**LOCAL AND OTHER ITEMS.**

Mr. Gilbert DesRoches, of Miscouche, shipped 275 barrels of oysters via Summerside to Montreal on Saturday.

The British torpedo destroyer *Chambers*, was lost the other day off the island of Cephalia. A blade flew off her propeller, piercing a hole in the boat's bottom.

A CATHOLIC church in Montreal was entered by thieves, a few days ago, and robbed of one hundred and thirty dollars in cash, and in addition a wanted sacrifice was committed. The miscreants escaped.

At Regina, N. W. T. Engineer Crowell of the Canadian Pacific Railway was sentenced to two years in the penitentiary for being intoxicated while on the engine. Fortunately his conduct did not result in an accident.

The Canadian Manufacturers' Assoc. closed its Convention in Montreal on Friday by adopting a resolution for the revision of the Tariff. A resolution was also adopted favoring the establishment of a Fire Insurance department on account of excessive rates now charged.

A Boston despatch of the 27th, says:—The State of Massachusetts will apologize for the violation of international law created by fitting Secretary Cursey of the British Legation for speeding an automobile. No other form of redress is open to the State in such cases.

The demand of the allied mechanical trades employed on the C. P. R. for an increase in wages culminated in a strike at noon Saturday, when the men, about seven hundred in number, working in Winnipeg, laid down their tools and walked out. The men are asking for an increase of from three to five cents per hour above what they have been receiving.

PETER DesRoches, aged 27, a native of this Island, fell off the new wharf which is being built by the Dominion Government at Fort Laurence, Amherst, N. S., on the 22nd, and was drowned, although every effort was made to save him. The distance was fifteen feet before striking the water. There was 25 feet of water in the channel.

By the wrecking of a passenger train on the Main Central railroad two and a half miles east of Lewiston, Maine, Monday afternoon, Engineer Tom F. Kimball, of Portland, and fireman Wm. Chapman, of Rockland, were killed. Ten others were seriously injured and taken to the Central Maine hospital and a score more were cut or bruised.

SPECIAL attention is directed to the advertisement of the "Grand Conservative Rally," in Morell Hall on Friday afternoon next. The public questions of the day will be dealt with by the Conservative Candidates for the House of Commons, the Leader of the Provincial Opposition, and the Conservative Candidates for the Provincial Legislature for the Second District. All Liberal-Conservatives are cordially invited to attend.

NINE school girls were suffocated in a vault during the forenoon recess of the school at Pleasant Ridge, seven miles north of Cincinatti on Friday last. A score of others narrowly escaped the same death. All the victims were in the primary grade. When recess was given thirty of the small girls were in an out house assigned to them when suddenly the floor gave way precipitating them into a vault below. This vault was twelve feet deep and walled up with stone. At the time of the disaster four feet of water was in the vault, the depth being over the head of those who were first thrown into the water but their bodies partially filled the space so that the others were not entirely submerged. The girls fell eight feet from the flooring and the struggle of those who were on top kept at least nine underneath until they were drowned.

**LOCAL AND OTHER ITEMS.**

An outward bound electric car containing 22 people was blown to pieces at eight o'clock last Wednesday night near the corner of Wyoming avenue and Main street, in Melrose Mass., by striking a fifty pound box of dynamite that had fallen from a trolley. The explosion was so violent that it killed outright, three more died from their injuries within an hour, and sixteen others on the car were taken to the two local hospitals suffering from all sorts of wounds. At least a score of people in the immediate vicinity of the explosion were treated for cuts from flying glass and splinters. The front dashboard of the car was hurled almost 50 feet.

Alexander Martin, aged 22, Private in the Local Company of the Royal Canadian Regiment, and wife Ethel, aged 20, were arrested in Toronto, yesterday, charged with the murder of their seven months old male infant, on July last. The body of the baby was found floating in a part of the bay known as The Coasts. Cuts and peculiar wounds and marks on the body led the doctors to declare the woman had murdered it. Mr. Martin, the police say, had confessed. Martin married without permission of the military authorities, and he and his wife had great difficulty supporting themselves and the little one.

Word was received at Halifax on Monday forenoon of the death of Mr. John P. Squire, in the general hospital, Toronto, at an early hour the same morning. He had gone to Toronto a few weeks ago for treatment, but his illness terminated fatally as stated above. The announcement of his death causes the deepest regret throughout Nova Scotia. He was a member of the part in the public and business life of this city and province. He was very wealthy and was regarded as the ablest financier in the Maritime Provinces. For many years he occupied a prominent position in the Liberal-Conservative party in Nova Scotia. He was a member of the House of Commons for Halifax from 1883 to 1896. He was born in 1818.

**Saved from Poisoning.**

The family of Judge Jas. H. Mulligan, of Lewiston, Ky., former United States consul to Samoa, has been saved from death by a negro servant who, as a meal was being served, asked one of the family not to eat the salmon salad which was on the table. A chemist afterward examined the salad and found it contained enough strychnine to kill fifty people. The negro servant, Louis Mitchell, had been with the family for fifteen years and had been pardoned from the penitentiary through the influence of Judge Mulligan. When the meal was served he asked Judge Mulligan's son not to eat the salmon. Being arrested, he said he would confess all.

S. p. 22, 1904.

**Going to Business College  
This Year?**

**If so you want to attend the Union  
Commercial College. Why?**

Because its teachers are up-to-date, practical men,  
Because students waste no time,  
Because students receive personal instruction,  
Because our students receive a practical training that fit them to do all forms of office work,  
Because the work done at our College last term was unsurpassed.
