SECRETARY OF STATE FOR DOMINIONS

Renewed Talk of Change in The British Colonial Office

PASS ACT FIRST

Sir A. Mond Speaks on Situation Regarding Free Trade—Hon. Mr. Lemieux Received by Duke of Connaught—Thomas Tait's Advice

London, Nov. 3.—The Daily Mail says the work of the colonial office is soon to be divided. A new secretary of state is being appointed, to deal with the business of self governing dominions. The Mail's announcement is probably an intelligent anticipation of events as change in the colonial office has been hinted at by Earl Crewe but in any case it will not be made till after the imperial conference and it may not involve the appointment of a new minister.

The Canadian Associated Press understands that no arrangement of the kind could be carried out without an act of parliament.

The postmaster general's report shows that the weight of letters and postcards dispatched to Canada and Newfoundland in 1909 and 1910 was 683,000 pounds. Circulars, book-packets and newspapers, 4,589,000 pounds. The letter and cards received were 320,000 pounds; circulars, books and newspapers, 1,229,000 pounds. Parcels despatched weighed 314,731 pounds, received, 121,671 pounds.

The C. O. D. system is rapidly fostering trade in small articles within the empire.

The Bank of Montreal today closed the list in the Saskatoon issue. It has been fully subscribed.

Australia's Cruiser The armoured cruiser which Australia is building will have a displacement of 18,000 tons—fifty tons heavier than the displacement of the Indefatigable. The cruiser is being completed at Devonport.

Sir A. Mond, in a lengthy interview in the Leader, says the people of England ought not to take exception to the fact that from Toronto headquarters of the Conservative and protectionist party. Most views coming from there are of a nature to excite the interest of Canada. Mr. Mond found in the east of Canada that relatively little was known of the strength of the movement in the west towards free trade, yet he was surprised at the numbers of free traders in the east of Canada, and the surprising still at the fact that the most influential newspapers in the east were free trade papers.

He says it is now realized that the vociferous assertion here as to a sweeping free trade agitation in Canada in the record achievement of political banks.

Cape Town, South Africa, Nov. 3.—The Duke of Connaught received Hon. Mr. Lemieux and also representatives of Australia and New Zealand yesterday.

London, Nov. 3.—Miss LeNeve had an interview with Dr. Crippen today in the Pentonville jail. She obtained the order in the usual way. The couple met in a private room in the presence of the warden. The interview was short and it is understood the disposal of the prisoner's property in the event of his appeal being unsuccessful, was decided on.

Mr. Tait's Advice Melbourn, Aust., Nov. 3.—Thomas Tait the railway man who is returning to Canada, made an important speech at a demonstration in his honor yesterday. He urged upon his hearers the necessity of advertising the resources of Victoria abroad. He was able to draw upon his long experience in Canada to quote examples of how progress had been quickened by advertising.

Regret has been expressed throughout the state because of the resignation of Mr. Tait as head of the railway system. The magnificent property of the Victoria government railways at present is largely due to his administrative ability.

It is understood he does not propose to enter the railway world but will attend to private affairs in Canada. It is now known that he made a confidential statement to the premier in June that he intended to resign and a public announcement would have been made some time ago had not the Richmond railway accident occurred. Inquiries arising from it precluded Mr. Tait from making any announcement till some decision had been arrived at by the government as to an apportionment of the responsibility for that disaster.

JACK JOHNSON HIT ON HEAD WITH A BRICK

Missile Thrown in Chicago Strike Causes Injury

Does More to Negro Champion in a Minute Than Jeffries Did in Fifteen Rounds—Johnson Stunned for Five Minutes

Chicago, Nov. 3.—In riding to the depot yesterday in non-uniform tuxedo, Jack Johnson, heavyweight pugilist, was struck by a thrown brick and a large gash cut in his forehead. The champion, who had received a message from his attorney in New York, urging him to hasten east, summoned the first cab he could, and started for the station.

As the cab turned into Vanburen street from Clark, where a crowd of union drivers had congregated, some one threw a brick through the window, it struck Johnson and stunned him for five minutes.

Johnson was called to New York by his attorney to appear in court tomorrow as defendant in a suit which a theatrical concern has brought against him for \$5,000 for alleged breach of contract.

Eloped and Mock Marriage at Niagara Made Girl Believe She Was Barrette's Wife; Burglar's Outfit Found in the Man's Room

Baltimore, Nov. 3.—The police of this city believe they have in custody a genuine "Raffles," in the person of Thomas H. Barrette, alias Kemp, of Toronto, Ont., who is held here on the charge of having robbed the residence of Howard Kellogg in Buffalo on September 9.

On Barrette's person and in the room where he has been living, the police found a large quantity of jewelry, etc., flashlights, skeleton keys and everything else that goes to make up a complete burglar's kit. Several dress suits also were found. These, he said, he wore on his visits.

Also in custody is Miss Florence Tomlinson, aged eighteen years, who is said to be the daughter of a railroad official living in Toronto. Miss Tomlinson and Barrette were married in Toronto and until yesterday she believed that they were legally married in Niagara Falls, N. Y. That this was a mock marriage dissolved after Barrette's arrest, when he begged that a minister be sent for to marry them. The girl was willing that this be done, until Barrette called the police on her, to a number of burglaries.

Caught a Heavy Cold It Left Him With a Hacking Cough

Mr. J. H. Richards, 1822 Second Ave. East, Vancouver, B. C., writes: "Allow me to convey a few lines in praise of your Dr. Wood's Norway Pine Syrup. Last fall I contracted a heavy cold which left me with a hacking cough, and every time I would get a little more cold this hacking cough would become a lung splitting one. It kept on getting worse and I kept on spending money buying different cough remedies until a friend asked me if I had ever tried Dr. Wood's Norway Pine Syrup. I told him I was willing to try anything. He thought I was kidding and said that it should come again but I quite soon found I have a powerful cough. Let me recommend Dr. Wood's Norway Pine Syrup. It is a cough sufferer's cough or throat irritation of any kind."

The Evening Chit-Chat

By RUTH CAMERON

THERE is a certain spot very near home for all of us, to which an occasional—say a weekly or at least a monthly visit—would be invaluable.

And yet some of us go there not more than once or twice a year, some of us once or twice in a lifetime, and some of us never.

And that spot is simply the bottom of our hearts.

How often do you go down into the very bottom of your heart? A little friend of mine was trying to make up her mind about something.

"In the bottom of your heart," I asked, "don't you know that you don't care for him?"

She sat thinking intently for a moment or two.

"Yes," she acknowledged slowly, "in the bottom of my heart, I guess I do know it. I don't know as I ever went there to find out before."

That's the way with most of us.

We have some important questions to decide, and we argue with ourselves, and range disadvantages and advantages against each other in pitched battle, and get needlessly confused and—embroiled, while down in the bottom of our hearts, clear and distinct as the pebbles at the bottom of a crystal well, the true answer lies waiting for us to come and look for it.

To ten men who are honest with other men, I don't believe there is more than one who is thoroughly honest with himself.

We try, self-consciously, to judge of other people's motives, but wise is the man that knows even his own motives, I think.

I remember the first time I had a check book. As soon as I got it I wrote out a check for a certain charity. I started to be pleased with myself at my virtuous action, and then I took a trip to the bottom of my heart, and wondered, "Am I doing this wholly for sweet charity's sake, or partly for the pleasure of using my new check book?"

I think the best time to go down to the bottom of your heart is in the morning, just after you wake up, or rather just after you have completely swept away the cobwebs of sleep by your morning bath.

The well is clearest then. At night the sunset glow of the emotionality, which is so much strongest in most of us at that time, is reflected in it and makes it less crystalline, and the breeze of mental excitement and enthusiasm, which is usually most lively then, ripples and quivers its surface.

But in the morning—the clear, cool, unemotional morning—the will of your inmost self awaits you recruiting, clear as a crystal, untrifled as a mirror.

Have you any problems to decide? Have you any subject that demands your very sanest consideration? If you have, why not see what suggestion lies at the bottom of your heart? Why not visit that neglected spot tomorrow morning as you dress?

You may not find anything different there from what you know already. And then, again, you may find truth itself, undiluted and undisguised. But maybe you don't care much for truth that way. Few people do.

Daily Hints for the Cook

ORANGE CAKE One cup sugar, three tablespoons butter, two eggs, half cup orange juice, grated rind of one orange, 1 1/2 cups flour, 1 1/2 teaspoons baking powder. Cream butter and sugar, beat; add eggs unbeaten; beat thoroughly; add orange juice, then the flour sifted with the baking powder. Bake in gem pans and roll in powdered sugar waifs.

A Man of Beauty is a Joy Forever

Dr. T. Felix Gouraud's Oriental Cream of Magical Beautifier.

It is the secret of good kisses lies in the beating. Beat the whites of two eggs to stiff froth, then add two cups of granulated sugar and one teaspoonful of vinegar. Beat well for 20 minutes. Turn your baking pan upside down and cover with oiled paper. Drop the mixture in teaspoonfuls on the pan. In baking they swell quite a bit. Do not turn the light on the oven until they are on. Then bake slowly 25 minutes. This quantity makes two dozen.

HOT WATER CAKE

Four eggs, separate them, beat yolk light, gradually stirring in two cups of granulated sugar. Beat well together, add a cupful of boiling water, two cups of flour, one teaspoonful of baking powder. Beat whites to a froth and flavor. This makes a good, large, three layer cake. Bake slowly.

BAKED APPLE PUDDING

Line a small bake sheet with good, rich biscuit dough, fill nearly full with sliced apples, put in one cup of sugar, large piece of butter in dots, any kind of spices; bake one hour in slow oven.

C.P.R. MEN HEAR PLANS FOR "FIRST AID"

S. A. Gidlow Gives Practical Exposition of Work of St. John Ambulance Association—C. P. R. Classes

The importance of first aid to the injured and some of the methods adopted for taking care of injured persons until a doctor comes, was the theme of a very interesting address delivered yesterday afternoon in the C. P. R. general offices by S. A. Gidlow, of Montreal, general secretary of the C. P. R. centre of the St. John Ambulance Association. The meeting, which was presided over by William Downie, general superintendent of the Atlantic division, was attended by more than fifty men employed on this division, and all seemed greatly interested in the subject.

It is expected that classes will be started in this city within a very short time, under the direction of Dr. T. D. Walker, with Dr. James Christie as the examining physician.

Mr. Gidlow, after remarking on the splendid attendance, launched into his subject. He said the first question generally asked was what was first aid. The best way to answer this question was to state just what the object of the St. John Ambulance Association was. It was, first, to teach people what to do until such time as a medical man could be obtained; secondly, to teach them what not to do, and this was as important as the first; and thirdly, to teach them what to do in emergency cases, where persons might bleed to death for lack of prompt attention, or might suffer from other causes.

He announced that Dr. T. D. Walker had kindly offered to conduct the class in St. John, and Dr. Christie had volunteered to act as examiner. He hoped many would avail themselves of the classes, as the doctors were giving their services entirely free. Each class would have its own secretary and would report to the divisional secretary, which in this division would be Mr. Kydd. After examination, each man in the class on passing a satisfactory examination would receive a diploma showing that he was capable of rendering first aid. Everything would be practically free to the class, the only charge being twenty-five cents for the book on first aid, which amount would be refunded when the scholar had passed his examination. There were now in the western branch of the C. P. R. service, he said, about 1,200 men taking the classes. He spoke also of the work of the dominion association, and said he was willing to do anything he could to assist the local branch of this body.

He was strongly in favor, he said, of first aid being taught in the public schools and colleges. It could be done by devoting a few hours each day to the study and he believed it would be of far more practical benefit than anatomy and physiology. He then spent some time in illustrating the different methods of placing a bandage.

In closing, he suggested that all who were desirous of attending the classes hand their names to the secretary and have a class started at once.

Dr. Christie and Dr. Walker, who were present, strongly endorsed the work of Mr. Gidlow, and A. M. Belding, editor of the Times, and Mr. Downie also spoke of the importance of the work of rendering first aid to the injured.

It is expected that classes will commence within a few days.

Don't jump at conclusions unless you are in training.

MRS. ROBINSON IS GRANTED A DIVORCE

Proceedings in Judge McKeown's Court—News of Fredericton

Fredericton, Nov. 2.—The divorce court adjourned this afternoon until Nov. 24, when judgment will be given in the case of Smith vs. Smith. The evidence in the case was concluded this afternoon. The witnesses examined were George Gamblin, of Queens county; the plaintiff, Herbert Edward Smith, of Johnston, Queens county; Mrs. John L. Burnett, of the Grand Hotel, Fredericton; Mrs. Orchard, of the Orchard Hotel, Fredericton. The evidence was to the effect that the defendant, Almond Smith, and Walter Kincaid, the co-respondent, had lived at the hotels mentioned as man and wife. R. B. Hanson appeared for the plaintiff. The case was undefended.

In the case of Robinson vs. Robinson, R. W. L. Tibbits was the last witness. His evidence was to show that Rev. Howard Sprague, who married the parties in the suit, was a duly registered clergyman of the province. On the conclusion of the evidence, Judge McKeown said that he would deliver judgment at once, when the facts were clear in his mind. He said he would consider the charges of the libel as proved. He decided the marriage contract should be annulled and plaintiff to take the name of her maiden name, that of Warwick. With the consent of H. A. Powell, counsel for the plaintiff, the decree was made without costs or alimony.

Fredericton, Nov. 2.—Eugene Desroches, mill owner of St. Paul, has made an assignment to Sheriff Johnson, of Kent county.

Rev. W. H. Pearson, St. John, has been authorized to solemnize marriage.

John W. Colpitts, of Albert county, who was defendant in a recent assault case in Westmorland circuit court, has been dismissed from office as a provincial constable. In the Royal Gazette this week notice of his dismissal for misconduct in office appears.

Application for incorporation as the Fairville Drug Company, Limited, is being made by Mr. G. H. Allan, Dr. W. L. Ellis, Mr. J. G. Stenhouse, Mr. J. B. M. Baxter, and Mr. G. E. Logan, of St. John. The capital stock will be \$5,000, and the drug business carried on in Fairville by Glendon H. Allan is to be taken over.

CONFERENCE ON RECIPROcity TO BE BEGUN SATURDAY

Ottawa, Nov. 2.—Reciprocity negotiations between Canada and the United States, he commenced on Saturday next at Ottawa.

Hon. W. S. Fielding announced this morning that word had come from Washington today that Chas. M. Pepper, who participated in the negotiations last April, Henry M. Hoyt, former solicitor general and now controller of the American department, and J. G. Foster, United States consul general at Ottawa, have been appointed to represent the United States. Canada will be represented by Hon. S. Fielding and Hon. Wm. Patterson, sister of customs.

After the first conference on Saturday it is expected that there will be further conferences throughout next week. It felt here that the conference will produce substantial results. What proposals made by either side can only be ascertained, as the conference will be behind closed doors. It is likely that a definite will be announced until negotiations have been finally ended in an agreement embodied in a written instrument.

It is understood that Canada has in mind the question of sacrificing any Canadian interest, or curtailing the preference which is granted to Great Britain.

However, it is recognized that, while adhering to these principles, there are many anomalies in the tariffs of each country the removal of which would do away with restrictions that now act as a check upon trade and retard commerce passing between Canada and the United States.

This is held to be especially true in the case of raw materials and natural products, freer interchange in which would work to the advantage of producers as consumers in both countries, without any injury to vested interests on either side of the line.

It is a common mistake for a man to think himself a lady-killer.

ALMOST DROWNED.

On Saturday night, as the passengers were landing from the steamer Viking at Lord's Cove, Charles Lord, who had just stepped on to the dock and started to go up in the darkness, walked over the wharf, falling a distance of about fifteen feet. A rope was dropped over where the man fell, and Arne Amesen, deck hand of the steamer, slid down it and made connection with him. Then a boat was put out from the steamer and in a short time he was landed on the shore little the worse for his sudden cold bath.—St. Andrew's Beacon.

STILL SINGING THEIR PRAISES

DODD'S KIDNEY PILLS DOING GREAT WORK IN SASKATCHEWAN.

Mrs. Emel Carlson Tells How Quickly and Completely They Cured Her Kidney Trouble.

Colony, Sask., Nov. 2.—(Special)—No remedy has done much for the wheat growers of Saskatchewan as Dodd's Kidney Pills. They occupy a place in the family medicine chest on every farm, and every stock raiser in this neighborhood has a box of them. Here is what one of them is telling her many friends:

"For about two years I was sorely troubled with kidney trouble. My sleep was broken and unrefreshing and I was always tired and nervous. The least exertion would cause me to perspire freely, and my perspiration had an unpleasant odor. Three boxes of Dodd's Kidney Pills cured me. They are certainly the best medicine I ever used."

If you have any of Mrs. Carlson's symptoms your kidneys are wrong. Make them right with Dodd's Kidney Pills.

FRUIT SHOW HERE AGAIN NEXT YEAR

In the board of trade rooms yesterday afternoon at a meeting of the N. B. Fruit Growers' Association addresses were delivered by Prof. J. W. Crowe, R. W. Starr, and Prof. Macoun. They dealt with topics of importance in the establishment of successful orchards.

Last evening in the N. B. rooms the members listened with pleasure to an instructive address given by Dr. C. Treherne who spoke on "The Brown Tail Moth and Other Orchard Pests." Mr. Treherne spoke on the disastrous effects on fruit growing which certain insects could have, and urged the adoption of methods to exterminate the pests. He was followed by Mr. Brown of Nova Scotia, who described the efforts being made to rid that province of dangerous insects.

Hon. D. V. Landry, commissioner of agriculture, praised the exhibit of the Canadian fruit growers, he said, he was highly pleased.

A vote of thanks, moved by Premier Hannam, was tendered to Mr. Treherne for his address.

At the close of the meeting, M. G. Turney was re-elected secretary of the association, and it was decided to hold the next annual convention here. A similar exhibition will also be held, probably in November of next year.

WATER BOARD MATTERS

At a meeting of the water and sewerage board last night, the report of the sub-committee on the Mispic Pulp mill was recommended to the council on condition that the written opinion of the recorder be attached to the effect that the lease can be drawn safeguarding the city in all its rights. The proposal is to lease to Peterson, Cutler & Co., for \$2,500 a year with an option to buy for \$30,000. It was decided also to have a test made of the water pressure.

It was recommended that two rooms in the water department building in Leinster Street be given to the Anti-Tuberculosis Association for a free dispensary.

Messrs. Pollock & Nice were recommended for the contract of excavating for water mains in Summer Street, Woodville Road and Bay Shore road.

The engineer was instructed to call for tenders for the laying of sewers in Douglas and Garendon streets. The engineer reported that the contract for laying a water pipe in Champlain Street had been awarded to J. E. Lane.

It was recommended that \$500 be paid to the owners of the Desmond property on the line of the conduit, on condition they release the terra cotta pipe held by them.

The Canadian Fairbanks Company was recommended for the contract for the 8 and 4-inch pipes for the hospital at \$85.25 and \$30.25 per 100 feet, and T. McAvity & Sons, Ltd., the 6-inch size for \$47.

The claims of Edgar and Bernard Nelson for damage to their land on the pipe line were left to the engineer, chairman and recorder.

The engineer recommended that a barn be built at Robertson's reservoir, and it was agreed to sustain this. The cost was estimated at \$150.

It was decided to call for tenders for a trunk sewer at Marble Cove.

WATERLOO STREET BAPTISTS CONTENT
Stated Today They Are Not Taking Part in Proposed Amalgamation of Churches

With regard to the talk of amalgamation of Baptist churches, the impression appears to have been gathered from the article in the Times last evening that the Waterloo street church was not taking part in the proposed amalgamation. Active members of the Waterloo street church, however, wish it stated that their church was not represented, and that as a matter of fact they discussed the question and decided that they do not now desire any change.

The members of the other two congregations were of the opinion that the leaders among their Waterloo street brethren were of the same opinion as a few years ago, when the matter was considered, but this does not appear to be the case. The question of union is therefore between Leinster street and Brussels street churches although the members of Waterloo street church will also be asked to consider it.

Wallace and Hendry, the former taking the place of Mr. Fielding, and the latter Mr. Magee. As both Messrs. Magee and Fielding have been coming to St. John for some winters they will be much missed as both were exceedingly popular.

Of the Donaldson line office staff, James McEwan will not come to St. John this year, but it is not known as yet who will be his successor. The other members of the Donaldson staff will be the same as before.

The C. P. R. staff will arrive in the vicinity of the 14th, as will the Allan staff. The first Allan steamer is the Virginian, which is due at Halifax on the 17th, and the first C. P. R. steamer will be due about the 24th.

The C. P. R. steamship ticket office at Sand Point will be enlarged this season, and there will be four ticket windows. It is anticipated that as a result passengers will be handled much more rapidly.

WATERLOO STREET BAPTISTS CONTENT
Stated Today They Are Not Taking Part in Proposed Amalgamation of Churches

With regard to the talk of amalgamation of Baptist churches, the impression appears to have been gathered from the article in the Times last evening that the Waterloo street church was not taking part in the proposed amalgamation. Active members of the Waterloo street church, however, wish it stated that their church was not represented, and that as a matter of fact they discussed the question and decided that they do not now desire any change.

The members of the other two congregations were of the opinion that the leaders among their Waterloo street brethren were of the same opinion as a few years ago, when the matter was considered, but this does not appear to be the case. The question of union is therefore between Leinster street and Brussels street churches although the members of Waterloo street church will also be asked to consider it.

HOW MUCH DO YOU WISH TO PAY FOR YOUR Overcoat?

Probably you have fixed a limit as to what your Suit or Overcoat ought to cost—most men.

The point for you next to decide is, where is that sum of money going to buy the most? Just here, the Oak Hall Clothing Store respectfully invites your attention. For over twenty years it has led the fight for quality and has insisted that standards should be set higher each year.

At the same time we have insisted that good clothes did not mean fancy prices. Being manufacturers we give you better clothes for the same money or the same clothes for less money.

So with confidence we today invite inspection of our complete stocks and welcome comparison with other stores.

Men's Overcoats at \$6.00 to \$30.00
Men's Suits . . . at 5.00 to 35.00

The Best Boys' Clothing

Many fathers and mothers make the mistake of buying their Boys' Suit or Overcoat because the initial cost is low. It seems economy to do so. But is it right? In a few weeks—frequently days—the suit begins to look shabby, and in a surprisingly short time is worn out. Have you had such an experience?

No doubt, there is in St. John, Boys' Clothing at lower prices than ours; but nowhere can you find clothing AS GOOD at lower prices—that's a point we cannot emphasize too strongly.
