## RUSSIANS ADVANCE LINES SOUTHWEST OF RIGA

### Germans Reach Sereth River in Rumania After Fall of Fokshani

#### ENFORCES CUT IN PASSENGER TRAIN SERVICE

Order of Railway Commission Affects Toronto and Hamilton.

#### MUST RUSH FREIGHT

Companies Have to Conform to Decree Regardless of Losses.

Ottawa, Jan. 8.—Urgent conditions of the war which necessitate the curtailment of railway passenger services that the freight congestion be relieved are set forth in the formal judgment of the railway commission issued tonight by Sir Henry Drayton.

The chief commissioner says: "The matter of traffic congestion has been anxiously considered for some time past. Insofar as the fact of congestion is concerned, there is no room for doubt.

"Coal and coke shipments have been delayed to a serious, and in some instances, to an alarming extent. The proper supply of raw materials to munition factories has been interfered with, and the movement of grain from the northwest which is much needed not only by the grain producing territory in the west, but as well by the consuming eastern countries, to say nothing of all the overseas demands which must be met, has been interfered with.

"The grain movement from the west has been limited to some extent by the movement into and out of the eastern territory and storage facilities therein and has also in no small measure been injuriously affected by a shortage of box cars and by a shortage of men and to a lesser extent of locomotive power.

#### Not Railway Failure.

"The causes of congestion are not altogether a railway failure, but include an irregular loading movement overseas, resulting in an uncertainty in the railway movement and consequent congestion of traffic of itself in excess of the traffic ordinarily offered on Canadian lines. Over and above all this the situation is rendered more acute by reason of the fact that owing to the financial and traffic conditions obtaining in 1914, and for a portion of 1915, the railway companies had not ordered equipment which has now become necessary and later were unable to get it, speaking generally, except at largely increased prices, or deliveries at an early date.

"Again, over and above all this, the congestion became more marked in the winter months.

#### The Bonne Entente Dinner.

The splendid feeling of unity between Quebec and Ontario at the Bonne Entente dinner last night, and the patriotic speeches made by Sir Lomer Gouin, by Mr. Hearst, Mr. Rowell, Sir George Garnes, Mr. Drummond and others, all went to show how much better and still greater things can be done by Canada for the successful winning of the great war. If we had succeeded by unity of action in founding the Dominion fifty years ago, could we not and were we not now doing still nobler things by uniting all Canada in fighting for the freedom of the world?

The Bonne Entente movement promises to be, has already come to be one of the great forces in the reorganization and consolidation of the Dominion, and must be recognized by the politicians and political parties of Canada. The men of Toronto identified with this movement certainly did themselves credit and the country a great service by the magnificent presentation of their case and the welcome they extended to the visitors from Quebec.

#### ALLIES' CONFERENCE HAS REMOVED FOGS

All Obstacles to United Effort Eliminated, Says Premier Briand.

#### CONFIDENCE RENEWED

Discussion at Rome Described as Timely and Most Fruitful.

Paris, Jan. 8.—Altho no communication has been made public regarding the conference of the allies, says a Rome dispatch to The Times, private conversations with some of the principal figures in the conference leave no doubt that the result is fully satisfactory, and that the representatives of the entente powers separate in full accord and full confidence. The French premier, M. Briand, said to The Times correspondent: "Our visit has been most fruitful and was timely. Many difficulties of detail had arisen since the last conference of the allies, and in all directions the attempt was made to becloud the entente and the relations between the allies—without mentioning public events that are known to everyone. It was necessary to dissipate the fogs and overcome the difficulties and find a common solution to accord with present and future events. All that was undertaken in a spirit of accord and good faith, and we have eliminated the difficulties that could hinder our united efforts."

#### LAWSON SILENT DESPITE THREAT

Refusal to Name Men Responsible for "Leak" Creates Deadlock.

#### SWEEPING ASSERTIONS

Cabinet Member, Senator and Congressman Said to Have "Plunged."

Washington, Jan. 8.—Asserting that a member of the cabinet, a senator and a member of the house of representatives, had been guilty of plunging in the market during the flurry caused by the leak of President Wilson's note, Thomas W. Lawson, Boston financier, today persisted in his declaration to give their names or to identify them otherwise. As a result, Mr. Lawson tonight is the object of a motion that, if adopted, would place him in contempt of the house. He will resume the stand before the committee tomorrow.

Following cross-examination and testimony of Secretary Tammany, and Secretary of State Lansing, the Boston man took the stand. The sum total of the government officials' offerings were sweeping denials that they knew of the existence of a leak or that they profited by any dealings in the stock market. The greater part of the session was given over to verbal wrestling with the Boston financier, who, Representative Garrett of Tennessee, pointed out, was a man who had "thrown the brick."

#### Sabin Has to Wait.

Shortly after Mr. Lawson took the stand in the "leak investigation" today, Chairman Henry asked the Boston man if he would retire temporarily in favor of Charles E. Sabin, president of the Guaranty Trust Company of New York. Mr. Sabin had requested to be heard at once as he wished to call for Europe tomorrow. Mr. Lawson

#### ITALY DISCOVERS NEST OF PLOTTERS

Destruction of Two Battleships Result of a Big Conspiracy.

#### NUMEROUS ARRESTS

Vatican Official's Name Introduced, Thereby Raising Political Issue.

Rome, via Paris, Jan. 8.—More than forty persons are now imprisoned as a result of the investigations into the destruction in September, 1915, and August, 1916, respectively of the Italian battleships Benedetto Brin and Leonardo da Vinci. The latter was blown up in Taranto harbor and 248 men perished.

Gen. Count Cadorna, chief of staff, came to Rome on Thursday to attend a meeting of the cabinet which was held for the purpose of deciding upon the disposition of the prisoners, but the question has become a political one from the introduction into the case of the name of one of the officials of the Vatican.

An Italian named Ambrogetti, who was among those charged with being implicated in the destruction of the warships, claims to be the financial agent of Monsignor Gerlach, Pope Benedict's private chamberlain. Monsignor Gerlach is an Austrian and according to information here was once a cavalry officer, who became a priest and won the favor of the present pope when the latter was a cardinal. He was the bearer of the red hat from the Pope to the three French cardinals who were appointed at the December consistory.

#### Conspiracy Admitted.

It has been learned that Mr. Gerlach, previous to Italy's entry into the war, was interested in a pro-Austrian paper at Vittoria, of which Ambrogetti was manager. The Italian authorities have learned details of the plot which ended in the destruction of the two battleships from the Italian author, Archibald Valente, who was arrested some months ago. The suspicion that the explosions of the ships were due to a conspiracy originated from the fact that certain naval machines were aboard the ships at the time of their destruction and on each occasion escaped unharmed. They were followed to Valente's house in Rome, and were there arrested.

#### VIENNA'S FOOD SCARCE AND BARBERS ARE FEW

Papal Nuncio Writes That Life is No Round of Pleasure.

Special Cable to The Toronto World. Rome, Jan. 8.—The Stamps Turin published a letter in its issue of today, said to have been written by the Papal Nuncio in Vienna, in which the writer declares that life in the City of Vienna has become all but intolerable. A dozen eggs, and those said to be none too fresh, cost nineteen shillings in the Austrian capital, while the supply of food on the most modest scale necessary to support the five servants in the residence of the nuncio represents the daily expenditure of four pounds.

The nuncio himself, despite his 70 years of age, has been reduced to slaving himself. Barbers are few, and their charges for their services are so high that only the extremely wealthy are able to engage a man to shave them.

#### ARTILLERY FIRMS BECOME INTENSE

British Batteries, Aided by Aeroplanes, Severely Bombard Teuton Trenches.

#### AIRCRAFT CO-OPERATE

French Guns Carry Out Heavy Days' Action on Meuse Front.

Special Cable to The Toronto World. London, Jan. 8.—The heaviest artillery actions fought for a considerable time, marked the coming of more favorable weather for observation along the British front today and yesterday. The British guns and massed batteries, aided by aeroplanes, carried out effective bombardments of German front support trenches in the back areas of the Ancre and also east of Neuve Chapelle. The British aeroplanes successfully bombed many places of military importance, and they drove two German machines down damaged in aerial fighting.

The French batteries seemed all to be concentrated on the left bank of the Meuse today, where they were particularly active in the region at the base of the Meuse hills. They effectively bombarded German constructions in the Woivre and the Bois de Chevaliers. The Belgians also experienced great artillery activity.

#### Three Raids Fail

The following British official communication was issued this evening: "The enemy made three attempts to approach our positions southeast of Souchez. On each occasion he was driven back by our fire before reaching our trenches. A number of German wounded were left in front of our lines."

The artillery has been active on both sides at a number of places along the line, both on the front and the support trenches in the back areas. In particular effective bombardments have been carried out by us east of Les Boeufs on both sides of the Ancre and east of Neuve Chapelle. Ypres was heavily shelled by the enemy during the day.

"Yesterday a number of enemy batteries were effectively engaged by our artillery in co-operation with our aeroplanes. Many places of military importance behind the enemy lines were successfully bombed. A number of flights in the air took place in which the enemy's machines were driven down damaged. Two of our machines are missing."

The official communication issued tonight by the French war office reads: "On the right bank of the Meuse the artillery was quite active in hills. Our batteries carried out destructive fires on German constructions in the Woivre and the Bois des Chevaliers. The day was relatively calm on the rest of the front."

Belgian communication: "On the whole of the Yser front there was great artillery activity on both sides, especially around Dixmude and Steenstrate."

#### REVELATION OF PATRIOTISM AT BONNE ENTENTE BANQUET

Sir Lomer Gouin Brings Firm, Sincere Message from Quebec, Whose Heart, He Says, is in Right Place When Defences of Liberty Are Assailed.

Quebec's message to Ontario delivered last night at the banquet in the King Edward Hotel tendered to the Quebec delegation, the Bonne Entente, by Sir Lomer Gouin, premier of Quebec, rang strong and true, and thrilled the vast assembly. To the citizens of Ontario it was a revelation of patriotism never before made by a statesman of the sister province. It was firm, sincere, and placed the people whom he represented in a new and different light. Sir Lomer spoke for the French-Canadian and the British minority, and he left no doubt in the minds of Quebec auditors as to the attitude of Quebec in this hour of struggle and peril.

His heart, he declared, was in the right place, and his heart-strings were taut with love and devotion to the motherland. There could be no doubt, he said, that they may have their differences in religion and in language, but when the defences of their liberty were assailed there was only one Canada and only one flag to live, fight and die for. And the reply of Hon. W. H. Hearst on behalf of Ontario was dignified, frank and earnest. There was a sincerity about his deliverance which seemed to draw closer the bonds of friendship between the two races, concentrating the better instincts of the people and eliminating the unruly elements.

There was an unusually long list of speakers and the trend of the addresses for the most part were to a better understanding of the ideals and aims of the Quebec and Ontario provinces. A broader spirit of magnanimity was urged and a less selfish regard for the ambitions of each other were embodied in the remarks.

Among those supporting Chairman J. M. Godfrey at the head table were: Sir Lomer Gouin, Premier Hearst, Sir John Hendrie, Sir George Garnes, Hon. Justice Pelletier, President Falconer, Archbishop McNeil, Bishop Sweeney, Hon. Dr. Fyne, General LeSourd, Gen. Logie, Col. Denison, Chancellor McCrimmon N. W. Rowell and Harry Drummond.

After grace had been said by Archbishop McNeil the lieutenant-governor of Ontario was called upon by Mr. Godfrey to extend a welcome to the delegates. Mr. Godfrey set out emphatically that the Bonne Entente was not political, and that it was essential to his mind for the furtherance of good-will between the people of more than fifty faiths that the world would not fear Canada's sunder, but that it would bring its true and better and more strongly united citizenship.

#### Sir Lomer Gouin.

Replying to the toast of "Quebec," Sir Lomer Gouin expressed his great sympathy with the Bonne Entente movement and congratulated its members.

#### RUSSIANS BURST THRU STRONG FOE DEFENCES

Czar's Men Gain Positions in Advance in Regions of Lake Babit and Swamps of Tirul.

Special Cable to The Toronto World. London, Jan. 8.—The struggle between the Russians and the Germans before the line of the Dvina, between Riga and Dvinsk, is growing into several heavy engagements with the realization of important progress already by the allies. Several battles are proceeding. In the fight south of Lake Babit, the Russians have captured 1600 men and 800 prisoners since Saturday, and they announce today that south of the western end of this water they took prisoners, machine guns, bomb-throwers, and one heavy battery. Fighting is also proceeding for possession of the barrier of the Tirul swamps, where the Russians made the further progress of capturing a village near the northwestern corner of this obstacle.

The points under attack are all strong defensive positions on the line of the River An, and this has been

Germans Claim Making of Fresh Progress in Rumanian Campaign.

Special Cable to The Toronto World. London, Jan. 8.—The Capture of Fokshani by the Germans is announced by the Berlin official bulletin on the war operations in Rumania today. According to the Petrograd official communication, the advance of the enemy has reached the River Sereth, for Petrograd today records the repulse of attacks north of Oleneska Uketa, and at An, on the Sereth River, five miles east of the mouth of the Buzea River.

The Russians, however, are still holding out strongly in the region of Ponticheski, northwest of Fokshani, where an offensive in close formation was met by a heavy Russian fire and the Germans fell back, leaving a great number of killed and wounded on the ground.

The Rumanians were pressed back by a Teuton offensive farther north, but the arrival of Russian reserves checked further movements of the enemy.

As the Russians are withdrawing their front further east in Rumania they are exposing additional sections near the Carpathians to successful attack by the enemy. The German claim today that they threw the allies back from the strongly fortified main mass of Mount Odobetski to the Putna. They also claim that they have occupied the Mlovoiu position. This had been constructed in October, the Germans say, and it was tenaciously defended. Pushing rapidly forward they

#### "BREAK" BY SPAIN TROUBLES WILSON

Impression Given That He Tried to Bring About Neutral Pressure.

#### SOMEBODY BLUNDERED

And as a Result Delicate Negotiations Ended in Disaster.

Special to The Toronto World. Washington, Jan. 8.—Secretary of State Lansing today laid bare the circumstances connected with the alleged request made of Spain by the American Government that it support the president's peace note.

The American ambassador to Spain, Joseph E. Willard, is now in this country, and three days before the note was made public, was called to Secretary Lansing's home for a conference. He was instructed to send a communication to the charge d'affaires of the American embassy in Madrid, asking him to request the Spanish Government if the purpose and text of the American note met with approval, to voice that approval in some manner to the belligerents.

Embassies Washington. This the Spanish Government declined to do in a formal note which caused great embarrassment to the state department, for it put the president in the position of having tried to bring neutral pressure to bear on the warring nations against a continuance of the conflict.

The state department says the instructions from Ambassador Willard to the charge d'affaires were entirely in form, and that the communication with the Spanish Government was entirely informal.

Until the reply from the embassy powers has been received, there will be no developments in the peace situation. The president today indicated his dissatisfaction with the communication by certain newspapers in stating that he would address a second note to the belligerents despite the official denial that he contemplated doing so.

## WAR SUMMARY THE DAY'S EVENTS REVIEWED

ON the principal fronts of the allies fighting is proceeding in a great many places with the design of wearing down the strength of the enemy. This is what is especially going on along the British lines in Flanders and in front of Riga. The French, whose principal duty it was to hold the Germans until Great Britain and France developed their resources for the last or third phase of the war, are content to wear down the enemy with their machinery instead of with their man power, and so they are devoting much energy to bombardments about Verdun. The new active sore that has been opened by the Russians in the region of Riga demands notice. The Russian bulletin of yesterday records important tactical successes against the Germans. The Russians have captured a village near the northwestern corner of the Tirul swamps in a turning movement to circumvent this obstacle. They also took some trenches north of Kalzelm village and below the western end of Lake Babit. Trench mortars, machine guns, and a heavy battery were taken. Since Saturday the Russians have taken here 800 prisoners and 16 heavy guns in this fighting.

The Russian effort in this region of Riga is therefore resolved into a considerable tactical operation, designed to clear the foe from certain natural and difficult obstacles in the line of an advance. Its duration and its success depend on the quantity of shells that the Russians can deliver on this front. General Ruzsky, one of the most brilliant military leaders of the war, who is in control of the operations, has long been preparing for the resuming of active warfare by the training of new troops and the perfecting of his artillery arm. By this time the Baltic is probably frozen over, and so the Germans are deprived of an important means of bringing up supplies. They are forced to depend entirely on inferior land communications. It is obvious that a serious Russian offensive like that of the Somme would threaten the invasion of East Prussia in the near future, and would imperil the chief potato-producing regions of Germany. In order to prevent such an irruption the enemy would be compelled to make a large concentration of force at a time when he is fully employed in

"The Day of Wrath," by Louis Tracy

IN his latest novel Mr. Tracy has written one of his most readable stories. It is a romance of the great war. The first sentence plunges the reader into plot and danger. An English officer, dressed as a civilian, is appealed to by an English girl, in the Friedrich-Strasse station on the night of the 3rd of August, 1914. She must leave Berlin. They succeed in leaving that city, and through all the rest of the story they continually escape from their enemies. The novel reader may confidently expect to enjoy action as quick and thrilling throughout, but Mr. Tracy is at his best when he brings on the incredible squad of British soldiers who have lost their regiment and are marching at night towards Holland and the coast. Yet we know that such squads actually did find their way back to England when they were cut off by the heroic retreat to Mons. Mr. Tracy has written a good story of the war. (Price, \$1.25.)

CLAIMS LIBERALS HAVE TWO LEADERS

Hon. I. B. Lucas Joins Rowell and Dewart in Speech at Creemore.

THE BILINGUAL ISSUE

Attorney-General Says All French Representatives Are Liberals.

By a Staff Reporter. Creemore, Jan. 8.—The Liberal party is double-headed, said Hon. I. B. Lucas, addressing a large and sympathetic audience here tonight. Hartley Dewart is the hot-air artist and Newton Wesley Rowell the solemn exponent, said Mr. Lucas, who challenged Rowell to say that he had consented to the nomination of Dewart, or that he approved a contest in a riding made vacant by death during the war. Dewart was aspiring to take or share the Liberal leadership. He and Chas. M. Bowman had forced Rowell to get in the procession and aid the Liberal candidate in West Simcoe. Rowell had complained because Mr. Hearst had not appointed a farmer as minister of agriculture, but if the government had done so, the Liberals would have done their best to defeat him, said Mr. Lucas. He challenged Rowell to come out and declare that if a farmer were appointed the Liberals would not oppose him. Supports Government. W. T. Allan, the Conservative candidate, supported the government's

policy with regard to bilingualism. To his mind English and no other language should be taught in the schools of this province. Colonel J. A. Currie, M.P., trained his guns upon C. M. Bowman, M.L.A., and the latter's charge contained the Lewis machine guns purchased by the provincial government in the United States and forwarded to Britain. Mr. Bowman had asked why these guns had not gone on to France with the Canadian troops. Colonel Currie said the explanation was that some minor parts of the machine were not standardized. This was the sole cause of the delay. These parts were supplied in England. Colonel Currie said there were indications of withstanding Liberal denials and pro- tests, that, Toronto hotel and liquor interests were assisting Mr. Rowell's campaign, and Mr. Scott's candidature in West Hotelkeepers' Association had been in the constituency. Mr. Allen claimed that he was in the riding on business in connection with some property. Well, said Currie, "so far we have been unable to find any of his property or his business in the constituency." The attorney-general opened by stating that both candidates were men of high stamp, either of whom would make a creditable representative and he approved of the late minister of agriculture, to whom he paid tribute. Mr. Lucas thought it would have been a graceful act on the part of the Liberal to let the Conservative candidate be elected by acclamation. "They Tory party was dead in the riding," he said, "Mr. Lucas, that the Tories wouldn't come out to meetings or come out to vote. He hoped this was not the case. He was assured that many Tories were present in the meeting." "This by-election is one in which the whole of Ontario is concerned and interested," the attorney-general proceeded, "but it does not make any chance in government, but it does make a dif-

ference what a typical riding like West Simcoe thinks of public questions." The paramount issue for the electors to determine was whether the Liberal government was travelling in the right direction, whether they were in the main right. "The Liberal is a double-headed party," said Mr. Lucas. "Officially Mr. Rowell is the head of the party but those who are a little more closely in touch with the party know that Mr. Hearst is the head of the party." Mr. Rowell is not actually to oust Mr. Rowell, he appeals to a different kind of vote in the province. Mr. Rowell laid down the principle that if a riding became vacant by death during the war, the Liberal party would not be particularly inclined to put up a candidate to contest the riding. In North Perth the Conservative member resigned. Mr. Bowman said that if the constituency had become vacant by death there would have been no opposition by the Liberals in North Perth, but if the riding were opened up by resignation then they were at liberty to fight, and they did fight and they won, and you know why they won, in the Southwest Toronto, Hon. J. J. Foy died, and Mr. Bowman said, Mr. Rowell left for England. I will apologize if Mr. Rowell will say in the newspapers tomorrow that Hartley Dewart was nominated with his consent and approval. I will put it up to Mr. Rowell. I do not think Rowell wanted him. But nothing succeeds like success. Mr. Dewart was in the riding. Let us go up into West Simcoe and if we win we are the heroes, and Rowell gets into the procession. I want to ask Mr. Rowell does he think the Liberal party ought to contest a constituency if the riding is opened up by death? I want his answer in the press tomorrow, if he wants to give it." It was pathetic, declared Mr. Lucas, to hear Hartley Dewart and Newton Wesley Rowell mourning over the hydro. The Hearst government stood behind Sir Adam Beck and the hydro, while Mr. Lucas declared, in years past, Messrs. Rowell and Dewart had

supported the men who tried to hand over the waterpowers to the corporations. "The only reason that Rowell and Dewart are supporting hydro," said Mr. Lucas, "is because they want the hydro to support them." Mr. Rowell proceeded Mr. Lucas had endeavored to intercept Sir Adam Beck into the West Simcoe election by calling for a letter from Sir Adam Beck. It was improper to drag Sir Adam Beck and hydro into the political arena. Let Mr. Rowell get a letter from Sir Adam Beck stating where he had any complaint against the Conservative party. As for Mr. Rowell's declaration denying that the interests were behind his candidate and his campaign, Mr. Lucas stated the Liberal party's motto seems to be, "Let your light shine in the eyes of people that they can't see what is going on behind." Newton Wesley Rowell is the light, and Hartley Dewart and Charley Bowman are the boys behind.

FOE ASSAULTS RUSSIAN LINES

crossed the Russian second line on the canal between Fokshani and Yarets, and advanced along the Fokshani-Bolotest road. Fokshani was entered this morning. The enemy from the captured fortifications, as well as three cannon and several machine guns. Bulgars Reach Sereth. The Bulgarians in an official communication say that they have reached the lower course of the River Sereth. Since the fall of Bucharest the Teutonic forces have advanced 100 miles to the northeast to Fokshani. Petrograd despatch received by the British admiralty per wireless press, says: The war office communication issued today dealing with the campaign in Rumania reports the repulse of a Teutonic allied attack northwest of Fokshani, in which the invaders lost a large number of dead and wounded on the field. Attacks along the Sereth were also repulsed. The statement says: "Rumanian front: After strong artillery prep work the enemy in the morning assumed the offensive in the direction of Petzesh, northwest of Fokshani and pressed back the Rumanians. Further movements by the enemy however, were stopped by the arrival of our reserves. Foe Takes Offense. The enemy in its formation took the offensive on sectors of our position in the region of Pontocheski, north-

west of Fokshani. Being met by our heavy fire they fell back, leaving a great number of killed or wounded. Our attacks north of Oloneka Ukota and at All, on the River Sereth, eight versts east of the mouth of the Buzeu, were also completely unsuccessful. A Berlin despatch says: The war office announced tonight that Field Marshal von Mackensen's troops are pursuing the Russians defeated near Fokshani, Moldavia. Today's German official communication says: "Front of Archduke Joseph: Despite a snowstorm and severe cold weather, we again pushed back the enemy between the Putna and Otuz Valleys. "Army group of Field Marshal von Mackensen: Jan. 7 brought another great success to the ninth army, especially to the victorious German and Austro-Hungarian troops of Genor's Kraft von Dellmeningen and Von Morgen. They threw back the Rumanians and Russians from the strongly fortified main mass of Mount Odoebocht to the Putna. "Further south the Milcov position, which had been constructed in October and was now tenaciously defended, was captured by storm and in hand-to-hand fighting. Pushing behind, we gave the enemy no time to settle himself in his second line on the canal between Fokshani and Yarets. This position, also was pierced, and, pressing further behind, we crossed the road from Fokshani to Bolotest. "This morning Fokshani was captured. From the captured fortifications 2,910 prisoners, three cannon and several machine guns were brought in. Our forces have reached the lower course of the River Sereth," today's official Bulgarian statement asserted. TO STUDY BIRD LIFE. Chatham, Jan. 8.—There is a possibility that a call to the Rev. ERROR IN JUDGMENT CAUSED GOLLOP'S DEATH

Coroner's Jury Adds Rider to Finding on Street Railway Accident Case.

That George Gollop came to his death from concussion of the brain and pneumonia as a result of being struck by a Winchester street car driven by Motorman Ernest J. Robaghan was the verdict returned by the jury at the morgue last night under Coroner G. W. Graham. The jury also added a rider to the effect that from the evidence of Robaghan an error of judgment was shown on his part. Gollop was discharged from the 268th Battalion as being medically unfit on account of his poor eyesight. On the evening of December 29 he attempted to cross the roadway several yards beyond the crossing at Shuter and Church. The motorman testified that he rang the bell several times and expected that Gollop would stop on the road and let the car pass. He did not apply the brakes until he struck Gollop, and it was on this point that the jury added their rider. Gollop was removed to St. Michael's Hospital, and died two days later. William Minors, who was walking north on Church street at the time of the accident, swore that the car was going at a rate of 25 miles an hour. Robaghan was then called and asked what rate of speed he was travelling, and his answer was nine miles an hour.

MAY CALL BROOKLYN PASTOR.

Chatham, Jan. 8.—There is a possibility that a call to the Rev. Mr. Barker of Brooklyn, N.Y., will be extended by the congregation of St. Andrew's Church to fill the pulpit recently vacated by the Rev. J. R. Vanwick, who is now in Bay City. A special committee of the church heard Rev. Mr. Barker preach in Detroit yesterday.

This is Interesting

WONDERFULLY NICE Japanese lacquer tea trays, in the tawny brown shade of satinwood, in leaf green, in black and in the soft Eastern tints of terra cotta and rose red. For the morning cup of tea in the bedroom, for the invalid's meal, for the score and one purposes for which a light-weight tray is in demand, they are the happiest choice imaginable. You may have them in square, round and oblong shapes, at the distinctly inexpensive amounts of 35, 40 and 50 cents each.

And while harping on the subject of color, mention should be made of the candlesticks and low bowls in a new mulberry shaded pottery—delightful for a bedroom or simple drawing-room with hints of that tone. They are 40, 65 and 85 cents each.

Very quaint to look at, and immensely useful to possess, are the Martha Washington sewing stands in solid mahogany at \$8.00. Lift up the lids at either side of the handle—which comes up basket-wise in the centre—and behold the removable trays for spoons, scissors, needles, etc., and underneath generous space for knitting or needlework.

And very reasonable in its attractiveness—a black lacquer fern or flower stand. Imagine it filled with daffodils, narcissus, hyacinths or any other of the Spring flowers which are pushing up through their bulbs in many a cellar at the present time. The price of it is \$24.00.

The Mayor's Message

Mayor Church's inaugural address was longer than usual, but was captured with so many important matters that it could not easily be shortened with advantage.

He contributed to the ruin of Serbia, by violating his own treaty with that country, he has no sympathy to expect from Serbia's friends.

None of the blunders of Constantine of the Turks in any sense for the blunder of the entente allies in permitting Constantine to dilly-dally with the situation so long, when everyone outside the diplomatic circle and, surely, inside it too, knew exactly what kind of a cheap skate traitor Constantine was.

Editor World: Have read with interest the list of honors recently awarded to our brave Canadian soldiers and, no doubt, in most cases they were richly deserved.

What splendid work they did against the odds, and what a heroic feat they performed in the trenches at Festubert at one time for 12 days continuously; they had a terrible time there, as they were within 40 yards of the Germans in poor trenches, with practically no artillery support, and with an inadequate supply of machine guns and some days without water.

CHILCOOTE ESTABLISHES NEW RACE MARK ON ICE

Trotter Easily Disposes of Field of Pacers in Class Race at Dufferin.

RECORD FOR FIRST HEAT

Beating Old Figure Mark of Lucy Patchen at Ottawa—Two Mile Race to Fern Hal.

Two races were decided in mid weather over a good track yesterday at Dufferin Park in straight heats. Chilcoote won the 2.16 class race easily and incidentally established a world's record for a trotter over a half mile track in a race. Chilcoote turned the first mile in 2.17 1/4, which is just a quarter second better than Lucy Patchen trotted in Ottawa in 1914. He did the first half of the first mile in 1.07 1/2. Peter Piper furnished a little opposition at the opening heat, but was unable to hold the lead in the second heat. Chilcoote was the only trotter in the race, and the pacers in a class without trouble.

In the world's record heat race, Lucy took the lead and held it for a half with Chilcoote second and Peter Piper the favorite third. Going down the back stretch, Chilcoote raced Lucy to a break. Piper made a determined bid, but was always a length behind the winner. Marion Ashley took third, two lengths back.

GEORGE HILL SIGNS WITH BLACK AND WHITE TEAM

Will Be Used Against St. Patricks—Denney on Sick List—Hockey Notes.

Geoff Hill, who has been with the champion Riverside team for two years, signed a T.R. & A.A. certificate last night, and will be used against St. Patricks tonight. Red McQuinn, formerly of the 77th Battalion and the Aberdeens of Ottawa, has signed with the Irishmen, and will be used tonight. Harvey Sproule will referee.

Corbett Denney is laid up with a gripe and may not be able to play against Wanderers on Wednesday night. Spike is spraining daily and may get a chance in this game.

Klemmer, the former Canice Club boy, is working out with St. Patricks. With a continuance of the present cold weather, most of the teams in the Beaches Hockey League will play their opening games during the coming week. Certificates are being registered with Secretary Smith in large quantities, so everything looks bright for a banner season for Canada's largest outdoor league. Owing to unforeseen circumstances, two of the teams in the senior series and one from the junior, have had to withdraw their names. As the secretary would like to hear from a couple of teams from the west end of the city preferred to take their places, applications will be received by Secretary F. D. Smith, 217 Woodbine avenue, phone Beach 306, evenings only. Those who have not registered their certificates as yet are requested to do so at once, so that there will be no last-minute delay, and possible disappointment to the clubs concerned.

There has been a brisk demand at Spaulding's, Arena and Mowbray's for seats for tomorrow's game with Wanderers at the Arena. The redoubt now have Brownie Baker in uniform and it is expected that they will play well as well. Sprague Cleghorn and Art Ross compose the defence. The bluebirds are expected to go out with a bang and the game will be a brilliant one. A win will put Toronto nearer the top.

Wednesday afternoon the first game of the 1.16 class race group will be played between the University Schools and De La Salle at 4 p.m.

The scoring records of the Pacific Coast League are:

O.H.A. INFORMATION. Stratford and 27th Battalion of Hamilton have officially withdrawn from the O.H.A. Intermediate series. The Stratford team will play an intermediate game tonight (Tuesday) at the arena. The line-up is as follows: Stratford: Goal, Conroy; defence, L. Arnott, Lynn; centre, G. Arnott; left wing, Whalen; right wing, Green.

BELLEVILLE'S EASY WIN.

Belleville, Jan. 8.—An O.H.A. game was played here tonight between the Belleville and the 27th Battalion of Hamilton. The game was a walk-over for Belleville, who won by a score of 10 to 0. The Belleville team was composed of: Goal, Conroy; defence, L. Arnott, Lynn; centre, G. Arnott; left wing, Whalen; right wing, Green.

KITCHENER WAS GOOD.

Kitchener, Ont., Jan. 8.—The intermediates were easy victors tonight, beating the 27th Battalion of Hamilton by a score of 10 to 0. The Kitchener team was composed of: Goal, Conroy; defence, L. Arnott, Lynn; centre, G. Arnott; left wing, Whalen; right wing, Green.

SOLDIERS HAVE THE PLAYERS.

Guelph, Ont., Jan. 8.—The National Hockey Club, which has been playing in the Junior O.H.A. series, and which has played two games, losing both, has dropped out of the circuit. The reason for this is its inability to get sufficient players. Its place in the group has been assumed by the 27th Battalion of Hamilton. The game will be played out. There are some excellent players among the soldiers, more than thirty of them being out for the first practice on Saturday night. A practice game will be played on Saturday night and the right and left sections of the battery will oppose each other.

SOLDIERS ARE WINNERS.

Barrie, Ont., Jan. 8.—The 17th Battalion defeated Bracebridge, the score being 8-0. In an O.H.A. intermediate game tonight, the 17th Battalion of Hamilton defeated the 27th Battalion of Hamilton by a score of 8 to 0. The 17th Battalion team was composed of: Goal, J. J. J. J.; defence, D. J. J. J.; centre, G. J. J. J.; left wing, W. J. J. J.; right wing, R. J. J. J.

JESS WILLARD AGREES TO FIGHT.

Special to The Toronto World. Milwaukee, Jan. 8.—Jess Willard, the heavyweight champion of the world, has agreed to a ten-round match in this city in March, according to an announcement today by promoter Tom Anderson. His opponent has not yet been selected, but Fred Fulton, the Rochester (N.Y.) giant, can have the match. Willard meantime he goes out and whips some good man.

NORTHERN FUSILIERS WIN JUNIOR OPENER

Defeat York Battalion in Lively Junior Fixture at the Arena.

The two local soldier junior O.H.A. teams clashed for the first time at the arena last night and the 228th were victorious over the 220th by five goals to one. The youngsters were earnest in their work and went from bell to bell. The northern fusiliers scored one goal in each of the first and second periods and counted three times in the third.

Both teams have several good youngsters. The team play was not of the best and the checking was not very good. The 220th Battalion defence opened wide and this was responsible for their defeat. The play was fairly even in the first two periods, but the 228th outlasted the 220th in the last period.

Spence, the 228th defence player, is going to make a name for himself. He was the best puck-carrier on the ice and a hard boy to get past. Welker and Bell were the best for the 220th. Spence played a nice game in the 220th nets, but was given poor protection by his defence. Montgomery was better looked after and had not nearly so much work to do.

THREE SPOTS FOR KNOCKOUT BLOW

HOW IT AFFECTS THE BOXER HIT

A knockout results from a blow in one of three places—in the neck, in the pit of the stomach, on the lower jaw. The latter is the most usual. This sends the recipient down like an inert mass; the legs cannot sustain the weight of the body; the arms drop; the whole body is in a state of collapse that often lasts several seconds. If the blow on the chin be not too hard it often causes only a fleeting obscuration of the senses, a vague dizziness, accompanied by a buzzing or ringing in the ears. Complete loss of consciousness is rare. Complete loss of consciousness is accompanied by a buzzing or ringing in the ears. Good Bouts Scheduled This Week at New York

New York, Jan. 8.—New York's winter boxing season will get an auspicious start this week. Three bouts of importance are scheduled for the local clubs. On Friday night at the Harlem Sporting Club will be staged what looks like the world's worst bout, that has been promoted in this city for a long time. The principals are Billy Miska, the sensational St. Paul light-heavyweight, and Charles Welner, the New York heavyweight. The English heavyweight, meets Fred Fulton of Rochester, Minn., tomorrow night in Brooklyn at the Broadway Sporting Club. Cowler has been going along nicely of late, and is confident he will take home the title in this bout. On Wednesday night at the Manhattan A.C. Jack Britton of Chicago and Albert Badou will try to take home the title in the two mile run.

BANTAMS FIGHT TONIGHT FOR THE CHAMPIONSHIP

Kid Williams, Titleholder, and Pete Herman at New Orleans.

ANNOUNCEMENT

The King street branch of Dunfield & Co., Limited, is to be discontinued. The policy of the firm has been changed, and in a few weeks the energy and attention of the entire organization will be given to the main store, 102 Yonge street, with a view to giving a better service to the firm's many patrons. Before the branch at King street west is closed, however, the entire stock will be placed on sale at very greatly reduced prices. Thousands of dollars' worth of the highest-quality furnishings will be placed on sale, commencing Wednesday, January 10th, at less than the same haberdashery could be bought for from the factories. Men of taste, style, knowledge and ability to appreciate haberdashery of the finest quality, will realize what this sale means—and every dollar's worth will be sold before the store is vacated. An advertisement giving a few typical values will appear in tonight's Star. Watch for it. 'Twill repay you.

GOOD RALLYING POWER

General Motors Declined Sharply, But Most Issues Hold Well.

Special to The Toronto World. New York, Jan. 8.—Bears must have worked expectantly in the short side of the market for amusement as little profit could have been obtained by them from the various devices which they made against the leading stocks during the first half of the day.

General Motors Slumped. Union Pacific, which had sold down to 142 1/2 from 145 1/2, quickly rose to 144 1/2, and Atchafalaya, which was in good demand all thru the day, made an advance of one point, crossing 107 with most of the buying based on the positive statements that the directors tomorrow will make an increased distribution.

The bear operations in the general list were based on statements in regard to peace efforts at Rome, also the large absorption in progress for some time was known to have been inspired by peace prospects. The course of foreign exchange did not indicate that the skies were any clearer over the European front.

WHAT HAS BEEN DONE. Engineers' reports show that two fifty-foot shafts have been sunk at a distance of 2000 feet apart on the main vein.

Careful channel sampling as shown in engineer's report gives average of \$10.05 per ton.

PLANS FOR THE FUTURE. Extensive plans for the development of the property have been outlined, which call for sinking the present shafts to greater depth.

THE GREATEST FORTUNES are said to have been made in Mining Enterprises NOT THROUGH INDISCRIMINATE PURCHASES OF MINING STOCKS— BUT IN MINING ENTERPRISES IN THE EARLY STAGES OF DEVELOPMENT, WHERE THE MEN BEHIND IT TREAT MINING AS A BUSINESS RATHER THAN A GAMBLE.

Purchasers of Murray-Mogridge associate with well-informed mining men and with business men whose records are a guarantee that the best results obtainable in this splendid and extensive property will be secured.

Orders telegraphed will be filed as received, and same will be placed on same basis as local cash orders, providing remittance follows by first mail.

MERGING OF STEEL COS. AGAIN DISCUSSED

The Glace Bay Gazette, discussing current but not very highly regarded reports recently arrived at Sydney Mines and are now at work making an appraisal of the property of the Scotia Company, steel works, coal mines, machine shops and railway.

SINKING SHAFT AT TOMMY BURNS MINE

Line Manager Powers reports that the sinking of the double compartment shaft on the Tommy Burns is progressing satisfactorily, and states that at fifteen feet the sulphides came in strong with good showing of white mica and that the shaft has been collared and timbering commenced.

WINS AND LOSSES

Justice Costworth yesterday awarded H. D. Eby \$50 and division court costs in suit against George J. Blackmore on the return of \$275 alleged to have been wrongfully received by Blackmore as commission on the sale of Schiller's restaurant. Blackmore, in a counter-claim for \$275, was awarded \$114 and the county court costs.

LONDON STOCK MARKET

London, Jan. 8.—Money was harder to come by owing to the supplies being taken from the market. Discount rates were unchanged. The stock market was slightly better and a large business was done in the war loan, but there was little doing in American securities which were only fractionally changed under light dealings.

FLUCTUATIONS NARROW ON LOCAL EXCHANGE

Speculation gradually dwindling on Toronto Market—Investment issues in demand.

The Toronto stock market was quiet on Monday and the fluctuations offered little opportunity for floor trading. The action of this market is bearing out the opinion of many brokers of a continuous slackening in business, and possibly a gradual recession in prices of the specialties.

NEWRAY COMPANY TO INCREASE CAPITAL

Annual Meeting Called for This Month to Ratify Proposal. Underground work has now commenced at the Newray mine, the crosscutting being started at the 400-foot level. The crosscut will be made to the three veins uncovered on the surface within a distance of about 700 feet from the shaft.
