CANADIANS AGAIN HAVE BEEN IN BATTLE

Fighting Probably at Festebut; All Ontario Men—On Some Parts of Line Germans Have a Machine Gun For Every 12 Infantry Men

Ottawa, June 18.—The Canadians have again been on the firing line. The first brigade, according to advices received here today, has been in an engagement and sustained losses. The location of the battle is not given out. It is presumed that it was at Festebut, where, according to Sir John French, one line of German trenches was taken and a second taken in part, though subsequently the ground had to be yielded.

HEAVY ON WESTERN FRONT

London, June 18.—The Daily Mail correspondent at Rotterdam reports great activity on the western front, from Ypres north to the coast. He says the firing is continuous night and day.

The British have progressed at various points east of Ypres, and the enemy is concentrating with many machine guns, one for each twelve infantrymen, on some parts of the line.

He also reports that the inhabitants of Ghent are emulating the people of Malines in refusing to do military work for the Germans. Consequently some of them are being treated with great severity. The burgomaster and many citizens have been sent prisoners into Germany.

Cruiser Ashore? Palma, 18th of Majorca, June 18.—The cruiser Ecos, while patrolling the Balearic Islands (Spanish) has gone ashore in the Bay of Pollensa. It is hoped she can be refueled. Available naval records contain no warship named Ecos.

The Meteor Again Copenhagen, June 18.—According to the newspapers here the German auxiliary cruiser Meteor has sunk the Norwegian lumber ship Granena, fifteen miles south of Christiansand. The Meteor is the cruiser which captured the Swedish steamer Verdena and shelled the Swedish steamer Verdena. The crew of all three were taken on board the Meteor and landed at a Swedish port.

TRYING TO KEEP BULGARIA OUT OF THE FIGHTING

London, June 18.—According to the Paris Mail, negotiations between Bulgaria and Turkey, under German auspices, are about to result in Turkey ceding the whole right bank of the lower Maritza, including a portion of Adrianople, which would give to Bulgaria, a railway from Deodetach to Mustapha Pasha. This if true would mean that Bulgaria would remain neutral.

According to a Sofia despatch to the Times, dated June 18, Bulgaria's reply to the proposals of the Entente powers has just been delivered, but the contents are kept secret.

The correspondent, however, gathers that the reply may constitute a general basis of agreement. He adds that German diplomacy is actively employed in an endeavor to induce the Turks to surrender the Deodetach line to Bulgaria in the hope of avoiding a rupture between the two countries.

SUSPEND CERTIFICATE OF CAPTAIN FOR SIX MONTHS

Halifax, N. S., June 18.—That Captain Alfred Ellis' certificate be suspended from June 18 to December 18 this year, without option of a lower grade certificate being issued, and that the other officers of the ship be relieved of all responsibility in connection with the accident is the decision handed down this morning by Captain Demers, who held an inquiry into the loss of the plant liner A. W. Perry.

WEATHER BULLETIN

The low pressure which was in the Western States yesterday is now approaching the Great Lakes. Showers have occurred in Manitoba and the southern part of Saskatchewan and Alberta, also in the St. Lawrence Valley and maritime provinces, while in Ontario the weather has been fine.

Fine Tomorrow. Maritime.—Moderate northwesterly winds, the Saturday, followed by southeast winds and showers by night. New England Forecasts.—Fair tonight; Saturday, probably showers, moderate variable winds.

Her Three Sons To War; Boarder Also; Four From This Household

Mrs. Julia Smith of Clarence Street Bravely Made Sacrifice and If She Had Three More Boys Would Not Say Word to Prevent Them Going

It is one woman in St. John who has done her duty by king and country in the empire crisis, that woman is Mrs. Julia Smith, a widow of declining years, residing at 9 Clarence street. She has three sons, George, aged twenty-four, Sears, aged twenty-two, and Charles, aged nineteen years. All three are now wearing the uniform of His Majesty, two across the ocean, and one preparing himself to go. The kindly faced mother does not complain, but her words of reference to her gallant sons are such as to inspire the boldest principles of patriotism in Canadian homes, and to show how Canadian mothers are willing to sacrifice the utmost for the honor and glory of Britain and her allies.

ITALY CONTINUES VIGOROUS WORK

Rome, via Paris, June 18.—The following official statement was issued last night:— "There have been several small and advantageous engagements marking the gradual progress of our offensive in the Tyrol and in Trentino. At Sennigsdorf we repulsed an enemy detachment advancing from Rovereto. In the valley of Costanzo, resisting repeated stubborn counter attacks of the enemy. On the rest of the front, down the stream, there have been long range artillery exchanges. The railroad station at Gorizia was partly demolished and several cars were set on fire.

ANOTHER FROM MONCTON IS IN THE HOSPITAL

E. P. Lutes of 24th Battery Fell From Horse NEWS OF THE SOLDIERS

Pennic Member of Princess Pats Says He Shot Seven Germans — Miss Gambol of Sussex Going Away as Nurse

Edwin P. Lutes of Moncton, who went to France a few days ago with the 24th Battery, is now in a hospital at Ypres in a recent manoeuvre he fell from his horse, dislocating one of his shoulders. He is a son of A. Y. H. Lutes of Moncton.

Further particulars of the second battle of Ypres, in which the Moncton Battery participated are given by Gunner Alfred A. Garland. "At one time," he writes, "we had our guns pointed over a hill, and waited for twenty minutes to see the points of German helmets come up so that we could fire at them, point blank. We had no infantry at our back at the time, nor in front. But the enemy did not venture over the crest, as they thought we were strongly reinforced."

The Germans bombarded Ypres with fifteen inches. A but of one of the shells landed near the Moncton men, Major Anderson weighed it, Garland says, and it went 184 pounds. "We lost thirty-six horses, six men killed and one missing," he continues, "and were lucky to what some were."

Major Dunfield, 26th Batt. Major C. T. Dunfield was born at Portage Vale, Kings County, thirty-three years ago, and is the eldest son of Mr. and Mrs. Chesley Dunfield, of Anagnone. After graduating from the Sussex Grammar School, he attended business college at St. John, and at the end of the term there he accepted a position with Messrs. T. McAvilly & Sons, with which firm he remained until a few weeks after the beginning of the war. Major Dunfield's military experience has been as follows:—

Private five years, corporal two years, sergeant two years, lieutenant two years, captain five years, major two months. He went on duty as second in command of the 62nd Regiment, Detaching Force on August 28th of last year, and was transferred to the 29th New Brunswick Battalion on Nov. 10th with rank of captain, and after passing examinations at the Royal School of Infantry at Halifax was promoted to the rank of major on March 1st, 1915.

Miss Anna P. Gamblin, of Sussex, who recently finished her course in the New England Deaconess Hospital, Boston, and successfully passed the examination for registration in the State of Massachusetts, expects to sail from Boston on June 20th.

Grand Prize to Americans San Francisco, June 18.—The jury of awards at the Panama Pacific Exposition have bestowed the grand prize in art upon Frank Duvenik, an American portrait painter.

Russians Capture 8,746 of the Enemy

Notable Success on the Dneister—Austro-Germans Also Hurlled Back in Another Section and Force Which Crossed River is Destroyed

Petrograd, June 18.—A notable success was scored by the Russians on the Dneister, above Zastawna, on June 14 and 15, which resulted in the capture of 8,746 men, according to an official statement issued at the war office last night. Austro-German forces also are reported to have been hurled back, on the same front, further to the southeast, while another force which crossed the Dneister, above Nizhnow, was destroyed. No comment is made on the action between Lubaczow and the San, except that the engagement was fierce.

In the Szevli region, and west of the middle Niemen, there have been no essential changes. All German attacks were repulsed, during the 15th, and the engagements continue. On the Niemen front there were no engagements during the day.

"On the Brera above Sochaczew," says the communication, "we repulsed on the 16th, attacks by small German forces. The battle continued. Fierce engagements took place on the 15th, between the town of Lubaczow and the San, and in the region of the village of Karkowick.

"On the Dneister front on the night of the 16th in the sector between the Taimenitz and Stry Rivers, the enemy was thrown back in disorder.

MONCTON TO HAVE NEW CITY BUILDING

Estimated Cost is \$50,000—Market to Be Located at Rear

Moncton, June 18.—After much discussion the local aldermen have come to a decision regarding Moncton's new city and market buildings. Both buildings are to be erected upon the site of the common city and market building destroyed by fire in February of last year. The estimated cost of the new city building, which will contain the city offices, the public library, board of trade rooms, etc., will be nearly \$50,000. At the rear of the city building the market will be located, and will separate them. At a meeting of the council yesterday afternoon it was decided to engage Albert Sincennes as architect for both structures. Debate was adjourned for a week.

Meet After 30 Years

Boston, June 18.—After an interval of more than thirty years, during which time they did not see each other, Mrs. Michael W. Riley of Melrose street, Boston, and her sister, Mrs. Daniel W. Murphy, of Marion, O., were reunited at the home of the former this week. Both came from Kerry, Ireland. Each came over alone, and at midday; both were accompanied by their husbands and now have families. Mrs. Murphy, the elder, came over first, going direct to Ohio to Mrs. Ellen Ford, another sister. There she settled and married.

Soon after Mrs. Murphy left Ireland, Mrs. Riley came over alone and settled in Boston. Both sisters knew that the other was in America, but addresses were forgotten and correspondence lagged, and gradually they passed out of each other's ken until recently.

BID LONDONERS BE READY FOR THE ZEPPELINS

London, June 18.—Scotland Yard last night issued further detailed instructions to the public on how to act in case of Zeppelin raids. It is suggested that householders store water and sand with which they may combat fires, close their windows and doors to check the invasion of noxious gases and provide themselves with home-made respirators. It is suggested that cotton waste saturated with washing soda makes a good respirator.

MUNICH BEER SUPPLY HAS BEEN CUT DOWN

Munich, Bavaria, June 18.—Munich, the greatest beer drinking center in Germany has been compelled sharply to curtail the consumption of beer, owing to military requisitioning of a large part of the product of the breweries.

The amount of beer now available for public use is only one-third of the ordinary supply. Several famous beer gardens are now closing at seven o'clock in the evening owing to the shortage.

NOVELTY SHOWER

Friends of Miss Cathleen Coram last evening tendered her a novelty shower at the home of her aunt, Mrs. Geo. Balcouk, 68 Portland street. Games and music afforded pleasure, and refreshments were served. Miss Coram received many pleasing remembrances which will be useful in the near future when she will be a principal in a social event.

WAR NOTES

Von Bernstorff, German ambassador in the United States, denies that a secret conduct obtained for Dr. Anton Meyer Gerhard had been used by Dr. Alfred Meyer, a German buyer of war munitions.

In the first of a series of war meetings in London today, Mrs. Pankhurst organized to Lloyd George to call upon the women and said they wanted to be organized for war service the same as men.

Germany is trying to ferment trouble between Switzerland and Italy over the question of food supplies for the former. Bryan proposes universal extension of his investigation commission peace treaty plan as a preventative of war.

Halifax Mill Fire. Halifax, N. S., June 18.—Chalmers Redden's mill and woodworking factory at Halifax was totally destroyed by fire last night, loss \$8,000, no insurance.

AT THE WAR In an article in yesterday's Times telling of the relatives of Mrs. John Murphy who are in the war the name of John Neardon appeared instead of John Neard and the name James McGrath should have been James Langue.

THE WAR NEWS.

The Russian official report today tells of the capture of nearly 9,000 Germans, with a number of guns and other booty, and telling of the crossing of the Dnieper by two German forces adds this laconic comment: "The forces which crossed above Minclov were destroyed and those which crossed below were captured."

000 men per month it would take ten months to dispose of 2,000,000 out of more than 8,000,000 the Chronicle's correspondent estimated to be her strength less than three weeks ago. Does not this suggest that Canada should bestir herself more actively in the matter of turning out munitions of war?

PATRONAGE AND THINGS.

Either of the gentlemen whose claims to the probate judgeship were so vigorously pressed by their friends would have performed the duties of the office with ability and dignity. Those who merely witnessed the strife from afar, and had no voice in the selection, may at least congratulate Judge Knowles, who is a most worthy citizen, enjoying the respect of all. He is in no sense responsible for the fact that he was not the only candidate whose friends were assured their man would be appointed to the office.

THE COLOSSAL TASK.

The Montreal Journal of Commerce tells why the C. B. shops at Moncton and the N. T. B. shops at Quebec cannot be utilized in the manufacture of shells, as well as those of the Grand Trunk, Canadian Northern and Canadian Pacific, and why many large factories in various parts of the country which are still running on short time, but which could be utilized in the manufacture of shells are not also pressed in to service in this great crisis.

TUBERCULOSIS.

The fact that two young women from this city, who were found to be in the incipient or erasable stage of tuberculosis, but had not the funds to pay for treatment at the Jordan Sanatorium, have been sent there through the generosity of societies and individuals, is worthy of more than a passing notice.

"I ain't going to start no more," replied the boy, arching away from the mother.

"Cause," explained the boy, "taint no use, mother. I can't learn to spell. One day I learn how to spell the words and then the next day the teacher gives us all new words. She just keeps changing them every day, and that ain't no way to do."

"The great public has the utmost confidence in the outcome of the present war, and the glorious future that awaits. One small proof of this is so may be taken from our recent experience."

Our Diamond Sales for the month of May were largely in excess of the Diamond Sales of May, 1914.

MISSING IN ST. JULIEN FIGHT APPEARING FOR FIRST TIME IN LIST

Ottawa, June 17.—The heavy list of "missing" Canadian soldiers being issued by the militia department today, aggregating about 400, comprises the summation of four or five weeks and includes those who took part in the St. Julien fight in April, and in the subsequent battles. After allowing a reasonable period of time to elapse to permit of men who had been scattered to return to their regiments this list was published by the war office.

Further light is thrown on the losses of Col. Currie's 10th Battalion at St. Julien in today's casualty list, announcing that forty-six of its members have been missing since dates between April 24 and 29.

The Coffee Drug. Do you know what it is? It's caffeine—a poisonous and powerful nerve irritant—from 1 1/2 to 3 grains to the average cup of tea or coffee. Listen to what the physicians say: "Coffee and tea are poisonous drugs. The caffeine they contain is of the same nature as uric acid. They impair digestion and produce various disorders of the nerves." "A large percentage of cases of headaches, nervousness, sleeplessness and indigestion can be traced directly to coffee." If you haven't suspected tea or coffee as the cause of headaches, biliousness, heart-flutter or sleeplessness, suppose you test the matter by a change to the pure food-drink, Instant Postum. There's no caffeine nor any harmful substance in this delicious beverage—just the nourishing elements of wheat, roasted with a bit of wholesome molasses—with a delicious, snappy flavor. The sure, easy way out of tea and coffee troubles is to shift to INSTANT POSTUM "There's a Reason" Canadian Postum Cereal Co., Ltd., Windsor, Ont.

LIEUT. WARNEFORD KILLED BY FALL

Lieut. Col. Becker of London, Ont., killed in action—Canadian Troops Dodged Submarines—Capt. Worden's Wound

Lieut. R. A. L. Warneford, V. C., who won fame and the Victoria Cross last week in destroying a Zeppelin over Belgium, was killed yesterday in a fall from an aeroplane in France. Harry B. Woodham, an American writer, with him, was also killed. In a letter from his son, Edward J. Walsh, from the firing line in France, Edward Walsh, of 378 Cameron street, Montreal, writes that he had been slightly injured. His left foot was hurt in the trenches. John J. Campbell, now at Shorncliffe, writing to Edward Doherty, Prince William street, says that while going through the danger zone with soldiers aboard, the Saxonia had sighted a submarine, and the Carpathia, also with troops, had been delayed two days, dodging submarines. In the casualty list issued yesterday are included—Donald P. Campbell, Newport, P. E. I., suffering from shock; Arthur Merritt, St. John, N. B., wounded; Fred Lewis, Marbleboro, N. S.; Joseph Kehoe, Sydney, N. S.; William Long, Trenton, N. S.; James Murphy, New Glasgow, N. S.; and Hopkin Williams, Stellarton, N. S., all missing. Captain J. W. FURIOUS FIGHTING AGAIN; BOTH SIDES LOSE HEAVILY; MORE GERMAN TRENCHES TAKEN

Paris, June 17, 10.58 p.m.—The official communication issued by the war office tonight describes intense activity along the French front, the Allied forces delivering powerful attacks and the Germans counter-attacking furiously. To the north of Arras the French have carried several lines of German trenches, and are making marked progress toward Souchez. Heavy losses on both sides are reported. The text is as follows: "We have notified important progress, almost all of which has been maintained, notwithstanding the furious counter-attacks of the enemy, some of which were markedly accentuated today. "The gains of yesterday were enlarged today. To the north, to the east and to the south of Neuville we took by assault the enemy's first line, and at certain points the second line. The units engaged fought at the point of the bayonet and with grenades under a violent artillery fire. "Our infantry, after having attacked with great spirit, very efficaciously supported by a fire of nearly 300,000 shells, was obliged to make front during the night of Wednesday-Thursday against violent and repeated counter-attacks, carried out by large effectives, and repulsed them along the entire front. "We have evacuated only a small wood conquered yesterday morning to the south of Hill No. 119, which the enemy's artillery has rendered untenable. "The Germans brought into the engagement eleven divisions, which suffered extremely heavy losses. On our side we have suffered serious losses. The number of prisoners taken by us exceeds 600, including more than 20 officers. "Our air squadrons have effectively bombarded the enemy's reserves at Ghendey and in the forest of La Felle and dispersed contingents in the act of taking up their formations. "The grave check suffered by the enemy in his counter-attacks at Quenneville is confirmed by the great number of German dead found in front of our trenches. "At Rheims an examination of the points where German projectiles fell establishes the fact that more than eighty shells, several of which were of incendiary type, have fallen on the town, and more particularly on the Cathedral. "In Alsace our success continues. We have taken Alstorf, a suburb of Metzeral, then Steinbrück, and we are continuing our progress on both banks of the Fecht river. The Germans are setting fire to Metzeral. "The number of prisoners who have fallen into our hands has reached 500, if we count as officers and twenty-eight non-commissioned officers. To the west material already reported may be added three bombs-trawlers, three machine guns, some field telephones and apparatus for the emission of asphyxiating gases. "An enemy aeroplane has been brought down by one of our machines in Alsace. The two German aviators were killed."

London, June 17—Another twenty-four hours of fighting in Galicia has developed nothing to stem the Austro-German advance toward Lemberg from the west and northwest, and tonight Berlin claims that the Russians are retreating over their own frontier toward Tarnopol, about four miles from the Galician border. This means an invasion of Russian territory at a new point, not according to the military observers here, it may spell ultimate advantage for the Russians in that a general Russian retirement northward into Poland would divert General Von Linington's attempt to crush the Russian center near Zorawka, which would effectively sever the communications of the Russian army in southeastern Galicia and Bukowina. The military writers here say that the real danger zone from the Russian standpoint is in the Zorawka district and along the Daulester.

ANOTHER AMAZING TALE FROM KENT; PADDING PAY LIST

Brederton, June 17—"Col. Sheridan is good to me. He got me foreman's pay and I was trying to be good to him," was the frank admission of Theobald Boudreau today on the witness stand before Royal Commissioner Chandler when he asked to explain certain payments on the Little Buctoche bridge to John K. Sheridan, son of Col. Sheridan, M.P.P. for Kent county. "When we were making up the time, my brother Camille and I, I said to Camille: 'Just put in John K. Sheridan's name for what Mr. Sheridan did for me and we did.' We added \$15 one month, \$15 another and \$10 another month. I just took a notion to do this. It's three months Mr. Sheridan did not work. I did extra work at night, lit the lanterns at each end of the

bridge and put them out in the morning and I added what I thought this worth to John K. Sheridan's account." Says M. P. F. Got Money in Savoy's Again! This same witness in a burst of candor said regarding the account of Fabien Savoy of \$17.50. "No, Savoy did not do work for this money. It was to pay Col. Sheridan for work he had done. Mr. Sheridan asked me to help him all I could to make a dollar, as he was a poor man, and my brother and I talked it over and I said: 'I don't know how we can do it to help Sheridan, and my brother said it would be better not to have Sheridan's name appear and I said to me: 'What do you say if we put it in Fabien Savoy's name?' and we did so. Fabien Savoy worked twenty-three days that month driving a team for my brother Camille and we put him down for fourteen days at \$1.25 per day and gave the money to Sheridan for \$17.50. According to the evidence, the last work was done on it in 1914 when Col. Sheridan's boy of 14 became a youth of 18 and was foreman of the work, drawing \$9 per day. According to one of the pay lists without his father's knowledge, consent or suggestion, and how Felix Michaud wrote the name of the 10-year-old son upon the back of the check in cash of the same, handing him the money, along with the proceeds of the other checks properly payable to him and his son, Alban, a young man of 19 years. Michaud's Confession. Felix Michaud when on the stand admitted endorsing the name of Tilman, the 10-year-old boy, upon the check but said he did so at the father's request. He also admitted adding Tilman's name to the pay sheet which had been made out by someone else, and after he had added Tilman's name, as a magistrate, he took the affidavit of Peter Bernard as to the correctness of the account. Protested Against the Padding. When recalled Girouard denied strenuously making any suggestion to Felix Michaud to add time that he had not been allowed on the work. He did not ask him to endorse his son's name. He told him his son was not entitled to the money, and when it was pressed upon him he took it and told four friends of his all the facts. In addition to this, he produced his account book for that year, kept by his daughter, where every day he and his son Alban worked was set down and the amount due him and his son (\$120.11) corresponded exactly to the several checks sent them by the public works department, according to Commissioner Chandler's accounting. Felix Michaud, Girouard swore, handed out the pay checks and when he handed him the one for his ten-year-old boy, Tilman, he said: 'I asked him what that was for.' 'Haven't you a son named Tilman?' he asked. 'I said, yes, but he didn't work. He goes to school. I handed the check back to him but he kept on giving it to me and I put it back and said: 'I got enough. I got enough.' He said, 'Keep it. Put the name of the boy on the check and keep it.' I said it must belong to some one working on another bridge. "Felix said, 'No, keep it.' Then he put the name of my son on the back of the check and I signed my name and he gave me money along with my own money." Referring to this later Girouard said: "Peter Bernard came to me two weeks after the election and wanted me to pay back the money, but I said: 'Dr. Landry had promised me an investigation and until he kept his promise I would not give up the money. I said to Bernard: 'I don't refuse to give up money, it does not belong to me or to any of my family and I don't want to keep it but I want the investigation.' When Girouard finished his evidence he turned to Commissioner Chandler and said: "What will I do with this money."

A Beauty Hint

To reduce conspicuous nose pores O remove that very common skin trouble—conspicuous nose pores—which ruins so many otherwise flawless complexions, begin the following treatment tonight. Wring a cloth from very hot water and hold it to your face. Do this several times. When the heat has expanded the pores, lather your cloth freely with Woodbury's Facial Soap and rub this into the skin very gently with an upward and outward motion. Repeat this hot water and lather application several times, stopping at once if the nose feels sensitive. Rinse the face thoroughly, first with warm water, then with cold—the colder the better. Then—finish by rubbing the nose for a few minutes with a piece of ice. Always be particular to dry the skin well. You will feel the difference in your skin the first time you use this treatment. Woodbury's cleanses the pores. This treatment with it strengthens the small muscular fibres so that they can contract properly. But do not expect to entirely change in a week or two a condition resulting from years of neglect. Use this treatment persistently. It will gradually reduce the enlarged pores until they are inconspicuous, and will bring to your complexion that greater clearness, freshness and charm you have longed for. A 25c cake of Woodbury's Facial Soap is sufficient for a month or six weeks of this treatment. Get a cake today. It is made in Canada and is for sale by Canadian druggists from coast to coast.

Big Deal Pending
Cincinnati, June 16.—A three-cornered deal by the Reds, Cubs and Giants is in the making. While no one in authority would confirm the report tonight, there was some to-day that McGraw is seeking a catcher and is willing to part with two, maybe three players for him. It was said that if Wings, the Red catcher, would be traded to Chicago he would be turned over to the Giants in exchange for Smith, Bruns and Murray, or possibly Peritt.

Yale, the former tamer of Harvard in most kinds of sports, has two last chances to redeem herself in major sports within the next fortnight, and hence the bulldog's growth.

Federal League
The baseball game yesterday afternoon between the members of the Chocolate Soldier Company and a team from the local scribers was nothing more or less than a frost. Only three newspaper men were present. Many of their colleagues had to sacrifice the pleasure of participating in the game as their services were required elsewhere. The Thespians were on hand with a strong line-up and a host of admiring fans, but owing to the forced absence of the scribers' select talent they undoubtedly were disappointed.

Judge Armstrong's Last Case in Probate; Some Wise Advice

Points To Difficulties in Case Before Him, Because of No Will — Warm Appreciation of Registrar

In the probate court today the matter of the estate of Walter B. Campbell, formerly stable keeper, was taken up. He died intestate leaving his wife, Mary Elizabeth Campbell and the following next of kin, a sister, Sarah Day, widow of Charles Day of Lakewood, N. J.; the children of a deceased brother Nelson Campbell, namely Clara, wife of A. J. Loggie of Chatham, and Frederick Campbell of the western part of the United States; the daughters of a deceased brother Campbell and a son Stanley Campbell, all residing at Norton; and another son Harry of Hartford, Conn.; the children of a brother Edmund Campbell, namely, two sons Huber of Sussex and Warren of Amherst, and a daughter Georgianna wife of Percy H. Friars of St. John; also the children of a deceased brother Hiram, namely May and Percy Campbell of Moncton, and W. Roy Campbell of Campbellton. On the petition of the widow, she was appointed administratrix. Real estate consists of a property on the south side of Leinster street valued at \$4,000, subject to a mortgage of \$2,500; personally \$1,200; life insurance payable to the widow, \$1,000. J. D. Follard Lewis is proctor.

This being the last probate court case which would come before him, Judge Armstrong said he could not let the opportunity pass without expressing his appreciation of the very efficient and prompt manner in which Henry O. McInerney had performed his duties as registrar of the court, and appointed to office on the same day with himself, now more than seven years ago, they had worked together since with the utmost harmony and it was with great regret that he felt this official connection was now drawing to a close. He also desired to bear testimony to the very pleasant relations which had existed between

FAIRVILLE WILL HAVE PLAY GROUND

There Was Some Talk of Turning Over Money to Red Cross or Other Fund But This Will Not be Done

The Lancaster Community Council met last evening and there was a representative attendance. Dr. J. V. Anglin occupied the chair. The meeting was held in the Provincial Hospital.

The report of the treasurer, J. J. Hennessy, showed a balance of \$128.20 last year on plant at the playground for supervision, \$184 and sundries \$88, leaving a balance of \$192.20 in the Bank of Nova Scotia.

The question as to whether the playground should be opened this year was raised. Councillor John O'Brien favored turning over the money on hand to the Red Cross Society for some other patriotic purpose, contending that in this time of great national emergency the children should be prepared to sacrifice other things of pleasure in common with the general public.

Several members spoke along the same lines, but believed the community council was acting as trustees for the people over money that should be expended for development of a healthy local citizenship, as it was for this purpose only it was collected.

It was moved by Rev. P. R. Hayward that playgrounds be opened and conducted in much the same manner as last year. This was seconded by W. J. Linton and carried.

A committee to engage a competent staff was named, and J. J. Hennessy and Walter Ross were appointed to arrange the practical management of the playground.

It will require at the outside about \$70 more than is now available to conduct the playground this year, and it does seem a pity that for such a small sum the kiddies are to be deprived of their supervised play, said one of the active supporters of the movement at the close of the meeting, and "while no public appeal is to be made, owing to the war conditions, we hope that those citizens who are in a position financially will assist in making the playground a success for the fall holiday term. If enough funds are not forthcoming, the term will have to be shortened to correspond with the finances."

Last year was the first time Fairville attempted a playground and success was measured from the opening. An average attendance of 100 a day was reported and the news that the swing, teeters and a slide with other games will be in operation this year will no doubt gladden the hearts of many children who enjoyed themselves to the full last summer.

THIS ST. JOHN SOLDIER IS ONLY SEVENTEEN YEARS OLD

Driver Clem Jeffray, with the fourth divisional train in France is a St. John boy whom the call of duty, possibly mixed with a boyish love of adventure, came at an early age. He celebrated his seventeenth birthday while crossing the ocean for overseas service with the first contingent. In a recent letter to his former employer, Hugh Ingraham, of 27 Barker street, he writes in a cheerful vein of the daily experiences of the division, speaking with evident appreciation of the fact that they have an opportunity to bathe twice a day in a nearby canal. He says that he has driven a fine team of horses carrying blankets for one of the battalions, but adds that he sees that "they are doing away with all the blankets now."

The young soldier is a nephew of T. Oscar Collins, Times' stereotyper, who also has a son away to the war.
