MAIL ORDERS

We solicit out of town orders which
receive our personal attention. The
length of time taken to fill orders is
governed very largely by how busy we
are in the department of our factory
in which the particular goods are
made. While we have exceptional
facilities for promptly turning out
goods, it is important to place orders
as far ahead as possible. Orders are
filled by us in the rotation in which
they are received, and customers can
always depend on our doing everything
in reason to give prompt despatch.

FIRST COUNT IN GRAPHIC CONTEST

Weston Chisholm, New Carlisle,
Leads, J. F. Marcotte Sec-
ond

The race is on—who will be the win-
ner. While the first announcement of the
standing gives Chisholm a small lead,
with Marcotte a close second, that
does not argue that the others are
beaten. The contest is yet in its in-
fancy, and thirty-six new subscriptions
to the Graphic, at \$1.00, would place
the lowest, at the highest place, so
there is still a chance for the lowest
to pull up.

Get busy. Get your friends to work
for you. The prizes are worth striv-
ing for.
The following is the standing of the
different candidates:
Miss Amy E. Beck, Chandler, P. Q.,
36,000.
Weston Chisholm, New Carlisle, P. Q.,
30,000.
Mrs. Wm. Copeland, Dawsonville,
N. B., 2,000.
Miss Margarette Jessop, Newpor-
t, P. Q., 2,000.
J. F. Marcotte, New Carlisle, P. Q.,
70,000.
George Wilkins, Shives Athol, N. B.,
14,000.
Miss Greta Johnson, Dalhousie, N. B.,
2,000.

Subscribers to the Graphic in re-
mitting, should have the votes for their
subscription, placed to one of the
contestants. Help your friends in this
contest.
Don't forget that the twelve mer-
chants enumerated below, will give you
votes in this contest for purchases
made at their stores. Besides the
small colored coupons, they will if
you ask for it, give you an order on
the Graphic for 100 votes for every
\$10.00 purchase, or 1 vote for each cent
spent at their stores.
Remember, these votes can only be
procured at these stores:
Thos. Wran, Druggist.
Leon Cantin, Jeweler.
Central Book Store, Stationery, Etc.
J. F. Gallagher, Dry Goods and
Ladies' Wear.
Geo. St. Onge, Groceries and Provi-
sions.

I. Floyd, Butcher.

The standing of the candidates in
this contest will be announced each
week. Contestants should bear in
mind, that there are four prizes, each
of which are worth working for.
Now see who will head the list next
week.

ENTERTAINMENT FOR THE SUFFERERS

Fund to be Started Here For The
Benefit of Those Stricken by
The Disaster

There is a movement now on foot,
to raise a fund for the benefit of the
Newfoundland sufferers, in the recent
disaster. Numerous requests were
made to His Worship the Mayor, and
he is now making arrangements for
the opening of a subscription list.
Newfoundland people came to the help
of Campbellton, when its people lay
stricken under the fire of 1910, and it
is the feeling that this action should
be reciprocated by the citizens. It is
proposed to take up a special collection
in the churches on Sunday, 26th
April, and an entertainment will be
given in the Opera House, probably
on the 28th April. Mr. S. W. Dimock
will show a series of moving pictures,
and a number of local artists will as-
sist in the program. The admission
will be 25 cents, and an opportunity
will be given for any one to subscribe
towards the fund on that evening. Full
particulars of the entertainment, and
progress of the collection will be given
in our next issue.

FIRE AT SEAL COVE

In a fire which destroyed a dwelling
house at Seal Cove the other day, two
men, brothers, named Matthew and
John Lerke had a narrow escape from
death. Neighbors who saw the fire
just got there in time to save the men
from burning. There was no insur-
ance on the building and the loss is a
heavy blow to them.

DESERTEE

Harry Johnson was arrested here on
Saturday on a warrant from the Que-
bec Military authorities, charged with
desertion.

LAST MEETING OF THE OLD TOWN COUNCIL

Arrangements Are Made to Ex-
tend Relief to the Sufferers in
the Newfoundland Disaster

The last meeting of the old Town
Council was held on Tuesday evening.
His Worship Mayor Andrew presiding.
There were present Councillors White,
Ellsworth, Pinault, Lunan, Miller,
Alexander and Quinn.

The minutes of the previous meet-
ing were read and confirmed.
Communication read from Mr. J. R.
Brown, regarding proposed lecture on
Taxation. The date set for Council,
viz. April 22nd, was quite agreeable to
Mr. Brown. Letter filed.

Communication from Marine and
Fisheries Department, St. John, with
regard to maintenance of Arc lights
on wharf, was referred to Electric
Light Committee.

Petition for license from J. E. Bel-
anger and George Cote, for a gasoline
engine repair shop, was referred to
Police and License Committee.

Communication read from D. A.
Stewart, M. P. P., informing the
Council, that the town's legislation had
passed Committee with the amend-
ments as suggested and accepted by
Council. These are that Assessment
lists be posted by the Assessors, and
petitions for reduction of rates to be
taken before the council issue any
more debentures. The letter was or-
dered filed.

Reports recommending payment of
accounts were received from,
Electric Light,
Pinault,
Water and Sewerage,
Public Charities,
Fire Protection,
which were received and adopted.

Councillor Lunan from Police and
License Committee, presented report,
recommending that a barber shop li-
cense be granted W. Sandford Smith,
on payment of \$10.00, and a license
for repairing shop to Belanger and
Cote on payment of \$20. Report was
received and adopted.

Councillor Ellsworth from Assess-
ment and Appeals Committee, present-
ed report recommending that the ap-
plications for reduction of Assessment
from S. M. Moores and White Drug
Co., be not granted. Report received
and adopted.

Councillor Pinault from the Public
Property and Streets Committee
brought up a matter, which had been
often talked over in Council, viz., that
of naming the streets of the town, and
to bring the thing officially to the no-
tice of Council, recommended that the
old streets in the town be renamed as
follows:—

Old Union Terrace and Patterson St.
be changed to Dalhousie St. running
from Andrew to shore of river.

Central St. be changed to Patterson
St. from new Dalhousie St. back.

Stanley St. East to be changed to
Wellington St. making total length of
street from Andrew to Prince William
Gerrard St. to be changed to Rose-
berry St. running from Andrew St. to
upper end of town.

Miller Lane to be changed to Alex-
ander St. from Water to Rock Cut.

Minto St. to be changed to Gerrard
St. from Roseberry back.

Gerrard Lane to be changed Colum-
bus St. from Roseberry St. to Lans-
downe St.

We would also recommend that new
streets be named as follows:—
Lansdowne St. to be the name for a
new street parallel and next to Dun-
can St., upper end of town.

Victoria St. to be the name for a
street next to Lansdowne and next to
Wellington.

Miller St. to be the name for street
from Aberdeen St. up and parallel to
Adams St.

Arran St. to be the name of street
next to Victoria St. and being on the
Pinault's property, from upper end of
town to Harquail's factory.

Christopher St. to be the name of
street on Christopher property and be-
ing parallel to Roseberry St.

Danlac St. to be the name of first
street on Matheson flat.

Eyton St. to be the name for second
street on Matheson flat.

Mary St. to be the name of street
next southerly to Arran St.

After discussion on this, which was
explained by Councillor Pinault from
the plan of the town the matter was
laid over for future consideration.

His Worship brought to the notice
of the council the idea of assisting the
recent sufferers in the Newfoundland
disaster. He said at the time of the
fire they had given up help to the ex-
tent of about \$700. He had spoken to
all the ministers with the exception of
Rev. Fr. Wallace with regard to tak-
ing up collections in the churches.

Councillor Pinault thought the idea
a good one, as we should reciprocate
any such kindness received. He would
personally see Fr. Wallace so that all
the churches would be in line.
Comm. Lunan thought that we ought
to do something but with our finances
so straitened he would prefer to see the

NOTHING YET DONE IN INVESTIGATING

House at Fredericton Met Last
Night, But Deal With Only
Routine Business

(Special to Graphic)
Fredericton, April 16th.—The legis-
lature reassembled last night here, but
only sat for a short time. Mainly
routine business was transacted, and
no move was made by the government
with relation to either the Timber Bon-
us charges against Premier Flemming
or the Valley Railway. The Dugal
charges should be investigated at once,
before any thing else is done, as it is
the feeling here, that the government
will lose prestige every day they put
off the evil day.

BUY AT HOME

CONTEST A SUCCESS
Results Are Beyond Expecta-
tions And Contest Only Just
Started

The Buy at Home campaign now be-
ing conducted by the Campbellton
merchants, is proving a great success.
April business has this year, greatly
exceeded last year's, and at all the
stores, results are more than satisfac-
tory.

The vote coupons are being asked
for by every purchaser, and the ones
interested in the contest for the Ford
Auto, are working hard. Not only are
they asking their town friends to buy
at home, but they are encouraging
their country friends to come to Camp-
bellton to make their purchases, in-
stead of sending their orders to dis-
tant mail order houses.

The merchants interested in the
Automobile Contest, are making every
effort to build up a permanent trade,
and are all striving to give exception-
al values and prompt service.

The stores where Automobile Con-
test coupons can be procured, are as
follows:
Thos. Wran, Druggist.
Leon Cantin, Jeweler.

Central Book Store, Stationery, Etc.
J. F. Gallagher, Dry Goods and Ladies'
Wear.

Geo. St. Onge, Groceries and Provi-
sions.
A. A. Andrew, Andrew's Clothing
Store.

Miss Ulickan, Milliner.
Ferguson Bros., Gents' Furnishings.
The Lounsbury Co., Furniture, Etc.
F. E. Shephard & Co., Ladies' Outfit-
ters.

H. C. Montgomery, Jeweler and Sport-
ing Goods.
I. Floyd, Butcher.

The above list contains the leaders
in their respective lines, and we assure
our readers that they will be well
treated by dealing at these stores.

With reference to the Graphic, a
new subscription counts 2000 votes,
and renewals, 1000. Many new sub-
scriptions have already been received,
and all the candidates are soliciting
subscriptions. If you are already a
subscriber, send it to an absent friend,
they will appreciate its weekly visit
as much as a letter from home.

Remember that on payment of ac-
counts, dated previous to February 1st,
you are entitled to double votes.

The first count of ballots takes place
next Wednesday, April 22nd, so be
sure to have your votes in on Tuesday,
the 21st, so that they will be increased
50 per cent.

Some new candidates have entered
the contest, and all are working to win.

IMPROVEMENTS AT TOWN OF DALHOUSIE

E. R. Gaudet of The Queen Hotel
Has Completely Renovated
Premises

Mr. E. R. Gaudet of the Queen Hotel
Dalhousie, has made a lot of improve-
ments on his premises there. A large
addition has been made to the old
house, and the covered verandah ex-
tends the full length of the front. The
bedrooms have been all newly painted
and decorated, and the public rooms
have been enlarged and renovated.
A great deal of extra comfort is now
felt from the installation of hot water
heating throughout the building and
electric lights.

Among the students spending Eas-
ter their homes here were Misses Mona
McLennan, Jean Henderson, Kathleen
Dickie, Messrs. Earl Anker, Austin R.
Murray, and Rob. Shives.

TEMPERANCE PARTY CLEANING UP

Measures Being Taken to
Stamp out Illegal Selling of
Liquor at Dalhousie

The temperance party in Dalhousie
are making a strong bid to stamp out
once for all, the illegal selling of li-
quor which has been rampant in the
shirtown for a long time. To this
end, two detectives were engaged from
the Thiel Detective Agency at Mont-
real, and for some time back, have
been busy gathering information in
Dalhousie. In this they were assisted
by Officer Lawson and Constables D.
G. Stewart and Martin, the result of
their efforts being shown this week,
when a number of cases were called
before Police Magistrate Comeau. The
fight has been particularly keen, the
liquor men using every means to de-
feat the purposes of the temperance
party. It is even said that one against
whom proceedings were being taken,
made his way into the hotel where the
detectives were staying, with the ob-
ject of creating a disturbance against
them, but the plans did not mature.

In consequence of the information
gathered, four men faced Magistrate
Comeau on Wednesday, charged with
selling liquor without a license con-
trary to law. The first case called was
that of John Good, who was sentenced
to a fine of \$100, or three months in
jail. He paid the fine and costs.
Frank Diotte, who was charged on a
second offence, was sentenced to four
months in jail. The case of Joseph
Cameron, who was charged on a first
offence, was continued till Saturday,
owing to his presence being required
at home through illness in the family.

Henry Good, who was charged with a
second offence was found guilty, and
sentenced to four months in jail. Other
three cases will come up this
afternoon, and the evidence the tem-
perance people have gathered through
the detectives is said to be sufficient
to put every seller in Dalhousie out of
business. The final result of the two
detectives work, is looked forward to
with interest, as the temperance party
are not going to be satisfied with any
half measures, but are bent on having
a thorough clean up of all the places
in Dalhousie, where liquor is sold il-
legally.

NOMINATION DAY AT COUNCIL CHAMBERS

Albert A. Andrew Elected Mayor
For Another Term.—Only One
Contest For Ward Three

The court for nomination of candi-
dates for Mayor and Councillors, held
on Tuesday at the Council Chambers,
passed off very quietly.

As a result of the nominations this
year, there will be only one contest
that in Ward III, where John White,
Thos. Ellsworth and Chas. Goss were
nominated for the two seats. An elec-
tion will therefore be held next Tues-
day in and for that Ward.

In Ward One, Councillors Pinault
and Lunan, both retired, and to fill
their places, Messrs. James Evans and
John M. McLean were nominated. In
Ward Two, Mr. James W. Paterson
was nominated to fill Councillor Fer-
guson's place, who did not seek re-
election. Albert A. Andrew's name was
the only one put forward to Mayor,
and he will occupy His Worship's seat
for another term. There was no op-
position to Councillors Miller and
Alexander, as councillors at large,
they both being re-elected. As at pre-
sent constituted, the Council has three
new men in, who will make good fol-
lowers of the men they have replaced.

AILING WOMEN OF MIDDLE AGE

Mrs. Doucette Tells of her Distressing Symptoms During Change of Life and How She Found Relief.

Belleville, Nova Scotia, Can.—“Three years ago I was suffering badly with what the doctors called Change of Life. I was so bad that I had to stay in bed. Some friends told me to take Lydia E. Pinkham's Vegetable Compound and it helped me from the first. It is the only medicine I took that did help me and I recommend it. You don't know how thankful and grateful I am. I give you permission to publish what your good medicine has done for me.”—Mrs. Susan Dugan, Belleville, Yarmouth Co., Nova Scotia, Canada.

Such warning symptoms as sense of oppression, hot flashes, headaches, backaches, dizziness, nervousness, irritability, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness and inquietude, and discharges are promptly relieved by intelligent women who are approaching the period of life when woman's great change may be expected.

Lydia E. Pinkham's Vegetable Compound invigorates and strengthens the female organism and builds up the weakened nervous system. It has carried many women safely through this crisis.

If you want special advice write to Lydia E. Pinkham Medicine Co. (Send Postal) Lynn, Mass. Your letter will be opened, read and answered by a woman, and held in strict confidence.

Why He Was Late.

“What made you so late?”

“I met Smithson.”

“Well, that is no reason why you should be an hour late getting home to supper.”

“I know, but I asked him how he was feeling, and he insisted on telling me about his stomach trouble.”

“Did you tell him to take Chamberlain's Tablets?”

“Sure, that is what he needs.” Sold by all dealers.

MISSION RESERVE MATTERS IN HOUSE

Hon. Chas. Marcell Brings Out Some Points of Interest in Committee of Supply

In the House of Commons last week the committee of affairs at the Mission Reserve was aired by Hon. Chas. Marcell.

When the vote for medical attendance and relief to Indians came up, the member for Bonaventure sought further information.

Mr. MARCELL: Is there a permanent physician for the Restigouche reserve?

Mr. ROCHE: No.

Mr. MARCELL: What arrangement is there at that place? It is a very large reserve.

Mr. ROCHE: No arrangement has yet been made for a permanent physician. Whenever a physician is required, he is called in.

Mr. MARCELL: I understand that Dr. Pinault, the former physician, was summarily dismissed. He is one of the most distinguished physicians in the province of Quebec, a former house surgeon of the hospital at Quebec. He was physician in charge of these Indians, but was summarily dismissed without investigation or a chance to say a word in his behalf, and a new medical man was appointed but refused to accept the position. Dr. Price, I think, was the man who refused. It was then passed over to Dr. Martin.

I do not know who the physician is now, but I understand that the position is very unsatisfactory and may cost the department more than under the old system.

Mr. ROCHE: This is the first time this has been brought to my attention; it must have been before my time.

However, I shall make inquiries. I have not had any personal complaint in regard to medical attendance there; but I understand that no appointment has been made.

Mr. BELAND: Has the minister before him the total number of Indians in Quebec?

Mr. ROCHE: The number is 14,842.

Mr. MARCELL: Were there no legal expenses in the district of Gaspé at all?

Mr. ROCHE: No.

Mr. MARCELL: The rumour is revived every year that owing to the proximity of the Restigouche reserve to the town of Campbellton it would be in the interest of the Indians to have the reserve removed to some other locality.

Mr. ROCHE: I understand that a sawmill firm wanted to secure a portion of the reserve for a pulp mill, but the Indians have expressed their unwillingness to surrender.

Mr. MARCELL: A portion of the reserve is now held by the Baie des Chaleurs mill, and I understand that a proposal was made by another sawmill firm to take the rest of the reserve. The department has refused it.

Mr. ROCHE: It has, because the Indians refused.

Mr. LEMIEUX: If the department decides to transfer a part of the reserve the minister will, of course, get the consent of the tribe. I read a letter in the House a few days ago from the chief of the Caughnawaga tribe, and I think it would be well if the minister would make some reassuring statement in regard to that.

Mr. MARCELL: Was the application for the Restigouche reserve made by an American or a Canadian company?

Mr. ROCHE: So far as we know, it was made by a Canadian company.

Mr. MARCELL: There is no intention on the part of the minister to change the law with regard to getting the consent of these Indians?

Mr. ROCHE: No.

SIR WILFRID LAURIER: What is the object of the amendment to the Indian Act?

Mr. ROCHE: The Act at present provides that when an Indian Reserve or part of a reserve is required, adjacent to a city or town of 8,000 population, or over the land can be secured by reference to the Exchequer Court. The amendment widens that giving us power to secure lands whether adjacent to a city of 8,000 population or under.

Mr. MARCELL: Under that amendment this reserve can be secured.

Mr. ROCHE: Not until the Exchequer Court and Parliament pass upon it.

Mr. MARCELL: There is no proceeding of that kind under way in this case.

Mr. ROCHE: No.

On the vote for repairs to roads and drainage. Mr. Marcell asked: Is anything to be spent on the Maria reserve?

Mr. ROCHE: No. We have that reserve under consideration and may have something for it in the Supplementaries.

Mr. MARCELL: Is part of this money to be spent on the main highway in Restigouche or is it for a new road?

Mr. ROCHE: It is to improve the existing road.

Mr. MARCELL: The presence of that sawmill on the Restigouche reserve has been a constant source of trouble between the proprietor of the mill and the Indians. During the time I had something to say in the matter I used to get a letter or two every week. The Indians were constantly complaining to the department on questions between the proprietor of the mill and themselves.

Mr. ROCHE: There are no complaints now.

Mr. MARCELL: Has the minister the total amount spent for medical attendance on the Restigouche reserve?

Mr. ROCHE: Dr. F. J. Desmond, \$10; A. Martin, \$208.50; L. G. Pinault, \$37.25; J. Price, \$13.

Mr. MARCELL: Does the minister not think that the department and the Indians would be better served if one doctor was appointed for each reserve, rather than having three or four doctors running around from place to place.

Mr. ROCHE: Generally speaking I think it would be better, and I will make inquiries with a view to adopting that suggestion.

Mr. MARCELL: I hope the minister will see his way to reappointing Dr. Pinault, who is recognized as one of the best men, and he has certainly given satisfaction to the department in the past.

REMARKABLE CURE OF RHEUMATISM

Sept. Of Sunday School In Toronto Cured By "Fruit-a-tive"

R. A. WAUGH, Esq., Toronto, Ont., Oct. 1st, 1913.

“For a long time, I have thought of writing you regarding what I term a most remarkable cure effected by your remedy ‘Fruit-a-tive’.”

I have lived in this city for more than 12 years and am well known. I suffered from Rheumatism especially in my hands. I have spent a lot of money without any good results. I have taken ‘Fruit-a-tive’ for 10 months now and am pleased to tell you that I am cured. All the enlargement has not left my hands and perhaps never can do any kind of work. I have gained 50 pounds in 12 months.”

R. A. WAUGH, Esq., 35 Devonport Road, Toronto, Ont.

“Fruit-a-tive” will always cure even the most stubborn cases of Rheumatism because it is the greatest blood purifier in the world and acts on the bowels, kidneys and skin.

“Fruit-a-tive” is sold by all dealers at 50c a box, 6 for \$3.00, trial size 25c, or will be sent on receipt of price by Fruit-a-tives Limited, Ottawa.

THAW'S PETITION FOR HABEAS CORPUS WRIT IS GRANTED

Concord, N. H., April 14—Harry K. Thaw's petition for a writ of habeas corpus was granted by Judge Edgar Aldrich of the United States district court today. The court said, however, that no order would be issued for the prisoner's discharge from custody until arrangements had been completed to take the case to United States supreme court on appeal.

Thaw's petition for admission to bail the court left undetermined, taking the ground that it would be more appropriate for this to be passed upon by the supreme court.

The result of the decision is that Thaw's guardianship and condition will be unchanged for the present; but that his petition for a writ of habeas corpus will go to the highest court in the land, with a decision of the lower court in his favor.

Mr. ROCHE: Dr. F. J. Desmond, \$10; A. Martin, \$208.50; L. G. Pinault, \$37.25; J. Price, \$13.

Mr. MARCELL: Does the minister not think that the department and the Indians would be better served if one doctor was appointed for each reserve, rather than having three or four doctors running around from place to place.

Mr. ROCHE: Generally speaking I think it would be better, and I will make inquiries with a view to adopting that suggestion.

Mr. MARCELL: I hope the minister will see his way to reappointing Dr. Pinault, who is recognized as one of the best men, and he has certainly given satisfaction to the department in the past.

S. S. CANADA MAY NOT RUN THIS SUMMER

Government Understands That the Steamer Will not be Available.—No Arrangements Yet

In the House of Commons last Tuesday, Hon. Chas. Marcell interrogated the government with regard to the Campbellton-Gaspé steamer service, and the new freight shed at New Richmond.

Mr. MARCELL:

1. Has the steamer “Canada,” under contract for the service between Campbellton, N. B., and Gaspé, Quebec, undergone an inspection by the Government inspectors during the present season and been overhauled in dry-dock?

2. If so, what has been the result of such inspection?

Mr. HAZEN: The S. S. Canada was inspected by the Government inspectors and granted a certificate on the 15th May, 1913; this certificate expired on the 1st December, 1913. No further report of official inspection has yet been made to the department, and no certificate for 1914 has been issued.

1. Is the Department of Trade and Commerce aware as to whether the steamer Canada is to perform the service between Campbellton, N. B., and Gaspé, Quebec, this season?

2. In case the Canada does not perform this service, has the department received any offer to substitute any other steamer?

3. If so, what is the steamer, and has any agreement been entered into to that effect, or is any under consideration?

Mr. G. E. FOSTER:

1. The department understands that the steamer Canada will not be available for a service exclusively between the Campbellton-Gaspé route.

2. There is a proposal under consideration by which a service will be given over the Campbellton-Gaspé route.

3. No arrangement has as yet been concluded.

NEW RICHMOND FREIGHT SHED

Mr. MARCELL:

1. Is a freight shed being erected on New Richmond wharf, Quebec?

2. What is to be the cost of this building and who is doing the work?

3. Were tenders called for, who secured the contract, and at what price?

4. Who is overseeing the work, and who recommended the appointment?

Mr. ROGERS:

1. Yes.

2. \$173.03.

3. No; work done by day labour.

4. Under the supervision of the district engineer, foreman Mr. James Lynd, recommended by Mr. David Champoux.

CAUGHT SILVER FOX AND LITTER OF SIX

(From the Gloucester Northern Light)

A valuable find was made by Messrs. Thomas and Harry Moore, of Garnet settlement, near Ben Lomand, on Friday when they came upon a silver black fox and six black pups within a few miles of Ben Lomand. The two men were looking for timber when they saw the mother dart into a hollow log. Blocking the exit, they cut a hole in the log and soon had the valuable animal secure in a sack. Within the log were found four flourishing pups and these also were taken. The animals were taken to Garnet Settlement, where they were sold by Messrs. Moore as soon as a satisfactory offer was received.

Oscar Seagle is a staunch democrat, and proud of his American lineage. The baritone's family, who are southerners, lost most of their fortune during the Civil War, and as the father died while quite young, the family was left in rather straitened circumstances. So Oscar, fired by the spirit of independence, sought one vacation to earn some money for himself, and arranged to accompany the driver of a laundry wagon on his rounds and collect the packages of laundry. Some years later, meeting one of the society ladies in London at a dinner party, the lady said: “Where have I seen you, Mr. Seagle?” “Your face seems very familiar.” “At your bank, dear, many times, often, when you came to complain that your husband's collars were not properly done,” explained the singer, with a twinkle.

PICTOU YOUNG MAN DIES AT DALHOUSIE

Took Over Dose of Bromides And Died a Few Hours Later.—Body Sent Home

(Special)

Dalhousie, N. B., April 18th—A very sad death occurred here on Friday, when Fred Thorne of Pictou, died suddenly from taking an over dose of Bromides. This young man came here a few weeks ago as a barber and was engaged to serve with Mr. Louis J. LeBlanc. A few days ago he acted as if he had been drinking, and applied to the druggist for something to sober up. On returning to the barber shop, on Friday about noon, he went upstairs to his bedroom, took a dose of the medicine, came down stairs with a cigarette in his mouth, took a seat reading a newspaper, and in less than a minute, fell back unconscious, and remained in that condition, until he died at four o'clock in the afternoon. Two doctors were called, and every effort made to save the young man's life.

The remains were taken to Pictou on Monday's Maritime, accompanied by the father, Mr. Joseph Thorne. The unfortunate young man was one of a family of ten. Mr. and Mrs. Louis J. LeBlanc and their friends, deserve credit for the interest they took in this unfortunate case.

RIGHT OR WRONG

A correspondent in Fredericton sends us the following which has much to commend it.

"Politicians and especially politicians in power, are targets for the gossip, for those who love to criticize, for others who are envious and fault finding, and for some who investigate first and praise or condemn afterwards.

There are too few of this last class, and there are too many of the scandal mongers, who love each morsel of political gossip if it will reflect on some one in power, who pass it on as 'the latest' with some addition, and who even invent and circulate some new yarn to keep it company.

This is a great year for the scandal lovers. The names of big men and their associates are bandied freely. If smoke indicates fire, there must be quite a blaze somewhere. If the gossip has placed the volcano in its proper spot, we may expect to see a goodly portion of the administration scorching out of sight very soon, and what will become of friends and officials, no one can foresee.

Is there any reason for all this talk? It is only fair to those who are talked about, that this inquiry should be made. It is only fair to the officials whose reputations suffer by the loose charges in circulation, that they should be freed from unjust suspicion. If the gossip is not warrant.

It may all simmer down to a question of what is right and what is wrong, or rather as to the point of view from which consideration is given. A member may be a lawyer and yet when he supports a bill in the House have a retainer from the promoter in his pocket.

Is that right or wrong? The lawyer might say he did no harm, and yet he would not like it to be generally known that he was acting as solicitor for the man who wanted legislation. Anything that will not bear the public inspection is pretty sure to be wrong.

A departmental official may have a large interest in a company that gets large contracts from the department of which he is practically in control most of the time. Is that right? He and his friends openly claim that there is no harm in it. Yet those who are inclined to look at public transactions from the view point of the people would not agree that this official can protect his own interests and the people's at the same time. He may have the approval of his superior but even that will not right the wrong. Again neither he or his superior may be conscious of wrong doing. After all they are only doing what the lawyer member did when he pocketed his client's fee.

For example—a man—say a member of parliament, has a farm to sell and can't seem to find a buyer that will give him his price. It occurs to him that the Farm Settlement Board may want it. How can it be managed? He resolves upon a plan and a day or two later transfers it to a close friend. He, in turn, sells it to the Farm Settlement Board for a handsome sum. That was a simple real estate transaction. The member's friend got the money and that is all the Farm Settlement Board knows. The member hasn't the farm and the money—no one knows where that is.

But the transaction is closed and has any one done any harm? The member would have created a sensation had he transferred his farm direct to the Farm Settlement Board, so he had the transaction, as he thought, but he was like the ostrich with its head in the sand. The Commercial agencies send out their reports of real estate transfers and there it reads "Mr. Mulcahey to Mr. Snodgrass, Certain Lands, Consideration \$1.00."

"Mr. Snodgrass to Farm Settlement Board, Certain Lands, Consideration \$1.00."

These were not the names or amounts. The transactions were made under cover, so the old saying may be again remembered "If it won't bear the light of day it's wrong." A large railway company with an enormous contract with the government, seemed to think it would be in its interests to employ a member of the government as its solicitor, and did so. Apparently without the knowledge of his colleagues, this member of the government, acted as the Company's solicitor, while at the same time as a member of the government, he was supposed to be guarding the people's interests.

Was that right or was it wrong? Could he serve two masters? Could he take large sums from the Railway

Company and refuse to do what it wanted, that would be contrary to the public interest? In England, such a man would be hotted from public life. In New Brunswick, he was—promoted.

Can a government, when there is a general election—or a bye election—accept large sums from big contractors to ensure its return to power? No, not as a government, but as individuals needing some slight assistance in such an emergency, contributions of this sort are usually received with enthusiasm and the Quid Pro Quo is consideration in the future.

Does that mean, perchance, a further guarantee of railway bonds? If so, the old gossip is correct for once, for this Quid Pro Quo is about due. "Serves the people right," said an irate old gentleman a few days ago, "They began this thing when they started to sell their votes."

Now the ordinary country voter would be insulted if any person accused him of selling his vote. The money he got was not for that. It was for the loss of his time, the use of his horse taking him to the polls, etc. He did not sell his vote. How then can legislators be blamed for deceiving the people, when the people deceive themselves?

A large industrial enterprise comes to the House of Assembly in Fredericton, and gets most generous assistance in the shape of a provincial guarantee of bonds. Soon after, one of its important positions goes to a son of one of the members of the government. Is there anything wrong in that? "No," say some, "Rank" is the verdict of others, and after all, its according to the way the thing is looked at.

Another minister has an enterprising son full of business and anxious to go ahead. A large concern gets nearly half a million contract from his father's department. He, in his turn, hustles and gets a sub-contract from the contractor. He didn't think of the ethics of the matter. He wanted the contract and got it. But, from the people's stand point, was it right? Are not the interests of Contractor and father and son too much in common for the public to get a fair deal? It may be possible for the minister to hold the scales of justice with a firm hand, but the people would prefer that he did not have to hold them at all.

DISAPPOINTED AT ACTION OF COUNCIL

Prospects Not so Bright Now for Establishment of Pulp Industry

In an interview with the "Northern Light" this week, Mr. Angus McLean, General Manager of the Bathurst Lumber Co., and President of the Bathurst Pulp and Paper Co., expressed himself as very much disappointed at the action of the Town Council and the Legislature in reference to the Bathurst Lumber Co's application for legislation. So serious is the objection taken to the Act as it has passed the House, that Mr. McLean says that "the Company cannot go any further with their plans for the early construction of the pulp mill.

According to Mr. McLean, the bill as presented to the Town Council by the Company's attorney, Mr. Gilbert, for their approval asked only for privileges and concessions that were absolutely necessary to the success of the enterprise. The changes and amendments made by the Council were so sweeping that the whole project was now hung up.

Asked as to what particular sections of the bill were displeasing to the promoters of the industry, Mr. McLean referred to the taxation clause, and said that the fifteen year period for fixed taxation was not of sufficient length to be of any advantage. Thirty years was the shortest period that the Company could accept. Towns in the Provinces of Ontario and Quebec were offering industries of the same nature as the one proposed for here, not only total exemption from taxation for a long term of years, but even free sites, and in some cases free water. These were the plants that the Bathurst mills would have to compete with, as there are no mills in the Maritime Provinces manufacturing the same grades of pulp, and unless the Bathurst mill was in as favorable a position as they, it was hardly any use for it to attempt to enter their markets. Mr. McLean said that he did not believe that the people of Bathurst realized the tremendous difference the proposed industry would make in the town, or they would have been more anxious to secure it.

The section of the bill compelling the Company to construct a deep water landing for boats, with an entrance thereto, was most distasteful to the Company, as they could not see where they could put this without interfering so seriously with their land as to make it useless for the purpose intended.

The Act also provided that all laying of pipes or transmission lines, should be under the direction and instructions of the Town Council, and that the road to be built in lieu of the part closed between the iron bridge and Gloucester Lumber Co's mill, must also be done to the satisfaction of the Town

PREMIER FLEMMING AND HIS SILENCE

St. John Globe Does Not Understand Why the Premier Made No Statement

The St. John Globe says:

The Premier of New Brunswick was in the Legislature when a formal charge was preferred against him of fraud in connection with the administration of the Crown Lands of the Province. That he did not then and there repudiate and deny the imputations against his personal honor is as mysterious and as strange as his silence on a later date, when his masterful speech in introducing the Valley Railway legislation gave him a second opportunity to make, if he desired, a statement in his own behalf. This strange, this unusual, this unexpected silence at a time when most men—either innocent or guilty—would have said something, has only been made more mysterious by the fact that it was left for the Attorney General, a new member of the Government, to give voice to the Premier's answer. What has been said is explicit enough, satisfactory enough in its way, but everybody must regret that it was not said by the accused himself and on the first opportunity that offered. Perhaps it is not altogether fair to say the Premier should have spoken earlier than Thursday, as it was not until then that the charge was formally before the House, but it is certainly not unfair to say that there was nothing to prevent him speaking earlier, that most men would have done so, and that his failure to do so created surprise and regret and intensified the public anxiety with reference to a matter that cannot be too quickly cleared up and disposed of. It is apparent from the statement of the Attorney General, from the interview which Hon. John E. Wilson gave the Globe to-day, and from what is said by members of the Legislature, that the whole Government party has been shocked and stunned by these charges and has determined that, no matter who suffers, a thorough and impartial investigation shall be held, probably by a Royal Commission of Supreme Court judges. This will be generally more satisfactory than any investigation by a parliamentary committee and until it is held the advice already given should be kept constantly in mind, charges are not proof. Many Canadian public men have had charges preferred against them. Few, it is satisfactory to know, have been proven guilty of wrongdoing. Everyone hopes Hon. Mr. Fleming will be completely vindicated of the charges laid against him and that his innocence will be so thoroughly established that he will ever again dare doubt his honesty.

The lawyer who was trying to break a will argued his case at length before the Judge, and referred to the dead man all the time as the deceased—only he pronounced it "the deceased." This got on the Judge's nerves, particularly as the attorney took occasion to refer to "the deceased" an unnecessarily great number of times. "See here!" the Judge said testily at last, "you keep saying this man was deceased. Was he?" "Your Honor," said the lawyer pompously, "he was." "Deceased! Deceased of what?" asked the Judge. "Your Honor," replied the lawyer succinctly, "deceased of death, sir!"

Council. Strong objection is taken to these, as it leaves the Company open to any restrictions that the Town Council of the time might think of, and these might be very unreasonable, if it should happen that the Council was prejudiced against the Company. If the oversight of these matters were left to some single authority such as the Commissioner of Public Works, or the engineer of his department, it would be much more satisfactory to the Company.

Just why the Council saw fit to include in the Bill, certain clauses in reference to the placing of reference to the river, and details in regard to the construction of dams on the river, Mr. McLean could not understand, unless they had a desire to place all the obstructions they could in the way of the establishment of the industry, as these were matters altogether out of the province of the Council, and under the control of the Marine Department of the Dominion Government.

As the Bill was likely to be passed it gave the Company absolutely none of the concessions it asked for, and for that reason it was likely that the proposition would have to be dropped, or a site outside of the town found, which would not be under the restrictions that the already proposed site was.

EDITOR'S MAIL

Dalhousie, April 14th, 1914.
Thoughtful people here, wonder
where we are at, and are filled with
concern over the prospect before
our unfortunate town.
We have a bonded debt of \$105,000.
Seventy thousand of this, is said to
have been expended on a water sys-
tem, which has played out, and we
have practically no water. Our \$12-
000.00 dam, and the main as well, have
been leaking badly since last August,
and no intelligent effort has been made
to remedy the defect. As a conse-
quence, the mills, our greatest source
of revenue, have been cut off—are still
off, and our revenue diminished to the
vanishing point. As part of our water
system, the town also possesses two
artesian wells, capable of giving an un-
failing and large supply. The Engi-
neer advised that when a power house
was built, it be erected near these
wells, and they could be pumped as an
auxiliary, and never ending source of
fine artesian water. For reasons that
are quite evident, the power-house, in
spite of the Engineers recommendation,
was built half a mile from the
wells, and an expensive, powerful and
perfectly useless pumping plant in-
stalled therein. At the last Council
meeting, Mayor Montgomery offered
the town a well on his property, it is
stated, at cost of \$1500.00, with the
privilege of testing it for a year. In
this they propose placing a pump,
which is to cost \$750.00, which with
additional excavation, piping it to con-
nect with the present water main, will
bring the expenditure up to about
\$2000.00. People ask, why not pump
the present town wells? but there is
no logical answer.
Like all well regulated country vil-
lages, Dalhousie possesses a frog-pond
and hog wallow, of which it is inordi-
nately proud. This is encircled by a
fescue of fetid cesspools and privies
of ancient vintage, uncleared for gen-
erations, these effluence periodically
into this aforementioned swamp. Cen-
trally located in this seething mess, is
the Montgomery well, which our town
council proposes to use, and from
which it drains its supply and this is
the putrid concoction, under the name
of water, that our Town Council pro-
pose pumping into the town mains.
Certainly if this plan is carried out,
it will solve the problem of the high
cost of living for the citizens of Dal-
housie, as every time they turn on the
tap, they will draw a "full meal".
This plan will also cause a boom in
the "Angel" trade from Dalhousie, and
the "keeper of the Pearly Gates", will
work overtime, admitting them into
Paradise or Elsewhere, and most of
them will travel by the Typhoid, Dip-
theria or Dysenteric route, all bearing
tickets with the Dalhousie "Water

LAST MEETING OF COUNCIL

(Continued from Page 1)
thing done by private subscription
rather than a grant from the town.
Coun. White said we might wait and
see what could be raised and increase
the amount by a grant from the town.
Coun. Alexander was in accord with
Councillor White but he thought there
was some legal point involved that we
could not make a contribution from the
town's funds. The matter was left
over for further consideration.
For the election to be held in Ward
three next Tuesday Mr. Thos. J. Mc-
Devitt was appointed returning officer
and C. F. Lutz poll clerk.
Returning officer was ordered to
have in his possession a list of default-
ers, and no person would be allowed
to vote until his taxes were paid.
The Town Clerk was instructed to
look after the advertising of the locu-
tion on Taxation by Mr. J. R. Brown
next Wednesday evening and to pro-
cure suitable accommodation for the
lecture.
Coun. Pinault brought up the matter
of rent to be charged from Mr. B. M.
Moore for the use of one of the stores
in the town buildings. Mr. Moore
would like to know how much the
council were going to charge. The
fore store would be required near the
end of the month and would need to be
vacated before that time.
It was resolved to charge the sum of
\$15 for storage.
Council then adjourned.
"My little son had a very severe
cold. I was recommended to try Cham-
berlain's Cough Remedy, and before a
small bottle was finished he was as
well as ever," writes Mrs. H. Silks, 29
Dowling Street, Sydney, Australia.
This remedy is for sale by all dealers.

KEEP CANADIANS
IN THIS COUNTRY

Diversity of Employment Provides
Outlet For Varied Abilities—Les-
sons of Last Generation
The member for Queens, F. E. L., in
discussing the wheat question in the
House of Commons the other day ex-
pressed the opinion that Canada ought
to do everything in her power to en-
courage the milling of wheat within
her borders, as the by-products were
essential to successful stock raising
and dairying industry.
Looking backward, he recalled the
time when Canadian young men and
women had to go to the cities of the
United States for employment. In
fact, in New England there were
large colonies of French-Canadians
manufacturing boots, shoes, hats,
stoves and cooking utensils, besides
tools for artisans and also farm
machinery, for shipment to Canada.
We had reciprocity at that time, and
the prices that we obtained were not
half as good when we bought our
goods in the United States as they
are now in our home market. These
young men visiting their homes on
their summer vacations some years
ago, were missionaries in favor of the
National Policy that was adopted in
the year 1878. They said, "Why, we
have to leave our Canadian homes and
go to the United States in order to
manufacture goods for you there."
Hardly anything at all was manu-
factured in Canada. In the lower
provinces and especially in the pro-
vince of Quebec. The City of Lowell,
Massachusetts, is almost a French
city, populated by French-Canadians.
The rush of young Canadians to the
United States factories and cities was
unimpaired thirty years ago.
The movement to use
happily been arrested by the con-
sistent and stable trade policy which
Canada has enjoyed during the past
twenty years.

ELECTION NOTICE
Public notice is hereby given that at
a court for nomination of candidates
for Mayor and Councillors for the
Town of Campbellton held by and be-
fore me on the 14th day of April in-
stant, more than the requisite number
of persons for the office of Councillors
for Ward Three were duly nominated,
namely:
**JOHN WHITE,
CHAS. GOSS,
THOS. ELLSWORTH.**
A poll will therefore be opened in
said Ward Three on
TUESDAY, APRIL 21st
at Jas. R. Henderson's Building, Ger-
ard Street, at the hour of ten o'clock
in the forenoon and remain open until
four o'clock in the afternoon, unless
sooner closed as provided for by law.
I will be at the Town Council Cham-
ber, MURRAY BUILDING, Water
Street at 4.30 o'clock p.m., on the 21st
instant, to receive the return from the
said Ward Three and declare the can-
didates having the greatest number of
votes to be duly elected.
Dated at Campbellton, N. B., this
16th day of April, A. D. 1914.
JOHN T. REID,
Town Clerk.

What Do You Know About It?
That's what a customer asked me recently about a patent me-
dicine I had sold for years, and I was forced to admit that in real-
ity I knew nothing more than what appeared on the label, wrap-
per and advertising.
Some of the claims made were so extravagant that of course I
could not take them seriously, but I concluded I had better find
a line of remedies I did know something about.
**Nyal's

are manufactured by a House with a solid repu-
tation of over half a century.
The formulas are exceptionally good ones and are freely fur-
nished to the Drug Trade. There are no secrets simply because
they are honest and have nothing to conceal. If I didn't believe
in them I wouldn't recommend them to you.
Anything you buy with the name **Nyal's** will give you satisfaction.

Any assistance will be greatly appreciated. 1 p.d.

MOVES FOR WRIT

Mr. P. J. Hughes moved for a writ of prohibition in an election appeal from the county of Restigouche in the case of John Kerr, Frank Lapointe, Matthew MacDonald and Wm. B. Furlong, all electors from Durham, protesting against Councilors John Lawlor and Archibald Murdoch acting as councillors for that parish. The election took place in September last, and those applying for prohibition are the candidates who were declared elected, their protest being against a committee of the county councillors appointed for a review of the proceedings exceeding any authority in this respect, one of their main grounds for prohibition being that proceedings were not taken promptly for the recount. Having once adjourned, it was claimed the committee could not afterwards take up the counting. The Court considers.

THANKS

The Methodist church wishes to thank both the floral and music committees, for their efficient services on Easter Day. The floral decorations were well worthy of notice, and the rendering of the different numbers of the musical programme was of a high order. Those who were privileged to listen to the music, no doubt feel that the hour was by no means wasted. Decision Day observed in the Sunday School was very successful, and the special offering amounted to over \$100.00.

AN APOLOGY

We regret that we again have to apologize to some of our American subscribers, for incomplete copies of last week's Graphic, but we were altogether unprepared for the flood of subscriptions which came in during the first week of the Automobile contest. We had printed what we considered would meet all demands, but found that we were short when our mailing clerks came to the latter end of the lists. This week we have printed a large number of extra copies, which we trust will meet all demands.

WORTHY OF MENTION

Many comments were made by the people passing through the Subway on Friday last, on the attractive display of P. E. Shepherd & Co's windows, and interior of store. A carpet was run full length of the interior of the store, in front of the show cases, upon which were artistically arranged for exhibit, all of the season's newest ideas in costumes, coats, dresses, blouses, etc. The new wall case which the firm recently installed in their store was tastefully arranged with lingerie dresses. In the evening, the

store was illuminated and added greatly to the display which presented a fine appearance.

The plan is as simple as the offer is liberal. Any one can understand it after a few minutes explanation. During the Contest the business men who are participating in this trade booming carnival will give Automobile vote coupons on all cash purchases and for the payment of old accounts. With every five cent purchase a five vote coupon will be given. With every ten cent purchase a ten vote coupon will be given. With every twenty-five cent purchase a twenty-five vote coupon will be given. With every dollar purchase a hundred vote coupon will be given. With every \$10.00 purchase a thousand vote coupon will be given, and so to the amount of any retail purchase made of these business firms during the Contest.

HOW TO VOTE—On Every Vote Coupon given out by the business men who are in the Contest is a blank line, on which can be written the name of the person voted for. These names should be written plainly.

RULES AND REGULATIONS.
The Rules and Regulations governing this Contest have been made as fair and impartial as it is possible to make them, and the right to make new rules, or amend these rules is reserved by the management of the contest.
It has been the endeavor of the management to make the rules as simple and fair as possible, but giving all an equal chance.

READ THE RULES CAREFULLY.
Rule 1—Any lady or gentleman, girl or boy, not under twelve (12) years of age who is not the child of an employee connected with the Business Houses mentioned in this advertisement, or grandchild or niece or nephew of any of the participating merchants, may become a Candidate in the Automobile Contest by enrolling his or her name at the place of business of all the merchants who are joint participants in this Contest.

Rule 2—For all money paid to any of the participating merchants during the progress of the Contest, either on cash purchases or on account, coupons at the rate of one cent per vote will be issued, no coupons of smaller denomination than five votes will be issued.

Rule 3—Under no consideration shall the schedule mentioned above be changed nor shall any additional votes be awarded by any merchant at any time during the progress of the Contest, except as provided for in rule 12.

Rule 4—A sealed ballot box shall be placed in the store or office of each participating merchant for the reception of said votes. Said ballot box shall be

The Contest will continue until midnight of August 1st. The Auto will be given to the person getting the most votes during the contest and cash prizes to the second and third.

HOW TO ENTER
Any lady or gentleman, any girl or boy over twelve (12) years of age can enter this Contest by going to ALL of the above named places and enrolling his or her name in the Contest Registry Card.

opened by the said merchant in exactly three weeks from the date on which the Contest starts. The votes contained in said box shall be counted by him or by parties selected by him and the result of said counting shall be kept a secret.

Rule 5—The ballot box shall be again opened at the end of the second three weeks, and at the end of the following two weeks, and thence each two weeks until the close of the contest; the ballots counted in like manner and the result thereof kept a secret.

Rule 6—As an incentive to early casting of votes and to facilitate the counting thereof, the following bonuses shall be given. The votes cast for each contestant during the first period shall be increased 50 per cent. In other words, if Contestant A has 100,000 votes and Contestant B 80,000 votes, 50 per cent shall be added to the votes of each so that A will be credited with 150,000 and B with 120,000 votes.

Rule 7—The votes cast for each Contestant during the second period shall be increased 40 per cent; the votes cast for each Contestant during the third period shall be increased 30 per cent; the votes cast for each Contestant during the fourth period shall be increased 25 per cent; the votes cast for each Contestant during the fifth period shall be increased 20 per cent; the votes cast for each Contestant during the sixth period shall be increased 10 per cent; the votes cast for each Contestant during the last period, or until the close of the contest shall not be increased at all.

WHERE TO VOTE
There will be ballot boxes at each of the places interested in the Contest. The Ballots in each of these ballot boxes will be counted at the end of each period as specified in the Rules and Regulations, but as this count will be kept secret no contestant can find out how many votes another Contestant has, and as a result the Contest is bound to be fair and above board throughout.

Any further information necessary will be cheerfully furnished by any of the merchants interested, or upon applying to the Contest Editor, Graphic.

merchants, who shall tabulate the result certified to them by each merchant participating and shall award the Grand Prize of the Ford Automobile to the one who has received the greatest number of votes; \$50.00 in Gold to the one getting the second largest number of votes; and \$25.00 in Gold to the one getting the third largest number of votes.

Rule 9—No merchant taking part in the Contest or any employee of such merchant shall save coupons for, or in any way interest himself or herself in behalf of any Contestant.

Rule 10—Coupons shall be given in retail dealing only. Wholesale transactions must not be recognized as participating in this Contest.

Rule 11—Any Contestant buying vote coupons from any person, shall upon proof of such purchase, be disqualified from participating further in the Contest.

Rule 12—On all accounts dated two months or more previous to April 1st, and paid during the Contest double votes will be given.

In the case of the Open House and purchases of soda water or other drinks at Mr. Thos. Wran's Soda Fountain, each 5 cent purchase will entitle the purchaser to 25 votes or for each 10 cent purchase 50 votes. For subscriptions to the Graphic votes as per a schedule published elsewhere in this issue will be given, but on all other business only the regular one vote for each cent will be allowed.

Any violation of these rules should be reported to The Contest Editor, Graphic, when the matter will be immediately dealt with.

BUILD UP YOUR HOME MARKET

Farmers Should Patronize Local Trade Centers.—Avoid Box Car Merchant

There are two ways of looking at the subjects of home markets, and the subjects should be studied from both viewpoints if a reasonable correct understanding is to be arrived at.

It should be understood in advance that each community, inclusive of all the people who live in the market town and the farmers who surround it, is an industrial unit and that the prosperity of the individuals living in the community rises and falls, ebbs and flows, with the prosperity of the community as a whole.

One important aspect of the situation is that the farmer has a right to look for a good market for what he raises and has to dispose of. He is a producer, first of all, and must produce before he can consume.

The trading center Campbellton, where he would naturally expect to dispose of his surplus products is not performing its functions as a part of the community if it does not make preparation for buying everything the farmer wishes to sell, and the market should always be a cash market.

This much the farmer has a right to demand in return for the support he is able to give the town.

Could Get Better Prices

If the farmers have in Campbellton a market for their products or a great part of them they would obtain a much better price for everything they raise, and the consumer would pay considerably less than the people living in large congested centers.

To supply the needs and demands of the people living in the large cities great quantities of country produce are daily shipped to the commission merchants operating there.

The city consumer pays the price for living in the center of excitement, as he joins with the producer in sharing the cost of moving the farm products to the large cities; also the expense entailed in handling, storing and disposing of them.

Campbellton Is Entitled to Support.

On the other hand, having provided for a good adequate market, the town is entitled to the support of the farmers.

Furthermore, the only manner in which the market can be maintained is for farmers to give all their trade to the local merchants and keep their money at home.

The cow must be fed if she is to continue giving milk. You cannot draw more out of a cash than has been put into that cash.

If the farmers in the community persist in sending the money they receive for their products away from home to buy goods the time surely will come when there will be no money at home with which the town's tradesmen can buy the farmers' products.

This is the philosophy of the situation in a nutshell.

The residents of Campbellton who do not exert their every effort in its interest, to build it up and make it up and make it strong and prosperous retarding his own advancement. That's the logical reply.

RABBITS RAVAGE WESTERN FORESTS

Thousands of Acres of Young Trees Have Been Destroyed In Last Two Years

At a recent conference of Forestry Branch officials at Ottawa, the inspectors of Dominion Forest Reserves unanimously agreed that thousands of acres of young trees on these reserves have been destroyed by rabbits in the last couple of years. The bark of popular, jack pine and spruce seems to be equally acceptable to these rodents, and in many places so completely have the trees been stripped of bark at the base of the trunks that they have the appearance of a whitewashed forest. Especially do the rabbits like the young tender tree-seedlings in the forest reserve nurseries, and in one instance some thousands of green ash transplants were entirely consumed in one night.

It is hard to realize the great numbers of these rabbits in the West in some seasons, yet the rapidity with which they increase seems, strangely, to be one of the reasons the western Indians state that the disease which almost exterminates them every seven years or so is due primarily to starvation through lack of sufficient food.

The Australians were put to the necessity of building a wire fence almost across their continent to protect their crops from the rabbit plague there. The Forestry Branch has a similar problem in protecting the forest crops in the West from devastation. It was once proposed to put a little wire fence around each tree planted, but a forest is not an orchard, and some more practicable preventive will have to be found for the annual destruction caused by rabbits on the thirty-six thousand square miles contained in Dominion Forest Reserves.

THIS NEW MEDICINE SAVES YOU MONEY

We are druggists right here in your town and make a living out of the drug business, but it is because people have to have drugs and not because we like to see people suffer—we don't. Our duty is to render the best service we can, and when some one is ailing, we are interested in seeing them take the best medicine there is for their particular trouble. We don't recommend "cure-alls," as we don't believe there are such things. We don't want you to spend more than you have to. Some of you get small wages, and when you're sick, none at all, and you should get the most you can for your money.

We recently came across a new remedy for increasing strength and building up people who are run-down and emaciated. We know that a slight trouble sometimes grows into a serious one, and to stop it in the beginning, will save you money in the end. This new compound is called **Recall Olive Oil Emulsion**. It is the best remedy, when you are run-down, tired out, nervous—no matter what the cause. It doesn't merely stimulate you and make you feel good for a few hours, but takes hold of the weakness and builds you up to a healthy normal condition. It is a real nerve-food tonic and builder of good blood, strong muscles, good digestion. It contains Hypophosphites, which tone the nerves, and pure Olive Oil, which nourishes the nerves, the blood and the entire system. Pleasant to take. Contains no alcohol or habit-forming drugs. We promise that if you are not perfectly satisfied with it, we'll give back your money as soon as you tell us. Sold only at the 7,000 Rexall Stores, and in this town only by us. \$1.00. Thos. WELL-KNOWN LADY DEAD AT FLATLANDS

Mrs. Michael Ferguson Passes Away After Brief Illness Saturday Morning

The community was shocked Saturday morning to learn of the death of Adele, wife of Michael Ferguson, of Flatlands. Mrs. Ferguson was a highly respected member of the Campbellton Baptist church and was present at the service held in that church last Friday evening. On Tuesday she was taken ill and a physician was summoned from town. The disease was learned to be pneumonia with heart affection from which Mrs. Ferguson did not rally, passing away at 3 a. m. on Saturday.

Mrs. Ferguson was the mother of thirteen living children, a number of whom were residing at considerable distance from home. The absent ones were immediately summoned home. Miss Ina, a nurse in New York, reached her mother in time to lend her professional assistance, and Miss Mary, from Acadia Seminary, Wolfville, reached her mother but a few hours before the dread messenger. Frederick, of Vancouver, and Miss Isabelle of Jacksonville, (Florida) have not yet reached home.

In addition to the members of her own family there survive five sisters and three brothers—Mrs. James McDonald and Mrs. Frank McCallum, of Campbellton; Mrs. Dubay, of Providence (R. I.); Mrs. Thomas Downs, of Bangor, (Me.); Mrs. Stephen Ferguson, of Florida; and David Wyres, of Riverside, N. B. The bereaved family have the sympathy of the community, and especially of the church of which the deceased was an honored member.

THICK, GLOSSY HAIR

FREE FROM DANDRUFF

Girls! Try It! Hair gets soft, fluffy and beautiful—Get a 25-cent bottle of Danderuff.

If you care for heavy hair that glistens with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderuff. Just one application restores the beauty of your hair, besides it immediately dissolves every particle of dandruff. You can not have nice healthy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a thinness and itching of the scalp; the hair roots famish, and die; then the hair falls out.

Get a 25-cent bottle of Danderuff and just try it.

SACKVILLE MAN'S VALUABLE FIND

Young Foxes in Litter Thought to be Red, But Turn Out to be Black

Sackville, N. B., April 13.—While trapping in the vicinity of Morice's Lake, Middle Sackville, on Saturday, George McFee captured a red fox and her litter of seven pups. To his astonishment the family was found to include two beautiful black pups. Before he could get the his captives home the old fox made her get away. Mr. Thomson has the pups securely housed and is awaiting bidders. Needless to say the black pups are receiving the favors.

WHY DOCTORS PRESCRIBE 108 NOX A COLD

Because it is not a patent medicine but a prescription of a very eminent doctor. 108 Nox A Cold in one day. 25c and 50c per bottle at all drug stores. The White Drug Co., special agents.

An infirmity of character to adhere to it when discovered. The Chinese say: "The glory is not in never falling, but in rising every time you fall."

Error's Influence Upon Man

In its influence upon man error has been compared to a magnet concealed near the ship's compass.

As in the latter case, the more favorable the wind and the greater the diligence and skill in working the ship the more rapidly will it be speeded on in a wrong course. And so in the former—the greater the struggle for safety the more speedy the progress of ruin.

This is the position in which a farmer with whom the writer recently talked found himself.

This farmer, who lives but a short distance from town, has prospered and accumulated a considerable quantity of worldly goods and has always scribbled many errors on the white pages of life.

CARTER REPLIES TO ATTORNEY GENERAL

Says While Main Facts Were Known Some Weeks Ago, Only Got Evidence Lately

St. John, N. B., April 13.—Answering the statement of Attorney General Clarke that the timber bonus charges were purposely made in the dying hours of the session of the New Brunswick legislature to embarrass the government and block the Valley Railway legislation, E. S. Carter, Liberal organizer, who has been active in the matter says:—

"While the main facts were in my possession some weeks ago, the evidence necessary was not forthcoming until Friday, April 3rd. That was the day intended all along by the government for prorogation, but the Valley railway measure still hung fire because of the delay in hearing from the government committee sent to Ottawa. They did not return as soon as expected and everything was at a standstill, so that the legislature was adjourned until Monday. The grave importance of the information in my possession made me hesitate as to the course to pursue. I placed the facts before L. R. Dugal, M.L.A., as soon as I had them on Friday, and we both decided to lay them before men more experienced in parliamentary procedure. That decision accounts for F. B. Carvell's presence and the action that was taken in formally presenting the charges last Monday.

COURT WRIT ISSUED AGAINST PREMIER

For Recovery of Money Alleged to Have Been Extorted From The Lynch Estate

Woodstock, N. B., April 13.—A supreme court writ has been issued against James Kidd Flemming, Premier of New Brunswick, W. H. Berry and Edgar R. Teed, on behalf of the Timothy Lynch Company, Limited, lumberman, for the recovery of \$1,830 and costs, in connection with the alleged payment of money by the Lynch estate in the matter of timber bonus charges made on the floors of the New Brunswick legislature a few days ago. This action is taken by F. B. Carvell, K. C., M.P., who is solicitor for the Lynch company. It is announced that the basis of this suit is information in the possession of Mr. Carvell to the effect that the Lynch company, without the knowledge and consent of a sufficient number of its directors, is alleged to have paid over \$1,830, amounting to \$15 a square mile of its timber limits, in connection with timber bonuses.

Mr. Carvell says that the serving of the writ at this time is due to the fact that he has heard that one of the defendants contemplated a journey out of New Brunswick for his health, and that serving of the writ will inform him of the fact that his presence in this province is necessary during the immediate future.

"I have absolute proof that the Lynch company paid the money, and I believe as a matter of law that I can recover it," said Mr. Carvell. "Anyhow I am going to try."

Don't Grow Bald.

Use Parisian Sage.

If your hair is getting thin, losing its natural color, or has that matted, lifeless and scraggy appearance, the reason is evident—dandruff and failure to keep the hair roots properly nourished.

Parisian Sage applied daily for a week and then occasionally is all that is needed. It removes dandruff with one application; almost immediately stops falling hair and itching head; invigorates the scalp and makes dull, stringy hair soft, abundant and radiant with life. Equally good for men, women or children—every one needs it.

A large bottle of this delightful hair tonic can be had from Thos. Wran or any drug counter for 50 cents. You will surely like Parisian Sage. There is no other "Just-as-good"—Try it now.
