## L. E. McFARLAND IS HARTLAND'S NEW MAYOR

### New Council Elected By Acclamation Includes Four Former Aldermen—Successful Year Passed

Hartland has a new Town Council—its fifth—and over a one of them has been elected by the people. The personnel of the new council is Lewis E. McFarland, Mayor; W. B. Nixon, M. W. White, Aldermen for Goodwill Ward; H. H. Hatfield, G. Murray McLeod for Bradley Ward; H. R. Nixon, C. W. McQuarrie for MacMillan Ward.

Messrs. Hatfield, McLeod and the two Nixons were members of last year's council. Ald. White has had some experience in town matters, being revisor and also auditor. He has had a good clerical experience, having served with the C.P.R. for several years. Alderman McQuarrie is entirely new but he should prove a valuable aid in the town government.

The mayor is one of oldest and most highly respected citizens and so quiet and unassuming in manner has been during the nearly half century of residence here that when the honor of the chief office of the town was thrust upon him it was not only a surprise to himself but to most of the rate-payers.

He will fill the office creditably and if there is any honor attached to it no one in town is more deserving than Mayor McFarland. In past years he has had much experience in team work on various committees and he knows how to conduct a meeting. His manner is not verbose, but when he speaks he generally says something; he is a thinker and a man of clear-minded judgment.

Politics out much less figure in his affairs of men today than in former years, but it might be said incidentally that the new council is made up about fifty-fifty Liberal and Conservative.

On Thursday night there was a largely attended meeting of the citizens at the town hall, when ex-Ald. J. S. Faulkner was the chief speaker. He attempted to show that the town was very much more in debt than the annual statement would show, but he failed to make this altogether clear to his hearers; in fact the last analysis showed that the contrary was the case. At this meeting there were six nominations for mayor and 18 for aldermen. Those named for the office of chief magistrate were A. F. Campbell, E. C. Morgan, S. S. Miller, L. E. McFarland, J. S. Faulkner and C. E. Allen.

On Friday afternoon there was another hastily summoned meeting of the citizens and the first three nominees for mayor refused unconditionally to accept the honor and Mayor McFarland's nomination was made unanimous. The nominees for aldermen were sifted out and two were unanimously selected from each ward and the result of this meeting was the return of the new board by acclamation. The council has lost an active worker in the retirement of Ald. Hagerman, who, as chairman of the finance committee, rendered whole-hearted and capable service.

On Tuesday evening there was a special meeting of the town council when the following standing committees were appointed:  
Streets—H. H. Hatfield, C. W. McQuarrie, M. W. White.  
Water—W. B. Nixon, H. H. Hatfield, H. R. Nixon.  
Police—W. B. Nixon, G. M. McLeod, H. R. Nixon.  
By-Laws—C. W. McQuarrie, H. H. Hatfield, M. W. White.  
Finance—M. W. White, G. M. McLeod, C. W. McQuarrie.  
Poor—H. R. Nixon, G. M. McLeod, W. B. Nixon.  
The chief departments of the town are streets, water and finance. Ald. Hatfield remains chairman of the

### VERDICT FOR POTATO OWNERS

In the Circuit Court, before Mr. Justice Crockett and a jury at Woodstock, the case of C. E. Gallagher & Co., against the C. P. R., was decided on Saturday. It was an action to recover the value of three carloads of potatoes shipped by the plaintiffs in 1919 to New York, which the plaintiffs contended had been destroyed by reason of the negligence of the New York Central Railway at destination. Upon the answer of the jury, the judge ordered a verdict for the plaintiffs to be entered in the sum of \$3,745, the full amount claimed. Jones & Jones for plaintiffs; Dr. F. R. Taylor, J. C. for defendants.

### G. W. V. A. OFFICERS

The G. W. V. A. met in the armoury on Friday, January 5, and elected officers for 1923 as follows: President, E. A. Britton; 1st vice-pres., W. B. Nixon; 2nd vice-pres., James Hovey; rec. secretary, S. G. Barter; treas., P. C. Barter; an. sec., W. B. Nixon. These together with the following make up the executive committee—A. R. Rigby, James Pratt, F. L. Dickason, H. F. Baker, H. K. Golding. The aim of the Hartland branch during 1923 will be to push forward the erection of a suitable memorial in honor of their comrades who sleep in heroes' graves. The memorial fund in the bank now amounts to \$460.

## TRUSTEE PLUMMER TAKES A HAND

### Gives His Version and Views of Matters Pertaining to the School

A few words from me might be of interest to the rate-payers of our district. A person not taking interest enough to inform him or her self might think from reading J. Sterling King's article in The Observer of Jan. 4, that our school building was a desperate place, not fit even for swine, let alone children; no apparatus with which to do any profitable work and only a waste of time for a pupil to attend such an institution. Now I attended the reopening of our department after the Christmas vacation and can emphatically say it is not an institution devoid of good accommodations and apparatus as you might be led to think from just reading Mr. King's letter. The rooms are well heated and comfortable; good apparatus with which to do efficient work, and two rooms on the third floor where

it was said "pigeons do congregate." I found to be models of comfort, well-warmed and lighted. Now if any rate payer or parent is interested enough to come with me some school day, we will together visit this institution, which is so soundly denounced. If the parents of the children of this district will send their children regularly to school and the teachers will create within them a desire to know something we can turn out pupils of whom we will not be ashamed. We have done it in the past and can do it again. There went out from this school under less favorable circumstances scholars who in grammar schools and colleges have taken a leading place.

I will thank the editor of the Carleton Observer for space in his valuable paper.

## LATH SITUATION IS LOOKING SERIOUS

### Is the Pulp Wood Deal to Be Put Over Again Is Question Agitating Minds of Lumbermen

(Campbellton Graphic)  
The present lath situation continues to attract the attention and the curiosity of the lumbermen throughout the province and the question as to whether Uncle Sam is attempting to put over another pulp wood deal on our lumbermen is discussed on all sides. During the fall months very high prices were quoted for laths in the U. S., the result of a decision of the American fire underwriters insisting upon wooden laths being used in the construction of building. The steel ones having proved a menace in firefighting. Very attractive prices were offered by American buyers on rather one-sided contracts, similar to the pulp contracts of a few years ago.

The lath industry took on unusual activity, some of our mills making arrangements for an all winter cut. We learn now that an embargo has practically been placed on their transportation over American roads and last week a drop of 75 cents was announced followed by another drop of 25 cents to \$4.00. Building in the winter months is not active and with an overload market in April and May the embargo can easily be raised when the Yankees will probably dictate terms to our lumbermen. Let us hope that it is not too late to meet the situation and that even our friends across the border hold five aces they will find Jack Canack ready to meet them.

## GRAND FALLS TO BE UTILIZED

### Hydro-Electric Development Report

"A rapidly growing demand for large blocks of power for use in connection with the pulp and paper industry," is given as the reason why the Grand Falls, on the St. John River, "may be taken over by the government" and development by the New Brunswick Power Commission "in the near future," in a letter which C. O. Foss, chief engineer of the commission, has written to Alderman Joseph A. Cain, president of the Fredericton Board of Trade, who made an enquiry for data in possession of the Commission in regard to water power development in the western part of the province, especially concerning Grand Falls and Pokiok-Shemogue powers.

This statement the Observer says, fully confirms the report published on Saturday to the effect that an important change in the policy for hydro development in this province is under consideration and that the early development of the Grand Falls power is embraced in the new plan. Following the development of this power (Grand Falls) a net work of transmission lines will be undoubtedly be constructed, covering the whole province," also, wrote Mr. Foss in his letter to the board of trade.

## CARLETON BOY IN PENNSYLVANIA

### Compares Prices There and Here— Everything is Higher.

The following letter is from Frank Sewell, son of H. M. Sewell of East Coldstream and who has been farming in Pennsylvania for a number of years:

"You have been telling what good prices the farmers get for their produce. I will give you some of the prices in this part of the world. When we can sell a bushel of potatoes we get fifty cents. An egg is worth six cents; butter 58 cents, oats 60 cents at the mill, pork and beef is no good. Milk sells good now. My milk tested 4-5 and is sold for \$2.50 per 100 lbs. State college got to showing the farmers how to raise potatoes. A number of the farmers clubbed together and bought sprays and they sprayed every week all summer. Some had large crops and some not so good. Now farmers want some one to teach them how to sell them. C. W. Sewell of Keating Summit raised 2000 bushels on six acres. Frank Tangley from Houlton came out here to show to grow potatoes. He got a good crop but not as good as his friend over the fence.

We have had good weather this fall and not much rain and a little snow."

## THE CUBAN MARKET MAY SLIP AWAY

### Prompt Action By The Dominion Government Backed By Newspapers, And Business Organizations is Urgently Needed

A year or more ago the government of the Cuban Republic set ajar their trade doors for nations that would help to make mutually beneficial tariff treaties. The trade doors of that country have never been tightly closed but almost immediately a new tariff law goes in effect which will result in the markets of the island being closed to Canadian produce by a heavy tariff wall. This will mean a loss of millions of dollars to the maritime provinces and will paralyze agricultural and fishing pursuits. It will absolutely destroy the potato industry. Without any delay whatever the Dominion government should commence overtures with the Cuban government and such action should be urged by every newspaper and every public man in the maritime provinces. There also should be the least possible hindrance to free trade between Canada and Cuba since Cuba imports a part of all that Canada produces, while Canada can produce within herself none of the products of Cuba. The maritime provinces being shut out of the nearest market—United States—has left as its only hope the Cuban market for agricultural products, particularly potatoes.

Here is a letter addressed to Hatfield & Co., and others by a leading importing firm of Havana:

"Considering it of interest to you we are going to acquaint you with the steps that are being taken in connection with the revision of our import tariff, the special committee of which intends presenting the Bill to the House of Representatives during January.

"As the proposed new tariff affects potatoes very seriously when imported from countries other than the United States it will be convenient to take the necessary steps in time against the enormous differentials which they purpose establishing in favor of American potatoes. Under the present tariff the duty on a bag of potatoes from Canada will pay 1.26 and the difference between this duty and the duty on American potatoes will be about 48 cents per bag in favor of American stock. In the event of the House and the Senate approving such new tariff it is understood that during the six months after the Bill passes all countries outside of the U. S. will be applied a slightly lower tariff than the latter one mentioned and which is called, "Second Tariff." The idea of this is to give such countries a chance to negotiate a treaty or some arrangement with Cuba whereby

equal benefits be accorded to Cuban goods on entering such countries, as it happens that countries like England and possessions, Spain, Uruguay and others are taxing heavily Cuban goods while their goods are very slightly taxed on entering Cuba, and the aim of the tariff committee being to gain more markets for the Cuban goods among such countries whose goods are largely consumed in Cuba. If during such period of six months any of such foreign countries should not take advantage of above period to enter into negotiations with Cuba, the maximum tariff will then be applied to their goods such maximum tariff being adopted definitely.

"Second Tariff." For your information we may say that during the six month the Second tariff will then be applied the differential between American and Canadian potatoes will figure approximately 20 cents per bag.

"You will no doubt realize the importance of this tariff change and we presume that the necessary steps will be taken by all Canadian exporters to Cuba in order to get the advantages of the "Second tariff." This will require the Official efforts of some Canadian Government representative, who should be in Cuba at this time, as it is done by the Ministers, Consuls, and Commercial Representatives of all other foreign countries who are diplomatically studying the possibilities of a reciprocity treaty with Cuba.

"From the personal investigation of our Mr. Juan B. Suris we find that some parties have moved very actively in defending their goods at the various session that the tariff committee has already held nothing having been done in potatoes however although from the economical point of view we maintain that to raise the duty on the basis of \$1.49 a hundred (100 lbs) on such foodstuffs as potatoes involves almost a direct attack upon the poor class, while it does not mean any protection to any domestic industry as the growing of potatoes in Cuba is as you know insignificant.

"As a further illustration of what this handicap of the new tariff would mean to Canadian growers we propose sending you by an early mail statistical figures showing total imports of potatoes annually as compared to Canada.

"We are at your disposal for any steps you may wish to take in this respect or any further information you may desire, and in the meantime, we remain,"

J. SURIS & CO.

Falling hair means your hair is weak, sick—possibly dandruff is strangling it, or the hair root pores in the scalp are not firm and tight, thus wasting the hair growing oils. Does It Pay to Advertise?

We believe it does, for we sold all Lamps and more than usual of our Christmas Candy and other goods and our Fish are going good. Robin Crusoe wanted a ship so he put up an ad for one. He hung an old shirt on a pole one after another, as one wore out, until he got what he wanted. He believed it paid.

So in taking stock, we found several lines, such as LADIES' COATS AND SWEATERS, SHOES, LADIES' MISSES' and CHILDREN'S SHOEPACKS and other things not in season that you will hear about later. All these will go very cheap. We say it pays to advertise but who does it pay? Robinson Crusoe was repaid by a short time in his native land and you have the story still. So it will pay you to dispose of some of the slow selling lines, and it will also pay anyone who can use any of them nowadays, although we do not place much value on our fish stories.

The churches of this section are uniting in the observance of the week of prayer. Rev. Chowen and Williamson are speaking on alternate nights and the choirs of the Methodist and Baptist churches are uniting to supply the music. The program is as follows: Monday, Methodist church, Tuesday, Baptist church, Wednesday, Methodist church; Thursday, Baptist church, West Florenceville; Friday, Baptist church, Bristol.

On Tuesday night, Jan. 2, B. F. Smith entertained the members of his Live Wire Bible Class to a splendid banquet. The tables were beautifully decorated and lavishly spread for a chicken supper, by Mrs. Smith. More than 50 were present and after supper a short program was carried through. Pastor Williamson gave an address on the great Bible class movement, showing the grip that it was getting on the young life of the country. Many of the world's greatest leaders in business and politics were leaders of Bible classes. Mr. Williamson complimented Mr. Smith and the class on the fine success of their first year's work. After the address every member of the class was called upon to do something for the good of the order. Very interesting and varied were the numbers presented, including stories, commandments, songs, and recitations. A vote of thanks was extended to Mr. and Mrs. Smith with the singing of "They are Jolly Good Fellows." Mr. Smith made a fitting response and everybody went home happy.

Miss Sadie Millbury left on Monday afternoon for Fredericton, where she will continue her studies in Normal School.

Miss E. McComb arrived in the village to take up her new duties as the teacher of the Primary grades in our public school. Miss McComb comes from Rolling Dam and has had some years of teaching experience. She is making her home with Mr. and Mrs. L. D. Boyer.

Mrs. J. R. D. White of Aroostook Jct. spent a short time here last week to assist her mother, Mrs. B. F. Smith in the banquet to Mr. Smith's Bible Class.

Rev. I. W. Williamson was a visitor to Woodstock on New Year's day to give an address at the New Year's Sunday School Rally, which was held that day.

Scott Bell has suffered a bad accident to his knee. While hauling potatoes the icy conditions made it impossible for the horses to hold the load on the hill and the whole thing went over the side hill and Mr. Bell in his efforts to get his horses out of the tangle, gave his knee a bad twist, which will confine him to the house for some time.

Mrs. Hartley Lewis is again able to be about, having been delivered from quarantine last week. Her young son has completely recovered from the scarlet fever.

Great interest is being manifested in the radio outfit, which Jay Tompkins has installed in his home. Each evening a large crowd gathers to listen to the splendid concerts, which are broadcast from the great centres. Most of which is received very clearly.

Mr. and Mrs. Coleman Shaw left last week to take up their residence Los Angeles, California. A sale of their household effects was very successful. They expect to permanently reside in California and expect to be joined later by their son from St. John.

The friends of Alonso Milbury are pleased to learn that he is recovering from the illness which seized him on Christmas Day.

The annual supper and business meeting of the United Baptist church was held last Wednesday night. There was a good attendance and after the supper, which was presided over by the young men of the church, the re-

ports of the year's work were received. These reports showed splendid progress in every branch of the church activity. Notwithstanding the great financial depression, there was a small balance in the treasury and the budget for the coming year was adopted on the same scale as last year. The attendance at the services has been well maintained, the prayer meeting and Sunday School being especially encouraging. Officers were elected for all departments of the church's work and plans discussed for the proposed United Evangelistic campaign, which Mr. Chowen and Mr. Williamson expect to hold in the spring.

### U. B. CHURCH AT BRISTOL

Has Annual Meeting at Which Officers are Re-elected—Progress is Shown

The annual church supper roll call and business meeting of the Bristol United Baptist church was held last Friday night. The chicken supper was held in the splendid new basement, which has recently been completed by the church. The electric wiring donated by A. W. Phillips has been installed and makes the basement a bright, attractive room to such purposes as this. After supper the business meeting was held in the church auditorium. Pastor Williamson occupied the chair. Several members who live outside the district and were unable to attend sent letters which were read during the roll call by the clerk, Mrs. Gordon Caldwell. The membership of the church has been strengthened during the year by additions, both by baptism and letter, and was reported as 38. The deacons reported that the past year has been the most successful in the church's history and that all departments of the church are in a healthy condition. About \$1000 had been raised for the regular work of the church and all bills had been paid, including \$90 to denominational work, and a small balance was on hand for the current year's work. It was decided to increase the contribution of the church towards the work of the circuit by \$100. The expenses connected with the new basement were all being cared for in a business like manner. All the officers for the year were elected. The Sunday school has made splendid progress during the year, the average attendance being the best in the history of the school. Leighton Noble is secretary of the school and Gordon Caldwell is superintendent. George Boyer is treasurer of the church and Oakman Boyer is financial secretary. Duncan Rogers is chairman of the finance committee. The attendance at all the services is very good.

WOODSTOCK  
TOWN ELECTIONS

Horses the Town May be Proud of—  
No Ice Races in Sight

Town elections come off in the near  
future and a mayor and three alder-  
men are to be chosen. Three aldermen  
have another year to serve. E. W.  
Mair, the present mayor, is retiring.  
J. R. Brown is a candidate. Mr. Brown  
has had several years experience at the  
council board, and should make a  
good chief officer. Thomas Noddin,  
a former mayor, is said to have a  
hand in for another term. It is ex-  
pected that the three retiring alder-  
men, Alfred Page, Harry Bell and C.  
M. Aughterton will be re-elected by  
acclamation.

A town meeting was held Monday,  
when the officials gave an account of  
their stewardship, and the manager,  
R. F. Armstrong, gave the financial  
statement and made his last yearly  
report.

The last important business of the  
old council was to re-elect and engage  
a new Town Manager, and also to  
hear the appeal of the Bank of Nova  
Scotia from the rate of taxation for  
the past year.

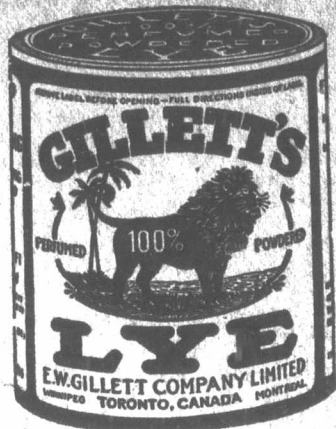

Out of an army of applications, both  
local and outside, the council have se-  
lected M. J. Rutledge. He is a gradu-  
ate of U.N.B., 1908, and has had a lot  
of practical experience. The council  
very wisely turned down the appeal  
of the Bank of Nova Scotia, and the  
matter will go to the courts. A like  
appeal has already been decided a-  
gainst them by the courts. In justice  
to the council it must be said that  
they did everything reasonable to  
settle this matter with the bank, but  
were unsuccessful.

"Dan Hedgewood" 2.04% on a half  
mile track has been the centre of at-  
traction for the past two weeks. He  
certainly is a fine looking horse and  
has been a very consistent race horse.  
Here's wishing he can make them all  
step next summer. Woodstock is cer-  
tainly in it as far as race horses are  
concerned, as in Oro Fino and Dan  
Hedgewood we possess two horses  
with world's records on half mile  
tracks. According to the record of the  
Harness Turf, compiled by the Ameri-  
can Horse Breeder, "Oro Fino holds  
the record for the fastest three year  
old's, 2.06, pacing on half mile tracks,  
obtained in 1917. Dan Hedgewood has  
the fastest six-heat record on half  
mile track—2.11, 2.06%, 2.05%, 2.07%,  
2.05% and 2.08. "Redbeater" won the  
first and second heats and "Peter  
Maner" the fourth heat. Notice the  
time made by "Dan Hedgewood" in the  
3rd, 5th and 6th heats. Some race  
horses. This record was obtained on a  
half-mile track in 1919. Again last  
summer "Dan" obtained another re-  
cord, fastest three-heat race (divided  
heat) when he won the first two heats  
from "Mary O'Connor" in 2.04% and  
2.04% and was nosed out by the mare  
the 3rd heat in 2.04%. The driving  
club have certainly some reason to  
feel proud of their horse.

Robert Hamilton has sold "Lucky  
Strike" to S. E. Rice, St. John. Lucky  
was a great ice scraper as the Hart-  
land horsemen will know.

It does not look as if we will have  
any ice racing here this winter as  
Sis Peters is the only flyer left. How-  
ever a little later the fever may begin  
to burn and good resolutions will be  
thrown to the winds and we may see  
some racing between horses which are  
supposed to be held over for summer.

Although applications have been  
numerous the management committee  
have not yet made arrangements for  
a driver for their Ace. A wise choice  
is necessary as much depends on the  
training and driving ability of the  
man who will steer "Dan" next sum-  
mer. Everyone is now going to smoke  
"Dan Hedgewood Cigars" until after  
the first race anyway.

PRIMITIVE BAPTIST  
QUARTERLY MEETING

The Primitive Baptist Quarterly  
Session was held with the church at

was listened to with interest, very  
many testifying to the goodness of  
God. At the close of this service com-  
munion was served, an exceptionally  
large number partaking. At 7 p. m.  
preaching by Rev. Thomas Stairs who  
brought from God's word much food  
for thought and practice and a grand  
meeting was the result.

Monday, 9 a. m., met in business  
meeting. After the general routine of  
business was dispatched a vote of  
thanks was tendered to the people of  
Pembroke for the most generous man-  
ner in which they cared for the meet-  
ings. Adjourned to meet 3rd Saturday  
in March with the Primitive Baptist  
church at Temple, York Co. Brothers  
Gray, Doody, Petchey and Stairs re-  
mained for Monday evening service,  
being the closing session, one of prof-  
it and strength.

in the cemetery of the same place.

ter Atherton and Mr. and Mrs. Arthur  
Everett of Vancouver, B. C., broken  
circle of roses from Mr. and Mrs.  
Charles Cremins of Fredericton, a  
pillow from Mr. and Mrs. John Ever-  
ett, a spray of carnations from Mr.  
and Mrs. C. R. DeWitt of Hartland,  
and other cut flowers from friends.

## MRS. ORAN A. HOVEY

On Sunday morning Mrs. Oran A.  
Hovey died at the home of her grand-  
parents, Mr. and Mrs. John B. Craig  
at Lower Windsor. She had been ill  
of consumption several months. Mrs.  
Hovey was about twenty-three years  
of age and was the eldest daughter of  
C. A. Craig. She is survived by her  
husband and a six year old daughter,  
also by her father, two brothers, Win-  
fred and John, and a sister, Miss Sy-  
bil. Her mother died at Hartland a-  
bout four years ago.

The funeral was held at the Craig  
home yesterday afternoon conducted  
by Rev. H. V. Bragdon assisted by  
Rev. Alexander. The remains were  
laid to rest beside those of her mother  
in Greenwood Cemetery.

Mrs. Hovey was a bright and at-  
tractive young woman and the Obser-  
ver experiences a pang of sorrow at  
her death since in her girlhood she  
was a faithful and efficient member  
of the staff.

VICTORIA CO.  
MAN HELD UP

Brave Bairdsville Resident Soon Turns  
Tables on Desperadoes

A young man who gave his name as  
Owen Sweeney of Bairdsville, Victoria  
county, who has been employed by  
V. J. Todd of Easton, Me., for the last  
year, was going home recently on the  
road between Easton and Andover,  
and while walking along saw two men  
jump into the bushes at a turn in the  
road, but did not think anything about  
it at the time. He was surprised when  
he came to the place to hear the com-  
mand, "Hands up!" He did not obey  
orders, but looked down the muzzle of  
a 44 Colts held in the hands of a man  
as large as himself, who wore a mask  
over the upper part of his face. The  
outlaw gave an order to Sweeney again  
but he did not obey the orders, so the  
man put the muzzle against Sweeney's  
breast and told him to pass over all  
he had. Sweeney passed over \$45 and  
the outlaw took a 17-jewel watch. He  
then asked the Sweeney if he had any  
more, and the young man said he had  
\$1 left. "Pass it over, and d—n  
quick!" replied the outlaw. That was  
the fateful moment.

Sweeney put his hand to his hip  
pocket and at the same time grabbed  
the gun and struck the outlaw a blow  
on the jaw with his fist, which sent  
him headlong into the ditch. Sweeney  
turned the gun on him and ordered  
the man to get on his feet. Putting  
the gun to the stranger's nose, he  
pulled the mask from his face and  
found he looked better with the mask  
than without it. He also ordered him  
to pass over the money and watch.  
The man handed over the watch and  
was going to get the money when the  
outlaw's chum came running to them.  
The other fellow ordered Sweeney to  
drop the gun, but Sweeney kept his  
prisoner under cover till the other  
man came close enough to him, then  
he fired two shots, both going through  
the other outlaw's cap, one bullet  
moving some hair from his head. The  
man fell and dropped his gun, but  
soon tried to get it. It was put out  
of working order by two bullets in  
Sweeney's hand.

Sweeney had the two prisoners  
when Detective O'Bryan of Montreal  
and Deputy Sheriff J. T. Tibble of Que-  
bec arrived. The prisoner recently  
broke out of Montreal prison and a  
reward of \$400 was offered, which  
Sweeney will share.

PLASTER ROCK  
ODDFELLOWS

A large number of members were  
present at the installation of officers  
of Rockwood Lodge, No. 96, which was  
held in their lodge room at Plaster  
Rock on Tuesday evening, Jan. 2.  
The first part of the program was taken  
up by the working of the first degree on  
a new brother. This was ably carried  
out by the degree team. Then came  
the chief business of the evening, the  
installation of officers for the ensuing  
term. The District Deputy Grand Mas-  
ter, C. Derrah, took over the command  
of the lodge, and carried through the  
installation ceremony in a very impres-  
sive manner. The officers elected were  
as follows: Past Grand, Geo. Love-  
lock; Noble Grand, Geo. Colbourne;  
Vice-Grand, J. Legere; Rec-Sec., W.  
H. Cuffley; Fin. Sec., E. Ingraham;  
Treas., Geo. Lovelock; Chaplain, Rev.  
C. Strothard; Conductor, H. Tatlock;  
Warden, A. Henry; I. G. M., McFar-  
lane; O. G., W. Lovelock; Trustees,  
Messrs Bradford, Tatlock, A. Ridge-  
well.

After the installation was over, all  
members and visitors adjourned to the  
lunch room, where a supper was pre-  
pared under the direction of Manzer  
Wasson, and to which everyone did  
heartily justice. Several speeches were  
then given, the chief one being that of  
the installing officer, C. Derrah, who  
delivered a delightful and helpful  
speech. Then followed "God Save the  
King," which brought to a close a very  
happy evening.

AN EMBARGO  
ON POTATOES

Shipments from N. B. and Aroostook  
Blocked by New Order

Potato growers and shippers in New  
Brunswick and Aroostook County, Me.,  
who have been hard hit by low prices  
and unfavorable markets, are facing  
another set-back due to an embargo  
placed by the Boston & Maine railroad  
upon all commodities over its lines  
routed to points via the New York,  
New Haven and Hartford railroad,  
which outside of the Boston and Al-  
bany division of the New York Central  
and Hudson River railroad, controls  
deliveries throughout southern New  
England and points south. Upon the  
Boston & Maine those shipping pota-  
toes to the United States by rail de-  
pend, as to cars sent out of Aroostook  
County by the Canadian Pacific rail-  
road and Bangor and Aroostook  
railroad for the United States must  
pass over the first named system. The  
same situation exists in this province  
as to United States-bound cars.

The Boston and Maine officials say  
that the enforcement of an iron-clad  
embargo is entirely due to the serious  
accumulation of cars routed to points  
on or via the New York, New Haven  
and Hartford railroad. The embargo  
has caused another decline in potato  
prices and the Aroostook Potato  
Growers' Inc., is taking up the matter  
with the Inter-State Commerce Com-  
mission.

## ENTERTAINMENT at GLASSVILLE

The entertainment and basket  
social which was held in Miller's Hall  
at Glassville, Dec. 28, for the benefit  
of the Church of England proved to  
be a decided success—\$104.60 was the  
net proceeds, which was wonderful,  
considering the fact that there were  
no mills, etc., in vicinity to expect the  
men and boys from with their pocket  
full of money for Christmas. The  
program was excellent and consisted  
of duets, solos, recitations, dialogues,  
etc.

Rev. W. P. Haigh, rector, beautiful-  
ly rendered several solos, also a com-  
ic song, entitled, "Because I Was  
Shy" and it sure was a hit. Mrs. Will  
Harrington of Esdraelon, presided at  
the piano.

## FASCINATING STORIES

Two fascinating stories of adven-  
ture and romance will commence this  
month in The Family Herald and  
Weekly Star of Montreal. "The King's  
Arrow," by H. A. Cody, takes one back  
to stirring times in the picturesque  
days of the Acadians and the United

## HARRY L. PAGET

On December 18 there passed away at the Vancouver General Hospital a young Carleton county man in the person of Harry L. Paget. On November 22 he was taken ill with influenza, which settled in the head, necessitating an operation for abscesses. This was followed by a mastoid operation and he succumbed to the shock.

Mr. Paget was born at Windsor on Dec. 18, 1889, being thirty-four years of age. He was educated in the country schools, Provincial Normal school and Acadia Academy, going to British Columbia ten years ago, taking up the teaching profession which he followed continuously until his illness. He had taught a number of the schools of the city and at the time of his death he was vice-principal of the Cecil Rhodes Model School. He leaves to mourn, a wife and two children, his mother, three sisters and a brother: Mrs. Helen Paget, Mrs. W. H. Fowler, Mrs. Roy Caldwell, Mrs. B. B. Hagerman and Russell Paget.

Mr. Paget was a young man of exceptional character being of a sunny disposition and amiable nature. The funeral was representative of this fact as attested by the large attendance of friends and the parents and children of the schools in which he had taught. As a token of the esteem in which Mr. Paget was held sixteen large wreaths of flowers and eight sprays were presented as a final tribute to his memory. The leading paper of the city, the Vancouver Province, had this to say regarding Mr. Paget:

## HUNTERS FLOCK TO BRITISH COLUMBIA

Byron Harmon of Banff, Alta. brings down his goat after a long chase and stiff climb

Rocky Mountain Goat. He looks lazy, but oh, how he can travel!

Seventy-Six Year old hunter and Indian guide hunting in Cassiar District in B.C.

BRITISH Columbia offers the best still remaining, easily accessible big game hunting territory on the continent. It is not necessary to go far afield from the railway and some of the best hunting grounds are as follows: Beginning at the east, there is the East Kootenay district, reached from Invermere. Two ranges may be hunted here; in the Rockies on the east are to be found caribou beyond the 30 mile mark, and moose, mule and whitetail deer, mountain goat, mountain sheep, grizzly, cinnamon and black bear, while among

ing ducks, grouse, pinnated and ruffed grouse, with some snipe and plover at various points.

Kamloops is the gateway to a rich sporting region where goats, brown, cinnamon, black and grizzly bear, small deer, moose and occasional caribou and sheep (3 varieties) are to be found. From here expeditions to the Fort Fraser country may be arranged—including about 170 miles of canoeing—where deer, bear and other large game may be seen.

A hunting area rapidly growing in favor is the Caribou District, reached from Ashcroft. It is off the beaten path, therefore big game is plentiful, and includes grizzly, black and brown bear, moose, caribou goat and sheep. Fishing for trout is another attraction of this region.

Of course the Cassiar District, to the north stands in a class by itself, for the cost of a hunting trip there produces a great influx of hunters, insuring good bags for those who hunt there. Thirteen hunters taken in by Frank Callbreath, the outfitter at T. J. Gray Creek, in 1921, shot 11 moose, 22 caribou, 21 goat, 22 sheep and 26 bear, ten of which were grizzlies.

## WOMAN SUFFERED FOR MONTHS

Weak and Nervous. Made Well by Lydia E. Pinkham's Vegetable Compound

Webbwood, Ont.—"I was in a very weak and run-down nervous condition, always tired from the time I got up until I went to bed. Sleep did not rest me at all. My sister recommended Lydia E. Pinkham's Vegetable Compound to me and others told me about it, but it was from my sister's advice that I took it. It did not take long until I felt stronger, headaches left me and my appetite came back to me. I am a farmer's wife and have many things to do outside the house, such as milking, looking after the poultry, and other chores. I heartily recommend the Vegetable Compound to all who have the same trouble I had, for it is a fine medicine for women."—Mrs. LOUIS F. ELIAS, Hillcrest Farm, Webbwood, Ont.

Another Nervous Woman Finds Relief  
Port Huron, Michigan.—"I suffered for two years with pains in my side, and if I worked very much I was nervous and just as tired in the morning as when I went to bed. I was sleepy all the day and didn't feel like doing anything, and was so nervous I would bite my finger nails. One of my friends told me about Lydia E. Pinkham's Vegetable Compound, and it helped me so much that I soon felt fine."—Mrs. CHARLES BEELER, 501-14th St., Port Huron, Mich.

Women who suffer from any feminine ailment should try Lydia E. Pinkham's Vegetable Compound.

## CORNS

Lift Off with Fingers

Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation. "Doesn't hurt a bit! Drop a little 'Freezone' on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with fingers. Truly!

### Here and There

Point Grey, B.C.—The approximate total cost of the new area that is to be developed by the C. P. R., between Thirty-seventh Avenue and Forty-first Avenue, and Granville Street and Maple Street, will be \$155,220, of which the municipality will be asked to pay \$26,446 for the construction of sewers, which will eventually revert to the municipality. This statement was made by Mr. Newton J. Ken, land agent for the C. P. R., at the Point Grey Council meeting.

Winnipeg—"Never in the history of the west has grain moved more freely and with greater despatch, and also in greater quantities over Canadian Pacific lines than during the past season," said Charles Murphy, general manager in charge of western lines. "Up to the present time," Mr. Murphy continued, "there hasn't been the slightest congestion on western lines." As an illustration of prompt movement the general manager said that fully 85 per cent. of the amount loaded was moved east of Winnipeg daily.

Winnipeg—Speaking of the record crop movement in the Canadian west during the past season and the part the railways played in the marketing of it, D. C. Coleman, vice-president of the Canadian Pacific Railway, addressing the Winnipeg Club luncheon here, declared Winnipeg was now the greatest wheat market in the world in the point of receipts. He quoted figures showing that inspections for the three months ending November at Chicago totaled 3,275,500 bushels, Minneapolis 45,860,100 bushels, while inspections at Winnipeg for the same period amounted to 108,231,513 bushels.

Referring to the shipment of grain over the Canadian Pacific Railway from September 1, Mr. Coleman said an average of 1,914 cars were loaded each day in Winnipeg for transportation east which meant that a loaded train left here for the lakes every 45 minutes during the 91-day period.

Calgary—Very considerable interest is being taken in Calgary and throughout Southern Alberta and Saskatchewan in the completion of the gap on the Canadian Pacific Weyburn-Lethbridge branch line. It is stated a great stimulus will be given to the manufacturing of clay products in Saskatchewan, making it commercially feasible to use coal from the Lethbridge field for the development of the clays in the south-eastern part of the province.

At the present time there is very little being done in the development of the clays; lack of capital and lack of technical knowledge have been responsible for this tardiness. The completion of the branch line, however, it is expected, will centre attention to the development of what some people are firmly inclined to believe, will be a new and important industry in the West.

Moose Jaw—After being in the employ of the Canadian Pacific Railway for forty years, William Pascoe, locomotive engineer, Moose Jaw, has retired, at the age of 66 years. Mr. Pascoe joined the Moose Jaw roundhouse staff in 1882. The following year he was promoted to fireman, and shortly after handled the first Trans-Canada train, over the Moose Jaw-Medicine Hat division. In 1887, Mr. Pascoe was placed on the "hog-head" side of the engine, and handled the throttle on the first locomotive that hauled a passenger train from Moose Jaw to North Portal.

Mr. Pascoe was one of the first to be promoted in the Moose Jaw district, and after leaving his home in North Dorchester, Ont., he travelled to the end of the steel, then at Winnipeg, and completed his journey to this district by means of an ox cart. The lure of the railroad was too strong for Mr. Pascoe, and he abandoned his homestead to enter the employ of the Canadian Pacific Railway Company shortly afterwards, when the steel had reached Moose Jaw.

Quebec—A beautiful booklet which describes the past and present of the Chateau Frontenac has just been issued by the C. P. R., and has been sent by the thousands of copies to all the leading hotels of Europe and the United States. It is unquestionably a work of art, replete with illustrations, and containing a graphic history of the "grand chateau." Not only this, but the book is a record of French Canada from the first landing of Jacques Cartier to the battle of the Plains of Abraham, and from that time on.

The cover is very appropriately adorned by a picture of the Chateau Frontenac in the background. This book gives interior and exterior views of the hotel, and affords a description of Quebec, "the ancient portal of the new world."

sports, and in the young life generally of the town.

Everyone enjoyed themselves very much. ### HELP HELPLESS BLIND BABES

A Dominion Charter, without stock subscription, was recently obtained for the establishment in the city of Ottawa, of a Home, Nursery, Hospital and Kindergarten, for the blind under six years of age, to all from many Provinces in the Dominion. So far nothing has been done for those poor unfortunate. According to reports received from various Provincial authorities, there are at present nearly 250 in the Dominion. The late Sir Arthur Pearson, before his death, claimed that "Sunshine Home" at Chorley Wood, England, was "the only home in the Empire for blind babies." It is hoped shortly to have the SECOND in Canada. To this end money is urgently required. Help us with your generous gifts. "Let us forget. Do it now!" Cheques should be made payable to the Canadian Blind Babies Home Association. Remittances will be promptly acknowledged.

## LOCAL AND PERSONAL ITEMS

The special services in the Baptist church got away to a good start last week under the leadership of Rev. H. R. Bell, assisted by Rev. Mr. Fletcher of Spencer, Mass. The latter is a blind man of many accomplishments, being a preacher, a singer, an expert pianist and clarinetist. Mr. Bell expects Rev. Mr. Murchison of P.E.I., a singer of note, to assist him soon. Services will be held each week night excepting Monday and twice on Sunday morning at 11 a. m. and evening at 7.30. All are cordially invited to attend any or all the services.

On Tuesday of this week picture lovers were treated to a screen version of Tennyson's famous poem, "Enoch Arden", under the caption of "The Fatal Marriage". The principle roles of "Enoch Arden, Annie Lee and Philip Ray" were admirably taken by Alfred Paget, Lillian Gish and Wallace Reid respectively, and never did a scenario run so closely to the original story as was seen in this bill. There was absolutely no variation from Tennyson's conception of the play. The first episode of "Bride 13" snatched at the Altar, a serial full of thrilling situations and hair-raising stunts was shown. This serial consists of fifteen distinct episodes, each a complete story in itself, one of which will be shown in this theatre each week. Each episode will be in two exciting reels. Saturday evening the ill-fated Olive Thomas, whose early passing last year robbed the screen of one who was rated as the best looking girl in America, was seen in "Toton" a play in which she portrayed the wife of an artist, son of wealthy parents, who on this account was estranged from his wife. She died, leaving a child, nurtured in the cradle of crime and grew up a famous pick-pocket in the Latin quarter of Paris. A lapse of seventeen years in the early life of this child enabled Miss Thomas to assume this role also, disguised as the boy "Toton" until a chain of fortunate circumstances restored her to her proper position as daughter of the famous artist. The work of the latter, both

as husband and father was admirably done by Norman Kerry. Notice the advertisement for this week elsewhere in Carleton county's only up-to-date periodical.
