Bridgewater is certainly very liberal in its giving for patriotic purposes. It has raised already \$1566.80 for the British Red Cross fund and possibly more to follow. Well done Bridgewater.

Messrs. Robie and Whitney Parker have enlisted in the Royal Flying Corps and the branch of their father's business which they have so successfully conducted here for the past two years will miss them very much. We wish them every success.

Returning Officer A. A. McNeill has had to do some strenuous work in getting the election proclamation distributed all over the county the necessary days before nomination. On Monday afternoon he had copy ready for the printer for the large Proclamation and was all set up in this office and printed off on Tuesday night and then he had only two clear days to post up three copies in every one of the thirty polling districts in this county. Our Linotype and operator had to work through several of the silent hours of the night.

HOGS ARE AS VALUABLE AS SHELLS IN THE WINNING OF THE WAR

Nova Scotia Farmers Have an Opportunity to Perform a Patriotic and Profitable Service by Increasing Pork Supply

Halifax, November 5—The present price of pork in Halifax places it beyond the reach of the average family. Those who are more fortunate in the possession of surplus such may indulge in bacon for breakfast and occasionally have a dish of pork and beans. Not very long ago there was no article of food more staple in Nova Scotia homes than beans baked with a generous supply of pork. Today such a dish can be classed with the luxuries. Nova Scotia farmers can do much more than they have been doing in the production of pork and their doing so well be patriotic as well as profitable.

M. Cummings secretary for agriculture for Nova Scotia, and S. A. Logan, Amherst Point, one of the leading live stock farmers of the province, have not returned from Ottawa where they attended a conference called by the Live Stock Commissioner to consider the best services which the live stock farmers can render the allies at the present juncture of the war. The principal feature of the conference was an address by the Hon. Mr. Hanna, food controller, who stated that there was a serious shortage of fats in Europe and that in consequence the production of fats is today of critical interest. He quoted Food Controller Hoover to the effect that "every pound of fat is as sure of service as every bullet and every hog is of

greater value to the winning of the war than a shell.

The hog is the surest and quickest means of increasing the fat supply hence the proposition which Food Controller Hanna put up to the provincial delegates was that they should give all publicity possible to the actual situation and urge farmers to save their sows suitable for breeding purposes and not consign them to the butcher so that there would be a substantial increase to the hog population of the country next summer.

Just what contribution the farmers of Nova Scotia can make along the line of increased hog production their delegates at Ottawa were not prepared to say. However, it was felt that a mere statement of the case would induce many breeders and feeders of hogs to save an extra sow or two and so contribute that much to the solution of the problem.

There is no doubt that high cost of feed will seriously militate against this movement. Nonetheless, the prices now paid for pork are high and everything points to their continuing equally high. Moreover, ever since the war began good prices have been paid for everything which the farmers have been urged to raise and the hog is sure to be no exception.

Once the young pigs are started next spring, more use than ever can be made of the various pastures, such as clover vetches, peas, rape, etc., all of which will materially cut down the bill for mill feeds. Moreover, efforts are being made at Ottawa to organize feed selling and transportation on a better basis so that the farmers may be sure of getting

a constant supply of feed stuff at the lowest possible price.

PREVENTION OF BRIBERY

All Necessary Steps Taken to Prevent Corruption Under Military Service Act.

Ottawa Oct. 31—In setting up the machinery for the operation of the Military Service Act, special care has been taken to select only officials of the most trustworthy character. In the operation of the Act, attempts at bribery are always possible in Canada no less than in other countries.

Attempts to bribe any member of an exemption tribunal or medical board or a military representative, means a term of imprisonment of not less than one year and not more than five years. It will be very difficult for anyone so inclined to set aside the regulations of the Military Service Act by corruption.

Not all of the preparations made to guard against venality and unfairness in the operation of the Act can be made public, but it may be announced that attempts to bribe officials, in view of the checks and supervisions to be imposed, will be an exceedingly hazardous business.

OUR HONORED DEAD

Almost daily we hear of the passing of another bright young boy on the field of Flanders, giving his life for king and country and home. These boys had lain upon the altar their all and passed out in the springtime of life.

"Doomed to know not Winter only Spring, a being Trod the flowery April blithely for a while, Took his fill of music, joy of thought and seeing, Came and strayed and went, nor ever ceased to smile."

"All that life contains of torture, toil and treason, Shame, dishonor, death, to him were but a name, Here a boy he dwelt through all the singing season, And ere day of sorrow, departed as he came."

Petrograd, November 5—Russia is still doing her utmost to carry on the war. She will continue to do her duty. These are the views of Premier Kerensky, whose secretary in his name, protested today against any other interpretation of his recent interview with the Associated Press.

MARITIME MEN IN CASUALTY LIST

OTTAWA, November 6—The first midday casualty list in many weeks, issued today, contains two hundred and twenty names, of whom forty-four are shown as killed or died of wounds. Of the one hundred and seventy wounded twelve have already returned to duty. Only three are shown as gassed.

The casualty in the ranks of the Canadians, as a result of their recent brilliant fighting on the Flanders front, now are being issued by the Records Office. There is every indication that the lists will be heavy for some days. The Maritime Province casualties follow:

Died of Wounds
W. Riley, Moncton
H. C. Blackmore, Truro
Wounded
Sergt. J. W. Wallace, Halifax
David MacBeth, Campbellton.
H. J. Jones, address not stated.

STATE CONTROL OF LIQUOR TRADE. Experiment May Be Tried in Scotland.

LONDON, Nov. 1—The British government, according to the Daily Express, is considering making its first experiment in state control of the liquor trade by assuming control of the manufacture and supply in Scotland. On the success of the test would depend the extension of control to England, Ireland and Wales.

ZEPPELINS FOR ITALIAN FRONT

GENEVA, Switzerland, Nov. 2—The newspaper La Suisse's Lake Constance correspondent says a fleet of zeppelin airships left there Wednesday for the Trentino front of the Austro-Italian theatre.

200,000,000 POUNDS OF FISH TIED UP

Gloucester, Mass., Oct. 22—Fisheries interested here who have branch houses in Newfoundland, have been advised that shortage of tonnage has resulted in the tying up of nearly 200,000,000 pounds of fish in that colony. The catch of cod in Newfoundland waters this year has been unprecedented, but the war has resulted in the cutting off the usual European markets for the cod product.

An Atlantic port, Nov. 8—The first Scandinavian passenger steamer to steam to reach the United States from Norway in several months, arrived here today bringing 1,207 passengers. The vessel came by way of Halifax.

American Patrol, Alcedo Was Sunk

Washington, November 2—The American patrol boat Alcedo was torpedoed and sunk by a German submarine in the war zone early Monday morning and only an officer and twenty enlisted men are missing. The Alcedo, a converted yacht, carried a crew of seven officers and eighty-five men.

PRINCETON AND THE WAR

There are 937 students at Princeton University as contracted with 1,555 last year. It is, however, the upper classes which show the greatest decrease the number of freshmen being 341, or only 23 less than a year ago. For the first time since it was organized thirty years ago the school for electrical engineering has no students.

UNNECESSARY WASTE

In England motoring for pleasure is forbidden under penalty and the New York World is advocating the adoption of a similar measure in the U. S. to save gasoline. A movement is also on foot to prohibit the use of electricity in illuminating advertising signs, with the purpose of stopping unnecessary consumption of coal. Women are being trained as guards on the Brooklyn Subway and Elevated lines, and some of them are already in service.

The Military Service Act, 1917

**DON'T DELAY!
Do It TODAY**

THE MILITARY SERVICE ACT is passed; the Proclamation issued October 13th. It is now the bounden duty of every man in Class One to report for service or claim exemption. This includes all bachelors and widowers without children (not otherwise excepted) who were 20 years old on the 13th October, 1917, and whose 34th birthday did not occur before January 1st, 1917.

What To Do

Go to your Post Office and ask for the form for reporting for service or for claiming exemption. The form contains clear instructions for filling in. Do this not later than **NOVEMBER 10th**.

Beware of the Last Minute Rush

With so many thousands of reports and claims to be dealt with, the rush of Class One Men will grow heavier day by day. You will waste less of your time and serve your own best interests if you avoid the inevitable rush on the last days.

The law is being enforced with the Government and the People firmly behind it. Obey the law. Do it today.

FURTHER SUCCESS IN MESOPOTAMIA

Engage and Defeat Turks, Driving Them From Successive Lines of Trenches—Prisoners and Ammunition Taken

London, November 5.—The following official communication dealing with the operations in Mesopotamia, and showing that the British Forces have made further progress up the Tigris river northeast of Bagdad, was made public by the war office last evening:

"Early Friday morning one of our reconnoitering columns, moving up the Tigris, engaged the Turks holding a position on the right bank of the river opposite Due, about twenty miles north of Samarra.

"The enemy hastily withdrew toward Tekrit, under the cover of a strong rearguard. Our troops drove the latter from successive lines of trenches and occupied the whole position. Meanwhile our cavalry passed the retreating enemy throughout the day.

"Eighty-nine prisoners and a quantity of ammunition were captured. Our troops fought with great power of endurance.

Dr. McPhail of the McGill University Hospital Unit at the front, has returned to Montreal. He says there is every possibility that the Allied armies will spend two more winters in the trenches. Well posted military authorities in

Washington are making full plans for their soldiers and all their preparations for the rest of 1917 for 1918 and for 1919. Russian breakdown has extended the War by years, what will be the effect of the Italian defeat in prolonging still the war remains to be seen.

MILITARY EXEMPTION BOARDS MET ON THURSDAY

On Thursday of this week the four Military Exemption Boards in Kings County met as follows:

Wolfville at Town Hall—Board composed of Dr. G. E. DeWitt, Capt. J. B. Angley and military representatives J. Edward Bars.

Kentville at Town Hall—Board composed of R. H. Lamont, H. G. Harris and military representative W. M. McIntyre.

Armory at Armory—Board composed of A. Northrup, F. W. Rand and military representative N. W. Eaton.

Windsorford—At Aylesford—Board composed of Stephen W. Taylor, H. D. Woodbury and military representative J. H. McIntyre.

These Boards will sit Friday and Saturday of this week in their regular places of meeting from 9 a. m. to 5 p. m. to hear cases put down for hearing and also to hear all who make personal application to the Boards. Any person who has not yet registered still has the opportunity until 5 o'clock on Saturday to appear before these boards and make their application for exemption and be heard if time will allow, or applications for registration may be made up to the close of Post Office hours on Saturday.

After Saturday the four boards will meet regularly but no opportunity for registration is given and all who have not registered on or before that time are likely to be treated as deserters and dealt with accordingly.

This, of course, applies only to young men unmarried, between the ages of 20 and 34 years.

After Saturday the four boards will sit from 10 o'clock until the business placed before them is completed. Persons who have notice should appear before the Boards on the day upon which they are notified they should appear or mail full particulars of their claim for exemption to the Exemption Board to which they have notice to appear.

ALLIANCE MEETING AT BERWICK

Closely following a meeting of the Executive of the Kings County Temperance Alliance held in Kentville, a general meeting of the Alliance was called to meet in Berwick on Tuesday last.

In spite of it being a very busy time of year the gathering was distinctly representative and the meeting a very enthusiastic one.

The Executive met at 11.30 to further discuss the Alliance position relating to the nomination of a suitable Candidate to represent the County in the House of Commons at Ottawa at the present most critical and important period. A resolution was finally drafted as a recommendation to go before the general meeting where it was passed unanimously and which appears below explaining itself.

A general discussion followed its introductions, expressing determination and a hearty approval of the policy of doing all possible to secure the candidature for the coming election of the best acceptable person available.

The following is the resolution passed:

Whereas, at this critical time in the history of our Country a Union Government has been formed composed of members of the Conservative and Liberal Parties.

And whereas, the principle of Unity has been and is in line with the object and work of the Kings County Temperance Alliance.

And whereas, this Alliance has always taken a deep interest in the personnel of our representatives in the House of Commons as well as the Legislature of the Province, a feature which is peculiarly important at this juncture in the history of the Dominion.

Therefore Resolved, that Alliance appoint a committee to confer with any committee or delegation selected on a like purpose by the Conservative or Liberal party in this County with a view to the selection of the most suitable person available to represent this County in the House of Commons of Canada and thus avoid an Election contest.

The Committee was appointed as follows—

President C. I. Wolfe, Dr. H. Chipman, C. H. Eaton, E. B. Newcombe, Rev. W. A. Robbins.

The matter of Rev. H. R. Grant's proposed visit to the County was then brought up, and a committee composed of the Executive appointed to arrange a suitable itinerary of meetings covering the period he can remain with us. The secretary was requested to communicate

with Mr. Grant in order to ascertain the earliest date he would be free to come to Kings County.

ANOTHER KINGS COUNTY HERO DIED IN COUNTRY'S SERVICE

The following telegram arrived this week from the Director of Records, Ottawa, to Mrs. Maud Keylor, Kentville.

"Sergt. Joseph M. Keylor, infantry, officially reported died at 46 Casualty Clearing Station, Oct. 29th."

This is very sad news to all friends of this noble young man. Just a few weeks ago we published the fact of his winning the military medal for conspicuous tact and bravery in leading his men when other officers had been wounded. He was an exemplary boy who grew up in the town here, was 22 years of age, and the hope of a widowed mother. He enlisted in the 85th Battalion when it was first formed and was sent to Kentville to recruit for the 219th Battalion and later was instructor. He saw considerable service going through Vimy Ridge and other engagements. No word has yet been received as to when he was wounded or how long he was in hospital. Two letters were received from him on Monday of this week and both his sisters received letters on Wednesday after news was received of his death. In all his letters he showed a heroic determination to do his duty and asked his mother not to worry "I will be all right here."

He leaves his mother before mentioned, Mrs. Maud Keylor, one brother, John Keylor, Sergeant in Refreshing Course at Halifax in Home Defence, three sisters, Bertha, Mrs. Herbert Ritchie, Kentville; Nellie on Kentville Post Office Staff and Thresa in the telegraph office.

Sergt. Keylor was allowed off duty and spent 10 days in Paris in September and letters just received stated he expected to go to England soon on a short vacation.

Much sympathy is felt for the family in the loss of such a promising young man, from the family circle and the community. His memory will long be cherished as one devoted to his country and his medal will now be retained as a memento of his conspicuous bravery.

CANKER WORMS

We are advised by the Entomological Field Station at the Experimental Farm that the fore-runners of the Canker Worm adults are already emerging and that there will be great numbers before long ascending the trees. All those whose orchard or alvade trees were infested in the Spring are recommended to band their trees with tree tangle foot at the earliest opportunity, using any of the commercial bands as these will stay sticky for a sufficient length of time to catch all the females, however, late they may emerge. The control thus recommended is absolute if followed out intelligently.

We would suggest that the Graveyard Commission band their oak trees this year to prevent a repetition of the infestation that stripped the trees in the spring and which will surely occur again if nothing is done.

FOUR HUNDRED PRISONERS WERE TAKEN

LONDON, Nov. 7—Field Marshall Haig's report from Flanders tonight reads:

"During the day the work of organizing our new positions at Passchendaele and on the high ground in the neighborhood of the village continued without interruption from the enemy. In spite of the great importance which it is known the enemy attached to this commanding locality no hostile reaction has yet followed its capture."

"Over 400 prisoners, including 21 officers, were taken by us in our attack yesterday, so far as has been reported. Our losses in this highly successful operation were very light."

Potatoes Sixty-five per Bushel

The price of potatoes has dropped to 65 cents today, owing to no doubt to the embargo and the farmers are hauling few if any, as they are waiting for the price to advance again.—Charlottetown Patriot, Nov. 1st.

Of Local Interest

The Boston Sunday Globe says that H. Price Webber has been compelled to postpone the opening of the 43rd season of his Boston Comedy Company which was booked to start at Richmond, Me. Edwina Gray (Mrs. Webber) the leading lady of the organization, has not recovered from the effects of a bad fall which she had on the ice at Yarmouth last winter. She is improving in health, but will be unable to appear professionally for some time.

NEW ROSS ROAD

We are pleased to note Mr. Jodrey much improved in health and on the high road to recovery.

The gale of October 30th leveled a great many telephone posts along the most exposed parts of the road between us and Kentville.

All the ghosts, witches, fairies, ghouls and goblins of hallowe'en past and present were abroad on the evening of Oct. 31st.

Mr. and Mrs. Barkhouse of Burlington, Hants Co., spent a few days here recently with his daughter Mrs. Cornelius Jodrey.

Mrs. Thomas Butler and little son Gordon visited friends at Forest Home last week.

As Mrs. Charles Jarvis was driving to Kentville on Friday last she saw a rifle lying on the road. She rescued it from its perilous position and holds the ominous weapon in safe keeping, until the owner turns up or sends his name and address to her.

Mr. Stanley Cook of Waterville with Guide Henry Butler shot a moose here on Monday last.

Mrs. Douglas Jarvis and little son Crawford spent Sunday, Oct. 29th at Woodside.

We would advise anyone seeking a spot "far from the maddening crowd" to visit Woodside at this season of the year.

Surrounded by grand old trees glorious with the last tints of autumn, these farmers live, in touch with the outside world only by telephone and newspaper; the very atmosphere of their homes telling of peace and contentment.

PALESTINE FRONT FAST CRUMBLING FROM TURKS

London, November 7—The British have captured the city of Gaza, in Palestine the War Office announces.

The British have made an advance of nine miles, carrying the whole Turkish system of defences in this region and capturing two towns in addition to Gaza.

The new British offensive in Palestine which is being prosecuted vigorously now that the oppressive heat of the summer season no longer causes enforced inactivity is being developed along a front extending eastward from the Mediterranean coast. Gaza is thirty miles north of the Egyptian border, near the coast. It is about thirty miles southeast of Beersheba, which the British captured a few days ago, and fifty miles southeast of Jerusalem.

SUB SINKINGS FOR THE WEEK

London, Nov. 7—A marked decrease in the British merchant ships sunk during the past week is noted in the Admiralty report tonight. Only eight vessels over 1600 tons were sunk by mines or submarines and four vessels under that tonnage. No fishing vessels were sunk.

The sinkings of British merchant ships recorded in the latest Admiralty reports are the smallest in point of number since the unrestricted submarine warfare began early in the year.

PLOWING CONTEST

The citizens of Grand Pre have arranged for a grand Plowing Contest to take place at or near Grand Pre on Monday Nov. 12th at 1 o'clock. It is in celebration of the 128th Anniversary of the organization of Kings County Agricultural Society. Six prizes are offered to any plowman in Kings Co., Six prizes to any one under 21 years of age and four prizes to plowman over 60 years. All entries must be made with Annie M. Stuart Grand Pre on or before Sat. Nov. 10th. See Posters for Particulars.

OBITUARY

Daniel Woods

The death took place yesterday, Oct. 12, of Daniel Woods, the 13 year old son of Mr. and Mrs. Joseph Woods, South Albion St.

The young son was stricken with diphtheria and was getting along in a satisfactory manner all hopes being held for his recovery, but health failed to be restored and he passed away. A large family is left, three brothers and six sisters, two brothers Phil and Lee of Sackville are in Amherst to attend the funeral which is being held from the Roman Catholic Church this afternoon. The sympathy of the many friends of the family go out to them in this hour of affliction.

Mr. and Mrs. Joseph Woods and family formerly lived in Kingsport, Kings Co., but moved to Amherst five years ago. -Amherst News.

AT 60 ENJOYING PERFECT HEALTH

By the time a man or woman is 60, the kidneys and bladder need a little help to keep them in good working order.

Rheumatism and backache so often accompany the later years of life, most people have an idea health and vigor cannot be expected much after the fiftieth year.

As a matter of fact there is no basis for these fears, we could show a number of letters proving our contention that if GIN PILLS are taken to keep the urine normal, prevent colds settling on the kidneys or bladder, and ward off Rheumatism, Backache, Sciatica, or Swollen Joints, almost everyone can enjoy perfect health at this late period.

Write from a letter received from a prominent Consulting Engineer of New York City—"Your remedy I find, at 60 years of age, to give perfect relief from the Kidney and Bladder troubles incident to one of my age."

Perhaps you know a man or woman whose life is made a torment by Rheumatism, Backache, Sciatica, or Swollen Joints. Don't let it continue, for Gin Pills will surely bring that longed-for relief. You don't have to buy Gin Pills to try them. Write for a free sample.

CANADIANS DRIVE THROUGH GERMAN KEY POSITION

CANADIAN HEADQUARTERS IN FRANCE, via London, November 6—(By W. A. Willison, special correspondent of the Canadian Press)—In another great advance along their whole front, the Canadians seem to have taken Passchendaele, Goudberg, and Messelmarkt. If this is so, no more signal triumph has been won in the whole history of the Canadian corps.

Our division will have more than settled the old score on St. Julien. Dominating Roulers and Roulers plain, Passchendaele would give the allied forces a firm footing on the series of great spurs extending from Ghelvel, on the south, including Bellevue spur, and Passchendaele ridge, running northeast for miles.

Possession of Passchendaele would mark a great triumph in the long struggle to secure possession of this higher ground. It would give the allies the advantage of position in the salient, and relegate the Bosches to the lower levels, dominated by our guns.

To Hold at All Cost. Knowing too well the vital necessity of maintaining the Passchendaele position secure, Hindenburg, after the successful Canadian advances on Bellevue spur and the capture of Crest farm and Meetechele issued a special army order should be held at all cost and if lost must be retaken. For days the enemy had been rushing up and new formations of troops to insure his hold on the position. His efforts proved unavailing.

The best troops the enemy has give ground before our forces, who have moved steadily towards their objective since the beginning of the Passchendaele operations, October 25.

Battle of Big Guns. At six o'clock this morning our guns opened a tremendous barrage fire, and their shell holes and temporary mud wall trenches in an advance which by 730 had carried them beyond their objectives. It was an artillery and machine gun battle for an hour and half our guns were never silent.

Protected by a splendid barrage our infantry moved slowly forward while our counter-batteries dominated the enemy's guns, and swept his assembled artillery positions with their fire. Details of the fighting are not yet to hand, but our forces on the right, plunging towards Passchendaele, have advanced well beyond the ruined village, overcoming the fortified enemy shell holes and concrete strong points in advance, and capturing numerous machine gun positions which threatened our attack from the Passchendaele-Zonnebeke road to the village itself, where the enemy, from cellars and machine gun positions in the ruins, fought to break down our attack.

To the left our infantry met with desperate opposition seventy-five yards in front of Meetechele, where the enemy stronghold formed the key to their whole left position as Meetechele did to ours. Messelmarkt was the scene of another determined resistance.

Austria and Germany Encouraging Pacifist Conference at Berne

ROME, November 5—The Germans have crossed the Tagliamento river the war office announces. The Austro-German pressure against the Italian northern wing has been intensified.

The announcement follows—"The enemy who has succeeded in bringing some of his forces on to the right bank of the Tagliamento, north of Pinzano, has intensified his pressure against the left wing of our line."

Paris, Nov. 5—"There was intermittent artillery activity in Belgium and Upper Alsace," says today's official announcement. "An enemy attack on our small post west of the Upper Coucy forest was repulsed and prisoners remained in our hands. Everywhere else the night was calm."

Rome, Saturday, November 3—"I am sure of the final victory of the allies, though the war may be a long one," said Premier Venizelos of Greece to the Associated Press today.

Washington, November 5—Germany and Austria are making strenuous efforts to further the pacifist conference to be held at Berne, November 12, to discuss a basis for an honorable peace, according to an official cablegram received here yesterday from Zurich, Switzerland. Even the Swiss, the message said, regard this solicitude of the Central Powers for peace as in strange contrast to their recent declarations that they were entirely satisfied with their military status.

Petrograd, November 5—No further passports will be issued to Russians who desire to leave the country, according to the Novoe Vremya.

Petrograd, November 5—In the region of the Black Sea coast the Russians have driven the Turks from their first line and advanced in some places to the third line, the war office announces. Much booty was captured.

STILL HOLD 82,000 BARRELS APPLES

Co-operators have shipped 25,000 barrels of Potatoes and 53,000 Barrels of Apples—A profitable season

Berwick, November 3—At a meeting of the board of directors of the United Fruit companies held here today there was a strong feeling of optimism and a confidence that this season would prove a most profitable one for the members of the organization. The course pursued by the management was approved and the opinion expressed that it would tend to bind more firmly the bonds of co-operation among the farmers of valley. It was regretted that early in the season a number of members had drawn away from the organization and sold their fruit to outsiders.

The present prospects, however, portended that the loyal members would be well rewarded for sticking to the organization. The co-operatives have already shipped 53,000 barrels of potatoes and 25,984 barrels of apples. It is estimated that 82,000 barrels of apples yet remain to be handled by the co-operators.

POTATOES ARE ON THE DOWN GRADE

The United States buyers have left Prince Edward Island where they found the farmers holding strong for high prices. Since their departure there has been a weakening of the market. Carload lots are now being offered delivered in Halifax at \$1.75 per bag and are not finding ready buyers at that price. The jobbing price in Halifax during the past week was around \$2.15 per bag. So far there has only been one schooner load of this season's potatoes arrive from the island, but now that the weather is becoming cooler and danger of heating cargo eliminated there should be a number of arrivals and the price locally will soon feel the effect.

REV. DR. CARMAN HAS PASSED AWAY

Toronto, November 4—Rev. Dr. Albert Carman, superintendent Emeritus of the Methodist Church in Canada, died last night. He was eighty-three years of age. Dr. Carman, who had been in bad health during the past year, became seriously ill two weeks ago, and had been unconscious since Sunday week. Messrs Albert Carman, Montreal, and Frank Carman, Ottawa, sons, and Miss Carman, daughter were with their father when the end came.

Halifax Herald: J. Howard Hall, former manager of the Progress-Enterprise published in Lunenburg was put on trial last week on a charge of arson. He was arrested recently by Chief Detective Kennedy, who investigated the mysterious breaking out of several fires in this newspaper plant. At the preliminary hearing W. J. O'Hearn, K. C. represented the fire underwriters and Mr. Matheson represented the Attorney General, R. B. H. Robertson defended. The evidence showed that the last attempt to destroy the building and plant by fire was nearly successful. The accused is out on \$1000 bail to appear in the Supreme Court.

ELECTION POLLING

Ottawa, Nov. 2—Forty thousand military votes and three thousand naval votes, it is expected will be cast in Canada in the coming election. So far as is possible polls will be held in every camp, barracks, rest stations, ship, dockyards, hospital or any place where a military or naval unit may be found. For the naval vote, there will probably be three bases, Halifax, Esquimalt, Sydney or St. John as may be found more convenient. Military and naval voting in Canada will be during the same hours of the same day as the civil polls are held. All polls held within cities will open at six o'clock in the morning and close at five o'clock in the afternoon. All other polls will open at nine o'clock in the morning and close at five o'clock in the afternoon.

GERMANY REACHES CRISIS IN MAN POWER

Washington, November 6—Cable reports reaching here from Switzerland say that Germany has reached the crisis so far as her man-power is concerned. For three years, according to these despatches, Germany has lost on an average 1,200,000 men annually and this number will at least be equalled in 1918. It is contended that to continue the war on the same scale for another year, the Germans must have at their command a reserve of at least 2,000,000 men whereas they actually will have a reserve of only one and one-half million, including youths of the class of 1920.

CANADIAN BATTLE FORWARD 800 YARDS

British Front in Belgium, November 6—The Canadians in today's drive against the German lines, have advanced about eight hundred yards beyond the centre of Passchendaele, having battled their way to their final marks. A considerable number of prisoners have already reached the cages.

ITALY RECEIVES HELP FROM ALLIES

Washington, Nov. 5—Great Britain, France and Italy stand firmly united to oppose any further advance of the enemy in the Italian sector, says the war department. The statement suggests that the Teutons thought Italy would be left to the fate for that the Allies would be unable to despatch the necessary forces in time, but Great Britain and France already have sent large reinforcements and the western front today stretches from the North Sea to the Adriatic.

PRESIDENT OF BRAZIL TO KING GEORGE

Rio Janeiro, Nov. 5—In response to a message of felicitation from the King of England, President Braz declared to the message of the king, that forced to enter the war by the acts of Germany against civilization, Brazil would join with the Allies in defence of the rights of humanity.

CANADA'S VICTORY LOAN ON SALE MONDAY NEXT

Toronto, November 6—Sir Thomas White, Minister of Finance, today announced the particulars and terms of Canada's Victory Loan as follows:

Subscription books will be open on Monday, November 12th, for five, ten and twenty year bonds dated 1st November, 1917, with interest payable half yearly—1st June and 1st December. Bonds will be in denominations as low as \$50.

The price of the new loan is to be par 100 cents on the dollar—for 5 1-2 per cent bonds, with the privilege of spreading the payments over a period of five months in monthly instalments. In view of this privilege of spreading the payments, and as a full six months interest will be paid, the purchasers on 1st June, 1918, the bonus of interest thus allowed, will reduce the price, so that the bonds yield the investor 5.61 per cent on the five year bonds. This loan will carry conversion privileges into future issues, and will be free of any present or future Dominion taxes—including income tax.

WILD WARRIORS

A non commissioned officer was reading the names of a number of recruits. "Your name!" he snapped to the first. "Fox," "Bear," was the reply. The sergeant sniffed and glanced at the third. "Wolfe," said the recruit, and his interrogator gave him a sharp look. "And what do you call yourself?" "Lyon," the recruit responded. The non com, threw down his pen and shouted with good-natured laughter: "Go order some cages to be built!" he roared to a private. "We've been recruiting from a menagerie!"

GERMAN SOLDIERS WHO PROTESTED AGAINST THE ATROCITIES AND BUTCHERIES IN WHICH THEY WERE FORCED TO PARTICIPATE

Washington, November 6—The fact that German soldiers themselves appealed to Ambassador Gerard, "the representative of a Christian state" to protect against atrocities and butcheries in which their commanders forced them to participate, will be disclosed in a forthcoming issue of a pamphlet by the committee on public information entitled, "German War Crimes."

One German soldier, conscientious-stricken with the massacre of Russian soldiers, implored the ambassador to protest and signed his letter, "A German Soldier and Christian."

Another, thru the ambassador, addressed his appeal to the American government, against the butchery of prisoners and signed his letter, "A Soldier and Man, who is no Barbarian."

ITALY RECEIVES HELP FROM ALLIES

Washington, Nov. 5—Great Britain, France and Italy stand firmly united to oppose any further advance of the enemy in the Italian sector, says the war department. The statement suggests that the Teutons thought Italy would be left to the fate for that the Allies would be unable to despatch the necessary forces in time, but Great Britain and France already have sent large reinforcements and the western front today stretches from the North Sea to the Adriatic.

"I FEEL LIKE A NEW BEING"

"FRUIT-A-LIVES" Brought The Joy Of Health After Two Years Suffering

MADAM LAPLANTE, 85 St. Rose St., Montreal, April 4th.

"For over two years I was sick and miserable. I suffered from constant Headaches, and had Palpitation of the Heart so badly that I feared I would die. There seemed to be a lump in my stomach and the Constipation was dreadful. I suffered from Pain in the Back and Kidney Disease.

I was treated by a physician for a year and a half and he did me no good at all. I tried "Fruit-a-lives" as a last resort. After using three boxes, I was greatly improved and twelve boxes made me well. Now I can work all day and there are no Headaches, no Palpitation, no Heart Trouble, no Constipation, no Pain or Kidney Trouble and I feel like a new being—and it was "Fruit-a-lives" that gave me back my health."

MADAM ARTHUR LAPLANTE, 80c. a box, 6 for \$2.50, trial size, 25c. At all dealers or sent postpaid by Fruit-a-lives Limited, Ottawa.

HARBORVILLE

It kinder looks to me as if the old feller on the hill had lost his grip, cause when Friday cum I hunted all over this place to find a Kentville Chronicle. They dont seem to care a dern whether they sell any papers or not, cause I had to hunt all afternoon to find one, but I landed ne just before chore time.

But they didn't say a word about what the old feller was talking about, that's McNally. Maybe the old feller is losing his grip, cause you print everthing I send you, and I can't write near so

good as he dos, there wasn't a goldarned word in the hul paper about George McNally. I useter think that the Chronicle was a Independent paper, and that it wud cum out real perky for UNION, but I guess maybe I was wrong, cause if they was for union, they wuld have printed what the old man wrote, but of course I don't know much about those things anywey, but I thort, that if we was all Unionists, (Whatever that means our county papers would be gettin' up on their hind legs and hollerin' for Union, and I don't know of a better Union man than McNally, cause he don't work except for Union wages. Of course if there aint any Union, unles we get Borden or McLean in Kings County, then us common folks might as well know it first as last. We aint, (that is we aint got many women around here that will hev a vote cause they have husbands or sons over on the other side fightin' the Germans.) but we hev a few, and they will be goin' to vote and they wuld like to know how to do it. Of course I suppose Boyd Parker, or Ben Bezanson, wuld tell em, but they don't seem to take a hull lot of stock in what they tell em, and wuld rather read it in the County papers. If there aint any such thing as Union in our old county, why tell us, and we ken make some kind of er stab at it ourselves. But, if there is to be Union, the real old fashioned kind then what is the matter with McNally? If he aint Union enough, what's the matter with the old feller on the hill, or the Commodore or Amos Meakins? The Commodore (or his wife) have got all the Government jobs here now except the Post Office, and I supos they will hev that before long.

There is dead earnest about this Union business down in Ottawa, fur I seen that now they hev United the Separation and assigned pay cheques, makin one cheque do for both insted of hevint two cheques that saves a whole lot of expensiv paper for the cheques, as well as a whole barrel full of ink, besides the labor. Union is a great thing, lets hev all we can get of it down here.

Just think of it a minit. If Sam Chute, Chip Parker, A. E. McMahon, Tom Morse, Fred Parker, A. E. Adams, Ben Bezanson, Wallace Ogilvie and Edson Wood. All of them United, by buying to rest a little sometime, just the same hull lot of money they cud save, and how they cud skin the farmers.

Ben Bezanson, hes five or six hundred barrels of em laying out in the rain on our wharf now, and most every night when the rest of us is in bed Ed Curry sneaks up the bay and brings back another hundred or two barrels before morning. Them niggers down in Cuby is sure to hev plenty of pertaters, if no budy else dus.

I had a talk with the old feller on the hill yesterday, and he ses that theres nothing like union, why ses he he, if I had Union with the Royal Bank or any old bank, I wuldn't be sweatin' blood to feed my hens the way I'm doin now. Them poor hens ses he has got to rest a little sometime, ust the same as we fellers do around here, only we rest most of the time, while his' old hens are laying all year round, except when they are gettin their winter clothes med, and there doing that right now, and are so busy at it, they can't lay eggs, but he has to get feed for them just the same, and there aint any Union to help him. I don't know but he is right at that.

Praise the Lord! At last there's ben something doin' on our road tween here and Berwick. The rain we had the other day hes made a real nice ditch right thru the middle of our road, of course, theres no road left, but that don't make no difference, we hev the ditch anywey. I was talkin to our county councillor about it, and he sed that if we cud get the bridge fixed so as to be safe, across the Brook above Curry's, we wud fence in the Given Road, and we use the Old Hamilton road. He sed it cud be done easy, cause, all they wud hev to do is cut down them alders and throw them alongside the ditch, and then there wuld be no road but a gol darned good ditch.

He was tellin me some things about a bridge up to Church's Vault. Semms the councillor says that he was talkin to Colonel Weaver (If he is one, and if he aint Why not) and told him about that bridge bein dangerous, and Weaver said he was too baky to look at it, but he told the councillor to go and measure it, and he wuld tend to it. So the Councillor went there and put in over half a day measuring that bridge, and sent his papers to Weaver.

A few weeks afterwards one of the old solid residents of that part of Ward 14, happened along, and there was Weaver, with his team, he had hired over in Aylesford, and was mesyring that old bridge some more. That's all he dum for the old bridge is just the same as

it was before.

That's making old Ben sore. Cause he ses that he being the councillor, gets all the blame about the bad roads, but he hes nothin to do with them at all. Its all Weaver, and he gets his pay and team hire from the government down in that bootlegging town called Halifax, where they get boose in the Y.M.C.A., up chimneys and every other old place.

Say, the old feller on the hill is just clean plum gone crazy, since he got the Chronicle from Halifax today. Ses he, the idear. Here were preaching Union to beat "Fours", and along cum Laurier, and throws a shell into the camp that is goin' to raise H— with this Union Business. Just when we was gettin down to business, and hed about made up our minds where we are at, along he cum with his speech and knocks everythin' endways' Course I don't know just what he means by his talk, but the way he acts it must be a turned sight worse then huntin for feed for his hens.

The Old Man, ses, that this address of Laurier's is D... had politics.

I herd there was a politiercel meetin' in Kentville the other day, but of course I aint sure, becuz they didn't ask me to cum over, and I was talkin to the old feller on the hill, and he sed he never herd nothin' about it, and I'm ded sure Boyd Parker didn't know about it, or else he wuld have ben over with his Lizzie, even if he did hev to shut up his shop, and es fur as Ben Bezanson goes, he's got a real young lady tendin' to his store, and he wuld have went sur so I guess the meetin' didn't amount to much cause Kentville, aint all of Kings County, even if they is some town.

But, if they did hev a meetin it is a sure thing that all this union business I hev been writin about is busted, cause after that letter that Laurier writ, and hed printed in the papers, there won't be any union left that you cud notice. Why in blazes, can't people behave themselves, and let things slide along smooth, while the sliding is good? Here we had things all fixed up to send McNally to Ottawa, and Wickwire to Halifax, and now this feller Laurier comes along and knocks blazes out of the whole business.

I went up on the hill last night to see the Old Man, and he was playing the Gramophone. Say that's some great music, just the same as the operay. But there was one piece what he played that

had me goin', and I was just wondering whether there is other people what have that peace. It was called "Laddie in khaki," and it was so good I hed him play it over a good many times. While he was playing I got wondering about the lads people hes hed, and don't know just where they are at now, of course some of 'em is at Dorchester, or other institute of learning, and them alright, cause the old folks know just where they air, but take those kids over there in France or some of those other heathen places, God only knows where they are Gramophone. Say that's some great music, just the same as the operay. But there was one piece what he played that

in' their eyes out, wondering whether they have even got a clean pair—or any old kind of sock to put on, and I got thinkin' that here was a whole lot of us Jack Rabbits, fighting about politics, instead of looking after them kids. What ought to be did with most of us including Borden and Laurier and Bob Rogers and some more of em, is to send us over to France, and let the Germans blow some of the — out of us, and then maybe we would settle down to business and put in all our time looking after those kids over there and seeing that their mothers got their separation allowance and other pickins regular each month.

A Haunt of Legend and Romance

Digby Basin and Long Pier, Nova Scotia.

PARRSBORO Shore with its rock bound coast of lofty crags and high walled jagged islands washed by mighty tides, the scene of Indian legends and the struggles between the French and English, and the residence of a more modern race of hardy voyageurs, is a name little known to the tourist, but one that has an ineffable charm for him who has visited this nook of Nova Scotia.

This was the home of Glooscap, mighty god of the Micmacs. Here one finds the Five Islands, lofty and steep-sided islets in the Basin of Minas, pebbles dropped by the mighty Glooscap, so says the folk lore of the simple Redman. Attracted by their isolation, it is believed that Capt. Kidd, the infamous and successful pirate, buried here his treasure trove; and many are the deep yawning holes to be seen in these wild and eerie islands where the bold have braved the guardian spirits of the dead pirate chieftain to find out this gold and jewels, bathed in the blood of gentle women and brave men.

A Nova Scotia Limousine.

Spencers Island, the Indians tell you, was formed when Glooscap overturned his melting pot; and the smaller islands near by are not common islands—they are Glooscap's dogs, turned to stone as guardians of their master's melting pot. Many are the Indians still to be found here and they believe that some day the great spirit of Glooscap will return to them; and then his chosen people will again rule over the land.

And here is Partridge Island—like lordly Micmacs' expeditions, such in the beautiful surroundings—the home of Kitpoosagnew, the mightiest of the Micmac legends. He it was who embarked in his lone canoe across the bay

the whale, tossed it into his craft as if it were a trout; and when he landed, he it was who split the leviathan of the deep with one blow of his great stone knife, tossed one half to Glooscap, and himself ate the other.

It was from the lofty cliffs of Partridge Island that a French warrior, pursued by the English, leaped to his death on the rocks hundreds of feet below. And later, it was here a blockhouse was placed when England feared the raids of Yankee privateers in the stirring days of 1812.

With such traditions, little wonder is it that here was developed a hardy sea faring folk. Sometimes the wife and her children accompanied the sea captain as he sailed his tiny schooner to the four quarters of the earth; but more often, he sailed away alone and for months the mother reared his children alone and sustained the

Here one finds beautiful farms, thick forests, save for here and there a clearing where one can get a view of the magnificent sweep of the Basin of Minas, of the islands of Blomidon, and of the shores ten miles across the sea of silver, shores dotted with orchards and the white roofs of the farm buildings.

Men who have travelled the world over have come to Nova Scotia and declared the scenery along the Basin of Minas the fairest of it all, have marvelled at the mighty surge of these wonderful tides with their unique rise and fall of sixty feet, and have spent their summers in its cool, invigorating climate. A comfortable steamboat service operated by the Canadian Pacific Railway connects St. John, New Brunswick, with this land of legends, bold and noble mountains, and with the land of Evangeline.

No Excuse for Putting up Sugar price.

OTTAWA, November 8 — Dealers who have advanced the price of sugar to their customers during the past month, are taking an improper advantage of the present temporary shortage and exacting an unfair profit. Such is the effect of a statement issued last night by the food controller, Mr. Hanna added that there was no excuse for retail prices today being higher than they were a month or six-weeks ago. He pointed out that for the month of September the prices of sugar in all parts of Canada were between ten and eleven cents per pound.

Mr. Alister deLong, Barrs Corner, Lunenburg Co., is stopping a month at Aylesford.

Mrs. James L. Simpson has returned to Grand Pre having spent a week at Windsor with Mrs. Stewart C. Dimock.

Mr. Fred Beattie of Centre Burlington has been visiting at Grand Pre.

"The Hants Journal says: 'The wind storm of Tuesday night, Oct. 30th, was the worst here for a number of years. Mr. Fred Beattie had a barn blown down a dozen or more hay staves were blown over, but the worst disaster was to the owners of the Card's Beach dyke. This dyke was completely destroyed and the board facing lost, the abutment being the only portion remaining. The cost of repairing will be heavy on the owners.

Mr. J. D. Barkhouse of Upper Burlington has been in this County visiting his friends and seeing his son in law Mr. C. Jodrey, who has been ill.

Mrs. Brownell accompanied by her son Austin has moved from Hantsport to Wolfville.

Hantsport news in Hants Journal— "Sunday morning the Baptist congregation were given a genuine surprise when the Rev. P. C. Reed read his resignation from the pulpit to take effect, Nov. 11th. He had received a sudden call to engage in the service of the Military Y. M. C. A. When Mr. Reed took the pastorate here it was with the understanding that if a call to service in the Military should come he would be released. This came very unexpectedly last week as mentioned above.

Mr. Reed has served the Church here for nearly two years and has a host of friends in Hantsport where he spent a large part of his boyhood days.

The Church and his many friends will miss his cheery smile, gracious manner and the unwavering conduct of a true Christian gentleman.
