### NATIONALS OUTCLASSED IN FINAL FOR MINTO CUP

Secours Scores Second Goal and That's All Frenchmen Secured — Praise For Officials.

NEW WESTMINSTER, B.C., Sept. 24.—The Nationals were hopelessly outclassed today in the final lacrosse match for the championship of Canada, the New Westminsters scoring eleven goals to the challengers' one.

Nationals were without the services of their best man, Newsy Lalonde, and the New Westminsters lacked Galbraith, the big point man.

Had both teams been at full strength the score, but not the result, might have been different, for the locals had the easterners outclassed at all stages.

The game was interesting throughout, Frenchmen playing gamely to the last minute, the story that they are quitters when at the short end of the score not being borne out here. The visitors are loud in their praises of the home team, Maud Gordon added nothing, and it was 2 to 1 at the end of the first quarter.

In the first quarter two goals were scored in 35 seconds. C. Spring for New Westminister setting the first in 7 1/2 seconds, and Secours for the Nationals, the second, and only goal, in 28 seconds later. Gordon added another, and it was 2 to 1 at the end of the first quarter.

Second Quarter.—Play commenced faster. New Westminister forcing the attack, rained six shots on L'Heureux, who played a splendid and almost a lone game. C. Spring, Whittemute and Len Turnbull scored for Westminister, playing down hill. The Nationals outran Westminister, but were a poorer combination. Score, 5 to 1. Third Quarter.—Westminister had things pretty much their own way during this period, the Nationals slowing up perceptibly. W. Turnbull, C. Spring and C. Spring scored for Westminister. Nationals scored no goal.

**Athletics Welcomed Home.**

ST. CATHARINES, Sept. 25.—The champion Athletic lacrosse team, upon their return from Toronto last night, were met at the station by a crowd of several thousand persons, who had waited over an hour and a half for the train, which was stalled at Jordan Bay by a disabled freight. The streets from the station to city square were lined with humanity, through which was marshalled one of the finest torchlight parades the city has ever witnessed, fireworks and music forming a very prominent part, both bands of the Nineteenth Regiment being present.

Scores of baseball and lacrosse players rode in carriages, singing "Hurrah, Hurrah! We're Champions Again, Hurrah, Hurrah!"

The Globe Shield, with motto, "What We Have We'll Hold," was drawn on a lorry, much to the content of many citizens who had never before seen it. At the square, just before the parade was dismissed, Mayor McBride, speaking from his carriage, said: "It has been my pleasant duty on different occasions to extend a welcome to strangers coming to the city. To-night I am delighted to welcome home the champion lacrosse team from Toronto, which they have won, in which they retain that shield."

Baseball All Over In Eastern Westminister 11: National's 1: Prices At Woodbine

Note and Comment

The rain descended copiously and continuously on Saturday the opening of the O. J. C. fall meeting was a success. The fields, the finishes, the betting were up to the standard of the season.

Following are the winners of the Toronto Autumn Cup: Yearling, G.B. Morris, 106 lbs. 11.5; 2-year-old, P.S. Roberts, 110 lbs. 12.0; 3-year-old, G.B. Morris, 106 lbs. 11.5.

The winners of the Woodbine St. Leger are as follows: Yearling, G.B. Morris, 106 lbs. 11.5; 2-year-old, P.S. Roberts, 110 lbs. 12.0; 3-year-old, G.B. Morris, 106 lbs. 11.5.

The increase next Saturday, and a week for the amateur championship exhibition of the national pastime. The men on the Toronto list are as follows: Pitches-Killian, Newton, McGinley, Lundgren and Carroll.

Little satisfaction can be extracted from the annual field and track championships decided Saturday at Monrovia, when the stars of the track were captured by the boys of the Toronto club.

The baseball season is over, as far as this circuit is concerned, and even this early the clubs are thinking of the next year. Joe Kelley will likely manage Toronto again next year, but there will be other changes.

McAllister is a part owner of the Toronto club, and there was rumor that he would become manager of the club. However, it is not likely.

The Vancouver amateur lacrosse team, consisting of fifteen likely looking players, averaging about 30 years of age, are in the city yesterday.

The Parkdale Rugby Club's Rugby team will practice every night this week at Brock Avenue rink.

POINT GREY THE SITE  
FOR B. C. UNIVERSITY

Commissioners Decide on a Suburb  
of Vancouver For New  
Seat of Learning.

VICTORIA, B. C., Sept. 25.—(Special.)  
The report of the university commis-  
sion appointed during the summer to  
select a site for the British Columbia  
University was made public to-day,  
having, altho dated June 28 last, been  
received only last Monday. The commis-  
sion have decided upon Point Grey,  
a seaside suburb of Vancouver, as the  
site.

The university site commission are  
strongly of the opinion that the uni-  
versity should not be placed on a site  
which may in time be completely sur-  
rounded by the city. They suggest that  
not less than 250 acres be set apart for  
a university campus, and 700 acres for  
experimental purposes in agriculture  
and forestry. This is exclusive of the  
forest reserve for forestry operations  
on a large scale. Already two million  
acres have been set aside by the pro-  
vincial government as an endowment  
fund for the university.

Landscaping Work.  
In developing lawns and estates  
great care and judgment is required in  
the locating of walks and drives, and  
selecting suitable varieties of trees and  
shrubs to be planted, and the arrang-  
ing of them artistically. Many home-  
owners lose their charm for lack of knowl-  
edge and experience in developing the  
grounds. This difficulty is overcome  
by our landscape department, which is  
in charge of experienced men qualified  
to develop grounds of city or country  
homes, large estates, and public grounds,  
parks, cemeteries or factory  
lands. Now is the time to discuss  
fall or spring work. Correspondence  
solicited. Brown Bros. Co., Browns'  
Nurseries, Welland Co., Ont. 514.

J. R. HOWITT CHOSEN  
FOR DOWNEY'S SHOES

Young Lawyer the Selection of  
South Wellington Conservatives  
For the By-election.

QUELPH, Sept. 24.—(Special.)—With  
a majority of 38 votes over his two op-  
ponents, J. J. Drew, K.C., and H. C.  
Scholfield, united votes, J. Ransom  
Howitt, a young lawyer of this city,  
was chosen by the Liberal Conserva-  
tives of South Wellington as successor  
to Joseph P. Downey, ex-M.P., as  
standard bearer for the party in the  
by-election, which was held in the  
city hall, was one of the largest  
that ever witnessed in the provin-  
ce, and the result was a record.  
Capt. Pritchard of Nichol Town-  
ship, warden of Wellington County,  
presided.

It seemed to be the general opinion  
that the Conservatives of the riding  
gave the nomination to J. J. Drew,  
K.C., one of the most prominent com-  
missioners of the city, and a man who  
had worked hard for the party in all  
the political campaigns for many years  
past, but J. Ransom Howitt, a young  
lawyer, and his friends seemed to have put  
up a strenuous fight.

Mr. Drew was the first to speak at  
the announcement of his nomination  
and the statements made by the  
regulation in the riding of South Well-  
ington, and the result was a record.  
Capt. Pritchard of Nichol Town-  
ship, warden of Wellington County,  
presided.

"I might as well frankly admit that  
I am disappointed," he declared. "I  
have worked very hard for years past,  
and you all know and I know you  
think to expect that you would have  
shown your appreciation by conferring  
this honor upon me. I tell you, gen-  
tlemen, as you thrust deep into my  
heart the iron of your ingratitude, and  
there it shall remain."

The speaker was glad he had not  
sought the honor of being elected  
for it, still, above and beyond his dis-  
appointment, Mr. Drew emphatically  
stated that he saw the great good of  
the citizens and the department  
riding standing firm for the Whitney  
administration and its good work for  
the people of Ontario.

Mr. Howitt then took the platform.  
Thanking the party for the honor, he  
referred in eulogistic terms to Mr.  
Downey, who had always been a  
leader selected, and thanked Messrs.  
Drew and Scholfield for their courtesy.

The speaker said he fully expected  
there would be a contest, but he  
felt sure that would ultimately result  
in victory. The riding of South Well-  
ington, he had always been a  
leader selected, and thanked Messrs.  
Drew and Scholfield for their courtesy.

These regulations were drawn up by  
the officers of the health of animals  
branch of the department and the  
provincial authorities. They were  
intended for the purpose of protecting all  
before the spread of the disease.  
H. C. Scholfield, the other candidate,  
seconded the resolution, which was  
unanimously carried, amid hearty  
cheers.

street, the corner stone of which was  
laid on Saturday, is planned to look  
like, altho the tower may not be erect-  
ed to its full height for some years.

The church will be 220 feet long, with  
105 feet, height 95 feet (with the tower  
nearly 100 feet higher). It will be of  
Credit limestone, in gothic style of ar-  
chitecture, and the estimated cost is  
\$260,000. It will accept 2400, there being  
only a small gallery. E. J. Lennox is  
the architect, and the contracts have  
been placed as follows:

Masonry and natural cut stone, Page  
& Co.; Roman stone, Roman Stone  
Co.; carpentry, Wm. Williamson; steel  
work for floor, Dominion Bridge Co.;  
galvanized iron work and slating, A.  
Mathers & Co.; lathing and plastering,  
Blackburn & Son; painting, A. N.  
Brown; plumbing, Keith & Fitzsimons;  
heating and hot air, Pease & Co.;  
glass, R. McCausland. A fine new or-  
gan is to be installed, and it is hoped  
to occupy the church in a year's time.

Department of Agriculture Unable  
to Modify Regulations For  
Benefit of Hunters.

A gentleman who came up from Ot-  
tawa Saturday morning said he had  
been making enquiries there as to the  
probability of a modification of the  
regulations regarding the muzzling of  
dogs so as to let the hunters take their  
hounds with them to the fall shooting,  
and the result of these enquiries and  
the statements made by those high up  
in the department were to the effect  
that it was not likely that the con-  
cession would be granted.

A good many applications from  
Mr. Downey, who had always been a  
leader selected, and thanked Messrs.

These regulations were drawn up by  
the officers of the health of animals

TELEGRAPH TOLLS ARE TO  
BE INVESTIGATED HERE

Western Men Object to the Ex-  
pense—G. N. W. Another Name  
For Western Union.

WINNIPEG, Sept. 25.—(Special.)—  
The investigation in Winnipeg into  
the question of telegraph tolls in and  
out of the city came to an abrupt  
conclusion on Saturday afternoon. Isaac  
Pitblado, who was acting for the board  
of trade and the grain exchange in the  
matter, concluded his examination of  
S. B. McMichael, assistant to the gen-  
eral manager of the G.N.W., and Judge  
Mabee then stated that he thought the  
time opportune for a consideration of  
the question of the general scope of the  
investigation, and the circumstances  
under which it was to be continued.  
He did not think it possible to complete  
the investigation in Winnipeg even if  
the commission were to sit all next  
week. He was of the opinion that the  
investigation might be confined to one  
of the telegraph companies, say the  
G.N.W., and that the sittings might  
be held in Toronto.

Mr. Pitblado then intimated that he  
had been advised by his clients that  
they could not be responsible for the  
cost of the investigation, and he would  
undertake to make a relaxation of the  
regulations, largely carried out by  
the provincial authorities. This spread  
of this disease in Ontario during  
last winter and the present season  
now thinks the existence of the dis-  
ease has been considerably abated. It  
still exists, however, in western On-  
tario.

Now, if any relaxation of the regu-  
lations were to be made, the disease  
would undoubtedly revive and spread  
through the west, and it would be  
every owner of dogs upon the farms  
and other owners as well as upon the  
sportsmen. If at the request of the  
sportsmen, the department were to  
undertake to make a relaxation of the  
regulations, it would be to the dis-  
advantage of the people in the in-  
vestigation, which would be continued  
on Monday.

Mr. Bell of the board of trade made  
a very curious statement during the  
afternoon of the investigation as it is  
viewed by the men whom he specifically  
represents. W. J. Camp, the expert of  
C. P. R. telegraph, had stated that he  
would take 60 clerks three years to ac-  
quire one item of information for which  
the Winnipeg board of trade had ac-  
quired what was true, said Mr. Bell,  
what hope was there that any single  
organization as the Winnipeg  
Board of Trade, could ever hope to  
obtain such information as would con-  
vince the board that the rates of the  
telegraph companies were what they  
were. It appeared that the rates of  
Canada were willing to accept without  
question the slight concessions which  
the telegraph companies were willing  
to grant. There ought to be some  
authority in the Dominion which would  
investigate and determine what rates  
were equitable. It appeared that the  
board of trade that this was the func-  
tion of the railway commission, and  
the appeal had therefore been made to  
the railway commission.

S. B. McMichael, assistant to the  
general manager of the G. N. W., who  
had urged in the forenoon that the  
rates of the company were so low that  
it had paid no dividends in 22 years,  
explained in the afternoon to Mr. Pit-  
blado that the G. N. W. was the result  
of an amalgamation of the old Mon-  
treal and the old Dominion companies,  
and that the shareholders of the Mon-  
real had been paid eight per cent, and  
the shareholders of the Dominion had  
been paid six per cent. He also stated  
that if there were deficits in the opera-  
tion of the G. N. W., the money due  
to the shareholders of the old Montreal  
and Dominion companies was paid by  
the Western Union, showing that the  
G. N. W. was but another name for  
the Western Union.

Judge Mabee expressed the conviction  
that in the investigation of telegraph  
tolls the commission was going to  
be involved in as great an under-  
taking as in the matter of the express  
rates.

Mr. Bell of the board of trade main-  
tained that the matter of telegraph  
rates would prove much less complex,  
as the number of schedules was very  
much less.

**PASTOR RUSSELL'S SERMON**  
**PREACHING TO IMPRISONED SPIRITS**

**TEXT:**  
 "By which also he went and preached unto the spirits in prison."  
 Peter iii: 19.

KNOXVILLE, Tenn., Sept. 25.—A convention of Bible Students in session in this city. Pastor Russell of the Brooklyn Tabernacle, as president of the International Bible Students' Association, addressed the students twice to-day. His audiences were large and intelligent. We report one of his addresses from the text foregoing. He said:

Much speculation has been aroused by our text. Some have claimed that it signifies that Christ, after His death on the cross and before His resurrection, went to some place where human spirits are imprisoned in some kind of purgatory and there preached to them. Not only is the biblical theory in line with this suggestion, but many Protestants hold that the dead may be prayed for and thus be assisted to escape from eternal torment. All of this is wrong, as we shall show quite contrary to the teachings of our text when viewed in the light of its context.

Those preached to were not human beings, but spirit beings, called angels. This is clearly stated in verse 20, which tells us when these angels were imprisoned and why. They were imprisoned in the days of Noah, the time of the flood. They were imprisoned for disobedience. So we read (verse 19): "He preached unto spirits in prison, which sometime were disobedient, when once the long-suffering of God waited in the days of Noah, while the ark was a preparing." Turning back to the Genesis account of that time we find quite a complete record or history of these disobedient spirits, in the sixth chapter, verses 1-5.

Some time after father Adam's disobedience and his expulsion from Eden—the holy angels were permitted to visit humanity with living instruction, men back to harmony with God. This doubtless was permitted for two reasons: First, had such an opportunity not been granted, the angels might in the conclusion of God's great plan, have been inclined to say, yes, God accomplished human salvation, and in a very wonderful manner, and with very great cost and trouble. Had He given us an opportunity to mingle with humanity we might have had an uplifting influence upon the people and have accomplished their reconciliation to God.

God wished to forestall any such misunderstanding of the wisdom of the plan which He had arranged and would, in due time, work out; secondly, the angels themselves never had come in contact with sin of any kind, since they never had been tested or tried in respect to their obedience and loyalty to the Creator. They were permitted to attempt the recovery of humanity—partly in order to show their own obedience and loyalty to God.

Our knowledge of spirit beings and the powers granted to them by the Almighty, limited to our observation of the Bible records, shows that they appeared as young men at our Lord's sepulchre and again at His ascension, and who, as soon as they had accomplished the purpose for which they were sent, vanished, are illustrations.

We remember the account of how Abraham sat in the door of his tent and beheld, through the night, the angels who were sent to him. He received them as men, entertained them at dinner and, we read, "They did eat and talked with Abraham." They had human bodies, but they were spirit beings. When they dematerialized they vanished.

Genesis vi: 1-2, informs us that this privilege of mingling with the assistance of mankind was eventually, misused by some of the angels as an opportunity for sinful intercourse with the children of men. This is the beginning of the race of giants, which is not definitely stated. The expression, "When men began to multiply on the face of the earth," might be estimated at about a thousand years after Adam's original sin. This would leave a period of 655 years to the flood. It was approximately during this long period that the angelic sons of God, who were the daughters of men, took to themselves for wives all that they chose of the children of men. And they bare to them a race of giants, who were mighty men which were of old, men of renown and giants. We remember that at that early day human life was much longer than that which is now. It was scarcely reached before a century and that few became fathers younger, and when we remember also that the strength of these giants meant that they could do anything which we could do, it is not surprising that they were mentioned as boys, but men, mighty men, renowned men. It gives the thought that the angels, without divine permission, had really started to propagate a new race and that their progeny was much stronger than that of the poor Adam's stock.

The divine law meant that the strength of these giants would be used selfishly and the licentious examples of the angels had a demoralizing effect upon the children of Adam, as well as upon their own race. All this is stated and implied in the following: "And God saw that the wickedness of man was great in the earth, and that every imagination of the thoughts of his heart was only evil continually." What a terrible picture of the condition of things before the flood! But God was not ashamed, for He had foreknown everything. Hence He had a great canopy of water in the sky which temporarily gave the earth an equable, temperate climate, but which He intended should fall upon the earth and cause the great flood in Noah's day. Hence at the appropriate time God gave instructions to Noah to prepare an ark for the saving of himself and his house. Noah and his family were the only members of Adam's race in all the earth who were not more or less contaminated by those angels. How wide must have been the influence when we read as an exceptional matter, "Now Noah (and his family) was a just man and righteous in his generation." Noah had nothing whatever to do with generating them.

While the angels preferred to live as men in human bodies, they would not be overwhelmed by humanity in the flood, but merely dissolve, by dematerialization, their human bodies and be, as originally, spirit beings. Satan was the first sinner against the divine government in his endeavor to set up a kingdom in the earth, and to have humanity for his subjects. Altho God had full knowledge of Satan and the other disobedient angels, He did not interfere with their power. Instead He merely allowed them from Himself and the holy angels and imprisoned them in the

DOUBLE-TRACKING NOT FOR A WHILE YET

North Toronto Business Men Don't Like Project As It Stands—Major Advises Caution.

NORTH TORONTO, Sept. 25.—(Special.)—The big outstanding question in the town today is the exclusion of all others, is Councillor Lawrence's proposal to open up negotiations with the Metropolitan Railway relative to the double tracking of Yonge-street.

Now that a valuable franchise is sought to be acquired by the Metropolitan Railway, the cool proposition of Councillor Lawrence to barter away the privilege of double tracking, on a street for a paltry \$600 a mile is naturally resented.

That the terms of agreement were drawn up by someone, whether a legal gentleman or not, with a good knowledge of law is evident from a perusal. "It would be interesting to know just what Councillor Lawrence had that document prepared," said the prominent citizen to-night.

"How do you like Councillor Lawrence's proposition submitted as a notice of motion?" said "The World" Mayor Brown.

"Well, I have not given it the close attention a thing of that kind merits, but I will go so far as to say that in my judgment it is not a very good proposition to have had the whole matter submitted to a railway committee instead of coming as a notice of motion.

"It is not nearly enough, and would barely pay the bill on the debentures," said his worship.

"I don't think I would sit and wait for annexation before entering upon negotiations with the Metropolitan Railway," said R. G. Kirby, a north-end man.

Public sentiment would have endorsed the action of the chairman of the board of works in applying another dose of oil to Yonge-street, especially in the neighborhood of Bedford Park where the double tracking has been in operation for this purpose.

While in the city Dr. Wickham will be the guest of Dr. W. H. Aikins, 134 West Bloor-street.

WESTON, Sept. 25.—(Special.)—The opening of the Weston Fair on Friday afternoon next bids fair to be the greatest event ever held in town.

### See Our Wilton Rugs

Wilton Rugs are popular because they'll withstand hard wear better than any other weave, and they are more easily kept clean than any other pile carpet. In the new Rugs we're showing you'll notice how much the fabric resembles the finest hand made rugs.

The range of qualities is wide. For instance, we sell a really good 9 x 12 Wilton Rug for \$30.00, and there are several other grades between that and our best 9 x 12 at \$70.

We are particularly proud of our Wilton Rug stock, containing as it does many examples of the world's best product in weave, design and coloring, which are exclusively ours for Canada.

Active selling in Wilton Rugs has already placed some designs in the "broken range" list. These we will clear at the following special prices on Tuesday:
