### Around Town.

Many of our trotters and drivers  
went to Moncton for the 24th.

BASE BALL MATCH.—The game be-  
tween Sackville Juniors and Dorchester  
Juniors, played at Dorchester yesterday  
was won by Sackville. Score, 5.

The game was quite close but the boys  
showed them that they could play ball.

The Brig Herbert, Capt. Robinson,  
which sailed from here for Barbados on  
13th, put into Halifax on Sunday leak-  
ing badly. She has been put on the  
slip for repairs. Sixty feet of her shoes  
is gone and her keel is split. She had  
encountered a heavy gale 400 miles from  
Halifax.

The Commission of inquiry in the  
case of Neelon vs. City of Toronto, at  
the quality of the stone in the Wood  
Point quarries, arrived last week, but  
their trip was fruitless as the quarry  
was full of water, and it was impossible  
to hold the investigation. They re-  
turned to the West Saturday.

The music besides the hymns in the  
Methodist Church on Sunday morning  
will probably be the chorus "Lift up  
your Heads," from the Messiah, by the  
choir, Rossmore's great solo and chorus  
"In the Garden," from the Stabat Mater,  
by Mrs. Harrison and the choir, and  
the solo "I will Extol Thee," from the  
oratorio of Eli, by Mrs. Harrison.

MT. ALLISON NOTES.—Examinations  
have been going on for the past week at  
the various Mt. Allison Institutions.

At the Academy Closing Exercises  
in Lingley Hall, on Monday afternoon, 2  
p.m. sharp, there will be an interesting  
program, including essays, recita-  
tions, etc., by the students, the grant-  
ing of diplomas and prizes, three very  
choice numbers kindly furnished by  
Prof. Mack's department, a solo by Mr.  
Harrison, and one or two organ solos by  
Prof. Watts of Moncton.

A WELL-BRED YOUNGSTER.—On  
Thursday the 18th inst. Capt. Moor's  
mare "Rosebush Wilkes" dropped a  
very fine bay horse colt, large, straight,  
smooth and strong in every particular.

This chap is by "Dearborn" 4804, 2 year-  
old by Genl. Hancock, 1155 by George  
Wilkes, 222. His dam is Rosebush  
Wilkes, by Conn's Henry Wilkes 1896,  
sire of Rossland Wilkes, 2144, and  
other good ones, he by George Wilkes,  
2nd dam by Lord Nelson. It will be  
seen that this colt is an inbred Wilkes  
and should prove a good one to de-  
velop.

NEW VESSEL.—Capt. Robt. Anderson  
will launch next high tides, at Port  
Elgin, one of the finest modelled and  
best built vessels, on our shores. Her  
lines are very fine, almost the same as  
are usually seen in the higher class of  
yachts, and if she proves not to be a  
crack sailor, the predictions of those who  
have inspected her will be falsified.  
Her dimensions are, length 46 ft. depth  
62 ft., 13.5 ft., 18 tons register. Her  
masted and hardware are of the best  
in construction and she is copper fastened.

BUILDING OPERATIONS.—Mr. Thos.  
Lowerson is erecting a dwelling for him-  
self at Frosty Hollow. Mr. Eugene  
Bower has commenced a cottage at  
corner of York and Salem Streets. Mr.  
H. A. Powell is working at his resi-  
dence on York St., which is to be a  
handsome structure. Mr. C. Hum-  
phrey is erecting a cottage on Maple  
Hill opposite the Red House. Mr.  
Geo. E. Ford is about contracting for  
a residence on York St. opposite the  
Methodist Parsonage. The Mt. Allison  
authorities contemplate commencing  
a handsome building on the site of  
the old gymnasium, for the Owen Art  
Collection. It will cost from \$15,000  
to \$20,000. A residence for the students  
is also being taken shape and will  
probably be commenced at an early  
date on the site of the stone residence  
of the late Joseph Bowyer, at the cor-  
ner of Salem. This is an elevated  
and commanding situation and will af-  
ford the architect abundant opportuni-  
ties for a display of architectural taste.

### THE CAPES ROUTE.

The Dominion Dredge, "Canada"  
has been dredging at Cape Traverse  
the channel to the Government pier.  
The Government has been a little dis-  
tasteful in undertaking this important  
and necessary work, but it is reas-  
uring to learn it is about to be accom-  
plished.

The owners of the steamer "May-  
flower," now working at Capet, con-  
template placing her on the route be-  
tween the Capes this autumn for fall  
and winter business.

At certain times of the year this  
route is the only practicable one be-  
tween the Capes and the mainland,  
and at all times it will, when con-  
ditions are completed, afford an alterna-  
tive route of advantage to a large por-  
tion of the people and producers of P.  
E. Island.

The statement sent out from  
Moncton that the C. P. R. is abandon-  
ing its work in the maritime provinces is  
contradicted by the officials. The com-  
pany is merely closing its Moncton office  
to concentrate the work at St. John,  
where it can be done to greater advan-  
tage. It is true the maritime govern-  
ment is closing its Moncton agency, but  
this has no connection whatever with  
the policy of the C. P. R., whose work  
will go on as usual.

### Local Matters.

Schr. Fraulien is chartered to bring  
sand from New York to Sackville.

Mr. W. F. Humphrey of Moncton  
returned from a trip to Europe on  
Saturday.

On Saturday delegations from differ-  
ent divisions of the L. O. R. waited  
on Mr. Pottinger at Moncton, refer-  
ence to an increase of pay. As the  
balance between earnings and expendi-  
ture is on the right side a general  
increase has been ordered.

Heavy shipments of pulpwood, pil-  
ing and stage poles are being made  
from Dorchester and the Albert Co.  
shore to the U. S.

An exciting Scott Act was going  
on in Albert County. Several con-  
victions have been secured. One pro-  
secution for perjury has already arisen.

F. A. McCully is pushing the en-  
forcement of the act. D. Grant is de-  
fending the parties accused. The  
Scott Act is also being vigorously en-  
forced in Moncton.

Arrangements are being perfected  
for a monster labor demonstration in  
Amherst some time in August. Two  
thousand men are expected to be in  
line.

Rev. C. H. Paisley has gone to  
Fredericton to conduct examinations  
of a number of candidates for the  
Methodist ministry. He will conduct  
a similar examination in Moncton  
next week.

Bank Westmorland was launched at  
Harvey Bank on Tuesday. Her di-  
mensions are: Length, 35 feet; breadth,  
35 feet; depth, 18 feet. She will  
register 700 tons, and is classed for  
12 years in Bureau Veritas. She is  
owned by the Bank Westmorland  
Company, and will be commanded by  
Mr. C. L. Fisher. Rev. Father  
Michael of Buctouche, Dr. Gaudet  
and Doherty and others. A Mr. Mc-  
Laughlin offers to build and equip a  
factory at once—operations to com-  
mence about June 15th. Action was  
deferred until the last of the week.

The third Annual Conference of  
the Church of England in the  
Diocese of Fredericton was held  
in Moncton on Thursday. Papers on  
the various branches of S. S. work  
were read by delegates, and interest-  
ing speeches by Rev. Canon Brig-  
stock, Judge Hamilton and others.

At the close of the conference, Dr. W.  
Wiggin, Rector of Sackville.

### Gratuitous Definitions.

TO THE EDITOR OF THE POST:

Sir,—Some inquirer a few weeks ago  
requested any of your readers who  
might have a Greek lexicon at hand to  
quote the definitions given therein in  
relation to the word *happos*, giving au-  
thor and edition. I am not aware  
of the inquirer is, not what may be  
his own views on the subject. But may  
I venture to suggest that the defini-  
tions given in the lexicon are not only  
authoritative and reasonable, and any honest man  
who possesses a Greek lexicon can, with-  
out a word of controversy, comply with  
the request. In my former article an  
answer was given to the inquiry in  
every particular from three standard  
lexicons of the highest authority and in  
common use among all denominations,  
the authors themselves being eminent  
Patristic scholars.

What motive "Another Bible Student"  
may have in volunteering a definition  
of his own, not only ignoring the re-  
quest for author and edition, but failing  
to give the weight even of his own real  
name, is a little perplexing. It certainly  
affords an opportunity for him to smug-  
gle in the word "sprinkle" without the  
trouble of showing lexical authority for  
such a definition. But we mistake the  
spirit of an intelligent public if this kind  
of information will much longer be per-  
mitted to mislead anybody.

With regard to the claim of your cor-  
respondent that the word *happos* has such  
a wonderful variety of meanings and  
that "sprinkle" is one of these, we  
may simply appeal to the lexicon. It is  
judge as Dr. Chas. Anthon, whose popu-  
lar Greek lexicon and admirable text  
books are so familiar to the classical  
student, and who we are indebted to Dr.  
Palmer for the following clear and un-  
mistakable deliverance on the point:  
"The primary meaning of the word is to  
sprinkle or to pour, and it is certainly  
if it ever had any, all refer in some  
way or other to the same leading idea.  
Sprinkling, etc., are entirely out of the  
question."

The standard Greek lexicons of all  
ages have been in substantial agreement  
with this deliverance. Even the valiant  
Dictionnaire françois et grec de M. de  
Lafayette, which is the most recent  
fourteenth century of the great Carleton  
debate that "Every one of the first lex-  
icons made after the Greek was studied  
in the West was by an immersionist."  
In relation to the authors he says: "They  
were Peloponnesians—baptists of child-  
hood, but dippers." Standard Greek  
lexicons of more recent date hold pre-  
cisely the same ground as their prede-  
cessors. Some of their authors may  
practice or tolerate sprinkling on grounds  
of indifference, convenience or taste,  
but their sense of honor prevents them  
from sacrificing their claims to scholar-  
ship and candor by deliberately falsify-  
ing the word *happos* among the definitions  
of a word with which it has no philo-  
sophical connection.

### BIBLE STUDENT.

North Port N. S.

—We are having another heavy gale  
of wind from the east. Seven barrels  
arrived last week, two of them from  
St. John to feed the deer. On the 24th  
Capt. Loring, the other Karchard,  
and the Golden Horn from  
Norway. Five sailors from the Calvin  
yacht met the boat for North Port  
the other day. The boat captured and  
had it not been for three young men  
from Campbell's lobster factory the  
sailors would all have been drowned.  
Mercy is due to these young men to risk  
their lives to save those poor sailors.  
Where is your humane Society of Nova  
Scotia?

—The North Port Free Stone Quarry  
Company are going ahead getting out  
stone, building wharfs, etc. Will com-  
mence shipping stone about the first of  
June. The stone is of fine color, clear  
spots, and liked very much in the United  
States and Canada.

—C. E. Campbell saw a large flock of  
ducks in a small cove and shot at them  
with the gun. He killed seven in the  
water and three after they rose. How  
is this for ducking.

—Herring and lobsters are quite  
plenty but money has all disappeared.

Albert County News.

HOPEWELL CAPE.

Elder David C. Lawson visited his  
congregation here and preached to them  
twice on Sunday. They, as well as  
everybody else, were very pleased to see  
and hear him, as he has been pre-  
vented from visiting them since last  
fall, as age and infirmity do not permit  
his travelling in the winter season. He  
is justly admired for his sincerely liberal  
views and purity of life, as well as for  
his eloquence as a preacher. He de-  
pends entirely upon voluntary contribu-  
tions for his support, and such has been  
the appreciation of his services that he  
has been comfortably provided for thus  
far, and doubtless the Lord will put it  
into the hearts of many to see so old and  
faithful a servant through to the end.

Besides visiting churches in Kings Co.,  
Albert Co. and Westmorland Co., he  
presides at his own house at Westmorland  
Point, and many have this the pri-  
vilege of his ministrations and should re-  
ward him therefor.

DORCHESTER.

At a meeting of the Rector, Church  
Wardens and Vestry of Trinity Church,  
held in the schoolroom on Monday,  
the 15th, the following resolution was moved  
by Mr. Justice Harrington and seconded  
by A. E. Oulton, Esq., and passed by a  
standing vote:

Resolved, That we, the undersigned,  
God of His inscrutable wisdom to re-  
move from our midst E. V. Tait, Esq.,  
for many years a member of this vestry,  
and for half a century closely connected  
with Trinity church choir, for the most  
part in the capacity of organist, the du-  
ties of which position he discharged with  
exemplary fidelity.

Therefore be it resolved, That this  
Vestry do place upon record their sense  
of the great loss to the church in gen-  
eral, and the choir in particular, have  
tenderly his request, and in particular,  
sustained by Mr. Tait's removal.

And be it further resolved, That a copy  
of this resolution be sent to the bereaved  
family of our departed friend and  
brother.

—A sad drowning accident occurred  
on McCollom & Son's drive at the foot  
of Dead Water, Machias, by which  
young Mr. Joseph Faulkner, of Wind-  
sor, Carleton Co., N. B., lost his life  
last Saturday. Every effort to find his  
body has proved fruitless so far. His  
brother arrived Thursday night at Ash-  
land and will continue the search. The  
unfortunate man was about 19 years of  
age and well liked by his neighbors.  
He had been working for McCollom &

ly about four months ago. He paid  
little attention to it at the time. The  
wound was chilled, and soon showed  
alarming symptoms. On the advice  
of his medical attendant he was remov-  
ed to the hospital in Campbellton.  
After prolonged suffering his health be-  
gan to give way, he gradually grew  
weaker and expired in Friday of last  
week.
