

CRIMINAL LIBEL ON KING CHARGED

Crown Advocates Take Action Against Publishers Who Circulated Morganatic Story King Barred by Law from Giving Evidence—Expected to End Rumor at Once

London, Jan. 29.—The "News of the World" says that King George's advisers have instituted criminal libel proceedings, with the object of ending once for all rumors which have been freely circulated for years that His Majesty, when Prince of Wales, wasmorganatically married to a daughter of an admiral at Malta. The defendant in the case is Edward F. Mylius, who is said to be connected with the paper "The Liberator," published in Paris, which printed the statements on which the libel charge is based. Mr. Mylius was arrested some weeks ago, charged at Bow street, committed for trial, and sent to jail. In the ordinary way the case would be tried in the Central Criminal Court but on application of the Crown it will be brought up in the high courts on Wednesday next before Lord Chief Justice Alington and a special jury. According to a statement in the "Liberator" the defendant intends to file a plea of justification, and also subpoena the King as a witness. The constitutional law, however, makes it impossible for His Majesty to give evidence in his own courts, notwithstanding that he may be anxious to do so. Practically all of the London Morning papers publish stories of the intention of the King's advisers to carry the case to the courts on the charge of criminal libel. It is noteworthy that the Morning Post, referring to the arrest of Mylius on December 26 in a recent article, said that he was charged with being concerned in the publication of seditious statements, but the paper made no reference to the allegedmorganatic marriage, merely saying that the alleged seditious statements referred, among other things, to the policy followed by this country in Egypt and India. The Post also published a long article on the constitutional law, in such an unusual case, saying that the police arrested Mylius during a legal vacation and had abstained from charging him in police court, according to the usual procedure. Application was made to the vacation judge in chambers, who issued a writ of habeas corpus, and then committed him to custody, fixing the bail at \$100,000, which the prisoner was unable to furnish. The result of this action of the police was that Mylius was legally committed without publicity, and until recently the London papers have made but brief reference to the case. It is understood that the proceedings in the suit are brought under a statute 200 years old.

REFUNDS ON G.T.P. FRAUDS

Half a Million Dollars Will Be Held Back From Contractors As Result of Inquiry Into Over Classification.

Ottawa, Ont., Jan. 29.—Half a million, approximately, is to be deducted from contracts on the eastern division of the National Transcontinental Railway in respect to over-classification and allowances for overbreak. This is the effect of the award of the arbitrators, Gordon Grant, for the Transcontinental commissioners, E. B. Kellner, for the Grand Trunk Pacific, and Collingwood Schreiber, C.M.G., chairman. The report has been sent to the government and represents several months of work in which the different sections were examined and notes taken on each cut. The finding of arbitrators does not say in so many dollars how much is to be deducted, but it takes each particular part of the work complained of and lays down a ruling as to what the measurements and allowances should have been. This will be compared with what was allowed and if the latter is in excess of the arbitrators' findings, deduction will have to be made accordingly. As stated about half a million dollars will be taken off contractors and sub-contractors. It will come out of drawbacks held by the government. The complaints were made by the Grand Trunk Pacific Railway, whose concern arises from having to pay interest on the total cost of the eastern section. If dissatisfied with the award those who are affected will have the right to appeal to the Exchequer court. The contracts involved are about sixty million dollars.

QUEENS COUNTY FARMER BLOWS HIS HEAD OFF

Delirious From Pneumonia, Albion St. George Takes His Own Life In Desperate Fashion—Put Shot Gun In His Mouth.

Young's Cove, Jan. 29.—While delirious from pneumonia, with which he was suffering, Albion St. George, a well known resident of Young's Cove Road, blew the top of his head off this morning, and died instantly. He placed the muzzle of a shot gun in his mouth and discharged the contents of the gun into his head. Mr. St. George had been attacked with pneumonia on Saturday, but his condition was not thought to be serious. This morning he was alone in his bedroom, when he arose from bed, and went into an adjoining room, where a shot gun was hanging. Taking the gun down, he placed the muzzle in his mouth and, with dreadful determination and intent, pulled the trigger. The heavy charge tore through his head, and he fell to the floor dead. The whole top and back of his head was practically blown off. Members of his family, attracted by the shot, rushed to the room and were horrified to find Mr. St. George lying dead on the floor, while spattered blood and the ghastly wound bore mute testimony to his awful deed. Dr. Egrie, the coroner, was at once summoned, and decided that an inquest was unnecessary, as there was no doubt the unfortunate man was delirious from the effects of his illness when he took his life. Mr. St. George was 75 years of age, and is survived by his wife and one child. The horrible affair has cast a gloom over the community, and the deepest sympathy is expressed for the bereaved ones.

CANADIAN IS SHOT IN MEXICO

Marius Cox Victim Of Bandits In Attempt To Assist Mormon Family Under Fire—Rebels Occupy Town.

Mexico City, Jan. 26.—San Juan Evangelista, terminal of a branch of the Tehuantepec railway and San Juan Talamp, near Coahuacocoles are reported despatches from Vera Cruz to have been occupied by revolutionists under the command of Dr. Enrique Silmanares Rivas, president of a political club in Atoyac, state of Vera Cruz. Rivas is said to have been at the head of former rebellions in Guatemala and to have passed several years in Cuba. An account of murder and savagery of which an American Mormon family and a young Canadian were victims reached here today in a private letter from Dublin, near Casas Grandes. Four bandits attacked and robbed the home of James Morlensen and brutally mistreated Mrs. Morlensen and a 13 year old daughter. Subsequently the latter was shot and killed while preparing a meal at the command of the robbers. An American by the name of Medison, escaped and in reply to his appeal, Marius Cox, a native of Canada, attempted to assist the Morlensen family, but fell dead under the fire of the bandits.

POPE'S DECREE ON MODERNISM OATH

Berlin, Jan. 28.—Widespread interest has been aroused by a letter sent by the pope to Cardinal Fischer, archbishop of Cologne, relative to the oath disavowing modernism, which is now required of theological professors by the Vatican. Already this ruling has resulted in the withdrawal of several members of the theological faculty at the University of Munich, and has called forth a sharp controversy in the press. The Pope says in part: "In fulfillment of duty so far as God's praise is directly concerned, the struggle should not be shunned. On the contrary it should be courageously entered upon." A recommendation follows that exemption for other reasons should not be permitted.

DEATH OF PAINTER.

OFFICIAL ANNOUNCEMENT OF CONNAUGHT'S COMING

Exclusive Story in Standard Confirmed by Cablegram Received at Ottawa Yesterday Will Arrive in September and Stay Two Years at Least—Duchess Will Accompany Him

H. R. H. DUKE OF CONNAUGHT.

London, Jan. 29.—It is officially announced that the Duke of Connaught will succeed Earl Grey in September as Governor General of Canada. He will hold the appointment for two years and that period may be extended. Ottawa, Ont., Jan. 29.—The official announcement of the appointment of the Duke of Connaught as Governor General of Canada in succession to Earl Grey was received today. A cablegram from the Colonial Secretary to His Excellency, stated that His Highness will be here in September, and that the term of his office will be two years. No doubt the Duchess of Connaught will accompany him. H. R. H. Arthur William Patrick Albert, Duke of Connaught and Strathearn, was born on May 1st, 1850, the third son of Queen Victoria. He married Princess Louise Margaret, daughter of the late Prince Frederick Charles of Prussia. In 1907, he was appointed a field marshal, and commander-in-chief of the Mediterranean forces, and High Commissioner for Great Britain in the Mediterranean, with headquarters in Malta. His eldest daughter Princess Margaret, married in June 1905, Prince Gustavus Adolphus, Crown Prince of Sweden. His son, Prince Arthur, aged 26, has been called the handsome of the Royal Family, and has been on many important missions; he conveyed the Garter to the Emperor of Japan. Another child is Princess Victoria Patricia Helen Elizabeth.

NOTHING TO GAIN FROM CANADA TRADE

Kingston Board Of Trade Informs Jamaican Government That United States Is Natural Market.

Kingston, Ja., Jan. 29.—The royal commission which investigated commercial conditions in Jamaica, recommended the appointment of a West Indian representative in Canada for the furtherance of trade relations between the Dominion and the British colonies in the Caribbean. In reply to this recommendation, the Kingston chamber of commerce has informed the government that Jamaica has nothing to gain from such an arrangement, the United States being the island's natural market.

E. STUART PHELPS PASSES TO REST

Newton, Mass., Jan. 29.—Elizabeth Stuart Phelps-Ward, author and lecturer, died at her home at Newton Centre last night after a short illness at the age of 67 years. Her husband Herbert D. Ward, was in the south when she was taken ill and reached home only today. Mrs. Ward was born in Boston on August 31, 1844. She began to write for the press when but 13 years old. She was the author of "The Gipsy Series" of four volumes appearing in 1865. From that time until very recently, hardly a year passed that a book from her pen was not published.

A QUESTION FOR MR. PUGSLEY.

The proposed reciprocity treaty with the United States by the removal of the duty from Canadian food stuffs, including wheat, cannot result otherwise than to throw open the products of Western Canada to American railways. Already the Hill railroads have feelers along the border country in the West at various intervals, awaiting an opportunity to cross the boundary line, and enter the Canadian market. The immediate result of such an agreement will be the invasion of the West, and American traffic lines will be rushed to completion. This concession to a rival to the British market, a rival of enormous and increasing consuming power nearer home, will aim a deadly blow at Canada's export trade with Great Britain through Canadian ports, the effect of which will be easily apparent. The movement of millions of bushels of Western wheat and other food stuffs from north to south, will not only deprive the port of St. John of a great source of revenue but, as the trade with the United States and through United States ports, increases, will threaten the position St. John has attained as the Winter Port of Canada. There is no phantom in Sir Wilfrid Laurier's speeches, which Mr. Pugsley is so fond of quoting to the people of this province as the Premier's declaration made in the city of St. John that he would "never rest until every pound of Canadian freight is carried through Canadian channels to Canadian ports." It is plain more frequently put forward by Mr. Pugsley and his organs, the Telegraph and the Times, in their efforts to show that he is entitled to the support and confidence of this community, than his single hearted devotion to the cause of upbuilding and developing the city of St. John. Glowing speeches and the awarding of dredging contracts to party supporters count for little where the supremacy of this port is threatened. Is Mr. Pugsley, as the representative of New Brunswick and this constituency in the cabinet, urging the adoption of this treaty which will divert Canadian trade to American channels and American ports? Does he slavishly support Laurier, the opportunist, in his anti-British policy, or does he stand for Empire trade and for St. John? The people of this city and province will want to know what Mr. Pugsley is going to do about it.

COULD NOT GET MONCTON HAS SMALLPOX CASE

Allan Line Steamer Corsican Anchored Outside Harbor While Storm Raged Saturday—Day Late In Arriving.

Halifax, Jan. 29.—The Allan liner Corsican which arrived in port Saturday from Liverpool with the English mail, and in cases of smallpox, suffered terrible weather of Halifax in a blizzard Saturday morning. Capt. Cooke arrived at the harbor at 6 o'clock and ran into the worst storm of the winter. The wind was blowing 50 miles an hour and after several attempts to make the harbor, the captain decided to anchor until the evening when the wind shifted. The blizzard that swept the coast last night was one of the worst for years. It is remarkable that considering the fierceness of the storm no damage was sustained.

PRUSSIA MUST LEAD GERMANY

Berlin, Jan. 29.—Addressing the Reichstag on the subject of the constitution proposed for Alsace-Lorraine, Chancellor Von Bethmann, delivered today made a strong declaration of policy and firm intention to maintain Prussia's supremacy in the councils of the empire. The chancellor said that the government was working always towards granting more independence to the conquered provinces but was firmly resolved to suppress energetically all efforts to arouse a feeling antagonistic to Germany among the inhabitants as such efforts only hindered the fulfillment of Germany's intentions. Replying to the criticism that the suffrage offered Lorraine was more liberal than that of the kingdom of Prussia, the chancellor said that suffrage must conform to the varying conditions of the different states and declared that Prussian suffrage must be so arranged as to give to Prussia to which leadership in the imperial policy had been entrusted, the possibility of maintaining a constant policy of constitutional conservation. Should universal suffrage be introduced there it would make the position of the chancellor and the ministers dependent on the vote of a majority of the masses. Each election might bring a change of minister and parliament would dictate the imperial policy which might be reversed with every election. It would mean the disorganization of the empire.

IRISH PARTY FOUND ELECTION EXPENSIVE

Dublin, Jan. 29.—The annual appeal of the trustees of the Irish party for campaign funds, which has just been issued, says that the recent elections and the fact that the party had to fight not only the powerful Unionist party but also Irish factionists, strained its financial resources to the uttermost. The elections, it continues, were the most expensive for thirty years and the cost was mainly defrayed by the ever generous kinsmen across the sea, and concludes: "Now that victory is within sight it is more than ever necessary for the friends of Ireland to support the cause."

Church Built by Alexander Gibson Burned Down Handsome Edifice At Marysville Which Cost \$65,000 Totally Destroyed By Fire—Adjoining House Burned—Gunter in Trouble.

Special to The Standard. Fredericton, Jan. 29.—The Methodist church, built by Alexander Gibson, st. thirty-eight years ago and dedicated during the pastorate of Rev. Robert Wilson, who now resides at St. John, was completely destroyed by fire this afternoon. The church was the most elaborate edifice of its size in Canada, being a frame building and costing upwards of \$65,000. The interior decorations of the church were most brilliant, being the work of artists brought from New York. The furnishing of the edifice was complete in every detail, the organ also being imported from New York. Mr. Gibson presented the church to the Methodist people of Marysville at the time of its dedication, and for years contributed practically the entire cost of upkeep of the church and the salaries of the ministers, organist etc. The church was insured for \$10,000 in the Guardian Insurance Company. Defective Flue. The fire is believed to have found its origin from a defective flue or chimney. Shortly after 1 o'clock the church was found in flames. An alarm had been given, but it was too late to do anything toward stopping the progress of the flames without any fire fighting apparatus. Scores of men willing to do anything to help save the building were powerless as the flames had gained such headway. During the early stages of the fire an effort was made to save the residence occupied by V. P. Day, next to the church. Water became so great that the volunteer fire fighters had to withdraw. In the meantime some of the furniture had been removed from the house, but the piano and a lot of other furniture was destroyed. Several times the flames came near spreading to other buildings. Mr. Day had \$1,000 insurance on his furniture, so his loss is fully covered. The house was probably worth \$2,000 and was insured for \$500 in the Guardian Fire Insurance Company by the Alex. Gibson Co., by whom it is owned.

ADD STRIKE TO PLAGUE HORROR

Harbin, Manchuria, Jan. 29.—Added to the horrors of the plague, 8,000 Russian workmen on the Eastern Chinese Railway fearing the disease, have gone on strike because the administration refused to dismiss 15,000 Chinese laborers and provide passes to enable the families of the Russians to return to their own country. The strikers have been paid off and will, with their families, be evicted from their dwellings. Troops have been called out and have been stationed all along the line for the purpose of protecting the Chinese. Eight thousand Russian workmen without houses and with finite resources are likely to prove a source of grave danger and it is probable that additional troops will have to be provided before long.

8,000 Russian Workmen Quit Railway On Refusal Of Company To Dismiss Chinese Laborers.

There has been no let up in the spread of the plague. During the past 48 hours, 40 deaths were reported in Harbin alone, and probably there were many others that were not reported.

\$200,000 FIRE LOSS.

Hamilton, Ohio, Jan. 29.—The plant of the Carr Milling Company was destroyed by fire today. The loss is \$200,000.

Delegation of 1,000 from Niagara Peninsula to Demand Defeat of Reciprocity Agreement

First Step Taken in Dealing With Bill at Washington—Chairman Paine Not in Charge

St. Catharines, Ont., Jan. 29.—With only one day's notice, a big mass meeting of Niagara district fruit growers was held here yesterday afternoon to protest against the reciprocity proposals affecting the tender fruit industry. Both political parties were represented and while the speeches were moderate in tone, the sentiment was plainly hostile to the Washington agreement. It was decided to organize a deputation of 1,000 fruit growers to lay a protest before the government at Ottawa and some of the prominent fruit men offered to pay the expenses of two, three or four delegates. A lengthy resolution, drafted by a committee of 17 men, was unanimously adopted. It set forth that the proposed agreement would seriously affect the Canadian fruit and vegetable industries and would mean thousands of growers, and concluded by protesting against the abrogation of the present duties, calling upon the government to find some other means of securing concessions from the United States. A committee was named to arrange transportation rates for a monster deputation to Ottawa. Meetings will be held this week at the smaller fruit centres in the district and another mass meeting will be held in the city next Saturday.

BRITISH COLUMBIA IS AROUSED.

Vancouver, B. C., Jan. 29.—That the proposed reciprocity agreement will never be passed, at least not in its present form, is the opinion advanced by a number of saw mill men in Vancouver. One of them declared today that the fruit interests of the province would never submit to a reduction in their duties upon the government. In addition to this, there would be a great difficulty in getting the government of this province, he thought, to allow free exportation of logs from British Columbia, even in return for the removal of certain restrictions at present working against the interests of the lumbermen here. He declared that all other duties on Canadian shingles, going across the line, would be beneficial, but it remained to be seen if shingles could be put in classification as lumber, and thus made a contingent of the free export of logs from the various provinces. If this were the case, he said that it would not be surprising if some had done about shingles or any other varieties of manufactured lumber, as it was probable that the provincial government would prefer the removal of the duty on exported logs to the British Columbia Lumber and Shingle Association is to hold its meeting tomorrow, when the situation will be discussed.

FIRST STEP AT WASHINGTON.

Washington, D. C., Jan. 28.—To carry into effect the terms of the reciprocity agreement concluded by representatives of Canada and the United States, the first move was made today when Representative McCall, of Massachusetts, a member of the ways and means committee, presented the American bill on the subject. The bill was referred to the committee on ways and means which will take it up next week. The introduction of the bill by the Massachusetts member instead of by Mr. Payne, of New York, chairman of the ways and means committee, occasioned some comment. It is interpreted in many quarters to indicate that Mr. McCall will take a prominent part in steering the bill through the committee and in engineering its progress on the floor of the house. While members of the committee decline to discuss their prospective attitude on the measure, it has become fairly well established that the McCall bill will pass through committee and come out on the floor of the house within a comparatively short time.

PENSION FOR KING MANUEL

Inside Story Of Dealings Of Former Bank Covers Fifty Typewritten Pages In The Hands Of Officers.

Toronto, Jan. 29.—The statement of former General Manager Travers, containing a sensational account of the transactions of the Farmers Bank, is now in the hands of the Crown officials. It contains 50 typewritten pages, and discloses matters omitted from the bank books, and therefore undiscovered by Curator Clarkson.

HERE'S SAMPLE OF UNFAIR CAMPAIGN

Telegram Accuses Standard of Misrepresentation Following Mistake Made in Preparing Advertisement.

Every day brings fresh instances of the unscrupulous and unfair methods adopted by the dredger's morning organ in its efforts to foist its own peculiar views upon a long suffering public and of the lengths to which that sheet will resort in attempting to hold up to ridicule all who do not agree with it.

The advertisement as it appeared in the Standard of Friday morning reads as follows: "Public notice is hereby given that a bill will be presented for enactment at the next session of the provincial legislature, the object of which is to provide for the taking of a plebiscite at the civic elections in April next, as to whether or not the electors of the City of St. John are in favor of governing the city by a mayor and five aldermen all to be elected at large, instead of a mayor and seven aldermen as at present."

The dredger's morning organ published the notice on Saturday morning as it had appeared in the Standard and without taking the trouble to enquire into the matter made the wish father to the thought and accused the Standard of misrepresentation.

CURLING FINALS.

Ottawa, Ont., Jan. 29.—The final for the Governor General's curling trophy will be played at the Rideau Hall rink on Friday of this week between Ottawa and Caledonia.

Ottawa, Jan. 29.—By a score of 45 to 23 the Ottawa Y. M. C. A. seniors defeated those of the Montreal A. A. A. in the first local game of the season Saturday night in the Eastern Canada basketball league. Play was close throughout.

Memorial Windows.

A memorial window in two parts was unveiled in St. James' church yesterday. One part, the subject of which is Christ the Good Shepherd, was erected by Archibald Buser in memory of two children; the other was erected to the memory of Mary Shea, and the subject is the Good Samaritan. Rev. H. X. Gody performed the dedicatory services.

INSURGENTS PLAN ACTIVE CAMPAIGN

GENERAL LEO CHRISTMAS, SOLDIER OF FORTUNE, WHO LEADS FORCES OF GENERAL BONILLA.

Celiba, Honduras, Jan. 28.—With the capture of Celiba the revolutionists have become exceedingly active and intend to make an early attack on Puerto Cortez. They do not expect much resistance at that point, and General Bonilla is in need of a customs receipt. Bonilla arrived in Celiba from Trujillo by gasoline boat on Thursday last, and the preparations are under his supervision.

TAKE FIRST STEP AT WASHINGTON

Continued From Page One. The first move will be to take the bill to a meeting early in the week and determine if hearings will be held on the measure. It is the opinion of the several members of the committee that if certain delegations, representing industries seriously affected by the lowering of tariff rates, wish to be heard by the committee, an opportunity will be afforded them before final action is taken.

There will be no extended hearings, however, and no opening of the bars to all of the tariff arguments that might be introduced for and against the terms of the new commercial arrangement. Members of the committee believe that the facts upon the various items were fully elicited in the hearings held during the preparation of the Payne-Adair bill, and that to renew extensive hearings would needlessly and dangerously delay its consideration by the house. As a bill to raise revenue, it will be subject to amendment and change, unless a rule of closure is first put through the house prohibiting amendments and forcing the house to vote on the reciprocity agreement as a whole. The negotiations resulted in a definite and concrete arrangement which cannot be changed in any particular without upsetting the balance and the effectiveness of the whole agreement.

For this reason it is the opinion of those who favor the approval of the Canadian pact that the Ways and Means committee and the Finance committee will have to prepare a rule providing for its consideration as a whole and without amendment. The impression has been strengthened that President Taft's determination to secure action on the reciprocity measure at this session is such that he will resort to an extra session if it becomes necessary to bring the matter to final consideration in both Houses of Congress. The extra session talk has caused no little worry at the capital. The leaders of the House frankly do not believe that an extra session will be necessary even in the light of the short time remaining in this session, to dispose of the trade agreement in both Houses. If defeat comes for the measure, it is expected in the Senate. The Democrats of the House, after a fairly careful poll by the leading members of the minority, are apparently disposed to accept the treaty and to support it in debate and with their votes. They look on it both as a tariff change in line with democratic ideas, and as a serious attempt on the part of a Republican president to take the tariff out of politics and elevate it above political dispute.

OTTAWA Y. M. C. A. 45; MONTREAL A. A. 32

Ottawa, Jan. 29.—By a score of 45 to 23 the Ottawa Y. M. C. A. seniors defeated those of the Montreal A. A. A. in the first local game of the season Saturday night in the Eastern Canada basketball league. Play was close throughout.

LITTLE DAMAGE IN NEW ENGLAND STORM

Only Minor Accidents To Shipping Reported As Result Of Saturday's Hurricane—New York Tug Damaged.

Boston, Mass., Jan. 29.—Although New England was swept last night by a northwest wind which at times reached hurricane velocity, only a few accidents to shipping and those of minor character, were reported today. The schooner Gathewey, from Boston, for Ipswich, was blown on the Plum Island jetty but her crew got off all right with the aid of lifesavers, and this afternoon the vessel was towed into Newburyport harbor.

EXPECT ARREST AT LABONSKI INQUEST

Investigation Of Murder Of Aged Polish Miner Said To Be Not Without Result—Resume Inquiry Today.

Berlin, Ont., Jan. 29.—The belief of those in touch with the Labinski case is that there will be an arrest made at the inquest tomorrow. Detective Boyd assisted by High Constable Hoher and other county constables have been a work on the affair ever since the tragedy on the 11th and their investigations from all accounts have not been fruitless.

OFFICERS BREAK UP BIG COCKING MAIN

Hundred Persons will be Summoned to Court at Montreal—Three Hundred Birds Found Alive.

Montreal, Jan. 29.—Inspector Walker and officers of the society for the Prevention of Cruelty to Animals broke up a big cocking main at Charlemagne, near the Hotel de Ville, Montreal this afternoon. The officers went out to the scene in a big touring car, and this move put the people off their guard, for when they called at a hotel in the vicinity they were taken for sports, and informed of the location of the place. The man at the door demanded tickets, but the officers refused to pay, and they were doing battle, before the crowd woke up to their identity. Then there was a rush by the three hundred spectators, and when all were out of the place not a whole pane of glass was left in the windows.

TRAPPER'S BODY FOUND ON TRAIL

Toronto, Jan. 29.—The provincial police received word on Saturday that the body of Homer Wilson, the trapper supposed to have been devoured by wolves, fifty miles north of Gowanda, was found on the trail. The unfortunate trapper had evidently been overcome by cold and frozen to death.

SOCIALIST SAYS RICH MUST PASS

Their Mission in Evolution of Society Quite Fulfilled—Reciprocity Fails to Benefit Markets at Present.

J. W. Eastwood was the principal speaker at the Socialist meeting last evening. He dealt with the rich, saying that at one time they performed a more or less useful function in the evolution of society, but that now they had outlived that usefulness, and must, in accordance with Darwin's theory, pass out of existence, like any other useless social or physical organ.

OUR BEST SHOW—The Nickel Claims.

The rather bold claim made by the management of the Nickel remains to be substantiated or denied by patrons today and tomorrow. It is stated the programme of pictures and music as well as chronophone numbers commencing at 7:30, will be the biggest and best ever put on in this big popular house. To be brief here is the list: Biograph Comedy—Drama—The Italian Barber. New Vocalist—Bernice Humphrey—Carmena Waltzes. Actual Events—(1) Battle between London Police and Anarchists. (2) Unveiling of General Wolfe's Monument in England. (3) Swimming in the River Seine. Chronophone—(a) "Chorus: Hearts of the Grodins." (b) Sketch—"Peaches and Cream." (c) Solo—"Beautiful Summer." (d) Dutch Sketch—"Fritz and Louise." (e) Comic Song—"Because I'm married Now." Fancy Picture—"The Fairy's Fishing Rod." Travel in Canada—Calgary and Victoria and Over the Selkirk.

World Famed Passion Play.

A lecture will be given tomorrow evening in the main auditorium of St. Andrew's church by the pastor, Rev. David Lang, who last summer witnessed several productions of the Passion play at Oberammergau, Germany. The lecture describing the last scenes in the life of Christ will be illustrated by 80 slides, many of which were taken by Mr. Lang at Oberammergau. M. H. Emery will preside at the organ, and F. T. McKean will sing. Tickets 25 cents, to be had at A. C. Smith's and Hawker's drug stores. Methodist Mission Women. The annual meeting of the Women's Missionary societies of the Methodist churches of St. John will be held in the Portland Methodist church tomorrow. The afternoon session will open at 2:30 o'clock. Tea will be served from 6 to 7 p. m. A good programme is being prepared and at the evening session Miss Loretta Shaw, a returned missionary from Japan will deliver an address.

Coal Dust and the Ferry.

It is stated that an effort will be made to have the Public Utilities Commission deal with the case of the Dominion Coal Company's coal pocket in West end. Many complaints have been made to the effect that the dust from the coal being handled there has caused much inconvenience to ferry patrons, and there have also been cases where dresses have been damaged. The claim is made that protection can be afforded by the building of a fence between the pocket and the West end ferry floats, but so far nothing of this kind has been done. Several indignant West end residents threaten to take the matter up with the Public Utilities Commission and see if something can be done.

Memorial Service.

The memorial service for the late Adjutant John Baird held in the Salvation Army Citadel last evening, was largely attended. It was conducted by Mrs. David Lang, who was assisted by Staff Capt. Holman, Adj. Carter, Ensign Duncan and Adj. Scott. The speakers made feeling references to the work and character of Adjutant Baird, who though he had only been in St. John about three months, coming here from Brantford, had been connected with the Army for about 14 years and was regarded as an efficient officer and a man of excellent character. Lieut. Pace and Mr. McIntyre sang solos, the band played the Army Dead March, and there were songs by the children's quartette and other musical selections. Adjutant Baird was buried at Perth, Ont. yesterday.

World Famed Passion Play.

A lecture will be given tomorrow evening in the main auditorium of St. Andrew's church by the pastor, Rev. David Lang, who last summer witnessed several productions of the Passion play at Oberammergau, Germany. The lecture describing the last scenes in the life of Christ will be illustrated by 80 slides, many of which were taken by Mr. Lang at Oberammergau. M. H. Emery will preside at the organ, and F. T. McKean will sing. Tickets 25 cents, to be had at A. C. Smith's and Hawker's drug stores. Methodist Mission Women. The annual meeting of the Women's Missionary societies of the Methodist churches of St. John will be held in the Portland Methodist church tomorrow. The afternoon session will open at 2:30 o'clock. Tea will be served from 6 to 7 p. m. A good programme is being prepared and at the evening session Miss Loretta Shaw, a returned missionary from Japan will deliver an address.

Capt. Charles W. Brannen.

A very largely attended funeral was that of the late Captain Charles W. Brannen which was held from his late residence, Charlotte street, West end, yesterday afternoon. Rev. G. F. Scovill conducted the burial service at the home of the deceased, and the interment was made in Fernhill. There were no pall bearers. The estate in which the deceased was held was evidenced by the large attendance at the funeral as well as by the profusion of floral tributes.

S. A. Union Meeting.

The annual meeting of the Women's Army Corps of the city will be held in the West end S. A. hall this evening. Most of the city officers will speak and a fine musical programme has been arranged.

SAINT JOHN, MONDAY MORNING, JAN. 30, 1911.

A TIME FOR THOUGHT.

The Government has shot its bolt. It has gone much further as a result of the reciprocity negotiations at Washington than most people anticipated, and produced an arrangement which includes much and reaches far. The disturbance in trade gratuitously created by a promise of negotiations made a year ago, and which has been felt through the whole Dominion in the retardation of enterprise, and uncertainty of effort, is intensified by this further step of a tabulation of the articles and interests affected. For no certainty yet exists as to the ultimate outcome. The Senate and House of Representatives at Washington have five weeks in which to act upon the proposals. If they refuse to act before March 4th, the uncertainty is prolonged to future and succeeding congresses, which may or may not act favorably. All this time doubt and hesitation will hang like a pall over the country, and capital, investment, enterprise and business be subject thereto. What capitalist will invest, what business enlarge, in the face of contingent legislation which would radically change the situation?

As to the outcome at Ottawa, there is fair certainty. For whatever reason, the Government has set its face towards Washington and away from true Canadian and Imperial ideals. In direct defiance of its own professions since 1898, that it had abandoned Washington, in face of the fact that the electorate in 1900, 1904, and 1908 had endorsed the Canadian-British policy, without any mandate from the people, and despite the protests of every Board of Trade that has spoken and every great interest that has made its opposition manifest, the Government has persisted in its course, and now asks the ratification of the pro-American policy. Will it get it? The House has to speak, so has the Senate, the one hide-bound by partisanship, and dominated by the debasing patronage system, the other shorn of most of its independent members and consisting mainly of late Government appointees. The Government has staked its existence on an arrangement with regard to which no member of Parliament has been consulted on the least particular. The threat of dissolution will be more powerful than the appeal to reason. The measure cannot be altered in a single detail; it must be all or none.

True, there are many of the most prominent members of the party who have declared their opposition to any measure of Reciprocity. But many such brave sentiments uttered by many brave stalwarts have melted into thin air at the summons of the division bell. So we opine it will be this time. "The party" will triumph at Ottawa, and if the United States ratifies the arrangement, Sir Wilfrid will at long last have achieved the great step toward that separation which he so earnestly desires and for which he has so long wrought.

The measure includes what is practically free trade with the United States in natural products, which, whatever in the olden times it may have meant, means much more now. After infinite pains and great cost in opening up a place in the British market for our animal and agricultural products, and transporting them thither over our own routes and through our own sea ports, they are now to be marketed in the United States, and the surplus, if any, not there consumed, will follow the United States transport routes to and across the Atlantic. Will the pro-Americans pause for a moment to figure out what that means now, and will much more mean in the future? If they find that it means the gradual diminution and final complete withdrawal of that immense trade from Canadian East and West lines, and Canadian seaports, and Canadian steamship lines, will they call a halt now before the damage is done? They should, as good Canadians, but will they if Laurier forbids?

This arrangement means that interprovincial trade begins forthwith to diminish, and the nutriment and stimulus to Canadian industry and development derived therefrom, will be applied to increase the international trade where Canada gets the short haul and small profits, and the United States the long haul and the big profits. In natural products and the limited list of manufactured products included in the arrangement, this will be the case. But let no one suppose that this, if carried out, is any but the initial move which, sooner or later, will include all manufactured products. How will this affect the future of Canada? Can we live and prosper without interprovincial trade and a big one at that? Let the pro-Americans answer. Confederation found us a string of isolated provinces doing no business with each other, each trading with its contiguous American neighbor. For forty years the goal of our toil and treasure expenditure has been to remedy this condition and knit the provinces into oneness. Has it succeeded? Let the rich currents of provincial products which stream East and West, and run out into the shorter irrigating channels, answer.

This arrangement, in so far as its aim and tendency go, will turn the forward march of forty years backward, and gradually bring us back to the old conditions when British Columbia will do its trade with the Pacific States, the Prairie Provinces with the Middle North-Western States, Ontario with the Lake States, Quebec and the Maritime Provinces with Portland, and Boston, and New York. Then will Sir Richard's dream become true that the great cities of the United States shall become the metropolis of Canada, and drain its richness

to its capacious centres. Then will the pro-Americans rejoice and be exceedingly glad.

But for the citizens of St. John and this province of the Loyalists is this pleasant reading? Every consideration advanced above militates against true Canadian Nationalism and true British Imperialism. From 1774 to 1900 the United States piled us with cajolery, menace and invasion, with adverse tariffs and unfair discriminations,—all to the end that the North Country should become theirs and British power be banished from this Continent. They failed, for our stock was not to be coerced. Today commercial hunger and thirst, and the desire to get hold of our rich natural resources as a compensation for their dwindling margin of supply on demand, and let it be well understood, their far-sighted plan to forestall and prevent the consummation of Imperial trade union, impel them to try by the peaceful way of commercial alliance for what was denied to rougher methods.

In this arrangement British preference receives a fatal stroke, and British connection a severe menace. The commercial affiliation of 7,000,000 people with 100,000,000, situated and endowed as we two peoples are, is fraught with danger to closer relations with the Empire, is prophetic of future political relations with the United States. The pro-Americans may try to conceal these facts, but in the end they will become patent. It may be that if true British Canadians do not bestir themselves and that right speedily, the knowledge may appear when it is too late to retrieve the situation.

SUMMARY CONVICTION.

Three convictions of deliberate misrepresentation, in an unenviable record in one week for a journal which has any pretension to conducting its news and editorial columns with regard to decency and fairness. The Telegraph last week enjoyed this distinction.

In the first instance the Telegraph went out of its way to make it appear that the Guides' Association, a non-political organization, had criticized the Hazen Government, and was promptly brought to book by a denial from the president and vice-president of the association.

In referring to the meeting of the Borden Club, the Telegraph sought to convey the impression that because Mr. John E. Wilson was absent, he was no longer a staunch supporter of the Hazen Government. Mr. Wilson's letter stating that he was not present on account of illness, and that he always was and will be a loyal supporter of the Hazen Government, was the humiliating result.

On Saturday the Telegraph published the correct and incorrect texts of an advertisement, required by law in order that a plebiscite could be taken to place the city under a commission, drew attention to the fact that the errors in the text had appeared in The Standard, and headed the item "The Misrepresentation." In view of the fact that The Standard has not swallowed the commission plan with the same avidity as the Telegraph, and has ventured to criticize it, anything more despicable than the insinuation the word "misrepresentation" conveys in connection with this advertisement, it would be difficult to conceive.

The explanation of Mr. Wardrop, the Common Clerk, that the error was made in his office, and that The Standard was not in any way responsible, will not heighten the opinion of the public in the reliability of this self-constituted champion of the commission plan, and to whom its advocates were doubtless looking for honest and fair-minded support.

In the political field it has long been recognized that no reliability can be placed on the opinions of an organ owned and financed by a dredging ring which looks only in one direction for its existence. If the campaign of misrepresentation is to be extended to civic affairs, it is well that the citizens should be advised in time.

THE VALLEY RAILWAY.

The Telegraph on Saturday in an editorial which is of its usual Ananias order says:—"Mr. Hazen promised a Valley Railway, but today he is still promising, and there is yet no prospect that he will bring this project to a satisfactory issue."

The Telegraph knows that this is untrue. The only promise to build the Valley Railway was made by Mr. Pugsley in 1907, when he informed the House of Assembly that arrangements would be entered into with McKenzie & Mann for the construction of the road. It was subsequently clearly shown that there was no foundation for this statement.

The Valley Railway was not an issue in the election of 1908, but Mr. Hazen's Government has passed through the Legislature a bill, one part of which provides for guaranteeing the bonds to the extent of \$25,000 a mile, provided the Dominion Government will operate the road as part of the Intercolonial Railway system, the road to be built on a standard laid down by Mr. Pugsley. It is now up to the Dominion Government to do its duty. If it does not do so, other steps will no doubt be taken to secure the construction of the road.

The present local Government is the only provincial administration that has ever taken any serious step looking to the construction of the railway. Mr. Pugsley made a sport of it for political purposes. By constantly publishing such false statements as that we have quoted, it is no wonder that the organ of the dredging crafters has become known throughout this constituency and the province as the "Lying Telegraph."

Mr. John E. Wilson, M.P.P., published in Saturday's Telegraph a letter stating that he was and always would be a loyal supporter of the Hazen Government, and was absent from the Borden Club meeting owing to illness. The morning organ of the local Opposition, in its editorial column, on the same day endeavored to make capital out of the fact that Mr. Wilson was not present at the meeting, entirely ignoring his statement. And yet the Telegraph would like to be considered a reputable newspaper.

Had the Minister of Public Works any regard for the welfare of St. John he would have caused lime to be placed on the free list.

Current Comment

(Calgary Herald.)
When you look at the thermometer think of the poor fellows who are sweltering in the malarial heats and vapors of the Panama canal zone and be grateful.

(Calgary Herald.)
They are to make the penalty for mixing grain \$5,000. This is even more expensive than mixing drinks, and some people say that costs something.

(London Free Press.)
Hon. Dr. Pugsley is noted for his diplomacy, but it would take a lot of smoothness to explain away figures that come from his own department.

(Hamilton Spectator.)
Sir Wilfrid Laurier was presented months ago with a brand new \$25 bill of the Farmers Bank as a souvenir. It will be a souvenir all right.

The Standard's Old Reporter

"Well, I wouldn't be an unbeliever in reciprocity, if we can exchange our City Council for one of those fine commissions that have converted American cities into Canadian cities. Taft rendered churches and such things unnecessary," remarked Uncle Hiram as he lit a Havana cigar made in Boston.

"Believe in the federation of the world, the parliament of man, and it does my heart good to see Bill Taft and Bill Fielding putting their heads together for political purposes. Both of them have ancient promises to redeem, and both have need of doing something to save their parties from obliteration. Taft promised to revise the tariff downward some time ago, but when his tariff tinkers were through with their job, it was discovered that they had revised it upwards. Fielding made similar promises years ago, and he likewise revised the tariff upwards; at any rate I've heard that he did. So both of them have no doubt felt the need of doing something to make amends to their old friends. Taft need not care much whether the agreement is recognized; he can say he did his best. And so can Mr. Fielding, who represents the greatest fishing constituency in Canada, where the Liberal party is at present split up in so many factions that Mr. Fielding had to call off a convention called to choose candidates for the local legislature, lest the row that was bound to follow would make it impossible to smooth things over. Don't tell me that Taft got the best of the game. Mr. Fielding made a good bargain for himself, because he no doubt felt that Taft would have a job to deliver the goods. "Howsoever the agreement is not consummated yet, and when the Yankees get after Taft for proposing a tariff over their felt markets, Mr. Fielding's friends in Nova Scotia, there will be something doing."

OBITUARY.

Francis Knox Kain.

Francis Knox Kain passed away yesterday at his residence, 139 Elliott Row. Mr. Kain was an architect in this city before the big fire and built and remodelled a number of public buildings. About 20 or more years ago he went to New York, and entered into partnership with a firm of architects, among their other activities, carried on a publishing business and issued many books on architecture. While in New York Mr. Kain sustained a stroke, as a result of which he was obliged to relinquish his position and return home. He has lived in St. John for the last 18 years. In his younger days he was a member of Centenary church and was connected with the Oddfellows and the Mason societies. Mr. Kain leaves one sister, Miss Isabella, of this city, and two brothers, W. A. Kain, of this city, and Geo. A. Kain, of Stevensville, Montana. The funeral will take place on Tuesday, at 2:15 p. m., from his late residence.

Mrs. Joseph Read.

News was received yesterday of the death in Moncton yesterday morning of Mrs. Mary Helen Read, wife of Joseph Read, of the I. C. R. Mrs. Read was stricken with paralysis on Wednesday, Jan. 18th and from the first little hope was held out for her recovery. The deceased was a daughter of the late Captain Jacob Fritz and was born in this city. She is survived by her husband, two brothers and one sister. Her brothers are, Captain Horatio Fritz, of Melbourne, Australia, and Dr. H. D. Fritz, of this city. Her sister is Mrs. E. M. Sipprell, of this city. Mrs. Read was a lady of estimable qualities and was greatly respected by all who knew her. She was fully attended to by Miss Gillespie, Miss Alice Marvin, Miss Fraser and Miss Pierce. Ice cream was served by Mrs. Eaton.

The floral decorations in the dining room were very beautiful, the color scheme being in shades of green. The electrolite was covered with smilax and suspended beneath by crimson ribbons was a basket of bright red carnations, the whole reflected in a smilax edged mirror set upon a table beneath.

A quiet wedding ceremony took place last evening at St. Andrew's when E. Wallace W. Watlog, son of Alex. Watlog, and Miss Nellie Dorothy Gunning, daughter of H. D. Gunning, were united in marriage by Rev. George Wood.

Mr. McArthur, of Truro, was in town yesterday. D. R. Clarke, of Halifax, Inspector for the Bank of Montreal, is in town. Miss Staples went to Marysville, Saturday where she will make a short visit.

Miss Alice Horogon who has been spending a pleasant month in Moncton, is expected home today. G. Richards, of Newcastle, was in town yesterday.

Miss Alice Burchill, who was the guest of Mrs. H. B. McDonald, for a few days has returned home. Among the affairs given recently in honor of Miss Jessie Miller was a small luncheon given by Mrs. F. M. Tweedie for the bride-elect and a few intimate friends; a very enjoyable shower given by Miss Helen Leggie.

Pelham Winslow has returned to his duties in the Bank of Montreal, at Toronto.

Engagement Announced.
The engagement is announced of Miss Isabel Crandall, daughter of Mr. and Mrs. Noble Crandall, of Wolfville, to Frank L. Stephen, of Halifax. Miss Crandall is a sister of Charles F. Crandall, now of the Montreal Herald.

Oromocto Lumber Company and F. S. Scott Cutting Three Million Feet in Vicinity of North Station.

Rooth Station, York Co., Jan. 28.—F. Lowe, of Amherst, junior partner of the Oromocto Lumber Company, visited one of their camps on the Yoho on Tuesday last. Mr. Armstrong is in charge of a crew of 45 men, who expect to cut nearly a million and a half.

Ed. Carter, of Amherst, has a contract of cutting this lumber into long deals and laths. He is turning out nearly 18,000 feet per day. This is being hauled to Rooth Station and shipped to market.

John S. Scott, of Fredericton, is also operating in the neighborhood of Rooth and so far is doing a fair season's work. He has a logging crew of about 50 men with Blanch Price as foreman, who are hauling lumber to his mill where it is sawn into long lumber and laths. Mr. Scott has a valuable mill in the woods in charge of Harry Rankine of Fredericton. He will probably cut this winter in the vicinity of a million and a half.

Mr. C. Day, of Gibson, is the government inspector for this concern and the Oromocto Lumber Company. Most of Mr. Scott's lumber is being loaded and shipped to the American market.

Dr. Dougan of Harvey Station visits the lumber camps each week. Mr. Morrow, who was seriously hurt by a runaway team at the Oromocto Lumber Company's grounds at Oromocto Lake, is recovering.

Rev. M. G. Macpherson of Harvey Station visited the lumber camps at Rooth on Tuesday and Wednesday of this week.

PEOPLE'S PULPIT

Prince Lucifer of Old Now Prince of Demons

Pastor Russell Finds Much in the Bible on Satan's Past, Present and Future.

Sermon by Pastor Russell of Brooklyn Tabernacle

Washington, D. C., Jan. 29.—Pastor Russell addressed large audiences twice today in Convention Hall and also in Masonic Temple. He had close attention from very intelligent audiences. We report his address on Satan, the rebel angel.

Doubtless many of the audience were surprised when told that Satan is not in some far-off place stoking fires and torturing human or other victims, but that he is present among men, an invisible angel of evil, actively supported in his work as an adversary of God by legions of other fallen angels, of whom he is a master—"Prince of demons," either because of his superiority of nature, or because of belonging to a higher rank or grade than the ordinary angel. It was a surprise to many to learn that Satan, so far from being ill-favored, is beautiful, according to the Scriptures, and that he is supervising the work directly and through the fallen angels, his servants, to mislead and to deceive humanity—putting light for darkness and darkness for light, error for truth, etc.

Pastor Russell's text was taken from Romans vii, 20. "The God of peace shall bruise Satan under your feet shortly." He said:—

The time was not long ago when intelligent people made light of everything in the Scriptures respecting invisible spirit beings, good and bad—the messengers of God and the messengers of Satan. This, however, can no longer be done. Under the increasing light of the New Dispensation man himself today can do things which but a short time ago would have been considered impossible. Can we not speak with our friends over hundreds of miles with a telephone and recognize each other's voices? Yet there is no pipe or tube to convey the sounds and nothing, seemingly, carries it over the wire. We speak into a hole in the wall and our friends hundreds of miles away hear us. Still more marvellous is wireless telephony. If man can accomplish these things what cannot the Almighty accomplish? Who can deny the possibility of invisible presence of spirit beings and yet admit the possibility of wireless telephony? We are safe, dear friends, in guiding our judgments directly by the Word of God and reasoning inside and not outside of its boundaries.

The Bible and it alone explains certain phenomena and all of the Bible explanations, although written, some of them centuries apart, are in most perfect accord. Thus in Genesis the Bible tells us respecting Satan's defection, and the book of Revelation, written more than three thousand years later, tells us of his binding for a thousand years, of Messiah's reign and Satan's ultimate destruction. Isaiah and Ezekiel tell us of his at one time being in full harmony with God, and that then he was the "covering cherub," glorious, grand, beautiful, and that his name was Lucifer, which signifies the Morning Star.

All of the angelic heavenly hosts are termed stars, bright ones; but Lucifer, being of a higher order, was styled the Morning Star, the Brightest Star. It was at that time, while in Divine favor, that Satan permitted the lodgment in his mind of a diabolical thought respecting his Creator. He thought of now, indirectly, by being in higher responsibility, he could work some wonders and do some things better than the Almighty. He craved the opportunity to make a decision what he could do. But the Scriptures declared that first of all he said this merely in his heart and uttered it not. He said in his heart, "I will ascend into heaven, I will exalt my throne above the stars of God (still farther above his angelic associates), I will be as the Most High"—a ruler.

The Opportunistic Time Came. Never had there been sin in heaven. Satan was the first of all its inhabitants to cherish, to entertain a rebellious thought and to bring it to a consummation. He held the thought in abeyance until the opportunity afforded God and Himself afforded the opportunity, with full knowledge of the consequences, and with the desire that this test of the entire heavenly host, which he perceived the opportunity afforded, should be effected because God seeketh not the worship of constraint, but "seeketh such for worshippers as worship Him in spirit and in truth," voluntarily.

It was when Satan beheld our first parents, in the image and likeness of God, yet not spirit but flesh, earnestly, that he perceived the opportunity of gaining the coveted power for an empire, separate from that of Jehovah. In the first pair the Adversary beheld a new thing, a creature of Godlike qualities and possessed of the power to propagate his own species. Satan realized that the conquest of this pair and the bringing of them into subjection to himself would signify the capture of a world full of people eventually—that the enslavement of the parents would signify the enslavement eventually of the race.

Satan's Methods Were Successful. We cannot deny that Satan's plans were logical and that he has carried them out with great success—so that the Scriptures declare him "the Prince of this world" (John xiv, 30) and "the God of this world" (II Corinthians iv, 4). Nevertheless, his victory was not so great a one as he expected it to be. No doubt, doubtless he expected that he was capturing an immortal race. Quite probably he believed the falsehood he told mother Eve, when he contradicted the Word of God—that a creature of Godlike kind in eating the forbidden fruit would bring upon them the penalty of death, "dying thou shalt die."

Satan's charge was that God had forbidden the eating of this particular kind of fruit and declared the penalty of death for the transgression of His law. "I, Satan, assure you that you need not be afraid of the fruit; I assure you that it will do you good, and that you will not surely die from the eating of it." Alas! Mother Eve believed the Adversary and disobeyed her God, and then enticed her husband

still thinking, no doubt, that she would not die and that the serpent had told her the truth, that God had been the deceiver. St. Paul tells us that father Adam knew better and ate the fruit, knowing that it would cause his death, willing thus to disobey in order to maintain the fellowship of his wife, whose life, he realized, was already forfeited.

When the Divine sentence began to take effect, when our first parents were driven out of Eden to dwell with the thorns and thistles until they should return to the dust, no doubt Satan was disappointed. He had rather by the Prince of a noble living family of angels or of humans than the Emperor of a weak and dying race. However, from that day to the present time he has been fighting upon the same line; he has been contending with mankind that the Word of God is false when it declares that "the wages of sin is death," and that "the soul that sinneth it shall die." From that day to this he has been using this falsehood to the injury of our race, and surely he has succeeded wonderfully.

Today, not only in heathen lands, but amongst the most civilized, it is freely believed (and by many Christians considered Scriptural) to believe the nonsensical that a dead man in more alive than before he died. People of good, sound reasoning faculties on ordinary subjects seem to be "hoodwinked" by this falsehood of Satan, "ye shall not surely die." So true is this that it seems not inconsistent to them to say that a man hit over the head with a stick and knocked senseless, knows nothing, but a man, hit over the head harder and killed, knows everything.

The Fallen Angels. It was sometime after the fall of Satan and the fall of man, that the Lord permitted the great test to come upon the angels of heaven, under which test a host of them fell into sin, disobedience, etc., and since then are known in the Scriptures as the fallen angels and as devils—more properly demons. Two weeks from today, D. V., we will consider their temptation and sin and penalty and whether or not there be any hope. Suffice it to say now that these fallen angels, demons are under Satan as their great prince and that they have been in deceiving mankind and opposing the Divine programme.

It would have been as easy as not for God to have blotted out of existence entirely both Satan and the fallen angels, and man also, and to have completed another creation, angelic and human. But such was not the Divine programme. God's ways are not as man's ways, and his thoughts are higher than the earth's (Isaiah lv, 9).

Satan the Great Murderer. No less an authority than our great Lord and Redeemer tells us that Satan was a murderer and a liar. He declares that he was a murderer from the beginning and abode not in the truth; when he speaketh a lie he speaketh of his own, for he is the father of lies (John viii, 44). It is well that we keep this Divine testimony in our minds. It is well that we note just what the first great lie was, namely, Satan's misrepresentation, saying, "Ye shall not surely die."

It is important that we notice this, because so thoroughly has Satan accomplished his deceptive work, that practically everybody, heathen and civilized, accepts Satan's version of the matter and discredits the Almighty's. Let us note also that Satan is a murderer; not that he murdered Adam and Mother Eve, and that he is still murdering our race under the just laws of heredity. The error of believing Satan instead of God has gotten many into the confused situation of disclaiming that God proposed that man should live forever on earth in a Paradise and as his family would increase and continue in harmony with His Divine regulations of the boundaries of his Paradise filled with the knowledge of God and the home of a perfect humanity in accord with God, privileged to maintain everlasting life, here. But, says his theory, by Satan's lie and our first parents' fall, we die and by dying become more alive and some of us go to heaven and the mass to some eternal, fiery hell, of which we have no knowledge and for which there is no Scripture proof.

But let God be true and let us see how and wherein Satan lied when he contradicted our Maker and let us see also how our race was not sent to heaven or to a hell of torment, but was murdered, killed, put to death—"The wages of sin is death." "The gift of God is Eternal Life" (Romans vi, 23).

God, while permitting Satan and sin and depravity and death to take their course, has not been idle. He has had, and still has, a great plan for human salvation—a plan for recovering man from sin and from death and from all of his fallen conditions, a plan of restitution to human spirit, a plan by which the seed of the woman shall yet, figuratively, crush the Serpent's head, or undo Satan's great original misdeed—recover man from his murdered condition and from his fallen estate to all that he had at first, plus the knowledge and experiences of the present life and plus the experience, incidental to his uplift, during the reign of Messiah, for

which we pray. "Thy Kingdom come." The Scriptures clearly show us that all of this recovery is to be accomplished through the merit of Jesus' sacrifice—"the just for the unjust." That the work has not yet begun is evident. We are still living under the law of sin and death. The Messianic Kingdom must come in power and great glory, and be established, the Scriptures tell us, in a great time of trouble. Then the earth will be made to blossom as the rose, and the wilderness and the solitary places will be made glad, and all mankind will receive Divine blessing and opportunity to return to Divine favor and life as human beings. And the wilfully disobedient and arrogant of those opportunities will die the Second Death, from which there will be no recovery, no resurrection, no hope.

"The Saints Shall Judge the World." (I Corinthians vi, 2) These great blessings of restitution for which Israel and the whole world are waiting, cannot be brought about until first the special salvation of a special class, the salvation of the very elect—not to human nature, but to a heavenly nature, as the Bride of Christ—shall be accomplished. The selecting of these has progressed for nearly nineteen centuries and, apparently, is about complete. The Divine blessing and work then to be inaugurated will be restitution to earthly nature and perfection—"to the Jew first."

During all these centuries, while Satan has been the Prince or ruler amongst the children of this world, and while he has blinded them with his sophistries and falsehoods, he has also done another work for the saintly few now being called to the heavenly places. For these he has, so to speak, turned a polishing grindstone to prepare them for the riches of the heavenly glory as new creatures, as heirs of God and joint-heirs with Jesus Christ their Lord. Quite unwittingly, we may be sure, he has served the Creator's purpose and helped to prepare, through trials, his class for the glorious things which God has in reservation for those that love Him.

In Divine dealings, God's wisdom, foreseeing the end, is able to use the wrath of men and of the fallen angels and of Satan to praise Him and to work out blessings to his elect Church, and the remainder, which does not thus work, he can and does restrain. Hence the Divine promise that "all things shall work together for good to those that love God, to the called ones according to his purpose."

Satan as an Angel of Light. St. Paul declares of Satan, "We are not ignorant of his devices," and tells us that Satan and his servants transform themselves into servants of righteousness, etc. We see this

principle in operation as we read Church history. Satan, all through this Age, has sought to pervert Christian doctrine by presenting counterfeit versions of Bible truths. Thus, for instance, the Scriptures tell us that eventually the Church, "a little flock," will be associated with Messiah in his Kingdom of glory to reign a thousand years. It was Satan's method to counterfeit this hope, to suggest to men the establishment of an earthly Kingdom with an earthly little flock, an earthly glory, an earthly reign. This was set forth as the fulfillment of the second Psalm. And when later on some of Satan's dupes began to get free from some of his snares, he became their leader in an opposite direction, called them reformers and led them to claim that all the civilized kingdoms of the earth are the Kingdoms of Christ. This is the status of affairs today. The world in general believes that Christ's Kingdom has come, even though they still pray, "Thy Kingdom come, thy will be done on earth as it is in heaven." Satan has led them away from careful attention to making their own calling and election sure by Christian character development, into the various reform movements of the world, whose trial time has not yet come. This Christ's Kingdom of glory will be bewildered, confused by the artful wiles of our enemy.

Now, however, as the morning of the New Dispensation dawns, our eyes of understanding are opening. We perceive that our Adversary has but a short time until he must be bound for a thousand years; that the Messianic Kingdom must prevail that all the families of the earth may be blessed through the Seed of Abraham. Finally, at the close of that reign of righteousness, the Scriptures declare that Satan shall be destroyed.

The Church is the Body of Christ, of Messiah. Hence the Apostle's words of our text apply to the Church in glory—"The god of peace shall bruise Satan under your feet shortly."

Dies on I. C. R. Train. The death occurred Friday afternoon at 2:30 o'clock on the C. P. R. express of Montreal. Mrs. M. P. Harrington, of Bridgewater, who for the past month had been visiting in Nashua, N. H., for the benefit of her health. Mrs. Harrington was on her way home in company with her husband, when her demise took place. The remains were forwarded to Bridgewater Saturday morning by the Halifax and South Western, where interment took place. Mrs. Harrington's maiden name was Sarah J. Walker, and she was twice married. She leaves one daughter, Grace, by her first husband, and one son, Ross, by her second husband. She was well known and highly esteemed by a large circle of friends and relatives.

THE COURTS. Florence O'Regan Claims \$10,000 Damages from C. P. R. as Result of West Side Accident. An interesting case to come before the January Circuit Court today is that of Florence O'Regan vs. the C. P. R., which will be tried before Mr. Justice McKeown and a jury.

This is an action brought by Mr. O'Regan, who was injured on January 2, 1909, while working on S. S. Empress of Ireland in Carleton Place. The plaintiff alleges that the defendant provided several gangways, or gang planks, from the wharf to the steamship and ordered the men not to use certain gangways, as they were unsafe, but expressly ordered and directed them to use the one at the forward part of the ship which was not fastened.

The plaintiff used this gang plank and it gave way and he fell. As he fell, he was struck by the plank, his foot was crushed, his ankle was hurt, and the cords torn, and he was bruised and permanently injured. He claims ten thousand dollars damages. The defendant denies specifically the allegations made by the plaintiff, and says that there was contributory negligence on the part of Mr. O'Regan. Honor R. Forbes and John B. M. Baxter appear for the plaintiff, and H. H. McLean, K. C., M. P., and Fred R. Taylor for the defendant.

Women in Police Court. In the police court on Saturday morning Bertha McLeod, arrested on a charge of street walking, was allowed to go with her mother on the promise of both that she would not be seen on the street at night in future without her mother as an escort. In admonishing the girl His Honor referred to the growth of street walking in the city and urged the police to be on the lookout for all women seen on the street at night, and who were at all open to suspicion. At the same time His Honor spoke of the zeal of night detective Fred Lucas in seeking that the law in this respect was observed.

Auction Sales. At Chubb's corner Saturday, F. L. Potts sold the equity of redemption of George Cushing in all the stocks and shares in the Cushing Box Company. J. A. Gregory was the buyer at \$250. NOT PLEASED WITH REPORT

Sussex Correspondent Complains That Losers Gave Biased Account of Game-- Predicts Defeat of St. John.

To the Sporting Editor of The Standard. Sir:—Will you permit me to say that there is considerable indignation hereabouts in regard to a report that you have given of the Sussex-St. John hockey game. That a paper should accept a version of a game from painfully bad losers, is, I think not in the interests of sport and not in keeping with the reputation your paper has enjoyed for fair dealing in its treatment of sporting events.

The complaint that Mr. McLeod is an old hockey player and therefore should not have acted as referee in a contest in which his team-mates were interested, is really childish. Would St. John prefer a baseball player to referee a hockey game? Or might I put it this way, when did St. John insist that no ex-St. John player should officiate at a game in St. John's? The league appointed Mr. McLeod as official referee and those who saw the game will admit that he did his best to give both teams even handed justice. No referee is infallible and therefore no such claims are made for Mr. McLeod.

The trouble with the St. John team is that it was beaten, and yesterday several old sports of St. John were offering apologies here for the decidedly unorthodox conduct of the team from their city. If St. John cannot take a beating possibly they, and not other league teams would do well to step out of the league, as on out-of-town form they may expect a couple of defeats from Fredericton and Maryville, unless they show better form than here.

In The Standard's report of the game referred to above, no objection was taken to Mr. McLeod as a referee on the ground of his being a former player on the Sussex team. This fact was not even mentioned.—Sporting Ed. Standard.

Match Race at Vic. Tomorrow night at the Victoria rink there will be a half-mile match race between the 4th and 5th bands between Gordon Nuttall, former champion boy skater of the world, and Samuel Albert. As both lads are very speedy a great race is sure to be the result, and there is much speculation now as to who will be the winner in this event.

Roly-Poly Manager Hitting Ball Hard

CARLETON MOLEWORTH. For 13 years Carleton Moleworth, the human dumping, has been swatting the ball at a .308 clip in the minor leagues. He began at Palmyra, N. Y., and played with Birmingham and Schenectady in the same state, successive years.

When the Southern league was organized Moleworth joined the Chattanooga team. He has been in the league ever since. He has played with Montgomery and Birmingham, Ala., being manager of the latter club. Two years ago he won the pennant and has been playing under a pretty sweet contract since. During his 15 years in the game, Moleworth hit below .300 but three times.

Some members of the club favor closing for the Hatheway property at once and moving to it as soon as possible, but others are of the opinion that the club should renew with the present quarters for a year and in the meantime prepare the Hatheway property for occupancy next year. It is estimated that with the cost of necessary alterations the Hatheway property would cost the club about \$20,000, and if the purchase is decided upon it is possible that bonds will be issued. This matter, however, is not dealt with by the committee.

NEW QUARTERS FOR GOLF CLUB

Option Held on Hatheway Property on Manomogonish Road for \$17,000 -- May Not Change This Year.

At a special meeting of the St. John Golf Club called for Tuesday evening in the Board of Trade rooms, a committee composed of H.W. Schofield, J. G. Harrison and F. Fraser will report on the question of new quarters for the club. The report will recommend the purchase of what is known as the Hatheway property on Manomogonish road, consisting of 100 acres of land and a house. The club has a 30 day option for the purchase of the property at \$14,000, and it is expected that at Tuesday evening's meeting the committee's report will be adopted. The quarters at present occupied by the Golf Club are as near the ideal as can be obtained but the club will be obliged to give them up as it is expected the land will eventually be sold for building purposes. Already it is stated that owners of the property, which is a valuable one, have decided that the club must pay more

THISTLES WON SECOND MATCH

St. Andrews Thirty-nine Behind in Saturday's Play--W. A. Shaw Makes Eight Extra for Winners.

The Thistles defeated the St. Andrews in their second match of the season by a total score of 244 to 205 Saturday. There were 14 rinks a side in the match and at the finish of the afternoon's play, the score was 127 to 101 in the Thistles' favor. The Thistles managed to make a gain of 13 points in the night's play, giving them a total of 39 points to the good.

A feature of the match in the evening was Skip W. J. Shaw's eight extra over Skip H. F. Rankine. The making of an eight extra is a very rare thing, the only one on Saturday being the fifth made in the history of the province. The first was made about 40 years ago by the late James Milligan the late John H. Thomson, Jas. U. Thomas and John Malcolm making the other four.

Both the afternoon and evening play was witnessed by large numbers of spectators. The following were the rinks and scores:

South Side Swedes Aim at Ambidexterity

PRACTICING LARCHBOARD WORK.

The fact that the men in charge of the Olympic games for next year desire to demonstrate the superiority of certain European systems of physical training may play havoc with the chances of America winning first honors. The list of events published a short time ago calls for ambidexterity, something few American athletes lay claim to, but which it is said prevails among the athletes of some European countries.

The discus, javelin and shot putting events will be alternate right and left handed throws. This announcement came without warning, but already American athletes are practicing the left-handed throws and with a year and more to prepare, it is safe to say will give a good account of themselves, although still handicapped, as some of their opponents have been doing the two-sided things since childhood.

As the weight events are favorites on this side and are generally won by the United States team, it can be seen how heavy is the impost Sweden has handed the men who will compete under the red, white and blue.

WHO IS HE?

Do you know this chap, fans? Perhaps you do and then again maybe you don't. He is a ball player—one of the best in the business. If the artist hadn't used a paint brush so liberally you'd certainly recognize him for his name and his features have appeared upon this page time and again. Tomorrow, on this page, another picture of the mysterious man will appear. If you think you know him, drop the sporting editor a line and tell him who you think he is. If you are not sure, wait until after tomorrow's paper appears and then take a chance. Your answer must be in the mail not later than Wednesday morning at 8 o'clock. On Wednesday the identity of the man will be revealed.

SCHOOL BOYS BEATEN OUT BY BUSINESS

A lively game of basketball was played at the Y. M. C. A. Saturday evening between the business boys and the school boys, the former winning by a score of 17 to 16. Mr. McLeod acted as referee. There were a large number of spectators present. The line up follows: Business Boys: McKiel, Haines, McGuire, Slocum, Belyea. School Boys: Clark, Malcolm, McDonald, Marshall, Montgomery.

Tomorrow evening there will be a contest at the Y. M. C. A. Gym for the business boys. There will be three events, a rope climb, horizontal bar and parallel bars contest.

Ottawa Wins Out. Montreal, Jan. 29.—At the Arena on Saturday evening, Ottawa beat the Wanderers by 8 goals to 2, after one of the most exciting hockey matches ever witnessed in Montreal. Ten minutes before time the score was 2 all, but with two of the home team players penalized Ottawa added six goals in quick succession.

COACH VAIL OFF FOR WEST

Gagetown Man Prominent in Rowing World, Left Saturday to Take Important Position as Coach for Wisconsin.

Harry Vail, the well known oarsman and coach, came to the city on Saturday from Gagetown and with his wife left on the Pacific express for Madison, Wis., where he has been engaged to coach the oarsmen of Wisconsin University.

Mr. Vail's contract begins on Feb. 1st and lasts until July 1st. He will be head coach. There are 5,000 students in the University, and rowing has for the past twenty years been one of the chief features of the college athletic life.

Mr. Vail applied for the position last fall but was too late as Coach Sweetland had been engaged, the latter became ill, however, and Vail received the appointment a few weeks ago. It is one of the most important positions in that line in the United States.

There are two lakes near the University where the races are held and each season the Wisconsin oarsmen take part in the intercollegiate regatta, their opponents being Pennsylvania, Georgetown, Columbia, Cornell and Syracuse.

Until the ice leaves the lake Coach Vail will train his men on rowing machines in the gymnasium and if he makes good this season the position which is an excellent one, will probably be permanent.

West Defeats East. The C. P. R. west and the C. P. R. east teams met for the first time and the game was a hard fought one, some of the members playing a snappy game. The west side won by a score of 8 to 6. J. Phillips, of the St. Johns, was the star for the losers, making five of their six goals.

Scrives Victorious. A game that has been looked forward to by thousands of enthusiasts was that between the All Star Scrives and a team representing Manchester, Robert Allison, Ltd. It was eleven o'clock before these teams got on the ice, and so hotly contested was the game that in spots the ice melted. It was the first match for the scrives, and they proved a fast bunch, defeating the M. R. A.'s by a score of 4 to 3. It was no kid glove match as both teams were out for victory, and when the speedy skaters would collide the sparks would fly.

At the finish of the first half the score was tied, each team having made three goals. In the second half the Scrives managed to shoot one more goal which won the game. The following was the referee, and the teams lined up as follows: Newspaper Goal. M. R. A. Cribbs... McIntyre. Point. Lee... Killen. Coverpoint. Ryan... McGowan. Rover. Doherty... Sterling. Church... Kerr. Left Wing. Sweeney... Watson. Right Wing. Carr... A. Smith.

Troubles of a Woman. Elizabeth Wegal, the woman who was not allowed to enter the United States on Thursday night by the immigration officials, and who was sent back from Vancouver, will probably be sent to her home in Bridgetown, N. S., today. Saturday night she went to the L. C. R. Depot and remained in the waiting room until about three o'clock yesterday morning, when she was ejected and was taken in charge by Policeman Rankine, who took her to the Central Station. Yesterday afternoon she was escorted to the Salvation Army-Rescue Home, where she is being cared for until arrangements are completed for returning to Bridgetown.

Victoria Street Sunday School. A reunion of the Sunday school classes of the Victoria street Baptist church was held yesterday afternoon at 2.30 o'clock, when very encouraging reports were presented by the superintendent G. Cromwell, the secretary B. Appleby and the treasurer Ezra Keirstead. It was shown that the Sunday school was increasing its membership and that the attendance at the adult Bible classes was particularly large. The men's brotherhood class with E. M. Sippell for teacher, had an attendance of 66 yesterday, while the young ladies class, G. Keirstead for teacher, and the ladies class with M. J. Dancy, for teacher are growing in membership.

P. E. L. HAN EN ROUTE TO MOTHER'S FUNERAL

Wm. Houston of Concord, N. H. Speaks of Effect of Tariff Changes on Fish Business—Prefers Canadian Plan.

On the sad mission of attending his mother's funeral, William Houston, of Concord, N. H., passed through the city Saturday evening en route to Fredericton, P. E. I. He will be obliged to wait until today to cross the straits. He said on Saturday that no longer would he oppose Sunday boats and trains. He had always thought they were wrong, but his present experience had changed his ideas. Mr. Houston's mother, who had re-married, was about 65 years of age and her death came very suddenly. Her two sons at Concord, N. H., had no news of her illness until a telegram came Friday morning announcing her death.

Mr. Houston has been in New Hampshire 16 years and is employed with a large wholesale grocery firm. Fish was handled in large quantities by this firm and Mr. Houston says the reciprocity agreement will have a tendency to lower prices.

"We would be directly interested," said Mr. Houston, "as we get our supply from Gloucester. The fishermen there will make quite a noise for a time, but I think it will come to nothing."

Mr. Houston expressed his intention of buying some Canadian machinery for use on a farm which he has purchased.

"There is nothing like the Canadian plow," he said, "in Prince Edward Island our plows always turned straight furrows, but in New Hampshire the object seems to be to make them as crooked as possible."

Mr. Houston expects to arrive at Fredericton this afternoon in time for his mother's funeral.

SAMUEL FERGUSON DIES FROM INJURIES

Respected Resident of West Side Passed Away at Hospital Yesterday Following Injury at McLeod Warehouse

Samuel Ferguson of West End, who was injured by falling from the McLeod warehouse while at work there, died in the hospital yesterday morning. From the time of the accident it was known that Mr. Ferguson's injuries were of a very serious nature and for the last few days there was no hope of his recovery. He was 62 years of age and a carpenter by trade. Mr. Ferguson was a well known and highly respected resident of the West End and his death will be greatly regretted. He is survived by four sons and two daughters. His sons are Clyde and Samuel of this city, and Lorne and Allan of Manchester, New Hampshire. His daughters are Mrs. W. B. Nice of the West End and Miss Annetta Ferguson, who resides at home.

Mr. Ferguson was a prominent member of the Orange order, a past master of True Blue Lodge, No. 11, and also a past master of St. John County Lodge.

WINTER WAS SEVERE WHILE IT LASTED. Velocity of 60 Miles an Hour Reported from the Bay During Saturday's Storm--Thaw Again Today.

The first real winter storm of the year came on Saturday, and the day was a very stormy one. The wind blew at one time 45 miles an hour and with a heavy fall the snow was blown into high drifts about the city.

These are goods that can be worn now and for some time to come with comfort. We would sooner sell them at less than they cost rather than carry them through "the good old summer time."

Why Don't You Buy Some? They are Cheap.

SUSPECT STONE IN NORMANSELL CASE. Prisoner Held on Suspicion of Breaking and Entering Emerson & Fisher's May Face More Serious Charge.

Harry Stone, aged 22 years, who was arrested Friday night with Geo. Stanton on suspicion of having broken into Emerson & Fisher's establishment, is suspected by the police of being the person who so brutally attacked Mrs. Normansell in her house in Britain street about two weeks ago.

Stone answers the description of the robber somewhat being quite large and well built, dark in complexion and as it is the belief the robber was some person living in the Lower Cove district the circumstances have caused the police to become suspicious.

The prisoner will be taken before Mrs. Normansell to see if she can identify him as her assailant. It is said that the man did not cover the lower half of his face with a towel until after he struck the woman.

Mrs. Normansell has suffered a great deal from the terrible beating she received and has not yet fully recovered.

LOCAL OPTION FIGHT IN OTHER WARDS. Rev. Dr. Hutchinson Makes Prediction in Stirring Address--Temperance People of City Just Waking Up.

Rev. David Hutchinson, D. D., delivered an interesting address on temperance yesterday afternoon before a meeting in the Temple of Honor hall, in the course of which he intimated that the temperance forces in the city had recovered from the setback sustained at the last civic elections and hoped to be able shortly to force a plebiscite on the question of abolishing the saloon in a number of other city wards.

He said he could not find words harsh enough to characterize the men who voted for the maintenance of the saloon which was the enemy of the home and the church.

Dr. W. F. Roberts presided and there was a large attendance. Evangelist Knight conducted the choir and sang a solo very acceptably.

In opening Dr. Hutchinson said that Canadians were at present busily engaged building their national house, and that they should follow the example of the people of Palestine and build proper battlements around their house to prevent the weaker brethren falling into the ways of sin. One element which he considered essential was that the people should be safeguarded from the evils of drink, and the only way to do this was to suppress the liquor traffic. Other kinds of business were not open to the same objections; one could not charge the grocery, or hardware businesses with ruining homes, and injuring the people morally and physically.

Continuing he expressed the hope that the temperance people would soon have an opportunity of voting on the question of suppressing the saloon in a number of city wards, and that before many years they would be strong enough to abolish the saloon all over the city and the province. He told a number of pathetic stories illustrating the effects of drink in this city, and denounced the opponents of the temperance movement and those who at the last civic elections voted in favor of the saloon in unmeasured terms.

On Syrian Life. Prof. William K. Prentice, of Princeton University, will lecture on Friday evening in the rooms of the Natural History Society under the auspices of the St. John Society of the American Institute of Archaeology. His subject will be Syrian Life in Town and Country. Five Centuries After Christ. Admission will be by ticket to the members and their friends.

In Zion Church. In Zion church last evening the pastor, Rev. William Lawson preached an eloquent sermon on The Unpardonable Sin. There was a large congregation in attendance. The new lighting system was used for the first time and gave every satisfaction. The sermon occupied more than an hour and a half.
