WE recret to announce to our subscribers and friends the total destruction of our Printing Office. In New York, on Christmas Eve. This event will necessarily cause a rostonement in the delivery of our January Reference Book. We have, however, duplicated Manu scripts of the entire work, in cur numerous branches, so that although the fire is a very great calanity to us, the delay in issuing the book is the chief feature involved in it. We shall immediately commence the work again, and respectfully ask the indulgence of subscribers under these calamitious circumstances. The preparation of new type, the press work composition and binding, will, with every exertion we can make, occupy tim, but we think that we may safely promise that the delay will not exceed two months at the utmost, and in the meantime the detailed information on our Office Records (the foundation of all the ratings) is freely at the services of subscribers.

Respectfully yours.

Gause it.

For Dysentery or Diarrhoa, but one mild dose is generally required.

For Rheumatism, Gout, Gravel, Palpitation of the Heart, Pain in the Side, Back, and Loins, they should be continuously taken, as required, to change the diseased action of the system. With such change those complaints disappear.

For Dropsy and Dropsical Swellings, they should be taken in large and frequent doses to produce the effect of a drastic purge.

For Suppression, a large dose should be taken, as it produces the desired effect by sympathy. As a Dinner Pill, take one or two Pills to
