THE GREAT MOLE AT ZEBRUGGE REPORTED TO BE BADLY BREACHED

British Pounding by Heavy Guns—Doors and Windows in Dover Shaken—Khaki Troops Progress in Roex Village

Dover, May 14—The concussion of the bombardment at Zebrugge was felt here and at neighboring coast places in a quite unusual manner. Windows and doors rattled sharply although the battle was proceeding sixty miles away.

Among the reports of the result current locally was one to the effect that the Great Mole protecting Zebrugge harbor was badly breached. If this proves true and quick repair is impossible the port is likely to be rendered useless by the rapid siltting up of the sand.

BRITISH PROGRESS. London, May 14—Hostile raids were repulsed last night northeast of Epeby and north of Ypres, says today's official announcement.

HEAVY ENEMY LOSSES. Paris, May 14—The French last night repulsed German reconnoitering parties northeast of Vauxhall, north of Craonne, at Hill 108 and in the Champagne. The war office so reports. The German losses were large.

British Headquarters in France, May 14, via London—(From a staff correspondent of the Associated Press.)—British troops have just about completed the capture of two important villages to which the Germans have clung desperately ever since the battle of Arras began.

As a result of steady fighting during the last forty-eight hours the Germans' hold on Bullecourt has been reduced to two isolated posts, where bombing lights are continuing. A virtually similar situation exists in Roex. Since the British victory on Saturday, the German counter-attacks have lacked much of their recent ferocity. The number of prisoners taken during this time has been exceptionally large for the character of the operations and the number of troops involved.

These may merely be coincidences, but it may be that the Germans have become tired of sending so many of their troops to their death in massed formations. The German soldiers have been fighting very stoutly since reserves were thrown into the Arras area.

The best news in the fighting district has been temporarily broken by a series of thunder storms.

BERLIN REPORTS CHANCELLOR FULLY SECURE IN POSITION

Berlin, May 13, via London, May 14—While the battling of the imperial chancellor is going on, the reports of the last forty-eight hours would seem to indicate that Dr. Von Bethmann-Hollweg's position continues to be absolutely secure.

The chancellor returned from left headquarters on Saturday morning and spent the night for Vienna after having spent the day in conferring with the Reichstag party leaders with respect to the interpellations on Germany's war aims.

Both his visit to great headquarters and his trip to the Austrian capital were made in connection with the chancellor's declaration covering the war aims, most of which will be submitted to the Reichstag on Tuesday.

Both the government and the middle road parties are desirous of avoiding an extensive or acrimonious debate, and representatives of the latter will unite in a joint statement or present independent conciliating declarations.

It is contended that the chancellor holds enough strong cards in the present military situation, the success of the U-boats, the record sixth war loan and the improvement in the food situation to beat off his opponents, who have been at his heels for months.

CHARLES F. COLEMAN. The death of Charles Freeman Coleman, aged thirty-six years, occurred this morning after an illness of a year at his home, 4 Chubb street. He was engaged as a steamboat engineer on the river before he was taken ill, and was well known along the river. He was a native of Shannon Settlement, but had made his home in St. John for many years.

Surviving are his wife, two children, three sisters and one brother. The funeral will be held on Wednesday at 2.30 o'clock from his late residence.

PROBATE COURT. In the matter of the estate of Mary M. Brothers, the will has been proved in common form and letters testamentary granted to Henry M. Briggs and John L. Conlon, the executors. J. King Kelly, N. S., is proctor.

In the matter of the estate of Annie J. Hamilton, the will has been proved in common form and letters testamentary granted to Charles William Hamilton, the executor. J. D. Folland Lewis is proctor.

The American Army. Washington, May 14—Expansion of the regular army to the full war strength contemplated in the administration army bill has been authorized by President Wilson. Organization of the new recruits will begin tomorrow. About 65,000 of the 185,000 men to be added to the army already have been recruited.

Another Zeppelin Is Bagged

London, May 14—British naval forces destroyed Zeppelin L. 22 in the North Sea this morning, according to an official statement issued by the admiralty.

The destruction of the L. 22 marks the fourth attempt at zeppelin raids within the last year, which has ended in disaster. Two of the mammoth airships were shot down during a raid on London on September 21, 1916, and two months later two more Zeppelins were destroyed off the English coast. On March 17 French aviators shot down a zeppelin behind the French lines while it was endeavoring to reach Paris.

ENEMY SHIPS SAID TO BE CARRYING ON BUSINESS AGAIN IN THE NORTH SEA

London, May 14—German and Austrian shipping have lately resumed shipping in the North Sea, according to a Rotterdam despatch to the Daily Mail.

Nine German and one Austrian steamer are said to have entered the Hook of Holland last week, while six sailed. Most of the arrivals were from Hamburg, Bremen and the Baltic.

This is the first despatch to indicate an attempt by the Germans to operate a regular steamship service outside the Baltic since the early days of the war, although there have been reported isolated instances of German merchant ships being sighted off the Dutch coast.

STOP TRADING IN WHEAT ON CHICAGO BOARD FOR TWO DAYS

Chicago, May 14—All trade in wheat except to close up existing contracts was ordered stopped for two days by directors of the Chicago board today.

Saturday's closing figures were given as the maximum at which settlements may be made. All trade in corn and oats for May delivery was ordered discontinued. May wheat was eliminated on last Saturday.

10,000,000 MEN WILL BE SUBJECT TO DRAFT

Washington, May 14—Director Rogers of the census bureau says that ten million men in the United States will be subject to the selective conscription on July 1, within the ages agreed upon in the conference report of the war army bill.

This number of men between the ages of 21 and 30, inclusive, represents very nearly ten per cent of the total estimated population of between 108,000,000 and 104,000,000 on July 1.

MR. BALFOUR IN WASHINGTON AGAIN

Washington, May 14—Arthur James Balfour, British foreign secretary, and most of the members of the British mission, arrived in Washington early today following their three days' welcome by New York city. They are to remain here for several days longer before leaving probably for Canada and England.

HUGE RUSSIAN ORDER

(J. M. Robinson & Sons, private wire telegram) New York, May 14—Representatives of Bethlehem Steel Corporation in Russia arrives here with orders for steel rails and other materials costing nearly \$1,000,000,000.

BIG LEAGUERS ELIGIBLE FOR SERVICE IN ARMY

Chicago, May 14—Approximately fifty-five men from each of the two major leagues are subject to national service under the selective draft, according to an estimate made today by Ben Johnson, president of the American League, who is back today after a trip over the eastern end of his circuit.

TODAY'S BALL GAMES

National League—St. Louis at New York, clear, 3.30 p.m.; Cincinnati at Brooklyn, clear, 3.30 p.m.; Chicago at Boston, clear, 3.15 p.m.; Pittsburgh at Philadelphia, clear, 3.30 p.m. American League—Philadelphia at Chicago, clear 3 p.m.; New York at St. Louis, clear, 3.30 p.m.; Washington at Detroit, clear, 3.15 p.m.; Boston at Cleveland, clear, 3 p.m. International League—Providence at Buffalo, clear, 3.45 p.m.; Baltimore at Rochester, clear, 4 p.m.; Richmond at Toronto, clear, 3.15 p.m.; other games not scheduled.

Will Prepare City Land For Cultivation

Block in Manawagonish Road to be Opened to Public

The common council has decided to take further steps to encourage the production of food. In doing so, the council, meeting in committee this morning, authorized the commissioner of city land to have twenty-five acres of city land fronting on the Manawagonish road ploughed and harrowed and to give the use of citizens who wish to raise food products. This is in addition to Commissioner Wigmore's scheme to Silver Falls.

The petition for permission to increase the teamsters' rate was granted. Authority was given for the erection of a garage for David Latimer in Duke street, settlement with James Latimer for his claim of \$600 for injuries received while engaged in street work was ordered.

Proposals for the extension of Water street in West St. John to Bridge street along the river bend, were considered but no action taken.

Mayor Hayes presided and all the members of the council were present. The petition of the teamsters for permission to increase their rates to \$4 for single teams and \$6 for double teams was taken up and, on motion, was approved.

After a letter from the Town Planning Commission was presented by Commissioner Fisher, they then discussed a survey made in the west end from Water street to Bridge road, as close to the street as possible, with a view to making a street there, as a continuation of Water street. The land to be surveyed is outside the city limits and he thought that the cost, probably less than \$100, might be borne proportionately by the city and county. It would provide a shorter route to the west end and would add to the scenic beauty. One properly owned adjacent lot, the commissioner expressed his approval but it was decided to delay action until the property owner has been ascertained.

An application was received from Garnett Wilson, architect, on behalf of David Watson, for permission to erect a building in Duke street. The site is opposite his stable and the building would be of concrete. Two stories in height, with a concrete floor and concrete walls, and concrete roof, and concrete foundation. The application, which had been approved by the city council, was passed by the council.

With regard to the application by Dr. Goehner for permission to erect a garage in Dorchester street, Commissioner McLaughlin said that the building would be of concrete, and concrete foundation. The application, which had been approved by the city council, was passed by the council.

Moncton Receives Ward—Was a Student at the U. N. B.

Moncton, N. B., May 14—A telegram from Ottawa announces that Lieut. Louis Stanley Edgett, infantry, was on May 10 reported at No. 23 Casualty Clearing Station dangerously wounded. Lieut. Edgett is a native of Hillsboro, Albert County, and at time of enlistment was a student at the U. N. B. He enlisted in a well known New Brunswick Battalion in St. John in 1915, and later was transferred to a Montreal unit.

FOUR DIE IN FIRE

Manchester, N.H., May 14—Four persons lost their lives and more than a score escaped in their night clothes in a fire which destroyed the Weston-Fitz Mercantile and apartment building in Elm street early on Sunday morning. The loss was estimated at \$200,000.

ROGATION DAYS

In the Cathedral this morning at 9 o'clock high mass was sung by Rev. William M. Duke in connection with the services of Rogation Days. High mass will be sung at the same hour tomorrow morning and on Wednesday. These are days of prayer that the Lord will bless the crops of the earth and bring them to an abundant harvest. His Lordship, Bishop LeBlanc and all the priests of the Palace were present in the sanctuary at today's mass. There also was high mass in St. John the Baptist church.

Escaped Soldiers Get Back to British Lines

ONE LOST 74 POUNDS

Three Months in Enemy Hands Back of Firing Lines Reduce Him to Skeleton—Tell Pliable Stories

With the British Armies in France, May 1—(Correspondence of the Associated Press.)—British soldiers, who have just succeeded in escaping from a German prison camp, tell a pitiable story of their treatment by the enemy. They declared there was a great deal of sickness in the camp due to fatigue and starvation.

"If we showed the slightest disposition to go sick," said one of the men to the correspondent of the Associated Press today, "we were either thrashed with whips or struck with the butt end of a rifle." Although this soldier had been in enemy hands only three months and had dropped in weight from 182 pounds to 108, "he was a living skeleton. His feet had been frozen and were gangrenous for lack of treatment."

The men had neither overcoats nor blankets during the coldest weather of the winter. When captured during a raid they wore leather jackets. These Germans took away from them immediately. They also stripped the rubber lining from their shrapnel helmets and took away their regimental badges for the brass that was in them.

One of the men during the perilous trip across No Man's Land at the end of the escape was badly wounded. For food the prisoners received a daily ration of about every second day a cup of weak coffee substitute. On a few occasions they were given a morsel of bread about the size of a bun, of sugar.

Recently the men were compelled to work so near the front they came under shell fire from the British guns. This, they said, however, was an exceptional instance.

LIEUT. I. S. EDGETT IS DANGEROUSLY WOUNDED

Moncton Receives Word—Was a Student at the U. N. B.

Moncton, N. B., May 14—A telegram from Ottawa announces that Lieut. Louis Stanley Edgett, infantry, was on May 10 reported at No. 23 Casualty Clearing Station dangerously wounded. Lieut. Revival of Industry Possible at Calais and St. Stephen—No Fireworks on the Fourth

Calais, May 14—Two gentlemen interested in shipping recently visited Calais and talked with local builders about making an effort to have some of the vessels planned by the government, built at this port. The available sites were examined and the visitors were assured that they could procure all the necessary timber on the St. Croix, and that all the help required would be furnished by Wellington Greenlaw, one of the master shipbuilders now residing in Calais, assured the Bangor Commercial correspondent that the timber necessary for the job could be landed in Calais within a reasonable time. An effort is being made by prominent residents of New Brunswick, including G. W. Ganong, of St. Stephen, to revive the shipbuilding industry at St. Stephen, and they will hold a conference with the provincial government at an early date, should this industry be revived in both Calais and St. Stephen, it will mean prosperous times on the St. Croix for at least a year or two.

Forest Hill, who had his right arm amputated in the German Public Hospital on Saturday afternoon following an accident in the Atlantic Sugar Refinery, is reported this afternoon to be doing as well as can be expected under the circumstances.

Germans Said To Have Taken 600,000 Men From Russian Front

Hurried Them to France to Help Stay Allied Rush—Russian War Minister Resigns—Brusiloff Fears For Country Unless Army Discipline is Tightened

New York, May 14—A news agency despatch from Petrograd, published here today, says: Germany has withdrawn forty divisions (approximately 600,000 men) from the Russian east front and hurried them to France to oppose the Franco-British offensive, according to information from Russian headquarters, featured today in Petrograd newspapers.

MUST TIGHTEN DISCIPLINE OR EXPECT RUIN

London, May 14—The Times' Odessa correspondent, telegraphing under date of May 9, says a great impression has been created by a recent speech of General Alexis Brusiloff, commander in chief of the Russian armies on the southwestern front, complaining of the number of desertions from the army and deploring the agitation for a premature peace, the relaxation in discipline, and the lack of discipline in the army and the tendency of the Russian soldiers to fraternize with the enemy.

The correspondent declared that the enemy had tempted the Russian soldiers by offering them vodka and had tried to deceive them with proclamations. He added that the desertions were having a harmful effect on the morale of the army along the railroads and in villages and that if the lack of discipline was continued it must entail the ruin of Russia.

War Minister Resigns

Petrograd, May 14, via London—General Gucheff, minister of war, has resigned.

CONGRESS MAY BE IN SESSION TILL AUGUST

Important War Measures Still in the Talking Stage Call For More Speed

New York, May 14—An Associated Press despatch from Washington this morning says:—The United States has been at war with Germany thirty-nine days and practically all the measures through which the American government is to do its part in the world battle for humanity and civilization still are in the talking stage in congress. The accomplishments since President Wilson convened the special war session of April 2 have been the passage of a resolution declaring a state of war with Germany and enactment of a seven billion dollar loan. Those who predicted that congress would provide the nation with the means for making war successfully and adjourn by June now have extended their estimates to the middle of August.

Pleased for speed by the administration on one side, and on the other by the constituencies at home demanding action, congress faces many big things to do and quickly, if the aid of the United States in the world war is to be of its full value.

FIRE RAGES AT NAVAL STATION OF GERMANS

Amsterdam, May 14, via London—For seven hours on Wednesday a great fire raged on the imperial wharves at Wilhelmshaven, the chief German naval station in the North Sea, according to advices received here today. The main building department was seriously damaged. The entire district has been closed to the public.

SOLDIER'S HOME IS DECORATED; HE IS EXPECTED TONIGHT

Private Leo J. Donovan Due Home From War After Two Years' Absence

The home of Jeremiah Donovan, 227 Main street, was artistically decorated with flags of the allied nations today in honor of the home coming of his son, Private Leo J. Donovan, who is expected tonight.

Private Donovan left here more than two years ago with an army service corps unit, and after remaining in England for a short while was sent to France, where he joined a cycle despatch corps. After nineteen months of service at the front, Private Donovan contracted rheumatism and was sent to England. Later he was invalided home.

Private Donovan has two brothers in khaki, Pte. Clement, who was recently admitted to Kitchener Hospital, suffering from injuries sustained during the big drive at Vimy Ridge, and Pte. Harold, who was wounded during the big battle at the Somme, and who is now convalescing in a hospital in England.

HONOR FOR JOFFRE IN HIS NATIVE PLACE

Perpignan, France, May 14—A committee of prominent men in the department of Pyrénées-Orientales, Marshal Joffre's native region, has been formed with the object of presenting to the victor of the Marne a sword of honor and a marshal's baton. Mayor Denis Perpignan is president, the president of the Commune of La Dalveta and the mayor of Rivesaltes, Marshal Joffre's home town, are vice-presidents.

STRIKE PARALYZES MOTOR 'BUS SERVICE IN LONDON

London, May 14—London is without motor buses today, 10,000 employees of both sexes being out on strike. Many thousands of workers were unable to reach work on time through the congestion of the tram lines, trains and underground systems. All sorts of vehicles were pressed into service to carry workers to the munition centers. At the rail-road stations lines were formed under the supervision of the police.

GOVERNMENT PERSUADES COAL OWNERS AND MEN TO CALL OFF BIG STRIKE

Washington, May 14—The government on Saturday demonstrated its determination not to tolerate labor disturbances which would disrupt war preparations by persuading central Pennsylvania coal miners and operators to reach an agreement to avoid a strike of 25,000 miners threatened for next Tuesday.

Representatives of the workmen and employers, after a conference on Friday night with Secretary Wilson and officials of the federation of labor, on Saturday went to work on a settlement. Though details had not been arranged, an announcement was made that there would be no strike.

Deacon Jones decided to speak his mind to the minister who was temporarily filling the pulpit. "I didn't like your prayer very much this morning," said he. "No," answered the minister, "and what was the matter with it?" Well, in the first place, it was too long; and aside from this, it contained two or three expressions which I thought were scarcely warranted. "I am sorry, deacon," the good man responded, "but it might be well to bear in mind that the prayer wasn't addressed to you."

FOUND "CAVE OF THE DEAD"

Wounded Britisher Describes Scene in Dugout When Big Shell Exploded

London, April 12.—(Correspondence of the Associated Press.)—Stirring incidents of the tremendous fighting on the Arras battlefield are related by wounded officers and men who have returned from the British front in France. That these men are absolutely satisfied with the progress the British troops are making is quickly evident. They are pleased with every aspect of the fighting. It is difficult to extract a grumble, even from that most exciting critic, "the old soldier."

Asked if there were no mistakes, over-sights, checks, or blunders, one young officer, who had been wounded in the head and left hand with shrapnel, and whose life had been saved by one of the British army's so-called "tin hats," replied:

"Oh, yes; there were checks and blunders, all right; only they weren't on our side of the fence. They were all on the other side of the 'granite wall.' Mister Hindenburg's side, you know, I guess he was being another order to his armies, as he did over the December show at Verdun, demanding stricter training and regretting family morale. All those guns, you know, and the thousands of wounded prisoners, and the German baggage that didn't get going until our fourth wave went over the parapet. They'll have to vamp up something a bit more convincing to soothe the feathered end of this show, won't they?"

One little man who had tried conclusions with a German grenade and had fit the ground with fourteen wounds, but in remarkably high spirits, expressed the conviction that the German grenade was "not a bloomin' patch on ours." He and a comrade told a story of visiting "care of the dead," to circumstantial in its details as to leave no doubt of its truth. While exploring a cavity leading crater they discovered a cavity leading

Representative Gathering Discusses Problems and Appoints Committees for Parishes

An effort to enlist the forces of the city and county in the movement for greater production resulting in the appointment of parish committees at a small gathering of citizens held in the county court house yesterday afternoon.

The discussion that followed the address given by Miss Bartlett, instructor in domestic science in the city schools, threw considerable new light on the situation, and brought about an exchange of views that should prove valuable to those present, who are to marshal the forces of the municipality for the campaign in their presence. Mr. Kelley, on taking the floor at the opening of the meeting, moved that inasmuch as our nation number by the government, and the stimulation of farm production in the county of St. John.

GET RID OF HUMORS

Hood's Sarsaparilla is the Medicine to Take—Makes Pure Blood

Dry, scaly letter, pimples, boils, and other eruptions come from humors, which may be either inherited or acquired through defective digestion and assimilation.

To treat these eruptions with drying medicines is dangerous. Hood's Sarsaparilla, the old reliable medicine, helps the system to discharge the humors and improves the digestion and assimilation.

Get Hood's Sarsaparilla from your druggist. It sets things to rights in the system. Remember to ask for Hood's Sarsaparilla, because nothing else acts like it and nothing else can take its place.

NO RECRUITS ON SATURDAY

Overseas Units and Home Service Call in Vain — Pte. Michael Mahoney Killed

The world day for recruits is the report from the recruiting offices for Saturday. Not a man signed on in any of the different battalions throughout the city. The 2nd officers have several new men in view, but none as yet actually enlisted for the overseas service.

Private Mahoney, who has been taking a qualifying course at the Royal School of Infantry, Halifax, has returned to Fredericton.

A Minister's Evidence

That Piles, or Hemorrhoids Can Be Quickly Cured — A Justice of the Peace Cured Many Years Ago

Toronto, Ont., May 14.—There have come to us recently these two letters from prominent men who bear unreserved testimony in regard to Dr. Chase's Ointment as a prompt and lasting cure for piles.

These men give their evidence freely because they know what it means to suffer from the tortures of piles and then be cured. They feel it a duty and a pleasure to let others know how they too may be cured.

Rev. Frank N. Jones, Methodist Minister, Princeville, Ont., writes: "In the winter of 1912 I was stationed in Cobalt, Ont. I went for a snowshoe tramp one day and sat for a few minutes on a cold stump waiting for some comrades to catch up to me. Prostrated by the damp stump I contracted piles, and suffered so severely that it caused me great pain. Dr. Chase's Ointment, and I immediately purchased a small box which very rapidly effected a cure. I always keep a box on hand and find it excellent for any kind of wound or sore."

Mr. W. B. Thorne, P. Alderside, Alta., writes: "I was twenty-eight years ago that I became acquainted with the merits of Dr. Chase's Ointment, and will never be without it on any account as it never fails to do its work. I was first induced to try it for piles. Less than one box cured me and I have never been troubled since. That was twenty-eight years ago, so I think the cure is permanent. It is good for sore lips, chapped hands, chafing and in fact all sorts of sores. You are at liberty to use this statement for the benefit of others."

You can put Dr. Chase's Ointment to the test in any case of piles with the utmost assurance that you will obtain relief from suffering and ultimately lasting cure. So cents a box, at all dealers, or Edmanston, Bates & Co., Limited, Toronto.

FRONT COUNTER

CONSCRIPTION IN U. S.

Washington, May 11.—The conferees on the selective draft bill to increase the military establishment of the United States have agreed on the following things:

1. That the forces should be raised for the "existing war."
2. That the president should raise the training of another additional force of 500,000.
3. That the president be authorized to raise by draft an additional force of 500,000 enlisted men, and to raise and begin the training of another additional force of 500,000.
4. That those drafted under the act shall be "between the ages of 21 and 30, both inclusive."
5. That no bounty shall be paid on a substitute.
6. That the president shall create local boards in states and counties to make exemptions under the law.
7. That the president shall prescribe regulations under which all male persons between the ages of 21 and 30 shall register.
8. That all enlisted men of the army in active service whose base pay does not exceed \$21 per month shall receive an increase of \$10 per month; those whose base pay is \$24, an increase of \$8 per month; those whose base pay is \$30, \$38 or \$40, an increase of \$6 per month, and M. Mahoney Killed.

NO APPETITE—LITTLE SLEEP

Symptoms of a Run-down Condition, We Have a Remedy

We ask every weak, run-down person in St. John to try our Vinol, with the understanding that their money will be returned if it does not re-establish their health. Letters like the following give us confidence:

"I am in the millinery business and on my feet most of the time. I got so weak and run-down that I lost my appetite and was unable to sleep, had a severe chronic cold and lost my color. I learned about Vinol through a friend, and within three weeks after taking it I noticed an improvement, and soon gained in weight, health and strength. I am recommending Vinol to my friends and they also speak highly of it." Catherine Hoar, West Chester, N.Y.

In hundreds of cases where old-fashioned cod liver oil, emulsions, and other tonics have failed to restore strength and health, Vinol has succeeded, because while it contains beef and cod liver peptone, iron and manganese, phosphates and glycerophosphates, its good work is not retarded by useless grams and oils.

The Ross Drug Co., Limited, was the family of Major Edward Weyman to the effect that his injuries are not serious. It was previously reported that Major Weyman had lost a leg. This, happily, is not true. Major Weyman, who is a St. John lawyer, has many friends who will be glad to hear this good news.

Four Sons in War

Grand Falls, May 13.—Much sympathy is expressed for Mr. and Mrs. George Hart, of Cliffdale, who have received official notice from Ottawa that their son, Private Owen Albert Hart, of the Mounted Rifles, has died of wounds at the Ontario Military Hospital, Orpington (Eng.), on May 6.

Private Hart enlisted early in the war, and has been at the front for nearly two years. He was wounded some weeks ago. Mr. and Mrs. Hart have shown their patriotism by giving four sons to the empire's cause. While this one has died of wounds, another son, who is in a hospital in England recovering from wounds, and two others, Darwin and Alexander, are in the trenches at the front.

Casualties

The names of four New Brunswick men appeared in the midnight casualty list. They were as follows:—Killed in action, J. G. Maxwell, St. John; amputation leg, G. McWilliams, Moncton; wounded, R. T. McNamara, St. Stephen; and H. Lowmy, Halloway.

Lieutenant F. W. C. Wetmore of the 238th Battalion, who has been taking a qualifying course at the Royal School of Infantry, Halifax, has returned to Fredericton.

OUT OF THE RUNNING AT 40 YEARS OLD

Men at 40 should be doing their best. This is impossible unless their health is good. Many a man at 40 thinks he is getting old and out of the running because his back aches, his joints are swollen and sore, or he is the victim of rheumatism.

We have records on file of men who felt just like this but who took GIN PILLS and quickly regained the young spirit and energy that goes with good health.

So much depends on the kidneys, whose function is to carry away the poisons from the blood stream. If the kidneys are not working right, though a man is only 20, the poisons will make him feel old before his time. Don't delay if you have a sore back, cannot lift weights, limp with rheumatism, suffer from kidney or bladder trouble, frequent urination, or other urinary disorder. Try GIN PILLS.

GIN PILLS are needed, too, for their pleasant action as a laxative. If you are troubled with constipation, here is the remedy.

Try GIN PILLS. We will refund your money if you fail to get results. All good druggists and dealers sell GIN PILLS. Sample free upon request to the National Drug and Chemical Company of Canada, Limited, Toronto.

A GRADUATE NURSE

Why She Recommends Lydia E. Pinkham's Vegetable Compound.

Chicago, Ill.—"I was in poor health for two years, caused by displacement. There were many months of this time when I was unable to get up and get any sleep. I was under a doctor's care without getting any help, decided to try Lydia E. Pinkham's Vegetable Compound and it made me feel like a new woman. I am entirely relieved of the displacement and am now the mother of a beautiful and healthy baby. I am a graduate nurse and will be glad to recommend Lydia E. Pinkham's Vegetable Compound to other women."—Mrs. R. W. Sloan, 6028 So. Park Avenue, Chicago, Ill.

There are many women who suffer as Mrs. Sloan did and who are being benefited by this great medicine every day. It has helped thousands of women who have been troubled with displacements, inflammation, ulceration, irregularities, periodic pains, backache, and bearing down feeling, indigestion, and nervous prostration.

If you need special advice write Lydia E. Pinkham's Medicine Co. (confidential), Lynn, Mass.

DEPOSIT SEVEN THOUSAND

School Children Place That Amount in Penny Bank in One Day. As an indication of the extent to which the pay-roll of the people of Toronto has grown, and as a further indication of what the recipients are doing with the money, it is worth noticing that on the first weekly deposit day at the public schools of Toronto the children deposited \$1,248,774. The corresponding day last year produced \$8,960,000, and in 1915 \$3,807,116. Every cent of these deposits goes at once to the credit of the government of Ontario.

Greetings From France to Canada

Noted Leaders Visit Ottawa and Montreal—Viviani Deeply Moves Members of Parliament—Whole City Greets Joffre.

Ottawa, May 13—Canada's parliament will long remember the day when Viviani spoke. The master-organizer of France... The inspiration of the moment, the fire and the soul of the orator can be cherished only by the hundreds who were privileged to hear him.

To Canada M. Rene Viviani, former premier and present minister of justice of France, brought a message. To Canada's parliament—senate and house of commons in joint session—and to crowded galleries, he delivered it.

The patriot's power was tremendous. Staid Anglo-Saxon senators, sophisticated veterans of many demonstrations, stretched he leaned toward the parliamentarians. "Ye Canadians who listen to me," he cried in quivering tones. "Ye Frenchmen who sit in this parliament, pray mark my words. I realize that you are further away than are we from the battlefields. The roar of guns does not reach your ears. You do not see the return of hosts of wounded men. But, mortally speaking, you are just as close as are we to the fray. Confronting one another— you and us— we have democracy and democracy in life and death struggle. Should, perchance, the freeman fail to win, democracy and universal justice will go down to defeat at the same time. It was in the cause of justice that, at all epochs, we drew the sword. It was in the cause of justice that Britain and France, together with their noble allies, entered the war. It is to enable the children of men to enjoy well-secured and prolonged peace that we are fighting. Looking up to the crowded galleries, peopled by many women, Viviani again stretched forth his arms. "Mothers," he pleaded, "now listen to me. It is for your children's freedom, to secure peace and liberty for mankind, that a whole generation is giving its life, is today making the supreme sacrifice."

What Every Woman Should Know

Dr. Ferdinand King, New York physician and author, tells Britons that they should prescribe more organic iron—Wasson Iron—for their patients. Says scientist—iron deficiency is the greatest cause to the health, strength, vitality and beauty of the modern American woman.—Should's warning against use of metallic iron which may injure the teeth, corrode the stomach and do far more harm than good, advises use of soft iron.

Watch for large article by Dr. King soon to appear in this paper, entitled "The Crying Need of the Woman of Today is More Iron in Her Blood." In this article Dr. King explains why the modern American woman requires more iron than she did twenty or thirty years ago and shows how by taking simple Nuxated Iron, weak nervous run-down women may increase their strength, vitality and endurance 100 per cent. in two weeks' time in many instances. Nuxated Iron, recommended above by Dr. King, is for sale by Wasson's Drug Store, and all good druggists on an absolute guarantee of success and satisfaction or your money refunded.

British Bombard Zeebrugge

London, May 13—An official statement issued this evening by the British admiralty relative to the naval and aerial bombardment of Zeebrugge Saturday morning says:

"A very heavy bombardment of the important area at Zeebrugge was successfully carried out Saturday morning by a portion of our forces under orders of the Dover vice-admiral.

"The royal naval air service rendered valuable co-operation and over fifteen aerial combats occurred in which four enemy machines were destroyed and five others were driven down out of control.

"Two of our machines failed to return. One of these descended in Dutch territory and was interned."

(With the British Armies in France, May 12, via London, 10.30 p. m.) (From a Staff Correspondent of the Associated Press)—In a series of attacks last night and today the British troops captured several strong German positions, including one or two which have been sources of more or less trouble since the battle of Arras began. The famous chemical works, north of the village of Rouex, has at last been definitely taken possession of, as well as the Rouex chateau and cemetery.

The cemetery has been a very bitter spot, the Germans having fortified the graves into defensive positions and turned the underground vaults into strongholds.

Southeast of Monchy the British captured several pits and detached German trenches, as well as Cavalry Farm.

South of the Cojeul river, in the neighborhood of Bullecourt, the British materially extended their holdings in the Hindenburg line, and tonight Bullecourt is all but surrounded by the British lines, which include the Australians. It is believed that the number of prisoners in these actions will total more than 400. About 400 men were taken near the chemical works, most of them Brandenburgers and Berliners.

REV. W. D. WILSON, chief inspector under the New Brunswick Prohibition Act.

He was the guest of both the city and the dominion government, and every possible honor was paid to him by the city and state, and paid in such a wholehearted manner that must have impressed the visitor with its cordiality and sincerity. Brief though the visit was, less than six hours, Marshal Joffre's coming will probably have a good effect on recruiting in the province of Quebec, as he took occasion to intimate that although Canada had done much in the war, more was desired.

"Ye Canadians who listen to me," he cried in quivering tones. "Ye Frenchmen who sit in this parliament, pray mark my words. I realize that you are further away than are we from the battlefields. The roar of guns does not reach your ears. You do not see the return of hosts of wounded men. But, mortally speaking, you are just as close as are we to the fray. It is for your children's freedom, to secure peace and liberty for mankind, that a whole generation is giving its life, is today making the supreme sacrifice."

"I thank you, with all my heart, Mr. Chairman, for the kind words you have said to me," said Marshal Joffre in French, "and I thank you, gentlemen, with all my heart, for the warmth of the reception you have given me and can assure you that the acclamation with which you have greeted me will be heard in France. I know the services rendered by Canada in France. Your soldiers have fought beside our soldiers, and many have died in the fight we are waging. They have always shown indomitable courage, and in them Canada has done her duty."

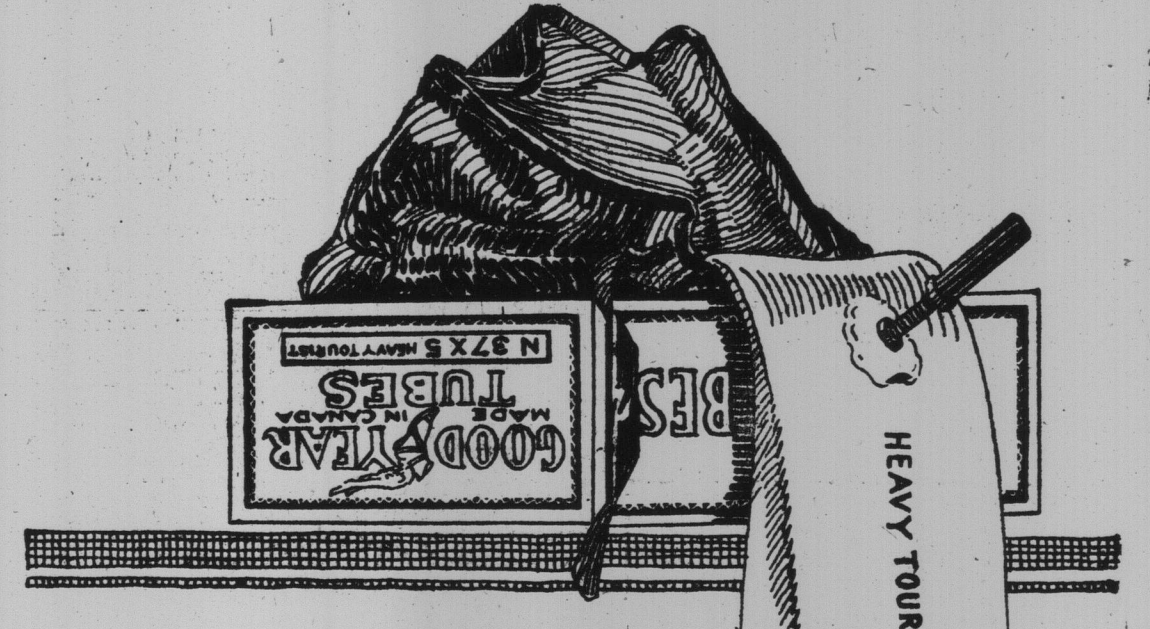

Vice-Admiral Choisept, who accompanied the marshal, also said that the French navy was doing its best to hunt the pirates off the seas.

In Luxemburg Too.

Have, May 13—Information officially received by the Belgian government is to the effect that all males between the ages of fifteen and sixty-five in the Belgian provinces of Luxemburg have been deported for work in France and Germany in the environs of the frontiers. The instructions say that the burgmaster, preacher and notary in each commune may remain there.

Economical Tubes That Cost More

The economy of a tube is not to be measured by its price. Nor can it be judged alone by the length of time the tube serves you. A tube's sole purpose is to hold air, and to hold it continuously. But upon its efficiency in performing this duty depends not so much the life of the tube, but the life of the casing.

For the commonest enemy of tires is under inflation.

And slow leaks are the deadly cause of under inflation.

Deadly because inconspicuous and treacherous.

For this reason a good tube is as important as a good casing. Without good tubes, good casings are of little avail.

A Goodyear Tube is as important as a Goodyear Tire.

They are Laminated Tubes. They are built up thick, layer on layer, of pure, tissue-thin rubber. It is this thinness that enables us to make the rubber clean and flawless.

So they hold air better, give longer service, save tires.

It is just as easy to say "Goodyears" when you buy tubes. It is much more economical.

EDUCATIONAL REPORT

The annual report of the schools of New Brunswick for the year 1915-16 has been presented by the chief superintendent of education, Dr. W. S. Carter. It contains a great deal of information with respect to the schools of the province and the work accomplished during the year. Besides an introduction by the chief superintendent, reference is made to many important questions bearing upon the school work, and the report contains a volume of statistics. Recommendations.

FIRST FINE UNDER PROHIBITION AGT

Jung Sung, Chinese, at Mill Street in Court After Seizure of Liquor

Jung Sung, proprietor of the Club Cafe, at 54 Mill Street, was before Police Magistrate Ritchie this morning following a raid made yesterday afternoon by Sub-Inspector Crawford with Detectives Duncan and Briggs. The charge is unlawfully keeping liquor on his premises. Sung pleaded guilty and a fine of \$200 was struck. This is the first fine imposed under the prohibition act in St. John. The court accepted the deposit of \$100 in payment of the fine. This was agreed to by the Chinese after offering some objection, but the Chinese who put up the \$100 for Sung's appearance in court did not agree to allow his money to be forfeited and withdrew it.

The court then said that if Sung went to jail he would have to pay the full fine of \$200 in order to get out again or on default of payment would have to spend from three to six months in jail. An effort was made by the Chinese to secure the \$100 and thus save another \$100. Up to noon Sung was still in the guard room and some of his friends were making haste to raise the money.

The liquor was found in two suit cases. These were ordered returned to the Chinese, but the liquor was declared confiscated.

In imposing the fine the magistrate said that from now to the end of the war the full penalties would be imposed by him.

The section under which Sung was fined reads as follows: "No person shall within the province of New Brunswick, by himself, his clerk, servant or agent, have or keep or give or attempt to give liquor in any place whatsoever, other than in the private dwelling house in which he resides without first obtaining a wholesale license or a retail license under this act authorizing him to do so and then only authorizing by such act."

RICHARD WALSH IS PLUMBING INSPECTOR

At a meeting of the Board of Health on Saturday with the new chairman, Timothy Collins, presiding, Richard Walsh was appointed inspector of plumbing. James Howard, who has been acting in this capacity for many years, will be transferred to light office work with the board. Mr. Howard, during his long years of service with the board of health as inspector of plumbing has served well and has always been a faithful worker with the health officials. His retirement from the position, however, will not release his connection with the health department and his services in another capacity will prove as valuable as when he was inspector.

The last week has been an exceptionally busy one with the inspectors of the board of health. They have been actively engaged in the preliminary inspections previous to clean-up day in districts where it is most needed. This morning the inspectors started on their house-to-house visit. Clean-up day with the board of health in conjunction with the public works department will commence tomorrow and cover a period of four days.

Four houses were closed this morning by the board's officials, as the landlords had not made the necessary changes after being duly warned. These houses are situated in Brussels Street. Another one in the Loch Leonard road was ordered to be closed.

SHOULD THE PRICE BE FIXED?
A complaint came to the Times this morning that a poor man who called a doctor to see his wife was compelled to pay \$2.40 for a small quantity of liquor which the doctor prescribed. The medical fee was \$2, and it thus cost the man \$4.40 to provide for his sick wife a doctor. He did not object to the doctor's fee, but felt he should not be compelled to pay so much for a small quantity of liquor.

IN THE HOSPITAL.
A delightful sacred concert was given yesterday afternoon in the General Public Hospital, under the auspices of the Church of England Institute. The programme was tendered by the following popular singers:—Miss Blenda Thompson, Miss Vahle Fenton, Miss E. Climo and Miss J. Wood. Miss Alice Heales acted as accompanist.

While in charge of the work here Mr. Titus has shown his aptitude for it and has met with much success.

HUSBAND WELL, SON WOUNDED
Mrs. A. Kennedy of 28 Sheriff Street has received a letter from her son James Leo, who is in hospital in France. He wrote on April 19 and said he was getting along nicely. He added that there was a note to let you know that I have been lucky enough to make a 'blighty' got it in a raid from a Boche I was foolish enough not to shoot on sight. I and another bomber, named Hobson, were in the German front line and going toward the post which had been assigned us, when we came to a German sitting in a dugout door. He did a lot of talking with his hands up, and as we were out for prisoners among other things, I did not shoot. As I approached him I had to pass another dugout door and, as a precaution, of course I checked a bomb into it. It may be that the action frightened the German or, as seemed to me more likely, he thought he had an easy thing, seeing only two of us so he tossed his contact bomb which exploded, wounding both of us but disabling neither. I believe the German regretted it. I didn't have a bomb in my hand at the time, having just thrown one in the dugout as mentioned above. Before I had time to get my rifle to my shoulder I heard a lever snap just at my ear and several choice remarks addressed to the Boche. Being quite familiar with both sounds I flattened against the side of the trench, as our own Mills grenade is rather a nasty contrivance than any the Huns turn out. A couple of seconds more, then there was an explosion and Fritz screamed. I fancy he was blown down his dugout stairs and I did not see him after. Hobson named him his ticket.

"The Germans we encountered there were the best I have seen. They were Bavarians and had just relieved the Prussians who were opposite us before. We killed a lot of them and got a lot of prisoners. The resistance was the best I have ever seen the German infantry put up at close quarters. They also gave us a hot line to 'No Man's Land' before we reached them in spite of the shrapnel fire which preceded the attack. We got our trench after entering his line. I managed to stay through the action but Hobson, though not so badly wounded, was in considerable pain and had to go back. Mine didn't hurt while it was fresh, indeed it never hurt much, but when I reached the field ambulance they told me not to make use of the leg. It has been in a splint almost ever since. It is not much of a wound, but it just missed my knee by an inch.

"It was a big raid, several hundred of us going over. On the left, where I was, they met us with rifle and machine gun fire, and as we got close, with bombs. We made it somehow. Four of us, two bombers, a rifle man, and a bomb carrier, were to form a block on the extreme left of the German front line to prevent blank attack. I was on the carrier after we started over the top. The bayonet man was wounded in the face by a bit of shell just as he was about to jump into the German trench. Hobson and I got it, as I have told you, so I was the only one to reach the post. There were six other riflemen in the section who were to man the trench behind the bombing party. One of them turned a little later, but an officer followed him and sent him back on a message, so I had the pleasure of holding the block alone. Nothing turned up, fortunately, or I would not have been telling the tale. The party, having gone over three lines, blown up some appointments, saps, etc., retired at the appointed time and with them went. Of course the German artillery had got in to the game by this time and afforded us some amusement in the way back. Although it was a gentle and joyous affair, as Sir Nigel would say, I have seen bigger, but none more interesting."

HOW HE WON THE MILITARY MEDAL

Another St. John Man Gets Coveted Honor

PTE. EDGAR L. WHITTAKER

Single-handed and Wounded, He Held Dangerous Outpost in German Lines During Big Raid

Another St. John man has been honored by the award of the military medal. Private Edgar L. Whittaker has been so honored for gallantry displayed in holding an outpost, single-handed, after being wounded. He is now in an English hospital recovering from his wounds. Private Whittaker formerly resided in this city, but, with the other members of the family, removed several years ago and was declared a deserter. He was enlisted with a western battalion with which he went overseas. Three of his brothers also have gone overseas, one of them, Charles, having been wounded recently.

In a letter received by a friend in this city, a short time before the award of the medal was announced, Private Whittaker narrated the incident which, it is believed, won him the coveted medal. Extracts from his letter are as follows: "Just a note to let you know that I have been lucky enough to make a 'blighty' got it in a raid from a Boche I was foolish enough not to shoot on sight. I and another bomber, named Hobson, were in the German front line and going toward the post which had been assigned us, when we came to a German sitting in a dugout door. Don't you want some Light Furniture?

Dear Mary: I think that many people who entertain make the mistake of not having their extra Furniture LIGHT. It is so much easier to move around. And then grass chairs are so "cumfy" and can be used all the year around.

Mrs. W— was so mortified yesterday. While visiting her I snagged my pretty blue silk dress irreparably on an old chair. My dress was worth half a dozen new chairs. It was hard for me to smile and impossible for her.

Amiably notwithstanding —HELEN.

P. S. I'll bet Mrs. W— has already gone and got some new summer furniture from

FOR INCREASED FARM PRODUCTION

The agitation in favor of increased farm production is having a good effect. By today's mail Mr. Gilchrist, of the provincial immigration office, received eight applications from farmers for boys and men to help them on their farms. Speaking of wages, Mr. Gilchrist said that the minimum wage that a city boy from 13 to 14½ years might expect would be \$3 a month and board for the first month; from 14½ to 16½, from \$5 to \$7 and board; from 16½ to 17, \$10 to \$12. As the boys become useful their wages would be increased. Mr. Gilchrist says the boys need not fear the treatment they would receive from the farmers.

Gilchrist received by this morning's mail an application from a man in an adjoining county for the use of a horse for a week or so to put in his crop. He is willing to pay for the horse's service in oats in the fall. This man says: "I have seed grain, everything except seed potatoes. I have quite a lot of grain I could put in. I cannot go to the war, so I want to do my bit in producing."

LIEUT. F. E. GROVES TO FORESTRY COMPANY FOR OVERSEAS SERVICE

Lieut. Frank E. Groves of the New Brunswick command, who has been acting staff captain for several months, has finally been successful in securing an overseas appointment. He is a lieutenant in No. 2 Forestry company, which is being recruited and commanded by Major Lionel Hanington. Lieut. Groves has been with the command since its authorization and has proved his worth as a staff officer. He has had several years of experience in military work. He was a soldier in England for several years, and then, coming to this country, he joined the Canadian militia and since then has been steadily climbing.

Since the war broke out he has made many applications to proceed overseas, but with no avail. The militia department would not sanction his transfer, owing to the fact that his position would be too hard to fill. Lieut. Groves is considered a very able officer.
