WESTCOCK "BITO".— The high tides of last week carried away the ist at St. Paul's.

The service at St. Paul's Church last Sunday night was largely attended. The chancel and font were adorned with Bermuda lilies, imported for the occasion, and a few choice plants in pots. An eloquent sermon was preached by the Rector, and the musical part of the services was beautifully rendered.

The fact that the People's Theatre and Comedy Ce., which opens here to-night for a short season, was able to draw good houses for fifteen nights in Amherst is sufficient proof that the company is far superior to the average travelling treupe.
