NAVAL DOINGS ARE IMMINENT

Japanese are Advancing in Liao-Tung Peninsula—Their Base Strongly Established.

Another Serious Russian Reverse—Loss 1,200 Men—Other Happenings of the War.

London, Thursday, June 23.—In the absence of definite news concerning the fighting on the Liao Tung peninsula reported from various sources, none of which is official, there is a large crop of despatches in this morning's newspapers. None of these despatches, however, throws any light on the situation. The military writers comment on the significance of the official announcement of the Japanese occupation of Haiung Ya Chen (Hsi Ung Yao Chenz, or Si Yong Cheng), as showing that there has been little change in the Japanese position, as indicating a surprisingly small advance within the last six weeks. Correspondents at Feng Wang Cheng report the continued activity of the Russians north of that point. The correspondent of the Standard at Feng Wang Cheng, under date of June 21, says that a large force of Russians attacked a small number of Japanese on June 20 at Hsueh-tien, fifteen miles northwest of Feng Wang Cheng, and that the Japanese retired after a stubborn fight.

IMPORTANT NAVAL DEVELOPMENTS.

dated June 22, 6.20 p. m., says: "It is not betraying Vice-Admiral Skrydloff's plans to say that important naval developments are imminent in the Far East. The admiralty has no news of the reported loss of two Russian torpedo boat destroyers off Port Arthur. The latest despatch from Rear-Admiral Wittschoff (in command of the naval forces at Port Arthur), dated June 17, reported all were well there. The British ambassador, Sir Charles Hardinge, is presenting a protest against the seizure of the British collier Allanton by the Russian Vladivostok squadron in view of the Russian declaration that coal is contraband of war, and owing to the irregularity of the ship's papers."

THE JAPANESE ADVANCE.

A despatch dated Kai-Chou, Liao-Tung peninsula, June 22, says: "Japanese scouts have appeared two miles from Su-Chen (Siung-Yo-Shan). The main columns of the enemy are three miles in their rear. Gen. Samsonoff, of the rear guard, is falling back of the Japanese advance. A number of men missing after the battle of Vafangong have joined their regiments. The Russian losses are expected to total 3,500. The troops are in excellent condition, in spite of the fearful weather. The roads are ankle-deep in mire, but the rains are now ceasing."

KUROPATKIN AT KAI-CHOU.

"General Kuropatkin arrived here Monday, inspected Gen. Samsonoff's corps and addressed the troops, saying: 'I shall see you soon again. We must settle with the Japanese promptly. Till then we are not going home.' The general also addressed the regiments which specially distinguished themselves in the recent fighting, and presented the St. George's Cross to 250 officers and men, who were drawn up on the platform of the railway station, and gave the commander-in-chief a hearty send-off. Kuropatkin stood on the steps of his train as it moved out and waved a farewell to the troops."

JAP TREATMENT OF PRISONERS.

"The reports of the Japanese treatment of prisoners and wounded are marked by extraordinary contradictions. In some cases the greatest kindness has been shown to the Russians, but from elsewhere come reports of brutality and worse. One case is cited in which the Japanese, during the fighting, seeing the Russian wounded on the field, sent Chinese bearers and had them removed to a hospital."

(Siung-Yo-Shan, mentioned in the above despatches, is 25 miles south-east of Kai-Chou.)

NO OPPOSITION.

Tokio, June 22, 7 p. m.—A division of the army under General Oku occupied Hsiung Yao yesterday without opposition.

THE JAPANESE ADVANCE.

Liao, Yang, June 21.—Delayed in transmission.—The Japanese army base at Shu Yen is evidently strongly established along the line from Kai Chou to Yen Tai. Rumors of a battle northeast of Kai Chou are evidently correct. The Japanese this week advanced to a point 16 miles east of Kai Chou, but retired. It is presumed that General Oku is now advancing to the north by the way of Fu Chou and the coast road, thus enabling him to obtain provisions from the sea.

AT THE BATTLE OF VAFANGTSEN Spectators at the battle of Va Fang

their claim to have been on one occasion three horsemen appear on a hill, one of whom, according to a Russian officer, resembling either a British or American attaché, fell from his horse when the Russians fired and was evidently killed. The battle of Va Fang then almost exactly resembled the battle of Stone River, near Murfreesboro, Tenn., in 1862, during the American civil war. The Russians abandoned their guns and the Japanese pursued them for twelve hours, bivouacking them at nightfall in the position held by the Russians on the preceding day. After placing outposts, the main body of the Japanese then retired towards the sea, it is supposed, for the purpose of obtaining a fresh supply of munitions, which had been exhausted during the battle.

RUSSIAN REVERSE.

London, June 22.—A despatch to the Daily Mail under date of June 21 from New Chwang, says—While a Russian force of 8,000 men, under Gen. Kondratyevitch, was traversing Wafangcheng, nine miles south-east of Kai Chou, June 19, it was surprised by concealed Japanese artillery. The Russians lost heavily, their casualties being 1,200 in number. Gen. Kondratyevitch extricated his men, and led them in good order to an entrenched position.

MAY EFFECT JUNCTION.

Wantsin (undated), via Liao Yang, Tuesday, June 21.—It is rumored Gen. Oku is following up his intention to join General Kuroki, who has moved out to meet him. Cossacks are watching the enemy's movements.

STRUCK MINES.

Tokio, June 22, 3 p. m.—The Japanese captured a junk leaving Port Arthur yesterday, June 21, and the Chinamen on board say that a few days ago two Russian torpedo boat destroyers and the steamer Shin Tsai-ping struck mines at the entrance to the harbor and sank. One hundred and forty lives were lost, according to the account.

FLOWER FESTIVAL

Delightful Occasion Fittingly Observed at McKeough School Kindergarten.

It is quite unnecessary to say that the closing exercises of the McKeough School Kindergarten were successful and well attended—they are always very successful and always well attended.

They were held yesterday in the school, and Miss Victoria Aylesworth, the competent instructor of the class, should feel proud of her little charges on the way they went through their work. It is impossible to realize how well the children are trained without attending their closing entertainment.

The large room where the exercises were held was over-crowded with proud parents and interested friends of the little tots, and several chairs were placed in the hall to accommodate the visitors.

This was the flower festival of the school and consistent with the name, flowers were everywhere abundant. The room was very prettily decorated with flowers, flags, ferns, etc., and all of the little scholars presented their parents with a basket of beautiful flowers each; the baskets being the clever work of the little children themselves.

The entertainment opened with the singing of a number of songs by the whole class, about 64 in number. The songs sung were, "Easter Hymn, A Greeting, The Family, The Clock, The Sun, The Sap, The Rain, Rollicking Robin, Spring Song, The Little Plant, The Little Gardener, May Time, The Wind, O come to the Woods and Weave the Little Basket. One interesting feature of the singing was the song "News for the Gardener," which was sung as a solo by little Helen Landon. This bright little pupil sings remarkably well and her song was enthusiastically applauded by everyone present. The singing as a whole was worth going far to hear, their little childish voices ringing out with an earnestness and sweetness which produced a very thrilling and pleasing effect.

Next came the games, and it was interesting to note the pleasure which is derived by the children themselves out of these games. All are anxious to take part and those who are favored are happy. The games played were gymnastics, ring around the posy-bed, skiptag, pigeons, bird's nest, crows and catpiller.

Another special feature was the marching of the children to the beautiful strains of "Robin Hood" music, played by the talented and accomplished pianist, Miss Rose Morrison. Miss Morrison presided at the piano during the entire entertainment and her playing was greatly admired by everyone present. The entertainment closed with the singing of the national anthem.

Due praise should be given Misses McCrory, Crofts and Stripp, the assistants to Miss Aylesworth and Miss Morrison, who have done much in training the children and whose work is greatly appreciated.

The repeated applause of the audience, and the kind remarks at the conclusion of the entertainment are sufficient evidence that the Flower Festival was a great success.

COMING UP AT THIS SITTING

The Dundonald Matter to be Dealt With in the House of Commons

Original Documents on the Case Concealed and Withheld by the Government.

Ottawa, Ont., June 22.—It was decided in the House this afternoon to bring on the debate on the Dundonald episode at to-morrow's sitting.

THAT FLAG INCIDENT.

Col. Kaulbach, Lunenburg, N.S., referred to the flag incident which was yesterday brought to the attention of the House by Mr. Bourassa. In a patriotic speech he related the circumstances under which Canada obtained the right to fly the British ensign with the Canadian coat of arms on ships registered in this country. Every school in Canada should have that flag on its walls, Col. Kaulbach declared. He recited the stirring lines, "Only a Bit of Bunting," and declared that it was Canada's right and duty to take a patriotic pride in the flag that has been authorized for use on Canadian vessels.

Sir Wilfrid Laurier stated that all the facts in connection with the flag incident had not yet been ascertained. As soon as the Government obtained full information it would communicate with the Imperial authorities in regard to this important subject.

THE DUNDONALD MATTER.

Mr. Fisher referred to the request made by Mr. Monk in the House last Monday for the originals of certain letters connected with the Dundonald matter and other correspondence not submitted to the House. He took the ground that unless special reasons were given for producing the originals, the Government was not called upon to do so. As to the letters written by Col. Whitley, one was marked "confidential" and the other "strictly confidential." These Mr. Fisher declined to make public. He refused also to produce other letters referred to in correspondence. They are from constituents," said Mr. Fisher, "and I decline to lay them on the table of the House."

Mr. Monk insisted that the right of the House to inspect the originals of documents was absolute. As to the letters marked "private," he argued that no letter relating to the organization of the Scottish Light Dragoons could, in view of developments, be regarded as confidential. The question was one affecting the whole militia organization of Canada, and every letter that could throw light on the situation should be presented.

Mr. Fisher pointed out that no order of the House had been made for the papers and letters in question. He was proceeding to argue this point, when the Prime Minister turned in his seat and the two or three words that he uttered brought Mr. Fisher to a sudden halt.

Mr. Borden said he intended to move a resolution in connection with the Dundonald matter. He suggested that the discussion take place to-morrow (Thursday), on going into supply, and to this the Prime Minister agreed.

A CAPTURE!

C. Company Take a Strongly Entrenched "Position" in Order of Actual Warfare.

The officers of "C" Company, of the 24th Regiment, are responsible for a unique and delightful impromptu outing of the corps last evening.

The soldiers assembled in uniform at the drill hall about 6.30, where they secured their arms and several rounds of blank ammunition. They then marched to Victoria Park, the use of which had been courteously granted by his worship Mayor McKeough.

Arrived there, Captain Stone explained that it was his desire to have the company capture a position at the far side of the park, and the company deployed, as in actual warfare, to effect the taking. Scouts were sent out in advance, the attacking line following and the supporting flank bringing up the rear, signal work being introduced throughout.

The position suffered a severe bombardment from the rifles of the attacking soldiers and was finally captured by a spirited bayonet charge at the close.

The captured camp was found to contain an excellent luncheon, and the successful warriors "fell to" in hearty style, and a capital hour of social intercourse enjoyed.

The company voted Capt. Stone a right royal good fellow in breaking up to resume drill with the regiment at 8.30.

WHAT THE OFFICIAL CHANGES MEAN.

Two Ministers and two high officials have come into conflict with the ruling politicians at Ottawa, and there have been two resignations, one dismissal disgraceful to the country, and a threatened abandonment of office. It is important to note the principles involved in each of these cases. The facts are these:

Hon. J. Israel Tarte, Minister of Public Works, resigned, but, according to Sir Wilfrid Laurier, was dismissed because he advocated the policy of Canada for the Canadians.

Hon. A. G. Blair, Minister of Railways, resigned, although asked by his colleagues to retain his office, and thus to deceive Parliament as to his opinion, because, as Minister of Railways, understanding the question at issue, he regarded the transcontinental railway scheme in the altered shape presented by Sir Wilfrid Laurier as "folly," and a sheer waste of \$150,000,000 of public money, without one redeeming feature.

Right Honorable the Earl of Dundonald, General Officer in Command of the Militia, refused to resign, and was therefore dismissed, and described as a "foreigner," because he proposed the adequate defence of the country, and opposed the introduction of politics into the militia, to the injury of the country's defenders, and in violation of the King's regulations. John Lorne Macdougall, Auditor-General of Canada, independent of the Government, resigned, because the supervision of the expenditures imposed upon him by law is contested by the Ministers, and because a bill has been introduced to render his check upon the accounts ineffective, and his attempts to prevent stealing useless.

The Minister or the official who proposes what is right and opposes what is wrong cannot remain in touch with the Laurier Government, and must step aside.—Mail and Empire.

FOOLISH OSTENTATION.

One of the worst uses to which great wealth can be put is in lavish, vulgar ostentation. Sometimes these displays are made with cool, calculating purpose by the newly rich. They want to break into the exclusive social circles without wasting time over it, and they conclude that the best way to achieve their purpose is to give entertainments which the people "in society" will wish to attend. Sometimes the motive is more to be condemned—a craving for notoriety or a desire to arouse envy. Some people are never content unless they are envied.

Whatever may have been the motive that inspired Mrs. Harold McCormick, of Chicago, she has probably accomplished her purpose. This lady, a daughter of John D. Rockefeller, famous as a Sunday school superintendent and as president of the Standard Oil Company, decided to give a fete champerre for the pleasure of the Chicago "four hundred"—an entertainment which would just "lay over" anything of the sort in the annals of new-world society. By all accounts, she succeeded. The affair is a topic of national interest. Twenty carloads of foliage and ten of cut flowers were used in the decorations, and 3,000 electric lights bathed the scene in softened glory. The other accessories of the affair were on the same scale of lavish display. Mrs. McCormick, wife of a multi-millionaire and daughter of the richest American, had the money to do it all, and she did it. Her fete was a huge success; it is the talk of the country; and no doubt she is happy.

But is this sort of thing wise and commendable? No doubt Mr. Rockefeller could, if he would, quote to his ambitious daughter dozens of texts from scripture all showing that such ostentation is not in harmony with Christian grace. But even from the standpoint of worldly wisdom is it prudent? The concentration of vast wealth in a few hands is accompanied by the impoverishment of the many. In the large cities of the United States, poverty is breeding discontent and restlessness and from the ranks of the socialists are being recruited. It is just such vulgar ostentation as this McCormick fete which inflames the socialistic imagination and furnishes the social agitators with arguments and illustrations.

The bad taste of these vulgar displays of wealth is not their worst feature. It is by such means that revolutions are bred. The fetes at Versailles had a direct relation to the social upheaval in France.

ONE POINT CLEAR.

Christian Guardian: The most brilliant and distinguished soldier that Canada has ever had as her general officer of militia has been relieved of his duties. There can be but one feeling, and that one of sincere regret, that Lord Dundonald's services, which have already produced marked improvement in the upbuilding of a vigorous and competent militia system, are no longer at the disposal of this country. Opinion is doubtless sharply divided as to the circumstances which have led up to his being relieved of his office; and upon the technical points involved, as well as upon the particular appointments—and disappointments—cited by him as instances of political interference with his prerogatives and judgment, we do not, of course, assume to give an opinion. But we are very clear on this—that political proclivities and allegiances form in themselves no qualification, and no disqualification, for military appointments.

SENATORS AT WORK.

Montreal Star. The senators recently rushed a divorce case through their divorce committee in twenty minutes! Was this an effort to show Dakota that it is not the automobile on the road or was the evidence very uninteresting?

AN AMERICAN OPINION.

Detroit Tribune. Dundonald is learning with us that the curse of machine influence is a constant attendant upon popular government, and that a government based upon the public franchise will seek to maintain its tenure of office by the political buying and selling of offices so long as human nature remains constant. The one recourse of the victimized people is to remove the officials who would thus abuse the intentions of the public and to cast their voters into outer darkness.

VALUABLE BECAUSE INDEPENDENT.

Toronto Telegram. The auditor-general and the general officer commanding are the only two "employees" at Ottawa who are not necessarily afraid to say that their souls are their own.

The auditor-general makes trouble for the government because the government cannot cut his head off. The general officer commanding makes trouble for the government because his own secure military position in England encourages him to do his duty, whether his head is cut off or not.

EFFECTS OF AVARICE.

The accumulation of property is an animal instinct. As a squirrel doubling its hoard of nuts in the fall indicates a long, hard winter; as a hog gathers its bed before the approach of an unseen storm; so man, from the same instinct, accumulates wealth. He seizes all he can get and hangs on to it with the selfish impulse of the brute. There is nothing so deadly to the soul and to the humanity as the abject pursuit of gold—the greed that accumulates for the sake of accumulation. There is nothing so unites one for right feelings and opinions on the human side of life. Yet, whenever a rich skinflint opens his mouth to give advice—the only thing he ever gives free—we gaze as though he were a god.

IT'S UP TO FRED.

Toronto News. Sir Frederick Borden could hardly be in a worse position. He repeatedly has asserted that Part II. of Lord Dundonald's first annual report was a secret and confidential document. Lord Dundonald, in his most explicit terms tells the public that the report so far from being secret, was intended for publication. That means that Sir Frederick Borden lied—lied from his seat in the house, lied in an official statement to the house. Unless the minister of militia can clear himself from this charge, he must retire from public life. We hardly can conceive Sir Wilfrid Laurier retaining a colleague whose honor has been so fatally compromised.

BORDEN THE BURDEN-BEARER.

Montreal Star. The amount of work which Mr. Borden must get through during a session is enormous. He is leader of his party, its chief financial critic, and its railway expert. His are the speeches which are waited for on every question by the country. He would make a first-class reputation for himself as a parliamentarian if his efforts were confined to any one of these three lines; but he has covered them all, and covered each of them as if he had nothing else in world to do. The Conservative party made a great "find" when they discovered Borden of Halifax; and the Canadian nation will yet learn that among its many debts of gratitude to the Conservative party, this enlistment of Mr. Borden in the public service takes high rank.

Then, according to Robert, Samuel Lyburtis came along and hit him in the head with a mud turtle. Robert has quite a gash to prove his assertion. The case will come up for trial some time this week. Lyburtis was arrested yesterday afternoon.

The Letter-Box

To the Editor of The Planet:

I wish to correct a mistaken idea, which has got abroad, regarding the lots in the Athletic Ground survey on William street. Some time ago I stated through your columns that all lots except one on the portion of the William street pavement put down the first year, were sold. This is correct; but it seems that some parties got the idea that there was only one lot left on William street side. Such is not the case, as there are still seven very desirable lots for sale on this street. All but one lying between Wade and McLaren streets. There are also a number of choice ones still for sale on Queen. Thanking you for space in your valuable paper, I am,

Yours, etc.,

DISTRICT DOINGS.

DRESDEN

June 23.—C. M. Johnson, of Essex, is visiting friends in town. The ladies of Zion Church, Tupperville, gave a picnic in John Holmes' grove yesterday afternoon. Quite a number from Dresden attended, and several others drove down and took in the concert in the evening.

Miss Maudie McKim, who has been attending the C. C. L., is home for the summer holidays.

Dr. Buske, of Kent Bridge, called on friends in town yesterday.

E. H. Dever lost \$52 in bills in the fire Tuesday night. Fortunately the loss to the goods and fixtures is covered by insurance and will be very slight anyway.

The home of Mr. and Mrs. Wm. Budd, Brown St., was the scene of a pretty June wedding yesterday, their second daughter, Sadie, being united in marriage to Mr. Arthur Wright, of Wallaceburg. Mr. Wright is a former Dresden boy, so both bride and groom have hosts of friends in town, all of whom wish them every happiness in their new home.

The happy couple left on the evening train for the south and will make an extended trip, taking in the St. Louis Exposition before returning to Wallaceburg, where they will take up their residence. Among the out-of-town guests were the brother of the groom, Mr. L. J. Wright, Leamington and Mrs. Frank Cragg, of Detroit, sister of the bride.

The annual outing of Christ Church Sunday School will be held on Tuesday, July 5th, and will take the form of a school picnic in Mr. Jeff's woods, northwest of the town.

Bicycle Sale, Saturday, June 25th.—New 1904 Model Antelope Bicycles, Dunlop Tires, strictly high grade, regular price forty-five dollars; on Saturday only eighteen dollars and eighty-five cents. Biggest snap ever known. Brisco's, Chatham.

BLLENHEIM

June 23.—Mr. and Mrs. Geo. Boun-sall visited relatives in Chatham yesterday.

The Blenheim bowlers visited Ridgetown Tuesday afternoon and defeated the Ridgetown bowlers by eight points. The Blenheim men won on each rink after a close contest. The game was thoroughly enjoyed by all who took part.

Burglaries have been the order of the day here lately. On Monday Mrs. D. J. Van Velsor lost her watch and chain. It was traced and found in a valise belonging to one of the members of the theatrical company that played in the Opera House on Friday and Saturday last. The arrest took place at Ridgetown on Tuesday evening.

Yesterday the offender was brought before P. M. Greenwood and was fined \$50 and is out on suspended sentence. On Monday night someone entered Mr. John Connor's house from an outside window by taking out the lower sash and took \$30 from a bureau drawer. Mrs. Connor and daughter being asleep in the room.

Rev. W. B. and Mrs. Allen visited Mr. and Mrs. P. Haggart this week. The junior lacrosse team go to Dresden on Monday to play the junior team of that place.

Miss Nixon, of Ridgetown, is visiting her cousin, Miss G. M. Shilling-ton.

TILBURY

June 22.—Mrs. Sager and son, who have been the guests of Mrs. W. A. Johnson, have returned to their home in Windsor.

Born, on Saturday, 19th inst., to the wife of R. Smith, Canal street, a daughter.

Miss Ella Tinkley returned yesterday from Albion, Mich., to spend the vacation with her mother in Tilbury East.

Miss Kate MacDonald and mother leave this week to visit relatives in Woodstock for a short time, after which they will leave to take up their residence in Armstrong, British Columbia.

Frank Benn visited his sister, Mrs. Ellis, at Maidstone, this week.

Mrs. Veale, who has been visiting her parents, Mr. and Mrs. J. S. Richardson, has returned to her home in Windsor.

The dedication of the Valetta Presbyterian church took place on Sunday, Rev. Mr. Bruce, of Toronto, preaching morning and evening, and Rev. Mr. Uren, of Tilbury, preaching in the afternoon. The services were very largely attended. On Monday evening a tea meeting and concert was given, which was most successful.

At a meeting of the village council on Monday evening the contract of constructing 100,000 feet of cement sidewalk was let to C. W. Cadwell, of Windsor, at 10 1-2c per foot.

\$500 REWARD FOR WOMEN

WHO CANNOT BE CURED.

So uniformly successful has Dr. Pierce's Favorite Prescription proven in all forms of Female Weakness, Prolapsus, or Falling of Womb, and Leucorrhoea, that, after over a third of a century's experience in curing the worst cases of these distressing and debilitating ailments, Dr. Pierce now feels fully warranted in offering to pay \$500 in cash for any case of these diseases which he cannot cure.

It STANDS ALONE.—The "Favorite Prescription" stands alone, as the one and only remedy for these distressing common forms of weakness, possessed of such positively specific curative properties as to warrant its makers in proposing and binding themselves to forfeit, as we, the undersigned proprietors of that wonderful remedy hereby do, to pay the sum of \$500 in legal money of the United States in any case of the above diseases in which after a fair and reasonable trial of our treatment, we fail to cure. No other medicine for the cure of women's peculiar ailments is backed by such a remarkable guarantee; no other medicine for women's ills is possessed of the unparalleled curative properties that would warrant its makers in making such an offer; no other remedy has such a record of cures on which to base such a remarkable offer.

There is no saving Dr. Pierce's Favorite Prescription and turn your back on any unscrupulous dealer who would insult your intelligence by attempting to foist upon you some inferior substitute under the plea that "it is just as good." Insist on having the article which has a record of a third of a century of cures and which is stamped in stamp by Dr. Pierce's Common Sense Medical Adviser. Address WORLD'S DISPENSARY, Buffalo, N. Y.

Weak and sick women are invited to consult Dr. Pierce, by letter, free. All correspondence is held as strictly private. Address Dr. R. V. Pierce, Buffalo, N. Y. Dr. Pierce's Pellets cure biliousness.

WALLACEBURG

June 23.—Mrs. Standish, and Master Beverly, of Auburn, are the guests of Mrs. J. Fraser, Pt. Lambton.

The lacrosse excursion took place Detroit to-day, by St. Winona. The usual large number took advantage of the excursion.

MORE EVIDENCE FROM MONTREAL

That Dodd's Kidney Pills Always Cure Dropsy.

It is a Kidney Disease and is Cured by Curing the Kidneys—Dodd's Kidney Pills Never Fail to Cure the Kidneys.

Montreal, Que., June 20.—(Special).—Every day brings forth fresh proof that Dropsy is caused by diseased Kidneys and that the one sure way to cure it is to make the Kidneys strong and healthy by using Dodd's Kidney Pills. Mr. Geo. Robertson, 392 St. James street, this city, is one of those who has proved this beyond the shadow of a doubt. Mr. Robertson says:

"My feet were so much swollen from Dropsy that when I got out of bed in the mornings I could hardly put them on the floor. My arms used to swell at times so that I could not put on my coat."

"I had to be tapped to relieve me of the terrible pains."

"On the advice of a friend I began to take Dodd's Kidney Pills, and before I had used the second box I began to feel better. Seven boxes cured me completely."

Rheumatism, Diabetes, Bright's Disease, are some of the many forms of Kidney Disease that Dodd's Kidney Pills never fail to cure promptly and permanently.

FUTURE OF THE INDIAN

THE RED MAN'S GOOD POINTS AND HOW HE SHOULD BE EDUCATED.

Given Teachers Who Realize That Life Is Spiritual, and the Mind Can Form It, and the Indian's Nature Now Unspoiled by the Errors of Civilization Will Easily Become Beautiful.

It is customary for the western ranchers to ridicule the interest and sympathy always shown by travelers in the Indian. But the intuition of the tourist—called by the residents superficial observation—is right, whereas the resident, taking note mostly of their weak points and making no allowance for their past mode of life and their present environments, judges his red brother too severely. No uncivilized race answers as readily and creditably to education as the red man. One has but to recognize that they need stimulation and guardianship to solve the difficulty of the Indian's lack of ambition and his so-called laziness. As has been observed, they are but grown-up children. They are about as ignorant of the value of money as they were in the days of selling their land, when they had it to sell, for yards of calico and a few hatchets. It does not seem possible that they can ever be made a commercial people, but something must be done with them in that line. They cannot live a life apart—it is not for their good; they must make part of the nation. Some one must labor with them along the lines in which they are deficient. They are keen in some ways that will serve them well when they come to compete and mingle with the whites. Watch an Indian as he intently studies the face of the person with whom he is talking. He is judging his character.

Why should the Indians be other than they are? Why should they be ambitious and wish to live after our methods when no attempt is made to convince them of the desirability of such a course? Where the attempt has been made—conscientiously and with understanding—the result has been satisfactory.

It is possible to trace the evolution of the Indian. One has but to study the changes going on under western eyes, along with the old usages and styles of living even now prevailing, making comparison easy. When California was discovered, the native Indians were found to be of the lowest type, and in different sections of the state, in Arizona and in New Mexico, the Indian can still be found with no ideas beyond mere living and filthy living at that.

Then there are those residing in the vicinity of white people who dress in a half-way decent manner, sell baskets and pottery, and have a glimmering of the desirability of progress. Another class are the descendants of those whom the Spanish mission priests labored with while they possessed the country. They show the effects of faithful but restricted methods. No ambition or energy results. Then come the Indians of the better reservations who have the beauties of nature about them, acres that they call their own, attractive school-houses and intelligent agents. The agents, instructors and matrons, if they do their duty, will show the parents what of feet decent surroundings and good example have without intellectual knowledge. They will impress upon the children the comforts and success to be gained through education, and instill a desire to enter the busy world and compete with others.

Last come the pupils of the big Government schools, who have almost all the advantages of the public and boarding schools, and whose appearance and attainments silence all criticism.

Given teachers who realize that life is spiritual and the mind can form it, writes Mary Atwood Harding in The Country Gentleman, and the Indian's nature now unspoiled by the errors of civilization will easily become beautiful. There is a good work being done on many of the reservations at the Government school, but the effects, naturally, are not as noticeable.

A Two-Wheeled Auto.

A two-wheeled automobile is something of a novelty, yet the wheel steering, single seat motorcycle practically comes under that head. The double frame follows the lines of the straight tube, drop frame bicycle. The engine is mounted vertically in front of the footboard between the double tubes of the frame, with drive to the rear wheel by a twisted axle drive belt. The case body is mounted on a pair of light elliptical springs, providing a comfortable

seat for the rider. The gasoline tank, battery and coil are located under the seat, with all connections carried below the leg space, which is left open to give easy access to the seat.

The motor is started by a crank, the belt being loosened by the movement of a hand lever at the right of the seat, which controls the movement of the jockey pulley. After the motor is started the belt is gradually tightened until the belt is gradually to drive, when the rider mounts and manipulates the machine as easily as he would a small car.

Red Tag Sale Specials in Our Clothing Dept. on Saturday

Men run no risk on these \$9.99 HIGH CLASSMEN'S SUITS. Safe economy is too rigid a test to apply to most suit sales. Garments, notably the lower priced sorts, are merely thrown together to sell at prices to make loud advertising. And the natural result is a speedy extinction—a "Petering Out" of those shoddy unsubstantial sales. You can begin with the \$5 suit, the \$1 trouser, the \$2.48 Boys' Suit, in the Austin Red Tag Sale, and you can be as certain of getting as good value for your money proportionately, at the lowest price as at the topmost figures. SEE EAST SHOW WINDOW SATURDAY.

HOUSES MAN HE SHOT

George Richmond, a son of ex-Judge Richmond, of Harrow, Ont., early Wednesday morning, shot Owen McCann, a well-known tough character of the village, while, he supposed, McCann was attempting to burglarize the Richmond residence. Richmond discovered later that McCann was partially intoxicated. The wounded man said that he had intended to lay down on the steps of the house to sleep. The wound, which is below the knee, on McCann's left leg, is not a fatal one, but it occasioned a great loss of blood.

Richmond called Dr. Campeau, of the village, who decided that McCann was too weak from loss of blood to be moved and had him put to bed, under the care of the constable, in the house, which, it is alleged, he started to burglarize.

McCann has a police record and Provincial Detectives Campeau and Mahoney will investigate. — Detroit Journal.

BRISCONS' OPERA HOUSE BLOCK

SUCCESSFUL SOCIAL

A very pleasant time was spent at Schreier's school house in Raleigh last evening, when the Methodist church of that place gave an outdoor tea meeting and social.

The program was provided by a crowd of young people from the Victoria avenue Methodist church under the charge of Robert Killop. J. W. Humphrey and Rev. Mr. Mallot gave addresses, Harry Horstead sang, and a male quartet composed of Messrs. Horstead, Holman, Side and Holman gave a number of selections. Ald. Archie McCoig, of this city, was the chairman. A local program was also given. Rev. Mr. McCormick, the pastor, reported the proceeds \$60, which was very satisfactory indeed.

WATERWORTH CASE

The Waterworth case, which has created so much interest among the farmers of Kent County, came up again at the Court House this morning before Judge Dowlin.

This is a case of alleged fraud against the Waterworths for selling refrigerators under false pretences.

The crown put in two witnesses, William Dodson and S. McDowell, who both swore that they bought creamers which were stuffed with sawdust. One of the machines, stuffed with sawdust, was exhibited in the court.

The defendants called several witnesses, among them Mr. Dawson, manager of the Dawson Commission Company, who admitted on cross examination by Mr. Smith, that he never authorized the Waterworths to act as purchasing agents and that there never were to be refrigerator cars at Merlin and Tabary to get the farmers' stuff as the farmers claim the Waterworths represented.

C. Lumley, the manufacturer, explained the construction of the machine and claimed it would do what was claimed for it.

On cross examination he admitted that no test had been made of it in Guelph long side of a cream separator as the farmers claim the Waterworths told them there had been.

When the Court adjourned Geo. Waterworth the prisoner, had given evidence in chief, in which he denied practically everything the farmers alleged had been told to them and claimed the machine was all he said it was, and that their dealing was all fair and above board.

Mr. Smith, Crown Attorney, started his cross examination, when the court resumed at 2 o'clock this afternoon.

The first through train over the Cape-to-Cairo railroad for Victoria Falls, 1,000 miles north, left Cape Town, amidst enthusiastic demonstrations.

All his demands having been agreed to the Moorish brigand Raisul has stated his willingness to release Messrs. Perdicaris and Varley to-day.

THE LAMAS OF THIBET

NECESSARY TO UNDERSTAND THEIR
POWER TO UNDERSTAND THIBET.

Only Really Theocratic Country in the
World—Monastic Life Finds Its Complete
Triumph in Thibet—The Buddhist
Luther and His Reformation—Really
Two Buddhist Popes, One Temporal
Ruler, the Other Spiritual.

In order to understand Thibet, it
is necessary to know what the dalai
lama, the pope of Buddhism, represents
and how great is his power, for he is
the temporal head of the church, the
pant-chen being the head in spiritual
matters. With these two popes it should
be understood that Thibet—the only really
theocratic country in the world—is the country
where the church and the state are
in fact one organization, the priests
being public officials and the pope the
king.

Long before the Christians adopted
monastic life, the Buddhists had invented
it, and in Thibet it found its complete
triumph. Without it this arid and
repellent country would still be in a state
of absolute barbarism, inhabited only by
nomadic tribes. It is not a matter for
surprise, therefore, that one does not
find to-day in the whole length and
breadth of the land a single lay city.
Ever since the middle ages the more
important Buddhist monasteries have
compelled the less important to unite
with their orders, thus forming a few
powerful groups or communities with
different interests and dogmas.

In the thirteenth century the great
Mongolian Emperor, Khoubilai, who
found the temporal influence of the
church necessary to establish his
Empire in China, conferred superior
titles on the monastery of Saska, which
accordingly became the Rome of
Thibet.

Thibet also had its reformation in
the fourteenth century, when
Tsongkhapa, who was something of a
Buddhist Luther, preached a return
to celibacy and austere morals.

What interests me most is the kangaroo.
I have an idea that all kangaroos
were alike before I came to Australia.
I now know that there are forty-nine
varieties, ranging in size from the great
gray kangaroo, the male of which measures
over seven feet from nose to tail tip, down
to the kangaroo rabbit and kangaroo
rat. In Sydney and Melbourne they have
nearly every variety. I saw some there
that were taller than a man, jumping
around in fields inclosed by wire fences.
They have enormous hind legs, which send
them flying along as though they were
moved by steel springs. They can leap
thirty feet at a jump, and can gallop
over the country faster on two legs than
a horse can on four.

The largest of the kangaroos are
the red and gray varieties, which are
found all over Australia, being hunted
and killed by the thousands. Horses and
dogs are bred for the sport. The dogs are
a cross between the greyhound and the
deerhound, and are very fierce. The big
kangaroo is dangerous when brought to
bay. It will attack a dog or a man. It
backs itself up again a tree and waits for
its enemy. As the dog comes up it grasps
it with its forepaws and hugs it tightly,
while it disembowels it with its single
long-pointed claw which it has up each of
its hind feet. These claws are as hard as
ivory; they are three or four inches in
length, and moved by the force of the steel-
like legs they cut like a knife.

Sometimes the kangaroos jump into
the water when they are hunted, and if
the dogs follow them they seize them with
their hands, pull their heads under and
hold them there until they are drowned.
The kangaroos can swim as well as run,
and they take to the water when possible.

The kangaroos go about in pairs. You
usually see a male and female together,
and very rarely a little head of a baby
kangaroo sticking out of the mother's
pouch. The animals are very small when
born and they live for eight or nine months
in the pouch. It leaves the pouch only when
it weighs eight or nine pounds, at which
time it becomes too heavy for the mother
to carry.—Frank C. Carpenter.

**GOOD APPETITE
NOT EVERYTHING**

You Must Digest Your Food as Well
As Eat It—Dodd's Dyspepsia Tablets
Ensure Perfect Digestion.

A good appetite may or may not mean
that you are in good health. If you eat
well and your food is digested your body
will benefit from the heat and strength the
food contains.

But many people who eat well have
simply a false appetite caused by one of
the varied forms of indigestion and
dyspepsia. These people need help. They
need Dodd's Dyspepsia Tablets. Take
Mr. H. Bailey, of 206 Patrick street,
Winnipeg, for example.

Mr. Bailey says: "I have gained in weight
eight pounds since I began to use Dodd's
Dyspepsia Tablets. Before that no matter
what I ate I never seemed to gain strength
or put on weight."

If you would have health and energy
be sure your stomach is doing its full
duty. Dodd's Dyspepsia Tablets ensure
the stomach doing its full work.

A happy married man carries the
fact in his countenance.

Out of the Mouth of Truth.
Fond Mother—Jane, has Johnny
come home from school yet?
Jane—I think so. I haven't seen
him, but the cat is hiding under the
stove.

Cornstarch Pudding.

Cooking school teachers say that

cornstarch pudding is seldom properly

cooked, being generally underdone. It

seldom gets enough cooking, they say,

to take away its raw flavor. A corn-

starch pudding cooked three-quarters

of an hour, the whites of the eggs not

being added until after it is cooked, is

said to be not only palatable, but nutri-

tious also.

CONSUMPTION BEGINS WITH A

COUGH.

The cough racks and tears the ten-

der tissues of the throat. Inflamma-

tion supervenes and then serious

bronchial or lung trouble is estab-

lished. The important time is at the be-

ginning. Stay the progress of the

cough by using fragrant, healing Ca-

tarhoxone, which reaches every part

of the bronchial tubes, throat and

lungs. Catarrhoxone destroys dis-

ease germs, stops the cough, heals

sore spots, clears the nose and throat

of discharge. Catarrhoxone soothes,

never irritates. Guaranteed for ev-

ery form of catarrh. For lasting cure

use Catarrhoxone. Two months'

HUMOR

HE STRUCK IT.

Tommy's Thoughts Were Elsewhere,

but He Could Guess.

"There is a sentimental Tommy in al-

most every school," said Michael King

of Lewiston as he leaned over the coun-

ter of his cafe on Main street and cut

a luscious pumpkin pie. "There was

one in our school when I was a boy.

He was Tommy Frazier, and he was

a mighty smart little fellow, but he

never had his lessons. He knew where

every bird nested, where the May flow-

ers grew the thickest and where the

high top sweetwings fed first; but, bless

you, he couldn't remember his lessons.

He was critical in many matters too.

He knew all that was passing in the

politics of the state and nation, but he

was off in his history lesson. One day

he came in late and couldn't keep his

thoughts on his book. On his way to

school he had seen a big mud turtle by

the side of the track, and he had to

put a big rock on him to hold him till

night, and his anxiety lest the turtle

should get away blinded his eyes. He

hoped that somehow the teacher would

pass him over. He listened to the oth-

er children reciting, with a big mud

turtle crawling away before his eyes

with a rock on his back, but finally the

teacher's eyes fell on him.

"Tommy Frazier, what battle was

Lord Nelson killed in?"

"Tommy was in despair, but he found

a way."

"Did you say Lord Nelson?" he asked

cautiously.

"Yes."

"Which battle?"

"Yes, certainly."

"Well," said Tommy as the light of

inspiration broke over him—"well, I

specks it must have been his last."

A Lesson From Files.

It was in a country school, an I

was hearing my little second reader

class. The lesson that day was a

story about files, their curious ways

and habits. Among other things the

story said that files always kept their

faces clean and then went on to tell

how they rubbed their feet over their

heads, as could often be seen by

watching them. The last thing in the

lesson was the question, "What lessons

can boys and girls learn from the

files?" I asked the children to answer

the question. Only one small boy ven-

tured an answer, and that was, "To

wash our faces with our feet."—Chris-

tian Register.

and I don't believe she has. How did

you find it out?"

"Merely one of my wonderful de-

ductions, my dear sir. It's very sim-

ple. I see she has invited only old

ladies and homely ones."—Chicago Rec-

Chas. Simmons.—When I was at the Soo, I noticed that owing to the stopping of the works there many of the laboring men had gone away and some of them have not returned since the works resumed. As a result, there are many grass widows at the Soo. It just occurred to me that it wouldn't do for bachelors and widowers to go to the Soo just now as they would be very liable to catch hay fever.

PACHYDERMS AND PYROTECHNICS.

Pageants First and Daylight
Fireworks Later.

In all "the glorious pomp and circumstance" of free parade the Great Adam Forepaugh and Sells Brothers United Shows have heretofore held first rank. Now they propose, on Saturday, July 9th, to prove that they lead the whole arena of glittering and spectacular pageant offerings characteristic of the bigger circuses, there are announced uncommon pompous and historical additions, among which the Oriental and military sections will command unusual attention and are striking innovations. The former is a really masterful and rich reproduction of the recent gorgeous State Durbar at Delhi, in which the natives, princes, potentates and other nobilities, of all India received and did homage to the British Viceroy, making the occasion one of indescribably ostentatious and lavishly display of priceless jewels and costumes. The show in question has the huge elephants, superb horses, costly trappings, people and paraphernalia requisite to appropriately perpetuate the event. In the military section of the parade will be found matter of unusual and striking historical interest; our country's martial progress from Bunker's Hill to Santiago, being illustrated and symbolized by the appearance of representatives, armed and costumed exactly as were heroes who fought under Washington, Scott, Taylor, Lee, Grant and Miles. After the morning parade a free display of Japanese daylight fireworks will be given on the show grounds, during which, discharged from thundering mortars, will float, sail and dive skyward the huge and most strangely grotesque similitudes of fabulous monsters, dragons, sprites and Arabian Nights' fantasies, accompanied by pyrotechnic rainbows and wonderful wreaths of smoke.

FOOTBALL EXECUTIVE

The Executive committee of the City Football Club held special meetings yesterday and this morning, there being present: President F. D. Laurie, Vice-President H. W. Anderson, Secretary F. G. Piggott, Treasurer W. A. Collier, Acting Captain M. D. Fraser, Manager J. W. Plewes and Jos. A. Tilt.

A report of the season's work will be drafted and submitted to the club. On motion of Messrs. Anderson and Piggott it was decided to ratify the engagement of the Citizens' Band for the moonlight excursion, for which all preparations were completed.

On motion of Messrs. Laurie and Tilt the President was asked to communicate with Colonel Rankin, commanding officer of the 24th Regiment, expressing the Club's thanks and appreciation to him for arranging a regimental parade with the military bands to the host on the evening of the excursion and according special permission to all the soldiers to disband and attend.

Other matters incidental to the closing of the season were discussed, preparatory to the preparing of the annual report.

SPLENDID PICNIC

The picnic and concert of the Methodist Sunday school, of the Middle Road and Charing Cross, was a great success yesterday.

The 24th Regiment Band was in attendance and marched to the grove on Mr. Jenner's farm, where the picnic was held. Dr. W. R. Hall and Herbert S. Clements, of this city, and Rev. Mr. Thompson addressed the large gathering, the Regiment Band gave several splendid selections, and, needless to say, the sumptuous spread was done ample justice.

In the evening an excellent concert was given in Charing Cross Church, and the sacred edifice was crowded to the doors with an appreciative audience.

The program was an excellent one, the addresses were short and pithy, while the musical numbers were of a very high standard. Dr. W. R. Hall, of this city, made an ideal chairman.

The program:—
Chairman's Address (Dr. W. R. Hall).

FINE SERVICE

The third night's service of the McMaster University Students was held at the William Street Baptist Church, the main body of the church being taxed to its utmost capacity.

After the song service the lesson was read by Mr. Lailey, followed by prayer by Mr. Benson, and a solo by Mr. Metcalfe. Then followed short but forcible, earnest addresses, by Messrs. St. James, Bryant, Egan and Prof. Campbell, interspersed by singing by the quartette and Miss Lester. Rev. Mr. Torrie closed with a powerful appeal to the unconverted.

The methods employed by the students are novel, but judging from the attention paid by the crowded audience, and the encouraging results of their work, the departure seems to be a most profitable one.

At the after-service, to which most of the large audience remained, a large number professed conversion.

The services will be resumed this evening, prefaced by a song service at 7.45.

A HAPPY EVENT

The many Chatham friends of Harry Flowers, Captain of the City Football Club, are all joining in congratulating him to-day. Harry went to his old home in Walkerville yesterday and returned to-day with a Mrs. Harry Flowers.

The event took place at the home of the bride's parents, Mr. and Mrs. White, of Walkerville, last evening at six o'clock. Ed. Wanless, of this city, supported the groom, while the bride was assisted by her sister.

Mr. and Mrs. Flowers will reside on Delaware avenue.

Mrs. Flowers was one of the most popular girls of Walkerville, and Harry is indeed a fortunate man. Mr. Flowers himself is a general favorite among the young men here, and holds an excellent position in Wanless' hardware store.
