AN IMPERIAL CARIVAL CONFERENCE IS CALLED

Noted London Correspondent Sums it Up as a Patriotic Boom for a Greater Navy.

NEW YORK, June 22.—I. N. Ford, writing to The Tribune from London under date of June 9, says: "There has been no lack of oratory at the Imperial Press Conference. Fresh phrases have been coined, such as Lord Rosebery's 'last shilling and last man' and Sir Edward Grey's 'union of allies of the most perfect kind' and these will pass current. 'England's splendid isolation' has come in the past, until a better one comes up for a run. 'The splendid isolation' has been a term of reproach which colonial visitors have sometimes complained, and journals have never received in London with more distinction. The colonial editors have been lionized by public men, and they are likely to return to Australia, South Africa and India more fervid and expansive imperialists than they were when they came. Certainly they have seen the metropolis at its best and have heard the leaders of English opinion when least partisan and most effective. It has been a carnival of imperialism and brotherly feeling."

The Talk John Bull Yearned For. The speech which Englishmen were waiting to hear was made by a Sydney editor, F. W. Ward. There was a good phrase in it: "Never a ship had carried a gun from the return of Australia, but only a flag." But that was not what the conference heartily applauded. It was his logical argument that the naval power of the British Empire was the only power that could be relied upon to maintain the life and death, and that Australia and the other colonies must help in paying for it, that appealed to the pockets as well as to the hearts of Englishmen. He contended that colonial naval policy could not be local, that it would be folly for the colonies to build a fleet of their own, and that it was the duty of all outlying sections of the empire to do their part in supporting British supremacy on the high seas. The main point, he said, was "sufficiency and efficiency," and the colonies should accept the expert opinion of the British naval authorities in the United Kingdom. He was disposed to agree with Sir Hugh Graham, who had declared that the imperial government had been a diligent and the overseas dominions not quite generous.

Mr. Ward has earned a reputation in the colonies as a representative colonial leader to say. The colonies have never been more ready to support the support of the navy, which was keeping the highway to the sea open, but now that Dreadnoughts have become a part of the naval armament, the feeling in "the old home" without doubt is that they ought to do it of their own accord.

Laurier Opposed Chamberlain. The question of overseas supplies for the navy came up when Mr. Chamberlain was secretary for the colonies. The premiers were holding a conference in London. He was known to be an advocate of imperial federation and preferential tariffs, and was considered a leading influence in Britain's possessions by his attempts to take up the question of the British fleet. Not only was he convinced that the colonies ought to pay their share for the maintenance of the British fleet, but he was also in favor of the colonies making it easier to induce the mother country to modify its tariff policy if they were to make systematic contributions for naval expenditure.

Mr. Chamberlain failed to carry his point because there was a powerful Laurier opposition. Sir Wilfrid Laurier opposed the imperial defence conference because he was unwilling that Canada should be drawn into what he considered a purely European armament race. He was in favor of the attempt to negotiate a financial arrangement and another conference in London. He was also in favor of the colonies making it easier to induce the mother country to modify its tariff policy if they were to make systematic contributions for naval expenditure.

The One Vital Topic. If the spirit animating Mr. Ward's speech and the gifts of battleships from Australia and New Zealand be felt at the approaching imperial defence conference, something will be done toward the solution of the vital problem of naval defence. The colonies in the South Seas are already ready to make policy of overseas contributions to the imperial navy, and South Africa, where preparation is carried out, is likely to support it generously. Sir Wilfrid Laurier is a statesman of tenacious opinions and force of character who may be able to make a successful stand against the movement for an all-ied navy representing the empire as a whole and chargeable to the colonies as well as to the United Kingdom. Yet the argument that all sea routes are protected by the navy, and that the colonies, or "union of allies of the most perfect kind," ought to bear a considerable share of the costs, is urged with persistent energy and cannot be easily answered. The imperial defence conference, with its kind of social reactivity and public oratory, is promoting this object. With a Liberal government in power, discussion of preferential tariffs, and tariff reform is impracticable. Cheap cables and press agencies without foreign correspondents in service cannot take up much of the theme of supreme importance, and the colonial editors when they return to their desks will be full of it and of

A POLICE D-D-P DEPENDS ON THE ROOKIES

C. P. R. Train Falls Into Hands of Bandits, But Not the One They Wanted.

KAMLOOPS, B. C., June 22.—(Special.)—Vancouver train No. 97 was held up by five masked men at Ducks last night. They had mistaken it for No. 98, carrying 800 passengers and 7000 pounds each to the coast. Two men climbed over the tender at North Hill and compelled the engineer to stop at Ducks. The four men were waiting alongside a camp fire. All were armed with Winchester. They compelled the fireman to break open the express car, but found nothing in it. Immediately afterwards the robbers got in a boat and started for the north side of Shuswap Lake. A posse in pursuit of the robbers was organized by the police and the fireman. No 97 was running several hours late, in charge of Conductor Sam Elliott, who was in charge of the train. The train had stopped at Pemberton siding to pick up some passengers and one of the robbers boarded at that point. Shortly after he had been crawling down over the tender and accosted Engineer Matt Crawford. "You run the train until you come to a fire along the side of the track," was the robber's command, and it was obeyed. When the train stopped two other men came to the assistance of the first. All were armed. The fireman was ordered down out of the cab and also uncoiled the engine, but was stopped by the robbers. "You don't need to do that; we don't do things like that," he said. "You run the train until you come to a fire along the side of the track," was the robber's command, and it was obeyed. When the train stopped two other men came to the assistance of the first. All were armed. The fireman was ordered down out of the cab and also uncoiled the engine, but was stopped by the robbers.

Waterworks Engineer Fellows stated that in St. Louis there was lying in the civic treasury \$3,000,000, which was to be spent on future extensions, and that the consumers were not objecting to the water being pumped by steam and 6.5c by electricity, while in Boston the pumping cost was 4c. Mr. Fellowes had no figures, however, as to the net cost in these cities, including maintenance and interest charges. Buffalo Rates. Geo. H. Mitchell, detail examiner in the waterworks department, gave some interesting facts as to the water rates in the United States cities. In Buffalo the charge was 6c for the first 25,000 gallons used per month, with 2c for additional consumption. In Detroit the charge was 5-6-4c for the first 30,000 gallons per month, and 2-1-4c for all in excess of that. In Oswego the rate was 4c for the first 10,000 gallons, according to the amount consumed. These rates applied to all users, there being no special allowances for industrial branches. Mr. Mitchell said that in Buffalo and Detroit the rates would work out more cheaply for the industrial branches and other large users than in Toronto.

Cost of Pumping. The present cost of pumping water in Toronto, including maintenance and interest charges, is 5-6-4c per thousand gallons, but the cost of filtration will raise the charge to 6-8-4c, and to allow for contingencies Mr. Mitchell estimated that the cost should be figured at 7-1-2c.

HUNTER RATES ADOPTED. Sons of Scotland Raise Insurance Assessment to Comply With Act. A change in rates was decided upon by the Sons of Scotland Benevolent Society after much discussion yesterday. The Dundas Camp adopted the "Hunter Rate," which is authorized by the Dominion Insurance Act. By this change the order can be held in force until the end of the year. The arrangements will necessarily involve an increase in the assessment of older members, but the change is calculated to do good all around.

Hamilton to Go to Courts. The Ontario Railway and Municipal Board decide the application of the City of Hamilton to collect damages for street widening. The Board had jurisdiction to the exclusion of the courts, said the chairman in conclusion, but when they are given authority specifically the inference is that the jurisdiction of the courts should not be disturbed.

R. M. C. COMMISSIONERS. KINGSTON, June 22.—(Special.)—The Royal Military College commissioners are granted as follows: Royal Engineers, B. E. M. Grasset; Royal Field Artillery, Corp. Kandy; Montreal, Sgt. Wartell; Quebec; Royal Canadian Engineers, Corp. Lawrence; Stratford, Corp. Dunbar, Montreal.

THE WEATHER VACATION TIME—AND THE WORLD'S CONTEST.

YES, this weather IS warm, but the temperature is not yet quite so hot as the competition for The World's \$15,000 in prizes has become. Hundreds of the candidates are busy from morn till night, and each one has a corps of ardent supporters gathering in votes and coupons—a labor of love. Vacation days are affording to many a glorious opportunity for active canvassing.

MAUDE ADAMS AS "JOAN" IN HAMMATH SPECTACLE

Nearly 1500 Participants in Single Open-Air Performance of the Schiller Tragedy. BOSTON, June 22.—(Special.)—In the stadium of Harvard University to-night, for the first time on American soil, an English version of Schiller's "Joan of Arc" was acted by Miss Maude Adams and a company carefully selected by Charles Frohman from all his dramatic organizations. Every one of the 1500 seats in the immense amphitheatre was engaged in advance, the audience including persons from all parts of the country, to witness a dramatic performance and an elaborate pageant that had been prepared at an unstinted outlay of money and pains for this single purpose. It was given under the auspices of the German department of the university, and in aid of the building fund of the Germanic Museum.

An invisible orchestra of one hundred pieces, composed mostly of strings and woodwinds, rendered Beethoven's magnificent symphony, "Eroica," during the performance. There were over thirteen hundred active participants in the play. All of the intimate passages in Schiller's magnificent tragedy—the scenes of Joan and her father, the visions that came to the Maid at Domremy, the shepherd maid tending her flocks, the journey to Chinon to meet the king, were acted with the greatest of realism. The dramatic power of the play, such as the magnificent coronation procession when Charles, lifted from the depths of the dungeon, is crowned in the cathedral at Rheims, and later the tremendous battle scene when, in the presence of the French army, the English forces outside the City of Orleans, takes the city walls and restores France, and incidentally French civilization, to the status of a self-sustained nation.

Three Necessary Changes. Lord Bishop of Ottawa's Address to the Synod. OTTAWA, June 22.—(Special.)—At the opening of the Anglican Synod of the Diocese of Ottawa to-day, the Lord Archbishop of Ottawa said that three most important changes in Christian attitude were needed. The first was that the church officers were to be the only workers must be dropped. Our ideas as to the value of the ministerial life should be amplified. Only then would the young be attracted to a life which must always be a life of self-denial. There must be a greater use made of lay help. The clergy and the laity must go hand in hand in attacking the forces of modern day. Every brotherhood should be encouraged and steps should be taken to form guilds of church workers.

GOOD FOR HON. DR. PYNE. Separate School Book Prices Now Cut in Half. The reduction of the price of public school books from \$1.19 for the set to 49 cents has just resulted in the separate school books being cut from \$1.19 to 49 cents, to 49 cents. The revision of the public school books has also given rise to a movement for revised Catholic textbooks. This movement is being carried on by the Catholic Textbook Commission, which is likely to be completed within 1911.

HEROINE LOSES LIFE. Girl's Attempt to Save Drowning Boy Was Fatal. OTTAWA, June 22.—(Special.)—A double drowning took place Sunday afternoon near the Village of Law. The victims were the 11-year-old son of Michael McCrank, and Miss Nellie Daly, aged 17, only daughter of Thomas McCrank, who lost her life in attempting to rescue the boy. McCrank was splashing his feet in the lake and fell in. Miss Daly, who was standing on the bank, saw her father's fall and rushed to his aid. She was unable to get to him in time and also fell in.

VON BUELOW MAY WANT TO RESIGN

The Reichstag Passes Measure He Opposes and Kills One He Insists Upon.

BERLIN, June 22.—The political situation for the crown is extremely confused by to-day's events. The Reichstag's adoption of a quotation tax, which Chancellor Von Buelow declared the government would not accept, and the finance committee's decision to accept an inheritance tax, which he declared to be an essential part of the central scheme of financial reform, leaves the chancellor in a position which he is likely to find untenable. Many politicians now think that the chancellor will be compelled to resign, unless he is able to convince the Reichstag and the crown to dissolve the Reichstag and appoint a new government.

The proposal to impose a yearly tax on bonds and stocks was adopted by 203 votes against 166. The tax is to be calculated on the basis of the average quotation for the preceding year and the interest on this amount which the current dividend yields. The tax will then be deducted by the companies from the dividends before payment.

FRENCH CONGRESS IN SESSION. Open-Air Mass to Be Celebrated at Lafontaine Park. MONTREAL, June 22.—(Special.)—The great French congress, with 200 delegates, opened here to-day. Long-headed citizens declare that they do not get much political benefit from the session and the speech-making, but that a great deal of good comes of the various branches of the Franco-American and the Franco-British family meeting together and discussing subjects of profit to the people they represent.

BENEFICIARIES MUST PRAY. Ottawa's Will Leaves \$3000 to Educate Young Priests. OTTAWA, June 22.—(Special.)—Of an estate of \$5000 left by Telephone L'Angelier of Hull, who died recently, \$3000 is to be held in trust by Father, Yves-Olivier Ouellet, to be expended in preparing young men for the priesthood. The condition of the will is that when the money amounting to \$3000 is paid to the priest, he will offer prayers for the rest of his soul.

CHALLENGE SHIELD FORCADETS. Earl Grey's Endeavor to Stimulate Interest in Corps. OTTAWA, June 22.—(Special.)—Earl Grey will give a challenge shield to the town of Ottawa with five thousand inhabitants or over, or to the county not having within its borders five thousand inhabitants, which can show the greatest percentage of cadets to its population on May 24, 1910. The shield will be held by the most efficient cadet corps of the winning city, town or county.

AN EXPLANATION—A STATEMENT OF FACT. Because they never play tricks on the public, when Dinsens, at Long and Temperance streets, advertised anything you can rely on getting just what they promise. They are placing on sale, commencing to-day, four hundred pairs of Hats at \$1.75, regular \$2.00, \$2.50 and \$5.00 values. These are absolutely perfect goods and fully up to this store's standard for quality. They are mostly young men's shapes and represent a shipment which arrived late and which they had to sell at a sacrifice. They are offered to thank a very substantial reduction. To the man who has had a hard day's work, they are most opportunist. Buy them at your door.

RAISED \$320,000 FOR THE MONTREAL Y.M.C.A. MONTREAL, June 22.—(Special.)—The Y.M.C.A. campaign closed to-day, with \$320,000 reported up to 4 o'clock, or \$20,000 in excess of the sum required. Robt. Reford gave \$100,000 to-day, and "Buffalo Bill" Cody, now here, was hit for a twenty. The day began with a deficit of \$19,000.

STREET LIGHTING ONLY

Only Part of Contract City Intend to Proceed Under.

HAMILTON, June 22.—(Special).—Elmer Ryan, Windsor, was picked up at the racetrack this afternoon as a vagrant. John Mordige and Melos Lubra, 408 North Hughson-street, are charged with aggravated assault on Louis Lefkovich, Alfred Pitman, 141 West Cannon-street, is charged with stealing a watch from William Hendry.

Gore and Wesley Methodists will worship next Sunday as one congregation. Game Inspector Kferr has summoned the following boys on the charge of robbing a quail's nest at Winona Park: George Stenabough, Edward Wood, Bobbie Wood and Alex Hand.

The Hamilton branch of the Canadian Manufacturers' Association are arranging for the annual convention here, Sept. 14 to 16. It is expected that 600 delegates and 200 ladies will attend. A reception will be tendered in the drill hall.

The congregation of Centenary Church tendered a farewell to Rev. J. and Mrs. Whiting. An umbrella was presented to Mr. Whiting by the home societies, and Mrs. Whiting was presented with a gold chain and pendant by the ladies' aid society.

The board of works will notify F. Washington, K.C., that it is the intention of the city to proceed with the street lighting contract. The American Natural Gas-Lamp and Supply Co. vainly solicited an arrangement with it to light the streets. The F. W. Bird Co. threatened to move its factory from Hamilton unless it was allowed to raise the grade on the Beach-road for a switch. A sub-committee will enquire. Five hundred dollars will be spent on fixing up Sophia-street, from York to Florence-streets, as a driveway, connecting the Victoria and Dundurn Parks.

The Hamilton summer school for oratory, organized by the Canadian Club, was formally opened to-night in the parlors of the Y. M. C. A., by Thomas Hobson, who said the true art of public speaking should be encouraged in our schools and universities. It was an accomplished success. William McClelland, president of the Canadian Club, taught the first class, his subject being the mode and preparation of a speech. Principal James L. Lolly and Registrar John M. Peables set forth in short addresses the objects of the new school.

The Cretan Situation. LONDON, June 22.—It was officially announced here today that when the international troops are withdrawn from the island of Crete at the end of July, foreign guardships will be stationed in Cretan waters to protect the Turkish flag, which is the only emblem of Turkish sovereignty now remaining, and to assure the maintenance of tranquillity and the protection of Mussulmans.

WANTS SHARE IN POWER DEAL

J. W. Garvin Claims English Capitalists Excluded Him Wrongfully. J. W. Garvin, a local promoter, is suing in the non-jury assizes to recover a fifth interest in the Stark Telephone, Light, Heat and Power Company of Brindale, from E. S. Edman, Toronto, Chas. Holt and John Kirkes-Meyers of London, England. He claims that this amount is due him because of the parties named having waived from an agreement to organize the company with himself and Holt. The concern is now called the Interurban Electric Company. Holt and Kirkes-Meyers came from England to invest some money, and Holt claims that Garvin represented to them that a power company was better than a gold mine, and that he could purchase a plant in Brindale for \$40,000. He would put up \$20,000 if Holt would raise \$20,000. While a company was being formed, Holt learned that the property could be bought for \$25,000, and a new company was formed. He further alleges that Garvin purposed dividing 200,000 shares between persons not interested. The case goes on today.

MODEL SCHOOL CLOSING

Presentation of Promotion Certificates and Diplomas.

The closing exercises of the Normal Model School took place in the public hall of the education department yesterday afternoon. Principal Scott presided and with him on the platform were Dr. R. T. Noble, Rev. J. McP. Scott and Mr. O. Stanton. In the audience were Lady Whitney, Mrs. St. John, Miss Scott, Mrs. William Scott, Mrs. Cody, Dr. and Mrs. Uren, Mr. and Mrs. Langlois, Mrs. Brebner, Mrs. Catto, Mr. and Mrs. Allan Dymond, Mrs. H. Ryrie, Mrs. Ryckman, Mr. and Mrs. Saul, Prof. McLay, Rev. and Mrs. Broughall, Mrs. Renne, Mrs. Gordon, Mrs. Toy, Mr. and Mrs. Standish, Mrs. J. F. Ross, Miss Marsden, Mrs. R. W. Fleming and many others.

An excellent program of readings, recitations, songs and choruses were rendered by the pupils. Special mention should be made of a Swedish folk dance by 16 girls. Then followed the reading of the promotion lists and the presentation of promotion certificates and diplomas.

New Buffalo Train. The Canadian Pacific's already splendid service from Toronto to Buffalo is to be augmented, commencing June 28, by another through train, leaving Toronto at 1:15 p.m. daily except Sunday. This new train will carry a combination coach, first-class-coaches and parlor car and will afford Toronto's citizens a splendid opportunity of reaching Buffalo earlier in the day than the present service permits.

Intending passengers will no doubt be much pleased with this new service. With the corresponding train from Buffalo arriving at Toronto at 1:25 p.m., commencing June 28, this will make a service of five trains each way, week days, between Toronto and Buffalo.

DISLIKE EFFICIENCY FIRING

Men at Camp Say They Don't Get Fair Show. NIAGARA-ON-THE-LAKE, June 22.—(Special).—The new regulation in regard to efficiency pay, according to the statements of some officers, is creating dissatisfaction among the men of the camp and the fear is now that it may prove an obstacle in recruiting. These numbers of points have to be made for every range, the aggregate amount not being taken into consideration.

Another complaint is that the men are forced to use the Ross rifle, to which many are wholly unaccustomed, without being allowed a sighting shot, which is really a great hardship with a strange weapon. It is reported that half the men in the 12th regiment, known for its expert marksmen, only one man has qualified for third year pay, due principally to a heavy wind.

The artillery to-day were given some good tactical work in the supposed bombardment of the American side of the river. Three batteries were lined up on the side of the road under command of Col. Hendrie, and exploded 50 shells.

A deserter, Pte. Norton, was rounded up to-day. He at one time served at Stanley Barracks, and on leaving there enlisted with the American force at Youngstown, N.Y. He had been allowed three months' furlough and joined the 7th at camp here, but his leave expiring, he reported for duty across the river. With his American uniform on, he returned to camp and began abusing the officers of his regiment. He was finally deported.

The engineers to-day completed the construction of a couple of fine trenches and will to-morrow erect a double lock bridge over a creek in Paradise Grove. Col. Weatherly will inspect the engineers to-morrow. Major General Lake is expected to-morrow to inspect the whole camp.

PRODUCE DEALERS SWINDLED

Elaborate Scheme Which Has Landed Ottawa Man in the Toils. OTTAWA, June 22.—(Special).—The city police took the final step of a week's investigation to-day by arresting William Swift, alleged to be a swindler, whose operations have extended over a period of several weeks. The postoffice authorities, represented by Inspector Bolduc, were also concerned in the matter, the mails having been used to assist in the alleged fraud.

For some time past, dealers in eggs, butter and produce in the Ottawa Valley and elsewhere, have been receiving typewritten letters on paper bearing the firm name of Swift and McArthur, 76-78 Red River-street, Winnipeg, offering to purchase their goods at prices considerably higher than those quoted on the market, freight laid down in Ottawa, at the Nicholas-street cold storage warehouse. The writer of the circulars, upon being informed that such consignments had arrived, would repair to the cold storage quarters and offer the goods for sale at figures much lower than those currently quoted. In order to keep Chinnamen under control, the city council will make the laundry licenses \$50 and \$25 for a transfer of business.

A BROKEN-DOWN SYSTEM

This is a condition (or disease) which doctors give many names, but which few of them really understand. It is simply weakness—a breakdown, as it were, of the vital forces that sustain the system. It is the most common ailment of the day, and is almost universal. Its symptoms are such as: loss of energy, depression of spirits, and want of energy in the ordinary work of life. Now, what ails a broken-down man in all such cases is increased vitality—VITAL STRENGTH & ENERGY to throw off these morbid feelings, and experience proves that as night succeeds the day, so may be more certainly secured by a course of THE NEW FRENCH REMEDY THERAPION NO. 3

GILES

9-2, Won

GILES was my one best bet yesterday. Was there anything in his past performances that would give him a look in? Certainly not, the little old Inside Info. alone could put you wise. While the four-flush stall agents, with their guarantees and big promises to give the money back gags, were falling for the cheapest kind of a favorite that fell by the wayside beaten, the class boys on the Inside got top price on GILES, with Goldstein up, that copped the long mauzuma.

Occidental

8-1, Won

Was the especially prepared good thing which we handed out for a big killing yesterday. Every client cleaned up a small fortune on this trick. We knew that she had been working in lightning fast time and would get the money the first time she was sent to the post. While this filly was not given as our one best bet we were equally as confident of her winning and so advised our clients. We were forced to make KING COBALT the one best bet on the strength of his sensational trial for yesterday's race. He is a horse that always can be depended on to run up to his work. And we knew that Red River would have to run the best race of his life, which he did, to make "Cobalt" extend himself.

Was our special good thing and second best bet. Remember this, our one best bet is strictly a one horse a day proposition and no matter how strongly we advise any other horse to be played we never claim it as the one best bet unless it was given as such. We have a line on several especially prepared good things like Occidental, that will get the money the first time out at long odds.

"WOMEN!" "Are You Nervous?"

The results of modern civilization are evidenced in an increase of nervous disorders. It could not be otherwise with the way we eat, drink, sleep, and keep up a continual round of excitement.

some along with their nerve-strengthening and energizing properties, and restore them to their normal condition.

Mrs. Wm. Levi, Markdale, Ont., writes: "I had for several years been troubled with nervousness, and like many others, spent lots of money on medicine that did me no good."

I was so bad that the least noise would make me jump and my heart would thump so you could hear it plainly and I could not lie on my left side at night. I saw a few testimonials of others and decided to try Milburn's Heart and Nerve Pills, and to my great joy and surprise they completely cured me and it only took six days to do it. I have a neighbor, Mrs. Rickett, and I induced her to try them and they effected a cure. I can endorse their use for anyone afflicted as I was."

Picture Show Permits.

In future before a moving picture show can be established, the consent of the civic fire and light committee must be obtained. The committee so decided yesterday.

The Blok Children's Hospital on College-street will not be required to place fire escapes outside the building, according to the decision of the fire commission yesterday.

Mr. Robertson stated that the institution was without fire escapes, overlooking the system of interior fire escapes. Mr. Robertson said that with these safe-guards, the protective apparatus and special fire-fighting department, the institution didn't need any further protection.

Canadian Pacific Upper Lake Service.

The Steamship Express leaving Toronto on Tuesdays, Thursdays and Saturdays, connecting at Owen Sound with the palatial Canadian Pacific upper lake steamships, offers passengers for Sault Ste. Marie, Port Arthur and Fort William an excellent opportunity of a most delightful fall on the upper lakes.

These steamers make close connection at Port Arthur and Fort William for Kenora, Winnipeg and all points in the Canadian Northwest, British Columbia and Pacific coast.

Good Show at Majestic.

The popularity of the Majestic Theatre will never be called into question so long as the management maintain the standard of vaudeville which is appearing there this week.

Both children and adults will find delight in the program. Glionna's Orchestra heads the bill. Brook and Mayo, military boys, put on a clever sketch.

Williams and her singing and dancing contortists keep the house in a roar of laughter with their movements and their well deserved applause. The skating dancer, Harper Dove, Mackie, is as original as she is lithesome on roller skates.

The Majestic, Legbert & Co., proprietors, and Edwin Mortimer, concert manager, which is indeed admirable for the money.

Review and Tatoo.

Friday, June 25, is review and tatoo day at Niagara Camp. Niagara Naval Company is making reduced rate of \$1 for the day, 75 cents for afternoon only. It is a fine opportunity for a special trip of the Cayuga, leaving Toronto 8:30 p.m., returning leaving at Niagara-on-the-Lake 10:30 p.m. Music on board on both going and returning.

GORGEOUS BABY CARTS IN-KEEN COMPETITION

Interesting Event at Hanlan's Point—700 Entries For To-Day's Main Event.

Gaudily decorated carriages, occupied by babies staring in wonderment, accompanied by hopeful mothers, were features of the first day's event in connection with the Ferry Company's baby carnival which opened at Hanlan's Point yesterday afternoon.

To-day the main event will be the baby show, in which 700 entries have already been received, and to-morrow comes the white dress parade, open to girls between the ages of 4 and 14 which will bring the carnival to a close.

The threatening condition of the weather yesterday forenoon deterred many from visiting the island, and the entries which numbered over six hundred dropped to less than half that number. The parade of the baby carriages was held in the ball room, led by the women's band, which is now filling an engagement on the island, after which the carriages were judged by the following ladies who were chosen from the audience: Mrs. (Rev.) R. Laker, 104 Grace-street; Mrs. (Rev.) St. John, 25 St. John-street; Mrs. P. Boucher, Hanlan's Point.

Following are the winners: Most beautifully decorated carriage—Mrs. Percy Best, 34 Danforth-avenue; Mrs. A. Todd, 157 East Queen-street; Mrs. L. Fife, 139 Barton-avenue; Mrs. Anderson, 182 East King-street. Most beautifully decorated go-cart—Mrs. Nicholls, 14 South-street; Mrs. F. Millan, 28 Wellesley-street; Mrs. C. A. Wyatt, 1486 Dundas-street; Mrs. C. Walker, 146 Ontario-street.

Most beautifully decorated toll carriage—Mrs. Evelyn Dunk, 98 Alexander-street; Marjorie Mitchell, 23 Follen-avenue; Marjorie Buckler, 123 St. Patrick-street. Most original novelty—Mrs. Phyllis Sampson; Mrs. G. Curie, 267 Crawford-street; Mrs. F. Davis, 146 Ontario-street.

The first prizes in both the carriage and go-cart events were silver cups, 27-inch machines. No complaints were heard regarding the justice of the awards. Even those whose efforts were outclassed by the result philosophically. The award of first prize to Mrs. Nicholls for the best go-cart was very popular. Her go-cart was made up of white paper and shaped like a swan. Most of the decorations were of red, white and blue ribbons entwined about the wheels and the bonnet of the carriage, while small Canadian flags were conspicuous in the make-up.

LAKE STEAMER IS RAMMED BY BIG STEEL FREIGHTER.

ALPENA, Mich., June 22.—The steamer W. P. Thew, owned by Hugh R. Harvey of Detroit, was sunk to-day off Thunder Bay Island by the steamer of the Canadian Pacific, the Algonquin, capt. E. W. Duncan and the crew of eleven men escaped in yaws.

The collision occurred during a heavy fog. The big steel steamer Livingstone rammed into the smaller boat, the Thew being hit 32 feet long.

KING ALFONSO PROUD FATHER OF A BOUNCING BABY GIRL.

LA GRANJA, Spain, June 22.—Queen Victoria gave birth to a daughter at 8:25 a.m. to-day. Her first two children are boys, Prince Alfonso, born May 10, 1907, and Prince Jaime, born June 23, 1908. The royal couple hoped for a girl.

Fined For Obstructing Cars.

Vendetta Calvo was fined \$2 and costs by Magistrate Ellis yesterday afternoon, because a funeral procession in which he was driving the rear rig obstructed the street railway company's cars.

The company's witnesses swore that six cars, carrying about 200 people, were delayed, and that if the last rig had turned out the track when the motorman changed his bell the others would have done likewise.

Powerful Story of New Canada by Sir Gilbert Parker.

"The Guest That Tarried," by Sir Gilbert Parker, weaves a story around a brave community, at work on the immense acreage of the north. The wise, but over-worked doctor, the bewildered Methodist minister, the few den, unexpected millionaires, are a few of the characters that contribute life to this little community drama. June 26th issue COLLIER'S, now on sale.

MAY BE NEW SENATOR.

MONTREAL, June 22.—(Special.)—It is believed here in the best informed circles that the vacancy in the senate caused by the death of the Hon. Rossie Thibault will go to Arthur Boyer, one of the most highly polished gentlemen in the province, ex-M.L.A. for Jacques Cartier and a minister without portfolio in the Mercier cabinet.

OBITUARY.

At Guelph—Allan Patterson, the two-year-old son of President Creelman of the O. A. C.

At St. Thomas—E. H. Millington, superintendent of the M.C.R. telegraphers; from a paralytic stroke.

J. R. R. Secord. ST. CATHARINES, June 22.—(Special.)—J. R. R. Secord, one of the most prominent residents and farmers of Niagara district, died suddenly this morning while returning home from Lewiston, where he had been fishing. He was born in Grantham Township 67 years ago and was a member of the old St. Catharines Garrison Artillery. He was a great grandson of the famous Laura Secord.

Patrick McGovern, 392 Lincoln-street, Dayton, Ohio, tried to board a moving train at the foot of Spadina-avenue yesterday morning and fell underneath the wheels of a passing car. He was left foot and a portion of the heel was amputated at St. Michael's Hospital. He was attending the Dufferin Park meet.

In a letter to the board, Manager Fleming said that the company could not entertain the city's proposals as to certain new lines and extensions. Ald. Foster, who has been offered \$30,000 by the city for his land on Morley-avenue, wanted for the sewage disposal plant, is asking \$36,000.

WALKER SLIGHTLY FAVORED.

LONDON, Jan. 22.—(C. A. P.)—The keenest interest is being manifested in the sprint championships, which are highlighted by the international character of the contests. The present opinion, especially for shorter distance, slightly favors Walker, who beat Cartmell Saturday, running with Wind, in 10.00 flat. Kerr, however, won more easily than seemed at Stamford Bridge end naturally he is not in championship trim yet, while the track there is rather slow. The fight between the South African and Canadian alone will be sufficient to draw a big crowd.

A feature of this season, in styles both right and new. Are twenty dollar suitings you are offering you.

Local Option For Northern Towns.

A report has been current around the license department at the parliament buildings that local option counties will likely be brought down the North Bay, Sault Ste. Marie and Kenora.

Gourlay Piano

The principle embodied in the construction of every Gourlay Piano is the manufacture of a piano producing the richest possible, and to the most sympathetic tone, and to so carefully supervise every detail of construction that the tone will last.

The designs are artistic, and other minor points receive due consideration, but the secrets of the phenomenal success of the Gourlay piano are its tone and durability.

AN IMPERIAL CARNIVAL CONFERENCE IS CALLED

the importance of their mission to London.

A Difficult Matter. There will be something more than the question of money when the official and secret Imperial Defence Conference takes the place of the informal press gathering. If the colonies are to pay their share toward meeting the burdens of naval armaments, they will have to be a council of the empire in which they can be adequately represented.

There must be either a common admiralty for the five navies of the five nations, or a council with military and naval experts from the great states of the empire. Little argument will be required to convince skeptics that a council of this kind would have been most useful during the Boer war, when the Canadian, Australian and New Zealanders were joining the loyalists of the Cape and Natal in fighting the battle of the empire. Even less need to be said in pointing the moral that there must be an approach to imperial federation before there can be effective co-operation in establishing British naval supremacy.

It is so difficult and complex an enterprise that prolonged negotiations and repeated failures are to be expected before success can be accomplished. A government which is unprepared to take up the tariff question is not in an advantageous position for working out a defence programme, prematurely and imperial mainly as a matter of sentiment.

TUESDAY'S RALLY

Was just about what may be expected in a professional market. This rise does not indicate any extensive upward movement, and we expect prices to decline again. We, however, emphasize the fact that Cobalt stocks can be bought and held for a rise on every weakness, but the big advance is not yet due.

LOCALS WILL FOLLOW NEW YORK MARKET.

World Office,
Tuesday Evening, June 22.
There was a moderate amount of business at the Toronto Stock Exchange to-day at the level established on yesterday's dip. Sentiment in connection with the market is somewhat mixed, but the preponderance of opinion favors the idea that any further weakness on Wall Street will be followed by further reactions on this exchange. The market was practically featureless, and there was sufficient stock for sale to supply all demands. Buoyancy was certainly not a trait of the operations and traders were somewhat depressed in feeling, on account of the lassitude of the market. It has been believed for some time that local securities have not experienced the improvement which the condition of the money market warrants and the setback has given some disappointment. On the face of things no immediate improvement in prices seems to be possible.

Break in Wall Street Securities Not Followed By Recovery

New York Stocks Easy at New Line of Levels—Rio Again Weak at Toronto Market.

World Office,
Tuesday Evening, June 22.
The Toronto stock market gave no evidence of buoyancy in to-day's operations while at the same time there were some new evidences of weakness. Rio was perhaps the distinctive weak stock on the market. This issue sold during the morning at 90, compared with 81 yesterday's figure. Toward the close of the market there was quite a free offering of the shares and the price readily broke to 83, with more of the stock offered at that figure and only 87 bid.

Sao Paulo was also affected by liquidation, but not to quite so large an extent. This issue declined a point during the day, and with Rio had a weak close. Transactions on both boards were not of a free nature, the most of the dealings being in Dominion Steel, which is still well supported by the pool in the stock, and at the close this issue was 3-4 higher than the opening.

The strong feature of the day was La Rose, of which 3750 shares changed hands at almost the highest price made for the stock. The strength of this issue is evidently not based on general market sentiment, as weakness at all the markets on which it is listed has no influence whatever on the price. Considerable of the present buying here is said to be for foreign account, and a figure of ten dollars for the stock is freely talked of.

The speculative list as a whole had a heavy undertone, but traders were not aggressive in bearish movements, owing to the small amount of actual stock which is coming on the market. Investment securities were quiet, but the prices were not influenced by the movements in speculative stocks. Commerce was the one active issue, with sales as high as 184.

Wall Street Pointers.
Advices from London indicate that rumors of E. H. Harriman's ill-health are unfounded.

Cotton crop news mixed, but reports from Texas improving.

Up-state public service commission orders N. Y. C. to eliminate a number of grade crossings.

Southern Pacific expected to do more financing before end of the year.

President Cole of National Lead says lead business at present is as good as it ever was.

London settlement begins to-horror.

Bituminous coal trade feeling improvement in output.

Railway Steel Spring now operating 70 per cent. of capacity and business is improving every day.

British cotton spinners curtailing production from July 10 to Sept. 27.

Liquidation of stock loans will insure easy money over end of half-year.

Thirty-six roads for second week of June show average gross increase 10.98 per cent.

All grades of copper reduced 1-3c. Regular dividend Delaware, L. & W. 2 per cent. quarterly.

Petitions are being circulated on the floor of the stock exchange and requesting signatures requesting the government to close the exchange Saturday, July 3, giving another triple holiday. The matter will be acted on at the next meeting of the governors to-morrow afternoon.

Joseph says: There is a short interest, especially in Coppers, Pacifics and Reading. Conservative purchases for fairly good turns should be made. Support or something better than a tentative character will be given to C. & O. Specialties: On fairly steady opening by L. & N., St. Paul moderately.

Reading continues to be vulnerable, with no supporting orders above 145 yet, but it may rally as others will on C. N. N. Land, 100. Since withdrawal of 80 support, no buying orders of consequence are noted in A. C. P. Same applies to A. R. as regards the 90 support. Atchison is supported around 112. So long as it is maintained rallies will be seen. St. Paul is still held by the room. Liquidation is rumored in K. T. Missouri Pacific is now more vulnerable to attacks. Lead is still weak. The bull points on N. Y. C. were misleading. It will go lower.

We Want to Sell 2000 Dollar Shirts this Week

HAVE you heard any talk about our one dollar shirts? We are relying on our friends in the selling of these shirts. We took 10,000 of them, knowing that the value was good enough to let the town talking, and once men set to telling each other about them we'll sell 1000 shirts a day; so spread the good news. Simpson's Dollar Shirts for summer are worth having a look at. Tell you what it means.

ONE DOLLAR PER SHIRT

1950 Wash Four-in-hands, in the reversible and open end Derby styles, plain colors, stripes, spots, and a large assortment of plain whites and broads. Special Thursday, 25c.

Midsummer Suits for Men

WE are strong on two-piece Suits this summer. But we don't believe in an expensive "two-piece."

A suit which is only going to be worn during the two months of hottest weather doesn't need to be as expensively made as a suit for a whole fall and winter season.

The materials must be good, however, or we don't want to sell them. And the style must reflect credit upon this store.

In this connection we mention three suits at \$8, \$10 and \$12 respectively.

Two-piece Suits, made from Hesson's tweeds, an all-wool summer weight fabric, in light and medium grey and fawn shades, coats 1-1/2 lined, pants finished, finished in newest style, \$15.00.

Men's Two-piece Suits, in flannel finished English light-weight home-spun, medium greys, with neat invisible green stripe, single-breasted, 1-1/2 lined, shoulders nicely moulded, finished in newest style, \$15.00.

Two-piece Suits in smooth Saxony finished brown and fawn tweeds with green stripe, handsome effects, coats two-button, roll lapels, single-breasted, 1-1/2 lined, fronts lined with canvas and haircloth, highest class workmanship and finest grade trimmings, \$12.00.
