Local and other Matters.

COUNTRY PRODUCE is from twenty to thirty per cent. higher than last fall.

A DINNER by the Methodist Ladies at Salisbury on Tuesday, for Church purposes.

A meeting of True Reform Lodge, I. O. G. T., of this place, will be held at Bowles Hall, on Tuesday evening, the 1st of Nov. A full attendance is requested as there will be election of officers.

THE YACHT "PERU," purchased by Walter J. Roberts, Esq., for the use of the Manager of the Wood Point and Mary Point Quarries, arrived here on Saturday in command of Capt. Lewis, who was accompanied by Commodore Lowe. The yacht has a schooner rig, has a rakish look and is a rapid sailer.

SUCCESSOR ACCIDENT AT RICHMOND.—On Friday Willie Cate, son of Mr. John T. Cate, accidentally shot himself with his father's revolver in the side of the neck, not far from the neck. Two physicians attended the unfortunate lad, but were unable to find the ball, which is supposed to have lodged somewhere in the roof of his mouth. His condition on Saturday last was critical.

THE potato boom continues, but the cold weather is likely to stop it. At Yarmouth, they are now selling the crop at 60 to 70 cents per bushel for export. Last week over a dozen vessels loaded at Summerside where the prices were from 40 to 50 cents. Last fall they were from 14 to 16 cents. 55,000 bushels have been shipped from St. John in September and October.

CONNECTION.—The quarry property at Rockport, leased by Messrs. Roberts, fronts on Wilbur's Cove, and is not at Peck's Point as stated in a recent number of the Post. The new quarry is on the property of Mr. Albert Ward, adjoining the valuable stone deposits at Peck's Point, owned by Rufus Cole, Esq. The new quarry is a very promising one. This locality will, no doubt, in the near future be the site of extensive quarrying enterprises, as the quality of the stone, as well as the facilities for shipping, and many other advantages it possesses will commend it to capitalists.

DOUGHERTY'S Copper Mine business is going to be a satisfactory one. Mr. E. F. Cough, who secured the lease in the beginning, received \$85,000 on Thursday last from the Boston capitalists, for which he gives them the option of it for \$100,000 more in six months. It is \$275,000. Mr. J. H. Wells, who conducted the negotiations for the Americans, received a fee of \$3,000 on Thursday. Mr. E. F. Cough, representing the Boston Co., has commenced to develop the property by sinking shafts.

ON FOURTH PAGE: Communication, Elgin Exhibition, and other interesting matter.

DECEASED.—Mr. Costes, died two weeks ago for selling rum at Upper Sackville, avoided payment by skedaddling.

CHRISTMAS CARDS are advertised by B. F. Gould, Boston, in to-day's issue. He will give satisfaction to those ordering.

DEATH ON THE RAIL.—On Tuesday, at Stellarton, Wm. Fleming walking over some cars, of a moving train, fell and was killed.

A RUM shanty is said to have been opened near the Wood Point Quarries and is productive of drunkenness and rowdiness. The Scott Act committee ought to look after it.

PERSONALS.—Mr. John N. Thornton, of St. John, comes to Sackville next week to fill the position of local superintendent of the Wood Point and Mary Point Quarries.—W. J. Roberts, Esq., has been in Sackville the past week.

ACCIDENT.—On Friday, a trolley went over the dump at Wood Point Quarry with two men on it. One of them, Mr. Chipman Richardson, of Westwood, had one rib broken and received a bad scalp wound. Dr. Trueman was called, and he is doing well.

KILLED.—An Indian named Joe Noel, was decapitated on the I. C. R. at Moncton on Saturday night or Sunday morning. It is supposed, as he had been drinking, that he went to sleep on the track and when the train woke him up it did not give him time to get out of the way.

NEW STORE.—The Bay of Fundy Quarrying Company are erecting a store at Wood Point 30x50 and three flats with a stone flagged cellar and all 25x25. The second story of main building is divided into two tenements. The third flat of store and second of mill, will be used for forestry. The work is being executed in a handsome manner by Mr. John E. Estabrook.

—Mr. Freeman succeeds Mr. Stewart as pastor of the Baptist Church, at Advocate, &c. Mr. Stewart remains at Parrashoro.

—The Baptists and Methodists are erecting a Union Meeting House at Spencer's Island. The building will be ready for service by Friday.

—The schooner "Nota Bene," loaded with brick, that went ashore on the coast of Maine, is being repaired here. To save the vessel at the time, her cargo had to be thrown overboard.

—The friends of the Rev. A. Freeman met at his residence, at Spencer's Island, on the evening of the 19th inst., and presented him with forty-five dollars in cash, and substantial articles valued at twenty-five dollars, making \$70 in all.

—The schooner "Nota Bene," belonging to Messrs. Eaton, and loaded with deals, was lying at anchor in Spencer's Island Bay during the Easter gale of the 18th inst. In consequence of the vessel splitting forward, the captain had to cut his chains and run ashore, where she now lies, filling every tide.

From Baie Verte.

—The new bell for the Episcopal Church has arrived and soon our ears will be saluted by its silvery "call to prayer."

—The marriage mania is spreading and new cases are coming to light. Last week Mr. Joseph Taylor, of Lunenburg, carried off Miss Ella Goodwin, on Tuesday 18th inst. Mr. James Wells entered into partnership with Miss Jape Avard, of Bristol, and rumor has it, "still there's more to follow."

—The Port Egin Agricultural Fair and Cattle Show having been held on Thanksgiving Day, your correspondent preferring the church to the Exhibition, had not the opportunity of being present. I understood, however, the attendance was large; the exhibit creditable in numbers and quality, and the results generally satisfactory. In the forenoon of that day a Harvest Home Service was conducted by Rev. R. Wilson, who in preaching from the words, "Thou shalt remember all the way the Lord thy God hath led thee," called attention to the reasons why such a service ought to be observed and what ought to be the outcome of the same. In the evening, the poor woman, calling it the Christ flower sent from the dead President to heal her, began to mend immediately. It was an orchid, the Epilobium, and as they are usually sold at the price of twenty dollars a blossom, it gives one an idea of the royal prodigality of the wealth.

—Mr. E. Stevens, late foreman of the Sackville Foundry, now occupying a similar position in Harris' Foundry, St. John, returned here last week to make extensive stone purchases for Mr. Hardy. Few citizens of this village were better known than E. J. Stevens. He has been a soldier in his days, and spent six months in Andersonville prison. An account of his doings and sufferings there has been a great deal of talk about here, and he earned a good reputation in his business, and was the good will of those under his charge. On leaving he was given a Daily Times for one year and \$3.50, given by Mr. Stevens and D. R. McElmorn, 2nd, 46 points, prize \$5. In second competition, ranges 300 and 500 yards, Geo. C. Jones won 1st with 32 points, prize being \$15 presented by Sir A. J. Smith.

ROSE-BELFORD'S
Canadian Monthly,
AND NATIONAL REVIEW.

Edited by G. MERCEUR ADAM.

1881. Tenth Year of Publication. 1881.

As one of the founders of THE CANADIAN MONTHLY, and having been its first appearance in 1872, the present writer feels a just pride in emphasizing the fact that with the next issue the publication will enter upon its nineteenth volume. That the periodical still lives and makes progress, however slow, is in view of the mutability of literary ventures in Canada, something at least, to be thankful for. With a publication of its character, and with a field limited at best, and encroached upon by foreign serials, it was hardly to be expected that, if saved from disaster, its progress would be rapid. That it has maintained itself and won a creditable reputation, as has been said, is matter, at any rate, for congratulation. Those who have followed it with interest, however, that the time has come when they may reasonably expect that from now onward the progress of the Magazine will be more marked, and that a hearty support will be given to the undertaking, to justify the continuance of efforts made, not only for its pre-arrangements on old lines, but for its enlargement and improvement, and above all for the necessary, and formerly of national thought, with increasing interest in native literature, and the return, which, in the future, it is believed that these expectations will be realized, and the desire of Editor and Publishers be attained. Collectively, whatever is published can make this matter assured. Individually, each can aid in bringing about the desired result. The press, too, can be very helpful. Whatever is accomplished, to the favour and interest of a Canadian public, the publishers again commend their enterprise.

THE DENMARK
Retort Soft Coal Burner
OR SELF FEEDER.

I HAVE much pleasure in calling the attention of the public to this most remarkable STOVE, which by its extraordinary QUALITIES effects a complete REVOLUTION in the method of burning SOFT COAL—a matter of great consideration in this country, where we have abundance of soft coal at our very doors. The perfection of COMBUSTION and ILLUMINATION far surpasses any stove ever before invented. There is no possibility of escape of gas into the room as it is completely consumed while passing through the flame. It is also a

Most Powerful Heater

and can be readily controlled. The lack of this feature has been one of the chief faults with all Soft Coal Stoves, and it is completely overcome in the DENMARK. A fire can be kept in it for TWENTY-FOUR HOURS without replenishing. I have now one in operation in my shop, and ask for it a thorough inspection. I am satisfied it only requires to be seen to be admired by all.

I have arranged with E. COGSWELL & Co., the Manufacturers in the Maritime Provinces, for the exclusive sale of this Stove (in two sizes) for the Fisheries of Sackville, Dorchester, Westmorland and Bedford. I have also a full line of

Cooking, Hall, Parlor and Office STOVES

manufactured by the same firm, all of which I offer at LOWEST market rates and on reasonable terms.

Was it a Judgement?

DEAR SIR:

Quite a little breeze has been occasioned by some remarks of Rev. Mr. Hamilton of Hillsboro', concerning the death of the late lamented President Garfield. As the Rev. gentleman is quite competent to fight his own battles and we do not know just what he says, we leave him to do his own work in his own way. The subject is however one of general interest, and a little attention to it may not be out of place.

It is assumed that nations as great as we do wrong, and if in the great Hereafter nations will not exist then all their wrongs must be atoned for or punished in the present world, for sin and suffering are inseparable. This statement will hardly be questioned by any who believe in the existence of a Supreme Ruler. "What the Bible speaks truly this has been illustrated again and again, and we are wont to say that history is ever repeating itself. We are punished for opposing the Israelites, Amalek was annihilated for opposing that people, and the Lord's anger was kindled against them for their sin, while the sin of particular individuals involved the nations in great and sore calamities.

Many good patriots will be firmly persuaded that the Sepoy rebellion was a punishment for Britain's truckling to the despotic and cruel rulers of the East, and requiring her soldiers to pay military honours to Indian idols, and to the gods of the Hindoo religion.

It is a sad thing to see the wrong perpetuated upon the unhappy negroes, regarded the Civil War as a judgment upon the whole nation for its failure to enforce the "emancipation of the slaves." And unless our eyes have been deceived we have seen it stated in United States papers that their souls are in hell, and "a vicious" and out of it issued the murder of the President.

Now, no one honours the United States more than the present writer, and for them he wishes a future of increasing greatness and glory. He rejoices to regard the people beyond the border as the worthy descendants of "The Mother of Nations," and hopes the good feeling now existing between parent and child may continue. But our love for and admiration of them has not entirely blinded us to their faults, for faults they have, and no good patriot will be so ready to ignore their existence.

Well, then, was it right for the United States authorities to wink at Fenianism with its programme of robbery and murder, and stand aloof and see the soil of Canada invaded by the growth of the cloth of villainy. And unless our eyes have been deceived we have seen it stated in United States papers that their souls are in hell, and "a vicious" and out of it issued the murder of the President.
