CONDITION TERRIBLE
Sinn Feiners Advised to Lay Aside Dangerous Bluff About Republic.

Belgium, March 18.—The Belgian front is shown by the official weekly Belgian communiqué, which was received here today from France by the Belgian legation. It follows:

Terrible Condition.
Ireland is in a terrible condition at the present moment. She is invited by a numerous clamorous body of young Irishmen to abandon her claim for home rule and set up a claim for an Irish republic. I do not think it is futile to discuss a possible Irish republic, and as the Sinn Fein leaders are not united or consistent as to their aims, why should they not be united in their dangerous bluff, coalesce with their fellow countrymen and make a united demand for that which is almost within our grasp?

LEADERS TO SPEAK TODAY ON ADDRESS; MAY END DEBATE
At Opening Session of House, Sir Robert and Sir Wilfrid Touch Swords.

CHALLENGES HOUR
Laurier's Protest and Borden's Reply Elicit Applause and Laughter.

Ottawa, Ont., March 18.—The new parliament opened today with unusual expedition. The Speaker was elected, the speech from the throne delivered and the debate upon the address in reply to the speech from the throne formally moved and seconded. The debate will be resumed tomorrow by Sir Wilfrid Laurier, followed by the prime minister. If no opposition member arises to reply to the speech of Sir Robert Borden, the address may be adopted without delay. This, however, is unlikely and the debate may be prolonged by speeches from both sides of the house.

The proceedings today were quiet and decorous. Sir Robert Borden expressed a desire to arrange the debate to suit the convenience of Sir Wilfrid Laurier and the latter eulogized Speaker Rhodes and showered compliments upon the government members who moved and seconded the address.

W. B. Northrup, the new clerk, who for many years represented East Hastings in the house, called the commonsense order at 11 o'clock. Almost immediately to return after him by H. M. Mowat (Parkdale) who moved the address. Mr. Mowat is not an orator, but he spoke with feeling and sincerity. He touched briefly but wisely upon the past election and the new parliament, and the value of the mandate from the people. His own election in the Conservative riding of Parkdale bore witness to the self-forgiveness and the self-attenuation but only upon winning the war. Questions of tariff, trade and finance, and thought would be dealt with hereafter, but should not be dealt with until the government supporters during the continuance of the war.

Leaders Touch Swords.
Once or twice during the day the party leaders touched swords, but with courtesy and good humor. Sir Wilfrid suggested that the house could not legally meet until 3 o'clock in the afternoon, being the hour fixed by the rules, and no other time being named in the royal proclamation. Sir Robert Borden explained that this was due to some mistake on the part of a clerk, as the hour, as well as the day, had been named in the proclamation.

There are so many orders in council," Sir Wilfrid began. But the balance of his sentence was drowned in applause and laughter from the opposition benches.

Sir Robert Borden: "I am sorry my right honorable friend does not like orders in council as I have quite a number to lay on the table."
He then presented many orders in council made during the parliamentary recess, including those dealing with the Military Service Act, the temperance question and the railway rates.

Sir Wilfrid Laurier: "I do not observe among all these any order in council dispoising with parliament" (Laughter).

Sir Robert Borden: "I'm my right honorable friend (Sir Wilfrid Laurier) re-ally will give it out best consideration" (Applause and laughter).

ECONOMIC METHOD OF EXPORTING GRAIN
Americans Will Fill Spaces in Containers Between Round Cans of Foodstuffs.

Washington, March 18.—As a means of saving cargo space, the department of commerce today recommended to the shipping board the shipment of grain in the waste space in containers of round cans of foodstuffs. The department estimated that six ships loaded with canned goods could carry enough grain in the manner suggested to fill one vessel.

PAY-AS-YOU-ENTER CARS ARE COMING
Street Railway Management Has Practically Decided This.

While there is little possibility of women being employed as street car conductors in Toronto in the near future, there is a good chance of the citizens being faced with the pay-as-you-enter system. It was learned yesterday that the management of the street railway has practically decided to put the pay-as-you-enter system into operation this summer. The directors of the railway will, however, have to sanction the move. It is claimed by one faction that the revenue of the company would be increased by the adoption of the system, and inasmuch as the shareholders claim that something should be done to increase the dividends and provide money for new rolling stock without touching these dividends, it is possible that the management may be directed to put the system into operation.

Other Companies Participating Are Eastern Car Company and National Steel of Hamilton.

Montreal, March 18.—The Canadian Car and Foundry Co. will participate to the extent of about \$18,000,000 in new orders for railroad equipment placed by the Dominion Government today. The orders total about \$22,500,000, one of the largest contracts ever placed in Canada. The bulk of the equipment, especially box and ballast cars, will be for the Canadian Northern Railway. The allotment of the contract, it is understood here, has been made to three companies on the following basis:

Canadian Car and Foundry Co., Montreal, five thousand forty ton steel frame box cars, 460 forty ton steel ballast cars, 300 thirty ton stock cars, worth in all about \$15,000,000.

TWO PEOPLE RESCUED FROM UPPER WINDOWS
Fire Broke Out in East Queen Street Drug Store and Did Much Damage.

Fire of unknown origin broke out in Breen's drug store, 215 East Queen street, at an early hour this morning, doing damage to the extent of \$1000. Drugs and other articles to the value of \$700 were destroyed, while the damage to the building amounts to \$300.

When the firemen received the alarm the fire was burning furiously from the upper windows. Two people who were in the building had a narrow escape from death. Austin P. Carro and Miss Tina, Daniel Lamb, Great credit is due the firemen for the prompt way the flames were extinguished.

Two British Outposts Raided Near Poelcapelle

London, March 18.—The official statement from the war office tonight reads:

Parties of the enemy early this morning raided two of our posts northeast of Poelcapelle. Four of our men are missing. A few prisoners were brought in by our patrols last night as a result of the encounter reported in this morning's statement.

AMERICANS TO SEIZE HOLLAND SHIPS AT ONCE
Irrespective of Dutch Reply, Allies Will Take Action Today.

Washington, March 18.—Preparations for taking over Dutch merchant ships in American ports tomorrow were completed tonight, while the government expected momentarily to receive from London the Dutch reply to the British-American shipping ultimatum.

TO CARRY FOODSTUFFS
Some of Vessels Are Finest Ever Built—All Ready for Use.

Officials here said they had no intimation of what the reply would be, whether it would accept the allied demand for a transfer of Dutch tonnage now in American and British waters, or would endeavor to open further farther in an effort to satisfy both the allies and the Germans.

It was learned today that there are 68 Dutch ships in ports of the continental United States, their tonnage aggregating 470,000. Others with a tonnage of about 100,000 are in the island possessions of this country, and upwards of 400,000 tons are in British waters. All of the vessels are in first class condition, and include some of the best merchant ships ever built, at least ten of them being among the fastest cargo carriers afloat. It is likely that most of them will be put to carrying foodstuffs, cargoes being allotted by the ship control committee.

CITY ALLOWS FREE USE OF HIGH PARK

War Measures Act Applied to Hospital Site on Howard Estate. CITY'S RIGHTS SAFE

Hospitals Dispute Held Up Work, General Logie Tells Council.

The city council yesterday endorsed the action of last year's council in granting the Dominion Government permission to erect a military hospital in a 25 acre section of High Park. No agreement will be executed between the city and the government as this would jeopardize the city's rights of use of the park, but the land will be taken over by the Dominion Government by order in council under the War Measures Act.

General Logie, Col. E. G. Ryerson, A.D.M.S., appeared to explain the government's position. "I am discouraged with the hospital situation," said General Logie. "There are twenty trains of wounded soldiers en route from Halifax now and we don't know where we are going to put them."

Controlled McBride did not favor giving High Park free of charge. He wanted to charge a rental so that all parts of the country could share in the expense. The city solicitor explained that the city could not make a formal agreement with the government without running the risk of giving the Howard estate an opportunity to take back the park.

"We can not stop the government from taking over the park," the solicitor said. "It is only a question of whether or not we are going to demand a rental for the property."

Ald. Hamden moved that the clause stipulating that the government should pay a rental of \$1 a year be struck out, and that the council place on record as waiving all claims for compensation. His motion carried unanimously.

ALLEGES NEGLIGENT DRIVING OF PILES Canadian Stewart Limited, Suing I. A. Hoide on Account of Sub-Contract Work on East End of Harbor.

In the non-jury assizes yesterday before Justice Masten, the case was started where the Canadian Stewart Limited, defendants, were suing I. A. Hoide for \$174,946 on account of the alleged negligent manner in which defendant, who was a sub-contractor on the east end of the harbor, did the piling, which, on this account, was not passed by the department of public works, and in consequence, had to be done over again.

J. A. McEvoy appeared for Hoide who won the case, and asked that the case be stayed until the court in New York State had given judgment in the suit entered against the plaintiff by Hoide's lawyer.

TREASURER'S PLAN FINALLY APPROVED

City Council at Last Passes Firemen's Benefit Fund Bylaw.

SIX ALDERMEN OPPOSE Ald. Plewman Lets Out at Those Who Organized the Fund.

After thirty years of "muddling," the firemen's pension fund is started on a straighter and a narrower path. The plan of the city treasurer and the majority of the council will lead it from its present state of confusion to a solid and stable foundation.

Mr. Bradshaw's scheme has been published on numerous occasions, but the chief recommendation was to increase their contributions to 7 per cent of their salaries; new men entering the force pay 9 per cent; pensioners are limited to \$1400 a year; the city assumes \$326,000 of the deficit in the fund to be paid in thirty years by instalments of \$7,200.

AUTHORITY GIVEN TO BORROW MONEY

Two Resolutions Passed by Legislature in Busy Afternoon.

CHILDREN IN FACTORIES

New Law Prohibits Employment and Curtails Other Working Hours.

The rapidly with which the legislature dealt with a large number of important matters at yesterday's session surprised even those who had arranged the day's program, with the result that the house adjourned shortly after six o'clock, although the members fully expected there would be a night session.

A resolution giving the government authority to borrow \$5,000,000, and another to grant \$3,750 a year for ten years to the University of Toronto to further enable it to carry on research work in connection with anti-toxin serums were passed and not without a tribute to the university for the work already accomplished along these lines.

An important piece of legislation was given second reading. It affects canning factories in so far as children under 14 years can not be employed, nor can women work in them after 6.30 p.m. In the past these concerns operating in the summer have been privileged to use that kind of labor, and when the harvest season was on, the factories have been kept running until late at night. This is done away with as far as women and children are concerned. It is provided that dressing rooms must be maintained where there are more than 35 women employed in one factory.

The government's policy in regard to utilizing vegetable land for the cultivation of food this summer was made clear in that no compensation will be allowed those whose property is so used, unless the owner, or leader of the opposition, asked if the taxes would be taken care of, but Sir William Hearst replied that if the land was left idle the owner would have to pay the taxes, and he could do so just as well if the land were being used.

In all, a long order paper was put out of the way, and many bills dealt with in the afternoon. The balance of the week will see this session concluded.

Western Hospital Case. Mr. Proudfoot drew the attention of the house to a newspaper report concerning the statements of a coroner in regard to the Western Hospital, in which criticism was leveled at the institution following an inquest into the death of a patient.

Hon. Mr. McPherson replied that the coroner's investigation and that such would be held if the conditions appeared to warrant it. As yet he had had no time to go into the matter fully, but he had read the evidence of the inquest.

Hon. Thomas Crawford, chairman of the Western Hospital board, characterized the statement of the coroner as "a vile slander." He said that the coroner was wrong, and declared it was time the coroner's court was investigated so that unbiased opinions could be obtained.

Dr. Forbes Godfrey said the Western Hospital was well managed. He did not believe it was intended that a scandal should be raised, and that a competent man, would give far better results and there would not be the "sloppy methods" such as exist now, he thought.

Sir William Hearst drew the attention of the house to the fact that the debate was out of order. H. Hartley replied that the coroner's court was conducted along fair lines.

The house went into committee on Hon. T. W. McCarry's bill to appoint a purchasing agent for the province in order that a new clause enlarging the scope of such an agent might be inserted. The bill was carried, with amendment and then given its third reading.

Can Borrow Money. Hon. Mr. Hearst introduced a resolution authorizing the government to borrow \$5,000,000 and one authorizing a grant of \$3750 a year for ten years to the University of Toronto for research work regarding the manufacture of anti-toxin.

In regard to the larger amount, H. Hartley Dewar, Southwestern Ontario, asked if approval from Sir Thomas White had been secured. He was told that this was not necessary until the time came for borrowing. "Up to the present, he has not refused such permission." Hon. Mr. McCarry said he added it was not the intention to raise the loan immediately and there was the possibility that it might not be issued at all.

A tribute to the work done at the university in producing serums, was paid by the provincial treasurer, when he spoke in support of the university grant. The gift of Col. Gooderham in this connection had made it possible for a great service to be rendered. The \$3750 a year would provide for a professor who could devote his whole time to research work.

Wood from provincial lands will be the fuel for all provincial public institutions next winter, according to the announcement of Hon. Mr. Ferguson. Thus it is hoped that the price of coal will be released for private use. The matter came up when the bill providing for investigation of the fuel resources was being considered.

Mr. Proudfoot had suggested that a provincial fuel controller should be set up at once to get wood cut, but Hon. Mr. Ferguson said that the municipal organizations could do it with more satisfaction.

Sir William Hearst said the question of fuel supply was a national one, recognized as such by the federal government. He reviewed the work this winter and said the policy was to have a fuel controller for each province next year.

The bill calling for development work in northern Ontario was presented to the committee stage with little discussion, the only point being that of making loans for the establishment of butter and cheese factories. Sam Carter (South Wellington) again objected to the vote of \$5,000,000 while there was \$500,000 still in the treasury, of the last similar vote made five years ago, but the bill carried without amendment.

U.S. Vets Land. Sir William Hearst, in moving the second reading of his bill respecting the cultivation of vacant land, said he would increase the compensation whatever, when Mr. Proudfoot asked regarding payment of taxes. It was held that taxes would have to be paid if the land were kept idle, so there would be no hardship.

Legislation which provides that children under 14 years must not be employed in any factory was given second reading. This will affect canning factories and other such places which have been privileged in the past to use that class of labor in the summer. Women cannot be employed in factories after 6.30 p.m.

Hon. Mr. Macdunnald explained that plans for shops and offices would have to be submitted to the provincial authorities in future, if the buildings were to be more than two stories high.

Sir William Hearst introduced a bill by which railwaymen would be denied the right to vote, in certain instances, before the regular polling day. It was pointed out that some railwaymen were required to leave their place of residence before the polling booths were opened, and that they did not return until after the polls were closed, sometimes the next day. In order to meet the conditions this measure has been promoted so that by reason of their work, the men will not be deprived of their franchise.

Succession Duties. Several amendments to the Succession Duty Act were passed, one of which exempts any sum not over \$20,000 given to immediate relatives more than three years before the death of the donor. Mr. Proudfoot suggested an increase in the duty upon gifts to other than blood relatives, and that 20 per cent. to 25 per cent. should be the tax. Hon. Mr. McCarry thought this might be considered a year hence.

WAR DEVELOPS SOUND- SPELLING METHOD OF TEACHING FRENCH. How Professor de Lapparent developed a modern and simple method for the rapid acquisition of French is one of the great constructive achievements to grow out of the war with Germany. The necessity of knowing French was so apparent that the De Lapparent method immediately became popular and is made available for everybody in The Soldier's Sailor's Diary and English-French Dictionary, which is a book of pocket size bound in durable textile leather, which is being furnished to readers by newspapers of the United States and Canada.

Two primary reasons influenced the professor to undertake this work: First, to encourage the study of French as a convenience and as an aid to promotion; and second, to encourage the keeping of war records by individuals so that events as they appeared to many different participants might be set down when still fresh in memory. A diary, like a camera, fixes definitely the time and place of important events, making a permanent record on the scene of action.

The Soldier's Sailor's Diary and English-French Dictionary is distributed on a coupon plan explained elsewhere in this paper. Civilians as well as those in the military service find it invaluable. Send them at The World office, 40 West Richmond street, Toronto and 40 South McNab street, Hamilton.

SUING FOR DAMAGES. Mrs. Rebecca Finkelstein was suing T. J. Clancy and P. A. McBride in court yesterday for \$500 damages alleged to have been caused when she was knocked down by a motor cycle driven by Clancy and owned by McBride. His honor will address the jury this morning.

SCORE'S WAR-SAVING REDUCTIONS—THE MORNING COAT AND VEST. With Easter but a few days away it is just as well to remind the gentlemen that that day marks the time in the new season when many a man donned the new morning coat and waistcoat, and to say that the war-saving reduction specials afford a very select choice of the most suitable and gentlemanly of cloths in black and dark greys, imported direct for this special department in our high-class tailored to measure department, 334, Gloves, neckwear and other dress accessories in harmony. TWO BOARDS' DIRECTORS. Gold Mine Said to Be Worth Two Million Dollars—Has Two Separate Directorates. With two boards of directors, each having the idea that they should control a rich find of gold just struck on the property of the company, said to be worth \$2,000,000, the Malawian River Mining and Milling Company of North Bay presented its case to the master-in-chambers at Osgoode Hall yesterday. The company has two sets of corporate seals and two resolutions granting two different sets of shareholders to do business of the company, and the defendants moved to strike out the names of the plaintiffs, Roy C. Cole, H. A. Nesley, G. B. Telford, J. D. Negley, and H. F. Wilkes, on the ground that they had no authority to act as directors, while the counsel of the plaintiffs produced returns made by the Incorporation Department of the Ontario Government showing his clients to be the directors. The matter, which will be decided by a jury, is the aftermath of a meeting of the shareholders in Pittsburgh, when one set of shareholders met in one hotel and the others somewhere else, and each appointed "directors."

WANT CLEAR UNDERSTANDING. With the desire to know just how the drugists will stand in regard to the sale of drugs and other medicines sold for venereal disease cases, a delegation from the Ontario College of Pharmacy saw Hon. I. B. Lucas, attorney general, at the parliament buildings yesterday. He referred them to Dr. J. W. McCullough, provincial health officer.

The Big Sale of Furniture Goes on at Full Swing

It's the outstanding event of the month's business at the Kay Store—for, as today's quotations go, we're offering at less than manufacturer's prices, the entire output of the Toronto Furniture Co.

It's a big lot of furniture, well made of solid mahogany and walnut, each piece designed and finished to perfection. Our sale prices afford an opportunity of saving that should not be missed, whether your ideas are confined to the buying of a single piece or whether you contemplate the furnishing of a whole house.

We illustrate and describe herewith three of the attractive features of the Sale:

Here's a Solid Mahogany Dresser, an exceptionally attractive piece of furniture in the poster Colonial design. You will notice the two long drawers, with three of smaller size at the top. The "posters" support a fine British plate mirror. This mirror is 34 in. by 46 in. The top of the dresser measures 24 by 54 in. The regular price is \$110.00. Our sale price shows remarkable saving, being but \$65.00

This Adam Period Bedroom Suite, though not included in our big purchase from the Toronto Furniture Co., is a value that is worthy a place in this special announcement. It may be had in ivory enamel, mahogany or walnut finishes; seven pieces in the suite, which will be sold separately. Price for the entire suite \$153.50

As a companion piece to the dresser illustrated at the left, there's this charming Dressing Table, of the same attractive poster design, and also made of solid mahogany. As with the dresser, there's an oval mirror between "posters," and the three little drawers will prove useful for tucking things in. The regular price of this dressing table is \$75.00. A rare value at our sale price \$45.00

GREAT WAR VETERANS HAVE MANY INTERESTS

Small Items of News Reported From the Veterans Branches in Toronto and District.

A G.W.V.A. theatrical organization known as the "Blightly Boys" will feature the concerts which are to be held on Monday evening next at Westwood and at Broadview Y.M.C.A. next Tuesday evening.

During the past month more than 325 new members were added to the roll of the Parkdale Branch of the G.W.V.A. The club house is receiving its finishing touches. The management committee needs a little more comfort can be placed upon the new rooms, but it is hoped that the association will have no difficulty in procuring the needed.

There is a possibility that the recent resolution passed by the Parkdale Branch of the G.W.V.A., to exclude the press from the meetings will be rescinded in the near future, and that the press will be permitted to be substituted for the present one.

The West Toronto resolution restricts the newspaper only to the extent of having copy censored before going out of the hall.

The Toronto Billiard Keepers' Association, which recently donated a complete billiard parlor to the Carlton street club of the G.W.V.A., met yesterday afternoon at the Carlton street club rooms to consider further donations to the returned soldiers.

The committee, which met yesterday, comprised J. T. Wear, president of the association; George Hickey, vice-president; G. H. Ackley, treasurer; Harry Douel, secretary, and R. Hatfield, Benj. Orr, and Mr. Irison. The executive of this association is considering plans to donate two more billiard outfits complete, and expect to have them completed by next Friday evening.

Miss Balfour, who lost a fox stole at a dance given by the Riverdale branch of the G.W.V.A. last week, brought action against the branch for the recovery of \$45, alleged to be the value of the article in question. Judge Morris at the divisional court rendered judgment for the loser, the G.W.V.A., thru some mistake, having no representative on hand at the time of trial. W. J. Curry, K.C., who had the case in charge for the soldiers, succeeded in getting a reopening of the case, and the Veterans won the day.

REV. BENJ. H. SPENCE GOES TO JURY ON BAIL

Secretary Dominion Alliance Charged With Having in His Possession Objectionable Literature.

Rev. Benjamin H. Spence, secretary of the Dominion Alliance, appeared in the police court yesterday morning charged with having objectionable matter in the form of the book, "The Parasite." He was sent to a jury on his own bail of \$200.

Magistrate Denison read the charge of having, without lawful excuse or authority, books containing objectionable matter contrary to the consolidated orders respecting censorship.

At the conclusion of the first hearing, W. E. Raney, K.C., counsel for the defense, issued a statement denying that Mr. Spence was being prosecuted for the publication of a book that had been banned by both the British and the Canadian censors. He claims not to be banned by either, he claims.

DAMAGE SUIT STARTED.

A case was started before Judge Coatsworth and a jury yesterday afternoon in which G. P. Morrison was suing William Hammell and William Jackson for the sum of \$1000 for damages alleged to have been caused when his little daughter, Elsie Sarah Margaret Morrison, aged five and a half years, was knocked down by a motor car driven by William Jackson and owned by William Hammell.

WILLS PROBATED

Thomas Follitt, who died March 5 last, left an estate valued at \$4,851.47, of which \$3,700 is realty, \$1,000 insurance in the Royal Templars, Hamilton, and personal \$151.47. May Follitt, the widow, has made application for administration of the estate.

Dominico Perri, who died in July last, left an estate valued at \$2,000, consisting of a house at 24 Chandos avenue. He left on will, and his widow, Marie DeRusse, has asked to administer the estate.

VERDICT OF NOT GUILTY.

W. T. Bulger Gave Cheque Which Proved Worthless, However.

Without leaving the box the jury in the general sessions yesterday afternoon on the advice of Judge Winchester brought in a verdict of not guilty against W. T. Bulger, who was charged that he did by false pretences obtain goods consisting of butter and eggs from Harry Smith to the amount of \$80.70. The evidence showed that Smith had been in the habit of selling Bulger butter and eggs and he was always paid by cheque. In June last year he gave a cheque for the amount stated, and there were no funds to meet it. His honor ruled that as the cheque was given after the transaction it was not given as an inducement for Smith to give up his goods, and did not therefore constitute a case of fraud, and he charged the jury to return a verdict of not guilty, which was done.

SON OF AN INVALID RECEIVES LENIENCY

Sixteen-Year-Old Boy Who Broke Parole is Given Another Chance to Serve His Sentence.

Gordon Elliott, a sixteen-year-old boy, appeared before Judge Winchester yesterday afternoon on a charge of breaking his parole from the jail farm, where he had served six months of a ten months' sentence for riding stolen horses. T. W. Hopkins, who appeared for the boy, appealed to his honor to deal leniently with him as his father was an invalid and he had not had a fair chance. His honor decided not to punish him, but stated that he would have to go back and complete his term. Major Morrison of the jail farm, jumped up and asked that the boy be punished, arguing that if he was able to take him back it would have a very bad effect on the other prisoners who were on parole. "This statement was greeted with a chorus of 'Oh,' and Crown Attorney Thurston asked what he wanted. 'Do you want the boy executed?' 'No,' hoily replied the major, 'I only want him punished.' 'Bring a bodied man here, and I will punish him,' replied Judge Winchester. 'But I will not punish a boy like that.'"

TWO TRUE BILLS RETURNED.

In the general sessions yesterday, the grand jury returned true bills in the following cases: Joseph Tushingham, thief and receiving; Charles Silkstone, bribery.

HUNDRED CARS CASE IS AGAIN ADJOURNED

No Reply From Company to Which Plans Were Sent by City's Representative.

Owing to the fact that no reply has yet been received from the Canada Car and Foundry Company as to its ability to supply car bodies according to the plans and specifications submitted by the Ontario Railway and Municipal Board, adjourned the "100 cars case" until April 12, after a very brief session yesterday.

No decision was reached yesterday, but the necessity of solving the overcrowding problem was again emphasized. "If it is at all possible to get the cars we must do so at once," said D. M. McIntyre, chairman of the board, and he advised the company representatives to put their order on the market and get the cars when possible.

James Bain, K.C., counsel for the railway company, intimated that the adjournment was not helping to get ahead with the matter and Mr. McIntyre asked him if they were hindering the company from getting the cars. He replied that they were not, but that it was desirable to hear what Mr. Fairly had to say.

In conclusion, Mr. McIntyre urged the company to put forward every effort to get rapid delivery of electric and other equipment in order that cars may be put in operation when the bodies are secured as quickly as possible.

The Toronto World

FOUNDED 1880
A morning newspaper published every day in the year by The World Newspaper Company of Toronto, Limited.

No Limit Recognized.

Corporations rarely learn from experience, historical or social; and the spectacle of the increase of prices and rates on every hand, not because it is necessary, but just because everyone is doing it, confirms the impression of Bourbonism one gets from their record.

It is such experiences, of course, that do more to promote Bolshevism, Socialism, I.W.W.-ism and all the other radical and anarchistic isms than all the propaganda of the crank leaders spread abroad.

All these things solidify the determination of the people and hasten the day when service at cost will be required from all public monopolies. We are less liable, it is to be hoped, than the Russians to yield to the importunities of agitators, but it is always a problem what the masses will do when driven by unreasonable pressure.

Germany's New Eastern Aims. Mr. H. Charles Woods' theory of the present situation in the war, placed before the Canadian Club yesterday in an interesting address, is based on the belief that Germany was unprepared for the entry of Britain into the war, and the consequent frustration of German plans in the east.

be changed. To keep the Bagdad corridor open a vital drive was made against Egypt and India. Turkey was forced out of neutrality, and the exploitation of Rumania for communications was intrusted for Russian agencies. Germany did not want Rumania to remain neutral.

The peace between Germany and Russia and Germany and Rumania creates a new situation and opens up the way to a new and larger scheme of aggrandizement. Instead of dominion from the North Sea to Bagdad and Persia the new design contemplates power from the North Sea to the Pacific Ocean.

The time had come, said Mr. Woods, to cease talking of German failure, but there were compensations to be considered. The kaiser did not know that instead of being able to drive a blow against the British Empire he did in fact unite us as never before.

Why Not Parachutes? Too frequent accidents like that in which Lieut. Le Mesurier recently lost his life make the layman wonder why aviators are not supplied with parachutes in view of the possibility of accident to their machine.

Instead of making a parachute permissible even, one might imagine the authorities would make them compulsory as they are in the sausage balloons, which are all equipped with these life savers.

reason why the alien labor question must be shelved, surely we have good reason to demand that the plan should be abandoned as soon as possible.

Getting down to plain "horse-sense," is it just or reasonable that our sons and daughters should be asked to fight for a cause that is not their own?

It is not enough to make any true Canadian blush for shame to know that the present fuel shortage in this country is entirely due to the dictatorial attitude of alien coal barons who have been defying law and order for the last two years, who draw from four to seven times the normal price for their coal.

His Description of Board of Control's Treatment of Board of Education.

ASKS CHEQUES RETURNED

Legal Opinion on Question of Right of Board to Levy Taxes.

"Picayune politics," was Trustee C. A. B. Brown's description of the board of control's treatment of the board of education. This was at the regular meeting of the finance committee yesterday afternoon, of which Trustee Brown is chairman.

Trustee Brown said it meant a loss to the Toronto taxpayers of \$5000 on the Perth avenue and Queen Alexander additions. The board had taken all the necessary steps for the much-needed additions to this overcrowded school and certain balances would have provided the funds.

I had thought to look the door, and in a moment I heard Mrs. Sexton's cold cutting voice. "I knocked, but evidently you did not hear. I want you to come downstairs and apologize to me before your servants." As I made no move to rise, she went on: "Unless you do, I shall leave this house at once and go to Mr. Howard. And I never shall come into it again while you are here," then she left the room.

"PETER IBBETSON" AT ROYAL ALEXANDRA

Constance Collier and John Barrymore Appropriate and Equivocal Production.

"There are no words; only music could tell you what I feel." "Peter," standing in the garden of his childhood with Lady Mary held tenderly in his arms, thus gave voice to the thoughts of every one in the large audience which greeted the presentation of "Peter Ibbetson" at the Royal Alexandra last night.

"SOME LITTLE GIRL" AT THE PRINCESS

Joyous Musical Comedy Gives Real Entertainment to Good Attendance.

The curtain at the Princess rises on the first scene of "Some Little Girl" in a private suite of the Hotel Ridgemoor, New York. Jack Grayson, "Sir" Hale and Pete Lloyd, three partners in a brokerage concern, are entertaining the girls of the "Sorcerer Opera Company" at a real Bohemian dinner. Pete, who has been out to get the latest tidings of a scheme in which the three pals are interested, and which he told them to do with the operations of a mine called "Cousin Kate," comes back with evil tidings. The mine has gone the way of all mines and is a black failure; and as the three pals have not only invested all their spare cash in the mine, but have induced some of their relatives to do likewise, things look pretty grim for a little while. Not for long, however, for presently visitors are announced that a former associate of Salt Lake City, Utah, has cashed in and Peter his sole heir. The three are overjoyed, but their pleasure is short lived, for it is told that there are some conditions to be met before he can claim the money, the hardest of these being that he must marry the girl of his choice; further, he is informed that said widow has a young daughter who is to be a party to any such undertaking, but his objection is overruled by his friends who are in urgent need of money, and he is hustled off to Salt Lake City, where the terms of the will decree that the ceremony of marriage must be performed in the presence of the money, and evades all permanent unpleasantness makes a very funny story.

There are some very pretty girls in the chorus and the costumes which are highly colored, make their wearers look like birds. The music has lots of joyous "pep" and the scenery and lighting are of a high order. Altogether it is an excellent show, and should draw crowded houses for the entire week.

"THE HIRING MAN" PLEASING PICTURE

Charles Ray in Leading Role of Quaint Photodrama Seen This Week at Loew's.

Charles Ray, supported by a good cast, in "The Hiring Man," is the leading feature this week at Loew's Theatre and Winter Garden, and heads the weekly program of the two theatres.

"The Hiring Man" depicts the life of a farm hand in America about a year ago. The action gives the leading man good scope for his splendid talent in portraying the honest, hardworking and ambitious, but somewhat awkward, rural youth who, however, through the friendship and inspiration of a college-bred young woman, finds himself possessed of a mean ability as a dancer. The role of the young woman is played by the charming and beautiful character of a pure and noble girl who enters into the life of the young man and gains him the love of his life.

The happy scenes of the old-fashioned rural dances and festivals in the evening are well staged and much to the enjoyment of the picture.

"Oh, You Devil" is the caption of an entertaining little musical comedy which is being presented at the Loew's Theatre and Winter Garden, and is followed by "This Way Out."

"Bobbs and Nelson" do a good turn, and Frank Farrow has a good line of song. The picture is a well-acted and well-staged production with a variety of musical instruments. Robinson and Dewey, backstage comedians, get a good reprieve, and the picture is well received with their song and chatter.

Loew's Comedy and Universal Topic Pictures complete the bill.

"THE JOOLY GIRLS" THIS WEEK AT STAR

Al Martin Takes Leading Comedy Role as Patrick O'Brien in a Good Show.

Crowded with laughs of spontaneous origin, "The Jolly Girls," featuring the clever comedienne Al Martin, as Patrick O'Brien, who is looking for Chinatown, opened with the usual matinee at the Star Theatre yesterday. The picture is a well-acted and well-staged production with a variety of musical instruments. Robinson and Dewey, backstage comedians, get a good reprieve, and the picture is well received with their song and chatter.

Loew's Comedy and Universal Topic Pictures complete the bill.

JAPANESE FAVORITE SEEN AT THE STRAND

Sessue Hayakawa Leads in Attractive Photodrama With Scenes in the South Sea.

Sessue Hayakawa is the headline attraction at the Strand Theatre this week in "Hidden Pearls," in which he plays the role of a southern island prince who had an American father and a native mother. On his father's death, on the island, he is sent to America to be educated, and after 16 years of school he comes back to take the head of his people.

He is drawn into love with his cousin for a family convenience, and on his return to his people stands the hidden pearls, which are supposed to have a curse on them. He is caught and taken to the top of a volcano, and shown the boiling lava below. Just as the natives are about to throw him over the acting chief takes pity on him and saves him. He is taken back to the village and bound to a stake, where he has the royal arms tattooed on his breast. He is eventually capable of a great love, producing a native son, and he is able to get to America with the pearls, but refuses to give them up, thereby giving up his claim on his American cousin.

Thru many adventures he reaches Papeete in safety and gets a native girl who makes his way to his principality, which he reaches in time to save his cousin, who is to be cast.

SESSUE HAYAKAWA APPEARS AT THE ALLEN

Japanese Actor Takes Prominent Part With Fanny Ward in "The Cheat" This Week.

"That 'was the way of the transgressor is hard" is vividly impressed upon spectators of "The Cheat," a remarkable dramatic photodrama, a Lasky production, which is being shown at the Allen Theatre this week.

"The Cheat" portrays the disastrous results of the foolish social ambitions of a vain young woman who is lured into money matters and generally spineless, but lovable, nevertheless, she is eventually capable of a great love, producing a native son, and he is able to get to America with the pearls, but refuses to give them up, thereby giving up his claim on his American cousin.

Other features are an orchestral performance of "The Merry Widow" and "Screen Magazine" and a new Sen-tou comedy.

SHOWS SOMETHING TO MAKE ONE THINK

Thurston, the Magician, Performs Clever Illusions at the Grand Opera House.

"Now, I will show you something that will make you think," said Thurston, the Magician, at the Grand Opera House last night, when he presented his bewildering array of tricks and illusions to an audience that filled the house and thoroughly enjoyed every moment of the entertainment. The simple card tricks which seem so easy to do, but so difficult to explain, were first presented in new and novel forms. Aerial fishing, the five game, invisible to the audience, but apparently seen by the magician, caught them in the net, was a very skillful exhibition of sleight of hand.

The levitation of Princess Karnow was certainly a wonderful illusion, and the harder the audience looked the less could they see; but the more puzzled they became the more they enjoyed it. At times the house fairly rocked with laughter, and at other times the stillness was profound, as the magician demonstrated his marvelous feats.

The prettiest scene of all was the flag of the allied nations; it brought round a row of sticks of wood, a bunch of hair and a bundle of rags, was exceptionally good. Rather creepy was the spirit cabinet and the play of the art by spirit manifestations in full view of the audience. The materializations were wonderful and unexplainable. The stillness of the crowded theatre was remarkable, it seemed as if everyone was breathless as the spirits became manifest.

"THE GRAND PASSION" AT THE HIPPODROME

Dorothy Phillips and William Stowell Take Leading Roles in Good Photoplay Production.

"The Grand Passion" is the headline attraction at the Hippodrome this week, featuring Dorothy Phillips and William Stowell. The play is taken from a scene in the Village of Powderville at the time Boss Evans starts his paper, "The Weekly Trumpet," and the Boss Evans owned all of Powderville and forced the inhabitants to advertise. He sends to New York for the best of the nation, and Ripley (Jack Mulholland) applies and gets the position. While traveling Ripley meets Viola, a young woman coming to Powderville to live with her uncle. She is assaulted by one Red Fox, a rascally fellow who has had a great deal to do with the making of Powderville. Ripley goes to the rescue, and Ripley draws a knife, but is laid out before he can use it.

Later, thru much romance, both Evans and Ripley fall in love with Viola, who after showing much affection on Ripley marries Evans.

Lee Roath leads in vaudeville, and the musical comedy "The Turn of a Card" is the feature of the evening. The musical comedy is a well-acted and well-staged production with a variety of musical instruments. Robinson and Dewey, backstage comedians, get a good reprieve, and the picture is well received with their song and chatter.

EMOTIONAL PHOTOPLAY TAKES WELL AT REGENT

Viola Dana Has Leading Role in Wonderful Film Play With Plenty of Human Interest.

Wonderfully emotional is little Viola Dana, who has the leading role in the famous photo play which had its initial run at the Regent yesterday. The original had a record of three years' run in New York, and years in Chicago and one in Boston and in addition has been shown in almost every centre of importance on the continent.

The story of "Blue Jeans" is that of a homeless girl who is first introduced in overall, sitting on a bench, while she is resting in a flight from home after the death of her mother. She is overtaken by Perry Bascom, who travels on his bicycle to the close of an election which he is contesting with the bullying Ben Boone. In the middle of the campaign Sue Buday, whom Perry had married previously, had left and when he found she was already married, appears. She denounces him as her husband. What follows is elaborate work out on the screen, the picture which consisted of seven reels and took one hour and a half in showing the girl with a pastoral scene, with the girl in the fields and children playing. It showed Louvain with its famous towers and the girl in the city, then shifts to the imperial palace in Berlin, where the Kaiser tears up the treaty, and helpless women and young girls are violated. With shells and fire the place is laid in ruins with, in some places, brutal and horrible realism.

The White House at Washington is shown with President Wilson, and following the declaration of war the mobilization of America's millions of men. Back in Berlin again is seen the Kaiser commencing the sinking of the Lusitania, and afterwards is seen the ill-fated admiral when he goes mad with the blood of helpless women and children. In Toronto, we show at the Hippodrome last night at a private view, following the evening performance, the picture, which consisted of seven reels and took one hour and a half in showing the girl with a pastoral scene, with the girl in the fields and children playing. "The Kaiser, the Beast of Berlin," is an intensely realistic Photo-Play of Present War.

With the title, "The Kaiser, the Beast of Berlin," depicting scenes taken from actual stories of the Kaiser's life, one of the most sensational films ever shown in Toronto, was shown at the Hippodrome last night at a private view, following the evening performance, the picture, which consisted of seven reels and took one hour and a half in showing the girl with a pastoral scene, with the girl in the fields and children playing. Baseball Short American Association List Hockey Only a Few Games Left Entries War Steeplechase

CUT THE SCHEDULE TO SEVENTY GAMES

American Baseball Association Starts on May Day and Closes in September.

Chicago, March 18.—The American Association baseball season will open on May Day, according to the official schedule. The playing chart calls for seventy games, which will require three swings around the circuit for each club. The season will close on Sunday, Sept. 22, when double-headers are scheduled for some of the clubs.

On May 1 the league champions, Indianapolis, will be pitted against Joe Tinker's club at Columbus; Louisville is scheduled to play at Toledo; St. Paul will open at Milwaukee and Minneapolis will open at Kansas City.

The league champions will be on the road seven days they open at home on May 8, with Columbus as the opponent; Louisville also opens before the home folk on that date with Toledo. The western clubs will play only six days at the start of the season, May 7 being left open for traveling. In the St. Paul and Kansas City will cross bats with Minneapolis at the latter city, while Milwaukee will be at St. Paul for the first home series there.

The Saturdays and Sundays are evenly divided, Columbus, Louisville, Kansas City and Minneapolis having eleven of each, while Toledo, Indianapolis, Milwaukee and St. Paul have been awarded ten of each.

Independence Day double-headers are scheduled, with Indianapolis at Toledo, Columbus at Louisville and Kansas City at Milwaukee. Minneapolis and St. Paul will divide the day's program for the home folk, playing in the morning at St. Paul and journeying over to Minneapolis for the afternoon game. Decoration Day, May 30, and Labor Day, Sept. 2, also are arranged for split bills in twin cities. St. Paul playing the morning and end of each of the holiday games at Minneapolis, while the afternoon contests will be played at St. Paul.

Other Labor Day games billed are Toledo at Indianapolis, Columbus at Louisville and Milwaukee at Kansas City. Memorial Day, Toledo will be at Columbus, Louisville at Indianapolis and Milwaukee at Kansas City.

President McCaffery of the Toronto Baseball Club was notified yesterday morning by the secretary of the National Commission that the Washington Club had canceled their draft on Pitches Harold Thompson, taken from the Leafs last season. In a letter to President McCaffery, "Tommy" informs his boss that he is now in Camp Borden and is now a regular in Uncle Sam's Army.

Fastest Power Boats At Toronto Exhibition

The annual general meeting and election of officers of the Toronto Motorboat Club will be held at the King Edward Hotel (room 7) next Monday evening at 8 o'clock. The 1918 speed boat races at the Canadian National Exhibition, arranged for Aug. 29 to Sept. 4, inclusive, will be under the direction of the American Power Boat Association. Suitable trophies have already been arranged for. This will ensure the attendance of the fastest power boats on the continent.

BANKERS AND MERCHANTS.

Special to The Toronto World, Coburne, March 18.—A very closely-contested game of hockey was played at the rink here between two teams representing the bankers and the merchants, the former winning by a score of 7 to 6. Each team played with only four men, but this did not prevent it from being one of the best games played here this winter. The referee, Arthur Hawkins, had a busy night, but he kept the game well in hand. The teams were: Bankers (7)—Goal, Jack Chapin; defense, G. R. Cowie; forwards, O. L. Thompson and J. Jamieson. Merchants (6)—Goal, H. S. Cox; defense, R. A. Conroy; forwards, F. Hawkins and J. Stanton.

C. & M. Cricket League Annual

The annual meeting of the Church & Mercantile Cricket League was held at 110 Pembroke street on Friday evening with the president, Mr. A. L. Eastmure, in the chair. In addition to delegates there was a large attendance of interested cricketers.

The clubs represented were: Albions, Broadview, St. Cyrillians, Dovercourt, St. Edmunds, Old Country, West Toronto, Woodgreen and Yorkshire. The secretary-treasurer's report showed that the league had been a success from all points of view. Financially, there was a record of \$38.19 on hand, and the game had reached a higher standard of efficiency than ever before.

W. Green (West Toronto) headed the batting averages with 42.20. W. Paris (Albions) followed with 23, and N. Banks (Albions) followed with 23.25. In bowling supremacy was won by Gordon Turnbull (St. Cyrillians) with an average of 5 runs per wicket, with G. E. Jones (St. Edmunds) and S. Yaxley (Albions) right after him with 5.22 and 5.30 respectively.

Albions won the championship by defeating West Toronto, the leaders of the winter season, after each of these clubs had made over a century, in 5 out of 6 of their league games.

Recommendations from the executive committee of the C. & M. Cricketers' Association, and Albions C. C., produced some lively debating, which resulted in important changes and additions to the rules of the league. The 16 small over, proposed by the Albion C. C., was defeated, as was the proposition to make matting wickets imperative in all league games. A one section league will play this season if possible.

If it is practicable, to be arranged by the joint executives of the C. & M. Cricketers' Association, and Albions C. C., will be a separate competition with a ring cricket coaches, etc., on professional grounds, was rescinded, and everybody allowed to play in a league club will be at the request of the meeting, the deed of gift of the cup will be changed by Mr. Eastmure, the donor, and it will be a perpetual challenge trophy.

Recommending a change in the name of the league, and any club not ready to commence playing at 3 p.m. will forfeit the game.

The city authorities will be asked to the cricket grounds, with the intention to lay clay beds for matting wickets, as far as possible. A sub-committee will be appointed to look after the matter, and a meeting for that purpose.

The officers of the league were re-elected unanimously as follows: President, Rev. J. L. Eastmure; vice-president, Rev. J. L. Eastmure; secretary-treasurer, T. P. Wood, 19 Olive avenue, Toronto 3513.

A member from each club, elected by his club, together with the league officers, will form the executive committee. The name of the club representing the league must be sent to the league secretary not later than April 15.

MORE SPORTSMEN IN CASUALTY LIST

Major Atkinson, Killed, a Famous Horseman—Rugby Player Gives Life.

London, March 18.—Casualties among British sportsmen on the western front show a big falling off from the previous week. The latest list, however, includes the names of Major Herbert Atkinson, killed, who was a keen horseman, being a familiar figure at regimental meetings, and winner at several point-to-point. He was educated at a boarding school at Bordon, master of the Woolton cricket ground. He was also keenly interested in boxing.

Major R. O. C. Ward, killed, was the famous forward of the Harlequin Rugby Club, who was educated at a boarding school at Bordon, master of the Woolton cricket ground. He was also keenly interested in boxing.

Major P. G. M. Skene, the famous Army golf champion of 1912 and 1913, has been promoted to the rank of lieutenant. He played for the College at the Wall at Eton, represented the Black Watch in the army croquet championship, and was in their winning side in the Army golf championship. The same honor has been given to Major H. C. Stuart, who played in the cricket eleven and Rugby fifteen at King's School, Canterbury. He is also a splendid golfer.

and racquets player. The rank of major has been conferred on Captain E. S. Branfill, the well known hunting field, who was master of the East Suffolk in 1910-11. Dove Valley Harriers, 1911-12, and joint master of the Queen's County Foxhounds in 1914-15 and Captain J. Bacchus, who played in the Army Croquet and lawn tennis championships. He is a keen all-round sportsman and a member of the Aldershot Command Athletic Association.

A string of thirty-eight accepted for the races and to judge by the latest reports from the training grounds of the old world, a bunch of about twenty will be ready to start on the Aintree course, and that was in 1914. A total of about twenty will be ready to start on the Aintree course, and that was in 1914. A total of about twenty will be ready to start on the Aintree course, and that was in 1914.

By Gene Knott. A little later, at Windsor, he was successful in carrying 155 pounds, in that race he carried eleven pounds less. The Irish Mail, whom he is now giving five pounds, and was carrying even weight with the Aintree horse, who now has an advantage of eleven pounds, so that on the whole the Captain has not done so badly with the handicapper.

CAPT. ANDREW, FAMOUS YACHT BUILDER, DEAD

Designed and Assembled the Aggie and Put Together Famous Winners.

The death took place on Sunday (St. Patrick's Day) at Oakville of Captain Andrew, Canada's most famous builder of racing yachts. He was also a designer of note, his best-known original being the Aggie, which was his own creation, from the plans to the hewing of the timber, the assembling and completion of the boat. It was Captain Andrew who assembled the Canada, that beat the Venetian of Chicago at Toledo in 1896. He also built many other racing yachts, including the Aggie, that beat the Venetian of Chicago at Toledo in 1896. He also built many other racing yachts, including the Aggie, that beat the Venetian of Chicago at Toledo in 1896.

After the declaration of war by Britain, the Aggie was abandoned, and Gatwick was substituted. It has been claimed that the going is not nearly so well as it was on the old one. Still, it is said that the Aggie is still in the hands of the late owner, and is being used for the purpose of testing the mettle of the new entrants.

LONDON, ONT., TROTTER FOR GRAND CIRCUIT. London, March 18.—London followers of the Grand Circuit harness races during the summer will be enabled to centre their attention on a locally-owned trotter this summer. The Driver Cox has been cated with Roy Brooks of Brooks Bros., who own Nonie Axtel, a five-year-old trotter of more than ordinary promise. Nonie Axtel, as a green trotter, took the measure of high-class trotters in several trials. The Brooks horse is well liked in this year, and it will be well handled to show that Driver Cox will do the trick. It will be given an opportunity to show its worth in some of the races this summer for untired sulky even in the mile circuit.

The Brooks horse will be shipped in the near future, and his efforts will be watched with keen interest. This horse possesses a high degree of speed, with a wonderful free-legged action. G. P. McKay, who has been driving him all winter, thinks well of him.

With only a three-goal lead to take to arrive increased interest in the O. H. U. inter-final has been evinced among De La Salle team supporters. Indications are that a large crowd will make the trip to the northern town. The "battles" at the Arena is expected to be followed by another at Barrie, and for that reason the supporters of the green outfit desire to see their own team out on top or go down before a superior team. The De La Salle players and management will leave at 8.15 the morning, while the afternoon train at 5 o'clock is also certain to carry many fans. A change of officials has been made. The unexpected development of roughness on both sides on Saturday night brought out the suggestion from De La Salle that the same official as on Saturday night should play with one other in order to better watch the rough play, feeling that it was altogether too much to ask one official to do. Barrie would not agree to this. They wanted the same official who acted on Saturday night, and in the two end sections the same division of having two men. After much discussion between the club managers and Secretary, it was finally settled by bringing in an outside man. Tom Munro, of London, will have charge of the game.

De Le Salle Take Three-Goal Lead to Barrie—Van-couver Here Today.

President Frank Patrick and his Coast League champions, the Vancouver, will arrive in the city this morning for the three or more game series for the Stanley Cup with the Toronto. The arrangements have all been completed. Eastern or N. H. I. rules will prevail Wednesday night. In this style the Vancouver has divided into three sections. In the middle section forward passes within the line are allowed. In the two end sections the eastern outside rule is in order. One feature of the Coast League rule is that a player must serve the penalty and no substitute is allowed. Seven men a side are played in the Coast League style. Lou Marsh and George Irvine will be the officials in charge. The season is yesterday for the games were very good, and indications are that they will be attended. All seats for Wednesday night's game are now not taken up by the three-game ticket-holders. The game is now on Wednesday morning.

VANCOUVER MAY HAVE TO DO A LITTLE OVERREACHING

ENGLAND'S WAR NATIONAL STEEPLCHASE RUN THIS WEEK

Thirty-Eight Entries, Including Some of the Most Famous Jumpers, With the Lightest Weight One Hundred and Thirty-Three Pounds.

The eyes of the horse world on Thursday were turned toward Gatwick course, about twenty-five miles from London, England, and on the road to Brighton. On that patch of kite-shaped award known as the Horley estate, the Grand National, or, the War National Steeplechase, will be held. It is probably will be more interesting than it has been for the gallop.

Hardly a master of hounds, a hunter or huntswoman of note in the British Isles had gone to watch the race, for among those who love the horse the National since its inception in 1839, has been regarded as a great feat. It is the cross-country animal, totally unlike the steeplechaser, who is a great feat. It is the cross-country animal, totally unlike the steeplechaser, who is a great feat. It is the cross-country animal, totally unlike the steeplechaser, who is a great feat.

By no means an easy task, as there is so much chance for an accident, but to that the first horse home will come out of this list: Irish Mail, Chang, Verbo, H. Lamerock, Schoolmoyne, Poshlyn. There is a great deal of hope for Captain Bubby's Waverley, who is said to have the words "Liverpool" engraved over every inch of him.

FOUR ALLEGED SPIES WITH CABLES IN CODE HELD IN NEW YORK

Were on Their Way to Cuba After a Two Days' Visit to Washington.

WOMAN WITH ALIASES Well Known in British Capitals and Claims Intimacy With Prominent Official.

New York, March 18.—Four persons claiming French citizenship, but who both American and French authorities say have been intimately connected with German espionage activities in the United States, were today arrested in their mansions by appointed agents of the department of justice, intimating the deportation of the two men and two women was de- signed in order to place them under the jurisdiction of French authorities, who may further their prosecution.

The four spy suspects have been under surveillance for several weeks, but not until two of them, a woman styling herself Madame Despina David- son, and an associate designat- ed as Baron Henri de Beville, de- parted for Cuba one week ago after a mysterious two day junket to Wash- ington, did the authorities consider their apprehension advisable.

The other two suspects are known as Madame Elizabeth Charlotte Nix and Count Robert Vainmont. Count- ess Vainmont, the authorities say, was frequently seen in the company of Edmund Rousselet Castillo, erstwhile fifteen dollar a week telephone clerk, who was taken into custody at Key West while en route to Cuba, a half bushel basket of papers was seized from a safe deposit box in this city which one of them had rented.

PROFESSOR APPOINTED FOR GUELPH COLLEGE

Late Editor of Farmers' Advocate Goes to Ontario Agricultural College.

Guelph, March 18.—While there has been no official announcement made by the department of agriculture, it was learned today that the position of professor of animal husbandry, which was held for so many years by Prof. Geo. E. Day, who resigned to accept the position of secretary of the Shorthorn Breeders' Association, had been filled by the appointment of Wade Toole, editor of The Farmers' Advocate, London, a man qualified in every way to fill this responsible po- sition.

Mr. Toole comes from Whitevale, Ontario County, and is a graduate of the class of 1911 at the Ontario Agri- cultural College. Immediately after his graduation, he went to London on the staff of The Farmers' Advo- cate, and has been its editor-in-chief for several years past. While at col- lege he was an ardent student, and displayed rare qualities along the lines of live stock and his advice has been sought all over the country. His appointment will be a popular one at the college, as he is a general re- spected by all the students, and he will be a valuable addition to the staff.

Synopsis of Canadian Northwest Land Regulations. The sole head of a family, or any male over 18 years old, who was at the com- mencement of the present war, and has since continued to be, a British subject or a subject of an allied or neutral country, may homestead a quarter- section of available Dominion Land in Manitoba, Saskatchewan or Alberta, or an applicant must appear in person at Do- minion Lands Agency or sub-Agency, and make certain conditions. Duties—Six months' residence upon and cultivation of each of 1248 acres.

In certain districts a non-resident may secure an adjoining quarter-section as pre-emption, at a price of \$100 per acre, plus \$1000 in cash in each of three years after securing homestead patent, and trouble to acres extra, may obtain pre-emption patent as soon as homestead patent on certain conditions. Settler, after obtaining homestead patent, if he cannot secure a pre-emp- tion, may purchase a quarter-section in certain districts, at a price of \$100 per acre. Must reside six months in each of three years, cultivate 40 acres and erect a house worth \$500.00.

Holders of estates may count time of employment as farm laborers in Canada during 1917, as residence duties under certain conditions. When Dominion Lands are advertised or posted for entry, returned soldiers who have served overseas and have been honorably discharged, receive one day priority in applying for entry at local Agent's Office (but not Sub-Agency). Discharge papers must be presented to Agent.

Labatt's An Old Friend with a New Name

LONG before Labatt's Brews come to the fermenting tuns, they have passed through the processes which give them the flavor, the body, the tonic quality which has made the old style Labatt's Ale, Canada's favorite for over eighty years.

Old London Brew, the new brew which Labatt's will put on the market at Easter time, is made with the same ingredients, with the same care and skill and by the same processes as the ale you have known and used for so many years.

DONOUGHUE WILL RIDE IN GRAND NATIONAL

Leading Jockey for Big Event—Racing Season in England.

London, March 18.—Steve Donoghue, the crack flat racing jockey, who has won the English jockey championship for the past five years, has been granted a license to ride in the Grand National Steeplechase, now styled the "War National," which will be run off on the Gaiety course next Thurs- day.

It is understood in English racing circles that Mr. Culliffe Owen, the wealthy American owner, proposes to race extensively during the coming flat racing season. Felix Leach and Bert Lines will have charge of his horses, and J. R. Cooper is to be first jockey.

Quite a good proportion of the win- ners at Lingfield were ridden by jockeys who are serving with the colors. They ar- rived and departed from the racecourse in khaki.

The Irish Grand National Steeple- chase, which will be run off on April 14, has closed with twenty-six entries, which include the well-known jumpers, Temple- downy and Day Only.

The Irish Turf Club and the Irish National Hunt have in contemplation a scheme whereby all entries are to be made at the registry office. When this change takes effect the Horse Breeders' Association urge the abolition of the half crown (2 cents) bookage fees and the deduction of stake holding fees.

EXPLANATIONS UNSATISFACTORY.

"The Madame Storch's living ex- penses were approximately \$1000 monthly since coming here in April, 1918, her explanations of the sources of her income have been unsatisfac- tory. She admits having received \$8000 from an official of a foreign government just prior to coming here, and has subsequently received three remittances of \$1000 each which she maintains were loans from friends."

BUSY SEASON FOR SECURING HELP

Many Calls Being Made at Government Employment Bureau These Days.

"We have been so busy," said Miss Duff, of the government employment bureau yesterday, "all last week we could scarcely take the registrations because of so many employers asking for help."

Downstairs one was impressed with the fact that yesterday was boys' registration day. The place, all afternoon, was filled with boys eager to enroll as "Soldiers of the Soil."

BALE OF COMFORTS SHIPPED OVERSEAS

Hundreds of Sox and Hospital Supplies Were Sent to the Battle Front.

Mrs. VanKoughnet, convener soldiers comforts department of the Women's Patriotic League, reports for the week the following shipments overseas: 48 pairs of socks, 519 handkerchiefs, 72 suits, 39 personal hygiene bags, 34 stretcher caps, 21 suits pyjamas, 21 hospital suits, 12 service shirts and a quantity of trench caps, slippers, quilts, wristlets.

To the military hospitals in Canada the following supplies were sent to the military orthopedic hospital, Cobourg, Guelph and Spadina: one Badminton set, 40 pairs of tennis shoes, six games of puzzles, 24 dressing gowns, 12 pneumonia jackets and 5000 cigarettes, together with soap, tobacco and fruit.

Various entertainments were given at the different hospitals, and the following extracts from letters received from overseas were read:

"I am writing to thank you for the bales of comforts I have just received from you for distribution among my men. They are, have been, or will be (I may not say which) in the front line trenches, and the things could not have come at a more opportune time. I will not endeavor to put into words my gratitude, because I could not adequately do so. There is at home do not, cannot, and cannot be expected to, understand the hardships and discomforts our lads go thru all day, every day, week in, week out. At the weeks go by now the weather will be getting more trying and the warm things will make a great difference."

"I hope and beg that if at any time you have any socks or shirts to send to anyone, you will remember my boys. They will always be deeply grateful for whatever you send them."

ARRANGING SCALES.

Thomas Izard, the vice-president of the International Union of Bricklayers, is arranging weight scales for the locals of Western Ontario, and will return to Toronto early next week to discuss the situation in Toronto.

SOLDIERS RETURN IN BIG NUMBERS

Three Groups Are Arriving in Toronto Today.

Announcement was made last night by the Ontario Soldiers' Aid Commission that a third party of overseas soldiers, totaling 125 men, will reach Toronto some time this evening, the hour of arrival and the station they will come in at not being known yet.

Donations sent to relief committee amount to splendid total for the week. The Belgian Relief Committee, Ontario Branch, reports receipts for the week ending March 15th, \$222.06, making a total to date of \$138,370.31.

DISCUSS CITY BILLS.

Thomas Bradshaw, finance commissioner, William Johnston, city solicitor, and Works Commissioner Flavelle represented the City of Toronto at a deputation waited upon Hon. G. Howard Ferguson, acting minister of education, at the parliament buildings yesterday and discussed several matters relating to the city.

BRACKES LEG ON STAIRS.

While carrying a packing case which he was delivering up a flight of stairs yesterday afternoon William Frazer, 31 Rhodes avenue, slipped and broke his leg. He was removed to the General Hospital in the police ambulance.

SOCIETY

His Excellency the Duke of Devonshire opened the first great Union government parliament yesterday in the quiet manner befitting wartime. No guns; no escort; beyond his own entourage, the military secretary, Col. the Hon. Harold Henderson; Lord Richard Neville, Capt. Kenyon-Stacey and Capt. Ridley, and there was not a peep from the floor of the senate chamber for the first time in the history of Canada.

The Hon. Frederic Nicholls is in Ottawa and intends returning to town on Wednesday. Col. George Ross, I.S.O., went to Ottawa on Friday, returning to town on Sunday. Mrs. Ross has been staying for some weeks with her daughter, Mrs. Gordon Gullock, in Ottawa.

The marriage of Hon. Edith Howard, granddaughter of the late Lord Strathcona, and Lord Congleton is announced to take place on April 6. Mrs. Vernon Gladie is in Cuba. Mrs. Charlotte Perkins Gilman, the American feminist, is staying with Dr. and Mrs. James L. Hughes in Dundas street.

Madame Casgrain is leaving shortly for a tour thru the west in the interest of the rehabilitation of France. Madame Casgrain will sail for England before the end of May. Dr. Winifred Cullis expects to return to England about the middle of April. She was only "lent" to Canada for three months.

The Royal Ontario Museum, Bloor street, was opened again yesterday. It was closed owing to the lack of coal. Mr. Arthur Proudfoot is in Halifax. Lady Gregory, the Irish playwright, has been in Toronto for some time. Major Gregory, who was killed in action recently, was an artist and all-round sportsman in the days before the war. Major Gregory was awarded the Military Cross and the Croix de Guerre for bravery on the field.

A birthday party was held at the house of Mrs. Benjamin Tomlin, 12 Carroll street, Mrs. Tomlin was the recipient of some very handsome presents, consisting of cut glass, silver and china. The table was beautifully decorated with hollyhocks. Among those present were: Mr. and Mrs. Sutherland, Mrs. Townley, Mrs. J. Wilton, Mr. and Mrs. Chadwick, Miss May Chadwick, Mrs. and Misses Clark, Miss Freeman, Misses Harvey, Mrs. S. Hills, Mrs. Barratt, Mr. Stubs, Mr. and Mrs. Wilson, Mr. and Mrs. Ben Tomlin.

NEWS OF LABOR

CALL FOR BADGES. Machinists' Unions Are Gaining Many Union Members.

The secretary of the International Union of Machinists in Toronto stated yesterday that there was considerable activity in that line. He stated that the local offices had received an order for more than a hundred union badges from Winnipeg, and an equal number was demanded from the locals in Toronto. This was perhaps, he said, due to the fact that the machinist trade is among the necessary trades of the country, machinists being in demand for all classes of war as well as ordinary industrial work.

GROWING CELERY IN CITY GARDENS

Large onions can be secured by purchasing 4 inch high plants and setting out 8 inches apart by 15 inches between rows. Plant in sunny position. Wash the roots under water and nitrate of soda. Oyster plants can also be readily secured. Sow early and thin to 2 or 3 inches apart. Wash the roots under water and set in sand in cellar. The secret in growing horse radish is to dig it up every second year to keep it from growing wild. They plant again fresh. Set roots out 10 to 12 inches apart with the crown a little below the surface of the soil. Motion pictures were shown of children weeding and cultivating gardens and the entertainment of the men. Dr. Johnston again warned amateurs of securing waste of seed and labor. He said that 8 inches was a sufficient depth to dig the average garden soil.

PLAYGROUNDS ASSOCIATION

A meeting of the Playgrounds Association was held in the city hall yesterday afternoon, Franklin Johnson, president, in the chair. The subject of entertainment and athletics for soldiers was gone into with much animated discussion by the members present.

Among the things decided upon was to approach T. Reenie on the subject of securing the use of the bowling alley for returned men. The matter of theatricals is to be investigated by P. J. Mulqueen and Mrs. W. G. A. Lamb will inquire into the musical situation with a view to seeing what is being done and what might be done for the entertainment of the men. Dr. Locke will be asked to see into the provision of books, magazines and reading matter generally.

BEHIND CLOSED DOORS

The executive of the Toronto Civic Employees' Union met behind closed doors last evening at the Labor Temple and decided to hold a special mass meeting of the union on Thursday evening next to consider important matters which will be brought to the notice of the city council at its meeting Friday. There are 1400 members of the union, and a misapprehension still remains as to the true situation of the union. It is known as Lodge 43 of the Labor Congress of Canada, and is said to be the only union of its kind in the Dominion.

Guard Your Health With Rubbers

THERE'S one side to the economy of Rubbers, that some people may overlook. Rubbers save doctors' bills, just as they save boots.

With streets coated with slush or a river of rain, Rubbers are certain protection against getting wet feet, and your being laid up with a severe case of gripe or worse.

If you want to come through the spring thaws without even a cold, get rubbers for each pair of shoes; and if you are buying new shoes, be sure to have them fitted with the right Rubbers.

There's a style and shape for every shoe—for men, women and children—in these six brands of staunch, well-fitting Rubbers, sold by the leading shoemen:

"Dominion" "Granby" "Jacques Cartier" "Maple Leaf" "Merchants" "Daisy"

ORIGINAL "FIRSTS" RETURNING TODAY

Three Trainloads of Soldiers Are Due to Arrive in Toronto.

Citizens of Toronto will have today the privilege of welcoming back from overseas military service more returned soldiers than at any other time since the war's start. Three trainloads are being used to bring the war-veterans to Toronto. Two of the trains will arrive this morning and the third this afternoon. Both the trains due this morning will come to the North Toronto station. One from St. John is due at 7:30. The one from Halifax coming on the third train appears in due at 1 o'clock. Each will contain men invalided home on account of wounds and men who went over with the 1st Canadian contingent, now home for their first furlough. The names of the men in the first two parties due today have already been published. A list of the soldiers who are coming on the third train appears in another column of this issue of the World. The time of the third train's arrival and the station had not been decided at press time, but can be found out today by telephoning the office of Aid Commissioner, North 2800.
