TWENTY-SECOND YEAR

INTERNATIONAL COURT

Project Based on the Olney-Pauncefote Treaty of 1897 Presented to Pan-American Congress.

HOW IT WILL BE CONSTITUTED.

To Remain in Force for Five Years—Sentences to be Given in Three Months.

Mexico City, Nov. 8.—The Pan-American Congress, at its session this morning, decided to adjourn for a fortnight in order to allow the committee to consider the project submitted to them.

At today's session the project of a treaty for an international court of claims was presented by the Mexican delegation. In an introductory speech, Francisco L. de la Barra, delegate, of Mexico, and author of the project, said that the same was largely based on the Olney-Pauncefote treaty of Jan. 22, 1887, with modifications suggested by the objections which were made to the same treaty in the United States Senate, and which caused that body to reject it.

Bound to Submit.
The proposed convention provides that parties thereto will submit themselves to arbitration in an international court of claims proceeding from pecuniary losses and damages occasioned to any state or its citizens on account of acts or omissions of any state or of its citizens, provided that such claims are not of a political nature. The obligation to submit to arbitration commences as soon as it is demanded by any of the contracting governments.

How Constituted.
The court of claims will be constituted as follows: Each contracting government shall appoint one arbitrator who must be a jurist of repute, not a native of the State appointing him, and the two arbitrators together shall elect a third one, who will preside. If the two arbitrators cannot agree as to the appointment of a third, they shall ask the Chief Justice of the Supreme Court of any of the American republics to designate a third arbitrator, who must not be a native of any of the States interested in the controversy.

Should the States requesting the arbitration be more than two, each shall appoint an arbitrator, and arbitrators thus appointed will secure the appointment of the presiding arbitrator in the same manner as above indicated. The presiding arbitrator will have the casting of a vote in case of a tie.

Sentence Within Three Months.
Sentence must be rendered within three months, counting from the date on which the case is closed. If the original sentence was rendered by a majority of the votes, only the losing party may appeal to an international court, composed of five members.

The treaty is to remain in force five years, counted from the date on which the exchange of ratifications takes place. Any State may withdraw from the convention one year after giving notice to that effect.

Quarantine Resolutions.
Resolutions were presented on sanitary regulations to be applied to a strict quarantine of all kinds of merchandise and vehicles of transportation in maritime and inland traffic between the ports and territories of the contracting parties be abolished; that a quarantine of observation may be imposed on passenger vessels in cases that sanitary inspection may place on board; that the object of the quarantine is to isolate persons suffering with contagious diseases; that on passenger trains from an infected place which enter two or more different countries the quarantine cannot exceed at each boundary line the necessary time for health inspection, during which the sick shall be taken to the hospital and the car disinfected; that passengers and freight from a healthy port passing through an infected place without stopping shall not be subject to a quarantine at their destination; and that sanitary adopt hygienic systems of purchase and purchase in all their ports and maritime towns.

The Brazilian delegation presented a project whereby arbitration is proclaimed not as an obligatory but as a regular means of settling international controversies.

The Elevation of the Major.
The Root and Shoe Department up at Simpson's has been moved into the balcony of the Richmond street wing, and there it found the Major yesterday morning bright and happy as usual. I had 'niced him the morning previously, however, a fact which still remained to be explained. Simpson's great boot sale, the balcony transference and the Major's pay day all having come a very close together, suspicion pointed to a high degree of elation on the part of the Major as the cause of a consequent reaction on the morning of absence referred to. However, on this point I could get absolutely no "clenchment." The Major was too full of his rise in the world—his "key higher"—to talk of anything else.

"Well up here, ain't it?" said he, "the Meteor is an top now all right."

"How about this big boot sale?" asked I. "Where does the Meteor come in there?" "Dat's all right," said the Major, "Good boots all them. The sale boots is \$4.00 and \$4.50 boots for \$2.50. Titor is a \$5.00 boot for \$3.50. Dat's all them boots to R."

The Major went it published that he is still in the gratulations Victor shining brightly, but not in the same old stand. He has been elevated.

Maple Leaf Canned Salmon are packed in perfect condition. They are nearly all grocers keep them.

Water-Color Exhibition.
Perhaps the most important collection of pictures exhibited in Toronto is now on view at the Toronto Art Gallery. It is Mr. C. J. Way's collection. The water-colors collected during a residence of more than 20 years in Switzerland. The entire collection will be sold by auction without reserve on Thursday, Nov. 14. 613

Ask for Gibbons', the original Toothache Gum. Price 10c.

Central Factory for Sale.
The factory building is situated on corner Queen and George streets is offered at a bargain for quick sale. Lot 151 x 102 feet. Plans and machinery if desired. J. L. Troy, 22 Adelaide East.

Palm Garden open all winter. Delicacies Hot Soda with Whipped Cream and Soda. Cream Soda. Birmingham's Drug Store, 100 Yonge Street.

FLED IN A SLOOP.

Source Reading Room—Victoria. SENATE DO
Greek fishermen, here this morning, Frank Nicolas, aged 47, an Italian seaman. The two men had been drinking, and when visiting some resorts below the dead-line they quarrelled over their catches of fish and after fighting a few minutes Nicolas stabbed Nelas in the abdomen and left breast, the latter wound causing death twenty minutes after. The murdered man was carried from where he was found on the street to the police station. Nicolas fled to the fishing village, and made off in his sloop. The police pursued in a steam launch, but the fugitive has so far evaded capture.

SANK IN MUD TO DEATH.

Sad Accident to Sunderland Man in Lake Scougou. Mr. J. H. Glendinning & Co., hardware merchants, was drowned in Lake Scougou today. He was out duck shooting, and the record of his gun captured his boat, upsetting him into shallow water, covering his eyes with mud, in which he stuck fast. His cries attracted the McLean boys, who came in small canoes, but were unable to render him any assistance, owing to the depth to which he sank in the mud. The boys called down their father, who, with Mr. King, went in a punt and drew Mr. Glendinning out of the mud, but owing to the long exposure in the cold water he expired about ten minutes after he was taken into the punt. "Harry" was very popular here. He was one of our most respected citizens, and universally esteemed by all who knew him. He leaves a widow and one child to mourn his loss.

RAFT COOK DROWNED.

Enclosed, Nov. 8.—The schooner Hurka, loaded with lumber from Texas for Lorain, Ohio, waterlogged and went to pieces yesterday evening about 20 miles from this place. The crew took to a raft and after being buffeted about all night by strong westerly wind and upset frequently, reached the shore about two miles north of here at 6 o'clock this morning. The cook, who was the mate's wife, was drowned, the others being much exhausted. The crew consisted of Capt. H. S. Hughes, Port Huron; Mate Arthur Bigger, Chazy; and Mate Arthur Bigger, Chazy; and Mate Arthur Bigger, Chazy.

STUDENT SHOT.

Greenfield, Mass., Nov. 8.—A fatal shooting accident occurred here yesterday. Paul Bush, eldest son of the late Dr. Bush, was driving with his brother, having a load of gun between them, which was cocked. The joining of the rig caused the gun to be accidentally discharged, and the charge entered the head of the younger brother, who was taken to the hospital, but died shortly after. There is little or no hope of his recovery.

TOOK HIS LIFE.

Fonthill, Nov. 8.—William Tice of Ridgeville, Wexford County, Ont., who has been in poor health for some time, took his own life in a fit of despondency today. Deceased left his home soon after breakfast, leaving a note on the table, which was shortly after found by his sister, intimating that he would find him in his bush. Alarmed by this, search was at once made, resulting in the discovery of his body with two bullet wounds in his head, his hand still grasping a .22-caliber revolver, three chambers of which were empty and two loaded. Deceased was unconscious when found. His body was removed to his brother's residence close by, where he expired shortly after. Deceased was a son of the late Israel Tice, 83 years of age and unmarried.

SEES GAIN FOR BRITAIN.

Berlin, Nov. 8.—An official of the Foreign Office said to a correspondent to-night that he believed Li Hung Chang's death would be British gain. He added that the passing of the old Russophile statesman would give rise to a new generation of Chinese diplomats more favorable to foreign powers.

While in Buffalo stop at the Manhattan Hotel, 621 Broadway. European Rates, 10c to 1.50.

House Hunting in Winter.
Did you ever house hunt in the winter? All the best places are taken, and there is little or no choice. If you do get anything it is with a certainty that you will move in the first week in May. Winter house hunting is the most exasperating work you ever undertook. If you would be certain of avoiding it, and place yourself in a position where it is impossible for a landlord to evict you, it will pay you to own your own house. Any of the real estate dealers who are represented on the fourth page of today's World, can supply you with a desirable list of properties. Look them up. You will be surprised to find how easy it is to buy a home and pay for it.

Perfection smoking mixture, cool and fragrant. Try it—Alv. Bolland.

The Way Paintings.
One of the most important collections of paintings that have been exposed for sale in Toronto will be on view at Townsends Gallery on Monday, Nov. 11th. Mr. J. Way, R.C.A., the artist, is a charming and popular painter, and is one of the best known Canadians on the continent. The entire collection will be sold by auction on Thursday, Nov. 11th, without reserve.

Patents—Fetherstonhaugh & Co., King-street West, Toronto, also Montreal, Ottawa and Washington.

Table Lamps.
We sell a table lamp for gas for two dollars, and we guarantee that you'll get 20 worth of comfort out of it the first time you use it. It's complete in every respect, fitted with a powerful burner, and can be attached to any gas pipe. We'd like to show it to you. Fred Armstrong, 277 Queen St. West.

Books, Turkish and Russian Baths, 129 Yonge. Cook's and Red's, 202 and 204 King W.

Everybody should have accident and sickness insurance and employers liability. Walter H. Birt, City Agent, Ocean Accident and Guarantee Corporation, 136 Queen St. W.

Lowie Inlet Canned Salmon give in extra quantity. They are giving in extra quantity. They are giving in extra quantity.

David Walker, proprietor of the Walker House, and Mrs. Walker leave on Tuesday next for San Antonio, Texas, to spend the winter.

CANADIAN HAY

Expecting American Product Out of New England States. Chicago, Nov. 8.—The Inter-State Commerce Commission was told today by witnesses for the American Hay Association that the rates charged by the railroads for the transportation of hay from New England States to the West are excessive. The witnesses stated that the rates for hay from New England States to the West are excessive. The witnesses stated that the rates for hay from New England States to the West are excessive.

British Admiralty Office Closely Watching Developments in Franco-Turkish Clash.

READY TO ACT IF NECESSARY. Gristled Admirals Renewing Their Youth in Air of Promised Strike. London, Nov. 8.—France's bold move in Turkish waters stirs the attention of British admirals, and the possibility of war is regarded as remote, notwithstanding the minds of the men who would have to bear the brunt of the struggle should it come. Fresh comparisons of the sea strength of the various European powers are common in the naval clubs of London. Gristled admirals of long experience are renewing their youth in the atmosphere of promise of strife.

View With Suspicion. Nine out of ten British naval officers view every move of the leading continental nations with suspicion, and would welcome an opportunity to square accounts on the score of South Africa. A correspondent interviewed to-night one of the most prominent men in the British navy, who said:

"It is not now, before a great war, in my opinion, British naval supremacy will be put to the test. Every great continental power has its navy. Not one of them attempts to conceal the fact. I cannot say that we reciprocate the feeling, but we stand ready to take whatever measures are necessary to protect the interests of the Empire and vindicate the Imperial honor."

Germany and France are scratch on another's backs and would deal a blow with unbridled joy if they dared take the risk. France and Russia are working hand in hand in the Levant, while Germany views the situation with complacent sympathy. As the world stands, Germany finds itself blocked, and would regard a violent disturbance of existing political spheres as promising the Fatherland a chance of a coast.

The Kaiser does not look against the Monroe doctrine in South America, and he is not in a hurry to stir up any of the other direction. He is seeking the line of least resistance, which he thinks may be across the Bosphorus. He has tried in vain to split the British South Africa, but dreams of a time when British will be able to put their hands on the Bosphorus one day to embark troops for the invasion of this island are already being raised.

World Fight This A.H. "We all understand Russia's high vaunting political spirit. We know that France cannot recon its lines of doubtless with respect to the pink patches on the map of the earth. We are not keen on the British flag, but we will fight for it, if necessary. Despite the South Africa affair, we can get plenty of soldiers and sailors, and we have the money."

"The only navy we have to bear to be out of the United States, and it is because we fear America, but on account of fraternal interests and the conscious acquiescence of the Admiralty, we are not at all ready to do so."

As far as the present situation in the Levant is concerned, the Mediterranean squadron is able to keep the British colors aloft there. Reinforcements can be called in at any time, and the British fleet is able to guard the home coasts, in an extremely short time we would be able to put more than sixty war vessels in Turkish waters to see that the strategic line in that region be not altered to our disadvantage."

BRITISH NAVY'S EFFICIENCY. London, Nov. 8.—The Berlin correspondent of the Times says that the Cologne Gazette has published a dispatch which is said to be a reproduction of a report of the British Navy which has been appearing in various German journals. The dispatch refutes the assertions that the British fleet is inferior to the German fleet. The dispatch declares that any attempt to make a comparison of the two fleets is a purely matter of opinion.

LIVE MUSK OX FROM ARCTIC. Whaler Beluga Arrives at San Francisco With Rare Animal. San Francisco, Nov. 8.—The whaling steamer Beluga, Captain H. B. Bodfish, reached port today from the Arctic. It brings with it a live musk ox, which was brought from the Arctic in large numbers. The musk ox is a large animal, and is said to be peculiarly susceptible to change.

COMING TO TORONTO. Montreal, Nov. 8.—Hon. R. L. Borden, M.P. for Halifax, was entertained at the Mount Royal Club this afternoon by Hon. L. J. Forger, when the Conservative leader had occasion to meet the representatives of the party. Mr. Borden will leave for Toronto tomorrow evening, remaining in the Queen City till Tuesday.

The Elbinger, 69 King St. West, rooms steam boats, lighted, 25c per week. Fine Bar and Buffet, Call.

MARY HALL RETURNS. To Edward VIII, by the grace of God of the United Kingdom and of the British Dominions beyond the sea, King, Defender of the Faith and Emperor of India, the ruler of the mightiest Empire on earth, born at Buckingham Palace, London, Nov. 9, 1841.

CITY AND THE PRICE OF GAS

Revised Terms Upon Which the Board of Control Would Settle Gas Suit.

AGREE TO A 10-CENT REDUCTION.

Reserve Fund Must Be \$250,000, and Island Residents Must Have Privileges—Other Changes.

The terms on which the Board of Control will agree to a concession of 10 cents per cubic foot of gas is the same as those recommended by Mr. Fullerton, K.C., and Mr. C. Robinson, K.C., with the following exceptions, decided upon by the Board of Control, at a meeting in the Mayor's Office last night:

1. That the price of gas in the city be 80c per thousand cubic feet.
2. That the present price of gas on the Island be \$1.10 per thousand cubic feet.
3. That the company shall not in any debentures other than provided by law.
4. That the reserve fund shall be \$250,000, not to be used to pay dividends.
5. The company's right to issue debentures is not to be increased beyond the present statutory right.
6. The city is to have power to purchase shares of the company in the open market.

After several hours' discussion of the proposed settlement with the Gas Company, the Board of Control, at a meeting in the Mayor's Office last night, decided to accept the terms of the settlement.

The Gas Company settlement was tenderly touched upon early in the evening, and there was an apparent nervousness amongst the controllers, particularly between the Mayor and Mr. Robinson, K.C., who was not forthcoming on the suggestion of the Mayor, an adjournment was made for half an hour, until Mr. Robinson's tardy report came along.

Then when the letter did come the board should be made public property. As it would eventually have to go to the public, who were paying for it, anyhow, it was divulged. The Mayor didn't seem to care much, and Mr. Fullerton was asked if it would hurt the city materially to have the letter put into print.

Lamb Said Accept It. Ald. Lamb said there was no one having such a grasp of the Gas Company situation as Messrs. Robinson, K.C., Fullerton, K.C., and Lamb, and if they advised the city to accept the compromise it should be accepted on their recommendation. "I think Mr. Robinson's opinion should be read. It is marked confidential, is it?" he asked.

The Mayor: "It is."

Ald. Sheppard said the board was in a peculiar and unfortunate position. If the Council repudiated Mr. Robinson's advice there was something in the letter which he advised us to settle any military advantage of.

The Mayor: "The fact that our council had advised us to settle any military advantage of."

The "Confidential" Letter referred to, and which was the bone of contention, was read.

Continued on Page 4.

WANT CANDIDATES TO SIGN.

Labor Men Submit Platform to Would-Be Aldermen. Winnipeg, Nov. 8.—The Trades and Labor Council has prepared a platform to submit to the candidates for civic honours. The platform is a long and detailed one, covering a wide range of social and economic issues. It is intended to guide the candidates in their campaign and to provide a basis for discussion with the voters.

STOCK RECENTLY CONCENTRATED.

At the Beginning of the New Year Its Real Value Will Be Revealed.

Montreal, Nov. 8.—The president of the Canadian Pacific arrived home to-day and was asked:

"What do you think of the action of the 'Frank Line Association' yesterday, abolishing exchange passes after Jan. 1?"

"I am still of the opinion I expressed when the move was first suggested, that it was a mistake. It is a mistake to abolish exchange passes after Jan. 1. I suppose this is the stand Mr. McNeill took at the meeting. It is again rumored that the Canadian Pacific is about to take over the Kingston & Pembroke Railway."

It may, therefore, be assumed that after the first of the year the road will become part of the C.P.R. system, as announced some months ago.

The Newest on Broadway.

Have you noticed what a quantity of new Alpha hats are being worn? And that the style of the fashion the continent over? The best of all, and the newest, is the Panama ship hat, which is a gray Alpaca. It has a rolling trim that slopes gracefully front and back, and the crown is tapered and crushes in neatly. The Deane Co. have special representatives in New York and London, and this week the American buyer has sent their cases of these Broadway Alpaca for your benefit. There are some being worn today. You can't help but notice them. Store open until 6 o'clock to-night for your benefit.

NEWFOUNDLAND CELEBRATES. St. John's, Nfld., Nov. 8.—A general celebration of King Edward's birthday is being arranged for to-morrow. The Mayor will cable congratulations to His Majesty on his own behalf and on behalf of the people of the oldest colony of the British Crown.

Will you require a new Dress Suit this season? See what we can do for you before grinding elsewhere—Harcourt & Son, 57 King West.

KING EDWARD'S BIRTHDAY. London, Nov. 8.—Emperor William will celebrate King Edward's birthday to-morrow, Nov. 9, says the Berlin correspondent. The British Ambassador, the members of the British Embassy, and the Kaiser's Cabinet have been invited.

Monuments. The McIntosh Granite & Marble Company, Limited, 1115 and 1121 York-street, Tel. 4248. Terminal Young-street car route.

BIRTHS. ADAMSON—On Friday, Nov. 8, the wife of Mr. Agat Adamson of Ottawa of a son.

DEATHS. SUTHERLAND—On 7th inst., Jane H. Sutherland, in the 55th year of her age. Funeral from 162 Cowan-avenue, Saturday, Nov. 9th, at 1:30 p.m.

WALKER—At Ridgeway, Ontario, Nov. 8th, Susan, relict of the late Robert Walker, aged 79 years.

Funeral (private) from the residence of her son William, 115 Dowling-avenue, Monday, Nov. 11th, at 2:30 p.m.

Probabilities. Lower Lakes—Fresh to strong southerly to northwesterly with a few light showers of snow or rain.

Ontario and St. Lawrence—Southerly to westerly, cloudy to fair, with a few light showers of snow or rain.

Maritime—Generally fair; not much change in temperature.

Lake Superior—Fresh westerly to northwesterly winds; fair and a little colder. Montreal—Fair; see middle change in temperature.

Mallock Club Nominations.
President H. St. Pierre presided at a meeting of the Mallock Club, held last evening in Dominion Hall.

Irregularities Were Discovered.
Public School Inspector Chapman, in a letter to the press, advised that at a meeting of the High School Entrance Examining Board, held on Thursday, the chairman, Dr. Ferguson, announced that irregularities had been discovered in the last examination.

A GIRL'S TALE.
With a Reason for Misleading the Father.
"We have tried for a long time to persuade papa that perhaps his diet and general habits were not good for me, but he would not listen to me."

LOCAL TOPICS.
Mr. Dawson appeared before the Public School Board yesterday, and was examined by Trustees Jones, Godfrey and Douglas.

A Man Lives Where His Head Sleeps
From The London Chronicle.
Where does a man live when he is on a boundary? The old problem has cropped up again in the revision courts.

When it was partially removed he got a little better, and when it was entirely removed and the pure food coffee, Postum, served, his recovery was rapid.

THE CITY AND THE PRICE OF GAS

Continued From Page 1.

read as follows: "As you are aware, several conferences have been held during the last few months in connection with the settlement of the estate of the late Dr. Comely and the Gas Company."

"As a result, it is the opinion of the board that the settlement may be effected upon the terms which, in substance, you have been informed."

"In our opinion these terms are such as it would be to the advantage of the city to accept, and at the same time to be to the advantage of the Gas Company."

"The trustees of the hospital have received a cheque from Lord Strathcona for \$100. The annual concert in aid of the hospital will be held on the 14th inst., for which occasion Miss Craig, soprano, and Miss Tess McCallum, reader, have been engaged."

"The steamer Strathcona, with 100,000 bushels of wheat, arrived to-day, and the steamer with 50,000 bushels, and the Myles, with 40,000 bushels, from Fort William, are expected to-night."

113 King Street West.

"No Knowledge Required to Operate This Instrument."

THE HARMONIST

The Only Piano-Player That Won a Gold Medal at the Pan-American

The supreme position held by the Harmonist—prince of Piano-Players—is in evidence in the fact that it was the only Piano-Player that secured a gold medal at the Pan-American Exposition.

The first principle of a "Piano-Player" is that anyone, without a knowledge of music, can play on it. All other Piano-Players fail at this point.

The Harmonist is the one exception—it can be operated by a child, it is so simple, whilst it has greater power, greater variation of tempo, greater range between pianissimo and fortissimo than any "player" in existence.

—We invite everyone to visit our handsome Piano Salon and see for themselves the operations of this only perfect "Piano-Player" manufactured.

WANT TO IMPORT DOMESTICS.

Toronto Ladies Discuss Bringing in Girls From Barbados. Ladies of the Associated Charities yesterday discussed the advisability of importing young girls from the island of Barbados, West Indies, to supply the demand for domestics in private homes in Toronto.

The idea, however, met with considerable opposition, the argument being advanced that the influence of the girls would be degrading.

It was pointed out by Rev. Mr. Speers that the real trouble experienced in securing a full supply of domestics lay in the attitude of the mistress towards her help and the sense of inferiority a girl feels when entering service.

The meeting was held at the residence of Mrs. J. E. Ellis, and the subject will likely be dropped.

NEWS BOILED DOWN.

At the 1801 rifle meeting at Biele the Canadian team won \$200.

Victor Hugo's birthday will be made a national holiday in France.

A mob at Salem, Mass., wrecked the city hall chamber and created a disgraceful scene yesterday.

George Stephens, M.P., Kent, is in Ottawa asking the government to build a \$25,000 armory at Chatham.

FOR CONSUMPTIVES.

Important Announcement by the Proprietors of "Pulmo," That is Calculated to Benefit Thousands of Sufferers.

Owing to the alarming increase of pulmonary troubles, consumption and diseases of the lungs, the proprietors of Pulmo have just made an announcement to the drug trade throughout Canada that it is bound to be of great benefit to the vast number of sufferers from the above-named ailments.

It is to the effect that every drop of the medicine will be supplied with a reasonable number of "trial" bottles of the famous remedy for consumption.

The general public will thus be enabled to obtain "trial" bottles for a limited time at fifteen cents each.

These may be obtained at all the leading drug stores in Canada, or if preferred, will be sent direct from the offices of the Pulmo Company, Adelaide Street West, Toronto.

Note.—Druggists in Ontario who may have been omitted in the general list should at once communicate without delay, as the supply will be limited, and the demand for a fifteen cent trial will undoubtedly meet with popular favor from sufferers in every part of the country.

BANK ROBBERY.

Yankton, S.D., Nov. 8.—The Bank of Scotland was robbed early today of \$2000. The safe was blown open and the entire contents carried away.

The explosion occurred in the bank building just in time to see the two robbers making their escape on horses.

The anniversary services of the Church of the Epiphany, Broadview, Toronto, will be held tomorrow by the pastor, Rev. Joseph Odery, who will preach at 11 a.m. and 7 p.m.

THE J. E. ELLIS COMPANY, Limited TOWNSEND & CO., Auctioneers. 3 KING ST. EAST, TORONTO.

JOBBERY IN SCHOOL BOOKS.

Fifth Ward Conservatives Meet and Elect Officers.

The Fifth Ward Conservative Association held a largely attended and rousing annual meeting and election of officers last night in Euclid-avenue Hall. The officers elected were: President, A. J. Keeler; vice-presidents, W. Kerr, J. Lytle, D. Clarke, secretary, Robert Deane; for the fourteenth year, treasurer, H. Brocken; executive W. Smith, T. R. Young, R. E. Watson, J. C. Calhoun, R. C. Gallagher, A. Adams, P. B. Whytock, J. D. O'Brien, W. P. Johnson, J. W. Chesworth, James Orr, K. Barber, W. J. Brown, Thomas Ash, A. L. Fraleigh, G. Brown, W. Dunlop, A. Bell and J. Fitzroy. On the platform were: E. O. Oles, M.P.; J. F. M.A.; B. F. Clarke, M.P.; W. D. McPherson, ex-M.P.; and F. H. Woods.

People Have to Pay for It. The chairman, President Keeler, called upon Mr. Oles, M.P., for the first address. Mr. Oles declared that the price of the present school books was, by rings and jobbery, made a heavy burden of indirect taxation upon the parents of the tario school children, who instead of having a practically free school system, were compelled to pay the price of the books on the dollar. He believed that by the establishment of a printing bureau or some other method of publication by the government, a vast waste could be avoided, and the parents relieved from this unnecessary charge. He pointed out the antiquated character of the geographies in the curriculum.

also spoke vigorously upon the maladministration which they charged that the inaccurate school books showed the Ontario government was guilty of. They said that similar antiquated and wasteful methods were in vogue in the Conservative party to power, be exposed in all the departments under the charge of the Provincial government.

WHAT'S IN A NAME?

Within the past few days The World has received hundreds of communications from subscribers suggesting names for the new hotel. Among other names suggested are Hotel York, Toronto on the Lake, New Dominion, Peverly, Royal Imperial, The World Hotel, Hotel Hamilton, United Empire, Palace, Aladdin, Golden Lion, Jun Ontario, Hotel York, Royal Canadian, Queen's, Hotel West, The Cornwall, The Toronto, The Anglo-Saxon.

Convenial Socialism.

The Socialists throughout Canada are conducting an energetic educational campaign and may soon be heard from in the political field. Thirty-four branches of the Canadian Socialist League are now organizing, the latest being No. 32 in Blenheim, Ont., Canada; No. 33, South Wellington, B.C., and No. 34, Ladysmith, B.C. The former league was organized by the late Mr. J. M. Cameron, and the latter by Organizer J. M. Cameron, who has been in the field as a paid Socialist organizer for British Columbia.

Socialist Convention Will Be Held in Toronto.

A Socialist convention will be held in Toronto on Friday, Nov. 15. The object being to form a provincial organization over twenty leagues existing in Ontario. The chief speaker at the convention will be John Sparrow, a labor preacher, who has been on the national executive of the English Socialists for several years. Mr. Sparrow will spend about six weeks in Canada delivering addresses, commencing at Montreal next Tuesday, and speaking in Ottawa, Smith's Falls, Brockville, Kingston, Ganouque, Napawan, Peterboro, Lindsay, Port Hope and Oshawa before visiting Toronto, after which a tour of Western Ontario will be made.

New 11,500-Ton Steamer.

The Lake Manitoba of the Elder-Dempster Line of Steamers will make her second trip out of Montreal for Liverpool on Friday, Nov. 15. Her accommodations, first and second cabin and steerage, is of the finest. The baths and sanitary arrangements are most modern and the personnel throughout well equipped. The promenade decks are very roomy, affording passengers plenty of space games and exercise. She was designed with a view of securing steadiness, and having bilge keels as a remarkably fine sea-going vessel. Rates and accommodation may be obtained through Mr. E. J. Sharp, Western Manager for the Company, at 80 Yonge Street.

California-Oregon Excursions.

Every day in the year. The Chicago, Union Pacific and Northwestern Line runs first-class Pullman and Tourist Sleeping Cars to points in California and Oregon daily. Personally conducted excursions from Chicago to San Francisco, Los Angeles and Portland, leaving Chicago on Tuesday and Thursday. Lowest rates. Shortest time to the coast. Finest scenery. Write for your nearest ticket agent or Enquire of B. F. Bennett, 2 East King-street, Toronto, Ont.

COGAN'S

PERFECTION COCOA (Maple Leaf Brand) ROYAL NAVY CHOCOLATE CHOCOLATE CREAM BARS CHOCOLATE GINGER, Etc.

GREAT GRAIN CARRIERS.

Montreal, Nov. 8.—The Montreal Transportation Co. have during the present season added to their fleet four boats capable of carrying the aggregate of 204,000 bushels of grain. Two of these are old boats rebuilt, with added capacity. They are capable of bringing down from Kingston to Montreal 30,000 bushels each. The other two are sister boats, such as have never navigated these waters before. The last one launched was the Quebec, which is immensely larger than that of any large or propeller that has ever run between Kingston and Montreal.

A Distinguished Scholar.

Rev. Dr. D. W. Forrest of Skelmorie, Scotland, who was offered the chair of apologetics in Knox College two years ago in the city, the guest of Rev. J. C. Campbell of Knox College, Dr. Forrest will preach in Broadview Presbyterian Church tomorrow morning, and in St. Andrew's Church (King-street) in the evening. On Monday afternoon at 5 o'clock he will deliver a public lecture in Knox College on "Christ's Teaching on Duty—Individual and Corporate."

Varsity Lectures.

Among the list of local lectures at Toronto University is Prof. W. R. Lang—(1) Matter at Low Temperatures; (2) The Development of the Modern High Explosive; (3) The Chemical and Mineral Exhibits at the Glasgow Exhibition, 1901 (in chemical lecture theatre only).

Trainman Killed.

Louisville, Ky., Nov. 8.—One man was killed and three injured by a boiler explosion at the Central and West End, Louisville, Ky. The boiler was being repaired by James J. Fanning, engineer in charge. Injured: Louis Just, Jake Young, John Dook, Fanning, the engineer, was terribly mangled.

ANOTHER STARTLING OTTAWA CASE

A LETTER FROM MR. S. A. CASSIDY.

Following the Report of G. H. Kent's Cure of Bright's Disease by Dodd's Kidney Pills, an Ottawa Paper Calls Attention to Another Remarkable Cure.

From The Ottawa Citizen.

The attacks were of about two weeks duration, and when he left his bed he was reduced in flesh and was almost a physical wreck. Some years ago an eminent physician diagnosed his disease as "stone in the kidney," but even after the diagnosis the physicians were unable to effect a permanent cure. To-day he is a well man. He has found a remedy that has banished the disease—a remedy that has cured where medical aid was ineffectual. The remedy is Dodd's Kidney Pills, and Mr. Cassidy feels so satisfied over his recovery from the excruciating suffering that he has given the following statement over his own signature to a well-known Ottawa newspaper man:

Ottawa, Aug. 8, 1901. Dear Sir,—I want you to publish for the benefit of others who are suffering as I have suffered for years about how I was cured of Stone in the Kidneys. My friends all know that I have been a martyr to this disease for years. They know that besides consulting the best physicians in the city and trying every kind of remedy I could think of, I was unable to get better. Some time ago a friend of mine told me that Dodd's Kidney Pills would cure me. As a last resort I tried them and they have cured me. This is the first year in my great many that I have not been confined to my bed with the disease. I could not imagine more severe suffering than one endures who is afflicted with Stone in the Kidneys, and I feel the greatest gratitude to Dodd's Kidney Pills for they have cured me. Anyone who has suffered need suffer no more. S. A. CASSIDY, Ottawa, Canada.

Seeking After Perfection.

Those whose ideals are high and who seek perfection in an instrument are the ones who should investigate the

MINISTER DE LANESSAN'S ORDER.

He is Accused of Dechristianizing the French Navy.

London, Nov. 8.—The Paris correspondent of The Times condemns M. de Lanessan, the French Minister of Marine, for his order abolishing compulsory attendance at mass on men-of-war. Some time ago M. de Lanessan forbade the draping of naval flags with crepe on Good Friday.

His action, however, fills the Catholics, Socialists and Anti-Christians with joy. The Gaulois criticizes the Minister's order, particularly as it comes just at the time when the French fleet is about to demand of Turkey the non-taxation of the French religious communities in the Orient and the reconstruction and restoration of churches, convents and schools.

Church Services To-Morrow. There will be a patriotic sermon to-morrow evening in St. Matthew's Church in honor of the King's birthday.

The pupils of Elm-street Methodist Church will be accepted tomorrow by the pastor, Rev. Joseph Odery, who will preach at 11 a.m. and 7 p.m. The evening service will be one of the series of "Fighting People" which are creating so much interest and is entitled "A Scene in Court." The service will be held at the direction of Mr. W. J. A. Carnahan.

The anniversary services of the Church of the Epiphany, Broadview, Toronto, will be held tomorrow and evening to-morrow. The special preachers will be Rev. N. B. Hewitt of St. George's Church, Hamilton, and the service will be of a special character.

A Wife's Letter.

Mrs. Dale Praises Powley's Liquefied Ozone for the Recovery of Her Husband.

Rheumatism is caused by uric acid in the blood—a form of blood poisoning. When the acid permeates the body it attacks the joints, nerve tissues and membranous linings, causing intense pains. Sometimes the uric acid affects the heart producing sudden death. Powley's Liquefied Ozone antidotes uric acid, clears it out of the body and restores all the tissues to health. Just read Mrs. Matilda Dale's praise of Ozone. She gives thanks to it for her husband's recovery. Her letter should be of interest to you.

"My husband contracted a very severe case of muscular rheumatism from exposure to extreme heat and cold drafts. His work was in a drying room where the temperature was 110° F. When he was through for the day he had to go down an elevator, which was very drafty and would send chills all through his body. He soon became so bad with rheumatism that he had to quit work. He obtained good medical attendance and the disease was somewhat eased for a time. Soon, however, all the old trouble came back and he was confined to his bed. So bad did the disease become that he had to be lifted or turned in his bed, as he could not move himself. At length we decided to try Ozone. At first it made him very sick and he wanted to give it up. But I had heard of the Ozone caused any sickness at the stomach that this was a sign that the remedy was doing good work, and I prevailed on him to continue it. In one week after he was able to get out of bed. He continued to take the Ozone, using seven bottles, when he was entirely relieved of the rheumatism, and is now working every day.

"Words cannot express how thankful I am that we commenced the Ozone, as we feared my husband might become a chronic rheumatic. We feel that we owe our gratitude to Ozone for doing such splendid work in curing my husband."

(Signed) MATILDA DALE, 90 Edwin St., Toronto. Oct. 9th, 1901.

Ozone supplies the body, blood and tissues with oxygen. It brings health to all the organs and destroys the germs of disease. It is Nature's way, no better is known, restoring sound vitality to folk worn out with disease. It is the grandest discovery known to medical science. It cures when all other means fail. It's a good last hope; something you are sure of.

NOVEMBER CROP REPORT.

Character of the Yield and Average Per Acre. C. C. James, secretary of the Ontario Bureau of Agriculture, has issued the November crop report, containing final estimates of the yield, based on actual returns returned by over 2000 correspondents. The report shows as follows: Fall Wheat—A good deal below the average. New Fall Wheat—A very considerable and well high universal decrease in the acreage. Spring Wheat—Little was grown this year in the western part of the province, and where cultivated the crop was light. Barley—Yield will be a good deal under the average. Oats—Considerably below the average. Rye—Generally light, but light in some years—A small yield. Corn—Yield has been large. Beans—On the whole a fairly good crop. Buckwheat—About an average crop. Clover Seed—Unusually good. Tobacco—Growing in on the decline, but crop matured well. Potatoes—Light yield in east, more favorable in west. Turnips—Generally yielded well throughout the province. Carrots—A good season. Sugar Beets—Output good as regards bulk and quality. Mangels—Yielded particularly well. Fall Plowing—Backward in Lake and Ontario counties, further advanced elsewhere. Fruit and Fruit Trees—Poor season for fruit, but trees generally in good condition. Apples—A shortage everywhere. Pears, peaches and small fruits did fairly well. Grapes, in the main, a good crop. Pastures and Live Stock—In good condition in east, but comparatively bare in west. Live stock—Unusually heavy. Cattle, in good shape. Swine are being fed in large numbers. Horses—Supply ample for the winter. Dairy—Season fair. Creamery and home-made butter, of good quality on the whole. Threshing and Marketing—Active, and work practically completed in many sections. Rice and Honey—A good average season. Poultry—General condition of all classes good. Farm Improvements—Good progress in underdrainage. Wire fencing rapidly replacing rail and wood fences. Labor and Wages—Supply was inadequate to meet the demand. Wages, in general, higher than last year. Domestic help, exceedingly scarce. Immigration generally increased as usual. The following is a summary of the yield in the various crops: Fall wheat, 36,017, 101 bushels, or 15.4 per acre; barley, 16, 78,244,000 bushels, or 25.2 per acre; rye, 2,547,813 bushels, or 16.1 per acre; peas, 10,088,173 bushels, or 16.7 per acre; buckwheat, 1,270,771 bushels, or 19.9 per acre; beans, 824,122 bushels, or 15.4 per acre; potatoes, 18,110,000 bushels, or 31.8 per acre; corn for husking (in the east), 24,886, 105 bushels, or 77 per acre; corn for silo and fodder (general), 1,130,000 bushels, or 1.81 per acre; hay and cover, 4,622,317 tons, or 1.81 per acre.

	\$2,880,000

Solicitors:

HARRIS, HENRY & CAHAN, HALIFAX, N.S.

The undermentioned Banks and their Branches and Agencies are authorized to receive subscriptions for the \$2,500,000 6 per cent. 30-YEAR FIRST MORTGAGE GOLD BONDS AT PAR, viz: THE UNION BANK OF HALIFAX, THE BANK OF NOVA SCOTIA, THE BANK OF TORONTO, THE IMPERIAL BANK OF CANADA, THE HALIFAX BANKING CO., THE PEOPLE'S BANK OF HALIFAX

Subscriptions will also be received by Messrs. Osler & Hammond, Stock Brokers and Financial Agents, 18 King Street West, Toronto.

Subscriptions are payable as follows: 10 Per Cent. on Application, 20 Per Cent. on January 1st, 1902, 30 Per Cent. on Allotment, 20 Per Cent. on March 1st, 1902, 20 Per Cent. on May 1st, 1902.

Interim receipts for payments on account of Bonds will be issued bearing interest at 6% per annum from dates of payment. Interest on such receipts will be payable on 1st January, 1902, and interest thereon from that date and accrued interest on bonds will be adjusted on 1st May, 1902, when bonds are delivered.

The whole of the instalments remaining unpaid at any time may be prepaid in full, together with accrued interest on Bonds less interest accrued on instalments previously paid.

Applications will be received by the above Banks and their Branches and Agencies, and by Messrs. Osler & Hammond, from whom Forms of Application and copies of the Prospectus may be obtained.

Notice of allotment will be sent through the office at which the application is received, and payments may be made there. The Company reserve the right to allot only such subscriptions and for such amounts as the Directors may approve. If a partial allotment is made the surplus paid on application will be applied on account of amount payable on allotment. It is the intention of the Company to apply to the Stock Exchanges in Montreal and Toronto for the listing of the Bonds as well as the Stocks of the Company.

These bonds are secured by a Trust Deed or First Mortgage of all the real estate, mines, mining rights, leases of mining areas and other leases, and of the collieries, smelting furnaces, steel mills, coke ovens, rolling mills, fixtures, plant, machinery, patents, railways, tracks, wharves, rolling stock, station house, piers, rights, revenues and franchises owned and enjoyed by the Company on the 1st day of July, 1901, or which it may hereafter acquire, excepting certain lands which are necessary for the business of the Company, and which it is proposed to sell as soon as possible, principally to workmen, the proceeds to be applied for the purposes of the Company, and the Company also reserves the right to charge by way of mortgage any mining area or leases thereof, or other property which may hereafter be acquired by the Company from the proceeds of any bonds, debentures or other obligations hereafter issued.

The Bonds are dated on the first day of July, 1901, and are payable on the first day of July, 1931.

The interest on the Bonds is payable half-yearly, upon presentation of the coupons, on the first days of January and July, at the Union Bank of Halifax, in Halifax, or the Bank of Nova Scotia in Montreal or Toronto.

The Bonds may be registered at the office of the Eastern Trust Company, Halifax.

SINKING FUND AND REDEMPTION.

The Mortgage contains provision for periodical payments after July 1st, 1903, to the Trustee, of amounts sufficient to redeem the whole issue during the term of the Bonds, and it is further provided by a supplementary deed of trust that if the quantities of iron ore and coal sold in any one year shall exceed 275,000 tons and 500,000 tons respectively, as estimated in this prospectus, an amount equal to ten cents per ton on such additional tonnage shall be paid to the Trustee and applied toward the redemption of the Bonds. For the purpose of such redemption, the Trustee may purchase the Bonds in the open market at a price not exceeding a premium of ten per cent., and accrued interest, or, failing such purchase, may draw by lot and redeem the required number of Bonds at the price of 110 and accrued interest.

Copies of the Mortgage and form of Bond can be seen at the office of the Company, New Glasgow, N.S., at the office of Messrs. Osler & Hammond, Toronto, Ontario, and at the office of the Eastern Trust Company, Halifax, N.S.

PURPOSE OF ISSUE.

These Bonds are issued for the purpose of redeeming the short date Bonds amounting to \$1,500,000, which were issued by the Company to provide for the purchase of the property of the General Mining Association; the balance to be applied for the development of the coal mines, the erection of shipping piers, coke ovens, coal washing plant, new furnaces and other improvements.

That this Company has long since passed the experimental stage is amply shown by the following:

HISTORY

The Nova Scotia Steel and Coal Company's undertaking, developed in the following way: In 1873 a business was established at New Glasgow, Nova Scotia, under the name of the Nova Scotia Forge Company, for the manufacture of railway and marine forgings. The enterprise prospered, and in 1882 the proprietors decided to establish another concern to engage in the manufacture of steel. The Nova Scotia Steel Company was therefore formed to manufacture steel from imported pig iron and scrap steel, by the "Siemens-Martin Open-Hearth" process. Seven years later, namely, in 1889, to ensure economy in working, these two concerns were amalgamated as the Nova Scotia Steel and Forge Company, Limited, and extensions and additions were subsequently made to the plant. In 1891 a company was incorporated called the New Glasgow Iron, Coal and Railway Company, which built a blast furnace for making pig iron at Ferrona, near New Glasgow. In January, 1894, the Nova Scotia Steel Company acquired the interests of the New Glasgow Iron, Coal and Railway Company and of the Nova Scotia Steel and Forge Company, and carried on the business previously conducted by these companies until the present year. In the year 1900, the Nova Scotia Steel Company purchased as a going concern the business and property of the General Mining Association.

The General Mining Association was formed by Deed of Settlement in 1829, and (inter alia) took over the lease of the Duke of York's extensive coal areas in Nova Scotia. In or about 1855, by arrangement with the Provincial Government of Nova Scotia, the Association released some of its rights and secured the exclusive right to all coal seams in certain areas. The leases have been renewed, and are now held under the general law of Nova Scotia. The Association had disposed of some of these coal areas before the present year, and are now held under the general law of Nova Scotia. The Association had retained the Sydney Mine and Point Aconi areas, which contain a superior quality of coal, with good facilities for shipment.

The Nova Scotia Steel and Coal Company, Limited, has acquired the whole business property and assets of the Nova Scotia Steel Company, Limited, as a going concern.

PROPERTY

The properties now owned by the Nova Scotia Steel and Coal Company, Limited, consist of: 1. All the lands, shafts, buildings, plant and railways used in connection with the coal mines, together with the leases of the coal areas which were acquired by the Nova Scotia Steel Company, from the General Mining Association. These areas extend from Sydney Harbor to the entrance of the Great Bras d'Or, and comprise: (a) The Point Aconi and 135,000,000 tons of coal. (b) The Sydney Mine submarine areas of 3,200 acres, estimated by the same authority, in 1871, to contain 66,000,000 tons of coal. Since 1871 about 5,000,000 tons only have been worked out of the Sydney Mine and Sydney Mine Submarine areas. The Point Aconi areas have not yet been worked. 2. About 7,824 acres of Freehold Land in Cape Breton. 3. A Freehold Iron Ore Mine situated at Bell Island, Conception Bay, Newfoundland (see note), and several deposits of iron ore held by the Company, in fee simple, or by lease in Nova Scotia. 4. Leases of coal areas, containing two coal seams of good quality, one of which is now being opened up, situate within six miles of the Steel Works at Trenton. 5. A Standard Gauge Railway, twelve and one-half miles in length, with 3.87 miles of sidings, with rolling stock in Pictou County, Nova Scotia. 6. About 160 acres of freehold land at Ferrona, Nova Scotia. 7. A Blast Furnace, Coal Washing and Coking Plant, built in 1892, at Ferrona, with a capacity of 100 tons of pig iron per day. 8. About 80 acres of land at Trenton, near New Glasgow, on which are the Steel Works, consisting of four Steel Melting Furnaces, together with the Rolling Mills, Forges and other plant, capable of turning out 100 tons of finished steel per day. Over four acres are actually covered by buildings, and the tramways in and about the works, aggregate about four miles in length. 9. Large Limestone and Dolomite Properties, of excellent quality, in the County of Cape Breton. 10. Net Assets represented by cash balances, book debts and stock in trade. (These amounted to \$635,789.48 on the 1st day of January, 1901.)

NOTE—The Iron Ore Mine of this Company, situated at Conception Bay, Newfoundland, is alone estimated by R. E. Chambers, M. E., to contain 6,000,000 tons of Red Hematite Ore. The average iron contents of the present and of last year's shipments of this Ore to the United States was over 55 per cent. The mine is equipped for an output of over 300,000 tons during the shipping season. The shipping dock accommodates the largest class of modern steamers, with draft up to 28 feet of water, and boats of 6000 to 7000 tons capacity have been loaded at the rate of 1000 tons per hour. The situation of the property is central for export to either the United States or Europe, being six days' sailing from the principal foreign ore-receiving ports of the former, and eleven days from those of Europe.

TITLES

The titles to the mining areas and other property of the Company have been examined by Messrs. Harris, Henry & Cahan, Solicitors, etc., Halifax, N.S., and their report thereon to the Eastern Trust Company, trustee for the bondholders, can be seen at the office of that Company in Halifax, N.S.

REPORTS

The books of the Company were examined and audited by Messrs. Marwick and Mitchell, chartered accountants, of 27 Pine Street, New York, in April, 1901, who valued the property (exclusive of the good-will) at \$4,250,000 to \$4,500,000. This report is on file and can be seen at the head office of the Company, at New Glasgow, Nova Scotia.

COAL DEPOSITS.

The geographical position of Cape Breton makes the coal deposits in this island of great value, as they are the only available deposits at tide water on the Atlantic Coast of America. The areas owned by the Company adjoin the shores of Sydney Harbor, with a coal shipping pier at North Sydney, and are therefore most favorably situated for shipment to Europe, South America and the Mediterranean; North Sydney being 1000 miles nearer Europe than the United States coal deposits.

The coal deposits owned by the Company in Cape Breton alone are estimated to contain 216,000,000 tons of coal.

DEVELOPMENT OF COAL AREAS.

The coal areas near Trenton are now being opened up, and by the close of the present year that property will supply all the coal required for steam and heating purposes at the Steel Works, Trenton. In order to increase the output from the Cape Breton areas, which during the past three years has averaged about 250,000 tons per annum, it is intended to open one or more new collieries on this property, by which it is estimated that the output will be increased to about 600,000 tons per annum.

MARKETS.

IRON ORE.—The Company has sold for delivery during the present year about 300,000 tons of its iron ore, of which 60,000 tons were sold for delivery in Philadelphia, and about 240,000 tons in Germany and Scotland; and the Company has already sold for delivery in Germany 160,000 tons in 1902 and 120,000 tons in each of the years 1903-4-5, all at prices which should yield a satisfactory profit to the Company.

COAL.—The coal from the Old Sydney Mines belonging to the Company commands a higher price than any other coal in the markets of the Maritime Provinces, and the intention of the Company is to vigorously develop this branch of the business.

STEEL AND IRON.—The iron and steel produced by the Company has always found a ready market in Canada, large quantities being shipped to the Provinces of Ontario and Quebec. It is expected that the Canadian market will in the future continue to take the larger part of the Company's output, but, in any surplus should be produced, the Company is in as good a position to sell in the foreign markets as any other company in Canada.

PROFITS.

THE NOVA SCOTIA STEEL & COAL COMPANY, Limited, has three very important sources of revenue: 1st—From the sale of coal. 2nd—" " " " Iron ore. 3rd—From the manufacture of iron and steel.

The profits of The Nova Scotia Steel Company, Limited, for the years 1898 and 1899, exclusive of bounties, as certified by the auditors, amounted to \$414,586. The profits of the General Mining Association, Limited, for the years 1898 and 1899, as certified by the auditors, amounted to \$192,973. The profits of the combined business for the year 1900, exclusive of bounties, as certified by the auditors, amounted to \$530,581.

This makes the profits of the combined properties, exclusive of bounties, for the three years, \$1,138,140, or a yearly average of \$379,380. In addition to the profits already shown, the Company received by way of bounties on pig iron and steel ingots from the Government of Canada, under authority of 60 Vict., Chap. 6, amended by 62-63 Vict., Chap. 8 (Can.), the sum of \$398,506, being a yearly average of \$132,835.

The total profits for the three years, including bounties, amounted to \$1,536,646, being a yearly average of \$512,215. These results, so far as the coal mines are concerned, were obtained notwithstanding the inefficiency of the mining plant at Sydney Mines.

From the proceeds of the present issue of bonds the mines will be equipped with modern machinery and plant, and the additions and extensions already referred to will be made, so that a large increase in the profits of this branch of the business should be realized in the future.

Unless further legislation is enacted, the bounties payable by the Government of Canada will be reduced annually after April 23rd, 1902, and will expire on June 30th, 1907.

ABSTRACT OF PROFIT AND LOSS ACCOUNT OF THE NOVA SCOTIA STEEL COMPANY FOR THE YEAR ENDING DECEMBER 31st, 1900.

To Dividend paid September 10th, 1900	\$41,200 00	By Balance	\$47,883 38
Interest on Mortgage Bonds	45,726 00	Profits for the year	655,272 86

BOARD OF TRADE NOTES.

Grain Men Want a Carload Clearly Defined. At a meeting of the Executive Committee of the Grain Men's Association, held yesterday morning, the question as to what constitutes a carload was discussed. Under the present regulations, the grain men also want certain conditions, under which they make shipments, defined more clearly. The regulations, as they are now, are not satisfactory to the Dominion government, the government, or the grain men. They are unwilling to be asked to remedy the matter. They will report to the meeting of the section to be held on Thursday at 12.30 noon.

WEST END PANORAMAS.

A meeting of Parkdale residents was held last night at the Methodist Hall, corner of Duns and Hurley streets, in favor of the city acquiring the Garrison Common and the Old Fort. The Garrison Common and the Old Fort are situated on the construction of a lake drive to High Park. The investigation of the fire on Gay Pawker night, in which Thomas Taylor's stable and a horse were destroyed, is being conducted by the coroner. It is charged that boys who had taken George Stewart's horse out of the stable, and were riding it up and down the street, were the cause of the fire. In addition to this, which is being investigated by the coroner, the residents of Parkdale are another frame stable being erected in the district, and will petition against any other than a brick one being constructed in place of the one destroyed. B. G. Marshall of 559 Green Street entertained a number of his friends at an oyster dinner at his home last evening. M. J. Crotty, dry goods merchant, has total assets estimated him of \$20,000, and assets of \$17,000. There are about 60 creditors.

Cambridge Springs Waters Will Benefit You.

Health is the main, but not the only consideration that takes people to Cambridge Springs, Pa. Rest, recreation, indoors and out, are what the place affords the year round. "Cambridge is always open." All that the city can give is what the Cambridge waters and offers it is a beautiful country setting, together with good hotels to live in, and its wonderful water to drink and bathe in. Request brings the Erie Cambridge booklet. On application to any Erie agent, or Dr. V. C. Cook, General Passenger Agent, New York City, 613313.

Forter System.

Dr. Forter gave a most interesting demonstration of the Forter method for curing rheumatism at the Toronto Junction College of Music on Thursday night to a large audience. Some material was shown entirely different from that shown in any other system of the kind. The children showed a wonderful knowledge of the rudiments of music, reading notes and dividing time, transposing and even writing down on the blackboard phrases played at the piano. Miss McMillan has introduced this method at the Junction College, where Miss Christina Davidson has large classes of children. Teachers will also be trained in the system.

Battle With Convicts.

Kansas City, Mo., Nov. 8.—A telephone message was received from Leavenworth at 3.25 this afternoon to the effect that at Northville, 25 miles northwest of Leavenworth, five of the escaped convicts from the Leavenworth Penitentiary were surrounded to-day in a barn by a party of citizens and ordered to surrender. They refused, and a battle ensued, during which three of the convicts were killed and the other two wounded, how seriously is not known. Whether or not any of the citizens were wounded is not known in Leavenworth.

George McCormick, M.P., Well.

Bracebridge, Nov. 8.—The Foundation of the dam for the power extension plant of this place is laid. The power house and the dam are nearly completed. Other work is delayed by high water of the river. George McCormick, M.P., has fully recovered from his recent illness, and is now on a hunting trip in the Deer Lake region. The steamer "John F. Barry" Sound, was damaged by fire to the extent of \$8000 on Tuesday. Loss is fully covered by insurance.

Will Case Adjudged.

Judge McDougall, in the Surrogate Court yesterday, adjourned till 10 o'clock this morning the action brought to set aside the will of the late Benjamin Godbold, who died in June last, leaving an estate worth \$12,000. The suit is being pressed principally to have the appointment of deceased's son, Elyrester, as executor revoked.

To the Trade

November 9th.

Durability

In wear, comfort in shape, value in quality and extent in assortment are the four leading features of our stock in Ladies', Misses' and Children's cashmere and wool hosiery. We have them

In All Sizes.

Filling Letter Orders a Specialty.

Fairweather's ENLARGED PREMISES

Toronto Gore Plowmen. The annual plowing match of the Toronto Gore Plowmen's Society was held on Thursday near the Village of Clairville, and was in every respect a success. The prize winners were: Class 1, 1st and crown—Thomas McLean, Toronto; 2nd, William Hostrav, Woodhill; 3rd, Richard Boye, St. Michaels.

Our Opening To-Day. Just a week yesterday we took the key from the landlord and took possession of No. 86—we've spent a week breaking through the wall—fitting up and fixing up—we've things in nice shape now—and although we've not by any means completed our plans in the process of alterations and improvements we're ready for business—and this is "receiving day"—we welcome you heartily to two of the largest—brightest and best appointed show and salesrooms in the Dominion of Canada to-day—our men's hats and furs departments on the ground floor—and our ladies' furs and hat departments on the first floor—Will You Come?

Fine Furs. On the first floor there's a special exhibit to-day of Fine Persian Lamb and Seal Jackets—fur trimmed and fur lined automobiles—opera cloaks and wraps—scarfs—boas—caprines and capes—enough variety in the big show room to interest you and afford you a whole day's "sight seeing" if you've a mind to spend the time—everything new—everything stylish—everything that's to be popular—from the smallest bit of a neck piece to the most costly garments in exclusive designs and of a piece but that we guarantee the quality of—"HAVE A LOOK".

Fine Hats. In the alterations the greatest amount of floor space has been added to the men's hats department, and for "opening day" we've just passed into stock a brand new and complete line of the latest and most fashionable blocks in silks—Derbys and Alpines from the best hatters in the world—Silks—Derbys and Alpines from Yeumans—Derbys and Alpines from Stetson—Reelof and Mallory—in blacks and new shades—Oxfords and Oxide Greys—all the full winter shapes—Derbys with the full brims and higher tapering crowns—Alpines with the new "Panama" brim—new—new—nice and gentlemanly—"HAVE A LOOK".

The Ladies' Hat Dept. Vies with the other big departments in the house in points of interest—we've earned the reputation for having the best styles—the most exclusive patterns—we go to the best markets—and pick amongst the world's best makers—and as a matter of course we've earned the "leadership" we enjoy—special display to-day of winter styles in tailor made—fur and fur trimmed goods—"HAVE A LOOK".

J. W. T. FAIRWEATHER & CO. 84 YONGE ST. POLITICAL POINTERS. The North Toronto Reform Association will meet on the 29th inst. to name a candidate for the Legislature. Judge McIntyre has dismissed all of the 33 appeals made by John Adams, Reeve of Ramo, North Ontario, owing to irregularities connected therewith on behalf of the Reform party. The bye-election in West Huron will be held on Dec. 4, and it is practically settled that Hon. J. F. Garrow will be the Liberal candidate. Col. Kerns is spoken of as the next Conservative candidate in Halton. The bye-elections for the House of Commons will be held in mid-winter, according to an Ottawa despatch, and the lists for 1901 will be used. The Mackenzie Club will attend the Rose Liberal Club presentation to Hon. G. W. Ross on Monday night.

WESTON. At the Court of Revision, held by Judge Morgan here, the Conservatives added 29 names and the Reformers 24. The Reformers had 29 names struck off the list, and the Conservatives added 24.

West York Conservative Convention. A meeting of the West York Conservative Association will be held this afternoon in Bailey's Hall, Weston, to nominate a candidate to contest the riding at the approaching election in all the township caused by the death of the late Hon. N. Clarke Wallace.

Get a Constant Headache? Don't chance one the secret of your suffering is that "white man's burden," Catarrh. Here's a sentence from one man's experience: "One of my nasal passages and stopped the pain in my head." It's a quick, safe and sure treatment, and it never fails to cure.—

The W. & D. DINEEN CO., Limited, THE BIGGEST HAT AND FUR STORE IN CANADA. STORE OPEN UNTIL 10 O'CLOCK TO-NIGHT. A BIG HAT DAY. We have had record hat sales all this week, but nothing to what is promised to-day. Put this down to advertising if you like, but that wouldn't sell poor goods. Advertising only draws attention to what we have to sell. If they're not what's represented why there'd be no sales. There have been sales here, and big ones, too, and that's a pointer for you. What we claim is, that we don't handle anything but the best in quality and the latest in style. We don't handle what you call "cheap" hats—hats of poor quality at an ordinary price for that quality. If you buy at all you might as well buy something new and of quality that will stand the weather. "Cheap" hats don't meet these requirements. Being the largest hat makers in Canada we can buy direct, and this is an advantage the benefit of which you receive in the low prices we ask for our goods. The same hats we sell are those most popular on Fifth Avenue, New York. You wouldn't find any different there, nor any different prices. They couldn't be made better or of better materials. SILK HATS. There's a big difference in Silk Hats. You must always buy one with the name of a big maker on the inside band. That's the only safeguard. We are Dunlap's and Heath's sole Canadian agents. That's your safeguard. Silk Hats—\$5 to \$8. DERBY HATS. We begin the prices of our Derby Hats at \$2 and work right up to Dunlap's at \$5. We begin them in Parisian styles and end them on Broadway stunner. Derby Hats—\$2 to \$5. Remember, we are sole agents for Heath's and Dunlap's special Derby hats. ALPINE HATS. The new curled brim Alpine Hat, Panama shape, is the newest thing on Broadway. We yesterday received thirty cases of them, in light and black felt. You've seen a few of them around town—\$2.50 and \$3. English and American Fedoras—\$1.95 to \$5. "THE BEST THAT IS" FOR THE MONEY. NO HATS BUT GOOD HATS. We are Dunlap's and Heath's sole Canadian agents. THE W. & D. DINEEN CO., LIMITED, Corner Yonge and Temperance Streets.

WOULD LIKE YOU TO KNOW THAT OUR Devonshire Cream is just about the most delicious thing that money can buy. Hundreds Say So. A sample jar—at 25c, 35c or 50c—will convince you. CITY DAIRY CO., Limited Spadina Crescent Phone North 2040.

Special Desires in Bread. We are ready to supply your desires in Bread. We have every facility for making the very finest loaf on the market. PURE FLOUR PURE SHORTENING PURE YEAST with the best bakers in the trade, are all factors in the development of a good bread trade. WESTON'S HOME-MADE BREAD has no equal. MODEL BAKERY CO., Limited George Weston, Manager.

Money. If you want to borrow money on household goods, pianos, organs, horses and wags, call and see us. We will advance you any amount from \$10 up to \$1000. Money can be paid in full at any time or in six or twelve monthly payments to suit borrower. We have an entirely new plan of lending. Call and get our terms. The Toronto Security Co. "LOANS." Address: Room 10, No. 6 King West. Phone Main 4235.

MY OPTICIAN. Eye strain causes that worn, discolored appearance which mars otherwise beautiful features. Remove irritating wrinkles by relieving eye strain. 159 YONGE ST.

Come and be Convinced. That we give the best treatment of the Body, Face and Hair. MANICURING and CHIROPY. Try our Vapor Baths. Nothing like it for beneficial effect. Madame Lytell. Phone Main 3438. 888 JARVIS ST.

FUR RUFF FREE. 25 inch long, made of selected fur, with real seal and tail, by adding 10c each, only 15c. Good imitation of the finest quality, with real seal and tail, by adding 10c each, only 15c. Good imitation of the finest quality, with real seal and tail, by adding 10c each, only 15c. Good imitation of the finest quality, with real seal and tail, by adding 10c each, only 15c.

Don't Get Typhoid Fever. Drink Distilled Water. It is free from germs and microbes that abound in city water. 2 GALLONS, 40c. DELIVERED. J. J. McLaughlin, Chemist, 151 Shearwater Street. ARE YOU RUPTURED? If you are, call at our office and see the numerous testimonials from physicians and others, which prove our claim that "Lindman's" is the best in the world, gives satisfaction, never fails. Ontario Agency, 50 Carlton Street, Toronto.

SOLID GOLD. We have this beautiful gold ring, set with a Ruby and a Pearl. Price \$15.00. We have this beautiful gold ring, set with a Ruby and a Pearl. Price \$15.00. We have this beautiful gold ring, set with a Ruby and a Pearl. Price \$15.00.

PERSONAL. Dr. J. E. Lehmann, mentioned in the London Lancet as being assistant surgeon to the German Hospital, London, England, is a Canadian. Mrs. J. B. Murchison of San Francisco and Miss Beauchamp and Mr. Walter Beauchamp of 40 Beverly Street have gone on an extended tour to Europe. Prevent Disorder.—At the first symptoms of internal disorder, Parmentier's Vegetable Pills should be resorted to immediately. Two or three of these salutary pills, taken before going to bed, followed by a glass of one or two pills for two or three nights in succession, will serve as a preventive of attacks of dyspepsia, and all the discomforts which follow in the train of that disorder. The means are simple when the way is known. All sporting events occurring Saturday afternoon fully reported in to-morrow's Toronto Sunday World delivered to any address in the city for three months for 50 cents. Phone M. 252. Hogs have dropped in price, but bacon and ham and lard keep at high water mark. Canadian bacon and ham sent to England show a decrease this year from last. Yet a scarcity of hogs is reported. What regulates the price, anyway?

THE ROBERT SIMPSON COMPANY LIMITED. DIRECTORS: J. W. FLAVELLE, H. H. FIDDERER, A. E. AMES. THE ROBERT SIMPSON COMPANY LIMITED. Saturday, Nov. 9. In Our Made-to-Order Clothing Department. We pride ourselves on being able to give a gentleman all the character, individuality and clean-cut style that characterizes the best New York clothes at a cost based on Canadian prices for imported clothes and the general economy and reasonable rates ruling throughout this store. Any gentleman who wants crisp, modern style to his clothes, at reasonable prices, should come and inspect our cloths, talk to our head tailor, and we are satisfied he will leave his measure with us.

Men's Ready-to-Wear Clothing. England sets the standard as to what is fashionable in such things; and these vests are, therefore, unquestionable. They are certainly handsome vests, any color combination that suits you. Well cut, well finished vests. Several gobs vests in real military cloth, with plain brass buttons, among them. You cannot buy vests like those for less than 3.00 and 3.50. The Raglanette is the coat of this season. Our Raglanette Coat, at 12.00, is a 80.00 coat, minus the custom tailor's extra expense. "Swagger" is the word. For a healthy, active schoolboy no overcoat could be more serviceable, warmer, handsomer and less in price than these blue, rough-surfaced reapers we are selling. English Vests, silk spotted corduroys and fancy Tattersal and hank weave vestings, dark cardinal, brown, fawn and greenish mixtures, checks and fancy plaid patterns, made in single and double styles, at 85 and \$2.00. Monday, Tuesday, Wednesday, Thursday, Friday, Saturday, Sunday, 1.75. Men's Fine Imported Cheviot Overcoats, plain dark Oxford grade, made up in the latest Raglanette style, with poke, neat velvet collar, 12.00. Men's Fine Imported French Montague Overcoats, fair black, on a soft lining, three-quarter length, box back, fancy satin saddle back and neat 15.00. Men's Fine Imported English Vests, silk spotted corduroys and fancy Tattersal and hank weave vestings, dark cardinal, brown, fawn and greenish mixtures, checks and fancy plaid patterns, made in single and double styles, at 85 and \$2.00. Monday, Tuesday, Wednesday, Thursday, Friday, Saturday, Sunday, 1.75. Boys' Navy Blue Beaver Winter Overcoats, three-quarter box back style, corduroy, lined throughout with warm fur, fancy collar, sizes 28-30, 3.50. Boys' Navy Blue Nap Reapers, double-breasted, with high storm collar, good warm checked tweed linings, sizes 28-30, \$2.50. Boys' Navy Blue Nap Reapers, double-breasted, with high storm collar, good warm checked tweed linings, sizes 28-30, \$3.50.

Men's Underwear and Furnishings. Good, warm, Woolen Suits are those for 50c apiece, worth 75c any day. But you may have anything in underwear you fancy at this store except fancy prices. 75c Scotch Wool, 50c Per Garment.
