**© 1994**

The copy filmed here has been reproduced thanks to the generosity of:

Metropolitan Toronto Reference Library  
Baldwin Room

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol  $\rightarrow$  (meaning "CONTINUED"), or the symbol  $\nabla$  (meaning "END"); whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

Metropolitan Toronto Reference Library  
Baldwin Room

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole  $\rightarrow$  signifie "A SUIVRE", le symbole  $\nabla$  signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

**RULES AND REGULATIONS**  
OF THE  
**Library of School Section No. 1,**  
**NEWMARKET.**

---

The following are the regulations for the care and use of the books in the Library:—

1. The Librarian has charge of the books, and is responsible for their preservation and delivery to his successor or to the order of the Trustees appointing him.

2. A copy of the Catalogue of the books is to be made out and kept by the Librarian, and open to the inspection of all persons entitled to get books from the Library, at all reasonable times, or at such times as may be determined by the Trustees.

3. Books are to be delivered only to residents of a School Section in which a Library or Branch Library is established; or to the residents of a Township, where Branch School-Section Libraries do not exist.

4. Not more than one book can be delivered to a person at a time; and any one having a book out of the Library must return it before he can receive another.

5. No person upon whom a forfeiture has been

adjudged under these regulations, can receive a book while such forfeiture remains unpaid.

6. Each individual residing in a School Section, of sufficient age to read the books belonging to the Library shall be entitled to all the benefits and privileges conferred by these regulations relative to Public School Libraries; but no person under age, can be permitted to take a book out of the Library, unless he resides with some inhabitant who is responsible for him; nor can he receive a book if notice has been given by his parent, or guardian, or person with whom he resides, that he will not be responsible for books delivered to such minor. But *any* minor can draw a book from the Library, on depositing the cost of such book with the Librarian.

7. Where there is a sufficient number of volumes in a Library to accommodate all the residents of the School Section who wish to borrow, the Librarian may permit each member of a family to take books as often as desired, as long as the regulations are punctually and fully observed. But where there are not books enough to supply all the borrowers, the Librarian must accommodate as many as possible, by furnishing each family in proportion to the number of its readers or borrowers, or by delivering not more than one book at a time for each family.

8. Every book must be returned to the Library within as many weeks after it shall have been taken out as it contains hundreds of pages—allowing one week for the reading of a hundred pages; but the same person may again take the same book, if application has not been made for

REGULATIONS.

V

it, while it was so out of the Library, by any person entitled who has not previously borrowed the same book—in which case such applicant shall have the preference in the use of it. And where there have been several such applicants, the preference shall be according to priority in the time of their applications, to be determined by the Librarian.

9. If a book be not returned at the proper time, the Librarian is to report the fact to the Trustees, and he must exhibit to them every book which has been returned injured by soiling, defacing, tearing, or in any other way, before such book shall be again loaned out, together with the name of the person in whose possession it was when so injured.

10. For *each day's* detention of a book beyond the time allowed by these regulations, the forfeiture of *one penny* shall be incurred by the borrower,\* and shall be payable forthwith to the Librarian.

11. For the destruction or loss of a book, a forfeiture shall be incurred by the borrower, equal to the cost of the book, or of the set, if the book be one of a series. And on the payment of such forfeiture, the party paying it shall be entitled to the residue of the series.

12. For any injury which a book may sustain by a borrower, and before its return, a forfeiture shall be incurred by such borrower, of not less than *three pence half-penny* for every spot of grease or dirt upon the cover, or upon any leaf

---

\* A forfeiture of *six cents* per day is imposed in each similar case in the State of New York.

of the volume; for writing in or defacing any book; or cutting or tearing the cover, or the binding, or any leaf, not less than six pence or more than the cost of the book.

13. If a leaf be torn out or so defaced or mutilated that it cannot be read, or if anything be written in the volume, or any other injury done to it, which renders it unfit for general circulation, the Trustees shall consider it a destruction of the book, and the forfeiture shall be incurred accordingly, as above provided in case of the loss of a book.\*

14. When a book shall have been detained seven days beyond the time allowed by these regulations, the Librarian shall give notice to the borrower to return the same within three days. If not returned within that time, the book may be considered as lost, and the forfeiture imposed in such case as incurred accordingly.

15. When, in the opinion of the Librarian, any forfeiture has been incurred by any person under these regulations, he shall refuse to deliver any book to the party liable to such liability.

16. It is the special duty of the Librarian to give notice to the borrower of a book that shall be returned injured, to show cause why he should not pay the forfeiture incurred. Such notice may be given to the agent or child, or sent to his house of the borrower who returns the book; and it should always, if possible, be given at the time the book is returned.

17. The Librarian is to inform the Trustees of

---

\* These forfeitures are the same as in the State of New York in similar cases.

every such notice given by him, and they shall assemble at the time and place appointed by him, or by any notice given by them, or any one of them, and shall hear the case. They are to keep a book of minutes, in which every forfeiture which, in their judgment, has been incurred, shall be entered and signed by them, or the major part of them, or by their Secretary on their order, and these minutes, or a duly certified copy of them, shall be conclusive evidence of each of the facts recorded in them.

18. It shall be the duty of the Trustees to prosecute promptly for the collection of the forfeitures adjudged by them, and all forfeitures shall be applied to defraying the expenses and increasing the books of the Library.\*

---

\* Forfeitures incurred under these regulations must be sued for in the Division Court, according to the Interpretation Act, 12 Vic. ch. 10
