says that when she first came out here Indians were quite numerous, but were then segregated in camps. One of these camps was just opposite Fredericton, and another was out the Millville road. Her husband, who died 38 years ago, was a schoolmaster of the late Sir Leonard Tilley. The grandfather of Mrs. Benjamin L. Sheppard also was a schoolmaster of Sir Leonard. His name was David Whelpley. He was born in 1812, a Loyalist descendant, and was well known here at the time when he was at the advanced age of 86 years.

Although unable to attend divine service in Centenary Methodist, Mrs. Sheppard can follow the service every Sunday, being a Companion of the Quiet Way. Every Friday night, Mrs. R. G. Fulton, the pastor, mails to the home of Mrs. Sheppard a sermon for the following Sunday, as well as the hymns for the day. Mrs. Sheppard prizes this service very highly.

Reception For Her. In honor of her birthday, Pythian Sisters in the city have arranged for her to attend a reception this afternoon at the home of Mrs. Miles Saunders, Lansdowne avenue. This evening, at a gathering in the lodge room in the North End, a presentation of a gold piece and large bouquet of flowers will be made to Mrs. Sheppard.

A unique fact in connection with the family is that it is one of the very few represented in the Pythian order by three generations. There are Mrs. Sheppard, her son, Benjamin, and her son's daughter, Miss Catherine Sheppard, who recently joined the Pythian Sisters. All will be present at the gathering tonight, as will also several hundred more Pythians throughout the city.

SEEKS GOITRE CURE IN NEAR FUTURE

New York Doctor Tells of Method to Prevent Disease

Toronto, May 22.—The story of how science had conquered goitre, how the prevention of this ravaging disease had been found to be a simple compound of salt sea water and iodine, was told today at the Ontario Health Officers' Convention in session here, by Dr. David Marine, of New York. This eminent authority on goitre, dealing with the subject technically, pointed out that the enlargements of the thyroid gland might be divided into two groups, simple goitres, and exophthalmic goitres. "Simple goitre is one of the most important causes of human suffering with which society had, and still has to deal," said he. "The sum of its ravages throughout all ages and in all animals, is still unrealized by the public generally."

Hon. Dr. Forbes Godfrey, Minister of Health for Ontario, this afternoon announced that next year it was possible "the time will be ripe for the announcement of a sure cure for goitre." The treatment for the disease is now in progress of development, he said. "I am not promising anything," said Dr. Godfrey, "but I firmly believe the cure is coming."

EMIGRATION

Sydney Webb Says England Anxious to See Development Overseas.

London, May 22.—(Canadian Press Cable)—In course of the debate in the House of Commons last night, Sidney Webb, president of the Board of Trade, said that a commission would soon be formed to investigate the question of obtaining markets for British exports. Overseas Development. The minister said that the Government was as anxious as anyone to see the development of the overseas part of the empire. They had accepted the economic conference resolution in this connection and were desirous of making emigration as easy as possible. Mr. Webb said great stress should be laid on family migration and group migration and settlement rather than on sporadic migration and the Government, he said had renewed its offer to the Australian Commonwealth Government under the Empire Settlement Act of 1922, of a large grant in aid of settlement schemes for development purposes, in connection therewith. The Government hoped that the scheme would result in large development of overseas settlement.

SEEK TO HAVE ITALIANS KEPT

Montreal, May 21.—Italian residents in Canada, and particularly in Montreal, are using every available means to secure permission of the Department of Immigration, at Ottawa, to allow 400 Italian immigrants now being held at Halifax to remain in Canada.

Sacco, editor of the L'Avant Garde Canada, an Italian language paper, says that it means financial ruin if the immigrants are compelled to go back to Italy, and also destitution for many of their families there. CITY SWIMMING SCOWS OPEN JUNE 1

Will Again be in Charge of Instructor Mark Burns.

The city swimming scows will be opened on June 1, according to an announcement made by Mark Burns, the popular instructor and manager. They will be situated at the same site as last year in Marble Cove at the foot of Kennedy street. There will be two scows, one having a number of dressing rooms on one end and the other section filled and used for instructing beginners. The other is used as dressing room for girls and young ladies. On the wharf are a number of rooms for the use of boys and men and in all it is estimated that over 200 can be accommodated. On the wharf is a diving board and tower which will be reset and placed by Mr. Burns next week.

In addition to looking after the scows instructor Burns is always present watching his charges and on more than one occasion his prompt action has averted accidents. He is a strong swimmer and good diver, and daily conducts classes for all degrees of learning the art, as well as those anxious to learn racing strokes, live saving, floating, etc.

Physical instructions will also be part of the program this year. This phase of the work is considered essential by Mr. Burns, who points out that he has a number of promising pupils who are anxious to compete in races, but who are not as yet physically strong enough to stand the strain. He feels that a course in physical drills will be beneficial. On the wharf is a diving board and tower which will be reset and placed by Mr. Burns next week.

FIRE CAUSES \$3,000 LOSS IN HOULTON

Houlton, Me., May 21—Fire from some unknown source destroyed the farm buildings of John Hawkins, valued at \$3,000 and so far as known uncovered by insurance, and then, being communicated to the nearby woods, swept down across the international boundary line, here on Monday, and was put under control by the fire forces of Houlton and nearby New Brunswick at a late hour yesterday.

An Artistic Floor-Covering That Saves You Both Time and Money

No wonder Gold-Seal Congoleum Art-Rugs are so popular with up-to-date Canadian women. For here is a floor-covering that meets the housewife's every requirement. Its rich, colorful patterns satisfy the exactions of good taste, while at the same time its sturdy materials and sanitary surface make it extremely durable and easy to clean. And in addition, Gold-Seal Congoleum Art-Rugs are very inexpensive.

Waterproof and Sanitary

They are made all in one piece, on a heavy base that water cannot penetrate or harm. Moreover, their smooth, firm, seamless surface cannot absorb dust, ashes or spilled liquids. Cleaning them is merely a matter of wiping with a damp mop.

Another excellent feature of Congoleum Art-Rugs is that they lie perfectly flat on the floor without fastening of any kind. Just unroll them and in a short time they hug the floor; yet they can be easily moved if necessary.

Varnish - aged like wine

To be as clear as amber, mellow-toned and tough enough to withstand hammer blows, varnish must not only be made of the finest gums and oils properly mixed and cooked, but it also must be allowed to age and "ripen".

One little glance at the badge of a police constable will now give silent information to a citizen regarding the seniority of the officer. This new rule was put into effect yesterday by Chief of Police Smith, when all badges were called in and were then handed out to the officers according to the time they had been registered as members of the

department. This rule does not apply to the chief, inspector, sergeants or detectives, but only to the bluecoats who are rated as patrolmen. No. 1 shield is now worn on his coat by Police Constable Solomon Hamm, who is at the present night deskman at the station in the Northern Division, while No. 42 is worn by Percy Ross, who was sworn in as a police constable a few days ago.

The Meaning of McLaughlin-Buick Service

THE same far-sighted organization that has placed McLaughlin-Buick in the premier position among Canadian automobiles has also made full provision for a standard of service worthy of the car itself. Few cars require so little service, yet Nation-wide Service is available when the occasion demands.

Twelve factory branches—in the principal cities throughout Canada—reinforced by a network of service stations and authorized dealers, insure prompt and thorough attention to every need of the McLaughlin-Buick owner—either for repairs or spare parts—anywhere in Canada. It is the final factor in determining the choice of "Canada's Standard Car".

STOCKS CONTINUED TO MOVE UPWARD

Progress Towards Tax Reduction Measures Had Effect in Wall St.

New York, May 22.—Stocks continued to move upward at the opening of today's market, in further reduction of the tax reduction measures, United States Rubber and Congoleum, which have been under pressure lately, raised a point each, and there was a brisk movement fractionally.

Morning Stock Letter

New York, May 22.—Sentiment seems to be somewhat hopeful. Washington dispatches indicate that the income tax will take place and that certain objectionable features, such as the public utility clause will be eliminated. Certainly the way in which the market has behaved during the last two days has proved conclusively that the technical position is strong. Liquidity is expected and there is a suspicion that a fair amount of selling was for short account. Recently some 30,000 to 40,000 shares of N. Y. have been sold and a similar amount of Corn Products have been bought. This is supposed to be the moment indications point to some of the higher prices especially for the oil and high class industrial. Speculation in the oil is being held in check by the uncertainty of conditions which prevail in the oil fields.

UPLIFTING THE SALMON.

When the salmon, after years of wandering in the vasty deep, feels the urge of nostalgia and turns again home, his youth broods no barrier. Wriggling up the riffles, leaping cascades ten or twelve feet in height, stemming the swift currents, he reaches the waters of his nativity or dies gamely in the attempt.

Time was when fish ladders, which are chutes through which pour a stream sufficient to float a salmon, were built to ease him over dams that were thrown across rivers to assist navigation or supply hydro-electric power. But the use of salmon wheels, contrivances that dip the returning sea rover from his element and never return him thither, has made the creature wary. Of late they come to regard fish ladders as snares set by man to accomplish the first stage of their conversion into food.

Hence it has become necessary to invoke the aid of engineering science that the salmon may be eased along his homeward way. It is planned to provide the proposed great dam in the Columbia river with escalators which will receive the fish after his first dash at a cascade and convey him gently to the smooth water of the next level. This device, it is believed, will appeal strongly to the salmon already weary with a journey of hundreds of miles. Panting as does the hart for the water brooks, he will be delighted to find help along the way. Of course, the plan is as yet untried. The Chinooks and Silverides and Steelheads may regard the escalators as another scheme to entrap them, and running their heads against a rock on the shore, destroy themselves rather than fall into the hands of the enemy. In such an event some other method of getting them over the dam must be found; for salmon only reproduce their kind amid the scenes of their childhood; and so valuable are they as a food for human beings that they cannot be allowed to become extinct.

A suicide-proof fence will be built around the New York Central Park reservoir.

The Best Remedy For Rheumatism

This is What Mr. B. Morneau Says of Dodd's Kidney Pills.

Quebec Man is Very Satisfied With the Results Received from Taking Dodd's Kidney Pills. It gives me great pleasure to tell you that your Dodd's Kidney Pills have done me a lot of good and I am very satisfied with them. I had suffered for three years with rheumatism. I always felt tired and had bitter taste in my mouth in the mornings. That Mr. Morneau's trouble came from his kidneys is evidenced by the relief he got from Dodd's Kidney Pills. They are purely and simply a kidney remedy. They heal and strengthen the kidneys and put them in shape to strain all the impurities from the blood. With no uric acid in the blood there can be no rheumatism. Sound kidneys mean poor blood. Pure blood means good health.

One man was drowned and six others were rescued when rising waters of the Monongahela River in Pittsburg swept a string of barges and a derrick boat from their moorings and carried them down-stream. The boats stopped their mad dash only after they crashed into a railroad trestle.

Why the Bonds of Atlantic Coast Collieries, Limited Are a Good Investment

Because they are secured by a mortgage on assets worth, at very conservative valuation, more than double the present issue. The proceeds from the sale of these bonds will increase these assets in the form of equipment and development work by forty per cent. Because the earnings of the Company are just as certain as that there is a market for every ton of coal that can be mined. Because the Mabou coal mines can be operated at a cost assuring a profit at prices which would mean no profit to other mines. Because the quality of a large part of the output of the Mabou mines is higher than that of any other mine in Nova Scotia, and will command a premium when sold on an analysis basis. Because there is an assured market for all the coal that can be produced at prices which will yield substantial profits. Because the Company is soundly financed and will be managed and operated by able, practical men of long experience in the business. Because it has every element of success—abundant and accessible coal, economy of extraction, market and profit. Because the bonds carry a bonus of 20 per cent. in common stock which has good prospects of becoming valuable. We recommend the purchase of the 7% first mortgage bonds of Atlantic Coast Collieries Limited. Send us your order to-day.

Some few months ago I was troubled with bad blood which broke out on my face in the nature of pimples, boils and ring-worm, and I got so bad I really did not know what to do. One day a friend advised me to use Burdock Blood Bitters. I used one bottle and felt quite a relief, and by the time I had taken 3 bottles, I was completely relieved. SPORT NEWS GLEANED FROM WORLD'S CENTRES

MACAULAY WILL NOT BE ASKED TO RUN SPECIAL MARATHON, HAMILTON, MAY 31

Capt Cornelius, Head Coach, Sends "Bill" Maynes Pair of Running Shoes.

Victor MacAulay, the Windsor, N. S. Marathoner, will not be required to compete in the final Olympic Marathon trial at Hamilton on May 31, according to advice received here today by A. W. Covey, president of the M. P. B. of A. A. U. of C., and Maritime member of the Olympic committee.

from. He wants to report at Montreal on June 1 and prepare for the trials in that city. The British Columbia four-oared crew has been named to go to the Olympic games without appearing in the final trials at St. Catharines. Their expenses will be borne by the people of British Columbia. This means that only an eight and a single will be selected at St. Catharines, which will be disappointing to many crews which probably figured on being chosen to represent Canada at the bars.

GAMELY FACES ANOTHER FAILURE

Connie Mack's Athletics Fail to Come Up to Expectations.

(By Henry L. Farrell.) New York, May 22.—(United Press.)—After a season of 30 years in any profession, during which the satisfaction of success and the disappointment of failure have been divided almost evenly, it is only a game man who can retain his enthusiasm and keep plugging along and fighting for the ninth inning break in luck.

Mack was a tremendous success during the middle decade of his career. He developed the Philadelphia Athletics in 10 and 15 years ago into a team that will go down on the books second only to that great old Baltimore Oriole organization.

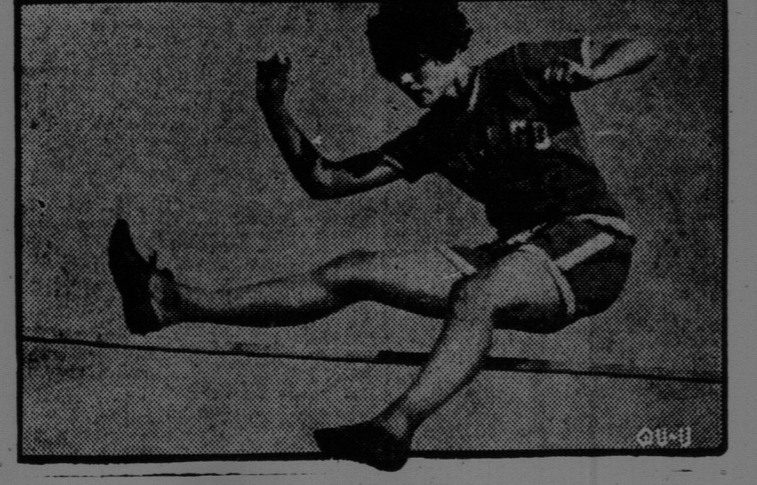

Mack's claim for fame and great reputation was represented not so much in the conquests of the team, but in the sagacity and keen judgment that he showed in finding and developing the great stars who formed the machine on the field.

Right in the height of his glory, luck broke for Mack. He was plunged from the heights to the depths of baseball. Instead of being the toast or mascot, he became the roast of the game. The revered name of the Philadelphia Athletics became the punching bag for the wise cracks of humorists.

At the sacrifice of nine years of humiliation and disappointment, Mack learned last year that John McGraw, Miller Huggins, Pat Moran and other spending managers were smart in buying ready-made ball players, even if it was a confession that they had not the ability or the desire to find their plays in the infant stage of development and bring them along.

The gaunt leader of the Athletics spent close to \$200,000 last winter for three players—Max Bishop, a second baseman; Paul Strand and Al Simmons, two hard-hitting outfielders.

QUEEN OF HIGH JUMPERS SNAPPED SETTING RECORD

KATHERINE LEE The world's best woman high jumper is an American, Katherine Lee of Chicago. She was seen here clearing the bar at 4 feet 11 1/2 inches, a new record. This was accomplished at Peoria, in a recent meet.

he boldly announced that he would have the second-place club next fall and the pennant winner of 1925. Before the season was four weeks old, the Athletics had crashed into the cellar and had lost nine straight games. Last year they ran the Yankees along until mid-season, when they ran into a slump of 12 losing games and dropped into last place.

Contrary to his expectations, the Athletics started the 1924 season with a slump in pitching, hitting and fielding. There was no way to stop them. "When a team loses more than four games in succession, it is a slump and there is no way to pull it out," Mack said. "All of a sudden they will start hitting, the pitchers will get working, and you're off again. It's better to have them at the start of the season than when the race has turned into the stretch."

Mack was actually crushed by the disappointing form shown by the club in the early games of the season. The ups and downs of 30 years in baseball should make any manager hard-skinned to disappointment and bias to success, but Mack, obviously, is tender-skinned about his Athletics.

He had all the pride of a creator in the once-honored name of the Athletics, and he had been fighting for nine years to win back some prestige for the club that once ruled the baseball world. He was so sure that he had progressed to the very door of his comeback that he couldn't hold himself and he had told the universe that he had a team again.

Other managers, under the same circumstances, would give up in despair and disgust, but Mack is trying to give through his back teeth and smiles off the breaks that will not turn for him.

He refuses to quit. Day after day he stands just under the roof of the dugout, gesturing and signalling with his score-card, telling his youngsters how to play every batter and giving them the example of standing up in the open under fire.

The season is not over. There is yet plenty of time to get going, and perhaps the Athletics may get started before it is too late. "But it is obvious from the look on Connie's face, when he talks to his boys, that he figures one more year has been lost in his effort to come back."

"SCOTTY" STIRLING LEAVES TOMORROW Will Join Montpelier Team in Montreal—Manager Daley Pleased. Daley asking him to report in Montreal and expressing pleasure that he has made satisfactory arrangements to join his club.

TIMELY TIPS TO AMATEURS

The Rutsey Collegiate School rifle team held its second shoot in the Dominion of Canada Rifle Association matches on the North End range yesterday afternoon. FRUZZETTI TO PLAY WITH THE VETERANS

The Veterans held a full practice on the East End grounds last evening and had a good two hours workout. The weather was warm and the diamond in good condition. Jimmie Fruzzetti, former New England lightweight champion was there. Manager Shea announced last evening that Fruzzetti would be a regular on the Vets' lineup for the season. The final workout of the Veterans, prior to the opening of the league on the twenty-fourth, will be held Friday evening on the same grounds.

ADVOCATES CHANGE IN PENSION ACT

Ottawa, May 21—Senator W. A. Griesbach appeared before the House of Commons committee on soldiers' pensions and re-establishment, advocating certain changes in the pension act. He was of the opinion that on the death of a second husband, the widow should have the pension of her first husband restored to her. The pension should be continued to the wives of veterans who have been deserted. He was in favor of giving to the board of pension commissioners discretionary powers to deal with peculiar cases which could not be foreseen by the pensions act.

COBB MAY RETIRE TO BENCH MANAGER

Tigers' Leader Undecided as to His Plans for the Future. Boston, May 22—It looks as though Ty Cobb is thinking seriously of retiring as a player at the end of the present season after all. The Georgian, who is playing in his 20th year of major league baseball, declared just before he went on the field at Fenway Park one day this week that he was ready neither to affirm or deny that he would manage the Detroit club from the bench in 1925. In a hasty conversation, one gathered the impression that Cobb is nearing the end of his playing career. He did not seem anxious to discuss the matter at length, but that was probably because he was impatient to get his players on the field and at work in preparation for the afternoon's game.

ATHLETICS SEND WALBERG TO MILWAUKEE A. CLUB

Philadelphia, May 22—Rube Walberg, left-handed pitcher, has been released by the Athletics to Milwaukee of the American Association, on an optional agreement. Walberg came to the Mack team in midseason, 1922, from Portland, of the Pacific Coast League. He had been returned to the coast by the Giants, who paid \$25,000 to acquire his services. Coming to this city, Walberg made a brilliant start and it was declared McGraw had passed over a good one. Since that time, however, he has been effective only at scattered moments.

SAYS WALKER HAS VIRTUALLY SIGNED WITH BENNY LEONARD

New York, May 22—Mickey Walker, welterweight champion of the world, who has been heard, but not seen since he won that title from the antiquated Jack Britton, is virtually signed to meet Benny Leonard some time in July in this city. The battle will be for the welterweight title, which is a poundage more favorable to Leonard than the lightweight notch. The signing of the match has not yet been given officially, but that is something that can be regarded as clinched is known throughout boxing circles. Walker wants to have at least two and possibly three fights before he defends his title against Leonard.

Catches Exceptionally Large
For the Season, Says
J. F. Calder

The prices of sardines and herring was cut from \$12 to \$6 a hoghead by the packers on Tuesday, according to a statement given out yesterday by J. F. Calder, Dominion Fisheries Inspector of Campbellton, who is at present in the city.

When asked for a possible reason for the 50 per cent. cut Mr. Calder attributed it partly to the fact that the fish were very plentiful and the catches exceptionally large for the season and to a combination of other reasons.

Record catches were being made, Mr. Calder said, especially at and near St. Andrews, where some of the fishermen had made as much as \$5,000 already. This amount, he said, was a record at this early stage in the fishing season. The ponds were fished out, he said, and all the catches were now being made by the fishermen, Campbellton and Grand Mann fishermen were receiving their share of the fruits of the ocean, but the catches were not as large as those made at St. Andrews.

An exceptionally interesting programme has been prepared for the Empire Day observance in the St. John High School. The programme will be given in the Assembly Hall, commencing at 2 p.m. and the friends of the pupils are invited to attend. The programme will be as follows: Selection, High School Orchestra; essay, "The Future of the British Race," Frank Christianison of Grade XI; chorus, "Flag Song"; recitation, "Trafalgar," Edwin MacGowan; selection, High School Orchestra; essay, "England's Prime Minister," Vera Campbell, Grade XI; chorus, "O Canada"; violin solo, Morton Harrison; address, Rev. R. G. Fulton; selection by High School Orchestra; address, Mayor Fotts; flag salutation.

REFUNDING SCHOOL FEES.

The sum of \$117 is being given out at the office of the Board of School Trustees to the pupils of the night schools which were conducted in the city and West St. John. There were 199 students attending, and each paid an entrance fee of \$2. Only those who made perfect attendance received back the entire sum. The cut for non-attendance was proportionate to the number of evenings missed, and was quite severe. Some pupils made as high as 98 per cent. perfect attendance, and that during the winter evenings was an exceptionally good showing.

PLAYERS BANQUETED.

A splendid performance was given by the St. John Baptist Minstrels, last evening, at St. Patrick's Hall, West St. John. There was a capacity audience. The ladies of the Church of the Assumption, convened by Mrs. Thomas Morrissey, served a bountiful supper after the concert to the 30 members of the cast. Bouquets were presented "Tambo," John McDermott; "Bones," Arthur Devine and "Susie," Maurice Furlong. The show was side-splitting, John E. Elmore, director and interlocutor, being in fine fettle, and the end-men more ready with local hits than ever. Rev. J. Ryan, Rev. H. G. Ramage and Rev. W. J. Mallette were present. The money raised will be used for the fund of the proposed new West Side school.

HELP GET HOTEL STARTED ON TIME

Business Men Meet and Volunteer—Means Much to St. John.

Close to the time when work is to commence upon the new Admiral Beatty Hotel on King Square and as a spirited co-operation in having this big project launched on scheduled time, a voluntary committee of citizens met this forenoon and decided to close out the whole campaign within the next fortnight.

The hotel project has met with excellent support in St. John and throughout the province but a fragmentary amount of the local stock remains unsold, doubtless due to a mere matter of shortage of time in fully interviewing the investing public.

The hotel project is so important to this community, so desirably necessary to the expansion of our city and port and the social and sporting life of New Brunswick that the remaining amount of stock is a mere bagatelle as compared to the large gross of funds already subscribed and guaranteed.

The hotel is scheduled to be commenced early next month. So far all the money but a negligible amount has been subscribed. This the local firm is gathering in its daily routine. But to have the hotel begin on time, to get into the stride of the new boom of which the city seems assured within the next few years, local business men—who met of their own volition and will work on their own initiative—will address themselves right off.

USE PIKE TO RAISE ATHLETIC FUND

Idea is Being Worked Out for Exhibition Week Here.

Several local athletic clubs have conceived a new idea for raising funds to help finance amateur sport in this city. They decided to secure a site on the Pike at the exhibition and to open amusement booths. It is felt that by doing this they would not only be taking a step towards putting sport on a sounder basis, but incidentally money thus derived would remain in the city and not be taken away by strangers.

TWO YEAR SENTENCE ALLOWED TO STAND

Youth is Tried for Throwing Nails on the Rothesay Road.

A sentence of two years in the penitentiary was suspended by Magistrate H. G. S. Adams this morning in the Brookville Court, when a 16-year-old youth was brought before him, charged with wilfully and maliciously doing damage to property. The magistrate warned him that the offence with which he was charged was an indictable one, but the boy chose to accept the jurisdiction of the magistrate and pleaded guilty to the charge.

Workmen were engaged this morning in effecting minor repairs to the bottom of the Parvboro schooner "Vilda A." which went on a reef off Manawagonish Island last Friday and later was towed into Market Slip. CREATES A NEW INDUSTRY HERE

S. J. Holder Manufactures Dump Carts—Sells First to the City.

Flouting the idea that modern dump carts could not be manufactured in this city Samuel J. Holder of the North End went ahead and made two, which it is contended not only compare favorably with those made in other centres, but surpass them in many respects. The two wagons have been taken over by the city public works department and Mr. Holder has been ordered to go ahead and manufacture three more.

Mr. Holder, in conversation with a Times-Star reporter said this is the first time that carts of that type were ever manufactured in this city. They are constructed with a patent regulation hand and foot dump, which when released opens the bottom of the cart and allows the contents to fall out. He explained that he has placed two new patents on the carts one for holding the foot lever to prevent the release of the gear until desired, and another to hold the chain in the rear of the wagon and prevent it from slipping.
